THIS BEGINS WEEKLY ISSUES

Every season when we start to publish each week, we find reports rather scarce for the first few weeks. Let us try not to have that happen this time - we can use your Musings, or your International DX items, or your DX Down the Dial, even if it be brief. Deadlines will be every Tuesday for the Musings and International DX Digest, and every Wednesday for DX Down the Dial. Please support these issues with your reports!

VERIE SIGNERS WANTED!

We have had six pages of v/s since Volume 31 began in September, but still, we would like to see more of you sending in your v/s when you send your Musings reports. But, we ask you to check back through Volume 31 and make sure you don't send in any repeats, for to keep repeating these v/s serves no purpose other than to take up space. We note many of you list veries received in your Musings reports, and many of them are stations which we have not listed above in some time - so please, take a few minutes out to list these v/s, from recent veries, and send them in with your Musings report, on a separate sheet of paper, WITH YOUR NAME ON IT, please, and double space, and list the frequencies of the stations, and use the little code letters describing the type of verie it is. No letter indicates it is a personal letter, you know.

WEEKLY NOW!

To repeat, we don't want these to be weakly issues, but weekly, well-stocked ones. So, please sit right down now and send in those reports to the various sections! AS THEY SAY IN BOONE, NORTH CAROLINA, "WATA" - "WE ADVOCATE TOGETHERNESS ALWAYS."

Totals are starting to slack off, hi. 10/2- CJIC-1050 12:30am (best Ontario). Record Survey totals now stand at 75. Veries since last report: v/q- WKYB WDAK KSJB CFCC WNAX KDWB WCRM WNMP "Radio Americas" WFLA WMAY CBK WDXR KMBC WEXL WPDQ WTNS KMON CFRA WSMB CKCK WVOK WIOU. vm: KUDL WEAW. v/l- WKTY CKPR KFYP WDRC WTRL WKJG WKPR WKGN WPRS WLIJ WETC WKOW WSIX WRR. Latest totals are 440/303 after ten months of DXing. Attention SCers, WAAM-1600, previously WHRV, has switched from dull drab slop to "Pop" so they are going to put out record surveys in a week, & all those who want them, send me letter with return postage. Am also getting a couple hundred from WETC WDAK & others. Have 25 WMAY-970, Springfield, Ill. left for trade. They stopped printing them three years ago. What am I offered? First come, first get 'em. Also am getting some WKGN. I guess that's it, so 73s, best DX, good luck on Contests, and hope everyone has lots of luck with the Specials this DX season.

David Johnson - 3620 Ivy Street - Denver, Colorado - 80207

I am looking forward to my first DX season as an NRC member, & in trying my luck in the DX Contests. It was real nice meeting those members in attendance at Denver. I hope we can meet again soon, but afraid it won't be at Buffalo. DX: 9/21- KGBS-1020 s/off @ 9pm, VOA-1180 Marathon, Fla. real strong at 10:00. 9/23- KUDL-1380 @ 4:30am, WOKJ-1590 s/on @ 5. 9/25- KOLT-1320 @ 9:30pm. 9/26- Radio Belize-835 coming very strong from 8:00 till s/off @ 11:03pm. 9/27- KRAK-1140 @ 1:30am. Veries: v/q- KBOM-1270 KOVO-960. v/l- KCSR-610 KNDC-1490 KNEB-960 KGLO-1300 & KUDL-1380. How should I count KUDL? They ID as Fairway, Kansas. Their XR is in Lenexa, Kans. & their studios are in Kansas City, Mo. Totals as I start the new season are 228/140. 73.

John C. Johnson - 625 Park Street - Sheridan, Wyoming - 82801

DX since last report is as follows: 9/29- KHVH-1040 @ 2:15-3am; KGKL-960 9:02-9:35pm. 9/30- KGLL-740 (ex- KBIG) @ 2:33-2:45am with TT; KEWB-910 @ 2:45-3am - s/off at 3. WFUN-790 @ 4:40-4:55; KADY-1560 @ 5:20-5:46am. 10/4- KVOX-1280 @ 2:13-2:16am with r/c KDIX-1230 @ 2:45-2:56 with TT. F/ups went out to WCAU-1210 WNBC-660 WSPD-1370 KVOC-1230 KSVN-730 & KGNO-1370. KGNO was on with TT @ 2:07-2:30am 10/4. Recent veries, all v/l: KROX KRWB KTKT & KUPD. Totals now at 551/371. That's all to report this time since it covers only one week of DX. 73.

Tom Marm - 1805 East Elmdale Court - Apt. 6 - Milwaukee, Wisconsin - 53211

Below are more details concerning WGLB-1560, 250w. Their complete QTH is Box 1, Hwy. 33 & North Woods Road, Port Washington, Wis. The staff & management of WGLB-1560 have great hopes & plans - plans which are being formulated with you in mind. Our over-all programming could be truly described as "Variety Radio." WGLB-1560 will publish a monthly program sked to anyone who is interested by writing to their QTH above. They hope to be on the air some time during the first week in November 1963, if everything moves OK. WGLB-1560 will probably s/on in mid-November, of not sooner. 73.

Stef Krieger - 210 Ivyhurst Road - Buffalo, New York - 14226

DXing sure has been hampered by my school work. Since the salt mines opened, I've logged only four stations (all on 9/19) - WNAV WKYR CMQ & WCAW. Veries, though, have been coming in pretty well. v/l- KFYP WIP WTAR WHUN WHOM WEVA & WYNS. v/c- WFIL CBK WCAO WILS WWSW XEG CBN WHBC WKYR WNAV & WNMP. Good DXing, 73s. Bison'64 from ¹⁴²²⁶ Bison AS THEY SAY IN EDMONTON, "CHED." NRC is made up of CAREFREE, HAPPY, ECSTATIC DXERS!

Ronald J. Musco - 124 Park Avenue - Windsor, Connecticut - 06095

Another station for Hartford County came on the air today, 10/1. WEXT-1550, lkw., West Hartford is the one I'm talking about. It would have been on the air long ago but WQXR protested to the FCC saying that WEXT would interfere in the WQXR Service Area. But the FCC said OK to WEXT, so WQXR lost out. WEXT's studios are at 998 Farmington Avenue, West Hartford. XR & tower are on Grassmere Avenue, West Hartford. President is Julian Gross & GM is Erwin B. Needles. At one time Mr. Needles was GM at WMAS in Springfield, Mass. & as some DXers know, WMAS verifies so maybe WEXT will, too. I'll try to find out when they hold their f/c. DXing has been slow with only the following being heard: 7/26- WTTT-1430 Amherst, Mass. on RS. 8/2- While listening to favorite WHYN-560 at 8pm EST they went off the air due to XR trouble. Listening heard, WGAN Portland, Me. could be heard very weakly. Also WBAX-1240 Wilkes-Barre was heard at 2am. 8/9 brought in WITH-1230 Baltimore at 2am. V/q in from KQV & WLAD. V/l's from WTTT & WGAN. 73.

G. Harley DeLeurere - Box 17, Straughn Dormitory - 4400 Massachusetts Avenue NW - Washington, D.C. - 20016

DXing had to take the back seat this past summer. Until 8/2 I was working on the 80-inch hot strip of the Gary Sheet and Tin Mill, & from 8/7 I was working as a switchman on the Baltimore & Ohio Chicago Terminal Railroad Company at Whiting Junction, Ind. I was also doing a little preaching on the side. I, however, did take a little time off for a trip. I visited WKKS WSIP WBTH & WKOY. This summer I can recall receiving veries from KMAR-1570 KUDL-1380 WAAC-1300 WAZY-1410 WBAX-1240 WBOC-960 WBOL-1560 WBTH-1400 WCTW-1550 WFBM-1260 WFRB-560 WIKC-1490 WISL-1480 WJDY-1470 WJOB-1230 WKKS-1570 WKOY-1240 WKSE-930 WLBC-1340 WLIP-1050 WNYC-830 WPOP-1410 & WVON-1450. At home I have veries from WTTT-1370 WBIW-1340 WIVK-860 WRUS-610 KGPC-1340 WMTA-1380 WPTN-1550 WTCJ-1230 WSKY-1230 & WAEW-1330. I am still waiting for replies from WAMW-1580 WBOW-1230 WBTO-1600 WGRY-1370 WHUT-1470 WIGO-810 WIKY-820 WITZ-990 & WWCA-1270. As you can readily see, I am trying to confirm Indiana 100%. In Washington I confirmed WIAL-630. Since I am attending school & preaching on the weekends in rural Cambridge, Md., DXing will be greatly curtailed this winter. 73s.

Hal Robie - 351 South Street - Medfield, Massachusetts - 02052

The band has been noisy here for the past few days, but a few stations have been noted. St. Pierre-1375 from 7-8 pm s/off on 10/4 with poor to fair signal. On an old tip from Andy Rugg I came up with five minutes of KILO-1440 at s/off 1:03am 10/7. Excellent signals. Hope they will verify. ZBML-1235 in loud nightly & Radio Belize noted here now nearly every evening. A real quick verie from the latter. Report sent airmail Monday 9/30, reply received Friday 10/4. Form letter mentions both 834 kc/s. & SW outlet. Monacol466 good 10/2 at 12:15am. Others heard here lately are WHWB-1000, CKBW-1000, WLAM-1470, WKBW-1520 & WAVA-780. Have a new 200' longwire up using #12 solid copper. A rough installation since it runs from a tree to the house through about 70' of dense woodland which had to be cut out as far as tree branches are concerned. Highest part, about 25' high. Uneven ground brings the low spot to approximately 12'. This is about the best I can do on a long run.

Stan Morss - Route 3 - Bradford, Massachusetts

9/23- CX odd - South good & copied XEAI in clear 12:29-12:51 for another try. WCOS-1400 AN topping 1400. KSYL-970 f/c 1:12am. Verie, PP card from KPCN. 9/24- Visit from Bill Hutchinson & logged Radio Belize-833 on his suggestion & the fact that Northern Lights were in evidence. Yoiks - a verie from WYNR-1390, by PP card. HOR58-1100-plus "Radio Mil Cien" returned PP/c with one initial for a signature, & sked. Oh well, a verie is a verie. Letter also from WJFC-1480, very friendly, with homemade verie also enclosed, & last but by no means least, a PP/c from WEEB-1300 after ten or 11 tries. / Russell J. Ron B. Schiller - Box 456 - Monmouth Beach, New Jersey - 07750

Veries dribbling in, count now 1,220 with these added lately: KWED (v/c for tentative twilight report) WKYN WKAQ WOKZ WCPS CJNR CSB5 CSB9 3AM2-Monte Carlo CKJL WTTT WPAP & WBOL who reports that "Bolívar, Tenn. is a town of 5,000 nappy people & a few old sore-heads!" WKYN-630 San Juan, a most friendly letter & oddly enough they've been heard here many times since first logged on 9/30 5:45-6:30pm over WPRO, all EE. WABA-850 in SS from Aguadilla, P.R. after WKYB had faded at 6:30. 10/5- Brand new WEXT-1550, West Hartford, Conn. at 5:15 s/off. 10/6- NDR-1586 early evening, fair signals. 10/7- WAUB-1590, Auburn, N.Y. 500 watter s/on even with WAKR-AN @ 4. WJW-850 unheard in ten years at 4:15 s/on. WGHQ-920 another try, 4:54 s/on. WFST-600, Caribou, Me. a shock to hear then 30db over S-9, really racking WICC 4:58:30 s/on, still on top at 5:10am. 10/10- CSB4, Lisbon, Portugal, in Portuguese with American rr 6-6:30pm. 10/11- WKVM-810, San Juan, P.R. 6:20-6:40pm through WGY, all SS. CJET-630 heard at 5:00 s/on, but not enough to report. TAs coming back after a spell of horrid 6X, hetrodynes heard on 1602 1466 1439 1223 1403 lately, also 1538. St. Pierre-1375 often strong in early evening, too. Twilight reception has been good occasionally. WPAP, Fernandina Beach, Fla. & KWED, Seguin, Tex. best new loggings up on 1570-80. Old friends KLTR KPCA KFDK heard numerous times, & KYND, Tempe, Ariz. once this season, that on 9/30. Their v/1 is quite attractive; WESR & WCAW & WCPS among the more pleasing letterheads seen this fall. Still gunning for CKCM VPCM CHCM as theirs are dandies. 73.

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida - 33141

Greetings from Miami, the only LA city in the U.S.A.! Well, December has arrived - really, I suddenly found myself unemployed, hi, so that's why I'm back so soon. All for the better, tho. New domestic DX includes: WKDL-1600 in Clarksdale, Miss. a f/c. WEAM-1390 in Arlington, Va. on RS. WIPC-1280 in Lake Wales, Fla., a newie. CKCW-1220 in Moncton, N.B. (Thanks, Ernie!) WHBO-1050, in Tampa, Fla., a noon catch. KOMO-1000 IDed last MM (10/7) @ 2:30am. KWRF-860 in Warren, Ark. on 10/1, a r/c. And WACE-730 in Chicopee, Mass, an ET. Sorry about the lack of times, etc., but someone threw away my notes, hi. Just arrived in the mail is my new RX, a Lafayette HE-30. It's hardly been unpacked, & I still have to put it together, but according to the catalogs I have a good buy. For example, the sensitivity of the HQ-180C is 1.5 mv for 10 db S/N, while that for the HE-30 is 1 mv for 10 db S/N. This makes the HE-30 more sensitive than the HQ-180 as well as the cheaper models, the HQ-100A & HQ-145X. But alas, the HQ-180 has the edge on selectivity, by 200 cps! Well, can't win 'em all. Anyway, I would like to hear from those of you who are lucky enough to have an HE-30. Ernie, WMBM has a jazz show in conjunction with WMVJ (FM) with a White DJ at the time you mention, so can't be it. XEJP-1150 "Radio Variedades" is all yours though - congratulations! And the same on the new arrivals, Ernie & Ron; despite what I said, the HQ-180C is a fine RX, expensive, but fine, hi. 73s & good sensitivity.

Sheldon Miller - 1216 Pennsylvania Avenue - Miami Beach, Florida - 33139

Greetings from the Western Hemisphere's most Southerly DXer! Not a heck of a lot of DXing has been going on here, due to the pressures of college life. CX are improving daily & static is at a minimum most nights. Newly heard stations here include: WGR-1310, Perry, Fla. on RS for about a month now. Ernie, what's the power on this one? (1,000-D -ERC) WILZ-1590 ID @ s/off 7pm. WLVN-1560, in nightly & louder than WLAC. KOKA-1550 at dawn, a Negro rr program "Kokaland" slogan noted. WLUX-1550 some evenings at SSS, under/over the rest. What is power & D/N situation for them? (5,000-D -ERC) CMBD-1520 weak some evenings. KFBK-1530 in weak one recent MM. WHHY-1440 in on car radio. WIII-1430 call change in effect several months now, a semi-local here with very early s/off so don't look for 'em at SSS. WSAI-1360 heard in Tampa last month over WKAT. WGBL-1290 f/c heard while I was half asleep, can't remember time. KMBC-980 on MM, over everything else. Heard XEQ-940 up in Tallahassee while trying totune in Miami's WJZ, no luck hearing the latter. YSR-730 s/off lam nightly. WPIN-380 in weak sometimes over the Radio Progreso relays. I hope everyone made some nice Cuban loggings during Hurricane Flora, as all Cubans were AN for those three nights. Contrary to some recent reports, XERF is still very much XERF; XERL is in Columa on 710 kc/s. I am going to be in N.Y. for Christmas & New Year's, & I'm really looking forward to meeting Ernie Cooper & the other expert DXers who inhabit the area. I think I might arrange a DX Test from WKKO-860, but I'm not sure yet if I can. Will let you know next week. Ernie, when is KONO's silent period? (Tuesday AMS-ERC) Will need them off for WKKO. Local WAME-1260 has adopted Negro format, will not change calls but (P. 7)

October 19, 1963

(S. Miller, con'd.) will likely shed its ABC affiliation. Ernie, your 1490 mystery is not WMBM as they have an AN jazz show, non-Negro as far as programming is concerned. However, WMBM is about 75% Negro programming, mostly during daylight hours. That's all - 73s & good DXing.

Alex Bowab - Box 154 - Spring Hill College - Mobile, Alabama - 36608

Strange things happening around here: Late in August I saw an article in Billboard Magazine stating that WMOE-1550 Mobile (a CP granted some two years ago) was finally going to hit the air "in mid-September." For the past two months, we here at WSHC, the Spring Hill College Campus station, have been receiving mail addressed to "WMOE, the Spring Hill Broadcasting Company" (to whom the 1550 CP is assigned) because the Post Office knows nothing about WMOE. Even more unusual than that, the FCC office downtown, when we contacted them, had no official info on them, & only thought that the CP & plans to put the station on the air had long since been abandoned. Well, "mid-September" has passed a month ago, & still nothing. The Billboard article said they would use 50kw. D & 100% CW mx. And also, does anyone believe in miracles? If so, how about dialing 11-- some MM when CX are near perfect, & with KYW off, see if you can hear our little 15-watt carrier current rig, WSHC (of which I am PD). We now run AN with uninterrupted mx (no announcements) & although I consider chances of our getting out at all a million to one, would be interested. DX before school began: 8/24- WLAY-1450 apparently AN RS 1:20am. 8/25- KRUS-1490 r/c-TT 2:08am. WHN-1050 IDed at 2:15 with XEG off for about a half hour. WPAT-930 finally heard through AN WKY @ 2:30. KBUY-1010 heard on AN with CFRB off SM. PM of same date, WLUX-1550 new one in Baton Rouge, RS 7:05pm. 8/26, MM - WJLD-1400 heard, now AN including MM with Negro programming. KUDL-1380 AN; WGKV-1490 AN. WBFD-1310 f/c-TT 4:42. WJLS-560 s/on 5:02 through WQAM. WFAX-1220 s/on 4:30. WYOU-1550 ET/M 5:54. WSEL-1440 s/on 6:00. WEAS-900 RS 5:50am. 9/11- KTDL-1470 Farmerville, La. f/c-TT 1:35am. This same AM I was out at WATI during their r/c; gave several IDs & mentioned NRC. Anyone hear it? One verie in, KWIP-1580, confirming my tentative reception of 8/16.

Thomas E. McNiff - 3844 Columbia Pike - Apt. 302 - Arlington, Virginia - 22204

I'm sure glad I joined up with NRC when I did. The first two issues of DX NEWS were worth the dues alone! My set-up here consists of a National NC-60 with 60' of single wire running along the window ledge. Apartment living rules out anything better. Ev Johnson was the member who got me interested in the Club. I've been DXing ECB for eight months. Totals stand at 270/70. The DX season began here near your nation's capital MM 10/7, with CKOY-1310, Ottawa, heard at 1am with local WEEL off. A half-hour report was sent to KOMA for State #30. At 1:30, WYNR, Chicago, & WEED, Rocky Mount, N.C. were heard on 1390 with local WEAM off. WEED had TT as per f/c list. At 1:45, WMBD-1470, Peoria, Ill. came through great. KNBR was heard for the first time since last spring. Reports have been out for a month to KLRA & WVOK for States #31 & 32. Locally, WABW-810, Annapolis, has changed calls to WYRE. Well, that's about it for this time. I'll try listening 10/14 for CKRB's DX. Best DX to all. (Welcome to the NRC, Tom, and we hope to hear often from you! -ERC)

Len Dunikoski - 366 Lincoln Avenue East - Cranford, New Jersey - 07016

This is my first report to the Musings; I hope to report as often as possible. I am a sophomore, commuting to Rutgers University, & majoring in chemistry. I'm using a Lafayette HE-30 receiver with a 100' longwire antenna. New stations received recently are: 9/30- WAAG-1470 1:07-1:30am f/c; KXOK-630 1:55-2am s/off. 10/4- Guadeloupe-640 5:47-6:40pm. 10/6- CBK-540 2:45am; WLCY-1380 4:20am; WTOB-1380 4:25am; CHVO-1250 4:55; WSMB-1350 5:25am. 10/11- WHNC-890 5:45pm s/off. 10/13- WSDC-1550 2:18-2:48am ET/M. Also on 10/13, new station in Chattahoochee, Fla., 1580, tentative call sign WSBG, 2:49-3:06am s/off ET/M, asking for reports. That's all for now. 73s. (Welcome also to you Len, and again, we'll be looking forward to more reports! -ERC)

Harold Balitski - 18 Oliver Screscent - Saskatoon, Saskatchewan

I am sorry for not reporting in such a long time, but school & moving prohibited me from listening. I have two requests to make. 1- Does anyone have any plans for a loop? The Driv-in restaurant has a big sign & it emits a slight buzz which I think could be eliminated by a good loop. 2- Is there anybody in the U.S.A. who would like to exchange some unused stamps? The HE-30 has a slight hum which was caused by a faulty connection to a DX booster, that will have to be fixed in the next week as the DX here seems to be a lot better than where I used to live. 73s until next issue, if possible. / AS THEY SAY IN IRONTON, OHIO, "WIRO." WEEKLY ISSUES - REPORT OFTEN!"

This is a bit late but couldn't get to it till now. Monday morning notes were KCTX-1510 2-2:15 f/c; KLGW-1390 s/off 2am; KENO-1460 2am, testing, KOPR-550 s/off from test, 2:13; KGGW-610 2:15-2:30 f/c-TT, KEOS-1290 f/c 3:00-?, KAAA-1230 3am, probably f/c, KAWT-1450 TT 3am; KAKA-1250 3:30am TT. Got reports out to KAIM-870 & KIMO-850 for RS evening, 2:30-3am, this will be the third report to KIMO. Also this AM I got my third report out to CFOR-1570. No new verifications since before the Convention so I guess I'll have to send some f/up letters to get things moving for this season.

Harvey Young - McAlister, New Mexico - 88427

DX CX here seem to be getting quite a bit better, but I as yet have little to show for it. Here's DX: 9/22- KUDL-1380 @ 2:51am; KERN-1410 @ 3:15 in under KRIG; KEWI-1440 @ 3:40; KTSA-550 @ 4:05; KJKJ-1400 @ 4:00 very weakly, & KHEM-1270 @ 7:21pm. 9/23- KRYE-1360 @ 2am in under KXOL, & KFXM-590 @ 2:21, getting interference from KOGO. 9/30- XEWA-540 @ 10:05pm, very strong & heard here regularly, but took me this long to get an ID, hi. 10/2- KFIF-1550 @ 8pm s/off, quite weak. 10/8- KGGF-690 @ 7:31pm. 10/10- KCUB-1290 @ 3:07 behind KTRN. Only one verie in lately, WDXR, after about five months. I noticed that KWK is still on, heard here pretty regularly with a poor signal. No luck with B.H.B.S. here; WCCO seems to be too strong here. Have figured up that I have got about 30% replies here on reports sent during my first year of DXing; anyone have worse luck? (Or talent, hi). In a few weeks I will begin my second year of DXing, & I think I shall remain in NRC as it has been an unbeatable source of encouragement & assistance. Hope everyone has a great year this season! 73s till next time. 73.

Larry B. Godwin - Box 165 - Boulder, Colorado - 80301

Hi gang. Barbara & I have just started our last year at the University, so DXing has had to step down a bit in my schedule. First I would like to say that I enjoyed very much meeting Bob Pietsch & Gene Allen in the San Francisco area in early September. NRCer Byron Barnum & I had a good time chatting with them & seeing their veries. Before this trip I did not know that any DXer in California has heard Europe, but after seeing Gene's veries from France & England I have no doubts. I am happy to report that my "neighbor" with the rolling TV set has moved, & I am sure she can now hear KFI in peace, hi. DX-wise I had a good weekend starting SM 10/6 when I heard an EE AN station on 1425. AFRS-Thule, Greenland, is listed AN here, so I sent a tentative to New York's AFRS office. Also heard WHCU-870 Ithaca, N.Y. s/on 6am EST in the clear for a report. MM 10/7 brought CBI-1140 from 4:22-4:36, thanks to a call from Bill Nittler, & two FF stations in Montreal, CBF-690 & CKAC-730, from 5-5:37. Best catch of the morning undoubtedly was CBN-640, St. Johns, Nfld. with CBC ID @ 3:27; however, CBN did not ID separately as the other CBC stations do, so I had to make the report tentative. KFQD-730 Anchorage, Alaska, was quite strong through 5:00 s/off. There is a new CMQ AN network of Cubans on 630 640 660 830 900 & 1460 MMs. Say, is it Monroe, Pampa, or Ft. Worth in '65? I think it would be less confusing to have the Convention in San Diego, so it will have my vote. I have decided to break the rule concerning foreign rules & phrases & will say "Buffalo '64" since the entire English Language has been derived from Indo-European, & therefore all words may be considered foreign in that light. The f/c list is coming along nicely, & I certainly want to thank all those who contributed. The CPC list looks good! Best DX to all. 73.

Ev Johnson - 514 16 Street - Mendota, Illinois - 61342

Hello all. Have not sent in a Musings in a long time so here goes. Not too much DX here. WX has been pretty warm yet, so noise & heat. Just think only one verie since about three months. Seven reports out since 9/15. They are to WCOG-1320 Greensboro, N.C. for evening DX. Radio Belize-835 in Br. Honduras in good on 9/17 @ 11pm. WLWN-1560 RS 6pm. WKJR-1520 on their r/c. WVON-1450 RS & WYNR-1390 RS. Oh yes, I did hear WRIN-1560 new in Rensselaer, Ind. on RS & Sunday s/off @ 6:10pm. The only verie from WVON, nice letter. I have joined both contests. DX may pick up later on. Congrats to Bill Stone for first place in Domestic All States Contest. Just 22 reports out last season not verified. What gripes me is that stations put on DXes & won't verify, like WBNE, XEYC. No luck with WZOK DX but not needed here. All for this time. Good DX to all this season & hope you all get lots of veries. 73s.

Bob Karchevski - 655 Main Street - Melrose 76, Massachusetts

I have just received a letter from Ambert Dail, SM at WGH-1310, who says he will verify any correct reports sent to him directly. Recent DX: 9/18- YVMF-1120 8:05-8:58pm, very good signal. 9/23- WKAP-1320 4:00 s/on, to 4:30. 9/30- WNLK-1550 6:01-7:05pm. Veries: WRAJ CBF CKEC WGH WLYN & WNLK.

Greetings all you lucky people, here I am again. DX has come mostly in spurts: 9/13- WHHH-1440, 10:13pm. 9/22- XEW-900, 1:20am; WJUD-1580 r/c 1:23; WMBR-1460, 1:42; WAAT-1300, 12:15pm. 10/4- CMBL-860, 10:32; CMBQ-1160, 10:41; WRVA-1140, 10:59; WCCO-830, 11:19pm. 10/4- WDAS-1480 4:09pm; WGY-810, 6:09pm. 10/10- Did WZOK-1320 ID during f/c? Monitored a TT for more than an hour on 1320 but no ID. WHOT-1330 2:02; WPOW-1330, s/ on at 3:00, QRM'd WHOT & took over the battle between the TT & the RS! **Ernie, I have some v/s from '61, they any value for the list? (No, CEs etc. change too fast & often: -ERC)** 10/7 Broadcasting claims that 250w. WCAG-1520, West Chester, Pa. began RS on 10/4, anyone hear it? SCers, I now have some WIBG-990 lists to swap, any takers? Thanks, Dave Oved, for accepting me to the CPC! Will try to do a good job. Thanks also to Norm Pillsbury for the old DX NEWSes, certainly worth the \$2. **Would like to hear from some S.E. Pa., Del., N.J. & N.Y.C. area NRCers who'd be interested in having the '66 Convention in Philadelphia. Sorry couldn't make Denver - will try to make BUFFALO, or, I mean, BISON (Hi, LBG!) in '64. '73s.**

Greetings from the Land of the Beans & the Bruins. I was wondering what to do this morning, It boiled down to homework (ugh!) or writing one of my beautiful Musings, hi, so I created this masterpiece, ha. - DX since 9/8: WKRK-1220 after WRIB s/off. 9/11- WFGH-960 after WORL s/off. 9/22- WMJP-1170, my first unlicensed broadcaster. I talked with the kid running it & he said it was legal. I think it was a home broadcast kit. I haven't heard him in three weeks, so the FCC must have gotten him. 9/28- CKLM-1570 IDed in FF on the hour. 10/4- CKPT-1420 9:03-9:18. 10/5- WACE-730 at 2:30, WFAU-1340 at 8:40pm. 10/6- WHLM-550 at 6:05, WNEB-1230 at 7:05, WTGB at 6am & WNRI @ 6:55 am, both 1380; WIL-1430 at 6:08. 10/8- WBAP-820, 10:05-10:33, sent report. 10/11- WEGP-1390 at 8pm. 10/12- XERF even with CKLM after 9pm. 10/13- WQXI-790 from 5:50 to WEAN's s/on; WCPC-1320 @ 6:54 with address of station; KFH-1330 from 6:43 with CBS sports announcer plugging station to WPOW s/on; & WPOW at s/on. Only veries are CKPT-1420 with CM & SC & WMJP-1170 on a PP I sent. School & cross country take up most of my time. To Henry Marbach, which is more tiring, cross-country or DXing, hi? '73s & best of DX.

Peter N. Rizzo - R. D. 1 - Elliptsburg, Pennsylvania - 17024

Time for another Musing from this little place where there has been no DXing since school started in September, & my mail is stacked up for the past three weeks. Veries in here from the following: WNBC-660 QSL, WLYC-1050 Williamsport, Pa., letter, WXYZ-1270 v/f, WCOY-1580 QSL, & WGSA-1310 WSL. Hope to have more in a few weeks so '73s.

Joseph Fela Jr. - 167 Goodwin Avenue - Newark, New Jersey - 07112

First off, note new QTH. It's about a half mile away from the old QTH, towards the WNJR-1430 XR (as if I wasn't close enough to begin with!) Veries since last report are v/ls: WFLI-1070 (seven month wait) KXEO-1340 (5/20/63 report) WMBR-1460 WKBO-1230 WKAQ-580, & Radio Belize, British Honduras (frequency given as 834 kc/s. with 20 kw.) Also a v/r from CHIQ-1280. To recent DX: 9/14- 4VE-1035 quite strong at 10:15pm; YVNM-1000 "Radio Moron" a good S-7 at 10:38 (heard them give this call the following night) TIFC-1075 in EE at 10:48. 9/15- An SS was noted on 540 under XEWA, seemed to be Cuban, correct? 9/16- KWLA-1530 r/c @ 1:05. 9/17- WFNC-940 good at 6:24pm, WKYE-1550 6:40; WJSO-1590 s/off 6:45 & atop everything. 9/23- WKBO-1230 TT @ 2:51am. 9/25- WBZY-990 s/on @ 5:33am. 9/26- WKAQ-580 by itself at 9pm; CMCH-790 excellent signal at 10:01, 10:15 YVQO-650, 10:30 s/off, PJC2-855. 9/27- CMCY-550 at 10:30pm; HAKC-850 at 11pm either in parallel to or relaying HJED-820. 9/30- SS on 890 seemed to be Venezuelan so perhaps YVLW, SS on 1020 seemed to be Venezuelan also. 10/2- WPFB-910 slightly louder than the rest @ 5:29am. 10/3- 1am s/off from CMCA-730 in EE, still saying 740 t6c. KFI-640 fair at 1:01, WKLE-1370 ET @ 1:15. 10/4- FF on 570 behind local WMCA. U.S. rr selections played. Is this CJEM? CBW-990 atop channel nicely at 11pm; WABI-910 s/off 11:01; FF behind powerhouse WIP-610 @ 11:03 - CHNC? 10/5- KWVL-1330 nicely through local WEVD around 11:13pm; CKPC-1380 as strong as local WBNX, if not stronger, at the same time. 10/6- WHOT-1330 through local WEVD @ 12:06am; 1 s/off WDOK-1260; 1:04 s/off KILQ-1440; 11:05pm s/off WVMT-620 following NBC NX; NDR-1586 noted 11:16, S-6; 11:21 KLRA-1010 just under CFRB with WINS off unusually early; 11:37 Bordeaux-1205 noted S 2-4; 11:44 WAAM-1600; 11:58 s/on Radio Monte Carlo-1466. 10/7- 12:30am, KOB-770 a real surprise, S 2-5 level; WRSJ-1560 ID @ 12:49 (kinda late for them?); WRAY-1360 s/off 1:02 s/off WISM-1480; BEC-1457 at 1:13, a very weak S 2-3. Just about out of room so '73s for now.

Roy H. Millar - Box 91 - Marysville, Washington - 98270

Hello! Domestic DX has again reasserted itself with some fine catches, as it seems to always do about the time I'm ready to give up on same! Since last report: 9/29- KPFC-662 "The 'Radio Voice' of the Philadelphia Church", Ballard, Seattle, Wash. 10:15-11:09 pm s/off. (Assume about ten watts, carrier current operation; about 28 miles from my location, I would judge). 9/30- KPAT-1400 Berkeley, Cal. (ex-KRE) AN this MM, QRM'd by still another ANer, KXIV. Goodbye 1400 DX for the present, I fear. 10/6- WHCU-870 Ithaca, N.Y. s/on 6am, a real nice catch as only 1 kw. 10/9- KREN-1420 Renton, Wash., ET with ID @ 5am, giving haywire time call; may have been tape recording of an earlier ID. WCOJ-1420, Coatesville, Pa. s/on just after 5am as KREN cut ET temporarily. 'Tis good to see season for weekly DX NEWS returning; always look most eagerly forward to each issue. If I may, could I address Western DXers for just a moment? Please, lads, support Pete's IDX'D; it was disappointing to see so few reporting Foreign DX from the West in last issue (10/5), & there is plenty of DX in the air, believe me. Morning CX for TPs have never been so obviously loaded for good DX in many a moon, according to my observations. I know that I am not the only one finding this condition - come on & let us in on what you are hearing! My own Foreign DXing, which constitutes most of my listening time, is reported in detail in Pete's column, so as a rule I won't duplicate in Musings - but I'll probably break that rule from time to time! 73.

Randall J. Seaver - 2119 30 Street - San Diego, California - 92104

Hello there, all you lucky people, I'm back again for another year of DX, if my 13 units of Engineering don't wipe me out first. Sorry to have missed Denver, but had a great opportunity to make some coins at the San Diego Chargers' football training camp 60 miles E of here. DX up there was different to say the least. I heard all the Imperial Valley stations, plus KBLU KHOS KBUZ XEAA, all the San Diegos except KDBO came in good daytime, nighttime KCBQ was cleaned by KVOO, KRLA by XERCN/KFAB. KOMA was the only decent nighttime reception I could get - what a choice of listening pleasure! On 7/22, heard KERG-1280 Tting @ 3:55 EST. 9/1- XEQR-1030 @ 11:19pm. 9/2- KCUB-1290 NX @ 2:00; XEDL-1250 s/off @ 2:05; KHOS-940 AN. 9/16- My first MM DX at home: Urr KSEI-930 s/off @ 2:00; KFRB-900 @ 2:08; KOWL-1490 AN; KPOI sounding like KFVB; KRKO-1380 sneaking through @ 4:00, WMBD-1470 @ 3:38; KSLM-1390 Tting 3:45-4; KCBC-1390 @ 4:05; Heard KTWO-1470 KVON-1440 KMO-1360 KCJH-1280 KXLY-920 KDES-920 CBU-690, on 9/23 or 9/29, but lost the exact dates, times, info. Organization, Inc.! On 10/7, XEQR-1030 again 5:29; KCUL-1540 s/on @ 6:00; KBUB-1270 s/on 6:02; KXOK-630 finally @ 6:18; CMQ-640 @ 6:30; KCMO-810 @ 6:30; KSTN-1420 s/on @ 6:35; a CST c/w station on 1370 smashed by KGEN s/on @ 6:40, who? KORK-1340 again @ 6:45, hi Tom. KHOB-1390 s/on @ 7:00; KNGL-930 s/on @ 7:02; KXL-750 @ 7:15; KBVM-1380 @ 8:00. On 10/10, heard Radio Belize-834 briefly prior to 10:30pm. Rand Lee got an hour of them on tape. As far as I can ascertain, I have approximately 365 stations heard on my clock radio. I'm starting my third year in Engineering at San Diego State; I plan to DX every MM unless I have an exam, maybe then, too. My goal is 500 stations by 3/1. No, not 1964 - 1965. Thanks to Ken Butterfield & the rest of you who sent surveys. My major interest right now is compiling & publishing my own national survey, printing comes soon. Frank Williams, Marv Robbins, where are you? Enough out of me - CHARGE! And 73s.

Walt Snyder - 710 Stewart Avenue - Apt. 1 - Cornell University - Ithaca, N. Y. - 14850

Just getting organized for my sophomore year & haven't done any DXing here yet. Am receiving on a Lafayette HE-30 & am now working on a good antenna setup to improve reception & lose some static. My best stations from my home town, Allentown, Pa., for the past year are: JBC at 620 & 750, both at 3am on 1/28, verie on PP try from Mandeville arrived 9/13. 690 from 4:05-4:10 & 4:20-4:35 on 1/28 with QSB, Hawaiian mx but no announcements, KULA? KXLY-920 on 12/24/62 at 2am rr, QSA2, also on 920 WOKY on 9/1. WWJ-950, on 8/16 3am; KRLD-1080 on 8/13 lam with QRM, rr - KWJJ? No answer on QSL try. KING-1090 on 7/4 at 12:30-12:45am, QSA1 with QRM; KSL-1160 at 2:30am on 8/16 QSA3; ZBM1-1235, in strong 1/28 at lam; WIST-1240 4am on 7/9 NX & rr on, no answer on verie, PP try. CFQM-1310 at 2am on 8/16, nice verie, v/q & v/1, and finally, KELO-1440, 1-1:05 am s/off with mx, Lord's Prayer, only station from N.D. but no verie on QSL try. Veries total 235 at present. Have found the NRC very beneficial to my enthusiasm in my first two weeks as a member. Appreciate your services very much. (We appreciate the kind words, Walt, and we hope to hear more from you! -ERC)

AS THEY SAY IN SYRACUSE, NEW YORK, "WFBL." "WHEN FEELING BLUE, LISTEN!" (Russ Edmunds)

Peter Bengtson - 237 Merion Road - Merion Station, Pennsylvania - 19066

(forwarded by Ray Edge) I am a Swedish student staying in the U.S.A. one year on the American Field Service Scholarship Program. I hope to be able to install a National NC-98 and a longwire soon and get started with DXing. Up to now I have used a tiny transistor set "Telefunken Partner" with a built-in Ferrit antenna. All of the following tips are heard on that radio: XEWA-540 often, CMQ-network-station-630 often, CMQ-640 always till 11:00 s/off; HJBS-640 8/23 till 12:00 s/off; YND-675 often till 1:00 a.m. s/off, CMBC-690 often, CMCA-730 often, programs in EE, XEX-730 often, XEWB-760 9/15, CMCD-760 9/16, XELO-800 8/22, HJED-820 often, XEW-900 often. QSLs: v/1: WOCM-590 WERA-1590. v/c: CKLW-800 CBJ-1580 WFAA-820 WWL-870 WEOK-1390 WFEA-1370 WSB-750 WAKR-1590 WPOP-1410. La Voz de Santa Marta-640, address: Apto. Aereo 540, Santa Marta, Magd., Colombia. YND-678. I have also got a pennant from Radio Americas-1165. 73. (Welcome to the NRC, Peter, and please send your Musings and v/s to our Brooklyn address on Page 1. Please be so kind as to double space, Peter - thanks! -ERC)

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

Six new loggings the past two weeks including four brand new stations running ETs. In fact, I have seen no information as to call letters, so all I can do is call them the way I heard them, hi! 9/30- MM- WBHT-1520 Brownsville, Tenn. 2:20 to 2:35 and on. 10/7, MM- KISM-1530, Shakopee, Minn. 4:40, ending at 4:48. 10/11- WSVT-1580 Chattahoochee, Fla. 1:10-1:25 and on; WBNJ-1540 Woodbury, Tenn., 2:19-2:45 and on, particularly tough under KXEL. Also on 10/11, WAAM-1600, ex-WHRV, logged on AN sked. Other new catch was on 10/7, WRNY-1350 s/on RS 4:58-5:05. Strong ANers in the 1500s making it tough on what seems to be a DX Haven with much ET & TT activity. Noted XERF, still XERF, not XERL. Only four veries over the same period, all v/1. WGAU-1340 WAPP-1470 and the above-mentioned WBHT and KISM.

Ernie Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries have stopped arriving here. How come every station I write to suddenly becomes a non-verifier, hi? Some DX, but not too much, to wit: 10/3- On Ron Musco's tip, I tuned for and logged new WEXT-1550, RS, SSS, October s/off 5:15pm. 10/5- WLLY-1350, Wilson, N.C. testing and asking for report, 2:00 a.m. and on, about even with AN WADC. That evening, I got a log on B.H.B.S.-834 and sent a report. 10/6- On a Ron Schiller tip, I got up early and logged WQSR-1320, Solvay, N.Y. "serving Greater Syracuse" from their s/on at 5:00 a.m. to 5:15. This s/on will be 5:00 when DST ends on 10/27. They had a fine signal here, way out on top. Noted unnn WZUM-1590 on top, 5:16, and unnn CKPC-1380, s/on 5:30. Somebody ending a "Join the Navy" program at 5:35 on 1500 under WTOP's Elder Michaux' sunrise services - who is this? It doesn't sound like either WJBK or KSTP. 10/7- Somebody with Show Tunes on 1600, 1:43, but no announcements. Noted WARN-1330 AN & on top, unnn, after WEVD s/off @ 2. Then I heard two I haven't heard in many years - KEX-1190 RS @ 2:42, and KRKO-1380, last heard in 1937 on 1370 kc/s. with 50 (fifty!) watts, 3:02am, while trying in vain to pull in KUDL-AN, which was buried by KRKO's rr. Noted Unnn KLAJ-1600 AN c/w, 3:16am. 10/10- On a tip from John Sampson, via Ron Schiller, logged brand new WCHE-1520, West Chester, Pa. RS, with October s/off 5:30pm, under WKBW, and over WVOB 5:15-5:30. Then, on another Schiller killer-diller, I got WKYN-630 RS 5:40-6:31pm, under WPRO & TV interference. 10/11- WBLA-1440, Elizabethtown, N.C. ET starting @ 1:05am, to about 1:23 s/off. 10/13- Unnn WKMC-1370 noted already on RS @ 4:30am, even with AN WSPD. 10/14- CKRB-DX in nicely, but I have heard them stronger. Brand new KANS-1510, Larned, Kans. on ET/M, 1:29-2:29 with fady signal, S 5-8. Noted "The Cuban Minute Man" on 780 & 1270, & the CMQ net on 630 & 640 AN. To Andy Rugg, who is your v/s for HJBJ-640? NNRC's Newark News Sunday column says Radio Martinique-1500 is now running 50kw., ~~5:15am-8:30pm~~ 5:15am-8:30pm, with verie address "Clairiere - Fort de France, Martinique." Remember, it's weekly now, so please let's hear from all of you for each issue. We need your help!

"Your ZIP Number"

Arrangements have been made with Addressograph Corp which will enable one more quick job with our address plates-for the purpose of having your ZIP Code number added. Thus the final deadline for members to get their ZIP Code number put on their QRA plates will be NOVEMBER 13th 1963. Again it is urged that those who have not as yet sent in your ZIP number to do so as it is the wish of the P.O. Dept plus their claim that it will, in time hasten all mail plus a large saving in the annual P.O. Budget. Please include either .10¢ in coin or the same in uncanceled U.S. Stamps when sending that ZIP No. to me.

"WHEN CHANGING YOUR ADDRESS"

Again we have to remind you to notify Club headquarters when you change your address along with the fee of .15¢. 3rd Class Mail is NOT FORWARDED under any circumstances, thus when you move and the Club does not know of your new address, your DX News is returned here with postage due of .08¢. Plus another amount of postage to resend your DX News when you finally do give us that address change which usually occurs after you have not received a couple issues. The fee charged for both adding your Zip Number and getting a new QRA plate made up is the actual cost to the club. Please keep this in mind and it will save your Club from un-necessary operating costs plus insuring you that DX News will not be late in arriving because it has been returned to Club HQ. To add the ZIP No. .10¢; For an entirely new QRA plate - .15¢ Thanks.
