NOTE: Market rated twice yearly with Fall 1997 period.

1/ See introduction section for interpretation of revenue estimates.

# Cross Market Analyses

This section of the book compares markets in terms of selected demographic, economic and competitive factors.

| Table Number | Table Name   | Table Description  |
|--------------|--|--|
| Table 1      | <b>Growth Rate Projections By Market</b>               | Listed in Market Rank order, this table projects 1998-2002 annual growth rates for population, households, estimated retail sales and effective buying income. |
| Table 2      | <b>Number of Radio Stations in Market</b>              | Indexed on Market Rank order, this table lists the number of commercial AM and FM stations, as well as the total number of commercial stations in each market. |
| Table 3      | <b>1999 Estimated Gross Revenues by Market Rank</b>    | Indexed on Market Rank order, this table profiles the estimated 1999 gross revenues for radio in each Arbitron-rated market.                                   |
| Table 4      | <b>1999 Estimated Gross Revenues by Revenue Amount</b> | Listed by BIA's Market Revenue Rank, this table highlights the estimated 1999 gross revenues for each Arbitron-rated market.                                   |
| Table 5      | <b>Station Calls to Market Rank</b>                    | A cross reference for locating the Arbitron-rated market in which a station is rated.  |
| Table 6      | <b>City of License to Market Rank</b>                  | A cross reference for identifying the Arbitron-rated market in which a City of License is located.   |

# About

# Financial network

BIA Financial Network helps communications and information technology (IT) companies succeed in today's competitive marketplace by developing strategic plans, assessing risks, raising capital, and maximizing stockholder returns.

As an expert in communications and IT business valuations, we have performed over \$25 billion worth of valuations during our 16-year history. In addition, BIA helps communications and IT companies evaluate business opportunities, develop strategies, and secure the financing that can take them to the next level.

BIA stands alone in its ability to analyze and evaluate the financial, competitive, regulatory, and technological conditions impacting the communications and IT industries. Helping companies and their investors succeed in today's progressive business climate is the cornerstone of our organization.

Discover what BIA Financial Network can do for you.

**At BIA, our solutions simply work.**

**Investment Banking**

- Private Funding Up to \$125 million
- Start-up and Early Stage Funding
- Strategic Advisory Services

**Strategic Consulting**

- Business Plans
- Market Research
- Economic Analysis
- Strategic Alliances and Partnerships

**Financial Consulting**

- Fairness Opinions
- Fair Market Valuations
- Purchase Price Allocations
- Technical Consulting
- Operational Due Diligence
- Litigation Consulting and Testimony

**Information Services**

- Strategic Research and Analysis
- Database Software Products and Publications

# Venture Funding Strategic Planning

BIA Ventures, part of the BIA Financial Network, is committed to keeping ahead of technology and business trends in order to provide you with expert strategic advisory and market research services. BIA Ventures' team of private investment bankers, strategic consultants, and valuation experts can offer you critical industry knowledge, strategic thinking, fund raising, and access to the right partners for your business.

## Our Strategic Advisory Services include:

- Strategic and Business Planning
- Financial Modeling and Valuations
- Mergers & Acquisitions Due Diligence
- Market Research and Demand Forecasts
- Marketing Plans and Market Entry Strategies
- Strategic Alliances and Partnerships Analysis

Discover how BIA can shape your future today.

## The availability of capital is not an issue.

Whether it's a small loan to purchase radio stations, mezzanine financing for a cellular recapitalization, or venture capital investment for your ISP, these types of deals are closing every day.

- How can you get the attention of investors and lenders?
- Who are the best financial partners for your deal?
- How much equity do you have to give up?
- What is the right amount of funding?
- How do you get the best terms?
- How do you minimize the time to funding?

strategies

## RFCAD™

SIGNAL MAPPING  
SOFTWARE

### features

- Easy-To-Use Graphical Interface
- Integrated Modules And Databases
- Exceptional Analysis Capabilities
- High-Resolution, Full Color Topographic Maps
- Graphical Site Creation
- Multiple Site Coverage Display
- Customizable User Defaults and Templates
- HAAT, Terrain Analysis, Point-to-Point,
- STL Studies; Search; Spacing; Interference
- Selectable Propagation Models
- Advanced Propagation Models
- Include Land Use/Land Cover Factors
- Comprehensive On-Line Help
- Professional and Accessible Technical Support

### With RFCAD, you can...

- Plan, design, and analyze Broadcast, Land-Mobile, SMR, Public Safety, Paging, Cellular and other wireless systems.
- Create "what if" scenarios and visualize the results.
- Quickly see coverage contours, terrain profiles, and high-resolution propagation predictions.
- Display prediction results over seamless, rasterized USGS topographic maps.
- Create FCC application exhibits.
- Use Longley-Rice, Biby-C, and Okumura-Hata-Davidson propagation studies.

### specs

- Longley-Rice, Biby-C and Okumura-Hata-Davidson Propagation Models
- FCC, Carey, R6602 Contours
- Rasterized USGS Topographic Maps
- 3 arc-second (NAD 83 Datum); US, Canada, and Mexico terrain data
- 30 arc-second (WGS84) World Data
- FCC Technical Database Searches
- GIS File Support
- 32-bit Application Designed for Windows9x/NT™

## RADIO AND TELEVISION

## BOOKS

800-331-5086  
[www.bia.com](http://www.bia.com)

Broadcasting's most  
complete and accurate reference books

# Investing In<sup>®</sup> Series

AVAILABLE IN BOTH RADIO AND TELEVISION EDITIONS

## Investing in Market Reports

The most comprehensive, up-to-date, market-by-market reference guides published. These reports include estimated station and market advertising revenues, growth statistics, demographics information, Arbitron or Nielsen ratings, technical, acquisition, ownership data, and much more.

## Investing in Ownership Files

These reference books scrutinize the activity and performance of broadcasting's major players. They include station summary information by owner, acquisition information, ratings and more.

## Yearbook

These publications provide a directory of more than 10,000 radio and 1,600 television stations as well as a quick overview of a market's performance, its major players and service providers.

## State of the Industry Reports

Go beyond the numbers and statistics and discover what BIA's analysts say about broadcasting's past, present and future. These insightful books report on the current status of the major players and offer the most comprehensive analysis of industry trends, revenues, ratings, advertising, ownership and the transaction marketplace available today.

ACCESS PRO™

# Contacts and Analyzer

## Contacts

**MEDIA Access Pro Contacts** introduces you to the power of BIA's trusted information. This program offers station, owner and parent contact information with both mailing addresses and physical addresses— ideal for use as a contact manager or for direct mail campaigns. Easy-to-use pull down menus provide several levels of contact information.

## features

- Quick and easy searches
- Daily updates via the Internet
- All commercial U.S. radio and television stations
- Over 500 searchable fields of information available for each station
- Built-in reports
- Exportable data

## Analyzer

**Note:**  
There are up to 9 direct screens for each station containing more than 500 fields of information.

800-331-5086  
www.bia.com

**MEDIA Access Pro Analyzer** is BIA's flagship software program. This leading business tool provides a multitude of revenue, technical, statistical, demographic and transactional history information on every station and owner in the U.S. BIA uses many sources to gather this data. FCC filings and actions are united with data received through our intense survey and information collection efforts. BIA regularly performs ownership surveys which provide estimated station revenues and commentaries on projected market growth. Stations are also contacted up to 6 times a year requesting up-to-date personnel, address and other changes.

# Available Modules

## Coverage Maps

### Features

- Easy to operate
- Zoomable viewing to see one station, the entire market or the country
- Printable maps (Color or B&W)
- Available for both radio and television

BIA's MEDIA Access Pro™ Coverage Maps will produce contours by market, within a 50-mile radius of a selected station or you can view an unlimited number of stations in the United States—with just a few quick steps.

Now you won't have to wait days for a station coverage map to be produced and delivered. You'll have the power to draw, view and print maps with the click of a mouse. Just select the station(s), scale, grade and tower site. You can display as much or as little detail as you want. You're in control.

## Rankers

BIA's MEDIA Access Pro™ Radio Rankers gives you the ability to track the rankings of a radio station's ratings in its critical demos and dayparts for every market in which it's rated by Arbitron.

With Rankers you can generate a custom report, profiling a station's demographics and its ranking within a rated market.

With MEDIA Access Pro's Rankers module, you can even perform due diligence for an acquisition or another important strategic maneuver—all within minutes!

### Features

- Compares rankings in other rated markets
- Printable custom reports
- Available for radio only

## BIA Research Products and Services

### Investing in Radio® Market Report

### Investing in Television® Market Report

These market-by-market reference guides include estimated station and market advertising revenues, growth statistics, demographics information, Arbitron or Nielsen ratings, technical, acquisition and ownership data, and much more.

### Investing in Radio® Ownership File

### Investing in Television® Ownership File

These reference books scrutinize the activity and performance of broadcasting's major players to include station summary information by owner, acquisition information, ratings and more.

### BIA's Radio Yearbook®

### BIA's Television Yearbook®

These publications provide a directory of more than 10,000 radio and 1,600 television stations as well as a quick overview of a market's performance and its major players.

### BIA's State of the Industry Studies

Go beyond the numbers and statistics and discover what BIA's analysts say about broadcasting's past, present and future.

### The BIAfn Monitor

A weekly on-line newsletter profiling the transactional events impacting the converging communications industries of radio, television, cable TV, wireless communications, and telecommunications. Available on-line via BIA's web site at [www.bia.com](http://www.bia.com).

### MEDIA Access Pro™ Database Software

The most powerful and flexible tool available for analyzing radio or television stations, markets, owners and more. Add-on modules are available to create station coverage maps and station ratings performance.

### MEDIA Web Search™

The most comprehensive and timely tool available on-line for accessing commercial radio and television station data. The perfect on-line solution to your immediate research needs designed with ease-of-use in mind.

### MEDIA by Request™

Our research department can quickly provide the facts you need on stations, systems, markets, owners or coverage maps. Simply give us the informational parameters you require, and we'll prepare your report promptly.

### RFCad™ Signal Mapping Software

The powerful new standard in radio frequency engineering tools allows you to perform "what if" scenarios for Broadcast, Land-Mobile, SMR, Public Safety, Paging, Cellular and other wireless systems and visualize the results.
