**Precision means that you avoid the time consuming errors resulting from unfounded data such as these listed below...**

- ✘ Called a person who no longer holds that position at the station
- ✘ Emailed someone at a station and had it bounce back
- ✘ Called the desired contact and the number didn't work
- ✘ Placed a buy on a station with good intentions, but the format had changed
- ✘ Were frustrated that you were using data that was out of date!
