BLACKFOOT BROADCASTING CO.

BLACKFOOT, IDAHO

November 23, 1951

Mr. Norman L. Maguire
434 North Maple
Albuquerque, New Mexico

Dear Norman:

We at K B L I were happy to receive from you the letter indicating that you had received us early on the morning of November 16, 1951 while we were conducting frequency and equipment tests. Believe me we appreciate this information.

Since it just happens that at the time you were listening to us I was personally handling the controls, it gives me great pleasure in confirming the fact that you read us correctly.

Thank you also for the detailed information you included in your report to us on the reception.

Respectfully yours,

A. T. Christensen

November 16, 1955

Dear D-Xer

We are very pleased to acknowledge your report of KBOI reception during our special D-X program on the early, early morning of November 7.

It may be interesting to you to know that at the same time you were listening, and writing us, so, too, were many others. As we voice this acknowledgement we have heard from 35 different states, 6 Canadian provinces and, already, 2 air mail letters from New Zealand. We are sure there are more who haven't yet written or whose letters are on the way from distant areas.

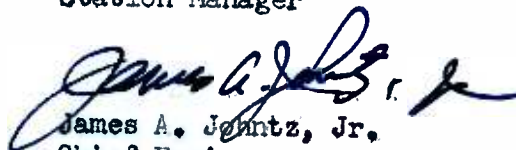

Perhaps you are aware that KBOI, which was known as KDSH until about nine months ago, broadcasts on a frequency of 950 KC. with a power of 5,000 watts. From midnight to 1:00 am MST on November 7, we broadcast on the night time directional pattern prescribed for us by the F.C.C. and from 1:00 to 2:30 am MST changed to our regular daytime pattern which radiates equally in all directions from a single 300 foot tower.

May we thank you for the courtesy of writing to report your reception of KBOI and wish you happy "D-Xing".

Cordially,

Earl Glade, Jr.
Station Manager

James A. Joantz, Jr.

SODA SPRINGS, IDAHO

Jan 11, 1958

Dear Sir:

This is to confirm your letter of Jan 6, 1958 That we of Radio Station KBRV were on the air from 2:00 to 2:30 AM Jan 6, 1958 And your program checks with ours.

Thanks for information on your signals and the type of equipment.

I am sorry that we did not get on the air when scheduled but I had company from out of town and for got to set the clock to get up. We will try this again some time in the spring if you fellows would like and hope we have better luck.

There were quite a few reports that came in though after all and a good share of them came from the eastern states. Thanks.

Yours truly,

Paul D Haviland

Albuquerque, New Mexico

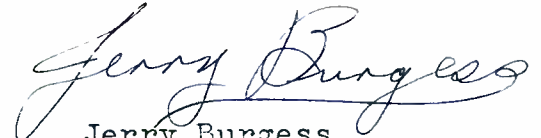

Dear Sir:

Here is a delayed verification your reception K C I D, Jan. 16, 1949. We were on the air from 4 to 4:15 AM MST on our regular frequency test period. The selections played were primarily by Phil Harris. Others were by Louie Prima. We were talking about the unofficial temperature being 1° above zero.

K C I D is a 250 watt standard broadcast station, operating on 1490 Kilocycles with an RCA BTA-50L transmitter and a 305 ft. tower located on Canyon Hill, 2½ miles East of Caldwell, Idaho.

Thank you very much for your letter and interest in our station. Please excuse the delay as your letter was misplaced by myself.

Yours truly,

Jerry Burgess

Albuquerque, New Mexico

Dear Mr. MacGuire;

Due to a number of recent personell changes at this station, your letter of March 3, 1952 has been overlooked. I'm truly sorry about this, and hope you will pardon us.

For your information:

KEEP Radio, formerly KVIN, Twin Falls, Idaho, made the call change on March 15, 1952 purley for promotional purposes. We are still an affiliate of the CBS Radio Network, with a power of 250w and a carrier frequency of 1450kc. Our monthly frequency check is run the third Wednesday of every month at 5:45 A.M. MST.

Rest assured that all future DX reports will be promptly answered.

Yours very truly,

Dave E. Fox

Dear Norman,

Sorry to be so long in getting an answer to you concerning the DX program we conducted on Nov. 26, 1951. I am happy to confirm your reception of KPST on the morning of Nov. 26. Not too many DXers heard us because of a misunderstanding of time for the program. In the near future we hope to be scheduled again by the NRC. Possibly then you will be able to hear more of our program. Thanks alot for the report it was a pleasure to hear from you.

Yours truly

Dear Mr. Maguire:

Thank you for your report of reception of our DX program on Dec. 15th. This letter will serve as verification of your correct report of reception.

It's rather unusual to find a "ham" DXing on the broadcast band. I'm curious as to which came first -- the DXing or the hamming.

Best wishes for 1948.

Sincerely yours,

Radio Station KRPL
