SPECIAL DX

Mon. April 27 K Y A 1260 San Francisco, California, 5,000 watts, 3:00-3:30 am EST.

Please note that the time on this special DX has been changed from what was listed last week. The program will be on (KYA's time) from 1:00 to 1:30 a.m., Pacific Daylight Saving Time. This test will consist of tones with frequent IDs about every 5 minutes. They are most anxious to get DX reports on this test and will be happy to verify reports with their own QSL card. The test will be handled by their Chief Engineer, Mr. Paul Beck, to whom you should send your letters. This is a test of their non-directional antenna, and it is hoped they'll penetrate to the East Coast, although WNDP in Syracuse will probably be on the air. This program was the result of a visit to the station by members Rich Heald and Greg Jones, with the info received from Rich.

DAYLIGHT SAVING TIME STARTS

This seems always to cause confusion in DX NEWS. So, for the benefit of new members, and to remind all others, we ask that all times mentioned in your Musings, in your DX Down the Dial, and in your International DX Digest items be reported not in "fast" time but as usual, in EASTERN STANDARD TIME. We suggest that you leave the clock in your DX Den set on Eastern Standard Time, so as to avoid any chance of confusion, and that you make your notes also in EST. You'll note some stations in DST areas will change their r/c times while others even in these areas will adhere to the standard time for their frequency check. As we say, DST leads to confusion DX-wise, but so that we don't confuse one another, let's always report to DX NEWS in Eastern Standard Time, please!

NEXT ISSUE ENDS WEEKLY ISSUES

The date for the May DX NEWS will be May 16. Deadline date in San Francisco and Brooklyn will be Tuesday, May 12th, and one day later, 5/13, in Mendota. Please do not send more than one report for any one issue, and also may we remind you please to double space your reports, to make it easier to transfer your words onto the stencils. Do not go over 30 lines of DX NEWS print, please.

As they say in Roswell, New Mexico, "KBIM." "KEEP BUFFALO IN MIND." The Labor Day Weekend Convention will be Fun Galore, for all. Plan to be there and enjoy yourself!

Ron B. Schiller - Box 456 - Morrnouth Beach, New Jersey - 07750

An interesting week in the field of DX: only two new additions to the log, Andorra-la-Vielle-818 on 4/7 RS 7-7:18pm in FF with pop records, either signed or faded out then. And rare WmNB-1230, North Adams, Mass. s/on 5:30 and atop for about five minutes. Unn WERI in Westerly, R.I. boomed in at their 5:45 s/on for those who need 'em. Veries in from the following: Horby-1178 v/q and program sked for country #39. Letter in German from Mainflingen-1538. HJED-820 v/l from Dave Gleason, a welcome addition after many months. Pretty picture postal from ZBM2 depicting Tom Moore's Tavern, back in five days from the friendly Bermindan! That completed the island in my log. Letter from Bordeaux-1205 in FF in answer to my second report, still one of the most consistant TAs heard here. CBI-1140 sent its qsl to become the ninth Nova Scotian in the file; and letters from WSRO WLKW & WJJZ comprised the rest of the week's mail. Today, I took a ride down to South Jersey and stopped at Pleasantville's WOND-1400, whom I had reported four times previously. Was pleasantly surprised upon meeting their CE, Milton Thurlow, who was also DJing at the time, that they ARE interested in reports and even have a printed card on hand for such! He surmised that "everyone at WOND" opens the mail and ha seldom sees any reception reports. So, to anyone needing their verie, suggest writing to him specifically. He also would be interested in reports on their FM station on 103.7 mg/s. They program (AM) "Top Forty" and "instrumental pop" mx, no longer run AN as they once did; said they'd been heard a number of times DU and also that they own WENY and WJAB, formerly having owned WMNB (which was just too far away to run from N.J.) S/off is 12:15 nightly for anyone who can dig them out of the 1400 jumble. 73.

April 13, 1964

Ralph M. Johanns - 11 East Chippewa Street - Buffalo, New York - 14203

Enjoyed a nice visit at the home of Mr. & Mrs. Edge, but Mama Edge did more work than I did! I'm very pleased that Pop is getting over his sickness and also that soon both can relax some from that weekly grind of the NRC work and get a little time off for themselves once. The past week's DX was unfavorable for DX here and I didn't hear anything unusual. I noted WPTF-680 ANing and didn't note any silent period all week. 4/8-KNBR @ 4:32 ID, then TT to 4:48; WRVM s/on 5am and @ 5:12, "be Still and Know." CKTB-610 s/on 5:45, then 'Portals of Prayer'. WHEN-620 s/on 6am without SSB; KXOK-630 AM topped CFCO. Before that, took WISM-1480 ER AN fighting WCIN AN. 4/7- CBK-540 AN strong (no WGR-550) on Tuesday AMs till 5:30am!) r/c-TT KXGO-790 good; 4-4:05 WGAR-1220 tested. 4/6- WKYR-1270 s/on @ 4:57:30 (not 4am); WHKY-1290 s/on 4:58; Castro-670, "Radio Progreso Nacional" Havana @ 3:45 etc.; On 800 an SS with NX-minute beeps, @ 3:28 etc.; 1420, heard a s/off @ 2:57:30 sounded like KCLA?? with 5kw., to return RS at 5:30 am their time (who's he?) WHK AN QRms. Had fun this 4/11 on 1160. KSL AN going nicely with panel talkers and after Lenora (a long-distance caller) finished with Ralph (panel man) @ 4:24:30 (as loud as WKBW) @ "This is WJJD Chicago, in compliance with FCC, now testing with apre 20,000w. XR till start with RS at 5 CST) and 50kw. then. WRVA-1140 had a faint SS company at 4:40 etc.; WLAP-630 s/on @ 4:55. My SS friend with KFI-640, but too faint; no CBF-690, but piano mx 5:30-5:40, pause & TT. At 5:41 short pause to 5:48:15, "Maple Leaf" and GSQ, followed 'Icic Radio CBF Montreal, il est six heures & les nouvelles (NX) de CBF, 6:06, la musique. It was day with sun not full yet then and through all of this, r/c-TT by the Radio Voice of KUSD from 5:30-6:03 lost him. PVT, is Taylor St. named for you, hi? I gave Pop the WLEO-1170 info. While there, v/l by return mail CBN-640 a blue St. Johns CBC v/q, took ten days travelling. v/l, CKLG-730 in three days. V/l, GM WDEL-1150 Wilmington 3, Del., J.W. Jones said the CE, G.A. Meyer Jr. was on vacation and so a delay, Jones considers joining NRC and so sent him the info and hope he joins the NRC. Heh, Bill Stone, came alive via 4/7, he DXed some and gives RS for WNDY-1500 6:15am-7pm EST for March. He'll be at NRC Convention with the Mrs. and Will See Aall of You, as they say in Rochester, N.Y. 73.

Andy Rugg - 16 Lake Breeze - Pointe Claire, Quebec

Hi guys. As Roy Millar said in 4/4 DX NEWS, your BBC-881 (Washford) veries do not count as Wales. I checked on a map and found that Washford is on the England side of Bridgewater Bay, at roughly North Latitude 51° 9' and West Longitude 3° 21'. If you can find Minehead (Somerset County) on a map (project a line joining Newport and Cardiff to the S coast of the Bristol Channel), you may find Washford about eight miles SE. The actual XR is probably right on the water and could do a better and more efficient job of serving Wales from an across-the-water location than one in Wales itself so that is why the BBC's Welsh Network XR is in England. My country score gets axed by one and I expect that many other NRCers will suffer a like fate. If you can't find the place on the map, don't worry; just take Roy's and my word for it. WBNB-1000 is the only new verie here as they verified my #3 f/up on 1963 DX. My brief absence from the books found me drooling at a fantastic signal from TIW-775, but as usual, after 13 minutes of solid copy, they took a doop at ID time and were gone, this being about the eighth occasion that this has happened. My quest for a TIW-775 ID will make Carroll Seth's Alaskan Crusade look like logging Senegal-764 on the EC. Letter from CBC Halifax says I probably heard CBAN-1140, but copy of the CBC Times that they sent also lists CBAP-1140, Shelburne, N.S. so I suspect I was hearing both relays at the same time, since both are almost equidistant from here. I can't count it as a CBAN verie, since part of the signal was undoubtedly coming from CBAP and vice versa. Counting it as a verie from both CBAN & CBAP sounds a bit unorthodox so I'll just forget about it as you'll never know who you're getting, just like the multitude on 990. CBD-1110, St. John N.B. will come on in early September and go AN with 10kw. CBZ-1480 will also go AN soon. The reason for the good signals the CBC relays put out is their flat-top antennae, which give a much better skywave than the ordinary verticals. Ernie, I don't want to be a witch-hunter, but perhaps when CBC Toronto got your report on the 1090 relay, they pulled out the list of relays, found CBLC-1090 at the beginning and didn't look further on down for more logical CPLK. You think it's possible? Bill Stone is still alive but isn't DXing because he needs his sleep. 73.

- * DON'T FORGET TO BEGIN NOW TO MAKE YOUR VACATION PLANS TO INCLUDE THE BIG N.R.C.
- * BUFFALO CONVENTION OVER THE LABOR DAY WEEKEND, SEPTEMBER 5-6-7. ENJOY YOURSELVES!

April 18, 1964

DX NEWS

4

Bill Stone - Box 543 - 51 Albert Street - Stouffville, Ontario

3/31, evening DX - CKWW-580 on RS, verie back 4/3. 3:15-3:45, monitoring 1500 kc/s. WNDY topping frequency till 3:45pm s/off. Says sked for April, 6:15am on, off 7pm. 6:40-6:45pm s/off, station announcing as new W-Gee-Eye-Tea, talking a lot about Columbus, O. and Lehigh Valley. Nae heard since. (I'm still monitoring frequency -was all WNDY last night, WJBK on third, WTOP on second, WTOP/WNDY first. I got lots pf patience, hi. 4/4- 1560 ET/M (3:15am, WNDY s/on 4/5, there he is, power of 5,000w. et al. Station in Monette, Ark., brand new installation, 250w power, call letters are KVEE or KDEE or KBE. (KBIB, Bill -ERC) Had ET/TT QRM 4:09-4:55 - station gave ID, call letters only three times, sounded like WGLB. All three times Monette also on speech, both at S 7-8 level, using 85% of KX potential. Also on 4/4, time out - new WGIT just on - he's in Columbus, O - just said - didn't get power. Has station above him. 4/4- 1590, 3-3:30 ET/M, Pat Reilley type - longhair. KCLU Rolla-ing over WAKR. 1570, 3:32-3:42 s/off gave ID every two minutes, but speech distorted badly by CKLM, f/c-TT. Sounded like WGNZ or WCFE. 3:50-3:58, 1580 kc/s. ET/TT, gave ID at 3:52 3:54:30 and 3:57:15 - had QRM WCLS AN - counded like KCEE or KDEE Been having rest from dials - two reasons. 1- Ole gal complaining - spending too much time in radio room and not enough with her and monsters. 2- Getting old - gotta slow up a lot. Hope to dabble a bit here on in. but not on any set sked. 4/5- 1500 monitoring, 6:14am, WNDY top station. S/on 6:16, WGIT, says in Columby's, O. He's u/WNDY. Note to Ray - no trouble up here with DX NEWS. She's there 10:30am every MM but then it gets out of Uncle Sam's hands fast and up here one doesn't fool with the mail. If you do, your QRA for next six years on is Kingston Pen, Kingston, Ont. Any of you guys wanting Canadian stamps, got two handy ways - booklet, 25¢ or you can get 20 5¢ stamps sealed in cellophane. Glad to send 'em any time. Please send an SAS. Last time I said this, got about 20 requests - and I still gotta use my writing arm aparingly. (Welcome back to DX activity, Bill! -ERC)

Wayne Plunkett - 124 John Street - Weston, Ontario

To all those who wonder what CBC station is AN MMs on 1050, it is indeed likely CJIC. In the letter I received from their CE after this season's DX which was not too successful, he mentioned RS from 5:30-1:00 with CBC mx from 1-5:30 - believe NSP. Local CHUM-1050 who have been NSP for seven years wreck any chance here. 3/9- CJNR-730 s/off at midnight; KOML-950 ID on r/c @ 2:30 for new call; log on KXOK-630, 2:30-2:40. I too am hearing CBC AN on 920 battling CJCH on 3/9- nothing seems too likely but if I had to guess, would chose CFRY. (It's CJCJ, Wayne -ERC) Log on WYZE-1480, 4:45-4:55; s/ons around 5am include WONE-980 WVOP-970 WIBX-950 and WSAN-1470. Log on WIBW-580 (farthest 580 since CKBY moved); 5:05-5:15 with "Night Sounds" - almost strictly mx; WSIG-790 s/ on 5:31. Also 3/9, WCPS-760 u/WJR again, 6pm. WJLS-560 with CEX NX; WFLI-1070 booming in; WKNX-1210 murdering WCAU 6:10; KVOO-1170 making a mess of WWVA; YVOZ-1200 @ 6:30; WAPL-1570 s/off 7pm; a very welcome new one & one of the best SSS catches of the season was log on KOLM-1520, 7:13-7:15 s/off - rough as you might expect with WKEW. 3/10- WPAZ-1370 ID on r/c @ 12:30 for new catch. Who had TT on 1100 u/KYW 12:35am? Log on WSVA-550 from 5am s/on to 5:05 when faded (WGR not on until 5:30). SSS on 3/10 wasn't anything wonderful when out of the mud on 990 popped 250w WJMR right at 7:15 s/off. 3/11- Log on KWNT-1580 7:10-7:15 s/off - call themselves "the friendly country giant." two oft-heard in March were KFDF-1580 s/off 7:28; KRCB-1560 s/off 7:29. 3/12- WKYR-1270 s/off 6:29; WHOW-1520 battling WKBW @ 6:30 but not loggable. 3/13- ID from WRAJ-1440 r/c lam, QRM from WROK/KILO. Finally managed recent log on CKCY-920 1:04-1:17 AN sponsored by Travelaid Motors. WTHM-1530 s/off 6:30 in March; WTOD-1560 @ 6:45; WDXN-540 good @ 6:57; just caught WMP5-680 briefly @ 7pm, first time in ages. 3/14- One of best catches so far in '64, WAM-570 who penetrated pest WKBN & also WMCA 1:04-1:07 s/off SSB - many others heard their mighty 100w. at night to any great distance lately? ID from WKID-1580 r/c @ 1:12. First new catch on 1350 in about two years (with CKLB/WADC AN combo) was WAAP with ID on r/c 1:15. Surprised to catch WNLC-1510 @ 8am but soon faded. 3/15- CHNO-900 roughing up CHML 7:20am which doesn't happen very often. WFOX-860 7:30; then ID WTEL-860; long-sought KOAM-860 s/on SSB 7:32 & fine signal for about ten minutes. SSB-900 @ 7:46 brought WATC s/on, rough log for about five minutes as CHML weak in null in daylight. SSB-900 7:59 gave me WFLN till 8:10, best 900 DX ever.

Bob Duggan - 1112 Mason Woods Drive - Atlanta, Georgia - 30329

WAIA-1570 Atlanta International Airport has now replaced WCPK/WEAD/WEAS. WMLQ-1600 at Emory University, Atlanta, has been heard here in the evening 8pm-midnight. It is supposed to be confined to the dormitory area of Emory. Occasionally has a retrodyne since not always on frequency. Regards. ♪

April 18, 1964

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois - 60403

Anyone ever see such crazy Easter WX? Nine inches of snow, and on Christmas we had sunshine. DX is just as erratic as the WX. MM 3/23- KRDS-1190 s/off @ 2am with another weak EE behind. I presume this was KEX, but I just couldn't bring them out. The new WJRC-1510 ETing with TT 2:15-2:25 and loud; then picked up needed WJBO-DX on 1150, in easily. 3/25- WHJC-1360 r/c 4:37-4:51 with WSAI. Counted 13 Ohio ANers who are ruining DX. SSS on 3/25- KTLQ-1350 7:25-7:30pm s/off. Rog Winsor clued me in on this one. Perched on 1460 from 5pm to 6:45 on Sunday 3/29 and was able to hear needed WIXN and WRTL and unneeded WKAM. But to be honest, I heard more WVON slopover than any of the other signals. MM 3/30- Finally heard bits of KORL-650 from 3:40-3:50 but this strained my RX to the fullest. Also logged KFAX-1100 from 2:55-3:05. Only two new ones in April so far. On 4/1, SSS, KGMR-1500 RS s/off 7:35-7:45 and s/off of WNGO-1320 @ 7:30 on 4/9. Veries from WVOB KFGQ KTLQ WLUX WJBO KRDS WSFC KUSH and WFAW. A little note. I see where Collins makes a RX for around \$2,000. This makes the HQ-180 look like a six transistor portable, hi! When they make a WVON-WOPA eliminator, I'll be interested. One closing thought, Ernie. I can't really believe that you are a Mets fan! Your DX is too successful. According to Jimmy Cannon's column, a real Mets fan is a hard luck guy, and a DXing Mets fan, I figure, would find a local AN on every frequency. His reports would be certain to go to non-verifiers. Your Musings show you are doing OK, so logically you've got to be a Yankee fan. (It'll never happen, hi -ERC).

Ev Johnson - 504 16 Street - Mendota, Illinois - 61342

DX surely has stopped coming into this den. I have spent many hours at the dials but just cannot seem to find any stations that ID any longer and many many TTers. I have just 23 stations reported since 11/18/63 and none of them has verified. I have received 85 new veries since 9/1/63- would like 15 more before 9/1/64. New stations needed here are: 3/23- WCHV-1260 r/c. WRAK-1400 r/c, WTON-1240 r/c. WNGA-1600 ET/M at 1am on. F/c list shows them as third MM but on fourth MM this month. Then the new WJRC-1510 Joliet, Ill. heard on ETs and WDGL-1520, Douglasville, Ga. on ETs. Others heard but not needed in my collection were WEER-1570 r/c, KWKY-1150 s/off 1am, WNW-P-1590 usual MM test, and WEUP-1600 test at 2:15. 3:10-3:30, WYLO-540, Jackson, Wisc. heard on ET with ID every half hour. And on 4/1, KBIB-1560 Monette, Ark. on ETs 2:15-2:45. New veries since last Musings are from WRAK-1400 WEET-1310 after two f/ups, WARK-1490 plain postal, and WCHV-1260. Total here, 2,542. Guess that's it for this time. Static beginning to build up so not much more DX here. Good DX to all & 73s.

Hilding Gustafson - 3416 Brendenwood Road - Rockford, Illinois

Like Roy Millar in Washington, I found the morning of 3/2 and the early morning of 3/3 most unusual for TA DX. At the exact time that Roy was hearing the South African on 1034 kc/s., I was receiving Tallin, Estonia on the same frequency with no sign of the South African! Other TAs heard on that morning were Turku, Finland; Vilnius, Lithuania; Kalundborg, Denmark, and the Spaniard on 638 kc/s. The new Dakar, Senegal station on 764 kc/s. has been real good here. Best TAs right now are Nice, Oldenburg and Mainflingen. Latest veries are St. Pierre et Miquelon, and Covilha, Portugal, the 1kw. station on 1562 kc/s. This is my lowest-powered European, verified. Best of luck.

Ruseell Barr - G-6062 Detroit Street - Mount Morris, Michigan - 48458

DXing is slower now. New ones on MMs only. Letters off to WKTY-580 CHOW-1470 CKCY-920 WWS-970 WVNA-1590 WKJG-1380 WIRL-1290 KOIL-1290 WFLI-1070 WCOL-1230 KSL-1150 (state #33) WTAR-790 XEX-730 WARK-1490 WFPG-1450 (state #34) WAIR-1340 KFH-1330. I heard part of a musical ID as CFAD 2:30am 3/23. Anyone know where? About 1090 kc/s. Recent veries: WJLS-560 WSYR-570 WJW-850 WFER-1300 WHLT-1300 (PoP TEST) WMT-600 WOW-590 WMBD-1470. I had to dig for WHLT's PoP TEST. WERE was very strong but it did fade a lot. I'd like to thank John Daller for his phone call (which I missed) and his letter (I got that!). Also Ray Edge for his note on members up Michigan way. By the way, does anyone know if WAIR-1340 in Winston-Salem, N.C. has upped their power? My log says 250w. but they came in very clear and very strong for the distance. Guess that's all. 73s.

Bryan Griffiths - 1144 Villeray Street - Apt. 403 - Montreal 10, Quebec

This is my first Musing. I've been a member since the beginning of March. CJSO-1320 Sorel Que. is now 10kw. until 6:45pm. Latest veries are v/1 KOMA CKLB WFMJ. v/q- WHWB WSB CJKL (also sent a lastic bottle cap "captivating for 30 years CJKL-560." Does WJOB-1230 Hammond Ind. verie? DX: 3/28- CHOW-1470 1:02am. 3/29- WEOK-1390 4:45pm, WBSM-1420 5:02pm, WJAR-1440 5:25pm. 4/7- WIKE-1490 6am s/on. 73s and best DX. (Welcome to you, Bryan, and we hope to hear more from you - often! -ERC)

DX NEWS

6

Carl Dabelstein - 1254 C Street - Omaha 44, Nebraska

Well, I guess I should send in a Musing. I haven't been in these pages too much this season. DX since last time is: 3/13- KPET-690 La Mesa, Tex. s/on 7am. 3/15- WDSM-710 6:50pm RS that was a good catch, from Superior, Wis. u/WHB. 3/16- Barbados-795 at 10pm 3/17- WHSM-910 Hayward, Wis. s/off @ 7:15. 3/18- KPOF-910 Denver s/off @ 8pm. 3/21- CKPR-580 Ft. William, Ont. s/off at 1:08. WFIW-1390 Fairfield, Ill. f/c @ 1:20. KLIK-950 Jefferson City, Mo. RS @ 6:20pm. WTAD-930 RS at 6:50. 3/22- KOEL-950 Oelwein, Ia. RS @ 7pm. 3/23 was a good morning. WJBO-1150 DX @ 3:25. KGEM-1140 Boise TT @ 3:43. WITA-1140 San Juan, P.R. s/on @ 3:55. WDEL-1150 DX at 4:00. KGON-1520 at 4:15. 3/24- WKAM-1460 Goshen, Ind. f/c-TT at 1:05. 3/26- KSTV-1510 Stephenville, Tex. at 7:30. KANS-1510, Larned, Kans. s/off at 7:45pm. KIMB-1260 Kimball, Neb. s/off 8pm. 3/27- WMRO-1280 Aurora, Ill. RS @ 7:52. 3/29- Log taken on KSD-550 St. Louis at 8:43pm. 4/1- KEDD-1550 s/on at 7am. 4/2- KOSG-1500 Pawfuska, Okla. s/on @ 7am. 4/3- WGEN-1500 Geneseo, Ill. at 6:57am. 4/5- KSMN-1010 Mason City, Ia. @ 2pm. TIRU-1505 "Radio Norte" at 8pm. YSC-1015 @ 8:30. 4/6- WECL-1050 Eau Claire, Wisc. s/off at 7:45pm. 4/9- WBAM-740 RS @ 6:57 from Montgomery. 4/10- YNM-615 at 11pm. 4/11- CJVI-900 Victoria, B.C. at 1:15. WAGC-1560, Centre, Ala. test @ 1:38am. Latest veries are: WBNB KPET KOEL WDSM WTAD KPOF KIMB KFDM WJBO WITA KFLD WKAM WDEL WFIW KOSG KOTA WECL KSD. Totals now are 1,000 heard, 600 verified. With the addition of KIMB, I now need only KRFS-1600 to have Nebraska 100%. I wrote a letter to the CE down there and he told me they have r/c on first Friday at 4:50-5am CST. Thank you, Richard Gula, and Walt Snyder for your letters. I was surprised one day when my American Government teacher mentioned in class that he listens on the ECB for "far away" stations. So, I mentidned several things to him about our NRC. Possibly a new member. Well, I guess that's about all for this time. So 73s and swing loose, fellas. Remember - you expect more from the NRC - and you get it!

Bill Bens - 5575 Spruce Wood Drive - Cincinnati, Ohio - 45239

This is my first Musing report since becoming a member in April 1964 to the greatest DX Club! Since 2/1/64 I have been DXing with a "Masterwork M-2810" AM/FM ten transistor radio and in two months, logged 359 ECB; veries, 17 ECB. Since 1960 until now I DXed with a GE P-805-A five transistor and logged 1,196 with 53 veries. On my Masterwork I've logged Bermuda, British Honduras, Canada, Colombia, Cuba, Mexico, Senegal, Swan Island, U.S. Virgin Islands. Latest DX: 3/30- WmGY, Radio Senegal-764, KSEL WFPG WMAL WIBG KBOX KFBE WNOR WPET WSPA WIKJ WBAM. 4/6- WISM ZFBI-960-lkw, loud, and WINU CKFH WAIR WHOT CEPL. Veries since February are WDGY WKBN KIOA WSBT WHAS KDKA WPGC WFUN WBT (8 1/2x6") WSB WWVA WROK WCCO CBK WIND (8x5 1/2") KOB 8/5". Veries not received: WHON WJJD. Reports just out to: WCAU CMCA ZFBI. For those who have not heard Radio Senegal-764, it is heard loud @ 2am on MM. Does anyone know the stations heard on MMs at about 2am on 760 800 880 890 1270, each having the same program in SS with clock ticking? I think the NRC is the best DX Club in the world and I hope it stays ECB only. Good DX. 73s. (It will, Bill, and welcome, and we hope you'll be a regular here!-ERC)

Bill Hutchinson - 2412 Ellis Road - Baltimore, Maryland - 21234

I'm not dead - I just look that way. At any rate, hello again to all! Veries in recently from Radio Barbados & Radio Belize. Barbados arrived in one month, Belize in six months. Only one report out at present to WMMN-920 heard 3/30 @ 6:30pm. On MM 4/6 a short session at the dials netted an FF on 1205 which was probably Bordeaux. WCBM-380 s/off @ 1am on MMs, but their carrier was still on at 1:30. Are they testing, or just reluctant to give up the frequency for a few hours? CFRA-580 was noted at 1:05am on 4/6 through heavy static as was WQAM-560. On 820, a TT heard @ 1:10 with an unID LA behind it, my guess, HJED. At 1:15am, WERE-1300 was in good. At 1:25, station announcing as WHOP on 1330. Is this right, Ernie, the Yearbook gives a CP for WHOT? (It is AN WHOT -ERC) At 1:30, rigor mortis set in & I gave up. My regards to Stan Horss, Ed Drumm, Sam McLauchlan, & Lavoyd Kuney, & I'll have tapes off to you soon. Joe Piechuta, letter will be out soon, as soon as I get the all-Maryland Camera Club Contest out of the way. I've put in for vacation the first two weeks in September, so my chances for kuffling off to Buffalo look pretty good! In the meantime, keep the NRC colors flying high! 73.

Sam McLauchlan - Box 26 - Gatineau, Quebec

Haven't been too active lately but just thought I'd make an appearance to let everyone know where I stand. SW images have been appearing on the ECB on the HQ-100A so attempted to build the ECB DX Booster (preselector) as shown in the 2/61 issue of Poptronics. Anyone got an RME DB22 preselector for sale? Enjoyed reading John Callarman's Musing in the 4/4 issue of DX NEWS - positioning of this Musing a real gem, hi. 73.

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

DX here has slacked off for a while, partly because of static, and more so because of school work, which sort of takes away my listening time. Here are my recent loggings: MM 4/6 brought some surprising developments: 12:57am WLAQ-1410 s/off, WLBZ-620 had a special "Long Distance Test" with antennas beamed towards Europe, asking for reports @ 1:03, WOOW-1340 @ 1:20 f/c. Who was tester on 1510, WINU or WJCO? At 1:33, WNDY-1500 @ 1:44 ETing with TT, and best of morning, KCTX-1510 through KGA @ 2:03. Several questions (as usual, hi). Who was tester with ID @ 1:35? Announcement seemed to be "This is Radio Station K--R testing." Could this have been needed KPIR, Oregon? Who broke in at about 2am and mentioned testing main XR on 1480, WHOM? Didn't listen the rest of week until 4/11. 4/11 AM- WAGC-1560 with OC test, WCOY-1580 @ 2:40 with ET, and finally a Wyoming station got into this den as KROE-930 overrode WPAT for a while from 2:08 to 2:20, with several good IDs getting through. That makes 48 states logged now, with only Idaho and Alaska still needed. More questions: Who was tester on 800 @ 1:42 with ID that said "with power of 500w.?" Was this KBRN, Brighton, O.? According to VJ Log, it's the only station with 500w. at any time, excluding Canadian AN in Ontario. Did you hear them, Ernie? (No, Rich -ERC). Who was tester on 790 with TT but no IDs from 2:25-2:31, then again from 2:31 to ??? (I went to sleep - got sick of listening to TT). Who was tester on 1370 at about 1:48? No IDs (as usual) but TT varied in pitch. Veries in this week from KFDA-1440 WG00-1470 - one I had given up on. Address read "R. Gula, Middletown, Conn." no street address, and it still got here, in four days too. TIRICA-625 varied in a week, a v/c, first two were v/1, CFNB-550 gave v/c, and ZFBI-960 v/1 in only a week. Totals now read like so: Logged 870, varied, 70, states 48/40, provinces 9/5, countries 39/13. Reports this week to KPIR for tentative, CKVL WLBZ KROE. XERE is now back to Del Rio mailbox. KPNC - do they now s/off @ 2am? If not, who does on 1560 at 2:00 with SSB? If anybody has any answers to these questions, write. I want to correspond with some of you. My personal thanks for the helpful tips from Ken Murphy and Bernie Duffy. Chris Lucas - welcome to the NRC, you too, Jerry Bond. Bye from the AABHC. 73s.

Mike Bugaj - 197 Boston Road - Middletown, Connecticut - 06457

What better way could there be to end a DX season than to add ten new veries to your collection? Veries in from KASI-1430, KFDA-1440 KLMS-1480, KBOM-1270 (for state #43 verified), KMJ-580 (really surprised to get this one), KOMA-1520 CKLG-730 (province #9 verified), Andorra-998 (for country #27), KWYO-1410 (state #44) and Senegal-764 (for country #28). The CE at KASI says that to his knowledge, I am the furthrese listener to send them a report. My entire log for KMJ was two records, six minutes apart, and one ID. Those sending to KOMA should expect plenty of NRCI propaganda since they are typing out KOMA's veries with their permission. Totals are 1,091 heard with 104 veries. Since I started DXing four years ago I've managed to get 76% of my reports verified, which could be much better. FM and SW percentages are also pretty high. New DX: 3/29- KPCN-730 @ 5am w/instrumental guitar mx; WBLR-1430 @ 5:30 s/on; WAPO-1150 @ 5:34am; WCMC-1230 @ 6:20am; WCFV-1230 @ 6:30am. 3/30- HJCT-1190 @ 7:30pm; HIDV-1190 @ 7:30pm (clear IDs for both); HCGC2-895 @ 8:46pm; YNL-1115 @ 9:33pm. 4/+- WSHN-1550 @ 1:29 r/c WDW-1440 @ 1:50 f/c; WBRN-1460 @ 2:15 f/c; WGHN-1570 @ 2:45 f/c; WMAX-1480 @ 3:16 f/c; WPAP-1570 @ 6:48pm; WIAC-740 @ 8:45pm; 4/6- WKWF-1600 @ 1:30am; WJCO-1510 @ 1:45; WSTH-860 @ 1:40; KYSN-1260 @ 2ams/off. 4/9- WORG-1580 @ 8:01pm s/off (#25 logged on 1580); YSCB-1175 @ 9:30pm. Ever wonder what happened to Fred Hall (ex-WABC DJ)? He's doing a kiddie show on Ch. 5 (WNEW-TV). Something else unusual are WPOP-1410's pie-in-the-face commercials for their "good guys" on Ch. 8. WPOP is on the way to overthrow WDR-1360 as most listened-to station in central Connitcut. I'm sick of WDR so I hope they do. I missed a few loggings, so here we go again. 4/11- WCHB-1440 @ 1:13am; WGNI-1340 @ 2am; WGKV-1490 @ 2:08am; WFLB-1490 @ 2:07am and WIZS-1450 @ 3:02am. 73s, and see you all in the May 16th issue.

Ralph B. Sperry - 320 Warner Hill Road - Southport, Connecticut

I have not been very active but want to pledge my support to the leaders of this Club who have been so helpful to me during 15 years of membership during which I have built my verification total to 1,470. Stray reports since my last report in November were WRBD-1470 local WINE, new CBZ-1480, all verified and WEAS-900, WMEG-920 and tentative, WHOL-1600. Heard not well enough to report were WYRE-810 and WIOS-1480. A lonesome but long-sought catch was CKDM-730 on 3/26 @ 1:59am. Got up for a try on 3/30, found umn Montanan on 1370 but wasn't able to add anything. Some foreign results with (P.8)

April 18, 1964

D X N E W S

(Ralph Sperry) a verie from Portugal for March 1963 report, my first continental European. Barbados also heard and verified. No reply from Belize for September report and I can't get Senegal - yet.

Henry T. Tyndall Jr. - 285 North Street - Burlington, Vermont

Milestones: 6,300 veries; country #152. Darn near passed out when an airmail verie came in from Radika-640. It must be nearly seven years ago when I reported my first station in Surinam, after numerous attempts to confirm. We all heard "Radio Apinte" and I doubled my efforts. 600 kc/s. made it three and then Radika was heard 1/14/63. I did really think that I'd never land a verie from dear old Surinam. Now have all SA countries confirmed but French Guiana. Wonder if they will ever build a BCB station? I received the largest pennant ever seen from HIAT-650 Santo Domingo, very heavy felt; real nice. Both HIAT and HIBZ answered in nice long letters in very good EE. I can't seem to catch WKSX-1340. Plenty on this channel MMs but CJQC, Quebec City is a powerhouse here, nothing else sifts through. We arose at 3am Easter Sunday and drove to Mt. Mansfield for Sunrise Service. Was on top, via chair lift, at 6:45 and 359 hardy souls stood in the near blizzard conditions for the Service. Snow and wind quit soon after. Also took in the famous Easter Parade at noon. This is funny costumes and they really go all out. Did not see any of the Kennelys although some of my friends did. I have some swell pictures (slides) of Bill Kidd in action and close up, also Penny Pitou (Zimmerman), Pia Riva (Italy) and other Olympic skiers, these were taken on 3/11-15. Skiing and winter DX ease off about the same time. I don't think I will join John Callerman's Club. I tried to negotiate for a title (if I joined) and all he would offer was Custodian of Cuspids. I declined. P'touie! One more item directed to Ralphie. OK, I'll save my CMs if anyone happens to send me any. I have enough troubles finding room for veries! Golfing is just around the corner now. I note we have another DXer-Golfer in Ithaca. That Cornell layout is a beauty. The Ithaca CC is also tricky. The Newman nine is long and the Enfield nine interesting. Nearby Cortland CC is a great course. Now I'll get off these pages before someone hits me with a brassie. Happy Spring to you all. 73.

Richard Cochran - Sweet's Corner, Nova Scotia

Greetings from the Annapolis Valley! Winter is still very much in evidence here - all sorts of snow and ice. HNL on steady except 4/3 and 4/7. Things were really hopping 4/3 LA-wise - even WABC, WNBC and WCBS bowed down to SSers! IDed were Radio Carribean-840 at 8pm, 8:10 Guadeloupe-640, 8:30 WSYB on top of 1380. 8:39, Radio Belize-833. 9:00, "La Voz de Antioquia"-750 in very well, HJDK, Medellin, Colombia with "Caracol" ID. 9:10, Radio Tiempo-1200, 9:20 SS strong on 1180, VOA? Nearly all channels normally occupied by 50kwers had SS stations. Ondas Portenas, YVQO-650, is practically a regular evenings. Veries: CBY CKBC WWOL-1120 & WCRB-1330, all v/q, and one v/l- WMAC. Only one report went out - WMEX. My first to WMEX went three years ago. Are all Class IA and IV stations non-directional? Does ZBM2-1340 use lkw. at night? Since they went AN they really dominate the channel. The local Evangeline station, CFAB-1450 (others are CKAD & CKEN) has QC on AN - sort of messes up 1450 for DXing! I called the station to complain, and whoever answered said "We've authorized to use 1450 24 hours a day and we're bloody well going to!" However, he hinted that they might turn it off when the network extends s/off after the present 10:15. CBC is looking for FF relays in Quinan, Yarmouth Co., N.S. and Loggieville, near Chatham, in N.B., and EE relays in Larry's River and Canso, Guysborough Co., N.S. No word on frequencies or power. What is the new station in Hartford, Conn. on 1550? It comes in well but I just can't get that ID! (WEXT, West Hartford -ERC) Hope CJOC comes through - report out over a month. I have B.C. to hear and Alta., P.E.I. and Que. to verify provincewise. Am ashamed to mention states total! Noise keeps a lot of distant 50s like on 1500 1510 1520 out of sight. 73

Don Eggert - 1925 East Bowman - South Bend, Indiana - 46613

Hi everybody, from northern Indiana's most active NRC member. The first week of April was spent in North Carolina, where on my six transistor pocket radio many SS stations could be logged, although no reports sent because I took none of my equipment to do so. According to the P.O. Dep't. Ernie Cooper is unknown. My report for the last week in March was returned stamped "person unknown." That gives you something to think about, hi! (What address did you have on it, Don? -ERC) Now to the loggings. 3/21- 1:38am, CKDM-730 playing the Top Ten tunes in the Dauphin, Man. area. Being a teenager, I have a fair knowledge of the pop tunes, but I didn't recognize any of those played. 5:15pm, WTRU-1600. 7pm, WLDS-1180. 7:13, KCRG-1600. 7:15, KWNT-1580 s/off. 7:30pm, (P. 9)

(Don Eggert) KUTT-1550 (#2 from North Dakota). 3/23- 4am, WDEL-1150 NNRC DX Special, faded out at 4:10. 6:43pm, WCGO-1600. 4/9- 5:16am, WESC-660. Veries are v/q- KSTP KOB (state #30) CBW. v/1- KING (state #31) KRAK (Cal. #4) WKIX WDEL (state #32). WDEL had a very friendly letter, which mentioned that they had three reports from Indiana. V/s was Joseph W. Jones. Now that Spring CX have arrived I will do most of my listening during sunrise and SMS and MMs. My DX NEWSes are coming in OK now. Totals are: logged 446, states 32/ veried of 37 heard. 73s and good DX from the Home of the Fighting Irish of Notre Dame.

Thomas E. McNiff - 3844 Columbia Pike - Apt. 302 - Arlington, Virginia - 22204

Greetings! The big verie of the week here was one from the University of Santa Clara in California confirming that I can hang my earphones there next fall. The home location after 7/15 will be in the San Diego area, probably near Chula Vista. Will that make me the NRC's southwesternmost NRCer (excluding NZers, of course)? Towards the end of March I figured that the season was about over for DX, but last MM changed my mind. 4/6 brought four new loggings in less than an hour - WLBZ-620 reported @ 1:15-1:30 during special "Long-Distance Test." They said their signal was meant N to reach Europe and they were on from 12:30-1:30. This is Maine #2 for me. WEMJ-1490, Laconia, N.H. logged @ 1:05am s/off. WNDY-1500, Indianapolis, reported with ET @ 1:40-1:45. WSTH-860, Taylorsville, N.C. logged with test @ 1:50 u/WWL overlap. These were logged with the BC-60 with a set of new tubes and an attempt at a loop antenna - actually looks more like a lopsided X across the ceiling. Recent reports from 3/15- WCLS-1580 from 5 am s/on. CKL -1570 reported in my broken FF @ 5:15. F/up report to KFH-1330 from 5:45-6am. SSS reports during Spring recess week brought v/l's from WPEN-950 WFLO-870; v/q from WNEW-1130; v/c from WCOJ-1420, Coatesville, Pa. 3/22, KRMG-740 reported @ 2am s/off, KTRH-740 reported in the clear from 2:00 on. 3/23- WCOP-1150 reported @ 2:30-3 with no sign of WJBO DX, just XEJP u/WCOP. WADC-1350, Akron, reported @ 3:10-3:30. WIBG-990 reported @ 3:45-4. Recent veries - WCLS-1580 v/1 & CW, KTRH-740 with interesting v/1 (I used to live in Houston and commented in my report that I used to hear the Houston Chronicle comics read over KTRH. The CE confirmed that the same guy is still reading them - hi). WIBG-990 came through with a v/q. Special thanks to Bernie Duffy for the WEVD info, also to Randy Seaver for the San Diego welcome. Sorry I won't be able to make Buffalo but San Diego '05 is just fine. Hi, and 73.

Ronald F. Schatz - 8065 Crespi Boulevard - Miami Beach, Florida - 33141

As a loyal NRCer I have a vofession to make. I was stupid enough to join up with John Callarman's gang of "SW enthusiasts" believing they were working toward a constitutional club government. How wrong I was! Our own NRC has been "constitutional" since last August, only we call our document the "NRC Rules and Purpose" - 15 articles (pardon me) Rules of sound sonstitution. We seem to forget that our three so-called "dictators", who are really working their necks off for us, have the right to "make all decisions which shall be final" (Rule #6) as we members aren't capable of making such decisions for ourselves; we're only so gifted, you know. Then again, our benevolent Governing Body always makes the right decisions; they would have admitted publicly to their mistakes otherwise, wouldn't they? I think it's about time we gave thanks that we have such near-gods running our fine club. These men have given of themselves to no limits for us and have asked not one measly thing in return. Through their tireless efforts the NRC has become the best BCB DX Club in the world, and since "best" means "perfect" how can any other club do better? So why have democracy? It means a lot of red tape, and our three hard-working officers don't want to be burdened any more than they are already. As one NRCer to another I request that you agree with all that the Governing Body does for us; you'll only cause unnecessary trouble otherwise. Now, let's give a toast to those wonderful guys we have as officers. As George Orwell would have put it: Long Live Big Brothers Ray, Ernie, and Pete - they and they alone are the great NRC!

John Callarman - Box 1914 - Pampa, Texas - 79066

Re Roy Millar's 4/4 usings: I suggest principal that calls New Jersey transmitters New York City (WABC, etc.) should apply to Washford. "Radio Monaco" transmitters are located in the mountains of FRANCE overlooking Monte Carlo. I believe Washford is closer to Wales than Monte Carlo transmitter is to Monte Carlo, hi! Studio location, I feel, should prevail when primary coverage area is centralised on studio city. Seriously, I did try SW DX in March with some success. But I'll be back! 73.

* AS THEY SAY IN ST. JEAN, QUEBEC - "CHRS." "COME to the HOOTENANNY at RON SCHILLER's
* on May 24th! It's a gala Sunday afternoon get-together of NRCers. You're invited!

John Daller - 19997 Ward - Detroit 35, Michigan

Hi guys, from a winner! Flash: Paul Bartoz' and John Daller's separate grand national plans for you SCers draw toward a showdown vote! These are in direct opposition and cannot co-exist. More later. If half the guys I phoned just for kicks last Friday would Muse, this'd be a big section! Great talking to all of you, including Paul Bartoz, La Grange, Illinois' answer to the Beattles, and Tom Sherman, Manistee; Frank Merrill, Saline, and Ken Butterfield, Plymouth, all Michigan. Fast-talking Paul knows a lot about SCing, DXing, etc. and rates another call soon. Tom, Frank, and I were hooked up in a three-way conference call and I tried to work in Ken B. with amusing, yet frustrating results - one way conversation at a time! Will call again soon, maybe by the time you read this, guys, all calls courtesy X Company's tie lines (no cost) to many cities. Misplaced or forgotten DX from the "mystery set." 3/26- WFEA-1370, first N.H. 12:35-12:58am s/off, WDRC-1360 lam, WWSW-970 1:30am f/c. 3/22- WTRU-1600 u/WAAM 10:10-10:18am, WHOF-1060 10:30am. 3/1- WKID-1580 Ill. 6:44-6:53pm and 7pm s/off, WTTN-1580 6:53-6:57pm s/off. Some radio offers worth sending a postcard for: Ugly Club, to join, write Ugly Dave Prince, WXYZ, Detroit 19, Mich. (mention my name to my buddy, Dave); Teenage Underground, Lou Tomasi, CJSP, Leamington, Ont. (your school may get on the CJSP SCs); Bumper Sticker and SC, 5¢ stamp to WTAC, Flint, Mich. Mention NRC if you want. By the way, anybody know if WTRC, Elkhart, Ind. prints SCs? I don't think so, RJS. 73 from just a guy.

Walt Snyder - 710 Stewart Avenue - Apt. 1 - Ithaca, New York - 14850

My first crack at MM (4/13) offerings in a while turned out to be a poor one. CX were real bad with medium-heavy static and persistent electrical interference which I strongly suspect is largely due to my RX, Lafayette HE-30. Couldn't pick up anything of KIMED DX through all the gobbildygook, and a try for KENO-1460, Nev. probably fell short from static, with a wild guess out on a Beattle's Record. New stations picked up 4/13 include WISM-1480 at 12:15am, WRAL-1240 @ lam, then caught WGUS-1380 s/on @ 4am and ran into KCBC-1390 at 4:10. I wrapped up the wretching morning with WPON-1460 RS @ 4:45am and WIRL-1290 after 5am. Other bits of garbage from the previous week include WLOF-950 at 10pm in Allentown while home on Spring recess. (My Panasonic's built-in ferrite did a good directional job on WPEN here). WEND-1580 s/off @ 7pm 4/11, and WBSC-1550, the same night, with CBE apparently directionalizing at 7:30 and covering up 1550. Recent veries in include WINZ CKLG BHBS-835 KWWL WAVZ & WKMI. Stations now stand 268/368 in Allentown, and 49/71 here in Ithaca. States in Allentown 37/38, in Ithaca, 41/42. Provinces likewise 7/8 and 8/9. 73s as usual.

Joe Boatwright Jr. - 2 Cherry Lane - Basking Ridge, New Jersey

Greetings from an ex-Georgia DXer! After 1 1/2 years of DXing in Atlanta, my DX roots were pulled up and I was forced to bein' DXing here. Ernie, are there many NRC members in Georgia? (No, Joe, very few -ERC) Down to DX. 3/29 Logged WRIB-1220 @ 5:45pm s/off, my last unlogged Providence station; 6:00, logged WTTT-1430, s/off o/WNJR; 6:30, logged WEDO-810, s/off. 4/2- 2am, logged WEZY-1350, good signal u/WADC; 2:10am, logged WMFC f/c; 5am, logged WRSJ after listening since s/on at 4:30. 5am, logged VPDQ-600, s/on, great signal over everything. (Received v/q from them today); 6:45pm, logged WJUN-1220, s/off; 7pm, WEND-1580, s/off. 4/4- 2am, logged CKOC-1150, 4/5- 8pm, logged CKJL-900 with rr. 4/6- lam, WKWF-1600, with SS. 4:30am, WCGC-1270, s/on. Also at 4:30 s/on, WGBA-1270. 4:50am logged WPON-1460, heard them say something about extra half hour. Must have signed on at 4:30. 4:53am, logged CFOX-1470 s/on. 4:55, WIMA-1150 s/on. At 5:30, logged WHLL-1600. (s.off in April is 7pm). 4/7- Logged WEND-750, s/off. That's DX up to now. 73s and good DX.

Russ Edmunds - 24 Rosslyn Court - Little Silver, New Jersey - 07739

Well, now I begin to feel like I'm getting somewhere. Veries in from BHBS-834; ZFB1-960, WYNS-1150 w/CM & SC; WKIX w/SC. Totals now 479/87; countries 18/4. New loggings: 4/7 on SSS (if you can call it that) WAPE-690 for report and a split-second ID of WTIX. Bob Foxworth - still looking for an HQp129-X? I may be able to hold one for you locally - \$125. Excellent condition. Think you can make WAEC start verifying? In my opinion, the world can do without clods who write nasty letters just to see 'em in print or to get nasty replies (which are all anybody else who tries will get)! Too bad ---- didn't go completely anonymous. J. Callarman - Applause! Plans here call for adding my Heath-Q-multiplier to the HQ-100. Also want to add an extra antenna tuner since I have no image rejection and poor response below 700 kc/s. New images - WWRL on 680 & 690! Brings image total to 29 (shades of Gary Collins, hi). Guess I'll have to learn SS to get LA veries! 73.

Howard McClain - 3012 23 Street West - Seattle, Washington - 98199

I have counted loggings since 1/1 and find total of 137 new ones. Brings total to 751 since returning to BCB DXing in October, 1962. AN situation continues to get more a-bominable. I have noted that Roy Millar and I do not hear the same DX stations on the same channel on the same night. Thirty mile separation can make quite a difference. I'd gladly swap locations, natch. 2/16 was good for Hawaii with KIKI-830, K200-1210 and KOHO-1170 added to the list, all between 10:57 and 11:48pm PST. DU stations coming in well this month. 3L0-770 in 4/4 for four solid hours starting at 1am PST. Would like to hear some of their pleasant type programming on U.S. stations. Japanese stations showing on frequencies above 1200 kc/s. for a change but ID tough due to multiple listings. KFAR-660 in Fairbanks on AN night of Earthquake, relaying NX from Anchorage (KFQD on emergency power). Offered local NX service my tape but they said there might be legal problem. They did accept all "ham" reporting from the scene, however. I received "mimeo verie" from WLUV 3/21 for a thank-you card sent them for their TEST of 2/25/63. Have a mystery: Station on 1590 kc/s. announced #It is two minutes after five MST and the temperature is 41° here in Clearfield." The MST is correct as I heard them at 4am PST. Only Clearfield I find is in Utah. Only other MST station listed on 1590 is KCHY and WX bureau lists temperature much below 41° at 5am. No VJ, BYB of Seabrooke listing to my knowledge. Any dope? Another unID I have is a CST station on 790 kc/s. that's on at 2:30am CST and advertises "The Home Furniture Co." Who's that? 73.

Roy H. Millar - Box 91 - Marysville, Washington - 98270

Several new loggings at this den since last report a week ago, i.e.: 4/3- 4WK-880 Warwick, Qsld. 6:58-7:38am, lkw I believe. 4/5- KANN-1250 Ogden, Utah ID @ 7:58am, probably had s/on around 7:45am, being April sunrise in Ogden area. 4/6- KTLW-920 Texas City, Tex. s/on 5am, nicely in clear; KQEO-920 Albuquerque, N.M. s/on 6:59am, logged until 8:30; barely atop KQEO. Mailman has deserted me; no/ veries! Some of you have questiond just how I could have 100 foreign reports out for the season; well, lads, here they are - at least the first 50 as I wouldn't want to drive ye Ed. too batty! Underlined indicate heard for first time this season; * indicates verified as of this writing - on the mark: 4RK-840* KTRG-990* Radio Belize-834* 2CO-670* HJED-820 5AN-890* 3L0-770* 4ZA-820* "Radio Peking"-840 3GI-830 KAIM-870* 1YC-880* YNOL-828* "Radio Peking"-880 2FC-810 2AP-1420* 2GL-820 3YW-1460* 2XA-1200* 3ZB-1100* 2XB-840 4QA-720* HJBI-840 2CY-850 4TO-780* 4YA-780 2CO-1020 4GMB-590 2YC-000* TGJ-880 HJKC-850 KGU-760* XEQR-1030 "AFRTS"-1425* HLKB-890 JOOR-1210* "Radio Pyongyang"-785 JOBB-830 YNW1-875 TIAC-1025 YSS-655* VOA-1178* YVLW-890 WABA-850, JBC-700 YVME-1120 KFQD-730 XEAZ-1270* "Radio Guadeloupe"-640 "Radio Barbados"-795*. OK, second 50 next Musings. Some of the above were (or are, as the case may be) unverified prior to this season, although not unheard but as you can see only seven of the above that are verified were actually new loggings this season. Back to current DX for a moment; morning of 4/8 saw a station on 660 kc/s broadcasting about emergency conditions due to 7.5 inches of rain at 5:40am. KSKY was not yet on, and it didn't sound like WNBC, so an inquiry is off to WESC, Greenville, S. C. Evening of 4/9 (actually 4/10 EST) found me chasing an elusive rr on/about 1206. I never did ID. Not only weak with complete fadeouts, but announcements indistinct, and I'm plagued with CW signal on that frequency too. Did not appear to be an image from any local, so think it was another of these low or so unlicensed operations. I quit working on same at a minute or so before 1am when the DAK3 showed a definite signal on 764 with BFO on. By 1:04am I had a very listenable signal on this frequency on the HQ-180 by using lower sideband only to clear out WJR. The time that this signal showed up definitely indicates 'twas Dakar, although nothing but mx, rather pretty with strings and drums (no chants) showed up by 1:15am when I hit the sack but left recorder on. 73.

Len Dunikowski - 366 Lincoln Avenue East - Cranford, New Jersey - 07016

V/c from RAI-845, along with sked and pamphlet on Italian mountain tunnels. DX again mostly local: 4/3- WAVA-780 6:45pm s/off, asking listeners to tune to WAVA-FM; WCPS-760 6:48 s/off. 4/6- WEXT-1550 noted at 6pm; WHAZ-1330 at 6:20pm w/light mx. 4/8- WCED-1420 CBS Sports @ 6:55pm; WCOJ-1420 light mx @ 7:01pm; WKBR-1250 ending NX @ 7:05. Incidentally, WXVA-1550 s/off 6:45pm with Perry Como singing "The Lord's Prayer." 73s.

Bernie Duffy - 77 Livermore Avenue - Staten Island, New York - 10302

Thanks to Ron Schiller's phoned tips, I logged the following: 4/7- WSTH-860 Taylorsville N.C. ETing @ 2:15 with a good signal, and ZEM2-1340 heard through the hash 4/13 @ 3:45 am. The latter is in Hamilton, Bermuda, and may be an ANer. KCLN, Clinton, Iowa, sent a friendly letter verie.

Rich Heald - 733 Arbor Drive - San Leandro, California - 94577

DX last MM (4/6) was horrible with so much static and noise that local 5kw. KFRC-610 was completely distorted and there was a loud hum accompanying the static. No new stations were logged, but I did get a new one the morning before and Sunday evening 4/10. SM logged WSMB-1350 and Sunday afternoon KATY-1340. Eight veries in this week. I'll give the addresses along with the calls. KEYS-1440, Box 1460, Corpus Christi, Texas. KWCO-1560, Box 770, Chackasha, Okla., KCLX-1450, Colfax, Wash. KNKS-620, Box 49, Hanford, Cal. KUBA-1600, Yuba City, Cal., KWIP-1580, The Penthouse, Hotel Tioga, Merced, Cal. KCEY-1390, Turlock, Cal. Totals are now 400/270. Yesterday (4/11) there was a DX gabfest at my place. Besides me, there were eight who came. David Prather of Woodland brought his HQ-180 and needless to say there was quite a bit of DX done. However I do agree with David when he said the HQ-180 isn't all it's cracked up to be. No offense to you HQ-180 owners, but for the price, the HQ-180 is really poor! True there's a wide bandspread, but I never have heard so much xlop and images produced on one radio. My ten tuber which is 30 years old and cost only \$16 (used, of course) equalled the reception of the HQ-180 most of the time. However we did log KBIF-900 (station #400), Fresno. Considering that 5kw. KEWB-910 was on I think that was pretty good reception in that one case. IMPORTANT! I made a big mistake in the listing of the KYA DX Test. I forgot about DST. The time listed would be correct for EDT, not EST. So please change the time to 3-3:30am EST. I heard that WNDR will be on at the time of the test. If so, I guess KYA won't make all the way to the EC, but try anyhow. Once again, I'd like to thank Bill Wilson, Bob Pietsch, Bob LaMotte, David Prather and Pete Taylor for coming over Saturday. Another gabfest soon? Not at my house though, hi. Oh, couple of guys from the San Jose area, and Greg Haller from San Leandro were also here. Maybe I can get them into the NRC! Maybe next time, Mel Dilbeck, Gene Allen, Clarence Freman and Byron Barnum will be able to come next time. Now that it's Spring, EC stations are coming in loud and clear. The best CX from the EC here is in the Spring, not Winter. My least amount of static is in the summer instead of winter. Wild, huh? For those interested, I'm compiling a list of WC rr stations (the ones I know of) & for those who want such a list write & send 5¢ stamp. I have about 40 KLIV SCs. Any offers? Good DX to all. 73s.

Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06431

I've been a member of the NRC for only a few weeks, so this is my first Musings. RX here is Lafayette HE-30, with 200 foot longwire antenna running WSW from house. Stations logged, 575, with 69 veries. I found CX on the night of 3/28 the best in a long time. DX as follows: 3/28- WIDE-1400 @ 7pm, PJC2-955 @ 9:50; Port Maria, Jamaica-750 @ 10pm; YVQJ-1080 at 10:13 averaging as strong as semi-local WTIC; YNDS-675 at 11:07, VOA-Munich-1196 at 11:59pm with EE ID. 3/29- Bordeaux, France-1205 at 12:02am and Lille France-1376 at 12:07 with identical programming as Bordeaux; CKKW-1320 at 1:08am, WBMD-750 at 12 noon, and WBRV-900 at 5:56pm. 4/1- Radio Senegal-764 at 6:25pm with 10 db signal, WCPC-940 at 7:30pm s/off. 4/3- WCFR-1480 at 6pm, WSGO-1440 at 6:41, CHOK-1070 at 7:12 u/CBA. 4/4- WHHY-1440 at 12:52am with 1am s/off, WILS-1320 at 2am u/strong carrier, WPEP-1570 6:31pm heavily QRMd, WPXY-1550 at 6:36. 4/5- WKCW-1420 at 6:45pm s/off. 4/7- "Radio Tiempo"-1200 at 8:02pm pretty much in the clear, WLCY-1380 atop frequency at 9:35pm, heavy WBNX QRM. 4/8- WCED-1420 at 6:59pm with 7pm CBS NX. 4/10- WDOS-730 at 6:44pm s/off. 4/11- KELO-1320 at 1:31 for my first S.D. and state #39. I lost ELO after about a minute, but sent report anyway. Also 4/11, WGOH-1370 at 2:00 o/WSPD with test, and WNAV-1430 at 2:30am. March was the best month so far this year for me, with 52 new stations logged. Veries very slow. Just got over two weeks with none at all, when WLIS and WATI came in. Reports out in the past three weeks to the following with no returns yet: KLOU WSKT WANT YVQJ WCPC WHHY WROK & KELO. Main targets now are Kansas and North Dakota. Best of 73s to all. (Welcome to the NRC, Chris, and we all hope for many more fine Musings reports like this one! -ERC)

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

No veries this week, and just one logging; WPGM-1570, ex-WBDS, 6:30-6:45pm s/off with concert organ mx, etc. Thanks to Roger Winsor for the nice phone call Monday night! Also phone call from ex-NRCer Dave Roys (on his way to Lisbon) saying that NRCI will soon change its name. This little remaining space will be devoted to thanking all of you for your wonderful support of DX NEWS and NRC. To our new members who have reported in for the first or second time - please keep it up! Let's hear from you for every issue! Only one more of the weekli issues, and then it's every month through the summer. Please support our hot-weather issues with your Musings & IDXD & DXDD items! 73.

Now that the summer issues will begin next month, and you have some new F/Cs, send them to Ev Johnson for this column, BUT also send them to Joseph Fela Jr-167 Goodwin Ave-Newark, N.J. This way members will know about them and be able to land a few during the summer, and they will also be included in the NRCs annual F/C list by Joe Fela.

Foreign Contest

Pete Taylor asks that all contestants please send their Foreign Contest entries to Ben Dangerfield - 202 Governors Drive - Sproul Estates - Checter, Pennsylvania who will take over the Contest Manager job for the remainder of the contest as Dave Gleason is now in South America and cannot, without difficulty continue. So those FOREIGN CONTEST entrees be sent to Ben at the above address immediately.

To All; Because this sheet is ran thru last and is in most cases out of order, we ask that you insert it in its correct place in your DX-N.

EDITED BY PETER V. TAYLOR, c/o KFOG, 420 TAYLOR ST., SAN FRANCISCO, CAL. 94102 U.S.A.

GOOD DX ACTIVITY CONTINUES ON INTO APRIL IN SEEMS. A NEW NIGERIAN OUTLET ON 953 ENTERED IDXD FOR THE FIRST TIME THIS WEEK. ARE YOU REPRESENTED BELOW? LET'S LOOK:

- 640 PARAMARIBO, SURINAM "RADIKA" VERIE LETTER SAME AS BD AND OTHERS AFTER TRYING TO VERIFY THREE OTHERS IN SURINAM FOR NEARLY 7 YEARS. COUNTRY #152 AND COMPLETES SOUTH AMERICA, MINUS FRENCH GUIANA (HTT)
- 650 HIAT SANTO DOMINGO, DOMINICAN REPUBLIC VERIE LETTER WITH EE, BEAUTIFULLARGE BENNANT. "RADIO UNIVERSAL," HOTEL JARAQUA. V/S ELLIS PEREZ, DIR. (HTT)
- 700 YWMH MARACAIBO, VENEZUELA GOOD WITH 3 CHIMES AND SPANISH ID 2222 3/25 (GN)
- 750 HJDK MEDELLIN, COLOMBIA "LA VOZ DE ANTIOQUIA" WITH FULL SS ID 2328; THEY AND JBC KILLING WSB, 3/16 (GN)
- 760 WORA MAYAGUEZ, PUERTO RICO IN ON TOP OF FREQUENCY 3/30 1800-1830 (BD)
1YA AUCKLAND, NEW ZEALAND HEARD WITH 1YA/1YW CALL AND TIME 4/6 0600 (RHM)
- 764 DAKAR, SENEGAL FURNISHES LOCAL RECEPTION HERE FOR THIS AFRICAN MUSIC APPRECIATOR; CARRIER FIRST FADES IN 1 HOUR 32MIN BEFORE LOCAL SUNSET WITH BIG JUMP 1:22 BEFORE SUNSET. FROM GEOMETRICAL CONSIDERATIONS, IT LOOKS LIKE DOUBLE F SKIP. ARABIC, NATIVE, LA & EUROPEAN MUSIC ALL PLAYED TIL S/OFF 1902 W/ANTHEM. MOSTLY FF BUT SOME ARABIC HEARD. S/ON NIGHTLY 0100 EXCEPT 0200 MMS PER WRH, OUT AROUND 0345 (GN); LOGGED 4/10 AT QUITE A LISTENABLE LEVEL 0400-0415 WHEN FADED OUT; BACK IN AGAIN BUT VERY WEAK AROUND 0500. NO OTHER TA SIGNAL NOTED DURING THIS OPENING (RHM); GOOD 0056 OC, 0058 WITH IS ON HARP(?) THEN GOOD SIGNALS PART OF THE WAY TIL 0146, 3/23. FIRST CHANCE TO CATCH THIS AND LAST TIL SUMMER. NEW CONTINENT (FM)
- 773 VALENCIA, SPAIN RNE V/L EE (DIRECT FROM VALENCIA), V/S A. MARTORELL, ENGINEER. #19 FROM SPAIN AND #192 FROM EUROPE (HTT)
- 780 4YA DUNEDIN, NEW ZEALAND HEARD 0500 BRIEFLY 2/17. SENT REPORT TO SEE IF THEY CAN VERIFY THE LITTLE I HAD TO REPORT (FM)
- 830 3GI SALE, VIC. AUSTRALIA MAY BE THE "WNYC" I THOUGHT I HAD 2/17 0513. THOUGHT I HEARD "NEW YORK CITY" MENTIONED BUT IT WAS FADING TERRIBLY AND JUST ABOVE THE UNKNOWN STATIONS WHICH I PRESUME TO BE ARGENTINIAN. WILL REALLY FLIP IF THEY VERIFY. (FM)
- HJDM MEDELLIN, COLOMBIA. COLOMBIAN HERE WITH SLOPPY MODULATION GIVING ID AND A LIST OF STATIONS 0130 3/15 (GN) (HJDM MOST LIKELY-PT)
- 834 BELIZE, BRITISH HONDURAS PRESENT SKED WEEKDAYS 0700-1030, 1300-1400, 1730-2300 (RSDXB) (ARE WE STILL GETTING 0630 S/ON LADS--?--PT)
- 835 HR.. TEGUCIGALPA, HONDURAS "R.1STMANIA" HEARD HERE 2/11 0100 S/OFF. CALL SOUNDED LIKE HRST BUT COULD BE SOMETHING ELSE (NNRC) (DON'T HAVE ATLAS HERE BUT THINK THIS IS SAME AS COMAYAGUALA REPORTED ON 830 LAST WEEK--PVT)
- 840 CASTRIES, ST. LUCIA, W.I. NOTED ATOP FREQ IN FF 4/3 1930, NOT HEARD AS OFTEN AS WHEN ON 830 (BD)
- 850 KICY NOME, ALASKA HEARD 0429-0503 WITH ID 0430 AND PROGRAM OF CLASSICAL MUSIC. VERY STRONG BETWEEN PERIODS OF FADING. 3RD ALASKAN (BP)
- 872 ZARAGOZA, SPAIN IN FAIRLY WELL 4/9 1905 TO S/OFF ABOUT 1915. A TOUGH ONE TO SEPARATE (BD)
- 875 TISS SAN JOSE, COSTA RICA REGULAR CUSTOMER AT THIS SPOT MOST EVES THOUGHT I HAVEN'T REPORTED THIS SEASON. DID NOT VERIFY FOR ME SEVERAL SEASONS AGO. NO FOLLOW-UP (BD)
- 880 --UNID-- TP, IN AND OUT AROUND 0200, NEVER READABLE, 3/30 (GN) (#BBC-881?-PT) (OBPS, WRONG CONTINENT. 1YC MOST OFTEN HEARD HERE-PT)
ZYU33 GUIABA, BRAZIL. BRAZILIAN NOTED HERE MM 4/6 0400-0425, ALL ALONE. THINK PROBABLY RADIO ITAI. REPORTED, STILL UNHEARD FROM (BD)
- 885 --UNID--. HAVE DONE ALOT OF RESEARCH ON THIS ONE AND I NOW THINK IT MAY BE RADIO. MONTSERRAT, ALTHOUGH THE VOICE MODULATION IS SO WEAK I CAN'T READ THE ID. DEFINITELY EE WITH BBC NEWS, ETC. AND S/OFF APPROXIMATELY 2100 WHICH AGREES WITH WRH SKED FOR MONTSERRAT. MAYBE THEY MOVED HERE INSTEAD OF 845 AFTER ST. LUCIA MOVED TO 840 (BD) (MONTSERRAT REPORTED ON 845, RFS, 6/15-PT)
- 895 OBX4X LIMA, PERU. LA UP WEAKLY 2346 3/26. (GN) (ONLY REPORTED 895ER HERE-PT)
- 917 LJUBLJANA, YUGOSLAVIA SURPRISE HERE, GOOD IN SLAVIC W/WAGNER OPERA 1750-1830, COUNTRY 49 (GN)
- 935 AGADIR, MOROCCO PRESUMABLY THE ONE HERE 3/23 WITH CHANTING 0138-0152. TENTATIVE REPORT SENT. #2 FROM AFRICA IF THEY VERIFY (FM)

- 944 TOULOUSE, FRANCE ESPECIALLY GOOD 0030 3/29 (GN)
- 950 LR# BUENOS AIRES, ARGENTINA HEARD 2/24 0423 WITH SLOGAN (FM)
- 953 ENEGU, NIGERIA TENTATIVELY LOGGED AS W.AFRICAN HERE GIVING "R. INTERCONTINENTAL" SPAIN A VERY HARD TIME WITH W.AFRICAN NATIVE MUSIC AND CHANTS. 0057-0121 FADE 3/29 (GN)
- 1000 WBNB CHARLOTTE AMALIE, V.I. HEARD 2/24 FOR BIG SURPRISE. VERIE IN. 0420, ON. (FM)
- 1015 HOU44 PANAMA CITY, PANAMA "R.RELOJ" GOOD WITH ID 0324 3/30 (GN)
- 1020 ---UNID---WHY BOB DXERS GET ULCERS. TP HERE MIXING IT UP WITH KGBS AND UNID LA 0325-0440. EE BY MAN ANNOUNCER WITH BRITISH ACCENT. NOT QUITE AS CLEAR AS KGBS BUT OCCASIONALLY OVERRODE THEM. MOSTLY JAZZ PIANO MUSIC, I THINK BUT IT WAS HARD TO KEEP TRACK OF WHO WAS WHO. SIGNAL CAME WAY UP 0422, PROBABLY WOULD HAVE GOTTEN ID IF KDKA HADN'T PUT OPEN CARRIER ON. THIS HAS GOT TO BE EITHER 2KY OR TONGA (SHADES OF F.MERRILL, HI!). REPORT OFF TO THEM. OTHER TP'S SEEMED TO BE BREAKING THROUGH BUT I CHOSE TO STICK HERE (GN)
- 1125 TISR SAN JOSE, COSTA RICA. V/L, V/S ODILIE B. DE ARAYA, SEC. NO CALL ON THIS BUT ASSUME TISR. "SISTEMA RADIOFONICO HB" OWNS "R.RELOJ" TIHB-700; RADIO POPULAR-1125 AND RADIO EXITOS-FM. WRTVH GIVES SW CALL AS TISRHB (R. POPULAR) SO I'LL SETTLE FOR TISR-1125 (HT) (DFG SAYS TISRHB-1125 - PT)
- 1170 WLEO PONCE, P.R. HEARD ON RS 0404-0426 3/30. EE/MX AND SS/ANNCG WITH WWVA TEST AT 0426. V/L, Box 1526, PONCE. HAS LION SAYING "TODO EL MUNDO QUIERE A WLEO." V/S CHARLES CORDERO, SAYS OPENED 11/3/56, 200' TOWER. SKED 0400 (SUN 0600)-2400. MM'S BEST. (RMJ)
- 1200 ---UNID SS---. CONTINUOUS NEWS, DIT-DIT-DAH BETWEEN EACH ITEM, SAYS "RADIO BAHIA" EVERY FOUR MINUTES. AFTER 0501-0505, COLOMBIA MENTIONED 3 TIMES. PORTUGUESE UNDER IT. NEWS ANNOUNCER DIDN'T GIVE THE IDs, ANOTHER DID THAT. MOST OF NEWS ABOUT BRAZIL OR COL. NO CALLS, JUST "R. BAHIA." (BS) (RADIO TIEMPO IS YVOZ CARACAS, PERHAPS SLOGAN CHANGE-PT)
- 1210 KZOO HONOLULU, HAWAII PP VERIE, TOOK TIP FROM MUSE AND TRIED ONE. HAD WRITTEN 2 F/UPS VIA AIR, WITH 8¢ RETURN. ALSO ENCLOSED 3 PICTURE POST CARDS AS A HINT BUT MARY K WONG, PRES. JUST SENT THE CARD BACK. ANYHOW, #12 AS A STAE AND HAD 15 BEFORE, SO TOTAL 27 (HTT)
- 2340 ZBM-2 HAMILTON, BERMUDA. ALONG WITH OTHER NRCERS I CAUGHT THEM AT 0330 WHILE LOOKING FOR HIEZ WHICH I DIDN'T GET. HEARD THE TIME IN AST BUT DIDN'T REALIZE I HAD ZBM2 TIL I TALKED WITH BOB FOXWORTH ON SUNDAY. DID NOT REPORT THEM YET (BD)
- 1390 HJTJ CERETE, COLOMBIA V/L, REGISTERED AND SPECIAL DELIVERY, SIGNER??? RUBBER STAMPED AND BY SUB-GERENTE. #71 FOR COLOMBIA (HTT)
- 1410 YVNV GUIRIA, VENEZUELA, INTERNATIONAL REPLY CARD, RUBBER STAMPED, AND SIGNER LOOKS LIKE J. GONZALEZ, DIRECTOR. 46TH VENEZUELAN (HTT)
- 1510 2NA NEWCASTLE, AUSTRALIA LOGGED 4/6 0400-0450 THANKS TO BOB FOXWORTH WHO HEARD IT PREVIOUSLY. OTHERWISE I MIGHT NOT HAVE LOOKED FOR IT. GOT SOME DETAIL, BUT IT WAS BARELY READABLE. HOPE ENOUGH FOR VERIE. THRU WLAC CARRIER (BD)

AROUND THE WORLD

AUSTRALIA---CP ISSUED FOR AUSTRALIA'S 111TH COMMERCIAL STATION, NAMBOUR, VIC., 1320, WITH 2KW. ALSO, 6CA-660-CARNAVORN IS NOW 720, HAVING SWITCH WITH 6GF-KALGOORLIE WHICH MOVES FROM 720 TO 660 (NZDXT)

OCEANIA INACTIVE: NEW HEBRIDES
WAKE ISLANDANTARCTICACHANGES & ERRATA

1. ADD CANAL ZONE UNDER CONTINENT OF NORTH AMERICA, LISTING, 4/11 ISSUE.
2. IN RULE #4, 1DXD, P.4, 3/28/64, "SUPREMACY RATINGS STANDARDS" ADD THE SENTENCE AT END OF PARAGRAPH: "DO NOT COUNT U.S.A. AND CANADIA VERIES IN THIS GROUP."
3. ADD BARBADOS UNDER CONTINENT OF NORTH AMERICA, 4/11 LISTING.
4. ADD BALEARIC ISLANDS AND CRETE TO CONTINENT OF EUROPE, 4/11 LISTING.
5. DELETE RHODESIA/NYASALAND 4/11 LISTING UNDER AFRICA.
6. THEN ADD THESE 3 COUNTRIES TO AFRICA:

(A) NYASALAND; (B) RHODESIA, NORTH; (C) RHODESIA, SOUTH

IT IS FULLY REALIZED THAT THE NATIONAL RADIO CLUB COUNTRY LIST WILL NOT INCLUDE EVERY COUNTRY IN THE WORLD AS SOME OTHER CLUBS DO. THE REASON THAT IT WON'T IS THAT WE WILL ONLY LIST COUNTRIES WHICH HAVE BOB STATIONS, SINCE THE NRC IS STRICTLY A BOB CLUB. THERE WILL BE DELETIONS AND ADDITIONS TO THESE LISTS AS CHANGES ARE NOTED. WE HOPE TO KEEP CURRENT WITH LAST LISTS NOW BEING SUBMITTED. YOU HAVE BEEN PATIENT ABOUT THIS WHICH I APPRECIATE; HOWEVER, IT TOOK A LOT OF TIME TO CHECK THESE COUNTRIES --AS COUNTRIES--AND TO ASCERTAIN IF THEY HAVE BOB STATIONS. WE WILL CERTAINLY CHECK ALL INQUIRIES AND QUESTIONS FROM MEMBERS AS WE, TOO MAKE MISTAKES NOW & THEN.

HANK WILKINSON

COMMENTS. CONTEST STANDINGS NEXT ISSUE--DON'T PANIC! I HAVE THE LOOT! RADIO MOSCOW IS CURRENTLY JAMMING SOME PEKING BROADCASTS BUT DON'T KNOW IF ON BCB YET. BRIEF GET-TOGETHER AT RICH HEALD'S THIS PAST SAT. 4/11 WITH MEMBERS OF MANY CLUBS REPRESENTED. SOMEHOW OR OTHER WE TALKED DX ANYWAY... I AM GRATEFUL FOR THE LETTERS OF SUPPORT AND THE KIND COMMENTS. HOWEVER RATHER THAN TAKE UP 1DXD SPACE TO TELL YOU HOW GREAT WE THINK WE ARE, WE HAVE JUST STUCK TO DX IN THIS COLUMN. WE WON'T SAVE THE WORLD THIS WAY, BUT YOU MIGHT FIND SOMETHING USEFUL FOR YOUR INTERNATIONAL DX EFFORT.. THIS SEEMS TO BE EVERYTHING IN AS OF TUE. AFTERNOON 4/14 SO 73S TIL YOU GET YOUR SENEGAL VERIE, OR AT LEAST TIL YOU READ ABOUT THE INDIAN WHO HEARD A TP...../PT OOPS--JUST CAME ACROSS HILDING GUSTAFSON'S NOTE. HILDING'S (ROCKFORD, ILL.) REGULARS ARE NICE, OLDENBURG, MAINFLINGEN (LATTER THE BEST). 3/3, TALLINN-1034 TURKU, VILNIUS, KALUNDBORG AND SPAIN-638. OTHERS HEARD DAKAR 746/1538. VERIES THIS SEASON BARBADOS, WARSAW(2); CSB4 CSB9 KALUNDBORG SOTTENS ST. PIERRE & MIQUELON, COVILHA-1562. OK THAT'S PRETTY GOOD DX FOR ILLINOIS AND EVEN MORE PROFF THAT GOODIES ARE AVAILABLE--73S.
