Weekly Review of Radio News-Thought and Opinion

RADIO MAY PREVENT PRISON ESCAPES

The city of Auburn, N. Y., has applied to the Federal Radio Commission for a permit to erect a radio police station for use in preventing riots and escapes at the New York state prison. The penitentiary has been the scene of several of the bloodiest revolts within the last few years.

Reconstruction work is under way at the prison now, it was explained, and some of the walls have been torn down to permit trucks to carry supplies inside more easily. Many of the convicts are temporarily stationed on farms and at camps.

With police squad cars equipped with radio receiving sets and a transmitting station of about 35 or 40 watts at headquarters, an attempted escape could quickly be frustrated, Chester J. Bills, Auburn police chief, testified.

SOUTH CAROLINA TO TAX SET OWNERS

Blanks on which all radio sets in South Carolina are to be reported to the state tax commission by May 30th have been sent to several thousand radio owners.

The tax is graduated according to the value of the set and the rates are as follows: Fifty cents for sets costing less than \$50; \$1 for sets between \$50 and \$200; \$2 for set between \$200 and \$500, and \$2.50 for sets costing more than \$500.

HOOVER INTERESTED IN TELEVISION?

There is a report that President Hoover has installed a television set in the White House, and at odd moments is experimenting with receiving pictures by radio.

RADIO TRANSFER PUSHED

The immediate transfer of the functions, personnel, and apparatus of the radio division of the Department of Commerce to the Federal Radio Commission is proposed in a resolution introduced in the senate by Senator C. C. Dill of Washington.

Declaring that there is no apparent opposition to the move, the senator said he hoped that it would be adopted by congress before adjournment for the summer. The provision for the consolidation is included in the Couzens bill, now under consideration by the senate Committee on Interstate Commerce.

TO TEST RADIO ON ILLITERATES

The National Advisory Committee on Education by Radio is planning to test the value of radio in schools by experimenting with 100 receiving sets in 100 homes where no member of the family can read and write.

"This will give us a chance to see just what influence we can bring to a family isolated from neighbors and isolated because of inability to read the printed word," said Dr. Ray Lyman Wilbur, secretary of the interior, who named the committee.

PICK UP S. O. S. AUTOMATICALLY

A recent development aimed at increased safety at sea is the auto-alarm, a device which rings an alarm in the radio room and on the bridge when an S. O. S. or distress signal is picked up by the unattended receiver. This device, which has been employed experimentally on certain foreign ships, has been refined to the point where its mechanical intelligence disregards all signals except the S. O. S. or distress call, which sets off the alarm.

STUDIO NEWS

The likely looking lad on the cover this week is the famous "Freckles" of "Buttercream School Kids" fame. Mr. Hal Nichols, manager of KFOX, tells us that "Freckles," otherwise known as Cline Chittick, is just the same boy when he is not before the microphone as he is in the school room of the radio school. Turn your dials to 1250 kilocycles and enjoy this refreshing program from KFOX nightly at 7, except Sunday.

Three series of religious programs have been arranged by the National Broadcasting Company for the summer months. These will be inaugurated Sunday, June 1, and will continue until Sunday, October 12. The three presentations are the Friendly Hour, Sunday, from 11 to 12 noon; the National Sunday Forum, from 12 to 1 p. m., and Twilight Reveries, from 1 to 2 p. m. Consult your local NBC station program.

Two youngsters, known as "The Two Rolling Stones," singing and playing uke and guitar for accompaniment, are appearing over KMTR daily except Sunday, at 9:30 a. m. These young people, sister and brother, sing and play popular songs like experienced professionals.

With the tentative date fixed for Wednesday, June 4, KGER, in Long Beach, will begin to broadcast the fights weekly at 9 p. m. on Wednesdays from the new Wilmington Bowl. KGER also continues to re-broadcast the Tuesday night fights from the Olympic auditorium, Los Angeles, the program originating from KFWB.

Don Allen came to KTM as a musician several months ago on the KTM Ranch hour and other musical programs. Later he was given a position as announcer and now has been made chief announcer and assistant program director of KTM. This is an auspicious beginning for a youngster.

For grand opera lovers in the Northwest, KHJ's 9 to 9:30 period on Thursday night is recommended. Jean Kantner, baritone; Betty Anderson, soprano, and Sydney Dixon are presented on this feature.

Manly P. Hall, whose brilliant lectures on Psychology were a feature over KFI some months ago, is now to be heard over KECA every Sunday at 5 p. m.

Mischa Elman, world-famous Russian violinist, will be presented to the western air audience during the RCA hour on Thursday evening from 6 to 7 over the National Broadcasting Company. Compositions of his countrymen, Tschai-kowsky and Rimsky-Korsakoff, are included in Elman's program. KGO, KHQ, KOMO, KGW and KFI are scheduled to release this feature.

For too many years has California and the West meekly turned the other ear to a deluge of chain programs coming out of the East. "Listen and like it," commands the East; and quite often we have, but now California retaliates with "California Melodies," a typical California program which originates in the studios of KHJ and goes East over the entire Columbia Broadcasting System. The time is every Wednesday night at 7:30.

For the early riser who uses radio at the break of day, Bill Ross keeps everyone greatly amused with a weird story concerning a cow. Tune in on KOL every morning from 7 to 8.

On Monday, June 2, the University of Southern California will celebrate its 50th anniversary with all due pomp and ceremony. Thousands of listeners all over the West may participate in this auspicious occasion by tuning in KHJ or KFRC, at 8 p. m. This program will take the place of the Blue Monday Jamboree for this week only.

Short Wave Club

(EDITOR'S NOTE.—Now that the DX season is over and the usual summer noise level overrides most of our DX, we turn our attention to short wave reception, where static is always meek and mild, and great distances may be received the year 'round.

The following report from Seymour Hastings indicates what is possible with a Pilot A. C. Super Wasp.)

For us distant reception has always been an extremely fascinating pastime, and we have experimented with numerous distance-getters, so called. Various antennae and ground systems have been loaned or given us in furtherance of our DX desires. We have built radio receivers contrary to the opinions of experts—thousands of Radio Doings readers will recall our "Power tubeless three tuber," which we had at Venice, and which at that time played stations in the summer months that nobody—as far as we know—was playing in Los Angeles.

Ultimately we consulted Jack Cheney and prevailed upon this far-sighted custom-set builder to follow our ideas and supplement them with his own, and the result is a special receiver that does all we can expect with the present allotted broadcast frequencies.

So that it takes somebody of great persuasive power to induce us to leave the "heap" at home and join him, restless, on a DX party.

The man in question was the well-known attorney, Herbert Kidd. He said, "Have you heard short wave DX?" We admitted we had, but as the field appeared to be limited we had not yet fallen for the higher frequencies.

In Kidd's party to Laguna Beach were two other dyed-in-the-wool DX bugs, O. A. Smith and Curt Juhl. It was a "Short Wave" DX party, so our special pet was left at home.

Well, after two days and nights with an A. C. Pilot Super Wasp, we are thoroughly sold on the delightful enjoyment of tuning in far greater distances with a short wave receiver.

To those who should interest themselves in the purchase and operation of this remarkable and inexpensive receiver, the following approximate right-hand dial settings (as we recall them) may be of use in tuning:

22, KGA; 42, KYA; 47, RA97; 51, foreign; 52, Moscow; 66-80, amateurs

(phones); 80-85, Boeing Air Line; two-way conversation on same frequency; 85, Detroit police; 86-90, Western Air Express; 97+, foreign.

Red Coil—8, Brooklyn; 25-28, amateurs (phone); 23-28, stations heard only in daylight, but not identified; 43, WGY; 70, KGO; 80, CJRX; 80+, CJRW; 81, KDKA; 83, Nauen (about 26-27 meters); 84, G5SW; 85, Manila. 90, G prefix, English station; 90+, London-Sydney.

Orange Coil—8+, Sidney-London; 9, C prefix (foreign); 6 and 7, two Spanish-speaking stations; 10, Nairobi, London, Sydney; 15, foreign; 17+, Canadian; 21, Holland; 22, WGY; 24, Holland; 25, Yacht "Electra"; 26, American; 28, New York, London; 52 and 55, New York, S. S. "Leviathan"; 69+ and 73, New York, London (weather reports, etc., 7:45 p. m., P. S. T.); 81, Bogota; 82, WLW; 83, WRNY; 84, WABC; 85, WJZ; 86, WENR; 89, KYW.

Herbert Kidd is credited with hearing the following also, which should, we think, entitle him to a seat at the table of the world's DX bow-wows:

Wave length 14.5, call LSH, located at Monte Grande, Argentina; 14.5, PMB, Bandoeng, Java; 14.6, DIV, Nauen, Germany; 14.83, DGW, Nauen, Germany; 15.02, LSG, Buenos Aires, Argentina; 15.02, DIH, Nauen, Germany; 15.29, DFA, Nauen, Germany; 15.43, FW, St. Assise, France; 15.43, FTM, St. Assise, France; 15.9, XDA, Chapultepec, Mexico; 15.92, PLE, Bandoeng, Java; 16.01, GBJ, England; 16.11, GBU, England; 16.3, PCK, Kootwijk, Holland; 16.38, CBS, England; 16.5, CGA, Drummondville; 16.54, GBW, England; 16.57, GBK, England; 16.57, FZU, Madagascar; 16.8, PLF, Bandoeng, Java; 16.88, PHI, Huizen, Holland; 16.9, HSIPJ, Bangkok, Siam; 18.07, PCL, Kootwijk, Holland; 18.56, GBX, England; 18.80, PLG, Bandoeng, Java; 20.0, LSG, Monte Grande, Argentina; 20.7, VPD, Suva, Fiji Islands; 24.4, FW4, St. Assise, France; 24.4, KIXR, Manila; 25.53, 5SW,

(Continued on Page 15)

Q and A

QUESTION.—Is there a variation in the response of the ear to the range of audible sounds. I mean by that, can one person hear more bass than another, or more treble, etc. Is this the reason that tone quality in radio is so largely a matter of personal taste, because it actually sounds different to different people?—F. P., Los Angeles.

ANSWER.—Yes, the human ear has its definite limitations, and these limitations vary in individuals and under different conditions. Once upon a time the ear was very sensitive to a very wide tone range, and still is in those individuals who live in the quiet, open country. Those of us who dwell in the cities, however, have suffered the ever present noises of a city until the ears have naturally become less sensitive, in order to prevent our physical mechanisms from developing into nervous wrecks. For self-protection, we must therefore ignore sounds which to the mountain hermit would be a great and distracting noise.

The tone range in individuals varies greatly. Some can hear notes as high as 10,000 cycles, while others cease to hear at 5,000 cycles. But there is another factor which enters into the enjoyment of listening to music. If any fundamental note is absent, but its harmonics are there, the ear hears the harmonics or overtones and the brain manufactures the fundamental note which the harmonics represent. In the early sets which did not have a tone range extending down into the lower register, a bass note was reproduced solely by suggestion. A noise consisting of the harmonics of the real bass note, is all that the radio receiver gave out. Unconsciously, the listener's mind automatically "manufactured" the missing fundamental note in order to complete the music. That is why prolonged listening to radios was tiresome, without our knowing why. The brain was fatigued creating the missing portion of the sounds, in order that noise would register as music.

The modern receivers, however, have eliminated this mental strain on the listener by reproducing the music in its entirety. A listener may listen to a radio and be perfectly relaxed because

of the fact that all fundamental notes, complete with their harmonics or overtones, are present in their proper relation to one another.

Gabriel Now with KNX

Charles H. Gabriel, Jr., the new publicity director of KNX, has a name that, for a man of his profession, is almost a natural. Trumpeting in a publicity way, however, is only one of the numerous things in which Gabriel is proficient. He is a bachelor and master of music, a concert pianist, an organist, a composer, a teacher of music. He was program director at WGN, Chicago; KLX, Oakland, and for NBC in its San Francisco studios. He was music critic for the late John B. Freund's great "Musical America," and for the Chicago Tribune, and was managing editor of Popular Mechanics, news editor of Auto Topics, and radio editor of the Chicago Tribune and the Oakland Tribune. Mr. Gabriel knows music . . . knows radio . . . knows good programs and how to promote them. He believes in KNX . . . is entering enthusiastically into the task of telling the world about what is worth while from the "Voice of Hollywood."

CHAS. GABRIEL

Radio As a Boon to Human Progress

Fifty years from now you or your children may get just as much kick out of listening to the description of an elephant hunt or the excavation of a buried city or a Pharaoh's tomb as you now get from tuning in on "Amos 'n' Andy." And you'll unquestionably get more worthwhile knowledge, with all due respect to the entertainment talents of the latter.

In other words, radio programs are certain to take a more useful and educative trend, in the opinion of Dr. Henry D. Hubbard, assistant to the director at the United States Bureau of Standards, but this education will have to be presented as interestingly as sheer entertainment features are now.

With this last issue of May, we again bid good-bye to the DX Club. RADIO DOINGS has great plans for an organized DX Club which will include regular meetings, membership cards, prizes, etc., and we hope to have you all members when the cool days make long distance reception possible. Until next fall—Adios, Amigos!

FIRST PRIZE

Sunset Aerial, Courtesy Sunset
Mfg. Co.

“DX Club”:

This is my second attempt to become a member of the DX Club and I hope it will be more successful than before.

This is my log with the majority of the stations verified, including 2YA, XEN, CKWX, WFIW, WMMN, W2XAC (WGY), etc.:

P.M.—WOWO, KRLD, KVOO, WCHI, KGIQ, WSB, WOAI, WHO, KOMO, KXA, KSTP, KTBS, KWJJ, KXL, KJR, KFEL, WJR, KMOX, WTAM, KHQ, KWKH, WGN, KEX, WBAP, KDKA, KMMJ, WOC, KSL, KOB, WFAA, WCCO, KVI, WLW, KGA, KOA, XEN, WHAS.

A.M.—KFDY, KPRC, WMMN, WBBM, KFKA, WKBF, KGKL, WREC, WFIW, KFQW, KGHF, KVOA, KTSA, KFIF, WOI, WSUI, WIBO, WMAQ, KLZ, KFEQ, KWSC, KCRC, KMBC, KORE, KGAR, WMBD, WJAG, KGRC, WDAG, KSCJ, KYW, KOH, KOY, KGIR, KPOF, KTAR, KLO, WDAF, KGRS, KXRO, WOW, WLS, KFXF, WKY, KTNT, KSAT, WENR, KGBZ, KDYL, WIBW, WNAX, WAAW, KMA, KFAB, KFKB, KFNF, CFCN, CKWX, JOHK, W2XAC (WGY), 2YA.

Also have heard 35 California stations, including KRE, KFQU, KREG, KYA and KGGC.

Wishing Radio Doings continued success, I am,

Sincerely,

NORMAN LANE.

118 W. Almond St., Compton, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset
Mfg. Co.

DX Club:

Have been following the reports of your club for some time now and I have written a letter or two, but here goes for another. Less than two weeks ago I purchased an Atwater Kent '60, and the following is my log for that time. I have a street-car line in front of the house and a transformer on a pole within twenty feet of my aerial. Am listing stations in the order they are received:

KATB, KOAC, KMTR, KHQ, KFSD, KFRC, KFAD, KGW, CFCT, KFI, WSM, WMAQ, KPO, CFCN, WLW, KEJK, WGN, CKWX, XEN, KMMJ, WJR, KVI, WBBM, KELW, KTM, KGO, WBAP, WCCO, WPCH, WHAS, KOA, CMC, KWKH, KFQZ, WBCN, WENR, KFKA, KLX, KHJ, KOMO, KFWI, KFWM, KFXF, KOIN, KFWB, KJR, KDKA, KFVD, WOC, KQW, KFKX, CNRV, KRLD, WSB, KFKB, KNX, WTAM, KMOX, WRVA, KFSG, KMIC, KSL, KEX, KOB, KTAT, KGFJ, KFOX, KDYL, KTBI, KGB, KFJZ, KGER, KGA, KDB, KECA, KXL, JOAK.

The last three stations are out of order in the list, so enclosed please find twenty-five cents for the latest Radio Doings Call Book. When I get that I can list my stations correctly.

ELMER W. LEVIS.

1989 Beacon St., Ocean Beach,
San Diego, Calif.

Southern California's Midgets

By K. G. O.

The midget radio is the answer to the problems facing the local manufacturers in their struggle for a place in the sun. Today there are twenty of these compact, efficient, low-priced sets being made in Southern California, and the eyes of the radio industry of the nation are turned this way. Amazing as it may seem, it is quite likely that Southern California will be able to maintain leadership in this field. Through years of the most drastic competition with each other and with the eastern made sets, the local manufacturers have learned how to put the most radio into the smallest space for the least money. And it cannot be denied that they have it down to fine art today.

C. A. RICHARDS

The performance and tone of many of these little sets are on a par with the large and expensive models from the eastern factories. They have selectivity, sensitivity, DX range, tone . . . all that one has learned to expect from radio receivers of double the price. They can so easily be carried from room to room, taken to the friend's house where there is no radio, to beach or mountain cabins, hotels, clubs, etc.

A remarkable feature of many of these little sets is that they incorporate all that is most modern in radio, such as screen-grid tubes, the 245 type power tubes, and dynamic speakers. All in one small cabinet that you can carry under one arm!

No wonder that eastern manufacturers have sent experts out here to see what it is all about. Men who have bought sample sets and have taken them back to their factories, puzzle over how such a radio can be made to sell for \$69.50 or \$59.50, as the case may be!

Last week, we had the pleasure of meeting a Mr. C. A. Richards, an exporter from New York. He came out here to enter into a contract with Davison and Haynes, manufacturers of the Angelus midget, and firmly believes

that the midget set will find a very acceptable market in foreign countries, particularly in South America, which, he states, is the most profitable export field at the present time. And he confirmed our opinion that the Los Angeles manufacturers are producing the most efficient low-priced radio receivers in the country.

It will not be surprising if future national advertisements of midget radios will state after the price,—“Slightly higher EAST of the Rockies.”

Short Wave Club

(Continued from Page 12)

Chelmsford, England; 25.6, CJRX, Winnipeg, Canada; 25.65, KIO, Hauahu, Oahii, Hawaii; 26.22, PHC, Nauen, Germany; 27.8, PLR, Bandoeng, Java; 28.5, VK2ME, Sydney, Australia; 28.5, VK2FC, Sydney, Australia; 29.5, ARI, Hongkong, China; 30.8, NRH, Heredia, Costa Rica; 30.9, LS, Monte Grande, Argentina; 31.2, FW, St. Assise, France; 31.28, VK2FC-ME, Sydney, Australia; 31.3, PCJ, Eindhoven, Holland; 31.56, VK3ME, Melbourne, Australia; 32.0, CJA, Drummondville, Canada; 35.0, HKCJ, Manizales, Colombia; 35.5, WSNB, S. S. “Leviathan”; 36.0, 3KAA, Leningrad, Russia; 37.5, DOA, Coblenz, Germany; 38.5, F8BZ, France; 41.7, VK6AG, Perth, Australia; 43.86, VRY, Georgetown, British Guiana; 50.0, ZL3CZ, Christchurch, New Zealand; 70.2, RA97, Khabarovsk, Siberia.

We regretfully left a charming host and hostess in Mr. and Mrs. Herbert Kidd and will never rest until WE try to emulate their exceptional performance.

SEYMOUR HASTINGS.

Marconi, speaking from his yacht in Italian waters to NBC officials in New York by radio telephone said that through new short wave station near Rome, we may hope to receive programs soon from Italy.

“They will consist of operas, as well as descriptions of great Italian events,” Marconi declared, “which I have no doubt will be greatly appreciated by the Italian speaking population of the United States.”

The essential features of these programs are identical with those sent us by the stations

**BRING
YOUR
RADIO
BACK TO
LIFE.**

*The
NEXT
BEST
to a
MAJESTIC
RADIO
is a set of*

Majestic Matched Tubes!

Any radio is better with Majestic Matched Tubes. If the reception of your present instrument is "fuzzy," weak, distorted or just ordinary, the fault undoubtedly lies in the tubes. Install a complete set of Majestic Matched Tubes and note the amazing difference. These superior tubes cost no more. Your nearest Majestic dealer has a fresh supply. Insist on Majestic Matched Tubes . . . the same tubes used in every Majestic radio.

FREE TUBE TESTING . . . *without obligation.*

It makes no difference what make set you own . . . your nearest Majestic dealer will gladly send a service man to your home and test every tube in your set. There is no charge. This is a typical Majestic Service to help you get more radio enjoyment.

UNGAR &

Distributors in Southern California and Arizona.

Majestic

PRICES WILL BE ADVANCED

June 1st

Advance news to radio buyers!

An opportunity to buy the finest of radio instruments at a price which will represent a substantial saving a few days hence.

Act promptly. Go to your nearest Majestic dealer today. Ask for a demonstration in your home. There are only a few days left.

All Majestic dealers guarantee delivery at current prices on all orders received

until midnight Saturday,

May 31st.

That the radio will cause clergymen in the smaller communities to brush up may be gathered from the following remark made by an alleged feminine parishioner in the Middle West recently, who said:

"I am ashamed to say this—but honestly, I enjoy the sermons over the radio on Sundays from brilliant and wide-awake clergymen more than I do going to our own church and being bored to death."

Breakfast Club Meeting Posponed

Pierre Mellonino

The usual first Thursday of the month meeting of the Radio and Music Trades Association of Southern California at the Breakfast club has been postponed from June 5 to June 12. This program will be sponsored by the Radio Broadcasters and is in the very capable hands of Mr. Pierre Mellonino, program director of KNX, who is acting as chairman for Mr. Naylor Rogers, manager of KNX. Mr. Mellonino's skill in the matter of program arranging is too well known to need further commendation, but watch Radio Doings for next week's announcement concerning just what you may expect in the way of entertainment at the June 12 meeting of the Radio Trades Association. **DON'T FORGET—JUNE 12 INSTEAD OF JUNE 5.**

The demand for the Master Dynamic Midget radio set has been so great that it was found necessary to take additional factory space and a large office show room on Western Avenue, according to Mr. Reed, secretary of the Master Co.

The additional space and the installation of new machinery will allow them to more than triple production, and they now hope to keep up with the orders which are pouring in from the Pacific Coast, Middle West and East.

The engineers of the Master Radio

Company have brought out several very popular models during the past few years, but their new "midget" seems to be the "best bet" they have ever offered the public, and if they keep up their increased sale and production they will be one of the largest radio manufacturers in the West.

Charlie Kierulff and Garrett Arnold of Kierulff & Ravenscroft left Thursday, May 22nd, for the Crosley Distributors' Convention in Cincinnati. They intend to visit the R. M. A. Convention in Atlantic City and return in about two weeks.

A fancy bulletin arrived in the mail the other day from our good friend Bert Knight. The bulletin informed us that he was reversing Horace Greeley's admonition, "Go West, young man," and was going East. He remarked that if any of his creditors were looking for him they need look no further, but in case any of his customers and friends wanted to get hold of him, he can be reached at the Strand Hotel in Atlantic City, where he will be in attendance at the R. M. A. Convention.

Charlie Walter, who is the Southern California representative for the Davison-Haynes Company, Hyvac Tube Company, and several other popular radio and electrical lines, left for the East Thursday, May 22.

Charlie's good friend, Dave Marshank of Marshank Sales Co., another popular factory representative and an old timer in the radio game, left with him. They expect to be gone for three or four weeks and will be in attendance at the R. M. A. Convention during the week of June 2nd.

New Plant

The Officers, Sales Force and Department Heads of the Davison-Haynes Manufacturing Company

The Davison-Haynes Manufacturing Company, who started in business about four months ago, has had one of the most phenomenal growths of any radio manufacturer in the country.

They started operations in a small storeroom on Venice Boulevard, but within a month outgrew that location. They then moved into a good-sized factory at 1012 West Washington Boulevard, but now they have also outgrown that plant and have taken an additional 8,000 square feet.

Mr. Mart Borden, general manager of the Plymouth Radio Company, 2825 North Main Street, manufacturers of the popular Plymouth radio receiver, is going around with a broad smile on his face. He stated that not only were orders coming in in very satisfactory quantities from Pacific Coast and Mountain districts, but he had just received some very substantial orders for export. He went on to say that radio fans in the Orient and South America are just beginning to realize that they can get good receivers at small cost and that they are sending in orders faster than they can be filled.

The import duty on radio sets in

most of the countries is very high, and for this reason the low-priced set is an ideal radio for export, for in most cases they can sell the set at list at a price under \$100, which up to this time was unheard of. No doubt, the midgets have struck the popular fancy.

Both Mr. Haynes and Mr. Davison are old timers in the radio industry, but they both admit that in their long experience they have never manufactured or merchandised any radio set that received such instant acclaim from the trade and the public. They are both very optimistic about the future and feel that the midget radio set is in the field to stay.

most of the countries is very high, and for this reason the low-priced set is an ideal radio for export, for in most cases they can sell the set at list at a price under \$100, which up to this time was unheard of. No doubt, the midgets have struck the popular fancy.

Mr. Perry Demarest, manager of the Radio Supply Company of 912 South Broadway, Los Angeles, has again returned to work after a much needed two weeks vacation. Perry said that he is in favor of more frequent and longer vacations for all hard-working radio men.
