SPECIAL PROGRAMS ON MONDAY MARCH 23

W H L T - 1300 - Huntington, Indiana 1:00 - 6:00 a.m.
 The Engineering Department of Radio Station WHLT sent a card to our Club HQ to inform us that they are planning a five-hour-long Proof of Performance run on Monday, 3/23. They are anxious to receive reports on this test of their 500-watt transmitter. We believe WERE, Cleveland, and WTIL, in Mayaguez, Puerto Rico, will be the only other 1300 stations on at least after 3 a.m. EST and before 5:00. Tune in this special test!

C H E C - 1090 - Lethbridge, Alberta (Box 1090) 2:01 - 2:30 a.m. EST
Mr. Robert Wilson, of CHEC, telephoned our member Joseph W. Plonka to tell him he wished to put on a special DX show for the NRC. The program will consist of smart military band music and announcements. An LP will go to the furthest correct reporter. CHEC is a 5,000 watt directional station, and only KING and XERB (plus the 40-watt relay of CBL in Ontario) should be on 1090 at this time, so all, please tune in and send that report!

W J B O - 1150 - Baton Rouge, Louisiana 3:00 - 3:30 a.m., EST.
 Here is an old friend of the DX clan from way back in the person of WJBO. This program will feature Dixieland Jazz type music, plus some periods of cycle tone, and of course, frequent announcements. WJBO is 5,000 watts directional, and we are hoping for a near-clear channel for this program. Many years ago, WJBO always dedicated their frequency checks to the NRC, and it is good to see them once again on for the NRC! **JOE FELA.**

Reports for NNRC's WDEL-1150 DX go to Mr. George Moyer, Chief Engineer, 2727 Shipley Rd. Reports to NRC's KROX-1260 r/c on Wed. Mar. 25 go to Mr. Leonard Benson, CE. Write-up for this program from KROX will be in next week's DX NEWS. (Joe Fela)

Don't forget the big Convention coming up over Labor Day Weekend in Buffalo. Make plans to attend, for you will have a wonderful time, with our own Ray Edge as host of the doings, aided of course, by the other Buffalo-area members. And, boys, we need those reports for DX NEWS, as you can see. Don't let us down, lads - please report!

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

First of all, I do not consider "foreign DX" as "quality DX" and I do not look down my nose at DXers who verify stations in the USA and Canada. I well realize that logging and verifying U.S. and Canadian stations is still a fine "challenge" and I have never regarded it as otherwise. I became deeply interested in foreign DX way back in 1931 and this is what I like to do in this hobby of ours. In fact, many stations outside the U.S. and Canada are easier to verify. I hope that this gets me off the hook, hi. Secondly, I'm trying to catch Roy Millar and Clarence Freeman in the Western League of the NRC Foreign DX Contest before they get too far ahead. Veries in the past seven days are: YVLT-830, "Radio Tic Tac"-555, Chinandega, Nicaragua; YVQJ-1080, "Radio Barcelona"; TVLH-660, "Radio Gararot" and HLCA-970, Seoul, South Korea. DX CX have been quite favorable during the month of February. Let's hope that March treats us as well. Thirdly, I've received some very interesting mail in the past month or so in regards to those who wish to break away from the National Radio Club. I for one cannot possibly see what will be gained by doing so. The NRC is the best ECU DX organization in the entire world. There are many reasons why it is TOPS. This fact alone should make every member STOP - LOOK - and LISTEN. After everyone if you members has given both sides of the issue (if you believe that there are two issues) a fair shake I'm quite certain you will agree that BIGNESS comes from the heart and there is no one who can truthfully state that RAY, ERNIE and PETE (and others before them) haven't given their utmost for the DX NEWS bulletins that we DXers wait for so patiently each week during the season. I note that when you don't get them on time you are a bit unhappy. Suppose that the DX NEWS wasn't published and issued with the intent regularity that we have been used to - then you would have something to gripe about. I do not believe that a few "unhappy" members can hurt the NRC. Now, let's all get back to DXing again!

Roy H. Millar - Box 91 - Marysville, Washington - 98270

Hello all you hale and hearty DXers! Any of you at the dials March 2nd? The 24 hours (EST) comprising that date may well have seen the finest long distance skip on ECU ever recorded. It started out here with BBC-Wales and wound up with SABC-East London, South Africa - details in IDXD. Domestic DX since last report: 2/10- KUBO-1310, San Antonio, Texas s/on 6am; KNOX-1310 Grand Forks, N.D. ID @ 7am. 2/16- WAGF-1320, Dothan, Ala. DX only "tentative" on some commentary at 6am through AN CHQM. 2/24- CBM-940 Montreal ID nicely in clear at 5:30am. 3/2- WWOL-1120 Buffalo, N.Y. s/on 6:31am u/KNOX. Veries: KWHK-1260 KAAV-1090 KUBO-1310 YNX-750 and a questionable for Murmansk from "Radio Moscow"-656 - again more about this in Pete's column. Mr. H. Tyndall - you DX hound! Congratulations on CHAK-860! I suppose that I am not the only one that has this station posted as "most wanted domestic"! Remember when CHAK DXed for us from Aklavik, 1230 kc/s., I believe? And, Hank Ward's cartoon re same - and he knew nothing of the no-coming DX? A quick check of my Arctic map prompts me to point out that Thule is a great deal farther north than Inuvik; I believe that Svalbard is most northerly station on ECU, about 800 miles from True North Pole; Thule is about 950 miles; Inuvik perhaps 1,500 miles; Nome some 1,750 miles. "Supremacy Ratings" in DX NEWS of 2/15/64 provided some real interesting material; nice job, Hank Wilkinson! Haven't seen Norm Maguire's name in DX NEWS for a long time - now's everything in Albuquerque? Norm, aren't all those Africa/Europe veries you list actually from EC DXing prior to your move to New Mexico? I sense something wrong with my own report on "Total Veries"; think I added up veries by frequency to get this total, and that wouldn't have included any "splits", so will re-check and bring you up to date as soon as I can, Hank. 73.

J. Warren Routzahn - 231 South West Street - York, Pennsylvania - 17404

Have a few minutes in my confused world so a hello to you DXers. This was practically a "layoff" season for me as I went only for needed TESTs and saved my strength for busy winter at work. Also knowing a change of address will be coming up in about a month I didn't risk reports and veries going astray. Too busy anyway changing things around so much. Veries were received from CFSE KCCL WHAG WSNE WFRB WTH WWMT, Radio Barbados. These were since my previous report. CX seemed good this season but I guess I'll say as Ernie's Dodgers used to "Wait till next year". Want to thank Ernie, Ray, Pate, Ev, Len CPC & others too many to name for their great efforts in our behalf. I know of no other group so willing to give so much service to others for only a thanks in return. The DX fraternity is really a great bunch and I hope I can get to Buffalo to greet old friends and strengthen my own urge to DX next season.

March 14, 1964

DX NEWS

4

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

DX here has been nothing short of tremendous. Here goes: 3/1- KBOA-830 @ 6:50pm, WTSN-1270 7:19pm. 3/2- MM- KENO-1460, 2:55-3am, KIMN-950 4:01am s/off, KDBM-800 3:07-3:28am. f/c, CMKL-800, 3:08am. WWJ-950, 6:29pm, WLIL-730, 6:42pm, WTPR-710, 6:45pm s/off, CFBC-930 7:01pm, 3/3- WABW-810, 6:12 s/off, WPEO-1020, 6:30pm, WGUN/WINQ-1010, 6:30pm, KWKH-1130, 7:03pm. 3/4- WCPC-940 6:20pm, just on with 50kw., WSPA-950, 6:52pm, KWAM-990, 6:54, WAGG-950 6:59pm s/off, KXJK-950, 7:12, XEJP-1150, 10:38pm. 3/5- WCEC-810 7:10am, WBBO-780 7:27am, WYTI-1570 6:29pm s/off, WGBF-1280 6:50pm, WYDE-850 6:54pm. 3/6- WAGE-1290 6:05pm, WCHE/WVOB-1520 6:14 s/off. WVEC-1490 6:15, WBLU-1480 6:18, WHIE-1320 6:37, WAMY-1580 6:59 s/off, WLIJ-1580 7:01 s/off, CMKJ-740 7:32pm. 3/7- WDOW-1440 1:54am f/c WBRN-1460 2:22 f/c, WKYO-1360 2:43 f/c, WGHN-1370 2:46 f/c, WLEE-1480 3:08, WMAX-1480 3:15 f/c, WFUN-790 3:37, WEZY-1350 4:02, WEZJ-1440 4:04 f/c, WINX-1600 4:08, WFUR-1570 4:45 f/c, WRFC-960 4:58 s/on, WKAZ-950 s/on, WYPR/WWIT-970 5:02 s/on, VP4RD-730 5:18-5:28. Reports sent out to KDBM KENO WCPC VP4RD KXJK. Totals for first week in March are: 3/1 - 2; 3/2 - 9, 3/3 - 5; 3/4- 6, 3/5- 5, 3/6- 9, 3/7- 16, for a grand total of 51 new stations logged in seven days. On 3/7 Michigan stations were really coming through with those f/cs, as I got six of them. Totals now 787/44. Mailman still refuses to leave me any mail of any sort. On 3/7 I heard an SS station s/on at about 5:27am, with a National Anthem of some sort. Anybody have anything on it? Tester KDBM in Montana came through nicely under Cuban SS on 3/2. Southern stuff really came in past few days. Most local and semi-local stations could not be found, only southern stuff. Has anyone verified KRDS-1190? I have sent two reports, one with PP cara, and nothing back yet. 73s, and good DX to all.

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

Only two definite additions to my heard log this week with CKY and WDBO being logged on the newly-opened up 580 kc/s. CKEY having moved to 590 has been heard but very far behind the others on 590. Veries in from WEOK-1390 WKNY-1490 WSHN-1550 and KRCEB-1560. KRCEB verified on the back of my report. WSHN was for a March '63 report where a new engineer is "taking care of some unfinished business." The CE of WKNY asks me to listen on 1300 kc/s. in about ten weeks. He will be putting the new Spring Valley, N.Y. station on the air. He says the call letters have not yet been assigned. Actually the high point of my DX week came in this morning's mail. A very unusual and attractive letterhead for my verification of WTIL-1300. This is a MUST for those who appreciate an interesting letterhead and easily my best in that respect for a couple of years or better. They also enclosed a WTIL ballpoint pen. Watch for a MM when WERE is off, to catch this one. I think I have another good catch in CKAD-1490. I did not hear call letters but Nova Scotia and Moncton N.B. mentioned a number of times. 73s for now.

Roger Winsor - 3306 South Clinton Avenue - Berwyn, Illinois - 60403

Well, it's been a few days since I last reported, so guess I will. Biggest news here the aquisition of a new RX, an Airling portable. Sounds funny to say portable, but I'll bet it is just as good as any radio built today in the \$100-200 range. Now I can log 1560 990 1010 730 790 and all those other channels close to Chicago stations. Latest DX is WWYO KWRE KPBM all new stations off the f/c list - what a great help! This was 3/2. 3/1- KGMR TT 1:30-1:45 (1500), WFFF the same time with ID every two minutes. KDFI log taken 2/4 at 7:40 after morning NX, WX. KCII noted. WABD, Fort Campbell f/c 1:45-2 2/27. 2/25- WCOJ, WTTC on 1550? Couldn't make out ID - anyone else hear it? WLIK-1270 2am on for f/c, then nothing else. WLIJ noted @ 2:08 on f/c. CKGM in/out with WRC/WTRY. Log taken on WCIN with verie already back. Last new one is WFDR Manchester s/on 5:02. 2/24- WARO TEST in very faintly, WFAW hidden by CBM. Report off to WARO - no answer yet. 2/23- KDSN noted 5:15 on 1530, KCUE at 5:30 for first time in dog's age on 1250. 2/19- KLMR-920 testing 2:45-3:15. WLSM-1270 3:50-4:06. WPAT log taken after nine years of waiting on RS. New stations: WWYO KGMR KDFN WFFF KCII WABD WFDR CKGM WWDS WTTC WCOJ WARO WCPM KSYX XEH & WPAT. Veries lately are WCIN WTHB WNBS WGSJ WYLD & WSAO. As I sit here I am listening to WISM at 2:00. On old RX I never was able to even crack 1480. Log today also on KWRE, KCLU. Just about time to go - I've got a 1360 TT here who IDed at 2:00 but the static is so bad they were drowned out. WHBG, 1:45-2:15? Very muggy and warm - 50 degrees now. Oh yes, the 2/24 issue of DX NEWS never has arrived, nor has the 3/2 issue. Something must really be screwed up in the Post Office in Buffalo. I called Ray and he said he was going down to try to straighten things out. Must have patience with empty mailboxes. AS THEY SAY IN DETROIT, "WXYZ." We X-pect You to ZOOM THOSE MUSINGS REPORTS IN!(Daller)

Daniel Miller - 1121 Parkway Avenue - Covington, Kentucky - 41011

I regret my inactivity during the past year which was caused by a death in the family and resulting rearrangement of things around here. I owe a couple of people letters, please be patient & I'll be catching up now. Reports are still out to Radio Belize and Radio Barbados. Sure hope they verify. I just picked up the new VJ Log yesterday and was well pleased as usual. Since I became active again, I have noted several semi-local CPs have come to life. WHON-930, Centerville, Indiana's new 500-watter is a regular here now, daily sked is 7:00-6:45. They program "adult mx." WFOL-1560 is also on RS now. They are lkw, and only 35 miles away but in very poor signal because of directional antenna. WCIT-940 has been on RS for some time now, inaudible since they started using directional antenna. The 375-foot tower of WTCO-1450, Campbellsville, Ky. was blown down at 10:45pm on 3/4/64 in a violent windstorm. A few veries have managed to trickle in over the past year, notably WOAY WCIT WFBL WJW XERF. See you next week, I hope. 73 and good DX. (Sorry to hear of your loss, Daniel, and we are happy to welcome you back to the ranks of the active NRCers! -ERC)

Don Eggert - 1925 East Bowman - South Bend, Indiana - 46613

February has been slow around here. School work, wrestling, etc. has edged out DX. RX is S-100 and 70-foot longwire running N/S for an antenna. 2/4- WKAN-1320, WBJS-1420 s/off at 6:30pm. 2/12- WEW-770 o/WABC @ 6:35pm. WBOK-800 6:45pm o/u CKLW/XELO pileup. 2/17- WCIL-1020 5:30pm o/KDKA. 2/29- WWJC-1270 s/off at 6:30pm. 3/2- WCPC-940 u/local slopover. 3/3- KFAL-900 7pm. 3/5- WSIV-1140 o/WRVA (my 400th logged) 6:2pm, WBAM-740. I still haven't got Radio Barbados due to jammer and WTAR on 790 and XELO/CKLW on 800 kc/s. Can they be heard in the morning? (4:50am s/on MMs, I think -ERC) Only veries this month, v/q WOV and v/l, WBNS. Radio Belize out two months. As you noticed, most of my listening has been limited to the PMs lately. I guess I'm just too lazy to get up at all times of the night. WJVA-1580 South Bend is not being heard on their f/c as listed (first and second Saturdays). I will check with their CE to confirm or get the facts. My DX NEWS has been ten to 15 days late the last couple of issues. To date I've veried 28 out of 33 states heard, countries, 6-4. 73 and good DX from the home of the Fighting Irish of Notre Dame. 73.

Marvyn Carlson - 702 24A Street - Calgary, Alberta

I hope this report is arranged correctly. I joined the NRC about a month ago, and finally got around to sending a Musing. I am using an HQ-100 and S-40 RXes, and they are bringing me some pretty good catches. How about loop plans? Before I list my new catches, I would like to thank Joe Plonka for writing me. I hope you have my reply, Joe. CBR-1010 Calgary, 50kw., should be operating by October. Strike out the CPs on 1330 and 1550 for Calgary in VJ-5. They did not materialize (thank goodness). New catches: 1/27- KPIK-1580 4:04am. 2/3- KSFO-560 3:45am, WKRC-550 4:02. 2/24- (good Eastern MM): CKY-580 4:05am, WIBW-580 4:15; KIXI-910 5:02, KRNR-1490 5:09, WTAR-790 5:26, CJBC-860 6:01; KDWB-630 6:25, KVOO-1170 6:40, CKOM-1250 6:58, CFRY-920 7:07, KRCE-1560 7:26am. 2/28- 7:04am, KCCR-1590, 7:08, KKJO-1550 (S8-9), 7:35 KTOE-1420, 8:07, KDAB-1550. Veries have been few and far between because of school. The latest are XEX-730 in SS, WBAP KGON KXEL WBEM & KWFS. This makes my verie total a very low 59/81. I have heard well over 300 stations. Best catch KOWL-1490 verie in. How about some verie info on WRUF KMEO & KVGB? 73s and best of DX. (Welcome to the NRC, Marvyn, and we are hoping you'll be a regular in these pages! -ERC)

Joseph W. Plonka - 630 22 Street North - Lethbridge, Alberta

Received phone call from Mr. Robert Wilson, CHEC Radio, about special DX show. Mr. Wilson, a great admirer of the DXing hobby, volunteered to put on a special DX Show for the NRC on 3/23, being from 12:00 to 12:30a.m., MST. I told Bob to go ahead with his plans for the show & thanked him kindly for his interest. I certainly hope that you can give this all the publicity in DX NEWS as possible. It certainly would be a way of thanking Bob for his efforts. (Details elsewhere in this issue -ERC)

Ken Maylath - 3306 North Calvert Street - Baltimore, Maryland - 21218

Various factors have kept listening at a low level in the past couple of weeks, but I would like to take just a few lines to make a couple of comments on the current situation. My complete support goes to the NRC. It is unfortunate that anyone felt the need to begin another organization in a field which doesn't need another. I'll put my confidence in the group which has proved itself for over 30 years as a leader in the field. In my opinion, most people join the NRC to help and further their DX interest, not to get a political science lesson. (Thanks, Ken - let's hear more, please! -ERC)

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Veries number zero this past week and new stations total one. 3/2- KJAG-970 ET 3:36am. Around 7pm, unkn TAs CSA3-755 and CSB9-782 were in fairly well and I believe the one on 764 was Sottens, but they usually s/off @ 5:15pm. Ernie: YVKL-590 usually verifies and many SW DXers have their outlet YVKB QSLed; try a f/up. The strong vote of confidence accorded the Club executive is well deserved. Government surveyors may have their facts wrong, but if they're right, in a few years 16 Lake Breeze will be covered by a nifty cloverleaf. Post Office says that ZIP code is not yet in use and won't be for two years; they just want the populace to become accustomed to it in the meantime (per 3/10 "National Review.") 73.

Wayne Plunkett - 124 John Street - Weston, Ontario

Nothing too spectacular in the way of DX lately but another good week for veries. V/1: CFOB-800 and CFMB-1410 to up Canadian verified total to 50. CFOB says normal hours are 6am-midnight CST; CFMB says AN except 1-5am MMs but my report was for M between 2-3. They broadcast in 15 languages and they're AN show is called "Continental Express." Other v/1 from WFAX-1220 - very friendly, and WTHB-1550 who were really surprised their ET cut through CBE. V/1 from WTNS-1560 - real sharp stencilled copper calls; KAAV-1090; KENO-1460 - will have to eat my words about verie try probably being hopeless - maybe they will be answering many other reports too- v/s is Jim Blaine, CE. WWIL-1580, WILK-980, and WELL-960. Further to KENO verie, this is state #46 for me - mention nighttime pattern is roughly N/S, that they hear from Ontario fairly frequently, and operate 24 hours except s/off midnight Sunday night. Forgot to mark where I left off last time so will start at 2/18 which brought WIRV-1550 at 6pm. 2/20- WKYE-1550 s/off 6:15, #30 heard on 1550. 2/22- During break in mx on CBM-940 at 2:11, heard PST TX check - I thought it might be KHOS which seems to be getting out fairly well, but aren't they on MST? KWEN-1480 r/c again not good enough for log; much better than normal SSS - new ones were WTCW-920 and WJS-1420 between 6-6:30pm; also WMAZ-940 at 6:15 and log on KBOA-830 from 6:35-6:45 s/off wqy o/WNYC and no WCCO; log on WJCW-910, 6:46-6:53, also heard at 6:06 s/off. 2/23- WANN-1190 s/off 5:45; log on WAPE-690, 6-6:10; WPQR-1360 topping WSAI at 6:30. 2/24- CJNR-730 s/off 12:01; WARO-540 ID at 12:22 barely readable; WKMI-1360 ID starting r/c at 12:30; KV00-1170 s/off 1:09 with "Oklahoma"; TT weak behind WAKR-1590; tried in vain to ID needed KERC: KOB-770 nice signal; WLDY-1340 started f/c around 1:30; logged KFDA-1440 on r/c at 1:45; WERE off 1300 again and just seemed to be SS; KSOO-1140 s/off 2:01; KBOM-1270 s/off 2:07 first time on RS; WSNE-1410 more ETs this MM; CHNS-960 first time in months at 2:30 - are they usually AB MM? Pretty sure KAKC-970 was u/WWSW much of the time; KXRA-1490 ID on r/c at 2:44; unkn TT u/WIP-010 around 3am; KENO-1460 not too hard at 3am s/off; KERN-1410 didn't s/off until 3:09 with the Lord's Prayer; WARO-540 heard after 3am much more easily with KEVA off; WFAW-940 ade it nicely just prior to going off at 3:30 despite QRM - American #13 on 940. AT SSS, log on WXGI-950, 5:40-5:46 s/offu/o CKBB; log on WMAZ-940, 6:04-6:14; WPFB-910 at 6:07; WHOO-990 heard for first time in about three years, I believe - log 6:25-6:31. 2/25- Surprised to note VAMY-1580 still on top at 8am; WEND-1580 s/off 5:45 - listed in VJ5 as 1,000w. but mentioned 250w. Canadian restricted - is this one hour before SSS and after sunrise? 73.

Dan Morin - 17775 Clyde Avenue - Lansing, Illinois - 60438

Enclosed please find 25¢ in coin for which I'd like any recent back issue of DX NEWS. It's for a friend of mine who is thinking of joining the NRC. I'd also like to say I am quite satisfied with the present government of the NRC. I joined the NRC in order to get up to date DX info, and I've been getting plenty for the past year and a half. Keep up the good work! 73s. (Let's hear about YOUR DX, Dan when you can! -ERC)

Ron B. Schiller - Box 456 - Mormouth Beach, New Jersey - 07750

Veries total 1,342 with the addition of the following: QSL from WBNB for evening reception last Fall after one f/up (requesting them to DX on Monday instead of Wednesday, which they did). QSL from Porto-1367 to supplement a letter and data previously received from them. Bratislava-1097 sent a beautiful QSL and program sked; stamp on the envelope was a beaut, commemorating the recent Innsbruck Winter Olympics, depicting hockey players in action. And yesterday, an in-person visit to WJJZ, Mt. Holly, N.J. netted a v/1. Recent additions to the log include: 3/7- WSEM-1500 RS behind WTOP 6:00-6:30pm. 3/8- Bordeaux-1205 for a second report, believe parallel to 944 at that time, 1:00 a.m. WTON-1240 s/on Sundays, 6:58. Long-wanted WINF-1230 RS 7:06-7:15 behind WERI. WHBC-1480 7:56 s/on through WHOM for another try. That evening, Spain all (P.7)

(Ron Schiller) over the dial, 728 and 737 RNE running parallel to 7:14 s/off, and RNE 584, 683 parallel to 7:15 s/off. Heard 638 too, but too hashed to determine which bunch he was paralleling! This morning 3/9, CX noisy, new Senegal-764 heard 1:30-2 with most excellent signals, unIDed until talking with ERC this AM at work; knew it was too loud to be Sottens and was too groggy to listen very long! Took a report on Crowborough-1295 in EE 12:30-12:45; Daventry-647 doing well at that hour, too. Heard FF regional on 1244 for the first time, really rocking 1240 pretty bally, but where do you report? There must be eight or ten XRs on that frequency. One domestic: Li'l WGLB-1560 Port Washington, Wis., doing nicely ETing through WQXR OC 1:30-2:10 and probably later. As mentioned above, I visited WJJZ-1460 new 5kw. daytimer in Mt. Holly - Burlington, N.J., about 50 miles away from here. They have their XR on Burlington Island in the Delaware River and are directional E. Their CE left to go elsewhere and while they knew, appreciated, and welcomed reception reports, they are pretty busy getting the station going and reporters should be patient, hi! They said they plan to get QSLs and all but one of the reports I saw there were marked "QSLed." Now to visit WOND and see what's with them (four reports so far have yielded nil). WJJZ, incidentally, s/on at 6:15 a.m. weekdays. 73.

Russ Edmunds - 24 Rossllyn Court - Little Silver, New Jersey - 97739

Well, nothing in DX since I've been working on my Physics project. Now that it's done guess I'll DX again. DX: 2/26- CKOY-1310 u/local WJLK. 3/7- Around 8:15pm, Barbados-795 in great, but almost smothered by a monstrous signal on 790. It was humming and making a horrible noise. Think it was an SS, LR6 maybe?? Sounded like a code signal on 835 o/Belize-834. Radio Americas back around 1160 tonight, 3/6. Other strong SSees on 1010, 1030, 1070 u/CBA, 1180, 740 u/CBL. XELO-800 in occasionally u/weak GKLW. I figure 1180 for Marathon and 1030-1040 for Tortugas but both were pretty strong, so maybe not. No veries in three weeks! My DX NEWSes have been averaging 14 days late. Got 2/15 and 2/29 and the 2/22 on 3/7. Probably the 2/29 won't make it till 3/14. 3/7 and so forth should be included in my recently mailed First Class rates, I hope. Plenty of WQOK-1440 SCs on hand! Thanks to Don Erickson, F. Merrill, G. Greene, P. Kirkpatrick, for SCs sent. K. Butterfield, you owe me a letter! Will be visiting the Sunshine State over Easter! S. Miller, write me with directions. 73s.

Ben Dangerfield III - 202 Governors' Drive - Sproul Estates - Chester, Pa. - 19013

Still lots of DX to report on, but first a reminder to NRC members to be cautious about providing DX information to any of the rebel group. I have been getting cards and letters from some of their leaders, including among other points some unsolicited foreign DX info, and inviting my help or comments as to various foreign stations being heard. I have no intention of providing any DX info to this group, no matter how friendly and innocent their cards or letters might appear. I can only suggest that other NRCers adopt the same policy. On DX: MM 2/24- Another Brazilian AM, with many being heard from that country. I reported ZYU-33 on 880 kc/s., who very definitely IDed as Radio Itai several times between 2:30 and 4:00a.m., and frequently mentioned Porto Alegre. Same AM I logged the WBNB-1000 DX, 3:20 to 3:45, and they came through 100% and have already verified for me, in about 12 days. 2/26 was a very fine Spanish evening, and I pulled in EAJ15-1124, in Barcelona, for a new one. 3/1 was a good TA evening, but I also noted an oddity at 6:45pm, which was the seldom-heard KAAV-1090 almost on top of WBAL. MM 3/2 was marred by a high noise level, but I did log another new Spanish station, this one on 1106 kc/s., and IDing as "Radio Juventud de Espana", from 2-3am. 3/4- WSYB-1380 was atop the frequency at 12:15am s/off. Later, WSAO-1550 was alone atop the frequency from 6:50 to 7pm s/off, after which WLUX-1550 took over until their s/off at 7:15 pm. Same evening HJKA-540 was very strong at 10-10:30pm, and way over XEWA. Did they verify for you, Ernie? (No -ERC). Not much DX since then, as I've had a miserable cold, and haven't felt like dialing. I may even make the supreme sacrifice and not get up tomorrow morning, MM, 3/9. My veries have been cards from KENO and KSL; and cards from TGNA-720, Hilversum II-1007; WBNB-100; RNE, La Coruna-728; and BBC-1484 plus a letter with latter.

A NOTE FROM YOUR EDITOR

I want to continue to provide you with great issues of DX NEWS - but I cannot possibly give you what you don't give me. I realize we've been having mail delivery troubles, but I trust that it is either over by now, or has been ironed out, and so this is not a demand, for it is not in my domain to demand - but it is a request for more support for Musings of the Members. The DX is there, lads - let's hear how you're doing, please!

March 14, 1964

Dan Morin - 17775 Clyde Avenue - Lansing, Illinois - 60438

I haven't reported for a while but plenty of new stations heard. 1/13- WIBV-1260 at 6 pm; KPIK-1580 at 6:45; WFBC-1330 9:05pm. 1/14- KDAL-610 at 5:39pm; WMOX-1010 at 6:12 pm; KTOK-1000 in pretty well u/local WCFL at 6:20 so I went up to 1140 and got KLPR at 6:28; KLTR-1580 at 6:40pm. 1/15- KIXL-1040 o/WHO at 5:55pm; KTOK again at 6:08; WADC-1350 at 7:10p. 1/20- KRSI-950 at 5:50pm; KELO-1320 at 6:07pm; KOB-770 u/WABC at 9pm. 1/21- WENO-1430 s/off at 6pm; KNOE-540 from 6:15-6:30pm; WCHS-580 like a local at 6:33 pm. 1/22- WJDX-620 even with WTMJ at 6:25pm. 1/23- WBAL-1090 at 4:3 pm; KFEQ-680 at 4:55; CKLC-1380 at 6:20pm. 1/24- WCSJ-1550 at 10:30am. 1/27- WATO-1290 at 5:50pm. 2/2- KTOE-1420 at 11:15pm; KFSA-950 at 11:20. 2/4- WMAM-570 s/off at 1:07am; KTSA-550 at 1:40am. Later that day, I heard Roger Winsor when he called up WDGY-1130 at 9:10pm EST. 2/5- WKYB-570 and KALB-580 both s/off at 1am; WOKY-920 at 1:20; WSUN-620 at 2:35 am. 2/11- WTOP-1500 in good at 5:30pm; KUDL-1380 very good o/KWK at 6:47pm; KTXO-1500 s/off at 7:15pm. 2/12- KEVE-1440 at 5:26pm. 2/17- KXEN-1010 s/off at 6:45pm. 2/19- KPET-690 u/CBF from 9 to 9:30pm. 2/20- WSPT-1010 at 6:10pm; WKBL-1250 s/off at 6:45pm; WINS-1010 at 7:05. 2/23- WBOK-800 at 6:40pm. 2/24- KWAM-990 s/off at 6:45pm. 2/27- KHMO-1070 at 6:10pm; much-wanted WHB-710 at 6:25pm; a very welcome catch with KSPI-780 u/local WBEM from 7:00 till their 7 $\frac{1}{2}$ 15pm s/off. 3/2- WFMB-1500 at 5:30pm for #500 from the U.S.A. WGEF-1590 with interference from locals WBEF-1570 and WCGO-1600. 3/5- WENO-1080 along with KRLD/WTIC at 6:17pm; WGIC-1500 s/off at 6:45pm. 3/7- WJPR-1330 like a local at 8:30pm. Veries have been received from WHB-710 WBAL-1090 WNAX-570 WTRY-980 KFEQ-680 WCAO-600 KNOE-540 WSPR-DX, WCMC-DX KTHT-790 and WSUN-620. 73s & best DX.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

DX has been sort of so-so at this location - Spring is trying to make it and as a result, DX CX have been unpredicable. Some AMs good, then others noisy. Seven new ones were bagged during the week as follows: Sun. 3/1- Heard WINU-1510 s/an 7:15am, then RS till 7:30. At SSS, WKEE-800 s/off at 6:30, then WDEH s/off at 6:47, then it was all CKLW. MM 3/2- KFGQ-1260 on r/c-M 2:50-3:05 and on, after many tries. 3/3- WPXY "The Pixie on 1550" RS 6:20-6:30 in the AM. 3/6- R/c of WWBZ-1360 TT along with WSAI/WBAY QRM. This was my third new New Jerseyan for the season - making a total of seven, hi! Finally the last logging of the week was on Saturday, 3/7. The new WBER-950 ETs 2:05-2:15 and on. Five veries received this week: KNEA & WRIN as a result of f/ups, and WHIN WMRT and WINU, all v/1. I know some of the members are not getting their DX NEWSes on time. For what it's worth, mine hasn't missed a Monday in the three years since I started getting it mailed First Class.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

A few more veries in. Attractive v/q from WBNB-1000-DX, to complete the Virgin Islands for me. Nice CBC Edmonton v/q for CBX-1010, plus a CM and letter. Very nice letter from WISE-1400 who say they are having trouble with their "Audimax" for automatic level control at 1,000 cycles, accounting for the voice coming through better than the TT. Their r/c-TT is First Monday, 1:10-1:20a.m. with lkw. used on f/c. V/1 also from WABD-1370 who state their r/c-TT is Fourth Saturday, 1:40-1:55 EST. I heard them on 2/29, but they say r/c is fourth Saturday; that they forgot on 2/22, hi. This was a quiet DX week here, but it was highlighted by a phone call from Stan Morse on Friday night, who excitedly reported the brand new Senegal 200kw. XR was booming in there 6-7pm on 764 kc/s! Also I enjoy almost daily phone chats with Ron Schiller at work (he works in N.Y.C. too) and I'm glad to know the New Jersey contingent is solidly 100% NRC. The only successful DX session this week here was on MM 3/9. WGLB-1560 on ET/M sliding through local WQXR's OC by detuning a kilocycle or so to the low side for a second report. When WQXR turned on the TT, that killed WGLB here. Noted unnn WKIC-1390 o/WYNR 1:37 on emergency storm/flood broadcast. One not heard in many a moon, unnn KPRO-1440 in at 1:46am o/XELZ. Then, lo and behold, on 764, Radiodiffusora de Senegal (Dakar) booming in, 1:55-2:35, when WABC-770 started ETing. Mostly all FF talk; but some native mx with jungle drums - very weird and exciting, hi. Noted WCOP-1150 AN this AM, with an image as strong as their 1150 signal on 1110 - how come? Logged WKSJ-1340 "Kissin' Radio" in Jamestown, N.Y. RS-AN, 2:45-3:04am. I must thanks so very many of you for the wonderful words you have uttered on behalf of Ray, Pete and me and the NRC. But, boys, please remember that we can't do it alone - we must have your reports for all our sections regularly to continue to make this a big, newsy, leading DX publication! Please don't slacken off! Wonderful new addition to the Log Library here is "World Medium Wave Guide" of Gilfer Associates - lists all BCB stations in the world.

NOTES

(A) Next listing is for Continent of Europe. Get your new counts...

(B) Ben Dangerfield added Eire for country #78.... Hilding Gustafson added Poland, Denmark, Switzerland, Barbados in the past month--very fine... Clarence Freeman from the West Coast added FRANCE... Andy Rugg added St. Pierre and Austria... Ralph Sperry added Barbados & Portugal... Sam McLauchlan & Ray Edge added Barbados too...

(C) Let's welcome Gary Collins to the column. Would like 10 more contributors!

-Hank Wilkinson

SOUTH AFRICA has been logged in Washington State! Let's see how::

- 575 TIJC San Jose, COSTA RICA here Sat. 0030-0100 even with local WMCA on, but with talk pgm so not much slopover. No ID but believe TIJC (ERC)
- 640 Peking, CHINA quite strong and clear 0725-0740 3/2 naturally! (RHM)
- 644 St. John, Antigua, LEEWARD IS. noted several evenings 1830-1930 with ID "Antigua and Barbados Broadcasting Service" (LD)
- 656 Blagoveshchensk, USSR. Radio Moscow sent standard form stating reception report correct, adding, "The transmissions you heard on 656 kcs must be coming to you from Murmansk which is rather unusual. But we have no (RHM) other stations broadcasting on the above frequency. What say NZ, others?/"
- 660 YVLH Maracay, VENEZUELA known as R. Girardot and carries R. Caracas pgms, 50kw. QRA Apartado de correos 2057, Barcenas a Rio, Caracas. V/s Oscar Alvarez (amateur YV5AEW) 10 full days round trip, nice (HJW)
- 746 Hilversum, NETHERLANDS QSL & historic folder, back in 4 weeks, ctry. 25 (GSC)
- 750 YNX Managua, NICARAGUA verie letter, SS, v/s Julio C. Armas G., Dir. Gen. (RHM)
- 764 SENEGAL. BRAND NEW HIGH POWERED STATION NOW TESTING, HEARD BY STAN MORSS FRIDAY 3/6 1800-1900 s/OFF, TESTING w/CONTINUOUS CONCERT MUSIC, ANNCTS EVERY HALF HOUR, EXCELLENT SIGS, IN FRENCH (Morss phonecall) (ERC)
- Pietermaritzburg, S. AFRICA with EE around 2330-2345 3/2, too much WJR to really log much of anything (RHM) (Congratulations Roy!-pt)
- 795 Black Rock, BARBADOS still over S9 most every evening, room listening level (ERC); v/f on aerogramme for 12/21 63 after f/up (LD)
- 840 Castries, St. Lucia, W.I. verie back in 8 weeks, 10kw on heading, #24 (GSC)
- 845 Rome, ITALY v/c back in 4 weeks, country #23 (GSC)
- 850 KICY Nome, ALASKA fair to good 2/20, 0330-0500 s/off (RHM)
- 881 Washford, Wales, ENGLAND in 3/2 0155-0205, nice signal with programming including weather forecast (RHM)
- 940 KAHU Waipahu, HAWAII s/off 2/24 0403, well atop AN CBM (RHM)
- 970 HLCA Seoul, S. KOREA letter, card, fine 16page magazine covering KBS activities, all air. QRA, Voice of Free Korea, KBS, 8 Yejang-Dong, Seoul. V/s is Anna Shinn (HJW) (See Korean station changes below-pt)
- 1000 WBNB Charlotte Amalie, V.I. DX 2/24 heard 0415-0430, nice signal. Mentioned NRC & NNRC. (ERC)
- 1025 East London, SO. AFRICA fair around 2330-2355 3/2, many commercials, but hard to read announcer, a lady, EE, not //764 (RHM)
- 1120 JODR Niigata, JAPAN quite good 3/2 around 0500-0510 (RHM)
- 1196 Munich, W. GERMANY VOA ID 2300 3/2, not s/on as were noted in unid language earlier; apparently s/on earlier than year ago, or are they 24hrs? (RHM)
- 1235 ZBML Hamilton, BERMUDA has discontinued AN ing (ERC)
- 1250 Khabarovsk(?) USSR with ID just before 0600, 0730 3/1 but nothing else loggable (RHM)
- 1286 Prague, CZECHOSLOVAKIA QSL back in 4 weeks, country 26 (GSC)
- 1310 JOLF Tokyo, JAPAN ID 2/17 0430, lady anncr, atop WRR next few minutes (RHM)
- 1457 Clevedon, ENGLAND v/l in, very specific, v/s H.D.P. Bambridge (LD)
- 1466 3AM2 Monte Carlo, MONACO has to be the FF heard after 0205 3/2, bad hetro from unknown source (LA 1465-pt) and faded soon, as I was there just too late, but tape re-run seems to clearly indicate FF. After 8am local time! (RHM)
- 1586 Oldenburg, W. GERMANY noted eve 2/19, reported, v/c back in 8 days (GSC)
- *755 CSB3 Lisbon, PORTUGAL v/c from Voice of the West, very nice multicolored map of the world with "QSL, Radio Portugal" (LD)

AROUND THE WORLD: CLANDESTINE---"La voz anticomunista de America" has popped up on 1420, ex-1550-1400. Heard 2330, anti-Castro at that time. QRA Box 2113 Ocean View Branch, Miami, Fla. (NNRC); DOMINICAN REPUBLIC---Radio Santo Domingo outlets are: HI2SD-620-10kw- and HI6SD-1270-1kw Santo Domingo; HI8SD-1360-250w La Vega; HIUD-1400-1kw San Juan de la Maguana; HIUC-1340-1kw Barahona; HIUE-1310-1kw El Ceibo (NNRC); MONACO---3AM2-1466 now 400kw (NNRC); NERERIA---Radio Kaduna, 940kcs is 10kw 0000-0430 and 250KW 0900-1600 (WRH); NORWAY---goes on GMT plus 2hrs as of March 15 (WRH); PORTUGAL---March sked says FF 1700, EE 1745, SS 1834 on 755/1061kcs (International service) and FF at 1430 on 1538kcs (LD); SOUTH KOREA---changes amending WRH: HLCJ-560-1kw-Chinju (new); HLCF-650-1kw-Suhkwipo (ex-1320); HLCT-800-1kw-Taegu-MBC (new); HLKB is on 820-10kw and 890-50kw Pusan; HLKV-900-10kw-Seoul-new (MBC); HLKS-960-1kw-Cheju is ex-800; HLCH-Chungju-1090-1kw-new; HLKJ-1230-10kw-Seoul-new (DBS); HLCU-1320-250w in Ullungdo; HLCM (not HLMC) 1400-1kw-Iri. (CBS-Christian BS; MBC-Munhwa BC; DBS-Dong-A BC (All from HJW). Sorry for the crowding. Correct WRH's and PAL's. Rptrs. next time-pt

DX News and Delays

The only information obtained to date from the Post Office Dept is
 that they are thoroughly investigating our complaint regarding the de-
 lays that have occurred beginning with our Feb 1st issue. I have been
 informed that delays on 2nd and 3rd class mail has been occurring since
 the middle of January and in very many parts of the country. However
 none of them have been as serious as here in Buffalo, as we have been
 experiencing. The issues of March 7th and the 14th will be closely
 watched, both here in Buffalo and at all transfer points enroute plus
 the actual delivery point, rather the destination point, especially at
 those places where members have already written in and their complaint
 was put into the hands of the Supt of Mails here in Buffalo. So please
 bear with us and in the meantime all issues will be continued to be
 mailed on schedule as always. To those writing just lately regarding
 when you received your delayed issues of DX News and have stated that
 when you wrote your Feb 22nd or 29th issues, or both had not showed up.
 From cards of many other members, they have received those issues, BUT
 just very recent, so again bear with us as they will eventually arrive.
 When the P.O. gets this mess of theirs straightened out and we get
 normal deliveries, I will make another check to see if any member had
 missed an issue and if so, an adjustment will be made.

F/C - LIST

As you know Larry Godwin submitted his resignation as F/C Compiler
 and it was unanimously accepted by the MRC Governing Body.
 Joseph Fela Jr has submitted a proposal to the Governing Body to
 compile the MRC 1964-65 F/C list. He was unanimously accepted.
 Thus immediately, please send all your F/C data to Joseph Fela Jr.
 167 Goodwin Ave - Newark, N.J. - 07112. We also ask you to continue to
 send all info on new F/Cs as to Freq-Station-Location and time and date
 to Ev Johnson so they can be included in his column for immediate use.
