### NO INFORMATION AVAILABLE ...

on the IRCA tests. Nor are they getting any full info on hours, sorry to say. I, personally, do not have the time to write the front-page editor, Don Erickson, at 6059 Essex Street, Riverside, Calif. 92504. I would suggest our CPC set up sufficient liaison with their CPC that the detailed info becomes available again, okay?

WERV details will be found in last week's issue ...

WDTM informs Roger Winsor they'll test on the time indicated above, expected to use Q/w music with very many ID's. The reports should be addressed to the owner.

WGSM writes "I have received permission from Phil Harris, the Chief Engineer, to conduct some tests at 0300-0330. I will be happy to handle all verification requests, since I am a former NRC member. Our station operates with both 1 kW and with 5 kW directional during different parts of the day. We will use the directional pattern for at least a short part of the test so that we may make some adjustments with antenna currents and phases. For the rest of the test, we will be 1 kW N.D. Frequent ID's will be transmitted. If we get enough letters to warrant it, I will have some SL's printed, rather than use the letterhead. As I will be answering the DX mail, requests can be sent to my home address or to the station. I will probably get them quicker at home since I only work weekends and holidays." Don Huber, Part-time Engineer, WGSM, 379 New York Ave., Huntington, N.Y. 11743 (or home address- 2 Aquaview Court, Huntington, N.Y. 11743)

WYND will test with rock music, will accept phone calls, but not collect. Reports go to John Dark, WYND Sarasota, Fla., 33580.

CHER reports to Norman Robins, Chief Engineer, P.O. Box 950, Sydney, Nova Scotia

CONTEST MANAGER DON KASKEY ...

pens, "Turned out to be a small convention here over Thanksgiving, with 21 DXers plus numerous wives and kiddies, most staying throughout the weekend, so a real blast. Another scheduled for February, come on out. Turn-out included: Raleigh Biss, wife and daughter (8); Frank Kennedy, Bob LaMotte; Dave Prather; Bob Pietsch; Jim Korn; Mike Northam; the mysterious S.J. Bush; Randy Seaver; The One and Only RFS; Wayne Coombs; Chico Martino; Bob Wilkins; Don Erickson; Bill Lipis; Ed Marr; Randy Miltier; Gene Allen; Clarence Freeman; John Sampson, wife and family; and Don Kaskey. Much time was used discussing 1968 IRCA convention in LA and bid for 1969 convention in SACTO, however on the latter everyone felt more work was needed so we decided to re-convene here in February, hmmm. The SUPER SECRET SOCIETY (ERBA) went into session early Friday and remained in session almost without break until early Monday A.M." (Hmmm-JAC)

BROADCASTING YEARBOOK ...

this year has doubled its price. According to the flyers I've received, the 1968 yearbook will cost \$10.00 instead of \$5.00. Ralph Johanns has address in Musing, I believe. (I'm typing these stencils while Randy-Kane and John Pirnat are collating Musings.)

CHRISTMAS SCHEDULE ...

Dick Cooper had a good idea last year when he eliminated bulletin between Christmas and New Years. We will do the same this year, because our bulletin crew appears to be set to scatter to the four winds. Not to mention the publisher. Because I plan to fly to Texas on December 21st, the 12/23 issue will be published Wednesday instead of Friday that week. That means that Ernie Cooper's deadline will have to be Monday, December 18.

DOLDRUMS ...

have set in amongst the publishing crew, as we consider the workload that's going into the publication of this bulletin. Not a single member bothered to guess how many man hours are spent on this issue ... or I should say on the recent issue we took the tally on ... and I don't know whether we should tell you or not. At this stage of the game, the idea of the ARCTIC RADIO CLUB in Sweden is beginning to seem appealing. The ARCTIC RADIO CLUB of Sweden has an interesting format: They limit their membership to just the topnotch DX'ers ... who get through a screening committee ... A quota of 50 members ... the members have to contribute to the club efforts, either through editing, publishing, participating in projects, or contributing VALUABLE tips ... or their dropped from the ranks to make room for ACTIVE, CONTRIBUTING members. ... This is not dropped in to frighten anyone, but to stimulate a little thought. NRC is still a great deal larger than any other all-PCB club in the U.S., Sweden, or England, but some of the smaller bulletins seem to look a lot easier to put out!!!

I finally got my third class license & am now trying to convince people I have talent w/a rr show on WSIN-91.1. (We are 1,000w, not 165w as in VJ). The only drawback is it's on Friday nights. Also I took about three days & did a little DXing at Wesleyan from which totals are about 115-20-2-5, no attempt being made at veries. Here in Eluria for Thanksgiving, I got the following results: 11/22- CHAM-1280 for call change; daytime regular. At SSS, two of my most-wanted, WCEF-1050 @ 5:06, and WIOI-1010 @ 5:15pm s/off. 11/24- WCBY-1240 4:57. WKYB-1000 5:10pm. 11/25- WLKR-1510 trstsd w/OC all day. WHBL-1600 5:28 s/off w/"God Bless America." WEUP-1600 @ 5:36. KFDF-1580 5:48. WLEF-1540 5:52. WSAO-1550 5:59. KOLS-1570 6:11. WLAK-1430 w/"The In Sound" @ 7pm. XERH-1500 7:05. 11/26- WLAY-1450 2:12am. 3:05am, I heard a YL DJ on 1580 taking phone dedications?? If I ever do start DXing seriously at Wesleyan you will see some reports from me there too. Veries came from: v/q- WTIC, returned postage, & WESR, a v/l-6M & brochure about Va's Eastern Shore.

William H. Stone - Apt. 511 - 2265 Victoria Park Avenue - Scarborough, Ont.  
To all those I owe letters, patience please. 1967 has not been my year - fifth, sixth, & seventh cervical jammed mid-Feb. Orth surgeon tried physio eight weeks - no go. Into Vets' Hospital 4/7 to 6/23 to unjam by traction. On release, two more moths of physio. My wife just shoved mail into drawer & I'm trying to cut it down. Now bottom of spine has gone sour - docs put me in steel girdle 10/30. X-rays 11/9 showed no shrapnel - it's moved again to lower back & left knee. I expect to go into Vets' Hospital again immediately - going to make three nicks in left leg, back side, 15-20" long, so it may be 1968 before I can get to mail fully. To NRC DX NEWS comments - phooie - if you send first class report you get veries. My only "no sale" have been European stations - four 100 satters in Australia, one 50 watter in backwoods of Brazil, one Peruvian which Dave Gleason told me you have to see to believe. He visited it six or seven years ago. I have used NRC SS form for eight years except to Brazil. Veries back- 99%. Only in Mexico have I got bad results. I never send out a so-called tentative - I know who I hear, or no report. It's as simple as that. As to 1300 stations, chap who asked - I have channel 90% verified. As to Tongen station, you will find it breaks through Nov. to mid-Dec., then again 2/15-29. Can't mistake it - just takes patience, good set & antenna. Thanks Len for your list - means I won't have to go over eight months of DX NEWS. Special thanks to Latin gents for up-to-minute lists on LA stations. Merry Christmas to all. Reports to all LA stations 30 minutes or more long. I always enclose two Yankee dimes scotch-taped to report. (Lots of luck, Bill - keep DXing & Musing if you can -ERC)

DX has been pretty good so far this season. 11/17- WFLR-1570 r/c-IT-c/w mx. At SSS, WMC-790 5:45 for a brief log through CHIC. 11/20- While tuning for WCOK-1060 r/c I came across WMCL-1060 McLeansboro, Ill. ETing w/c/w mx 1:35-2:02. WCOK heard from 1:40-1:50. KENO-1460 heard @ 2:11 w/religious program. No Specials heard. CHOO not on. WBTS-1480 r/c 3:20-3:25 c/w mx. WPNX-1460 ETing w/c/w mx, 3:45-4. I notice they all use the good kind of mx, right, Ernie? 11/24- CHOO Ajax on RS @ noon, fairly good signal. 11/26- At 1:15pm I noticed a few strange things - WBZ-1030 WJAN-1190 WNBC-660 CHRS-1090 & CJRS-1510 CKCY-1310, just those six & no others from those areas. 11/27- Wow! What a morning! WKPA-1150 TEST in I&C. I was worried that CKOC were going to stay on AN, but they disappeared in the middle of a Dean Martin record @ 1:35. WMVR-1080 Sidney, O. ETing w/Eddy Arnold records @ 1:05-1:26. KORL-650 in good @ 2: 8-2:25. At 3:15, Oriental mx on 660, maybe JOAG, ruined by WNBC's OC a few minutes later. At 3:27 during a fade of WBNX, KRKO-1380 Everett, Wash. At 3:33, KHOW & CFCY together on 630 w/others, unID. KAYO-1150 @ 3:46-3:51. WJDY-1470 r/c-IT 5-5:08. Veries coming in slowly: v/q- KENO CHOW. v/l- WITN WFRA WQUA WMCL. v/f- WTIV. Total veries 478. Is the CBC AN-950 CKNB or CHER? (CKNB I think -ERC)

Tom Hartloff - 179 Depew - Nyack, New York - 10950

Hi all. Heard here: WCRV-1580, Washington, NJ the IT I think I heard oer NRC f/c list, very weak, QRM from CKIM & WEEZ, w/WBRY off. This on 11/24. R. Americas-1156 for a log 11/26: They were in like never before, S-9 at times, w/no QRM. Verified: v/f- WAGL. v/l- WIVV CHRL via CBC Ottawa. They said that's what was on 910 in FF w/ CBC program. CHRL is only an affiliate, though, & has been heard here on SSS w/non-CBC programs. v/q- KXEL. v/r- WBCS. CHRL also sent v/q too. S/off w/a quote from Snoopy w/his ears cocked while he sits atop his doghouse: "On A clear night I can get Mexico City." (Really?) 73.

Just a few loggings as follows: 11/25- WKNA-1550 Raleigh, NC ET 12-12:10 u/CBE for NC #120; WPUT-1510 Brewster, NY 12:50-1:15pm using loop to partially null WNLG for my 163rd NY call. 11/27- As expected WCWA-1230 Toledo did not get through the QRM mess here; umn CKOC Hamilton, Ont. was booming on 1150 @ 1:30 but WKPA New Kensington Pa. heard on TEST from 1:35 for Pa. station #179; umn CKNX-920 Wingham, Ont. well heard on Special; with WBAX-1240 dominant, of course KLTZ Glasgow, Mont. was not heard. CJRN-1600 Niagara Falls was not heard on Special as I could not null WWRL. I'm glad I sent a report to CJRN a week ago! I did not expect to hear KARI-550 Blaine, Wash. & I didn't. CJOY-1460 Guelph Ont. was heard but w/a rather weak distorted signal, just fair at times. This is the only Canadian that told me my previous report was not from them. This time, I KNOS I had them & report sent. KCPX-1320 Salt Lake City may have been the station heard but signal too poor for report. At least three stations on 1320 after 4am. 11/28- Station on 1050 in Everett, Pa. heard on f/c-TT 12:31-12:40 u/WHN. Not sure of call, WWDS listed w/a change to WSKE. Letter requesting info sent. Just one verie received a nice v/1 w/colorful CM & rate card for 11/20 report. 73.

Hi! ERC wants Musers so I'll try to hit it again weekly (or weakly, hi). v/1- WPRA-DX & WCGC-1270. v/cm- WPIV-DX. Total now 476. I'm hoping to hit 500 by 1/1 so it means loads of DX to come. DX: MM 11/27- WKPA-1150-TEST in weak @ 1:34am, WTRI-1520 on w/ET & c/w rx @ 2:15-2:45am, ID @ 2:30 - nice of WKBW to be off, & WKYE-1550 2:54-3:04am on ET-rr. I noticed WPXY-1550 on 1538 @ 4:51pm; 5:15 s/off. 11/28 WHLO-640 60 o/S-9, WRBO-970, WONE-980, WPEO-1020 u/KDKA, WLDS-1180 u/WHAM, WHOT-1330 WING-1410 all noticed between 3-4pm - interesting what Winter does other than snow, hi! \* means reported, all rest umn or not enough for report. To anybody I owe letters, hold on - my typewriter is in Sears' shop (for the past four weeks) to fix the key - nice service? Don't tell anybody but Wes Boyd forgot how to lick a stamp! Good DX.

Plans are still going ahead on the NEW YEAR'S GET-TOGETHER in Omaha beginning at noon (or earlier) Saturday, 12/30. It will last until noon on 1/1 w/special programs planned. Write me if you think you can make it. Now, I want to wish everyone a Merry Christmas & the best for the New Year as Third Class Mail will be delayed. I had a nice talk via ham radio w/Howard (Bud) Hayes, VP of WPIK-730 & WOKO-1460. His call, W3CVW. He was very interested in our Club & said he would try to let us know if he plans any midnight tests. He mentioned getting a three-page letter (from you, Ernie?) asking him for a DX TEST. (No, not me -ERC) Anyone interested in helping on a committee for better reception reports, please contact me. Five thousand information sheets will be printed very soon, so now we need people to mail them out & lists of new DXers to write to. New veries include: KDDA WGUS-r WRDB WWGM & KALB. MM 11/27- KCPX & CJOY DXes were heard here & reported. 73s.

Hi. DXing time spent during the wee hours has been practically nil, but once in a while a new one gets snagged for the logbook. 11/16- WPAL-730 Charleston, SC @ 7am. 11/23 found DX good at noontime w/WJBC-1230 Bloomington, Ill. caught while nulling down WHCO w/the loop. WRAY-1250, Ind. was in clear, also noted WKYC-1100 instead of the usual KSD second harmonic for the first 500 mile (air distance) noontime reception here. 11/29- WINZ-940 Miami in briefly @ 7am, KITE-930 San Antonio was a reception reporter's dream w/at least seven commercials in eight minutes 6:36-6:44pm. Just one verie in, a real friendly one from WINT-1270. Oops, I almost forgot to mention a v/l from KTUF-1580. That's 100% return for Nov. (I sent out only two reports, that's why). A great big welcome to Richard Eddie, making it three St. Louis area members. I forgot to mention that Jerry Bond paid me a real nice visit in September. Jerry is the first NRCer & first/avid BCB DXer I ever met, while I was stationed in the Air Force in Watertown, NY in 1964. The St. Louis NRC trio met at my place last week, & we have decided to take the big plunge & let the cat out of the bag. All NRCers note the first of many repeatings of this phrase that will be soaking into your subconscious before long: ST. LOUIS IN '69!!!

Hi. Bad news for Miswesterners: WRTH is now on MM so there goes 590 (of course it wasn't much before because of the good ole Cuban!) DX: MM 11/20- XEQ-940 @ 1:03am s/off w/chimes, WHIC-1430 f/c in good thanks to WIL's earlier s/off on MM, reports on KERN/KWYO-1410 as WING was off, 1:44-2:16am. Finally KENO-1460 @ 3:01 s/off for state #42. WFIL-560 rr @ 3:45, WABB-1480 non-stop rr except for SIDs between each song @ 3:55, & WCBM-680 Md. @ 4:07. 11/24- WACA-1590 heard ending f/c @ 12:15am. KDAL-610 w/CBS Dimension @ 5:30-11, WOI-640 @ 6pm s/off u/KXOK slop, WOKY-920 for surprise @ 10:08pm o/KARK. 11/26- WLCS-910 W 4:05am. KDAY-1580 Cal. in good for report @ 7:33-7:45pm s/off - WCLS for some reason was very weak & only XEDM giving any trouble. MM 11/27- Who was on 1400 w/PT around 1am & past? YVRQ-910 loud all AM, WKPA-1150 TEST in weak i/slop/WRVA-test, slo-KRKO, hi. I got a couple of good IDs so report sent. WFLA-970 fairly clear @ 2 Oam. Back on 1150, KDEF in w/good signal (and not as much QRM as WKPA had) for report @ 2:12-2:35am - mentioned they s/off @ 3am EST. CJRN-1600 DX fighting it w/KLAK - both had c/w mx so quite a battle. 11/28- WKKR-1540 SC s/off @ 5:29pm. KWOE-1320 Okla. in o/everything @ 5:49pm, & KMMO-1300 (Hi, Dave F.) @ 5:53pm in w/great signal for about two minutes - then no more. 12/1- WAGY-1220 weak @ s/off 5:45pm w/KLPW nulled. 12/2- WYGO-1330 Ky. @ 12:46am w/LD for ET. Veries: WRFD-880 usual v/f, WAGL-1560 TEST v/f, WDIC-1430 v/l- CM, KPJZ-1270 v/q, KERN-1410 v/l. Totals stand @ 757/221. Keep the good DX NEWSes coming, & remember, ST. LOU for YOU in '69!

BCB QSO daily @ 11:30pm on 3525k de KoAKK, also MM BCB loggings @ 2am on 3525k w/ K8GVU - come join us! I have been swamped w/work. Stuck on 710 where WHB is daytime, but no report sent yet - I hope to get going soon. Daytime DX is terrific! Here's one of possible interest - travelling home to KMMO on 11/23 @ 5pm WBT-1110 covered KFAB on auto radio at junction of Highways 70 & 13 in Mo. (a stone's throw from Bruce Reynolds). This continued until arrival at KMMO-ville where I shut down & got some Turk! 5pm is 4pm, CST! Bright daylight on a bum RX - bcy, fine CX! Take care - I hope to be on ball again soon. 73.

Twenty-two new stations since 11/25, plus eight new veries since last Muse. Here goes w/DX. 11/25- KWEB-1270 on for ET w/ID caught @ 2:48 I&C. WHIN-1010 Gallatin, Tenn: on SSS 4:50-5:06 fade-out w/great signal, plus lots of local ads. WPHC-1060 5:10-5:45 s/off. KZYM-1220 in Cap Girardeau on 5:50 s/off w/SSB I&C. KZOT-1460 c/w @ 5:55 I&C, but not logged. KRHD-1350 Okla. @ 6:25pm, only 250w! Finally to end this great SSS day, KBGH-1130 Memphis, Tex. 6:35-6:45 s/off o/KWKH. 11/26- XEMP-710 heard @ 1am s/off w/clear XEM? ID. Also CHRC-800 unnn heard on ET 1:02 & on. KBUY-1540 heard w/ET @ 2:25 u/WPTR, KXEL off. Later KRMS-1150 w/local NX @ 5:35pm. KPWD-1140 5:40-5:45 on SSS w/c/w for two new ones from Mo. New WLEF-1540 heard @ 6pm s/off. KDSN-1530 Denison Ia. ending local NX @ 5:55pm, then Portals of Prayer for log. KANS-1510 w/easy nx 6:15-6:30 s/off also logged. They're in Larned, Kans. Finally KZOL-1570 Farwell Tex. I&C @ 5:45 s/off. 1570 was clear when they left the air/ MM 11/27 w/tremendous WC reception as follows: KDIX-1230 on RS w/NX @ 1:30-1:34, but faded too much for log. KDEF-1150 RS w/NX @ 1am, then logged again 1:30-1:45 w/mx. Announcer said till 2am. New WDEM-1130 Selmer, Tenn. on for ET 2:13-2:25 for easy log I&C. Religious nx on 1250 turned out to be KTW in Seattle so logged them in/out w/WCAE 3-4. During that time KHIL, Wilcos, Ari. came on for short ET/c/w 3:13-3 16. CJOY DX too weak to copy. They're better here on 5kw RS. Finally KINO-1300 RS 3:46. JBC-750 heard @ 4:45 s/on I&C but not logged. 11/28- USF-840 @ 1:03 s/off I&C u/CMW That afternoon WNYC-830 weak, soon succumbed to KBOA. WGCC-1090 4:46-4:56 c/w. WENR in also for 5pm ID but no log due to WWWI. KMUS-1380 on top brierly @ 5:30-5:43 for log. 11/29 WRNG-680 ET w/IDs @ 1:46 & 2:31. Also heard WVNJ Newark r/c w/IDs 2:05 & 2:20. WCKY note off 2am but back @ 3:30 so must have been XR trouble. WETC-540 on for ET till 3:17. That PM WHEN-620 atop but changed to DA during Gulf spot so no log. WCPS-760, long-wanted in o/WJR @ 4:58-5pm s/off I&C. I consider this a good catch for a midwesterner. XE CX excellent AS WKYB-1000 @ 5:13 s/off, thanks to DXDD tip. Not bad for only 70 miles from CPL! KUXL-1570 @ 5:45 s/off faintly. KNDK-1080 @ 6pm s/off. During Dec., subtract 15 minutes from these s/off. Veries: WMCL WCAW KBOA WBRI (11 month old report) KRCC-r WTNT KWEB WPHC-CM. Veries 599 w/total log @ 2,252. Thirtyone new ones since 11/20! Bye.

Hi. Thanksgiving vacation brought in lots of DX here 2/24 new stations added from 11/22-11/27. 11/22- Fargo TEST not on, but KWIC had an erratic ET/nx between 5:03-5:13am, WRHL-1460 noted w/f/c 5:15-5:30 w/WPNX QRM. 11/23- WAIT-820 w/WBAP QRM @ 4:43pm. 11/250 WCIR-1060, weak @ 7:05am; WJOE-1080 @ 7:08 w/KRLD nulled, WLBW-1100 hoof @ 7:25am; KNEI-1140 I&C @ 7:34pm, almost no QRM till WSIV's 7:45am s/on & KPWB 7:50 s/on. WRTH-590 IDed @ 11:08am, heard here days in the loop nill of WOW; WMM-1080, a real surprise just before 5:13pm s/off o/WCRA/KNWS/ w/KAAY nulled; KODE-1230 CBS NX @ 6:10pm; KFPW-1230 @ 6:15; KCCN-1230 @ 6:16; KBEL-1240 @ 10:59pm s/off, and WDOD-1310 @ 11:28pm. 11/26- Best catch of the weekend in CKSA-1080 w/c/w in KRLD's null @ 7:21am; KSCB-1270 w/rr @ 6:03pm; KVCL-1270 @ 6:14pm s/off & KABQ-1350 I&C @ 6:59pm w/SS & JEE ID. MM 11/27- Best MM this year. I slept through WCA & WKPA didn't make it, KDEF loudest ever noted during their time. CKNX-920 DX w/WOKY QRM @ 2:44am; CJRN-1600 DX u/KLSK @ 3:02; & CJOY-1460 DX easy @ 3:35am. After logging them I tried for the KLTZ DX, but for some reason I was thinking they were on 1340, & I got down to 1240 @ 3:58am. I think I had their closing ID, but was so ultra faint that I decided against sending a tape. I won't count it. WBML-1240 good @ 4am; KTW-1250 w/religious programs, WTAE nulled @ 4:30am, CFRA-580 good @ 4:44, & CJET-630 c/w @ 5:25am w/KHOW/Cuban/KXOK-OC QRM. 11/27 SSS- KTUF-1580 loggee for call change 7:10-7:26pm s/off, c/w. Veries: v/l- CJRL KRLD WHCS KNEI. v/f- WAGL-TEST KXEO. v/q- ~~WMM~~ WKMI. Totals stand @ 1,132/494. I guess I'll finally make 500 veries, hi. 73. PS, re Dave Whatnough's musing, P. 6 of 11/25 DX NEWS; WRFC isn't a daytimer! (Thanks, Bruce - I stand corrected, & sorry, Dave Whatnough! -ERC)

Gray Scrimgeour - 221 Cassandra Boulevard - Suite 1012 - Don Mills, Ont.

I note that friend Dandy ReSeaver had a Musing in lately - it reminded me that I haven't said much for a while, either. A trip to Edmonton for a week in early Nov., so I missed that good TA opening. Still, I have had two evenings of TAs since, but nothing outstanding yet. On the CPC discussion, I'd like to comment that w/more ANers than ever, it's a tough job for ANY CPC to find frequencies suitable for all of us. And getting tougher! Hence the need for judicial requests for TESTS. 1390 is (P. 8)

(Gray Scrimgeour) now poorer, w/CHOO on RS w/NEO MoR mx. Not as strong as it should be, though. Several stations audible u/tjem evenings. Say, are we to believe that Dekar-764 drifts? 0/8 cps/day? Or has the Admiral met his match, hi. Domestic 11/26: WGL-1250 s/off @ 12:34am. F/c on 1290 started @ 1:06 (missed ID, WIK?); CHOC-580 from 11:15pm & FF (possibly CKOV) on 560 @ same time. 11/27- I tried for WQVA DX but got only WJOY s/off @ 12:10 & WIDY on RS @ 1:05 on, w/WCOL. 11/28- 1230k gave me another, w/WCUM s/off @ 12:05am. With WJOY heard, only PEI & NH to go, combining Cal. & Ont. Totals here now 269 w/101 veried (latest veries are CJOE CBO WCOC WAVE). States 35/29, provinces 6/5 from Don Mills since July. I must try some MM DXing to bring up the totals. I noted Ira Blue making it on 810, KGO, @ 1:05 on 11/24; pleasant memories. GPN is certainly welcome to selectively edit my DXKD tips - it's a find column, Gord. As are all in NRC. 73. (Thanks, Gray! -ERC)

John Javetski - 104-21 122 Street - Richmond Hill, New York - 11419

Greetings DXers. Not much to report here, but enough to fill some space in Musings, right, ERC? (Right -ERC) Okay. MM 11/20- WDOT-1400 Vt. s/off @ 12:01 w/SSB. R. Torana-1394 o/s-9 12:09-12:30 on GG, then in Czechoslovakian. UnID TT end on 1290 @ 1:07. 1430 had KWLA r/c a bomb 1:46-2am. WQGC & KPJZ still head to head on 1270. Wes Boyd - WHOT Radio - Youngstown, Ohio - 44505

ATTENTION: I'M STILL ALIVE! Very little DX here due to moving & work sked. I'm getting started again. I hope WINW gets lots of good reports on TEST as the CE is thinking of a non-verification policy. This TEST could change his mind. DX here: 11/13- 3:20am, WNHC-1340 w/WHOT looped (Yea - loops are IN). 11/27- KGBS-1020 2:50 am. KIMN-950 2:35am. WJDY-1470 on f/c w/WMBD nulled 5:10am. 4:15am KAYO-1150 for first Washington. 4:35, bits of KORL-650 but not enough for report. I also caught end of TEST by WKYE-1550 3:03am. 3:10, KGMS-1380 final Edition NX & s/off. 3:30, CJOY-1460 for DX. Only minorbits of KCPX-1320 DX, too much WHOT. 4:30am, KRKD-1150 but no report sent. That's about it from here, back to DX & more CPC work. COOL IT!

11/23. Hi y'all. Just a minute for a few lines. I'm home in South Bend for Thanksgiving Vacation, though I didn't do much DXing. Only one new logging, 11/28 WIEX-1520 @ 6:15 s/off for my 1,000th station. One thousand stations has been my goal ever since I've been DXing, now I'm looking forward to the next 1,000, hi. Veries awaiting me here are v/l- WVOM WPHN WFSP KSKY. vq- WROM CHIR YNX, plus a "winner" from WPIN. It's good to see many are having good seasons BX-wise, I only wish I could partake in some of the goodies. Well, that's all I have to say that's intelligent. I hope everyone has a good Christmas & gets lots of veries from Santa. 73. (Santa Ana or Santa Cruz, hi -ERC)

Hi! RX HQ-140X w/100! LW. New veries: KDDA-1560 KXLF-1370 after third try; KXA-770 & WFFD-880. Reports out to 38 stations since 4/67. Recent reports to KCBC-1390 Des Moines WING-1410 & others closer to QTH. As of 11/15 I have 84% verie return. Static here heavier than last month but east's penetration also better. I hope for SD WVA NC & Que before season's end. Maybe the Del. DX too. KFLD-900 250w. still here between 8:30-9am, a good catch for anyone who wants to try in So. California. 73s.

12/3, & 1240k had WWC0 AN-HI while the TTer wouldn't tell me who he was from 1:40-2:30, then WNAX c/w AN came out of the rain. 1600 (CJRN off) was WWRL. 12/2 had that long TT one-call, WTOW-1570 ending @ 1:24 & the odd part was Chuck Rader heard the 12:15am start by me & the ID when he got home. 12/1- KOA-850 (JAC, it's not 840 as in DX Calendar) "It's 7½ past midnight MST & we conclude broadcasting w/a prayer & the SSB to return @ 5am MST." & 2:11½ they were in bed. KPMC-1560 ended @ 3am w/SSB; 850 had WHDH AN @ 3:20 & 1580 had WCLS AN @ 3:34am; WFBG-1290 now rr to 2am. I guess WGR-550 is following rest of AN pests & is AN-7. KSO-1460 CE did keep his promise (after sending v/q last week) & v/1 & CM "New studios & both XR towers w/18-20 hours per day ended & he took a Mexican vacation, Directional night protecting E & NW. WHAT-1340 embossed v/1 by CE. WATE-620 aormails CM, office slop w/sked, MM-Fri. s/on 5am, Sat. 6, SM 7am & s/off 1am. Also 'that' 4¢ v/q unsigned. There are possibilities that I may get some replies yet from the others that I reported before Jim Neff joins the Army in next March. Yeah, he 'N'listed. Get your five bucks to the Broadcasting Yearbook, Washington, DC, so you get an early Jan. mailout for it. Hi, Ross Hansch, & have Fla. fun w/Mrs. but get after WSRF-1580 to send some veries cut. Bart Cronin (MRCer at HQ) in his K-Sha v/1 said Medford is 29 miles from the Cal. line in Oregon, get after him, RK. 73.

The season is really picking up, especially where LA DX is concerned, Muchos newies logged though this will primarily be concerned w/domestic newies. 11/20- KRKD-1150 @ 4:30am w/good rx. 11/21- WHCU-870 @ 5:55pm w/stock market report, s/off @ 6pm o/WWL; KOAM-860 @ 6 03pm w/NBC NX u/CJBC; KSEO-750 @ 6:24pm w/good rx, s/off @ 6:31pm; YVLH-650 "R. Girardot" ID & rx o/WSM @ 8:30pm for ten minutes. 11/25- YVOZ-1200 "R. Tiempo" on top @ 10:04pm w/rx. 11/27- WCWA-1230 @ 2:30am w/TT & CW ID u/WCOL; KORL-650 @ 3:20am w/20-20 NX followed w/rr, in solid until 4:10am when OC entered picture & then still audible beneath. UnID OC looped SE, any ideas? (The afore-mentioned YVLH? -ERC) (Or HIAT -ERC) I never saw KORL in so perfectly here. WFIL-560 @ 3:30 am w/rr; CJCY-1460 @ 3:43am in fine, kept playing same unID song over again; WKAT-1360 @ 3:50am w/talk program. 11/29- WACL-570 @ 4:55pm w/ABC NX, rr @ 5pm; WOI-640 @ 5 07pm w/NX even w/ HLO; WBAM-740 s/off w/Dixie u/CBL. 11/30- WAAX-570 @ 5:30pm w/CBS NX. Only one v/q in since last Muse - back in only five days from WHEB-750. I just now finally definitely pulled the SS-700 out from u/WLW long enough for "R. Centauro" ID of YNSC. That leaves only 760 & 1040 w/only one station logged. Back in 7.

Hi everybody. DX down the week is as follows: 12/1- Unk-1580 s/off @ 5:30pm, gave location as Gainesville, but call sounded more like WNRK than WLBA. Is this a call change? (Yes, it's WNRJ, "Energy Radio" -ERC) KTUF-1580 Ariz. noted, again @ 7:15pm s/off, leaving an rr which I hoped would be KDAY. Alas, it was only CLS. CHIR-730 Ont. stop the channel @ 7:22, first time I have heard them before midnight. 12/2- I finally took a good log on BMD-750 Md. for a report, 2:49-3:02 & 4:25-4:30pm s/off. They are c/w. WTTM-920 NJ briefly @ 4:32; WJWL-900 Del. 4:45 s/off; WFUN-790 @ 5:22 pm, very strong. Ye ole Aurorey is back full force, hi. Verie dep't: v/1- WRIC-540 WSLV-1520. v/r from WSMD-1560, who says "We had no idea that our little peanut whistle carried so far. Please don't tell WQXR & the FCC that we are getting out so well." More stations: 12/3- Unk-1490 s/off @ midnight w/Dixie, who? Later that day, WNCY-1590 @ 4pm, o/WBRY. Who is "The Country Giant" on 1550? Heard @ 5:25pm u/CBE, giving FB score. (Sounds like WRIZ to me -ERC) That's it for this week. 73 & CUN7.

12/4, the only DXcast that came through for me was WHIP-1350 at 3-3:40, o/u its Akron O. competitor, so that's another addition to my list of "heards" from North Carolina. Recent v/ls came from WAGL & WFRA, & a printed card from CJRS-1510, Sherbrooke, Que.

 DX since last Muse: MM 11/222- WABB-1480 w/rr 2:02am easy; CKGM-980 2:38am L&C for a brief moment; CJET-630 3:03am w/CMQ-640; CKNX-920 3:15am on IRCA TEST w/excellent signals; Radio Beacon NB-530 4:35 am w/coded IDs; WBNX-1380 4:36am w/NYC spots, SS; WATR-1320 5am clear; WAIT-820 5:48pm on nine transistor, good level. 11/28- WRKO-680 7:35pm w/rr & "now radio" ID fighting w/extremely strong CBF. 11/29- WWJ-950 7:12pm; WXLW-950 5:14pm w/WWJ. 11/30- CMCH-790 7:45pm o/WIAR, u/WIAR by 8pm. That brings me up to 520. Veries are pretty good this time w/v/ls from WCST-1010 after f/up w/CM, WCGC-1270 w/CM (is 1,000w); WTOW-1570 for call change, & WSLV-1520 test, a poor verie but counted anyway. v/f- WHLI-1100, & v/r from Wbfd-1310 w/CM. GM said he didn't know what happened to my first report as he makes it a policy to answer all DX inquiries, hmmm. I'm now doing most of my DXing on an old Bendix Aviation RX which we fixed up in Electronics (it has an RF stage which makes it better than most of my other RXes). Anyone want to trade SCs? I've got some from WHLO WRKO (thanks, Ralph Vatalaro) WCOS & WBZ. If you do just send me an extra one you have & I'll send you one of the above. 73 for now.

Bob Zwier - 383 West 17 Street - Holland, Michigan - 49423  
 DX has been fairly good considering I have not listened in the early morning hours in the last three weeks, due to illness. 11/12- WONA-1570 @ 6pm & WCMR-1270 @ 6:05 pm. 11/20- WGRT-950 @ 5pm w/new calls, WKTS-950 @ 5:15pm, WOHO-1470 heard u/the mess there @ 5:33pm, & KMMT-540 @ 5:40. Interesting relationship between the frequency and the time on that last one, hi. Veries are coming in as well as can be expected w/v/ls from KDDA-1560 CKPC-1380 & WAGL-1560. Totals now are 653/202, but I think I will have to get a bigger RX to raise the totals a considerable amount. DX NEWS of a couple weeks ago looked pretty scanty, but don't let the holiday times keep us from DXing & reporting. 73 & good DX. Join CPC!

David T. White - WIKV Radio - Irvine, Kentucky - 40336  
 As NRC's illustrious Jim Hall put it - KENTUCKY SPEAKS OUT! I saw only two BCB DX-ers in last Musings, but that's a start, hi. DX has picked up a little on the high end of the band. Very good skip CX on the night of 11/30. Between 9:50 & 11pm, I heard WFBM-1260 WJAS-1320 & heard WWV on 1590. Am I behind the times, out of my mind, or need a RX? WEKY-1340, & WPNX-1460. Late veries are v/l from KRMG Tulsa, & CBM for five provinces. Reports out to all above. Oh well, school's out at Christmas, so maybe I can shape up my totals; now 125/40. Best of season & the band. 73.

Roy H. Millar - Box 851 - Everett, Washington - 98201  
 Hello! November DX disappointing; only six new loggings, as follows: 11/10- HLJP-1020 5:28-5:31am w/R. Commercial" ID, only fair reception but tape report off. 11/20 - KMER-950 logged at times in complete control of channel, although more often it was CKUA well atop w/a fine signal during an excellent skip to the NE; 50th BC logging. KPUL-1150 s/off 7:13pm u/local KAYO, nulled enough to ID KPUL, but not enough for a report. 11/27- KLTZ-1240 DX TEST far u/AN/CBC CFVR, but taped IDs @ 3:43 $\frac{1}{2}$ am & 4pm, the latter during "dead-air" from CBC. CJOY-1460 DX quite easy on apparently clear channel. Veries: KDDA-1560 TEST (#20 on 1560) KMER-950 (PSA @ 500w), "R. Moscow"-1475 (Vladivostok), KWIC-1550 (PSA @ 213w.) These PSA verifications are specific as to power. I have noted that not all stations w/PSA are honoring the lower power requirements at 6am s/on, so don't just assume that you are hearing a given station at its PSA power. One example is local KGDN whose engineer advises they are continuing to operate w/full 5kw. from 6am s/on pending court decision on appeal. One thing I'll say, there's a whale of a difference in KWIC's 213w. PSA signal & their regular 10kw. signal, hi! You know, that KWIC verie is my best verie from Utah, at least based on power. RLC & others, CBU relay on 1270 is CHWK in // w/CFVR-1240 (see above; noted brief ID on hour right after "Ici Radio Canada" ID & before CBU ID, so you might possibly positively ID if you listen carefully). Nothing Domestic Contest standings in DX NEWS, I wonder if there isn't a bit of unfinished business re last season's contests that shouldn't be taken care of before dealing w/this season's contests - standing and distribution of prizes, to be specific? May I join w/others & say "Hats Off" to GPN on the tremendous IDXD section - much of this is far over/my head, but I learn a little bit here, a little bit there, & highly enjoy it all! My ratio of hours spent to each new logging is really widening, but my interest is still there, w/openings like that in late Oct. really being a tremendous shot-in-the-arm, hi. Merry Christmas & happy new year - see you around 1/12 if all's well.

And all through the night

The DXers were waiting for their upcoming fight

The antennas were pointed to the South with care

In hopes that the South Americans soon would be there!

DON'T BE A LOSER -

BE A MUSER!

Seriously, the morning of Christmas Day, 12/25, is a BIG one for those who like to tune for the LAS as many of them stay on AN w/Midnight Mass, followed by AN files ta-type music, particularly stations in Central America, but others as well. This also applies to French-Canadian stations, so be on the prowl for unusual once-a-year type DX on 12/25, & even more so this year, as it is a MM! Many regular ANs may be off, while others not regularly AN will be on. For one, WWVA-1170 is generally SILENT Christmas AM after church services are over, giving DXers a chance to hear CFNS & WLEO. At any rate, plan to DX on 12/25 & also plan to send in a Musing to DX NEWS thereafter and let us know how you made out!

V/l's from WSLV-1520 & WPUR-1510. 11/30- Unm WVOB-1520 u/WKWB @ 6:18pm, on w/snow warnings. SM 12/3- The SS on 1040 after 5am is YVLB, La Voz de Carabobo, Valencia, Venezuela, & they s/on with the stirring & beautiful Venezuelan NA @ 4:53am, & completely in the clear, WHN-1050 off to boot! CKCH-970 was on top @ 5:30am. Loud SS on 1220 after 6:15am, mentioning Mexico often but not looping XEB-way, but I still think it was ~~WBB~~ none the less. On 1540, WRCP/WDCN/WPTS all s/on almost simultaneously @ 7:15 o/u WPTR - someone else already on by 7am, unID, WKXR maybe? WCTR-1530 also s/on 7:15 SM. MM 12/4- Wow - what a signal on 780 from the Ramey Air Force station, which was AN today! Unm WHIP-1350 mostly u/WSLR, announcements much louder than mx - odd. I think the "Oriental" around 660 is not Japan at all, sorry to say, but only our old friend Radika, Paramaribo, Surinam - better check! This MM, 1020 was blank until 4:01 s/on, Venezuelan NA, from YVMX, R. Calendario, Maracaibo, & logged in the clear till a louder carrier came on @ 4:21, then @ 4:28, came the NA of Dominican Republic, also very stirring and beautiful, & it was HIJP, R. Comercial, & logged till 4:47 along w/more on YVMX, now both u/KDKA's OC. The 1000 Venezuelan was blanked today by an OC ET of WCFL. YVLW-890 atop briefly @ 4:53, Dominican anthem heard @ 4:57, and an FF there too - quite an exciting spot MMs before 5am! On 860 u/CJBC's warmup OC, a "Radio Centro de ---" w/TX in CST, rancho mx, & many cowboy yippies after each record or it could have been live mx. Is this HRU? SSES noted atop 790 & 730 after 5am. 12/4- Up to try to ID the 730 & 790 SSES, & I did. The 730 one is HIZ but not using R. Emisora Nacional but "La Broadcasting Nacional." NX 5:03-5:25 & on, w/WWV rebroadcast at each five minute time pip! The one on 790 is also in the Dominican Republic, HIL, & tops the channel & is on either by 4:30 or even earlier, logged 4:49-5 02. At 4:59 comes the Venezuelan NA again, & the s/on of YVKC, second best to HIL, both o/the domestic ANs. The later s/ons of daytimers is a big help in logging these babies! D.R. goes back to EST in January, so harvest this crop NOW - also grab those Venezuelans which s/on early up to Christmas! C U N 7.

RE: MUSINGS

Let's see if we can't get some more of you NRCers to join the Musings section! We would like to see better support for our column, as no doubt, you would, too. Be sure to double space, use a.m. & p.m. for times, use only our standard NRC abbreviations, and stick to 30 lines of DX NRWS print. Please double-space your reports, & report dates-times-frequencies-calls of all catches to help others. If a f/c, give s/ n & s/off time, or tune-in/tune-out time. Make your Musing a good one!

Ernest R. Cooper- 438 East 21 Street - Brooklyn, New York - 11226

One v/1-EE, from HR16-1335A, says 1340. Tip: In December, daytime CX are often excellent, w/much skywave radiation. Try for stations in the 100-400 mile radius most all day! Viz: CHIN-1540 & CKIM-1570 were ON TOP & S-9 here SM 11/26 @ 11am! Tip #2 - December is also THE month for stations in the Dominican Republic & Venezuela, many of whom s/on as early as 4am until Christmas Day! Get 'em NOW! Back to MM 11/20; my 880 Dominican should have read HIOR, not HIDR -sorry. They are Radio Santa Cruz, in Mao, D.R. They have religious lithurgical chanting until about 4:25 w/ female and/or children's voices - odd. 11/22- Finally enough came through on WFAD-1490 for a report, logged in/out 6:23-6:35pm, on top at times. 6:57-7:16, an FF was atop 1450, but no ID given @ 7pm. Which one is this? R. Horizonte-540 on top at 10:47pm w/Christmas music. 11/23- TT w/no IDs heard on 1430 @ 1:37-1:38 1/2, WBUG? WHN-1050 was off today, only CHUM/XEG heard, neither one strong on a noisy AM. CHLC-580, an EFC, on top around 11:47pm, but not enough for a report, w/an ID the same as that of HISS-620 heard briefly at midnight also on 580. 11/25- ETer on 1550 u/CBE w/TT & ID @ 12:17, but missed, then lost. CHCK-1070 on top RS @ 12:39am. TTer on 1290 @ 12:35. TTer also on 900 u/CHML around 1am & on, no ID heard. CHSC-1220 s/off GSQ @ 1:15, to return @ 5:30am, now on an hour later, & clear of WGAR for about ten minutes, at least on Sat. Ams. WBRY-1590 seemed AN-rr, on top. SM 11/26- WPUT-1510 u/WRAN for log, 11:29-noon. MM 11/27- SS-680 again, this time w/mostly mx, killed @ 4:12 by WAPA s/on. These regular ANs were off today: CHML-900 WAKR-1590 WSAI-1360. Loud unID Venezuelan in the clear on 1000 4:26 on; another SS atop 960 until 5am, un-ID. Two or three SS on 890 after 5am; SSES also then on 790 860 660 650. C U N 7.

And that's another one. 'Twas good to meet re-joined member John Pirmat at the 12/1 publishing session; good luck with BC, John, and WVBC.

This may be superfluous, but it'll go out anyway: My occasional little comments are intended strictly as constructive hobby-criticisms, with no personal attacks ever intended. This is also policy for the contributions that go into this section, and, I would hope, for the rest of the bulletin as well. Jerry Starr, Randy Seaver, and others deserve praise for airing their opinions on the DX-Test matter. These relate to the betterment of the hobby, and are therefore needed. (A little air-clearing...sometimes the DX smog gets dense.)

Remember: All contributions must be in EST, need not be sorted out (we go through a relatively selective editing process anyway), and you can get your MM DX right in because deadline is not until THURSDAY.

DOMESTIC CONTEST ...

To answer Roy Miller and others who may be concerned about last year's contest ... I do not know what happened to one of the two contest managers. He dropped membership, did not renew, and has not answered any letters re the contests he was in charge of. Ye Pub feels a certain sense of responsibility here, because at Montreal, we took into account the contributions to DX News of the two young men involved, their maturity as displayed at the convention, and their intense interest in the hobby and the club. That they did not have the sense of responsibility to fulfill their commitments after their interest waned was unforeseen ... but all we can do is hope we do better at selecting people for positions of responsibility within the club. I personally will refund, from my own pocket and not from club funds, any entry fees from last year's contestants who are unsatisfied with the way the contest ran. I hope members will realize a great deal of time and effort goes into the production of these pages, and it is very helpful when others can contribute constructive efforts.

DX conditions here in the Northeast have been very poor during the last week, according to Tom Holmes, Mass. Marc DeLorenzo, Mass., agrees, "Outside of fair openings on 11/23 and 11/27, TA conditions seem quite poor recently, with Dakar-764 the only station heard daily." Further inland and to the South, Jerry Conrad reports, "Your reception may be mediocre but it has been way above average here, especially South and West; if my line noise will just stay down, could be very interesting." Even the Southern Swedes find that things have cooled off a bit; Bengt Ericson says, "Conditions not so very good this weekend. A high level of QRN and fading noted." Cx on the West Coast seem to have been very volatile: Reynolds, Calif., says, "Conditions have been excellent here this past week w/many Asians hrd almost daily. Japanese are becoming quite regular now as are the Russians on 548, 1376, 1475 and 1550. LA's fair in AM and PM but nothing new... not a peep from the DU's... possibility of a little Brazilian action but not sure yet... no TA's lately!" Don Kenney, also in Calif. says, "Conditions have varied lately from so-so to superb (11/20); no TA's and TP's are erratic... still no DU's!" Was very interested to note that while I was getting beautiful reception of many Hawaiians on 12/4 on a car radio from a hillside location above Santa Barbara in California, Tom Holmes in Mass. was unable to detect even the slightest trace of a carrier from KORL-650 at the same time; guess about all we can do is mutter about "mean layer heights," "skip zones," and "sporadic E." (Ed)

\*On Reciprocal Paths. Early Xmas mail seems to slowed down the foreign bulletins, but NZDXRL reports: WMAQ-670 good 0302 11/2; WOAI-1200 fair 0615 10/27; and WLAC very good 0120 10/26. The Zedders, of course, are now just about in the equivalent of our June month.

\*RAMADAN is on now, with many rare Arab stns on late or AN. But if TA reception continues as poor as it has been so far (and was around the solstice last year), it doesn't make much difference to NA DX'ers.

\*Baghdad's old high power xmitter which was widely hrd in North America when it was on 764 so years back, is now on 755 according to one report from the Australian DX Club. This is not confirmed and recent European sources have continued to list it as 760.

Radio Sweden has begun a contest for BCB DX'ers, based on the most distant report of reception of the program "Sweden Calling DX'ers" broadcast every Tuesday in English on 1178. This program is broadcast every Tuesday during the program from 1815 to 1845. You guys there in North America have a chance - mail a report as soon as possible. The prize isn't official yet. The address is DX Editor, Radio Sweden, Box 955, Stockholm, Sweden. (Bengt Ericson)

\*International Waters. When Radio Caroline was off the air 11/18-11/19 due to generator trouble, a station calling itself Radio Magna was, according to press reports, noted in South England. The station is believed to have been located in one of the anti-aircraft forts. (SCDX)

\*The Voice of the Arabs, biggest and most powerful radio station in the Middle East, is being dropped by President Nasser and will be turned over in toto to the Arab League within the next few weeks. Entirely in Egyptian hands up to now, the station has been widely blamed for keeping the Arab world split, since it only voiced Nasser's viewpoint. Now, apparently the 13 nations involved in the League will have equal say as to the tenor of the propaganda being sent out. Current plans are for the station to continue to operate from Cairo, but the new management will probably be headed by a non-Egyptian... if the 13 countries can agree on it. (RNYWDXC) Rumors to the effect that this was due to pressure from the FCC because of violations of the "Equal Time" doctrine during the last Israeli War are definitely not true... (Ed)

R A N D O M N E S S . . . Don Kenney is now in the final stages of setting up his California DF installation, which ought to help a lot with some of the LA mysteries... Jerry Conrad and Tom Holmes are now using SAH oscillographic techniques on a regular basis (XEROX copies of the original SAH article are available to new members for 50¢ and a SASE from the IDXD Editor)... Sorry to have missed ERC's affair, but everything sort of piled up at once... Ralphie J.: checked with the British Navy to and was informed that they allow beards, sorry about that, hi. Don't worry, though, it's not a "Castro-type"; I know how you feel and I wouldn't do that. It's a Lenin style, actually... Objio: trouble getting one coil... Wood: patience, letter coming.

MONITOR REPORTS

The editor calls your attention to an unseasonable reception of Chile on 660, plus clarification (?) on the Mexican around 1003 and the inside story on Gibraltar-1262:

540 Colombia. HJKA, R. Horizonte, Bogotá, s/off on a Sunday evening at 2200 w/ Colombian NA; after carrier cut, hrd a Mexican w/"La Hora Nacional" but I think it was just XEWA. (Objfo, D.R.)

Dominican Republic. HICM, R. ABC hrd s/on weekdays at 0400 w/NA; anybody verify this one yet? (Cooper, N.Y.)

548 Asiatic Russia. Vladivostok hrd w/woman in Mandarin amidst much splash from 550 and deep fading because of daylight here 0910 MM 11/20. (Reynolds, Calif.)

560 Venezuela. R. Rumbos weak on 11/24 w/ID as R. Rumbos followed by mx at 0510. (Tannery, Texas)

575 Costa Rica/Unid LA. Re 11/18 IDXD: according to WRTVH SS there is a R. Musical, TIJC, San Jose; besides Radiópolis, TIWA, San José. There was a TGPR, Guatemala, now on 570, and Radio Musical, YNBO, Nicaragua. (Objfo, D.R.)

580 Jamaica. RJR, Kingston hrd w/s/on at 0445 w/two rooster crows, a short piece of theme mx and announcements by male announcer; easily reportable details. (Fountain, Georgia)

600 Saudi Arabia. Hrd good 11/27 s/off at 1630 but wait until Ramadan. Mostly on the air until 2100. (Ericson, Sweden)

620 Jamaica. JBC Mandeville TT 0435-0447 s/on SM 11/26; fair u/WSUN. (Delorenzo)

640 Honduras. HRVF, R. Exitos, Tegucigalpa noted clearly w/ranchero mx 0340-0355 s/off 11/19; ID's as "Exitos" or "Popular". (Silvera, Jamaica)

Cuba. CMQ, one of strongest stns on band at 0330 ID 12/4. (Ed, Calif.)

650 Dominican Republic. HIAT, R. Universal. GPN: your stn here is HIAT, a phone call to the stn made everything clear: they s/on now at 0500 (local time, which is 0400 EST) and first pgm is mx, "coo-coo clock in background" is a recorded tape bought in the U.S.A. S/off time now is 2300. (They were happy with the report) (Objfo, D.R.) Tnx, Cesar! (Ed)

Colombia. HJKH, La Voz Amiga, Bogota ran AN 11/20 MM. Belongs to Todelar, all stns formerly on Union Radio net are now Todelar; apparently former has been bought out. Todelar network now has about 85 stns plus a few in Venezuela and Ecuador. (Silvera, Jamaica)

Hawaii. KORL in like a local all MM 12/4. (Ed, Calif.) KORL pop recordings 0334 11/27. (Allen, Calif.)

Unid LA (2). Two SS hrd after 0500 MM 11/27, probably the HI and the YV. (Cooper, N.Y.) But see above, Ernie. (Ed)

660 Alaska. KFAR S7 at 0350 11/27. (Allen, Calif.)

Chile. CB66, Santiago s/on 0458 (note time, Chile on EST plus one hour). Have you the address? One previous report returned as "unknown", another was never answered. This reception 12/1; rather strange to hear Chile in December. (Millar, Washington) All we've got is the same WRTVH QRA you have, Roy. (Ed)

Dominican Republic. HIAM, R. Quesqueyana, Santiago s/on at about 0437 on 11/20; S/on w/anthem and complete ID including call and slogan; taped the first 10 minutes or so in the clear for report; pretty good signal. (Merriman, Va.)

Non-SS speaking DX'ers be very careful here - not only does HIAM often s/on at just about the same time, but CB66 is also on AST at the present time, both located in Santiago, both commercial stns, and both have calls "Radio ...na".

Mexico. XERPM, "R. Seiscientos Sesenta", Mexcio DF very strong and clear w/ID and big band music 0215-0217. Some KNBR splash. (Ed, Calif.) XERPM very good w/big band mx 0215, also on 12/4. (Holmes, Mass.)

Japan. JOCG, Obhiro hrd 0918-0934 f/out 11/23 w/pop US records; S4 signal at best. (Reynolds, Calif.) Another 5 kw'er on this channel also, Don, JOAG, Nagasaki, also 1st Network. (Ed)

Unid SS. SS loud, also also hrd after 0500 MM 11/27. (Cooper, N.Y.) Take your pick, Ernie. (Ed)

- 660 Japan. NHK JOAC/JOCA at 0340 on 11/27. At 1.4 it that is all. I sent a taped report. I can't make heads or tails out of that gibberish. Beautiful tape 0415-0425. Nothing else at all on the channel. Oriental mx w/ very short announcements between selections. Mx both vocal and instrumentals. 1st Asian here. Looped about 310 degrees. (Conrad, Ky.) Don't think so, Jerry. The Japanese stns (two 5-kw'ers) on this channel are very rarely hrd even by the top West Coast DX'ers - and then never very well and only later in the AM. I think you had the drifting Radika, Surinam stn that I first spotted on 657.87 a month or so ago. Lately we've noted 'em getting closer and closer to 660, and at the time you mentioned, they have a program of Hindi records interspersed with short announcements in Hindi. From your location, the bearing to the (considerably) closer Jap at Obihiro is 328 degrees but the reciprocal bearing (going in the other direction) for Surinam is 311 degrees minus 180. Assume you saved part of the tape; why not send it along - it'll be very easy to tell the difference between Hindi and Japanese, both the speech and the music. By the way, this may well be GLENN HAUSER's unid oriental last week also on this same channel. (Ed)
- 670 Argentina. The weak Deep SA stn hrd AM is LU9, R. Mar del Plata; AN. The other Argentine is about 1000 miles South and not hrd here. (Silvera, Jamaica)
- Venezuela. YVLL, R. Rumbos o/u R. Progresso w/nx 0522-0540; frequent chimes on 11/20. (Kenney, Calif.) YVLL s/on around 0500 weekdays; hrd u/the Cuban M1 11/27. (Cooper, N.Y.)
- 677 Israel. Jerusalem w/AA programming for the refugees from ex-Jordan territory. This stn is well hrd to closedown around and after 1730; power reported to be at least 100 kw; be careful - there's another strong stn in AA also near by: Tripoli on 674. (Ericson, Sweden)
- 680 Puerto Rico/Unid SS. WAPA w/clear WAPA and "WAPA Radio" ID's at 0430 11/20. Second SS under assumed to be CP34. (Kenney, Calif.)
- Unid SS. Strong 0510 11/27 w/mx followed by TC after every song; gave Argentina, Venezuela, Cuban times; also local time in EST. (Tannerery, Texas)
- 692 Unid TA. Strong carrier w/single chime IS repeated every 10 seconds 1747-1748 fade, 11/27. (DeLorenzo, Mass.) Deutschlandsender, East Germany usually dominant here, Marc, though I don't remember having hrd such an IS. Got a tape by any chance? (Ed)
- 700 Jamaica. JBC, Montego Bay, caught at s/on 0445 w/tuning signal and readable s/on announcements. WLW looped out; new country here. 11/20. (Kenney, Calif.)
- 730 Dominican Republic. HIZ (or R. HIZ), Emisoras Nacionales continues operation on this freq w/this name, but also announces 1350 as R. Triunfo, but both are in // . (Objio, D.R.)
- Unid. SAH showed 3 weak carriers here MM 11/20; dominant had classical mx, bearing roughly 90 degrees/270 degrees (extreme NE Caribbean/North Queensland); nothing listed; killed by Trinidad s/on 0427. Ideas? (Kenney, Calif.)
- 737 Spain. RNE, Barcelona - may be easy on the East Coast but the first time any aud audio here was 11/23, nice signal at 2300. (Conrad, Ky.)
- 745 Unid LA. Hrd at 2330 11/23 w/weak steady signal; looped Caribbean but KCBS slop killed it. (Reynolds, Calif.)
- 750 Colombia. HJDK, La Voz de Antioquia hrd on 11/20 and 11/27 w/pgm of uninterrupted mx after s/on announcements, ID's for CARACOL and local stn. (Fountain, Ga.)
- \*\*760 Guatemala. "Super Radio" and "Guatemala" mentioned here 0045 11/23, with WJR nulled; down from 780 or a relay? (Hauser, N.M.) Unlikely a relay only 20 kc away, Glenn. (Ed)
- \*\* Hawaii/Mexico. KGU very strong and clear w/very dramatic news reading of trivial news around 0315 12/4, QRM from following stn. (Ed, Calif.)
- Mexico. XEABC, Los Reyes the only important QRM to KGU at 0315, ID's as "R. ABC". (Ed, Calif.)
- 770 Unid SS. Man reading nx w/chimes between items 0509-0515 11/20; talked unbelievably quickly; only thing resembling ID is "HH Radio ..."; programming similar to YVLL. (Kenney, Calif.)

December 9, 1967

- 775 Ecuador. HC?D stn noted w/Ecuadorian mx and TC's; plenty of static; hrd 0118 to s/off 0125 11/21. (Silvera, Jamaica)
- 780 Barbados. Hrd at 0420 MM 11/20 very weak w/much fading. (Reynolds, Calif.)
- 790 Unid LA. R. Quince (15), "La Emisora de la Gente Continta" hrd at 2350 on a Sunday evening, weak, and lost in QRM. Haven't hrd it again. (Objfo, D.R.)
- 800 Netherlands Antilles. PJB, Bonaire the strongest stn on the dial (excepting LA and SF semilocals) at s/on 0300 in PP 12/4; rest of Caribbean not so hot - guess power will tell... (Ed, Calif.)
- 810 Ecuador. Unid HC stn running AN noted since 11/2. Believed it was "Canal Tropical" from 805; however Gleason says the latter is tied in with HCRM-1 on 570 to prevent drift. Who then? (Silvera, Jamaica)
- 820 Colombia. HJED, La Voz del Rio Cauca hrd very loud for a few minutes at 0356 but fading badly after 0400 MM 11/20. (Reynolds, Calif.) Weak and fluttery all AM 12/4. (Ed, Calif.)
- \*\*830 Colombia. HJ--, R. Reloj, location unknown, hrd w/good signals 0142 11/26; tuned away to check on DX tests and was gone when I returned; not hrd since. (Silvera)
- \*\* Hawaii. KIKI very good around 0418 w/very slight QRM from WCCO at times; earlier, 0206-0228 hrd what sounded like Japanese on channel, news, etc.; no trace of KIKI at that time so I strongly suspect it was KIKI and not the Jap. (Ed, Calif.)
- 840 Cuban? Sounded like a Cuban but gave strange ID containing "SS" or "FF" in ID at s/off 0310 11/27. (Kenney, Calif.)
- \*\*845 Colombia. HJDM, R. Vision, Medellin is the LA here reported by many. (Silvera)
- Unid SS. Hrd 0148-0225 11/22; very weak w/talk and mx; Approximate bearing is 120 degrees from here. (Kenney, Calif.) Checks fine w/Medellin, Don. (Ed)
- Unid. Very weak audio noted here 1903 11/23, RAI? (DeLorenzo, Mass.) Or could be HJDM too, Marc. (Ed)
- 850 Alaska. KICY wx reports S9 0346 11/27. (Allen, Calif.)
- Japan. JOQG, Morioka in quite well SM 11/26 0600-0645 w/regular NHK 4 pip TS and lots of JJ talk w/brief bits of mx; probably dramatic pgm. Good solid rpt but hard to describe. (Reynolds, Calif.)
- 855 Netherlands Antilles. PJC2, Curacao. Noted 11/21, 11/22, and 11/25 at 0530 s/on; modulation very shallow. (Kenney, Calif.)
- 870 Japan. JOLB, Fukuoka hrd weakly at 0750 11/29. (Allen, Calif.)
- Unid. Nonstop classical mx noted behind WWL around 0445, no announcements. Does KAIM have this sort of programming on MM, RICHARD WOOD? (Ed, Calif.)
- 877 Unid. Believed to be North Korea, hrd at equal level w/877.5 (see next item) around 0405 11/26. This is my baby; even WCers LEG and RJS can't seem to solve it (nor have they hrd it). (Schatz, Calif., IRCA) Gee, Ron, gonna be QSL agent for em, too? Hi. (Ed)
- 877.5 North Korea. Pyongyang, different pgm from 655, fair w/talk around 0400 11/26. Takes a split-experienced EC'er to pull these in, hi. (Schatz, Calif., IRCA)
- 880 Dominican Republic. HIOR, R. Santa Cruz, Mao. S/on MMs (I guess every weekday) at 0400 and has religious chanting by women or children or both until about 0425, then commercials for Xmas products. Report out. (Cooper, N.Y.)
- Mexico. XETZ, Tequila, Jal. peaked w/good signal, clear ID at 0800 12/2. (Millar, Wash.)
- Unid SS. Stn very readable after GSTQ/1YC at 0605 until recording period ended at 0610 on 12/1. Nothing in way of an ID hrd, but will send a tape to JAC to see if any clue to ID. Believe likely HJ or HOB51 and not TGJ or Cuban. Mis-leading mention of Managua at one point but don't think any YN's on this freq. (Millar, Wash.)
- 885 Leeward Islands. Montserrat continues to come in every AM at 0500 s/on; audio noted only occasionally; not enough for report yet. (Kenney, Calif.)
- 890 Japan. JOHK, Sendai, EE language xmission; unnn 0501 11/27. (Allen, Calif.)
- 900 Venezuela. YWMD, R. Mara ran AN 11/19. (Silvera, Jamaica)
- 905 El Salvador. YSQJ, Radiopolis; strong carrier but very weak modulation 11/26 2350. Organ mx, very nice to listen to. (Conrad, Ky.)
- 918A Unid SS. Unid noted since 11/19; het w/KARK at times; hrd when Deep SA's are in well. Paraguay off frequency? (Silvera, Jamaica) That'll be the day... (Ed)

- 920 Alaska. KSRM, Soldatna copied 0312-0332 11/27; best of the Alaskans! (Allen)
- 960 Unid SS. On by 0430, maybe earlier, killed by domestics 0500. (Cooper, N.Y.)
- 990 Unid Het. Any ideas who is responsible for low-pitched het here FM's? (Hauser)
- 998 Spanish Sahara. Fair w/male chanting and drums 1651-1657 when WCFL slop took over 11/30. (DeLorenzo, Mass.)
- 1000 Venezuela. Unid, very strong, on by 0400, much talking. (Cooper, N.Y.)  
Unid. Do any other US stns s/on here at 0500 MM's? Besides WBNB? SSB and man in EE very weak amidst many weak LA's 0500 11/20. (Kenney, Calif.)
- 1003A Mexico. XECC, C. Camargo, Chih.; Wonder where these guys got all those different calls? Mex government list shows XEPP-1450 in Orizaba and no XEPC anywhere; Seaver's report would be accurate, if he hrd "ER" and "90", but I hrd C. Camargo, Chihuahua, XECC, and 960. Suspect others were in error, at least; would be interested to know what list Godwin uses that shows XEPP in Camargo w/250 watts. XEER is supposedly a daytimer, and would not be on as late as 2300. I'll still stick with this being a spur of XECC-960. (Hauser, N.M.) Think Larry got the XEPP info from the 1967 WRTVH which lists XEPP-1450 1/0.25 kw. (Ed)
- 1015 El Salvador/Colombia/Panama/Unid LA. The three stns I hear are YSC, HJAI, and HOU44. There is a 4th stn there - I can't count on paper: 1, 2, 3, (3?). Hi! I see a 1.5 cps SAH between YSC and HJAI; no SAH between YSC and HOU44 - they must be very close to zero beating. Then after YSC and HJAI are off, there's a SAH w/HOU44 that doesn't show until YSC is off, very slow, about 0.5 cps. (Conrad, Ky.)
- 1020 Dominican Republic. HIJP, Santo Domingo apparently SS here 11/10 0528-0531; ID as "R. Comercial"; not a good signal, but alone on channel. (Millar, Wash.)  
Venezuela. R. Calendario, s/on MM's at 0353. (Cooper, N.Y.)  
Unid SS. S/on MM at 0355, right after the above. But KDKA put on CC and killed the whole thing; this on 11/20. (Cooper, N.Y.)
- 1025 Nicaragua. YNW3, relay of "R. Mundial en Managua" all alone at 2359 s/off on 11/26; this is the Esteli relay; no TIAC at all. (Conrad, Ky.) YNW3 good at times from 2300 w/nx followed by dance mx; 11/25. (Kenney, Calif.)
- 1040 Hawaii. KHVH very good w/Hawaiian mx and EE announcements by man 0240; killing WHO. (Ed, Calif.)  
Unid SS. Hrd here SM's after 0500; might be AN, about S5, slop from local on 1050 makes ID impossible. Cooper, N.Y.)
- \*\*1090 Dominican Republic. HIJM, R. Amistad is already on the air w/1 kw; address is Licey al Medio, Santiago. This is a small village halfway between Santiago and Moca (8 miles East of Santiago). (Objfo, D.R.)
- 1119 China. Peking really cutting up KMOX after 0645 11/24 w/typical CC talk. (R'nlds)
- 1130 Dominican Republic/Mexico. HIRL, R. Excitos, Santiago hrd 2140-2202½ s/off Wed. 11/22 w/lots of KWKH/XEZZ/CKWX QRM. Surprising they held their own long enough for positive ID at 2200; reported. (Reynolds, Calif.)
- 1147 Unid LA. Re 11/27 IDX: I have 3 LA's on 1145: R. Ondas Segovia, YNBC, Esteli; R. Universal, HOE49; and 4VAB, R. Caraibes (FF). (Objfo, D.R.)
- 1175 Costa Rica. TICA is back here now; On 11/26 at 2320 perfect R. Columbia ID's and is //TILX-725; listed 2 kw. (Conrad, Ky.)
- 1200 Dominican Republic. HIDV, R. Santa Maria, La Vega is loud and clear and almost alone here as early as 1800; Rosary in SS noted. Reported. (Cooper, N.Y.)
- 1210 Hawaii. KZOO call given at 0400 11/27. (Allen, Calif.) Fair to good during nx 0403; bad het from low-side Cuban, and even though EE nx, hard to read due to announcer's accent. (Ed, Calif.)  
Guatemala. TGED hrd very loud after 0600 s/on 11/24; continued loud and in clear until 0638 when JOOR began to QRM. Haven't hrd this one for 10 years. (Reynolds, Calif.) "Aqui en Guatemala" caught during momentary overriding of WCAU 2115 11/27, so evidently TGED, (Hauser, N.M.)  
Panama. HOE91, R. El Mundo w/clear ID at 0000 s/off 11/25; good signal and some fading; too quick for report. (Reynolds, Calif.)  
Unid SS. R. Mundial. Very good 2330-0000 11/15; lots of ID's but no location; 0000 ID for R. Mundial and later "...SE Radio Colon" which is interesting but not very helpful. Could I talk a SS speaking DX'er into checking a tape? (Kenney, Calif.) HOE91 perhaps, Don? Send the tape along to JAC and he'll try to pull an ID. (Ed)

- 1215 Weak Spurious? Sometimes, when ex arre very good, weak stn in here; seems closer to 1215 than 1214 and bearing of 50 degrees passes through Minneapolis, Tangiers, and Northern Mozambique. I vote for Minneapolis. (Kenney, Calif.) Must be same one that Sullivan and Zahner reported last week, will check. (Ed)
- 1220 Colombia. HJKR, R. Juventud, Bogota ID'ing at 0400 and announcing 24hours. (Ob'jo) Japan. JOQC hrd 11/23 0723-0800 w/NHK2 pgms; Language lesson after 0730. (R'nlds)
- 1260 Colombia. HJDA, Medellin w/typical LA mx; "R. Cadena Nacional"; 0448-0500 good. (Reynolds, Calif.)
- \*\*1262.6 Spain. The stn EBU lists as Gibraltar is EFJ55, R. Juventud del Campo de Gibraltar at La Linea, situated on the Spanish side of the border; all of the ferries leave for Morocco from there. (Ericson, Sweden) Can't even trust EBU. Ed
- 1310 Martinique. Fort de France, nx in FF and s/off 2128 w/NA and IS. (Objfo, D.R.)
- 1313 Unid LA. Re IDXD 11/27: two LA's on 1315, HOL55 and HJAK. One of them? (Objfo)
- 1335A Honduras. HRH6 is extremely strong most nights, especailly between 2300 and 0100; best time to get QSL data is 0030-0100 when many ads for one concern are presented. (Fountain, Ga.)
- 1370 Japan. JOKD, Kitami most consistent Jap; play 0340 11/20. (Allen, Calif.)
- 1385 Unid LA. Hrd Beethoven's 6th 11/23 to 2158 s/off; who? Only fade was during s/off ID. (Conrad, Ky.)
- 1410 Mexico. XEBS quite strong 11/20 w/mx and plenty of ID's at 0120. (Tannery, Tex.) Also XEAS very strong on 11/15 w/US pop mx and lots of "R. Juventud" ID's at 2015. (Tannery, Texas)
- 1435 Netherlands Antilles. PJA5, R. Kelkboom 11/23 2000-2100 s/off; classical mx; s/off in Papiamento; nice copy for report. (Conrad, Ky.)
- 1460 Japan. Believed to be JOWF but no call hrd 0402 11/20. (Allen, Calif.)
- 1466 Ukraine. Simferopol good at 0900 before Norway s/on 0955. (Ericson, Sweden) Yah, Spitzbergen does get in the way like that... (Ed)
- 1470 Mexico. XESM w/good strength 0345 on 11/27; seemed alone on freq, no trace of WMBD; local quality tape sent. (Starr, Ohio)
- 1475 Asiatic Russia. Vladivostok in JJ at 0305 11/20. (Allen, Calif.) Loud at 0440 w/singing in RR; best yet this season. (Reynolds, Calif.)
- 1480 Puerto Rico. WMDD in SS at 0435 11/27. (Allen, Calif.)
- 1490 Japan. JOTK, Matsue S7 0458; unn. 11/27. (Allen, Calif.)
- 1510 Japan. JOZB coming in well after 0715 MM 11/20 w/talk pgm in JJ. (Reynolds, Ca.)
- 1550 Asiatic Russia. Very strong S7 signal 0510-0545 w/man and woman talking in RR; best RR ever hrd here. Brother Freeman struck out on this one last year, but I sent a report to Moscow anyhow. Looped further west than Vladivostok. Hrd MM 11/20. Location? (Reynolds, Calif.) Even Tepilov, the Russian DX'er doesn't know the location of this one for certain, Don. Did it loop farther NORTH than Vladivostok? Both the latter and Khabarovsk are possible. (Ed)
- \*\*1576 Colombia. Re IDXD 11/25: La Voz de la Cordialidad has moved to 1490 for 16 months and changed its call to R. Cumbia; the stn here is HJLC, La Voz de Banco, El Banco. (Silvera, Jamaica)
- 1578 Portugal. Porto at 2000 very good for a few minutes 11/23; Flanagan in Cincy hrd this one at same time I did; never hrd before. S9 plus 10 signals. (Conrad)
- 1590 Japan. JOUB hrd w/much fading 0834 MM 11/20 w/2 men talking in JJ; HNL made copy difficult. (Allen, Calif.)
- 1600 Japan. JOKB, Okayama hrd 0650-0800 w/weak sig and much QRM. (Allen, Calif.)

V E R I F I C A T I O N S . . . (at least a start on 'em)

- 640 GUADELOUPE. ORTF, Pointe a Pitre v/l in 17 days for FF report; V/s was Pierre Salaun, Le Chef du Centre Emetteur d'Arouville. Address: BP 402, Point a Pitre. Sent a tape as well a report, both registered; country 74. (Merriman, Va.)
- 660 DOMINICAN REPUBLIC. HLAM sent long letter w/full details from Domingo Cepeda. (Fountain)
- 812 COLOMBIA. HJBW, R. Atalaya v/l in SS; address Calle 35 No. 21 - 81; v/s Mario Romero Pinilla, Sub-Gerente. Wishes NRC luck. (Reynolds)
- 830 ARGENTINA. LT8, R. Rosario excellent friendly v/l w/pennant and cards; signer almost unreadable, but appears to be Angel Hutt?? (Fountain)

Must stop here this week; was good to talk to Don Reynolds and Don Kenney. Good DX. Admiral Nelson
