### !ATTENTION! NRC'S HAMS!

DAVE OVED notities us that KQRS-1360, Rock Springs, Wyoming, would like to use Morse Code Tone IDs on their up-coming NRC DX on 12/29/63. Mr. S. C. Wood, of KQRS, asks if there might be someone in the NRC who could make him a tape recording of Morse Code IDs they could have for this Special DX Program. If you can do this, please send it to Mr. Wood, at KQRS, and thank you very much for your time and trouble.

TWO SPECIAL TESTS TO BE CONDUCTED ON MONDAY, DECEMBER 16

**K C C L - 1460 - Paris, Arkansas** This relatively new station will be running a special equipment test on 12/16 at 2 a.m., CST, & it would appear that 1460 will be clear of all other stations during this time, giving everybody a real good shot at their signal. They have a frequency check on the first Saturday morning, but then, 1460 is very seriously crowded with all-night stations WMBR, WCMB, & KSO. KCCL is 500 watts non-directional, so all should hear them. INFO FROM STAN MORSS

\* \* \* \*

**K S C B - 1270 - Liberal, Kansas** This station, now a fulltimer, is going to put on a special DX Test for NRC at 2:30 a.m., CST also on 12/16. The only expected interference will come from the all-night Cuban talker on this frequency. The programming will in all likelihood include well-known marches & polkas. Frequent voice IDs and some in Morse Code were also suggested. Their address is KSCB, Seward County

**NOTE: /** Broadcasting Co. Inc., Box 311, Liberal, Kansas. Be sure to report!  
**DEADLINE DATE FOR 12/28 & 1/4 ISSUES WILL BE THE PREVIOUS MONDAY! /** -BOB COOMLER  
 In this space, we'd like to suggest Musings reports be sent a day sooner, to compensate for the usual slowdown of mails due to the literally billions of Christmas Cards being sent at this time of the year. And, we also want to remind some of our newer members to DOUBLE SPACE your reports if you type them, & leave a line in between your lines if you hand-write them. It makes it easier here to type them onto the stencils. Thanks!

11/19- CJON at 2:20, so evidently is AN as I suspected, but weak under WPAT. T/M on 1440 to 2:33, no ID. XEMO actually topping CBH till 3 when no longer heard; then, XENL. CBH not off this Tuesday AM - so Tuesday silent period must not be regular. WKAP-1320 test, 3:30. WPEH-1420, Louisville, Ga. f/c c/w 3:34. 11/21- WBAY-1360 Green Bay testing 250w. AXR 1:08am. WBGs-1560 Slidell, La. ET 1:29. Verie, WIOD. Added a second tape recorder to my equipment - instead of a new radio - a Wollensak Revere four-speed monaural recorder. Will hope for a bonanza next year so I can add a Super-Pro. 11/24- WMBR-1460 back with rr with WCMB off. All other US stations with memorial mx. 11/25- WDAD-1450 f/c-TT off at 1:16. WRAK-1400 r/c 1:22. KARK-920 TT 1:29. KLMS-1480 f/c 1:40, a new one. RS on 1680 but too weak to ID, in CST. WAAB-1440 Worcester, Mass. to 2:15am, special. WSOC-950 Charlotte, N.C. 2:35 special. Paul R. Hoffman - Founders Hall - Box 108 - University of Dayton - Dayton, O. - 45409

I just got my first issue of the DX NEWS today, so I suppose that makes me a true-blue member of NRC. I'll say 'Hi' to everyone in the Club, with special greetings to Ev Johns on who first introduced me to NRC, & to Tom McNiff, an old DX buddy back in Arlington. How about my telling you fellows now a little about me & my radio? I got my Hallcrafters S-120 in 12/62, when I really started DXing. That was back home in McLean, Va., four miles W of Washington, D.C. Right now I am at the U. of Dayton, majoring in Electrical Engineering. I have a room on the third floor, with an antenna wire running about 60', & 30' high, still using the S-120. Reception here in the dorm is not real good, but one gets used to fighting the QRN etc. Last winter in Virginia I ran my totals to 419-88, with 35 states & six countries verified. DX this year has not been too good yet, but here is some of the activity heard recently: 11/20- WETT-1590 Ocean City, Md. with good signal over WAKR @ 6:27pm. WAAM-1600 @ 11:33pm - where is this one? Vane Jones doesn't list it. (Ann Arbor, Paul - ex-WHRV -ERC) 11/21- WAPX-1600 @ 12:06am. 11/22- KFYZ-550 @ 12:33am, my first log from North Dakota, but too weak for report. CBK-540 @ 1am. We'll try to find a bit more activity to report on for next time. All the veries in at this QTH are: v/1: WAAY WXVA WMGS XERF WRCV KTRH & WSLI. v/q: WIS WSB WTMJ KMOX WABC KRLD CFOR KNX KWKH KEH KOB WKZO WRC WBAL WIND & KOA. Totals here in 2 1/2 months are at 214/23 with 19 states verified. Best DX to all. 73s. (Welcome to the NRC, Paul, & we hope for much more from you! -ERC)

DX NEWS

4

Wayne Plunkett - 124 John Street - Weston, Ontario

With all of Canada & the world, I share the shock & grief inflicted by the tragic death of a great statesman & a great hero, John Fitzgerald Kennedy, President of the United States of America. To him, more than any other person of his time, the world has looked for leadership. Pres. Kennedy's assassination follows by only three days the equally sudden & tragic death of the Mayor of Toronto, Donald D. Summerville, who suffered a heart attack while participating in a charity hockey game for the Italian Flood Relief Fund. Like Pres. Kennedy, Mayor Summerville was a young, dynamic, & courageous man. Despite the accompanying circumstances, I feel it is probably the best policy to include here the DX of the last week or so, which has been at times of a high quality. 11/15- SS dominating 1390 just after midnight - believe was TGT Guatemala City; took log on CMCA-730 & sent off report to see what will happen; WSAR-1480 atop 12:15; WFLR-1570 12:16, not sure whether f/c or ET; KLTR-1580 6:30pm; SS on 1370 in early evening - very unusual; 4VEH-1034-7:35; CJNR-730 11:30pm, rather tough due to CBL; same time WOC-1420 smearing WHK. Forgot 11/14- CKVM-710 topping WOR 6-6:30pm; KWKH-1130 till pattern change at 6:15. At 8:39pm, finally got a voice from illegal XR I've been hearing over the last three weeks - "This is CFUN-1615. Send reception reports to Box 743, Copper Cliff, Ont." The strength of this signals points to someone in Toronto, as it is as strong as a local all over the city. 11/16- CBK-540 CFAC-960 CHEC-1090 good signals around 4:30am; WERH-970 s/on 4:57 along with WVOP; WMNI-920 s/on 5am; Jamaican under WIF-700; WARU-1600 s/on 5:29; WBBR-920 s/on 5:30; WJMX-970 heard at 5:32; WHUN-1150 cutting up CKOC 5:40am; KMA-960 s/on 6:01; WEAQ-790 6:20am; WPIT-730 4:30pm; WPDx-750 WSIG-790 WVSC-990 between 4-4:30; WHNC-890 4:40; WCKB-780 s/off 5:07; KFAB WMBI & WBT mixed together on 1110; same for WOSU/WAIT-820; KOMA-1520 QRMing "KB"; CKSO-790 6pm. 11/17- KRSI-950 5:58am; WPEN-950 s/on 5:59; third new catch on 970 in a month, WIGL, s/on 6am. WJAR-920 6:30am, got around to logging WCYB-690 4:50-5pm. At 11:30pm, SS over WGY-810 - think was XEFW; quite unusual. XEG-1050 causing CHUM a bit of trouble; Mexican-1560 way under WQXR - anybody know which one? WAAM-1600 s/off 11:59 to resume at 5:58. 11/18- WBAA-920-DX was heard, but with difficulty; WISZ-1590 ET @ 3:04; WSKT-1580 f/c 3:35-3:39; WXGI-950 s/on 5am, 5am s/on on 980, 1,000w. with FM 15,000w. can't trace, whi? WHLL-1600 5:15; WCOY-1580 WTOD-1560 WNLC-1510 around 7:30am

Thomas E. McNiff - 3844 Columbia Pike - Apt. 302 - Arlington, Virginia - 22204

I had planned to write this Musing last Friday evening, 11/22. However, the events of that day & the days to follow kept me in front of the TV an average of ten hours a day. DX activity, especially in the veries department, has been heavy though. So here's my latest: SM 11/17- WROK-1440, Rockford, Ill. heard & reported from 4:15-4:36. Evidently an AN situation here. ZFBI, Pembroke, Bermuda, @ 4:42-4:48am, listing results of a lottery. I really went all out on the report, sending it airmail with two IRCs brought a reply within the week. MM 11/18- No luck with the WCWC-TEST but I did log WKWF-1600, Key West, as SS with anti-Castro programming. Also @ 2am, WWRL-1600, New York, ending a test announcing that their KR is in Secaucus, N.J. WSEM-1500, Donaldsonville, Ga. logged & reported 2:15-2:30am during r/c third MM as per list. They used phonetic ID, "William-San-Eagle-Mary." WBAA-920, W Lafayette, Ind. logged & reported with a clear channel during NRC DX. WSIZ-1380, Ocilla, Ga. logged during r/c @ 3:05am. Veries in since last Musing: v/1: WHIE-1320 Griffin, Ga. included the following kind words, "We depend upon the membership of the NRC for their reports. You give real service to the broadcast industry." WYOU-1550 Tampa; ZFBI-960, included the nde, "Would like to hear how home radios are receiving us." V/q: KNBR-680 San Francisco, for a four-minute report; XEMO-860, gives their address as Box 1549, San Diego 12; WGY-810, Schenectady, with color photo of studios; WROK-1440 with aerial view of "The Forest City" & verified that they operate 500w. nights. The v/s is a ham, W9BRY. Also a v/c from WBAA for the NRC DX. The v/s noted on the card that they were running 5kw. at the time & not 1kw. as had appeared in DX NEWS. Over the Thanksgiving Holiday I hope to add some more AM logs. I'll be sure not to sleep through the alarm like I did last weekend. Hi, & 73s.

Bob Pietsch - 317 San Fernando Way - San Francisco, California - 94127

Well, about time for another Musing from this Foggytown den. Finished up my second year in NRC with the following logs: 11/16- CJVI-900 1:49am, KSEI-930 2:09am s/off behind KHJ. 11/23- XEOY-1000 7:39am with "Radio Mil" ID. 11/24- KBUZ-1310 8:12am. 11/28- KAFF-930 (ex-KFGT) 7:58am s/on, my 400th logging. Verie situation has been a little better lately with: XELA-830 KORL-650 KGMI-790 KMSL-1250 KENO-1460 KLOC-920 CJVI-900 & KMBY-1240. To Ev Johnson, you're not alone on your XEYC-DX verie, I never got mine, either. Totals now 400/159. 73s & hope everybody's getting lots of good DX.

John Oldfield - 11623 84 Street - Edmonton, Alberta

Totals 324/838, QSLs; CJJC CKCQ & CKCQ1, all v/ls. Tom Fulton, CJCA DJ (ex-CKCQer) was the one I heard on April Fools AN show on CKCQ & CKCQ1 - says they s/off at 11pm PST sp everyone can get to the bars. CHQM Vancouver went AN & now CJQM Followed suit with AN QM (Quality mx) on 1470 & FM 94.3, Winnipeg's new 5kw. Voice of QM. New (?) CPs; CKSP-1030 lkw. rr format, Vancouver, B.C.; C----650 lkw. (3am-11pm sked) Vancouver, BC for UBC Radio (Univ. of B.C.) in Vancouver, to be applied for at Christmas; & CKNW-980 New Westminster, B.C. to 50kw. Here are the answers to your questions: CKSA-1150 10/1 kw. is AN six days & off MM @ 2:05; CJCA "Radio 93" is NSP rr & protects noone; CKUA-580 s/off 3:05am seven days, CBX-1010 (still at Lacombe, Alta. XR site; it's N of Red Deer) is AN six days & off Friday AMs only; CHFA-680 is FF s/off 2:10 & beams N to protect KNBR. Ernie, your 1090 could be CBLC Chapleau or CBLK Kirkland Lake, 20 & 40w, both Ontario. Thanks for info, JLK. Welcome back, Mr. Lethbridge, Joe Plonka. CFRN-1260 now seems to be off SM so no longer AN, but CJOC-1220 says NSP now p heard them AN Fri, Sat, Sun, Mon. so far. 11/2- CFMB-1410 Montreal 6am NX, WX & believe it, Leo, AFRS ID & what seemed like brief NX at 6am under Montreal. 1420 was clear & this was logged on the eight transistor. 1425 Thule heard last MM, but no ID - faded. 6:35am, unkn KCTA-1030 rare. 11/4- KATI-1400 f/c-TT ID 3:35 & 3:40. TPs are loud, already, but nothing new. 11/16- WHBF (& FM) s/on SSB & NX 6am. 11/18- CFGP-1050 testing with mx 3:21 ID, my first Canadian station testing, unkn. 11/21- CJQM-1470 3:30-4 NX, WMBD at times - been watching for this new one, Winnipeg, 5kw. AN. KUTY-1470 (#838) TT under CJQM ID @ 3:35, 3:40, 3:45. 11/22- ~~DX~~ Channels 3 & 5 from oon forward. Deepest sympathies to the U.S.A.

First off, a new arrival to the 960 spot in the form of St. Georges, Bermuda, logged in the clear 11/26 1:03 to 2:13am. Announcer managed every time to garble the call letters but they seem to be ZBFL. (It's ZBFL, Frank -ERC) Many LAs are in evidence here with the following definitely IDed in the past 11 days: YNDS "Union Radio"-678, CMJL-920 "Circuito CMQ"; TILX-725, Radio Columbia; TIU-675 "Radio Cadena Musical", XEWA-540 "La Voz de la America Latina desde Mexico"; YVMF-1120 "Ondas del Lago" plus CMQ-640 CMCA-730 CMBZ-830 XEW-900 HJKC-850 plus many others not IDed as yet. Final item is that I hope to move very shortly back to the Philadelphia "Main Line" area. 73s.

Mike King - North Eastham, Massachusetts

Well, it's been quite a while since you have heard from me. I haven't had too much time to do any DXing. Here is what I do have to report. First around 10/1 I received a verie from KAIM for last January. Four stations have been logged: 11/4- WLOF-950 at 5:01pm. WLSC-1570 at 5:15 s/off. WGBS-710 at 5:25pm. 11/5- WCOV-1170 at 5:17pm. Veries received are all v/ls: WIOF WLSC WCOV WGUN. Some news for SCers. I have begun to receive surveys from 2GB in Sydney, Australia. As of now I have a half dozen. So let me know if anybody wants one or wants to trade any for it. Well, I hope to get back in the groove again & have more to say more often. 73s.

Roger Leclerc - Chalf River, Ontario

This is my first to this column & I am new at BCB DXing & the NRC. The RX is a Halli-crafters S-120 & a 150' longwire. I have 77 BCB catches since the season started. Some of these are: 11/16- WJAC-850 @ 1:30am. 11/17- CHVC-1600 @ 9:50. 11/19- CFOR-1570 @ 8:45. 11/19- WHAS-840 @ 9:30. 11/20- CKOC-1150 @ 6:15. 11/21- WXYZ-1270 @ 11pm. I am very impressed at my first two editions of DX NEWS. Wish the best to all the BCB DXers. (Welcome to the NRC, Roger, and let's hear from you often! -ERC)

Frank Wheeler - 6589 Wattsburg Road - Erie, Pennsylvania - 16509

About time I sent in a report for this season, so here it is. First new station received this year was on 10/8 @ 2:05-2:10am, WBBJ-1230. 10/19- 12:07-12:31, f/c WKJA-1520. 10/21- 1:02-1:10am, test, WDMS-1320; also WWJC-1270 f/c. 11/15- S/off WPIT-730 11/18- WBAA-NRC not new, WCWC 2:55-3:15am on for TEST, 1600. 11/20- 12:15-12:30am, WBNO-1520 f/c (not 12:30-12:45 according to f/c list). 11/25- WAWA-1590 on TEST, also WCOJ-1420 f/c, thanks to info from f/c list. My total is now 1451 veried & 2359 recd.

Guess what I just heard? A new station. How about that. Gee. Latest DX is as follows: 11/23- WAZL-1490 4:45am on RS. WCEN-1150 5am s/on. WFDR-1370 (with WSPD off in tribute to the death of Pres. Kennedy) 5:30am. WKMC-1370 5:30am s/on. WPPA-1360 5:31 am s/on. WEZJ 5:45, WGUN-1010 6am on RS. CKSO-790, 4:30pm, all alone on 790, & I have tried for this one for seven months, all after 8pm, usually covered by WHTAR. WRIS -1410, 5:15pm s/off. WVJS-1420, 5:30pm s/off. WSMI-1540, 5:35pm, selling FM radios that for some reason won't tune any station other than WSMI-FM, wonder why, hi. WNGO-1320 5:37pm. KWVY-1470 5:45pm s/off. KDTH-1370, 5:50pm. KRLW-1320, 6pm s/off. I haven't had a DX day like that for a long time, hi. 11/25- WAWA-1590 TEST 3:30am, making hash out of WAKR's signal. Yay - about time someone did. WTRN-1340-DX impossible, two DXes right in a row. I can't be that lucky. Said they were DXing for the New Workers DX Club. Did they mean the NNRC? WCDL-1440 4:45am. WEUP-1600 4:50am f/c. WSAC-1470, 5am s/on. WOKJ-1590 5:30am s/on. WSIZ-1380 5:31am s/on. WHLL-1600, 5:35 am RS. WOKJ-1590 5:30am s/on. WSIZ-1380 5:31 s/on. WHLL-1600 5:35 RS. WKLF-1470 5:40am. WORG-1580 7am s/on. WRIC-540, 5:15pm s/off. WKIC-1300, 5:30 s/off. KLEX-1570 6pm s/off. 11/26- CHFI-1540 5pm s/off. WHLT-1330 5:30pm s/off. WDXN-540 5:30pm KGAF-1580 5:54pm s/off. 11/27- WINS-1420 5:17pm. WRTL-1560 5:30pm (now on RS, not in progress as VG lists it). WCNT-1210 5:30-5:45pm s/off. WMSR-1320 5:46pm s/off. Thanks very much for the WRH & how to listen to stations, Dave. They sure will be a help in trying to log Aussies, LA & SA stations, I never even knew existed before. Latest veries are from: v/q- WMAZ (huge), KONO. v/l- WGGH WVOP WDW (after three months) WJVA-1580 (two months). V/s for the above have been enclosed. WESA-dx was unlogged due to CBM. Well, back to DX. 11/27- KXLF-1370 f/c after two months. Latest totals after 10 2/3 months are 569/361. Well, 73s to all, good DXing, & may all hear HJED. I can't. Ernie, what do you do with all those post cards you keep asking for? Do you collect 'em or something? (Of course -ERC).

Tom Sherman - 314 5 Avenue - Manistee, Michigan - 49660

This is my first report to the Club, so I'll tell you a little about myself. I have been BCB DXing for about two years now & have logged about 600 stations (never really kept a real log - plan to start in 1/64). The RX I am using is a Hallicrafters S-107. I plan to get another RX as soon as possible, an HQ-129-X. I am 13 years old & therefore go to High School - this limits my DX quite a bit with sports & homework. Now that I have talked about myself for a while, I will tell about the DX I have logged lately. On 11/4, logged WFBR-1300 @ 4:55am & CKLB-1350 @ 5:18. Then came one of the best days I have ever witnessed for Western reception - 11/25. CHEC-1090 @ 1:03 with NX. XERB-1090 in EE with ID @ 1:30, & then came my first two TPs, KORL-650 logged at 2:42-3:06 with pop mx, & KAIM-870 logged at 3:25-3:50 with religious programming. Also on 11/25 I logged KABL-960 at 4am with NX & WX for the San Francisco Bay area. Besides these new catches I logged many other WC stations - KNBR-680 KFI-640 KPFE-940 KGBS-1020 KEMO-860. Sent reports out to KAIM KORL KABL CHEC & I am really keeping my fingers crossed on those TPs. The way I see it, Michigan must be a pretty good area for TP loggings. Frank Merrill, in Milan, seems to do OK with logging 2UE-950. If Hawaii would verie (and should) I would have 42 states verified. If anyone needs some info on Michigan stations, I would be glad to help out. 73s. (Welcome to the NRC, Tom, and we are hoping that you also will favor us with many fine reports! -ERC)

I was all set to write a Musing last weekend, but the happenings of last week kind of took the "starch" out of me. I hope all members had a Happy Thanksgiving. DX has liened up somewhat with a flock of new catches - for me, anyway. SM 11/17- KCIJ-980 was heard on RS 6:13-6:23am. Then I went down ten kc/s. to find KNEA-970 with WX, FB results & Arkansas NX 6:40-6:51; KRCE-1560, ex-KSWI really pounding away 7-7:05. Then WCLW-1570 sneaked in for about five minutes 7:19-7:24. WKLM-1510 heard briefly around 7:38 amidst terrific QRM from KGA. The final logging of the AM was KTMN-1530 on RS from 8:05-8:15. MM 11/18- WCWC & WBAA DX TESTS heard, but no KFRA, & that was the one I really wanted. Managed a new one, though, WCQS-1400 f/c-TT 2:29-2:33. 11/19- WGEN-1500 on f/c-TT 2:31-2:46. 11/20- WBNO-1520 s/off test @ 12:32. 11/25- WYNZ-1520 was heard briefly from 8:00 till 8:03am, then KOLM s/on & was pretty good till 8:15. That afternoon WRIN-1560 was finally logged on last 15 minutes of RS 5:15-5:30. On 11/26, WBTC-1540 was heard on ETs 12:25-12:30. 11/27- KNBI-1530 had ETs 1:44-1:57. On 11/28 Thanksgiving AM, WBCA-1150 was heard on r/c 1:50-2. Then the new station in Paoli, Ind 1560 on ET 2:21-3:12 & on. Call sounded like WBAK but a woman made the ID very rapidly & readability was just so-so. Veries are still coming in slowly, all v/1: KTMN KTRF WCQS WBNO WNJH, & WBAA-DX.

Roger Winsor - 3306 South Clinton - Berwyn, Illinois - 60403

Things have been really slow here this week because of my set at the shop getting fixed. Veries have been coming in pretty good though. This week: WNXT with a v/1 & CM, WKBN v/c, WGR with v/c & CM, & KIOX with a v/1 & plastic card. So far my total is 19/1,745. Paul Bartoz called me up so I went out & we made a tape for his buddy out in San Diego. Then we DXed for a while & picked up three new ones for his log. When does the VJ log come out & what does it cost? I think I got WBCI on TT last 11/19 but CBL was too loud & all I could hear was "seven hundred forty kc/s." Was that they? Of course with the passing of President Kennedy, stations were not giving ID & all were very sober, so I don't think too much was done anywhere in the U.S. this week. May I state I think TV far exceeded any imagination & really redeemed itself for not being the "Vast Wasteland" such as described by Newton Minnow. I never hope to have such a week again, but the public was up to date throughout the weekend & I think we owe a debt of thanks to the TV & Radio Industry both, for the excellent job. 73s.

Dick Russell - 36 Alice Avenue - Lynn, Massachusetts - 01902

Greetings from Lynn's most active NRC DXer, & Lynn's only NRCer, hi. After writing my last Musing 11/11, I listened on 1580 from 4:30 on & logged WCRV @ 4:36pm, WNJH @ 4:46, WPGC from 4:50 to s/off at 5 for a report, WYCL @ 5:20 & on 1550 @ 5:35, I logged WBSC. On 11/11, I logged 19 new stations & six veries. WXVA was logged at 5pm s/off on 11/16. Other loggings were KSTP-1500 @ 1:35, KFAB-1110 @ 1:45, CKFH @ 2:25, WAWA-TEST from 3:30 to 4:15, WHOM-1480 @ 5, WJDY-1470 f/c from 5:07 to 5:15, & WDNC-620 at 5:27, all on 11/25. WEXT-1550 @ 4:25pm on 11/26. WHCU-870 from 5:41 to s/off @ 6pm with a 20db-S9 signal; WWML-1470 f/c from 12:30-12:45, CBO-910 @ 1:00 ID, WROK @ 1:17, KYND-1580 was heard testing @ 2:43 for one minute; report sent. WILS-1320 @ 4:30 & WJAB-1440 from 7:03 to 7:15 for report, all on 11/28. CBK-540 @ 1:07, CHEC-1090 @ 4:39 WJOY-1230 from s/on @ 5 to 5:15 for report; CKEN-1350 @ 5:30, & WLNH-1350 at 6:09, all on 11/29. WSGN-610 @ 5:27 was spoiled by WTVN-610 s/on @ 5:30. WHEN-620 was logged @ 6:02 for my 300th station, CJSS-1220 s/on @ 6:15, WKTJ 1380 6:16 to 6:18 for report, all these on 11/30. Twenty-Four new stations were logged during the week of 11/25. V/ls are WJDA WNRI WWGO KFI WLSC & WJAB & ZFBI. V/cs are WBBM WBAP WFAA WNEW WCSC CFGM card & letter, WPGC AM & FM, CM, WTMJ color Postcard of XR & antenna. The totals are 302/66. P.E., how are the veries & how is the doughnut business? Ernie, what is in the Broadcasting Yearbook? 73 & good DXing. (All station personnel, I think -ERC)

Dave Oved - 560 Grover Cleveland Highway - Buffalo, New York - 14226

First off, thanks to Murray Mann for all those fine SCs - about doubled my collection! DX not spectacular but still getting quite a few reports out. 11/25- Started DXing about midnight but lack of activity on the dials soon lulled me to sleep in front of the RX. Woke up about 1:45 & got WKSK-1550 @ 1:47-2am with f/c on 1600. Then WAAB-1440, 2:21-2:26am s/off. KUDL-1380, Kansas City, 2:49-3:03am with special coverage of the weekend tragedy. Then it was time for the first of the TESTS & Specials. I had figured on WESA being a sure bet, with the others lesser possibilities. You guessed it! WBEN-930 was on early with OC, so no WESA. But got WAWA-1590 & WTRN-1240. Finally KWBB @ 4-4:11 f/c-TT on 1410. Veries: WQOK, WIRL. 83 & Buffalo-'64 from 14226.

John C. Johnson - 625 Park Street - Sheridan, Wyoming - 82801

No DX 11/22-26 of course. Thus only three days of DX to report, but only one new station, hi, CBL-740. 11/28, logged them with their AN show @ 3:25am to 4:05. Also, a f/up went out to KHQ-590. Totals now 588/413 with the additions of veries from these stations: v/1: CHEC-1090 (v/f) after sending a f/up; KCAP-1340. Address is 9 North Last Chance Gulch, hi, Helena, Mont., KQDY-1320. Said they were well aware of the NRC. And KIUP-930 after sending a f/up. V/q: KONO-860 & NRC Convention card from KOSI-1430 after sending a f/up. 11/20, I heard WHAS-840 @ 2:12-2:30am testing for EBS & IDing as WHAF. I am not sure if the IDs were F or S. I played back a tape of the IDs two or three times & couldn't tell which. No report sent. 11/28- I heard KWFA-1500 @ 2:25-2:40am testing with mx & IDing with SIDs. Murray tells me that KLUK-1240 is now KEVA. Thus three more Wyoming stations to log. I have KLUK QSLed. Also, I believe CJNB is now on 1050. Ken Butterfield: About using EZ-IN QSL card holders from Pennessee Paper & Box Co., I use them. I have eight of them full of QSL cards (Eight holders hold 160 cards.) I really like them & plan to get some more. Letterama Contest points now 21. Watch out, John Tracy. That's all for this week. 73s.

Jack L. Keene - 4902 Eppes Street - Houston, Texas - 77021

The Broadcasting Industry on the whole part did a great job in the light of the recent tragic events. A salute, well deserved, goes to them. DX here was: 11/13- KVMA-630 @ 6:06pm; WTPR-610 (?) @ 6:37pm; PJC2-855 @ 8pm. 11/14- YVQQ-770 @ 10:15pm. 11/15- KZEY-690 @ 5:27pm. 11/17- WABB-1480 @ 1:30am. 11/19- KDRY-1110, Alamo Heights, Texas, now on the air. KANE-1240 3pm; WHEY-1220 @ 6:20pm. 11/22- XEYJ-950 @ 8:25pm u/KPRC. 11/23- CMCF-910 @ 10:30pm; CMDD-1200 & CMHK-1210 @ 10:40. 11/25- KPND-1340 @ 1:25am r/c; XERC-790 @ 1:40am. Veries, v/q, WISA for Country #12. 73.

Roy H. Millar - Box 91 - Marysville, Washington - 98270

Hello. DXing of past couple weeks has featured some fine foreign catches, detailed in Pete's IDXD column, including amazing "morning long" reception of Larry G's "Radio 1425" on 11/27, & a new Korean, HLKB on 11/29. Domestic Doings: 11/16- CBUB-900 Osoycoos, B.C. (CBU relay) ID @ 4:30am during CHML fadeout, with no trace of KFRB. 11/25- WAWA-1590 West Allis, Wis. one ID @ 3:34am on TEST; very bad CX on 1590 all morning long with nothing loggable there one right up to 8am. Veries: KGBX-1260 KDAB-1550 WFBM-1260 4TO-780. Am probably the last one who should mention this, but I have been a bit disturbed by the number of tentative IDs turning up in DX NEWS recently - let us all be very careful with such, please? Particularly watch the Orientals; Japs & South Koreans will sooner or later ID with call in EE. There are frequencies - many - where both Chinese & Japanese & on some occasions, other nations are heard here; it is awfully easy to "assume" erroneously, & such incorrect reports, even if of a tentative nature do not help reputation of DXers any. Even the EE stations "DU" can be mis-identified; some frequencies have strong stations in both Australia & New Zealand, or other countries, where again "assumptions" can be most wrong. It is usually not too hard to at least get a Network ID on these, which will usually eliminate guess work. Even ABC NX on a channel doesn't necessarily mean it is an ABC station, as Aussie commercials do carry such newscasts from time to time. 73.

Ernest Kirschner - 271 Pennsylvania Avenue - Bridgeport, Connecticut - 06610

Well, with the WX starting to get cold, & EST back again, Ernie Starts Tuning again, hi. First the DX I never reported: 8/13- WWTM-620 Burlington, Vt. @ 11:01pm. 8/19- Radio Jamaica-770 Mandeville, Jamaica @ 11:44pm. 8/26- WNNP-1590 Evanston, Ill. @ 12:30am with ET. 8/27- WHOA-870 San Juan, P.R. @ 11:45pm. 9/2 was an historic date for me because local WIGC finally s/off enabling me to hear another station on 600 for the first time since I've been DXing. That station was WCAO, Baltimore, Md. @ 2:26am. Now for some recent DX. 11/25- KXRA-1490 Alexandria, Minn. @ 2:29am with f/c; this being one of my best catches. WAWA-1590 Elm Grove, Wis. @ 3:30am with ET. 11/28- WWML-1470 Portage, Pa. @ 12:35am, & WYNS-1150 Lehigh, Pa. These last two stations both were having r/cs. The veries received since I last reported are: v/f WHOA; v/q WNNP, WCAO, & finally after more than two years, WFBL, who sent me two veries for the two reports I had sent. To Mr. Barstow & Mr. Karchevski, I am sorry I didn't write to you yet, but let me say that the loop is working fine. And Laurence, the capacitor you recommended did the trick. To everyone else, good DX & 73s.

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois - 60540

11/25- WTLO-1480 ET/M @ 1:35 through unkn KLMS r/c. KGNO-1370 ET/V @ 2:06. WAWA-1590 TEST 3:30-3:36 & on bothered by AN pest WAKR. 11/26- WTTS-1370 @ 6:30pm with ID & Alex Drier NX. 11/27- KDFN-1500 5:59-6pm s/off. 11/30- KCLU-1590 ET/M 1:35-2:03 s/off, bothered by afore-mentioned AN pest WAKR. Surprise daytime catch found WRIN-1560 ruling the channel 11:52-Noon & beyond. There was another weak station also on 1560, may-be WBYS. Lots of reports have been sent out in November, 3 to be exact, with three back. Guess I'll have to wait until after my active duty with the USAF. V/1: WIBA. v/q: KWKH. 73. (Good luck to you Ralph, in the Air Force! -ERC)

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

Trans-Pacific DX still good but not on consecutive mornings as during October & first week of November. Received a very fine verie from 3YW-1460, Westport, New Zealand, on a reception report of 10/28. This is the morning that I logged 3YW for a while, then JOWF took over that frequency for another report. Both have verified. Most recent loggings & reports have been taken on HLEA-970, in South Korea, & JOFK-770, in Hiroshima, Japan. Thanksgiving morning was good to the E, W & S of this location, especially to the E. Now is the time to DX for SA & CA & Caribbean area stations at s/on time. Plenty of darkness at this time of the year & less interference than at night. For those WC DXers lucky enough to get those Pacific Asian Logs from those New Zealand members I wish to state in print that they have done a very wonderful job & efforts such as this are priceless. I've ordered my 1964 World Radio Handbook from Gilfer Associates after being notified from Denmark that they are now available. Would like to see Dave Gleason get the ball rolling in the NRC Foreign DX Contest. "Can't tell who the players are of you don't have a program." I sincerely hope that there is a big turnout so that the competition is keener. Please, all members - support your Club every week! (Sage words, Hank -ERC)

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Two v/ls this week; WING-1600 & CJLM-1350 on f/up, thanks to Stan M's v/s. I want to thank so many of you who have been so kind as to send me postcards, & please forgive me for failing to reply to all who have done so - two nights of stencil-cutting, one of bowling & one of table tennis doesn't leave too much time, hi. If I owe anyone anything, please mention it under your next Musings report. We had a wonderful gettogether on 11/30! About 12 were on hand, and a fine time seemed to be had by all. Speaking for myself, I certainly enjoyed meeting some new members & also enjoyed talking with old friends. DX: 11/28 (Thanksgiving Day)- "Me too!" I also logged & reported WWML-1470 r/c-TT. What I believe was East Berlin on 1358 1:15-1:44 with choral mx, in at S-7 at times and separable from the 1360 stations. I too heard the cow-call-horns advertised on 1580 - if this is actually XEDM, then WCLS is off AN. This last on 11/30. 12/2- WGT-590 DX completely annihilated by Venezuelan on AN with ER, which were all over the dial, on 590 660 750 770 800 910 940 1000 & 1460 were the ones heard here. All seemed to be on one or two networks. At 4:27, a flock of station slogans was heard while logging YVMV, Ondas del Caribe, 1460, Punto Fijo, with as fine a signal as any of them. The local images have returned as usual in late November - it just has to be the near-by street Christmas decorations. They had 1410 nicely covered here @ 4am, so no WHAG. At 3:58, an SSB heard, & I thought for sure I had them, but lo & behold, it turned out to be my old "friend?" WABC, of 770, on 1410! Oy vay! Some Merry Christmas!

### "Odds and Ends"

Broadcasting "Yearbook" can be obtained by writing to Broadcasting Publications Inc., 1735 DeSales St., N.W. Washington, D.C. -20006. The price is \$5.00. Latest info is that it will be available this month.

Information from Vane Jones - A new Vane Jones log of US-Canadian-Mexican and Cuban stations will be available aprox the First of the Year. Believe it will be available thru Radio Stores (selling Ham equipment) where Sams Photofact can be purchased. Price not known but believe it will be the same as last issue which was \$1.95 - \$2.00

NBC'er Dave Gleason-2520 Wellington Road-Cleveland, Ohio - 44118 has compiled a "Latin American Log" with price of \$1.00. Very well worth the price plus having an up to date log on those SS Stations.

World Radio Handbook for \$3.25 can be obtained from Gilfer Associates - Box 239 - Park Ridge, New Jersey. This book contains the listings of all BCB and SW stations of the world by Countries plus much valuable station information.

Ray Edge-325 Shirley Ave-Buffalo N Y 14215. Just occasional early evening DX in past week and it has been surprising what was heard. Working odd hours and a couple early AMs at the dials netted nothing new. Had visit from Ed and Mrs Hill of Toronto which was thoroughly enjoyed. The conversation was enlightening and interesting. DX was also talked about but too early to do any of it. Good DX to all with plenty varies

## INTERNATIONAL DX DIGEST

- Edited by Peter V. Taylor, c/o KFOG, 420 Taylor St., San Francisco, Calif. 94102  
 As most of you know, printed lists of IA stations are good only as a reference. The one published here 11/16 for Colombian stations is up to date but obviously has its share of errors--HJZ listed 1070 is 1082, and HJAT is back on 1100. Busy week--see!!!
- 540 XEWA San Luis Potosi, MEXICO in quite well eves, report sent for 11/18(DP); verie in, Apto. Postal 418. V/s Jose Gonzalez Cordova(CHF)
- 548 .... Vladivostok, USSR FES apparently the one here with some foreign language 0608 11/28, bad hetro from 550 (GK); quite good 0435-0500 11/24. Also good 0510 11/25, and was S7-8 0500 12/1 with pop mx 0650 (HJW); better than 629 or 1250 11/25 (CHF)
- 550 HON31 Panama, PANAMA logged 11/18 0400 so must be HON31 "R.Aeropuerto" (MWN)
- 566 .... Athlone, EIRE (IRELAND) Radio Eirann in very weakly 11/23 0300-0315 and 11/24 1735. Barely readable but not reportable (BD)
- 625 TIRICA San Jose, COSTA RICA Radio Internacional de Costa Rica with Santo and Johnny records among others (RBS); chances slim that they will go to a megawatt, as proposed due to opposition from NA/LA countries (PVT)
- 629 .... Khabarovsk, USSR heard 11/25 for first time(CHF); excellent 0350 12/2 (HJW)  
 .... Tunis, TINUSIA native music but not able to get log 11/24 1720-30(RBS)

This is being done Wed. AM, late due to complete revamping of our pgmg schedule here, and air speciald to Ray, and includes just about everything, at least til this afternoon's mail when 4 more reports came in! This is a good issue, and thanks to all of you for contributing. I am sending a tracer on the PAL logs and I share in the disappointment of your not having received your copies yet...especially those of you who have already sent me the money, hi! Roy Millar's Thule on 1425 and Ben Dangerfield's Niamey-1511 share the spotlight this week, I think, and show that there's plenty of stuff to be had. Keep digging at it, and be sure to let me know what YOU'VE heard,huh?
