Latest veries bring the total to 1,234 with these arriving: CKRB-dx KVOR WPHB WFST WJW WAUB WEXT WABA WGHC WLIS WJNH WWHW & WABW-PP. WFST's CE sent a most friendly letter (two pages) saying he's a TV DXer & interested in reports. They son at 6:00 & have been occasionally heard through WICC et al on 600 kc/s. As to DX: New WCHE-1520 logged at s/off, thanks to BD's tip. 10/13- RNE-Madrid on 684 in early evening. 10/14- KGNO-1370 OC 1:30 over KXLF RS; Oran, Algeria-1304 holding forth 1:30-2; KVOR-1300 with WERE off on RS to s/off @ 2:02; KMHL-1400 Marshall, Minn. r/c through WWIN/WJET & company, hi, Dave Oved. CKRB-dx well received & v/l back promptly. 10.19, took a log on Madrid-1223 in well, 7pm; WPAQ-740 noted s/off 5:45. 10/20- Nice-1554 to 6pm s/off with fine signal; umm Bordeaux-1205 doing well same time, ditto BBC-1295 in foreign language. New WJJZ-1460, Mount Holly, N.J. OC ET daytime with IDs on the half hour, signal under WVOX, surprisingly. EAJ3-1259 in Valencia, Spain, presumably the SS knifing WUD that evening, & at 5kw, my lowest powered TA catch to date. 10/21- WISM-1480 s/off 1:03; WCRM-990 r/c tough through WIBG. Reported St. Pierre-1375 doing exceptionally well that night from 6:25-7. 10/22, an excellent twilight night. WANB-1580 to 6:15 s/off; WMTL-1580 s/off right after WANB; KNIM-1580 Maryville, Mo. 25Gv. s/off 6:43 with fine signal; KPIK-1580 for a third report RS 7:06-7:15 s/off. Umm KYND booming in until s/off at 8 & finally, the Californian KDAY-1580 Santa Monica, bræfly logged at their 8:14 s/off. Earst WCer at twilight! 10/23- WQXR relented long enough for me to sneak in little WBYS-1560, Canton, Ill. at their 6:15 s/off & KSWI-1560 RS 6:17-6:22. WTTT-1600 on top of WWRL @ 5:50 that night for a report. 10/25- WCRL-1570 s/off 6:15 & the umpteenth report to WTMA-1250 topping WRYT on RS at 6:30. That night, umm WLSC & WMPM on for hurricane alert.

Ex-member Bob Kalish is currently appearing on NBC-TV's "College Bowl" program, on at 5:30pm Sundays, EST, with Brooklyn Polytechnical Institute.

There will be a meeting of NRCers on Saturday, 11/30, Noon-6:00pm at Hubert Buckner's at 635 East 21 Street, Brooklyn, N.Y., Apt. 4, First Floor (right). We look forward to hosting many of you - we'd prefer keeping it strictly to NRC members, as the place could get a little crowded. Please let either Hugh or Ernie Cooper know you're coming so we'll have some idea ahead of time how many will be on hand. All are invited!

It is with a great deal of regret that I come to a decision regarding a hobby that has been so enjoyable for me. Because I need to concentrate my efforts into the improvement of myself, career-wise, & because DXing is the kind of hobby that, if done right, takes a lot of time & energy, I have decided to close up shop. To insure that I am not bitten by the bug on & off again, I must sell my equipment. I will entertain any reasonable offer for my Hammarlund HQ-160, purchased in December 1958, & my Webcor R&Yalite tape recorder, three speed, bought in Spring of 1960. I would prefer a cash sale, but will work out whatever kind of shipping arrangements are feasible. There will be some good bargain-hunting for someone who wants to move up to a wuality receiver. I will retain my membership in the NRC & hope to attend the Buffalo & subsequent Conventions. I will also check into Musings every now & then - there may be some who might want to keep up with my address changes! But a word of advice for any who will heed: A hobby loses its purpose when it ceases to be a reliever. And a special word to you, Ernie - I appreciate very much your hard work on behalf of the Club, & your spirit of fairness to all. Sincere best regards. (Thank you, John -ERC)

Greetings, SCALD, NNRsers (is that a dirty word?) (Dunno, Ken - what is it? -ERC), WNRs, & also to the molecular, nebular, photocellenic members in the Buffalo Area. Guess what? No, you're wrong. I just got my citizen band call letters, KHJ3719. I use a Lafayette HE-15-BWX five watt transceiver, & monitor channel 11. I also have crystals for channels 1,2,3,5,7,9,10,12 & 13. Anyone in town, just give me a call. Well, let's get to DX. 10/7- WIBA-1310, 12:06am. KOB-770, 12:16am, 38th state. KRMG-740, lam. KXLF-1370, 1:25. KLZ-560 2:10. To John Callarman: Where's that verie from KFJZ? To Ernie: I hear WSM might get 750 kw. Will that mean they will go NSP & we'll never get KORL? 10/13- WKIX-850 9:10pm. WCBM-680, 10:15. 10/14- WREC-600 12:50-lam s/off. KGBS-1020, 1:25am. KNX-1070, 2am. They call themselves "Curious Radio." Why? KONO-860, 2:10am. Well, I guess that DX season is finally here. Eh? Heard a station on 660, EE, weakly playing mx, almost continuous. KFAR? I hope so. I'd love to log that little honey. Contest totals now stand at 30 points in the Domestic Contest. Think I have a chance? Hope so. Does anyone have v/s for the following: WCHS WHLO WFT WPTF WOSU WAIT WKY WKAZ KIMN WIBG WNOX CHUM WHUN WTCN KFJZ WOIA KXYZ WICU WBRB WCHB WDW WKCW WCIN KOMA (Marv?) WMEX WCLS KCRG? These have been my mojar holdouts this DX season. Just answer in your Musings if you do. No sense wasting postage for one name. OK, well back to DX. 10/16- WIOI-1010, 5:45pm. WIL0-1570, 6:14pm s/off. WHLP-1570, 6:16pm s/off. 10/17- WRIN-1560, 6:15pm s/off. (Thanks, Ev.) 10/18- WMOR-1330 12:02 am, f/c. WAFC-900 1:15am, r/c. WROW-590, 12:55am. Latest veries are as such: v/q- KOB KLZ WCBM. v/1- KVOL WCBL WDAY CKWS WLEE WAMM KCTA WIBA. Totals are now 458/314. Pete Taylor: Is KORL EE? Anyone got any back issues of DX NEWS they don't want? I'll gladly pay postage for shipping them. Well, that's about it. Oh, before I go, I think we're going to have a new NRC member from Plymouth. Well, that's about it from this dump, so I'll close, say 73s, & all that rot & best of DX to all (especially myself) hi. To Seagull: I've got 102 different surveys now.

Maurice W. "Bill" Nittler - 4590 South Julian - Englewood, Colorado - 80110

The aftermath of the Convention finds me in a new job after six years in one spot. Not too much time for DX thus far during the month of September: 9/16- KUDL-1380 with AN. KAFY-550 for another report on AN as never answered the 1959 DX show report. Radio Belize-834 heard S-7 in the evening & TIW-775 also logged with readable signal. 9/17- Another report sent for VOA-1180 Marathon as a report for Opening Day of broadcast last year failed to produce a verie. 9/18- Took logs on local KICM-1250 & KCSR-610 in daytime for reports. 9/24- XENL-860 with S-9 signal all AM & no interference. 9/30- KHOS-940 with AN Club 40 program & KGLW-740 on ET @ 2:40. Veries since last Musings entry are: KBTA-1340 LZD-1000 WJAQ-1550 KTWL-1250 KICM-1250 (finally got 'em Glen) KCSR-610 & KAFY-550. Total at 2,016 now. Just discovered that the next deadline is tomorrow 10/1, so will add later DX for second issue in October. Today, 10/19 finds me missing another deadline. DX on 10/7 brought a readable signal from ZBML-1235 on AN, CBI-1140 & CJCB-1270 both on RS @ 4:15 for second & third Nova Scotians. KBAT-690 logged on RS @ 6:00. 10/14- KWSL-1340 & KYSN-1340 both on r/cs, KLOC-920 on ETs and KMVI-550 s off @ 4:10. Veries back are: KMVI-550 CJCB-1270 Radio Belize, VOA-1180 & KARK-920. The latter was a PP which I sent to them back in 1960. Don't know where it's been filed the past three years. San Diego in '65.

Roy Barstow - 16 Harding Road - Walpole, Massachusetts

The past few weeks have been very warm for this part of the year but DX is improving. So is golf, hi. From some of the reports it seems as though the TAs came in all summer. Anyway I gave it a try & there they were. 10/18- BBC-1295 @ 12:30am. Oldenburg -1586 in also, 12:40. Despite CBE's efforts Nice-I-1554 heard 12:45. Something on 1457 but too faint. Lille-I-1376 also in around lam. 10/20- TAs in again & Bordeaux-1205 showed up 12:30am. ZBML-1235 very loud this AM. 10/21, MM- Nothing seemed to be popping on the higher end of the band. KFBK-1530 at a low level, so was surprised to hear KTFI-1270 s/off 2:07am. This seems to be a good catch for anyone needing Idaho. Most MMs in good & a clear channel most of the time. Like I said, nothing new heard higher up the band on 1500-1510-1520, etc. I hope they test MM for the big boys like KXEL & the rest do them no justice. I guess you have to carry a big stick & have patience, more of the latter I am sure. 10/23- Something on 1578 @ 8:30pm. I'm not sure if it was Portugal or CA or SA. Is Portugal on this late? With WBZ-1030 nulled out as best as possible, an SS heard around 8:45pm & later. If I moved the loop one inch WBZ would bounce up to 20 over 9. At least I know the loop is doing its job.(P5)

Greetings from irated RFS! Got started on my HE-30 kit the other day only to find some important parts missing. So I returned the merchandise, along with a few well-chosen words, to Lafayette in New York. By the latest I hear from them I should be receiving another kit by the time you read this Musing. Meanwhile, the SW-54 is performing better than ever, witness these, by frequency: WJAR-920 in Providence, R.I. on RS @ 4:40 am 10/22. WCTA-920 in Andalusia, Ala. at the same time. KFWE-980 in Los Angeles, @ s/off, 2am 10/21. WRJC-1270 in Green Bay (?) Wis. with a f/c @ 1:10 10/21. WHIO-1290 in Dayton, O. s/on 5:00 10/22. WFBL-1390 in Syracuse @ 4:25 10/22. WEGP-1390 in Presque Isle, Me. ten minutes later, s/on. WCSC-1390 in Charleston, S.C. @ 5:05 10/22. WETH-1420 in St. Augustine, Fla. @ 5:40am 10/22. WADK-1540 in Newport, R.I. @ 5:35am 10/22. And WTHB-1550 in North Augusta, S.C. @ 2:20 10/21, a f/c. No WINR-680-DX here as the frequency was QRMed by at least three S-ers, WPTF, WmPS, & KBAT. So, WCMC-1230 has a DX on 12/23! I remember their cottage-like station & the tower out in the marshes of North Wildwood. The community programming is excellent, but their powerful 100w. makes it a "wuality" catch from practically every location. My congratulations to anyone who might hear it. Tis all for now. 73 & good DX. (WCMC is 250w. now, Ron -ERC)

A FABULOUS SS night 10/25-26. Came home around midnight (11pm EST) & SS on almost every frequency. Noted for example: CMBZ-830 very strong, WKVM/WGY/YVLP-810; HJKC-850; XERF-1570; YNAV-850; HJNX-670; TIU-675 & all the usual ones; also "Cadena Habana"-795 bad modulation, almost like single side band, no commercials. Stations heard before: Cuban: CMHQ-630, CMQ-640, CMQ station-660, Radio Progreso 680-690, CMCA-730, CMCD-760 Radio Reloj Nacional; same on 780 & 800; CMBZ-830; Radio Rebelde-840, Radio Reloj Nacional-1270. Others: YNOL-828, Radio Belize-834, YVLH-660 YVQO-650 YVQJ-1080, XEB-1220. I have trouble with getting QSLs. These stations have not answered me: WBUD WHLO WHP WARM WBIC. Are they normally hard? QSLs are: v/c- XELO-800 WCCO-830. v/l- XEX-730 CKRB-1460 plus CM & "souvenir". To Ernie Cooper & Andy Rugg: Has La Voz de Santa Marta-640 really call sign HJBJ? My QSL card doesn't say anything, but according to WRH HJBJ is La Voz de Santa Marta. WRH gives HJBS for La Voz de Santa Marta. (FBIS of 1961 gives HJBJ for La Voz de Santa Marta, but lists frequency as 1170 -ERC)

Here's my DX since last issue: 10/19- KEYJ-1400 f/c-TT @ 1:22-1:35am & WQMN-1320, with r/c @ 1:51-2:00am. 10/20- KCAP-1340 @ 1:43-2:00 s/off; KQTE-1340 @ 1:55-2:03 s/off, & KVCK-1450 @ 8:03-8:46pm. 10/21- KWYO-1410 with r/c @ 2-2:15am, local station. 10/25- KOSA-1230 @ 2:10-2:25am with r/c. Recent QSLs: v/q- KROE-930 (homemade 3x5 index card & v/ls: KBGO-1580, KTRF-1230 (CE said in letter that KTRF's r/c with Phelps Lab in Minneapolis, Minn. is on the first & third Wednesday morning of each month from 3:00-3:30am. Also he said they are changing daytime power to 1kw. & are in the process of building new facilities. I logged them on 1kw.) KWYO-1410, KEYJ-1400, KIJV-1340, KGLM-740 (DXed their ET of 1kw. ARR on 9/30, so I have KGLM verified with 1kw), & KWSL-1340. Heard KHDN-1230 with TT third MM in October at 2:15. That's it for this time. Wyoming totals now at 27/20. Grand total 571/387. I should hit 400 verifications by mid-November. 7e & good DX.

Not too much DX to speak of this week. MM 10/21- WINR-DX was not heard through KNBC. Did manage to hear one of the newer stations in Superior, Wis., WWJC-1270 on f/c-TT from 1:11 to 1:15. To back up just a couple of days, I reported KVGB-1590 Great Bend, Kans. on RS 1 KCSJ-590, Pueblo, Col, r/c on 10/19 from 2-2:15, very weak. Only veries are in from KYCN-1340, WOMB-1460-q & KVGB-1590. The latter v/s, Harold Riedl, CE, usually does not verify except for at least 15 minutes of complete info. Nice colorful CM. Murray Mann & I visited KVGB back in '61 on our way to the Amarillo Convention, & saw a stack of unopened reports. However, I don't remember if this was the same CE or not. That's all for this time. 73s & Buffalo in '64. PS- I have 50 Mexican Air Mail stamps to seal, 7¢ each. Limit of five per member.

Hi gang. Greetings from the Land of Good DX from the EC. MM 10/21 I heard the s/on at 4:00 of WPOP-1410, Connecticut for my second from that state, thanks to a DXDD tip from Bob Karchevski. Then CKCW-1220, Moncton, N.B. s/on 4:02, & CJCB-1270 Sydney, N.S. s/on 4:23, for two from the Maritimes. At 4:30 on 1370 I heard WKMC, Roaring Spring, Pa. s/on, & behind it "America the Beautiful" & a religious show from what must have been WFEA, Manchester, N.H., from Dallas John's description in September DX NEWS. Reports off to WPOP & CJCB, & a tentative to WFEA. Veries include HJAN-720 & HJFF-1210 (see IDX), plus WHCU CBI & CBF. I was surprised to receive a phone call from Len Lockwood a couple of weeks back, & I see he is DXing in full swing as usual. No reply on my tentative to Greenland-1425 yet, but I hope to hear from the AFRS soon about it. Welcome to the world's best DX Club, Roger Bowman, & I'll hope to meet you at the big 1964 NRC Convention at Buffalo! 73 & best DX to all.

Hello, DXers. Not much DX here as yet, but I'm in there trying & hope to do more as soon as the WX gets colder. Wonderful WX here in the 80s every day in October. Have logged the following & reported WLVN-1560 Nashville, Tenn. on 9/20 but no verie yet. Don't they verify, Willis? On 10/6, WRIN-1560, Rensselaer, Ind. heard on RS & s/off at 6:15 Sunday. 10/12- The ANer, WAAM, ex-WHRV, heard them say they are off Mondays 12-6am. 10/13- HJBI-840 Bogota, Colombia, heard in clear, s/off at 12:18am. 10/19- WBNJ-1540, Woodbury, Tenn. heard on ETs. 10/21- KUDL-1380, AN. Veries, a few. PP card from WYNR, WKJR-1520, WAAM-1600 & WCOG-1320. Verie total now 2,463 & hoping for 2,500 by New Year's, hi. Not really much to report but want to add my part to Musings. Best of DX to all. Have Michigan & Illinois verified for States Contest. 73s.

Leo Fox - C/O United Keno Hill Mines - Calumet Camp - Elsa, Yukon Territory

DX from 9/13- 9/24- KSEW-1400 in Sitka logged with program "Mx from the Podium" from 1 until 3:59 s/off, no anthem, report off. 10/4- CFWH logged on 570 - said in last IDX I doubted they would move from 1240, guess this proves who knows better, Jones, or me, hi. Whitehouse Star had a big spread on the frequency change & power increase to lkw New 287' tower with 120 720' ground radials spaced 30. How about that? 10/7-MM. First logging was AFRS-570 in King Salmon, or Naknek, Alaska, but not enough to report KHAI-1090 Honolulu at 4:30, for tenth Hawaiian; 6:00, Polynesian-sounding language on 1020 sounded interesting. At 6:00, voice said "This program has come to you from the Pacific Islands." Not good enough to copy, ZCO in Tonga, I presume. Will check next MM. Next was an ABC Aussie (my first) on 700 kc/s. from 7 till 8:30 fade. This must have been 2NR in Grafton, NSW, per LBG's IDX but a couple of issues back so a tentative out to same. Lots of copy but many an ID. WX for Sydney, etc. though. KPUG-1170 @ 8:32 was kind of anticlimactic. Right now I'm listening to AFRS-1425 in Thule. Maybe for variety I'll tune in KFAR or KFRB or CFWH (ho hum). Reports are out to KENI KFAR KFRB KENI KBYR KHAR KHAI KORL 2NR KSEW KLAM KTRG KAHU, closer to home (Home is Regina, hi) several f/ups to KODI WAAY WFRL KGEW KLPW KOJM-Conelrad KAGO-Conelrad KAKA KSHA KFHA (can't understand what happened to these last two; KSHA has NRCer Barton Cronin & KFHA mentioned NRC on air, seemed to want reports), also KINY reported. Veries back are WTOD v/1; WMRP WAPL WACT same, all f/ups, all with CMs; two more BCB Northern Service QSLs from CFYK & their relay CBDJ (ex-CFHR-1490) in Hay River, NWT. I consider this one of my best veries - CBDJ is only 40w. & about 650 miles away. Still no answer from CFWH; no doubt due to changeover. I'm buying myself a TR for Christmas - one of the necessities of life, like a Hallicrafters, El Ropos, & rye, hyc See you all in Bupalow.

New DX totals are 344/244 as an influx of loggings this weekend are ruining my percentage-of-verification. Only veries: two cards from KEX-1190 & WWOL-1120. DX: 10/24 - WPQR-1360 McKeesport, Pa. @ 8:31-8:36pm in the clear with Mutual Sports & man-on-the-street interviews at a shopping mall. 10/25- WTNT-1270 Tallahassee, @ 12:17-12:24am with pop mx over WXYZ easily; called self "WTNT - the Wonderful World of Mx." Logged PJA5-1435 Oranjestad, Aruba, NWI @ 8:12-8:34pm - see IDX for details. 10/26- CKPT-1420 Peterborough, Ont. @ 7:25-7:40pm with typical rr mx format. 10/27- HJBI-840 at 1:25-1:53am with live band mx from "Santa Marta - capital turista de Colombia". Also logged WRUF-850 Gainesville, Fla. that morning. 83s & Buffalo '64 from 14226!

AS THEY SAY IN NASHVILLE, GA. "WNGA." "WE NEED to GIVE our ALL." PLEASE REPORT!

Veries since the last report are v/l's from KWVL-1330, WISM-1480, WJSO-1590, WYTI-1570 WNGA-1600 & CKRB-1460-DX. Also a v/f from KILO-1440. To DX: 10/10- 3:01am, WZOK-1320-DX in but with much QRM from WPOW-1330 & KXYZ-1320. 3:31, WEZY-1350 atop the channel; 3:33 WKXV-900 r/c. 10/14- C/w station behind WKWF-1600 @ 2am, KLAQ? 2:02, CKRB-DX-1460 in but with a much weaker signal than expected. 10/17- What I'm sure was an XERL ID was heard on 1570. Did they use XERL & then switch back to XERF perhaps? This was in back of CKLM @ 1:32am. 1:45, WDXI-1310 r/c; 1:55 WGYW-1430 r/c; 7pm, KRLD-1080 atop WTIC/YVQJ - unusual. 10/18- 5:45pm s/off WYTI-1570; 5:58 s/off WKYT-1550; 6:00, WLPM-1460 atop the channel & quite strong; 6:10 WRWJ-1570 ID but in the QRM; 11:00 noted SS on 965 - is that YNLU? (this reception with WJRZ-970 on the air). 10/19- WZUM-1590 s/off @ 5:45pm. 10/20- 2am, WWC0-1240 AN; 2:03 WAGF-1320-DX in the clear until around 2:17 when some TT started. 10/21- XEOY-1000 @ 12:48am; 12:53 WNGA-1600 r/c; 1:07 WWJC-1270 ET-organ mx ("on for an equipment check"), off promptly @ 1:15 in the middle of a selection; 1:26 WDIC-1430 r/c; 1:29 WJOT-1260 on their monthly f/c (according to the announcer); 1:45 SS on 965 - TIRS? 2:00 s/off WDSU-1280; 2:02 KWO-1410 r/c - easy despite an S-9 carrier there. 10/22- Since Ernie got WEXT at SSS, I tried for them & got them way over S-9 at 5:01 pm; WARE-1250 in the QRM @ 5:18 (have them yet, Art?) 10/25- WMBL-740 with an emergency broadcast for that hurricane, at 7:30pm. Since moving to this new QTH, I've noticed that the noise level is lower except during the evening - then DX is close to impossible due to TVI, etc. Some important changes have been noted in local signal strengths too- WPAT-930 is 20-30 db weaker here than at old QTH despite the fact that there's only a half mile difference. WWRL-1600 is 10db weaker & WNGA-570 is about 20db weaker. On the other hand, WNJR-1430 is now at 90db over S-9 with a loop antenna so a long wire is impossible for DXing with them on the air. Guess that's it for now so 73s until next time.

Hal Robie - 351 South Street - Medfield, Massachusetts - 02052

Verie in from KILO-1440 for reception of s/off on 10/7. Friendly v/f, with hand-written salutation & signature. YNOL-825 heard with fair to poor signals on 10/15 from 10:05 to 11:05 s/off in EE/SS. Gives address as Box 607, Managua & power as 15,000w. 4VW-1325 with good signal in FF on 10/16 @ 8:30. On 10/25 LAs were all over the dial from 5-6pm & later. Many split frequencies not heard before, but they are difficult to ID & harder still to verify so I don't spend too much time on them as a rule once I have logged & confirmed at least one in any given country. On 10/26 an excellent signal from BGBS-560, much better than Radio Demerara-760 which has also been heard here of late. BGBS from 6:10-7:30pm. Announces time rather frequently; one hour & 15 minutes ahead of EST. Program "Viewpoint" was followed @ 7pm by singing ID & program of pop tunes called "Dance Date." Also on 10/26 stumbled on Arabic type program on 935 kc/s. All march mx of a sort from 8:05 to 8:29. No announcements. Talking in Arabic or similar language from then until 8:38. Then marches & Arabic chanting. Apparently s/off with march @ 8:59. Must have been Rabat, Morocco. WRH lists this as Third Network, with Berber language. Apparently on late. Radio Belize-834 still in nightly. Luxembourg heard fair to poor on 10/27 from 7pm, recordings in EE played at 7:30. 10/28- Monte Carlo with good signal on 1466 @ 12:30am.

Harold S. Williams - 50 3 Avenue - Seymour, Connecticut - 06483

After being absent from these pages for many months, during which very little DXing was accomplished, I decided I had better get something in lest the members might get the idea I had given up DXing. This is not the case, but, if CX keep on getting worse I certainly think I will give up on BCB DXing. If that were possible, I would wish the BCB DXing & the NRC gave me the REAL pleasure that was experienced the first six or eight years of my 15-year membership. Even a present-day "dyed-in-the-wool" DXer must realize the "stuff" coming over the air is anything but pleasant to listen to. Here is what few I logged since last April. 4/18- WUFO-1080 Amherst, N.Y. on third Thurs. r/c 12:18-1 s/off even with WTIC on the air, thanks to my directional loop. Then on 6/25 WLUX-1550 Baton Rouge, ET 1:52-2. 10/14- Unn WKLZ-1470 Kalamazoo on r/c 12:30-12:45 as per old f/c list, & thanks to Ernie Cooper's tip, the new WEXT-1550, West Hartford, Conn. logged on RS. Also as per Ernie's tip, I tried to log the new WAPC-1570, Riverhead, N.Y. but so far too much WDEW Westfield, Mass. I'll get them some day, I hope. Veries received since last April include CFMB-1410 for RS on 2/4/63 after a f/up & "thank-you" note for the sked 4/1 DX which did not go on. 4/13- A v/l WHOA-870 San Juan for 3/18 RS report. 5/13- V/1, WDAR-1350 Darlington, S.C. (Page 9)

November 2, 1963

(Hal Williams, con'd.) for f/c report dated 2/16/61 which the v/s (not legible) who just started at WDAR found, along with several others. 5/7- V/1 WUFO-1080 Amherst, NY 6/11, Wonder of the Year, an airmail v/1-EE from HJED-820, Cali, Colombia, for Christmas Special 12/25/58 without a f/up, thanks to Dave Gleason. 7/15, v/1 WLUX-1550. 9/27- V/q WBRW-1510, Brewster, NY & 10/25, v/1- WEXT-1550, West Hartford. This is an attractive letterhead & a nice addition to anyone's collection. Now that Standard TX is an effect all over the country, I may be able to log some of the many needed ones. 73

First of all, correct call for Woodbury, Tenn. station on 1540 is WBFJ. DX in the past two weeks is as follows: 10/14- New KANS-1510, Larned, Kans. on ET 2:08-2:25 & on; KATI-1400 f/c-TT 3:30-3:45 for a real nice surprise; WNOO & WBNR-1260 both s/on around 4:30; & finally, WGET-1320 s/on 5:00. No more DXing done till 10/21, then WWGA-1600 & WDIC-1430 both testing per f/c list 1-1:30. Heard TT on 1340, one ID sounded like KKIT at 2:35, but not sure & certainly no report. 10/23- Best DX of the season, but oh, those ANers. Many TT, few ID. Did hear station in Liberty, Ky. announced as 250w 1560 kc/s., call sounded like WPHN. Time was 2:06-2:23. Another also on with OC same time, same frequency, but when WPHN s/off ET @ 2:23, I tuned away. Returned at 2:30 to hear unk complete test. I blew it - anyone know who? Unns KPOW-1260 r/c @ 2:35, very good; WVNA-1590 ET above WAKR @ 2:50, & WBFJ-1540 ETs again @ 2:55. Then logged WPVA-1290 ET 3:05-3:20 above WIRL. 10/24- Report sent to KIXZ-940 for r/c 2:15-2:25, heard before, but not verified. Then KRZY-1580 on r/c-M 2:50-3. Four veries in two weeks: KATI WBFJ WMEX & KANS. One more item - WTAQ-1300 heard AN three times past week - do not know about silent period if any. Late Flash - Berwyn has now two NRC members - Roger Winsor has joined. Sure is great to have a DX-mate only a half mile away - now we both can cry together over the AN graveyard situation.

Looks like I have been out of the running here these past three or four years so far as DXing, sending reports to stations, & above all, sending in reports to the Musings column. Yes, Ernie Cooper hasn't received a Musings report from here for quite a long while. I have been at this new QTH for three & a half years, six miles N of the old one in Pleasant Hill. Six months after moving here I blew myself to a new RX. After 13 years with a Hallicrafters model S-38, I got an SX-100, also by Hallicrafters. It is a much better receiver with much sharper cut off of adjacent frequencies. I can tell much better now how clear a station is coming through as it has an S-meter on it. So far I have used a 30' wire draped around the room which does quite well so far. Actually I am looking for it to give out on me one of these days soon, as I have had no trouble so far. Oh, one more item about this SX-100. It does not cover 1600 kc/s! One little drawback, eh what? The laugh is on me there, haha! DXing as follows: 9/29 - KGAR-1550 s/on @ 8am; KWIC-1570 s/on 8:15, heard them till 8:30. KHOK-1560 s/on at 8:45. 10/1- KACE-1570 s/on at 8:00. KCVR s/on at 9:15. A little evening DX now. 10/7- KPOL-1540 10-10:30. 10/8- KPMC-1560 10-10:30. Reports out to KWIC KACE KCVR KPOL KPMC. Two veries back from KACE & KPMC. The verie from KACE was very simple. They returned my report with the statement at the bottom saying "Yes, you heard our station Radio Station K-ACE, Riverside." No signature; nothing. They did send it in a KACE envelope, though. I guess that is it for now. We will have more DX next time.

Ernie Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Veries: WEXT-1550, WNGA-1600, unq CKRB-1460-DX, latter two with CMS, latter with a fine gift, a billfold. Remember the DX Conclave at H. Buckner's on 11/30, 12-6pm! Please let either of us know by card/letter if you are coming so we'll know how much fodder to lay in, hi. DX Down the Week: 10/25- Unk-1350 1:24-1:30 with c/w banjo mx, unID - who? 10/25- Aurora CX back with us. Colombian-605 good at 10:50pm; as were TIU-675 & YND-678. 10/27- Unn WIST-1240 AN, on top here SMS with WBAX off. Got log on WUNO-1320 "Radio Uno", AN-rr-SS, atop KXYZ @ 3:06 and on; WILS off as usual SMS at 3am. TIU-675 is AN; and was very strong. 10/28- Aurora still with us as was a bad local buzz. Two hours of DXing, 1:30-3:30am, produced one new one, & an oddity considering CX - WAGN-1340, f/c-TT 3:12-3:25 & later. That early PM, WWIL-1580 noted in the clear. ZNS-1540 battling rr WPTR. "Estacion Eckis" - YNS-750 atop there @ 11pm, in/out with another SS & just a bit of WSB showing. Ron Schiller points out that the current Jones Log doesn't show WHDF-1400, Houghton, Mich. FCC log of 12/62 DOES list them, so unless deleted right after that, it is an omission, to be added. Thanks to all who have sent post cards so kindly; anyone else care to? Will pay for them, natc!
