GLEN KIPPEL, on his new job at Radio Station KASK-1510, Box 1510, Ontario, California!

SPECIAL DX TEST

Friday, June 7 K P O F 910 Denver, Colorado, 5,000 watts, 3:00-4:00 a.m., E.S.T.

ROGER OSBORN, CHIEF ENGINEER.

Fridays are KPOF's regular maintenance morning, and on this maintenance run they will be hoping for DX reports from our NRC members. They will use 5,000 watts, non-directional, and while 910 is not clear at this time, still many should have not too much difficulty in tuning this old-time station in. They are known as the "Gospel Station of the Rockies" and are operated by the Pillar of Fire Church. They took the air in the 1920s for the first time, so you can well see this station has been around a long while. Their sister station back east is WAWZ-1380. Send reception reports to Mr. Roger Osborn, CE, Radio Station KPOF, 8300 Federal Boulevard, Denver, Colorado. They will verify on the new special NRC Denver Convention QSL cards. Please do not forget the date - Friday, June 7, a bit out of season, but do give it a real good try! Be sure to tune in and report, and our thanks to Mr. Osborn. MARV ROBBINS

NEXT ISSUE ON JUNE 15

Let's have those reports for that issue, boys! For these final three issues of Volume 30, they will be dated the third Saturdays of June, July, and August. The July & August DX NEWSes will contain much Denver Convention Data, but don't wait for it - make your reservations NOW to be on hand for this Labor Day Weekend Festival. Preparations have been under way for almost two years - just for YIU! Be sure to come to DENVER!

Only two varies in, WKMK-1370 v/1 & WARO-540, PP. My sincere thanks to all of you who sent me those fine post cards! I certainly appreciate your kindness, and it proves again what a fine spirit there is in this NRC of ours! Anybody else want to send me some post cards of their area? I'll refund cost & postage for same, of course. DX, a fizzle during this past period. 5/6- Unn WJCO-1510 f/c-TT 1:30-1:45, S-8. ET/TT/OCs on both 1600 & 1530, loop indicated they were South of here, but no IDs heard. Unns WOOV-1340 f/c-TT 1:15-1:30, & WGHM-1150 ET/M 1:25-1:35 & on. 5/13- ET/M on 1090, ID (missed) @ 1:44. "Radio Panamericana" s/off 1020 @ 1:50, location not heard. Noted WNAV-1430 AN even with-CKFH. Unk TT-1500 2:06-2:12 with different pitches, & over AN KSTP. Locally, WJRZ-970 has quit FM & also c/w mx is gone, now just another run-of-the-mill station. NNRC reports WRAN-1510 Dover N.J. will soon be testing. WAWZ/WBNX will have newskeds in June, WAWZ all day Sundays & 6-11am weekdays, WBNX all else. 73.

I notice it is time again for another of my rare muses. DX CX on 4/11 were far better than usual. For a change the NOISE was off. DX: KCUL-1540 RS @ 7:21 with announcement for driver safety; WBYS-1560 RS @ 7:11 with sports report; KLOU-1580 RS @ 7:07; KJFJ-1570 detailed WX report @ 7:10; KMOP-1330 s/on 7:00; KFIV-1360 RS @ 7:20; KPIK-1580 s/on 7:30; KRZY-1580 s/on 7:30; KZOL-1570 s/on 7:14. Set the alarm clock for 3 PST but failed to awaken. All times mentioned are EST with the exception of those otherwise designated. I recently visited the Baja California city (or should I call it a village?), Ensenada. Stopped at the local stations there; XEPF-1400 XEHC-1590 XESS-1450 & a local SW net. All these stations didn't even know about the language of EE. SCers awaken! I have 87 different surveys for trading purposes. Just write. A few are WLAY KMUS KUPI KUDL WTRR WIRL WFBC WOCH WQUA WKLO WFEA WESO. I need all kinds of surveys. Latest totals, 246 different station surveys. Unlimited supply of KDEO KCBQ KLIX, others. Now to more DX activities. Veries are about as rare as my Musing reports: KELI-1430 WAUX-1510 WLUV-1520 KLFF-1590 KETO-1590. Any of you guys need a verie of the extinct KFSD-600 in San Diego? I have a few KFSD letterheads & I have been given the authorization to sign veries. Address reports to my home address. From a local news article I notice the ARRL Western Division Convention will be in San Diego during October. Any of you hams coming? Mike Hunt will also make it to DENVER, will you? 73s.

Leonard Lockwood - 516 North Lilly Road - Olympia, Washington

First of all, a hearty welcome to Frank Curran of Tacoma, Wash. who lives only 16 miles from this den. I visited Frank for the first time on 4/7, again on 4/8, & last time or the end of the week, I believe. It was like having a Far Western Convention to have a fellow member to talk DX & compare reception with. On 4/17, I aquired a Bendix Navigator eight transistor direction finder, model 410. It has a rotatable antenna such as the Trans-Oceanic. On 1/7 @ 6:30am, I logged Radio Moscow with an over S-9 signal on 1250. On 3/31 @ 8am logged "Radio Peking"-1040 with good signal. On 4/6 @ 8am, 2FC-610 in Sydney, Australia was logged with TX check & WX. VOWR-800 DX logged. Believe I am only the second one to log it. Also CKBC-1360 DX logged here in the clear for a most welcomed catch. CKFH-1430 Toronto heard. CFMB-1410 Montreal logged for their DX on 4/1 for a nes province. Veries in from KOWB-1290 CX, KEEN-1370 CFUN-1410-DX. Watch out, Philadelphia area, as Frank Curran will be discharged from the Service around 5/1 & is heading for Ardmore, Pa. Hate to lose my good neighbor, but will be the East's gain. I start my three-week vacation on 5/13, so fellows, bar the doors. Will see one & all, I hope, in Denver. At least I'll be there.

Hark Wilkinson - 6620 Beeman Avenue - North Hollywood, California

As many DXers can attest, this DX season has been a very good one both for domestic & foreign stations. Was able to get 29 foreign station reports out the last season for the Foreign DX Contest with 16 veries in from: HRVS PJA6 USSR-1250 HOS23 USSR-548 HJGE WRSJ ZCO HJBI KTRG Radio Americas USSR-629 HJKL Radio Peking-1040 JOPG & 4VAE. Still have reports out to HCVE4 Radio Pyongyang-625 YVQB YVLW HOJ2 TICA KHAI CB114 ZMI1 Radio St. Pierre-1375 Radio Guadeloupe-640 LR3 & 2CO. I still get the thrill of hearing & verifying foreign stations now as much as back in 1933 & that's a long long time. The better part of the above accomplishments can be traced back to information submitted by many DXers who contribute faithfully to the various sections of DX NEWS issue after issue. We know we must have loyal contributors but we must always have those fellows who are willing to give up their valuable spare time to give us members what we want. There are times when people must show their appreciation for the wonderful work done by a few, regardless of personal issues. I liked last season's Issues of DX NEWS for the info they contained. How about you you & you? Hats off to Ernie, Ray & Pete for their untiring efforts from which other members reaped the benefits.

David E. Roys - 5121 Radnor Road - Indianapolis 26, Indiana

DX has slowed down considerably due to HNL. Also of interest, a tornado missed this den by two blocks! That's cutting it close! In all 178 homes were damaged & 20 hurt. No damage here but we heard the wind whistle by as it was sucked up into the funnel cloud. I can do without that stuff. A few veries of note such as RNE-638 & DIC-1295 Osterloog for German #4 plus KWAY-1570. The very interesting Australian Radio-TV Handbook recently received also. Vamos a Denver por un convention grandissimo!

They were KADL WKYF KLGA WJOB. It's 5/4 & I haven't received the 4/29 DX NEWS. Contest totals are 291/60. DX totals are 438/879. Here in Omaha we like DX NEWS because of KEWI & KSWI. DX NEWS Keeps Ernie Wesolowski Informed & it Keeps Skip Well Informed. Dallas John, did you get our message by ham radio? Well I guess that's about all this time so swing loose fellas & the best of DX to you.

Henry T. Tyndall Jr. - 285 North Street - Burlington, Vermont

A mystery has been cleared up but this time, the butler didn't do it! Along with Barstow, Dangerfield of NRC as well as George Cox & others in the NNRC, I heard this 1425-1427 station last winter & although I was sure it was a Canadian Armed Forces station, I had no idea as to its identity. Finally wrote toe Dept. of National Defense in Ottawa using the address on the reply to the famous "operation Eskimo" broadcast on 910 kc/s. a few years ago. They must have forwarded my letter & Canadian dime as I never heard from them but I did from the actual station. It was CFSE, Senneterre, Que. & was as Andy Rugg listed it in a helpful Musing, some time ago. In part, this is the reply. "From your description, I would say that the station you picked up was, in fact, CFSE Radio from RCAF Station, Senneterre, Que. CFSE is owned & operated by the personnel of this RCAF Station. We are licensed to broadcast on 1450 kc/s. However, we do not have the equipment required to accurately measure our frequency so it is quite reasonable that you picked us up at 1425 or 1427 kc/s. Our peak power is 50W. We broadcast from 6pm to midnight Mon-Fri, noon-midnight Sat., noon-6pm Sunday. CFSE was set up to entertain EE speaking service men & their dependants in a FF speaking part of the country. However, some of our broadcasta are in FF." End quote. There was much more & the v/s was E. R. Cowan F/O, manager. Senneterre is hard to locate on map. Found it about 40 miles NE of Val d'Or & about 50 miles E of Amos. Am proud of this one & wouldn't swap it for a handful of TAs. Nice verie in from CFDR-790 & none from CKCM-620. Florida has become the fifth state to hit 200 or over. The leaders are Texas 323, Cal. 279, N.Y. 239, Penna. 220, and amazing N.C. has 172. Am pushing the mower instead of the snow shovel now & hope to dig some divots in the greensward soon. 73, & BUFFALO '64.

Raleigh Biss - 484 Marcus Road - Palm Springs, California

Gene & Mrs. Allen were intown Monday which afforded a too short evening of DX gabfest. This morning KWSK-1570 came through well from 7-7:20am with RS for a good report. That KTUX' new call is KPUB-1480 & they verify with a real nice letterhead. This is probably old news to all by now. The new Palm Desert permit for 1270 kc/s. will be beamed into Palm Springs from about ten miles away. I'll try to get some advance test sked for the bulletin on them. New verie, WKFE-1550 for a 250w. Puerto Rico station.

Philip Jacobs - 5100 Hingston Avenue - Montreal 29, Quebec

Greetings. I thought I would report my DX for the past 18 months. WVMT-620 for a call change from WCAX, and WNLC-1510 New London, Conn. at SSS two nights. The only recent verie was about a year ago, CSA2, Lisbon. Don Roller, are you still around? It is terrible the way some members fail to report often. I hope to make it to Denver this year over Labour Day.

AS THEY SAY OF THE NATIONAL RADIO CLUB IN SAN JOSE, COSTA RICA, "TIRICA." NRC IS "TOPS IN RADIO; INDIVIDUALS' CUMULATIVE ACCOMPLISHMENTS," in DX NEWS.

Ev Johnson - 504 16 Street - Mendota, Illinois

Not much in the way of DX since last report to Musings. Static seems to have taken over & very few veries back. Thirty-two reports still out since 9/1/62 still not verified. Have given up on some of them especially the Test from KELR who just refuses to reply after f/ups & even PP card. Latest loggings are 4/8- KWAY & WUNS Tests very good. On 4/12 KCAN-1550, Ex-KVPH heard on test. KRWB also heard on ET 4/1 on 1410. WWJC-1270 Superior, Wis., Twin Ports Christian Broadcasting Corp. heard on ETs 4/20. My letter did not come back - neither did a verie, as yet. On 5/1 WQTV-1570, ex-WAKU Latrobe Pa. on test. On 5/2, KETO-1590 Seattle giving WAKR a rough time. 5/4- WIBV-1260 heard s/off @ 8pm. S/on 7am. 5/8- KADL-1270 on test @ 1:45. KPAC-1250 on test @ 2:15. KBAT-680 on test @ 2:30. Veries since 4/15 are from WFGW-1010 KWAY-Test KCAN-1550 KRWB-1410 KPUB-1480 KLFF-Test WLOA-1550 & KWBV-1440. I sent f/up & nice letter back from a former resident of Mendota. I knew the people well as they used to run a store here. They moved out to Scottsdale in 1959 & the lady now is secretary at KWBV. Her name is Mrs. Jane Hoerner. Mrs. Hoerner says the CE left the veries up to her to verify, or reports to verify, so hope you all will get yours in due time. All for this time. Want to get this to Ernie for 5/18 Musings. Good DX to all this summer. 73s

Bryan & Keith Wilson - 220 5 Avenue - New Westminster, British Columbia

A short note to cover the DX activities over the last three weeks or so. Seven new stations added to the log in that time. On SM 4/21- KEWI-1440 Topeka AN with rr mx, IDs often; logged @ 4:20am. MM 4/22- KZNG-1470 Hot Springs, Ark. s/on @ 5:05am, then faded out; KFJZ-1270 Ft. Worth on RS, ID @ 5:30, in reasonably clear for about ten minutes; & our second Japanese, JOBK-670, Osaka, playing relatively modern mx, ID @ 6 with interference from pesky KNBR-680 which IDs every hour on the hour although not on the air. MI 4/29 brought our second AFRS station in Alasak, namely AFRS-790 King Salmon, s/on quite strong @ 5:03am with SSB & pop mx like any other station. Can anyone help us in the exact location of these AFRS stations, that is, the Armed Forces base where they are? This would certainly help in verification. We'd forward this info if we ever hear from either AFRS or AFRS3. Also on that AM WDXI-130 Jackson, Tenn., a confirmed "Dixie" station as can be seen from their calls, ID @ 5:45; WLAI-1470, Laurel, Miss. heard briefly at s/on @ 6:01 with SSB. Reports are now in the mail to KAIM-870 KMBY-1240 KFJZ-1270 JOBK-670 AFRS-790 WDXI-1310 & WLAI-1430. Veries received recently from KELI-1430 KZNG-1470 KILT-610 & KEWI-1440. Totals now stand at 630/325, a meagre increase from last Musings. April didn't bring much in the way of wanted stations. We hope May can do better. 73s to all for now. (Many would like your KEWIV/s

James E. Critchett - 1504 Glenwood Drive - San Diego 3, California

Between 4/17 & 5/7 reception reports were sent to KTFO-1250, heard from 7 to 7:26am Sat. 4/20 & to KZOL-1570, heard from 8:28 to 7:42am, & to KCAC-1010, heard from 8:30 to 8:58, all on 4/20; & to KCAD-1560, heard between 7:16 & 7:30, 4/21. Verifications of reception were received from KATN-1010 KWYR-1260 KVAN-1480 (my PP form signed with note added) & KLFF-1590. My KVAN verie was signed by Bill Cunningham, listed as new Western BCE editor of Radio INDEX (Radex) in its 2/42 issue. Anybody else remember him? And again I ask, has anyone any RADEXes to sell to me? Other DX notes of possible value: KICA-980 s/on @ 7:30am MM 4/22, but KSVC on top here. Is everybody or anybody keeping up with the 740 Avalon, Cal. station? I heard the call KGOL on Thurs. 4/25, then read in the 4/29 Broadcasting that KPOL & KGIL objected, & that KGOL would have to change back to KBIG. But before I got around to reporting KGOL, by Sat. 5/4 they had changed to KGLM & they just IDed at 8pm as KGLM; what next? KSON-1240 apparently has resumed AN operation. I didn't DX MM so don't know whether they are off MMEs as previously. DST, summer static, dieting & laziness all hit me at once, so not much DX since then; may recover later, though. On how many stations will you be able to hear the Indianapolis Speedway broadcast? Will be indexing the past year's catches on 3x5 cards then, because 6/1 will mark the start of our 13th year in San Diego & I maintain a 3x5 card for each station heard & note the verie date on it as well as frequency & call changes if any, through the year. Drive carefully during Vacation Season. 73

Hi gang. I'm back on the airwaves again after a bad case of exams & a dead RX. I finally got a service man to entice it back to life for me. He conducted a \$3.86 seance & the dead were once again talking - hi! DX since my last report: 3/2- WHOA-870 loud & clear. 3/25- WYOU-1550. 3/29- WBRW-1510. 3/31- CKLG-730, KCBS-740, KLO-1430. 4/1- VOWR-800 CKCM-620 KBRK-1530. 4/6- PRE9-1200. CKCM was definitely on, but extremely weak. They must have been beamed N. I have a number of f/ups to be sent out from the past year. Can anyone help with v/s? CHCM-560 WCHS-580 WGNV-1220 WNBH-1340 WLYN-1360 WMOD-1370 WGUS-1380 WISK/WCAT/WEED-1390 WRKO-1430 WISM-1480 KIFG-1510 WBRW-1510 WTHM-1530 WNOH-1550 WSDC-1560. Recent veries here - WBUY WHOA CFRA WLUV WAUX WEAL CHML CBT WYOU WMDD CKLG KFBK KCBS KLO CMCA CJLS. That makes a total of 472 veries, ten provinces, 41 states & 18 countries. 73.

The static is crackling away merrily tonight. Except for occasional mid-evening signals, the TAs have left for the summer. I probably won't do too much DXing until mid-August, but will try to work some of the domestic channels & log some of the more interesting signals, plus any new LAs or TPs that might happen to come along. Since last reporting, some very fine (for me, anyway) veries have been added. These ten foreign were received in a 16-day period: Frankfurt-593 card, Rheinsender-1016 (card & also letter, which gave XR location as near Kaiserslautern); YVMP-1285 Barquisimeto (card says 1280); TIAC-1025 (v/l in SS) plus Radio Fides decals); HAI-Italiana v/c verified stations on 656 1331 & 1578 kc/s. (three on one making my Italy total four); Stavenger-1313 (card, & #2 from Norway); Vilnius-665 (LSSR is country #71), with an English-Russian card sent in a plain hand-addressed envelope; AFN-Frankfurt-872, card. Latter was the oldest report of the above batch, being a 2/21 logging. The Italians were heard on 3/7, & all the rest on & after 3/27. By the way, I would like to say here that synchronized stations on one frequency should be counted as ONE station only, unless there are definite separate IDs, which is usually not the case. Nor do I think it would be right to send out separate reports to the various stations on a synchronized frequency when all carry the same program. Do others agree? My lone recent U.S. verie came from WXVA-1550, Charles Town, W. Va. heard all day long here, as the new Elkton, Md. station is not yet on the air. WXVA is 5,000w, daytime, & is incorrectly listed in White's Log as "Charleston" - a long way from Charles Town. Not too much else. On 4/20, had a friend visiting me from Washington, D.C. who wanted to hear the Senators game on WTOP-1500. Well, we got the game, but my friend didn't think my HQ-180 did much of a job on WTOP. Trouble was, Radio Martinique was on top of WTOP! Before closing, I would like to thank Hank Tyndall for the info on 6FSE, the RCAF station at Sennetarre, which drifted to 1427 kc/s. earlier this season. Not heard for several months, so much be back on 1450 kc/s.

(E. Wesolowski) 1580 KRSL-990 KNIN-990 ex-KSYD WAVN-1220 WHOA-870-DX, but heard nothing about NRC! Also heard KTTN-1600. 148 reports out since 1/1/63. About 280 since last September. Latest totals are 1,076/618 making 57.3%. The April 27th bulletin not arrived here yet! That's it for now, so have a good summer & keep cool. Where is the WBHB verie? 7es & 63s for DENVER.

Larry B. Godwin - Box 165 - Boulder, Colorado

Hi gang. Greetings from the Land of More Thunderstorms. DX has been hampered a great deal lately by static, especially MMs. However, MM 4/21 I did hear KWKY-960 r/c 2:30 s/on along with XEIQ either AN or just on late. Then on 1520 I had a weak station at 3:40 with the WC stations off that might have been interesting, but couldn't even tell the language (before WKEW s/on). Then CJCH-920 Halifax was in well at 3:50 with WX-cast. Had a strong station on 1120 @ 4:21 with KMOX off playing organ mx, but couldn't hear any language indication before KMOX returned about 4:30 - possibly Australia. Last catch of the AM was WKAZ-950, Charleston, W. Va. RS ID 4:28. Then MM 5/6 was a real flop, with all signals really weak. I heard a mystery on 1100 @ 2:19 IDing definitely as "KGMB, Honolulu" so probably KFAX San Francisco using a KGMB program (right, Pete?) Best catch to report is on sunrise skip: 5/7 @ 5:58am on 760 I heard the s/on of CB76 Santiago, Chile, with the song "Pomp & Circumstance". Just at 6:00 I heard time pips (1YA Auckland, N.Z. I gures) but no ID. On 1100 I had a weak cl mx station from 6-7am when KFAX s/on - maybe Christchurch, N.Z. So goes the DX. Many thanks to Ron Schiller for the list of f/cs. Thanks to you too, Ralphie, for writing stations for their f/c times along with your reports. We're counting the days until Labor Day, & hope many of you are, too. We hope you'll find your time & money well spent by coming to Denver for the NRC Convention. See you in Denver '63, Norm Maguire! 73s to all.

Jack L. Keane - 4902 Eppes Street - Houston 21, Texas

Ever wonder what a radio station does with reception reports after they get them? Local KXYZ puts them to good use. On the hour they do a spot for the station, like this one I heard on 4/23, "KXYZ, with listeners in Houston & Pointe Claire, Quebec." The electrical noise is from bad to worse here, so DX is slow. Listening is difficult for the weak ones but there are plenty of things to be heard. 4/26- KNIX-1330 under local KNUZ @ 9pm with Colt BB. 4/28- WOWI-1570 1:20am on test with mx. 4/30- XEWL-1090 @ 7:45pm, KCAD-1560 @ 8:05pm. 5/1- WTRB-1570 @ 8:01pm s/off. 5/6- XEK-960 @ 3pm. I have been experimenting some with a one transistor regenerative homebrew set. I have managed to hear KBAT WTIW WWL KRLD XEW XERCN XEOY XEG WGN WLS KOA KVOO KWKH KARK WBAP/WFAA & several others. That's it for this time. 73. The DX NEWS (4/27 edition) isn't here yet. Must be slowed up somewhere.

Dan Morin - 17775 Clyde Avenue - Lansing, Illinois

A new antenna for my transistor radio is really helping DX here. 4/13- WKRC-550 2:45 am, WTAC-600 3am; WSUN-620 4:32am; CJNR-730 8:50pm. 4/14- KBOA-830 6:30pm. 4/15- WCAO-600 2:50am; KMON-560 over WQAM @ 4; WKBN-570 4:30; WAPA-680 s/on 4:46; WPDQ-600 s/on 5; KSWI-1560 s/off 7pm while trying for the new Nashville station. 4/20- New local WMPP-1470 had OC all day IDing on the half hour. I have since seen their studios & they are in East Chicago Heights. WVLN-740 with readable signals from 4-5pm; WIOK-1440 5:05pm; WLKM-1510 6:05pm; WVNA-1590 s/off 7:32pm. 4/21- WRTL-1460 11am; WGN's XR broke down while I was listening to the Cubs, so took advantage & heard KWRE-730 @ 4:45pm. 4/27- WMPP-1470 testing again. 4/30- WCTW-1550 8pm (now on CDT, same as EST). 5/1- WAPL-1570 8:02pm; WLPO-1220 8:10pm; KNWS-1090 s/off 8:30pm. 5/3- WSON-830 s/off 7:45pm. 5/4- WWHY-1470 very strong @ 7:25pm; WSAC-1470 7:35pm. Veries are in from WIRL-1290 WKBN-570 KXOK-630 WVJS-1420 & WVLN-740. WMPP still has not begun RS as of today, 5/11. Totals are now 447 heard & 205 veries. 73s.

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

4/24- KXGI-1360 ET/TT @ 2:22am. 4/25- WLBS-1580 f/c-TT-M 2:11-2:17. KGYN-1220 ET/M @ 2:39. CKRD-850 @ 3:02 with NX. 4/26- KCHA-1580 on r/c. WCOY-1580 ET/TT @ 3:10. 5/7- WPGC-1580 ET/TT 1:06-1:10 & on. 5/11- KBAT-680 end of ET @ 2:31. V/f: KEWI. V/1: KOYN KXGI WGOO. V/q: CKRD KNWC KWSK. V/r: KCHA. Chances are still pretty good for DENVER '63. Too bad DX NEWS is monthly in the summer. I get lonesome without it. Regarding publicizing the NRC in the High Schools, it would seem a good idea for our teen-age DXers to get in touch with the editor of the school paper with a view towards arranging at least a one-column spread or more as space permits. Also posters in the hall advertising the formation of a local chapter of the NRC might work. Points, 266. AS THEY SAY IN ABILENE, TEXAS, "KCAD. KEEP COOL AND DX" - AND REPORT TO N.R.C.!

Larry Schwartz - 4819 Atlanta Drive - San Diego 15, California

Greetings. I've now logged 1,000 stations. Here are my latest: 4/8- KGGF-690 s/on 6:59, KVLG-1570 s/on SSB 7, KSTB-1430 s/on 7:03, WCLW-1570 s/on 6, CKBI-900 s/on 7:45, KOSI-1430 s/on 7:30, KINGO-930 s/on SSB @ 8. 4/9- CJJC-850 s/off 3:10am. 4/14- WSAN-1470 like a ton of bricks. 4/20- KPUB-1480 ending ET @ 3:55 to return at 8. WSUN-620 with CKCK QRM 4:30. 4/28- KTRC-1400 f/c-TT, KABL off & in came CFBI-960 for an ID with chimes at 3:45; KABL back @ 3:50. Then the big surprise at 4:15 EST SSB & WMEEX-1510 s/on with S-9, perfect signal. 5/1, logged KGOL (golden)-740 ex-KBIG Avalon & on 5/2 logged KGLM, ex-KGOL-740. FCC made them change calls again - said conflicted with KPOL's calls. 5/1, while Mexicans were off (religious holiday) logged KCAC-1010 Phoenix with Negro programming. Also noted KDAB-1550 s/off 9pm! Amazing for SSS in San Diego! Log #1,000 was certainly not great - only KPAT-1400 Berkeley, Cal., call change from KRE. Veries: KRGO-690 v/1 KOCB-910 & JOTK-850 QSLs to bring Jap total to 12. KBEE-970 v/1 CJJC-850 WCLW-1570 KWAY-1570 KFYR-550 v/f, CKBI-900 v/1, KAAV-1090 v/q from September, KPTL-1300 KWIP-1580 v/1, CHAT-1270 & KGMS-1380. Was up in Northern California & Nevada during April. In Reno, I found KDOT-1230 is off the air - they went broke. KBUB-1270 Sparks is c/w. KTHO-590 is on the air with cl mx. KJAY-1430 was on OC/ET when in Sacramento. Verie total now 582. Would appreciate v/s for the following: WGIG-1440 WNCA-1570 KIKI-830 KENI-550 & KMO-1360. That's about it from here. DX is sure slowing down, & veries are extinct now. Hope everyone has a happy & healthy summer & I'll see you all in Denver! 73.

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

Greetings on behalf of all the Seminole Indians in the South Florida area, home of Big Chief Engineer, hi. My National SW 54 has been down in a Coral Gables repair shop undergoing an "image" removal, so no DX for a few days. But I did manage to do some DX-ing before the mishap, so literally, here's some DX News.: 1573- HI?? "Radio U/union" regular S-9 mighty; ID says 1190 kc/s. in Santo Domingo; some drift, eh? 1560-WLVN in Nashville, Tenn. heard @ SSS daily; a "Heard since last issue" station. XELAQ-1240 in Merida, Yuc. on 5/5 AM for first Mexican graveyarder. PRF4-940 in Rio, "Radio Journal do Brasil" @ 3-3:30am 4/22 with time checks & cosmopolitan mx on a clear channel. WINZ-940 off every other MM. XEVA-790 in Villahermosa, Tab. circa lam with local WFUN off, S-9. YSRA-730 in San Salvador is definitely here from 880; s/off @ lam. 747, mystery, Germanic language, s/off 1pm, BEC? Well, that's Florida DX for this month. While the SW-54 is in the shop I've been using an Italian set, a Feloso with four bands, FM, ECB SW SW. The AM bands are useless for DXing purposes, so I'm spending my normal DX hours listening to the sensitive FM. On FM I've logged CENSORED! Too bad On to something else. Note that the new FBIS Log comes out next month, so it's just about time to order yours. A little about it: The FBIS Log is an 8x10" paper-bound directory of some 500 pages. The title of the book is "Broadcasting Stations of the World" & it is divided into four parts: Part I: according to country & city. Part II- according to frequency. Part III- according to call letters & slogan. Part IV- FM/TV Parts I & II also include a "World Time Chart" in the last pages of each. To order the 18th edition, send ~~\$22~~ \$2.25 to the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C. By the way, each part is a separate volume, so be sure to indicate the Part desired when you order. The FBIS is the most accurate log available, so don't be without it. Well, this issue of DX NEWS concludes my first year of membership in the NRC, & my sincere thanks go to all those who made it so enjoyable. Naturally, I'll be renewing my subscription, rather paying my dues for another wonderful year in the world's best DX Club, even if RFS is a member of it, hi. 73

P. E. Crocker - Box 76 - Monmouth, Maine

No new DX here for almost two months. Did add much-wanted WAEB-790 which I had been trying for all winter. Heard them on 4/1 but no Canadian DXes. With graduation rapidly approaching I have been up to my neck in homework & research papers. So everyone to whom I owe letters just hold on for about another week or two. The Phillies are carried on WFIL-560, Orioles WBAL-1090 (who are the 'O' fans up around Ontario?) Red Sox, WHDH-850; Senators WTOP-1500. To Paul B., it is KPRC-950 in Houston that carry the 45s. Am not sure who carries K.C. The stations to listen to the first week in October are WCBS-880 (Yankees) & KSFO-560 (Giants) hi. To Larry Godwin, will send you tape back shortly & also one of my own. That's about it, & to anyone graduating from High School, etc., will see you in the 'Army' next fall, hi, Joe. Best of DX & 73s. AS THEY SAY IN WORCESTER, MASS., "WMAS." The NRC is WELCOMING MUSINGS ALL SUMMER."

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

Latest additions are: KNWC-1270 Sioux Falls S.C. heard f/cing 4/10 @ 2:30-2:35, in background of WXYZ. WNOH-1550, Raleigh, N.C. s/on @ 5:57, 4/11. WGOO-1470 Georgetown, S.C. heard behind very loud WMED, 4/15, @ 3:37, as they f/ced. WKMK-1370, Blountstown, Fla. 4/17 tough to ID in back of WSPD @ 2:45, as they began f/cing. 4/26- WBCI-740, Williamsburg, Va. f/ced, weakly, behind CEL @ midnight. Newest veries are printed cards from ~~V/c~~ KNWC WNRV, & a plain typed postal from WBCI. Vls came from KUTT WMBT WLKM WDIC WSAO WNOH WGOO WOWY WKMK & WYOU. I & other N.Y.C. area DXers soon ~~met~~ meet WPOW-1330's CE Ed Smith (Staten Island 12, N.Y.). He used to work at KUOA Siloam Springs, Ark. & WAVL Apollo, Pa. He expressed a real appreciation of our hobby, in a telephone chat I had with uim. He said he always verified bona-fide reception reports.

Harvey Young - McAlister, New Mexico

Greetings once more, everyone. DX since last Musings is KPRC-950 KIRO-710 WDAY-970 for a new state, KLIx-1310 KCAD-1550 KTWO-1470 KTSM-1380 KRUX-1360 KRRV-910 KXLF-1370. It was really a surprise to hear KRUX in over KXOL. KXOL usually clobbers that whole area. Noted KGFL-1430 near here SM of 5/5 with DX Test, wording each call letter. Any of you fellows back East or Out West hear that one? I had a real shocking surprise a few days ago. I received a verie from KLEFF-1590 Test. I had given up all hope of verification. They must have swept that one out from under the rug, hi. Incidentally, I heard that Test entirely by accident. Also received veries from WSB & KTWO, with the KTWO verification on my report, signed by the CE. Veries are getting about as scarce as DX in this den! Does anyone know what station was testing on 1580 kc/s. at about 9 pm MST on 4/27? I heard this station briefly while the XERF announcer was pausing between long-winded statements. I didn't hear either the QTH or the calls before XERF came back. 73.

David Oved - 560 Grover Cleveland Highway - Buffalo 26, New York

DX here is small thanks to static & to the band being a mess. At least veries are still coming: V/1: KTOE-1420 WBKN-1410 CJCH-920 KEWI-1440 in ten weeks, WGOO-1470. V/c said "I began to think that I was talking to myself at that hour in the morning." V/c WFBC-1330 after nine months, KSWM-Test-940-PP, thanks, Ernie, for the tip - back in five days. DX: 4/28- WITH-1230 Baltimore @ 3:13-3:18am with AN rr; WHOT-1330 Campbell O. @ 4:02-4:10am with AN rr. 5/4- WMHP-1380 Milton, Pa. @ 6:39-6:56pm with rr & NX. I guess that from now on, outside of semilocal SSS DX, MM is only decent time. 73s & BUFFALO '64 from BUFFALO 26!

Ralph M. Johans - 11 East Chippewa Street - Buffalo 3, New York

DST started during WW #1 & now 17 states, D.C. & parts of nine other states use DST. Many DST stations have made their RS one hour earlier. Sunrise-sunset is always ST & is so figured by day stations. The new CDT station list most likely'll be out in June & #17 supp. mentions CBY now on 990 kc/s. from 790; CFDR-790 is now 5kw. U-3; CKVL-850 got new name, Radio Futura Ltd. & CHFI-1540 is now Rogers Bg. Ltd. CKCR-1490 is definitely 10,000/5,000 U-4. WMC-790, WLEE-1480 (Big Lee) said 24 hours & now WPFJ-910 is AN with MM 1:30-1:45 silent. Replies are too slow & some go in for poor v/f. THE EDITOR'S DUSTY MAILBOX

KEN MACKEY, Box 1356, CHRISTCHURCH, N.Z. WRITES "GREETINGS TO ALL. DX AT THIS END HAS BEEN CONSIDERABLY RESTRICTED SINCE LAST AUGUST WHEN I SHIFTED FROM DUNEDIN TO CHRISTCHURCH. WE HAVE NOW MOVED INTO A NEW HOUSE AND SINCE CHRISTMAS I HAVE BEEN VERY BUSY WORKING ON GARDENS, PATHS, LAWNS AND THE LIKE. NEVERTHELESS I HAVE FOUND TIME TO DO A LITTLE DX AND ADD A FEW TO THE LOG. DXING HAS BEEN AT 3 LOCATIONS. . . RECENT VERIES ARE KNBR WVGT KCEY KWAY R.AMERICAS 2AN KUMU KTRG HLKI HLKB PENANG-860, MADRAS-C, HANOI, BAGHDAD, HLCA DXBC MARATHON-1130, KIFG XESS KURA WKFE. LOGGED BUT UNVERIFIED SO FAR ARE KRZY KPIK KTOD WCCF KBGO KMEN KXEX KLFF HIAE HOS23. ONE OTHER, 1ZC ROTORUA WHICH FOR ONE WEEK OPERATED ON ITS OLD FREQ OF 1520 AND ITS NEW CHANNEL OF 1350 SIMULTANEOUSLY. AS THERE WERE TWO 1ZC'S DURING THIS PERIOD, ALL THOSE WHO LOGGED AND VERIFIED IT CAN COUNT IT AS TWO VERIES. GUESS XEQK WILL MAKE THIS ONE TOUGH STATESIDE. . . HOPE OUR NEW PREPARED CARDS FOR LATINS WORK AS THEY ARE A DEAD LOSS OTHERWISE. IF YOU WOULD LIKE A FEW TO TRY LET ME KNOW."

ROY PATRICK, 3 SIDNEY STREET, DERBY, ENGLAND SAYS "I MANAGED TO GET THE NRC SOME PUBLICITY OVER WRUL RADIO NEW YORK IN "POST MARK N.Y." PROGRAM AS SOME EUROPEAN LISTENERS ASKED WHETHER ANYBODY STATESIDE HEARD THE BBC ON MW, SO I SENT THEM THE DETAIL AND A COPY OF THE DX NEWS. THINK I STILL HAVE A RECORDING OF THE PROGRAM AND IF SO, WILL DUB IT FOR THE CONVENTION. THE ITEM THEY USED WAS SOME DX BY DAVE GLEASON. APRIL STATESIDE RECEPTION HAS INCLUDED WQBS-380 WINS-1010 WHN-1050 CBA-1070 WNEW-1130 WEZE-1260, CJCB-1270 WMEX-1510 WQXR-1560."

J.C.GILLESPIE, BUSINESS MANAGER, GILFER ASSOCIATES, Box 239, PARK RIDGE, N.J. SAYS "THE DOCK STRIKE HELD UP ALL OUR COPIES OF THE 17TH EDITION OF THE WRH FOR OVER TWO MONTHS AND CREATED A TREMENDOUS AMOUNT OF WORK FOR US HERE AT THIS OFFICE. I WOULD LIKE TO WRITE TO ALL OF OUR CUSTOMERS THANKING THEM FOR THEIR PATIENCE IN THIS TRYING SITUATION. MANY OF THEM WERE VERY UNDERSTANDING, BUT OTHERS WHO MAY NOT HAVE RECEIVED EXPLANATIONS FROM US (DUE TO THE TREMENDOUS VOLUME OF MAIL) MAY STILL NOT REALIZE THE CAUSE FOR DELAY IN RECEIVING THEIR BOOKS. PERHAPS YOU COULD FIND A SPOT IN THE INTERNATIONAL DIGEST TO APPRISE OUR CUSTOMERS AND FRIENDS OF THESE FACTS" (THE ABOVE FORWARDED BY FRED VAN VOORHEES--PVT)

LIKE MISCELLANY

I HAVE THAT TERRIBLE FEELING THAT SOME OF THE MATERIAL SENT TO ME AT HOME IS STILL HOME. SIGH. I KNOW I HAVE SOME NEW EBU DATA AT HOME SOMEWHERE. WILL GET ALL THIS STRAIGHTENED OUT BY NEXT ISSUE. DEADLINES HERE WILL COINCIDE WITH THOSE POSTED BY ERNIE COOPER IN MUSINGS. PLEASE SEND THEM ALL C/O KFOG. ANY VISITORS WILL CERTAINLY BE MORE THAN WELCOME. WE'RE IN THE NBC BUILDING...BUT THAT'S NOTHING, THE TOWER WE ARE USING IS OWNED BY ABC. PHONE # IS TU 5-145 (FREQUENCY 104.5...YEP, WE WANGED IT.) (TU 5-1045 THAT IS.) AS THE DX SEASON FOR SOME TAKES A HIATUS, I WOULD LIKE TO THANK YOU ALL FOR YOUR FINE SUPPORT. THANKS ALSO TO W/MWN, RSDXB, NZDXT, TUNE-IN, NNRC, JSWC WHOSE EDITORS HAVE CERTAINLY HELPED THROUGH THEIR FURNISHING THEIR PUBLICATIONS. HAVE A PLEASANT SUMMER, AND KEEP US INFORMED OF THE VERIES AS THEY COME ON, AND DON'T GIVE UP ON SUMMERTIME DX. 73s/PVT

NOTES: MANY DXERS DO NOT SEND THEIR "BEST VERIES" FOR EACH CONTINENT VERIFIED.....

SOME DXERS IN THE ABOVE GROUP ARE "LAGGING" A BIT WITH UP-TO-DATE TOTALS...

I WOULD LIKE TO SEE AN INCREASE OF 10 MEMBERS IN THIS COLUMN BY OCTOBER....

BOUQUETS TO:

- 1- THOSE EASTERN DXERS WITH ASIAN VERIES....
- 2- BEN DANGERFIELD ADDED 3 NEW COUNTRIES: PANAMA, ARGENTINA, ALBANIA...VERY NICE..
- 3- HILDING GUSTAFSON ADDED JAMAICA TO MAKE IT COUNTRY #51.....
- 4- JAMES GANGLER ADDED LUXEMBOURG, POLAND, MEXICO, PUERTO RICO, AND BRITISH GUIANA.
I THOUGHT YOU WENT TO SCHOOL, JIM?????
- 5- RALPH SPERRY ADDED FRANCE AND ST. LUCIA. EVERYBODY CATCHING THE "FEVER"
- 6- LARRY SCHWARTZ ADDED TONGA FOR COUNTRY #18. TRYING TO CATCH HANK TYNDALL????
- 7- DALLAS JOHN ADDED ENGLAND #17.

AFRICA NEXT MONTH.

The final logging that can be used for the contests must be before 2359 hours of JULY 15, 1963. You will then have until AUGUST 15th to have your listenings to me; ERNEST J. WESOLOWSKI, 1416 PASADENA AVE., OMAHA 7, NEBRASKA. The final summary will be made at the Denver Convention and again in the September issue of DX NEWS. Now that summer is almost here, many of our school members will have time to DX more and raise their scores. Come on you young men! There's still good catches available.

We DX Intelligently: That's what we say when we listen to WDXI-1310 Jackson, Tennessee. "THE APRIL 27th issue" was mailed at 8:05 AM on April 27th as are all other issues of DX News, that is mailed on time. Remember its 3rd class mail and the P.O. can lay it aside any time or at any place they desire in preference to 1st class mail or if they are short of help etc. Remember its vacation time and there are many extra postal employees and operate strictly to P.O. Rules. I do know it leaves the Kensington P.O. as usual and after I deposite DX News there its out of my hands. So the only definite solution is for you to send in the added money to pay for 1st class mail, its .06¢ per issue.
