## 'Pay-For-Play' (Part Two)

BY DAV'D HIRSCH

The July 26 opening session of the Copyright Office's three-day West Coast hearings on performance record royalties sparked a clash in radio and record company viewpoints on the issue, with an accusation by Copyrights official **Barbara Ringer** that payola is "a common, everyday fact of life" in the radio industry. Ringer's comments arose after a discussion of radio's role in stimulating record sales; stating her belief that the "quality" of the music played on radio stations had declined in the last 20 years, she expressed her opinions of payola's prevalence and further stated that though it was an "ugly issue," it must be raised.

In more pertinent testimony, **20th Century Entertainment Group** President **Alan Livingston** supported prevailing record industry views on the performance royalties issue (*R&R* 7-22). He decried the "inequity" of radio's use of recorded product, and declared, "Radio does not promote the sale of recordings. It merely programs their performance, and thus exposes them. People buy what they want to own, whether they hear it first on radio, on a jukebox, in a discotheque or elsewhere."

**Hal C. Davis**, President of the **American Federation of Musicians**, contended that performance royalties would help compensate for radio's unfair continuous exploitation of performers. When faced with the argument that with performance royalties in effect, radio could be forced to play less music, Davis replied, "Don't play music—we don't need your charity."

On the radio side, **KLOS/Los Angeles** Vice President/General Manager **John Winneman** stated "Record companies and artists are already well paid for their efforts...there is no need to tax the broadcast industry further so that these entities and individuals can increase their already sizable incomes." Winneman also wondered why, if radio does not promote record sales, record companies maintain large staffs and budgets "devoted to persuading radio stations to play their records." He concluded by inquiring if "record companies and artists, in exchange for their performance royalty, would be willing to pay us a fair price for the air time now provided to them free. I think not," he said. "They get too much of a good bargain now."

## Newspaper Launches Payola Attack On Chicago AOR Station

The **Chicago Tribune**, via TV/Radio columnist **Gary Deeb**, has focused strongly on an internal investigation by **ABC** of their Chicago outlet, **WDAI-FM**, headlining it "WDAI Radio Under Probe For Payola" and, according to **ABC-FM** President **Allen Shaw**, "blowing the whole thing out of proportion."

Deeb's article minced no words by opening, "Something stinks at WDAI-FM..." He went on to say the paper had learned that WDAI and ABC were investigating "charges of payola, drug use, improper broadcast of commercials, and other illegal activities at the station." He then attempted to link the recent dismissal of former WDAI PD **Bill Todd** to the alleged misconduct at the station: "Bill Todd, 30, PD of WDAI since 1974, was dismissed July 8, several weeks after the in-house probe was launched. An independent **Tribune** investigation of the WDAI mess indicates a 'bum stew' of chicanery and the cronyism tied into the 'Super Bowl of Rock' concerts which WDAI has been publicizing heavily..." A strongly worded denial from Shaw, stating that Todd's dismissal was solely due to a drop in ratings, was printed further down in the article.

Deeb went on to detail certain "key problem areas," including the broadcasting of 300 extra commercials for an **Emerson, Lake & Palmer** "Superbowl of Rock" appearance, the alleged awarding of an Acapulco vacation to the secretary of a lawyer supposedly instrumental in securing the local Soldier Field site for the "Super Bowl" concerts, and an investigation of "reports that WDAI played certain records only after record companies coughed up payola in the form of cocaine and other drugs, golf clubs, free vacations, and free use of luxury cars."

Near the conclusion of the article, Deeb admitted, "So far, ABC and WDAI officials insist that their inquiry reveals no illegal activity at the station," and then quoted Shaw in a stern statement to that effect. Following the quote, again alleging a connection with Todd, Deeb added: "But many present and former WDAI staffers believe that the internal investigation discovered enough foul deeds to trigger the firing of Todd from his \$42,500 job as Program Director."

In a statement to **R&R**, **Allen Shaw** reiterated confidence in **Todd's** integrity and strenuously objected to the **Tribune's** handling of the story, especially in his reference to **Todd**. "The whole thing has been blown out of proportion. There is no evidence of any irregularities at WDAI. Everything in the **Chicago Tribune** article merely suggests irregularities. If you read the article carefully, you'll see that much of what is disguised as fact is merely opinion. We have launched our own investigation into the matter and have uncovered no evidence of any impropriety. Our position is obvious. ABC has no desire to cover up any irregularities. At any hint of an irregularity, such as anonymous phone calls (reported by Deeb to have triggered the present ABC probe), we jump in first to investigate, which is exactly what we did in this case. It is unfair to use the fact that we've conducted an investigation against us. We've launched many investigations like this in the past. The fact of the matter is nothing illegal or unethical has been done."

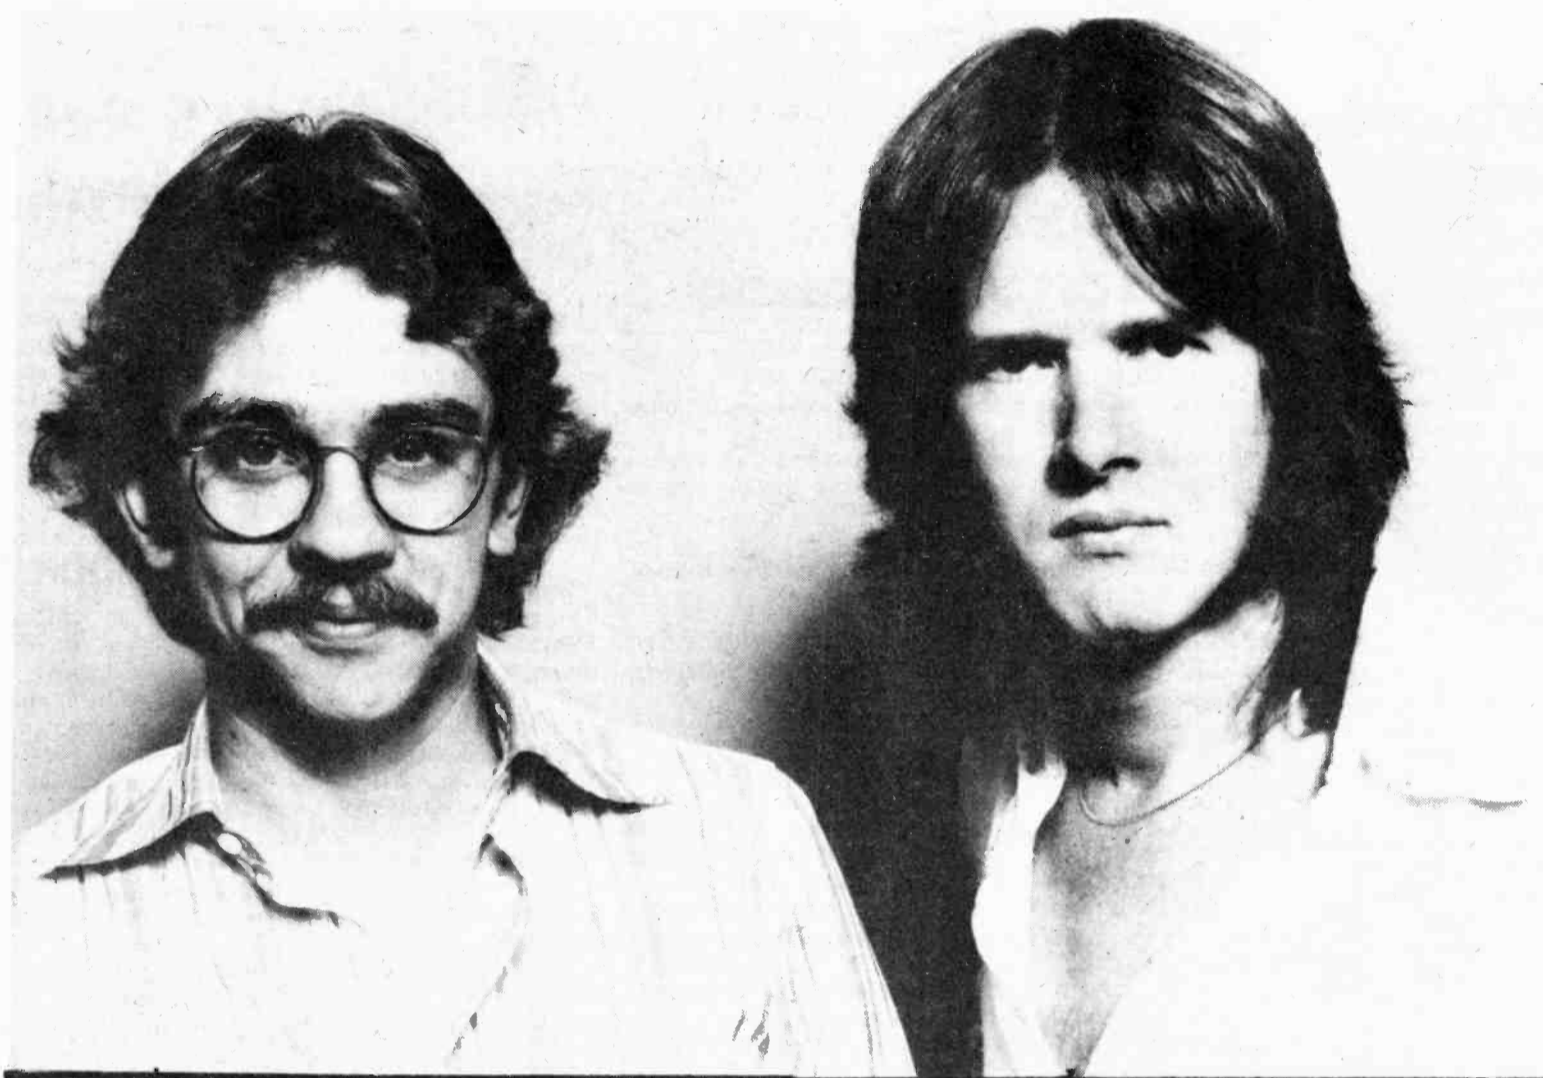

In support of Shaw's objections, longtime Chicago observers noted that local newspapers had in the past been known to publish occasional "intemperate" accusations against radio stations, chiefly **WCFL** during their Rock format days.

## Zep Zapped In Oakland Arrest

**John Bonham**, drummer of **Led Zeppelin**, along with the group's Manager, **Peter Grant**, and two other staff members, were arrested by Oakland police Monday (7-25). Bonham and Grant were booked on one count of battery, while Stage Manager **Richard Cole** and security guard **John Bindon** were booked on two battery counts, with the arrests stemming from an alleged fight with stagehands, security guards, and concert management personnel during the group's performance at a **Bill Graham**-promoted "Day On The Green" concert at Oakland Coliseum. Three **Graham** employees filed the complaint, according to police. The **Zeppelin** party promptly posted

# Harper Resigns At WKBW, Joins Oliva-Neuhoff Broadcasting

WKBW/Bufalo PD Bob Harper resigned his position late last week to become General Program/Operations Manager for Oliva-Neuhoff Broadcasting of Cleveland which owns WGCL-FM/Cleveland and WERE-AM/Cleveland. Harper will be overseeing the operations of

both stations and told R&R that the stations' individual PD's will report directly to him. Harper also told R&R, "I feel good about leaving WKBW in such a dominant position in the Buffalo market." Harper's new position will become effective August 15. No immediate

changes are expected at either Oliva-Neuhoff station. No replacement for Harper as been named as yet.

## Quincy McCoy Named Z93 PD

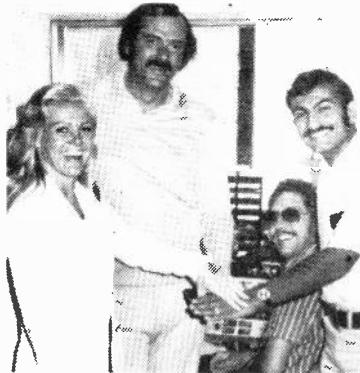

Quincy McCoy has been appointed by Z93/Atlanta General Manager John Frankhouser to take over Program Director duties for the station. The position had been unfilled for several weeks since Dan Mason left for the PD position at WPGC/Washington. Frankhouser told R&R: "Z93 has one of the largest total audience shares of any major market Top 40 station, and I'm happy to have Quincy join our successful team." McCoy leaves Y100/Miami, where he was Music Director and air personality, for the new position.

## DeVorzon Sues Over 'Nadia'

Barry DeVorzon, listed along with Perry Botkin, Jr. as artist on the 1976 hit "Nadia's Theme," is filing suit against A&M Records, K-TEL Records, Columbia Pictures and Botkin to recover damages he claims to have suffered because his name was not listed as co-writer on the song. According to the suit, DeVorzon contracted in 1970 to compose the music for the film "Bless The Beasts And The Children," from which a track, retitled "Nadia's Theme," was taken and released by A&M and K-TEL without crediting DeVorzon. Business losses resulted from the alleged omission, according to DeVorzon's complaint.

## Industry Mourns Mike Elliot

Mike Elliot, former WEA Vice President of Marketing, died July 21 after a long illness. Elliot's record industry career spanned nearly 30 years. Before joining WEA in 1971, he was President of Liberty/United Artists' distribution network and Vice-President of Corporate Development at Liberty/UA. Elliot was in his early 60's at the time of his death.

KDES/Palm Springs News Director Dan Perumean and Stock Market Reporter Cheryl Yates were married on the air, with air personality Chuck Woolley performing the ceremonies. The wedding was given national coverage on Paul Harvey's "News and Comments" show, which immediately preceded the nuptials on KDES. Shown (l-r) are Cheryl Yates, Chuck Woolley, air personality Ron Young (the best man), and Dan Perumean.

## Majority Of U.S. Relies On Radio For News

An absolute majority of the American public relies on radio as their primary source of news, according to a recent Trendex survey commissioned by the Radio Advertising Bureau. 50.1% of those polled considered radio their first news source most of the time, with television a distant second at 30.7%, newspapers 18.7%, and 0.5% for magazines. 94.5% rated radio's

news performance as good-to-excellent in normal news periods.

The survey also asked New York City area residents about radio's performance during the recent blackout, with 77% stating that they relied on radio for emergency news, and 95.1% rating the medium's performance as good to excellent.

## BASKETBALL BUDDIES

A spirited but unlikely basketball squad got together in support of the Warner Bros. basketball movie "One On One," starring Robbie Benson (10 in picture). Also making the squad were Jim Seals (14) and Dash Crofts (44), who perform the film's soundtrack, and Paul Williams (52) and Charles Fox (41) who wrote the theme song, "Love Theme From One To One."

## LETTERS:

### "Why Don't Radio Stations Charge To Play Records?..."

Dear R&R:

After reading "Pay For Play Radio Coming?" in your July 22 issue, I wanted to pass along some comments of my own.

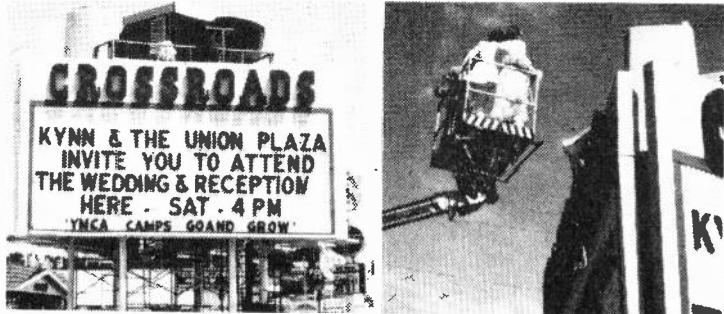

I sympathize with the recording companies and performers. It is scary, however, to think that radio stations might be footing the bill with royalty payments to these people. Mr. Wolff's statement "The only reason radio stations play music is to get people to listen to commercials," is the one I'm concerned about. Perhaps I'm wrong, but that appears to be biting the hand that feeds. If not for radio, then how does the artist get the exposure? How much valuable time is spent (at considerable payroll cost) when the countless promoters talk with the Music Directors and Program Directors? What about the researching? None of this comes free to us.

I think we should propose this idea: Why don't radio stations charge the record people for the privilege of having their record played.

My whole point is, the comments appear to be made with a bitter tongue. I always thought radio and music went together, not down separate paths. Perhaps I'm from the old school.

## HIGH-FLYING HONEYMOONERS

KYNN/Omaha changed formats, as well as call letters. In an effort to promote the station and the new call letters, KYNN offered a couple a four day honeymoon trip to Las Vegas. All they had to do was spend three weeks listening to the station. There was a catch: the couple had to agree to spend the first three weeks of their marriage in a tent, high-a-top a sign at a local shopping center. Nineteen year old Sam Money and his eighteen year-old wife, Bridgette, agreed to the terms of the promotional stunt.

On a recent Saturday afternoon the couple tied the nuptial knot on top of a 25 foot high scaffold. The couple was provided with free food and toilet facilities, but a shower was not included in the deal. In an effort to keep cooler, during the 100 degree Omaha weather, the newlyweds poured containers of water over each other. Sam and Bridgette have only a radio, telephone, CB radio and a black kitten to help pass the time.

Due to recent tornado watches, the couple had to be brought down to earth twice. If the couple remains "on top of things" their winnings will include the all-expense paid trip to Las Vegas, plus \$1000 cash.

## Casablanca Denies Sale To Polydor; Signs Canada Pact

Casablanca Record and FilmWorks signed a distribution agreement with Polydor for Canada, but denied prevalent rumors of the company's sale to the German-based multinational record concern. Casablanca President Neil Bogart also denied that Polydor would secure worldwide distribution rights for Casablanca product. Vice Chairman Richard Trugman stated

further. "It is generally acknowledged that the industry has been speculating on the future of Casablanca. We have heard reports linking us with ABC, MCA, CBS, Warner Bros., Polydor and Columbia Pictures. Although we are flattered by talk of these direct associations, time has proven that Casablanca has not entered into any of these deals."

## Cookie Hit In Major Market Using Record Promotion Techniques

The Famous Amos Chocolate Chip Cookie Company has set a potentially important precedent achieving its current national success by using a "total marketing concept that treats the cookie like an important recording artist," in the words of the company's John Rosica. Rosica, a former RCA Records promotion executive, and founder Wally Amos, also a former music industry figure, have planned the promotion of the chocolate chip cookie by following well-known record business promotion techniques (radio interviews,

press coverage, style of advertising, a newsletter, etc.). Recently, the company has hired Ben Rosner's New York-based independent record promotion company to direct national promotion efforts for the cookie. Amos' recent national publicity (he was the subject of a recent Time Magazine cover story) and corporate expansion indicates that record promotion techniques can be adapted with exceptional success to other products, and raises the possibility of a wide variety of mass appeal product manufacturers utilizing similar strategies to expand their markets.

## NAB Requests Permanent Task Force

The NAB recently sent a request to FCC Chairman Richard Wiley asking that the FCC convert its temporary regulation task force to a permanent status. The NAB has expressed concern that when Wiley exits the agency the program will be discontinued and feels that the program has been an aid in doing away with needless regulations.

## Stereo Video A Commodity Of The Future?

The FCC wants to know if U.S. consumers are ready for stereo television and has launched an investigation into the subject, expanding a year-long study with WCVB-TV in Boston. Techniques, public appeal, and broadcasters' support are all factors involved in the FCC's study.

## Perrier: The New "In" Drink For America

Until recently, France's Perrier water, the "champagne of bottled waters" was only found in specialty food shops, with a purchase price of close to \$1.00 for a 23-oz bottle. However, last year a U.S. subsidiary was established to import and market the product widely. So far, the mass market approach and advertising have allowed the manufacturers to cut the price almost in half. The advertising push started in New York, Los Angeles, and San Francisco. The campaign will expand to Boston, Miami, Washington, and next year into Chicago, Houston, and Dallas.

## Combined, Taft Profits Rise

Combined Communications Corp. has disclosed a record six-month profit, up 49% from \$6.2 million to \$9.3 million. Gross earnings through June 30 rose 12% from \$101 million to \$133.4 million.

Taft Broadcasting Co. had its best quarter ever during the period ending June 30, with profits rising from \$3.3 million for the same period last year, to \$4.2 million. That company's broadcasting division total earnings rose to \$7.8 million from \$7.1 million.

## "9 To 5" Blues Kicked By "Flexitime"

More and more large corporations are offering their workers "Flexitime" schedules, with several major advantages noted in such systems. Flexitime gives the employee options of when to check in and out of work, and variable lunch hours. To make sure that business flows smoothly, a certain "core time" is set up, a set period of hours when all workers must be on the job. Although this flexibility has been around for some time in many companies, more are catching on to the trend, with some great benefits. Advantages to the worker include more time to take care of personal business and day-time leisure activities. Some employers claim that employees have increased productivity, better morale, less tardiness, and fewer resignations from their jobs.

## Warner Brothers And Sire Sign Record Pact

Warner Brothers Records and Sire Records have signed a new record manufacturing and distribution deal which will cover the U.S. and Canada. Some of the artists included in the pact are the Climax Blues Band, Ramones, and Renaissance. Sire had previously held such an agreement with ABC Records.

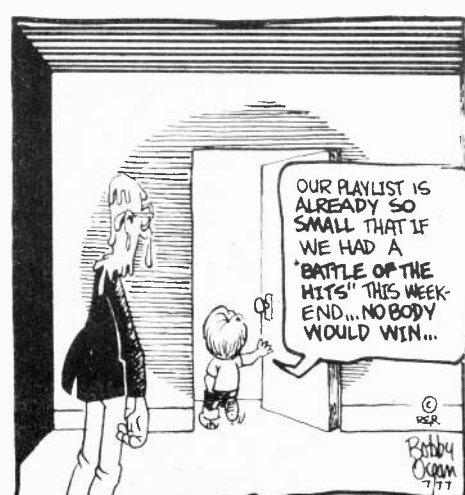

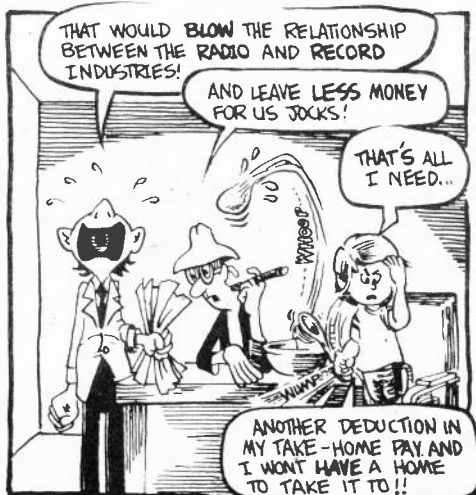

## The Squeeze Is Off Anita

The Florida Citrus Commission has decided to retain Anita Bryant as their official advertising spokesperson. The decision was made after two different consumer research studies revealed that 89% of the homemakers interviewed did not object to purchasing Florida orange juice because of Ms. Bryant. There was speculation that she would lose this position due to her campaign to repeal the Dade County ordinance which barred discrimination against homosexuals. Reports that Ms. Bryant would somewhat subdue her anti-gay movement were denied by the Citrus Commission. No new contract or provisions regarding political activities have been set forth.

## Communication Act Hearings Begin

The House Communications Subcommittee has launched its hearings on the broadcast section rewrite of the 1934 Communications Act. Broadcasters from all parts of the country will be involved, discussing the values and weaknesses of the nation's broadcast system. The present licensing system, local ownership of broadcast facilities, and allowing broadcasters to function free of federal regulations which relate to programming, are all topics scheduled for discussion.

## Sentry Expands Broadcast Properties

## TV News

### NBC Goes "Back To The Good Old Days"

One of this fall's NBC "Big Events" will trace the early Rock and Roll era, in the presentations of "Dick Clark's Good Old Days: From Bobby Sox To Bikinis." The two hour show will air October 11, starring Annette Funicello and Frankie Avalon, along with host Dick Clark. The special will feature reminiscences of the music fads and fashions of the 50's and 60's, with close to 50 stars of the era making personal or taped appearances. The House of Representatives Committee on Communications has released a report firming up the belief that violence on television causes aggressive behavior. The report said that the consensus of opinion was that the three major networks should take most of the blame for creating the current level of violence now viewed on TV. The committee urged that a study be made to explore drawing up legislation which would make more programming available to the public, and that the consumer would have more to say about quality and style of programming. One of the main points voiced in the report was that local TV affiliates be given more advance notice and screenings so they can make their own decisions on whether to air questionable programs.

### Blackout Affected Nielsen Returns

The wings of "Charlie's Angels" were clipped because of the New York City blackout, so the recent rating winner was listed as "pre-empted" by the Nielsen rating firm, along with several other shows airing on Wednesday nights. NBC held the two top shows of the week ending July 17, and also took the network lead with a 13.8 rating, followed by CBS with a 13.4, and ABC a 12.8. Top 10 for the week were: NBC's movie "Breakout," another NBC film "Stalk the Wild Child," CBS' airing of "Miss Universe Pageant," "Laverne & Shirley," ABC movie "Sleeper," "Happy Days," "Quincy," "Shields & Yarnell," "The Jeffersons," and "MASH."

Arbitron's meter service also noted that the power blackout in New York made it impossible to report audience estimates for Wednesday, July 13, and Thursday, July 14. For the remainder of the week, top shows in New York were: 1) "Laverne & Shirley," 2) "ABC Tuesday Movie" tied with "Happy Days," 4) "Shields & Yarnell," 5) "The Jeffersons," 6) "Maude" and "NBC Monday Movie," 8) "ABC Sunday Night Movie" and "All's Fair," 10) "NBC Movie Of The Week," "Quincy" and "Sonny & Cher." Top 10 in Los Angeles: 1) "Charlie's Angels," 2) "ABC Tuesday Night Movie," tied with "Baretta" and "Laverne & Shirley," 5) "ABC Sunday Night Movie," 6) "NBC Monday Movie," 7) "Quincy," 8) "Best Of Donny & Marie" and "Happy Days," 10) "NBC Double Feature," and "The Rockford Files." Los Angeles returns were not affected by the blackout in Arbitron's L.A. listings.

## Snake Saves The Day

CFUN/Vancouver personality Bob Merchant came to the rescue when Alice Cooper's local concert appearance was hit by a crisis. It seems Alice's boa constrictor, an integral part of Alice's performance, was not allowed to cross the Canadian border due to a customs restriction. Concert promoters put out a red alert seeking boas that could stand in for Alice's. Merchant (pictured on the left) just happened to own a boa constrictor by the name of, you guessed it, "Alice Cooper." Alice is also pictured here demonstrating his fondness toward the six-foot long adopted pet.

## Best Promotions Of The Week

**WLAY/Sheffield, Alabama** presented **Mac McAnally** in concert, and helped a local charity at the same time. Listeners could gain admission to the concert at the cut-rate price of 99¢. McAnally's label, **Ariola America**, matched the door receipts dollar for dollar, with all proceeds going to the Mental Health Association in the Muscle Shoals Area. **KSLY/San Luis Obispo** morning man "**Captain Buffoon**" recently announced that he was "leaving" the station, much to listeners' dismay. However, Buffoon was actually leaving for a short period of time, just the time it took to travel to Disneyland and back in a Datsun B210. Listeners were invited to guess how much money it would cost to drive back and forth in the Datsun, and register their answers at the local Datsun dealer or stereo outlet. Winning entrant won a \$600 stereo system, and Buffoon is alive and well and back on KSLY. A special telegram was awaiting **Led Zeppelin** when they arrived backstage at Seattle's Kingdome, compliments of **KING** listeners. Night man **Rick Scott** opened his phone lines for 11 minutes twice per night for the week prior to the concert, taking listeners' names which were inscribed on the telegram which read: "KING Welcomes Led Zeppelin to the King-

dome." **CJBK/London, Canada** promoted the upcoming **Supertramp** concert for two weeks prior to the show date. Listeners calling the station at certain times of the day were instant winners of concert tickets and the group's "Even In The Quietest Moments" LP's. **KAFY/Bakersfield** has kicked off their "Great Summer Zap" promotion. Goal of the promotional effort is to make everyone in the city a winner of a wide variety of super prizes offered to callers. Sarasota residents and vacationers visiting the sunny Florida city are eligible for trips to Disney World, compliments of **WYND**, "The Vacation Station." "Rock & Rollers Weekend" was the theme for **KDZA/Pueblo's** latest contest. Callers won skateboards, passes to see the film "Rollercoaster," and **Bay City Rollers'** albums. **WLEE/Richmond** winners received tickets to the **Kenny Rogers** concert recently, and also had a chance to attend a private backstage party with Kenny. All winning listeners met Kenny personally. **7/7/77's** promotion on **WBJW/Orlando** featured giveaways of "7 Dollar Bills." Winning callers received an invoice from "BJ105," saying "Here's your 7 dollar bill you recently won. Attached to the billing statement was a check for 7 dollars.

## We're Number One!

WNCI/Columbus Program Director E. Karl was more than happy about the station's latest Arbitron results, and found that he was not alone when he spotted a local hotel's message board proclaiming their congratulations for WNCI's great ratings success.

"I'm still singing religious music, only the words are different."

TOP-40

Street Talk by J.J. Jordan

Rumor is that Jack Schell is to be named PD at KNUS/Dallas. It's also rumored that KNUS will go after KVIL. Schell was formerly PD at KRLD/Dallas.

I used to hear people say that they would never want to live in Buffalo. Well if that's the case, why are so many PD's going after the WKBW PD job? Jim Collins, WPGC, and Gary Berkowitz, WPRO-FM, are just two of the people interviewed for the gig.

WLOF/Orlando has been bought by Rounsaville Radio which also owns WBJW-FM (BJ105). Tom West who is programming WBJW, is now VP/Programming for both Orlando Top 40 stations. Tom called to let me know that no changes are planned and that both stations will fight it out with each other. Tom will be doing the music for both stations. However, he will have Barbra Scarba assisting with the music at WLOF and Pam Hart assisting at WBJW. Also something to make the record industry happy, WLOF will expand its playlist from 27 to 40 records.

What West Coast National Promotion Director of French ancestry was seen dancing in a gay bar in Paris last week?

Congrats to the gang at KJRB on their great ratings...ditto WSGN.

Paramount Pictures is reportedly going after Barry Manilow to make his first picture and to write the music for the film.

Street Talk is that WMPS/Memphis is going Pop/Adult dropping its Top 40 format.

I hear that a co-National Promotion Director on the West Coast is being sought after by a number of labels.

Is Lee Abrams going into Miami to program a station? I do know that his Superstars format will be on WQXM/Tampa, and KRKE-FM/Albuquerque in the very near future. Both need album service.

WAYS Music Director, Pat O'Brien has left radio for another venture.

Happy Birthday to Scott Shannon, Casablanca, and Charlie Van Dyke, KLIF/Dallas.

As reported first last week in Street Talk, Quincy McCoy is the new PD at Z93/Atlanta.

Infamous New York jock Cousin Bruce Morrow is leaving radio when his contract is up with WNBC in August.

Word is that ABC Radio is planning to spin off its Houston stations.

WINW/Canton, MD, B.J. Quinn, is leaving and can be contacted at (216) 492-4849.

Ben Hill, formerly PD at KMGK/Des Moines, is the new PD at WTIC-FM/Hartford. Consultant Mike Joseph tells me that the station is coming on super strong.

WDGY/Minneapolis may go back to Top 40, abandoning its AOR format.

Mark Driscoll is the new PD of KNDE/Sacramento.

Chuck Dembrak has exited his National position at Private Stock. Also a number of the label's field force were also terminated. By the way, Larry Uttal has purchased the label from EMI who initially invested huge sums to begin the company. Larry is one of the fine gentlemen of the record business.

WMPS/Memphis GM, John Rhea has resigned his position at the station. Look for some changes.

News Director Dan Perumean, KDES/Palm Springs, recently got married on the air and was wed by a local preacher who also does a Sunday religious show on the station. (See page 3).

Congrats to Liz Kiley on her new gig as all night jock at WPGC/Washington for super PD Dan Mason. Liz was formerly MD at Z96/Grand Rapids.

WNBC PD Bob Pittman called to let me know that he is looking for a young jock in his/her late teens who wants a break at the big time. You must be human sounding and bright. Tapes and resumes to Bob c/o WNBC Radio, 30 Rockefeller Plaza, New York, N.Y. 10020. No calls will be accepted. You'll find that it is rare that a chance like this comes along, so if you're good...go get it!

JOCK REGATTA—WAIR/Winston-Salem participated in the 3rd annual "Jock Regatta" at Carowinds amusement park. Pictured is PD Jay McDaniel who splashed his way to 6th place in the event. Some 35 air personalities from North and South Carolina battled toward the finish line.

HIGH RIDING PD—WVIC/Lansing Program Director and afternoon jock Jim St. John did a recent show aboard a remote vehicle that runs on peanuts, named Wanda the elephant. St. John and Wanda strolled around the parking lot of a local car dealer during the broadcast.

**THE EAGLES FLY TO SAVANNAH**—Georgia Civic Center was the site for a recent SRO Eagles concert. Through a promotion with the Eagles, two WSGA/Savannah listeners were treated to the concert and taken backstage to meet the group. Pictured after the concert are the winners (seated), the Eagles, and Jerry Rogers, WSGA Station Manager (second from left).

**MICKY GETS A BUZZ**—KZ100/San Antonio's mascot, the KZ Buzzard, made a special trip to the San Antonio airport to greet Walt Disney's famous good-will ambassador Mickey Mouse, who was in town for a personal appearance at a local shopping center.

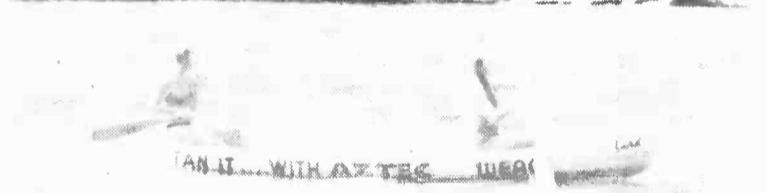

**STAR SIGN WINNERS**—Two of the most recent winners of the CHUM/Toronto "Star Sign" promotion are pictured here receiving tickets to the local Fleetwood Mac concert and dozens of albums for being spotted while wearing their "Star Sign" buttons. CHUM's Daryl B is shown making the presentation.

**RADIO VERSUS RECORDS**—WRJZ/Knoxville held a charity softball game against local record company promo execs. Unfortunately for the station they lost that game by a score of 21 to 15, however, they netted over \$300 from ticket sales to the game which was donated to the East Tennessee Kidney Foundation. The group stopped long enough to pose for this post-game photo.

**R&R CLEANS UP**—WLEE/Richmond PD Ken Curtis sent in his suggestion for the next site of the R&R Convention, the "R&R Laundromat & Cleaners," second only to the R&R Luncheonette in Washington D.C. pictured in a recent edition. Ken (l) and Schwartz Bros. Al Twanmo (r) are shown here in front of their find.

**Q-CANOE PROMOTION**—WEAQ/Eau Claire recently completed their summertime Q-Canoe promotion. During the Sawdust City Days celebration, air personality Peter Murphy (top) is shown during the annual canoe race. A contest was also held, inviting listeners to send in photographs of themselves demonstrating their summer tans. The winner is pictured here with PD Scott Christenson and her prize, the Q-Canoe.

**KRBE GETS A GREAT BIG KISS**—KRBE/Houston recently staged a Kiss look-alike promotion, and the results were termed by sources close to the group, "the best attempts yet." Shown with the meticulous winner, and (l-r) Don Gurnsbacker, Pickwick International Distributors; KRBE Sales Manager Jamie Hildreth; Hilary Tyson, KRBE Promotion Director; and station air personality Truckin' Don Turner.

As suggested in last week's R&R feature, more regional hearings on record performance royalties may be held before Ringer's final report to Congress in January 1978, at which time legislation will be considered. A number of radio industry figures have urged broadcasters to make their views

on this potentially explosive issue known to their Congressmen and to Copyright hearings panelists before the date of the final report.

# AOR

(ALBUM ORIENTED ROCK)

## Mike Harrison

You'll notice with this issue, a few modifications have been put into effect in the AOR section. First, in the **Most Added** and **The Hottest** listings, you'll find the percentage of our reporters designating each album in that category as either an **Add** or a **Hot**. Second, in the **Progressive Singles** listings, the top singles (45 rpm records) getting AOR airplay are listed and numbered in order of total number of reports received (with ties indicated). Third, a new feature, **In The Bin**, lists alphabetically those albums already **On** a significant number of our AOR reporting stations (in the bin) but not actually on enough turntables to receive the level of saturated airplay necessary to make the trendless Album Airplay/40 chart. We're sure you'll find this additional information useful.

### Lee Masters To Join Pittman At WNBC

**Lee Masters**, who has established himself as one of the nation's outstanding AOR radio programmers, has resigned the PD/Station Managership of **WLRN/Louisville** to join his longtime friend PD **Bob Pittman** at **WNBC/New York** doing afternoon drive.

Lee told **R&R**, "It should be a lot of fun. I had planned to stay here (WLRN), but you only live once. Plus, Bob (Pittman) and I have been friends for a long time and I'm looking forward to the opportunity to work with him." No new PD has been named at WLRN, as yet.

Lee offered no speculation as to exactly what style of radio Pittman and company have in mind for WNBC. However, it should be pointed out that both Bob Pittman and Lee Masters have extensive experience in not only AOR radio, but Country and Top 40 as well. We shall all continue to watch and wait with anticipation for the results of their decision.

**Steven Clean**, one of the shining lights of LA's early "Progressive" radio scene, is coming out of the temporary "retirement" that followed his recent stint at **WBCN/Boston** to join the airstaff of **KROQ-FM-AM**.

In regard to this move, Steven told **R&R**, "On the whole, I'd rather not be in Philadelphia." ### News Notes

MIKE HOYER, all-night personality on KFGO/Fargo was written up in an Associated Press story last week. It seems during his all night show, with the heat wave in that area, the overnight lows were in the 80s. As part of a gimmick, Hoyer played Christmas music on his show for one full hour. Audience response was tremendous. (Happy mid-year, Mike!)...In case you hadn't heard, MARY CATHERINE MURPHY, Music Director of WSM/Nashville was in a very serious auto accident a week ago last Sunday. She is reported in fair condition at Baptist Hospital in Nashville...WWVA's BUDDY RAY is doing excellent following a recent operation in Wheeling. Since this is a family-oriented column, I won't go into details about the type of surgery Ray had to have. (I can say he will be doing his show standing for the next couple of weeks)...KLAC's General Manager, BILL WARD, was honored by his staff here in Los Angeles. Ward has been GM at the Metromedia facility for five years now. A surprise party, complete with many gag gifts, was given for him...JOE HARNETT has been moved up to morning drive at WRCP/Philadelphia. TRISH HENNESSEY is now in the afternoon slot...DENNIS DAY, from WIBG/Philadelphia, has joined the air staff of WMAQ/Chicago. According to PD BILL HENNES, Day will be involved with vacation relief and weekend work. At WIBG, Day was Hennes' former Assistant PD, as well as afternoon driver...BOB WALKER, from Music Director of WPOC-FM/Baltimore, has been named LEE PHILIPS' replacement as PD of WNYN/Canton, Ohio. DANNY REESE is the new MD at WPOC. By the way, WPOC's PD, LARRY CLARK, is looking for some air people. Tapes and resumes to: 711 W. Fourth, Baltimore, MD 21211...KRZY/Albuquerque needs an air talent. Contact PD JERRY GRONER. Tapes and resumes to: KRZY, P.C.Box 3280, 87110...KBFW/Bellingham, Washington an excellent secondary reporting station for the R&R Country section for the past few years, has gone automated. MD DALE HANSEN, who was our main source of information from the station, has left. He has become a musician and will be travelling with a band in the future. He wanted to have me thank the industry for the help and cooperation they have provided in the past few years...DALE SPARKS, from WWOW/Conneaut, Ohio, has joined KLIX/Twin Falls, S.D. to do an air gig...WAYNE DEAHL has been selected Operations and Music Director of KOJO/Laramie, Wyoming...SAMI GOODMAN is the new Public Affairs Director at WIRE/Indianapolis...PAT OBRIEN, formerly with KFOX, is now doing the evening show on KSON/San Diego. ROD HUNTER has been moved from mid-days to afternoon drive. NEIL CANNON is doing the all night show, from afternoons, and DICK WARREN has returned to mid-days, after a short time of doing the 7-midnight shift. ROY STINGLEY, who was doing the all nighter on KSON, has taken over the programming chores at KSON's FM station...JOHN B. CANNON is the acting MD at KNIX/Phoenix. A replacement for the position, vacated by CHARLIE OCHS in his recent move to Houston, will be announced in the next week or so...BUDDY BLAKE, who is on-the-air 7 to midnight at WIRK-FM/West Palm Beach is the station's new Music Director. He will take music calls noon to 3 on Monday and Tuesdays...After 22 years as a morning air personality, LYLE REED of WEAT/West Palm Beach has moved to the mid-day position. He has been doing mornings at WEAT for the past seven years. By the way, Lyle told me his first job in radio was at WHN-FM/New York. He said, "After all these years of getting up at 2 A.M., the chance to sleep in each day will be a nice change." STEVE CODY from WEXY/Fort Lauderdale will replace Reed in the morning show...As of Monday, July 25, WLAS/Jacksonville, N.C., is broadcasting 24 hours a day. JIM KELSO joins the staff to do morning drive. He comes from WBBS, where he had been PD. JOHN SNOOK is the new MD, and will do the evening shift...Let's take a quick break in the action for this picture. During my recent trip to Seattle, I had a chance to visit the two Country stations in that market. (As you can see on the right side of this page). The picture below is KAYO PD BEN PEYTON and jock, DAVE YOUNG going over Peyton's new Announcer's Manual. And right before your very face, R&R gives you the bare facts:

at the Exit-Inn, Nashville, Monday, August 8. The panel will include EVEN STEVENS, BOB McDILL, LINDA HARGROVE, CARMOL TAYLOR and WAYLAND HOLYFIELD...Contrary to popular opinion, SHANNON REED is alive and well and still doing afternoon drive at KWMT/Fort Dodge, Iowa. There had been some stories out about Reed's passing away...KFOX/Long Beach has begun celebrating their 20th Anniversary. As part of the on-air festivities, they will feature 20 minutes an hour of non-stop music...Next week we'll pick up more news and some recent radio station promotions. Until then, keep smiling, that makes people wonder what the hell you're up to...

Pictured at the front of KAYO/Seattle during the recent CMA Board meetings in that area, are (left to right) R&R Country Editor, Jim Duncan; Ray Kikker, KAYO News; Dennis Buckel, News Director; Dave Young, Production Director; Ben Peyton, Program Director; and nine to noon air personality Kris Carpenter.

KMPS/Seattle was another stop made during the CMA meetings. In the KMPS studios are Ron Norwood; mid-day personality Art Lind; the uncroppable Carson Schrieber of RCA Records; and R&R's Jim Duncan.

P.S.: He wasn't wearing his glasses that night either).

Janie Fricke, who most know from her backup work on the Johnny Duncan hit singles, has been signed to an exclusive recording contract with Columbia Records, according to Billy Sherrill, Vice President, A&R, CBS Records, Nashville. Pictured after the recent signing ceremonies are (left to right) Rick Blackburn, VP, Marketing, CBS Records, Nashville; Sherrill; Janie Fricke; and Bruce Lundvall, President, CBS Records.

## POP/ADULT NOTES

MIKE KASABO

More and more Arbitron's filter in and Pop/Adult stations continue to look very strong in most markets across the country. Specifically, three stations really looked exceptionally good this time around...WBT/Charlotte programmed by Andy Bickel; KMBZ/Kansas City with programming chief Steve Bell; WISN/Milwaukee took a sharp upward move under the direction of John Lund; and Michael O'Shea's programmed WFTL/Ft. Lauderdale also making solid gains.

Stephen Bishop continues to surge ahead with his four month old "On And On." Adds include WCBM, KFI, WLVA and KGB.

Some noticeable airplay activity on a Shaun Cassidy album cut called "That's Rock 'n' Roll." Good play noted at KFI, WGN and K101.

The Emotions "Best Of My Love" has been a Back Page item for several weeks...now starting to show P/A strength...check New & Active.

George Fischhoff's "Piano Dancing" added good new play this week at WHAM and KHNY.

Greg Lake added a couple of heavies this week...WCCO and KOGO.

Ronnie Milsap continues to be active at the Pop/Adult level...debuts 16 WSIX, and reporting hot at KEX, WMAL and WJNO.

Although the calendar says "July," in many areas it is in fact "Indian Summer." Poco just happens to have a single by that name...it went right on WHIO, KRKK, KWAV and WKIQ.

The Elliott Randall went on WCER and WCMB.

Johnny Rivers' "Swayin' To The Music" is reporting hot at WMAL, WTMJ, WGY, WIP, WQUD, WCHV and KGB...see New & Active for latest newplay.

The new Neil Sedaka "Alone At Last" is receiving raves from many Pop/Adult programmers...see New & Active for evidence.

The 20th Century version of "Star Wars" continues to show dominance...check New & Active.

Cat Stevens "Old Schoolyard" keeping pace with adds at WHOK, WDAE, WCHV.

James Taylor again topped all others as the "hottest" of the week.

Jim Weatherly's latest went right on WCCO, WBAL, KWAV and KUKI.

For all of those who've asked...yes, we will be adding new reporters to the Pop/Adult section of R&R. If you haven't already sent in station background information along with recent playlists...please do so in order to be included as an R&R reporter.
