Wayne Plunkett - 124 John Street - Weston, Ontario

DX since last report has been quite good, especially the latter part of Dec. which coincided with a chance to listen more than will be possible in the next couple months. 12/2- CBK-540 still had fair signal @ 7:40am; latest heard. 12/3- WSAR-1480 s/off 12:27; nice surprise, new country Martinique-1500 logged off & on 6:25-7:05pm, no trouble with strength of signal (way over WTOP) but difficulty in understanding programming. Around 8pm, something weak on 1385 - anybody heard PJB2, Radio Hoyer, Bonaire lately? 12/6- WKOK-1070 8am, tenth American on 1070. 12/7- WHIS-1440 s/off 12:06; first test from CKEY-590 noted 4pm with OC with RS as usual on 580; logs taken on WHJB-620 & rarely heard WWNY-790 between 6-6:30. 12/8- WEBC-560 1:08am; WTTC-1550 between 7:23-7:30; only got ID from WXVA-1550 7:30am. WEND-1580 s/on 7:30 SM; WSMA-1550 logged for few minutes prior to 5:30pm s/off u/o CBE; WAMY-1580 s/off 5:47; WPNP-1580 s/off 5:59. 12/9 - CKNX-920-DX, easily heard although some fading, a real good show; WKAP-1320 end of ET?? 3:24; KRSI-950 4:15-4:20; log on WNJH-1580, 7:34-7:40am. 12/10- WAVL-910 around 8am, with religious programs; WJUN-1220, 8:05-8:10, tough u/WGAR. 12/11- 1580 s/off @ 7:30pm but impossible to ID due to CBJ - just before had WX (low 45, high 72) & commercial for Chevrolet dealer - how about it, WCers? any ideas? 12/12- Jamaica-700 s/off 12:02; CJRL-1220 s/off 1:11; new catch WDOR-910, 7:35-7:40am; seemed to be CBC station on 540 @ 6:45 - wonder whether needed CBT or just CBK? 12/13- TT-1570 1:08am, probably WAWK r/c; who was topping WIP nicely on 610, continuous mx 1:10-1:20? WEAQ-790 7:30; station real weak on 840 u/WHAS, think mentioned Pa. so likely WVPO; finally was able to get a log on another Canadian on 900 as CHNO barely readable u/CHNL 7:36-7:39. When was the last time CHNL was off? 12/14- Good signal from CFAM-1290 2-2:10 s/off - KOIL only station heard u/WCMB-1460 presume AN except MM - right? (Right-ERC) Took logs on WEBC-560 & KS00-1140, 7:25-7:45am. 12/15- WFEA-1370 12:01-12:06 u/WSPD; hoping for ID from TT-1300, 1:03-1:15 but not heard - presume KGLO; brief log on CJGX-940 obtained 1:09-1:11 but CBM way on top. WGG0-1590 s/on 7:30am SM; WVKO-1580 s/on 7:46; WFAX-1220 briefly @ 4:46 s/off; Barbados-795 with fine signal from 6pm, wasn't first noticed, to 10:17 s/off on their first day; new country; also some real wild TV & FM mid-winter skip from all over S & mid-W & Rocky Mountain areas 12/15-16. 12/16- WEAN-790 s/off 12:07; KXOK-630 12:10; log on CKOY-1310 3:02-3:08; WHOA-870 no trouble; CJOB-680 3:19-3:26; KSJB-600-AN 3:41-3:50; WXYJ-1340 AN; CBN-640 4am break. 73.

Maurice W. Nittler - 4590 South Julian - Englewood, Colorado - 80110

Another appearance from Colorado's only native Nebraskan DXer. Checking back, I find my last Musings was in the 11/9 issue. DX as follows from that report on: 11/4- Found DX from WAIL-1460 heard easily & the new WRDS-1410 on ETs with c/w. 11/11, found ET from KJR-950 & 11/18 heard TEST from KFRA-1390 with much QRM from KCBC. 11/24- HCDG1-855 heard with two hour log taken & report sent. 11/25- Found dual test from XEOX-1430 & XEHO-910 until after 3am. WAWA-1590 TEST heard easily. December DX began on the 2nd when Venezuelans were heard with ERs on 22 frequencies with logs taken on: YVLX-560, YVQ0-650 YVLH-660 YVLL-670 YVKS-750 YVLT-830 YVQQ-770 & YVQB-1020 & reports sent. Also on 12/2 finally managed a decent log on KGU-760 through & on top of the Cuban. Rich Heald - 733 Arbor Drive - San Leandro, California - 94577

The postman has been very good to me this past week for a change. Have received seven veries, but have heard only two stations, both on 12/23. On 12/23 I heard KBAM-1270 with a f/c around 3:15am, but KNDI came in & smeared KBAM so I didn't get enough info to send a report. Then at 3:35am I heard the NRC DX of KWBB. I was allset to write to them but that same morning I got a verie from KWBB confirming my tentative report of 12/9 of their f/c. Veries have been from: CFUN-1410 1900 W. 4 Avenue, Vancouver 9, B.C.; KWBB-1410, Box 486, Widata, Kans.; KELA-1470 Central Broadcasting Corp., Hwy. 99 Centralia, Wash.; WSB-750, 1601 W. Peachtree, NE, Atlanta 9, Ga.; KHIT-1320, Second & Alder, Walla Walla, Wash.; KGIL-1260 San Fernando, Cal.; KXRO-1320, Aberdeen, Wash. Would somebody please send me the plans for a loop antenna? I asked once before for these plans & got no response, so someone somewhere in the NRC must have the plans for a good loop antenna. If s, would you please send me the plans. I'm getting desperate, hi. Thanks to Mort Meehan, I now have some SCs for trade. He sent several copies of SCs from WJBK & WMAY. I have the 12/6 & 12/13 WJBK SCs & one 10/19/59 copy of the WMAY SC. I'll try to make on down to San Jose & get some KLIVs 20-20 SCs during vacation. What about you Ken Butterfield - you always have a good supply of SCs? I discovered my antenna was causing my images. So now I have about 25' of wire around my window for an antenna. Images are gone now, & so is my receiving power. Oh, the CE of KTOO wrote something all you guys should read. He said, "I can't understand why engineers don't verify. You guys do a great service for us." I had told him that out of the eight Las Vegas stations I had written, none verified, & KTOO was the first L.V. station to verify. Say, how do I get ~~KXAN~~ WABC to verify? I've sent in five reports, return postage included, & at least ten minutes of info. I even called Bob Lewis one morning, then mentioned this call to hi in the report, but no response. I used to think WABC was a swingin' station, but I've changed my mind. Have a new RX now, an Arvin AM-FM seven tubes. This is in addition to my Philco. At the moment as I write ~~hi~~ this I'm listening to Pete Taylor's station, KFOG. Pretty good station. Too bad KFOG has to have their studios within the studios of mighty KNBR. It kind of makes KFOG look cheap, not having their own studio building. I'm still waiting to hear from all of you. So long for now. 73.

(G. Harley DeLeurere) it's a waste to send him a nickel stamp because he has them lying all over the place. WHOM-1480 2am s/off. 12/29- KQRS-1360, DX, in for entire test at a good level; with super slow cide ID as well as coive ID, state #40. KSTR-620, 3:10am f/c. WARM-590, 4am. That's about it. Does anyone know if KKTAR s/c f SM? I logged a 620 station, weakly, fading in & out, in EE, definitely WSUN as they were in the background, & they IDed, were smeared, but it sounded like they IDed as KTR. Is this one on at this time, 3:50am or do they s/off at 2am? Want to log this state badly. Veries: v/q- WHOL WKAT WCLE WPGC-PP WCSC & KIMN. v/l- KBEA WTAG WCVS KSDN WDPC WPTF WORG WOWI WITY KIHN WCIN WKLC & WVJS. I recently revamped my log, crossed out tentatives, etc. & with the above DX counted, totals stand at 600-428. SC totals stand at 131. I have been getting SCs at different record stores, & have 20,000 WKNRs, 200 CJKLs, 100 WAKRs, & 500 WJBks. Will soon be getting about 100 WAAMs a week if lucky. Well that's about it, so 73s, Merry Christmas (I'm slow, hi).

DX here: 12/20- WJIM-1240 2:28am. 12/22- CKOY-1310 now announcing as 50,000w. 12/23- KOB-770 1:57am; WFEC-1400 r/c 2:08; unkn CHRC-800 AN; unkn CSA2-665 fair 2:23; pretty sure KXRA-1490 r/c 2:55 but no report sent; WCMC & WSPR DXes heard, both unkn; HNL & on/off TT killed unheard KWBB. Veries: YVMN-1210 WJCO-1510 & 4VEF-1035. Letter from 4VEF says they changed calls from 4VE 1 1/2 years ago. Totals here: 1,230; 1,126, a 91.5% return. CJBC-860 will add increased FF programming in the New Year & will go all FF in 10/64. The end result will be the employment of a 50,000 wattter to serve no more than 100,000 people whose mother tongue is FF, most of whom speak EE anyway. This waste of taxpayer's money has caused quite a racket in Parliament & the CBC has generally been lambasted. Barbados-795 looks sumptuous but CJAD-800 may cause trouble. CJQM's-1470 silent period is MM. 73.

Sheldon Miller - 840 80 Street - Miami Beach, Florida - 33141

DXing is stil going green here, with lots of foreign activity, all of which has been reported in the Foreign section. Brazilians & TAs are fantastic these mornings, especially MMs. None of the 12/30 DXes made it here. Newly heard domestics include WIBW-580 Topeka s/off MM @ 2am. WOW-590 Omaha @ 1:50, KFSA-950 Ft. Smith Ark. on ET; CBK-540 loudly over WDAK @ 1:05. KANE-1240 New Iberia, La. on ET; KOLE-1340 Port Arthur in with rr around 12:30; W-?--1390 Meridian, Miss. on ET; WHHT-1440 Lucedale, Miss. s/off 6:30; WMBD-1470 Peopia, Ill. on RS; WSAR-1480 Fall River on RS @ 12:15; WLEE-1480 testing; KLEO-1480 (King Leo Radio) Wichita on RS around 1:30am. Also WYZE-1480 Atlanta s/on @ 5, WLCB-1530 Moulton, Ala. ET; WBFJ-1540 Woodbury, Tenn. f/c but can't remember time; sorry. In other developments, I met Dave Gleason last week while he was in Miami for a few days on the way to Guatemala & El Salvador. Dave knows as much about LA stations as anyone alive so it was really interesting & informative to talk with him. Hubert Buckner is here this week & we took him out to WIOD for a tour of the station & a talk with their engineer, a most interesting visit. It's always a pleasure to meet NRCers & I hope to do so in New York this summer. 73.

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach, Florida - 33141

Greetings from the Orange Bowl! Only two domestics this time, WCMB-1460 Harrisburg @ 2:40 & WWOK-1480 Charlotte 12/27 @ 12:05 s/off. Totals as of 1/1, after two years and two weeks of "serious" DXing are 1,008, 511 domestics & 497 fit for IDXD. Foreign include 98 Cubans, 83 Colombians, 59 Mexicans, & 40 Venezuelans. Anyone else note a few odd Brazilians on the dial? 12/30MM brought PRE7-1410 blasting on what is normally a clear channel, but S. Miller got a very nice one on 12/31, ZYX9-1270 cutting through WXYZ, & this is a weekday! I still have to get an ID out of that 100w "OK" station near Sao Paulo on 1560. Love this Brazilian cycle? 73s & LAs.

Ed Satterthwaite Jr. - Box 301 - Doylestown, Pennsylvania - 18901

Vacation has brought the first real DX sessions since late summer from here. Loggings of the past few days include the following: 12/22- New WCHE-1520 a regular during the day over WVOB/WKBW/WFYI. KLRA-1010 was in well 10-10:30 that evening for a long-needed addition. MM 12/23 brought all the NRC DXes, all needed for veries, although WCMC is a daytime regular down at school. WSPR was a real powerhouse as expected. KWBB was just barely logged behind KQV's TT & mx. The old beam filter really took out the tone, & I think I was able to copy enough of KWBB to warrant a report. Did anyone else notice an SS in there also, or was I too sleepy? (PRE?, Ed? See Schatz's Musing on P. 6 -ERC) WCMC was about even with or slightly u/WCOL, but their CW IDs should have gotten out. Other new loggings of the morning were WNLC-1510 on AN sked & CKCW-1220, clear from 5-5:30. It's probably no news by now, but Radio Americas has a long period of SS/EE IDs before 5am s/on for very easy logging. This is also rather late, but if it can clear up any mysteries, WDEL-1150 was on quite late 12/9 with reports on Elkton plane crash, organ mx, & not very frequent IDs. Missed MM 12/29, but noted excellent CX 12/31-1/1. KSL-1160 finally reported with my first report covering two different years, hi. Local WBUX apparently on AN with OC. How is this possible for a daytimer? 73 & best DX.

Ron B. Schiller - Box 456 - Marmouth Beach, New Jersey

Veries in from the following to up the score to 1,284: WGTM, Radio St. Pierre, RNE-684 EAJ3 & Dakar-I. Latter was my first African veries & country #26. Very disappointed with return on domestic reports this season, so much so that I am concentrating on foreign loggings (equally poor verifiers, but more satisfying when they do come through). Latest include: 12/9, fifth report to KENO-1460 RS 2:30; umn CKNX-DX in well & reported anyway. 12/16- New Radio Barbados in very well all evening to 10:16 s/off on 795 kc/s. 12/22- AFN-1106 at 5pm in EE & li'l Radio Antigua-644 meekly later that evening. 12/23, excellent CX. BBC 881 & 1151 booming in, former was loudest TA ever logged; Sottens-764 weakly @ 2:30-2:50; KWBB-DX tough through unID OC but a welcome addition; even better was hearing WCMC DX second to WCOL AN, first time ever heard with a loggable signal, leaving only WDWL-1270 to complete N.J. KIMN-950 s/off 4:02. 12/24- HCDG1-855 "Radio Ecuatoriana" slogan given repeatedly 3:30am. 12/25- Logged WINE-940 local-like all day here; surprised to catch CKVM-710 Ville Marie, Que. cutting through WOR @ 10pm, first station ever heard through that nuisance. 12/29- Nancy-836 at 2am, apparently // to 1205 & 863 et al, nice signal. 12/30- HIDV-1190 (?) La Vega, D.R. s/on 4:30, definitely ID as "Radio Santa Maria". WRH says 500w. A whisper of long-desired WRJS-1620 San German, P.R. "Radio San German" @ 4:54, slaughtered by WBAL s/on @ 4:56. A goodie in WNIK-1230 Arecibo, P.R. s/on 4:58 on top till 5:02 in EE & SS, first Puerto Rican graveyarder & #23 from the island. Weakie-AN on 950, Ernie thinks KRSI as he was giving C.S.T. @ 4:22am. 73.

Caramba, another Musing! I heard that new Radio Barbados on Christmas Eve with a musical program from about 9 to 10:30pm with token interference from WBEM-780. All in all, the finest signal I've heard since PJA6 vacated 905. I also listened MM 12/30 with some surprising results. I heard WACB's TEST program topping "Cuddle" but KOLO no show, must some CBC ANer. I don't find any CBC station listed on 920, just private ones. I was probably the Maritime one though. On 640 CBN was quite strong at times, especially at 4:03 when they gave the full ID after much uninterrupted mx. Reloj Nacional stations were quite prominent on 780 & 890. By the way, that's a fine list RFS made up! At around 4:25 I noticed a station coming in near CBN with a Hindu-type chant, & this was of course RADIKA-642 in Surinam. They were quite good for around 20 minutes, with Dutch & even EE IDs after the Hindu program ended. Twas odd to find two such distant stations QRMing each other, CBN & RADIKA. At 5:15 there was a station on 645 with uninterrupted LA vocals, till an ID around 5:25 revealed it was "Radio Mia." Also heard WORD-910 s/on & Barbados again s/on 4:59 as was listed. No veries here, I don't think, unless I didn't mention WGLB-1560. Will be looking for VP4RD tomorrow AM; too bad it's not on a WGN-silent Tuesday. 73.

I hope everyone had a Merry Christmas & didn't get too loaded on New Year's Eve. It's been so long since I reported I've forgotten the format. PM, second report to Radio Belize as no verie on earlier one. WMLO on RS today. 12/26- WWSC-1450 AN again. Verie WTTC, a nice letter after 20 odd tries - perserverance - that's what it takes. 12/30- TT-1230 1:03, call sounded like W-NH - no location given, but if two letters "NH" WCNH only possibility; not 100% sure of N call but last call was H. To start the new year off right, I thought a report to the NRC would be in order. Because of my college activities, listening has been almost impossible, but I manage to get in some, hi. Here are a few of my best catches since my last report, whenever that was. 10/28- KFDA-1440 f/c 1:30-1:45. 11/4- WNMP-1590 on ET 1:26-2:20 (they won't verie for me either). 11/18- The DX from WCWC was heard 3:24-4:36 on 1600. KNOX-1310 on f/c 12/2 1:20-1:28, & from 1:38-1:45, the f/c of WIKC-1490. V/1 from WCWC. Report to KCTX netted me my report back with a card included. Other v/c was from KFDA, for '61 NRC Convention in Amarillo. While at home, nothing much added the week of 12/25, because of poor CX. They appear to be improving this week. Ech, I overslept last night & missed those Specials. I wasn't expecting the first two, but the others from Pa. were both needed & were both only about 200 miles away. Oh well. Late though I might be, I hope you all had a Merry Christmas & a Happy New Year. 73s to all, & see you in Buffalo '64, Stef Kreiger, hi.

Ronald J. Musco - 124 Park Avenue - Windsor, Connecticut - 06095

This is my first report in a long time because things have happened for me. I am now employed by Hamilton Standard-Electronics Division working in their Advanced Development Lab. This practically ruins MM DX. However, now that I am working I will have enough money to attend the 1964 Convention in Buffalo. Following is some DX I have heard through the months. Back to 10/14 when WHOL-1600 Allentown heard with f/c from 11:295 11:30pm EST. 10/25- BHBS-834 heard at S-6. 11/29- CKPC-1380 Brantford heard through WDRC-1360 splatter from 12-1am s/off. WROK-1440 Rockford at 1:30am same day. That's my meager DX. However, I've been sending reports out. V/l's from WBAX (P.9)

(Ron Musco) WFBG WESO WEXT WJRZ. V/c from WHOL & a nice v/q from CKPC. And last but not least a v/q in from WHBL for a 3/23/62 report. I'll try some MM DX shortly, then more reports will be sent in. A most happy & prosperous New Year to all.

Things have been real slow for the last week, with the holidays & all. I can't seem to get in the swing of things ever since I lost my car keys after trying to listen for a couple of stations while at work. That walk home in -10° burned me up! Veries since last include: v/q- WTAQ & WIS. V/1, KRWB with the nicest letter I have ever gotten, KFJR CKX WNJH & CM, same with WBNO who said they s/on @ 12:15 & s/off 12:38. Last is KOTE who stated they were using 500w. directional S/SW. Veries now at 32, but nothing new to write to. Only stations logged recently are WBNO WBLB on RS every morning, & WKJR-1520 ET 12/28, 1:15-1:30 per f/c list. I got a letter from Ev stating new WCSJ-1550 in Morris Ill. has been conducting ETs recently. I got a strong TT 12/26 from 2-3am. Latest call letters from Broadcasting are KBIB-1560 250D in Monette, Ark., WONS, ex-WRFB Tallahassee, WGLC-1090 250D in Mendota - yes, Ev, World's Greatest Little City, & finally WHCQ, ex-WZOO in Spartanburg, S.C. Latest grants for new stations are Corydon, Ind. 1550 250D, Moss Point, Miss. 1460 1,000D-3 & Woodburn, Ore. 940, 250D. Another 1440 is going nighttime in WABR Winter Park with 5,000/1,000U-2. I am in the process of trying to get WEEF in Highland Park to conduct a special TEST for us, have to speak to the CE about it again, as he was not there the last time I drove up with only the assistant engineer there. They will protect AN WIL with no trouble at all as they protect WCMY daytime anyway. More on that as things happen. 12/30, I got 1570 TT with 5,000w. 7:45-8am, but couldn't get call letters. At 8:00 they signed on, right after the test.

CX terrible, DX mull. Nevertheless plenty of new stations. I have been so slow with Musings I am getting months behind in reporting & it takes more space to list my DX to date than I can take, so right into it: 10/28- KATI-1400 f/c 3:43am; Japs on 830 870 950 670. Have recordings of 670 & 830. Would someone with a tape recorder please help with positive ID? I know the calls but never enter a station without a positive ID. Never have heard the Japs as good since then. Does Vladivostok-548 have Oriental language program? Heard them at 5:26 & later. More DX: KOIL-1290 RS 4:30; WGBA-1270 RS 5:08; WKIX-850 RS 6:27; WNOE-1060 RS 6:42; KOAM-860 RS 6:47; KGNC-710 RS 6:57; KONI-1480 s/on 7:05; KSOP-1370 RS 7:22; XEWA-540 RS 7:27; KFDA-1440 RS 7:32. 10/30- WESC-660 s/on 6:03. 11/3- KBEE-970 RS w/FB game 3:28; KLO-1430 RS 3:58; XESM-1470 RS 5:13; 840 Jap 5:28-5:32, no ID. 11/4- XEAZ-1270 RS 1:08am. 11/9- WKAT-1360 RS 5:34; KFLY-1240 RS rr 5:47. 11/10- KMMJ-750 agriculture program 8:29; XENU-1550 RS 8:57am; KGAR-1550 s/on SSB 9:05am. 11/11- KAAA-1230 Kingman, Ariz. f/c 4:21 & 4:24; KGMI-990 RS 4:55; WRUF-950 RS 5:35; KCUL-1540 RS 6:40; VOA-1178-Okinawa 7am with EE ID; KOBK-1450 s/on 7:02am. 11/18- KENN-1390 RS 6:07 with Navajo which was my unID station of last Musings. Hello all you wonderful people, here I am again. CX have been so bad lately I've even tuned SW a bit in desperation. Here's what little I've heard: Very definitely Barbados on 795, airmailed a tape & all the scam 12/19. SM 12/22 only interesting one JOPG-840 fighting it out with China (this can't be Nanchang!). MM 12/23, possibly 1YC-880 w/ opera 5:05; JOBB-830 w/EE lesson 5:09; HJKC-850 w/"Lo Que Pasa en Cuba" (loosely, "What's Happening in Cuba?") JOBK-670 5:22. 12/25, got home from work 2am, much too tired to DX. 12/29- HOJ2-1046 ID 5:20; JOLB-870 5:49; VOA-1178 Okinawa weak 5:54. 12/30- Lunar eclipse does too affect DX - watched it till totality, so no DX till 5:25. Trinidad in EE means my 730 mystery is most likely Sarawak, & a letter of inquiry will go out to them. Hey, listen, I saw some fightin' words against Palm Springs, must be jealous because we have 3,097 swimming pools, makes only three people per pool for entire Palm Springs population. In 1962, Palm Springs had 284 conventions, with 45,193 delegates. The figure for 1963 is estimated to be 25% higher still. What better place than a spa for a Convention? I'll tell you - San Diego '65! Tut tut, John Sexton, doesn't pay to guess. Your station is "Reloj Nacional" CMCD-760, Havana. Scratch Country #12, hide the WRH, & better luck next time. An interesting note: Some so-called "DXs" in New Jersey heard "Old Fashioned Revival Hour" on a SM @ 11:30 EST on 920, over WTTM. He sent a report (not a tentative) to KDES (And Lord knows how many others). Now the manager got the letter before I did & promptly "verified" as the log, as far as it went, was correct. But unverifiable. How many of the other 40 stations on 920 carry Old Fashioned Revival Hour on SM? And the BIG question: how many of YOUR veries were obtained when a station gives a vague, incomplete report the benefit of the doubt? It kinda makes you wonder, huh? Let everybody review our reporting practices & resolve in the New Year to send only detailed, complete reports. Otherwise, you don't prove a thing, except possibly your stupidity. OK?

Dave McCurdy - R. D. 2 - Wyoming, Illinois - 61491

It has been a while since my name has appeared in these pages, but there really hasn't been much DX here until the last month & a half. Here it is since 11/15. 11/15- WSWV-1570 s/on 7:15. WRWJ-1570 s/on 7:18. WJVA-1580 s/on 7:31. KCIJ-980 @ 5:15pm. 11/23- WCIN-1480 AN @ 2:18. PM brought KMAM-1530 @ 5:42. KDFN-1500 s/off 6:00. KOSG-1500 s/off 6:15. 11/24- WGEN-1500 first heard, a regular here. Also WLUV-1520 s/off 5:30. 11/28 brought the first TAs of the season on 935 & 755. Arabic on 935 5:45-6pm probably Agadir, although no IDs. I think I had Lisbon-755 briefly about 5:50. Much wanted KDAY-1580 s/off 7:45, I have been chasing them for years. 11/29- KNBR-680 1:35 ID. Brief snatches of Arabic on 935 about 2am. 11/30- WSGB-1490 asking for calls at 1:25. 12/1- KHVH-1040 2am. PM- HJKM-605 ID 10:40. 12/10- WIIN-970 7:15-7:18am. KJLT-970 s/ on 7:30. 12/12- KBEW-1560 s/off 5:50. KRCB-1560 s/off @ 6. 12/15- Radio Barbados up to S-9 plus at 7:15-7:25 when I had to leave. The AM of 12/16 a fine TA opening with hets on many frequencies. VOA-1196 quite good 1:30-1:40. No IDs for Munich as such, but they said they were VOA. Also FF-1205, probably Bordeaux, & someone on 764 with U.S. pop mx in foreign language, not sure which, 1:45-1:50. That evening I was able to hear VOA at an even stronger level & separate them from WOAI & WOWO. Agadir up to S-5 6:07pm. Someone in EE on 755 with the loop NE. Someone on about 1215, probably BBC. Hets with all TA frequencies between 900-1000 kc/s. 12/21- WKZM-800 & WIGO-810 that AM. 12/23- KFOR-1510 1:45. Bordeaux was in weakly, & someone on 1200 with BBC NX for a few minutes after 2:05. They were in well briefly, but then an LA took over. WSIM-1270 ET 2:24, then WSPR DX @ 3:01. KOLQ-920 s/off 3:03. PM, WSAV-630 5:06 after NBC NX. 12/24- CKBB-950 6:25pm ID. 12/25- KLZ-560 6:47-6:54pm. CKVM-710 FF ID 7pm. 12/30- XEMR-1140 12:30-1:05am s/off. 1/1- I think I had KTRB-860 s/off at about 4:00. Total heard is now 1,228. 73s to everyone.

George Greene - 1527 Sunset Avenue - Akron, Ohio - 44319

Several new stations this time. They are WAVE-970 on 12/27; 12/30- KNIN-990, WGH-1310. 1/1- CJMS(?) -1280, also WDAF-610. Reports out to WAVE-970 KNIN-990 KLA-1010 CKEY-580 CKPC-1380 & a f/up to KGBC. Also a report sent to WAKR-1590 & verie received within four days. Totals are now 421 heard & 75 veries. States heard are 36/24. Provinces are five; foreign countries, six. Decided to send a few reports, so I tuned over to 970, & there was WAVE. I took a 15-minute log on them & when I looked at my stations-heard log I found they were new. I have plenty of SCs from WAKR WHLO KNAL WLEE WCKR & WAMS for all who want some. Write for complete list of trades. Could anyone tell me how to get rid of fluorescent light static at the RX? This is a big problem in evening DXing. 73. LET'S KEEP "DX NEWS" NICE & FAT - LIKE ITS EDITOR! ALL REPORT!

Alan Merriman - 7504 Montrose Street - Alexandria, Virginia - 22312

It's been a long time since I have been represented in these pages so here goes a report. I haven't been real active, but have logged a few new ones. Have spent a good bit of my time at the dials trying to log & verify the rest of the stations in Maryland which I need. Recent loggings have been: WATR-1320, Waterbury, Conn.; WIOD-610, Miami, WTNT-1270, Tallahassee, WBAA-920 W. Lafayette, Ind. on DX, WEZJ-1440 Williamsburg, Ky.; WVOB-1520 Bel Air, WFRB-560 Frostburg, WMSG-1050 Oakland, WHAG-1400 Hagerstown, WISZ-1590 Glen Burnie, WYRE-810, Annapolis, (all Md.), WEOK-1390 Poughkeepsie, N.Y., KTOE-1420 Mankato, Minn., WBAZpl550 Kingston, N.Y., WHHL-1440, Holly Hill, S.C., WEMB-1420 Erwin, Tenn., WSYB-1380 Rutland, Vt., WBRG-1050 Lynchburg, Va., Also have noted TAs in very well on a number of occasions. Only new one here, however, is Sottens-764 noted a number of mornings with a fabulous signal. Also have noted the German on 1358 in good on occasion. The new station in Barbados also in wall with good signals. Recent veries have been, v/q- WBAA WIOD WEOK. v/l- WBAZ WATR WTNT WVOB WFRB WHAG WISZ KTOE WEMB WSYB WBRG WKNE WNJR KOMA WPGC WJDY WMIHI WASA WABW WSID. Current reports are out to WARK WLCA WYRE WEBB WETT KSTP WITH WWIN WAMD WICO. Could use some help with v/s for WETT WEBB WICO WITH WAMD WYRE. Have sent 35 reports to WEBB with no results. How do you get them to verify? Finally verified WUST WDON WHMC & WQMR by PP after about half a dozen r ports to each. Also, do WEMD WCTR WSER WCUM or WTBO have any sked early morning tests? Have not been able to log them yet. Any help would be very much appreciated. Also have noted a number of members asking for the plans for a loop antenna. Well, add my name to the list. I wonder if it would be possible for some member to cut these plans onto a stencil so they could be included with DX NEWS some week when reports are light? Only an idea, but think it would be useful to many of us. (ANY VOLUNTEERS TO DO THIS? LET ME KNOW - ERC) If not, would someone please send me plans for a loop? Thank you. Well, guess that's about it for this time. I'll try to report more often in the future. 73 & best of DX to everyone.

John Howard Harding - 1847 Ganyard Road - Akron, Ohio - 44313

DX here near zero lately. Will try this PM at SSS & maybe when I get back from work after midnight. Two veries back - WSPR-1270-DX, nice card & advertising folder but no mention of verification! KBOX-1480 sent a typed v/f; v/s, Bob Swortwood, says he is from Akron. 12/30- WAUX-1510 copied very briefly from 5-5:15pm, then swamped by WMEX/WLAC. Report sent. 1/1- Tried this AM but heard nothing new. Same old story. Questions: Who was CBS station on 810 kc/s. 12/30 @ 4:30pm? Where, if anywhere, is WNGK-1560 (heard about 4:45pm 12/30)? Who was SS Cuban on 1165 kc/s. 12:56am 12/31? Finally, who was TT on 1570 kc/s. @ 1:13am 12/31? 73.

Dave Oved - 560 Grover Cleveland Highway - Buffalo, New York - 14226

First off, I think I can help clear up a few things. Sheldon Miller, local WGR-550 is NBC & rr. Frank Merrill - Your 1510 mystery is WNLC. Could one of you CDXCers send me some info on the DX Award for verifying 40 Canadian stations? Right now I'm DXing 1550 mostly. Logged WSHN r/c for second try for verie. Heard ETs by WCSJ Morris, Ill. I called & they seem very nice & pro-DX. A few minutes later announcer mentioned calls from Buffalo & Alexandria, Va. DX totals are 393/273. New veries are v/l: WTOB-1380 WBCB-1490 CKVM-710 WRSJ-1560 WPVA-1290 WAGC-1560. v/c- WSPR-DX-1270 KABL-960 & WFBM-1260. DX since last time: 12/29- CKSO-790 Sudbury, Ont. @ 12:10-12:15 rr show. 790 is always a mess - & it was really bad that morning. 12/30 was bad news - only three new stations: WKLE-1370 Washington, Ga. @ 1:38 s/off ET asking for report. WFBM-1260 Indianapolis @ 3:23-3:30 with TT. WACB-1380-TEST logged 3:39-3:55. New Year's Eve logged WRTA-1240 Altoona Pa. @ 2:13-2:23am. 1/2- KYND-1580 Tempe, Ariz. testing @ 2:06-2:20am. 73 & BUFFALO '64.

Russell J. Edmunds - 24 Rosslyn Court - Little Silver, New Jersey

I hope all of you had a Merry Christmas & a Happy New Year - I certainly did. But as to DX which, although not spectacular, has been pretty good. 12/9- KAST-1370 NNRC DX in like a ton of bricks; KLUC-1050 r/c-M 3:45-4; KPAT was off the air for its two-hour ANNUAL silent period (that's the way they announced it* so caught KARR-1400 f/c 4:20-4:25 TT. Because of T. Colthurst's tip in DXDD tuned in on 1260 to try to catch WMUU, & did, at 5:10. Before that heard WTJH-1260 c/w 5:05. Unn KOLO-920 was AN 12/9 due to F. Sinatra/ Jr.'s kidnapping. 12/23- KBGO-1580 AN 3:30. 12/26- WSMB-1350 AN heard 5:09; CJBC-860 RS 6:03; WMAQ-670 finally heard 6:30; CFOR-1570 RS 6:35. 12/27- KRVC-1350 ET 4:14; WRPB-1350 behind WSMB 5:30. 12/28- KEXO-1230 f/c-TT 3:15. 12/30- KFSC-1220 TT heard 3:55 on; KBOW-1490 AN w/KOWL off; KPOF-910 5:21 PoP TEST; WRJW-1320 c/w 5:37; KTEE-1270 new call for old KDFI s/on 6:30 (anyone know what the 900 kc/s. Idaho Falls station is now called?) KBUB-1270 7:00 s/on; KMSL-1250 7:20 c/w; KBGN-910 & KPHC-910 mixing with KALL around 7:40. Veries around here have been slow, but many reports are now out for late December loggings, so things will change. New ones: WTJH KBIF KJLT WBT KIMM & finally KFQD with a two-signer card. KGBA has been on RS on 1430 for a couple of weeks now; KPLS is yet to take the air. States are now 452/166 with 48 reports out. Locals on late New Year's Eve: KKIS KCEY KLIV & KLOK in Chinese. And it wasn't even Chinese New Years!

Bob Pietsch - 317 San Fernando Way - San Francisco, California - 94127

Here's the first Musing for 1964 from this den. Not much DXing the past few weeks as I was vacationing in Honolulu 12/22-31. A few notes on the ECB situation there: KZOO-1210, Honolulu's latest, is all Japanese, owned by the Polynesian Broadcasting Co. From my location in Waikiki using clock radio KNUI-1310 was strongest non-Oahu station heard with KIMO-750 running second; KIKU-1420 Honolulu listed in White's isn't on the air yet; lastly as Pete Taylor once told me, image problem is very bad there - KPOI-1380 heard on 1320, KHAI-1090 heard on 920, KHVH-1040 heard on 1140 & 1290; KORL-650 or 3320/3550 & 700, KTRG-990 heard on 790 890 1190 1320 & 1390, plus many more which I didn't bother to ID. Now I know how Rich Heald must feel. Image problem at my den is pretty minimal - KSFO-560 heard on 660 & KSAY-1010 heard on 1110, however these are overridden at night by XERPM & KRLA, otherwise only KABL-960 heard on 1010 & KDIA-1310 on 1210 at night (hence never have had log of WCAU here). Now to DX. 12/21- KEZY-1190 1:17am u/KEK; KIST-1340 1:28am among the slop. 1/3- KGBA-1430 12:16am, the new one in Santa Clara IDing as "Companionship Radio" - sure took them long enough to get on the air. Veries of late are: KTOO-1280 KSTP-1500 KBIF-900 XEWA-540, KQEO-920 & WHO-1040. Totals now 410/168. 73s & I hope everybody has a very prosperous New Year, especially DX-wise. Thanks for your letter Dick Cooper, & my f/up to XEYC is on its way.

Greg Jones - 576 Radcliffe Avenue - Pacific Palisades, California - 90272

Well, here's my second report to Musings. I am happy to report that I heard Radio Belize again last night. I had heard it about one month ago, but did not send out for a verie because I didn't know about veries then. So I sent away for a QSL. New stations since last time are: KCHV-970 @ 5:30am 12/30 with mx, infrequent IDs; KYW-1100 @ 5:45. 12/30 with WX & NX; KFXM-590 @ 5:50am with mx; KGER-1390 @ 7:30am 12/31 with religious talk; KFBK-1530 in Sacramento Cal. 10:15pm 1/2 with sports. Veries in from v/q- KEWB XELO WSB WWL WCCO KOA & KRUX. v/1- KMJ & KFI. Where can I get a VJ Log? Temperature as I write this 1/3 @ 3:22 PST is a nice 70°. Am trying to get a bunch of guys at school interested in DXing. I think I've got one or two. My brother, who is nine, is pretty interested, so maybe he'll join up. Gonna put up a new antenna for SWling & BCBing as soon as the vertical transmitting antenna I ordered comes. I hope this gets to Brooklyn in time. Please inform me if it does. (Self-evident, hi -ERC) Hey, did you guys go outside 12/30 at about 2am? If you didn't you missed a great eclipse of the moon. Not as spectacular as the sun's but still fairly good. Well, I better stop going on & on like this because I must get to the P.O. before 4:20 as that is when the mail is shipped out. So 73 from the Land of No Snow & Ice.

Another year behind us - bring on '64! Foreign Contests lining up quite interestingly; only wish were more entrants. Dave Gleason's interpretation of distance points of "one point for every 1,000 miles or fraction thereof" will put more weight on "quantity DX" as it will mean double points (exclusive of bonus points) for the many foreign stations within range of over 1,000 miles, & up to 2,000. It is also interesting to note effect of new rule making contest entries of two seasons back not eligible this season; fortunate, in my case, I guess, that '61-'62 contest was not very productive, with only 169 points scored. Only stations logged so far this season that have been eliminated by this new rule are KNDI 2RE WRSJ XERPM XERB JOBK & XETRA. Glad to see Ron Schatz' Cuban list in IDXD; for some reason - & I'm not complaining - Cubans have not been frequently heard here this season. Checking down Ron's list, the only ones noted are CMQ-640, CM--720, CMCA-730, CMHB-780 CMHD-890 - none reported to. Noted among the missing are old "standbys" CMCU-660 & CMBZ-830, formerly quite regular here, & verified. Before I use up my "30" let's see how DX since my last report shapes up. 12/17- CJNB-1460 ex-1460 North Battleford, Sask. ID @ 8:30pm. 12/24- CJJC-850 Langley, B.C. in clear from 3:07-3:09am s/off. 12/27- WGUN-1010 Decatur, Ga. s/on 7:30am. 12/30- WAKY-790 Louisville, Ky. atop @ 5:58am ID; KBLE-1050 Seattle, Wash. (ex-KNBX) s/on 10:45am. Veries: WTJH-1260 2CO-670 AFRTS-1425. Foreign DX has featured first TA of this season, "Radio Barbados"; & above-mentioned Thule verie - all detailed in IDXD reports. 73.

Hope everybody had a merry Christmas & a Happy New Year. Santa Claus was good to me. I got an old BX for Christmas. Explanation: We've had a 1941 Zenith console gathering dust in our garage, so I brought it in, hooked up an eight-foot "shortwire" fastened to the top of a window screen, & it works fine. Some DX to report: 12/11- Heard KCEY-1390 u/KGER @ 7:43pm. 12/14- KXYZ-1320 @ 4:45. At 6, the surprise of my short career (?), WCWC-1600 for s/on, also unk SSB. 12/16- XEPF-1400 for first Ensenadan at 3:15, no KOOL or KSCB, unk TT on 1410 @ 6:30. 12/23- KGW-620 on RS @ 3:18, TT-610 with KFRC from 3:20 till after 3:30, who? 12/30- CFGM-1310 TT, ID @ 3:41. KDEO presented as a "listener appreciation" show the eclipse of the moon, was right on sked. SS-1270 @ 4:55, SSB-1480 @ 5:04, thought I heard WLEE, SSB-1390 @ 5:05, heard WX for northern Ky. More shall be forthcoming. Would like to announce that at the annual Shcirtmas FB game Seaver/Lee/Williams beat Schwartz, Coomler/Colthurst; thanks for coming down, Frank & Bob. Last DX NEWS was rather skimpy, let's hear from more of you WCers. Till next time, 73s.

Here's the first report from here in about three months. I don't usually have time to type one up due to school, so this one may have to last for three more months, though I hope not. DX: 12/3- Radio Ecuatoriana-855 in easily, & many times since. They weren't on AM of 1/2 though, so maybe they were just on AN for December; just have to wait and see. 12/15- Radio Barbados-795 in strongle after 6pm. 12/16- Brought the first definite reception of Cairo on 818, & such a signal. They s/off that day @ 6:58 after positive ID "Hana Qahira" @ 6:51; I've sent a report & am now hoping. Also heard Sottens-764 in strong after 5pm; they are one of the most frequently heard TAs here this season. 12/20- BBC-809 in Scotland fairly strong between 2-3am for a report. 12/22- KOB-770 strong @ 2:05. 12/28- Some really tremendous TA signals in the evening, & I took a report on the DDR-1043. Also heard what I believe was Rheinsender on 1016 on AN, & I've sent them a tentative. 12/30- OAXIC-1520 in Chiclayo in very strongly @ 12:28 s/off, & later two Brazilians noted on 840 kc/s. 12/31- ZYU58-720 Porto Alegre "Radio Guãiba" in briefly @ 3:30, but not long enough for a report this time. Only three recent veries in: KGBS-1020 St. Pierre et Miquelon-1375; & Sottens-764. 73.

I hope the mail system is back to normal. My DX NEWSes have been arriving two or three days late each week for a month now. And my last two reports to DX NEWS were delayed a week. So this report will contain two week's activities. Anyway, all DX NEWSes were received. The date is now 1/3. My totals are now 619/435. Letterama Contest points are now 42. I am well into Tier Two. For the past month I have been hearing KACY-1520 u/KOMA in the early evening hours, & KGON-1520 u/KOMA in the late evening hours. Sometimes with real good signals. Not really too much to report this time though. For some reason I didn't do too much DXing during the last two weeks, hi. 12/23- KSTT-1170 @ 1:15-1:30am with f/c. KAIM-870 (my fourth Hawaiian) @ 1:50-3:35am. Real good signal, took about two hours to get enough logged. They were presenting half-hour religious programs. WEVE-1340 in @ 2:15-2:25 with their r/c. 12/30- KVYL-1370, new station in Hollenville, Okla. conducting ET f/c @ 1:08-1:12am. And @ 2-2:05, KING-1090 with a good signal, QRM from XERB. S/off of XERB is 3am, so KING was in then with an S-9 signal. They were presenting the program "Mx to End the Weekend," @ 3:05 they s/off. So far no DX in 1964. A few veries in: v/1: KRPL-1400 KTOO-1280 CKSB-1050 KRHM-970 & a v/f from WXYZ-1270. v/q: CBL-740 CKDM-730 & KBLA-1500. How many of you have heard KBLA? I logged them on an ET u/KSTP's ET. Only one ID heard, enough to QSL, though. V/f: KCEY-1390. V/c- KIMA-1460. And a verie from KSTT-1170 on their survey, hi. That's the first time I have received a verie on a survey. I have a few on CMs. Even have one on one of my business cards, yi. Local KROE-930 January s/off time is 6:45pm. S/on is still 8am. CJNB-1050 s/off time is 2:08am. 1/3- KBIM-910 on with a special ET @ 2am to ??? Well, 1964 is here. I hope all of us have some real good DX this year. Also more veries. That's going to be about it this time. 73s.

I haven't been doing much with domestic DX but the thin issue of 12/28 calls for some action by some of the rest of us to get out ear in too. My domestic veries include CJJC-850 heard 12/5 to 3:08am s/off. Verie says they protect both KTAC & KOA so only send about 10w. down this way, yet mine was their third report from California. My one recent US verie was a 10-w college station KRJC-660 at Modesto Jr. College, about 15 miles away. If there is anyone who has lists of such low power college stations I'd like help with the ID of one on 840 kc/s. Call might have been KGRC but first two letters very uncertain & after playback of tape I wonder why I thought I had the last two pretty definite. On playback it sounded like ?VIP which was just my mind trying to make sense out of bague sounds. Anyone help on college stations on 840 in California area? Otherwise I have been after foreign stations & have verified six new countries this season, British Honduras, Honduras, El Salvador, Venezuela, Guadeloupe & Siberia. I have reports out as well to six more needed countries, including my first TA since coming to California. This is RTF Bordeaux-1205, which must have been the station heard on 12/19 & using five heavy bells at 11pm EST. It was QRM'd by an AFRS station on 1206.5 or 1207 with a fund-raising DJ program & this must have been Tmule, Greenland for my best NA reception. Latter signal stronger & bits of it could still be copied the next night but then gone until next TA peak - if there is one for the WC. Any of you other WC DXers have any TA tips as there may be a chance in mid-January? Thanks to everyone who has shared his info & Happy New Year to all. 73s.

A bit of DX done during the much-needed vacation from school. 12/23- WBBQ-1340 ending f/c-TT 12:30. WIOD-610, first time logged since call change from WCKR, AN. Semi-local WMGY-800 f/c-c/w mx, 1:05. WGAU-1340 f/c-TT ID 1:25. WNP-1590 ET/M 1:45. WKRC-550 AN, 1:52. WSIM-1270 dial phone buzz TT 2:20. WSHO-1230 ex-WJEW now AN, 2:25; ID as "Show Radio." 12/25- WROK-1440 AN for Christmas. WOKS-1340 Columbus, Ga. noted now AN IDinh as "Rocket Radio", Negro programming. WBIA-1230 AN also. KBEA-1480 finally IDed by call letters after listening to them ID hour after hour as "Demand Radio 148." 12/26-27, A DX session at Dan Phillips' house in Jackson, Ala. PM of 12/26- Noted WFMI-1500, new 500w. daytimer in Montgomery now on the air. KJOE-1480 noted at SSS. Radio Belize-834 heard in EE & logged upon returning home also. AN of 12/27- WHSL-1490 Wilmington, N.C. IDed through garble, dunno if RS or ET. WDAE-1250, a needed one, heard on AN. The remainder of the holidays was spent in a trip upstate which included visits to WBAM-740 WVOK-690 WSGN-610 WTBC-1230 WAAY-1550. Mobile's WMOE-1550 was contacted the other day & they now say target date for RS is February, but I rather doubt it since they don't even have an XR yet, just the shack, towers, & other miscellaneous (P. 15)

(Alex Bowab) equipment. They will be DA days, E/W, protecting (according to the engineer) North Alabama & the Yucatan Peninsula!

KFVS-960 Cape Girardeau, Mo. @ 1am f/c. WRDB-1400 Reedsburg, Wis. @ 1:47 f/c. Latest veries have been WWIT WRBL WGGG WDLR WPTN WLFA KGLO WMBI KCNI I a card from CMCA. I think everyone else got a v/l. To Butterfield: Does WKNR verify? I sent a report over a month ago but no reply yet. Well, totals at the end of '63 are 749/485. That's an increase of 263 stations & 248 veries. That's an increase of 14 more stations than veries. I guess that's not too bad. At least my percentage never goes down. To E. Wesolowski: Did you get my little ole 25¢ for the Letterama? It's too bad about WSNE & WHAG both testing at the same time on 1/13! Well, Happy New Year to all, & 73s.

J. W. Brauner - R. D. 1 - Box 61 - Punxsutawney, Pennsylvania - 15767

Not too much to report here, CX varying from very poor to exceptionally good lately. Past two MMs have been among the worst DX dates in a long time, weak signals plus exceptionally bad HNL, except for WACB's interesting TEST, 12/30, was a total loss. 12/7 WXXW-1600 noted @ 5:28am, evidently on RS. WPXY-1550 logged s/off @ 5pm. 12/9- Dominican Republic station noted with SS NX @ 5:15am on 1572-1573 kc/s. Signs on @ 5am. 12/11- WISZ-1590 topping channel much of time 5:45-6pm. 12/14- 4VEF noted on 1035 @ 6 pm. 12/16- SS on 1270 "Reloj Nacional", Cuban I suppose, AN?; Mexican s/off 1370 at 1:58, XEHF, the fourth letter sounded more like J in SS. FF on 1465 at 2am, no ID heard, soon faded out. KCCL-1460 hard to read here, only a few IDs. KSCB, Ann, not heard. FF on 1465 again @ 5-6pm, strong at times, but no ID. 12/17- FF on 1465 5:10, an hour's listening, with 20x signal at times, finally got an ID at about 6pm, Monte Carlo, for a new country. 12/21- SS on 855 @ 3:30am. Noisy, but seemed to use words like "Radio Ecuadoria" a few times, no call heard. In PM trying tip from Stan Morss, tuned 795 & found strong EE with British accent. Very good at times but covered by WTAR/CKLW after 7pm. 12/22- 795 signal again good, 10x at 6pm, several "Radio Barbados" IDs clearly heard, but lost in QRM again after 7pm. New country. 12/23- WEYY-1580 off @ 5:45pm. 12/28- Thanks to Ralph/Johanns' tip, Guadeloupe-640 clearly heard with ID @ 5:15am, all FF, CMQ on @ 5:30, never have heard Guadeloupe over CMQ here, another new country. 12/29- Outlaw on about 1615 kc/s., definitely a W call, location not clear, state not given, said "Signing off until next Sunday afternoon at 6pm." Juvenile sort of pop program. See who can ID him first! Odd CX, 7pm on 1/2, YVQT-100% in the clear on 940, no trace of others. 73.

DX picked up in December in between our trips to San Francisco & Vegas while on vacation. Managed to get reports out to Jamaica-750, Dominican Republic on 1525 & 1573, Radio Barbados-795, Costa Rica on 1505, Venezuela on 910 670 & 770, & to Colombia on 1210. I'm not setting the world on fire but I do try to verify 25 to 30 new foreign stations each DX season & this takes a bit of doing - that is, trying to get them verified. I'm very much surprised to see the fine results in veries this season so far from the countries of Colombia & Venezuela. Perhaps Dave Gleason is "putting our story across" as he visits these & other countries! I hope that all interested DXers tell Dave how much they appreciate his work on the LA Log, his additions to this Log, & his discussions with personnel at the various stations in countries visited. For many seasons Carroll Weyrich of Baltimore published a Log that included every station in NA, CA, & SA. I for one miss that Log & no doubt many many other DXers do too. If Dave Gleason is willing, let us give his log our unselfish support each year. Looks like Ed Krejny is giving Dave G. a "fight" in the Central League of the NRC Foreign DX Contest. Nice to see Ron Schiller giving Ben Dangerfield a bit of competition in the Eastern League. Clarence Freeman is gaining on the field in the Western League but I do not believe that Roy Millar has all of his veries reported as he has about 30 or more reports out so far this season. I like the manner in which we are supporting Pete Taylor's column. I for one, like all stations reported to be listed in kilocycle sequence as reference is so much more speedy. Pete's column reflects fine, steady, & informative material. It is always a pleasure to read the Musings under Ernie's editing & Ray's publishing. We have a very fine DX Club & organization. Let's make it stronger & more complete in 1964! 73.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

I see where it's been almost a month since I reported to Musings, & my Berwyn Buddy is pretty regular as I had better shape up. 12/13- KRWB-1410 on r/c-TT 1:35-1:55 EST. 12/14- KBEW-1560 RS SSS @ 5:40. In the AM had heard the new WGLB-1560 RS @ 8:40. 12/15- WAVI-1210 RS 7:25-7:40am per Ev Johnson's tip & WRRZ-880 s/on 5:57, most welcome. At SSS heard KPRS-1590 s/off @ 6 & KZEE-1220 s/off @ 6:25. 12/16- WTBC-1230 AN around 2am - no DXes. 12/21- KWOC & WSOC simultaneously on 930 12:30-12:45 with very little WKY. WCRL-1570 on PoP & ET 2:15-2:30 & on. 12/22- WJDB-630 s/on @ 6:30. 12/23- WSPR & WCMC DXes OK. 12/28- KBMR-1350 ex-KQDI r/c. 12/29- Bears win NFL, hi! 12/30- WACB-1380 WEST in fine - nothing else heard. 12/31- DX on New Year's Eve?? 1/1- "Illini" win Rose Bowl, hi hi! 1/2- Heathkit Q-multiplier added to the Zenith giving me the poor man's HQ-180. 1/3- WIVE-1430 r/c 12:30-12:40. 1/4- KDFN-1500 RS @ 8:20; WTIZ-990 RS 8:42-8:55 & KXEN-1010 RS @ 9:00. There are stations on some of these frequencies after all! Veries from WTBC WGLB WRRZ KSPL WJOE WPVA KRWB WSPR-dx WCRL ZNS & WRNY. To all, a very Happy New Year.

Ben Dangerfield III - 202 Governor's Drive - Sproul Estates - Chester, Pa. - 19013

The Holiday excitement is just about over, the Christmas lights have been put in the attic for another year, & the children are back at school. Now I can relax a little, concentrate on DXing, & catch up on my letter writing. Half the '63-'64 DX Season is over, & I must confess that the last six weeks have brought some terrific DX, & even a few veries. Please, may the next six weeks be at least as good! I would presume that others have found DX good, also. My most recent veries have come from XEMO-860 v/1, HOL55-1310, v/c "Radio Reforma"; ZNS2-1240 v/1; & Radio Barbados-795, v/1. Guess Barbados is a new country, so #77 for me. Some of the better days, since last reporting, were these: 12/23, MM- Many TAs & reports sent to RNE-773, Valencia, heard at 2am, & Radio Eireann-566, logged @ 3am. 12/24, late afternoon: The TAs were in at 4pm, with Sottens-764 loud @ 4:25, & Vatican-1529 o/u WCKY from 4:38 to s/off @ 4:50pm. Several France stations had a special Christmas Eve program to about 8pm. 12/28- The BBC Saturday Theater was quite well received as early as 4:12pm on several frequencies, the best of which were 1457 1088 908 & 692. Between 8-10pm there were some fine East German signals on 575 692 728 782 1043 & 1052 kc/s., all fast-faders. 12/29, SM, Horby-1178 weak @ 2am; CKCW-1220 s/off 2:05; WOKY-920 atop @ 3am. 12/30, MM- Weak signal from Monrovia, Liberia-650 @ 2am & Brazilians on several spots: 840 860 1000 1200 1210. Best were PRE9-100, Radio Record & PRA3- Radio Mundial-860. 1/1- Signals in from the West & the 50kw stations were at season's best. 1/4-5: Very unusual CX. The LAs were dominant but there were many TA hets & signals from 1600 to 1400 kc/s., both early eve & early AM (1/5). Many on Spanish & African frequencies & Senegal-1538 & Abidjan-1493 were among the stations heard. Warsaw-1502 in @ 1:15am, & WBYS-1560 test, 1:25am.

Last logging of 1963 was KWBB-1410 @ 3:34am DX. Totals for just under seven years of DXing at 753. In this period, 45 states were logged, 21 countries, 345 counties, & nine of the 12 Canadian provinces. States remaining are N.D., Ore., Hawaii, Alaska, & Montana. Any hints? New loggings in 1964, only today, 1/6, were KEYS-1440-DX, not enough for report with QRM from also-needed KELZ. WNOG heard briefly & reported although CMJC was also on 1270 QRMing badly, both needed. CMBQ logged in clear : 4:32am with WRCV off, needed. WFDF-910 logged with NX @ 4:45 with possibly WPFB under them. Will try again next MM. At 5:29, third Wheeling station noted in the form of WLL-1600, with RS. 73s to all & best of DX in '64. Thanks Ernie for YVQQ info & thanks Ray, for three missing issues of DX NEWS - originals still not here. Also, does anyone have plans for a good loop, regardless of its size? I'd like one motor-driven about 50' above ground.

Jim Ernst - Mahone Bay, Nova Scotia

At long last here is a report! It's been so long since I last reported I've almost forgotten how. DX has definitely been on the downslide, as college & my intense dislike for getting up at some unearthly hour plus writing reports has sorta nudged out the enthusiasm. However, the flame still burns, & I did manage to bag two this morning, my first effort since last year - Switzerland-764, & the AFN-1106. These on 12/30 Veries fromupteen months back are: ZBM2-1340 KAIM (note Doug M., #3), WERI-1240 KORL-650 KFRO-1370 AFN-872. I should get some f/ups out, but I just finished typing three essays totaling 124 pages before I came home for Christmas, & it is an effort to even look at this machine again. Bob Foxworth, are you still kicking? Send me a tape. Glen Kippel, are you around? I want to try for CFSE-1425 before the season's out. MMs are impossible, dern it, as I have to go back to Halifax Sunday night, & the radio's down here. Lots of luck to all in '64, & my hat's off to all the wonderful people who unselfishly devote hours weekly to get the great DX NEWS out to us - Ernie, Pop, Ev, Pete & all the regular contributors who fill the pages each week. I only wish I could be more active, but it will be impossible until more time is available. 73s to all.

Bob Grasso - 69-62 218 Street - Bayside 64, New York

Here goes my first report for the new year. 12/25- 11:15pm caught WHK-1420, WADC-1350. 11:30 saw CBN-940 CBW-990 WHO-1040 XEG-1050 u/WHN with Christmas Carols, & KSL-1160 in the clear again now that Radio Americas has apparently moved to 1170. 11:45pm brought CMHQ-640 & XEX-730. Are they 50kw? The night ended with CBN battling it out with KFI on 640, with the latter reigning supreme for the rest of the night. 1/2- WWOD-1390 w/ good signal in at 11:11pm. On 1/5, CX were amazingly good from the S (probably due to the sudden warm spell) with WBT-1110 & WWVA-1170 in all day. 4pm yielded WRVA-1140 & WEAV-960, smothering WELI. 4 $\frac{3}{4}$ 45, WXGI-950 playing c/w mx; WFNC-940 w/ rr mx, & WDMV-540 s/off @ 5:00. WPAQ-740 s/off heard at 5:15, then the long-awaited LCMO-810 playing jazz mx until 5:30 power drop, when WGY took over. At about the same time WMAZ-940 came blasting in, until 5:45 when their power drop sent the very welcomed WINZ in for a few seconds, when they too (you guessed it!) switched to 10kw. KAAV-1090 blacked WBAV until 6pm, a most unusual situation. 1/6, saw no sign of WNOG-1270 or WCVI-1340 DXes. KVCV-600 covered by AN WICC in Bridgeport. All was not lost, though, because at 3:30am I caught WSHF-1290 Sheffield, Ala. testing. Does anybody know what station I heard between 3:30 & 4am on 640? I heard what sounded like rr mx, then NX, definitely U.S., at 4:00. No ID, though. Lone verie this week was from WQAM-560, Miami. 73s & the best of DX to all for the coming year!

I'm back at Cornell again, & ready to hit the books before they hit me. Put in some DX over the holidays. Back in Allentown Pa. on 12/23 found CJLR-1060, FF, 2:05am, pop mx, KXYZ-1320 fading @ 3:20am, & WJW & WYDE battling on 850 around 4am with WJW on top, & finished with WKNR-1310 @ 4:15. Also in Allentown 12/30, saw WNAC fade in for its debut here at 12:30am, WSOC-930 at 1am with QRM, CKEY f/c-M on new 590 (still regular on 580, 12/30), WWIN-1400 AN. WACB-DX program in, s/on 3:43am, TT, then mx, with SS (Cuba) QRM. No sign of KOLO 3am, with clear frequency, & no sign of WKPA. WKW-1600, noted 4:16am, probable s/on @ 4:00. This morn, 1/5, in Ithaca, CX strange from S, with WQXI-790 in at 2am, WHOA-870, finally made it clear at 2:30. KOIL-1290 at 3am NX, WNAV-1430 @ 3:30, WTAC-600 at 4am, & WNOX-990 4:30 with QRM, finally WINX-1600 at 4:30am. Impressive verie in from WPGC with CM (AM & FM), plus ball-point pen & program info. Picture postcard from WSUN, & CM & program sked from WSPR-dx. Other veries: WCOL CHNS WBAX WJAR WHEC & KDHL. Hoping everyone will make this New Year a good one. Best 73s.

Chris Manthey - 21307 Maplewood Avenue - Cleveland, Ohio - 44116

Greetings from the NRC's third youngest DXer. Groan, my Title is gone for real this time. Continuing from last Musing: While in Youngstown, I picked up several WHOT SCs for anyone who wants them. I have many SCs for trading. Veries have been flooding in, hear's what I've received in about the last month or two: v/l- WTAR-790 WHUN-1150 WEUP-1600 WSAO-1550. v/f- WAWA-1590-TEST ZNS-1540. v/q- WQAM-560 WABC-770 WADC-1350 KSJB-600, Radio Americas-1165 (who also included a little note about my SS, hi). v/c- WKZO-590. The WEUP verie was very friendly, & mentioned the "woman" announcer on that ET was actually a 12-year-old boy! I thought CAT had some worthwhile remarks a few weeks ago; I've taken FF in school, in one form or another, for over half my life, & it has often helped me in my DXing. I just started SS this semester, & already it too has helped me. I seem to be getting much better returns on my reports this season, although I've sent only 19 out so far. These are only two I've had out for any length of time that haven't come back yet, CKNX-920 & WHLL-1600. Here's the latest West Shore DX: 12/25- WFLB-1490, 2:57am, apparently on a Special; CKRB-1460, 3am, Special. They had the best ID of any of the three FFs I got this morning. CKCH-970 3-4 with a Special. No definite IDs heard, but they're the only FF on 970, so I am counting them. CKSB-1050, 3:35am, Special. These last three were all telephone type shows. WVOP-970 4:01am, s/on with America. 12/31- WGUN-1010 s/off 5:29pm. There was heavy WCFL-1000 QRM, but I heard something about a "big GUN going off again tomorrow" so I guess it was they. I had them listed as s/off @ 5:15 in December, but I've found other daytimers that changed times, too. 1/1- After listening to the WCLV New Year's Eve Party, in which listeners were urged to call up & harass WHK-1420, I did a little DXing & got WTOB-1380 AN @ 4:41am, & WFHG-980, SSB s/on @ 5:14am. Ech, I wish I had stayed up a little longer, because WERE-1300 s/off @ 5:30 on New Year's. WDOK-1260 has extended its s/off to 2am now. 1/2- WHGR-1290 r/c-TT 12:30am, per new list. 1/3- WIVE-1430 TT 12:43am, also per new list. They said test, not f/c. CM---720, Radio Rebelde outlet clobbering WGN @ 11pm. A man ecstatically told me I was listening to "Radio Rebelde", hi. 1/4- KEX-730, this time definite, a girl breathlessly saying "La XEX" @ 12:19am. I suppose this is the D.F. XR. CFPX-1230 1:06am, followed by GSQ s/off 1:08, & brand new WCSJ-1550 ETing 1:30-2:05. WJW-850 is definitely NSP now.

Len Dunikowski - 366 Lincoln Avenue East - Cranford, New Jersey - 07016

Working over the vacation has cut down on the listening time here. Noted the following though: 12/22- Spain-683 7-7:09pm s/off. 12/24- CSA3-755 5:41-6:30pm, filling the room with the "Voice of the West" in EE; Hilversum I-746 6:33-7:10pm with religious program in Dutch. 12/28- A welcome addition with Prague-1286 6:05-6:30pm in SS, then an interval signal & TTs. 12/31- CJICpl050 u/WHN, 7:29pm. 1/1- Added a 35" loop, thanks to Gary Collins. With it, heard WMTC-730 5:28-5:45pm s/off (to return at 8am); WLIL-730 5:45pm s/off (to return at 7:45am). No veries, of course (maybe I'll be swamped with them tomorrow, hi.) 73s.

Rich Heald - 733 Arbor Drive - San Leandro, California - 94577

DX this past week has been good. Wish the postman would come through like DXhas! Veries have been from: KETO-1590 KTYM-1460 & KXL-750 (after four months). DX for 12/29 as follows. Stations preceded by an * are re-logged stations. KIMA-1460 s/on, KTYM-1460, KLZ-560 s/on, *KYNO-1300 & KUTY-1470 s/on. 12/30- KOAC-550 *CKLG-730 s/off, KETO-1590 f/c, CHML-900, KYW-1100 (after ten months of trying for them), *WCBS-880, KTRH-740 s/on, *KSOP-1370 s/on, KONI-1480, *KMSL-1250 s/on, KSNM-1290 s/on (Page 19)

(Rich Heald) ("Kissin' Radio".) KLIQ-1290 s/on, KGLM-740 (ex-KBIG) f/c. 1/1- CBK-540. 1/2- KACE-1570. Well, the NRC done goofed again. Contrary to what the NRC thinks, KYND-1580 is still very much 10kw. I heard them s/on this AM 1/6 & the announcer said they were operating with 10kw., with 50kw. under construction. I also heard them test late last night at 11:30pm PST. The announcer then said they were testing their 50kw. equipment in a non-directional pattern. So KYND is still 10kw. I have a gripe against these who write up the stories on the stations testing. Don't you know there are DXers out here on the WC? The one writing up the KVCV DX should have known KOGO-600 San Diego is NSP & their 5kw. really puts in a good signal over a wide area. I'm 480 airline miles from KOGO, but I doubt I'll be able to get KVCV just 200 miles away. On top of that, KFRC-610 has their 5kw. XR ten miles away & that will cause a good deal of QRM. There are also a good number of Hawaiian stations that can be heard in California & would spoil the chances of our getting some other station in the mid-West, etc. KAST & KWBB are the only Specials I have heard mainly because there was too much QRM from other stations preventing me from getting the other TESTs. On top of that, the testing station was supposed to be clear of QRM - on the EC, Midwest, & Rockies maybe, but not on the WC. So when writing up the stories of TESTING stations, please consider the DXers on the WC. For the third time, I make a request. Does anyone have plans for a loop antenna? If so, please rush these plans to me. Good DX to all. 73s. (Those write-ups are done by your Editor, Rich - I suggest if you don't like them, then don't read them -ERC)

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

At last a few veries: YVMV-1460 CFNS-1170 KRKO-1380 WLNC-1300 Barbados-795. Their v/f states they will go directional NNW on 1/20 & want to hear from us again after that if we can still hear them. They should be stronger then, no? DX: 1/2- WMPT-1450 suddenly appeared atop the mess @ 6:05pm for some local commercials & a report. 1/3- SS-830 s/off 11:25pm with a national anthem, I think, Colombian - anybody know? WCCO not in at all, & after their s/off, another SS took over. 1/4- Logged new WCSJ-1550 behind CBE, ET/M @ 1:45am. SS u/CHML-900, unID, 2:50am. 1/5- WRSL-1520 s/on 6:44am u/WKBW talking program, thanks to DX NEWS tip. My mystery on 1500 still behind WTOP every SM. 1/6- Unn VRSJ-1560 still on at 1:25am. "Radio Universal"-650 AN, is in Santo Domingo, according to wonderful IDXD. CBC-1090 relay in again, never carries any ID at all. XERB heard u/them, first time heard in centuries, hi. KEYS-DX-1440 difficult, weak, mixed with XELZ. "Radio Columbia"-1195, apparently an ET/M/SS 3:06-3:11, gone at tune-back @ 3:15. While trying to get them louder, noted two Brazilians on 1200, one IDed as "Radio Porto Alegre" which is in Southernmost Brazil on the coast. I have a report but don't have their calls - anybody know 'em? On Ron Schiller's tip, logged s/on of WLEO-1170 3:58am in the clear. Brazilians showed on 840 1000 1200 1270 1300 1370 1410 & 1560, unIDed as yet. Any local boys wish to host another meeting? Hint! 73s.

Re: DX STAMP SERVICE

This is a personalized service for licensed radio amateurs, SW listeners, pen pals, etc. enabling them to purchase mint stamps of foreign countries, which will prepay a return Air Mail letter of the first weight to the U.S. or Canada.

A list of the stamps available can be obtained by sending a request, plus return postage, to DX STAMP SERVICE, 466 Weaver Road, Webster, New York-14581. All orders for stamps are shipped within 24 hours upon receipt of order, by first class mail. If air mail is desired, the extra postage should be included with the order.

On all orders for stamps UNDER \$1.00, please include return postage. No C.O.D.s, The head of this worth-while service is a ham, W2SAW, Mr. A. N. "Sax" Ringler. We feel this service will be ideal for NRC's Foreign DXers, as it not only much more inexpensive, but provides the station with its own native postage, which is much better than the nuisance of an I.R.C., or also avoids the risk of a coin enclosed being "lost" in some post office. We recommend this service, and we will print a PARTIAL list of the countries for which DX Stamp Service has current airmail stamps - the LA countries are mentioned here, but they have them for countries all over the world.

We have a note from Joe Fela that WSHF-1290, Sheffield, Ala. had a "shocking" experience. Just after they finally got on the air for their very first time on RS, and before the SSB was even finished, pow - lightning struck their tower, and it took them ten more hours to correct the damages and finally go on the air!

Joe Fela also tells us of an odd one which happened to brand-new WJJZ-1460, Mount Holy, N.J., just recently on the air on RS. On 12/17, they were knocked off the air for 30 minutes by a field mouse which worked its way into the high voltage section of the WJJZ XR, which is on Burlington Island, in the Delaware River.

NICE BIG ISSUE, LADS - THANKS FOR THE FINE SUPPORT, BUT MORE IMPORTANT - KEEP IT UP!

SPECIAL DX JAN 20th

MON JAN 20 1270 KNWC Sioux Falls, So Dakota 03:30 - 04:00 AM EST

Verie Signer is Gerald F. Harpham, Chief Engineer and all reports should be sent to same. Mr. Harpham states they are anticipating having QSL cards made up by the time of program and will gladly send them to all who report correctly and include return postage.

590 CKEY Toronto, Ontario, heard MON Jan 6th operating on this freq with reg sked as they had announced previously. ex 580 kc. Here in Buffalo they do not slop over as much as they did when on 580, maybe they also got new equipment? (Edge)

Ray B Edge-325 Shirley Ave.,-Buffalo N Y 14215 Well another Country has been added at this den in the form of a letter verie from "Radio Barbados" 795 kc for a Dec 28-63 report. Being so many reported this new station I will re-type parts of the contents of said verie.

"Radio Barbados is operated by the Caribbean Broadcasting Corp., a Government statutory board. It is a commercial broadcasting station designed to serve Barbados and the Leeward and Winward Islands. It is managed by the Thomson Television (International) Ltd. Consortium.

Radio Barbados will go DIRECTIONAL on January 20 1964, to concentrate our signal in a North-Northwestern direction. At that time we will also begin broadcasting 17 hours a day from 05:00 to 22:00 Eastern Standard Time (5 AM to 10 PM EST)

We appreciate very much you taking the time to write and, if possible, would you please let us know AFTER January 20 if we are still being heard. Many Thanks.

795 KCS - 10 KW
Marconi BD-227A Transmitter.

signed

Best Personal regards,
Caribbean Broadcasting Corp.
Paul S. Watson,
General Manager.

P.S. The verie part reads like this;-

"This will verify that your report of reception of RADIO BARBADOS on December 28 1963 was correct"

As for the correct city address, I do not know but the envelope contained this in the upper left hand corner; Caribbean Broadcasting Corp., Black Rock, St. Michael, Barbados, West Indies. The postal cancellation read;- AIR-MAIL G.P.O. BARBADOS and a 24¢ stamp was used, while I had included 2 International Reply Coupons.

So all you others will have probably received your verie by now, but noting nothing in Pete Taylors section, thought the above information might be welcome. By the way I sent my report to Radio Barbados, Bridgetown or South Cross, Barbados. So take your choice. Ray.

1964 JONES LOG

I have checked the 64 Jones Log against the entire list of CPs that were compiled by Len Kruse and is in this issue, plus checking the LOG against all the Station data contained in Ernies section and find that this 64 Jones Log is the most up to date item that has been published in a good many years. In fact it is a MUST for the active BCB DXer. All in ALL there are only an exceptionally few that are not listed while on the other hand there are also some listed in the Jones Log that have not been listed elsewhere. Congratulations to Vane A Jones-Efforts.

Because of its size, this issue of DX News will be mailed as usual first thing Saturday morning, however it was impossible to have any of the First Class and Air-Mail bulletins ready to get in the mail Friday night. OH Yes. Verie letter in from "CFSE" whom I did not report, but in that verie they say 1450 Kcs is their assigned freq, and not one word about 1425 Kcs. Power is listed at 50 watts, so as to the freq- which is correct - 1425 or 1450 Kcs ????? (Ray) Good DX to all.
