CONTESTS ARE BACK - PAGE 13

LET'S GET RIGHT TO THE MAILBAG - A REMINDER FROM ROB FOXWORTH, THE DX STAMP SERVICE HAS A LIST AVAILABLE WITH ALL THE CORRECT POSTAGE VALUES FOR AIR MAIL LETTERS FROM THE US OR CANADA TO OTHER PARTS OF THE WORLD. JUST WRITE TO 7661 RODER PARKWAY, ONTARIO, NY 14519 ENCLOSE AN SASE.

FROM THE MAILBAG - SAME SUBJECT AS ABOVE, ALMOST. BRIAN PITMAN HAS OFFERED TO ACT AS MIDDLEMAN FOR A 'STAMP SERVICE' BETWEEN CANADIAN AND US NRC MEMBERS. BRIAN WILL HANDLE ONLY US AND CANADIAN STAMPS. SO IF YOUR A US MEMBER SEND HIM A COUPLE BUCKS OR WHATEVER, PREFERABLY CANDIAN MONEY IF NOT, REMEMBER THE EXCHANGE RATE DIFFERENCE WHICH HE WILL FIGURE OUT FOR YA. AS AN EXAMPLE IF YOU SEND HIM, SAY \$2 US, HE WILL SEND YOU APPROXIMATELY THE MONEY VALUE WORTH OF CANADIAN STAMPS, MINUS THE EXCHANGE RATE. THIS SHOULD IMPROVE YOUR RETURN ON CANADIAN STAMPS WHEN YOU SEND THEM THE CORRECT STAMPS TO GET YOUR LETTER BACK TO YOU. AND FOR YOU CANADIAN MEMBERS JUST REVERSE THE PROCESS. (I SUPPOSE I REALLY GOOFED THIS UP HUH BRIAN, HI.) HIS ADDRESS IS: 835 MILFORD DR. #102 KINGSTON, ONT K7P 1A7 CANADA. (I DID MESS THIS UP, THIS INFO FROM PHONE CALL NOT MAIL, OH WELL)

FROM THE MAILBAG - VIA DAN BARTEK. NEED TUBES FOR YOUR RECEIVER? TRY THESE THREE SOURCES IF NO LUCK LOCALLY:

FAIR RADIO SALES, LIMA OHIO 419-227-6573

STEINMETZ HAMMOND, IN 219-931-9316

RICHARDSON ELECTRIC, FRANKLIN PARK, IL 800-323-6860

FROM THE ANARC NEWSLETTER: SONY HAS A COUPLE OF NEW RADIOS. I THINK THEY ARE NEW. ICF-6500W US\$199.95 CAN.\$329.95; ICF-7600A US\$159.95 CAN.\$249.95; ICR-4800 US\$89.95 CAN.\$159.95 ANYONE HAVE A PRICE OR HAVE TRIED THE NEW KENWOOD 2000 ?? IF YOU HAVE A PRICE ON IT LET US KNOW HERE, THANKS.

ABOUT THE NRC LOG SHEET ORDERS AND INFORMATION, I LEFT OUT ONE ITEM, A SMALL PACKET OF EXTRA LOG SHEETS, 25 IN THE PACKET, WILL BE SOLD FOR 1.20, WHICH STILL MAKES THE LOGSHEET ONLY 4.80 - CHEAPER THAN MOST PRINT SHOPS!!!! Includes Forme

NRC RUBBER STAMP HAVING READ A FEW LETTERS AND A FEW MUSINGS, IF YOU'RE INTERESTED IN SUCH AN ITEM MAKE IT KNOWN TO ME. SOME OF YOU HAVE SUCH AN ITEM NOW I BELIEVE, JUST RECENTLY SOME MAIL HERE AT HQ HAD AN NRC EMBLEM STAMPED ON IT, WHO WAS THAT? LET ME KNOW, THOSE INTERESTED, THE EMBLEM SIZE WOULD BE 1 1/2" WIDE X 2 1/2" TALL, THE PRICE, WILL DEPEND ON HOW MANY ORDER, THE MORE - THE CHEAPER, AT THIS POINT IN TIME - DON'T SEND ANY MONEY YET, JUST DROP ME A POSTCARD ON YOUR INTENTIONS, OKAY.

NEW MEMBERSHIP BOOKLET, IS UNDER REWRITE, SHOULD BE HITTING THE WORLD IN A WEEK OR TWO - NEW MEMBERS KEEP THE FAITH, IT IS COMING!!! SOON!! WE SHALL KEEP YOU POSTED HERE, SO STAY TUNED.

ONE MORE ITEM - IF YOU HAVE A GRIPE OR MOAN ABOUT SOMETHING THAT RESULTED FROM HQ'S MOUTH OR 'POLICIES' WRITE US FIRST BEFORE YOU FLY OFF THE HANDLE, THOSE THAT I'VE CONTACTED EITHER BY PHONE OR MAIL, ONCE EXPLAINED, HAVE FOUND THEY WERE READING MORE INTO THE STATEMENTS THAN WHAT WAS WRITTEN, IF YOU LIKE READING BETWEEN THE LINES WRITE US FIRST, BEFORE YOU PUT YOUR MIND ONTO THE PAPER AND START YELLING ABOUT SOMETHING, THAT YOUR ONLY GUESSING AT, OKAY? MUCH APPRECIATED. (NOW WATCH, I'LL GET A BUNCH OF STUFF ON THIS PARAGRAPH, HI.)

CPC TEST (TIMES ARE E.L.T.) I'M STILL BATTING ZERO!!!!

1/31 WKYK-940 BURNSVILLE, NC 0130-0200 MUSIC AND IDs (THATS ALL THE DETAILS AT MN, THE MOMENT) REPORTS TO: MICHAEL SINK, CE, WKYK RADIO, P.O. BOX 744, BURNSVILLE, NC 28714. ARRANGED FOR THE NRC BY TOM CONNATSER, (Thanks Tom)

- 1570 KIJN Farewell, TX moves to 1060, same power/mode
- 1580 KESM El Dorado Springs, MO tower height to 296 feet, reduce TPO to maintain present radiation level.

You might notice that above we have added an extra quarter-space between each entry...might make it a bit easier to read. Let me know if you want to keep it this way or return to the regular spacing, such as we're using in this paragraph. The closer spacing makes for more room for other things, however, now that AM Switch is weekly instead of monthly, each column is much shorter than before. If nobody seems to care, we'll return to standard spacing.

73 and Good DX,

Jerry & BKF

Jerry Starr & Buffalo K. Foonman

Clayton to get new AM radio station

Gazette Northeast Iowa Bureau
ELKADER — A new AM radio station will be joining its sister FM station in Clayton County. Clayton County Broadcasting Co., owned by Dubuque residents Lloyd and Bonnie Berg, received a construction permit Dec. 15 to broadcast on AM frequency 1400.
No on-air date has been set nor has the programming been planned, Berg said. Call letters will be KDAR, short for Elkader. "It gives some community identification with the station," he said.
The new station will be operated from studios opened in December for Clayton County's first radio station, KCTN, at 100.1 FM. The Bergs

remodeled an old schoolhouse in Clayton Center, between Elkader and Garnaville, to house the studios. The FM station features country music, local and Associated Press news and weather. While programming at the AM station hasn't been planned yet, "it will not be country music because we have that on FM," said Berg.
Three to six new staff members will be hired to run the AM station, Berg said. The FM station, managed by Chet Koth, has four other employees.
Lloyd Berg, engineering chief at a Dubuque radio station, works nights and weekends at the Clayton Center facility. Bonnie Berg works there full time. Cedar Rapids (Iowa) Gazette

CAROL COFFMAN (ERC)

Big postal surplus to slow rate hikes

The Associated Press
WASHINGTON — The head of the Postal Service reported a surplus of at least \$700 million for his agency Tuesday, which should help delay increases in postage rates.
Postmaster General William F. Bolger made his estimate of the service's net income after the agency's board of governors rejected an audit report showing a unadjusted surplus of \$1.08 billion.
Board member John McKean questioned that total, saying he felt some unreliable data had been used in arriving at the higher figure.

DOMESTIC DX DIGEST

Here is the official NRC column which is almost as exciting as listening to Bert Convey records! When sending your items in, please keep them on one side of the paper, type or neatly write, EST, skip a line between items, etc. Lots of sunset stuff this week:

KMOX RADIO 1120

THE SPORTS STATION FOR ALL SEASONS

SPECIAL --

- 790 WRWS FL S. MIAMI - In a verie letter from Richard A. VanHook, Consulting Engineer, replying to an inquiry about the CP to change freq. to 780, he stated: "At the present time, there are no plans to change to 780 kHz." (KG-PA)
- 870 KORD WA PASCO - 12/31 0500 noted here w/CX music, "Country Coast to Coast" program. Per call to station, presently on 1000 watts U1, soon to become 10000/1000 U2. Music is very similar to WWL. Ex-910. (GSH-CA)
- 1150 CFOT ON SARNIA - 12/18 1230 doing a fair job in CKOC null w/TIS info. Is a little off freq., causing a slight hum, does good for 10 watts. (JF-ON) Yeah, o/WDEL last week-hi! (DS)
- 1170 WQZS WI WAUPUN - 12/20 1641 strong w/WNVA w/ID, "The all new AM 1170" into Christmas music, ex-WLKE. (JF-ON)
- 1200 KPNW ND W. FARGO - Per verie, address is Box 6008, Fargo, 58108. CE mentions power as 7561 watts into a 396 foot tower at present, plans to be 10000/1000 U2 in spring, directional North at night. (JF-ON)
- 1310 WDXI TN JACKSON - Per verie, sked is now 0500-0000, on American Direction net., no longer carries Larry King. (JF-ON)
- 1480 WSAY VA SALEM - 1/6 1725-1730 w/corny Big Band music, s/off w/ owners name, STL link call, "your station for memories" slogan, ex-WUEZ. Audio still distorted from old days! (DS-DE)
- 1510 WYNI AL MONROEVILLE - 12/19, 12/26 1745 s/off noted both days, so is on w/these calls, power given as 1000 watts. Address given as 201 Office Park in s/off. (KVJ-GA)
- 1540 WCBX IN MARTINSVILLE - 12/17 1743 strong w/ad, ID. Don't know what gives here as heard on 10/23 ID'ing as WKCB. (JF-ON)
- 1580 WBBE KY GEORGETOWN - 1/1 1730 promo and ad, ID, weather, ex-WAXU.(NAP)
- 1600 WANR WV WHEELING - 1/2 0140-0205+ strong on ET w/rock music/OC, many ID's, o/WWRL. Ex-WNEU. (DS-DE)

NEAL PERDUE also notes a call change on WTTI-1530 to WDAR or WDAL on 1/1 1730 at their s/off, signal was very tough to copy due to WOKY, thus he isn't 100% sure of calls. Can anyone check this further?

RADIO STATION WMFC

Monroeville, Alabama 36460

FREQ. CHECK --

- 1350 WRVA VA NORTON - 1/4 (1st Tuesday) 05450600 ET w/frequent ID's, announced as freq. check. (KG-PA)

RADIO STATION WLDS

DX TESTS --

WYNY GA SMYRNA - 1/1 1745 strong w/announcement on momentary power cut from 50000 to 500 watts. (JB-NY)

1560 WTAI FL MELBOURNE - 12/24 1715-1723 strong in WQXR's null w/a Christmas song, ad and conversation w/local tackle store. (KG-PA)

WAGL SC LANCASTER - 1/1 1744 s/off in nicely o/WQXR. (JB-NY) (DS)

WTNS OH OOSHOCOTON - 1/6 1720 good o/WQXR w/rock LP selection, ad, ID.

1570 WFRL IL FREEPORT - 12/22 1724-1729 w/local sports, delayed CBS news, s/off w/no SSB, w/mention of WXXO-FM 98.5. Add network to your log! (JS-OH) Who put you in charge? (DS)

WTAY IL ROBINSON - 12/22 1730 s/off after WFRL w/mention of WTAY-FM 101.7 MHz. (JS-OH)

WMES GA ASHBURN - 12/24 1725-1729 o/all w/Christmas music and full data s/off, no SSB. (KG-PA)

WGSR GA MILLEN - 12/24 1729-1732 strong w/religious message, full data s/off and "dixie." (KG-PA)

WOKG OH WARREN - 1/1 1625 good w/countdown of top CW songs of 82. (JB)

1580 WJIK NC CAMP LEJEUNE - 12/31 1636 very good w/ID, Big Band music. (JB)

1590 KDEX MO DEYTER - 12/19 1746 weak in mess w/s/off, mention of FM on 102.3, no SSB. (JP-ON)

WACD AL ALEXANDER CITY - 11/22 1745 weak w/s/off, mention of Mutual affiliate, 1000 watts, no SSB. (JP-ON)

WVNA AL TUSCUMBIA - 12/21 1742 on top w/long list of sports scores. (JP)

WTVB MI COLDWATER - 12/31 1634 on top w/rock music, said they were "24 hour radio" and used slogan "16 TVB." (JB-NY)

1600 WDHB TN HARRIMAN - 12/31 1719-1722 briefly on top w/program promo, (KG) ID, CW music before fading w/"The Gospel Powerhouse" (WEUP).

CHNR ON SIMCOE - 1/3 1730-1746 o/all w/sports, news w/female anc'r, weather into livestock report, a KCRG ID slipped thru at 1745. (KG-PA) Never slipped by here yet, though. (DS)

WHVL NC HENDERSONVILLE - 12/31 1659 on top w/rock music and New Years wishes from sponsors. (JB-NY)

1490 WSNT GA SANDERSVILLE - 12/23 0642 GA network sports, Christmas message from local business. (KVJ-GA)

*WLPA PA LANCASTER - 1/3 0124 ID popped atop channel for ET, nothing more heard. (DS-DE)

1550 WCTW IN NEW CASTLE - 1/2 0255 ID for FM and AM then CW music, topping channel, believe is AN on Sat. AM only. (DS-DE)

1600 UNID 12/28 0629 heard in mess here w/location given as "at the intersection of Hwy 75 and KY 80." Check to road atlas puts this near Pittsburg, KY, WLPQ??? (KVJ-GA)

PIRATES --

1616 KPRC NY NEW YORK - 12/31 0111-0245+ mostly taking phone calls, one from operator of pirate WART mentioning 2 pirates were recently busted by the FCC. Also a call from a G-T-G in Chicago, perhaps Kramer and Co.? (JB-NY)

RANDUMS --

Everyone in the Schmidt house this week has been zonked with colds, haven't felt like even listening to the set. Did not see some good conditions on 1/8 about an hour before sunset but everything was auroral by sunset...strange.

DS-DE (4-4-83) WMOO CAMES!

1550 WMOO RADIO 1550

Eric Mink POST JANUARY 11, 1983
CBS Radio's One-Two Punch

According to the just-out Arbitron radio ratings, CBS's two stations in St. Louis, KMOX (AM) and KHTR (FM), together own an incredible 30 percent of the listening audience.

In the all-time category, all-ages, all-time-periods category, KMOX was the area's No. 1 station (as usual) with 33.4 percent of the audience during an average 15 minutes. KHTR was second with 6.9 percent.

For one company's radio stations to hold the 1-2 spot in the same market — and at such high levels — may well be unprecedented. "It's a record," said Robert Hyland, general manager of both stations.

KMOX's number was up about 7 percent from a year ago, not surprising considering that the rating period, from Sept. 23 through Dec. 15, included the end of the regular baseball season, the playoffs and the World Series. KHTR's showing, though, was up nearly 100 percent. Listeners, especially young listeners, obviously have taken to the station's high-energy, big-band format.

Hardest hit by the swing to KHTR was rocker KWK-FM, which saw its overall share fall to 4.4 percent from 6.5 a year ago and from 7.4 last spring. Preliminary ratings information suggests that

teens and young men accounted for most of KWK's losses.

KSHE, KWK's hard-rock competitor, also took advantage of KWK's slide, reversing a slipping trend it has been experiencing in overall audience for at least a year and a half. Of course, KSHE also has been tinkering with its sound for the last several months. The result is a station that, at times, sounds very much like KWK itself.

Among women aged 18 to 34, a slice of the audience considered important by advertisers, KSD-FM was the leading station. It picked up about 16 percent more listeners in the category than it had last spring.

Competitor WKYV came in third in this category (KMMJ was second), but improved its position by nearly 30 percent from last spring. Even KWK improved its standing among women, spreading some light amidst the gloom.

Although its overall share of the audience remains unimpressive at 2.3 percent, KADJ showed surprising strength among young women, reflecting a conscious effort by the station to go after the female audience.

KMOX, which now omits all over-identification of the tunes it plays, continued its downward spiral. The once-proud king of top-40

is struggling against an industry-wide trend away from music on AM stations, among other things. It seems to be losing.

Among country stations, WIL-FM just about held onto its overall numbers, while both WIL-AM and KSD-AM lost a little ground. Early indications are that WIL-FM made gains among young men, while losing some women.

Among stations aimed mostly at black listeners, KMMJ still leads the pack with 3.3 percent of the average weekly audience. However, that's the lowest overall number it has earned in the last year and a half.

The station's strength, as noted, is among 18-to-34-year-old women.

WJEN continued its recent run of good luck, racking up 3.8 percent of the overall audience. With a respectable showing among young women. On the other hand, WZEM's sister station, KATZ, lost ground. Last St. Louis' WGLI, picked up a few listeners in the all-week, all-age derby but showed more significant improvement among young women.

Still, the big story of this rating period has to be KHTR (formerly KMOX-FM). KHTR's leap to the top look place with virtually no competition. The rating period ended in mid-December, after the change

in music format but before the change in call letters took effect.

Obviously, KHTR owes much of its ratings performance to trends, but group almost always first to pick up on radio changes. Goshgobler (and also worked three years ago for KWK, just after the station was bought by Doubleday Broadcasting. But KWK, you may recall, burst onto the St. Louis scene with a big-money media blitz the likes of which had never been seen in this town.

For its first rating period, KHTR relied purely on the word of mouth and some minor press attention. In the process, it retained some of the older audience it had as KMOX-FM. The station's task now is to enlarge its audience into the 25-40 age group while, at the same time, bagging onto the teens that inflate its numbers so attractively.

MIDNITE - MIDDAY --

610 WIOD FL MIAMI - 12/25 0355 Bruce Williams show, then ABC news. (PS-CT)

740 *WBAM AL MONTGOMERY - 1/2 0133-0146+ weak on ET w/CW music. (JB-NY)

KRMS OK TULSA - 12/25 0432 football item, weak, surfacing o/KTRH carrying Larry King. (PS-CT)

850 WEAT FL W. PALM BEACH - 12/24 0000 news, xlt signal, very clear. (PS)

880 *WCBS NY NEW YORK - 1/3 0115 noted off this AM leaving the Cuban in the clear. (DS-DE)

Before 2300 ELT

Times are GMT. For ELT subtract 5 hours. Deadlines are usually Monday.

- 535 GRENADA 2311 12/30 Bourne Rouge fair to good w/ax and commentary by man in Caribbean. (Connolly)
- 550 JAMAICA Kingston: exceptional opening to Jamaica around 0600 on 12/27 provided all of the R. Jamaica outlets (550, 723, and 773, all //) stop their channels. Great reggae the fore. (Thomas)
- 555 ST. KITTS 2312 12/30 Basseterre ZID xint w/SBC mx; slight WQAR stop. (Connolly)
- 571 UNID very weak carrier here 0220 12/29 with much fading and audio only a drum. (Thomas)
- 580 JAMAICA Point Galina 0524 12/26 fair signal atop rumble of bats. WKAQ mostly non-existent. "Radio HR" SIDs with DJ giving TC's after and during songs. Music was disco mixed with Christmas tunes. (Hayes)
- 620 ALASKA KFTL Homer 12/15 0146 spots than male w/ID, into WFL mx, back w/old calls and format. (Vernon)
- 620 JAMAICA Mandeville atop freq with outstanding reggae and R. One ID 0810 on 12/27. (Thomas)
- 620 UNID (Caribbean) "sing-songy" vocals by children, probably Hindi (like mx on Surinam-040, Trinidad-733, etc.) 2311 12/30. Antigua? (Connolly)
- 635 UNID fair carrier but poor SS male w/slow, ballad-like mx 0935 12/12. RCHAZ presumed. (Thomas)
- 640 CUBA 0457 12/21 R. Liberacion CHNY Pilon w/anthem at s/off, weak w/ CNB. (Frodge)
- 640 CUBA CMBB/CMBC Guanabacoa 0453 12/21 "encuentro con la musica" program and "R" ID; woman with news at 0455, fair. (Frodge)
- 640 GUATEMALA 2309 12/30 Acomulco xint w/women in FP; o/u Y100 and others. (Connolly)
- 645 UNID this has been coming tantalizingly close to producing readable audio of late. Best on 12/11 at 0800 with bits of unreadable audio. WRTM lists Paraguay and loop concurs general DP. (Thomas)
- 650 DOMINICAN REPUBLIC 2323 12/30 Santo Domingo HIRZ noted w/hit "It's Your Turn" then R. Universal ID briefly o/YVLR and rumble of others. (Connolly)
- 650 VENEZUELA 2321 12/30 YVLR Maracaibo to good peak w/reverberated SS talk, ad ending with "en Maracaibo"; in dogfight w/HIAT and others. (Connolly)
- 660 CUBA Santa Clara 0610-0622 1/3 this strong w/SS vocals and a comedy skit at 0620. Man and woman speakers; "Progreso" id by woman. Faded completely at 0622 and gave way to another SS/stn. (Hayes)
- 660 VENEZUELA 2316 12/30 Joro YVNA doing a job on WABC; SS talk w/reverb, local ads, Ondas de los Madros ID. (Connolly)
- 670 VENEZUELA 2324 12/30 Caracas YVLR "Humbos" ID, SS talk heard through bad WRKO stop. (Connolly)
- 700 JAMAICA Montego Bay dominating WLN with reggae 0315 12/27, not // to 620. WQAR on 560 and the Handuran on 750 prevented a WLN clean sweep of Jamaica during this xint opening. (Thomas) Nicaragua/Venezuela on 750 are no trouble to you?? CH
- 700 VENEZUELA 2325 12/30 Maracaibo YVNI w/beisbol promo, Maracaibo mentions in bad QRM from other SS LA's-WLN not noted. (Connolly)
- 710 VENEZUELA 2308 12/30 Caracas YVXY good w/SS talk, Capital ID o/u WCR. (Connolly)
- 718.3 UNID in almost nightly with upbeat LA mx and occasional "en Salvador" mention but nothing definite. Good at 0140 on 12/14. (Thomas)
- 720 JAMAICA Kingston 0600-0653 12/26 this strong at times thru pulled WGN w/programming // to 580. Half hour long Xmas medley followed by disco song and ID. Annor gone this hour. (Hayes)
- 720 VENEZUELA 2307 12/30 Perlarar YVCE good w/local folk mx. (Connolly)
- 725 SURINAM SRS noted at good level w/man in DD before WRTM-listed s/m of 0855. This slightly early at 0840 on 12/11. (Thomas) 0011 12/31 SRS good w/US o/w song. (Connolly)
- 730 TRINIDAD 2331 12/30 Port of Spain briefly good w/East Indian mx pgm, accented EE talk o/HJGU/CKAC/others. (Connolly)
- 740 CUBA Pinar del Rio 0300 12/7 W/IS at 0300, ID, SS ballads and EE Mex mx; QRM de Venezuela. (Frodge) 12/21 0150-0158 fair signal w/ SS women reading mx, mention of Havana in ID. (Bergadano)

If you have any extra foreign call letter logos like these here, and don't want them back, how about sending them my way so we can use them here on these pages. thanks HQ
SEND TO HQ NOT CHUCK thanks

- 740 VENEZUELA YVNC Maracaibo 0300 12/7 w/ID's end vocal rx w/Cuba, fair-poor. (Frodge)
- 750 ALASKA KFPD Anchorage 12/15 0438 man w/"class reunion" pgm, all oldies but mentions new "steroc KFPD", xint signal. (Vernon)
- 750 VENEZUELA 2306 12/30 Caracas YVKS like a local w/SS talk, live broadcast w/crowd noises. (Connolly)
- 760 COLOMBIA 2329 12/30 Barranquilla HJAJ briefly dominant w/SS local mx o/YVQQ, at least 2 other SS LA's and WJR. (Connolly)
- 760 CUBA 0022 12/31 R. HajaJ w/usual pgm, wiping out WJR/HJAJ. (Connolly)
- 760.7 PUERTO RICO 2240 12/30 Mayaguez WORA prpbable w/apparent WORA jingle, SS talk w/mention of Arocibo, then salsa mx; lost to WJH at 2245. (Connolly)
- 770 PANAMA R. Nacional, Chitre 0606-0620 1/3 w/"ests as ls Radio Nacional de Panama, Cadena....", into affiliates, TC, local string mx and ballads, good. (Krueger)
- 774.7 SPAIN het, bits of talk 2305 12/30. (Connolly)
- 780 BRITISH VIRGIN ISLANDS 2304 12/30 Roadtown ZRY loud/slow w/BB mx complete with fading distortion from shortwave relay. (Connolly)
- 780 COLOMBIA BUZO R. Sonareza is now running AM and has been strong in WERN's null almost every morning, viz. 12.18, 19, 20 around 0700. Report sent. (Cooper)
- 800 NETHERLANDS ANTILLES Bonaire PJB 12/4 0507 man with talk on mosquito problem in Bonaire, up-style religious mx, QRM de CKLW. (Frodge)
- 810 UNID weak sta here at 0630 on 1/3 with WGY off. Had semi-recent American HR and SID that sounded like "Radio R.R.N." followed by rapid patter on bongos. (Hayes) Got a tape to send??? CH
- 815 EQUADOR El Milagro fair to good w/mod LA mx, many Ecuador mentions, one Ataleya at 0445 12/20. (Thomas)
- 820 CUBA 0006 12/31 Habana ID, apparent SS political speech. (Connolly)
- 825 PANAMA R. Peninsula ss good as R. Titania ever was on Thursday 12/9 at 0650+. They also threw their ID in atop each musical selection like Titania did (deca??). (Cooper) Fair-plus with frequent ID's, TC's and carioca-like mx 0630-0850 12/11. (Thomas)
- 825 ST. KITTS 2302 12/30 Basseterre like a local w/Christmas hymn w/reggae beat and w/locally-accented vocal. Signal was severely slopping weaker Cuba-820 and YVLT/HIJB/WYXC-830. (Connolly)
- 830 ALASKA KAMN Long Island-Big Lake 0426 male w/mostly AOR mx, emer and format would indicate that this is sta ex 1150 but picked out no ID. (Vernon)
- 830 VENEZUELA San Antonio de los Altos YVLT R. Sensacion ID's heard at 0546 12/25. (Hayes)
- 835.7 UNID carrier noted around here on several nights which produced audio for a few seconds on 12/20 at 0430. Looped HC so HCEM possible. Also logged on 435.2 and 435.5. (Thomas)
- 840 ST. LUCIA 2301 12/30 Castries good w/FP talk, disco. Some WED: stop; otherwise easy reception. (Connolly)
- 860 UNID Venezuela I think, an SS ID'ing as "Radio Canaguata, la voz del pueblo" noted KM 11/1 at 0705-0731+, good signal. (Cooper) Shame on you for not memorizing your IEXD columns... This is a new Colombian first reported by Cesar Objio a few months ago. CH
- 891 ALGERIA 2257 12/30 Algiers very good w/AA chant by women. (Connolly)
- 900 BARSADUS 2252 12/30 Bridgetown xint w.man and woman in Caribbean EE giving local island mx. Gx were great to the Caribbean from sunset (about 2100) to 2300 w/very little domestic skip QRM. Caribbean signals remained strong after 2300 but by then domestic skip started building up to normal skip levels. (Connolly)
- 900 MEXICO XEW Mexico City 12/21 0201 ID in SS by male, peeked through unid LA station, #723 here (gaining on you Chuck!). (Bergadano) And fester that you might think-Ch
- 900 UNID 12/21 0158-0201 LA soft mx, o/u XEW, QSR'ed at ID, what else is new? (Bergadano)
- 920 CUBA R. Reloj outlet here 0830 12/27. Either CHDJ or CMNG per Schmitz list. (Thomas)
- 932a UNID Cuban Minute Man noted here on Friday 11/5 at 0544, weakish. (Cooper)
- 943 UNID Cuban Minute Man here also, same date and time. (Cooper)
- 968.7 CUBA Reloj off-freq 0750 12/27. Seems I logged this one last year. (Thomas)
- 990 GRENADA 2254 12/30 good w/typical steel band mx, atop SS LA's. This is the first time I've ever logged this at a location other than Cape Cod where it is routine. (Connolly)
- 1010 DOMINICAN REPUBLIC HJUP Santo Domingo 12/1 0545 ad for "El Banco Metropolitan", LA vocals/instrumentals, ID, QRM de CPHH. (Frodge)
- 1015 UNID in nightly but no certain ID. Signal is poor and fadey and sta uses a Pac-Man-like tune to mark ID's which sound like "Radio ah-MENK-as" or "Radio ah-NAY-kan". Good audio briefly at 0930 on 12/11. (Thomas)

- 1020 VENEZUELA La Asuncion 0608 12/25 strong w/no KDKA. "Margherita" ID's after each song. (Roses)
- 1020.5 UNID fairly good carrier noted 0535 12/21 w/SS male audible but unroadable. Quick carrier cut at 0537. KDKA phased. (Thomas)
- 1040 CUBA La Julia CMX Cuban-style mx fair-good 12/27 0507. (Townshend)
- 1050 CUBA 0233 12/21 male w/ID and "Panorama" program-vocal mx and QM de Wls and Radio Rumbos. (Frodge) 12/27 0507 festive mx (Rumbos or mamba), fair. (Townshend)
- 1050 MEXICO 0530 12/22 w/ID "clear channel 1050 XEG-The Big X". Men with oldies-QRM de Wls and many others. (Frodge)
- 1060 CUBA Eusebio UNMG 12/27 0507 Cuban style mx, good. (Townshend)
- 1070 CMHL Guantanamo 12/27 0507 festive mx, good. (Townshend)
- 1070 VENEZUELA 0001 12/31 Caracas YVCA good w/Mundial Zulie ID stop HJAG during a quick CEA fade. (Connolly)
- 1080 CUBA Guines 0400 12/27 0507 festive mx, good. (Townshend)
- 1085 UNID in end out with SS male 0135 12/29. My ears heard an "Aeropuerto" (suggesting HAWK) but atmospheric noise is a very good hallucinogen. (Thomas) As are "knowing what you are supposed to hear" and "knowing what you want to hear", etc. CH
- 1105 UNID SS male surfaced briefly w/unreadable ID at 0140 12/29. Carrier soon faded to nil. A 500 watt AC the only sta listed. (Thomas) Also heard and chased with no results up here-CH
- 1110 VENEZUELA 2353 12/31 Carupeno TVQT noted w/Carupeno mention; in dogfight w/CSD/MEY/EVXX; high noise factor at the time. (Connolly)
- 1121a COLOMBIA HJTI R. Tonchala noted here, off frequency from 1130 on Saturday 11/27 and unid, but stronger on MX 12/6 when I did catch the slogan. They were louder than HXOX at 0633 12/6. (Cooper)
- 1125 UNID SS weakish noted here on Saturday 11/27 at 0534, too much sloop from dear old WNEW-1130 to take a logging or ID bin. (Cooper)
- 1146t HAITI Port-au-Prince FF male here 1055 12/12 w/upbeat LA mx. A tentative "Radio Caribes" at 1058 suggests WVAE. (Thomas)
- 1147.6 UNID found Stevie Wonder's "do I do" at 0230 (in EE) but being hotted by Haiti on 1146. Faded at 0240 w/o ID or intelligible ID. (Thomas) It's La Moderna, El Salvador who has been drifting around 1150 for the last 2 years, ex 1134-CH
- 1165 ANTIGUA 0040 12/22 St. John's CRL with Christmas mx, QAM de WVA. (Frodge)
- 1170 HAITI Port-au-Prince 4VRD 11/28 2312 FF talk by men, alone on channel. (Townshend)
- 1172 UNID fairly good carrier here 0150 12/29 but 1170 splash masking audio. (Thomas)
- 1175 COLOMBIA 0332 12/21 HJKK Neiva w/male announcer, many "H-J-doble X" ID's, LA vocal mx and Christmas promo. Also heard 0600 12/23. (Frodge)
- 1175 COLOMBIA HJKK Brisas del Betania, Neiva 0400-0430 nightly w/HJ pops, usually "K-K" or deviating ID's (nave yet to hear Betania), ads. Also noted someone here 1/3 0500--the same station on AN or someone else? (Kruoger) (They seem to run AN-CH) in nightly w/frequent HJKK ID's (ah-CHAH ECH-tah DOH-bie-KAH). (Thomas)
- 1195.2 HAITI noted at 1058 s/on 12/12 w/"La Voix de ..." and men in FF. Presumed WVAE but sure seems strong for 200 watts. (Thomas)
- 1200 COLOMBIA R. Super, Cali 0731-0802 fair and in the clear after WJAI s/off w/usual HJ mx fare (WJAI signed off by playing usual HJ fare?? Hi-CH), carted ID's w/synthesizer, full SS ID by man w/calls and city 0830. (Kruoger)
- 1200 CUBA Palma Soriano 0HJG 12/27 0453 mx by woman, martial mx at 0500, xint. (Townshend)
- 1200 MOROCCO 2351 12/30 Caracas YVOZ w/Radio Tiempo ID, SS talk s/co-channel station w/weird mx. A patent 1197 het, probably from Morocco, was present. (Connolly)
- 1210 GUATEMALA Guatemala City R. Rumbos fair w/SS male and ID at 0154. Moderate LA mx followed. WCAU the worst of the threesome. (Thomas)
- 1210 NICARAGUA Juticalpa YNE3 fair at 0143 12/29 w/R. Sandino ID's and extended SS male monologue. (Thomas)
- 1220 COLOMBIA HJVP Barranquilla 0505 12/22 with LV de Colombia ID and SS vocal mx. Six note marker. (Frodge)
- 1260 COLOMBIA Caracas ID only heard; there are three Caracols listed on this frequency so no report possible; WHIT Miami was surprised out on this strange reception morning of 12/27! (Cooper)
- 1280 HAITI R. Metropole, Port-au-Prince 0644-0710 1/3 xint w/Curtis Blow "rap mx", wild reggae stuff (what a job Curtis does-eh), canned "Metropole" ID's by man 0649, Creole man DJ between songs. (Kruoger)
- 1302.5 UNID soft SS female vocal here at 0203 on 12/29 and a Radio Sincro or Radio Centro ID at 0205. No ideas. (Thomas)
- 1315a UNID a strong signal here on Saturday AM 11/20 in what sounded to me like accented FF. They used a three note IS, two male announcers and various mx, including desco. Not noted since, a TA? (Cooper) One would think so-the only Latin here is R. Bani and they s/off long before that-CH

- 1320 VENEZUELA R. Apolo YWFP Turmero had this channel all to itself here W 12/27 0625-0700 in a solid AU which had even the Floridians WJWJ and WLYP surprised cut on this frequency! (Cooper)
- 1320 UNID 2330-0200 1/2 LA music, very poor w/a few SS ballads, mostly news including lengthy items on Nicaragua at 0200. (Kruoger)
- 1345 UNID many "was novedad" mentions and extended news readings (infrequently interrupted by surimba mx). Also a mention of El Salvador and statement of 1345 kHz at 1000 12/12. At 1045 began what sounded like a mass in SS. (Thomas)
- 1349 HAITIARIA 2349 12/30 Louachott good w/female chant atop 1350. (Connolly)
- 1375 ST. PIERRE ET MIQUELON 2342 12/30 FF talk then folksong; xint. (Connolly)
- 1404 GUISIA 2343 12/30 het, bits of audio. (Connolly)
- 1430 COLOMBIA HJPM, Barranquilla, ID's about every half an hour with calls, location, frequency; call sounded to me more like HJWJ; 'tis not listed in the WFT. They were in solid on WJ 11/1, 0600-0657 on a very surreal morning. (Cooper) But listed in the new Colombian info that appeared in IDXD about two months ago=CH
- 1430 CUBA Havana CHIN 11/29 2300 SS talk by men, apparent start of mx. Word stop the channel. (Townshend)
- 1467 CARACAS 2344 12/30 Monte Carlo noted w/fragments of hymn and patent het against WJWJ pest. (Connolly)
- 1480 UNID 2224-2235 presumed LA music, drunk-sounding SS man hosting soccer match, very quick fade-out on SS 1/2. (Kruoger)
- 1490 UNID SS breaking stop here 0700-0730 Christmas AM as I sought in vain the CMX MX test. (Cooper)
- 1500 MEXICO XEHH Mexico 0713-0718 1/3 alone and fair w/WTOP off on MX, hancheras and baladas, "HH" ID's often. (Kruoger)
- 1505 ARROWILLA R. Anguilla, The Valley 2247-2315 1/2 fair w/US gospel pgm, EE man w/ID into EEC W3 News Relay 2300, back to gospel mx 2307. (Kruoger)
- 1555 CAYMAN ISLANDS 2345 12/30 R. Cayman xint w/ad for Dewar's White Label Scotch then local announcements in Caribbean MS. (Connolly)
- 1566t TUNISIA 2346 12/30 big het wedged between superloud WQX and CHM; car rx couldn't slice 1566 audio from the sloop. (Connolly)
- 1570 MEXICO XEHP Ciudad Acuna 12/22 0431 sermon on pre-marital sex, Mary and Joseph's sex life and the virgin birth-EE and SS ID's at 0455 and into religious pgm. (Frodge)
- 1599 UNID fair carrier here 0215 12/14 hetting 1600. Rapid-fire SS male audible but unreadable (perhaps a sporting event); looped SSE. (Thomas)

Glad that's done.... Harold Frodge dropped me a note that he is quite sure his 1176 log from a few issues back is really Radio Casino. No IDXD last week as a one day trip to NYU turned into a four day thing. The only good thing was that on Friday evening I got out to Long Island to see Bob Foxworth. STATION DU JOUR REMISE: the 1560 Cuban mentioned by me in IDXD two issues ago is, in actuality, "Radio Musical Avilena" per a call from Ron Schatz. Your favorite Florida Cuban expert also says that the Cubans on 570, 620, 1360 and 1380 are all back on the air.

Obviously Castro intends to burn a hole in the ionosphere so that Americans will have no radio stations to listen to, or maybe sustain us to death....

AGENTES DE RADIO Y TELEVISION, S.A.

TELEFONO 623-97-00

→ ENFIELD, CONNECTICUT

12 THE 50th ANNIVERSARY CONVENTION OF THE NRC

LABOR DAY WEEKEND

SEPT. 2nd THRU 5th

PLEASE COME TO THIS GALA EVENT AND CELEBRATE YOUR CLUB'S 50TH ANNIVERSARY. ENFIELD, CONNECTICUT IS JUST NORTH OF HARTFORD ON INTERSTATE 1-91 AND THE HOTEL IS A STONE'S THROW FROM THE MASSACHUSETTS BORDER.

ACTIVITIES WILL INCLUDE A TOUR OF THE AMERICAN RADIO RELAY LEAGUE (ARRL) AND IT'S MUSEUM OF OLD RECEIVERS AND TRANSMITTING EQUIPMENT. A BANQUET AND A DX QUIZ WITH A TWO YEAR FREE MEMBERSHIP TO THE WINNER (MIKE KNITTER, KEN CHATTERTON AND ERNIE COOPER ARE INELIGIBLE).

ALSO SCHEDULED IS A BEVERAGE ANTENNA POINTED SOUTH WITH A LENGTH OF 1800 FEET, A FIREWORKS DISPLAY, A FIND THE WSPD STICKER CONTEST AND THE MISSING LICENSE PLATE CONTEST.

MEET ALPHONSO BEDOYA, BUFFALO K. FOONMAN, THE WIZARD, "THE SLUG" AND BELDAR & THE CONEHEDS. THIS CONVENTION SPONSORED BY YOUR NRC S.W.A.T. TEAM:
BUFFALO K. FOONMAN - PRESIDENT AND PILOT
ALPHONSO BEDOYA - MUNITIONS OFFICER
ELK - LOGISTICS
THE WIZARD - RADIATION CONTROL AND BEER CHASER

THE NRC SWAT TEAM APOLOGIZES FOR THE INOPPORTUNE RINGING OF THE FIRE ALARM DURING THE LOUISVILLE CONVENTION AND THE SUBSEQUENT SINKING OF THE BELLE OF LOUISVILLE. OUR SINCERE APOLOGIES TO THE CITY OF LOUISVILLE.

CONTESTS

RICH LEVIN
7311 CROSS CREEK BLVD.
LOUISVILLE, KY 40228

Welcome once again to the NRC Contests! After last year's dismal performance, I've decided that the Contests needed a change. So this year, the Contests will take on a totally different look. Volume 50 will be a test season for this new brand of Contest. I hope it works.

The late starting date for the Contests this year isn't totally without reason. Since the format for this year's Contests is experimental, I felt that if it was a flop, I couldn't justify changing the format in mid-season. I therefore waited until now, so that the Volume 50 Contests may have a 4-month trial period. If it works well, we'll run it all season next year. If not, we'll do something else.

This year's Contests will be the easiest ever; however, if you plan on scoring it yourself, you might get confused. It will be one big Contest. Any station you hear counts toward your score. The point value of each station you hear will be based on how many states you hear, how many stations from each state you hear, how far the station is from you, and the power of the station. The first table below lists the initial point value of each station. The top column is how many states you've heard, and the column on the left is how many stations out of that state you've heard (first, third, twelfth, etc.). Provinces and DC count as states.

	-38	39-50	51-58	59-
First	5	6	7	8
Second	4*	5	6	7
Third	3	4	5	6
Fourth	3	3.8	4.7	5.7
After 4	3	3.5	4.2	5

For example: let's say that you've heard 32 states in the Contest when you hear WKY-930 in Oklahoma City. You have already heard KOMA-1520 from Oklahoma, so WKY is your second station from that state. You would go up to the table to where the "second" and "-38" lines meet (where the star is) and see that WKY is worth four points. That is how you find your initial point values. There are two more tables to follow:

DISTANCE INDEX (MILES)	POWER INDEX
1-50.....1	Fulltime Clear...1.5
51-125.....1.5	Partial Clear...1.7
126-300.....2	Fulltime Region...1.9
301-600.....2.5	Daytime Clear...2.1
601-1200....3	Daytime Region...2.3
1201-2000...4	Graveyarder.....3.0
2001-.....5	

The Distance Index and the Power Index are used after the initial point value of the station is found. The Distance Index, Power Index, and initial point values are all multiplied together to give a final point value. Let's continue with the WKY example. You have already received four points as an initial point value. If you live 450 miles away, you would multiply your initial point value (4) by 2.5 (450 miles is in the 301-600 division) and by the Power Index value (WKY is a Fulltime regional, so you would use 1.9) to give a final point value of 19. Here are some other rules and things:

- * In figuring the distance, if the station you hear is in your state or a state adjacent to you, the distance will be figured from the station's city of license. If not, the distance will be figured from the station's state's geographic center. This will not apply on any station heard in or from Canada. I will send in a list of geographic centers to be printed for those of you wanting to keep your score.
- * All entries must contain their call letters, frequencies, city-state, time-date heard, and some program information.
- * All entries will be counted in chronological order.
- * All entries must be in the NRC Log, its Updaters, or AM Switch.

14

- * All entries must be postmarked before the deadline date, May 15.
- * In case of a tie, the contestant with the most states will win.
- * Definitions:
 - Partial Clear - a station which operates with 50 kw day, and less than 10 kw night.
 - Any station operating with less than 50 kw day and is off at night, or operates with less than 10 kw both day and night is considered a regional regardless of frequency.
 - Two "mystery stations" will be chosen from each of these regions:
 - Northeast (CT-DE-MA-NH-RI-VT)
 - Mid-Atlantic (DE-DC-MD-NJ-NY-PA)
 - South Atlantic (FL-GA-NC-SC-VA)
 - Southeast (AL-AR-KY-LA-MS-TN-WV)
 - Mid-east (IL-IN-MI-OH-WI)
 - Mid-west (IA-KS-MN-MO-NE-ND-SD)
 - Southwest (AZ-NM-OK-TX)
 - Rockies (CO-ID-MT-UT-WY)
 - West coast (CA-HI-NV-OR-WA)
 - Maritimes (NB-NF-NS-PEI-NWT(E))
 - Eastern Canada (ON-PQ)
 - Central Canada (MB-SK)
 - Western Canada/Alaska (AK-AB-BC-MWT(W)-YT)
 - Geographic center - the point which the surface area would balance if it were a plane of uniform thickness. Although they won't be exact, they are as close as possibly can be determined. The margin of error should not have any effect on the outcome of the Contest. This information is courtesy of the World Almanac.
 - gewgaw - a showy trifle.

There are bonus points...

- * If you:
 - complete a state - you will receive the amount of points equal to the number of the stations in the state times three.
 - complete half of a state - you will receive the amount of points equal to the number of stations in the state.
 - hear a "mystery station" - you will receive ten points times its distance factor (see Distance Index on last page).

and prizes!

- * The person with the most points on March 15 will receive \$3 in reprints.
- * The person who hears the most states will receive \$3 in reprints.
- * 2nd Prize: a Sixth Edition NRC Log.
- * 1st Prize: a free year's membership to NRC.

Sounds complicated, right? Well, all you have to do is turn on your radio, right down what you hear, send them to me and have my VIC-20 do the rest. The only restrictions are that they be in the Log and you have them here by May 15.

I know right now that some flaws will show up in this system, but I feel that the format itself is the fairest way for all of the North American DXers everywhere to compete. And as a special treat to our members abroad, the catch receiving the most points by a member outside of North America will also receive \$5 in reprints. I've been working on a point system like this for some time now, and even though things like antenna patterns and atmospheric conditions aren't being considered, I believe this can become a plausible way of finding the difficulty of hearing a station when perfected. As always, if there are any comments on improving the Contests, they are welcome.

I would like to thank Robert Kramer, whose suggestions helped shape the base of this column, and Don Kasey, whose regional system soon above saved me the trouble of having to figure it out myself. I would also like to apologize to Frank Wheeler because of the confusion concerning the reception of his prizes.

USELESS STATISTICS DEPT.

- *There are more ECB stations in Albuquerque than there is in Delaware.
- *Perhaps the "father" of our hobby, Guglielmo Marconi, was born on April 25, 1874. 73's...

If you can help provide any of the missing networks, please send them to me at the address on the last page.

I hope to have the rest of the above networks and some college basketball listings in one of the next few issues.

It's interesting to note the unusual number of flagship changes, especially in the NBA - in Atlanta, Cleveland, Detroit, Houston, Philadelphia. In every case (except Cleveland) the team switched from a 50-kw to a lesser station. Thus the number of games heard by DXers will likely be smaller. In the NHL, only Los Angeles changed flagships.

ADVANCE INFO:

USFL - Will be starting play on March 6. The Washington Federals will be on a 50-station network headed by WMAL-630. I'll try to have this network and the 11 other USFL teams' radio coverage out by season's beginning.

BASEBALL - Two flagship changes for next year: Boston to WHUE-1150 and the NY Mets to WHN-1050. Maybe WHN will send us a Mets network, hi. (Actually, I finally did get a Mets list - in October - from WMCA. It's the first time we've had a Mets list since 1978 or 1979, I think.)

1565 EL MIRA • MAIL: P.O. BOX 99, ALMORA, COLORADO 80440

As a member of IRCA and NRC, I was glad to arrange a DX test here at KCCS in Tucson, AZ (790). The returns from the test have resulted in our manager referring to us as "Radio Free Tucson"! The returns received have brought up a few points I would like to make which may result in better QSL returns, more cooperation from stations and more tests being available:

First....In requesting stations to perform tests; ask the engineer to perform the test as part of his routine maintenance. The tones used can be used to adjust audio processing, check modulation asymmetry, test auxiliary transmitters, or whatever. Most good stations will not give up air time merely for a DX TEST. If they can do it as part of their routine maintenance, then they are willing.

Second....Do not ask a station to perform a DX TEST during the "BOOK". We live and die by the results of that book. Anything which could cause us to have a lower "number" will be treated exactly like what it is...A threat to our livelihood. If the person you contact has no experience with DX TESTS, have them contact someone who has, preferably another Radio Engineer....I'll be glad to help as will most DXers/Engineers.

When you send your report...SASE is a must. This means **SELF ADDRESSED STAMPED ENVELOPE**, not just a STAMP. If you like to collect station envelopes and letter-heads as I do, then at least send a gummed mailing label with your address, plus a stamp. Most Engineers don't have a secretary, and writing out all those address night tend to discourage returns or repeat tests.

Be detailed in your report and use the **stations local time** as most non-DXers (and some DXers) don't know. Don't care and aren't interested in something called ELT. If I'm in Tucson, I care about Tucson Time, or maybe GMT (UTC) But not Eastern Time, or some other arbitrary standard that ignores me. If you put your local time or some time other than the stations local time, you just might not get a report if the engineer decides it is too much trouble to convert times! Worse, he might not notice the time zone difference and decide you did not hear him because he wasn't testing at that time.

Tapes....Very much appreciated.... But, please. Don't just copy your whole nights listening and expect the Engineer to dig his out.... Put the stations at the beginning. Short C10 or C5 tapes are cheap, light (to mail) and easy to use.

Address.... Get the exact address of the station when arranging the test and spell the name exactly.

Times.... Again, NO "ELT", and make sure that you don't ask a station to begin tests before his local midnight. That is the FCC Approved Testing Period.

The tests I ran on December 13th was fun and productive. I'll be glad to run others when I can and will encourage the Engineers working for me at our other stations to do the same. Anyone who needs help to explain the tests to a non-DXing Engineer is welcome to contact me at work, 602-623-7556 or Home, 742-2270

This article is based on my recent experience running a DX TEST and on the reports I have received over 20 years in the Radio Business.

December 21, 1982

Mr. Mike Knitter, Editor/Publisher
National Radio Club Inc.,
Cambridge Publishing Committee
P.O. Box 24,
Cambridge, W.I. 53523

Dear Mr. Knitter:

Many thanks for your letter of December 10 and the two copies of DX news.

Herewith copies of the brief messages we'll broadcast for the members of the NRC at Xmas. We'll repeat the same performance at New Year.

Wishing you the best wishes of the season.

Cordially yours,

Lévio J. Thériault,
Manager

Season's Greetings to all the members of the National Radio Club from the personnel of AM radio station CJEM Edmundston and CKMV Grand Falls. We hope several of you will be successful to tune in on our station and hear our Christmas Réveillon. Our AM radio station is located in Edmundston in the northwestern part of the province of New Brunswick in Canada. We will be on the air until zero five hour this morning, then resuming our broadcast at 7 AM. We will again repeat the same performance at New Year. To all of you DXers of N.R.C., a very Merry Christmas with our sincere best wishes. This message will be broadcasted at 2 AM, 3 AM, 3:30 AM and 4:30 AM on Atlantic Standard Time. Let us here from you.

HOLIDAYS BRING NEW STATIONS

NEAL A. PERDUE - Rt. 1, Box 154 - Falkville, AL 35622 1-2-83 (Rec'd 1-6)
The holidays were rewarding, and several new stations were added to the logbook. Christmas morning brought 620-KHFT TX, Wichita Falls at 6:35 am. During the day a new AL stn was heard. Usually covered by WOUN Atlanta, 1010 yielded WPKY Dora, AL, with "Pick Ten-ten" slogans and a legal ID. On 12-26 a brand new AL stn made an appearance at signoff in a WLAC null, 1510 WYNI AL, Monroeville. At the end of December, two new FL stns came in shortly before my sunset - 1430-WOPD FL, Lakeland at 5:10 prior to WWQO f/in, and 1310 WDLF FL, DeLand at 5:30 s/ off. New Year's Day produced 1220-WENC NC, Whiteville during \$\$\$, and also heard was 1580-WNBE KY, Georgetown, ex-WAXU. The highlight of the season was tonight, 1-2-83, when I had fine copy for more than ten minutes on 1540-KGBC TX, Galveston, with absolutely no sign of KTIA, on a Sunday - if that's of any significance, from 7:10-7:20 pm. /// On to otherness: is there any chance that we could all get together on some mutual time format for logs to various sections? I'm not a rabble rouser, but I've been around this radio hobby for about 13 years and I've never seen anything so ridiculous as having to report in three different times to three different sections. It's almost as though the Domestic Digest, International Digest, and Musings all spoke different languages. Absurd! My preference would be GMT (GUT) but I wouldn't care if we did it in Tristan da Cunha Mountain Daylight Savings Time, as long as it was the same for all columns. Let's hear it for this! Yes, I'll admit that I'm taking advantage of ERNIE's absence, because I know he would never go for it. Sneaky, maybe, but it sure makes a lot of sense to me. /// The mint cx R-390A from DICK TRUAX is performing beautifully with the SM-2. I wouldn't take a new red wagon for it! I look forward to the spring season, when my sunset time coincides with my getting-home time. Best DX, campers!

DX ROLLS IN TO MILLINGTON

SIDNEY E. MARSHALL - 7224 Pam Dr. - Millington TN 38053 1-1-83 (Rec'd 1-6)
While DX'ing has been good here during the last half of December the weather has been wet and wetter! I have 6 new loggings to report which brings my station total to 1,075 heard from this location. Newies are: On 12-19, only an hour after dropping my last Muse in the mail, WRDS-1500, MS was in at 1:19 pm with good signal for about 15 minutes. As this was a brand-new MS station I gave them a call and found they first went on the air on 12-11-82. After the next record the DJ mentioned my call on the air. On 12-22 at 6:00 pm I caught the s/off announcement of WTYL-1290, MS with mention of their FM outlet on 97.7. Then on evening of 12-27 I decided to camp on 1550 rather than scan the dial and logged WYOU-FL at 5:30 pm with s/off heard under WSAO. Then at 6:00 pm KCOM-TX boomed in with TC, ID, and into local news for several minutes. On 12-30 at 5:30 pm I caught the full s/off of NDYX-1460, GA. On 1-1-83 a bit of SRS DX'ing brought me KRMS-1150, MO, in at 7:33 am with wx, comments about New Year, ID, and into mx before fading out. The words of ERNIE COOPER on page 23 of the Dec. 20, 1982 DX News really expressed similar thoughts I've had over the past few years. Besides the things ERNIE mentions there have been other little subtle changes that have left me somewhat cold. Come April I'll be taking a long look as to renewing my membership or not. Good DX'ing to all.

HERE TODAY, GONE TO MAUI!

DAN BARTEK, JR. - 308 East 2nd St. - Wahoo, NE 68066 12-30-82 (Rec'd 1-6)
(from Hawaii) Aloha, everyone! Weather rain in Kailua-Kona Hawaii, sun next Maui Hawaii (? -pls) You want radio stations? You got them here in Hawaii: rock'n' roll, country and western; talk, religious, middle-of-the road mx (also called Easy Listening mx - ELM)! No trans-Pacific, Aussies, or New Zealand ("Zedders") through here 12-30-82. I only stayed up to 1:30 am PST. Not late enough, it seems here in Maui. I can't take credit for the Musings title. It's been seen on T-shirts on the island of Maui for quite some time!! Also, Japanese language stations heard here on Maui. Hawaii is formed by volcanoes; so the hills might give some horizontal blockage. Any help on this idea? (Sure, for a plane ticket I'll check it out - hi. -pls) "Melekalikimaka, Hualimakahikiho," or as they say in the Hawaiian Islands, or Merry Christmas and Happy New Year!" All for now; best to you and yours.

MUSINGS DEADLINE IS MONDAYHERE IN RIVERSIDE. NOTE ARRIVAL TIMES FOR YOUR LETTERS IN THIS VOLUME OF MUSINGS. ALLOW A WEEK FROM EAST COAST AT LEAST.

HAROLD IN SEARCH OF LOOP KIT

HAROLD D. TATE - P. O. Box 183 - Bridgeport, WV 26330 1-2-83 (Rec'd 1-6)

The busy month of December is behind us with all the rush of Christmas and all the eating and egg nog (hi). I did manage to get some listening time in. December 2 brought WSVS-800; 12-3 WDAF-610 and CBA-1070; 12-12 brought a couple of rare KY stations, WFSR-1470 and WCII-1080; 12-20 CHIN-1540 and WTCR-1420; 12-22 WBSC-1550 (third try at this one); 12-28 WWSN-790; 12-29 WEEL-590, and CFOS-560; and 12-30 sunset conditions brought WCNN-680, WTJZ-1270, WSVS-800, WDAF-610, CBA-1070, and WFSR-1470 (don't forget to send v/s to Wayne Heinen, please, Harold -pls). All were letters except WTJZ-c and CBA-3 and 1. With my Christmas stocking money, I am in the market for a reasonably-priced loop kit and/or a good AC linefilter. Living within five blocks of the local airport radar creates a lot of line trash. Best to all for an outstanding 1983! Here's to a better U. S. economy with lower housing costs or we may all be out standing (hi?). (I vote that worse than my puns, Harold! -pls) Bye 4 now.

ALL-NITERS KEEP YOU IN THE HABIT?

STAN MORSE - R 3 - Bradford, MA 1-4 (Rec'd 1-8)

Boston has Larry King in stereo. Both WMRE-1510 and WRKO-680 are carrying it this am - no doubt of short duration as WMRE soon ends MBS affiliation and WRKO has just picked it up. L. K. mentioned adding WFHG Bristol, VA; WHKY, Hickory, NC; WRFC, Athens, GA; and KYMO, Fresno, CA, plus a couple more FM's. WJAS verlain for third reincarnation of that call, ex- WKTE, WKPQ, WJAS, WAMP, WJAS. Also sent 2 bumper stickers. I think many of the all-niters today stay on not for the listeners as such, which are minimal, but to keep you in the habit: turn your set on and they're there; you don't dial to the competition. KCOV advertising for added announcers. Did they get their grant for full-time? Broadcasting no longer lists all the changes. Missed grant for Santa Ynez, CA - full-time grant to WBZA and others, both AM, FM, and TV recent!

WALLY JOINS NRC

WALLY WATRO - 2706 Clover Valley Dr. - Garland, TX 75043 1-5-83 (Rec'd 1-7)

Hello! This is my first contribution to "Musings" as I am a new NRC member. I've always enjoyed tuning up and down the dial and I'm hoping I can make a worthwhile contribution every so often. My receiver is a Panasonic RF-2800 and I plan to add a longwire or an amplified loop antenna in the next few months. My home is in Garland, Texas, which also the site of the KRDL-1080 transmitter and two-tower array. This past summer KRDL upgraded to a new Continental 317B transmitter. Their tower site was in the middle of nowhere when built in the 1930's. Today it's almost totally surrounded by homes and businesses! I'm also close to Rockwall, Texas, where KLIP-1190 has its night site, featuring a 12-tower directional array (protecting KJLA, Kansas City and of course WQOW, Fort Wayne). [There goes 1010-1260, hi -pls] I'm an audio engineer for WFAA-TV, Dallas, but previously was senior staff producer at TM productions, Dallas, for several years. While I'm not a jingle collector per se, I would like to hear from those of you who are interested in this very unique art. I also enjoy sampler tapes of various jingles in a collection. The Dallas Times-Herald recently did a feature story on XERF-1570 and their return to 250 kw operation, and I've sent a copy to headquarters. It's a fascinating article on that slightly legendary station. Two interesting stations heard in my location were KOY-550, heard 12-29-82 at 6:06 pm CST with news, spot for Arizona State season tickets, weather forecast, and later that evening, NIOD-610, at 9:00 pm CST with NBC Talknet, promo, then ABC-Information news. (Welcome to NRC, Wally, and muse often, won't you? -pls) (Note to readers ... this typewriter is gradually disintegrating ... overlaps above are not intentional ... and return is almost non-existent. Will it make it through this week? Stay tuned! -pls)

QSL'S 'PRESENT' THEMSELVES

MIKE HARDESTER - 17 Rowan Drive - Havelock, NC 28532 1-3-83 (Rec'd 1-7)

Greetings! First mail of the New Year (and a birthday present) brought in four QSL's (one being shortwave): all fd (full-data) v/O: WSUN-620; WTIC-1080 (state 43); and WTOP-1500. Didn't try for the mystery DX test - I've mixed feelings about a test of this type, though hope others took the time to try to log it. DX'ing will take a back seat for the next couple of weeks as I prepare for a Navy advancement exam (Chief Hospital Corpsman) on 20 Jan. After that, should be back at DX'ing. Tried again (unsuccessfully) for the CJEM-570 DX test. Were they on? All for now. Very 73 and Best of DX.

AS WE SWING INTO THE HEART OF THE DX SEASON, WRITE DOWN YOUR DX SUCCESSES AND SUPPORT YOUR FAVORITE COLUMNS AND CLUB BY SENDING THEM TO THE NRC EDITORS!

CHARLES ENJOYS ERNIE'S PROGRAM

CHARLES GEORGE - 6407 Howard - Dallas, TX 75227

I hope everyone enjoyed the holiday season. I called a few people over the holidays but missed them; however, I managed to call Rocky Stone and had a brief but enjoyable chat with him. Thanks go forth from me to Don Moore of the IRCA. I now have 11 countries verified on the MW since Don Moore managed to get a verie for me from R. Honduras-890. Two of the countries I have verified on the broadcast band do not operate on SWBC so I am very proud of them in my collection: R. Jumbo-545, Dominica; and Caribbean Broadcasting Corporation 900, Barbados. I received a verie in 11 days from WNIX-1330. I have enjoyed the discussion on programming in Musings. I have only one comment on the matter ... if I like the format of a station I always find the station to start playing with the format; therefore, I hate to say I enjoy a station. In the day when I am at home and there is not much in the way of DX I tend to listen to K5AX-970 with jazz programming. The station used to be KNOK. I have been enjoying the friends I have made through the NRC. If any of you have heard Ernie Cooper on the radio you will have realized what a good radio voice he has. If he were in commercial radio he could really pull the listeners away from obs stations. I will miss seeing Ernie as our editor; however, I know radio has gained a great air talent. I also know that the club will be in good hands with our new editor. 73's.

ALPHONSE ASKS THE BIG QUESTION

ALPHONSE B. TOBIA - 7603 Linden St. - Newark, CA 94560

Hi, everyone. I got to start off and ask the big question. Is that there application I saw in AM Switch for real? ... The new station on 1030 in Union City, N. J. with 5000 d (DX News 1-3-83). I also saw this in Broadcasting a while back. Look out, WJNS and WJNN ... have over!!! I know, this is an application from both WJNS and WJNN; maybe they are gonna give up 1010 and 1050 and operate on 1030 doing all news with a country accent! Just kidding, but I can't see how this application can be for real; if anyone knows more, please let me know. Thanks. Out in the west, 880 and 870 have new stations, KIXI-880 in Washington and KWIP-880 in Jallas, OR (? -pls) They both mix together in KRVN's null but KWIP seems to be the loudest. On most nights, KRVN is still in fine, but you can hear that someone is now on the frequency with them. There goes any chance to hear WCHS-880 when KRVN has an SP. WCHS was always around in a KRVN SP. Also new is KORD in Pasco, WA on 870 in WJL null. Can I hear from members in the northwest ... how good did KRVN or WJL come in up there before these new stations went on the air? Can you still hear KRVN and/or WJL in eastern Washington or Oregon? Looks like these frequencies will become like 850 and 1070 are back east to name a few. Seems to me these new stations could have done the same thing on a regional channel since they are limited to 1 kw night ... any northwest member: how loud are they up there at night? Another frequency that has a new station is 1210 and a station in Utah (250 w nights) mixes with KGVN out here. KIQI on 1010 should be going 24 hours in the future. I think they will be 50 kw day and 1 kw night. They have to build a new antenna array. Before I wrap it up ... looking for airchecks of N. Y. C. radio from say 1954 to present (mainly rock stations). Also, anyone from New Orleans area that may have an aircheck of WWOE-1060 from around May, 1975, please let me know. That's all for now.

END OF YEAR GOOD FOR DOUG

DOUG BEARD - 604 7th St. N - Springville, IA 52336 12-31-82 (Rec'd 1-7)

With ERC giving up his column, I feel like I'm living through the end of an era. Here's a tip of the Rhinelandor bottle to you, Ernie. 11-20: KPNA-1200 3:30-8:31 am s/o, wx, "New Dimensions" in progress (simul. their FM), very strong, this one is EASY. 12-3: WBOX-1030 7:48 pm ID, time (7:49!), strong, clear, slight WHO also p. 12-29: KJCB-770 12:10-12:14 am 3&B, F DJ, weak but almost alone w/ WABC nulled. Big afternoon 12-30: WLB-1100 5:13-5:20 pm fadeout; weak, alone w/ local wx. Burger King ad, state nx; WKE-1180 5:25 pm fair o/ WJLS, ad for First National (bank) of Jackson; WXR-1190 5:27-5:30 pm religious wx to ID, fairly strong; WWAQ-1430 5:35 pm "3W-4 Panama City country", strong, almost tuned away too early as I thought I had regular WJL. The above 7 are over half of my newies for the entire year. Pityful. (You should see my log, hi -pls) Local stuff: KQDR-1450 in now "Hit Parade" w/non-rock hits of the 40's thru 70's, ex-c&w. Is this considered MYL format? (MYL is syndicated, strictly speaking -pls) KMAK-1360 is running no ads and living off their FM- low ratings. WRO-1060 will drop 1K 1-3-83, running their own TLK. KLEB-1290 has a 500w PSA; add this to your log. KONSTANTINE RYCHALSKY: In DSN #1, your statement that the number of the harmonic is always one less than the number of the multiple is true in the field of music but not in electronics. When ERC heard the 232 khz station on 1160, he did, indeed, hear their fifth harmonic. Speaking of music, NEC's famous

(22) chimes are the notes G, E, and C, which are the initials of one of their founding companies, General Electric Co., so says the Des Moines Register. Ex-HRC'er Carl Mann did, by golly, get married. A thank you from me to each of the volunteers who are the backbone of this unique club. And thanks to RON SCHMIDT for keeping us informed of the Cuban and Radio Martí messes. Total heard = 796. Does anyone know why northern stations, like CSW-990, seldom come early in the evening but often do later on?

129K IN PIECES ON BENCH

(NO NAME) - 26015 Thomas - Warren, MI 48091

Greetings. I hope your New Year starts off better than mine. The 129K is in pieces on the bench, trying to stop the shock (it's not the power supply cap nor noise suppressor caps nor a short circuit and I hope it's not a bad transformer). Borrowed a Sony ICP-354 from a dealer friend with the intent to purchase and found once again this location is Excedrin Headache #950 kc. As I didn't get too much else. Sometimes it seems WJ puts all the power on my antenna terminals (hi). WEXL 1340 and 2 miles down the road is no help and both together absolutely wipe out the DX-300 even with the little whip. It's nice to have good relations with your dealer, because didn't say anything when I returned the Sony. That Drake R-4B I saw on the dealer's shelf recently looks even better to me now. Hmmm. I did a bandscan with the Sony that's going to that editor. Has anyone out there ever had any experience with a surplus R101 ARK-6 offered by Fair Radio (Cat. W282 PG4). I scrapped one years ago and all I saved were the 5-gang condenser and the RF coils. Did not know what I had. The price is good: is the performance? That cap could be the heart of a dandy antenna tuner, I suppose. See you later.

CRAIG COOK 113 IN 1982

CRAIG A. COOK - 1813 E. Newton Ave. - Shorewood, WI 53211 1-6 (Rec'd 1-10)

Hello! 1982 turned out to be a profitable year for me, DX-wise. I logged a total of 113 new stations from 22 states, 2 provinces, and 8 countries. The following breakdown lists the number of stations heard from each individual state, province, etc.: Michigan - 12, Illinois - 10, Wisconsin - 6, Tennessee - 6, Indiana - 4, Kentucky - 4, Texas - 4, Arkansas - 4, Mississippi - 3, Missouri - 3, Kansas - 2, New York - 2, Colorado - 2, Louisiana - 2, Iowa - 2, Nebraska - 2, Florida - 2, Oklahoma - 1, Pennsylvania - 1, Massachusetts - 1, Georgia - 1, Ohio - 1, Ontario - 6, Quebec - 1, Nicaragua - 1, and Grand Cayman Is. - 1. From this list, 66.4% were U. S. domestic stations, 6.2% were Canadian, and 27.4% were foreign catches. Since I'm not a "Die-Hard" DX'er, and listen only when I have free time, I felt that I didn't do too badly in '82. (That's the understatement of the year, Craig - pls) I hope 1983 is equally as generous for DX (for me as well as all fellow DX'ers). Total stations heard now stand at 1,071. Since I'm pressed for time today, I'll have to cut this message short. 73's till next time, and happy new year to the membership!

THIRTY REQUESTS OUT FOR VOICES

D. HARLEY DELCURE - P. O. Box 10 - Hendricks, WV 26021 1-6 (Rec'd 1-10)

Congratulations upon your assuming the awesome task of producing the listings for the QX News. Maybe I should just thank you instead. For years ERNEST CUOPER was the unsung hero of the HRC, and now you're such. Anyway, I appreciated ERNEST, and I do appreciate you. (Thanks to you, Harley, and to all others who keep saying nice things about us. If I can speak for ERNEST as well as myself, we do appreciate the kind words ... it makes the job a little easier - pls) Lately I have been doing some DX'ing again. In fact, in 1983 already I've sent over thirty requests for 3SL's. I'm hoping for a good return. WNY-1550, Braddock, PA, sent me a verie indicating that it's now owned by seven churches of which the chief one is the Ebenezer Baptist Church. WNY's offices are located at 2001 Myrtle Avenue, Pittsburgh, PA 15219, and the verie signer is Dr. J. Van Alfred Winnett. WQMG-1230, Cumberland, MD, 21502, is now WJLI, and its address is 516 White Ave. This morning (1-6) I heard the Caribbean Beacon-1610 of Anguilla. I sent it a report, but I wonder seriously what the bounds of the medium-wave stations are, frequency-wise. I had heard other 1610-khz stations prior to this morning, but I had never bothered with them, because I considered them to be outside the medium-wave range. For example, I have heard WXT-613 of Airport, KY, on 1610. Since September 1974 I have heard the following "unheard" stations of Don Kaskey's list in the 11-15-82 DX News: KFTN-1600, Trenton, NJ; WJXH-990, Gallipolis, OH; WQMI-1230, Brookneal, VA; WRAW-980, Weston, WV (every day); WJOG-1230, Logan, WV; WJIP-1240, Charleston, WV; WRON-1400, Ronseverte, WV; WJSL-1490, Sutton, WV. I do too believe that I heard WZK-1600, North Augusta, SC. I didn't send it a report, though. Oh, yes, WJNR-1370, Frost, WV, 3SL'ed for me the other day. There was quite an article about WJNR in the winter, 1982 issue of Goldenseal magazine. Its address is Dunmore, WV 24934-9990. That's all. Happy New Year.

HENRY SNAGS SUPERADIO

HENRY A. COTTERILL - R. D. #1, Box 391 - Milford, PA 18337 1-5 (Rec'd 1-10) (23)
Well, gang, I'm now a proud owner of a J. S. model 7-2880 Superadio w/ext. ant. jacks. My latest DX has been XERP-1570 12-21 at 2300 (is it true that they are going mx?) (yes, csw and etc. - pls) And WHC-1040 Xradio was heard 12-17 w/ Farm Report. Also one verie arrived here from WRAN-1510 Dover, NJ, "New Jersey 1510." I received BS's, Cousin arucie photo, contour map, and vest of all, w/f inviting me to a tour of the station. Now, my opinion on AA stereo: I think that the FCC made a big mistake about letting the broadcasters and consumers choose which system is the best. The FCC should have selected a system in the spring of '82, so we could enjoy the added challenge of AA stereophonic DX'ing. Anyway, ERC, have a good retirement. 73's de Musicradio Monitor.

NO GUILT FOR HARRY!

HARRY HAYES - 9 Henry Street - Wilkes-Barre, PA 18702 1-3 (Rec'd 1-10)
DX for this period: 12-25 YVLT-830 VN "Jensacidn" IU at 12:26 am. YVRS-1020 VN w/ Margarita IU's at 1:08 am. 12-26 12:20-1:53 am good receptions on 3 Jamaica outlets on 580 and 720 w/ RJR IU's. Report sent. 12-30 5:13 pm WQOV-1170 AL strong and alone on channel w/ 5L mx. 12-31 6:15 pm WJAP-630 KY constant for a rare one here. 1-1-83 5:46 pm WJUS-1380 SC s/ off for a needed one. 6:02 WJCF-560 AL for another needed one with good sig. and sign off at this time. 1-2 6 pm WJFA-1590 GA w/ csw mx and s/ off. 1-3 WJ 1:10 am CWNG-660 Cuts "R. Progresso" w/ another 33 while WRBC was off on maintenance. 1:30 a mystery on 810 as an 310 was heard weakly that sounded like "Radio NRN" or "Radio 1A"; they played seal-mount rr. WQV was off this morn. Also at 1:39 a weak tester came on w/ Willie Nelson's "Blue Skies" and a bunch of other csw songs but no IU's heard. This was dreadfully weak also. A while back a DX'er mentioned a "pet peeve" of his, being that verifying DX'ers tend to think of DX'ers who do not verify everything, or anything as not being true DX'ers who should have the eye of doubt cast upon them. Well, this is my peeve, too. I verify only what I feel like and don't feel guilty about this practice. I refuse to be held prisoner by the "responsibility" to report. For one thing, I don't fret and rage at non-verifiers. If I don't receive a report answered I just forget about it, unless it's a super, super logging. I am a log cook DX'er like so many others and believe my log is 100% honest and accurate. I don't base my hobby on only what's taped or verified, even though I do both avidly. Besides, all this it seems to me that fewer and fewer stations are answering reports. I sometimes think that if I were a radio station employee that I would be bothered answering reports. Work is hard enough. (Good and valid comments, Harry. We DX'ers need to realize that there is no "right" way of DX'ing and that DX'ing is an individual hobby with not too many rigid parameters. While I do not take paper veries and collect only taped veries, as long as they include 2 of 3 either call letters, frequency, and city of license or slogan in the case of foreign DX, I do not turn up my nose at paper collectors, although I suspect the reverse is not always true, judging by some of the comments I've received in the past. I feel that the serious DX'er will attempt to collect something to show for his long hours before the rx, however. Any comments from other DX'ers along this line? -pls)

KPI TAKES CALLS

PAUL SEARINSEN - 21629 Cottonwood Ave. - Riverside, CA 92508
KPI's many morning men, Loman and Barkley (did I spell that right?) were recently moved back to the 5-9 am (PST) slot and have been taking calls from listeners to find the furthest one. So far they have heard from listeners only as far east as Nebraska, in response to their offering of a "crummy" prize, as they put it. Sorry about the two type styles this time; the Italian typewriter, such as my Fiat did, broke down in the middle of things, and I had to go back to the Smith-Corona, which tends to overlap lines. Congrats to WFOA for getting out the Nov-Dec bulletins, and thanks to the guys in Illinois for always putting out an excellent product. In spite of some comments in this column and elsewhere, no one wanted to see WFOA fold. Their Digest was just too good to die. I zapped one line which was a personal message from one wazer to another in this week's listings; let's follow the guidelines, please. 73

Received from Clifford Schnauffer:

(Rec'd & Typ'd AT H)

Dear Members, Thank you very much for the information that I wanted. Right now I'm very much in need for an Antenna Phasing Unit. I would like to buy one from somebody in the Club being that I'm handicapped, and don't have any tools, parts, or a place where I can build a Phasing Unit, it would be appreciated very much if someone in the Club would help me out. I don't know very much about building Electronic parts, etc. I really need a helping hand. 73's
