LIVE AIDS

The fantastic telemarathon Live-Aid certainly helped (apart from the good cause) a number of the major artists in their record career. Various albums by successful performers like **U2**, **Phil Collins** and **Queen** are making re-entries in our European Top 100 this week, mainly due to their resurgence in the UK following this TV performance. Especially **U2** made an enormous impact and this resulted in a number of their LP's jumping up. Our three most played albums on European radio this week include **Jeff Beck's** latest which is strongly helped by his duet with **Rod Stewart**, attracting a lot of airplay. Most probably we will find the new **Pointer Sisters'** album in this Top 3 next week as a lot of European program directors are reporting very strong instant reactions to this new LP. **Sting's** album *The Dream Of The Blue Turtles* continues to do well throughout Europe in spite of the fact that the single is not really

happening.

As mentioned before, hard rock is not getting a lot of airplay in most European countries, but it keeps on attracting a lot of sales as can be seen in our European Top 100 where **Marillion** presently holds the number 10, **The Scorpions** number 11 and **AC/DC** number 18. Both albums by **The Talking Heads** are going up sharply. *Stop Making Sense* (probably helped by the Talking Heads film now playing in most European countries). In the meantime **Little Creatures** has crapped up to the number 14 position and may enter the Top 10 next week. The **Dire Straits** Polygram CD campaign is quietly continuing and has resulted in a major success as the *Brothers In Arms* album holds the top slot in its tenth week. This week the record is also no. 1 in Spain, Italy, Finland and Switzerland and no. 2 in the UK, Sweden, Denmark, Austria and Portugal. We wonder which super act will be sponsored by CD next?

TINA AND DAVID LOVE AFFAIR

The smashing success of Tina's 1985 world tour brought her acclaim from all corners of the world. Here is one memorable moment when she is joined by David Bowie during the Birmingham gig. We anxiously await to see her performance in the new Mad Max III film. In the meantime her single We Don't Need Another Hero from this film is one of the biggest international hits. David Bowie can also be seen with Tina on a 55 minutes video of pure live energy produced by Capitol Records and Picture Music International and including 13 videotricks with Bowie and Bryan Adams guest starring.

videonews *heer !! goed!*

There is no doubt that the Live-Aid concert must be the "most recorded program" on video as all our friends report. In Amsterdam and surrounding cities some parts of the program were not received due to a failure of the major NOS antenna. The WE ARE THE WORLD video is the "best sold" video around the world today and a real competitor to the "Making MICHAEL JACKSON's Thriller" topselling cassette. And if you go into the shops to buy the "World" video (remember the income is for a very good cause) you also might want a bit of nostalgia and get the 103 minutes BEACH BOYS videography entitled An American Band which shows many memorable moments ★

The British plans for Direct Broadcasting by Satellite (DBS) have collapsed due to the financial risks involved and the potential small demand. The Club of 21 which include the BBC, 15 independent television companies and others like Thorn EMI decided to abandon the project ★ In the meantime SKY CHANNEL and PICTURE MUSIC INT. have started working on a new UK TOP 50 show which will be launched this fall. It is a co-production with the Italian Videomusic chain as well as Canadian MuchMusic. They will take the charts from MRIB and it will be directed by well-known producer Phil Bishop ★ Controversial reports on the new UB40 and CHRISSE HYNDE clip for I Got You Babe. The video was edited and sent around the globe. However, on the last moment Chrissie decided she didn't like her appearance after all and ordered the video to be returned. Dutch Veronica already had the clip fixed into its Countdown show and so the Dutch audience got a rare treat ★

New important clips the last few weeks include the ELTON JOHN & MILLIE JACKSON duet Act Of War as well as the new PRINCE clip Raspberry Beret, the latter produced by Lighthouse. Also consider taking in your program the new video of AMAZULLU Excitable which has a wonderful atmosphere and of course THE COMMODORES with Animal Instinct. When you watch the SPRINGSTEEN video Glory Days you will find former E-Street Band member MIAMI-STEVE VANZANDT appearing as a special guest. The clip was filmed in Maxwell's bar in New Jersey ★ How about considering the clever Perfect Kiss from NEW ORDER which even has a live audio track so it gives you a really unique performance ★ One of Eurotipsheet's favourite new artists WHITNEY HOUSTON has a new video Saving All My Love For You ★ Award-winning French film director Just Jaeckin who produced famous romantic films like Emmanuelle, Lady Chatterly's Lover and The Last Romantic Lover has directed 2 music videos for new tracks of CHEAP TRICK and HERB ALPERT...

FILM AND VIDEO COMBINATIONS

Another good proof that film and video are intermingling more and more! As we can also see from Steven Spielberg's new movie Back To The Future. This was the base for his new video with HUEY LEWIS and looks terrific. And how about TINA TURNER's "Mad Max" clip and last but not least JOHN PARR's filmtheme from St. Elmo's Fire which includes the whole movie cast ★ While PHIL COLLINS' Don't Lose My Number is now on heavy rotation with MTV in America, most European TV producers will have to look out for the new European release Take Me Home. The video was recorded during Phil's world tour and includes shots from all five continents.

ROCKAMERICA VIDEO SEMINAR

When you receive this issue Rockamerica's Seminar is about to be started in New York and we salute all the video producers, directors and business people who gather for new ideas in The Big Apple. We are certainly looking forward to the further breakthrough of the compact disc technology developed by PHILIPS in Holland which enables future CD's to carry up to 5 minutes of video. This video compact disc could become the single version and the conventional CD the LP version. So watch out for the combined laserdisc and CD player which is already sold in Japan. We will keep you informed in our next CD special ★★

MORE NEWS

these themes that could make it very big is the HUEY LEWIS' title tune for the Power Of Love film. And talking about film: What about our new filmstar MADONNA? She gives a very interesting and intriguing performance as Susan in the film Desperately Seeking Susan. Now don't all rush to the kiosk next week when the new Penthouse and Playboy are coming out... Because you may be accused of being dirty old men or art students if you want to see Madonna pure nude. Her lawyers say that these pictures were taken in "artschool". One interesting thing about it; Madonna originally received only 30 dollars when these pictures were taken six years ago ★

Well that's it folks.. Thanks for struggling through this column and if Alexandra looks as sunburned as we all expect we will put her photo in full colour in the next issue... who knows, maybe we'll find some old "artschool" photos? ★★

Singles Guide

We are back from our summerbreak and we needed a few hours to unpack all the wonderful new samples which were received over the last few weeks. For those of you that are continuously checking our charts you will notice that both the **European Top 100 Singles** and Albums have been compiled also during Eurotipsheet's absence, so the hits that stayed in the top have added 3 weeks to their total. This does not apply to our **European Airplay Top 50** (as during the break, we did not receive all radio playlists) so you find a fresh Top 50 this week, including a great number of new entries. It gives a good indication how fast radio playlists are changing throughout Europe.

SUMMER BATTLE

Talking about summer...the battle for the most successful summerhit of '85 is in full swing. Each year we find 1 or 2 singles

from the sunny resorts in southern Europe breaking all over the continent. This year it looks like the challengers are a single originating from Greece by **Sandra** titled *Maria Magdalena*; **Baltimora** with *Tarzan Boy* and **Righeira** with *L'Estate Esta Finendo* both coming from Italy and **Ivan**, the most successful CBS act from Spain with *Baila*. But there are more contenders that could still enter the competition including Italy's **Sandy Marton** and **Alice**.

LIVE IS LIFE

Once again a Euro-Crossover single made it to number one in the European Top 100 and we congratulate **Opus** with this accomplishment, normally reserved for Anglo-American product. Opus success story has already been building for a few months but now the record is really selling extremely well in the major markets (UK-7, France-1, Germany-24). The song *Live Is Life* is also becoming a hit for another act **Stargo** which enters our charts at 62 mainly due to France. The biggest new international hit of the coming weeks undoubtedly will be *We Don't Need Another Hero* from **Tina Turner** which has already reached the

top spot of our Airplay Top 50 and moved up in the European Top 100 to number 9 (from 14). **Duran Duran**'s tribute to 007 went down to no.2 on the European Top 100 this week after having been able to be the first Bond Theme to reach number 1 both in Europe and in the USA.

GLORY DAYS IN HEAVEN

It looks like **Bryan Adams** is going to make it in most European countries and we feel sure that his tour with Tina Turner helped strongly. His latest *Heaven* could bring him the deserved breakthrough. Another artist that had "quite a successful" European tour **Bruce Springsteen** makes sure his album will stay in the Top 3 due to yet another major hit *Glory Days* which already is no.9 on our Airplay charts. RCA will be glad with the first results on their new deal with Planet Records as the **Pointer Sisters** are delivering a solid hit with *Dare Me*. US sophisticated ladies groups continue to do well as was recently proven by **Sister Sledge**. Their *Frankie* was no.1 in the UK. Another US lady **Laura Branigan** is trying to have a Pan-European success with her new single *Spanish Eddy* which could well happen big over the next few weeks.

LONDON CALLING

by Howard Marks

(Due to holidays this is last weeks column)

Gosh, how will we cope now that Bruce has gone back to the USA, what will we talk about, what will the newspapers report on, what will the ticket touts do, what will the DJs talk about? Could this be the end of the record industry as we know it? Of course not..... There's always the new record from "The Jesus And Mary Chan" to look forward too. Some new TV shows coming up soon. A series from Border TV to Channel 4 is "Bliss TV," and also from Manchester the BBC have "No Limit". TVS entertain us with "Kellys' Eye", and in case you didn't know, Channel 4 "6.20 Soultrain" will be with us right through to october. Over at Capital Radio, the best thing that has happened to U.K. radio during the last couple of years, Jessie Brandon, takes a break for the summer. Let's hope that Jessie is allowed by the powers that be to return as soon as possible, and to do her stuff weekdays. Kenny Everett returns to Capital too. Jonathan King has been sitting in for Grahame Dene, and Jessie Brandon.

Yours truly found himself actually 'Live And Direct' (as they say in West Indian slang), on the radio recently. I was a guest on Radio London reviewing several new records for Susie Barnes. Watch out... John Sachs I'm after your gig! Talking about Radio London, Andy Peebles sat in for Tony Blackburn recently, Tony and Dave Pierce did their shows live from WBLS Radio in New York city, and the soul night out broadcast live from a very very hot and sticky "Hammersmith Palais". Lots of faces around that night too...Coolnotes, Imagination, Phyllis Nelson, David Grant, Jaki Graham, Phil Fearon, Conway Brothers ect.

On the TV front there has been a lot of TV exposure for the new girl in Bucks Fizz, Shelly Preston. The band have been on Wogan, TV-AM, and all the news programs. Coolnotes were on Wogan, and Soultrain, and likewise "Arrow". Adam Ant was on TV- AM. Queen on BBC Breakfast Time. BB King has been there for TV and radio shows, and some concerts too. Alan Price was on TV-AM, as was Andy Summers. And of course, the greatest ever televised pop event took place with just about every pop star in the world taking part.

Congratulations to Martin Cox, who joins Radio One as a fully fledged producer. Martin was recently at Radio Two looking after the David Hamilton show. Andy Kershaw of "Whistle Test" has joined Radio One for a series of shows on saturday nights, and the ranking Miss P will be continuing to play that wonderful reggae music for us on sunday nights. Well done Roger Scott over at Capital, while Chris Tarrant has been

DURAN DURAN MEET 007

While James Bond was waiting for A View To A Kill, Duran Duran were not only enjoying their success with the film (it is the first Bond theme that made it to no. 1 in the USA). The group is extremely active and 1985 has been the year for broadening their creative base. Simon Le Bon, Nick Rhodes and Roger Taylor recorded an independent project which will be released in September/October and is separate from their Duran Duran 5 piece unit. A new Duran Duran album is due out next year. Simon in the meantime embarks on a sailing race with a 77 foot maxi racer in the forthcoming Whitbread Round The World Race. Simon will join a 18 men crew for part of the race and while crossing the oceans he will have plenty of time to think of more creative projects, one of which is a planned international concert tour.

ALEXANDRA'S

NEWS CORNER

Hi there...here we are from our new wonderful offices. You simply will have to come and look as we are situated in the heart of romantic Amsterdam. And if you think that gorgeous Alexandra is talking to you?...you are wrong!! Alex is still getting a suntan somewhere on an exotic beach. But your writer of this weeks newscolumn can assure you that his picture could never compare with our usual news"gal" so I will spare you my photo.

The Eurotipsheet team is still trying to come over the fatigue of our moving and the Live-Aid television marathon. Didn't you also like the TINA TURNER/MICK JAGGER duet? And how about the PHIL COLLINS/STING performance? And the great QUEEN presentation? From the international presentations we particularly liked the Australian one, where INXS again showed their strong live performance. A new single and a new album are due out from these great guys in August/September. The group won practically all Australian rock awards of this year and deserve to break real big all over Europe ★ One year after the release of Born In The USA (and 11 million sales-units later) BRUCE SPRINGSTEEN returned to his homecountry after totally conquering Europe. Everyone loved his concerts and many of our correspondents reported their enthusiasm. But Bruce's Glory Days are not over with yet another hit song and all his albums charted throughout Europe ★ Great victory for the anti-piracy campaign, where president Nesuhi Ertegun finally persuaded major artists to join in the campaign. GEORGE BENSON and his manager Ken Fritz were the first to join and were immediately followed by FRANKIE VALLI, MANHATTAN TRANSFER, CHAKA KAHN and MICHAEL SEMBELLO. These artists have agreed to pledge a percentage of their international royalties to the anti-piracy fund ★ Polygram in the US made a worldwide contract with THE SCORPIONS and they have released a new album on Mercury ★ We are anxiously awaiting the new recordings from LLOYD COLE & THE COMMOTIONS. Meanwhile Polydor act THE CURE are still touring in Italy, then go to Finland as a warming up to their extensive UK concert tour ★ New release is expected from GO WEST, one of the best Chrysalis discoveries this year and they are also preparing their videos for two tracks as the USA and the UK release different singles. The band is also on tour in Japan with CULTURE CLUB, STYLE COUNCIL and THE ASSOCIATES

★ PAUL HARDCASTLE has his hit "19" even twice on the German charts as he has also released a German language version ★ Don't you all love the new TINA single? I cannot agree with her title (We Don't Need Another Hero) as I am trying to convince Alexandra that I'd be her next hero ★ SAXON have a new album called Innocence Is No Excuse to be released in September in combination with a major UK tour. This week should see the release of the first single from that album called Back On The Street ★ It is good to see JAKI GRAHAM making it on her own after her duet with DAVID GRANT. The lady was born in Birmingham but has Jamaican parents. She only started her career after her colleagues at the City Center Office (where she worked as a secretary) persisted that she should audition for a band after hearing her sing? So maybe there is still a chance for me to get out of the editorial office of Eurotipsheet. I'll start singing right away! ★ The new HEART album, their ninth epee and produced by celebrated producer Ron Nevison (Led Zeppelin, The Who, Survivor) should stir a lot of positive reactions. Ann and Nancy Wilson have been around since 1967 and they have always had a great following, actually selling more than 15 million albums worldwide ★ The JEFF BECK/ROD STEWART encounter People Get Ready really gives me goosebumps: what a great track and what a good album! ★ German top dj and media organizer Dennis King will start The American Top 40 show on WDR 2 from August the 4th. The show produced in Germany will be broadcast each Sunday from 20.00 - 22.00 hrs. Good luck Dennis! ★ English band JIMMY & THE HOOVER have signed with MCA and released their first single Bandana Street ★ STEWART COPELAND, the former Police member has a new album coming out on the A&M label later this month ★ This summer will start a new season of business seminars and music meetings. In August RockAmerica presents its second video seminar in New York City. It is followed by Musexpo 85 which this time takes place in London and will have a number of artist showcases, putting special emphasis to new artists and groups. The acts are being selected by Harvey Goldsmith. At the same time they will present the first International Music Video festival (INV). We are already looking forward to the sixth New Music Seminar which really has become the American counterpart for Midem. NMS 6 will have more international participation than before and is always interesting to pick up new ideas. Note the dates in your diary: September 25th till 28th in New York. Now that EMI acquired the Spanish label Hispavox it might contribute to more international successes for Spanish recordings. Hispavox has always been a very strong production unit ★ Watch out for NIK KERSHAW's new single Don Quixote which will undoubtedly be all over the airwaves in Europe again ★ Filmthemes are still doing great aren't they? With DURAN DURAN's A View To A Kill on top and another of

away, Roger has been extended. Let me put that another way, the Roger Scott Show has been given an extra half hour, and Roger has been playing some wonderful hits from years gone by. Keep it up Roger, great stuff.

It was the anniversary recently of the first ever broadcast of the first British Disc Jockey. The date was July 7th 1927, the gramophone records were played by Mr. Christopher Stone, who chatted between the discs... You know the sort of thing that John Sachs has also been doing since 1927.

Check these sounds, in the shops round about now... Melle Mel, Prince, Madonna, Tina Turner, Untouchables, 5 Star, Sparks, who have been away for a long time. There is also a new single from Weird Al Yankovic. Look out for singles from The Cure, Jimmy Ruffin, Phil Collins and many more.

Live shows coming up from Mai Tai, The Cure, Icicle Works, Marillion will be at the **Donington Festival**, and for those who want to start organising themselves for the posers box at Wembley Arena. Paul Young begins his tour there on December 3rd.

I must apologise, I forgot to mention a couple of other television programs. There is "Swank", a music and fashion show. There is also a programme on BBC television called "The Rock & Roll Years" which shows film of the news events of a certain year and plays the hits of that year. Coming up soon is the re-scheduled Mid-Summers Night Tube Show.

Finally, guest recently over at Sky Trax have included Nick Heywood, David Grant, Toyah, Animal Nightlife, Owen Paul, Steve Arrington, Conway Brothers and Jaki Graham.

Thereza Bazar co-hosted a couple of shows, Clive Griffiths of Video Music Italy was in to host four shows. Linda de Mol was in from Holland for some shows, and Nino has been hosting a live show from Xenon.

Amanda Redinton has put together a "DIO" special and Pat Sharp has hosted a special on "Meatloaf". Amaazulu also popped in to show their new video.
