DUNCAN'S COMMENTS:

Rochester has been a somewhat below average radio market. The problem has been the slow population growth of the area which has served to restrict revenue growth. The other market attributes are satisfactory.

WCMF was a fine station during the years Stoner and American Radio Systems owned the station. It began to unravel in the mid 90's and has never righted itself. That leaves WHAM and WBEE as the most consistently successful stations in Rochester over the last 30 years.
