Ready for the '80s: We cycle through our trends quickly these days. The '70s gold format has only been on the radio since 1993 and already the signs are there for an '80s revival: Modern rock stations are splintering into those that'll play the Go-Go's and those that don't think they fit next to Sponge; "rhythmic" ACs like WYXR (Star 104.5) Philadelphia are built largely on the proposition that nobody is playing mid- to late-'80s dance hits anymore; the '80s compilations have been here for two to three years; "Total Eclipse Of The Heart" is a hit again. Above all, one hears the listener comment that is the rallying call of any gold format: "So many good songs and you don't hear them anywhere." This despite the Saturday night shows and special weekends that have already sprung up in many places.

There wasn't much that mainstream top 40 stations could do with '70s gold, though some tried. However, '80s gold is not just top 40's property, but top 40's legacy. Some thoughts on its proper use:

- PDs want to split the decade into clusters, like the new wave '80s, the dance '80s, etc. For listeners, it's still one entity. In 1983-84, there was new wave synth on Van Halen records and chainsaw guitar on Shalamar's hits. Cross-pollination made mass-appeal radio work in 1984. Overemphasizing one part of a decade is one reason that most '70s stations—most of which are 80%-90% classic rock—are shriveling so quickly.

- It won't work if we're self-conscious: Most '70s stations play "More Than A Feeling." Most won't play "Hooked On A Feeling." Listeners bought a few million copies of each in an era that was more self-consciously hip than ours. So if listeners don't think they're hearing the hits of the '80s when hot ACs already play Huey Lewis or "Every Breath You Take," there must still be a demand for "Girls Just Want To Have Fun," "Oh Sheila," "Mickey," etc., even if those songs test badly and scare PDs.

- As with anything one breaks format for, a little '80s should go a long way. It's a tactical weapon that top 40 should use just enough to prevent the cannibalization of its adult audience by a new format. If "1999" is followed by a great uptempo current, it's only breaking format for one record. If it comes up next to an AC crossover, it's breaking format for two records and making today's music not sound so great by comparison. Let's decide now that the '80s should be used to add a hint of flavor to a station, not to increase the format's confusion.

Let Them Tell You Why:

"Over the last five months, Brownstone's 'If You Love Me' has played a big part in our success. Now that we're playing the retro-feeling 'I Can't Tell You Why,' we perceive ourselves to be dealing with an even more important record."

-Chuck Knight, WYXR, Philadelphia

"I can tell you why. This record is a smash!"
-B.J. Harris, WFLZ, Tampa

"The phones lit up from our first play! This is a smash!!"
-Albie D., WPGC, Washington DC

"This is a one listen smash!" -Don London, WNVZ, Norfolk

TOP 40/MAINSTREAM

COMPETITION TWENTY

First Place

DAMON COX

WAPE/Jacksonville, FL

"It's truly an honor to have won the AIR Competition. Having the limited experience at this as I do, to have done this well against some of the most talented PDs and MDs in radio is truly an achievement. Just imagine, six years ago the only things I could hear were the obvious, like barking dogs, high-pitched whistles and car horns... you know, loud stuff! Now I hear hit songs! Who'd a thought? Sincere thanks to Jeff McCartney for the many opportunities, Guy Zapoleon who continues to teach me, and of course Alan Smith at AIR for the insight."

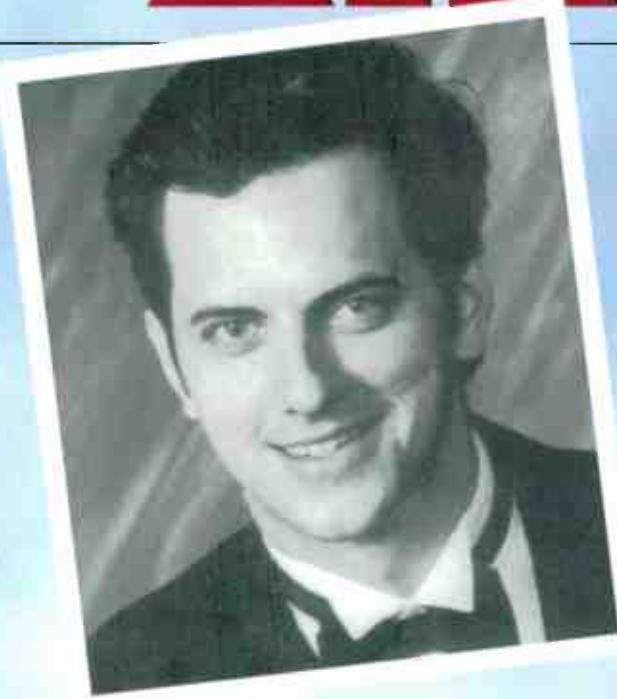

The honor is all ours, Damon. You have proven that your ears have given you the edge over 200 competitors who began Competition Twenty, and now you'll travel in style in your 1995 BMW 318i Convertible! But Damon, don't give up on the horns, dogs or whistles. They seem to have been a good training ground. Congratulations to you and all of our Top 30 winners!

GRAND PRIZE

1995 BMW 318i Convertible

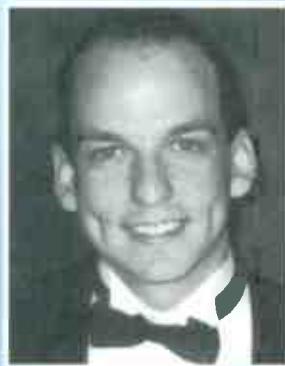

AIR's current Top 40/Mainstream Competition, with a Grand Prize of a new BMW 318i Convertible, is underway. Winners will be announced in January 1996.

AIR*Congratulates Top***Second Place**

\$ 7,500

TOM POLEMAN
KRBE • HOUSTON, TX

"That's it... I'm buying the damn car! (After coming in second place 3 times, I probably could at this point.) Dave Cash and the staff at AIR are some of the classiest people I've come across in this industry. They're passionate, honest, and most importantly, they care about the music. I'm thrilled to have placed so high in a field of peers whom I so greatly respect. I'm also proud of Paul "Cubby" Bryant's stellar finish. It's great to be working alongside of someone so talented and equally passionate about the music."

THIRD PLACE \$5,000**FOURTH PLACE \$3,000****FIFTH PLACE \$2,500****SIXTH PLACE \$2,000****"THE KID"**

WWFX / Bangor, ME

"Placing among the Top 5 in the AIR Competition is truly a career highlight for me. It's pretty cool to be in a smaller market and have a shot to prove yourself among the best in the business. And the money doesn't suck either. Thanks!"

TIM RICHARDS

KRQ / Tucson, AZ

"AIR is not only a fun competition but it has become an important part of my music decision making. It is truly an honor to have placed among the programmers that I truly respect in the industry."

BOOKER MADISON

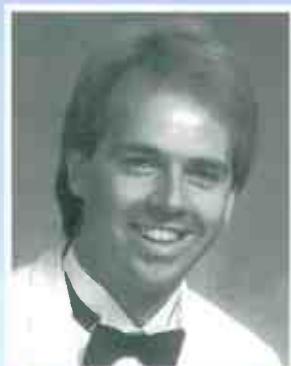

KISF / Kansas City, MO

"In an industry full of smoke and mirrors, AIR's honest information and credibility is unmatched. Once again, thanks Dave for the Cash."

PAUL "CUBBY" BRYANT

KRBE / Houston, TX

"Movin' up two notches to #6 this year, I feel like a record on Casey Kasem's Countdown. Words can't express how happy I am to finish this high in a competition that is so well respected in the business. Thanks Dave and everyone at AIR, and way to go Tom!"

SEVENTH PLACE \$1,750**EIGHTH PLACE \$1,500****NINTH PLACE \$1,250****TENTH PLACE \$1,000****CHRIS TAYLOR**

K92 / Roanoke, VA

"Thanks to Alan, Jonas and all my friends at AIR. What better way to stay on top of music trends than to be challenged by AIR and find records that stand up to the toughest scrutiny. AIR makes it possible to anticipate the pulse of the public and their love of new music. I am proud to have placed and honored to be among the other winners."

GARETT MICHAELS

WPLY / Philadelphia, PA

"It is a thrill to place in the Top Ten again. Thanks to Bruce, Jonas and the entire staff at AIR. I'm honored to be here with so many other great programmers who are passionate about music. Remember, the music is the main reason people listen to our radio stations."

STEVE KINGSTON

Z100 / New York, NY

"I'd like to thank AIR for turning us on to new artists like Sheryl Crow, and bringing the kind of credibility and commitment necessary for Z100 to step out and support new talent. Before Sheryl won three Grammys and found her place in music history, AIR helped lay the track."

KEVIN PETERSON

STAR94 / Atlanta, GA

"It's a pleasure to talk with Alan Smith every Monday because he's as passionate about the music as I am, and AIR gives me credible music information with no hype and no B.S. ...NOW WHERE'S MY MONEY?"

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 600 detections for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 are removed from the chart after 26 weeks. ©1995, Billboard/BPI Communications.

Records showing an increase in detections over the previous week, regardless of chart movement. A record which has been on either chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records which attain 1500 detections (mainstream) or 600 detections (rhythm) for the first time. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 are removed from the charts after 26 weeks.
