GOOD SPIELING FROM WHEELING

"Congratulations to Pillsbury & Co. for an outstanding DX Calendar & to the Editors of DX NEWS for a grand job."
- Sid Rosenbaum.

SPECIAL D X

Sat. April 27 - WRJS-1090, San German, Puerto Rico, 250 watts, 3:30 to 4:00 a.m., EST. This special program for the National Radio Club unfortunately will find KAAV on their all-night show, but WRJS knows this, but their Chief Engineer, Mr. William C. Reeve, is unable to get to the studio on a Monday morning, hence the program will go on on this Saturday morning, April 27th at 4:30 a.m., Atlantic Standard Time. Mr. Reeve tells us he will use "loud" U.S.A. & Latin-American music, and he will be happy to verify all correct reports, and it is hoped the response will be large, for if it is, we feel WRJS will give us a Monday (clear channel) DX show next season. **If you cannot hear WRJS, then, please send a thank-you note to Mr. Reeve, Chief Engineer, Radio Station WRJS, P.O. Box 19, ~~San German~~ ^{Isabela} Puerto Rico** Please note the address is in Isabela; not the location of the station, in San German. Our thanks to Mr. Reeve and all the boys at WRJS! Arr: Sheldon Miller.

BASEBALL STATIONS

This year, The Sporting News did not list the stations (other than the key stations) broadcasting major and minor league ball games. It is suggested that anyone interested write to the various major (or minor) league teams for this information. In any case, there was little interest shown in our carrying these listings in past seasons.

These are the dates for the "off-season" DX NEWSes: April 27 - May 18 - June 15 - July 20 - August 17. Deadlines Tuesdays before these (Saturday) dates in Brooklyn & San Francisco, and the Wednesday before in Mendota, Illinois. Let's hear from you!

Ernie Cooper - 438 East 21 Street - Brooklyn 26, New York

How about a phone call, Ben Patch and Bob Kalish? Long time no jingle-jingle! And, Cleveland members, is that AN OC on 1220 your WGAR perhaps? Since we give a line or two to "sideline" hobbies like SCing, for instance, let me ask - are there any post-card collectors in NRC? I'd like to either buy or swap some glossy ones from your area! DX: 4/4- Station in Abilene, Kansas ET/M 1:20-1:30 s/off under WDXR RS seemed to say "KABI" but there is already one such on 580 in Anchorage?? Call not yet in from Seabrooke - anyone got advance dope? 4/6- Unk WJVA-1580 f/c-M 12:35-1:15 or so on top. 4/8- Unk WBUD-1260 ET/OC 3:12. Unk WFLA-970 noted AN behind WWSW. No WUNS; WINS ETed-OC/TT all the time but CFRB through them, no sign of WUNS. 4/9- Only new Canadian on ER logged here was CFMB-1410, 12:22-12:52 in & out with KQV/WPOP. 73.

Veries at 1,078 with these additions: WWML (CE says Age 19!), WCCF KWNT WBUD (after five reports) WBIG WGET WNGG WABH WDMV CKRC WABQ CHFI CKOC WSKS 4VE KGMO KFRO WRSJ KYND WACE WAUX VP4RD & WQTV back in four days, engineer very friendly to DXers, said mine first report on new calls. We exchanged kuddos to his town's Rolling Rock Beer; might be the clue to getting a verie! New loggings to bring total to 1,408: 3/20- WGET -1320 atop 7:5-8pm. 3/22- KWNT-1580 SSS. 3/23- WCCF-1580 strong on r/c. 3/25- KRIG -1410 AN show @ 3; KBOM-1270 r/c weak; KNBR-680 RS 3:30, then WRVM ETing 3:33 on. WQZQ -1380 finally atop WGUS 4 s/on, still on top at 4:30. WEET-1320 ET; WBRW-1510 RS 1pm atop WNLC. 3/28- WWML-1470 tough on r/c, verie right back & seemed pleased with report; CKSO-790 topping at 6:30pm. 4/1- WPAL-730 ET 1:00; KVSH-940 real tough on r/c; CHAT-1270 to 2:09 s/off; WCLO-1230 may difficil on f/c; KPMC-1560 s/off 2:31; KKHI-1550 with XEBG on top; former seemed to s/off 2:45? Not enough to report. A goodie in KINT-1590 El Paso ET 2:40, WAKR off for the first time in many a moon, unk s/off 1590 @ 1, think KWBG. CJLR-1060 not AN MM, s/off @ 2:59. KGVW-630 #2 Montana r/c in voice & CW IDs (the CW was modulated CW & doesn't carry any better than voice), CFOX-dx under WMBD. WMSK-1550 really socking in for 250w. on ET 3:55. CFDR-dx a whisper @ 3:19 (I think) under WTAR/WFUN, logged for the first time. WIVV-1370 s/on 4:30, second report. WRAI-1520 ex-XXXX "Radio Aeropuerto Internacional" s/on 4:30, ID in EE/SS @ 4:45, good signal considering power. WEBY-1330 Milton, Fla. s/off 7:16pm, locals off. 4/2, WHHL-1440 ET 12:30; 4/3- WBOL-1560 ET per Johans' tip (thanks); WGKV-1490 AN heard first time, topping channel 2:50-3. WEND-1580 briefly @ SSS, then heard ET next AM (4/4) at 12:20 very strong. WAZL-1490 momentarily @ 6:45pm. Wonder who s/off 950 @ 2:20am on 4/3 with SSV? Disappointed in DXes. VOWR blocked by unIDing ETer. Would like FCC or DoT notified. No CKCM. 73.

Ron F. Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

New Cuban on1060 replaces CMBQ-1160. More info on ZNS2-1240. Several Cubans transfer network affiliations. PJA6-905 off the air. Latest on the VOA-1565. HISA-980 drifting. No Canadian DXes heard here. More on the WRJS-1090 DX. Now the details: CMBQ-1160 has left the air & has been replaced by a new "Radio Enciclopedia Popular." This new station, CMBI-1060 in Habana, programs the familiar serious mx with the addition of a woman announcer. Watch for this one when Castro speaks. "The Voice of New Providence" ZNS2-140 seems to have increased power or is s/on earlier as reception has been good the past few days. S/on is at an unusual time, 5:30pm, with the Bahamian colonial song. Programming includes such British wonders as Superman, Tarzan, Let's Sing it Again, etc. After the BEC NX (6/6:15) the QRM from domestic graveyarders completely drowns them out. Cuba's "Radio Musical Nacional" stations on 780 880 & 890 are now "Reloj Nacional." Look (i.e. Listen) for them MMs. PJA6 has not been heard on 905 for several evenings; no apparent reason is known for this. The Liberian relay, VOA-1565, is still heard here on occasion but weakly. When last heard they were relaying the Greenville N.C. station. For 50kw. that's some signal! HISA-980 in Santiago, D.R. has been heard on 982 for the past few months. Slogan is "Radio In---." Again I urge all members to hear & report the WRSJ-1090 DX on 4/27 @ 3:30-4am. Enough reports to the CE will bring them back next winter at a better time. The CE will handle the program & play lively NA & LA mx. Well, that does it for this week. 73s & good DX-ing. By the way, how do you like this "headline" set-up?

Ev Johnson - 504 16 Street - Mendota, Illinois

Hello again. DX fading here. 4/1 DXes a total blank; just too many ANers. 105 new veries since 9/1/62 so cannot kick, to make total of 2,435. All were needed but CFOX. Can't get them all, hi. Bew veries since 3/15 are from WPAR-1450 KMEO-660 KQYX-1560 WIEU-1450 WREAL-TEST WDEA-TEST WJAB-1440 after three tries, KRSI-950 CHAT-1270 WLEL, second report, KCOH-1430 WSVL-1520 WPCO-TEST. DX since 3/15, to 3/17- WHOA-870 AN. 3/18- WYOU TEST good & letterhead back to replace PP card. CHAT-1270 good at 1am, MM. ~~CHAT~~YNX-750 AN. 3/21- WSVL-1520 RS @ 6pm. 3/20- WPIT-730 trying for Alaska, hi. I won't be at the dials too much now as WX nice & lots of work to do. 4/4- Verie from WPIT-730 with postage returned. Not many do that any more, hi. I have noted XERF off AN for past week so let's hope they stay off for KWAY, MM. CHUB in strong this am 4/4 with CKLM. No veries from the following TESTs yet: KELR XEYC KXEX KLFF KWBY, 30 other reports out not veried since 9/1/62. Sure like to get WBNB verie from 1/21 DX, sure is a long 48 hours, hi. Definitely said all reports acknowledged within 48 hours. 73

Randall Lee - 4685 Diona Drive - San Diego 16, California

Greetings from San Diego, the largest all-American city E or W of Boston (Hi Frank, too bad about Lynnwood). DX CX here have been something less than spectacular. In other words, they have been terrible. The NOISE has been dominant on the last three MM DX attempts & it has only been off one night in the last two weeks. At least I am not the only SCALD DXer experiencing the NOISE. Larry S. & Randy S. also are troubled with it. So much for that. CX were better than usual last night & I managed to log the following: 3/31- KVON-1440, Napa, Cal. RS @ 6:15, & KDOV-1570, Loveland, Col. ET @ 4. 3/23- Heard KSTB-1430 s/on @ 7. Recently KARM-1430 has been off AN. They s/off @ 4:00. The same morn I added most needed WIL-1430 St. Louis. Then WCLS-1580 unnn heard on RS 5:15 with a Hudson Vitamin commercial. Also heard KELI-1430 in Tulsa RS @ 5:56. Three needed stations were acquired because of one ANer being off. Wow, the DX to be had if ALL ANs would go off! KSTB report out along with survey requests to KELO KWAC WKY KMUS KUPI KLIK KOCY. SCing is like a good deal better than GM collecting. Recent totals: 850/390 with 144 surveys. Duplicate surveys: KAKC WWIN WYDE, many many others. Just write. Anyone have a survey from WBZ? Last Sat. I spent the night at San Diego's newest NRcer & best SCer, Randy Seaver. DX was good, but I couldn't escape the NOISE. Verification situation, you kidding? Only one since the last Musing, v/1 & PP from KLEI-1130. Reports unanswered since turn of the century, I mean turn of the year are numbered well above 40. The mailman must be a DXer or something. This year's DX has been extremely poor when I compare it with last year's. Bob C., you want any CMS? I have a few, about 50 different, & some dupes. Trade you for some KDAY surveys. No, just send money. 73s.

Roy H. Millar - Box 91 - Marysville, Washington

March shy as to new loggings with only seven added, but was highlighted by good TA opening. DX by date: 3/2- KMEO-660 Omaha ID @ 6:57am for new call. 3/4- A blank as far as DX programs from WKFD/WMHI; just JOKD on 1370 until WSPD s/on @ 5am. 3/7- DUs showing with 2GL ID @ 4:30 & 5am, & 4ZA @ 6am, both on 820. 3/9- 4VS-1385 Port-au-Prince Haiti possibly station with six gongs @ 6:02am. 3/11- WKNX-1210 Saginaw Mich. fair to good on Test, 3:13-3:22am; WCNT-1210 Centralia, Ill/ s/on 7am, weak. 3/21- 820 alive with stuff from 4:40 until just after 6am, but for the life of me I couldn't ID a thing. 3/22- A date to remember - Bordeaux I-1205 France fairly good around 11:55pm in & out for next half hour. VOA-1196 Munich, Germany, just broke in briefly right after midnight, EE NX, heavy KEX QRM. AFN-1106 Stuttgart, Germany probably station there around same midnight hour, but just couldn't bring this one out to be sure of language or ID. 3/23- TA opening continues. VOA-1196 s/on 11pm, clear ID as Munich; Nancy I-836 France weak but there, 11:35pm until well after midnight, with other FF frequencies showing hets, particularly strong one on 1376, but not loggable. 3/24- KRDS-1190 Tolleson, Ariz. s/on 8am, quite weak; KAPS-1470 Mt. Vernon, Wash. ID @ 4pm by mulling KELI on Grundig (Thanks, H.M. for tip!) 3/25- WYOU-1550 Tampa TEST logged 3:01 (under XEBG) until 3:28am, very rough static. 3/29- Vladivostok, USSR-548 in spots 5-6:30am for another try at verifying. TAs again showing, but very weak. Bordeaux-I-1205 heard from about 11:29pm (s/on?) until after midnight, good enough level around midnight for a tape report. 3/30- BBC-1214 apparently station here around 1:30-2am, then faded clear out; just never strong enough to be sure of ID. VOA-1196 Munich Germany at "easy listening" level with NX in EE @ 11:01pm; DDR-1043 Dresden, German Dem. Rep. probably the split on this frequency around 11:15pm; but too much WHO to ID for sure. 3/31- Khabarovsk, USSR-629 in clear 7:58-8am as U.S. stations on 630 faded (last heard this station 11/17/52). Won't take the space this time to report on veries & other matters; next Musing. 73.

Bob Pietsch - 317 San Fernando Way - San Francisco 27, California

not too much to report in the way of DX lately although one new state & country have been added to the log. 3/9 found WSUN-620 6:30am in briefly; XESU-790 7:30am, KMOP-1330 7:38am briefly under KFAC, KIUP-930 7:51 & KAPR-930 8am s/on battling it out. 3/17- JOBK-670 in Osaka 7am for Country #8, pretty weak but also heard 3/19 with consistent S-5 signal & occasional WMAQ interference, report sent. 3/19- KXOK-630 5:14am & KDWB-630 5:22 about even, XEBX-610 7:14am. 3/24- KFQD-730 3:05am, pretty well chopped up by KCBS spillover, but report sent, sure hope they verie although I understand they don't have good reputation for veries, State #34. 3/30- KSON-1240 5:58am in very nicely. Veries of late include KTRH-740 KALF-1510 KPER-1290 KERN-1410 KFXD-580 v/s Bart Cronin, of NRC who was formerly with KSHA, KGIL-1260 finally after six months, & KBAT-580. Totals now 343/108. 73s.

Correspondents please note my address reverts to the old one on 5/1. DX continues to be good. 3/29- WKST-1280 RS 6:38pm. 3/30- WEDO-810 & WEEP-1080 just before 6:30pm. 3/31- CKY-580 finally logged through CKEY 1:31am; WSPZ-1400 ET/TT 2:45; new KABI-1560, Abilene, Kans. ET 3am. 4/1- WABJ-1490 f/c 12:24am; unkn KGBS-1020 (hi, Frank) good at 12:30, trying to cleanse the decadent Yankee culture with CBC programming; WAKR-1590 off but a strong TT killed lam K s/off, either KVGB or KCBG *probably KCBG); WXVW-1450 AN (?) 1:32; KYSN-1460 s/off 2:01 & no log on KDON booming in 15 minutes before. While looking for CFMB, got KRWB-1410 ET 3:06 & KRIG-1410 AN 3:14; unkn WJUN-1220 ET 3:19 & no verie as yet means another report. Only DX program of the morning heard was unkn CFOX, poor under WMBD 3:30. Wouldn't be surprised if "April Fool" has been mimeographed by the other ~~entries~~ in the 4/1 DX Calendar in invisible ink because the Maritimers didn't show & CFMB wasn't on. 4/3- WAWA-1590 7:30pm ' KPIK-1580 8:30 possible s/off. Thanks for the card, Joe Fela. Some real interesting veries this week. WDOR encloses rightwing propaganda & a "What? No Dixie?" reference to a SSB s/off army WOKJ-1590 report got me the only verie I have ever seen that devotes 90% of a page to race relations, hi. Veries: WKJR-1520 WLFA-1590 WOKJ-1590 WMAY-970 WHLS-1450 WITZ-990 WPHB-1260 KHOK-1560 WDON-1540 KWVY-1470 WBNO-1520 WDOR-910 to make the total 1,031. 135 veries since 1/1 ain't bad. Wonder if you guys who arrange veries geographically can find a real definite advantage over an alphabetical one? I have five Accopress binders for BCB veries: one foreign, one Canadian and three U.S. (K & WA-WF; WF-WM & WN-WZ) & have been considering dispensing of a few dollars & arranging them all in 25¢ folders (by province/state combos such as the Canadian Maritimes) for domestic & continent for foreign. Could any of you who have tried both big binders & smaller ones in both of the above ways give me your comments on the subject? Chicago or Detroit will win the Stanley Cup this year; Toronto cannot be so ruthless as to re-commit last year's unforgivable crime. '73.

John Oldfield - 11623 84 Street - Edmonton, Alberta

Hello from Edmonton, the only city in the world that has a city park with a vewery right in the middle of it. Reports off to KNWC-1270 KFLY-1240 KNDI-1270 WKNX-1210 CJJC-850 XEMO-860 Idaho Conelrad-640 CMCD-761 4YA-780 IYZ-800 CKCQ1-1240 KBOV-980. DX: 4/1- XEMO-860 s/off in EE/SS 3:01 for a report, easy. Idaho Conelrad-640 3:06 over three other Conelrads, CMCD-761 time & anti-U.S. was CLEAR most of the AM. Funny thing about it was that KGU-760 was about S-5 with "Island Serenade." CKCK too much for CKCM, KNEW-TT, CFCW OC, WTAR too much for CFDR (I'm still crying) & IYZ took 800 all AM. 3:15 IYZ-800 & 4YA-780 parallel with a courtmarshal (play). Nothing like a courtmarshal to kill a DX show you need badly! 4:00, time pips "Nine o'clock", then NX 5:30. CKCQ1-1240 "CQ Radio" "Cariboo Radio" on AN which means CKCQ-570 was, too. No CKCQ1 IDs; only CKCQ. KBOV-980 5kw.D. 5:58 TT ID mx in ---- Nevada- anyone? CKWX-1130 celebrated 40 years on 4/1, 1923-1963. KFQD v/c. '73.

Not much DX during the last two weeks, too much noise. Nothing worthwhile, just a few new ones: KBEZ-1460 KMMJ-750 KLO-1430 WFLA-970, for a nes state, KOSI-1430 WCLS-1580 WAKR-1590 WTIK-690 KWOB-1320 KWCO-1560 KSVP-990 KRAC-1270 KWBB-1410 KGHF-1350 KELO-1320 KWNS-1290 WHBF-1270 KMAC-630 KFDA-1440. Only veries received were CEW KIOX KWKH WCKY & WOKJ. Real nice v/l from WOKJ's CE saying that mine was the first report they had received from New Mexico, at least since ha had been there. Certainly was pleased to hear that. He also said they are changing from 5kw. non-directional to 10kw. directional nights & 50kw. directional day, & that they are planning to begin ETs in about a month. Do you know of a Buenos Aires station on approximately 1260 kc/s., ERC? I think I might have heard such a station yesterday morning, but the signal was covered by a local before I could get an ID. (I don't know, Harvey - try Pete Taylor - ERC). Well, that's about it for this time. '73s.

DX has picked up at this location with the acquisition of a used HQ-180 to replace my HQ-129-X which was purchased back in 1/46. As a consequence DX has picked up, particularly foreign DX which has been reported to Pete. New stations reported include 3/17. KOGO-600 RS; KNBR-680 RS. 3/19- KWNS-1290 7:40pm RS; XETRA-690 RS. 3/24- CKLG-730 4am RS; KRDS-1190 10:30pm RS. 3/25- WYOU-1550 TEST. Veries have been received from WLUV KOGO KETO & WPCO. My thanks to Maurice Ashby, Hank Tyndall, Ray Edge, Raleigh Biss & Tom Colthurst for the KETO address. Am happy to say the verie is now in. Sorry that I waited so long to rade receivers, as I missed the best part of the DX season.

Hi gang! Greetings from the Land of Alaskan Reception! Yep, after many years of trying, I finally heard KFRB-900 Fairbanks 3/31 with definite IDs @ 3:09 & 4:30 EST. CHML was on, but went into occasional fades, permitting KFRB to shoot through; report off! The same morning I'm almost positive I heard WPDJ-750 W.Va. on ET 4:14-4:57am with WSB off. KFQD-730 Anchorage was strong, also, from 2:24 to 5:10 s/off (the first s/off I've ever heard from an Alaskan), but already varied. KHVH-1040 Honolulu was at strong level with WHO off; there was somebody behind it, but I couldn't pull it out. Then MM 4/1 I heard a few new ones, but none of the DXes. CKCK-620 was too strong AM to let CKCM through; KRIG-AN was all I had on 1410; 790 was KNES Spokane ET until 1:22 s/off, then XERC & WFUN AN. 1470 was covered by two strong ones, presumably WMBD & XESM, and 800 was an AN with soft mx (CJLX?) plus the Cuban. I heard KJKJ-1400 Flagstaff, Ariz. s/off 2, so it's no longer AN MM at least. On 1570 I heard KWAY-1570 on its first MM ET 3:30-3:40 QRM'd by KWIC Salt Lake City, ET 3:30-3:46 s/off. Here's hoping KWAY will be on 4/8 as sked. On 1220 I heard an unk ET ID @ 4:11, but too weak. I noticed KGBS was off 1020, but Tonga didn't show. KGBS has been off the first MM of December, February, & April, so I predict it'll be off MM 6/3. At 4:24 I heard what I believe was Japanese on 950, with three pips at 4:30, but no UD or NHK indication, probably XOKR. Two veries came today (4/5); Tonga-1020 & ZYC-600 Wellington, N.Z. for some of my best this season. The CU newspaper recently ran an advertisement for recording tape (1200' on 7" reel) for \$1.25 a reel, plus 25¢ per order for handling & postage. I ordered a reel & am very satisfied. The address is Qualitape, Box 117, N.Y. 14, N.Y.; ten reels are \$11.95 (plus 25¢). I've started work on the 1964 f/c list, so would like to remind f/c listeners to keep a record of the checks you hear. Thanks! At our meeting last night Denver member John Tracy was present, along with member Bus Boatman of Denver & prospective members John Rose, Dave Johnson, & Byron Barnum. We discuss the banquets mainly, & are still laying more plans for the gala Labor Day fiesta; sure hope a lot of you-all can come. See you in Denver, John Boase!"

Jack L. Keene - 4902 Eppes Street - Houston 21, Texas

Have done some work on the S-40 & now it is quite good except for the fact that it lacks the selectivity needed for the split frequencies. Now to what's been going on: 3/26- XERF off. CFOR-1570 @ 10pm. 3/27- KXKW-1520 @ 6:30pm with KOMA down & out. WIBR/KOME-1300 @ 6:45pm. KVOL-1330 @ 7:03 SID. 3/28- WTOP-500 @ 1:15am. WFUL-1270 @ 1:29:30am closing r/c. KHEY-690 @ 2:15 closing r/c. WSAV-630 12:05am s/off under KXOK. 3/29- VOA-1178-Okinawa 6:47-7:15am fadeout, EE ID @ 7am. XEMK-1560 @ 9:30am, SS ID (I think that's the right call on it). 3/31- KXYZ-1320 on this SM so I guess they changed their mind. Okinawa-1178 again @ 6:45-7am this time better than first. 4/1- Missed the alarm but woke @ 6:30am & heard Okinawa again. WWIL-1530 @ 7:33pm weak under several others. 4/2- XERF-1570 still off, this AM & previous PM. Maybe they'll still be out 4/8 so I can hear KWAY TEST. Static now increasing & is sometimes troublesome, also some problem with some intermittent electrical noise. Some nights even the strongest LAs were hard to copy but there are still some good nights. Verie in for TGN-720 in nine days, country #8 verified, with report out for five other countries: 4VE, HJED HRWW YNOL & VOA-Okinawa. Oh yes, Okinawa makes Country #25 heard. 73.

Paul Bartoz - 829 South Brainard Avenue - La Grange, Illinois

ALL RIGHT! Tom Colthurst has informed me King Richard (formerly of KWK St. Louis) is now with KGB-1360 San Diego. Wonder how he wound up there from St. Louis? Well, now to write them & find out if it's the same King Richard. But who else would use that name? Thanks, Tom. Now, if someone will please tell me what happened to E. Mitchell Reed of KEWB? And I'm still looking for that other DJ I mentioned, Mel Hall. No new DX here, nuts. School has been too much. Any more tips on used recorders for sale? Here is the BB sked, as far as I know. (There are many stations, usually, carrying the games - these are the originating stations). Yankees, WBBS-880 (another 50kw. with Yanks is WHAM) Sox (White) WCFL-1000; Mets- WABC-770 & WGY-310, Cardinals, KMOX-1120 (another relay 5kw. is WMBD-1470), Dodgers, KFI-640, Angels, KMPC 50/10kw.-710, Tigers, last year WJR but they are under new management so I'm not sure, Pirates KDKA-1020; Cincinnati WKRC-550, Giants KSFO-560, Houston WWL-870 (in Houston, is it KPRC-950?), Cubs WGN-720 (no others). Braves WTMJ-620; WCCO-830 for Twins, WAKR-1590 or Indians (who originates in Cleveland?) Don't know Phillies, Orioles, K.C. Boston, Senators. Any additions or corrections? Finally when you read this (if DX NEWS there by 4/15) I'll be in New Orleans so if you're around there then & you're clever, you might find a way to get in touch (The personal columns in the papers, maybe, hi). 73s.

Some excellent DX for the first part of April, but will turn back the clock for the last week in March. 3/25- WAMS-1380 f/c-TT 12:05am. KNON & WQAM on 560 @ 2:25am. WYOU-1550 on TEST in & pegging the needle. 3/26- After a hot day was surprised to find CJOC-1220 in at 2am, very good. WGY-810 noted off & KUMO & KGO there. 1580 seems to be clear nights now. 3/28- WNPV-1440 f/c OC/TT 1:30am. WYSH-1380 f/c under a lot of others @ 3:30am. Now for the real good stuff. A good April Fool's gift in the form of 4/1- KAST-1370 in good for first Oregon here before their s/off @ 3:05am. Another went off @ 3am, maybe KEEN? Then KGVW-630 for a new Montana catch on testing 3:16am over CKRC. CFDR-790 in on their DX show but heavily QRM'd. One ID from VQWR-800 on their show. This after an unk station finished a song. I sat on 1150 because WCOP was off & heard KAGO Klamath Falls Ore. for my second Oregon in one night. They were testing @ 3:50 & they are lkw, a good catch for this channel. CHSJ was off too. I tried for AN KAYO but gave up shortly. I think this was my best morning all year. 4/3- KGHL-790 Billings, Mont. for a good catch on their f/c @ 2:17am. They were even with WTAR. CJCA-930 for one ID under WPAT @ 2:34am. KOLY-1300 r/c @ 3:15am & were under WERE. Man, I sure wish this kind of stuff keeps coming my way! Veries are scarce, CBT WPCO-TEST & WYSH. 73.

Herold S. Williams - 503 Avenue - Seymour, Connecticut

On 4/1 I tried in vain for over two hours to log CKCM-620 but nothing definite heard, not a single station on 620 readable here. Went down stairs for coffee before trying for the 3am DXes; had coffee; fell asleep, woke up @ 4:10am after the DXes were over. All except CFOX were needed. April Fool indeed! Veries in aee 3/25, plain card (2¢ variety) enclosed in my SAS from WMSJ-1480 Sylva, N.C. Another real oldie cleaned up. On 3/28 I added another verified BCB country without sending a report. How? In going through an old unused desk my wife came across an envelope from England with a v/q verifying reception of Daventry on SW, dated 1935, when we lived in Derby. In the same envelope was a smaller one with a v/q from TGW-1520 Guatemala verifying correct reception of TGW-1520 on 6/12/38. Card dated 7/28/38 & envelope postmarked 7/29/38, almost 25 years old, hi. I believe they are TGWC now. 3/29- V/1 WABH-1150 Deerfield, Va. for 3/19 f/c., #90 from Virginia. 4/1, v/1 KFRO-1370 for NRC DX 1/28. Card from Stan Morss, Bradford, Mass. states he cannot attend the Denver Convantion. 73.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha 7, Nebraska

After two weeks' absence from this column, thought I better let you know what's really heard. 3/17- WNRV-990 DX heard on opening ID only, with much QRM from XET. MF 3/18- WIMA-1150 heard again for report. WRSJ-1560 P.R. RS @ 5:30, in SS. Two mystery s/ons: One on 1410 @ 5:44 with SSB & another on 1350 @ 6 with SSB. Could not copy the announcements, except both in EST zone. 3/19- Reported WIL-1430. 3/21- WMSL-1400 in Ala. f/c @ 1:35. 3/23- Reported WHBF-1270 Rock Island, Ill. 3/24- XEFB-630 reported for f/c @ 1:10. MM 3/25- WYOU-1550 DX heard in clear after SS s/off @ 3:05. 3/28, reported KWVL-1330 Iowa on for ET. KELI-1430 Okla. RS for report. 3/29- KIMM-1150 S.D. on for f/c @ 2:00. 3/30- Finally KZOL-1570 Tex. f/c @ 1:45 for third Z station. The last day of March brought in KFNW-900 Fargo for f/c @ 1:15. 7:30pm, KPRS-1590 s/off for Kansas City Mo. 100% heard. 4/1-MM- KGA-1510 Spokane s/off @ 2:58. WGVN-1260 Greenville, Miss. s/on @ 5:07. None of the five DXes was heard. Very disappointed! Mystery heard on 780 from 4:37 to 5:03 with bagpipes & instrumental mx & woman EE & mar SS. XMHB was QRM. Any help? No ID on the hour! Signal was an S-3. 4/4- WARI-1480 Abbeville, Ala. f/c @ 1:45 with mx; WCIN-1480 ET @ 2 from Ohio. KBON-1490 local was off, so that's why I added these on 1480. Some late veries are KSVP KELI KIMM WNRV WIMA WIL WRSJ WKNX WAUX KRRO WBOL WIP WSDC (finally) WDEA WPCO WYOU KAAY (finally) & ZFBI. Points in Contest are 366/61. Frank Wheeler: 223/24. Len Kruse: 242/0. R.A. Karchevski: 249/22. Peter Rizzo 63/21. Marv Robbins: 246/25. Now that the DX season is over, will be working days. Come 7/15 I'll take a two week trip to Europe, visiting England, Holland, Germany, & France. Best of DX to all. Remember: KSWI Council Bluffs, Ia. stands for "Keeping Skip Well Informed." 73s.

Howdy smeedges! Big news for Taylor, & I mean - BIG! V/1 in today 4/5/63 for KFQD-730 Anchorage, Alaska. Heard 'em 3/31/63 @ 2:15 - sent report with details Monday 4/1 in special delivery, registered envelope & with special delivery return postage. V/s Dennis J. O'day, C.E., nice letterhead.

AS THEY SAY IN BLOOMINGTON, IND.; "WTTS" - "WELCOME TO THE SPRINGTIME!"

Howard McClain - 3012 23 Street West - Seattle 99, Wash.

On 3/11 special got WKNX-1210 fine & received nice QSL verie. 3/25 Special WYOU-1550 in real solid. 4/1- Canadian Specials a complete fizzle. Every frequency covered by ANs, OCs, or TTs. Got KRIG-1410 though for a new logging here. 3/12 to 3/28 added KHOW-630 CHFA-680 KOMW-680 KTKN-930 CKSB-1050 KROY-1240 KBNY-1240 CFVR-1240 WJMP-1250 WRYT-1250 KWEL-1260 KPOW-1260 KNPT-1310 KXYZ-1320 KLYD-1350 KREN-1450 KBKW-1450 KTWO-1470 KGCX-1480 & new KAPS-1470. Built Williams Loop as per dope from Bill Hutchinson. Works mighty fine. Thanks Bill! Eliminates lots of QFM from high power locals & has made possible a number of new loggings including TPs & LAs. Should have had loop four months ago. Now to try coax loop a la Glen Kippel. Still looking for some large diameter coax in surplus piles. Got new WRH here & now the Japs have me more confused than ever. Or maybe it's Chine or Korea. Even KAIM had me fooled for a while with a "J" program. 73./ Skip Dabelstein - 12524 C Street - Omaha 44, Nebraska

Well, as March draws to a close I can sure tell that summer isn't far away. DX has been terrible. 3/3- KOAL-1230 f/c-TT @ 3:02. 3/4- Brought heavy static & WEAL-1510 @ 4:34 & WLOS-1380 s/on @ 5. 3/6- KCOW-1400 f/c-TT @ 3:57. Did anyone else hear this? Mr. Robert Carr, CE, said he would verify all correct reports from the NRC. 3/11- Brought in WKNX-1210 Test @ 3:55. 3/31- I got KFMW-900 TT @ 1:20. Bill Stone, the station you asked about was KFSA-950. Veries here are KBRS 4MEH KEXO WTTS WAPA WLD5 WWIL CHAT WEAL CFAR WKNX CKBI WPCO KVPK KVRS WAUX & KFRO. Total is now at 414. So 73s everyone, & swing loose.

J. Warren Routzahn - 231 South West Street - York, Pennsylvania

Just want to get in a report before the season ends. Had planned on a strong finish but won't get to it this season. Broke my wrist 2/9 - outside bones on each side. DX-ing quite inconvenient that way but managed to get most Specials needed here. Verifs are in from WWSB WFVA WXUR WBCI WDOG WSMN KHOK KNER WSEL CKAR CKAR1 WVGW USGO WTHM KJLT WGMM CKBC WLUV CBN WBOL WDEA WEAL WSDC WPCO WYOU. Last MM a blue one as needed Canadians eluded me. Old mx on 800 but no calls so not likely VOWR. KGON also not good enough for a report several times I tried after KOMA s/off 3am. Since most of my tuning has been special TESTs & won't benefit anyone by reading here I'm going to close & hope we can all get in some more DX before the summer static takes over. 73s.

My sincere thanks to Raleigh Biss for his recent visit; to Neal Gregory, Tom Colthurst & Dave Oved for the surveys & CMS; to Ralph Johanns for the info on BYB & his local Radio-TV section of the paper; & to Bill Willis for his great list of suggestions for stations to watch for. With his list I logged 75 new stations. DX (Don't read this, quality DXers, hi): 1/1- KEZY Anaheim, Cal. 1kw. 5:21pm EST fair. 1/4- XEAU Tijuana, B.C. 5kw. 5:30 good. 1/6- KGFL Roswell N.M. 5kw. r/c-TT, ID @ 2:10 good. 1/7- KXIV-1400 Phoenix 250w. with TT, ID @ 2:30 fair; KFRE-940 Fresno 50kw. ET 1kw. 3:10; KSEN Shelby Mont. 1kw. r/c 3:20 strong; KGGM-610 Albuquerque, N.M. 5kw. 3:22; KVRD-1240, Cot torwood, Ariz. r/c 250w. 3:51; KUPD-1060 Tempe, Ariz. 500w. RS 5am; Radio Americas-1165 50kw. RS @ 6; KOWN-1450 Escondido, Cal. 250w. RS 1:15pm; KLOK-1170 San Jose, RS @ 8pm, then into SS; KVOO-1170 Tulsa 50kw. RS @ 9:25pm. 1/13- KGB-1360 San Diego 5kw. RS 1:30 am. 1/15- KABC-980 Kansas City 5kw. 3:30; KTOO-1280 Henderson, Nev. 3:40; KIT-1280 Yakima, Wash. 5k2. RS 4:30. School work, etc. forced me to stop DXing until 3/17. I will list DX after 3/17 is next Musing. Some questions: Is a longwire very directional. Are Conelrad tests sked for every first MM such as 4/1? Ernie, are Alaska & Hawaii counted as separate countries? (Yes -ERC) Anyone, who was the 1240 TT from 4:48 till 5:05 with ID @ 5:00 through TT unreadable on 4/7? How often, by law, must stations ID? (Every half hour -ERC) Who was TT on 1480 at 4:30 through 4:56 on 4/6? 73.

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

4/1- KENO-1460 NX & s/off @ 2:58. KRWB-1410 ET/M 3:04-3:09. CFOX-1470-DX @ 3:40 through WMBD. WJUN-1220 ET/M @ 4:10. WEAN-790 @ 4:30 s/on for #1 R.I. 4/3- KOLY-1300 on r/c. 4/4- WVON-1450 ex-WHFC @ 1:48 with NX editorial. 4/5- WKVA-920 end of ET @ 2:04. WABE-1480 @ 2:55. Lone v/l this week from KRWB making mine the only "confirmation report" received there through 4/3. V/s Jimmy Johnson said RS to start 4/4 so they're probably on the air by now. 73s.

Tom Marm - 1805 East Elmdale Court - Apt. 6 - Milwaukee, Wisconsin

WRAC-1460 Racine Wis. will have extended broadcasting hours from 7am-9:30pm EST during June & July. This month the s/off @ 7:30pm EST. 73.

Sid Rosenbaum - 806 Market Street - Wheeling, West Virginia

Haven't been very active this season, but managed to verify a few semi-locals that I had passed for years & a few SSS sessions added a few. Verie total nearing 2,000. New WBZE "Bizee"-1470 in Wheeling on the air 4/6 with first RS program. Congrats to Pillsbury & Co. for an outstanding DX Calendar & to the Editors of DX NEWS for a grand job. I plan a trip to Huntington in June & will try to get snaps of XRs of stations along the Ohio River en route. Best of DX & a pleasant summer to all NRCers. AS THEY SAY IN SPRINGFIELD, MO., "KTTS." "KEEP TUNING THIS SUMMER!" AND REPORT!
