

This section lists the **M Street RADIO MARKETS** in the United States. In general, a station is included in a market if it is licensed to a city in that market or if the market is a primary focus of its marketing activities.

For each listing, the market name is followed by all states served, Metro and Total Survey Area populations (TSA), the M Street 1996 market rank (MST), the Arbitron 1996 market rank (ARB), the Willhight survey dates (if any), followed by AM and FM stations, in dial order.

Metro and Total Survey Area population figures are based on the 12+ population estimates of Arbitron, if an Arbitron-rated market; Willhight, if the market is rated by Willhight but not Arbitron; or M Street, if the market is not rated. M Street rank is based on population estimates for the M Street-defined market area, which is defined by postal zip codes, rather than counties. The market definitions of Arbitron and Willhight are influenced by stations purchasing each company's ratings services, and do not necessarily coincide with each other or with M Street.

Audience estimates are for persons 12+ Monday-Sunday, 6 a.m. to midnight, average quarter hour shares and persons from the Metro Survey Area. Ratings for each Arbitron market are from the most recent ratings period for that market. Willhight survey dates are given separately for each market.

This year's directory includes Arbitron trend information. The column headers indicate the rating period, or "book," from which the numbers came. Here are our abbreviations, as well as the survey dates for each book:

"F95"	Fall '95 Arbitron	Sep. 21 - Dec. 13, 1995
"U95"	Summer '95 Arbitron	Jun. 22 - Sep. 13, 1995
"S95"	Spring '95 Arbitron	Mar. 30 - Jun. 21, 1995
"W95"	Winter '95 Arbitron	Jan. 5 - Mar. 29, 1995
"S94"	Spring '94 Arbitron	Mar. 31 - Jun. 22, 1994

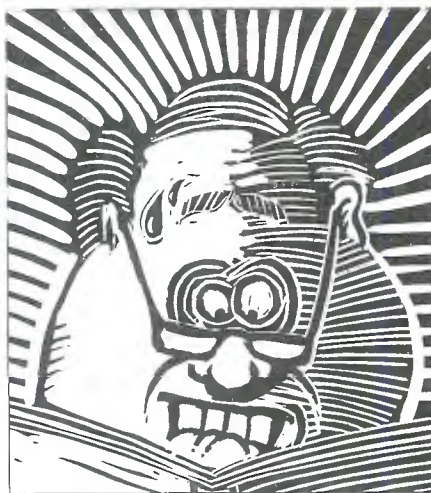

If the market is measured by both Willhight and Arbitron, the Willhight share is listed in the last column as "Will." Trend data may not be available for all stations. Arbitron does not release rating information for non-commercial stations.

For more information on ratings and copyright information, see the **ABOUT RATINGS** section at the front of the book. Estimates are Copyrighted and may not be quoted or reproduced without prior written permission of the Copyright owner. For more information on the format descriptions for each station, see the **FORMAT CLASSIFICATIONS** section at the front of the book.

As with other sections of the book, **M Street RADIO MARKETS** are a condensation of data collected and are revised on an ongoing basis by M Street. Please call or write us with updates, corrections, or inquiries for customized applications of our market data.

IS YOUR RADIO RATINGS COMPANY ADDING MORE TO THEIR BOTTOM LINE THAN YOURS?

If you just answered yes to this question, now is the time to do something about it. Why not buy from a radio ratings company that does radio ratings right?

Probe". This means that your station is *credited* correctly. Willhights' *qualitative data* is respondent based and market specific, so you have the information you need to sell smart. Change the way you

Key to markets section:

For each listing, the market name is followed by Metro and Total Survey Area (TSA) populations, the M Street 1996 market rank (MST), the Arbitron 1996 market rank (ARB), the Willlight survey dates (if any), followed by AM and FM stations in dial order. All current Arbitron ratings are from the most recent ratings period for that market, which are shown in the first column.

Estimates are for persons 12+ Monday-Sunday, 6 am to midnight, average quarter hour shares from the Metro Survey area. For more information on ratings and copyright information, see the ABOUT RATINGS section at the front of the book. Estimates are copyrighted and may not be quoted or reproduced without prior written permission of the copyright owner. Trend data may not be available for all stations. Arbitron does not release ratings information for non-commercial stations. For more information on the format descriptions for each station, see the FORMAT CLASSIFICATIONS section at the front of the book.

M Street Same Day Map Service

(using RadioSoft's AMR and FMR mapping software)

Now you can have a map of your actual contours faxed or shipped the same day you order it! M Street can deliver full-color or black and white coverage maps with up to 9 FM or 4 AM contours on one map (subject to geographic limitations). They're great for sales kits, brokers packets, and facilities upgrade analysis. And, they're a lot less expensive than what you're used to.

Call today to see what we can design for you!

(800) 248-4242 (615) 865-1525

INSIDE RADIO®

Every day by 7 a.m.

Edited by Tom Taylor/609-424-6800

On your desk before the distractions begin. Over your morning coffee. Before the meetings and the phone calls. Every day — the most current updates. INSIDE RADIO Daily FAX service began on the eve of duopoly. Now, many executives tell us they couldn't have kept track of the flurry of station trading without it. But there's more: executive moves, new format trends, new services.

Next day Arbitron ratings. Quarterlies and Arbitrends. Today's releases on your desk tomorrow morning. When the ratings are being delivered, it's the most-stolen page of INSIDE RADIO.

Radio stocks and business news. Each morning we publish the quotes from publicly-traded radio companies. And information on those stocks that goes beyond how they performed on the exchanges.

Employment and Marketplace listings. A daily diet of executive opportunities. For those looking, the curious-but-employed and stations or companies looking to hire. We're told by owners that it delivers quality leads when they're looking for their next GM, Sales Manager or Programmer. There's also INSIDE RADIO'S Marketplace section. New products and services on display every day.

Be careful — it's addictive. The INSIDE RADIO daily FAX turns five years old in '96. Our loyal readers tell us it's part of their routine. That's why advertisers know their messages will be seen. On your desk by 7 a.m. — starting tomorrow if you call now.

INSIDE RADIO

The Daily FAX

Call today — service begins tomorrow morning
