From Lake Michigan to the San Francisco Bay—that's the move that's been made by one master programmer: Lee Michaels. Having known Mr. Michaels for most of his career I view him as a man who has been successful in his every programming endeavor. And his new challenge—that of programming a CHR-formatted station—is probably the biggest challenge that he's faced to date.

When speaking on the subject, there is a gleam in his eye like that of a warrior sizing up his opponent. And he smiles like someone who has already won the battle. Over dinner recently, Michaels told me how strongly he felt about maintaining the good relationship he's

built up through the years with his black friends in the record industry. "I don't ever want to lose touch with people like Step Johnson, Ruben Rodriguez, Jimi Starks, LeRoy Little or Harold Childs because it has been my colleagues in the black music division who have helped me achieve my goals in this business."

The goals that Lee Michaels will go on to achieve at KMEL-FM will likely open the doors for other blacks to be considered for programming positions at CHR-formatted stations around the country. Sounds good, doesn't it... fair and equal opportunity for all.

After all: Isn't that the American Way?

### ORGANIZATION PLANS AFRO AMERICAN HERITAGE MUSEUM

Washington, D.C.: The National Council for Education and Economic Development, Inc. plans to build an Afro-American Heritage Museum and associated institutes within the National Park System. The museum will be built in the nation's capitol with funds raised through the efforts of NCEED, a non-profit corporation.

The United States House of Representatives, in support of NCEED, passed Joint Resolution 666 on June 26, 1986 and the resolution was introduced by Congressman Mickey Leland (D). The museum-institute will provide significant documents, historical materials and memorabilia relating to slavery from the countries in which it existed: the United States, along with African, English, Dutch, Italian, French, Spanish, Caribbean and South American countries.

In a statement released from NCEED, the organization noted: "Even in the face

(of slavery) some heroic figures came to prominence, through inventive genius, through artistic creativity and through intellectual achievement. From these shining examples of achievements in education, science, medicine, entertainment, sports, law—virtually every field of endeavor—there are Afro-American role models.

"History is instructive for the present and the future. It has been well-stated that a people or society which ignores the mistakes of its past is doomed to repeat them. We must not let this happen."

Members of the entertainment industry who have joined forces with the NCEED in making the museum-institute a reality include Lena Horne, Jheryl Busby, Natalie Cole, Bill Cosby, James Ingram, The Jets, Quincy Jones, B.B. King, Gladys Knight & the Pips, Patti LaBelle and Stevie Wonder.

## JAMES BROWN STARS AT MIDEM '87

**Cannes:** James Brown was the highlight performer at the week-long Midem '87 conference. anniversary of the invention of the phonograph record and the 40th anniversary of the LP.

Over 200 companies from around the world exhibited at the convention which had over 5,500 in attendance. Next year's convention will be held Jan. 25-29, 1988.

## INDEPENDENT LABELS UNITE FOR MIDEM '87

**Los Angeles:** Gospel record label I Am Records and 20 other American independent record companies united to participate in Midem '87, the international record convention. The state of Texas also represented a united front under the banner of the Texas Music Association and the Texas Music Commission, sending over 40 delegates and representing over 50 projects.

The American Independent stand introduced this year at Midem is expected to become a permanent fixture based on this year's success. The variety of participating companies included new age labels Narada and Higher Octave, classical label Newport Classic, dance labels Rounder and Sleeping Bag, and rap label Critique.

As a result of a contact made last year at Midem, I Am Records signed a deal with London's Bluebird Records for gospel singer Calvin Bridges with "The Rose of Sharon," scheduled to be produced as the first single.

One independent record company with its own booth was Veejay International of Chicago's House Music. The owner of that company was one of the most sought after executives as companies from all over Europe expressed interest in possible distribution. Chicago's House Music has gained a tremendous following in the United Kingdom and based on that success has generated interest among other European cities.

**L**ee Michaels, formerly the PD/OM at WBMX and most recently WGCI, has long been—undisputedly—one of the most respected men in black radio. When Michaels decided to accept the PD post at CHR-formatted station KMEL-FM/San Francisco, it was a decision that earned him praise among many of his colleagues in black radio, but raised a question among others on if the industry vet had made the best move.

Regardless of your stand on the matter, no one can deny that the move was a groundbreaking one.

In agreement with that is GM of KJLH/Los Angeles (and BRE correspondent) Jim Maddox. Says Maddox: "Lee Michaels is one of the top programmers in radio, and it was a very progressive and open-minded move for KMEL to hire a black man strictly out of black radio. This is a precedent-setting move and Lee Michaels should be encouraged to take on this kind of challenge.

"The job that he'll do in his new position will only open doors for other black men and women. A CHR-formatted station is deserving of no more respect than that of one with an urban format. But in America, a country with more whites than blacks, the money is in CHR—and since CHR does owe so much to black music, it makes sense for Michaels to be at KMEL. It was a courageous move and he deserves our support."

Excellent comments...and for some additional insightful comments, I went to the man himself, Lee Michaels. The following is an excerpt from our recent interview (additional quotes will run in a subsequent issue of BRE):

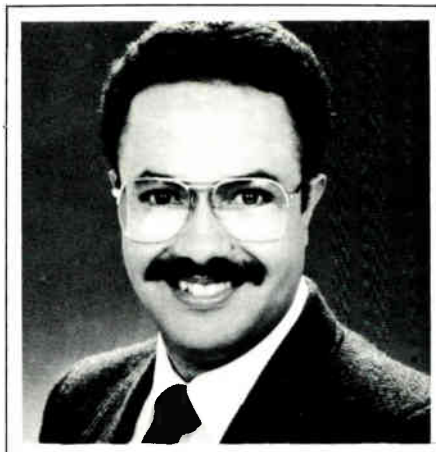

**SM:** Certainly there are a lot of market differences between Chicago and San

**"I think San Francisco for years has been a 'sleeping giant,' very similar to the situation that Miami and L.A. are going through. It's time for something to emerge here and that's basically what is about to happen."**

Francisco. Can you give me a market analysis between San Francisco and Chicago?

**LM:** I think first you have to look at the market size, which is considerably bigger in Chicago. When you have that, generally speaking, the competitiveness in that larger market is more prevalent.

I think San Francisco for years has been a "sleeping giant," very similar to the situation that Miami and L.A. are

By Sidney Miller

going through. It's time for something to emerge here and I think that's basically what is about to happen. The audience make-up is similar.

As for Hispanics, there's a significant number here, as well as in Chicago. One of the major differences is that there are more blacks in Chicago than here. But San Francisco is more of a melting pot than Chicago to a certain degree and that makes it nice. This market really is open to a blend of contemporary music—black, white and Hispanic—plus, you've got the Asians to include.

In terms of competitiveness and format differences, in Chicago you've got three CHR stations. Here you only have one and that's KMEL. In Chicago you have two mainstream urban stations; here you only have one. A station here like KBLX, in my opinion, is in the category of WLNR—which is a softer, adult-approach, jazz-flavored station which tends not to be the best in mass appeal.

There are two news talk shows here in San Francisco that really dominate the market; in Chicago there's only one. There, in second place, is WGCI—a contemporary music station. Here (a station with that format) would generally be third or fourth in this market.

Another thing I've noticed—and I've worked in this market twice before—is that the people here are so laid back compared to people in the Midwest and on the East Coast. They tend to react a little slower to change. There's not the immediate turnaround that I had in Chicago, but as long as we do the right things the audience will pick up on it and cling to it.

**SM:** So you're saying that an attitudinal difference really does exist?

**LM:** Yes, I have noticed one. There's even a difference between the people of San Francisco and L.A. In L.A., which is more of a "star town," the guy on the radio is the lowest person on the totem pole. People live right next door

to stars in L.A., so it's no big deal. There, the true stars are the TV, movie and recording artists. Here, the guy on the radio is a star, so that's definitely a plus for San Francisco!

**SM:** Specifically, what are your ratings over there at KMEL?

**LM:** We're positioned at 4.2 to 3.7, and we're #1 with the teen audience. My mission is to attract that 25-to-49 audience. I think that can be achieved with more music balance, personality, image promotion and research. As in any other type of business, there's risk involved, but our plan is to win. And anybody in the way must move.

My GM, Paulette Williams, has an intense, winning spirit. I'm glad she's on my team because I'd hate to be competing with her.

**SM:** Do you plan to bring in any of your colleagues from Chicago to KMEL?

**LM:** I have no intentions at this time, because the salaries are so high there. WGCI grossed over 12 million and this station did half of what we are building toward. I mean, one jock at WGCI is making \$350,000.

**SM:** What is the demographic breakdown in San Francisco?

**LM:** About 25-34% of the population is white, black is 10-12%, Hispanic 25-30% and the rest is a melting pot, with roughly 15% Asian.

The attitude from the advertising world is that they don't want to give dollars to ethnic radio. So that's where the new categories and formats come from. The new format of Power 105/Miami is appealing to Asian, Hispanic and blacks and it is filling a void. My problem is I want to feel loyal to something. Urban will (ultimately) lose

**"In L.A., which is more of a 'star town,' the guy on the radio is the lowest person on the totem pole...Here, the guy on the radio is more of a star, so that's definitely a plus for San Francisco!"**

to CHR, but this is America so in the end, no one loses.

I am a proud black man but I am forced to respond to Madison Avenue. The broadcasters didn't create this dilemma; the advertising agencies did. I am totally convinced that there are a lot of non-blacks listening to black radio, but the dollars are allocated to certain groups of people. So the racism starts on Madison Avenue.

The product comes first, but after we get the numbers, give us the advertising!

**WINDHAM HILL VIDEO SERIES EXPANDS BY TWO** "Windham Hill—In Concert" and "Windham Hill Seasons," a compilation from four previously released videos, are set for release in mid-March by Paramount Home Video. The new age music label has been aggressively carving out a visual component to its often ethereal music, and these new additions to their video catalog will be actively promoted at retail stores.

"Windham Hill—In Concert" features on-stage performances by guitarists Will Ackerman and Michael Hedges, pianist Scott Cossu and fusion act Shadowfax. Principal photography was shot in the summer of 1986—in studio and on location in the natural setting of the Red Socks Amphitheatre outside Denver.

The "Windham Hill Seasons" is culled from "Water's Path," "Western Light," "Autumn Portrait" and "Winter," all of

which were originally released in Fall '85. This sampler package combines awesome nature photography with music from a bevy of the label's top artists, including Ackerman, George Winston, Hedges and Shadowfax.

The 68-minute "Windham Hill—In Concert" and the 46-minute "Windham Hill Seasons" are both available on VHS and Beta Hi-Fi videocassettes, while the concert file is also available on laser Discs on the pioneer Artists label. The concert film is set at a suggested retail list of \$29.95; the "Windham Hill Seasons" goes for \$19.95.

Dealers have until Feb. 25th to order the clips at these prices and in-store delivery is scheduled for March 11th. Retailers are encouraged to actively promote the product in-store through LP displays—combining airing of the videos with displays of the LPs from which the music is extracted.

The label is further suggesting in-store, point-of-purchase displays employing musical instruments such as guitars, portable keyboard instruments, flutes, wooden recorders and violins.

Taking the imagination a step further, Windham Hill is suggesting a "Windham Hill Weekend" that salutes local musicians by giving special discounts to members of local school bands and choirs. (And why not have a woodwind, string or brass quartet from one of the local schools perform in the store during a weekend sale of Windham Hill product? Plus, hold an auction of previously rented video cassettes—and offer the proceeds to the local music-boosters club?)

Novel ways of promoting sales of long-form video music is something that major labels might look closely at in their efforts to launch their long-form projects.

**MIDWEST REPORT**

By Jerome Simmons

All the rumors on the sale of WBMX radio have now come to rest. This week it was announced that the Northlake Corporation has purchased WBMX-FM for an estimated 28 million dollars. Sonderling Broadcasting sold its AM counterpart months ago to the Polish Alliance. Both sides were filed this month with the FCC and are expected to be approved around April.

In a conversation with **KERNIE ANDERSON** WBMX GM he stated: "There will be changes in the station's personnel or broadcasting format. **JERRY BOULDING** will remain as OM and will also officially assume PD duties." There are no plans to relocate the current BMX facilities from the luxurious penthouse suite of the Oak Park Arms Hotel.

**GUS REDMOND** and **CHARLES HARRIS**, execs of Chicago Nite Life Productions have signed their newest acquisition, **MERGE**, to an exclusive recording contract with Atlantic Records. Merge's newest release is entitled "Let's Have Some Fun" and is currently topping the local charts here in the Chicago area.

In town this week was MCA recording artist **GEORGE HOWARD** promoting his latest LP, *A Nice Place to Visit*. He's been enjoying fame lately for his work on the theme song to the hit ABC-series "Spenser For Hire." Accompanied by **CHUCK ARRINGTON** and **RONI LOOPER** of MCA, he visited most of the outlining radio stations that are most responsible for breaking jazz records: WBEE, WLTH and WLNK. Howard also visited WGCI and WBMX.

In an interview with Gary Law PD/WLTH in Gary it was learned that Howard was a child prodigy with the clarinet at the young age of eight. He played classical music—which he didn't particularly like because "the music felt like it was centuries old." When his teachers would tell him he had to play classical music exactly so, he got infuriated. Though he "learned discipline" in the classical genre, he adds: "I cannot in eight bars disseminate all my abilities, skills and dexterity—and all the other levels I've learned.

"I like reaching out and sharing something with people. It's their prerogative whether they're going to let me into their lives or not," he reasoned. "Once I'm in, I like to feel that I've

earned that space. I let my work speak for itself. I'm not trying to reach the critics, I'm trying to reach the people. They're the ones that count."

**CANDI STATON** and **RON HIGH**, the man who lost over 400 pounds appeared at Chicago's Metro Music to promote Staton's latest recording, "You Got the Love." Appearing with the duo was WGCI's **YVONNE DANIELS**. Ironically, Staton's new record is getting a lot of airplay, but it seems that as of Monday, Feb. 2nd the top black one-stops in the city did not have the record in stock and were unaware of it. Speaking of records, the most respected in Chicago is **SHIRLEY MURDOCK'S** "As We Lay."

(L-r): Harold Rush, Roni Looper and George Howard get a gib laugh as Doug Banks attempts to rip out Chuck Arrington's heart for being two minutes late.

## 1ST COMMEMORATIVE KING BRONZE DONATED TO KING CENTER

**Atlanta:** The Martin Luther King Center for Nonviolent Social Change, Inc., received the first artist's proof of the Limited Edition King Bronze. The commemorative bust was donated by Al Bell, President of Edge Records of Los Angeles, California. The Center, in an unprecedented gesture, will display the King Bronze, the only bronze bust in its permanent collection.

Bell, former owner of Stax Records and American Music and Entertainment Hall of Fame inductee, secured the first artist proof with a record five digit monetary investment.

"The Limited Edition King Bronze is the first sculpture I have seen that literally captures the physical and spiritual essence of Dr. King," stated Bell. "Symbolic immortalization through bronze is an ancient, time honored tradition. It is important that we preserve God's principles through the memory of this positive force in American history for generations to come."

Mrs. Coretta Scott King, on behalf of the Estate of Dr. Martin Luther King, Jr. had recently approved this commemorative life-size bronze of the late Dr. King for national and international acquisition. The Limited Edition King Bronze, commissioned by The Meek Corporation of Atlanta, GA is the only sculptured work to receive license and the exclusive authorization from the King Estate for public release.

A King Replica Bust, priced for mass acquisition, will be available to the general public. In its first authorized issue, the King Replica Bust is an exact replica of the Limited Edition Bronze. Each piece is faithfully cast in Durastone and hand finished to capture the character of the original bronze sculpture.

The Martin Luther King, Jr. Center for Nonviolent Social Change, Inc. has entered an exclusive agreement to help market both the bronze and replica editions. The Meek Corporation has developed a special sales and merchandising program that is designed to provide a substantial financial contribution to the Center.

**Coretta Scott King is shown accepting Limited Edition King Bronze from Al Bell, president of Edge Records.**

 "Free Champagne With Every Trip"

Columbia recording duo Terence Blanchard and Donald Harrison (far L and R, respectively) and labelmate Nancy Wilson (C) were among the artists performing at a tribute to venerated saxophonist and star of the film "Round Midnight," Dexter Gordon (also pictured center). The tribute took place at Howard University's Cramton Auditorium in Washington D.C. Proclamations and special acknowledgments for Gordon's talents were offered by the National Endowments of the Arts, the Smithsonian Institute, Jazzmobile and Jazz Times, among other organizations. President Reagan also sent a special letter of recognition. The sold-out tribute concert additionally featured Stanley Jordan and the Howard University Jazz Ensemble with guest soloist Jon Faddis.

**FANTASY COMPLETES PURCHASE OF PABLO RECORDS**

Pablo Records, the jazz label created by long-time jazz sven-gali Norman Granz, has been completely acquired by Fantasy Inc., the label that distributes Milestone, Prestige, Galaxy and other jazz-oriented labels.

The independent company's top priority, according to president Ralph Kaffell, will be to make a considerable number of titles in the Pablo catalog available on Compact Disc, and to also release 15 new LPs all of which will be released in Compact Disc. Additionally, some 20 titles from the catalog at mid-

range prices will be available by the summer.

Granz will continue his independent management and concert promotion activities and occasionally produce records for Pablo. Eric Miller, who worked with Granz at Verve Records and Pablo in various creative capacities, will continue to serve as head of A&R for Pablo.

**LINER NOTES:** About 60% of all LPs released by GRP Records last year, 10 in all, have been nominated for Grammy Awards. That put Larry Rosen and Dave Grusin's independent label number six among the top 10 labels garnering Grammy nominations. Among GRP artists earning nominations are Grusin, Chick Corea, Lee Ritenour, Eddie Daniels and Diane Schuur, who performed at last year's televised Grammy Awards presentation...Donte's in North Hollywood is the new home for "Last Sunday Jazz Sets," a Sunday afternoon jam session sponsored by the International Association of Jazz Appreciation. Club owner Carey Leverette offered his facility as permanent site for the sessions, held the last Sunday of each month, for the first time after the recent Super Bowl game...

**SOME NEW RELEASES:**

Columbia Records has released *Phantom Navigator*, saxophonist Wayne Shorter's follow-up to last year's *Atlantis* LP...Indie company Optimism Records of North Hollywood has released *Shieldstone*, a debut by Bill Shields, and Dan Siegel's *Future Prospects*. The company is also about to release an LP by Billy Mitchell—*faces* and the debut platter by David Collini, *Mad Shadows*. Jerome Harris' work as a guitar sideman with Sonny Rollins and Oliver Lake has earned a starring role on an electric LP, *Algorithms*, being released through PolyGram Special Imports (PSI) Records.

## BIRTHRIGHT SIGNS DISTRIBUTION DEAL WITH CAPITOL/CEMA

Dr. Byron Spears (seated left), Birthright Record pres. is shown re-signing Walter Hawkins (seated right) to the label. Shown with them are Edwin and Lynette Hawkins, Birthright artists, also.

**Panorama City, CA:** Birthright Records, one of the nation's oldest black-owned gospel record companies, recently signed a new distribution deal with Capitol Records/CEMA. Dr. Byron Spears, president of Birthright, has stated that while some gospel label distribution deals through major secular labels have failed due to "lack of a hard push by the gospel labels," he added: "We have completely restructured our staff for this major move."

The company's first planned CD will be Walter Hawkins & the Family's new June release. Birthright is planning an ambitious 37 new releases of product in '87, plus 50 from its catalog. The gospel company is currently in final negotiation with both artists and two other black gospel labels, which it intends to distribute through Capitol/CEMA.

"I am going after top artists to sign, along with labels that are household names," Spears said. New signings include 17-year-old Rev. Rhyme (known as the "Gospel King of Rap" in his hometown of Birmingham, AL), Inez Andrews (formerly with The Caravans), Charles Fold & the Charles Fold Singers (formerly on the Savoy label) and Dannibelle Hall. The artists that Birthright has resigned include Brenda Holloway and the Grand Rapids Mass Choir.

"While I can't reveal the names of the next several artists we are about to sign," said Spears, "they are really international favorites. I don't think there are many people in this country who won't know their names." A formal announcement on the artist/label signings is expected

later this month.

New product releases from Birthright Records include the LP *Give Us Peace* by Edwin Hawkins, Rev. Rhyme's *According to Rap* LP and the re-release of Brenda Holloway's *Brand New* LP.

### ALBUMS

#### WILLIAM HUDSON III INTRODUCING WILLIAM HUDSON III

**PS Records**

Even seasoned veteran preachers of the gospel will do a double take when they listen to this 12-year-old "Man of God" speak with their same eloquence. And on the other side of this showcase of the young minister's talents, he sings with similar maturity and power.

Demos: All

#### THE TRUHHETTES

#### GOD WILL MAKE THINGS ALRIGHT

**Malaco Records**

This talented young female foursome

ably make "This Is Your Day" a commercial pick. "My Strongest Weakness Is You" and the title cut also give them room to let listeners hear them do a little spontaneous vocal stretching. Demos: Youth, Young Adult, Adult

#### ANDRAE CROUCH AUTOGRAPH

**Light Records**

This Andrae anthology is aptly titled since Crouch penned every selection, plus co-produced them with the time-proven Bill Maxwell. Must listening! Pick: "My Tribute"

Demos: Young Adult, Adult

#### SHIRLEY CAESAR CELEBRATION

**A&M Records**

The premier lady gospel singer does it again with this work of art. Particularly memorable are "Martin" (a tribute to our Dr. Martin Luther King Jr.) and the spiritually rousing "We Will Stand." As usual, excellent backgrounds and production.

Demos: All

#### LES CHANTICLEERS THERE'S A CITY CALLED HEAVEN

**Rondajohn Records**

Gorgeous harmonies are what make this such a fine LP. It is reminiscent of classical Negro spirituals, all of which adds up to inspired listening.

Demos: Young adults, Adults

#### KING JAMES VERSION GRATEFUL FOR YOUR LOVE

**Light Records**

These ladies' fine vocals put them in the same musical class as The Winans and Commissioned, but they have their own distinct style as they prove with this soul-stirring, contemporary work. Pick: "I'm Yours"

Demos: All

#### THE NEW JERSEY MASS CHOIR LOOK UP AND LIVE

**Light Records**

"You've Changed My Life" is a noteworthy example of this group's commercial sound. Great production, accomplished musicianship.

Demos: Young Adult, Adult

#### SINGLE

#### THE SOURCE FEATURING CANDI STATON

**"You've Got the Love"**

**Source Records**

This little ditty by the "'80s Gospel Diva" has a strong hook that will draw a large audience (and convey a deep message at the same time). Could crossover to R&B.

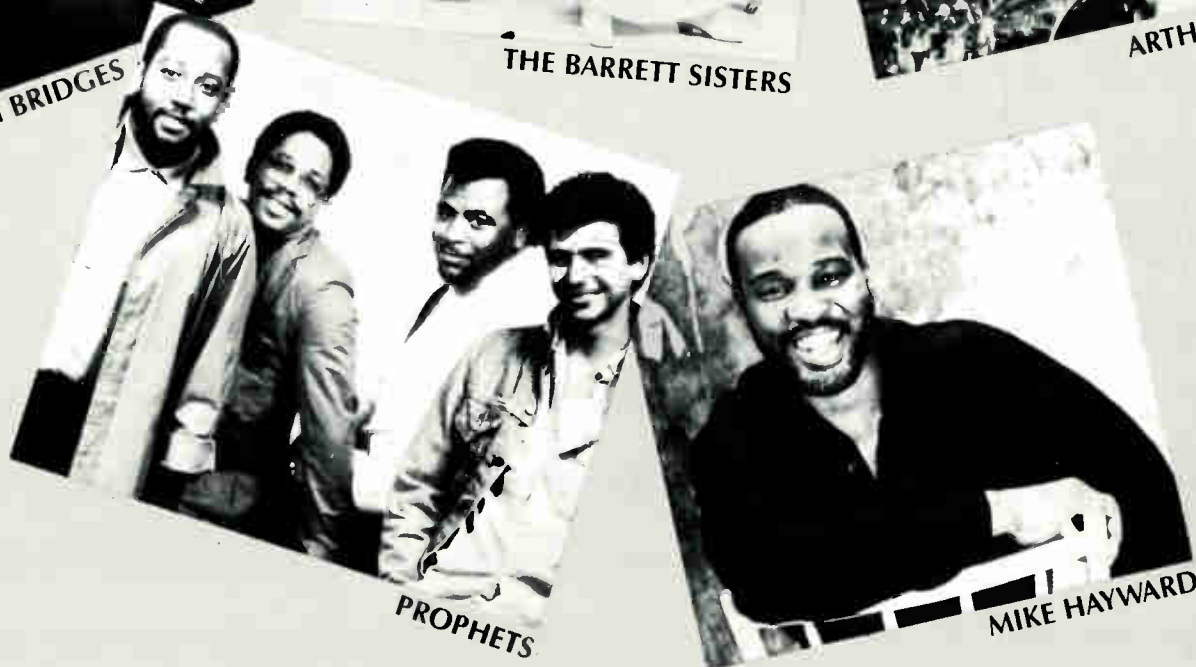

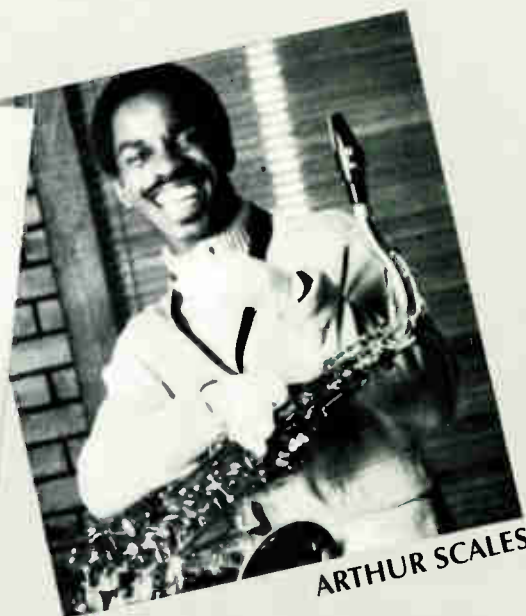

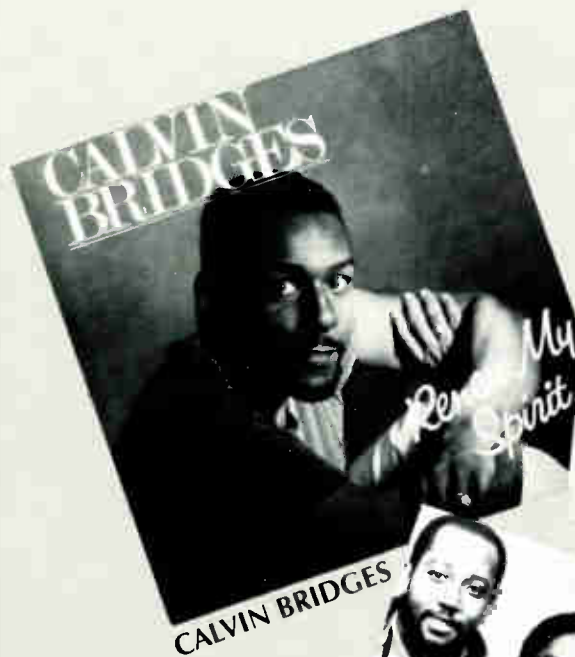

Demos: Youth, Young Adult, Adult

**"IN LOVE"**  
**MOTOWN**

Big sister premieres as solo in grand style with great production. Exclusive Tracks: "So Good For You," "A Woman In Love." Demos: Teens, Young Adults.

**EDDIE MURPHY** Television Enterprises is producing "Uptown Comedy Express," an hour special for HBO featuring four top black comics—**ARSENIO HALL**, **CHRIS ROCK**, **ROBERT TOWNSEND** and "Night Court's" **MARSHA WARFIELD**.

Congratulations to **JAMES INGRAM** and his wife **DEBBIE** on the birth of their fourth child, a 5 lb. 15 ounce baby girl, **JAHNEE**.

When Ebony Man magazine went looking for the perfect Valentine to grace the cover of their Feb. issue, **BILLY OCEAN** won hands down. In the magazine, Ocean (a former ladies tailor) discusses his views on male fashion. "Comfort is the key word," he told them.

And according to USA Today **BILL COSBY** has become a fashion trendsetter thanks to those colorful, boldly-patterned pullovers he sports on his weekly sit-com. The sweaters Cosby wears on the show are usually by Danish-born designer **KOOS VAN DEN AKKER** and cost about \$750 apiece.

Dancer extraordinaire **DEBBIE ALLEN** is travelling to London soon to appear in "Sweet Charity."

**JOHNNY MATHIS** hopes to be picked to play the title role of his idol, **NAT "KING" COLE**, in the biography being projected by movie mogul **DINO DE LAURENTIS**. But a great singing voice isn't a prerequisite for the part since whomever plays it will just lipsync Cole's recordings.

**RANDY JACKSON** is not only one of the top session players in the business (bass guitar), he's also one of **ARETHA FRANKLIN's** key fans. After playing on "Jumpin' Jack Flash" with Lady Soul he said: "During the time we spent in the studio it was the *hottest* place in the

universe. As soon as Aretha opens her mouth to sing, you just die. Period." Calm down Randy, we understand.

Nicky Blair's, a top Sunset Strip eatery, held a PepsiCola sponsored private party

in honor of **JANET JACKSON**, the same night her satellite radio show "Pepsi Hitline USA" aired. On the personal side, Jackson's name has been linked recently with that of comedian **JOEY VILLA**.

As for her brother **MICHAEL JACKSON**, owner of **THE BEATLES'** song catalog, he's agreed to let **THE FAT BOYS** re-record and write a rap for "Baby, You're A Rich Man." The Gloved One has turned down hundreds of other requests (including one from **THE BEASTIE BOYS**) to record and change material by The Beatles.

Former Motown artist and **RICK JAMES** protege, **VAL YOUNG** (of "Seduction" fame) is currently without a label home. She's recorded a new LP (with the help of Slick Rick); all she needs now is the right record deal.

In conjunction with Black History Month, **ISAAC HAYES** will be lecturing at specially chosen colleges while out on his current 13-city promo tour of the US.

Here's an interesting tidbit: **BILLY VERA**, whose blue-eyed soul hit, "At This Moment," is crossing over to the black charts is the same guy who recorded the 1968 Top 40 hit "Country Man/City Girl" with black singer **JUDY CLAY**. (And male-female interracial duos in the music industry aren't any more plentiful in '87 than they were in '68.)
