NEW NRC LOG SELLING OUT QUICKLY!

If you haven't gotten your copy of the new NRC Domestic Log, you'd better do so pretty soon... The new Log is more than half sold out and the sales to IRCA members in response to our recent flyer in DX Monitor will probably exhaust our stocks before the end of summer. **Don't wait until next season to get your copy of the new Log - it'll probably be gone by then.** Pattern Books are still available, by the way... Price for the Domestic Log is only \$5.25 postpaid (Book Rate); add 75¢ for First Class delivery.

PUBLICATION COMMITTEE CHANGEOVER...

If your local group would like further information about the details of NRC HQ operation and the production of DX NEWS in order to aid in deliberation on the possibility of forming a new Publication Committee, please CONTACT NRC HQ DIRECTLY. Several of the Editors report that members have contacted them instead of HQ for details on the production of DX NEWS. Bear in mind that the Editors have no firsthand knowledge or familiarity with the actual production of DX NEWS aside from the preparation of their own sections; none of the non-Boston Editors have even been to NRC HQ... **If your group wants further info**, just drop a note to NRC HQ at Box 99 and we will send you extensive details on Publication Committee operations and how to go about preparing a formal bid for the PubComm job. **A request for information is in no way binding on your group of course...** When all of the formal bids are in (later this summer), the present and past BPC workers will get together and decide - based on their experiences over the past five years - which group will be most qualified to assume the publication workload and responsibilities. Address any and all questions and comments to NRC HQ and not to the Editors and if necessary please carefully reread the announcement in the last issue.

MORRIS SORENSEN - God's Narrows, Manitoba - ROB - OMO

It seems Winter doesn't want to leave the North Country as 4/14 it snowed hard for most of the day. God's Lake is still frozen over & probably will be for another month or so. Recent DX includes: 4/7- KLFM-1390 N.D. s/off @ 2 07. 4/8- CFCW-790 Alta. w/c/w @ 1:13am; KIRO-710 Wash. ending Seattle Totems Hockey @ 1:32 cutting through everything on the frequency for #2 from that state. 4/15- CKEY-590 Ont. w/NX @ 3 03am. It might interest you to know my closest station here excluding LPRTs is CHIM-610 Thompson, Man., about 155 air miles away, w/lkw. They have a fair signal here days. My closest LPRT is CBWG-1400 Gillam, Man. w/40w at 0/100 miles. (I haven't measured the exact distance). I've only heard them three or four times. The strongest of the Winnipeg stations (360 miles) here days is CKY-580. Their daytime signal is about equal to WPM. The strongest U.S. clears making it up here at night include WCCO-830 WHO-1040 KFAB-1110 KSTP-1500 KXEL-1540 & most of the big Chicago stations. 73.

RICHARD NOEL ALLEN - Billings, Oklahoma - 74630

The return of the thunderstorm season came early in March & the accompanying static has forced me to abandon the BCB. I am presently on FM, which isn't totally free of static. Also, some SWling when Auroral CX permit. Only one DX session in the last month, on 4/8, logging WAAY-1550, Ala. poor w/NX & unID QRM 4:35am. New veries are CFCN & XEVIP. I had a 100% return on all reports sent in 1972. I logged 170 new stations this Winter. Best catches were AX4U, CBA & KORL. I added seven new DX countries, one province & eight states. I considered it a very good season for myself. I finally received my copy of "How to Listen to the World" w/several fine * useful articles, some by NRCers. By the time this is in print, I should have my "NRC Domestic L g", a m ch-needed item in my shack. I will close for now. 73 in '73.

J. ALEX BOWAB - WKXI (FM) - Box 6689 - Jackson, Mississippi - 39212

WKXJ-1550 quit ANING - now off 2-5 EST. This became necessary due to personnel limitations after they acquired a companion FM (which they did to use against us since we beat them in Pulse & ARB last year). WJDX-620, AN-6, once commonly owned w/WLBT-TV, is about to move from shared studio to XR site. This may disrupt their AN sked on occasion during transition. WRBC-1300 is other AN in town, off MM. We are only AN-7 in city' fortunately, we avoid the wrath of NRC by being FM. To those requesting, I can supply a cornucopia of rate cards, CMs, SCs, & whatever - plus dubs of our jingle package. I like to trade audience ratings - as a subscriber to Pulse & ARB, I have several to exchange (Mobile, Jackson, New Orleans, Memphis, N.Y.C.) Drop me a note if you have trouble verifying KTSa-550. A good friend of mine just went there.

JERRY J. MILLER - 3101 Washington Street #113 - Bellevue, Nebraska - 68005

I thought I'd drop another Muse, just so everyone would know I'm still alive. Big news here is that I'm moving. As my new place is only a mile from here & in the same town, I'm wondering if it would be ethical for me to continue my presnt log or start a new one? (Stay with your old one, Jerry! -ERC) I'll be moving about 7/15. I can't wait to see how my SM-1 works in a real house as opposed to the mobile home I'm in now. I've travelled a lot lately, so not much but here are latest loggings anyway. 4/1- WBEL-1380 in very str ng @ 7:13 am w/no sign of my daytime local, KCIM Ia. 4/2 brought in KCLR-1530 @ 6:10pm, KRIT-1530 @ 6:15 & XEYK-1010 @ 6:53pm. 4/5- KVKM-1330 @ 6:55am w/no sign of my normally dominant KFH. 4/8- KLMR-920 & 4/23 KLIB-1470. Veries in: v/1- WSMI WXCL WJIL KBBB KFIO . v/q- TWR KPRC WBEL XEPRS WSMI KNUJ WFBC. Totals are now 502/389. Good DX to all in spite of the Spring storms.

WE RECOMMEND SUMMER DX. A LITTLE STATIC NEVER KILLED ANYBODY - GET THAT DX NOW!

CESAR F. OBJIO - Calle 34 Casa #30 - Cristo Rey - Zona 5 - Santo Domingo, D. R.

Good Friday loggings: As usual most of the Dominican stations closed down for the Holy Week. On Good Friday in Santo Domingo the only stations on the air were R. Cristal-570, R-TV Dominicana-620, R. Guarachita-690, HIJB-830 & La Voz de las Fuerzas Armadas-1600 (their Moca relay on 1330 parallel). These stations had either cl mx or religious services. Through Ondas del Caribe-1150, Punta Figo (Thursday) I heard about an order given by the Venezuelan government to stations to close for the celebration of the Holy Week, so they were closing @ 9:55pm. R. Rumbos-57-8670, R. Caracas-750 & R. Margarita-1020, Forlamar, were the only Venezuelans heard on Good Friday. No one heard on the 60 meter band. Even the ever-present NSP-910 R. Aeropuerto was off. In Colombia R. Sutatenza presented religious programs with all their frequencies in //, the best ones heard were 590 700 & 960, very strong, 810 could not be heard as HIJB-830 was on the air. Todelar presented pop mx on several frequencies, R. Horizonte-540 on w/pop mx, also R. Tequendama-770 pop mx. Only Haitian heard was 4VEH-1035 w/cl mx. Cuban frequencies best heard were 640 & 1270, only political talks, also 690 after R. Huarachita s/off @ 9pm. Some U.S. stations were heard: WGBS-710 WHN-1050 WFT-1110 VQA-1180 WJJD-1160 WTOP-1500 WLAC-1510 & WBSC-1550, & Bahamas-1540. Heard for the first time R. St. Lucia-660 closing down @ 9pm with the melody "The Day is Over." R. Globo-1180, Sao Paulo was heard @ 6pm, o/VOA. Guyana stations 560 & 760 were heard well in the evening. From Netherland Antilles only R. Victoria-925 was heard about 6pm s/religious program. WIPR-940 only Puerto Rican heard s/off @ 9:25pm. At 10:30, only three Dominican stations were on the air: 570 620 1600. All this loggings were on my Sony portable TFM-1000-WA. Sorry ERC if I am after 30 lines. My house is almost finished and I will move in soon. 73 in 73. (I would doubt if ANY - not even one - U.S. commercial station shut down for even five minutes purposely on Good Friday - ERC)

MICHAEL GOOD - 13319 Vernon - Huntington Woods, Michigan - 48070

This Musing includes all my DX for the past month or so, so you know how extraordinarily active I've been, hi. 3/15- My first pirate station logged - WRIT. He announced he was from Madison Heights, another Detroit suburb about five or six miles E of here. As close as I could guess from my Panasonic with markings every 400K, the frequency was 1620. His signal was only fair here & this is the only night I noticed him, so I wonder if any other NRCers heard him? MM 4/23 gave me the following: WIND-560 @ 12:50am w/talk, fair-good signal; WTLB-1310 N.Y. heard @ 1:03am announcing ET; KSTP-1500 only fair-poor through OC of WDEE @ 1:08 w/mx; KIMN-950 @ 2:05 w/talk & fair-good signal - my first Coloradoan; R. Soliman-1025 heard @ 1:40 w/fair signal; R. Tiempo-1200 @ 2:45 w/mx & R. Cord-1110 @ 1:10 w/mx, both fair-poor w/much QRM. Veries from 4VEC WIMA CFPL WSBA WJIL WOPR WJW KJLM WDEE. 73.

ERNEST R. COOPER - 438 East 21 St. - Carrier Route 56 - Brooklyn, N.Y. 11226

Nice v/1 w/OM on tentative to WKIK-1370, heard one week after listed TEST. They said they got out well, including reports from Canada and Ohio. That must tickle WSPD, hi. DX SM 4/22- Nothing new, a poor morn, & it seemed KXEL-1540 & WSPD-1370 were off - were they? MM 4/23- Perennial CKFH-1430 was off today, opening the way for un WIRE-1430 c/w. Unn WAKO-1380 AN-NN w/gospel show. I got a report today on WKTG-1320, AN-rr, w/NBC NX @ 4:5. MM 1230 I noted a preacher talking about Jeremiah @ 2:38am - who's this station? R. Mundial-1370 w/WSPD first caught @ 2:09, then they got ztronger & stronger & WSPD weaker & weaker, & report sent - they're listed as 2.5kw, & a welcome catch here. Unn WFBC-1290 heard s/off at the odd-ball time of 3:07am! On 1580, an rr very weak, noted @ 3:36 & in until WCLS arrived on the scene @ 4:05, no announcements caught - was this the KINGR TEST? A tentative sent to them. Who was loud on 1550 w/talk about the game of golf @ 3:40 & on? MM 4/30- EDT in, & WABC-770 off. On 810, unn WGY ETing apparently w/AXR. WQWO-1190 on RS till 2, they must have stayed on EST?? They sure scared me at first - I feared NSP! On 860, the one I've been thinking was an FF speaker turned out to be R. Mundial, Rio de Janeiro! That was Portuguese I was hearing! Clarin was not on, & Mundial was S-7 & an LPC, but unn here. On 1110, an rr noted 1:53-2:01 & on w/no announcements, who's this bird? And, a simply tremendous signal on 1550 @ 2:15 to 2:34 s/off w/Colombian NA from "La Voz Portem" en Barranquilla! Talk about an LPC (Lead Pipe Cinch)! This one is IT! And it wasn't even Auroral today! Oh yes - a v/1-SS in from La Voz del Centr -1055, & that's #32 from Colombia here. And I still have a few fairly easy Colombians unverified, on 610, 700, 810, 850, & 1100, plus Portena above, so I could do pretty well in this fine land to the South as far as veries go. You know - I think that "Juventud" is not restricted to Youth. C U N 14.

BRUCE PORIZER - 14056 Fifth Avenue South - Seattle, Washington - 98168

Ernie's desperate pleas for Musings were so great I finally broke down & decided to write one. Since it's been so long since I've written in, here's a quick re-intro. I'm 21, single, and will receive a BS in Electrical Engineering in June from the U. of Wash. I have been DXing since 1964 with totals 1,128/509, 44/38, 7/7, & 44/23. Main RX is a National NC-120 with 4' dcl (? - ERC) I also use Hallicrafters SK-96. New stations since 1/1 - WLCY-1380 w/religion program & Drake SID 7:30am, YVJD-1380 dominant 5:06-5:45 w/Ondas del Mar ID, both 2/3. CJJC-800 frequency change noted 2/9, KOSI-1430 soft MoR 6:20am 2/11 o/u CKFH/KLO. WTTT-1370 5am s/on-SAB o/WSPD, WGOH-1370 f/c 4:30 also o/WSPD 2/12. 2/19- Paradise-1265 4:47 slopping onto 1260, unID MoR u/WNDR-1260 noted around this time was maybe WWDCT? WHBC-1480 w/soft MoR 5:23, KEKX-1240 7:08 much wanted. 2/23- XEROK-800 call change noted in garbage w/rr & mention of 24 hours a day. 3/4- KPEX-1480 s/on 8am. 3/15- WXLE-1385 w/rr request show 3:59-4 good at times, report sent & hasn't been returned by P.O. but then it hasn't been verified either. 3/19- KRE-1400 s/off 3:03, 2BL-740 surprise w/six pips & some EE talk @ 4-mixing w/LPRT soft during KCBS ET! KCKC-1350 now AN, new but unwanted. 3/20- KULY-1420 r/c. 3/21- KROQ-1500 rr u/KKRX 4:11. WGNW-1560 ET/mx/TT 3:30, not new but needed for a verie. 3/19 (again) - KGEK-1230 a real shock atop frequency w/WX for NE Colo. 7:20. 3/26- KPAC-1250 6:05 dominating 2/up tempo MoR. 4/8- XEEH-1520 7:14-8:03 ~~XXXX~~ s/on, w/Lots of X-double-E-H IDs strong & alone after KOMA fadeout, not listed in a y logs. Three sked changes to note: KYXI-1520 is not NSP; they're off SMs until 8am EST. KERG-1280 was noted recently mentioning now AN; KRED-1480 no longer AN (hooray). Oh yes, one other addition to the log - KM00-1510 Mineola, Tex. heard 7:35 8/21/72 but not IDed till a couple ~~weeks~~ ago when I played back tape! Veries: KGLL-1260 KLEI-1130 KAGO-1150 after five months, 4VEC-830 for 12/27/71 DX after f/up, HUKH-770 KXRX-1500 after seven months, WGNW-1560 KGEK-1230 KARM-1430. KARM v/s is a DXer & is interested in finding a military surplus RX. I think I'm running out of space so I'd better close. 73.

KEN ONYSCHUK - 12939 Page Ct. #2 - Blue Island, Illinois - 60406

(oops - we got the zip code number backwards, hi -ERC) Greetings again to all. I cut my right thumb at work ~~last~~ week & therefore must put my old Royal to work again. I can hardly write my name at all. The three stitches ought to be out by next Musing deadline. First things first. My deepest sympathy to Eric Diricco's family. I will miss his NRC contributions for a long time to come. I was surprised to hear he was just 17. I caught two new stations in the last week. 4/17- WGST-920 Atlanta, at around 12:45am w/MoR & SID, and 4/22, CHML-900 Ont. @ 8-8:10pm w/SID & NX/WX, in fair to good. Other recent DX: 4/23- WJAS-1320 Pa. w/new "13-q" ID @ 9:30 in good, then rr. 4/22- WJAP-630 Ky. w/ID @ 9pm, then CBS NX, in good. KQA-850 Denver in broadcasting all Denver Bears' games. Denver is Astros' AAA farm. Signal comes in very well here. Games start @ 9:30 EST. I found out there are two stations on the ChiSox net. One in Manager Tanner's home town of New Castle, Pa. but unk calls, & one in Sarasota Fla., but I forgot station. Not even printed in ChiSox Rosterbook. I received Minnesota net in mail last week, enclosed. I am going to downtown Chicago library soon for out-of-town papers to find out minor league BB stations. Only ~~one~~ known to me at present though not positive in 1973 are WITY-980 Danville (Midwest-Brewers "A"), WGEF-1280 Evansville (American Assoc.), KCBC-1390 Des Moines (American Assoc. White Sox "AAA"), KOGM-610 Albuquerque (Pacific Coast Dogers' AAA). I will check further on these later. I was kind of embarrassed the other day to find out that 4/30 DX NEWS power increase was an April Fool's joke. I called up locals WJOB-1230 & WGN-720 for anything further on it. It was news to them - #23, P. 2 - aren't really running a megawatt, it just seems they are (or will be?) I got to close now - my tupings' not at my best. I hope to be at normal next issue. Sayonara!

RICHARD E. WADSWAN Jr. - 12 Bart Oak - Villa Park, Illinois - 60181

This is the first of, hopefully, many interesting reports. Well, onward! I guess I'll start with a brief intro. I'm 24 & have been DXing almost six months. I have 80 stations, 30 of which are verified. I have four countries verified. 4/13- KMKX @ 7:30-8:10, WWA 8:15-8:35, & I had to go to bed then due to illness. 4/14-15 - still sick w/flu. 4/17- I started listening again. XBA-240 @ 8-8:30, report sent. 4/18- I sent third report to WCAU. I haven't gotten any response. Maybe you can tell me if they every respond. Well, that's about it, kiddies - love to all. (Welcome to the NRC & Musings, Richard, and we would like to beg you please to double-space, BT -ERC)

DAVE WHATMOUGH - 284 Main Street West - Hamilton, Ontario

A little DX to report since January. MM 2/12- No sign of much wanted KOTM-1380, just WMEE. No KWHN-1320 heard as too much WJAS/CKKW. 2/19 brought r/c of WPGF-1470 u/CHOW/WOHO. 2/26- WCPK-1600 completely covered WWRL. WKEN-1600 made it w/TT but no IDs u/WWRL. Unn KSYL-970 TT heard u/WEBR/WWSW. 2/28- r/c, WCFR-1480 u/WHBC. 3/5- Mystery tones on 860 w/no IDs, believed to be WJPG. KFSA-950 r/c u/WKAZ/WBFF. Strong TTer on 970 u/WEBR/WWSW ending @ 1:47, no ID heard but believed to be WAVE. 3/12 found un WRYP ETing o/WBFF. No sign of KXJK. 3/26- No sign of WBRJ-910. No KRNK-1460, just weak WENS. 3/23- I finally got a log on semi-local WAQI-1600 without it being clobbered by WNEJ up to 6:30 s/off. 3/29- WBUX-1470 w/TT & IDs, 12:15-12:30, o/CHOW/WOHO. MM 3/26- Log taken on CJEK-1290 for call change I&C & all alone. It was heard o ly twice as CJOE but has been heard almost every MM since 2/26. 4/5 found WITZ-990 ending ET w/ID @ 1:30. 4/2- No WJAB-1440, just WHYI all alone. I tried for WRAN-1510 but only WLAC heard. 4/9- I noted eight Californians - all un. Best was KHII-1550. Others were KPNC ~~WFFR~~ KFI KNER KNX KPRE KGO. First time WC heard here since 1/28. N sign of WKIK-1370, WSPD all alone. Veries received since January: v/q- ~~WFFR~~ KGO. v/X- KDDA. v/r- WEPX. v/l- WERC WQIK WKEN WCPK CJBK WAQI. 73s.

G. HARLEY DeLEURERE - Box 10 - Hendricks, West Virginia - 26271

This morning I heard two new stations on 810 - WEGS & WPED. That reminded me I hadn't sent a report to Musings for a while. You can attribute it to my being dilatory and not to my not having 8¢ for a stamp. For your information WJAS in Pittsburgh is now WKPQ. WKPQ also IDs as "13-Q." Recently I received WSAJ-1340, Grove City, Pa. for the first time. According to my verie WSAJ broadcasts Tuesdays & Thursdays from 7:15 to 8:45pm and on Sundays from 7:30 to 8:30pm. Also WSAJ does not broadcast during the Summer & whenever classes are not in session at Grove City College. On 3/23 I heard WDE-640, and my verie is already in. Well, I must close, because a neighbor and I are going ramping. As a result, I'll be antisocial for a few days. (Ramping?? -ERC)

DAVE SCHMIDT - 8 Valley Terrace- Apt. 9 - Wilmington, Delaware - 19802

Very sorry to hear of Eric Diricco's passing; he will be missed. Veries: v/l's from WGMG WSUX (now all of Del. verified), WHII-TEST. v/f- WRWT-TEST WGSO & a v/c from WCMC, long-wanted. SM-2 should be in use by the time this is printed, so out goes the broomstick loop, hi! To DX: 4/6- Report to WCMC 1230 4:40-4:56pm w/WITH/WEEK/WKBO all noted there. 4/8- WIAQ-1410 5:15-5:28am w/talk & c/w, WUNI also there, WING/WPOP/KCV all gone, WDOV not yet on. 4/12- WKPQ-1320 (ex-WJAS) 12:30-12:58am, ID of THE STAR only, with WOHM-W. Also check then up an HEP. MM 4/15- WJDS-1150 1:53-2:00am s/off w/CKOC called, KATZ-1000 2:28-2:40am w/WWD. rr. Unn WJAS-1600 noted playing Bell Diamond LP w/ID @ 3am, so probably on night pattern, only an 8¢ here. 4/15 brought WJDS-1150 3:47am w/rr, but not reported, bad line noise. 4/18- WJST-1480 7:07-7:10pm w/WJAS/ LEE/WJUN/WJUN in & out, long sought! That's just a quibble of DX, hi! 73s.

WILLIAM M. BIAZEK - 2716 Bellbrook Street - Hillcrest Heights, Maryland - 20031

It's been a little while since my last Musing, but preparation for the Md. Prof. Engr. exam effectively curtailed DXing for the past two months or so. At any rate, the exam's over now, & I can get back to serious DXing just in time to catch all the Summer thunder showers & the HNL, hi. Veries since the last Musing: v/l- KPFD KDDA WAMO WMSG WRDI WARR WVKY WEBZ WCPK WPGF WBIS WHUN (& a WHUN pencil, hi) WRBL WORV & WKEX. v/r- WJAS WCMG WERC KCMO & WRPT. v/q- WAVE KFBK KOMA ~~WFFR~~ KMKH WABC & WLCY. Only recent DX came as surprises on 4/17 @ 7pm when WMNC-1430 N.C. was in well o/semi-local WNAV Md. & 4/25 @ 7pm when WDLR-1550 O. surfaced briefly o/CBE w/a beautiful ID & mention of NX sponsors. Before I close, does anyone know if WKVM-810 P.R. veries? I don't recall ever seeing any info on it. 73s.

JEFF FALCONER - Box 63 - Clinton, Ontario - NCM - L1O

Hello people. I thought I'd better drop a few lines as I haven't Mused for a while. CFRS-1560 Simcoe has been granted a CP for 1000 & a power change to 10kw. CFRS beat out bids from Kitchener, Huelph, & Tillsonburg. Now watch the grab for 1560. I had a fairly good season w/four new states heard and veried as well as 11 new countries heard. Recent veries: WJCV PJA6 WCCR WAWB WSMI WEDU WNIW KOLM WILY WGOE WMC WMAX WBOO CFML CUCI WEW WCPG WHEB KBQA WOMP WMLR KWAY WIEW CKCK KSJZ YSS KOB KFBK. 73 & good Summer DX.

RCN MUSCO - 16 Chestnut Drive - Windsor, Connecticut - 06095

Some DX accomplished with some good stuff heard. Back to my SM stint (some say I'm famous for it) 4/8- WGLI-1290 noted all alone 5:45am for N.Y. #79. RJE tells me to try 1560 between 5:30 & 6:30am when WQXR puts the ole OC on - I must do it soon. I won't be trying for TIJC-675, as they were heard here 4/9 @ 12:45-1:05am s/off all alone w/"Sonora" IDs. Report sent in EE & fingers crossed. Also TT on 790 12:25-12:40am so tentative off to WLSV. But alas, left & CM back saying not they - was on 4/16 & will be on again 5/14 @ 12:15am. 4/15- Doing SSS, WJOW-1570 on top 6:30-6:45pm s/off, umm but a try for a better verie. Then WTTI-1570 heard 6:49-7 s/off w/many ads & no SSB. Someone else s/off same time but I was more concerned w/WYTI - next time, maybe. 4/17- I didn't DX SM or MM so made up for it Tuesday. First WAHT-1510 noted w/r/c-TT 12:17-12:33 & one partial ID, WIAC QRM. I tried WSGO-1440 but nothing there but WQOK for a newie 12:35-12:45 w/WAAB QRM. Then a surprise: WGTN-1400 r/c 12:54-1:05am w/frequent IDs & practically no QRM. I called CE & in his draw he said he'd verify all reports. Then tentative in WEEH-1590 r/c 1:15-1:25 w/strong TT but hardly any voice level. Line busy, so tentative sent. No veries in three weeks. I'm waiting to see when Red Sox play on WC so I can figure out who has them on 1450 - WMAS too strong most times. 73 & see you in Beantown in 73.

CHRIS HANSEN - 1312 B Carman, Columbia U., New York, N.Y. - 10027

What a terrible finale to the season! If CX had been even fair here I would have some DX to report, but the Aural levels plus HNL of this city have precluded all MM DX & most SW DX. I have estimated there are over 3,000 fluorescent lights in this one building alone. I will spend most of my Summer shielding & improving my RX o shut out this noise. I have a new responsibility; the Europe/Africa section of the magazine of the ASWLC; plus perhaps the 1973 ANARC Convention (which is still up in the air at the moment; some decision should be reached by the end of this month). Plus exams at this very moment, so there will be no DXing here for a while. I hope no one else is as bad off vis-a-vis work & CX as I am. 73s in '73 and I hope to see all of you in N.Y. (tentativd) & Boss-town (certain). Good DX!

ANGEL GARCIA - 137-05 Franklin Avenue - Flushing, New York - 11355

Ola! I've written to TIJC about the TEST but have received no word as yet. Sr. Alvarado, in our correspondence, has expressed a sincere interest in airing the TEST; I suspect they are having problems with their new facilities. Note that this TEST is for all clubs. I see from Jim Poterba's recent Mize that he heard KORL. My congratulations! A very much-wanted here. A surprise on MM 4/2 was IT4 in Posadas, Argentina between 3:40 & 3:51am. It was so loud I almost skipped it thinking it was probably the Colombian but I heard a TC for EST-plus-2 & stayed with it. (670K -ERC) No sign of either the Cuban or the HJ. Surprises like this keep my interest at a high level in this insane (?) hobby. Good DX, & I hope to meet many of you in Boston.

JIM POTERBA - 949 Queens Drive - Yardley, Pennsylvania - 19067

Howdy, all. Right now I'm down with the flu, so not really too much DX to report. What there is: MM 4/9- WATS-960 on ET/r/c thing 12:40; CKGM-980 atop there 1:45; WFIL off, so WGAN-560 caught 3:40; & GBS Guyana there by 4:25. WGOH-1370 r/c noted 4:30. 4/12 PM- WBLF-970 making a showing w/s/off 6:45; also someone next night, same time, same place, w/s/off plugging 93.5 FM. 4/14- WBJW-1440 (ex-WABR) atop WQOK/WHY 3:28am. 4/15- On tip that WJAS had changed calls f from Dave Schmidt, too (this AM); WLLS-1420 s/on @ 6; WACB-1380 s/off 6:58pm; .. -1550 s/off 7:01pm. MM 4/16- WKBN off, for a while. WFTO/KOMA fighting it out there; WAAO-1530 r/c 2:45, WIRE-1430 atop all AM; WWOE-1400 atop there, & WRFC-960 w/ET/OC 4:20. 4/16 eve I had WBOC-1420 in u/WCOJ/WBEM/WHK. 4/17- r/cs from WVOF-970 12:33am and from WGTN-1400 @ 1am (I still have trouble, even with tape, believing WGTN could pin the meter!) 4/17 eve I had WWSL-1520 s/off 7:15pm w/WKBN. A few new veries: WACB WJIC WTRY WGAN WQOK WHTC WKIS WHII-TEST WMIR WSOE WSNW WRYT WFPG WMVB WRDO WNDB KGLC WFIA WKMI XETRA WCCR WCTR & WCFR. That about does it. 73.

THANK YOU FOR YOUR CONTINUED SUPPORT OF MUSINGS OF THE MEMBERS. KEEP IT UP ALL SUMMER AND WE WILL GO OUT WITH GLORY. PLEASE DOUBLE SPACE.

Yes, the skip all seems to be landing in Yardley Pa. these days, hi! Actually Wes is mad since he probably won't win the Domestic DXers of the Year Award, hi! No, I haven't gone deaf but working weirdo hours makes time hairy sometimes. A bit of DX to report: 4/2 was sort of an Aurora MM session, but I did bring in WHII-1570-TEST, very weak 1:30-1:43 w/CKIM looped, CHLO/XERF also there. Frequent ETer WSWN-900 on again & reported 12:50-1:04am, & WGSO-1280 12:25-12:37 for a call change. 4/1 (no foolin'), WSUX-1280 6:59-7:08am, and if they verie, I will have all of Delaware verified. I got word-for-word copy of # on & one spot, also taped. 3/30- Clean-up day on a few old holdouts like WNAV-1430 & WKLX-1350, both daytime regulars. I was also shocked to hear WFPG-1450 @ 1pm o/local pest WILM here, only a mere four miles away. It's interesting to note that assorted things like WESR-1330, WGH-1310, WKLX-1350, WTAR-790, WTIID-1270 are regular daytimers here. Only one I really need from the Eastern Shore area is WICO-1320 which does exist but doesn't get out, all WKAP/WGET here. WOMS-1050 is another regular from that area. Going back to 3/26: WGOE-1590 ET 12:55-1:15am for another try, KINY-1460-TEST made it, TT only and one ID between 2:08 & 2:23. And 3/25 I took down WOMS-570 for a report, 7:13-7:25am w/WFIL talking. Look for a lot of things happening in this area - new FCC inspector in town and he's really out for blood on the AM stations. I wonder if thdy'll get to the splatter-makers, like WIBG-990 (who has a very bad habit of all the time going from 970 to 1040 even!), WAMS-1380, etc. The HQ-180 is back in service, w/a big thanks to John Wederbrand of Haddonfield, N.J. And again with the closing of this issue, may I very highly recommend Big George Keiley as the official NRC mascot: To ERC, thanksgain for a very fine season of Musings, even though I thought many more would report since CX were half-decent this year. Anyway, ERC, may I give you my tip of the hat and say THANKS for a job well done. No, I'm not signing off for good, but hoping to see a few more faces in the columns come next season! TIP: SMs are a good bet Mon-a-days with early sunrise and late s/cms as many daytimers, assorted goodies like WJLK-1310, WSUX-1280 heard this past SM by me. I wonder if Stan Morss drinks or smokes Dr. Pepper? (I think he shoots it, Dave-hi - ERC) V/fis back from WYGO-1330 and WMEL-920 and dat's it.

JIM POTERBA - 949 Queens Drive - Yardley, Pennsylvania - 19067

Howdy, all. DX has taken customary April downswing, w/very little new DX in the past week or two. What there has been: 3/25- 6:15 WFAR-1470. MM 3/26- WNDB-1150 atop CKOC: KINY-1460 TEST in nicely atop channel; then WSTC-1400 atop @ 6:30pm. 3/27- WTOP-1560/WCNW-1560 simultaneously signing off; WBEF-1570 a-top w/s/off @ 7 for a new one there. 3/28- WCOU-1290 on r/c @ 1:18am. Dominica-595 in well around 9:30pm s/off, & most nights since. Let's hope that now they can be heard well, the folks at R. Dominica don't decide to stop verifying (a la R. PARADISE). (They didn't stop verifying, Jim - they never started! -ERC) SM 4/1- Much new DX w/WJIC-1510 s/on 6:15, WCTR-1530 6:30, WALK-1370 7, KCII-1380 r/c 1:24, a 1 am, then WAKS-1460 & WRAB--1380 in that evening, both around 6:45pm. MM 4/2- HJES-980 R. El Sol w/unbelievable signal o/WONE all AM. HJGC-1090 Cucuta, Colombia, w/dame kind of signal as HJES - must have been a good morning for HJs, hi. WRDO-1400 w/NX @ 3:33, WBJC-1420 Puerto Rico 4:25, & WFIA-970 w/ET @ 4:30am. Then, perhaps the most unusual happening of the season, 1600 was COMPLETELY CLEAR from 2 till 3:10 or so! WRRL was off, as were WAAM, WUNR, WINX, WGIV, WFRG, KATZ, & most of the rest. There seemed to be only a weak WAPX Montgomery there w/NN format. WRRL back on w/ET by 3:10. Had CX been better, I think the WC (notably KASH Eugene) would have stood a chance. Oh well. Only other logging was HJAX-1590 Barranquilla 8pm 4/4. Some veries of late: WBLE, KORL, WCTR, WCFR, WADR, WLIX, WDMA, WICK, WJAS, WTOP, WCOU, CFOR, Trinidad-730, WNAK, WSAR, WWDC, WAMS, WGNV, W WPGM, BBC-1290, WAQI, WPGF, WVOU. WBLE is notable: For anyone needing a verie from them, try a report to Harold Meter, 961 Pineapple Road, South Daytona, Fla. 32019. He's a ham, and told me many reports to the station don't get veried, since the boss tells the staff not to reply! That's about it, so 73s, and all in favor of testing BGK's specific gravity in the Walpole-Sheraton's pool (for his April Fool's Joke, of course) vote AYE!

WE DON'T HAVE THE SUMMER SKED FOR "EX-KENT" ROUTINE, BUT WE THINK THAT WE HAVE NOW GONE ON THE EVERY COUPLE OF WEEKS ROUTINE. WE ARE VERY DISAPPOINTED HERE IN THE SUPPORT (?) WE HAVE BEEN GETTING FOR MUSINGS. MAYBE DURING THESE SUMMER MONTHS, WITH MORE TIME ON YOUR HANDS, YOU CAN GET INTO THE SWING OF IT - HOW ABOUT IT?

Greetings. No DX here, as have been kinda busy, and also ex kinda rot. This is our first issue of DST, and, although I don't believe that we have any DST items this go-round, they will be listed w/ a "D" after the time if they appear. Otherwise, next issue will simply automatically be all DST. Again, I remind the patrons of DDXD not to send info which is over 30 days old. It will not be used. Neither will "routine" items of DX unless they have other redeeming tip value. We encourage new DX'ers to report, but simply to send in only the best of your DX.

**1466 Ukraine SSR (Tentative) Simferapol assumed 0345-0400 4/20. Noted OC 0344 but thought it to be Monaco. Second check at 0346 revealed Mayak-type programming with male-female ancrs alternating, with some background mx and every 3-4 minutes music faded up probably as an ID but not able to decipher. Steady S5-6 signal, little fading. Unemotional talk. News-type pgm. Bearing of 25-28 degrees a bit off for Ukraine but loop not that accurate. No sign of any IS or NA at all; at 0400 sharp, XR was cut and that was it - no formal s/off of any kind. Noted same time 4/21 with same setup but much weaker and again XR killed at 0400 on the nose. Thought this station had a regular fulltime schedule beginning 0200 and if so there are only 2 explanations: (1)My call is not Simferapol (2)0400 represents a severe pattern change. (Hoffman, NJ)(Exactly the same situation noted here early April. Wrote letter to Geoff Trower in England to see if it was Monte-Carlo. His reply stated that it is indeed Monte-Carlo programming this strange 15-minute segment of SR1 Same ID confirmed by GPN. My tape of 4/6 appears to have a "Govorit Monte-Carlo" on it, but sure fade syndrome you noted at ID time, hi. Ed.)

*1473.5 Philippines. DWFF Manila 1053-1110 4/16, 4/17 w/Johnny King Show w/record requests in EE/Tagalog; IDs as "Radio 1,4,8,oh Manila" and "D W double-F" Unlisted WRTH. (Bundy, Truk)

*1500.4 Western Caroline Islands. WSZB Koror, Palau 0917-0928: EE pops, EE/Palauan anmts, 0928 ID, extreme QRM-1500.(Bundy) (Date 4/19, sri. Ed.)

**1525 USSR. cf. DXN, IDXD 4/4. Soviet HS noted at times under Peking eg. 1550 on 2/17 Mayak pgm //7310 was roughly even w/Peking. (Bundy, Truk)

1555 Philippines. DYLA Cebu City 1940 4/14 soft vocals here already though believe official s/on is 2000. (Bundy, Truk)

1565 Colombia. Am unsure of this one ID could have been "Voz de la Fonda" or similar; frequent mention of "Hora super de Colombia" believed hrd Manizales Tel No., but no mention of "Sensacion" 0245 4/19. (Trower, England)

Does anyone know what causes that het which always seems to be on w/WRVA (it's just a bit on the high side of 1140)? I can remember hearing it during the day when I was in Washington, D.C. ERC's "April Fuel" section was a gas, hi. I'm sure glad the cover of 4/1 DX NEWS was only a joke. I was ready to sell all my equipment! The last thing I ever need is a million watt local! 73 till later.

SAM WARING - Box 411 - Comanche, Texas - 76442
Greetings, salutations, etc.! I have just received 4/4 issue of DX NEWS - up the Postal Service! No DX to report as my RX took a header about five months ago & has defied all efforts at repair, but I'm getting off the subject. When I got it, the first thing I saw, before I opened it, was the article on the Jerry Conrad theft. Being insurance bred, I went to my father, an agent for some time, and asked what could be done. He said the equipment and tapes can be insured easily. The thing to do is, go to your independent agent and ask him about a policy called a Personal Articles Floater. You can also go to the one-company agents, but they're likelier to take a dim view of it, as they figure you're a prime target for a rip-off. It's not they wouldn't like to, but they have to stick to company doctrine. Anyhow, the PAF form covers all sorts of specialized stuff that won't be on the fire or homeowner's policies. Matter of fact, just about anything can be written on a PAF. So if any of you are interested, there's how you do it. 73s.

GARY ATKINS - 2200 West Burnett Avenue - Louisville, Kentucky - 40210
My goal of reaching 1,200 stations heard this season has been attained so anything new will just be icing on the cake. So far I have 61 new catches this year, only seven fewer than all of '72. New additions: WUUU-1260 on 2/28 @ 6:10pm. 3/6- WDBL-1590 6:45pm. 3/7- KLCU-1470 3am, WOI0-1060 6:20pm. KXJK-950 w/TEST 4:20am 3/12. 3/13- WHIN-1010 s/off 6:57, KTUI-1560 7:10pm: 3/26- KRNY-1460 2am w/TEST & fantastic signal. I played tape over the telephone for a man at the station and he asked for the tape, so copy sent. WLSI-900 w/TEST 4:01. Ky. #66. Unn KSYL-970 also heard w/TEST this date but not WBRJ-910. 4/2- WHY 1570 2:06 w/TEST, a welcome station as just a few weeks ago I tentatively heard them one eve during SSS, but no ID then, even though Bay Springs was mentioned. 4/7- KDEX-1590 s/off 7:30, R. Dominica-595, only a fair signal prior to 9pm, then very strong during NX till 9:02 & ID, then faded again. YSC-1015 11:45pm, R. Internacional. SS on 1175 surely Guatemala but no ID, 10:30pm, Guatemala mentioned often. (I logged R. Columbia, Costa Rica, there recently, Gary -ERC) UnID splits on approximately 568, 1285, 945, & 575. SS on 575 w/EE & SS mx & seemed to mention Dominican Republic often. In fact I thought I heard a R. Cristal ID once. Could they have possibly drifted to 575? Aurora CX such as those on 4/7 really fascinate me. I'm getting to the point where I won't even DX BCB unless it is an Aurora night. One other logging: 4/9- WYNX-1550 7 15 s/off. Veries: KAYQ WCPK KXJK & WHII, all v/1. Veries still pending from WMOP, KRVN, WANS, R. Paradise, WPUJ, KAWA, WBMV, KSYL, KRNY & WSLI. 73.

Greetings to all you faithful Musers out there in QRM-land. The BB season is here again & I undoubtedly predict a Cub-White Sox World Series here. With rainouts plaguing the Chisox at Texas WMAQ-670 was also "rained out" of its adcasta. It's contracted the Hockey Black Hawks and switched the game to FM. Sat. night 4/7 I caught the opener on KRLD-1080 Dallas at around 9:30, in/out w/WTTC, but clear enough to know what was going on. Unfortunately WQAI-1200 figures to get more of an audience w/rr, so the Astros BB games are elsewhere. (Try WWL-870, Ken -ERC) I caught their opener at Atlanta on WSB-750 & weak on KPRC-950 around 8pm. I am writing this Mon. 4/9 @ 5:30, listening to WMT-600 Ia. w/emergency since the whole state except for far west was socked in w/up to 15" of snow. Pertaining to call application change in #19, WEEF-1430 is still unchanged as of 6:50pm 4/9. On 4/8, WIZ-1050 Ill. in very good w/MoR @ 6:45pm. At 1, I nulled WAKR-1590 rr to catch K.C. Royals BB on KVGB Kan. KPT-640 in/out Sat. FM 10:45pm-1:15am w/Dodgers BB at San Diego. One moment almost local-like, next minute "where'd they go" hi. I am sending in three more BB nets that were received. Let's hear from EVERYBODY real soon now. I'm sure Ernie's got plenty of time and paper to take care of everyone, right, ERC? I hope so, & 73 to all.

It has been a while since my last Musing, simply because no new DX has been heard. My equipment has seen better days, and I am currently in the market for a good RX. The main problem is determining the best set for MW purposes. Selectivity is really the main priority here with all these 50kw locals. I am willing to pay the price for a good set, but I hate getting "taken" by dealers. One new verie has been received, WNEU-1600. According to the Toronto Globe and Mail, the CBC has applied to the CRTC for a station in Thunder Bay on 800, currently held by CJLX. Also, the Simcoe Reformer did a big feature on CFRS-1560 and its sked move to 1600. The power will increase to 10kw, and it will operate to lam daily. They claim the move will be made by Labour Day weekend. That will be just about the last of the low-powered daytimers in Canada, although CFTJ-1110 is still around. Speaking of CFTJ, Galt has officially changed its name to Cambridge, so I imagine the station's address has changed accordingly. That item on the front page of 4/1 DX NEWS gave me a jolt, hi. 73. Hey, group! Just a quickie. If anyone is a member anywhere near Louisville, Ky. please notify me. WJAR-920 R.I. will be dropping tele-talk 5/17 for Top 40, with same calls, & probably NSP. This joins R.I. NSPers WPRO-69 & WGNB-550. Incidentally WGNB is on most MMs w/lkw on night pattern (South) & rr. All reports will be veried if sent to me. I'll begin DXing after a year's rest May1. On 1/30 I had tentatively China-1525 @ 6:55pm, not counted yet; then Vinnitza-1546, Ukraine through KXEL splash @ 7 w/several one-second pips of same pitch; country #42; unID-775 w/Guayaquil NX. I can't understand ID but not as listed in IA Log or WRTH & I can't hear it any more as I sold my H/ 150. 1/31 found KCLV-1240 N.M. 3/rr o/u KAKE @ 1:35am; KAMO-1390 Ark. strong 6:15pm w/Washington Report o/KEEY-1400. KXOL-1360 Tex. @ 6:16 w/R&B or rr strong o/mess. On 2/4 I made check of 550 & discovered KCRS Midland way o/QRM w/rr for Texas #100! HJAN-720 o/groundwave pest WGN @ 8:02pm; KZIP-1310 o/u WRR @ 7:18pm, 2/9, for another new Tecan. 2/10 brought long-wanted KSNM-940 Mo. s/off w/PM promo u/KIOA @ 7pm. MM 2/12- WCCO was off! HIJB Dominican Republic was S-9 plus @ 1:59 w/"en la Republica Dominicana", then I nulled 'em and heard most-wanted KIKI w/rr & S-9 also. KLEC-800 Okla. finally @ 7:15 s/off, no SSN, most-wanted S-9 plus 20 but barely o/QRM. TILX-725 "R. Columbia" cut through WGN splash during strong SRS fade @ 9:15pm 2/17. MM 2/19- Not bad, w/WNWI-1080 Ind. TEST pinning meter well o/WTIC/WKLO @ 2:05 w/marches, TT, jingles & CW IDs; next HJGB-940 R. Eco strong @ 3:10 w/KIOA OC QRM, KHOS ulled. Then while sitting on 1550 waiting for 4QD, on comes OC/TT from WRIZ Fla. @ 3:45 w/ID as "Your Station for Inspiration", pinning meter! MM 2/26 one ID made it from WCPK-1600 Va. TEST. Only tentative w/WKEN TT about 500Hz @ 2:30-2:35 then 1,000 2:35-2:40, was this they? YVMV-1150 "Ondad del Caribe" s/on w/NA (?) @ 4:57 strong o/CKOC. MM 3/12 graveyard digging on 1490 brought WESL-111. @ 2 w/ID & KOIN Ark. w/rr @ 2:50, both new NSPers, & also KIOP (unn) NSP, but semi-local WLCC apparently now AN-0! WYNE-1150 Wis. TT & ID @ 3:33 fair w/CKOC/KDEF; R. Maracaibo-740 @ 4:05 s/on NA good w/KCMC; KXJK-950 Ark. @ 4:10 on TEST good w/CHSM. MM 3/19- KIOA-940 was off, so positive ID on WINZ @ 3:10 w/EL mx o/WKY-930. KCMO-810 (NSP) also off. A "R. Reporter" there at 4:05, who's this, WKVM? KLLX-1310 Ida. on unknown date (a MM) & R. Baraiso-1163 Honduras, also. Local KRSI-950 now c/w & NSP - goodbye DX. Miracles do happen. About 200 newies this season despite all the NSPers. Happy static to all except FM/TV DXers. 73 & as they say in N.Y. "WHN" - We hate NSPers!"

GREG HARDISON - 17600 Orma Drive - Granada Hills, California - 91344

Greetings, fellow BCB addicts. I still haven't done too much DX-ing lately, thanks to the frequent rain, which apparently awakens the local power station's buzz-broadcasting equipment. I have managed to do a bit of daytime DX since January, & I found out that KKRK-1500 puts in quite a daytime signal when our local KROQ is off, like they were one day a couple of months ago. A couple of L.A. radio notes: KRIA has announced going to an MoR format, and although the announcers now sound like they're reading KMPC scripts, there isn't all that much change in the mx & KRIA is still sponsoring rr concerts around Southern Cal. Also KBIG is leaning more toward rr in the mx, & KHJ, & two FMers, KIQQ & KKDJ have phone contests going where, if they call you, & you answer your phone w/ "KHJ (or KIQQ or KKDJ) plays all the hits" or something like that, you win from \$1,000 to \$5,000. So KROQ is countering by calling up people, & if they answer - get t' - "Hello" - they win an album. Telephone abuse, hi de ho. I heard an XEROK IL other night, so I guess it's official now. Also I heard from the underground that the So Cal. NRC Log worker who dropped out of sight was last seen in a Tijuana jail after trying to blow up XEEM & XEPRS XRs. Better luck next time, hi! That's all that's fit to type. PS- I want to welcome Jeff Brasier of Northridge to the Club.

PHIL SYEN - 1231 Bronson Street - Los Angeles, California

Lotsa new DX in lately. St. ,itts, WKLE-Canton Island, VSZ1 Gilbert Islands, KAKE o/WFOM, CKRW, KFAR, KICY, & other assorted goodies. I tried fixing a beverage, but had minor problems. We heard a pirate station, KNRC, an outpost of NRC control? Is this an attempt to infiltrate IRCA? Hi hi. I now have all but three of the SA countries heard. Any suggestions on hearing the following: Chile, Argentina, & Brazil, ERC? Any SM, R. Globo-1180, AN is an LPC here in the E, Jay - ERC) More or less recent veries: VQA-1180 WKEM HJCY JONR XEDX & CBXQ. Because of new job at the Richwood Inn I now have time for morning DX. And also I'm thinking of moving to Beveragely Hills so I'll be closer to work. I have a chance of moving to a house on tip of one of those rich hills, so there'll be zilch horizon blockage for the TPs next year. Till next report, 73.

JOHN SAMPSON - 52 Delwick Lane - New Providence, New Jersey - 07974

Hi. I have been absent from Musings for a couple of years, during which much has transpired. We are now residing in New Providence again (we lived here seven years ago) after being transferred from North Carolina. I can't say it's great to be back in this area, but that is where the job is now, so----. I am a Western Electric at the Bell Labs' BIS location in Piscataway for all you telephone-type members. Limited DX from here finds CX much worse than in 1966 (more NSPers, more line noise, more locals) but I have caught a few. Sunday 4/8, I logged WJIC-1510 Salem, N.J. @ 6 s/on in the clear till after 6:30 w/WRAN not on till 7. Sat. 4/7, I logged WJFG-1450 Atlantic City just prior to WCTC's 5:31 s/on & I logged WCAM-1310 Camden around 5:30. WPRJ dominates in New Providence during the day, but ix not audible on the car radio in Piscataway. They mst have some null. (Theh DO, John - they DO! -ERC) Other miscellaneous catches include WRYT-950 WCPK*-1600 & WKEN*-1600 on TESTS, WCRB-1330 running AN on 3/12, CENM-740 4:30 s/on 3/12, WOWW*-1380 at about 5:45, & WTIC*-1080, just in case, though the CE in a v/1 says they have no plans for a call change. Also I have reports out to a few of the locals I hadn't verified before, like WKMB-1070, WLIX-540, WBUJ-1260, WINJ-1300, & WBRW-1170. Does any of these verify? (Yes All do, John! -ERC). Totals from Winston-Salem/Kernersville are 43 verified (w/a few 2/ups waiting the '73 BYB for addresses) including 162 or so S.C. stations, & grand totals from various places I've lived are 2,544. Closest unheard here is WHLW-1170 - WBRW's too close. Interestingly enough, WHLW logged & verified in Winston-Salem. Next closest is WDLK-1490 old nemesis from before (too much WBCB, still). Returns on reports quite poor from N.J. - running about 35%, though I've found this increases considerably a ter a f/up. Speaking of that, does anyone have a recent signer for WPTL-870 or WAAK-960? Many reports out to both from Winston-Salem with no success. 73. (Welcome back to our Happy Hunting Grounds, John! -ERC)

KEN ONYSCHUK - 12934 Page Ct. #2 - Blue Island, Illinois - 60406

Greetings from the Cloudy Sky Blue Island. Yes, it's been cloudy here for the majority of the last two weeks, both WX-wise and DX-wise. Tonight 4/2 almost a complete wipe-out of ECers. Only good item to report: WSB-750 w/ Braves BB vs. Baltimore @ 6pm in very well, occasionally the Jamaica putting its 2¢ in there. Last Thursday 3/29 Cards night BB vs. N.Y. on KMOX was almost a complete wipeout. Regionally, I haven't heard a Minnesota Twins broadcast, day or night on either WCCO-330 or WHO-1040. I believe I've heard one Tigers game on WJR -760 though I can't remember any data. Cincinnati Reds on WLW-700 have been most dependable for exhibitions at all hours. Milwaukee waited almost three weeks before doing any exhibitions. I received only more BB Nets to date. (?? -ERC). Atlanta (to my parents' Homewood address, when I printed my present Blue Island address) & Cardinals Ill. network. Oh well, I hope you all save last year's for the heck of it. Latest DX: 3/22 WVNA-1590 Ala. w/ad for Oldham in Sheffield, then MoR @ 7:57, ad at 7:59, then SID WVNA, Tusculmba-Florence, Ala., then CBS NX TN WAKR null. WCLS-1580 Ga. w/MoR @ 8:01 w/SID similar to that of local WLS. almost surprise me but then what would WLSbe doing on 1580 unless you were listening right. They faded into rr @ 8:02. WDKR-1560 Ky. w/solid rr @ 8:10, 4/2. WJMJ-620 w/end of Sports, then into Jack Baker Show @ 7:32. CMQ-640's pest Cuban w/program similar to soap opera @ 7:35. WBAA-920 in w/talk program @ 7:37. WITY-980 w/MBS NX & ad, then MBS NX promo followed by rr. No sign of WAKR (how nice). (On 980? -ERC) KCTA-1030 TX & religion talk program @ 7:40 w/soff @ 8. No sign of WEZ. 7:44, slow-talkin' DJ, then banjo mx to S, probably KWKH-1130. Three notches left of WJJD. WJOB-1230 in w/Carner Ted. Then a pleasant surprise, a null! Contents: CJ talk, "I Got the Whole World" ANE NX, Travel Bureau ad, then sports, probably WJBC Bloomington. Finally WJMP-1250 Wis. on good signal w/Sports Line, sounded like the "voice" of the Green Bay Packer broadc.sts. Well, I must cut for now. I hope to hear from all 700? of you soon. Not all of you are dial-shy. 73.

WES BOYD - WHOT Radio - Youngstown, Ohio - 44505
 Sorry about WKIK-1370 TEST not showing. A call from George Clark two days before TEST said it was moved to Sat. 4/14 or MM 4/16, time unknown. I will try again in the Fall. WKBR-1250 N.H. (N.H. #5) last couple of SMS in WTAE SP. c/u WREN in CHWO null. I'm startin' to chase BB things again. WVOW-1290, WJ 1230 & an unID-1450 (JER or WMOH) w/Cincinnati BB. I think WTOC-1290 is Brav BB on 4/14. I had WSPD OC & light TT 1-3:15 on 3/27. WFEA/WCOA great till WCOA 1:10am s/off. I then noted HKB u/WFEA, IDed @ 1:30 as WTTT on late with game quite rare here. I noted SS & MoR after 2am. Dunno who MoR was but one SSer nulls at Venezuela/Colombia. Another weak one also there but no DF possible. Thoughts on the MoR/EL 1270 being heard MMs u/KFJZ/Castro. Since CJCB is c/w, the only thing left (and info here says is MoR) is the Vancouver area station. Pattern doesn't show much power East, but then CJCB doesn't have much inland. Comments? (How about an ID, Wes, hi -ERC) Anyone for making a list of numbers on tele-talk stations? These are given much more than call letters anyhow. I'm too busy myself but WGSO-1280 is 581-4155, WINC-1400 is 227-2224. It would be helpful. Only new catches: WGSO-1280, WHML-1240 (w/Teleton 4/15), & possible WRIT-1340 MM 4/16. I got unID on 1600 s/off @ 2:04 4/16 in WWRL OC (Missed that, didn't ya, ERC?) Call like K7GC & only thing close is KQCT Texas. I did not WWIN-1240 seemed absent SM 4/15 4:45-5:10am leaving WIST/WGBB/WROV. WEMO did fade up for record, 5am ID & part of next record - possible SP? (WWIN is 1400, Baltimore, no? -ERC) Come on group, give ERC some work to do. Where are McCormack, Bond, Oldfield, Cook, Bennett, Shaw, Hart, etc.?

ERNEST R. COOPER - 438 East 21 St. - Carrier Route 56 - Brooklyn, N.Y. - 11226
 Ever notice that when you tune the SM-1 improperly you get some real weird signals in odd places? Like CKLM-1570 on 1550 until I realized something was gershakus. MM 4/9- WINS-1010 off, but CFRB too much for anything else. There was an SS leaking through occasionally. No sign of WKIK-1370-TEST. New call in Pittsburgh on 1320 sounded like WFTQ to me, but I seem to be wrong - it's reported to be WKPQ - anyhow, it's NSP-rr & NBC NX @ :45 every hour. There was a 4am s/on-790 by an SS, unID. A woman yapping with NX on CBS stations WHAS/WBEM/WCCO. We've been trying at twilight to nail WSPV-1450 R.I. but so far we've had WWSC, WOL, WMAS-c/w, WILM-Tele-talk, WTSA, on top at various times, also WPAM one evening. I've noticed no sign of the nearest 1450-ers, WCTC, WFPG, WNAB, WKIP. Nor WSPV, hi. , 4/16- A TTer on 1370 th: AM, no IDs noted, could be WKIK from what Wes says above. Locals WWRL-1600, WOR-710 ET/TTing, WABC-770 off altogether, & CKLM-1570 OCing. A TTer on/off 1360 @ 2:09. Tequendama-770 fooled me w/an EE song @ 1:53 - I thought maybe KUOM might be EFin, hi. No such luck. On 1000 u/ XEOY was an SS mentioning Colombia, too weak, though, to log. WINA/WQMC ID noted on 1070 @ 2:32. A sermon noted on 1090 @ 2:33. WFEL-1390 noted on OC @ 2:58. AM ID from unnn WNAX-570 @ 2:29, w/WKEN off, I think. Then we got two-ee newies! On 1225 & running AN, "Radio Bay-Bay"(TIBB) logged for a report, 2:35-4:05, off & on, and getting louder as the morn wore on and became more Auroral. 1400, us a hodge-podge here MMs and always except daytime when it's WSTC local-like, had only two signals, one c/w & one EZ. The c/w turned out to be WWOC, Portsmouth, Va. w/Tidewater IDs and "Wonderful World Of Country" slogan. I thought they were NN! The EZ was unnn WWIN which I also thought was NN. At 4, WETT-1590 clobbering WAKR, & WWRL still on OC. V/1-CM in from WHLI-1570-TEST, WPGF-1470 & a fine v/1 w/two pennants from La Voz del Centro-1055, El Espinal, Colombia. Thassit! 73.
