**Publishers Notes**

BRE had the distinct pleasure of interviewing SADE, a very intelligent, talented, beautiful lady who is unquestionably in total control of her professional direction. She writes beautiful songs and sings them over the sounds of a slick rhythm section with reed horns (tenor and clarinet) by a cool player named Stewart. SADE visits the states for the first time professionally this week on a promotional tour to celebrate the success of her hit single "Hang Onto Your Love." Although a first single hit is rare, this lady left behind a string of three 12" hits in Europe which are aren't even released in the U.S. So look out, this lady is gonna be hot in your top 10 for a long, long time.

BRE would like to take this opportunity to say, "Welcome, SADE, to American radio. They're gonna love you."

**PERSONALITY CLASH**

Well now that the results of the Fall ARBitrons have hit the streets, look for lots of changes in markets both large and small. Stations that scored well want to hold and those that didn't, want to turn it around. And if a musical overhaul doesn't spawn rapid growth, perhaps placing a hot personality on the-air will. At least that's what it says here.

The trouble is that if that personality clashes before he or she catches on, you could still be in trouble. But there are some personalities who continue to make it happen, time-after-time, some in market after-market. So it's obvious that it isn't just musical diversity that's translating into audience growth. Often, it's the talents of strong, hard-working personalities that quickly develop a loyal following that makes the big ratings difference. When the format's potential has reached a plateau, a funky funny fixture with plenty of features can keep those fickle fingers faithful. But, you can be too hip! And if you try to be too contemporary with the language of today, you may wake up tomorrow finding you sound like yesterday.

But in spite of format advances, personalities have always been strong in high energy black and urban radio. And today they're stronger and scarcer than ever. The pressure of being a strong personality who doesn't bore his audience or clash with them is one big step across that great radio river. And you just can't cross it in two small jumps.

**News BRE's****TONY GRAY  
SEGUES TO WUSL**

**Philadelphia:** Tony Gray, program-director and air-personality for WOWI-FM in Roanoke, VA., has been tapped for the music-director's position at Lin Broadcasting's WUSL-FM ("Power-99") here. Gray whose list of top stations includes WDRQ-FM in Detroit, KMJM-FM in St. Louis, WTKL in Baton Rouge, La, also spent some time in rock radio in New Orleans.

JEFF WYATT

Jeff Wyatt, operations manager for WUSL, had some very strong feelings about Tony Gray, who replaces Fred Buggs, as Buggs moves to RKO's WRKS-Fm (KISS/99) in New York this month. "Tony Gray's got the energy, smarts and experience that I was looking for in a replacement for Fred Buggs. He will be music-director."

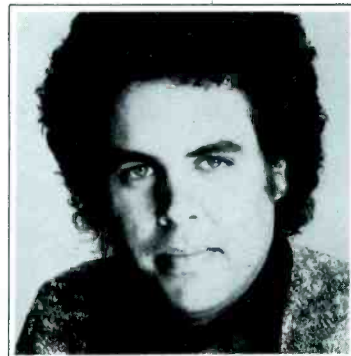

FRED BUGGS

Regarding departing Fred Buggs, Wyatt expressed fond

feelings for the efforts he put forth while he was at "power-99." "Fred Buggs developed quite a position for himself here at 'Power-99-FM,' coming out of New York where he was with WNJR, which was not really the pressure-filled situation that we have here. He developed into a great team player for us. Even though I've sensational people in house here--Frank Cerami, Jo Jo Davis, Wendy Clark, Don Banks--any one of whom could have been placed in the position given the position that the station is in now (number two overall). I really wanted someone who could hit the ground running. Tony Gray has the experience. He's an honest guy and that's the key." We asked Jeff how many applications he had? "Well we probably had well over a hundred qualified applicants."

We reached an estatic Tony Gray who was looking forward to his new position with anticipation. "I'm really excited about joining Lin Broadcasting and the staff at 'Power-99.' I was really impressed with Jeff Wyatt the couple of times I had a chance to meet him. I was also impressed with the general manager, Bruce Holberg. I am looking forward to the people there and I think it's going to be a lot of fun. I wanted to position myself with a good sound company that understands the potential of the urban format and would support it."

Tony Gray will begin his new duties Monday, January 28th and he will report directly to Jeff Wyatt.

cating that he has complete confidence in Eckstein's ability.

Ed Eckstein will "have the responsibility for the acquisition and creative coordination of R&B artists for Arista. He will be involved in the selection of producers and any needed outside material for artists, as well as acting as a liason with music publishing companies and selecting and editing album cuts for single release."

Before joining Arista, Eckstein served as Vice-President & General Manager for Quincy Jones' companies, including Quincy Jones Productions and Qwest Records. He was with the organization for over ten years and played a key role in projects by Michael Jackson, George Benson, The Brothers Johnson, James Ingram and Patti Austin.

Eckstein will report directly to Clive Davis. In a related story, Richard Smith, former Vice-President of the black music division of Arista Records will return and assume the position he vacated. We will have further details and an update on the many moves at Arista next issue.

## ROLINA BROOKS RESEARCH DIRECTOR FOR BRE

**Hollywood:** Rolinda Brooks, former national director for Jampower Records has been named to the newly created position of research-director for Black Radio Exclusive.

Ms. Brook's background, which includes treks in various phases of the music industry will assume her new duties effective immediately.

She will be responsible for co-ordinating Black Radio Exclusive's new computer-generated charting system as well as other related areas.

## SNOW JOKE

**Buffalo:** Brrrr! is the new buzz word for the East and sections of the South and the Midwest. And in some cases the extreme cold has produced radio marathons where somebody gets trapped on the air. This time it happened in Buffalo, New York, where program-director and morning man, Jeff Grant, found himself trapped on-the-air at Sheridan's WUFO and continued to stay at the station while the snow piled up outside finally reaching an accumulation of close to three feet.

"We've got drifts, ten, twenty and, in some cases, thirty feet high." Asked what kind of shifts did he wind up pulling, Jeff responded, "I just completed 31 consecutive hours."

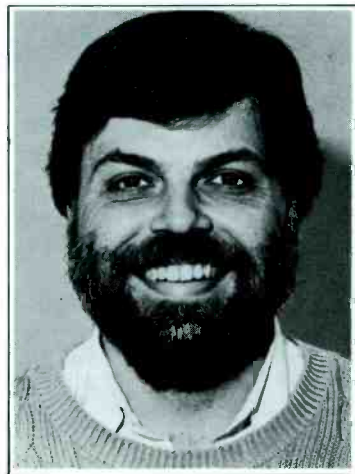

There are probably lots of similar stories owing to the freezing weather all across the country. But in most cases, this brings out the dedication in us that we all somehow got into radio to do...to perform a service.

But for snowbound Jeff Grant, "Enough is enough...get me out of Buffalo." As Kurtis Blow might say of the snow, "Those are the flakes."

## BRAD HUNT UPPED TO

## NATIONAL AOR DIRECTOR AT ELEKTRA

**New York:** Brad Hunt has been upped to the position of National Director for album promotion. Lou Maglia, executive V.P. for Elektra made the announcement. Hunt will report directly to Mike Bone, Vice-President of Promotion who chided, "Brad is a tremendously respected professional, with solid field experience and AOR knowledge. I am delighted to have him at the helm of our home-base

promotion team."

## R' ANTHONY OUT AT KGFJ

**Los Angeles:** R. Anthony, who had been doing mornings for Inner Cities KGFJ here, has exited the AM radio station. Anthony, who had experience in both rock and black as well as urban-contemporary radio, was also a first-phone engineer. He was brought in to do mornings by former program-director Barry Richards, who had worked with him in New Orleans at WAIL-FM.

Kevin Fleming, who replaced Richards as program director for the controversial station indicated there were some "philosophical differences" between Anthony and himself.

Fleming indicated that he had a lot of respect for Anthony's obvious talent, adding, "R. Anthony had tremendous energy and talent and experience and had a great deal to offer, but there were those "philosophical differences."

While he is busy searching for a replacement for the morning-drive position, Kevin Fleming is doing morning drive as well as programming.

## UNITED BROADCASTING LOSES WYST-FM

**Washington:** United Broadcasting, the corporation who owns the highly successful KSOL-FM in San Francisco, WDJY-FM (formerly OK-100) here and WJMO in Celveland, have lost a long court fight over WYST-FM (formerly top-40 WLPL-FM) in Baltimore.

The Federal Communications Commission (FCC) denied United's request for WYST's license renewal citing a number of reasons including a mediocre record in non-entertainment programming.

United Broadcasting, who just won their license battle with the "buzz fuzz" over WDJY-FM, said they plan to appeal.

## YBPC '85 DIRECTIONS

At the Young Black Programmer's Coalition monthly meeting in Jackson, MI this past weekend, President Brute Bailey examined new directions for the organization stating that national

expansion would be a focus. More specifics of the projects for the year will be expounded upon at the next meeting scheduled for February 10, at 11AM in the Holiday Inn Crowne Plaza in New Orleans.

Multi platinum awards (over 2 million units sold) were presented to Madonna's self titled debut LP by the RIAA in its December certifications. Additionally receiving gold and platinum were Hall & Oates' BIG BAM BOOM, Chaka Khan's I FEEL FOR YOU and Culture Club's WAKING UP WITH THE HOUSE ON FIRE.

Gold album certifications included James Ingram's IT'S YOUR NIGHT, New Edition's self titled debut LP, George Winston's DECEMBER, Run D.M.C.'s debut rapping LP (first rap record to receive this award), and Jeffrey Osborne's DON'T STOP. Prince garnered a third gold single for "Purple Rain" and the Band Aid group's efforts for the Ethiopian's hunger campaign was certified.

In summation of the 19 platinum LPs awarded in 1984, 9 were black acts and 10 were heavy metal. Of the 9 black acts, 5 were soundtracks: Prince, Stevie Wonder, Ray Parker, Jr., the "Breakin'" soundtrack and "Big Chill."

## STEVIE WONDER TO PERFORM AT NARM

The 1985 NARM Convention, scheduled for March 29-April 1 at the Diplomat Hotel in Hollywood, FL, has as its theme this year "A Gala Celebration of Music and Video." Stevie Wonder will star at the Scholarship Foundation scheduled for Saturday evening, March 30 at which NARM announces its annual scholarships which include the following: A&M, Capitol, CBS, Jack R. # SADE: MOVING FAST WITH THEIR SLOW KILL

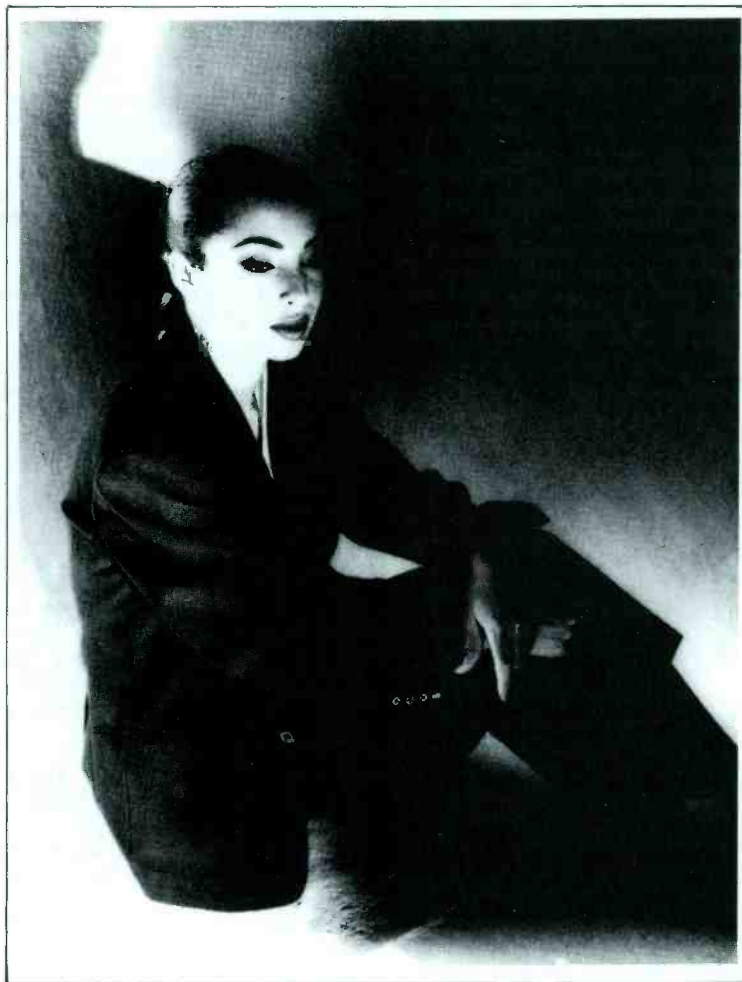

## Charting a Course to the Stars

Ranked in r&b's top 20 by all the major music trades, "Hang On To Your Love" (Epic) by Sade is climbing fast in the United States. This hit single debuted in the US just before Christmas - less than two months ago - and it is captivating the discerning ear of fine music.

In fact, the old saying still applies (in a different sense): "You ain't heard nothin' yet!" When the group's album, "Diamond Life," is released in the US in mid-February, you will experience the breadth of Sade (pronounced shar-day).

European audiences have discovered this fact already. When the album was released six months ago in Europe, it shot to the No. 1 slot in Germany, Holland, France, and New Zealand, among others. The album generated three singles in the top ten as well. As a novel marketing approach - and in the name of fair play - each 12" released in England had three tracks, not just one. Described as "a little EP," it certainly is something to "phone home" about.

trained musician, but she

Ron Young

has an "instinctive" ear. Stuart and she have a style that is decidedly a jazz influence, although she says it is not a deliberate effort. "We listen to a lot of jazz - the Miles Davises, the John Coltranes - and I think it's like a subconscious influence - it's not actually intended to be there, necessarily." But obviously their audiences both in Europe and in the United States appreciate the jazz sound as it slips into their music - shaping Sade's characteristic mood and distinctive sound.

And she realizes the benefit of their sound. "What's good about it, particularly in England, is that it's... pop really. It makes people more interested in the real thing (that is, the real jazz). It gives jazz an airing which is good..."

Sade is a fan of soul as well and cites some of her preferred female singers. "I like Aretha Franklin, Nina Simone and Billie Holliday - in a way, the more quirky ones... not so mainstream but the ones who sing with a little bit more character of their own."

Born in Nigeria and raised

## Who? What? Who?

With all this fanfare, you may ask: "What is Sade?" or "Who is Sade?" Both questions are appropriate, since Sade is the name of a musical group and its lead singer.

This talented group of four people have a sound and a message which is both pioneering and nostalgic; comfortable yet provocative. The woman in the spotlight is named Falosade Adu - "Sade" for short. She is also the group's main lyricist and composes the music with Stuart Matthewson (who

also plays sax and guitar.) Paul S. Denman plays bass and Andrew Hale is on the keys.

While these four are the core group, Dave Early (drummer) and Martin Ditchma (percussionist) are session musicians who, according to the "Lady" Sade, are really part of the group. "They're committed to us and we're committed to them." And all of them are committed to a sound which quiets the soul as it stirs the heart.

## A European Hit With An American Influence

Sade says she is not a

in England since she was four years old, Sade has acquired her training by osmosis - absorbing the feelings and the sounds of the music she says has become a part of her. She has been sharing this part of herself for all of three years, as a professional singer.

## On the Road To...

As you read this article, Sade will be in Los Angeles - having completed a fast-paced US promotional tour including New York, Washington, DC and Chicago. This is just a taste of what is to

come from this group in 1985.

The welcome feeling presented to Sade - the lady and the group - is definitely appreciated. She speaks of the times she modeled "just a little bit, just to (allow) me to keep making records." From the looks of things, she most likely had no problems getting modeling assignments.

To the readers of BRE, Ms. Adu says: "Thank you for giving us a chance. Maybe you'll think it's worth it." This writer is sure you will because Sade is moving fast with their slow kill.

**BRE'F OVERVIEW:** Amaturio's KMJM-FM (Majic-108) is stronger than ever, placing third overall and continuing to dominate the uneven black-urban battle in The Queen City. KMJM's strongest suits were evenings and adult women. Both Unity's KATZ-AM and WZEN-FM were off this sweep, KATZ by half a share, losing most heavily in drivetimes. WZEN's biggest losses were morning drive and adult women. WESL came up to a 2.1 evenings which is their biggest daypart gain. They were a lot stronger in adult males this time, too. "Hot Hits" KHTR-FM had sharp losses middays and P.M. drive. They also dipped in adult men. CBS's KMOX (N/T) is the overall market leader with a whopping 20.6. Emmis's album rocker KSHE-FM is second with a 12.0, up nearly three and a half shares, grabbing a staggering 30.3 in teens! KMJM-FM is third in teens with a 16.7.

### HOUSTON, TEX. (8th Metro)

STATIONS	RATINGS	
<b>KMJQ-FM (B/U)</b>	10.2	9.4

Amaturio's Majic-102 is off a little over half a share, still tops the format and the market.

<b>KYOK (B)</b>	1.5	2.6
-----------------	-----	-----

All Pro Broadcasting's AM stereo music machine is up over a full share with gains in all dayparts.

<b>KCOH (B/RL)</b>	1.3	.8

<b>KBBQ-FM (R)</b>	8.9	9.2
--------------------	-----	-----

Gannett's newly acquired FM rocker gains nicely this sweep with huge jumps in morning drive and evenings.

**BRE'F OVERVIEW:** In the tight battle at the top, Amaturio's Majic-102 edges out Gannett's hot rocker, KBBQ-FM, who pulled an incredible 30.1 in teens! KMJQ-FM placed second in the teen battle with a 16.6. Willie Davis' KYOK had its best showing since last spring scoring a 3.0 in afternoon drive and a 3.5 evenings. KCOH, with a mixed religious format, is off this book with shorter hours and the continuing attrition away from AM.

### DALLAS, TEX. (9th Metro)

STATIONS	RATINGS

<b>KKDA-FM (B/U)</b>	7.1	6.7

Service Broadcasting's K-104 slips a little, widens its lead in the black-urban race in the Metroplex.

<b>KNOK-FM</b>	3.2	2.5
----------------	-----	-----

Greaves' powerful FMer is down over half a share this sweep, with losses in all dayparts.

<b>KKDA (B/O)</b>	1.1	1.0

<b>KSAX (J)</b>	-	.4
-----------------	---	----

Black-owned jazz music daytimer bounces back from extinction this sweep, with short daytimer hours.

**BRE'F OVERVIEW:** KKDA-FM (K-104) was off a full share middays and P.M. drive, soaring to a 10.3 evenings. KNOK-FM was softer this time, sustaining its biggest losses middays. KNOK's adult men were off, teens climbed. KKDA-AM was flat this time, dipping mornings and middays. None of the black or urban stations fared well middays. KSAX, an AM jazz daytimer, recovered nicely after its audience share failed to make the Spring book. The overall market leader continues to be KVIL-FM (AC), with KRLD (N/T) trailing in second place. Country WBAP is third. The teens were split between KAFM (R), KEGL (A) and KKDA-FM.

<b>WHYI-FM (R)</b>	8.4	9.4

Metroplex's Y-100 adds one to take the rock lead as well as the market.

**BRE'F OVERVIEW:** Black listening overall was up this time in the Miami-Ft. Lauderdale market. Both directional black AMers, WRBD and WMBM, benefitted from this and showed well. The biggest gainer was WEDR-FM, who had their finest ratings fling in well over a year. They scored well in morning drive and evenings. WEDR-FM hit double digits in teens for only the second time in a year. The overall market leader was Y-100. The teens, however, went to I-95 WINZ-FM with a 31.1! Y-100 was second, WEDR third.

**RE'F OVERVIEW:** Both urban stations WZAK-FM and WDMT-FM were off sharply from 'Summer of '84,' as black listening in general appeared to be softer this time. WZAK-FM slipped to 8th place overall, but they lead the black-urban battle. WDMT-FM, with Don Kelley consulting, dipped slightly losing nearly a share and a half in adult men, which hurt. Religious flavored WABQ, a daytime, even with shorter hours managed to edge up slightly gaining in middays and afternoons. United's WJMO strengthened all of its dayparts a bit this time up a half share in adult women. The overall market leader again was WMMS-FM "the buzzard," followed by WDOK-FM (BM) and another easy listening FMer WQAL. Rocker WGCL led in teens but little else as they moved to 7th overall.

## MEMPHIS, TENN (43rd Metro)

**STATIONS RATINGS**  
**WHRK-FM (B/U)** 8.1 11.7  
 Adams Communication's powerful urban K-97 is a dominant number one overall with gains in every daypart.

**KNRB-FM (B)** 6.9 7.3  
 Another 100,000 watt FMer surges up from last time with strong gains P.M. drive and evenings.

**WKDJ (B)** 4.0 2.8  
 Oldies flavored AMer sinks this time with slight losses in all dayparts.

**WLOK** 7.4 6.1  
 Black-owned AMer slides down nearly a full share this time.

**WDIA (B)** 8.4 7.1  
 50,000 watt AMer is softer this time with slight losses in all but evenings.

**BRE'F OVERVIEW:** WHRK-FM (K-97) recaptured the market lead with better than a three and a half point jump for their best ARBITRON showing and a great getaway book for KJLH's Jim Maddox. KNRB, with J.D. Black directing, moved ahead with gains in all dayparts and really strong evenings. WLOK and WDIA both fared well considering the strength and penetration of music FM's in this market. WDIA slipped, mostly in drivetimes, while WLOK suffered losses in P.M. drive and evenings. In the rock rating wars, it was WMC-FM slipping from a 10.7 to 10.1 for second overall. K-97 TOOK THE TEENS WITH AN ASTOUNDING 23.9!

## NEW ORLEANS, LA (34th Metro)

**STATIONS RATINGS**  
**WYLD-FM (B)** 14.9 16.7  
 Inter-urban's flagship station explodes right to the top, obviously leading the one-sided black/urban race and the market with huge increases in every daypart.

**WBOK (B)** 5.3 5.6  
 Black AMer increases up this time with slight gains in morning drive.

**WYLD (B/O)** 2.6 1.6  
 Black oldies and re-currents flavored AMer loses a full share this sweep with losses in three dayparts.

**WEZB-FM (R)** 11.7 10.9  
 EZ Communication's hot rocker dips a bit this time, still leads in teens.

**BRE'F OVERVIEW:** Black listening in New Orleans appeared to have risen this sweep with WYLD-FM having its highest share in recent memory. WYLD-FM moved to a whopping 23.5 evenings. AMers WBOK and WYLD both fared well considering the FM penetration in the market and their directional nighttime patterns. WYLD-AM dipped, but recovered nights with a 2.1 WEZB-FM (B-97) grabbed a 32.8 in teens and scored a 13.0 evenings to place a strong second overall.

## POINTERS' 'BREAK OUT' LP CONTINUES TO THRIVE ABOARD 'BEVERLY HILLS COP' MOVIE AND NEW VIDEO

**RCA/Planet Records group The Pointer Sisters** have truly earned their accolades during the past year, having scored chart searing singles with "Jump" (no relation to Van Halen's version) and with "I'm So Excited."

"Neutron Dance" is the latest entry from this Bay-area based trio of sisters.

It comes, originally, from the "Breakout Album" on Planet, distributed by RCA, but it also plays an intricate role in the soundtrack and visual images to Eddie Murphy's hit film for Paramount, "Beverly Hills Cop."

The song is performed during the film's most exciting action sequence, when a truck full of illicit cigarettes (bootleg tobacco, mind you) was chased through the ghetto streets of Detroit by the city's finest. "Neutron Dance" was the musical backdrop for this staccato segment, which introduced Murphy's character as a rather reckless, free spirit.

If you've heard the song or seen the movie, then you know what I mean.

But a video incorporating the music, film and a new video sequence with the Pointers may also demand greater attention for this latest "Break Out" single.

The video is shot in a movie theatre which is showing various clips from the

"Beverly Hills Cop" film. The Pointer Sisters strut their stuff here as ushers dancing to the music as people are trying to view the film. The movie is seen from the audience as if the video viewer were there.

Co-directed by Planet Records' Richard Perry, who produced the "Break Out" LP, the video utilizes the Pointers' unique performance presence and intermingles with the other medium easily as a musical and visual art form.

Perry directed the piece with Graham Henman of HKM Productions.

Perry calls video a "natural extension of producing records for me."

**In conjunction with Perry's announced commitment to more closely developing a musical artist through the visual medium,** other labels have recently scrambled to take a higher profile in this burgeoning medium and have established new departments and personnel to focus on opportunities in this area.

Most recently, Arista Records named Abbey Konowitch vice president, video & artist development for the company.

His new responsibilities will include administration, development and promotion of all video projects, including promotional clips and long-form programming.

In addition to assuming a more active role working with video producers and directors in establishing concepts, budgets and pro-

Mr. T is not new to video; he's the star of NBC-TV's popular TV series "The A Team." But to support his recently released album, MCA Records also made a video titled, "Mr. T's Be Somebody Or...Be Somebody's Fool." Both were celebrated at an affair held at Los Angeles' Children's Hospital. (l-r): Bob Schnieders, vice president of branch distribution, MCA Distributing; Kent Crawford, vice president of product development, MCA; Mr. T; John Burns, senior vice president of MCA Distributing; Ernie Singleton, national director of R&B promotion, MCA; John Allison, regional branch manager, MCA Distributing; and Jheryl Busby, vice president of black music, MCA.

## J.D. BLACK, KRNB-FM IN MEMPHIS: MORE MUSIC TO THE MINUTE

Michael Martinez

The name J.D. Black could easily belong to just about any man in the black community.

But in Memphis, and especially at the city's KNRB-FM, the name J.D. Black carries greater distinction.

Black is operations manager at the station and is largely considered the mastermind behind the outlet's rise to the number five spot overall in this strong R&B market.

In fact, Black has boosted the station's fortunes in the ratings race by sticking to traditional music values, eschewing the move by the other five black oriented outlets in the market to program the wider spectrum of music under the banner of urban contemporary.

"We might play a solid R&B format," Black explained recently, "but we only play the hits, and the Memphis audience responds."

Black continued, saying that contemporary R&B is the staple of the station, noting that a typical rotation would include music by artists like the Chi Lites, Dennis Edwards, Lionel Richie, hometown faves the Bar Kays, Deniece Williams, Beau Williams, Chaka Khan and Prince.

"We get way out when we air music by Hall & Oates and Culture Club," he added. "That's about as far out as we get."

In this era of music cross-pollination on the airwaves, how does a station survive the ratings race for wider listenership with a specialized R&B playlist?

"Because when we say we're going to play commercial free music," Black said, "we mean it."

He explained that Magic 101, as KNRB is tabbed, plays music in 20 to 101 minute blocks, only stopping to drop in news, weather and a plethora of public service announcements.

"We are also highly visible in the community," Black continued, saying that KNRB gives weekly community events, ranging from fundraisers to in the park jams, such as the recent "Kool City Jam."

The station also receives significant community support through its involvement with local community agencies such as Memphis Third World, which recently co-sponsored the Magic 101 Backyard Cook-off.

Black hasn't always taken the homegrown approach to

developing a station's identity, even though his career began in 1969 in Little Rock, Ark.

A Kansas City, Mo. native who, by his admission, was "always involved in social causes," Black began learning the broadcasting trade while a student at Career Academy broadcasting school and as a reporter trainee at Kansas City's NBC-affiliate WDAS.

In 1969, Black joined KALO in Little Rock, where he said, "It was the old school of radio."

When asked to explain what that meant, he rendered vintage DJ banter that was quite common on black radio during the '60s and in to the early '70s, a cross between an auctioneer's call and break dance rap.

Black left the station in 1971 to become music director at Omaha, Neb.'s KAWH, where he stayed for a year before returning to KALO to assume the same position.

"With an ownership change," he explained, "the station became more aggressive in going after a wider audience."

"You might consider KALO the first urban contemporary station in the country, even before the term was coined," he added.

Black said that KALO programmed 60% black-oriented music and 40% pop/rock, with groups like Wild Cherry and Average White Band enjoying success on that station.

"We held the number one spot for more than two years during my stay there."

Black moved to a variety of stations and positions in the music industry for a while including a stint as a consultant and his first hitch as an operations manager at Jackson, Miss.'s WXXI-AM.

He gained greater experience in audience research while holding a shift at Kansas City rocker Q104.

Along with his current KNRB program director, Jerry Mason, Black owned Concepts Unlimited, a firm which consulted four medium and small market stations in the south.

Black credits his diversity of experience for being able to address the needs of a market and consequently improve ratings.

"I'd say that the challenge in any new radio job is to make the station you're at better," he said. "I love good radio, and that's why I stay in this business."

**THE WHISPERS**

SOME KINDA LOVER  
SOLAR 7-69658

The Whispers transcend transient styles and remain contemporary without forsaking their dedication to quality or their firmly established identity. The Whispers make you dance on this tune, even though the focus is on love. Already an album favorite at radio, now, the single. Demos: Dancers, young adults.

**JESSE JOHNSON'S REVUE**

BE YOUR MAN  
A&M-2702

The Time's lead guitarist shows that he is more than a stellar sideman, but an artist capable of individual personality and style. Yet this rollicking, swooning funkster bares the stamp of his Minneapolis based Time men. Strong bass line and synth textures propel this tune. Demos: Dancers, young adults.

**REBBIE JACKSON**

A FORK IN THE ROAD  
COLUMBIA 38-04765

Rebbie's "Centipede" groove moves down a slower "Fork In The Road" aboard the singer's delicate vocals. You'll remember the nights you once spent in a steamy house party, clutching that chosen one and whispering something sweet, perhaps nothing, in his or her ear. Demos: Young adults, women.

**WHAM**

CARELESS WHISPER  
COLUMBIA 38-004691

Featuring the stylings of producer George Michael, this slow drag tune opens with a forlorn sax line and segues easily into Wham's sensitive ballad vocals. This is a bet to cross, much like the Bee Gees did at their zenith. Demos: Young adults, women.

**SHAKATAK**

DOWN ON THE STREET  
POLYDOR 881 064-7

Tribal funk sets the pace for this groove tune. Jiggling guitar, a thumping bass line and a concise vocal attack, ever so lightly tinged with jazz sensibilities form the frame for the "Down On The Street" hook. Demos: Dance, young adults.

**GLADYS KNIGHT AND THE PIPS**

MY TIME  
COLUMBIA 38-04761

Knight and The Pips have always been able to turn a midtempo ballad into minor masterpieces. But on this tune, Knight goes for visceral reaction on an uptempo tune powered by clicking guitars and groove-laden bass hook. Knight's vocals,

as always, drip sincerity. Demo: Young adults.

**STYLISTICS**

SOME THINGS NEVER CHANGE  
STREETWISE SW 1137 A

The soft harmonic dynamics of this group hasn't changed. And on this ballad, the group moves to charm the sox of ladies who'll listen. Soft accompaniment gives the vocals room to breath yet accents the unrushed vocal

delivery. Smooth. Demo: Women.

**CHAMPAIGN**

THIS TIME  
COLUMBIA 38-04721

In the winter, when much of the country has shelved outdoor sports, recreation is often a loaf of bread, a jug of wine, a wheel of cheese and that special someone beside near the fireplace. Add Champaign's swooning ballad "This Time," and you'll forget what time it really is. Demo: Young adults.

**KEVIN WELLS**

NEVER TOO LATE  
BEVERLY GLEN BG2019-A

String synth intro and a burning bass line pace this unique funkster. Wells opts for rocky drama and pop appeal on this midtempo groove tune. Rock guitar fills and soaring synthesizer frame this hook and reel people to the dance floor. A sleeper waking up. Demos: Dancers, young adults.

**FAT BOYS**

CAN YOU FEEL IT  
SUTRA SUA 139

The Fat Boys reach down for this groove. But the rap is robust like the bass line which reverberates. Be careful of pictures falling from walls. Sparse and to the point, Fat Boys churn out another dance floor ditty of foot stomping substance. Demo: Dancers.

**CREATION (M.W.T.G.M.)**

CHILDREN OF ATLANTA  
ASHEEM AN 1001-A

Although the inspiration for this record is melancholy, the texture of this music is optimistic, if not earnest. Drawing its foundation from the horrific child murders in Atlanta in the early '80s, the midtempo song chronicles the waste of child deaths. Demo: Adults.

**SHERYL LEE RALPH**

YOU'RE SO ROMANTIC  
NEW YORK MUSIC NYMS 7001

Smooth horn lines and sleek rhythmic groove provide the foundation for Ralph's soulful vocals. The mixture of afro and latin music combine to propel this hard-driver to the dance floor sphere for a little romance. Demos: Dancers, young adults.

**ALBUMS**

**BREAKIN' 2, ELECTRIC BOOGALOO**

VARIOUS ARTISTS

POLYDOR 823 696-1 Y-1

This is the follow up to the successful original soundtrack and movie "Breakin'." Ollie & Jerry once again set the pace on this album with the movie title track and also are featured thoroughly on this album as writers and producers. "Radiotron" by Firefox, "When I.C.U." by Ollie & Jerry, "Set It Out" by Midway and "I Don't Wanna Come Down" by Mark Scott will make you break you feet. Demo: Dancers.

**BREAK DANCING**

VARIOUS ARTISTS

COLUMBIA FC 39903

The music that has propelled the break dance phenomena has gained credibility among established artist like Herbie Hancock, who scored a Grammy last year with his "Rockit," which is included on this anthology. Run D.M.C. and Malcolm McLaren are also featured on this album, which is based on the Avon book "Breakdancing." Included on the inner sleeve are picture lessons on various standard break dancing moves. Demos: Dancers.

**NEW EXPERIENCE**

PROVE IT TO ME

PHILLY WORLD DMD804

Suave and lyrical, these newcomers prove that they can groove with the best. Demonstrating sophisticated yet soulful vocal stylings, New Experience can be reminiscent of EW&F, utilizing infectious horn lines and a jazzy blend of instrumentation. Don't think it's not dance music though, the beat is definitely there! Demos: Young adults, dancers.

**LIQUID LOVE**

STRETCH IT

STARRWAY 001

These aquatic amazons stretch the limits of female vocal prowess as they make your body move. Cute and sassy, the mood is up-beat and as ready for the dance-floor as it is for aerobicizing. Another solid Indie release for your attention. Demos: Dancers.

**LOOTERS**

EVERYTHING GOT TO CHANGE

KOMOTION 001

Bif, bam, pow!!! Here are some exciting new sounds from the San Fran music scene. Mixing and matching diverse musical influences of African highlife, funk, reggae and even some NY

style scratching, the Looters provide us with an innovative alternative to the status quo. Demos: Creative young adults, reggae devotees.

**WEST PHILLIPS**

ORGANIZED DESIRE  
CRYSTAL CRD 84-1A

West's throaty vocals are the major impelling force in this rocking funkster with synth support and a choppy staccato feel to the big beat. Self-penned and produced, this shows some talent. Demos: Dancers.

**SAMAKI/VARIATIONS**

"Hollywood"

Amour 107

Produced by the veteran self-contained group, this cut shows the group's inventive side has all the gimmicks to make it memorable and 'fresh!' Demos: teens, dancers, young adults.

THE take: \*\$1 million at the box office on the first day (1 ducat = to \$5 in U.S.) \*More than 100,000 tourists traveled to Rio for the festival bringing an estimated \$50 million into the country (ask Steve Turner from WHAT in Philly who made the trek) \*McDonald's, which built a special facility on the concert grounds, beat its previous one day sales record of \$21,000 by selling \$51,000 worth of food in one day at the rate of 7000 burgers per hour. \*Brahma Breweries noted more than 3.5 million litres of beer were consumed during the ten day fest.

Robert Medina, the show organizer, had budgeted the shows at \$11 million; however, the results far surpassed his expectations. Negotiations are currently underway for releasing a feature length film and record album of the fest as well as for setting next year's dates.

mys, and produced by Allan Nadohl, the special is supposed to benefit the singer's three children. Also set for the production are Ruth Robinson who worked on the Motown 25 Special and Tisha Fein as talent executive. Talent line-up is presently being negotiated and will be announced shortly.

Taping was scheduled on April 2 to coincide with Gaye's birthday.

CBS is planning a major push in R&B formatted stations and urban contemporary with the new Mick Jagger single "Just Another Night" which they feel will be stronger at black radio than pop radio. And they could

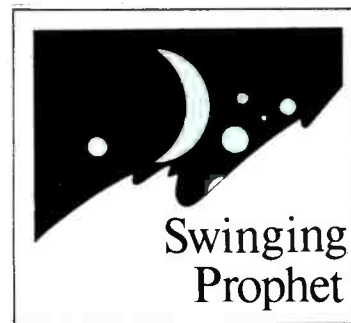

just be right.

Closely following the Chaka Khan success which is currently still zooming with her second single from the "I Feel For You" LP, Rufus and Chaka Khan are planning to reunite for a "Reunion" album for the first time in three years on Warner Brothers. No release date has been set, but Hawk Wolinski is scheduled to work with them on keyboards. Hawk is currently producing two songs for World Citizens, a new band on the new Manhattan Records.

Also at Warner Brothers David Pack of Ambrosia will be releasing a solo LP this spring featuring a trio with James Ingram and James McDonald on some selections and also helping will be Jennifer Holiday whose "Mystery Man" song was co-written and arranged by Pack and James Newton Howard.

## ARIES

Feeling fit both physically and mentally is vital to successful execution of duties. Don't continue to wait to address the situation because you're too busy.

## TAURUS

Contact has been made and this doesn't happen too often, so nurture it.

## GEMINI

That old "nose to the grindstone" adage works, and, with some application, will steer you out of your present mire.

## CANCER

Move in for the close. Delay can destroy your work.

## LEO

Maybe dancing will be easier therapy or even that aerobics class near the office. Your control may slip without some release.

## VIRGO

Movement is definitely in your forecast--perhaps just moving furniture around to change your surroundings.

## LIBRA

Even in your relationships things said yesterday are not irrevocable.

## SCORPIO

Do what really makes you happy and deal with the effects later.

## SAGITTARIUS

Moving right along seems to be your '85 pace with no stopgaps in sight.

## CAPRICORN

"Hang On To What You've Got" should be your theme song. Don't allow loss of control to make you lose out.

## AQUARIUS

Your quietness can be mistaken for aloofness. Realizing that may push you to be more assertive.

## PISCES

Maybe the sameness of your routine can be enlivened by doing it in reverse. There's a whole different perspective doing daytime things at night.

I ask you, is that getting over? Will Prince have a topper to that one?

At Polygram Syreeta, formerly Mrs. Stevie Wonder and a solo artist on Motown, is

back on the scene in the studio recording an album being produced by Larry Blackmon and Nathan Leftenant of Cameo who are also working along with Cameo on their next LP scheduled for a spring release.

Another Polygram debut artist in March is Carl Carlton, half of whose LP is being produced by the Barkays. Also in March Polygram will debut Carol Lynn Townes debut LP.

February has some exciting releases scheduled from Polygram in the form of trumpeter Jeff Tyzik's second LP and The Reddings first Polygram LP.

Richard Perry (Pointer Sister's producer) is back in control on the new Greg Phillinganes LP just released which includes what is becoming a rather regular occurrence (e.g. Chaka Khan LP)--a who's who of supporters whom Phillinganes helped. And the LP is definitely top caliber all the way.
