1965
CONVENTION

Cedar Rapids
Iowa

Sept. 4-5-6

PLAN NOW
TO ATTEND

RICHARD H. COOPER, Exec. Secy.
and Publisher
P. O. Box 223, Kittanning, Pa. 16201

ERNEST R. COOPER, Editor
"Musings of the Members"
438 East 21st Street
Brooklyn, N. Y. 11226

JOHN CALLARMAN, Editor
"International DX Digest"
P. O. Box 1914, Pampa, Texas 79066

Convention Headquarters:
2509 D Ave. NE Cedar Rapids, Iowa

Volume 32 - Number 34 Concluding our 32nd Year of Service to DXers August 21, 1965

CINCINNATI BATTY OVER N.R.C.!

Enclosed is a well-spent \$4.00 for another fine year in the NRC. DX NEWS has helped my loggings and varies tremendously." -WILLIAM H. BENS - Cincinnati, Ohio

CONVENTION AT HAND!

Yep, boys, it's only a few days away now! Are you coming? There's still time to decide in the affirmative, and when and if you do, you'll be voting for a great weekend of DX fun and merriment in Cedar Rapids. Elsewhere in this issue you will find more details and Bob Gorsuch's & Len Kruse's invitation to come to the friendly Iowa city over September 4-5-6 Labor Day Weekend. There will be, from the looks of the mail, a fine crowd of avid NRCers there, so why don't you swell the throng & at the same time have yourself a real BALL? A word also about the BATS - they're great! Steak? You bet - a real specialty in Iowa, along with that state's famous corn. So, come on to Cedar Rapids, and see the rapid way you'll have continuous enjoyment!

NEXT YEAR'S CONVENTION

Have those bids in to either John Callarman or one of the Coopers, if you do not plan to be in Cedar Rapids, for it is there where it will be decided as to the site of next year's Convention. Also please be informed that those making bids for various cities are AUTOMATICALLY accepting the responsibility of PLAYING HOST - that is, making the hotel/motel arrangements, the dinner plans, and Convention tours & sidelights. NRC has no Convention Committee. It is the member or members in the city suggested who do the work of arranging the whole shebang, you know! This year's hosts are BOB GORSUCH and LEN KRUSE, doing the honors for the second time. Who will it be next year? It will be announced in the next issue of DX NEWS, Volume 33, Number 1, to be dated September 18th. Deadlines will be Monday 9/13 in Pampa & 9/14, Tuesday, in Brooklyn, & either date (not sure) in Punxsutawney. SEE YOU IN CEDAR RAPIDS, we hope!

REMEMBER, THE NEXT ISSUE IN FOUR WEEKS, DATED SEPTEMBER 18, AS WE SWING INTO OUR 33rd YEAR. YOUR EDITOR WILL BE STARTING HIS 21st YEAR IN THAT ROLE. WE'LL BE LOOKING FOR YOUR USUAL FINE SUPPORT THROUGHOUT THE COMING DX SEASON. SEE YOU IN CEDAR RAPIDS!

Ray Edge has now completed his year as Treasurer of our club. You will recall that we persuaded Ray to continue on for another year as Treasurer in order that we might keep the club address at Buffalo, and to allow for a gradual change to Kittanning. This has been a big help in keeping the club functioning smoothly.

EFFECTIVE AT ONCE club headquarters is changed to: NATIONAL RADIO CLUB
P. O. BOX 223
KITTANNING, PENNSYLVANIA 16201

Remittance of dues, address changes, orders for supplies, requests for sample bulletins, should be addressed as above. We would appreciate all organizations with which we exchange bulletins to please report this address change. Our Buffalo address will be maintained until January 1, 1966, but only to receive mail from sources who may not have been notified of the change. The club office will be at 411 North McKean Street, Kittanning, Pa. DXers are always welcome to visit!

DUES INCREASE

During the past months we have talked about a dues increase to accomodate the enlarged editions of "DX NEWS". As anticipated the club will wind up about \$300. in the red for the past year. We could operate a deficit because we had a surplus at the start of the year. Many of you have expressed a desire to keep "DX News" as it is and agree it is well worth a dues increase. Accordingly it has been decided to make the dues increase as follows:

THIRD CLASS MAIL . . . \$ 5.00 (34 issues)
FIRST CLASS MAIL . . . \$ 7.75 (34 issues)
AIR MAIL \$10.50 (34 issues)

If your dues expire on or after August 31, 1965, the new rates will apply. For a very few of you who have paid dues in advance, we will work out an adjustment and give your account proper credit.

BULLETIN SCHEDULE

The increase in dues was based on our actual costs of the past year and agreement on a definite schedule for the coming year. The bulletin will be limited to thirty pages for 21 issues, and will be limited to twenty pages for 13 issues. The twenty-page limit will prevail on alternate weeks when the weekly schedule is resumed. When this schedule becomes effective, the editors will announce their conditions and we anticipate your 100% cooperation. This arrangement for publishing is necessary not only to control our expenses, but to keep a check on the WORK LOAD.

SUPPLIES

It is necessary to increase the price of report forms and letterheads at this time. The club has made these available at a very minimum price in the past, but must now yield to rising costs. The following prices and conditions are now in effect:

LETTERHEADS AND REPORT FORMS -- MINIMUM ORDER -- 200 for \$2.25 POSTAGE PAID.
Additional \$1.00 per 100. Minimum order may be for 100 of each if desired.
On orders for 500 or more (\$5.25) we can now imprint your name and address.

SLIPS EXPLAINING THE DX HOBBY . . 60¢ per 100 until the supply is exhausted.

CHANGE OF ADDRESS

In the past the club has made a charge of 15¢ for an address change. Some of you have neglected to send in this 15¢ when you change address, no doubt because you forget it or, in case of our many new members, probably because we have neglected to inform you. To make less office work, we are dropping this address change charge as such, but will make the same 15¢ assessment at the time your dues expire. Also, the club must pay 8¢ for each bulletin returned because of incorrect address, then additional postage to remail it. We are going to keep track of this expense in the same manner and will so notify you at the time your dues expire. We think this arrangement will serve both ends better. It will eliminate the need to remit small amounts in the mail and will save us some time in handling at this end.

MUSINGS

Randy Seaver - 2119 30 Street - San Diego, California - 92104

7/5- Possible SS-1480 @ 3:35, who? UNID s/on-1410 @ 4am, was EST, high was 850, low 600, calls like WIZE. Taped 850 through 4:30, hoping for an ID, & got it, I think, as Radio Carve, CX16, still tentative, my SS is rotten, but second new country this week. HJDK-750 very high, UNID s/on on 1020 @ 4:56, one of the YVs, I think it's "Radio Calendar" because of no chimes for NX as YVQB has; WKOS-1370 s/on @ 5:02, HJDK still around at 5:30. The IRCA Convention dates are August 20-23, at the El Cortez Hotel in downtown San Diego. A Tijuana junket, to XETRA & XERB & a beach party are the feature attractions. While down in Tijuana, Larry, Randy & I visited XETRA. They are moving their XR down towards Rosarito, right next door to XERB, & w/a six tower array, will beam towards Los Angeles. They're trying for daytime reception in San Francisco, probably around 160-120kw pointed toward LA.

Henry J. Wilkinson Jr. - 6620 Beeman Avenue - North Hollywood, California

This is to announce that I have already notified John Callarman that I am no longer handling the "Supremacy Ratings" and "Award Certificates" for the NRC. For nine of the past ten years I've been working on the night shift & for many weeks I worked six nights out of the seven. This of course has curtailed the social activities of my wife & me. Anyone who works nights will know exactly what I mean. In a very short time, I expect to be working days & my wife & I will finally be able to live like "regular human beings." In order to have more free time to look forward to, so that my wife & I can resume our social activities, I have decided to DX on a limited scale & to curtail as many associated activities as possible. We have been married for over 25 years & not once has she complained about my hobby. In fact, she feels that it is a wonderful hobby. However, in the future, we expect to do some traveling every chance we get, & to be very frank about it, I really am looking forward to this. I've enjoyed the work of handling "Supremacy Ratings" & the "Award Certificates" & I'm quite certain that John Callarman will be able to find another member who can do as well or even better. I've handled "Supremacy Ratings" since 1960 so now it is someone else's turn. Thanks to all of you who cooperated so fully for the past five years. May the NRC Convention be a huge success. (To say two jobs well done would be a gross understatement, Hank, so let me just say a great big THANK YOU to you! -ERC)

Leo Fox - c/O United Keno Hill Mines - Calumet Camp - Elsa P.O. - Yukon

They said it couldn't be done - to cram two month's events into 30 lines, but hotcha, I shall attempt. Several more nice foreign veries in, maybe I'll top that magic 400 in the Foreign Contest yet. Theo Donnelly, formerly of 1ZD & not of the NZEC computer division in Wellington has sent a full NZBC sked & net list (in IDX) along w/up-to-date (6/26) NZBC changes (in IDX). Peking sent an abbreviated program sked (IDX) & several very colorful magazines reeking w/anti-American vituperation, but they didn't return my IRC. Rats. While noting through some old shacks at the abandoned Werneck mine on Keno Hill (which has been closed since '31) I came across an April 1928 issue of Hugo Gernsback's "Radio News." Lead article: "TV Comes to the Home." There was a fascinating interview w/Dr. Dee de Forest on "forecasts of the near & distant futures of broadcasting, TV, radio apparatus & radio entertainment." Quote: "I have no doubt that five years from now, most of the cheap jazz & mediocre mx which the public now enjoys will be as distasteful in the U.S. as it always has been among the more cultural & mx-loving peoples of Europe." Fascinating in retrospect - the real gem was a list of all MA BCB stations, a whole 600 of them. Sample: KGCX Vida Mont. 244m. 10w., KNX Los Angeles, 337m. 500w., KRLD Dallas 461m. 500w. KDKA Pittsburgh & WGY Schenectady were the big guns w/an incredible 50kw. apiece. (Elsewhere in the magazine writers scoffed at European plans (German) of a better than 100kw. XR at Zeesenand (French) of a 150kw. XR at Paris. Yes, the golden age of DX, last Winter notwithstanding. Judging from the letters column, everybody was twiddling the dials. Wouldn't it be nice to live amongst people who understood? May pay, an insulting \$1,323.36. I should have a Special ready for the August issue, a list of all BCB LA & SA code beacon stations. Probably many of you have heard RAB, Rabinal, Guatemala, who transmit R-A-B in Morse Code on 1613 kc/s. w/1,200w., one of the group. As I promised, those (rather he, singular) who wrote first got the stamps, but I have enough match covers for all who write. Onward to Sawson on 8/17, the 67th anniversary of Henderson's discovery on Bonanza in 1898. Avst & adieu. AS THEY USED TO SAY IN NIAGARA FALLS, ONTARIO, "CHVC." "CONVENTION HIJINKS ~~XXXXXX~~ VERY CLOSE." They surely are - we'll see all you conventioners in just two short weeks!

August 21, 1965

David Gnauck - 444 Old Hook Road - Westwood, New Jersey - 07675

Well, non-intentionally I entered my annual DX slump from May/July & stopped listening. I don't want this but it always seems to sneak up on me for actually summer listening is just as valuable as winter even if it means only verifying some locals. Anyway, my last reported DXing was on 4/19. 4/25- Sunday PM, WING-1600 r/c-TT 11:17-11:24:50, v/WWRL; WOTT-1410, N.Y. f/c-TT & Code 11:56-12:06am MM; WTSA-1450 Vt. 12:17-12:31; 12:51, w/1,000w.? ET-rr, SIDs & TT. WSOC-930 S.C. w/WPAT off on RS w/ cl mx & pop mx, 80% readable. 5/1- WEZJ-1440, r/c-TT on time & WPRT-960 r/c-TT very easy. 5/3- WFTM-1450, Va. ET w/1,000w. w/OC/TT. WZKY-1580, N.C. 12:38-12:41 f/c-TT. 7/4- WSAR-1480 @ 11pm s/off Mass. Good skip from the N also brought CHUC-1450, Ont. 11:05-11:15 s/off on RS w/NX. WNAB-1450, Conn. on AN after 11:15 w/pop mx; WEMJ, unkn, noted first time @ s/off on 1490 from N.H. Noted on AN, WPOP (looks like will stay), WING-1410 also now s/off at 2:00, 5:30 s/on. WCOP-1150 Mass. (used to be off MM only); WNAB-1450, Conn. Veries have slowed down to a trickle but should soon perk up again. Latest are: v/q- CFCF KENO (second time) WBIR & #AM2-1466. v/1 & v/f- WSOC WEVA WENN KWLA KCKW WHSL (on report) WING WEZJ WOTT WCKI WIDD WORK (finally) WFTC KWIZ CFAM. A few answers to some questions: (from 5/1) Jim Hicks, your call which sounds like WHAR-1590 is probably WAKR-1590, Akron. Ev Johnson, though I'm not an old timer I agree on waiting at least three months before sending a f/up - many stations are just slow. John Callaman, what has happened to the station list the NRC was going to compile - is it still on? I'm a volunteer if you will send me the info on what to do. From 5/22, Den is Korwicki your s/off at 3:30 on 630 couldn't have been WIRC unless they were trsting - they are daytime only. Alex Bowab, your station on 1150 w/old U.S. records is probably CKTR, Que. They ID in FF not too often. Joe Fela, WAKX-1320 is the correct call "House of Wax" per verie. Mike Tilbrook: TT on 1450 on 4/19 was definitely r/c of WMYB. Bill Bens, WVON-1450 is AN w/NN programming. Wayne Plunkett, WWIN has NN programs on 1400 after lam. - good catch. (These last few were from 6/12). That's all for now, Zeus (hi) storms not bad at all yet this year here so listening is still good.

William Ochs - 155 Prospect Place - Pearl River, New York - 10905

Ha fellow DXers. What a two week period if had w/21 new stations from the New England area! Here they are: WXXW-1600 11:30-12 7/3; WGNV-1220 5:15-5:30pm 7/2; WAFS-1570 12-12:30pm 7/4; WCSS-1490 12:35-12:45 7/3; WBTM-1370 4:30-5pm 7/3; WDRC-1360 midnight-1:05 7/5; WHWB-1000 1:17-1:28pm 7/6; WBEN-930 12-12:07am s/off 7/5; WBEI-590 10:05-10:20pm 7/2; WNJH-1580 12:15-12:30 w/ET 7/9; WPOP-1410 10:30-11pm 7/2; WBSM-1420 1:42-2am 7/5; WSAR-1480 9:10-9:30pm 7/3; WORL-950 12:2 -1am w/ET 7/9; WSYB-1380 5:30-5:55am 7/6; WLAN-1390 1:10-1:15 7/5; WAAB-1440 9:30-10pm 7/5; WJAR-920 11:55pm-12:05am 7/9; WCOP-1150 11-11:35pm 7/5; WSEP-1410 (?) 4:40-5:40am 7/4; WSYR-570 11:45pm-midnight 7/4. These 21 new stations put my total stations at 204 since 9/64 which is pretty good for listening only every MM since February. I have to thank the NRC for a lot of my loggings. (You're welcome, hi -ERC) This is all for this month. One closing note. The static is going down & on this night & the morn'ing of 7/19 I hope to make my loggings 215. 73! / Saul Ash - 910 Meehan Avenue - Far Rockaway Q New York - 11691

The only new loggings are CHFI-1540 @ 8:01pm s/off on 6/28; "Radio Viente Seis" Cuba-1220 on 7/9 @ 8:14pm; & WEZE-1260 on 7/16 @ 9:05pm. New veries are v/q- WHDH WMEX CFR; WHOT CHNS WLAC WJJD for my report dated 6/7/64! I like their fast, efficient service! v/c- WARK. v/1- WKIX WRUN CHFI CKPH To Bill Ochs, I believe that Radio Free Dixie is a clandestine station operated by the Cuban government. Bob Zwier, that Canadian station you heard was CKPH-1430, Toronto. To Curtis Engberg, Radio Mil is XEOY. I must tell all of you that WWRL has the worst XR in the world. They overlap onto 1570 1580 & 1590, & you can hear them during the day on 690 kc/s. So Dave Schmidt, Stephen McIntire, don't complain about the slopping local problem so much, hi. I hate to be a pest, Ernie, but how do WMCA, WINS, & WNEW verify? So long & 73. (I veried them all in the 1930s, Saul, & all were v/qs then, hi -ERC)

Henry Marbach - 2 Overlook Road - White Plains, New York - 10605

Not much DX here this Summer, CX are very poor plus my RX is currently out for repair I hope to have it back soon. Only DX session was on 7/6 when I DXed on the graveyard channels. WTSA-1450 Vt. 10:39-11:05pm; WOND-1400 N.J. 11:27-11:31pm w/rr; WWIN-1400 Baltimore 11:32-11:46pm w/semi-cl mx; WLLH-1400 Lowell Mass. 11:35-11:47pm w/pop mx.

No recent veries. I've spent most of the summer DXing on SW where CX haven't been too bad. If anyone is in need of foreign mint stamps for reporting to foreign BCB SW or ham stations, I have many from many countries available. I'll make them available to anyone who needs them for a nominal cost. Just write & tell me what you need. 73s.

August 21, 1965

Tom Donahue - (vacationing in Novato, California)

Hi again, long time no Muse. I said I would make all the summer issues but as usual, things got all messed up. I am staying at Jeff Luchese's house here in Novato & we have been hitting the MMs on his S-120. Now as in Jeff's Musing in this issue I will put in the MM 8/2 DX we came across. KHJ-930 @ 1:55, KWIL-790 @ 1:45, KFMM-590 @ 2:45; KLUB-570 @ 2:46; KVI-570 @ 2:57, KLYD-1350 @ 5:25; KGEN-1370 @ 5:30; KSRV-1380 @ 5:33; KBVM-1380 @ 5:35; KQED-1440 @ 6am. That's a total of ten which isn't bad for an S-120 in the middle of the summer. I recopied my log, leaving more spaces & found my home total to be 276/114. As I have been out here a while I do not know how many have arrived since I left New York. My mother said in a letter however that I got WDAK-540 after a few months & WJET-1400 after four months. Some stations surely take their time! Say, how's about New York in '66? New York is one of, in fact, the largest city in the world. All air lines & bus lines go non-stop to New York at reasonable rates. There is all the hotels & Convention HQ that anyone would need. There are also more NRCers on the EC than WC, not that I am trying to forget about the WCers. And since the '65 Convention is somewhat out West I think it would be fit to have the next one on the EC. Also, New York is situated nicely half way up the coast allowing southerners & our Canadian members to enjoy the Convention. OK, I will end now because Ernie is being tortured by the typing of mine on this typewriter which skips because I am not used to it. (Not really, Tom, hi -ERC) So long & New York City in '66! 73s.

Jeff Luchese - 124 San Carlos Way - Novato, California - 94947

Long time no Muse is all I've got to say. The summer had been pretty bad out here, until NRCer Tom Donahue came out here 7/10. Then we really started getting down to work. So far, two MMs have netted 29 new stations. Here's some DX: 7/25- HJDK-750 Medellin, Colombia; KCLS-600, Flagstaff, Ariz; KTRH-740 Houston; WSB-750 Atlanta; KXA-770 Seattle CHML-900 Hamilton, Ont.; KREX-920, Grand Junction, Colo; KJR-950, Seattle; CKNW-980 New Westminster, B.C.; KIST-1340, Santa Barbara, Cal; KPRO-1440, Riverside, Cal.; KSTP-1500 St. Paul; WLAC-1510 Nashville; KXEL-1540 Waterloo, Iowa. Also, on 7/25, a crazy thing happened out here - thunder & lightning! We sat through the static, which is bad enough in the summer, to get: KFMB-760 San Diego; KYOS-1480 Merced, Cal.; KRED-1480 Eureka, Cal.; KOMA-1520 Oklahoma City; WAKR-1590, Akron. Reports out to WAKR CHML KREX Tom will tell you how we did 8/2. The only thing that annoyed me was WSB, which had a DJ w/a low bass voice, making it virtually impossible to get an ID. Totals, as of 8/2 are 146/13. We're trying to make 200 by 8/21/65, but it seems impossible, & will probably be. I don't know whether this will help, but here are some s/on times, which might be of help: MMs: KREX 7:54; KIEV-8:03; KGW-8:33; KCBS 8 05 8:30am (not sure) KEWB 8am; KBVM 8:31am (Don't forget, all times are EDT, to convert to EST just subtract one hour. I know I should have used EST but I already typed it out before I realized. That's about it as far as DX is concerned. Any WC DXers are invited to write me; as goes for anybody in the NRC. I'd like to start some regular correspondence w/a few people. Rich Heald, why didn't you ever write back? I'll be looking for a letter from you. Paul Hoffman, I'll write as soon as I finish this. Well, I'll be seeing you, & until my next Musing, 73s. (PS - Summer DX is exasperating!) HOLD THE PRESSES. I also have another thing to add. I feel that we should consider NEW YORK CITY as Convention HQ for '66. It's the largest city in the world, the greatest travel center, & is certainly easily traveled to. More on that next Musing, but support is needed. NEW YORK for '66.

Joe Hamilton - 4945 8th Terrace South - Birmingham, Alabama - 35222

DX has been drastically lowered in this den. Static CX make me feel like I'm DXing inside a beehive. My two meagre new stations are: 6/6- WPTF-680 faintly a/WMPs, & 6/8, KONO-860, caught after local WYDE was off, talk about bleed-over! About the idea of a directory, I have received many favorable letters voicing support, & now I would appreciate what our editor's opinions of this idea are. Speak up & be heard, gentlemen! I don't think we should have any trouble recruiting help for the compiling, from what I have read in supporting letters. Would anyone who would be interested in helping (and I mean really helping!) please write & let me know. I believe if we get this thing moving, we will need an organized committee. So anyone interested in helping, please, please write! The costs of this thing would not be much, but we do need to get organized soon & figure out the cost of this thing. I believe there would be many advantages of having a directory, for I'm sure that there are several members who have never heard of one another. Come on now gang! Let's get this thing on the road. Write, and fast! 73s. (Send it in to DICK or JOHN as a proposal in time for Cedar Rapids! -ERC)

August 21, 1965

DX NEWS

6

Roger Winsor - 7001 West Stanley Avenue - Berwyn, Illinois - 60403

Guess I'd better get this letter in before the big shindig in CR begins. Veries have been the usual summer slow type, but I did receive a nice letter & CM from CKNX stating my report was the first one from this area except during DX Teets in past years. Other veries are KNIA finally, WCVL w/long explicit letter stating their DA, etc., WJOR for RS & WHBL back in three days. Recent reports are out to WDOR for RS 6/16, WKJR for SSS 8:20-8:30 7/31, WIMA RS 11:55-midnight s/off 8/1, also CHLO w/phone dedication program, ZNS w/ s/off after KXEL off & lastly WAUK 8/2 s/on 7am. They came in real loud & then all of the sudden dropped out of sight. I wonder if their DA was malfunctioning for a minute? I read in Broadcasting recently where CHFI will switch to 680 this Fall w/lkw. days & 10kv. nights. A new station on 1540 will be CHIN w/the same facilities. A couple of weeks ago, the wife & I went down to see Ev & had a very enjoyable visit. Hi, Ev. We managed to do a bit of DXing, but static was pretty severe except during day-time. I have my reservation in for the Hotel Roosevelt already. They have a nice card confirming it. Recent letter from Bob Gorsuch came stating plans for tours through various radio stations. Too bad I can't catch a skip of WNT-FM again & take it to them personally. I'm still stuck at 1,999 & can't seem to catch anything new, hi. Rand Keller, I tried to call you up, but no answer. Must be on a vacation. Bob Fuelner, I hope you can go to CR w/me. Until then & the new season, good DX to everyone.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha, Nebraska - 68107

DX the past two months has been poor. The only nes station heard was KANS-1510 in Larned, Kansas on the air for the flood which went all through that state on 6/20. Time was 12:46-lam. So far, they didn't verie. Last month, 7/4 to be exact, I had a nice visit w/IRCA member Rick Henke of KC. A week later, dad & I drove to the Pacific NW. I visited KCHY-1590 Cheyenne; KBRV-540 Soda Springs, Idaho, whose f/c is first MM, but no time given. They will go to 5kw. D-3 next year. KBND-1110 Bend, Ore., KISN-910 Portland, CBU-690 in Vancouver. There I got a list of all 29 & 402. relays controlled by CBU in B.C. I seen one in Hope, B.C. All relays are located in either the CPR RR station or the local Telephone Offices, & are unmanned, operating 24 hours a day. No ID given, but each has a call. Thirty seconds of dead air each half hour during RS CBU ID. Antenna is a piece of pipe atop a tall telephone pole, maybe 5' high, is the antenna. CBC-TV is poor; every house has antennae pointed toward US TV for better programs. CBU also had wind of the proposed change in radio frequencies, i.e., all regional & local stations will be given FM frequencies, & all others grouped together on a small portion of our present BCB. KNLV-1060 in Ord, Nebr. came on RS 7/28. KLLO-1550 Lincoln, will begin tests soon & will be on RS by Labor Day. I don't know why KTTT-1510 hasn't verified yet. I sent them 300 QSL cards last May. I'll be in Cedar Rapids on Labor Day Weekend. Will you? 73s.

Ken Butterfield - 624 Arthur Street - Plymouth, Michigan - 48176

Milestones: Country #28 verified, that being Radio Barbados-795, on a thin blue aerogram form. Countries now stand at 37/28 w/Radio Bagdad-908 still best logging/QSL. DX has been great & is as follows: 6/21- KFJZ-1270 1:17am (now NSP), CHYM (not CYHM as listed previously)-1490, 1:25am. KANS-1510, 1:53am, on for floods. 6/23- WPTF-680 1:03am. KPFL-1420, 1:11am r/c. WLAN-1390, 2:29am, rr. CJMS (for another try for a QSL, even enclosed 10¢), 1280, 3:23am, FF. WHKY-1290, 4am s/on w/SSB. 6/26- WTVB-1590 7:02pm. 6/27- WKBH-1410, midnight w/NBC NX. 6/28- WDAD-1450, 12:13am r/c. 6/29- WCWA-1230 (Seaway Radio) 5:55pm. 6/30- WAVY-1350, 1:25am f/c. WYOU-1550 1:40am f/c w/CBE off for first time in my DXing career, hi. 7/2- KFVS-960 1:10am r/c. 7/4- WKYC-1100 (ex-KYW) 1:05am. 7/5- WZKY-1580, 12:35am f/c. KCTX-1510 2:05am r/c. WCLO-1230 2:15am f/c. KCBC-1390 3:04am. KBUN-1450, 3:10am. 7/6- WIFE-1300 (ex-WISH) 3:04am. WLBJ-1410, 3:30am f/c. WRTH-690 (ex-WBBY) 3:57am. 7/8- WTRU-1600 1:10am f/c. WJRH-990, 7:06pm. 7/12- WCOA-1370, 1:06am. WHOT-1330, 1:22am. KXRA-1490, 1:35am f/c. 7/14- WPAR-1450 1:25am r/c. 7/15- WATT-1240, 12:11am, r/c. 7/15- WEAM-1390, 12:10am. 7/17- WKJR-1520 12:20am r/c. WBRI-1500, 12:30am f/c. KCNI-1280, 1:40am r/c. WAKX-1320, 1:55am r/c. 7/19- WBEX-1490 12:10am s/sff. WLAU-1490, 1am s/off. WTMB (or WRAC)-1460 1:10am, f/c. 7/20- WANV-970 12:10am r/c. WHFB-1060, 12:57pm. Totals now stand at 835 /778. Veries have been many: v/q- KIXZ WPTF WTVB WESC KFJZ KGBS WIFE WEZE WAVY VOA-960 v/l- WITZ CJLR CHYM WKBH WWIZ KYSN WLEK WTRU WSHP WCNW (not WCMW, ex-WPOL) WPKY KPFL WHHL WRTH WCLW WATT & Radio Barbados-795. I have been DXing FM a lot & have 70 FM loggings since 4/28/65. Well, that's about it, so 73 & see all in September. AS THEY SAY IN OMAHA, "WOW." Labor Day weekend is the "WEEKEND OF WEEKENDS."

John C. Dyckman - 318 Fairview Avenue - Canfield, Ohio - 44406

It's been quite a while since you've heard from me. Being a senior at Youngstown University does keep one tied up w/the homework. I'll be going into my fifth & last year this Fall w/a major in physics. I have a question here. I would like to know why the Clum doesn't use GMT? A couple of new stations have been heard here, WWOD-1390 & WSOM-600. My verie from WWOD says they run 5kw, daytime non-directional & after SSS to lkw, & use a three-tower directional array w/most of the signal going Eastward. I managed to hear them on a test after our local WFMJ-1390 went off. The other v/1 from WSOM-600 says they run w/a power of 500w, using four towers, each going 326' up. They are a day time directional station. If you ask for one, they will send a CM w/their verie. I have three weeks of Summer School left so I may be able to twist the dials a bit more after I'm done w/nuclear physics. 73s.

Stephen J. McIntire - 2225 Searle Street - Des Moines, Iowa - 50317

Summer School ended 7/28 & since then I've had quite a bit of time for DX. Most of this time has been spent w/relogs, though. 7/29- KEYD-1220 7pm to s/off. KJAN-1220 right after them. Both were plagued by slopover from semi-local KFJB-1230. 7/30- Noted WRBC-1300 on AN for Miss. #1. 8/2- MM- Stayed up AN. KTRH & KRMG caught u/CBL. XEWA-540 in w/a good signal, 12:34am. WSBA-910 through the mess 4:40am. WIMA-1150 s/on, till 5:30. KCBQ-1170 just in for SID & Cal. #2 about 5:35am. I am going on vacation in the Eastern part of Iowa & I will take a transistor & see difference. I'll leave tomorrow, 8/7. The other day we got a questionnaire about KIOA from Radio Peoria, the new owners. No changes, I hope! Veries: v/f- KCMO. v/q- KFAB WCCO WRVA KLMR. CU in CR. 73.

Dave Schmidt - 44 Green Lane - Green Ridge - Chester, Pennsylvania - 19014

Hi. DX has been OK. For the month of June, I logged a big 12, & up till now, 7/20, I have logged 11 - just shows you what Summer does to me. I'm on the GPC & I have just started to work on some DX Programs for the NRC. I have one lined up at KAWS-1090 on 11/1 from 3-3:30 EST. I have sent requests to KWRK-1480 (?) in Jena, La. If any guys have any good v/s & addresses, I'll ask them for a Special if you send me the name, address, etc. I don't have very many good ones but I plan to write to KGNO WIOO WAKY & a few others. By the way, WIOO is a new station on 1000 kc/s. w/1000w. non-directional. Address is 33 West High St., Carlisle, Pa. 17013. All reports will be answered, if not tell me & I'll find out because I have a friend who is going to school in Millersville & is free on weekends, & I plan to go up sometime & tour WLAN & WGAL plus WIOO & WHYL. Verie total is 176 w/still 32 states. New veries that still manage to worm through are WEEZ WTAR (five-month wait) WEOK WREO WCKY (four months) WWEL WRAB WEOL WGNR WJAD (RHC, came back fast w/CM on f/c) WELD WCRO WHAS WINS (four days!) & WIOO. A few weeks back, WEEZ was sold to the guy who owns WDMV for \$250,000. They didn't make any money on it because the guys who bought it before that sold it for the same price. Ron Sherwood, who did own WEEZ, still owns WKAP in Allentown. WEEZ went from rr to c/w & wondering why they don't make out as good as they did when they were rr! Funny, seems like nobody likes it up here. Wonder why? ERC, I heard WRKL while seeing Allen Nissen on 7/18, some set-up, & IDs "this is WRKL, Radio Swamp." Nice station? At least they verify. They operate from two trailers alongside of a road in New City. Well, I must go - 73s. (They're on U.S. 202, about 12 miles from New City, near Mount Ivy, Dave -ERC)

John E. P. Draut - 210 West 251 Street - New York, New York - 10471

Latest loggings here have been WGBI-910* WAEB-790* WKDN-800* WNLK-1350* WNNJ-1360* WGLI-1290 WKER-1500* WAVZ-1300 WJLK-1310* WLIE-1190 for another relogging & they finally verified, WARM-590 WEAB-1440, WEZE-1260* WRAN-1510* WNLK-1510* WCRV-1580 WPAC-1580 WJMJ-1540* WBRY-1590 CFOR-1570 WAKR-1590 WBSC-1550 & WSAR-1480. Most of these were logged on the night of 7/11-12, MM, when I stayed up until 7am. I finally got a verie from WMEX-1510 which makes three stations on this frequency verified, and on WLAC it verifies it will be four. I sent a self-PP card to ZBML in a f/up report of 12/28/64 & got it back in two weeks. This is Bermuda #2 verified. I'm still waiting for Senegal & Caroline to verie so I'll have ten countries verified. Does anyone in the NRC own a National HRO-500? I read an article about it in Pop-tronics & they say it could be the greatest receiver ever made! It should be - it costs over a kilo-buck! I've been trying to build a loop, but it keeps getting messed up & I end up with 150 feet of wire all over the floor! How would a surplus radio compass loop work? They're made for the BCB & can be obtained quite cheaply. That's about all, and I'm sorry I won't be at the Convention, but "them's the breaks." 73s.

AS THEY SAY IN COLUMBUS, MISS., "WAGR." "WEEK AWAY- CEDAR RAPIDS!" WILL YOU BE THERE?

August 21, 1965

DX NEWS

8

q Mike Bugaj - 197 Boston Road - Middletown, Connecticut - 06457

Hello again! It's been a long time since I've been in these pages, & maybe a few of you have been wondering what's been going on. Well, I went to a broadcasting school in Massachusetts until April, & got a job as DJ at WSOR-1480 which I held for three months until July. I got to see Ron Musco's HQ-180 & his veries, which were pretty interesting. Anyhow, no BCB DXing done this Summer, but a few veries made it in from KNX-1070 KNIA-1320-TEST WHHL-1440 KBGO-1580 which took months to reply, WROV-1240 CKXL-1140 CFCE-600 & CJSO-1320. If Ernie doesn't mind, let me add a few words that I've been concentrating on FM this Summer, & so far have 18 states varied, out of 21 logged. DXing in the future will be really limited, since I leave 9/9 for a four-year hitch in the good old U.S. Navy. No, I wasn't drafted, but decided to get a little more education (electronics) and travel a lot. I don't know when I'll get time (or the DX) to report in for a good while, but I hope everybody has a tremendous DX season. Anyway, adios for a while amigos, & good luck & 73s. (Good luck also to you, Mike, & please let us hear from you for these pages from time to time! -ERC)

Sheldon Miller - 840 80 Street - Miami Beach, Florida - 33141

This is being written in New York, but I'll be in Miami by the time it gets into print. I had a most enjoyable gab-am-suds-fest at Ernie Cooper's den on 8/2, & a pleasure to meet Al Nissen, Russ Edmunds, Bob Foxworth & Joe Fela. It's always great to talk DX 2/ people who understand what it's all about, & Ernie's hospitality is well-known to all NRCers who visit N.Y.C. Some DX done in N.Y. on portable & automobile radio includes PJB-800, WKVM-810 w/a good signal u/WGY many evenings; HJEC HJBJ HJBI CMCA CBBC WHLO-650 WQAM WSUN all heard w/average to good signals. I visited friends in Islip, L.I., about 95 miles out, & was surprised to hear WMID-1340 louder than WABC on car RX. Also heard well were WCMC-1230 and WFFG-1450, most amazing. I understand the same effect occurs in N.J. w/the Long Island stations. I received a most unsatisfactory verie from WBERI-1500, written on back of a Bible tract. I don't expect to be a very active DXer this season, but will report occasionally. 73 & MIAMI BEACH in '66! (It's always a pleasure, Sheldon, and we hope you get to do a lot of DXing, and Musing too -ERC)

Billy Andres - 11135 128 Street - Queens, New York - 11420

Hello there. Only six stations to show for four months. It's pretty hard to get anything worthwhile u/those ANers. 6/5- WTMJ-620 @ 12:06am, about equal to WLBZ. 6/28- WKYC-1100, call change, @ 11pm. I've heard rr on them since, so I guess they have kept their old format. By the way, Ernie, thanks for the WALE tip. 7/3- WGAN-560 @ 3:30am w/NX. I thought they were rr. WCOG-1320 @ 3:31:3, boasting "24 hours" but I haven't heard them since. CFNE-550 also in well, clobbering the Beard. 7/19- WIP off, log on WTVN, Ohio, in w/mucho static. 7/24- Saturday, I went to Riverhead, N.Y. and WAPC-1570. WRIV wasn't opened up yet. WAPC is a neat little place, about the size of my living room. They've got a straight mx format, w/imitation instrumentals of popular rr at times. Their studio is located on the side of a Drive-in movie. I waited there for about 45 minutes & copied some material, before visiting them. They go 1,000w. E. two towers. Later on, WLNG was visited. They too are small, just about the same size studios as WAPC. They are 500w. non-directional. MM 8/9- I noted a loud one on 1230 w/WITH, w/old rr. Really old! I thought I had something good until s/off @ 12:15, WCMC, Wildwood, N.J.! Who was loud TTer on 1290 @ 11:30pm? One station that morning, WJNC-1240 f/c-TT between 12:45-12:50, w/ID @ 12:47. Veries lately: v/q- WCBG WARK WTVN WTIC & WBAZ (for Rosendale, N.Y. reception). v/1- WRUN WAYS. Total QSLs, now 155. That's it - 73.

Tom Walsh - 53 Neponset Road - Quincy, Massachusetts - 02169

Hi folks. The latest loggings here are 7/18- CFRA-580 11:30pm EST. 7/22- WAEB-790 12:20am. WHYN-560 o/WGAN @ 5:05pm. 7/23- CKCY-920 o/WJAR 12:05am. 7/24- CHGB-1310 FI CBC 8:30pm. 7/25- CKGB-680 s/off @ midnight. CJLR-1060 11:55pm. 8/3- WSRO-1470 u/ WNBZ, 2:35pm. 8/5- WRCH-910 11:35pm. 8/9- WELI-960 TT 12:10am. 8/10- WHAV-1490 5:30 am. Reports sent to WKOX WKNE CKOY WPTR WIP, and veries received from, v/q- WBBM WPRO WXTR WTIC WLS WCCWCBS. v/1- WGAN WWH. I've been trying to verify the easy ones during this Summer season of high static levels & rather poor CX. I hope everybody has fun at Cedar Rapids. So long. 73.

Tom McNiff - 56 East Sierra Way - Chula Vista, California - 92011

Greetings! Yep, there is some DX to report even though Summer static is making things difficult. I started my California DX log exactly one year ago, but don't remember static as bad last Summer. Recent DX: 7/24- KTW0-1470, Casper, @ 2am for Wyo. #1.(P.9)

August 21, 1965

(Tom McNiff) 7/26- KSEL-950, Lubbock, Tex. @ 5:50am w/AN program. KGHL-790, Billings, Mont. in the clear @ 6:20am before KFYO, Lubbock, s/on. 7/31- KSJB-600, J. mestown, N. D. @ 5:15am. CHQR-810, Calgary, @ 7am. 8/1- KGEM-1140, Boise, @ 5:05am o/KRAK w/72 hour DJ marathon for Idaho Tire Corral. KHOE-1400, Truckee, Cal. @ 6:15am on new 24 hour sked. 8/2- Talk about a dead MM! I talked to Randy Seaver about it, & he blames the sun. 8/7- WLCY-1380, St. Petersburg, Fla. @ 4:45am. KTUC-1400, 5:14am o/KPAT w/AN talk program. KHAP-1340, Aztec, N.M. @ 5:14am w/KIST looped out. KENN-1390, Farmington, N.M. @ 6:15 w/Navajo program. 8/9- A much better MM, but static still heavy. KMVI-550, Wailuku, @ 3am w/"The Voice of the Valley Isle" ID. Three new states added to the log -/the following: WISE-1310, Asheville, N.C. @ 4:25am w/Carolina League sports. WCSC-1390, Charleston, S.C. @ 5am s/on. WPGC-1580, @ 5:20am. KRNy-1460, Kearney, Neb. @ 6am s/on. Veries in from KICY-850 Noem; KFRM-550 for NRC TEST; CKCK-620, Regina; KOEL-650 Honolulu; WFLA-970, Tampa; KKAM-1350, Pueblo, Colo.; KOVO-960, Orovo, WMAQ-670; KGHL-790, KSJB-600, & KHOE-1400 noting that their 24 hour sked began 7/26. The logged/verie situation here as of 8/10- Totals, 346/11; states 37/10; provinces, 5/1; Mexican states, eight, countries, 16/4. **Attention correspondents! All two of you!** Please note new address. I'm finding loop antenna very helpful for milling out semi-locals, but still not enough gain to sue for long-haul DX. I sure have enjoyed reading about members' DX this past season. I hope more DX is in store for Season 33. Best DX

James E. Critchett - 1504 Glenwood Drive - San Diego, California - 92103

I am wondering how many DXers are trying to keep high the public image of the Radio Clubs by sending a "thank you" post card for each verification received? **Several stations** have even replied, expressing agreeable surprise at receipt of the "thank-you" note. These stations have been thanked for verifications received during the past DX season: CHQR-810, Calgary's Quality Radio Station; WNDR-1260; WONS-1410; KROW-1460; KVRE-1460, KIEM-1480, heard w/flood reports; KABH-1510; KYMN-1520, which incidentally was putting in a strong signal nighttimes in Vancouver, B.C. in July; WDGL-1520; KGBT-1530; KNBI-1530; WENG-1530, WBSG-1560, CFOR-1570 for my fattest NE Canadian for the season; & WSEP-1580. Only KSAY-1010 & KPUB-1480 are unverified of those reported. I will try f/ups as time permits. KPUB-1480 was heard on their first morning program on MM 7/5, 6:43-6:50am, current s/on unk. Continual overtime work, added to static, the AN nuisances, & preference for spending leisure hours in reading books keep me from any concentrated DX, but I still try the dials early mornings occasionally. On our vacation after 7/5 we flew to Vancouver, B.C., then back to Seattle where we rented a car & circled the Olympic Peninsula, then flew back home. CHQM-1320 was the station preferred in Vancouver; CFAX-1070, heard in Port Angeles, was Victoria's "Good Mx" station. We visited KMAS-1280 near Shelton, a one man operation while we were there. Ernie, we hope that the accompanying natural color postcards will be different from others you may have received or purchased in the past. Best wishes to all DXers for good listening & verification-receiving.

Jerry Peterson - General Delivery - Escondido, California

Hi NRCers! I thought I would throw in a report before we leave Stamford in a few days. We are moving to Southern Cal., most likely to the Escondido area. This town of about 23,000 (or less) people is located about 25 miles NE of San Diego. It has only one local that s/off at midnight! The other nearby stations are in Oceanside (a 24-hour station on 1320) & of course, Radio KDEO in El Cajon. LA is about 60-70 miles up the coast, so it shouldn't give me any more trouble than 50kw. WTIC does here in Stamford. SD should be about as loud as NY is here, good enough to hear, but not considered local. I took a trip down to Jim Smedley's house in Sykesville, Md., about two weeks ago. We stayed there two nights, then went up to Atlantic City, N.J. We had originally planned to go to Virginia Beach, but my travelling companion ran out of ready cash. In Atlantic City, the NY stations come in well, & the L.I. stations are even more surprising. WBIC was o/WDMV, & WBAB, WGLI, & a few others bombed in all day long. WMCA had an image from 1490 in Atlantic City, & I noted going through Greenwich on the home that WMCA is also disturbed by WGCH-1490. Does anyone else notice their local on 1490 gives trouble to stations on 570? I have also been in to WMCA since I last Mused, & we were shown their control room setup, including their reverb unit, which works w/spring. It is used on all voice & mx put out by the rr programs on WMCA; it is not used during NXCasts or the Barry Gray Show, or on their 8:30-9am religious program SMs. I stayed up last MM (8/9) & I heard WHYY-1440 on RS. The time was 2:50am EST. I think I made my EST from my DST the right way. I hope so! WDAY veried, so did KELO. I'm (P.10)

August 21, 1965

D X N E W S

10

(Jerry Peterson) not too interested in DXing in the Summer, but wait till Fall! My Cal. address is: J.P., c/o General Delivery, Escondido, Cal. 73s. (I've heard of several instances of 1490 images on 580 kc/s., but not 570, Jerry -ERC)

Robert Bruhns - 26 Cedar Valley Lane - Huntington, New York - 11743

Al Fisher, where are you? DX (?) - 7/28, 9:30pm, who was on w.U.S. mx on 795 kc/s.? S-8. 7/31- VOA Special EE to 8:14pm, then FF. S-9, on 1034-5 kc/s. Where is this, anyone? (First is Radio Barbados; second; 4VEF, Cap Haitien, Haiti)-ERC Help! Does KOMA, 1520, verify? Not for me, even w/homebrew pp. Finally, Radio Belize verified my 13 minute report of 4/18. Frank Curran: WEET-1320, plate power 3,000 volts, 500 AMPS? 1,500,000 watts input? 500 milliamps is probably the correct figure. If I can get to Cedar Rapids this September, I'll be sure to vote for New York City in '66! Yes - with 24 stations within a few miles of the city, I can't see passing up such an opportunity. NYC in '66! QSB QSB (Hi, Don Huber). QRT.

Al Wysocki - Pennsbury Hills - Chadds Ford, Pennsylvania - 19317

How goes it, Summer DXers? I've returned to the radio dials after a couple of months of sleeping, eating, listening to the Yanks lose, & trying desperately to get a Mexican sombrero (I may have to settle for a fez). Totals are now 453/164, so I'm trying hard to improve that percentage. I would appreciate help on a few questions. First, what 1360 station carries White Sox games? (Believe it or not, Al, it's WKAT, Miami Beach! -ERC) And one that's been buggin' me what's the very loud SS on 640? My RX works much better now, thanks to Dave Schmidt. Oh yeah, I've got to say I really enjoy the Musings of Henry Tyndall. Besides statistics, his Musings are always very interesting. ERC, is the NRC the biggest DX Club in the U.S.? Also, how many members does it have? (We're the biggest all-BCB DX Club anywhere, Al, about 350 members -ERC) I've been a member since March, & I would like to tell you that, in my opinion, every issue has been informative & interesting, & superbly arranged. Considering you fellas make no profit from the Club, I think you deserve a lot of praise. (Thank you, Al -ERC) Back to DX, I got WMET-1220, 250w. from Miami, Fla. I sure hope they verify. Reports also out to KSL WLCY WARN HIJP TGN WZOK & WTMJ, among others. Do you NRCers find that Mexicans & Dominican Republics are like Cuba when it comes to verification polardies? Back in the U.S., I find that Vermont & N.H. & Wisconsin are generally poor verifiers, while Pa. & Ohio are the best. Before I go out to watch "The Fugitive" on TV, let me say that anyone who wants to write to a 15 year old sombrero-seeker who is the official croquet champ of Pennsbury Hills, feel free to do so. Well, right now I'm preparing to visit the World's Fair w/John Thompson. So arriverderci amigos, au revoir, sprieg en de deutsch? 73s.

Chris Manthey (vacationing in) - Elizabeth City, North Carolina

Well, my last Musing was in the first issue of this volume, so I thought I ought to be in the last one, too. The only DX since then was not DX at all: Loggings of semi-locals WELW-1330 @ 8pm s/off, CKWW-580 at 10pm RS, & WKNT-1520 RS 10am, all last month. I don't have the log w/me here, so I don't have the dates. All were fairly weak, but probably will be regulars. That makes the totals something like 517/116. I have done some hard thinking on the subject of verifications, & I am inclined to agree w/Ron Schatz about their value. Personally, I would never send a report to a station I wasn't positive I'd heard. Anyway, so a verie is really rather redundant & I doubt if I will ever send out very many more reports (I never did, actually). Now, a little soap-boxing: By all means, boys, it's Miami in '66! It's the ONLY place to go! I was there in the Summer of 1963, & it's great. More CMs audible during the day than Ws. Also, I won't object to a dues increase if Dick Cooper feels it's necessary. I'm afraid this will probably be my last Musing for quite a while as I will be entering Hiram College; Hiram, Ohio, this Fall, and expect I won't have any more listening time there than I did during my last year of High School. I am offering my DX NEWSes from June '61 to date for postage. I have kept first pages & occasional others, but they will be all right if you just want to read the old Musings, IDXDs, etc. Let me know by 9/15, please. As I enter my fifth year in the NRC, I wish you all the very best DX & say good-bye until such time as I can again become active in the greatest Club in the world, the NRC! (Thanks for the kind words, Christ! ERC)

Bob Zwier - 385 West 20 Street - Holland, Michigan - 49423

Hi gang. DX has been good since last Musing, w/the following additions to my log book: 7/6- WILL-580 w/the Chamber mx hour @ 11am, WCFL-1000 relog; WCRM-990 @ noon w/990 NX, WOAP-1080 at 12:25pm w/Fargo WX, WISN-1130 @ 12:35pm, WCEN-1150 @ 1:23pm w/the Bill(P11

August 21, 1965

(Bob Zwier) w/Temple Mx. 7/14- WKBZ-850 @ 1:06pm w/the Bill Stevens Show, WKNX-1210 @ 1:24pm w/the Bob Edwards Show. 7/20- WINS-1010 no report, WHIO-1290 @ 10:05pm w/Concept in Mx, WKJG-1380 no report, WOO-1420, no report. 7/21- WRL-1290 @ 3:32am, WXYZ-1270 @ 3:46am. 7/26- WTVE-1590 @ 8:01pm w/City Council; WTOD-1560 w/s/off @ 8:15 pm, WAXX-1150 @ 8:45pm w/s/off. 7/27- WLIP-1050 @ noon w/NX. 7/28- WSHN-1550 @ 1:06pm w/Adventures in Hi-Fi; WSJM-1400 @ 1:15pm. 7/29- WOAI-1200 w/NBC NX. 7/30- WVOK-690 no report. 8/3- WHGR-1290 (is this in Upper Peninsula?), WGAR-1220 @ 8:45pm w/Mx After Dark. Veries: WOW WWJ WILL WCEN WCFL WOAP WISN WKNX WSAI WKBZ WTVE WCRM WRYT WXYZ WHIO WLIP WGAR. Sorry I can't make it to the Convention but school starts then. I hope a lot of you can make it. As for totals, 139/78 w/two countries heard & veried. I find it a good idea to keep a file of my stations by frequency as it makes it easier to check whether you have a station. Well, enough gab for now, 73 & good DX.

Lt. Thomas V. Arko - 05226888 - 120th Trans. Co. (Lt. Trk) APO San Francisco - 96307

Now you've got a member in Vietnam! I arrived here 7/12 & will be stationed here until next 6/22. Receivers are very reasonably priced here. I can get a Sony 15 transistor, five diode set for about \$70. I'll scout around for the best deal before I make the plunge into my wallet. I am having the bulletins mailed to Cleveland, so I ~~can't~~ know what's been happening Clubwise. I hope everyone is doing well DX-wise & otherwise. It's Summer, so I guess nothing spectacular has been brewing on BCB. Tell the Club 'Hi' & drop me a line if you get the chance. (Lots of luck, Tom -ERC)

Sam Johnson - 1909 89 Avenue N.E. - Bellevue, Washington - 98004

DX is great here in Washington. In two months, my totals are 201 logged, 20 verified. Veries are from CJOR KRKO KMPC KVIS KNEW KSHA KWFS KFI KWAY KLYD (for test) KAPT. v/q- KGO KWSC KSRO (test) KPRK (test) WNOE-KGW KFBK WOKJ. v/r- KLAK. WRJW verified w/a CM which has the most detail of any map I've ever seen - it's fantastic. CE at KVIS (which verified on WCHI letterhead) says they have been on the air since 7/20/65 on 1450 in Montpelier, Idaho. When I first heard it, I couldn't figure out what it was, as it wasn't listed in my logbook. But the next day my DX NEWS arrived & listed KVIS as a new station. Without DX NEWS I never could have veri'd it, or known what it was. Thanks, NRC! I now have 37 reports out, some of them to real "goodies" like KUPD-1060 Ariz., KPAC-150Tex., WDXR-1560 Ky. & the best catch yet, KRYS-1360 lkw. Texas. Remind-er: KQV will be AN on Labor Day. This isn't my tip, but as it was mentioned last issue I figure it's a good idea to bring it up again. Speaking of Labor Day, have a nice Convention & make sure you drive safely. I can't make it - rats. John Callarman, thanks to replying to my letter. Sorry your program didn't come off. Russ Edmunds - please put your address on top of v/s page. When you are in N.J. I couldn't find it. The WX here has been ridiculous - I heard on our old friend KAPT that it was 1070 in Salem. That's not normal for the "rainy NW." No rain here either. DX: 6/22- WWL-870 La. 3:30 w/SS. 7/1- WMOO-1550 Test, Ala. 3:55am. 7/10- KVIS-1450 Idaho test 3:14. 7/11- KLUB-570 Ut h w/KVI off 4:29, pretty weak. 7/12-MM- KFBB-1310 Mont. test 2:17, KPRK-1340 ET 3:13 Mont., KCUL-1540 Tex. 6am s/on w/KXEL, KWFS-1540 Ore. 8:05 w/KBVU off. In fact KBVU is gone for good. Gordon McClendon has changed its call to KNUS, 1 kw. 1540 here in Bellevue, & guess it's new format. 7/17- WNOE-1060 La. 3³/₂ 27 w/CFCN off - probably installing new 50kw. XR. 7/19-MM- WING-1410 Ohio 4:17 w/good signal; CFUN off, WRJW-1320 Miss. @ 5am s/on w/c/w/ mx - easy. 7/25- WCLS-1580 Ga. 3:30, in every night. 7/28- KIQS-1560 ET Cal. 3:18. 7/30- WDXR-1560 Ky., WHAM-1180 N.Y., CBE-1550 Ont. all 4-4:04. KOKA-1550 6:16 La. while taking log on WOKJ-650 Miss. KFDA-1440 6:23, Texas. 7/31- WHK-1420 Ohio 4:38 w/great signal considering distance. August DX in next issue. ERC, does WQXR s/on @ 5am MM? (Yes -ERC) If it does, then I almost got it last MM. My targets include WQXI (heard MM) & KORL (also heard MM). Almost forgot- logged KINY-800 Alaska 2:30 s/off on 8/2, MM. 73 & have fun at the Convention!

Bob Jacoby - 556 East Alvaradi Street - Pomona, California - 91767

This is my first Mising & I can say it's certainly great to be a member of the NRC! R here is a Halli SX-99 & right now I'm using a longwire antenna. DX the past few weeks has been pretty slow, even for this time of year, but here are the highlights: 7/26- KOMYp1340 TTing w/ID @ 2:10, KTEL-1490 @ 2:13 for best catch this summer, KLAC-570 TT 2:20. 7/28- KWAC-1490 w/CW on top @ 2:50, CHAT-1270 s/off @ 3:05. 8/2- KFIV-1360 TTing @ 2:10 w/ID, unID ET/M on 1460 @ 2:20-2:35, this one a real mystery. KVOY-1300 TTing w/ID @ 2:40. 8/9- KSVG-980 ET/M w/ID @ 2:15 w/KFWB OC & KEAP TT in there also, finally, seldom heard KHOW-630 S-7 @ 2:35. Recent veries, all v/1- KVIO-1600 KIVO-1470 KOMY-1340 KMAK-1340 KVOY-1400. I hope to have updated totals along w/more DX to report in next Mising. Till then 73 & best DX. (Welcome to the NRC, Bob - report of ten! -ERV)

August 21, 1965

DX NEWS

12

Mike Tilbrook - 261 Hoodridge Drive - Pittsburgh, Pennsylvania - 15234

Hi fellas. I had to send something in for the last issue of Year 32. I have not done too much DX on BCB because I have concentrated on TV & ham DX. On TV my totals are now 104 heard w/70 veried. Well, now to the few veries that have made the scene here at this QTH. v/l- WUPR-1530 for P.O. #9, veried w/a CM. WESB-1490 DX, KWCB-1300 on my report. Radio Barbados-795 for Country #28. WRUN-1150 KAPT-1220-TEST on f/up w.an obsolete SC. v/q- CKEW-1000 & WNBG-1360. My v/s have been sent to Russ. I just got KAPT u/the deadline for the domestic contest on 8/13, which is the day this Musing is being typed. In the domestic contest I ended up w/290 & 101 in the Letterama. Wal9, now to DX. 7/12- Radio Columbia-1600 heard 12:13am, who is this? WAIR-1340 f/c 12:34 am. WOKE-1340 12:35am. WLAY-1450 12:42am. 7/19- WOLS-1230 r/c 12:25am. WJRI-1340 12:31am testing. 8/9- WKLZ-1470 r/c 12:35am. UNIF SS heard on 1470, who? HJAT-1100 lam, report sent. WOOD-1300 1:05, r/c. KWAT-950 1:05 r/c. WCAZ-990 1:15am, r/c. 8/10- WRRL-1450 midnight, r/c. WEEW-1320 12:11am ET, WCVA-1490 r/c 12:15am. WKLC-1300 testing 12:26am. WEMB-1420 r/c, 12:40am. Later in the day, WCEF, 6:20pm booming in o/ semi-local WBUT & WMSG. 7/27- WCPM-1280 s/off w/"Old Ky. Home". WMTN-1300 7:29pm s/off. WKIZ-1390 7:30pm s/off. WTCR-1420 7:3pm s/off. Wrote down YND-675 & report sent. WSOO-1230 12:45am r/c. WIAN-1390 noted on new AN format 1:15am. WPAR-1450 1:15 am r/c. The last three were on 8/11. 8/13- WBRC-960 1:59am s/off. UNID SSB-1320 3:04 am s/off. KFJB-1230 r/c noted @ 2:15. All whom I owe letters to, please be patient, but I'm getting them off one by one. Jerry Peterson, please write as I have some new traders for you. Hi Wayne Plunkett & Dave Bennett, & thanks a lot for getting me into the CDXC which is a fine club. Also I have heard new WSOM-600 in Salem, O. who have been on RS about a month now. That's it for this month, so 73s.

Ben Dangerfield - 202 Governor's Drive - Chester, Pennsylvania - 19013

I must admit I have not been a good correspondent this summer, & hope I can do a better job during the new DX season. Fortunately, the pages of DX NEWS have been well-filled by contributions from many of our newer members, & that is a good sign. Most of the established DXers aquired their interest in the hobby during their early years, so if we are going to keep our hobby alive, we need a good supply of active, young DXers. As for me, I have done practically no DXing during these past months, & consequently have heard nothing worth mentioning. Nor have I received any veries, which for me is par for the summer course. I did manage to have the HQ-180 conditioned for the oncoming season, & I am happy to report it is now ready for action. I do note we had one DXer who was busy all summer: Gordon Nelson, whose E20 studies on the fadeout times of rare foreign stations may well be the most valuable DX contribution in several seasons for those of us who are primarily working the TAs or TPs. However, I didn't keep the same hours as Gordon did this past summer, so I did not hear the distant signals he came up with, but somehow, the conflict between static & sleep usually prevented me from so doing. Speaking of TAs, up to this point in August, there has not been anywhere near the good signals that I encountered the same period last year, when the sun spot cycle was near its minimum, although the signals are better than those in early August during the period 1960-62. I haven't taken my vacation yet, but I plan to do so starting Friday 8/20. We plan a motor camping trip to the Dakotas, via Michigan & the North shore of Lake Superior, winding up (naturally) at Cedar Rapids on 9/2, where we should be good for two days at the Convention. I am certainly looking forward to this get-together, & will be there provided we can pitch our tent. "We" refers to my wife; teenage son & daughter, & younger son. Maybe at the convention I can finalizs the rules for the up-coming Foreign Contest, which will probably be similar to the one just ended (see IDXD). However, I will welcome new ideas, just as I will welcome the entries of all those who would like to conquer new horizons in the foreign DX field. 73s.

Jay McEvoy - 23 Algonquin Road - Quincy, Massachusetts - 02169

I haven't heard much or received many verifications of late, but since I haven't had a Musing for a long time, here goes. On 8/13 @ 3:47pm WSRQ, & @ 4:12pm, WBSM. On 8/8 @ 10:31pm CHGB u/WAVZ, & on 8/9 WEVD @ 12:36am, WSLR @ 1:04am & WKAT @ 1:24. Later on the same AM @ 3:21, KPRC, & during the hours in between I heard the VOA Breakfast Show which I thought was ZFBI, & by the looks of the last DX NEWS it was - wish I had heard their call. Most recent veries are: WBT WTIC WDRC WPEN KMOX & WARA. Certainly not very much, but the coming winter season should prove better. Godd DX & 73s to all. AS THEY SAY IN FAIRMOUNT, MINNESOTA, "KSUM." "KEEP SAFETY UPPERMOST in your MIND" -as you drive to Cedar Rapids. Don't drive while tired & please BE CAREFUL AT ALL TIMES.

Charles Reh - 34 Garrison Avenue - Leamington, Ontario

3/14- WTGR-1520 ET 12:31am; WERK-990 11am; WSRW-1590 6:45pm s/off. 3/15- WLEBR-1460 f/c 3:15am; WKRT-920 DX 4am; JBC-550 4:46. 3/17- WCHO-1250 6:30pm. 3/20- WPLY-1420 7pm s/off. 3/21- WCRO-1230 1:18am; WSYB-1380 ET 1:20; WWOK-1480 3am. 3/22- WEOK-1390 ET 1:20. 3/27- WSYR-570 12:06am s/off; TGKL-840 12:50am. 4/1- WGOG-1000 (ex-1460) 7pm s/off. 4/16- WRNY-1350 r/c 12:05am; WORK-1350 12:05; KAGH-800 r/c 1:25; WCWA-1230 (ex-WTOL) 1 pm. 4/18- HJCG-1070 3:24am; XEDK-1250 3:48; KCUB-1290 4am w/no sign of WIRL or KOIL because of Aurora; WDOL-1470 5am s/on; WYTH-1250 6:01; WKNT-1520 6:18pm; WRAI-1520 7:30 pm w/no WKBW also because of Aurora. 4/19- WGST-920 12:03am s/off. 4/20- KPLC-1470 f/c 1:03am; WFIG-1290 f/c 1:16; KICS-1550 f/c 2:16; WGEN-1500 f/c 2:35. 4/21- WNRV-990 12:29; WJEM-1150 f/c 1:49; KSCB-1270 f/c 1:57; WKRK-710 7:11pm; WNNR-990 7:29; KGKL-960 8pm w/Astro's pre-game show; KTRM-990 8:01. 4/22- YSC-1015 8:09pm; MCEW2-995 8:25. 4/23- TGRT-670 12:00am. 5/2- KWPC-860 lam floods; HJCK-1180 1:55; CKSA-1080 (ex-1150) 2:23; CMHI-570 3:30; WFAA-570 3:47; KREK-1550 8:30pm s/off. 5/4- WNUW-1570 (?) 7:45pm s/off. 5/12- WJPW-810 7:01pm. 5/23- CHYM-1490 12:20am. 5/24- WRKT-1300 8:25am. 5/27- WERK-1530 6:05pm. 5/31- WLAP-630 5am s/on. 6/10- WMVO-1300 6:55pm. 6/12- WWUN-1590 lam s/off. 6/15- WAYK-1500 8:21pm. 6/17- WMSL-1400 r/c 1:38; WDXI-1310 r/c 1:45; WCFM-1280 r/c 2:01; WPTL-920 r/c 2:20; WFRA-1450 (ex-1430) 7:25pm; CKOX-1340 8am. 6/19- KYW-1060 4am; WKYC-1100 4:01; CFRS-1560 5:10; WPHN-1560 5:25am. 6/21- KANS-1510 1:20am flood. 6/27- WDEC-1290 f/c 2:14. 6/30- WMAD-1550 1:25am ET w/CBE off, new station on 600 u/WTAC, probably WSOM @ 12:35pm. 7/1- WPAD-1450 f/c 1:03; WMFC-1360 f/c 2:05. 7/2- WBNT-1310 f/c 3:40. 7/3- WLRC-1490 r/c 2:05am; WPLB-1380 r/c 4:20. 7/5- KGWW-630 r/c 2:05. 7/13- WRPB-1350 ET 12:15; WCVA-1490 r/c 12:25; WLOS-1380 r/c 2:25. 7/14- WPAR-1450 r/c 1:16. 7/18- WYNX-1550 (ex-WSMA) 7:49pm s/off. 7/19- WTTI-1530 ET 1:12; WJJJ-1260 4am s/on. 7/20- WAAK-500 lam; WKLM-980 r/c 2:11. 7/21- WFIX-1450 f/c 4:10. 7/22- WJFC-1480 r/c 2:05; WLGB-1530 r/c 2:45. 7/25- W100-1000 7pm, WIKY-820 8pm w/WOSU off early Sundays. 7/26- CJFP-1400 3:29am. 7/28- WOND-1400 1:20; WIRO-1230 1:31 w/Cincinnati BB. 8/2- WBCU-1460 ET 1:18; WQUA-1230 f/c 1:56. 8/6- KVOX-1280 r/c 2:09. 8/7- KAPE-1480 r/c 1:10. 8/9- WMNC-1430 ET 12:14; HON-1500 2:25 w/KSTP looped out. 8/10- WRFL-1450 r/c 12:08; KCHR-1350 r/c 1:45. 8/11- WBAZ-1550 r/c 12:10am w/CBE looped out. 8/12- WGYW-1430 r/c 2:40am; WKXV-900 r/c 3:30. CHFI will switch to 680 w/1kw D 10kw N, & a new station, CHIN, will take over 1540 w/50kw. D, on 11/1/65. Best DX & 73s.

Dave Doswell - 6420 Rolling Hills - Fort Wayne, Indiana - 46804

Dear everybody - peroples & otherwise. Latest DX has been chasing after local-type stations that I've missed logging: WAVI-1210 Dayton, WHBU-1240 Anderson, WSAL-1230 Logansport, WPGW-1440 Portland, WAYK-1500 Valparaiso. Try for this one around 7:30-8pm. The old Philco Radio I picked up at the Salvation Army is working at a cost of \$3! W/ an antenna is as good or better than my new \$75 KT-340 except for the inconvenient tuning. I visited Springfield, O. & made a phone call to Bill Bens - hi. Also we went through Mich. & Chicago - I visited Heathkit, Knight, Olsen, & Allied. I'm working as a carryout boy. That means \$\$ but C.R. will probably be an impossibility. I'm still hoping, though.

Rick Evans - 915 Edgemoor Avenue - Kalamazoo, Michigan - 49001

This is my first report, so a little intro - I'm 20, have spent one year in college, & this winter will be working for the local library (40 hours a week) & the YMCA (20-plus a week). I have been DXing for 4 1/2-5 years now, but collecting varies for only 1 1/2. Some of my better catches are KSJB KFYZ KNBR CBK CBJ XEG (my only foreign station) KBON (at midnight) WMIK s/on o/WIND. I have used a tape recorder a little, and should be even more when I get one of my own soon. DX recently hasn't been, but here goes: 7/15- KNBR-680 @ 4:08am, WEMP-1250 @ 4:40. 7/19- WWRL-1600 @ 12:30am. 7/22- WYLO-540 @ 5:55 pm; WAAF-950 @ 8:15pm. 7/23- CFRA-580 @ 1:50am; KSJB-600 @ 2am. 7/31- WCLW-1570 @ 7:55pm. 8/11- KFYZ-550 @ lam. Does WSGW verify? They have ignored for the last month my third report to them which covered one hour & 40 minutes. I even enclose a PP card, & sent it to the GM. Local WEMI is definitely AN except MM. WMRR-1540 had a little fire on 8/8. The firemen showed up as the building fell into the basement. I would like some letters, & promise that they will be answered. Thanks go to Frank Merrill Jr. for telling me about the NRC, & to Marv Robbins for telling me about the IRCA, which I joined in February. (It's hard to compare the two clubs.) Thanks, John Dallar for the phone call from Dearborn. 73, & WRITE. (Welcome to the NRC, Rick, & we hope you'll also be a regular in Musings -ERC)

AS THEY SAY IN MUSCATINE, IOWA, "KEEP." "KEEP WELL- PRACTICE CARE!" Drive carefully.

Frank Merrill Jr. - 10693 Saline-Milan Road - Milan, Michigan - 48160

Howdy from the Valley of the Jolly Green (& delinquent, for not reporting) SCer! Hope that DXing has been good lately for everyone who is reading this report. Loggings since 3/7 are KHMJ-1070 WMAN-1400 WOPC-790 WKYO-1360 @ SSS, WOKJ-1550 HRU-865 (long since back to 860) Radio Americas-1155, YNLL-1055, unID SS-1085, TISHRB-1125, YNS-555 during the evening; WRAK-1400, WMLP-1380 in the AM, WJFW-810 in the daytime. Ken Butterfield & I had an odd coincidence on 6/21; we both logged the same three new stations! They were CHYM-1490 KANS-1510 & KGNO-1370, the latter two on for flood reports. Veries are 4RK-840 & DDR-1043, only. Unfortunately, I won't be in Cedar Rapids this year but I hope to make it next year wherever it is. I think that a proposal that the Convention be held the weekend before the Labor Day weekend should be brought up at C.R. this year. The Labor Day date is one of the worst possible as far as traffic is concerned, & many schools open their doors before the Labor Day holiday, making it impossible for some people going to school to attend the Convention. I have had a few nice get-togethers here: Saw J. Daller at WKNR-1310 in late March; G. Greene, W. Plunkett, & L. Colton (IRCA member) were down for the Easter weekend & we had a great time. All of us went down to Keener for a few hours. J. Daller & S. Rubin came out 6/20 for a little while, & G. Greene was able to come out again, from 7/18 to 7/23 for another great time. I have also seen Rick Evans (member IRCA) a few times, including earlier today (Friday 13) William Ochs, Radio Free Dixie-690 does verify. I have a verie from reception of them on 4/15/63, signed by Miss Jo Anne Salas, the one who broadcast their racist propagan-da. Hey, are any of you interested in FM, TV DXing? If so, write, as I'm also interested. Same goes for newspaper collectors or SCers (totals are 392, 545 respectively). Who says Friday 13 is unlucky? This AM, I logged five new FM stations, including CJOB-97.5 Winnipeg on meteor scatter, my first experience w/this reception! On TV, I logged tentative newie WHFN-TV on Ch. 13 (notice this channel) & received a verie from KBTX-3 in Tex. W/that verie, all my positive TV catches beyond 80 miles are verified. And Rick Evans was out - all this on Friday 13. Guess that's it, '73 & have a blast in CR!

Ray B. Edge - 325 Shirley Avenue - Buffalo, New York - 14215

Long time since my name has appeared in this section but being that as of this Labor Day I will step out as NRC Treasurer & Dick Cooper will assume all Club book work including the Treasury end of it. I have been informed that a sheet will appear in this issue & I urge all members to follow the directions it contains in so far as it pertains to Ole Pop Edge. Yep, from Labor Day on I will revert back to being just an ordinary NRCer, along w/hoping my DXing will get back to normal. I have really enjoyed every minute that was spent in the official capacity of the NRC, seeing it grow from a small Club into the leading BCB DX Club in the world. I am very happy that your present governing body have done such a wonderful job this past year & I am sure that w/the continued support of all members the NRC will, u/their guidance the NRC will reach greater heights. As for DX at this den, there has been a little w/the best catches being Radio Caroline-1520 while also copying the DX from KYMN-1520 & the other one was Bonaire-800. Did get a couple of Canadians needed but still no report out to our newest local WMIJ-300. The Edges will be at Cedar Rapids & hope to meet, not only the older members but many of our newer ones. I can assure all attending that they will have a very enjoyable time & be able to talk DX to their heart's content. So let's see an exceptionally large group of NRCers & all others who are interested in DX be on hand at the NRC 1965 Convention.

Richard Pashley - 122 South Garfield Street - Arlington, Virginia - 22204

College is creeping closer as the summer ends. My next report will be from the University of Colorado at Boulder. Here are my new logs in EST: 7/14- WIOO-1000 @ 7:44-8:01 am. 7/15- CKEY-590 @ 10:15-10:46pm. 7/20- CJNR-730 @ 10:32-11pm. 7/25- WWRN-620 10-10:09pm; CHEL-900 @ 10:26-10:36pm; WEAN-790 @ 11-11:11pm s/off; WCSC-1390 @ 11:44pm-midnight s/off. 7/26- WNRJ-1430 @ 10:11-10:25pm; WPAT-930 @ 10:46-11:03pm. 7/28-29- WATE-620 @ 11:57pm-1:04am s/off. 7/29- WTMJ-620 @ 12:06-12:40am; KRMG-740 @ 1-1:16am; WBAM-740 @ 7:34-8pm s/off for July. 7/30- WBCI-740 noted signing off right after WVCH @ 7:30pm; WPAQ-740 @ 7:34-7:45pm s/off for July. 8/2- WSUN-620 @ 1:57-2:11am; Radio Haiti-1380 @ 2:25-2:41am (IDed in SS w/only EE being 1-3-8-0, could this be 4VS? (It sounds like my old friend WBNX, Richard -ERC) WDA-or-WFLI-1070 @ 3:02-3:30am (Does someone know which one is AN?) 8/3- ZEM1-1235 Bermuda @ 9-11:07pm (very few ads & IDs, the best time to DX is when they have NX & WX @ 9:05pm & 11:05pm). 8/4- WHOT-1330 @ 8:23-8:43pm (I don't think I'll even send them a letter after reading how hot they(P15)

(Richard Pashley) are on verifying. 8/5- WFBC-1330 @ 8:51-9:15pm. 8/6- WDRC-1360 @ 11:23-11:47pm. 8/8- KFI-640 @ 11:53pm-midnight (At 12, CMQ signed on. #%! 8/9- WNUS-1390 @ 1:05-1:19am. 8/10- WKLV-1440 @ 19:42-11:06am. Oops, I left out one. 8/2- KIOA-940 @ 5:10-5:14am. Veries since the last issue: v/1- WAQE WEBR WSAY WHEN WNYC WLIB, stamped & signed my report form, WHK WIOO WESA WJAS WEAN & WPDX. v/q- WBAM KAAY WTIC WSUN WNJR WBEV WHCI WTRY WSLR WAKR WCSC WATE WCYB WIMJ & WADO (if you want to call it a card). On 7/28 I met Alan Merriman; I wish I could thank him enough for all the info & tips he gave me. Did someone want the address of WFBC-1330? Their address is Box 788, Greenville, S.C. The Broadcasting Yearbook (costs \$5) has all the info the Vane Jones Log has plus the addresses of domestic stations. It is a lot bulkier though, & cumbersome to use when DXing. 73 & Miami in '66!

Ben Harris - Dallas, Texas

Hi! Back again after a six week trip to Europe. Although hampered by inferior equipment (Sony 6 transistor portable) I enjoyed listening to European stations - especially German - and occasional propaganda spread by Radio Belgrad was very interesting. I brought back the #1 rr record in England, "I'm Alive," & got it recirded by KBOX in Dallas. Doing pretty good. 7/18- XEWA-540 @ 12:55am, KTSA-550 @ 12:40, WIEW-580 @ 1:14am, KWTO-560 @ 11:15pm., KTBB-500 @ midnight. 7/19- WREC-600 @ 12:01am, WDAF-610 @ 12:14. 7/21- KIMN-950 @ 1:30am; KSO-1460 @ 2am, KWBB-1410 @ 2:02am. 7/25- KBUY-1010 @ 1:05am, KDKA-1020 @ 1:15, KDEF-1150 @ 2:15am, WSMB-1350 @ 2:44, KRYS-1360 @ 2:50, KSTP-1500 @ 3am, KIXZ-940 @ 2:45am, KOMA-1520 @ 3:05am, WCLS-1580 @ 3:15; KLAK-1600 @ 3:30am, KQJO-920 @ 3:46; KONO-860 @ 3:51, WGN-720 @ 4:03am, KNBR-680 @ 4:06am. 7/26- KOB-770 @ 12:20am; KTRN-1290 @ 12:37, WDSU-1280 12:45am; XELO-800 @ 1:05; WQXI-790 @ 1:42. WFAA/WBAP-820 Dallas signed off tonight & helped me to get WCCO-830 @ 1:07am, & WGY-810 @ 2am. 7/30- KWK-1380 @ 2:06am, KTSM-1380 @ 2:04, KYW-1100 @ 2am; KEYS-1440 @ 2:30am, KNOW-1490 @ 2:35am. 7/31- WFLA-970 @ 1:40am; KGGM-610 @ 2am. 8/1- KXOL-1360 @ 12:18am, KINAL-1410 @ 12:3, WACO-1460 @ 12:52, WAIL-1460 @ 1:51am, KRGU-1290 @ 1:05; WSM-650 @ 1:40; WNYC-830 @ 1:31am (Hi Sam). 8/3- KQWA-960 @ 12:15am, KNOR-1400 @ 1:29, KWKH-1260 (?) @ 1:45am, KMUS-1380 @ 2am. 73 to all, or as they say in Union, S.C., "Will Be C'ing U."

Mike Silvera - 5 Trenton Avenue - Kingston 8, Jamaica

Well, long time no muse, but-I am still here. CX picking up, but not much new heard. Veries show indæd. U.S. & Canada since I las t mused: KRGV WIBC CFOR WDAE CKLW KONO WJAR WCWR CBM WSIZ WWIL KFK WCSC WVNA WTLN WCNS WTLN WCLS WKLM KWLA & WRBL. Lot of reports to regularly heard stations to go out this Summer. Let's dig back into the past. The SS u/WCKY is KGBT, Harlingen, Tex., good till lam s/off. WYOU-1550 is back on the air w/c/w mx till 7:30pm s/off. WBGR-1370 Jesup, Ga. noted @ 10:04 u/WCOA. My lists say daytimer, must be night now. Date? 7/6. On 7/18 noted WMOG-1490 Brunswick, Ga. u/EMBM-1490 w/rr. My best so far stateside onthis graveyard channel. Also WOKE-1340 the latter sounded like "Eugene" but list says Charleston, S.C. @ 1:29am. 8/8- CBA-1070 Sackville, N.B. actually got atop HJCG, Nova Scotia #1. (They're in New Brunswick Mike -ERC) Do you vote for the convention location only if you attend the Convention? I think all members should be able to vote even if they don't make it as they might be able to vote for a place they can attend. Why doesn't NRC print up some of the pamphlets in SS like those in EE explaining the DX hobby? It would help a lot in obtaining veries from the LAs & I am sure they would sell. Is there any company which puts out a good BCB-only RX? Say, almost as good as an HQ-180? I need a good RX but who is gonna sell me the MW band of the RX only? I don't need the SW section, the S-120's SW bands are good enough for my little use, & a complete RX is much too expensive. If anybody knows of one I would like to hear from him. Gordon Nelson, did you pinpoint the location for Radio Americas? Doj Jensen, I still haven't heard the clandestine Radio Libertad on 1407, though other DXers in the Caribbean area have, but I am still having loop troubles. I think Henry Tyndall should be made an honorary life member of NRC. Have fun at Cedar Rapids, vote for Miami in '66 and you'll see me next year, hi!

Ron Schatz - 510 N.E. 158 Street - North Miami Beach, Florida - 33162

Greetings, fellow idealists, from the Land that California tries but fails to imitate, Miami Beach, site of the 1966 NRC Convention! Pravda? Konechno! Gess what, comrades TAs are back, & I've already logged two new crew, both Africans. Radio Mamako-1415.5 is a new one in Maili; s/on daily except SM @ lam w/Dakar-like stuff. St. Louis, Senegal-1484, has also come through. Come on, boys - you can hear them if you try. Domestically, Ontario LPRTs on 1090 were noted well 8/9 AM, counted as one station, (P. 16)

August 21, 1965

D X N E W S

16

Ron Schatz though there are three or so there. Also CBC ANer on 1050, who? (CJIC, I believe -ERC). Local WMET-1220 is now WOA (Wonderful Woah Radio) & programmes all c/w mx. Mystery station on 1460 noted @ 2:30am s/off 8/9; loop says just E of due South; who? More foreign DX where more members read it - in back. Be the Convention, I have been advised by top NRCers to withdraw my bid for the IRCA Convention, & I have done just that. The IRCA will probably end up in New York or Milwaukee in 1966. The \$14.00 price tag for the Fontainebleau referred to in my last was only an example. If it is too expensive, even w/extras like meals, we'll find a cheaper place for you all. Francis Gifford informs me that Detroit is withdrawing its bid for the Convention in favor of Montreal. So far, the latter's only efforts for the Convention have been two Musings by Sam Simmons, the only bidder in that city, or so my "spies" tell me. Seems Miami Beach will win by default, which is better than nothing, hi. Be sure to be at Cedar Rapids this Labor Day weekend, or you'll have no voice in the matter. On 8/28, I'm moving to a University of Florida dorm in Gainesville to continue my college education, but I don't know my address until I get there, so judge your mail. Have a safe & sane trip to & from Cedar Rapids - PLEASE. 73s, & support the NRC by supporting Miami Beach in '66! If there is no other means of transportation in Chicoutimi, P.Q., C B J - Come By Jackass - but COME to C.R. this Labor Day weekend.

Gordon P. Nelson - 19 Irma Avenue - Watertown, Massachusetts - 02172

Latest here is a new country, #105, Radio Manako, Republic of Mali positively IDed as the West African on 1415V around lam most AMs. Seems to be the 30kw. outlet listed for 1430 but will have to wait for QSL to be sure. Ron Schatz informs me that he's been hearing a station on about 1416 at the same time but his station has "a heavily-British-edged EE w/native overtones." This has me upset because if it is Kaduna it means a 37 minute E20 error. Since Mid-July I've been parked every night on 1415 w/Mali which is always in EE, so I really don't know what Schatz has been hearing. Other DX lately has been disappointing; the Midsummer Africans are going out very rapidly & most of the common TAs are back already. From the E20 graph I find that Mozambique should be audible until about 8/4 but the last night they were heard was actually 7/29. I don't know if this is significant or just due to chance disturbances elsewhere in the path on those nights. Prague-1286 first showed up on 8/3 at 10:22pm & has been crowding SAEC out since. Someone s/on around 9:50pm on 701 kc/s. is likely Perim Island but no ID yet. On the basis of the E20 project & this summer's receptions, I'd like to propose that the Contest stay open through the Summer; sure would be a shame to get a QSL from say RCM & not to be able to count it! What do you think? I am right at the point of cutting stencils for my article on "Subaudible Hetrodynes on the MW BCB," the heart of my scope technique. This technique is completely new & original & has never before been described; it will first be published as a copywritten NRC feature in the very near future. Panoramic devices such as the Hamscan operate on an entirely different principle & are of very limited use for BCB DXing. I just had a very pleasant visit from Gregg Calkin of Canada who's been racking up new countries at an impressive rate. Unfortunately Gregg couldn't make it in the eveningtime for a demonstration of real live DX so had to settle for secondhand DX via the tape library. Let's hope you can make it in the evening next time, Gregg. Also had a phone chat w/DEE Crocker who had some very interesting ideas about a Boston area get-together. Gotta go cut stencils so till next time, good DX! / Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06431

I hope everyone's having a nice Summer. I have practically nothing to say this time, but I thought I'd contribute anyway. To prove I have done some BCB DXing, I logged one station this month: the new W100-1000 in Carlisle, Pa., logged 8/8 @ 6:59pm s/off. They ID as W-100. Veries since last report: v/l- WBAX WEXT WVON WGRP KNIA, & nice long ones from WRIV & WWVA. WRIV is very interested in their daytime coverage & appreciate all reports. v/f- WHWH WXYZ WOSU WIRY WREF v/q- WVNJ WWL WHCU CJAD WIBG, v/pp- WLLH. v/c- WIBX WCAU. Cms from WHWH, directional SE, w/nulls NE, NNW & SW; WBAX non-DA, WRIV non-DA, WVON non-DA, & WGRP apparently directional NW w/no sharp nulls. September means college for me, & I'll be starting a new log at R.P.I. in Troy, N.Y. My new address for all correspondents from whom I haven't heard recently will be: Hall Hall, room 308 - Freshman Residence Halls, Burdett Avenue - Rensselaer Polytechnic Institute - Troy, New York 12181. The above address is effective 9/14. I've been spending most of my time w/FM DXing, but even that has dropped off this week, so maybe I'll be lighting up those tubes in the HE-30 again soon. 73.

AS THEY SAY IN HARTFORD, CONN., "WCCC." "WITH CARE, COME to CEDAR-RAPIDS."

John W. Daller - 19997 Ward - Detroit 35, Michigan

Hi DXers, anybody remember me? No, I didn't die but I've been busy as all. I worked 69 hours last week; really! Why, even Bobby Feulner's mused three or four times since I Mused six months ago! My last good DX session was MM 1/4/65! Southern skip was good that morning & several new ones added, especially at s/on. While logging one on a locally occupied channel, the nearby station suddenly blasted my eardrums out s/their SSB. My mother asked later what it was. Hmmm. I called them, WWJ-950, & asked their s/on time: precisely 5:43:30am on MM. PS- They were so blaring because their towers are two blocks away! On clear days, I get them on my fountain pen. I'm looking forward to Cedar Rapids & seeing such guys as Andy Rugg & friends, Allen Nissen, Wayne Plunkett, NRC officials, & everybody! You all come now! Although I have a four-speed 63 1/2 Ford, I think I'll "leave the driving to them." Can't wait - see you there! Congrats to NRC'er Paul Cannon, promoted from AN DJ to Ass't PD at WKNR, which Billboard says is America's #1 station as far as influence on a major market. Wayne, you mused saying you were trying for Paul's show, but it was Tuesday AM & WKNR's silent period is Tuesday, 1-5am! I hope all who attend IRCA's in San Diego lie it up, too! Do it to it, RJS! '73, from just a Guy.

Ralph M. Johans - Buffalo, New York - 14203

Happy Birthday, "annoyed" Ernie. In re v/s list & deleting of v/s in Musings: Suit yourself. When I write a station I do ask for info in order to have info for NRC Bulletins & for an interesting v/l. I don't want any PPs & don't cry in my beer if I have to throw a bunch of no-reply stations in #13. No station ever said that my report was poor in the 20 years of my DXing. I re-verify some "moldy-oldies" as the newer replies are better & also go for v/qs now, in order to fill some wall space & they show off good in transparent plastic hangers. (Olson Radio, three for \$1, hold 20 each). As NRC is so "short-of-space" ERC, why don't you make a 'John Callarman' (IDX) Musing-type & it would be better. I'm NOT going to write to FOUR (4) different places (ERC, JWB, IDX, v/s) - two is enough, (ERC, JWB), & neither does a station want to wait till NRC maybe brings a v/s in order to get a report. I mentioned address & personnel in order for NRC's "faster" info, as majority have no other info. Most DXers make a "margin note" in their DX NESS as the NRC (and YOU?) is too stingy to do this. When a new station is given, not even the owner company is mentioned. Len Kruse was good enough to compile such a list, but nobody ever thanked him. After this, anyone wanting station info or v/s from me (the ones mentioned in my Musing) can have it via reply-card. Received a program v/l, window decal etc. from Wonderful Bible Radio Indiana, WBRI-1500 (old WNDY); WISL-1480 v/l; WACY-1460 v/l, CM & letter from "Kingfish" W5EEU (CE is a ham); v/q, v/l & the workd from WCHB-1440; v/q for 1570 & v/q-1330 & v/l by WHOT (thanks, Homer); v/l from KEYD-1220, my older v/l is KEYD-1440 Minneapolis (deleted); v/l, CM KIXZ-9440; v/q, CM KGHL-790; v/l from WACL-570. Sept. 7, try for f/c by KEYD-1220, 2:30-3am EST, G.G.Sundquist, CE & Farm States Radio Co., 114 Union Avenue, Oakes, N.D. 58474, a former YL announcer may give ID w/CE & TT/M is used. KOLY-1300 S.D. is the other FSR station (new owners). Have fun at Cedar Rapids. '73.

Rand Keller - 23 Sauk Trail - Park Forest, Illinois

Greetings. It looks pretty rosy for the Convention - it should be a very enjoyable experience. Starting where my last Musing left off: 6/28 - KSYL-970 TTing @ 1:07, then at 1:16 KFSA-950 TTing, both w/good signals. Then a jump to 7/2 when KFVS-960 came in at 2:02 w/TT. 7/3 - WSHN-1550 in good w/ tone at 1:21. 7/4 - Brought WWTC-1280 in w/fair signal. 7/6 - Got KWRF TTing @ 1:48 w/S-4 signal but in the clear. 7/8 - Got WONW-1280 @ 12:25 s/off. 7/9 - Got WRAJ-1440, TTing, mixed in w/KILO. 7/12 - Heard KOMI-1300, for first time. 7/13 brought WVOL-1470, in for very clear ID at midnight (that is, between 7/12-13), even o/semi-local WMBD, & then @ 1:52 heard WCHR's ET mixed in w/WRPB (also a new one). 7/16 brought much wanted KGHM-1470, @ 1:46 TTing & KWVY-1470 @ 1:55, both w/good signals & both o/WMBD. 7/19 - Heard WKSK-1600 testing w/mx @ 12:42 but didn't catch enough of it for report. 7/20 - Got KBRX w/TT @ 12:25. Then we went on a trip to Kansas, so n thing since then. Veries: KVOP-1400 KFSA-1440 WHHL-1440 WJAK-1450 KFSA-950 KSYL-970 KNIA-1320, (letter was postmarked Dubuque, Iowa), KFVS-960 KWRF-860 WRAJ-1440 KGHM-1470 KBRX-B 50 & reports still out are: WLDS-1170 WHOW-1520 WLIJ-1580 WSHN-1550 & WCHR-1350. I saw in the last Popular Electronics where the FBIS Log can now be obtained by writing to the U.S. Government Printing Office in Washington, D.C. Well, nothing further to add, so I will say '73s.

AS THEY SAY IN REGINA, SASK.: "CJME." "COME JOIN the MERRIMENT and EXCITEMENT!" IOWA!

Alan Merriman - 6559 Montrose Street - Alexandria, Virginia - 22312

Well, I made it again. First, let me say that I will definitely be at the Convention. I have already made reservations. Now to DX: 7/18- WKYC-1100 Cleveland @ 1:40am. KYW-1060 Philadelphia @ 2:05. WCSC-1390 Charleston, S.C. @ 11:45pm. 7/19- CJMS-1280 Montreal @ 12:15, my third report to this one. WIOO-1000 Carlisle, Pa. a new daytimer @ 3:55pm. WFAX-1220 Falls Church, Va., local, @ 4:30pm. KLRA-1010 Little Rock @ 11:30pm my sixth report to this one, for me they won't verify. 7/25- WJMJ-1540 Philadelphia @ 5:55pm o/local WDON. This one has requested change of call letters. WTOD-1560 Toledo @ 8:05pm u/WQXR. 7/28- WDEE-1220 Hamden, Conn. ending ET @ 12:33. WKCW-1420 Warrenton Va., local, @ 1:10pm, another try for a verie. WEAM-1390 Arlington Va. @ 2:30. WEEL-1310 Fairfax, Va. @ 2:45pm. WHYL-960 Carlisle, Pa. @ 5:30. WNAR-1110 Norristown, Pa. @ 6pm. WWDR-1080 Murfreesboro, N.C. @ 6:20. WVPO-840 Stroudsburg, Pa. @ 6:45pm. 7/30- KRMC-740 Tulsa, Okla. @ 9:30pm. CKAC-730 Montreal @ 9:45, my fourth report to this one. 8/1- WYOU-1550 Tampa, Fla. ET @ 12:40am. 8/3- WIKI-1410 Chester, Va. @ 11:55am, new daytimer. WOOK-1340 Washington D.C. @ 2:15pm, another try for a verie & this time successful. WANT-990 Richmond, Va. @ 2:30pm. WYNX-1550 Smyrna, Ga. @ 7:30p s/off. 8/4- WDAS-1480 Philadelphia @ 5:15pm. Much wanted WCHE-1520 West Chester, Pa. @ 6pm. 8/8- WRIC-540 Richlands, Va. @ 7:15pm s/off. WLIB-1190 NYC @ 7:30. A surprise CHGB-1310 Ste. Anne de la Pocatiere, Que. @ 11:10pm s/off. 8/9- WHHY-1440 Montgomery, Ala. @ 12:15am, another try for a verie. WHOM-1480 NYC, ending ET @ 12:30. 8/12- WGBI-910 Scranton, Pa. @ 1:15am & WSBA-910 York Pa. @ 1:22. Many of these stations are easy to hear, but I am just getting around to reporting. Verie: v/q- WOND WEEU WHOT WCSC WJMJ WVPO. v/l- WNUS WPHN WSLT WGNY KNIA WWDR WYOU Zagreb-1133 WOOK WHQM. v/f- WTOD, WNAR. w/c- WGET, % v/CM, WKOK. Also a QSL from Bagdad but card gives SW frequency. Many f-ups sent also. Well, that's about it, so 73 & C U at Convention.

Fred L. Parsons - 229 Lincoln Street East - Welland, Ontario

I spent most of my time this past month going after TT & other tests. I had some silly notion that it would be a quick way to verify & hear all (or almost all) U.S. states. I did taste some success, but as usual, there were a lot of failures. And, of course, I didn't take into account the trouble yours truly has w/getting veries out of BCB stations. For instance, I never got replies from the following: HJED XEYO XEB WCHS WSTH CBDA CKBC WXVA WHHL CKY TGJ & YND-675. I don't want to sound like the Beatles, but HELP! What am I doing wrong? Return postage enclosed, date, time, frequency & all those things, plenty of details - what gives? Here's this month's loggings: 7/12- XEQR-1030 Mexico City, "Radio Centro" heard @ 1:22am w/TX check & ID in SS, u/WBZ's OC, lots of static. 7/23- WSHF-1290, Sheffield, Ala. heard w/r/c-TT from about 3-3:15, many IDs, QRM from WIRL but otherwise a good signal. 7/25- WING-1600, Sag Harbor, N.Y. heard concluding r/c @ 11:29pm, lots of QRM but CJRN off every MM at this time so that's a big factor. 7/27- WAVZ-1300 New Haven, Conn. heard on RS from 12:17 to 12:40am w/Wally Berg Show of rr mx, heard u/WERE so considerable QRM. 8/1- XEDM-1580 Hermosillo, Mexico noted briefly @ 12:41am w/SS ads & mx, lost in QSB & CJRN splatter. KCI1-1380 Washington, Ia. (Box 370, Washington 52353) heard w/r/c-TT from 1:01-1:16am, IDs @ 1:13 & 1:16, signals subject to much QRM/QSB but still pretty good. 8/2- KCTX-1510 Childress, Tex. heard briefly @ 2am beginning their r/c-TT-M, lost u/another strong TT on 1510. 8/3- WFEA-1370 Manchester, N.H. heard on RS from 11:15pm-midnight w/rr & IDs (mx & vocal) on Jim Morgan Show, signal subject to much QSB & QRM from WSAY (until 11:30) & WSPD. I thought that WFEA was daytime only. (No, Fred - they're a 5kw. fulltimer -ERC) Well, best 73s to all NRCers, for this month. If you feel like it, write me!

Samuel Simmons - 11,685 Guertin Street - Montreal 9, Quebec

Hello. The postal strike here is finally over, but I still haven't gotten my pay from Montgomery, Vt. My NRC renewal will have to wait until I get it. CFOX-1470 has installed one rr DJ in the afternoon. They have also dropped the AN sked. Verie: WNDY-1500, mailed by WBRI-1500. CHFI-1540 goes to 680 & a new one, CHIN, takes the 1540 spot. The CBC plans a new string of LPRTs in the Far North. KWK-1380 hearing by FCC are still going on. WBEL has a seat, & plans to get a daytime only St. Louis station as a replacement, thus giving WBEL a better signal. Ever wonder how the CBC works? Come to Montreal '66 and find out. Ever watch someone pass out in 110° heat? Florida is hot this time of year. I suppose one could go mad if he had to live there. 73s. AS THEY SAY IN XENIA, OHIO, "WGIC." "WE'LL GATHER IN CEDAR-RAPIDS" - on SEPTEMBER 4-5-6, the Labor Day Weekend, traditional time for NRC Conventions. Be there & have FUN!

Wayne Heinen - 126 Linwood Avenue - Orchard Park, New York - 14127

Well, I'm here again w/some veries & DX. Veries: v/q - WNNJ-1360 on f/c (First Monday 12-12:15am, one hour earlier in EDT), WSLR-1350 WBEN-930, & CM, WHOT-1330 (Wes Boyd, you shouldn't have veried that type report). v/l - CFRS-1560 w/CM & SC, KDEC-1240 for f/c (First Sunday 1:15am), KLMS-1480 & SC for f/c, KOIL-1290 on my report for 2/22/65 reception & SC, WBTA-1490, WHK-1420 & SC, WJNC-1240 for r/c, WLPO-1220 for f/c (first Wed. 12-12:15am) WPHN-1560 & CM, for f/c, WQOK-1440 & SC for ET, and finally, WYSL-1400 local, after four tries. V/l says no cards to persons inside primary coverage area, 0.5 mv/m. I hope you get one, Ralphie - use v/s in v/s list. Only DX of notice was 7/4 - KDEC-1240 f/c, and 7/5, r/cs of WJCO-1510 (no verie) & WJNC-1240, also KYW-1060 & WKYC-1100 for call change, no verie yet. I hope all you lucky people have fun in Cedar Rapids - no dough prevents me (also parents). 73s & best of the DX.

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

Suddenly, veries! CBAQ-1530 WNDY-1500 WBRI-1500 KTTT-1510 KCLN-1390 WTTI-1530 WTMB-1460. My thanks to Hank Wilkinson for a job WELL DONE. I hope we'll still hear from you musingly, Hank! WNDY-1500 verie arrived, sent by WBRI, so then a thank-you plus a report to WBRI, which came right back, too! CBAQ sent to CBA & veried by them; station definitely is in Rogersville, N.B., 40w., my sixth LPRT verie. KTTT-1510, beautiful v/q - thanks, Ernie Wesolowski! KCLN-1390 was for an April flood report. WTMB-1460 says r/c is third Monday @ 5am their time, which is currently CDT, so it's 5am EST, but will be 6am in the winter - a good one for WCers to try for. 7/18 - I goofed on WDXY-1240, sending my report on their r/c-TT to Spartanburg instead of Sumter. My letter got to WORD in Spartanburg, who told me WDXY was their FM call, now deleted - an odd coincidence! 7/26 - CHYM-1490 heard amid QRM, but a loud TTer made it unloggable. Unn KILO-1440 heard s/off 11:07am in the clear; said s/on 5am their time, whatever it is. The loud TTer on 1570 turned out to be only CKLM. An AN SS noted on 880, unID. Unn WBNS-1460 s/off 1:02, after cl mx. 8/2 - TGUX-1020 s/off 1:55am, good signal. Then, on the "Radio Mil" bit - I heard TWO of them simultaneously this AM - XBOY-1000 s/off 1:01 & then YNY-1000s/off 1:06 in the clear; report to YNY, Managua. "Alley Cat" on 1390, 1:17am, unID. CBAQ-1530 AN, reported. Somebody u/CBE-1550 w/"Downtown" @ 2:01, who? Unn WBOL-1560 ET/OC, ID @ 2:08 & 2:27am. 8/7 - On phoned tup from Roger Winsor, much appreciated, Roger, tried for WELB-1350 ET. RR heard @ 1:03 u/WSLR/WAVY, both w/NX, then TT @ 1:05-1:06, but no ID caught. I wonder if I had 'em? 8/9 - YNY-1000 "Radio Mil" again in the clear 1:01-1:06 s/off - this one is easy, lads. "La Voz de Cuba" w/terrible modulation on about 1103 kc/s. today, AN. 8/16 - Nothing new, but did hear old (and little) friend VOUS-1480 s/on 0301 through much QRM. WSUN-620 on this MM; CKLW-800 off. Still an AN-SS on 840 unID - who is this'un? Much cl mx heard. WHN-1050 off this AM, only ANs XEG/CHUM there, though. Starting 9/15, WJRZ-970 will go AN and all c/w mx, according to the N.Y. Daily News. Tickets all bought for Cedar Rapids, boys - I hope there'll be a great throng on hand! See you in four weeks in these pages but in person in the Tall Corn State. We hope it's taller this year than in 1955, hi.

PLEASE adhere to the good-practice standard in Musings. PLEASE double-space, that is, skip a line between each line. You may use both sides of the paper. PLEASE include the frequencies & dates & times of your catches, as this helps others to make similar loggings on your say-so. PLEASE don't go over 30 lines of DX NEWS type. PLEASE omit TV/FM data. PLEASE omit v/s in your Musings - send them to Russ Edmunds. PLEASE use EST in your Musings always. AND, PLEASE be sure to be with us in Cedar Rapids, Sept. 4-5-6, for a great time. AND- PLEASE drive with extreme caution!

CHANGES IN STATION DATA - F. C. C.

NEW STATIONS

All are located in either the C.P.R. Railroad Station or the local Telephone offices. Are NSP, un-manned. No local ID is given other than "This is the CBC Radio Network."

LAST INVITATION TO CEDAR RAPIDS!

As you receive this issue, the big Cedar Rapids NRC Convention will be only about ten days or so away! Are you still deciding whether or not to attend? Well, let us urge you right here to stop dilly-dallying and make those reservations pronto, for you will be very happy you did! Have you never before come to an NRC Convention? Well, don't be bashful - we would like to meet you, and we know you'd like to meet up with folks whose names and words you have been following in these pages. You'll have a ball, with a capital B, so get in on the fun with the other NRCers & friends who'll be closing in on the Iowa metropolis of Cedar Rapids, come the evening of Friday, September 3, and stay for the whole three days, Sept. 4-5-6, and enjoy yourself in our own little world of BCB DX! You'll never regret it, friend! Come, and find out! See you in Cedar!

Well, looks like a real hefty column, for a change. Thanks all for your contributions. Sorry about the delay on Tim Davisson's entries. Lost 'em. Keep 'em comin', guys.

REGARDING FURTHER ENTRIES: Send all contributions to my N.J. QRA for the next issue. I expect to advise all of my Postbox number at S.U by then. Anyone wishing to send them on ahead, the street address is 303 Stadium Pl. Syracuse, N.Y. 13210.

Watch for a change in the format of the V/S column. I suspect RHC will break the details. In the meantime, PLEASE try not to repeat any signers listed in the previous 6 (six) issues!! They will only be dropped if I notice them.

As of 8/17 PM, I have not yet heard from Bob Bruhns with the data needed to complete the stencil (s) of his crystal filter and Makino Noise Limiter Circuit. I will print this up for inclusion in DX NEWS as soon as I receive it. I also expect to present plans for an antenna tuner for longwire antennas, providing there is sufficient interest. Lets hear some comments on this.. Is it worth it??

EDITOR: John A. Callarman, P.O. Box 1914, Pampa, Texas 79066

FOREIGN CONTEST STANDINGS, Compiled by Ben Dangerfield

(FINAL)

EAST:		Points	Countries	Number of Entries
(1) Ben Dangerfield, Pa.	Adds None	566	43	56
(2) Hank Holbrook, Md.	Adds none	545	40	66
(3) Ron Schiller, N.J.	Adds: St. Georges-535; Castries-1565; XEJP	515	42	57
(4) John Tweedie, N.M.	Adds: none	291	21	27
(5) Andy Rugg, Que.	Adds: HJKA	268	19	30
(6) Robert Hoffman, N.J.	Adds none	211	15	15
(7) Carl Parsons, Pa.	Adds none	187	15	15
(8) Joe Fala, N.J.	Adds none	85	6	8
(9) Thumper Peniston, N.J.	Adds: TIFC	73	5	6
(10) Henry Marbach, N.Y.	Adds: none	67	5	5
(11) Ron Schatz, Fla.	Adds none	57	4	4
CENTRAL:		Points	Countries	Number of Entries
(1) Hilding Gustafson, Ill.	Adds none	556	39	59
(2) John Callarman, Texas	Adds none	422	30	48
(3) Bill Bartels, Wis.	Adds none	341	30	34
(4) Mike Tilbrook, Pa.	Adds: Rome-845; BEC-1214; TGRT; WNEL; WUPR; Barbados; ZBM-1; CSR-9; HRTV; RNE-Madrid	257	18	25
(5) Jerry Conrad, Ky.	Adds none	182	12	14
(6) Frank Wheeler, Pa.	Adds none	18	1	1
WEST:		Points	Countries	Number of Entries
(1) Leo Fox, Yukon	Adds none	344	16	43
(2) Clarence Freeman, Calif.	Adds none	336	22*	26
(3) Hank Wilkinson, Calif.	Adds none	265	15	22
(4) Roy Miller, Wash.	Adds: PJD-2	264	19	19
(5) Pete Taylor, Calif.	Adds: PRH-9	158	9	11
(6) (TIE) Don Kenney, Calif., and Dave Thompson, Calif.	Adds none	71	4	4

Thanks, everyone, for contributing to such a fine contest. It represents a lot of hard DXing, but turned out to be a lot of fun. Prizes will go to the three highest scorers of each division at \$5.00 to win, \$2.50 to place, and \$1.25 to show. Of course, in the East, this means the men who finished 2, 3, and 4, since #1 is not seeking a prize ... nor is #2 in Central. The first and second prizes will be in the form of foreign stamps, domestic stamps, or combinations thereof; the third prize, U.S. stamps. Will the winners, therefore, please let me know what they want, and, if foreign stamps, which ones? The next contest begins September 1st, under similar rules, which should be published in the September MRC IDXD. I hope all of the above members will be back, along with others who like foreign DX. Entrance fee probably 50¢ again, so get off to a good start... Ben Dangerfield.

European Broadcast Union Supplement # 41-A, as of July 1st, 1965, shows the following:

- 548 ALGERIA. Bechar (20) on this frequency since late May, previously 570 kcs.
 SPAIN. RNE Oviedo (5) Heard here since 6/26; previously on 566 kc.
 918 SPAIN. RNE Madrid-Arganda (120) heard on 918 6/18-6/25, but back to 917 (nominal frequency) then.
 1040 MOROCCO. Tetuan 1 (20) heard here + 1 kc since mid-June, formerly on 1052 kc.
 1052 AUSTRIA. Bad Goisern 2 (.05) in service since 6/16/65; Gmund 2 (.05) in service since 6/4/65
 1055 GREECE. Greek station on this channel (+ 1kc) since early May, previously on 1069 kcs.
 1105 SPAIN. ECS-21, Baeza (2) On this frequency since mid-June; previously on 1097.
 1164 SPAIN. R. Juventud de la Costa Brava heard 5/12/65 by one of our members.
 1187 SPAIN. EFJ-23, Albacete (2) On this frequency (+ 3kc) since early May, previously on 1199.5 kc.
 1197 POLAND. Unid. Polish station heard on 1194 5/19 and 1197 6/15 by one of our members.
 1217 ALBANIA. Korce heard here in May by one of our members.
 1246 SPAIN. EFE-40 Palamos heard on 1246 6/19, previously on 1227.
 1273 ALBANIA. Albanian station heard here on 6/19 by one of our members.
 1331 PORTUGAL. Elvas (.1) on this frequency since 5/6/65, previously on 1358.
 1340 BALEARIC IS. EAK-18 Mallorca heard here 6/27 by one of our members, previous identification on 1340 12/62.
 1345.5 INTL. WATERS (England) R. Pamela heard here 5/19 by one of our members.
 1357 SPAIN. EFE-15, El Ferrol, heard here in mid-May. Previous identification on 1362 kc 4/64.

ANGOLA. Local monitoring of all stations in Angola has resulted in the following complete and up-to-date list:

- | | |
|--|--|
| Emisora Oficial de Angola, Luanda, 872 and 1295* | R. Clube do Lobito, Lobito, 1466 |
| R. Clube de Angola, Luanda, 827 | R. Clube do Huambo, Nova Lisboa, 1259 |
| R. Ecclesia, Luanda, 1034 | A Voz de Luanda, Luanda, 1547 |
| R. Clube de Cuanza Sul, Novo Redondo, 1169 | R. Clube de Mocamedes, Mocamedes, 1331 |
| R. Clube do Congo Portugues, Carmona, 1187 | R. Clube de Huila, Sa da Bandeira, 1367 |
| R. Clube de Malange, Malange, 1205 | R. Clube do Eie, Silva Porto, 1385 |
| R. Clube do Moxico, Luso, 1214 | R. Commercial de Angola, Sa da Bandeira, 1405+ |
| R. Clube de Cabinda, Cabinda, 1349 | R. Clube de Benguala, Benguela, 1538 |

* Due to move to 1124 and 1412 kc. respectively.

+ Schedule 0030-0400, 0500-0800, and 1200-1800.

(SCDX #820)

EGYPT. Reception reports to Radio Cairo should be sent to Propagation Department, Television Building, P.O. Box 1186, Cairo. (SCDX #822)

TRUST TERRITORIES OF THE PACIFIC ISLANDS:

There has been an expansion in the radio service of the Trust Territories of Marianas, Marshall, and Caroline Islands:

Location	Call	Kcs	Watts	Sked, EST
Ponape, Eastern Carolines	WSZD	1450	1000	1530-0700
Moen, Truk, Eastern Carolines	WSZC	1500	1000	1530-0700
Saipan, Mariana Islands	KJQR	1350	1000	1530-0700
Koror, Palau, Western Carolines	WSZB	1500	250	1530-0700
Majuro, Marshall Islands	WSZO	1440	1000	1530-0700

A sixth station with the power of 1000 watts is to be opened in Koror shortly. (NZ DX Times) WSZA, Yap, West Carolines, also operates on 1480 with 1000 watts. (IRCA)

PIRATE STATIONS: World Radio Bulletin #771 lists the following run-down:

- R. Caroline North, P.O. Box 3, Ramsey, Isle of Man, located on M/V Caroline, 4 miles off Frinton on Sea. 1520, 10 kw., Scheduled 0000-1400 (0100-1500 winter).
- R. Caroline South, Caroline House, 6 Chesterfield Gardens, London W.1., England, located on the MA Amigo anchored 4 miles off Harwich, 1493 kc., 10 kw. 0000-1400 (Winter 0100-1500).
- R. City, Record Centre, Whitstaple, Kent, England. Located on A.A. Guntower at Shivering Sands in the Thames Estuary, 1033 kc 60 kw 0200-1400(Sun 1430), 1621 kc. .56 kw. 1300 (Sun 1145)-1400 (Sun 1430).
- King Radio, Oxford House, Folkestone, Kent, England, Located on A.A. Guntower at Red Sands in the Thames Estuary, 1268 kc., 1 kw., Scheduled 0000-1200 (0100-1300 Winter).
- Radio London, 17 Curzon Street, London W.C.2, England, located on former U.S. Minesweeper Galaxy, anchored 4 miles off Frinton-on-Sea, 1133 kc, 50 kw. Sked 0000-1500 (0100-1600 winter).
- Radio Veronica, P.O. Box 218, Hilversum, Holland, on M/V Veronica, anchored west of The Hague, 1562 kc, 3.5 kw. Sked 0100-1900.

OTHER PIRATES REPORTED:

- R. Albatross, 78-80 High Street, Gosberton, Spalding, Lines., England.
- R. Atlanta, Dublin Bay, Ireland, 1558 kcs.
- R. Lambay, Dublin Bay, Ireland, 600 kcs.
- R. Shannon, Coaster Viking off the Mouth of the River Shannon, 1439 kc.
- R. Atlantis, a Belgian station projected.
- Star Club Radio, a projected 150 kw station located between Helgoland and the German Coast.

W H A T ' S H E A R D ...

- 540 MEXICO. KEWA, San Luis Potosi, S.L.P. Noted in very well 8/7 about 2340. Usually not heard after DST. (Edmunds, N.J.)
- 545 NICARAGUA. YNCR, R. Corporacion, Managua (5 kw.) is now on the air on this frequency, not 540 as per list. (Schatz, Fla.) Logged on Ron Schatz's tip. Seems to be AN; Clobbered most of time by CMAN slop. (Silvera)
- 550 CUBA. CMAN, R. Rebelde, Pinar del Rio. S4 all morning 8/8. Jammer faint, but noticeable. (Edmunds, N.J.)
- 570 CUBA. CM--, noted much stronger here on Tuesday mornings when WKBN is off. They must have increased power. (Tilbrook, Pa.)
- 590 MEXICO. I heard a R. Quingentos Noventa here wit. fair to poor signal til 0059 7/11 s/off. I believe XE from anthem. Not sure. You should hear the XE. Could also be Nicaraguan. (Silvera, Jamaica) Probably XEPH(Ed)
- 630 CUBA. CMHQ, Santa Clara, has raised power to 50 kw. day & night. Louder than CMQ-640 in Miami. (Schatz, Fla.)

- 960 UNID. VOA station, mystery. Vague card received from VOA, Washington, verifying their "Transmission from Washington, D.C." This in reply to a query as to who had their "Breakfast Show" on 5/26 at 0230-0300 and on, mentioning 1259 kc/s. No mention of location of station, then thought to be a temporary Dominican Republic outlet for our troops there, but others lean toward thinking it is ZFE-1, Bermuda, relaying VOA. Anyone know for sure. (Cooper, N.Y.)
- 1000 MEXICO. XEOY, R. Mil, Mexico, D.F. heard s/off at 0101 8/2. (Cooper, N.Y.) Must be what I heard here. Was not Colombian, so that leaves little doubt. (Edmunds, N.J.) Read on! (Ed.)
NICARAGUA. YNY, R. Mil, Managua. Heard s/off at 0104 on 8/2. The two R. Mil's in and out with one another, YNY with old USA tunes and Spanish announcements. S/off with (apparently) the Nicaraguan National Anthem. So there are at least two Radio Mils being heard in the U.S.A. Again in nicely 0000-0006 s/off on MM 8/9, fine signal, and report sent. (Cooper, N.Y.) You didn't give me one of these in DST, did you? (Ed)
- 1020 BOLIVIA. CP-4, La Paz, could be the Unid L.A. here very briefly heard 7/26 at 0533 to 0541 fade. Pretty sure no ID's were given during this period. (Seaver, Calif.) Is heard on West Coast MM's after 0540. S/on believed to be 0530. Address is believed to be Av. E. Camacho Edificio Krsul. Program "Cantaras de Bolivia" with ID's as "Emisora del Estado." (IRCA)
GUATEMALA. TGUX, Guatemala. Heard to s/off 0055 on 8/2, nice signal. Goes off "Cold", no NA. Announcements in Spanish. (Cooper, N.Y.)
- 1034 PORTUGAL. GSE-2, R. Clube Portugues, Lisboa. Loudest European during August 0000-0100 fade. Perfectly readable. (Schatz, Fla.)
UNID. VOA noted 7/31 with special English program at 2014, with French afterwards. Where??? Marathen??? (Bruhns, N.Y.) 4VEH, Cap-Haitien, carries VOA Special English News 2000-2014, then French. (Ed.)
- 1040 UNID. Spanish Speaker. Sounded like R. Mil or R. Mia. Same kind of ID as YNTS-1000 -- whistle, then singing ID atop WHO at 0123 8/9. (Silvera, Jamaica)
- 1060 UNID. L.A. Heard here 7/26 at 0610-0630, very weak, and in XERB's shadow, but there. Is XEDP on now? I figure it was either they or CE106. Anybody see it different? (Seaver, Calif.)
- 1070 COLOMBIA/UNID./NEW ZEALAND. HJCG, Bogota, always dominant Monday mornings. 7/19 saw LZB, Auckland, through at times, best at 0240, with another Spanish-speaker under HJCG after 0400. LR1? (Seaver, Calif.)
DOM. REP. Emisora HIBF, Santo Domingo, struggled atop HJCG for ID only at 0001. ID's as "IBF" 7/16. (Silvera, Jamaica)
- 1100 COLOMBIA. HJAT, R. Reloj, Barranquilla. In and out with HJCN most every Monday morning. HJAT seems to be the dominant one. (Tilbrook, Pa.)
- 1140 CUBAN JAMMER. Noted in equal with WMIE both over WRVA 7/23 2317-2321. (Edmunds, N.J.) ver, Calif.)
- 1175 EL SALVADOR. YSCB, La Voz del Pacifico, Sonsonate, no ID heard on this one 7/19 at 0617, but who else? (Seaver, Calif.)
- 1195 COSTA RICA. TICA, R. Columbia, Puntarenas, very good 7/19 at 0615. (Seaver, Calif.)
- 1220 MEXICO. XEB, Mexico, D.F. S2-3 0055-0100 8/8. (Edmunds, N.J.)
- 1250 VENEZUELA. YVNU, R. Caroni, San Felix, believe this is YV with Loteria ads, etc., atop Reloj 7/27 at 1810. (Silvera, Jamaica)
- 1270 UNID. Seems to be a jammer for the Cuban on this channel. Could it perhaps be in the U.S.? (Cooper, N.Y.)
 What about jammer here and on 550? Can you "loop" them, G.P.N.? (Ed.)
- 1295 SINT MAARTEN. PJD-2, Philipsburg, like a ton of feathers 7/12 from 0430-0448. (Seaver, Calif.)
- 1370 MEXICO. Campeche, logged with special program 7/11 at 0200 under WDCR TT. Not what I heard here before. (Schatz, Fla.)
- 1380 MEXICO. XECO, R. Eco, Mexico, D.F. poor signal along with WBNX. 7/12 at 0049. (Silvera, Jamaica)
UNID. L.A. Spanish speaker bore through WLCY ID'ing as Radio Equis (X); could it be YNX relay moved from 1370?? Heard at 2206 8/8. (Silvera, Jamaica)
- 1385 COLOMBIA. Caracol outlet being clobbered by 4VS at 1850 7/27. (Silvera, Jamaica)
- 1406 CLANDESTINE. R. Libertad operates here. ID in Spanish: "Emisoras Internacionales, R. Libertad, La Voz Anti-Comunista de America." In English: "This is the International Shortwave Station of Radio Libertad, the Anti-Communist Voice of America." One monitor heard addresses in Spanish as Apto 5657, Caracas, Venezuela, and P.O. Box 2113, Miami, Fla. Another heard address in English as P.O. Box 5650, Caracas, and 2114 Ocean View Branch, Miami Beach, Fla. (WIDX) Anyone hear in North America? Any loop bearings? (Ed)
- 1415V WALX. (Rep. of) R. Bamako, Bamako. Had been trying half-heartedly to ID the carrier here since mid-July, at which time DF and E20 established that it was a Far West African. Then got a note from Ron Schatz saying he had heard an English speaker on the freq around 0115, which upset me greatly since might have been Kaduna violating E20 predictions; Happily, Bamako agrees most excellently with predictions. Signal strength intermediate between Ibadan-1358 and Dakar-764, so likely is 30 kw xmitter listed for 1430 rather than new high power xmitter. Carrier s/on about 0045 nightly except Sun., IS on native instrument (Sounds like autoharp) at 0058, followed by s/on in French. Much native W. African music until fade-out about 0120 (E20 about 0118). Freq. varies a bit: on 8/4, started on 1415.82, and ended up after erratic wanderings on 1415.45, so xmitter

- 640 UNID. L.A. What is the station under CMQ every night? Is this the Colombian station? (Tilbrook, Pa.)
- 650 EL SALVADOR. YSS, San Salvador. Over & under WNBC slop 1955 on 6/16. No sign of WSM audio... only Open Carrier. (Edmunds, N.J.) I still hear YSS on 655, Russ. (Ed.)
- 670 COLOMBIA. HJMK, La Voz de Bello, Bello. Readable under WMAQ 0006-0009 8/8. No positive ID, but heard mention of Colombia. (Edmunds, N.J.)
- 675 NICARAGUA. YND, Union Radio, Managua. Heard 8/8 0011-0013 under heavy het. Again with Spanish music 0137. (Edmunds, N.J.) Schedule change? After 0100, I've heard the Costa Rican AN'er alone here, following YND s/off. (Ed.)
- 683 SPAIN. R.N.E., Sevilla, loudest of the RNE's during late July and early August past 2300 s/on. (Schatz, Fla.)
- 700 COSTA RICA. TIHB, R. Relej, San Jose, noted at fair level 7/30 at 0605 with Spanish rock. Verified several years ago on 690 kc. (Callarman, Texas)
- 720 CUBA. Who is this ??? Where and what power?? Heard along with jammer 8/7 0140-0150. Heard again 8/8 about same time. (Edmunds, N.J.) RFS listed published 3 issues ago shows Colon as location, 30 kw. as power.
- 730 MEXICO. XEX, Mexico, strong all AM 8/8. (Edmunds, N.J.)
- 737 MOZAMBIQUE. R. Clube de Mocambique, Lourenco Marques, best audio so far from R.C.M. noted on 7/28. SAEC and the usual Nigerians also good. (Nelson, Mass.)
- 750 JAMAICA. J.B.C. Point Galina, best ever 7/26 at 0452 giving FM frequencies. (Seaver, Calif.)
- 760 MEXICO. XEABC, R. ABC, Los Reyes, Mex. must be AN. Noted 7/26 0449-0456 WJR SSB at good level; also heard AM of 7/30. (Callarman, Texas)
- NEW ZEALAND. IYA, Auckland, heard pips and ID 8/2 at 0600. (Seaver, Calif.)
- 764 SENEGAL. Dakar. This station is being heard even in August here. Heard 8/2 at 0115 S-6. (Cooper, N.Y.)
- 770 EL SALVADOR. YSKLB, San Miguel, logged with excellent signal 8/2 parallel 760 & 750 before 0100 s/off. (Schatz, Fla.)
- 785 BARBADOS. R. Barbados, Black Rock. Here from 795, thanks to PJB. ID's: "This is Radio Barbados, 7-85 kilocycles, the Voice of the Eastern Caribbean." (Schatz, Fla.) Heard on new frequency on 8/10 at 2005, still BEC, S-7 to 8. (Schmidt, Pa.) I guess by now everyone knows that R. Barbados is on 785. (Dangerfield, Pa.) Definitely heard on new spot, with fine signal, but no different here from when they were on 795. (Cooper, N.Y.) Changed to this frequency probably to get away from PJB-800 GRM. (Tilbrook, Pa.)
- 795 BARBADOS. Black Rock. Logged for solid hour 6/16 from 2005 to 2105. Report out next day, but no answer yet. Do they still verify? (Edmunds, N.J.)
- UNID. Noted U.S. music about 2130 7/28. Bonaire? Faded badly. No ID noted. (Bruhns, N.Y.)
- 800 EL SALVADOR. YSAX, R. Panamerica, San Salvador. Slogan and call letter ID's at 0551. (Seaver, Calif.) Noted at good level 7/30 0557-0614, with commercials for "Nacionales" cigarettes between each selection. Then whole string of commercials 0611. (Callarman, Texas)
- 830 VENEZUELA. YVLT, R. Miranda, Los Teques, with poor signal on frequency bombed of late by HJDM. Noted 7/21 at 1827. (Silvera, Jamaica)
- 835 CHINA. New Peking outlet heard in New Zealand very strong in Chinese at 0945. (NZ DX Times)
- 840 ST. LUCIA. R. Caribbean International, Castries, in French clobbered HJBI 7/18 at 1842. (Silvera, Jamaica)
- SURINAM. R. Apinthe. Heard ID in Spanish which sounded like this one. Could it be so, on so late? 2309 7/26. (Silvera, Jamaica)
- UNID. L.A. Spanish-speaker, seems to be running all-night now, heard on Monday morning 8/2, s-5 or so, around 0130. (Cooper, N.Y.) Heard nothing on channel 8/16 after 0104 s/off of Radio Emperador. Perhaps you have PRH-9, AN, Ernie. (Callarman, Texas)
- 850 ALASKA/URUGUAY. KICY, Nome, holding this channel 8/8 at 0400, with CX-16, R. Carve, Montevideo, breaking through occasionally. (Seaver, Calif.)
- 860 MEXICO. XEUN, R. Universidad de Mexico, Mexico, heard definite ID 0023 8/8. (Edmunds, N.J.)
- VENEZUELA. YVOF, R. Bolivar, Ciudad Bolivar, is noted on this frequency in Trinidad. (WIDXA)
- 870 CUBA. R. Rebelde, new one, location unknown. If not in Oriente Province, power could be as much as 50 kw. Clear all day. Noted first 8/4 1830. (Silvera, Jamaica)
- 880 PERU. R. Union, Lima, heard to s/on daily at 0600 with four chimes repeated for several minutes. Power 10 kw. (IRCA)
- 890 UNID. English-speaker here Monday 7/19 at 0314 during WLS SP. Too weak to get any idea of programming, but occasional words came through. Possibilities are 5AN, WRH-9, and AFRS-Adek. Hummmmm. (Seaver, Calif.)
- 935 MOROCCO. R.T.M., Agadir, noted loud with morning chanting 8/9 past 0100 s/on, even louder than Dakar-764. (Schatz, Fla.)
- 947 UNID. L.A. Almost due south of Miami, according to leep. Ecuador very possible. (Schatz, Fla.)
- 950 COSTA RICA. TIECO, R. Eco, San Jose, a bit garbled from overmodulation. ID's with bird calls. Noted 7/18 at 0017. (Silvera, Jamaica)

SCHEDULES, LOG CHANGES, ETC.

- 539 KUWAIT. Scheduled in English 1200-1400. (NZ DX Times)
- 565 E. MALAYSIA. 9WD221, Sabah, operates here with 10 kw. (NZ DX Times)
- 677 JORDAN. Jerusalem, now uses 200 kw. (NZ DX Times)
- 680 VENEZUELA. YVMR, R. Darquisimeto, increase in power to 20 kw. coming. (WIDXA)
- 685 THAILAND. HSCV, Presumably Bangkok, operates here with 20 kw. until 1200 s/off. NZ DX Times)
- 750 E. MALAYSIA. 9WD209, Sabah, operates here with 5 kw. (NZ DX Times)
- 800 JORDAN. Amman now uses 200 kw. (NZ DX Times)
- 835 ADEN. Aden Forces Broadcast Association, ex-900 kcs., now here. (NZ DX Times)
- 836 TANZANIA. R. Tanzania schools service scheduled 0300-0400 and 0700-0800. (WRB #769)
- 930 E. MALAYSIA. 9WD204, Sabah, operates here with 5 kw. (NZ DX Times)
- 1131 CONGO(Leopoldville). R. Leopoldville uses this frequency. (WRB #772)
- 1250 TANZANIA. R. Tanzania third program scheduled 0900-1100 (WRB #769)
- 1520 THAILAND. Radio 20, P.O. Box 2129, Bangkok, is scheduled 1800-2200, 2300-0200, 0430-1200, with News in English 1830 and 1000, French 0655, according to verification. (NZ DX Times)
- 1550 JAPAN. F.E.N., Itazuke, now uses 10 kw. (NZ DX Times)
- 1570 NORFOLK IS. VL2NI, 26 watts, broadcasts the monthly sessions of the Norfolk Island Council at 0330 on the first Tuesday of each month. (NZ DX Times.) Drool! (Ed.)

.....
 R O Y P A T R I C K ... sends a second report in just at deadline. "I start off this time with some news on pirate stations: R. Caroline South is to have a 50 kw tx to cover a wider service area. R. Scotland. This pirate radio ship project has been dropped. R. Falcon. is due on the air very soon, no further details yet. R. City. The Bristol Channel station will be on very soon. No frequency given yet." Roy moves on to DX heard: 764 Dakar audible around 2330 GMT; 800 PJB fair at 0330 GMT with English News; 960 CHNS Halifax good at 0400 GMT; 962 Tunis, good at 2200 GMT for English program. 1010 WINS, New York fair 0330 GMT; 1050 WHN fair to good. 1070 R. El Mundo, good at 0330 GMT fade at 0400; CEA, not audible until about 0400 GMT; 1210 WCAU quite good until 0430 GMT." Roy reports the following QSL's: WWA card; RNE San Sebastian letter; KING Radio, card; Emissores de Norte Reunidos, Porto, letter; BBC Wales, Letter; and Roy closes with this note from the Isle of Man: "Manx Radio is to get more power in the future; a new tx stn is to be built in the centre of the island, 750 feet above sea level."

.....
 S U P R E M A C Y R A T I N G S ...

Applications to take over this duty have come in, in chronological order, from William W. Willis, La Crescenta, Calif., and Norm Maguire, Albuquerque, N.M. Decision will be made at the NRC convention in Cedar Rapids. Anyone else wish to volunteer???

.....
 C E D A R R A P I D S ... Musings, IDXD and DXDD editors, publisher, and many key DX'ers will be there. I'm bringing my foreign veries and a complete file of DX Newses, dating back to 1940. It will be a great show, my friends, with the possibility of a few surprise visitors, as well. If you can possibly make the last minute plans for the big blow-out, do so. You'll never regret it. Also, there'll be some spirited competition for next year's convention site, and the convention-goers make that decision. See ya there.

18. World Radio Handbook Bulletin, Linderoffsalle 1, Hellerup, DENMARK. Good show this time. Thanks. 73 JAC

not xtal controlled. Signal quite good and severe fast fade seems to be due to poor freq. control rather than ionospheric effects. Going back through my records, I find that this station agrees perfectly in E20 time and DF bearing (99 degrees) with the unid. West African heard and reported by me last 12/22 at 0130 on 1416, at which time was assumed to be NES, Kaduna. I've had the computer calculate back for condx that nite and I find that the station heard at that time was much more likely to be Bamako than Kaduna, based on E20 considerations. After 17 nights of listening, have never heard English, only French, so ID of station heard by Schatz still a mystery. Mali logged as Country #105. (Nelson, Mass.) "La Radiodiffusion Nationale du Mali." First heard 8/2 past 0100 to 0132 fade with plenty of West African music. Loop pointed straight East, but too late for Kaduna-1416. Thought at first lingo was English, but turned out to be French. Loop and 0120 initial sunrise fade indicated Western Mali area, but nothing listed. Gordon Nelson said probably Bamako-1430 (30 kw.) moved over. 8/10 monitoring brought the following s/on sequence: 0045- open carrier, detectably drifting in both power and frequency, making it hard to nail down and loop; 0055- 1000-cycle tone, poor modulation; 0058- IS on "Khora" went something like "E-bbbbbbb-C-A-aaaaa" refrained. 0100- band music, probably anthem; 0101- ID by tenor-voiced man: "Ici la Radiodiffusion Nationale du Mali..." then a bunch of frequencies, etc. Sharp, natural fade followed. Gone by 0135. Not heard 8/8, probably later s/on. (Schatz, Fla.) EXCELLENT JOB OF REPORTING, GENTS!!! (Ed.)

- 1470 VENEZUELA. Someone here mentioned "bolivares" etc., but Ron Schatz says "La Voz de Apure" is deleted. Who? Anyone else? Noted at 2013 7/22. (Silvera, Jamaica)
- 1484 SENEGAL. R. Senegal, St. Louis, was probably the faint signal here around 0130 8/9. No ID, not even good audio, but seemed to parallel 764, etc. Loop also said St. Louis, only possible 1484 at the time. (Schatz)
- 1500 UNID. L.A. Mystery Spanish-speaker heard 7/25 around 0200, seems to be all-night. In and out with KSTP-AM, (Cooper, N.Y.) HON back on frequency? (Ed.)
- 1573 COSTA RICA. TIRU, R. Union, Liberia, reported on this frequency with news and music in Spanish. (WIDXA) Check this one, please, as the station, which formerly operated on 1505, was reported deleted several years ago by DX'er who visited Costa Rica this winter. TIJG, R. Columbia, Palmares, has been heard on 1575 this season. (Ed.)
- 1580 MEXICO. XEDM, Hermosillo, Son. Put in S-5 signal 7/29 2325-2935. (Edmunds, N.J.)

VERIFICATIONS ...

- 584 SPAIN. R.N.E., Madrid, sen nice QSL-card for 3/22/65 reception. No signer. (Tilbrook, Pa.)
- 685 GUATEMALA. TGRT, R. Fabulosa, Guatmela. Sent nice QSL-card with 680 kcs. on card. Address for them is Estudios: Via 6, 3-79 zone 4, Apartado Postal 1466, Guatemala. (Tilbrook, Pa.)
- 715 HONDURAS. HRTV, R. Television, Tegucigalpa. Sent nice letter confirming 4/18/65 reception. Also sent two QMS of both their transmitters. Address-Apartado Postal No. 734. (Tilbrook, Pa.)
- 764 SENEGAL. Dakar QSL with black and white picture of a fish next to a coil of rope with Radio Senegal printed in upper left corner. Reverse side has frequencies and comments in French. Report was for 12/28/64, and the card has the date of my follow-up report, 6/27/65. (Draut, N.Y.)
- 782 PORTUGAL. CSB-9, Miramar, sent beautiful QSL card confirming 3/22/65 report. Central office is Parade, Portugal. (Tilbrook, Pa.)
- 795 BARBADOS. R. Barbados, Black Rock, sent usual form air letter for 3/21/65 report. Signer is Dennis Vance, GM, and P.O. Box is 795. I wonder if this will change to 785. (Tilbrook, Pa.)
- 845 ITALY. R.A.I. Roma, sent usual QSL card. Address: RAI, Direzione Programmi per 1°Esterio, Roma - Via del Babuino, 9. (Tilbrook, Pa.)
- 960 BERMUDA. ZFB-1, Pembroke West. Has verie mimeo letter with station data and comments. (Draut, N.Y.)
- 1035 HAITI. 4VEH, Cap-Haitien. Sent QSL and pamphlets; also says new outlet soon on 820. I don't see this one staying there very long, though; they are bound to have CMKC and HJED trouble. (Silvera, Jamaica)
- 1214 ENGLAND. BBC, sent usual non-specific QSL card confirming reception of Light Program heard in April. (Tilbrook)
- 1235 BERMUDA. ZEM-1, R. Bermuda, Hamilton, in follow-up report, sent a prepared card, and it came back in two weeks. (Draut, N.Y.) Sent nice post-card QSL confirming 3/28/65 report. Reports should be sent to the programme director, but signer unreadable. (Tilbrook, Pa.)
- 1295 ENGLAND. BBC, Crowborough. Same card as 1214. Signer for both is K.R. Sturley. Address Bush House, Strand, London, W.C.2. (Tilbrook, Pa.)
- 1930 DOM. REP. HIBD, R. Libertad, Santiago, sent nice, colorful hand-painted card plus post-card v/s. Director same as per MRC list, namely: Abraham Vanderhorst. (Silvera, Jamaica)
- 1430 PUERTO RICO. WNEL, R. Caribe, Caguas. Sent beautiful letter verifying 3/21 reception. Signer is Gabriel Figueroa II, Exec. V.P., Americana Hotel. (Tilbrook, Pa.)
- 1530 PUERTO RICO. WUPR, Utuado, Sent letter confirming 3/22 reception. Signer is Jose A. Ribas. P.O. Box is 687. (Tilbrook, Pa.)

LAST CALL FOR CEDAR RAPIDS!!!

CONVENTION NEWS

DATE: SEPTEMBER 4, 5 and 6, 1965

PLACE: CEDAR RAPIDS, IOWA

HEADQUARTERS: ROOSEVELT HOTEL, CEDAR RAPIDS, IOWA 52401

RATES: Single \$6.95 to \$12.95 Double \$9.95 to \$19.95.

Suites available; Bachelor quarters; Family rates. We suggest you write for a rate card. Hotel reservations available at Roosevelt Hotel either direct or through me at the address below.

SATURDAY NIGHT BANQUET will be at Bill Zuber's "DUGOUT", Homestead, Iowa. Bill is a former New York Yankee pitcher turned "restaurateur". We will order from the menu. (Top Steak is \$3.00; ranging down in price from that figure). Time for the Banquet is 6:15 p.m. CDT.

COLLINS TOUR has been arranged for those interested.

ANYONE ARRIVING VIA PUBLIC TRANSPORTATION -- let me know when you will arrive for transportation to hotel.

United Airlines & Ozark Airlines at Municipal Airport (4 miles from hotel).

Milwaukee Railroad (Union Pacific) at Marion (4 miles from hotel).

Rock Island Railroad from Minneapolis & St. Louis in Cedar Rapids (about 1 mile from hotel).

Greyhound Bus - Trailways - Missouri Transit - Jefferson Lines - all serviced at Union Bus Depot (4 blocks from hotel).

We already have reservations from a good group of DXers, but will need some more to have a large turnout. Friends are welcome, too. Will everyone who plans to be here, please let me have a card or letter as soon as possible, so that I can get some fairly accurate preliminary idea of the size of the group. If you find you can come just at the last moment, but have not made reservations, come on anyway! We'll take care of everyone! BOB GORSUCH, 2509 "D" Avenue, NE, CEDAR RAPIDS, IOWA 52402

I have many items sent directly to me that I can't find space for. May I acknowledge visits here in Kittanning from TOM FARMERIE and DOUG WIST of Pittsburgh, Mr. and Mrs. EV JOHNSON and DAUGHTERS who stopped for a short but most welcome visit, TIM DAVISSON of Akron, Ohio along with his father and brother. Also had a short visit from FRED PFAFFLE who lives in nearby Valencia, Pa. and an overnight visit from JIM WARNER AND WAYNE PLUNKETT of Toronto who were headed for Pittsburgh. Glad to have visitors at any time.

Len Kruse forwards me a letter received from Ray F. Syslo of Radio K-TTT, Columbus, Nebraska. My Syslo has answered all reports received on their DX program, asks to be forgiven for the delay, etc. He mentions receipt of some nasty correspondence from some of you impatient DXers. We'll print his letter in full next issue. Mean-time thanks to Ernie Weslowski for his help in getting this station to answer.

From DAVE SCHMIDT, 14 Green Lane, Green Ridge, Chester, Penna. 19014 comes word of a DX program. Dave has lined up the first one for the DX calendar as follows:

KNWS 1090 kcs. Waterloo, Iowa will conduct a test on November 1, 1965 from 3:00 to 3:30 AM EST. Reports with return postage go to

Walt Rice, Engineer, KNWS-AM, Waterloo, Iowa 50702. More details later when the DX Calendar is resumed on Page 1.

Dave Schmidt also asks us to insert a request for a used HQ100. Anyone with a line on such equipment will please contact Dave at above address.

May I express a word of appreciation to many of you who have inquired of me in the matter of special printing orders. I regret that my facilities do not permit me to accept any orders for QSL cards, etc. Your home town printer will be your best bet! If you want to use the club emblem, I'll be glad to lend you a mat for this purpose. Self-addressed stamped envelope, please.

NRC REPORT FORMS AND LETTERHEADS are now available with your name and address imprinted free of charge. Minimum order must be for 500, any assortment. The cost is \$5.25 postage paid. Allow ten days extra for delivery.

FORTY PAGES AND NUMEROUS ITEMS HAD TO BE CARRIED OVER! Old Sweetie Cake is sure to ask for a raise - - or worse - - threaten to resign! C U in C R - - RHC.

A VERY FINE GROUP AND WE ARE STILL GROWING. KEEP UP THE GOOD WORK. HJW.

- 1363.5 SPAIN. ECS-44 Ciudad Real (3 kw) on this frequency since early May; previously on 1360.
- 1373.5 SPAIN. EAJ-45, Denia, heard on 1379 in May and here June 8th by one of our members. Previous identification on 1378 kc. 10/64.
- 1385 FRANCE. Le Mans heard on 6/19-20 by two of our members; then no longer in service. (These the auto race dates? If so, look next year. Ed.)
- 1448 ITALY. Udine 2, Power increased to 2 kw since 12/12/64.
- 1475 CZECHOSLOVAKIA. Unid. Czech station heard very rarely late May and mid June.
- 1482 SPAIN. ECS-14 Girona, heard on this frequency since late May by two of our members, previously on 1494. This frequency + 2 kc.
- 1497 SPAIN. On this frequency (+ 1 kc.) since early June. (Also heard on 1477, 1487.5 and 1512 kc.) Is EAJ-94, Gijon, 2 kw.
- 1500 SPAIN. EAJ-64 Segovia heard on this channel 5/22 by one of our members. Previous ID on 1497 5/64.
- 1559 YUGOSLAVIA. Unid. Yugoslav station heard here 5/16 by one of our members.

Richard E. Wood sends two reports from Newcastle upon Tyne, England, between last month's deadline and this: "The first of the Spanish MW stations to close down in favour of FM, in accordance with the Spanish government's decree, is EFE-15, La Voz del Ferrol, El Ferrol del Caudillo, which ceased operation on July 24th. I have QSL for July 22nd for 1356 kc/s. (Nominally 1358, so stated in QSL), so, I presume, the last QSL listed for MW by that station. Signed by J. Enrique Alvarez del Castillo, Director. Now only on FM. The second station to go the same way is, I understand, EAJ-4, R. Galicia, Santiago de Compostela, also in the province of La Coruña, formerly on 1448. Can this be taken to indicate a wave-like sweep over the country, starting in the north-east? This is of course pure speculation. I am, as you will realize, in a frenzy of report-writing to Spanish stations at present to obtain all the QSL's in time." (Will be anxious to see the QSL-harvest from these efforts at the Cedar Rapids convention, Richard. And will be pleased when the situation in Spain is straightened out so that some form of stability can come to a listing for that country!!! --Ed)

Richard also reports: (7/20) Conditions on the trans-Atlantic routes have been excellent during the past month. Two peaks for reception, here in England, of North America, were noted: July 6th and July 18th. On both these nights, WJJD-1160, the farthest west heard at this season, was well received. The nights before and after July 6th brought good reception of the Canadian Maritimes, with some U.S. stations coming in well, notably WRVA-1140, which is most unusual here, since CBI-1140, is usually dominant. The southeast and the New England area were well audible, but New York was poor, on such nights. The peak night, July 6th, skipped right over New York and the New England area. WJJD was dominant and other stations from non-East Coast regions were noted. Regular powerhouses like CBA and CJON were skipped over. The next peak night, July 18th, brought no such skip effect. Although WJJD was quite good, there was a regular and logical hierarchy of strength from the coast inland and downwards, with the Maritimes and New York dominant, although, being summer, some southerners such as WCSC-1390 and WLCY-1380 were noted. A full list of the North Americans heard here this month is: CKCM-620; CBN-640; WNDC-660; CJCN-680; WNAC-680; CJOX-710; WABC-770; CHRC-800; WGY-810; WHDH-850; CDH-860; WCBS-880; CJBR-900; CJCH-920; CJON-930; CBM-940; CKNB-950; CHNS-960; CKEW-1000; WINS-1010; WBZ-1030; Sugarloaf-1040; WHN-1050; WRCV-1060; CBA-1070; WBAL-1090; CBD-1110; WNEW-1130; CBI-1140; WRVA-1140; CBSJ-1150; WJJD-1160; Marathon-1180; WCAU-1210; WGAR-1220; WEZE-1260; WAME-1260; CJCE-1270; CJMS-1280; WROC-1280; WKNE-1290; CBAF-1300; WLOB-1310; CKEC-1320; CFGD-1340; CKEN-1350; WAVY-1350; CKBC-1360; St. Pierre-1375; WLCY-1380; WCSC-1390; WPOP-1410; WENE-1430; WAAB-1440; CBG-1450; WOKO-1460; WPCR-1490; WTOP-1500; WMEX-1510; WKBW-1520; WCKY-1530; CBE-1550; WQXR-1560; CBJ-1580.

South America has also been excellent this month, with peaks for the West Coast more than one night, notably to Santiago and Lima. At 2255 EST on 7/18, after a night of North Americans, there was a swing to W.C.S.A., and OAX4I-1320 was heard like a local. Latin American loggings are: PRF9-640; CB66-660; PRC7-690; LR6-790; PJB-800; FRA2-800; LU2-820; PRH9-840; CX16-850; PRA3-860; LRA-870; ZYU33-880; ZYI23-900; YVPF-910; LR4-910; ZP1-920; YVQT-940; PRF4-940; LR3-950; ZBF1-960; PRF3-960; YVNM-1000; PRB9-1000; ZYN23-1010; LT4-1010; YVQB-1020; PRG2-1040; CX26-1050; CB106-1060; LRI-1070; CX28-1090; PRG9-1100; PRI4-1110; PRF7-1110; LR2-1110; LU7-1120; HJAC-1130; YVNA-1130; CBI14-1140; LV3-1150; Americas-1155; PRE3-1180; CBI18-1180; YVOZ-1200; PRE9-1200; YVNM-1210; PRA9-1220; LT2-1230; ZBML-1235; ZYU44-1265; ZYB5-1270; LS11-1270; WCMN-1280; PJD2-1295; ZP10-1305; Fort-de-France-1310; OAX4I-1320; LT14-1330; PRH6-1340; WIVV-1370; ZYK31-1370; PRD5-1400; ZYK30-1560. Antenna in use for above receptions was a 4-foot loop of seven turns, with a 500 pf. capacitor, and the inductive loop coaxially fed to the receiver, which is a Marconi CR100." In the second report, Richard writes: "The predicted North American peak around August 2nd did, in fact, occur, although actually the two extreme dates, July 29th and August 4th, were the best. These two peaks were different in that, on July 29th, reception quite far inland (WOKJ, Miss.) was possible, while on August 4th, Southern Areas, especially those on the Atlantic coast, were dominant, with little sign of inland regions, and a spread of stations from the Maritimes, down through New England, the mid-Atlantic coast, and into Florida. While on other nights, such as Aug. 5th, the shared frequencies were messy, with many stations fighting each other, the 4th was an outstanding night for graveyards, several of which were dominated, at one time
