### KROQ Back On The Air

Without any fanfare, KROQ/Burbank returned to the air Monday (14) after being silent since July 29, 1974. The music is AOR, with jocks on the air calling themselves Rick Chase, Sandy Beach and Terrible Taylor.

The return to the air is apparently a reaction to the June 2, 1976 Opinion and Order that was issued by the FCC to George Cameron Communications (KROQ-AM) and Burbank Broadcasters (KROQ-FM) that they had until June 14 to request an oral argument to keep their license or surrender it to the Commission on the 14th.

On June 14, the companies filed for oral agreement and the AM operation has returned to the air, No results yet on the FM. Interesting side note is that R&R contacted the FCC Washington office Tuesday (15) and they were not aware that the licensee had gone back on the air, although the Commission would encourage it. The AM is authorized to operate at 1500 kc, 10 kw day (directional) and 1 kw night.

R&R tracked the local broadcast facility down to a hotel room, but those involved refused to comment.

### **ARB Summaries**

Complete market by market Arbitron Breakouts in an R&R Special Edition coming soon.

FORMATS: R-Rock, A-AOR, B-Black, P/A -Pop/Adult, C—Country, O—Oldies, N—News, T-Talk.

The following summaries are from the just released April/May 1976 Arbitrons. Figures used are Monday-Sunday 6am to 12 midnight, Metro 1/4 hour shares for total persons 12 plus, unless specified otherwise.

NEW YORK
WABC (R) increasing to their highest April/May in recent years with a 9.1, up from 6.8 in Jan/Feb and 6.6 last April/May. Station is tops inthe market and strong demographically, 18-49 adults they are number 1,and number 1 in teens. WPLJ (A) had their best book, up 3.2 to 3.9 for the dominant AOR position in the market, WBLS (B) also up 3.3 to 5.0. WCBS-FM (O) dipped slightly 3.4 to 3.0. WHN (C) down 3.6 to 2.8. WNBC (P/A) slipped again 2.8 to 2.3. WNEW-AM (P/A) holding at 3.2, WNEW-FM (A) down 2.7 to 2.3. WOR (P/A) still strong with 8.1 up from 7.9 and their highest book in a couple of years. WPIX (R) also had their best book up 1.8 to 2.4 and solid in men. WWRL (B) holding with 2.3, WXLO (R) up 3.0 to 3.3 with most of it being teens. In the News battle WCBS still tops with 4.8, WINS down 6.1 to 4.2, and NBC-FM, WNWS a 0.5.

### CHICAGO

ABC scores here too with WLS (R) taking the contemporary market with a super 9.8 share, up from 7.0. Station is strong demographically as well as overall shares, 18-49 adults they are number 1, and number 1 in teens. WGN (P/A) still number 1 and now up to a 12.6 from 11.8. Interestingly, WCFL, now a Beautiful Music format only slipped a bit in the change from Rock 4.0 to 3.7, increasing in men and women and losing all teens. Seems to have been a good move for them. WMAQ (C) back up to a 5.3 from 4.7, WJJD (C) continues to decline 1.9 to 1.6 on AM, 1.4 to 0.9 on FM. WDAI (A) slipped again 3.4 to 2.6, WDHF (R) up a bit 2.9 to 3.2. WIND (P/A) 4.3 to 4.1, WJPC (B) 1.2 to 1.5, WVON (B) holding at 3.9. WBMX (B) 2.1 to 1.5. WBBM-FM (P/A) 2.4 to 2.5.

### **SAN DIEGO**

KCBQ (R) still number 1 overall, holding at 8.6 and number 2 in 18-49 adults, slightly ahead of B100 in teens 28.1 to B100's 23.2. KGB-FM (A) up to a 7.1 and number 1 in 18-49 adults. KGB AM down a point 5.6 to 4.6. KPRI (A) dropped considerably 5.5 to 3.9. KSON (C) had their worst book in years, down from 6.0 to 3.7. KOZN (C) on FM also slipped 2.4 to 1.7 which brings up the question as to where did all the Country listeners go? KFMB-AM (P/A) 5.6 to 5.2, KFMB-FM B100) (R) holding a 6.3. KOGO (P/A) way up 5.6 to 8.3 and number 2 in the market. KDJG(P/A) holding at 0.8, KDEO (A) up 0.9 to 2.2.

### SAN FRANCISCO

Another good book for Rock and Roll with KFRC up to an 8.1 from 7.5 and way up over the 6.7 April/May of last year. Interesting side note is that the station went through the book with no contests and using their new jock combo operation for the first time. Station just missed number 1 in 18-49 adults by a hair. KFRC has a 6.6, K101-AM-FM a 6.7. KSAN (A) dropped 3.7 to 2.6, KSFX (R) up 2.3 to 2.9. KYA (R) 1.8 to 1.9. KSFO (P/A) back on an upward trend 5.1 to 6.3. The News outlet KCBS dropped 8.0 to 6.8. KDIA (B) up a bit'2.9 to 3.1. KFRC-FM (R) about the same 1.2 to 1.3. KNBR (P/A) up 3.9 to 4.6. KNEW (C) 4.1 to 3.6. KOME (A) showing nicely from out of town, increasing 1.4 to 2.1. K101 AM 0.6 to 1.2, K101 FM 3.8 to 3.2.

Not many changes from the last April/May although the market remains highly competitive. WFIL (R) down fromthe Jan/Feb 9.7 high to 8.1, but up over last April/May. KYW (N) down from 10.4 to 8.8

### **LOS ANGELES**

Another big score for ABC Radio here. KABC (N/T) back up to 8.2 from 5.6 with all dayparts up, especially at night with baseball, KLOS (A) 3.9 to 3.7 but number one 18-34 adults. KHJ (R) 6.0 to 5.4, about the same as last April/May. KNX-FM (P/A) up 2.7 to 3.2, and number one

SCHOOL'S OUT BLOWOUT

A busload of Y100/Miami listeners along with station personalities took a free ride to Disney World for the station's "School's Out Blowout."

130/Pittsburgh's afternoon drive man Don Cox visited Y100 for two on-air shows. During the shows, Cox held the "Big Winner Review," awarding \$100 bills to listeners who could name some of the big money winning listeners from previous Y100 contests. Some of these names were promoed by other Y100 personalities during the day.

### KHJ OLYMPIC TRIP

KHJ/Los Angeles is giving away a trip for two to the Summer Olympics in Montreal. The trip, part of the station's "Summer For You Times Two," includes air fare,hotel accomodations and the now scarce Olympic event tickets. The winner will be drawn from postcard entries during the last week of June.

KHJ is also giving away a motorcycle a day for 5 days. Listeners call at specified times to guess the correct cycle serial number, deterby clues. Every caller mined automatically wins tickets to an upcoming motorcycle race.

MOTHER & CHILD REUNION

WCHL/Chapel Hill's big Bicentennial contest is themed "Mother & Child Reunion," with the grand prize of an expenses paid trip to "Mother" England. Paul Simon's hit is used constantly during the promotion, tying in the lyrics "Mother & Child Reunion...is only an ocean away." In order to win, listeners have to identify 10 "Bicentennial Things," such as the Liberty Bell, determined from clues available at local retail stores. Grand Prize winner will be announced on July 4th.

### **MOANING FOR MUSIC**

WLOF/Orlando's "Donna Summer Weekend" had many listeners doing verbal imitations of Ms. Summer in order to win her latest LP. At the sound of the moan on the air, listeners had to be the correct number caller to score the album, and also had to emit moans and groans for the jock on the air.

**'POOR PEOPLE'S CONCERT"** 

KSLQ/St. Louis is in the process of producing a 48 hour "Poor Peo-ple's Concert." The station is in need of live LP's and calls from ar-

**GREAT SUMMER GET OFF** Two Levi Gremlin cars are the grand prize in KRBE/Houston's Great Summer Get Off." Both cars have been packed with 104 (KRBE's frequency) items. Some of the prizes will be given away on the air, the first person to identify all items will win both cars. Entry forms for the Get Off are available at local car dealers where the Gremlins are on display.

"MAGIC BUS" RIDE

WNOE/New Orleans gave 20 winning listeners and their guests a free bus ride to Houston on the station's "Magic Bus" ride to the opening of the world's largest Coney Island roller coaster. Listeners called in to qualify for the drawing to determine the 20 lucky winners, who ranged from elementary schoolage students to a senior citizen couple who had never taken a vacation together in 40 years of marriage. Overnight accomodations at a luxury Houston hotel were also supplied to the travelers.

McCARTNEY PROMOTIONS

KRIZ/Phoenix is in the process of completing the world's longest birthday greeting to be sent to Paul McCartney. So far, over 3000 names have been logged on the telegram, and it's still growing.

WIFI/Philadelphia held an "Earn Your Own Wings" weekend during the group's local concerts. "Speed Of Sound" LPs were given away to callers, and all 17 plus demographic callers were eligible to win their "own wings," qualifying for \$1200 worth of flying lessons

**SUNLIGHT POOL NIGHT** 

Q102/Cincinnati recently took over the world's largest fresh water swimming pool for one night. The Q102 "SunlightPool Night" enabled listeners to win tickets for the special night by calling in. After the pool's closing, the station sponsored a concert by local groups for entertainment. The highly successful turnout of 1500 listeners spurred the station to hold the special night weekly throughout the summer.

Q102's Jim Fox spent his recent vacation in Aruba, a resort island off the coast of Venezuela. During the visit he met a disc jockey from a local radio station, who invited Fox to do a 3 hour show on the air, playing American hits and talking about the music and radio scene here.

**FONZ VS. BARBARINO** 

Two TV series' superstars staged an on-air "fight" at WGUY/Bangor, Station personalities John Marshall and Mike O'Hara bet each other on who would win in a fist to fist confrontation between the two stars, Marshall siding with The Fonz, fight determined that Barbarino was the best, but Marshall claimed that a bit of "below the belt" tactics were involved.

### WILL PROMOTION

CK101/Cocoa Beach is holding a "Find The Genuine Missing Will" contest. Somewhere in their county, the station has hidden the secret will. Clues are given on the air to help listeners locate the document. The finder will win a Yahama motorcyle. Lists of clues are also on display at local Yamaha dealers.

SAVANNAH PINBALL WIZARD

In conjunction with the opening

of a local pinball parlor, WSGA/ Savannah invited their listeners to play one free game at the parlor. The 10 highest scorers will play off against each other to judge the Pinball Wizard of Savannah, broadcast remote.

### VANPATROL

As summer approaches, KEZY/ Anaheim's cruising van will travel to all Southern California beaches, handing out albums and other great

**LPGIVEAWAYS** 

KBEQ/Kansas City gave their listeners a chance to win John Travolta's latest LP whenever they heard his hit single "Let Her In" on the air.

WNDE/Indianapolis will be giving away the brand new Beatles' "Rock 'N' Roll" album, qualifying all those winners for a jukebox full of their

**16 HAPPY DAYS** 

KFXM/San Bernadino is offering a prize package to the winner of their "Happy Days" promotion. The 16 prizes include four days at Lake Tahoe, color TV, CB radio, surf board and more. Callers register their guesses of the total amount in the package in order to win. The station has originated an original concept on how to award the prizes. Each day for 16 days, one of the KFXM jocks will hand deliver one of the prizes.

### OLYMPIC SOUVENIRS

CKGM/Montreal started a promotion recently that ties in with the Summer Olympic Games held in their city. The "CKGM Olympic Gold Rush" asks listeners to call in and try to identify a collage of 3 "golden oldies." If correct, the listener scores a \$100 gold Olympic coin. Consolation prizes are official gold Olympic pins.

NOSTALGIA CRUISE

KRTH/Los Angeles has chosen the winner of their 6 day "Nostalgia Cruise" to the Mexican Riviera. Listeners mailed postcards to the station to be eligible for the drawing for the trip. The nostalgia cruise will feature live performances by Freddy Cannon, Gary U.S. Bonds and the Coasters, plus 50's trivia contests, sock hops, costume parties and more.

**CURRENT EVENTS CONTESTS** 

WEEO/Waynesboro capitalized on a recent séries of jail breaks in their area when they presented their "Great Escape" weekend. Callers could win a padlock,a hairpin to break it with, and a copy of Bruce Springsteen's "Born To Run"

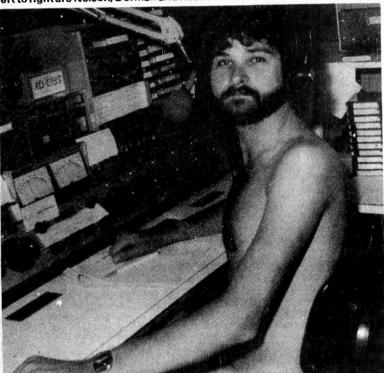

Another topical event being used by many stations is the rash of supposed Howard Hughes' wills. WEEO Invited their listeners to register to be a beneficiary in their phoney Hughes' will, announcing the registrant's names on the air. If they called in, various prizes listed on the "will" were awarded.

### KGW AWARDS

KGW/Portland, Oregon has recently received several first place awards for public service programming. The national American Advertising Federation named KGW the award winer for public service spots. The series of 60 second miniprograms focuses on local issues. A regional first place public service award was also awarded by the Federation.

WRKO/Boston's Seventh Annual New England Dragway Day was attended by over 1000 listeners who won free pairs of tickets from the station. Spectators cheered wildly as WRKO newsman Bill Rossi announced the quarter-mile race between personalities Dale Dorman and Harry Nelson. Dorman left Nelson in the dust as he sped down the course at 91 miles per hour. During the event, the grand prize winner of a 1976 Road Runner was selected in a drawing from the ticket winners. Standing left to right are Nelson, Dorman and Rossi.

R&R received the above picture along with a letter of explanation from former WTOC/Savannah afternoon drive man Fred Holland. It seems Holland caused somewhat of a commotion around the station during the pictured stunt. Holland said that his program director promoed that he would do his show nude, and Holland obliged. Shortly after baring himself to his audience, Fred was informed that station management was not too thrilled with his actions, so the clothes went back on. Apparently the damage had already been done, Holland was informed the next day that his final check was waiting. Holland closed his correspondence to us with "What I need is a situation where the boss doesn't mind a bit of craziness. I can be reached at (912) 232-8575.

### **Random Thoughts**

"Random Thoughts" will reflect the questions and comments of our subscribers and our editorial staff regarding the day to day activities and occurances in our industry. Your "Thoughts" are welcome.

The current "You" jingle package features some excellent short jingles and some questionnable long song-type jingles. The arrangements on the long song types are very jingle sounding and cause the question to be asked...Would you play them if they were serviced to you as a potential hit single?

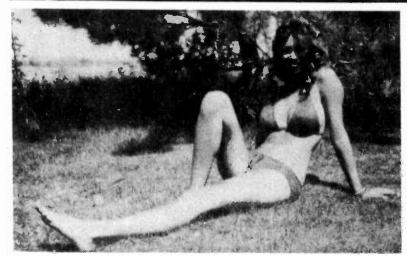

With the ratings decline of WCBS-FM's oldies format in New York, could they be considering using their extremely successful "Mellow Rock" format from KNX-FM/L.A.?

Why is a good part of the record industry so insecure in their abilities that they support certain tip sheets so the writer won't bad mouth their product to radio people?

Record companies spend too much on useless promotions for industry people in major markets when they could use their resources to provide the smaller stations with better service.

With the drops in ratings of Top 40 stations and the solid rise in AOR, why won't Top 40 programmers open their minds and ears to album cuts for their playlists?

Why do radio people help build superstar recording artists, use them for free promotions, give away their albums, and then hurt them by not playing their new releases?

This beauty was the hands down winner in KERN/Bakersfield's "Stuff Your Bikini' contest sponsored by the station. A remote broadcast from a local fashion store was the site for the judging, with the winner walking off with a free wardrobe.

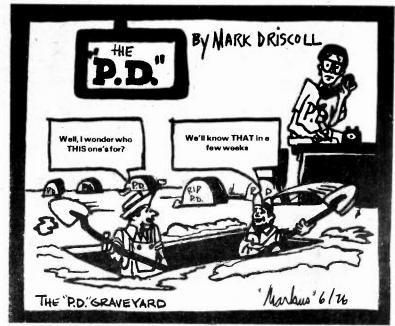

The staff of KDZA/Pueblo takes a break during the station's recent March of Dimes Walk-A-Thon. Walkers numbering in the thousands raised over \$53,000 in pledge money. Staff members pictured in front of the KDZA Music Machine are (L to R): Sha-Nana, Jon E. O'Neil, Rip Van Winkle, Dave Avalos, Greg Boyce, Mark Wilson, and Todd Michaels.

WLAC/Nashville held an "Afternoon Delight" of their own, tying in with the Starland Vocal Band's latest hit. They stationed the pretty bikini clad lady pictured here on a busy downtown street corner during the noon hour to give away 1000 popsicles to passersby. Shown here in front of the WLAC ice cream truck are (L to R): WLAC's Charlie Hughes, programming VP Dick Kent, RCA promo exec Eddie Mascola, and WLAC's Bill Johns.

Wolfman Jack paid a visit to KSTP/Minneapolis for an all night High School Radio Marathon. Wolfman is pictured with the KSTP personalities during the hours-long event: (L to R) Mark Driscoll, John Hines, the Wolfman, Jay Parker, Chuck Britton, and "Sooper" Cooper.

La "Connection" Française is the current bus-back promotion running in Montreal for CKGM. The city is bilingual, and the three night CKGM jocks do multi-language shows, periodically using French.

KINT/El Paso got long-distance "exposure" for their latest promotional item, a pictorial display of the KINT 98 jocks in the nude. The front of the fold out is labeled "Plain Brown Wrapper." Program Director Johnny Kaye sent his mother, who lives near Los Angeles, a copy of the flyer. She was watching a local TV station announcer ask for something in a plain brown wrapper, and obliged with the KINT foldout. The newsman was so impressed he panned the layout on another telecast, which is also cabled to the El Paso area, creating quite a stir in L.A. and the Southwest.

### FCC Orders Star Stations Off Air

WIFE-AM/Indianaplis, KOIL-AM-FM/Omaha and KISN/Vancouver, Washington have been given orders to go off the air by September 2 by the FCC. The Commission's action follows the U.S. Supreme Court's May decision not to grant a review to Star Stations Inc. on the denial of license renewal for all Star owned stations earlier this year.

Strict Billing Rules

The Federal Communications Commission has issued new rules on fraudulent billing practices. Included in the rulings is a provision which states that no broadcast facility can issue invoices, affidavits, or any other documents which contain false information on the amount of advertising charges. Also, broadcasters are prohibited from supplying false information to a "program supplier" regarding the airing of these programs. This section refers to non-commercial material as well as commercial. Previously, the Commission had only warned stations against such practices.

Airing Nothing Violates Doctrine

The Federal Communications Commission has cited WHAR/Clarksburg, West Virginia for violating the Fairness Doctrine by not broadcasting either side of the controversial strip-mining issue. This is a milestone decision by the Commission, which has only cited broadcasters in the past for not airing both sides of such an issue. The Commission's decision came after a complaint had been filed by two seperate parties against the station. The FCC found that the station had failed to broadcast comments on an issue that is of utmost importance to the community served.

### NAB Vs. CB

The National Association of Broadcasters has warned the FCC that the growing CB craze could cause serious TV interference. The comment filed with the Commission stated that CB channels affect not only TV channels 2 and 5, as the FCC had already noted, but also channels 2 to 13 inclusive.

Commerce Dept. Warns FCC

A boost in power to clear channel signals may seriously harm other broadcast signals, the Commerce Department's Office of Telecommunications has told the FCC. That office has been studying the effect of high power radio signals, finding that AM signals of 50,000 watts can cause problems, they recommended to the Commission that complete field tests be conducted before authorization of any boosts in power.

Platinum Records President Pleads Guilty

Both Platinum Records and its president, Joseph Robinson, have pleaded guilty to tax evasion charges in Newark. Robinson could face 6 years imprisonment and a \$10,000 fine for the four counts of evasion for the years 1972 and 1973, and Platinum could be fined an additional \$10,000. No date for sentencing has been set.

Stax To Bankruptcy Court

A Memphis District Judge has directed the financial case of Stax Records to bankruptcy court for further proceedings. The judge stated that he objected to any "delay tactics" in the case, since the company's creditors told the court that Stax is "beyond help" in their financial problems.

Beach Boys Special

NBC-TV has announced plans for an August 5th airing of a special headlined by The Beach Boys. Above Average Productions will produce the show in association with The Beach Boys.

### Stones Tour Off

Both the Los Angeles and Chicago Rolling Stones tour dates have been cancelled, with speculation now that the entire multi-million dollar tour will be dropped. A Stones' publicist stated that the "Bicentennial" tour was never firmly set, and that an official release on the tour would be forthcoming.

'76 Loss Expected For Starr

Citing write-downs of investments on their non-broadcast properties, Starr Broadcasting Group Inc. says it expects losses for fiscal 1976. Specific figures were not stated, although company spokesmen said that the loss should be less than the 2.1 million dollar loss of a year ago.

Reporters Allowed To See Federal Prisoners

News reporters will soon be allowed to hold interviews with federal prisoners, ending a 46 year ban on such talks. The un-monitored talks will be restricted to strictly news publications and broadcast reporters, banning entertainment magazines from access

### Matchless Books

Statistics have shown that matchbooks may be the most widely read books in the world, with an estimated 20 billion books used each year. Three out of four adults use them, lighting a match on the average of

"Gone With The Wind, Gone With The Wind"

A sequel to one of the highest grossing movies of all time, "Gone With The Wind," is being planned Metro-Goldwyn-Mayer and Universal Pictures. The companies announced that the film will probably be released in no less than two years, as no script or actors have been finalized. Scarlett O'Hara and Rhett Butler will return as the main characters of the sequel.

FCC OK's Bigger Broadcast Investments

Investment companies and insurance investment accounts may now have bigger holdings in broadcast and cable TV companies, according to new regulations granted by the Federal Communications Commission. The broadcast holdings now may be as high as 5% for these type companies.

The FCC's action spurred contempt from some Washington legislators, who said that the ruling attempted to make up for the Commission's laxity in enforcing regulations that were on the books before.

Gannet Co. Buys Radio

Gannet Co. Inc. has announced an agreement in principal to buy redio stations KGBX/Springfield, KHMO/ Hannibal, Mo., and KBIX/Muskogee. These purchases are in conjunction with the sale to Gannet of three newspapers in Springfield, Phoenix and Muskogee, all affiliates of the broadcast properties.

Vocational Incentive

In an effort to encourage youth to enter trade occupations, a New York delicatessen is offering \$3 gift certificates to graduates of local trade schools who held good school grade averages.

### THE FCC [So You Can Understand It]

### REPORT ON RECENT (MAY) FCC DEVELOPMENTS

"Women's Lib," and perhaps the FCC's overall position on other regulatory issues, has just been struck a blow with the resignation of Commissioner Charlotte Reid from the FCC. Mrs. Reid, whose resignation becomes effective July 1st, left as a result of her recent marriage. This will now leave her seat available for appointment by President Ford, together with Commissioner Robinson's, who has already announced his departure from the FCC as soon as his successor can be appointed to serve after June 30, 1976, if not before then.

FCC INDIRECTLY ESTABLISHES MINIMUM PROGRAM PERCENTAGES FOR AM, FM, AND TV RENEWALS

In what appears to be one of the more significant FCC actions. it has just indirectly established minimum non-entertainment programming percentages and also commercial practices for renewal applications of AM, FM and TV stations. Specifically, the FCC has announced fixed minimums of 8% for AM, 6% for FM, and 10% for TV, which if met, will have such applications handled by delegated staff action without going to the FCC. Those stations not meeting this minimum will be sent by Staff to FCC for whatever further considerations and/or sanctions it may then deem appropriate. To clarify a point that has raised some confusion, the computation period for the programming percentage is based upon the station's operating period of 6:00 a.m. to Midnight, or whatever portion of that period the station actually is on the air. However, FCC's staff in its discretion can also here consider the programming from Midnight to 6:00 a.m, so this should also be kept in mind when programming the station and computing its percentages. The FCC also stated that substantial variations in stations' programming proposals, i.e. 15% in News or in Public Affairs, and 20% in all others, will likewise require sending to the commission for further consideration.

FCC CONTINUES WITH RE-REGULATION OF ITS RULES

The FCC has made further but likewise minor modifications in its Broadcast Rules in the following areas:

A. It now allows AM stations to install a static electricity drain

tower lighting components involving antenna resistance measurements; B. It has deleted the requirement for certain required monitor readings for directional AM stations operating by remote control;

C. It now requires certain logging procedures for directional AM's where their antenna monitors are out of service;

D. It now permits station licenses to be kept in file folders (and no longer need be fixed to the wall):

E. It has revised the requirements for skeleton and partial Proofs of Performance;

F. It has deleted certain requirements for initialing corrections in certain circumstances;

G. It will permit combination into one entry, the present two requirements to 1) identify the sponsor of commercial matter, and 2) show that sponsorship identification was aired, thereby deleting the confusing "check mark" option.

### FCC REVISES CONTOURS FOR FM STATIONS

The FCC has concluded rulemaking for FM stations required to reduce power arising from the use of tall towers, to permit the increase of their power consistent with FCC's new FM Field Strength Curves. Until the release of such Curves, stations may file FM applications with proposed Contours not exceeding 14.5 miles for Class A stations; 32.5 miles for Class B; and 57.5 for Class C. However, stations within 250 miles of Canada or Mexico will continue to be bound by Treaty limitations and not be permitted such increases.

'SISTER-STATION" PROMOTIONS MUST BE LOGGED AS COMMERICIAL

MATTER

FCC has adopted a new requirement that station promotional announcements made on behalf of "sister-stations" - i.e. those commonly owned in different services serving the same community-must be logged as commercial announcements. This new Rule becomes effective July

FCC PLAYS CUPID IN WAIVING MULTIPLE OWNERSHIP RULES

Fcc has granted a waiver of its Multiple Ownership Rules to permit Lady McKinney Smith and J. McCallum to retain their respective broadcast interests (WDXR, Pudacah, Ky, and WCBL, Benton, Ky.) after their intended marriage despite substantial station overlap. However, the couple had agreed to enter into a pre-nuptial agreement to operate their respective stations independently so that full competition would be maintained between them and other stations.

### Black Radio's Future...AM, FM or Automation?

### **By Jerry Boulding**

There is a great deal of growing concern lately on the part of many Blacks in broadcasting about the future of AM radio. Indeed, those of us who depend on AM radio for our living should be concerned. And, there is also an awareness that automation is a threat to many broadcasters whether AM or FM. We'd like to examine some of the facts and perhaps make some projections as to the future of AM radio, and probe a little into automation for Blacks.

First of all, it is now a pretty well-established fact that FM radio today has almost as many different musical formats avaiable as its AM counterpart used to have all to itself. Among the varied formats of course, are those targeted directly at the Black audience. It is also a fact that even with the possibility of AM stereo, there are technical advances to FM that make broadcasting music on AM hard to overcome. But the quality of the program is vital, as well. The writing, sound music and regardlessof whether it is AM or FM, what is programmed and how well determines who will listen and for how long.

It comes as no surprise that most Blacks prefer to listen to a Blackformatted station and in the early days of radio there were mostly daytimers at the end of the dial who had that assignment. Although there are some exceptions and this has changed somewhat, even today most Black radio, both AM & FM, is still at the end of the dial. Being to the "Far right" in a political bicentennial year may not be the best place to be.

Many FM stations now programming primarily for Blacks just may be in the middle of the dial, but the dial position advantage has been lessened somewhat with FM providing the power is there and in many cases it is.

In many cities these stations are programmed entirely by non-Black and there is simply no real Black input, save an occasional public-service program merely because of license requirements rather than genuine concern on the part of the station. In some cities these "White programmed" Black radio stations refer to themselves as "disco." Despite this, all of the clever manuevering still has as its basic goal, the attracting and maintaining of a large audience totally controlled by Whites. Now, if you feel that the tone of this series is racial, it is not, merely a stating of facts little known to many about a situation that affects us all in some fashion.

remaining FM frequencies to those who would come closer to fulfilling the total requirements of the communities they serve while providing a source of entertainment and information.

What is the government's position on this? An independent report by the FCC's chief engineer's office says more stations could be allocated to FM with greater coverage areas if the adjacent-channel frequency offset requirements were reduced from 200khz to 150khz or 100khz. Both reductions (the 100khz offset requires a low-pass filter in receivers, the 150khz proposal does not) are more efficient in population area coverage than the current standard.

Drawbacks to such a change include the costs of including the filters in receivers and the expense of changing the crystals in stations' transmittors, to achieve the narrower band-width. In addition, the coverage areas for quad and SCA broadcasts would be somewhat restricted. This would, of course, hurt the stations that depend on SCA operations to remain profitable.

In addition to the growing number of FMs converting to a more con-

temporary music format, there appears to be a heightened interest in AM stereo including a new organization called The New Association For AM Stereo. The problem is that even if all of the various engineering problems are worked out, there are still certain distinct advantages that give FM an edge.

So far we've touched on FM and AM, its advantages and disadvantages. Now, we'd like to take a quick look at the syndication or automation possibilities for Black radio.

Looking at the syndication picture, while Black radio does not figure prominently among the various syndication features currently being offered, plans indicate there will probably be as many as a dozen or more one-shot features and shows geared directly to the Black radio market, in the not-too-distant future.

Not only is the idea for these shows and features important, but production techniques must all fall together properly. For example, if the announcer lays voice tracks and can't pace himself with the music it will come out sounding like the stop watch versus the song's intro. On the other hand, if the writing doesn't match the announcer voicing the show, this also will be evident.

Another of the problems peculiar to Black radio is regionalism. A show that might sound perfect for Los Angeles, Chicago or Seattle could "bomb" in an area like Memphis, Atlanta, or Miami. In addition, since the early attempts at both syndication and automation for Black radio will be at least in part music oriented, the shows and/or features must use hit music. If they don't many stations that might otherwise be interested, won't touch them. And most of all the technical quality must at least meet NAB standards or many stations would be reluctant to re-sign their contracts. Finally, we have found through some preliminary study that most stations have to be left 12-15 minutes an hour for their spots, PSA's and news. They need 4-5 breaks to achieve this. Shows will have to be broad-based in their appeal in order to be truly effective.

Automation, on the other hand, has much more control of the market situation and through the use of the same kind of research that every station should do to be effective in their market, they can decide just What needs to happen of course, is the assignment of a few of the what has to be done and then set out to achieve this. If the format is truly modular, all of the broadcast day can be custom constructed and the tempo varied for the various day-parts.

In conclusion, regarding both syndication of one or many shows for sale to individual clients in a market or the total programming of a radio station by use of automation equipment the words syndication and automation no longer strike the instant negative thinking in people's minds they once did. Perhaps people are starting to realize in small, medium, and even large markets where there are certain budget restrictions, in order to get a professional sound on the air to compete with the large budget stations, it's a way to go. As far as putting people out of work, let's look at it this way. You still need program and production people at the local station level to produce the commercials and other features. They can spend all their time doing this and come up with some really great production which when combined with the other elements of automation really give the sales departments something to rave about. Regardless of who it affects, automation and syndication are here and Blacks need to prepare themselves to be a part of it.

RCA Sees TV Recovery

After an all time low sales year for color TV's, RCA Corp. is now projecting \$20 billion in sales during the next four years. The prediction was sparked by current rises in sales, which the company attributed in part to more widespread educational television shows, cable TV, and video games.

Court Discrimination Ruling

A federal judge has ruled against American Telephone and Telegraph in the company's decision to promote a woman to a higher position. The court awarded cash damages to a male employee who was passed over for the job. In its ruling, the court said that AT&T's point rating system for promoting employees should be adhered to, and that the male employee had a higher rating. AT&T had said the appointment had been made in order to cooperate with another court's allegations that the company used discriminatory practices in job promotions.

### Clairol Radio Promotion

Radio listeners in 28 markets are being invited to enter the Clairol's 3rd Annual Long & Silky Model Contest. The winner will be featured in at least one upcoming ad for the company.

(top 30 markets) that are format dominant\* in their market and/or are the major sales influence. These stations usually play undar 35 records in total.

Purallel II: Key stations (31-100 markets) that are format dominant in their respective markets, and influence rack buying patterns for their region. This category also will include some major market stations that are not the dominant ratings/sales influence, but have demonstrated importance in their respective markets. These stations will usually be programming 35 or less total current selections.

Parallel III: All other reporting stations. This parallel will also cover stations with longer playlists. It also will include secondary reporters that are not the format dominant station in their market but influence the market considerably. \*Format dominance determined from latest Arbitron survey available in that market,

# SOUNDS LIKE A MILLION IN THE STATE OF THE S DOLLARS\_

That's what the current issue of Rolling Stone says about the new Tubes album "Young and Rich." The best example of that sound is the outrageously explosive new single that's burning up telephone wires on major stations from San Francisco to Miami:

### ...And Now, An AOR Convention

AOR radio has been growing in many directions. Not only are a good portion of AOR stations enjoying increased ratings success, but hardly a day goes by that we are not contacted by another station informing us that they are "going AOR." In addition to this growth, there has been a continuous increase in industry respect and concern for AOR radio. No longer is the form a fringe of the industry. It has evolved into an entire mainstream with a variety of styles, philosophies, methods, and even fringes, within its own boundaries.

This positive momentum must not be stopped. Now is the time for an AOR Convention. The turnout of AOR people at the recent Radio & Records convention in Atlanta was a testimony to the interest of AOR broadcasters in getting together and sharing each others ideas and enthusiam face to face. It was the largest gathering of AOR people with the largest number of sessions in the history of the industry. Yet, we have been consistantly deluged with requests for more.

Therefore, with pride and excitement, we announce The First International Radio & Records AOR Radio Convention to be held in Ohio this coming Autumn. Details concerning the city, dates, hotel, and registration information will be forthcoming in Radio & Records.

The long awaited event will span three days with registration on a Friday afternoon, sessions all day Saturday, and wrapping up Sunday morning. The convention will be open to radio people from all stations, regardless of whether or not they are Radio & Records reporters, and to all record people interested in AOR radio. There will be sessions dealing with radio and records issues, however, they will all be focused exclusively on AOR.

In order to utilize time to its fullest potential, there will be no record company hospitality suites or any other distractions. The tone of the convention will be low-keyed and businesslike.

One of the highlights of the convention will be a multimedia slide presentation spotlighting the industry's many AOR radio stations. If you would like your station represented in this program, send slide photographs, on 2 inch mounts, of your station, its staff, control room, etc., and the city your station serves, plus a short tape representing a taste of your station's sound to Mike Harrison, Radio & Records, 6430 Sunset Blvd., Hollywood, California 90028, as quickly as possible.

This is going to be your convention. Please indicate to us your feelings and suggestions concerning sessions and speakers that you would like to have scheduled, either in the mail or over the phone the next time you speak to Sharrison or me.

Needless to say, we are extremely excited and we hope that you will share our enthusiasm so that together we can all work toward making The First International Radio & Records AOR Convention the meaningful and successful event that it is going to be.

To You.

MILLER had another sensational week, chalking up three in a row on the top of the heap. It was very stable at the top with the mainstays remaining dominant, lots of fluxuation in the middle, and turntable experimentation at the bottom. STEE-LY and STONES didn't budge. DOOBS moved up slightly. **AEROSMITH** continues to grow. WINGS are strong. **TUCKER** had a fantastic week picking up many new adds and turning last week's adds into hots. TULL, FIREFALL, and BOZ were stable airplay giants. FRAMPTON resurged. MARLEY is holding. TODD inched up. CARLY was the week's highest debut. **DANIELS** maintained. BOC debuted impressively. A consensus of programmers indicate that they are very impressed with this album and are ready to incorporate the group into the AOR mainstream. JOEL came on

a consistant level of artistic competence with subtle explorations in different directions. This one is chock full of cookers that sound good on the radio, as well as rich, lush ballads. The album has definate Soulful overtones with vary tion is perfect providing those powerful horns and vocals with a prime showcase, not to over and vocass with a prime showcase, not to over-look some mighty sensational guitar work. Every cut is strong. Among the goodies are "Once Or Twice" "Skin Tight" "Another Rainy Day In NYC" "Mama Mama" and "You Get It Up"

TRACY NELSON

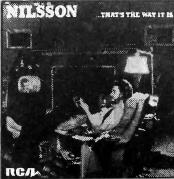

She really shows her stuff this time around Tracy sings a no-bullshit style of downbeat Rock with a Blues base and carries it off quite effectively. "An Arm And A Leg" is strong. Check out "Couldn't Do Nothin' Right" and Time Is On My Side." (MCA)

**JAMES TAYLOR** 

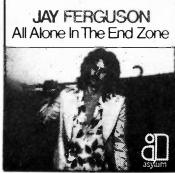

Lots of good people make guest appearances on this fine collection of mellow and bouncy tunes. He's in better voice on this one than he's been in a long time and that's a compliment because his last album-was quite good and recaived strong favorable response from radio stations of many formats. "Shower The Peo-ple" "Money Machine" "Daddy's All Gone" "Captain Jim's Drunken Dream" "Nothing Like A Hundred Miles" (WB)

NILSSON

Welcome back Harryl This is the kind of album that he originally built up so tremendous a reputation with as a genius creator and inter pretor of contemporary music.Here he does some originals and some tasty tunes of other artists. As in his best efforts, the variety is sensational. "That Is All" "Just One Look" 'Sail Away" and "Zombie Jamboree" (RCA)

**JAY FERGUSON** 

This album has been receiving very positive initial AOR reaction and airplay. Formerly with Spirit and Jo Jo Gunne Jay Ferguson takes the musical prowess that he lent those classic groups and spares no change in putting to gether his own solo effort. Tremendous dimen sion from track to track, "Medicated Goo" (the old Traffic) tune is a killer! "Snakes On The Run" "Hit And Run" "All Alone In The End Zone""Everybody Goes From Here" (Asylum

ANDY PRATT, POCO, JEFF BECK, JJ WALKER, and **URIAH HEEP** were bunched up around the bottom and almost made the chart.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

### **DON NIX**

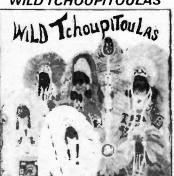

He's been around for a long time bringing years of experience to an excellent debut album for a new label. Smooth and polished, every ial. Those AO9's already on it report good response from their staffs and listeners. "Har-Jail" are standouts. (Cream)

### SPIN

Classy stuff! This is a superb instrumental ensemble from Holland. Their music ranges from Jazz to Rock with effortless fluency. Tremendously arranged they paint a variety of mental pictures and musical moods. "Little 'Grasshopper" "Sea And Seasons

### WILD TCHOUPITOULAS

This is well executed, authentic bayou cajun music. Here's an ensemble that gets down to the nitty gritty roots of so important a part of Roll. A pleasant departure from the norm. Check it out "Big Chief Got A Golden Crown" ther John" "Indian Red" "Hey Pocky A-Way

### STARZ

Nothing pretentious about this one, this is straight ahead Rock and Roll. Heavy duty instrumentation and vocals abound. Nothing ter ribly artistic going down but this group seems to have the stuff that'll get those phone jammers crazy. "Tear It Down" "(She's Just A) Fallen Angel" "Over And Over" and others (Capitol)

18-49 adults with a 5.3. KHJ and KABC are right behind with 5.2, KLOS has 4.9. KDAY (B) down a bit again 3.4 to 3.0. KGFJ (B) holding at 1.4. KEZY (R) showed its strongest recently for the L.A. book with a 1.2. KFI (P/A) dipped 3.2 to 2.8, KMPC (P/A) surged 3.0 to 4.1. KIIS (P/A) down 1.1 to 1.0 on AM and down 1.8 to 1.0 on FM. K100 (A) 2.9 to 1.8, KMET (A) 1.9 to 2.1, KWST (A) 0.9 to 1.6. Interesting move by KRLA (O) which is programmed by the King Of Oldies, Art Laboe. consulted by Billy Pearl and Tom Greenleigh. The station moved from a 1.2 to 2.8 and KRTH (O) dipped 3.3 to 2.3, apparently pulling FM oldie listeners back to AM. KLAC (C) up again and steadily 3.2 to 3.7. In the News battle KNX has 4.4, KFWB 4.0. In Beautiful Music KPOL-AM & FM suffered, KJOI up a bit to 4.8 and KBIG still on top with 6.4. In teens KHJ way ahead with a 19.8, next is KDAY with an 11.0.

# COUNTRY

### Direct From Duncan

If you are like many in the radio or record business, you probably receive many music surveys from Country radio stations. You get them in all different colors and designs. A few take the time to put together an interesting newsletter to accompany the music list. The newsletter usually is the music director's wayof talking to the industry. For the most part the newsletters are 90% fun and 10% serious thought. The latest addition to this newsletter craze is DUGG COLLINS, Program Director of KDJW, Amarillo, Texas.Most recently he has mentioned this editor's name as part of the content. (Probably in an effort to increase the popularity of his newsletter!) So, I though I would say something good about Collins this week. (I though about it and couldn't come up with a damn thing good to say about him.) Next...

The April-May Arbitrons are in and the story of some of the early arrivals, such as Los Angeles, Chicago, New York, Philadelphia, San Diego, San Francisco, are listed in the front portion of this here R&R...A Country music first this Friday (18), JERRY LEE LEWIS and MICKEY GILLEY will appear publicly together for the first time at Gilley's Club down in Houston, Texas. (We'll have a filmed reported next week.)

MAC ALLEN of Sonderling Broadcasting Company has been named agenda chairman for the 1977 Country Radio Seminar. WONE'S TERRY WOOD will serve as vice-chairman. LYNN SHULTS of RCA Records will serve as the industry chairman and NICK HUNTER of Playboy Records will handle the vice (?) position for the industry. BIFF COLLIE and JERRY SEABOLT will coordinate activities, with ASCAP'S CHARLIE MONK once again working on the entertainment. (What he should really work on are his jokes.) A net profit of \$10,000 was made on the 1976 event with a first time scholarship granted for Middle Tennessee State. Three more scholarships are planned.

RICK HOLCOMB, former Sales Manager of WAXC, Rochester, New York, is the new General Manager of WTCR, Huntington, West Virginia ...From newscaster at KXYZ, Houston and KRLD, Dallas, FRANK GENTRY joins WDEE, Detroit as News Director...TOM ESCUE, aka TOM EDWARDS, from KSON, San Diego, To KEED, Eugene, Oregon, as Program Director ...ROSS MERANTI, from Pop/Adult station WBVP, Pittsburgh, joins Pittsburgh Country station WIXZ to do morning drive. HANK DALE has been promoted from weekends to afternoon drive on WIXZ.

WMAQ's Operations Director BOB PITTMAN told me last week he was among the very few Country radio people at the recent Bobby Poe Seminar in Nashville. Pittman made a point worth mentioning for those of you who did not get a chance to get to the event. Pittman feels the day of the robotized radio station is gone. Country radio got caught up in the "time & temp, play-the-hits" syndrome a few years back. Pittman feels playing "the hits" is very important, thus his heavy concentration on music research, but that is not the only function of a radio station. According to Pittman, "For a radio station to be competitive in any market, it must provide a total service. Not only the right music and right personalities, but the right information necessary to satisfy the needs of the community. That can be the right time to plant corn or even just the weather. Full service radio stations will continue inthe future to be the winning stations." R&R would like to hear your thoughts.

JOBS: KFGO, Fargo, North Dakota, needs an all night jock. The same position is open at KHAK, Cedar Rapids, Iowa. Details in the R&R Classified section.

The Open Road Magazine Country music awards show will be held at the Arie Crown Theatre in Chicago, June 26. WMAQ all-night truckin' DJ FRED SANDERS will handle the master of ceremonies chores. For those of you who cannot attend the winners are: MERLE HAGGARD—Male Vocalist; LORETTA LYNN—Female Vocalist; CONWAY & LORETTA—Vocal Duo; TOMT. HALL—Songwriter, BUCK OWENS & THE BUCKAROOS—Vocal Group; "Convoy"—Song Of The Year; "Your Cheating Heart"—All-time favorite; ROY CLARK—Instrumentalist; CHARLIE DOUGLAS and radio station WWL, New Orleans—Truckin' DJ and Radio Station of The Year. The winners are voted on by the truckers who read the magazine. Epic's CHARLIE RICH will provide the entertainment for this 2nd annual event.

A new Progressive Country station in Green River, Wyoming, AM-1490. The Music Director will be SNAIL DODGE. (I do not lie.) They need service of Country and Country-rock music. Contact "the slowest car in the west' (Snail Dodge, of course!) at (307) 875-6666...WYTL, Oshkosh, Wisconsin, reports MD CHARLIE HART had a fire at the station which was started by a bulk-eraser that was upside down in the production studio. Being upside down caused the unit to stay "on." The mechanism burned out and caused the fire. Hard said the firemen got to the station a couple minutes after it got started, thus very little damage...Welcome to PD LYLE REED of WEAT, West Palm Beach, Florida. The station is one of our newer reporters. Hello to the other staff members: GENE BARRY, JIM CARTER and SCOTT BROOKS, whom compose the air staff.

JOHN FISHER, one of the best promotion men in the business, has left his position with Hitsville Records. No plans yet, but "The Fish" will hook one soon.

We'll have a look at some station promotions next week...As you may know, California just completed its primary elections last week. I came across an interesting survey that showed Democrats have more children, than Republicans. That makes sense, if you think about it. Have you ever heard anyone talk about a good piece of elephant?

WWVA/Wheeling Music Director Bob Barwick had some help on his mid-morning show from Buttons, the clown from the Ringling Brothers Circus. Sorry we can't help identify those in the picture, but we know for sure one is Barwick and the other is Buttons!

Recently Playboy recording artist Barbi Benton took the time to visit KSON AM & FM in San Diego. While she was there, morning man and Operations Manager of KSON, Ed Chandler, took Barbi out on the town in style with a chaffeur driven limo. They visited La Jolla for dinner. The next day Barbi was the guest on the "Chandler In The Morning" show. Ed Said, "Since 1968 I've asked Santa Claus for only one gift, Barbi Benton, and at last my wish came true." Pictured (Left to Right) Bufford Stokely, ace chaffeur and former Country Radio star, Chandler and Rachi.

Johnny Cash is shown presenting a 1976 Fleetwood Brougham Cadillac to producer Don Davis to show his appreciation to Don for bringing him his latest hit record. To quote Johnny, "I gave him the car for bringing me "Boy Named Sue" in 1969 and "One Piece At A Time." "One Piece At A Time," produced by Charlie Brass and Don Davis is top rated in many markets.

Executives of Motown's new country label, Hitsville (formerly known as Melodyland), came from various parts of the country to get together for the first time to celebrate the opening of one of the label's stars, T.G. Sheppard, at the Fairmont Hotel in Atlanta. Pictured Left to Right Staff Magician, John Fisher, Peter Svendsen, Promotion, Central Region; Ray Ruff, Creative Director of Hitsville, T.G. Sheppard, Gordon Prince, Vice President of Prodigal Records and Elroy Kahanek, T.G.'s personal manager.

### Biff Collie INSIDE NASHVILLE

NAME DROPPING: GEORGE JONES new "Possum Holler" tours sight seeing firm sued over price guidelines for Nashville tours...Did you see super songwriter FLOYD TILL-MAN puttin' on TV as LEE TRE-VINO's pro-am twosome partner? Floyd will record for WILLIE NEL-SON's Lone Star label, I bet...he should. He was Willie's idol, has been working concerts with him and I understand may MC the ofttimes cancelled July 4th picnic in Gonzales, it's on again, this time for only 12 hours. (he doesn't need a mass gathering permit for that) ..O.B. McCLINTON says his "Black Speck" is the start of his one-man crusade to de-taboo the word "nigger." O.B. told me he hoped by the time his little boys goes to school he can get on the bus, here that word and laugh about it (O.B. is black)...Nashville songwriter JIM OWEN's one-man stage presentation HANK may get national exposure as it deserves. Jime told me after HANK WILLIAMS, JR. saw the show, he told him "All my life people have tried to make me Hank. Now there's finally somebody else." Owen is negotiating a number of offers for a national touring company to showcase his two-hour characterization of Hank, Sr...

..Veteran personality/writer HUGH CHERRY (he wrote "The History of Country Music") was in town to perform as warm-up man for the JOHNNY CASH summer miniseries. The cities of Hialeah and Miami Springs held their annual Miami River Regatta Saturday, April 24. Included in the three days of activities is a "Media canoe race," where personnel from local radio, television and newspapers compete. In the radio division, WWOK won both first and second place positions. The winning canoe was manned by WWOK's Flying Fisherman, Pete Rayner followed closely by air personalities Big Butch Brown and Chris Shawn. The only problem seems to be 'keeping the Miami River clean" with these guys in the water! L to R: WWOK's Big Butch Brown and Chris Shawn in second place canoe after the Miami River Regatta media race.

### BILLIE 10 SPEARS What I've Got In Mind Includes Sing Me An Old Fashioned Song What I've Got In Mind / Misty Blue

BILLIE JO SPEARS What I've Got In Mind (UA)

From one of the hottest producers in Nashville, LARRY BUTLER, comes another first class album. Some of the sure winners include "Do Right Woman, Do Right Man," "Let's Try To Wake It Up Again," and the uptempo, hand-clapping, sing-a-long "Sing Me An Old Fashioned Song." Other possibles "Husbands and Wives" and "Loving You Was All I Ever Needed."

**MELTILLIS** Love Revival (MCA)

Tillis proves his versatility not only as an artist but as a producer as well. Good variety of styles. Best selections: "Good Woman Blues," New Green Light" and the honky-tonkin' "Gator Bar." Other very good cuts are "Tall, Dark and Lonesome" and "I Order One For Me." Many very programmable cuts.

Cooking demonstrations, Retail Booth Display &, at intermission an Authentic Belly Dancing Demonstration by national known "Murthina" who is an instructor in Charlotte. (Left to right) Murthina, WAME Program Manager Edd Robinson & Midday Air Personality Bill Quay.

### **PLEA FOR ASSISTANCE**

I saw the article in the May 28 issue of R&R concerning the benefit shows for prisons. One in specific is the WBAM, Montgomery station. We have a unique situation in Southern Illinois that I, personally think needs attending to.

Just a few miles south of Marion is a Federal Prison. Not just a Federal Prison, but the most modern and complete Maximum Security facility in the United States. The unit was installed as a replacement for Alcatraz, when it was closed in the late 60s. Through our radio station. I have been able to make contact with several of the men "inside" the prison walls at the Marion

Through the years, Country personalities have made their respective appearances at penal institutions throughout the country, but there hasn't been a quality Country Show here in 12-years. The last big name at the facility was "Slappy" White from the Sanford & Son television show 4-years ago. Since that time, there have been the usual regular shows from area gospel groups and local talent. But the men are still starved for good entertainment. I have written personal letters to a few of the people in the Country Music business-but without any results. The men listen to W3D almost constantly. We program Country music 24 hours a day. My question: Are there any artists or record companies who can help these people? I have nothing whatso-ever to gain from the requestthis radio station has nothing to gain from it, either. It is just something I am interested in helping make contacts for. The concert facilities are excellent and the security is beyond compare. The warden and his associates have been in contact with me on numerous occasions to try to make the necessary contacts. They are willing and eager to cooperate in any way.

If you can be of any help, we would be appreciative. Contact Bruce Welker, WDDD, Marion (618) 997-2341 (days) or (618) 997-3229 (nites) Thank you very much.

WDDD

### The Hottest:

STARLAND VOCAL BAND
Afternoon Delight (Windsong)

Finally a chart topper on the Pop/Adult 40. And very hot.

STARBUCK
Moonlight Feels Right (Private Stock)
Been on Starland's tail all the way up the charts

AMERICA
Today's The Day (WB)
Add this to their list of big winners.

SEALS & CROFTS
Get Closer (WB)
A very impressive come-back for the duo.

Tanya Tucker, MCA recording artist, recently stopped by WSAV to visit station air personality and music director Jerry Katz. The 17-year-old singer spent a half an hour on the air with Jerry and received strong phone response for her appearance.

### POP/ ADULT NOTES

BY MIKE KASABO

Paul Newman who has had some radio experience (at least in his DJ role in the film "W-USA") is causing a stir again. This time at a real radio station. Jim Asbury, 14FBL, reports that Newman recently spent several weeks in Syracuse filming his up-coming movie "Slapshot" in and around the New York State town. As the title suggests, the flick is about hockey, and it just so happened that the film's producer needed a couple of extra bodies for some scenes. Station's morning personality Jack Mindy got the biggest break by landing a speaking part, while evening man Coyote O'Shea will be featured in a crowd scene. Anyway, some of the excitement of a major motion picture being filmed in Syracuse was captured by John Leslie when he broadcast live from the movie

Scott Fischer, KHOW, reports playing an up-dated version of the 1958 smash "Tequila." It's by the Champs, but I'm sure most of the original members of that band are not on this one.

So you won't think it a typo...the correct name for Playboy records most successful group is now Hamilton, Joe Frank & Dennison. Reynolds is no longer with the group. Their new single "Light Up The World With Sunshine" is off to a good start...Check New & Active.

From the Country side...T.G. Sheppard's "Solitary Man" continues to show early cross-over signs. Once again check New & Active.

Atlantic has re-issued the Hall & Oates version (the original, by the way) of "She's Gone." If you recall the record was first released almost three years ago and was big in many markets...especially Philadelphia.

The irrepressible Charlie Allen, WGN, reports heavy calls for the Shirley & Squirrely record on GRT. It's called "Hey Shirley." And also went on WSAV.

The John Davidson record continues to pick up...including a late add at

WIP.
Last year Charles Randolph Grean had a sizeable Pop/Adult hit with the theme from "Star Trek." Now Deodato's version on MCA is picking up some good play including WMAL and WMBR.
