R.F.D. #2,  
Walnutport,  
Pennsylvania,  
U.S.A.

Dear Mr. Geary:

This will verify your logging  
Radio Station CKOM, 1340 Kilocycles, Power  
250 Watts, during our DX Broadcast on  
January 14, between the hours of 4.00 to 5.00  
a.m. E.S.T.

We are glad you picked us up and  
want to thank you for your report.

Yours sincerely,

THE BESSBOROUGH HOTEL SASKATOON  
 The Bessborough Hotel has gained an enviable reputation for its distinguished service and unexcelled accommodation and comfortable home-like atmosphere. Its perfect proportions, its harmonious arrangement and its restrained but beautiful decoration have been acclaimed by all who have had the opportunity of being guests. Surrounded by spacious grounds yet within two minutes' walk of Saskatoon's business and shopping district, this up-to-date fireproof structure of French Renaissance style, with Saskatchewan river, is decidedly the finest accommodation it provides. The Bessborough has enabled the city of Saskatoon to earn the sobriquet "The Convention City of the West".

Dear Mr. Geary:

We are pleased to acknowledge your report of reception from CBK, of February 26th. We are grateful to you, for preparing such an extensive and excellent report, in which we are very much interested. We are enclosing herewith a verification card in accordance with your request, and would be pleased to receive further reports from you from time to time in the future.

Yours faithfully,

Canadian Broadcasting Corporation,

Dear Mr. Geary:

Thank you a lot for your letter of November 26th letting us know that you received our reception quite clearly.

This is to confirm that your report and items are correct and we wish to thank you for taking the trouble of writing us and letting us know that we were heard in Pennsylvania.

Best regards to you, our neighbour to the South.

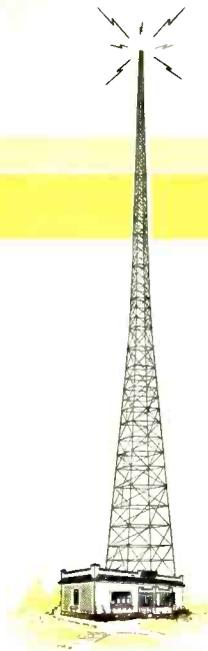

Yours very truly,  
BROADCASTING STATION CKBI.

Dear Sir:

Thank you for your letter and DX report of Jan. 9, 1939, in which you report reception of this station for Jan. 7, 1939, from 11.05-12.00 MST.

We have checked your most complete report and find that your listings co-incide with our station logs.

This letter will confirm your reception and may be used as a means of verification.

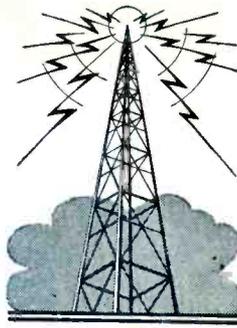

Yours very truly,

Mr. Kermit Geary,  
R.F.D. #2,  
Walnutport, Pennsylvania,  
U.S.A.

Dear Mr. Geary;

We wish to thank you very kindly for your complete and detailed report on reception of our D.X. broadcast.

The details of your report leave no doubt that it was C.J.N.B. which you logged, and we are pleased that we were heard so distinctly at Walnutport.

Accordingly, we are happy to send you this Letter of Verification of reception of our signals.

Your report has been easily the most complete-from a technical angle. We especially appreciate your remarks on the quality of our signal and the efficiency of our transmission set-up.

You will be interested to know that we use predominantly Northern (Western) Electric equipment, and that our 250 watt transmitter (grid-modulated in the final stage) is loaded into an off-centre fed T-type, current fed through a capacitor. The steel situation made it impossible for us to get a steel tower, and now that we have plans for higher wattage- we are deferring the tower for our new installation. It is gratifying that our poor old T-type is performing so well. Our staff numbers fourteen, including myself and two transmitter op's. plus an announcer-engineer (a technical department of four).

Thank you for your kindness in submitting so detailed a report, and the very best of 73's across the border from---

Dear Mr. Geary,

This is to inform you that the report you gave on the  
reception of our DX broadcast of December 9, 1957,  
indicates that you actually did receive CFGR.

Please accept my personnel thanks, as well as that of  
the management's.

Yours truly,

Marc Riou,

Dear Sir:

This is to verify your correct report of reception of our special Christmas morning program. Thank you very much for this report. We remain on the air until about 03:00 MST every Christmas morning, at midnight we usually broadcast a midnight mass, after which we have a program of Xmas music, etc. Please pass this information on to anybody that may be interested in future years. We will be very happy to verify any reports of these programs.

Sorry conditions were not too good for you, during our special DX program of Dec 10th, 1956. We hope to put on another program in the future and hope conditions will be better at that time.

Thanking you very much for this fine report, I am,

Yours very sincerely

  
J.G. Lacroix, engineer.

Dear Mr. Geary:

I was indeed surprised to receive your letter of January 28 stating that you heard us notwithstanding CKLW and XELO. There is no doubt after comparing our log with your report that you did hear us, and I want to congratulate you and confirm your reception.

I also appreciate your writing, because your letter was most interesting to us.

With kindest regards,

Yours very sincerely,

*Larson Buchanan*  
Manager, CHAB.

January 19, 1966

Kermit Geary  
R.D. 2, Box 298  
Walnutport, Pennsylvania 18088  
U.S.A.

Dear Sir:

Please forgive the delay in answering your letter.

This is a verification of your DX report on CJME for the morning of December 6, 1965. I checked the information you reported in your letter, and as far as I can see it appears that the announcements you had logged at the times you gave correspond to the DX announcements which were made that morning. I think on the basis that you correctly gave the time of four separate announcements, it's safe to assume that you were receiving CJME's signal.

I hope in the future to be able to conduct another DX program for the members of your club. Thanking you for your interest, I remain

Yours very truly,

*Johnny Cnn*
