**From the Publisher ...** Dave Schmidt called to say that although his crazy schedule did not permit him to prepare "Musings of the Members" this week, it will definitely return next week. He also indicated that WWJZ-640 Mt. Holly, NJ has been testing since Nov. 25 and should start its regular schedule around Dec. 24.

Your publisher has been elected to the Executive Council of the Association of North American

Radio Clubs (ANARC), joining Kirk Baxter (A\*C'E), Reuben Dagold (ADXR), Dave Marshall (AOCS), Don Moman (CIDX), Bill Oliver (LWCA), and Bob Brown (NASWA). Frankly, you haven't read much about ANARC recently in these pages because there hasn't been much action to report, as ANARC has been regrouping for several years, attempting to find a direction and purpose for its existence. Notwithstanding its low profile, I have been concerned with its domination for many years by shortwave-only persona so that the so-called "specialty-band" DX'ers (lowband, AM broadcast band, FM, TV, and utility/UHF/VHF) are lumped into any consideration into one mass. For example, I shall have to cast votes in the 1993 ANARC Awards in these three categories: North American Shortwave DX'er of the Year (for David Clark or Richard D'Angelo); North American Specialty Band DX'er of the Year (for Alan Roberts or Mike Hardester), and International DX'er of the Year (for Victor Gonnetilleke, Gabriel Iván Barrera, or Harry Weatherly). Fine fellows, all, and two of them happen to be NRC members, but where is the consideration for those hobbyists who spend much time primarily in AM, FM, or lowband only? Why lump them all together? That will be a problem I will attempt to solve in the next few

### DX Time Machine

From the pages of *DX News*:

50 years ago ... from the Dec. 5, 1942 *DXN*: A fund has been started to pay for the renewal of NRC members in the armed forces. Civilian members were asked to contribute a minimum of 25¢. Five NRC servicemen reported to the "Yanks in Rams" column.

25 years ago ... from the December 9, 1967 *DXN*: Loggings on 660 included KFAR, Alaska, by Gene Allen, California, and CB66, Santiago, Chile, by Roy Miller, Washington.

10 years ago ... from the December 6, 1982 *DXN*: Paul Swearingen was announced as the new *Musings* editor, taking over from 36+-year editor Ernie Cooper.

(continued from page one)

years, and I would appreciate the input of any NRC members to guide my actions and votes.

Another action has been pending since April 18. I proposed then to IRCA that I take over publishing duties from current DX Monitor publisher Ralph Sanserino, who has announced plans to retire sometime soon. Since that time, no other IRCA member (I've been an IRCA member since December, 1981) has offered to take over publishing duties. More chronology: The IRCA Board of Directors was apparently not informed of my proposal until August, and the general membership was not informed (in DXM) until the November 14 issue. Naturally, some emotional responses have arisen, not all based on fact, and so for the consideration of all NRC members, especially those who, like myself, belong to both clubs, here is the exact text of my proposal to IRCA president Phil Bytheway (also an NRC member):

"The following proposal has the support of the National Radio Club Board of Directors.

"In the following, I have not attempted to work out all the details, but instead I have provided a general framework of a system which would prove mutually beneficial to the NRC and IRCA.

"1. Paul Swearingen would assume the position of publisher of a bulletin which would include both DX News and DX Monitor.

"2. Except for joint publication of a club bulletin, all other club functions would remain separate.

"3. A financial arrangement would have to be negotiated to take care of (a) members who belong to both clubs, (b) the difference in a year's membership/subscription, (c) the differences in frequency of publication of the two bulletins. Currently, a DX News subscription renewal costs \$22.00; for DX Monitor, the cost is \$25.00. DX News generally totals 720+ pages per year in 30 issues, DX Monitor, somewhat fewer, in 34. DXN's pages are more tightly packed, also, with copy.

Frankly, with the influx of an estimated 100 new subscribers, and a proportional income, I can see the publication increasing to 48 pages as many as a half-dozen more times a year than it does now. IRCA-only members would benefit the most from the change. Another thing - the publication would have to operate strictly on a break-even basis, paying for itself, and being governed by strict budget constraints.

"4. Publication requirements would have to be followed to meet the requirements of DXN's printer, Hall Directory, in Topeka.

"5. Some columns in DXM would have to be integrated with DXN columns, namely, "Broadcasting Information" (with "AM Switch" and "Formats"), all DX roundup columns, DX Worldwide, and DXWII columns (with "DXI"), "Verification Signers" (with Wayne Hemen's column), and "DX Techniques" (with "Target DX"). There may be others. On the other hand, "DX Forum" columns, the "Contest" column, "Kanadian Korner", "Geomagnetic Indices", and other unique columns could continue unchanged."

At this point, I'm not sure that integration of loggings columns is such a good idea, especially since we split DDXD three ways after the proposal was made. But as I mentioned above, negotiations would be necessary to solve some inequities. And in the spirit of allowing Ralph to go fishing as soon as he can, I would hope that negotiations would proceed much faster than mere presentation of the proposal to the IRCA BoD, and members, has been allowed to happen.

Finally, I will be in Mexico City over the Christmas holiday, so that you will not receive DXN for the first two weeks in January. You might want to get your reports to the editors in time for the Dec. 21 and 28 issues (by Dec. 11 and 18, respectively) to avoid an overload in January. And Ken Chatterton says to send all complaints about my absence to him! I plan to have an indulgent good time, myself, and may even have a little time to DX!

A DX tip: listen carefully for stations staying on after posted times, especially on weekends ... I just called an Arkansas station tonight and inquired as to whether or not they might not have punched the right button at the right time. The gentleman on duty thanked me for calling and hung up. Soon thereafter, the signal disappeared ... but not before I had recorded a very clear ID. And this isn't the first time during this season that I have heard stations on much after the regulation power-down time.

**Welcome To These New Members ...** David A. Auld, Greymouth, New Zealand; Michael Jett, Raleigh, NC; John Bryson, Mounty Joy, PA; R. O'Neill, Waldorf, MD; Francis M. Spindler, Bethlehem, PA; Kenneth F. Burns, Redwood City, CA; and Karen Wedekind, Wilmington, NC.

**DXChange ...** Alan Merriman - P. O. Box 66 - Annandale, VA 22003, (703) 354-2135 is offering a JRC NRD-525 in mint condition, with optional 1 kHz filter and service manual, for \$800, shipping included.

#### MEDIUM WAVE RAMBLINGS

- **Shawn Axelrod** enclosed his Christmas list with this week's report. Just a 2.4 kHz filter, is all. When Santa reads this, he has plenty of time to grind one out for you, Shawn!
- Good to hear from **Bill Moser, Mike Jeziorski** and **Frank Merrill** again. Let's see . . . I think it was about three moves ago for them all, hi.
- DX Time is here Ladies and Gents. While driving home on 11/20 at 3:45 MST, **CHRB-1280-AB** was in like a local. Also many Californians and British Columbians. Too bad I was in charge of safe driving at the time, or details would be included here.

#### SPECIAL

- 830 **CKKY AB Wainwright** - 11/6 2210 - Poor with C&W music. Moved from 1230. New for me. [And for everyone else!! - Ed.] (SA-MB)
- 930 **WRVC WV Huntington** - 11/11 0720 - Good with Huntington-area weather and ID as *The all-new Oldies 93, WRVC*. Either **WTKZ** was very short-lived, or this guy never changed CLs at all. (RD-IA)
- 1480 **KKCQ MN Fosston** - 11/15 1509 - Excellent with **KKCQ** IDs and mix of MoR music. *Greatest hits of the 40s, 50s and 60s*. No longer AC, so update your Logs. (SA-MB)
- 1510 **KDKO CO Littleton** - 11/14 0830 - Good with rap music, *Power 1510*. Back on the air. (SA-MB)
- 1520 **KMAV ND Mayville** - 11/15 0815 - Good with C&W music, **KKZY Country** ID | FM. Change your Logs. (SA-MB)

#### UNIDs and UNID HELP

- 680 **WEZI TN Memphis** - 11/15 0050 - ID as *Oldies 94*. 0053 ID From *Beale Street to Bartlett ??*, *Oldies 94, WODZ*. Id this **WODZ** the FM outlet for **WEZI-AM**? Reference to **AM-IL** in Issue 5. (GH-OH) *Oldies 94* is used by **WEZI-TN**. (SA-MB) [I don't know, guys. **WEZI**'s FM is on 104.5 (last known to me as **WRVR-FM**). Any other inputs on this? - Ed.]
- 920 **WIRD NY Lake Placid** - 10/25 2331 - Definitely **Rich Frcho**'s unID as this has been logged with *Adirondack Radio* slogan here and elsewhere. (EH-NY)
- 930 **CKNS ON Espanola** - Probably **AM-IL**'s unID in Issue 5. IDs as *North Shore Radio*. (GH-OH) . . . *North Shore Radio* is **CKNS**. (SA-MB)
- 940 UNID ?? - 11/7 2155 - Poor with **ESPN Radio** into **McRuff** and **Yellow Submarine** ads. Fade at 2158. (SA-MB)

- 1210 KGYN ?? - Mike Hawk's unID from Issue 2 is almost certainly this. I've a hunch that what Mike heard was not *ESU*, but rather *PSU*, which stands for Panhandle State University, located in nearby Goodwell. And it's quite possible that *PSU* would have been playing *Hardin-Simmons* on Sept 12 (a Saturday). (RD-IA) [A good time to impress the fact to be accurate about the data you report. Thanks, Rick - Ed.]
- 1240 UNID ?? - 11/10 0311 - Somebody with *Rock 103.5* non-ID. I suspect *WIMZ-TN*, which I know has a rock FM on 103.5. Can anyone confirm slogan or simulcasting? (MJ-MI)
- UNID ?? - 11/16 0010 - Poor, fading in and out, but with unmistakable voice of *Chick Hearn* doing *Lakers* basketball vs *Warriors*. Lotsa players names mentioned, so am sure of the game. Who on 1240 carries the LA feed? [Ed.-ID]
- 1280 UNID ?? - 11/9 1700 - *Carolina News-Talk*, *WORD* and *WFBC* ID then *WFBC Greenville* legal ID on the hour. The slogan has been in use on *WFBC-1330* and *WORD-910* for over a year; has one of the SCs on 1280 joined the net? (MJ-MI)

- 930 WAUR IL Sandwich - 11/7 0759 - Good with ID: *The Fox Valley's AM* . . . *WAUR, Sandwich-Aurora*. (RD-IA)

- 1150 KASM MN Albany - 11/14 0750 - Good with hunting and fishing best times, ads for *St. Cloud* sports stores. (SA-MB)
- 1180 WMLX KY Florence - 11/8 0803 - Weak with *It's 35° in downtown Cincinnati* and a litter *PSA From your friends at 1180*, *WMLX* → *John Denver* song. Apparently *WLDS-IL* not on before 0730 or 0800 local on Sundays. (FM-IL)
- 1190 WAJL FL Pine Castle - 11/7 0645 - With sign-on, under unID *OC*. Full info given, transmitter at Orlando address. Excellent readable signal and an SRS "staple" here! With very little *WOWO* here, this frequency is a delightful SRS playground - it "peels off in layers". (FM-IL)
- 1220 KBET CA Santa Clarita - 11/16 0042 - Fair with *OLD* → ad cluster including *Sears Tires* and *Marie Callender's* to watch *Monday Night Football* . . . *at six O'Clock* and one more which was undistinguishable. Promo for *CNN News* and back to *OLD*. [Ed.-ID]

Once again, in very strong with *Larry King* and *WMMB Melbourne-Palm Bay* ID. Atop channel for at least 45 minutes. I'm not complaining, but 1000 mile GYs lose their appeal when they become pests. Have others been getting this, or is it just a *Melbourne-Detroit* pipeline? (MJ-MI)
- 1270 WHYD GA Columbus - 10/24 0608 - Fair with sign-on info after *USA Net News*. (RD-IA)
- 1340 KSEK KS Pittsburg - 11/6 0730 - Fair with quick *1340 KSEK* ID heard. (RD-IA)
- 1370 KSUM MN Fairmont - 11/8 0428 - Good with DJ: *It's 18 degrees here at KSUM*. This station may be a new addition to the *Interstate Radio Network* . . . I'll keep my ears open regarding this. (RD-IA)

- 1460 WXEM GA Buford - 11/5 0740 - || *WAOS-1600* in *SS*, *La Favorita*. The 1600 much more common here despite 1460 being a lot closer. (FM-IL)
- 1480 WAJA NC Franklin - 11/7 0610 - *Franklin's radio station*, *WAJA* with C&W music. Almost sounded like an ET with weather and music simultaneously, dead air, etc. (Sec *WDOC-1310?*) (FM-IL)

### NEWS AND VIEWS

An excellent turnout this week. Thank you all for the reports, this column is nothing without your support.

Ed Urzi mentions good north/south conditions with this report. Bruce Conti says "the DX pendulum has swung to the south with my first Floridian logged this season, along with Venezuela heard across the dial and reported to IDXD." Andy Rugg sends along some seldom-heard stations that he noted on his car radio. Laurence Kearley mentions a good opening on 11/11, in addition to the logs on 1450 included here, he also logged VSB-1 Bermuda that evening.

IDXD Editor Jim Renfrew checks in with an excellent report, including some DX from Letchworth State Park. FYI Jim, I did not receive your previous letter, thanks for the backup copy. He also notes a number of stations which do not seem to be signing off at the appropriate time!

I had a chance to some brief DXing this weekend at my parents home in Falls Church, Virginia. Saturday morning, 11/21, saw a lot of Canadian stations in on the regional channels. Also, WOGL-1210 has been noted carrying sports talk in the evenings, parallel to WKNR-1220.

A reminder to get your DX to me no later than December 12 in order to beat the holiday rush.

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

Here are the IDXD headlines: While you were still cleaning up candy wrappers, César Objio was cleaning up on DX, on All Souls Day (Nov 2) when many DR stations stay off the air. Mark Connelly invents a new DX sport, "channel surfing" - hang ten (or nine for TAs)! - 960 MEXICO XEK, Nuevo Laredo, 11/16 0347-0403 - Sports program then sign-off ID and Mexican anthem, good. [DHM-IA]
- 980 COLOMBIA RCN Cali, 11/3 0152 - news about Colombia, ads for local credit card, news about a church in Korea which announced the end of the world and when this did not happen they had to close and eliminate the church even though they apologized to their people. News continued, very good. [CO-DR]
- 980 CUBA R. Coco, 11/16 0453-0505 - Presumed with political speech on Havana urban issues, clearly local interest only, not national, so presumed this one in La Habana province, and not one of the other two stations on this frequency. Fair, mixing with domestics. [DHM-IA]
- 980 MEXICO XENR, Nuevo Rosita, 11/16 0356-0400 - With announcements and complete ID. Must have gone off as a few minutes later I checked and they were totally gone, not heard on several rechecks, only the Cuban, good and on top when in. [DHM-IA]
- 1000 MEXICO R. Mil, Mexico City, 11/14 0603 - Heard in WLUP null with Mexican National Anthem, but then continued with regular program. Suspect they play the anthem at their midnight. [JR-NY]
- 1020 CUBA UNID, 11/16 0500 - Heard Cuban national anthem on quick check of this frequency that had had Spanish under KDKA all evening. [DHM-IA]
- 1070t FRENCH GUIANA 11/11 2346 - Man in French, poor over low pitched het during Auroral conditions. [MC-MA]
- 1100 COLOMBIA CARACOL, 11/15 0457-0459 - With rock music, possible ad, then ID, good and on top. [DHM-IA] (I've been noticing this one a shade above 1100 - Jim)
- 1110 PUERTO RICO R. Caguas, 11/3 0210 - with recommendations to voters to attend the polls the next day. After this a medical doctor speaks about one of the candidates for governor of Puerto Rico. [CO-DR]

- 1120 VENEZUELA Superondas, 11/15 0523 - Heard poor in KMOX null with "Super Onda de Christiana" slogan during break in music program. Previous report in IDXD indicates station sells large program blocks to Christian group. [JR-NY]
- 1165 ANTIGUA & BARBUDA Caribbean R. Lighthouse, 11/3 0215 - With religious hymns, very good. [CO-DR]
- 1210 VENEZUELA YVZT R. Anzoateguá, Barcelona, 11/15 0215 - Heard during the closing comments after a beisbol game, list of network stations announced, slogan as "Ésta es la señal de Los Caribes". Team name is Los Caribes. Local ID popped up a few minutes later, poor in WOGL semi-null. [JR-NY]
- 1260 PUERTO RICO WISO, Ponce, 11/3 0225 - A very happy speaker talking about the elections for the next day and announcing the victory of the Popular Party beforehand. [CO-DR]
- 1440 DOMINICAN REPUBLIC LV Cristocéntrica, 11/3 - on the air with religious programs as always. This is a change of name from R. Renevo. [CO-DR]
- 1570 DOMINICAN REPUBLIC R. Amanecer, Santo Domingo, 11/3 - also on their with religious programs as usual.
- 1610 ANGUILLA Caribbean Beacon, The Valley, 11/14 0215-0228 - Good with Christian program. [MD-MA]

#### TRANS-ATLANTIC

- 531 ALGERIA/SPAIN, 11/8 0513 - Arabic vocal mixed with apparent Spanish talk at times. Algeria's strong carrier had weak modulation. [MC-MA]
- 558 UNIDs 11/8 0510 - 2 or 3 signals in jumble, one sounded Spanish or Portuguese, another had apparent Arabic music. It was too choppy and too sloppy to tell much for certain. [MC-MA]
- 585 SPAIN RNE Madrid, 10/30 0420 - 11/16 2316 - good. [BD-PA]
- 612 MOROCCO Sebaa-Aioun, 11/8 0506 - Fair-to-good with female Arabic vocal. Evidence of second signal, most likely Ireland. [MC-MA]
- 621 CANARY ISLANDS Santa Cruz, Tenerife, 11/8 0505 - Good to excellent with news by man and woman in Spanish. [MC-MA]
- 675 FRANCE Marseille, 10/30 0415 - in fairly well. [BD-PA]

**RADIO DIFFUSION  
NATIONALE  
TCHADIENNE**

**RADIO ATAHUALPA S.A.**  
Plaza Independencia, Telef. 2741 - 2742 - 2743 - 2744

- 684 SPAIN Seville, 11/16 2320 - a regular, but a powerhouse tonight, even good on my Sony SW-1. [BD-PA]
- 693 AZORES Santa Barbara - heard most evenings, never really strong. [BD-PA]
- 702 MOROCCO Sebaa Aioun 11/16 2230 - in clearly. [BD-PA]
- 711 MOROCCO Laayoune, 11/17 0040 - Hard to pull through WOR but had brief and clear audio at this time. [BD-PA]
- 729 SPAIN Oviedo, 11/8 0502 - Poor, with bits of Spanish talk. [MC-MA]
- 738 SPAIN Barcelona, 11/8 0458 - Man in Spanish, pips, R. Nacional de España ID, fair through WJIB/CHCM slop. [MC-MA]
- 765 SWITZERLAND Sottens, 10/27 0335 - fair with classical music. [BD-PA]
- 11/8 0447 - tentative, weak with classical music. [MC-MA]
- 765 SENEGAL Dakar, 11/11 2337 - Excellent with killer signal during pronounced low-band Auroral conditions. Easily the loudest TA and better than groundwave WABC-770. Accented French talk, then African kalimba instrumental music. You could have "channel surfed" Africans this early evening on a beach DXpedition with serious wires. [MC-MA]
- 783 PORTUGAL Miramar 11/8 0530 - Portuguese vocal in C&W style like that of Billy Ray Cyrus), then man in Portuguese. Peaking strong. YVNM/CFDR/WBBM QRM not too bad at this time. This one is a mediocre performer in the early eveing (compared to 1035 and 1062), but it really comes in strong after 0500. [MC-MA] 11/16 2230 - quite good with pop songs, still coming in nicely at 2300 with a woman announcer. First good signal this season. [BD-PA]
- 819 EGYPT Batra (most likely as other Egyptians are coming in), 10/27 0337 - with Arabic voice and music, however I don't completely rule out the possibility of Rabat. [BD-PA]
- 837 AZORES Barossa, 11/8 0543 - Romantic vocal, then man in Portuguese, slightly over others in this graveyard-like channel. [MC-MA]

- 864 EGYPT Santah, 10/27 0405-0415 - strong signal, Arabic language, Egyptian-type music, vocals by a woman and a man. [BD-PA]
- 864 FRANCE Paris, 11/8 0555 - Dreamy classical piano music // 945, good signal. [MC-MA]
- 873 SPAIN Zaragoza, 11/8 0449 - Man in Spanish, over others. [MC-MA]
- 882 ENGLAND Washford, 11/8 0445 - "Tie a Yellow Ribbon" oldie, then woman in English, fair, mixing with presumed Canary Islands. [MC-MA]
- 891 ALGERIA Algiers, 11/8 0443 - Arabic female vocal, then Arabic talk by man and woman, very good. 11/8 0628 - Arabic rock music (!), loud. [MC-MA]
- 936 MOROCCO Agadir, 11/16 2313 - very weak signal, Arabic programs, seemed // to 1044 and 1053, didn't here this while in Morocco in February. [BD-PA]
- 945 FRANCE Toulouse, 11/8 0555 - Dreamy classical piano music, // 864, good signal. [MC-MA]
- 954 SPAIN Madrid, 11/8 0552-0557 - James Taylor's lightweight version of Buddy Holly's "Everyday", then Spanish vocal, fair. [MC-MA]
- 981 ALGERIA Algiers, 11/8 0559 - Arabic vocal in slop. [MC-MA] 11/16 2306 - in nicely, // 891. [BD-PA]
- 999 SPAIN Madrid/UNID, 11/8 0600 - Disco music, pips, then news in Spanish by man and woman. Second station, seemingly with Arabic music (and, therefore, most likely the Moroccan), evident. CFLP's French on 1000 was the main slopper, instead of the usual CKBW/WLUP. [MC-MA]
- 1017 SPAIN 11/8 0607 - Medieval/classical music, then man and woman in Spanish, slopped by local WBZ-1030. [MC-MA]
- 1017 TURKEY Istanbul, 11/16 2312 - in just barely, haven't heard over here for several years. Heard first hand in Istanbul in 1989. [BD-PA]
- 1035 PORTUGAL Lisbon, 11/16 2300 - best in a while. [BD-PA]
- 1044 SPAIN 11/8 0610 - Man and woman in fast Spanish surfacing over the jumble. Morocco is more common here. [MC-MA]
- 1044 MOROCCO Sebaa Aioun, 11/8 0611 - Arabic music rose up over the Spain station. [MC-MA] 11/16 2300 - way up with Moroccan music. [BD-PA]
- 1053 MOROCCO Tangier, 11/16 2310 - good, // 1044, rarely heard here. [BD-PA]

- 1071 FRANCE 11/8 0615 - Woman in French over others, poor. It was tough to work around CBA's massive open carrier on a similar azimuthal bearing. [MC-MA]
- 1098 CANARY ISLANDS/SPAIN 11/8 0617 - Spanish talk amidst a cacophony of low-pitched growl hets. [MC-MA]
- 1107 SPAIN 11/8 0627 - Woman in Spanish. Only fair, not as strong as usual. [MC-MA]
- 1197 MOROCCO Agadir, 11/17 0045 - in briefly, was in French or Spanish. [BD-PA]
- 1349 MAURETANIA Nouakchott, 11/11 2351 - Bits of audio, raucous het against WBSK et al during Auroral conditions. [MC-MA]
- 1377 FRANCE Lille, 11/27 (10/27?) - Jim) 0430-0500 - armchair signal, female announcer, French ballads by a man, covered St. Pierre 1375. But I didn't think Lille was supposed to be on until 0530. Definitely on 1377 kHz, St. Pierre just a het. Will have to check French schedules when in Paris in April, 1993. [BD-PA]
- 1395 SPAIN (but not sure) 11/16 2223 - Pop singing, did not sound like anything from Albania, faded by 2230, Spanish style. [BD-PA] (Tirana is reportedly selling blocks of time to TWR Monaco - Jim)
- 1544 CLANDESTINE (Algeria? See Station News below), 11/11 2200 - Poor with Arabic talk. Europe knocked out by Auroral conditions, some Africans making it in. [MC-MA]
- 1566t AZORES 11/11 2204 - Bits of talk that sounded more Portuguese than Arabic. Mostly just a good het against re-activated (ex-silent) local WNSH-1570 whose slop is pesky because of its direction bearing being the same as that for TAs. [MC-MA]

#### STATION NEWS

BRAZIL: Daylight Savings Time in Brazil (10/25/92 - 1/31/93): UTC-2 (RS, SC, PR, SP, RJ, ES, MG, GO, DF, BA), UTC-3 (CE, PI, MA, TO, AP, MT, MS, RN, PB, PE, AL, SE), UTC-4 (RR, PA, AM, RO), UTC-5 (AC and part of AM). Abbreviations are Brazilian states. [O Globo 10/24 in Play DX #715]

CLANDESTINE: A Portuguese DXer reports that the Polisario clandestine station

La única estación de tres siglas en Nuevo Laredo  
**X E K**  
Fundada en Mayo 17 de 1937

on 1544 kHz is also audible before dark. So far only Arabic is used during the programs consisting of Arabic music, newscasts on the hour and lots of propaganda. The location must be the western tip of Algeria, since the bearing from his location shows 160 degrees. [Carlos L.R. de Assunção Gonçalves in *Medium Wave News* 11/92]

**ECUADOR:** According to a report by Glenn Hauser on *World of Radio* (11/22/92), Ecuador is shifting to Daylight Savings Time, and will be UTC-4. Why would a country on the equator need DST? To save energy during an economic crisis. This may enable DXers to hear sign-ons one hour earlier in the mornings.

**MONTISERRAT:** R. Antilles 930 back up to higher power noted 10/13 til 2359 with BBC relay, suddenly at 2359 to VOA English. [D. Crawford in *DX South Florida* in *PLAY DX* 715]

**MOROCCO:** 827 kHz mystery station (recently reported by Jean Burnell - Jim) "is definitely from Morocco, ID in Arabic 2200 UTC, no // outlets noted, exact frequency is 826.991". [Len Walker in *Medium Wave News* 11/92]

**SWEDEN:** R. Sweden has English effective 9/26/92-3/27/93 2130-2230, 2330-0000 on 1179 kHz. [BDXC in *Medium Wave News* 11/92]

**QSL INFORMATION**

**VATICAN:** Radio Vatican 1611; heard 2/9/91, follow-ups 10/30/91 and 9/23/92, QSL card (depicting Pope John Paul II) received 10/31/92. Address Vatican Radio, 1-00120 Vatican City, Vatican State. No v/s, sent \$1.00. [HH-MD]

**PROPAGATION: TA'S IN REVERSE**

"Sunset" DX: Recently in mid-October some early evening trans-Atlantic DX has been noted (e.g., Newfoundland 1210 and Rio de Janeiro 1220 at 2045 UTC and Carriacou 1400 at 2150). These times correspond almost exactly with sunset at the transmitter site.

This form of propagation is characterised by fair signals for perhaps 20-30 minutes around sunset and then significantly poorer signals subsequently. [*Medium Wave News* 11/92]

**CORRECTION**

Don Moore's recent 830 XELA logging was in error, according to a review of his tape. The station was XELN, Linares, Nuevo León, 3 kW - a new unlisted station, and a better catch! Thanks for the correction, Don.

**RAY MILLAR SPEAKS**

"Thank you for listing the ST. HELENA shortwave tip in IDX. While I'm no SWL I tried for this and caught it! Please don't hesitate to list such non-BCB tips in the future, as those that don't belong to any SWL group would not otherwise know about such". [RM-WA] (I restrict my SW DX info to items that have a direct connection to MW DX. If I didn't, I'd run out of room for MW DX! In any event, nice to hear from you - Jim)
