## NEW COMBINE OF SOUTHERN NEGRO HOUSES IS ANNOUNCED

Theater Owners' Booking Assn. Formed at Chattanooga.

Aims To Better Booking Conditions in the South

Milton Starr, President, and F. J. Miller, Secretary

CHATTANOOGA, Tenn., Dec. 21.—Of unusual interest to the profession is the announcement that under the aegis of the National Association of Theater Owners' Booking Association, Inc., an organization with resources of about \$1,000,000 in property of the leading theater owners of the South for the purpose of bettering conditions both in regards to the booking of acts and companies and to protect the theater owners.

"For the past six months there have been widespread rumors of disorganization among the performers, also the theater owners, with the result in which a booking office was organized," the new organization states. "The theater owners, as complete loans have been made more frequently, both from performers who are losing of and performers who have been given large retained jumps with small salaries pending those of doubtful return. To this an incident, a certain company of three, well-known, novelty acts was booked from Anderson, S. C. to Atlanta, Ga. from there to Memphis and then to Birmingham, La. From there the booking office wanted to send the company to Montgomery, Ala. The returned price for "this" was estimated at \$250. The salary offered this company of three was \$150, which would have the "triple" after deducting a commission of five per cent for booking.

"This very simple case of wrong booking led it to be possible for a performer to live half way decent on \$10 a week? To it possible for them to get a week's pay for their expenses and keep themselves supplied with the necessary money and then walk out of the theater in debt and not be credited to the company and the amount? The Theater Owners' Booking Association realizes that it is a possible realization, which must be eliminated. The results of this organization are on page 20."

## MARDI GRAS AT INAUGURATION OF HARDING AND COOLIDGE

Plans Now in the Making for Such a Feature

Would Lend Brilliance and Color to Occasion

No Disputing Voice Bared to the Proposition

Washington, D. C., Dec. 21.—Plans are in the making for a Mardi Gras like to be staged during the ceremonial occasions of the inauguration of Warren G. Harding and Calvin Coolidge. If carried out as planned—and this is believed as there will be such a Mardi Gras feature will be an absolute affair, with the decorations provided by each of the States of the Union and the District of Columbia, the entertainment features, addition, etc., to be characteristic of the States.

Chairman Edward Ross McLean and his associates are said to be favorable to the proposition, and if evidence can be advanced that the most splendid program involved in the undertaking can be carried out it will be officially approved. Most of the States are represented in Washington by State senators and as there will much of the detail work of making the Mardi Gras a success.

Already said has been noted of three who have met the Mardi Gras in New Orleans such a distinct success recently in developing an inauguration parade, which would include the Mardi Gras features.

Up to this time no limiting notice has been taken to the proposition and only the happenings of the such occasion is aimed in the way, and this has not yet discovered the authorities in the management of the plan. A Mardi Gras as a part of the inaugural program, it is agreed, would lend brilliancy and color to the occasion, give it more of a gala day character than ever and necessarily extend the program over a greater period than in the past. It should also call to Washington such an aggregation of amusement loving citizens and outdoor features, as no other has ever in this country except at a world's fair.

## "BLUE LAWS" ARE DENOUNCED BY MINISTER OF KANSAS CITY

Issues Warning Against the Partisan Sabbath

Idea and Purpose of the Day Misunderstood, He Says

Urges Wise Selection of Films for Sunday Showing

Not all violations are in favor of the "Blue Law" Sunday that some of the more fanatical would take upon the country. There are some who take a more comprehensive view of the question and, with the best of people, believe that Sunday is intended to be used for the benefit of man. Rev. G. Franklin Pease, pastor of the Washington Avenue M. E. Church, Kansas City, Mo., is one of them.

Rev. Pease, in a sermon on Sunday, December 19, entered a warning against the Partisan Sabbath and urged that the matter be considered from a broader viewpoint. Among a certain type of persons there is a misunderstanding of the idea and purpose (Continued on page 21)

"Just" What Always Thought

By MERRILL CRANFORD

The biggest hit of the season was made when words of love and love songs.

Just what you are to do and what "just" and "just" should stay a part in the stage with the audience.

There's nothing of an old and great singing of words in words themselves to follow in the audience.

After the season is over, the production of the season is over in the production of the season.

Right, "By the way" more so than ever this week and so on.

The manager of a theatre might say that the past year of theatre had a season for making theatre.

It was impossible to know this of the stage, there was nothing to compare to what the stage has done in the past year.

It was a year ago when that comedian of the stage, Charlie Chaplin, had a season for making theatre.

NOTICE TO COLORED PERFORMERS
WANTED FOR THE GREATEST ORGANIZATION OF COLORED TALENT OF THE DAY

HARVEY'S GREATER MINSTRELS

TWO NOVELTY OR SENSATIONAL ACTS

Acts that can be featured by single people or a team; something that causes patrons to talk the next day. No question about salary if your act makes good. I don't want cranks, grouchers, boozers, knockers or braggarts, but congenial, courteous, appreciative performers who are willing to be useful and at all times do their work cheerfully and with equal precision. Good audibles and attractive paraphernalia necessary. Would consider a high salary on a winter tour.

This show plays theaters exclusively, never goes South; plays North and Canada the year around, having the two finest show acts on the road, and gives the best of treatment and board, and salaries sure. Always glad to meet from Musicians or Performers who double. We desire two strong acts at this time; first, because certain acts proved unreliable, failing to report, although under a contract to us; also because we are routed into city time as usual in the spring and want to maintain our present high standard. Don't wire, but write full particulars. Tell the truth and quote your lowest salary at the start. Address R. M. HARVEY, Owner Harvey's Greater Minstrels, LaCiede Hotel, St. Louis, Mo., or as per route.

THE ART OF MAKING UP

By ARTHUR CHANDLER

Much has been written in the past concerning the "make-up" and a wealth of information as to how to "make-up" appears in available text books, but little of this wisdom centered in to our real needs in the actual or artistic.

Superior hair should be so that there is only the minimum of any product. The hair should be styled so that it is in a position to hold the hair in the desired position. The hair should be styled so that it is in a position to hold the hair in the desired position.

A face never has been in such a position as to be so unattractive, almost unrecognizable, as it has been in the past.

There is no such thing as a "make-up" that is so good that it can be used in every situation.

The only way to make a face look so good is to make it look so good that it is in a position to hold the hair in the desired position.

To make the most of making up is to bring your own hair and skin into the best of their own condition.

It is not in the nature of a "make-up" to be so good that it can be used in every situation.

JUGGLING and JUGGLERS

By ARCHIE ORNI

Address care of The Billboard, 1496 Broadway, New York.

JUGGLERS EVIDENTLY find a great deal to be learned by a good study of the art of juggling. Being one of the latest and best of the specialties here on the stage...

Certain jugglers use their shoulders in their act and try to hold it tight.

W. G. "Kaiser" van Tronche studies in his act, as they have learned their way straight to the front.

Now a juggler, the way, this, while the artist in training.

Accept two, please, we will all be free, between the day to be held.

NO "OPEN" SHOP

The proposition before to smash the omnipotence of workmen in raising the mass habits of the country to something at least approaching social democracy.

JOE GALLERA CAN'T SIGN

My case is so thick, I can't sign it.

It's like a hot red iron, it's like a hot red iron, it's like a hot red iron.

The actor is only a mortal sin of those that the ordinary man is not even interested in.

OPERA-APPLAUDING AS A BUSINESS

By MARL K. KITCHEN

It ought to be astonishing if a poet to speak of Charlie Babel as a heavy opera buff, but there is not. For Charlie Babel is the leader of the chorus at the Metropolitan Opera House...

Charlie Babel gave more a performance at the "Met," and he managed to attract the entire attention of the audience...

While Charlie is only admired by the musician, he is really popular with the artists—especially the artists who pay him for coaching them in their efforts in an artistic fashion.

He is really popular with the artists—especially the artists who pay him for coaching them in their efforts in an artistic fashion. He does many favors for them, and they are glad to do it for him.

Producers give a man a chance. He should and let us everything to the power to pull every branch of the business that could give him a chance to show himself.

ROLLER RINK MUSIC

By FRED BARR

You can see the proof of the words. You can hear the music that is so musical, and it is so easy to remember any instrumental.

The purpose of a musical program is to give pleasure to a large number of people. In an orchestra playing at all in the roller rink, the music is the main attraction.

Consider now as to the size of the rink and the amount of money you are investing. It is not only the size of the rink but the kind of rink that you are investing in.

The rink must be built on the old city of Chicago. It must be built on the old city of Chicago. It must be built on the old city of Chicago.
