This 11th edition of the International Recording Equipment & Studio Directory (IRESD) again includes the popular Brand Usage Survey, drawn from a record 687 responses. As an outgrowth of the survey, Billboard is now making available a marketing research service for a limited number of the 21 studio equipment categories. Manufacturers can obtain breakdowns of brand usage by eight U.S. regions as well as by size of studio (i.e., number of tracks). Information on this research service is available from Directory Central at the Cincinnati Office.

Studio listings show the availability of the following (with key subgroups in bold-face): **Audio**—remote truck, library of sound effects and music, disk mastering, record pressing, high speed duplication; **film**—location filming, scoring, dubbing, mag. machine interlock; **video**—remote truck, audio scoring and mixing, SMPTE interlock.

Reflecting the increased significance of video, this edition of IRESD has more equipment, tape and studio listings for this key area in both the U.S. and international sections.

U.S. EQUIPMENT (1980) BRAND USAGE SURVEY

AMPLIFIERS

COMPRESSOR/LIMITERS

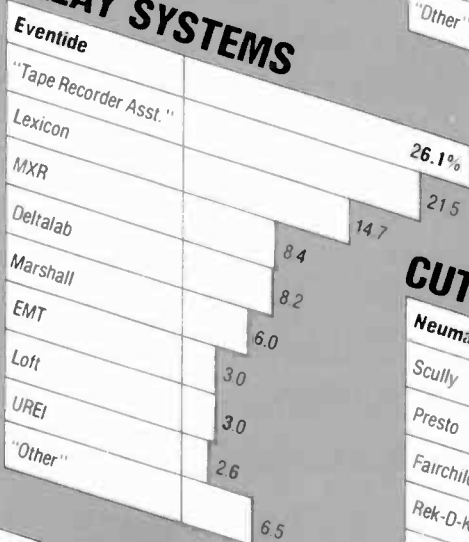

CUTTING HEADS

CONSOLES

DELAY SYSTEMS

CUTTING LATHES

This special Billboard survey of recording studio equipment usage was compiled from questionnaires returned by 687 U.S. studios from May through July 1980. Not necessarily reflecting the exact total situation in U.S. studios, the calculations for most equipment categories are a weighted figure based on the number of studios using the equipment and the total number of items as reported to us. Because percentages are rounded off, most charts will not total exactly 100%.

The categories Audio Tape (Open Reel), Blank Disks and Noise Reduction Systems are based on the percentage of studios reporting a particular brand, with the base being the total number of studios reporting at least one brand within the category. Since many studios voted for more than one brand per category, the percentages for these three categories will be far greater than 100% if added.

UPDATE

Series 40: The Sound Workshop theory of evolution.

The Series 40 is the latest link in the evolution of progressive recording consoles from Sound Workshop. Having incorporated the most recent audio advances into the highly acclaimed format of Sound Workshop's Series 1600, the new Series 40 offers today's recording engineers the ultimate in sonic excellence and flexibility while maintaining Sound Workshop's reputation for highly cost-effective recording gear.

The overall intelligence of design enables the Series 40 to offer a wide range of advanced features as standard—

- Eight send busses configured as two stereo and four mono cue/effects sends.
- 22-segment, graphically enhanced LED metering with peak indicators.
- Transformerless balanced outputs.
- Transformerless microphone preamp featuring the **TRANS-AMP™ LZ***
- Updated summing configurations and lossless panning which yield superior noise and crosstalk performance.
- Unique Mixx switching which enables each input module to accept a line-level return in addition to its primary signal source, thus doubling the number of line level inputs. Essential when employing a multitude of effects. Also permits mixdown of two synched-together multitrack machines.
- Handcrafted, solid oak cabinetry.

In addition, the Sound Workshop Series 40 offers a variety of options—

- VCA input subgrouping package which utilizes EGC-101 electronic gain

cells for state-of-the-art VCA performance.

- Arms Automation—Sound Workshop's proven, computerized mixdown system featuring independent writing of levels and mutes, essential for automated mixing. Fully compatible with MCI JH-50 automation. Arms Automation includes SuperGroup—Sound Workshop's unique VCA grouping feature which allows computer control of all VCA grouping functions. SuperGroup includes "Solo Dim" and negative grouping which enact grouping functions and level changes unavailable on competitive systems.

- High resolution, multicolor VU bar graph displays featuring average, peak, and peak hold modes for both level monitoring and spectrum analysis.

- Choice of three EQ formats—switchable, sweepable, parametric—for console customization.

Sound Workshop is sensitive to the immediate fiscal demands that face the growing studio operation. All of the options above, therefore, may be retrofitted to the Series 40 or any existing Series 1600 console.

The new Series 40 from Sound Workshop. Flexible. Sonically excellent. Up-to-date.

The evolution continues.

*TRANS-AMP™ LZ is a registered trademark and is manufactured by Sound Workshop under exclusive license from Valley People, Inc., Nashville, Tennessee.

SuperGroup shows console group status at a glance, eliminating the need to scan each module.

The Tascam 16-Track System.

Chair not included.

All this for the price of a 2-inch recorder.

If you don't need 2-inch compatibility or 24 tracks, you don't have to pay the price for expensive 2-inch hardware.

Instead, you can own the heart of a 16-track studio.

The Tascam Model 15 Mixer. 24-in 8-out 16-track monitor with a comprehensive cue system that can be fed simultaneously by 48 signals.

The Tascam 85-16 Recorder/Reproducer. A 1-inch transport with 16-track integral dbx.*

And the Tascam 35-2B Mastering Recorder. A 1/4-inch 2-track with integral dbx.

With this Tascam 16-track system, you'll get professional sound at an affordable price. And because it's all new equipment, you save even more with tax credit potentials.

Write to us today for the name of your nearest authorized Tascam dealer. He'll show you how a Tascam 16-track system can fit your studio needs and your budget.

RECORDING STUDIO EQUIPMENT MANUFACTURERS AND IMPORTERS

The following is a list of manufacturers and importers of professional and semi-professional recording studio equipment. A listing of equipment by categories follows the company listings.

AAL (American Acoustic Labs), 629 W. Cermak Rd., Chicago, Ill. 60616. Tel: (312) 243-1310. Pres.: George H. Miller, VP: Loyd Ivey; Nat'l Sales Mgr.: James E. Straus.
Product: **Recording & Monitoring**—speakers—monitor.
A C D, see Meyer Sound.
A D C, see BSR (USA) & Audio Dynamics.
A D M Technology Inc. (formerly Audio Designs & Mfg. Inc.), 16005 Sturgeon, Roseville, Mich. 48066. Tel: (313) 778-8400. Telex: 231114. Pres.: Robert A. Bloom; VP Mktg.: Murray A. Shields.
Product: **Recording & Monitoring**—ADM consoles. **Special Electronic**—SLOEX attenuators, ADM equalizers, filters, limiters.
A E G-Telefunken, see Gotham Audio
A K G Acoustics, Inc., 77 Selleck St., Stamford, Conn. 06902. Tel: (203) 348-2121. VP: Andrew Brakhan, Mktg. Mgr.: S. Richard Ravich.
Product: **Recording & Monitoring**—microphones, microphone booms & stands, headphones, phono cartridges, styli—pickup. **Special Electronic**—delay systems, echo chambers.
A Q C Systems, see Video/Audio Artistry.
A R, see Acoustic Research
A S I, see Abaddon/Sun Inc.
Abaddon/Sun Inc. (ASI), PO Box 6520, San Antonio, Tex. 78209. Tel: (512) 824-8781. Pres.: Galen Carol.
Product: **Studio Designers & Builders**; **Other**—Microphone input panel, phantom power supply.
Accurate Sound Corp., 114 Fifth Ave., Redwood City, Calif. 94063. Tel: (415) 365-2843. Pres.: Ronald M. Newdell; Sales Mgr.: Donald O'Beila; Sales Eng.: Greg Wintrup.
Product: **Recording & Monitoring**—ACCURATE SOUND tape recorders, STARBIRD microphone booms & stands; **Studio Designers & Builders**; **Other**—ACCURATE SOUND high speed tape duplicators.
Acoustic Research, 10 American Or., Norwood, Mass. 02062. Tel: (617) 769-4200. Telex: 92 4310. Pres.: Rone Fone; Sales Mgr.: Rick Sands.
Product: **Recording & Monitoring**—AR speakers—monitor.
Acousting Inc., 19 Mercer St., New York, N.Y. 10013. Tel: (212) 925-1365. Pres.: Al Fierstein.
Product: **Special Electronic**—measuring & testing equip.; **Studio Designers & Builders**.
Adamant, see JVC Cutting Center.
Advanced Music Systems, see Quintek.
Advent Corp., 195 Albany St., Cambridge, Mass. 02139. Tel: (617) 661-9500. Mktg. Servs. Dir.: Margaret Bruteles.
Product: **Recording & Monitoring**—ADVENT speakers—monitor. **Special Electronic**—SOUNDSPACE delay systems; **Other**—VIDEOBEAM projection television.
Awa America Inc., 35 Oxford Dr., Moonache, N.J. 07074. Tel: (201) 440-5220. Cable: AWA-AMA-MOON. Pres.: Shigeru Inagaki; Sales Mgr.: Bob Fisher.
Product: **Recording & Monitoring**—tape recorders, microphones, microphone booms & stands, mixers, turntables.
Aka: America Ltd., 2139 E. Oel Amo Blvd., Compton, Calif. 90220. Tel: (213) 537-3880.
Product: **Recording & Monitoring**—tape recorders, speakers—monitor; **Video**—video tape recorders, video cameras.
Allen & Heath, see Audio Mktg.
Allied Rec'g Prods., 32-32 Greenpoint Ave., Long Island City, N.Y. 11101. Tel: (212) 784-2318. Pres.: John J. Palutis.
Product: **Recording & Monitoring**—disks—blank.
Allison Research, see Valley People.
Alpha, see Marshall Electronics & Sphere Electronics.
Aitec Lansing Int'l., 1515 S. Manchester Ave., Anaheim, Calif. 92803. Tel: (714) 774-2900. Pres.: William L. Fowler; Sales Mgr.: Gary H. Rilling; Mktg. Communications Rep.: Lynda Hill.
Product: **Recording & Monitoring**—microphone booms & stands, amplifiers—monitor, speakers—monitor, **Special Electronic**—delay systems, equalizers.
Ambo-Box, see Bang & Olufsen.
Amcron, see Crown.
Amek, see Everything Audio.
American Acoustic Labs, see AAL.
Ametron Inc., 1200 N. Vine St., Hollywood, Calif. 90038. Tel: (213) 464-1144. Contact: Sandy Cupples.
Product: Equip. rental & sales.
Amplex Corp., 401 Broadway, Redwood City, Calif. 94063. Tel: (415) 367-2011. Pres.: Arthur H. Hausman, Audio-Video Systems Div. Mktg. Mgr.: Paul Hansli; Adv. Mgr.: Al Fisher.
Branches: **Cupertino, Calif.**, 10435 N. Tantau Ave. Zip 95014 Tel: (408) 255-4800—**Glendale, Calif.**, 500 Rodier Dr. Zip 91201 Tel: (213) 240-5000—**Atlanta, Ga.**, 3135 Chestnut, Suite 101. Coming Soon

Altec's new 9813 comes together very soon.

Announcing the new Altec Lansing 9813. A great small monitor at a decent price.

It is all coming together very soon. The new 9813 from Altec. More than just another small monitor, the 9813 encompasses techniques and technologies refined through half a century of audio alchemy.

The 9813 has an all-new high frequency driver that uses no magnet, but it does use Altec's famous, patented, Tangerine® radial phase plug. There's a new network design that the patent office is already looking at, and high's are controlled by an assymetrical Mantaray® horn (U.S. patent 4,187,926).

The 9813 handles power like no small monitor you've ever experienced. It takes on big amplifiers as though it were addicted to watts. And, if you ever should push it to the limit, there's a built-in system we call automatic power control, which *lowers the power* (never shuts the speaker off) and lights a red front panel indicator at the same time.

The 9813 sounds great. (But, then, that's what monitors are supposed to do. Too bad they all don't.) It handles power extremely well, has a great latitude of adjustment through the network, and looks super. Its hand-rubbed hardwood cabinet is small enough for even mobile recording vans (25½" H x 15½" W x 13½" D). And, at \$350 (anticipated suggested list), it's very affordable.

If you're considering a new small monitor, listen to the 9813 before you decide. It's coming very soon—and worth the wait. For a preliminary brochure on the new 9813, write to 9813 Info, Altec Lansing, 1515 So. Manchester Ave., Anaheim, California 92803, or call (714) 774-2900 and ask for 9813 Info.

When The Others Don't Come Up To Level

AGFA-GEVAERT Magnetic Tape will ... and then surpass it!

It doesn't matter if your needs are studio mastering tape, video tape, or bulk audio tape, AGFA-GEVAERT has been answering the high level requirements of a demanding professional European and U.S. market for a long time. And surpassing it everytime—with quality, performance, reliability, and availability.

Our PEM 468 Studio mastering Tape has been accepted on the highest level as "the tape" for top quality original recording. It's available to the discerning as a low-noise, high-output, low-print, in ¼", ½", 1" and 2"; PEM 428 in 2"; and Bintape in ¼", ½" and 1".

When your needs for video tape are varied, AGFA-GEVAERT Video Tape has the range to fill them. From 2" Quad to 1" Helical; ½" VIDEOCHROM to ¾" U-matic cassette; and ¾" bulk tape to magnetic film. Whether you're producing professional, semi-professional, or amateur programming, with our Video Tape you'll project a high level image.

The Professional Cassette Bulk Tape has long held the reputation as the one tape that really "stacks up". Supplied in pancake form

on stacking hubs, it is offered to the blank loader and duplicator as a Super High Density Tape, or a SUPER FERRO DYNAMIC Tape, in lengths up to 15,000'. Also available is a Mini-Cassette Tape with 2 micron foil, and a Splicing Tape in 150' lengths.

When your standards for recording and duplicating demand the highest, come up to that level, and surpass it, with AGFA-GEVAERT Magnetic Tape. We've been helping others to do it for years. Contact us TODAY!

VIDEOCHROM and SUPER FERRO DYNAMIC are the trademarks of AGFA-GEVAERT, Antwerp/Leverkusen

... A complete repertoire of the very highest quality reverb at your fingertips.

Rave Notices for Lexicon's Model 224 from the world's leading studios, broadcasters and musical artists continue to pour in. The 224's superb audio performance is high on the list of everyone's compliments. Its sound is natural and completely free of noise, "boing" and the problems of mechanical reverberators.

And its versatility is a whole new thing: Model 224's multiple reverb programs plus full control of all reverberation parameters allow audio engineers to create the sound that "is exactly right for the material." It's a whole stable of quality reverb capabilities in one compact package.

The model 224 Digital Reverb is available with 2, 4 or 6 basic reverb programs (easily updated in the field by simple program plug-in) and comes complete with extensive self-test diagnostic programs that take the guess work out of maintenance. Its mainframe, all electronic, requires only 7 inches of rack space.

If all this sounds expensive, it isn't. Digital hardware and software technology breakthroughs by Lexicon make the 224 surprisingly affordable ... about the cost of one good plate. And after you've experienced the 224, you just might find more productive uses for your plate storage rooms and acoustic chamber!

For full details write or call — better yet contact your leading Pro Audio dealer for a demonstration. Once you've heard it you'll never want to do another session without it.

cardioid dynamic microphones

a new look for the 80's

There's so much new about these professional microphones we can only touch the highlights. Exclusive "picture perfect" SUEDECOAT™ Tan or Ebony matte finish looks great—*permanently*. Significantly smaller, exceptionally light in weight: yet so extraordinarily rugged and reliable we call them the "Light Heavyweights." They feature the crisp sound that makes Shure the world's most widely used professional performer microphones.

For more information write:

World Radio History

THE SEQUENTIAL CIRCUITS FAMILY.

Sequential Circuits produces the Prophet 5—The instrument that took the industry by surprise, and is now the new keyboard standard. From superb strings and brass to the most esoteric sounds imaginable, the Prophet 5 is already being used by nearly every major keyboard player in the industry.

circle 22 on reader service card

And now from Sequential Circuits comes the new Prophet, the Prophet 10. Like the Prophet 5, it is completely programmable and polyphonic. It has 10 voices, two manuals (for playing two sounds at one time), an optional plug-in polyphonic sequencer with built-in cassette, and of course the incredible Prophet sound. The Prophet 10 is simply the Ultimate Keyboard

The Model 700 Programmer, which interfaces with most makes and types of synthesizers, enables the recording and storage of 64 different sounds, all of which can be instantly recalled.

Model 800 provides monophonic sequencing capability of up to 256 notes and will reproduce up to 16 different sequences exactly as programmed from your synthesizer keyboard.

World Radio History
SEQUENTIAL CIRCUITS, INC., Dept. B, 3051 North First Street, San Jose, California, (408) 946-5240.

Studio quality microphones that don't need a studio to survive.

The CS15P condenser cardioid microphone is equally at home in a recording environment or broadcast studio. When hand-held it puts sex appeal in a voice with its bass-boosting proximity effect. With shaped high-frequency response and its ability to handle high sound pressure levels (140 dB with 1% THD at 1kHz), the CS15P is ideal for close-up vocal or solo instrument miking applications.

When boom mounted, the CS15P has better gain-before-feedback and a better signal-to-noise ratio than most shotguns. It's phantom powered and it's rugged.

The CO15P condenser omni extends frequency response to the very limits of audibility, 20 to 20,000 Hz. Unlike other "omnis," the CO15P maintains its omnidirectional polar pattern at the very highest frequencies. Perfect for the distant miking of an entire orchestra as well as up close on individual instruments. And like the CS15P, it's phantom powered and it's rugged.

The Electro-Voice warranty

Electro-Voice backs up these two microphones with the only unconditional warranty in the business: for two years we will replace or repair your CS15P or CO15P microphone, when returned to Electro-Voice for service, at no charge — no matter what caused the damage!

We can do this because we build these microphones to meet our standards for performance, ruggedness and durability. We accept nothing less, and if you're a professional, buying a professional quality microphone, you shouldn't either.

AMPEX
[Ampex logo]

AMPEX ATR-100. TOP-OF-THE-LINE PERFORMANCE IN A 2 OR 4 TRACK RECORDER.

When your mastering job requires a lot of performance, the Ampex ATR-100 is your logical choice. The ATR-100 has the same unsurpassed ATR series electronics and tape transport system found in the most advanced multitrack recorder on the market today, our new ATR-124. You get sound quality for mastering and playback unmatched by any competitive recorder.

Features and specs you'd expect from Ampex. You also find specifications that have made the ATR-100 a recognized standard of excellence for the industry. Extremely low distortion,

exceptional electronic headroom, low wow and flutter, and phase corrected record equalization pushes the performance of any tape to its maximum. And that means better sounding results.

When time is of the essence, ATR-100 gives you more time. ATR-100's quick start and stop transport time lets you go from rewind (2400 ft. in under 45 seconds) to play mode in 4.8 seconds. And up to 20 cue locations can be programmed onto the tape with the optional multi-point search-to-cue accessory for addi-

circle 4 on reader service card

tional creative time savings. The transport system of the ATR-100 is unsurpassed by any competitive model in terms of accuracy and precision. Feature after feature that makes outstanding performance an everyday occurrence. The Ampex ATR-100. Contact your Ampex sales representative for complete details.

In the hands of a professional, an equalizer can work wonders. For the person who owns a UREI equalizer, miracles are often made.

In the studio, in sound reinforcement systems, in broadcast radio and television production, a good engineer relies upon his talent and expertise. And, the UREI reputation for unparalleled professional performance and quality.

Whether to correct or create, UREI offers a complete line of the most effective audio frequency shaping instruments available:

The Model 535 Dual Graphic Equalizer

Two channels of ten calibrated, stepless, vertical adjustment controls with ± 12 dB boost or attenuation. Also available in a single channel version-Model 533.

The Model 537 One-Third Octave Graphic Equalizer

A single channel device, it provides ± 12 dB of boost or cut in 27 ISO 1/3 octave increments from 40Hz to 16kHz.

The Model 539 Room Equalization Filter Set

Specifically designed for room equalization, it offers 27 ISO 1/3 octave calibrated adjustments from 0 to -15 dB attenuation plus band-end tunable high and low-pass filters.

The Model 546 Dual Parametric Equalizer

Two independent channels. Each has four sections of continuously variable bandwidth, frequency, boost or cut; bypass for each filter section and channel; tunable end-cut filters; and 30dB gain. Also available in a single channel version-Model 545.

From One Pro To Another-trust all your toughest signal processing needs to UREI.

BILLBOARD GIVES THE MUSIC INDUSTRY STATISTICS SEVEN TIMES A YEAR.

Billboard's seven annual directories contain information and vital statistics about suppliers and services and are the main sources for the entire Music/Record/Tape industry in doing business effectively.

- INTERNATIONAL BUYER'S GUIDE:** The music/record/tape industry's "Yellow Pages." Listings include record companies, marketers, suppliers, publishers, wholesalers and services.
- TAPE/AUDIO/VIDEO MARKET SOURCEBOOK:** Complete guide to manufacturers and suppliers including tape/audio/video equipment, pre-recorded video, blank loaded tape, tape services and supplies, accessories and merchandising aids.
- INTERNATIONAL RECORDING EQUIPMENT AND STUDIO DIRECTORY:** Up-to-date statistics on professional recording equipment, recording studios, independent record producers and a special survey on recording studio equipment usage.
- COUNTRY MUSIC SOURCEBOOK:** The only directory in the business devoted to country music containing names and addresses of country music organizations, artists, Nashville area recording studios, state fairs, radio stations, plus the Opry Hall of Fame.
- INTERNATIONAL TALENT DIRECTORY:** Has become an indispensable reference tool not only for people involved daily in the recorded music talent business, but those who occasionally must have a handy, up-to-the minute guide. Lists artists, managers, booking agents, promoters, clubs and arenas, campus facilities, fairs and festivals and everything the on-the-road professional requires.
- TALENT IN ACTION:** Chart re-caps in every musical category done throughout the year by Billboard's chart research department.
- DISCO SOURCEBOOK:** Just look through these pages . . .

For details on ordering any of the BILLBOARD directories please contact our Circulation Department at either of these two locations:

West Coast: 9000 Sunset Blvd., Los Angeles, California 90069
or call (213) 273-7040

East Coast: 1515 Broadway, N.Y., N.Y. 10036
or call (212) 764-7376

REMEMBER: A one year subscription to BILLBOARD not only saves you over \$50 off the newsstand price but it gives you the confidence of having BILLBOARD delivered to you at your home or office every week ALONG WITH OUR SEVEN ANNUAL DIRECTORIES (included within the subscription price).

BILLBOARD DELIVERS.

Billboard®

Eight good reasons to be a Beyer Buyer.

one The first reason is Beyer. We have fifty years experience making the world's finest microphones and headphones. And an unmatched reputation for quality, reliability and innovation. The choice of professionals everywhere.

two M 160. One of the world's best-loved and most versatile microphones. Warm, soft sound favored by vocalists and musicians alike. Dual ribbon design for high strength and fast transient response.

three Beyer headphones. A full range of high quality professional models for critical monitoring and reliable communication. DT 109 combines stereo headphones and boom-mounted microphone, ideal for on-air use and disco deejays. DT 444S wireless headphone receives sound from an infra-red LED transmitter up to

300 feet away. Full 20-20,000Hz frequency response. Six hour stereo operation on rechargeable NiCad batteries.

four The new M 400. A great performer's mic. Supercardioid pick-up pattern to minimize feedback. Rugged design for long life. Tapered frequency response with rising high end and rolled off lows, plus midrange presence boost. Built-in humbucking coil and pop filter. Dynamic design is unaffected by heat and humidity.

We're looking for a few more great dealers to handle the Beyer line. Contact Norm Wieland at Burns Audiotechnics.

five Beyer microphone stands and booms. A full range of mic mounts for floor and desk use, with fixed and folding bases. Available with collapsible tubes for easy packing. Also heavy-duty stands for speaker cabinets.

six Beyer microphone accessories. Wind screens, impedance matching transformers, in-line switches, power supplies, wireless transmitters, stereo arms, goosenecks, clamps, thread adapters, anti-shock suspensions, and even a mic stand ashtray! The whole works. If you can use it with a mic, we make it.

seven M 713.

One of our unsurpassed studio condenser mics. Modular system; accepts different transducer capsules and power supplies. Gold-vapored mylar diaphragm for high transient response. Mu-metal shield. Temperature and humidity stable.

eight See your dealer or write for information on our product line. You'll have many more reasons to be a Beyer buyer.

JBL 4313 Studio Monitor. It flattens the competition.

Introducing the 4313.

Flat frequency response. It means accuracy. Naturalness. Reality.

JBL gives it to you without the bigger box that you'd expect along with it, since the 4313 only measures about 23" x 14" x 10"

This new, compact professional monitor produces deep, distortion-free bass. And does it with a newly developed 10" driver. Its massive magnet structure and

voice coil are equivalent to most 12" or 15" speakers. Yet it delivers heavy-duty power handling and a smoother transition to the midrange than most larger-cone speakers.

The 4313's edge-wound voice coil midrange accurately reproduces strong, natural vocals and powerful transients.

Up top, a dome radiator provides high acoustic output with extreme clarity and wide disper-

sion. A large 1" voice coil gives it the ruggedness needed in professional use.

Working together, these precision matched speakers offer superb stereo imaging, powerful sound levels and wide dynamic range.

Audition the 4313 soon.

We think you'll agree that it's combination of flat response, power and moderate size flattens the competition.

THE NEW 900 SERIES MODULAR SIGNAL PROCESSING SYSTEM. IT'S COMPACT. IT'S FLEXIBLE. IT'S dbx.

With rack space at a premium, you want to save space anywhere you can. That's why dbx is introducing the new 900 Series Modular Signal Processing System.

You start with a single, easy-to-install 5¼" x 19" rack with built-in power supply. Then just slip in the modules you need. Up to 8 dbx signal processors, with storage for a ninth.

But the modules themselves are the real stars.

Our Model 902 is the only de-esser that continuously analyzes the input signal spectrum, providing the exact amount of de-essing you want regardless of signal level. And the 902 can be used broadband or on high frequencies only.

The 903 Compressor offers a special negative compression feature. In use, it actually begins to attenuate at the threshold, which gives the signal a new sense of punch. Of course the 903 also features our Over Easy compression as well as true RMS level detection.

Our 904 Noise Gate features adjustable attack and release rates, Over Easy downward expansion, a special key input that allows you to gate one instrument by another, and a unique "gate" mode which eliminates the need to gain ride solos during multi-track mixdown.

The 900 frame accommodates dbx noise reduction modules as well.

And this is just the beginning of our signal-processing system. Soon we'll be offering an equalizer, a flanger, and more.

So now you've got a signal processing system that's everything you want.

It's compact. It's flexible. Best of all, it's dbx.

dbx, Incorporated, 71 Chapel St., Newton, MA 02195. 617/964-3210.

GAIN BRAIN II

Now...a limiter/compressor and *ducker* that understands MUSIC

VALLEY PEOPLE, INC.
a merger of ALLISON RESEARCH & VALLEY AL DIO
P.O. Box 40306/2820 Erica Place
Nashville, Tennessee 37204
615-383-4737
TELEX 558619 VAL PEOPLE NAS

Strong words? We're prepared to back them up. Just listen to **GAIN BRAIN II** and you'll agree it's the only real advancement in dynamics control in nearly a decade.

GAIN BRAIN II is fundamentally different from any other limiter/compressor device, including our own Allison **GAIN BRAIN I**. The others struggle along with Peak and RMS detection methods that squash and flatten the life out of music, as if it were a laboratory test signal. **GAIN BRAIN II** treats music waveforms with greater respect and understanding. It does this by means of exclusive circuitry: Linear Integration Detection, Log Domain Processing, Peak Reversion Detector Correction, and the most transparent VCA ever created by man—namely our own EGC 101.

Sure, these are new words; we invented them. Just like we invented the technology that goes with them. Audibly effective technology that allows **GAIN BRAIN II** to solve the great limiter paradox: tight control vs. musical integrity.

GAIN BRAIN II can give you the *flattest VU meter output of any limiter/compressor device in existence*, while maintaining an *unheard of degree of integrity to the subtle dynamics of music and speech*. And it's a ducker, too.

And the **GAIN BRAIN II** phenomenon is just the beginning. Get your copy of our **GAIN BRAIN II** literature package. Once you've read it, you'll understand the full implications of our new technology. Better yet, get yourself a **GAIN BRAIN II**. Your ears will tell you all you need to know.

KEPEX II Our original KEPEX[®] is credited as the most successful signal processing device of the 70's. We're flattered by the imitators who widely advertise claims that they have "improved" on our design.

One fact remains: More studios buy KEPEX than *all* of the imitations combined, yet we seldom advertise the equipment. Does that tell you anything?

There does, however, exist a genuine "improved KEPEX". It's not a copy though, it's an original in its own right. We call it KEPEX II[®]. New technology from the ground up. New capabilities for the 80's: new controls, new functions, and best of all, dramatic new levels of audio transparency thanks to our EGC 101 VCA.

Today, more people buy KEPEX II than all of the others. Find out why this is true.

Travelling Goodies New for the 80's ... the TR-804 Processing package. It holds KEPEX II[®], **GAIN BRAIN II**, and the host of unique processing equipment now under development at VALLEY PEOPLE. TR-804

combines all of the advantages of a portable "goodie box" for the freelance engineer/producer, with the benefits of multiple device rack mounting for the serious studio. Ample connections and powering assure its ability to accept future products.

MODULAR ACOUSTICAL NOISE REDUCTION SYSTEM

MIDDLE EAR STUDIO OWNED BY THE BEE GEES

WE MANUFACTURE PRE-FABRICATED ACOUSTICAL ENVIRONMENTS FOR RECORDING STUDIOS, SOUND STAGES AND CONTROL ROOMS. OUR MODULES ARE AVAILABLE IN VARYING DEGREES OF BRIGHTNESS OR DEADNESS AND IN MANY SHAPES AND SIZES. A WHOLE SYSTEM OF MODULAR WALLS, CEILINGS AND FLOOR CAN BE INSTALLED AND INTERCONNECTED IN LESS THAN 2 WEEKS. AND IF NECESSARY THE SYSTEM MAY BE DIS-ASSEMBLED AND MOVED TO A NEW LOCATION. WE CAN ALSO INSTALL A COMPLETELY SILENT TYPE OF AIR CONDITIONING AND HEATING SYSTEM WHICH ELIMINATES ALL AIR MOVEMENT NOISE WHICH IS USUALLY RECORDED ON MOST FULL RANGE RECORDINGS. THE ABSENCE OF AIR MOVEMENT NOISE ALLOWS YOU TO TAKE FULL ADVANTAGE OF THE HIGH SIGNAL TO NOISE RATIO MOST PROFESSIONAL EQUIPMENT ALREADY HAS.

WE HAVE BUILT MODULAR STUDIOS FOR THE FOLLOWING CLIENTS

MIDDLE EAR, INC.

The DeltaLab Acousticomputer[®] Earns A "Character" Reference From CHEROKEE RECORDING STUDIOS

CHEROKEE RECORDING STUDIOS

SEPTEMBER 15, 1980

DELTALAB RESEARCH, INC.
27 INDUSTRIAL AVENUE
CHELMSFORD, MASS. 01824

GENTLEMEN:

WE WERE DELIGHTED TO CHANCE UPON THE DELTALAB DL-2 IN AN INDUSTRY OVERFLOWING WITH VARIOUS AUDIO PROCESSORS. WE PROCEEDED IN OUR EVALUATION OF THE PRODUCT AND FOUND ITS' FLEXIBILITY AS A DELAY LINE AND SIGNAL PROCESSOR MOST IMPRESSIVE. WHEN ONE CONSIDERS THE PHYSICAL DIMENSIONS OF THE DEVICE AND ITS' MYRIAD OF FUNCTIONS, THE IMPLICATIONS ARE AWESOME. THE DEVICE'S SONIC CHARACTER IS SMOOTH, UN-COLORED, AND FREE FROM DIGITAL QUANTITIZING NOISES. UPON OCCASION, WE HAVE BEEN HARD PRESSED TO DISTINGUISH THE OUTPUT FROM THE DL-2 (BEFORE TIME DELAY OR PROCESSING HAS BEEN ENGAGED) AND THE VOCAL TRACK ON WHICH WE WERE AFFECTING A SHORT DELAY. THE SURPRISE OF ENGINEERS AND PRODUCERS IN A/B COMPARISONS IS THE HIGHEST PRAISE WE HAVE TO OFFER.

CONGRATULATIONS DELTALAB

Steve Brandon

THE SERVICEMAN'S WIFE...

She's
a
Real Trouper

When today's young serviceman joins the Armed Forces, he brings with him, many times, a wife and children. And it's not always easy for the family... there are moves to new cities or countries, making new friends, adjusting to new cultures, perhaps even learning a new language.

But... USO is the service family's problem solver. Whether it is a family budgeting class or a discussion on child abuse, the USO leads the way in making service families stronger.

At over 125 locations worldwide, USO's WORLD OF SERVICES — programs, classes, tours, and centers help make life a little easier for today's service family.

Dr. Joyce Brothers

IT'S A FAMILY AFFAIR

Support USO through the United Way, OCFC, or local USO campaign.

USO World Hdqtrs 1146 19th St. N.W. Wash. D.C. 20036

Labor and Treasury. Presented by this magazine.

U.S. RECORDING STUDIOS

Legend: The following is a list of recording studios open to the public, by state and city/metropolitan area. The material within parentheses, following the main body of the listing, denotes the following: (No. of studios, maximum no. of tracks on any one recorder/maximum no. of tracks when interlocking recorders; digital recording capability). The key to abbreviations used for services offered is: Remote: Remote Truck; Lib.: Library; Dupl'n: High Speed Duplication; Pic.: Picture.

ALABAMA

A Tip For Those Who Haven't Recorded at UNITED/WESTERN.

You'll find us at 6000 Sunset Blvd. Right in the middle of the music business action. It's where we've been for over 20 years. Five studios whose walls couldn't hold the gold records of the 50's, 60's, 70's. Comfortable, intimate studios and control rooms where we'll just have to find the space for the gold and platinum of the 80's.

If you haven't heard of us, then let us reassure you with a sampling of our client roster which reads like the Who's Who of the Record Business: The Beach Boys, Blondie, Natalie Cole, Andre Crouch, Merle Haggard, Chuck Mangione, Barry Manilow, Dolly Parton, Frank Sinatra, Dionne Warwick and the list goes on.

At United/Western we've got the name recording equipment you don't have to travel out of the way to get to: Harrison and Neve boards (with NECAM automation); MCI multitrack machines that will give you up to 48 tracks in interlock if you need 'em; UREI Time-Aligned monitors, and signal processing gear stuffed in all five control rooms.

To make things easy, we offer color video interlock for any soundtrack or sweetening work. Our staff engineering and maintenance is the best in town. So are our famous natural echo chambers.

Many an artist, producer, musician and independent recording engineer has heard the difference at United/Western. So, From One Pro To Another... take a tip, call Joan Barnes at 469-3983.

From One Pro To Another

Complete state-of-the-art mastering facilities (Neumann/Zumacomputer)

FANTASY STUDIOS Tenth and Parker • Berkeley, Ca. 94710 • (415) 549-2500

To save you time and money we've just spent over 546 hours training your next employee!

When money and time are tight, you can't afford to train an employee from scratch. Our graduates have spent a full year in an intensive study of Audio Engineering, Music Production, Studio Electronics, Music Business and Finance, Copyright Laws and Entertainment Contracts. They're young, knowledgeable, and—because they're well trained—effective from the start. Graduates and referrals among the Majors!

If you are in need of someone already possessing the basic knowledge and skills of the industry, we might just have the person to fit your situation.

So call or write us at:

College for Recording Arts

665 Harrison Street, San Francisco, California 94107

Phone: (415) 366-1773

P.S. If you know a promising and talented person that you'd like to help along, why not let us train them for you!

The school is accredited by the Accrediting Commission of the National Association of Trade and Technical Schools (NATTS), approved by the Calif. Superintendent of Public Instruction, approved for Veteran Training, and is authorized under Federal law to enroll non-immigrant alien students. It is also endorsed by the National Academy for Recording Arts and Sciences Training Institute.

Los Angeles, Ca. 90048

We've done it.
We've just purchased a 32-input Neve console and had it installed in Studio A by Bay Area Studio Engineering. In addition to the Neve, we also had Studio A acoustically redesigned. We will continue with our policy of competitive rates, great sound and the best technical support available. Call for rates and information.

THE RECORDING CENTER INC.

CONNECTICUT'S LARGEST RECORDING STUDIO

Studio A offers variable acoustics, 3 booths, full color stage lighting and can comfortably accommodate a symphony orchestra.

The control room houses a wide range of sophisticated processing equipment and is large enough to be used for our classes in recording engineering.

We also maintain a complete electronics lab which serves not only our own facilities, but allows us to offer custom design and repair to all owners of professional audio equipment.

In the nicest climate there is.

For only Sixty dollars an hour

NO STRINGS ATTACHED

305-298-2101

4205 EDGEWATER DRIVE • ORLANDO, FLORIDA 32804

**Some people
come to Miami
for sunshine,**

**but you
should come
for Coconuts!**

It's great to know you can come enjoy all South Florida's good times and still call home to report a productive session in Miami's newest studio.

At Coconuts Recording Co. the studio itself is as well-designed as it is beautiful. We offer the best equipment available including our MCI 536 automated console, 24 track fully Dolby-ized tape system and a full array of special effects devices. What's really special is that all these "toys" plus a Yamaha concert grand and Hammond's newest B3000 organ are all there for your use at no extra cost.

We know that technical facilities alone aren't everything. So we've made an effort to create a private, homelike atmosphere as well. Even the vending machines are free. All reasons why you should pick Coconuts in Miami!

Free Book gives straight answers to the energy puzzle.

The Alliance to Save Energy offers a free publication* that explains, in understandable language, what we can do now to save energy and money. Compelling articles explore alternative sources of energy such as coal, solar heating, windpower and others.

Every American household and business office should have a copy of "The Energy Puzzle." Send for your free copy now.

ALLIANCE TO SAVE ENERGY

We Cut Records with our Pocketknives.

How much do you know about making records? How much is fact or myth? Is 32-track better than 2-track? Why? Shouldn't the producer present the artist's music as cleanly, honestly and attractively as possible, rather than tamper with it till it's nearly dead? Cut records with our pocketknives? In a manner of speaking, we do. The albums we produce are hand-crafted, using the most precise tools, and THEY ARE EXQUISITE!

Learn the most advanced techniques for making better records less expensively. Call or write for your free brochure today.

Live and help live

Catastrophic disease knows no boundaries. It can strike young innocent children without warning. St. Jude Children's Research Hospital is the largest center for the study of childhood cancer and other catastrophic diseases of children. Upon diagnosis and a doctor's referral, a child may be admitted and treated free of charge from anywhere in the world.

St. Jude's purpose is to help children everywhere live. Please help St. Jude.

Give and help live.

For further information or to make a tax-deductible gift, write 539 Lane Avenue, Memphis, Tennessee 39105.

ST. JUDE CHILDREN'S RESEARCH HOSPITAL

Danny Thomas, Founder

This space donated by

Time and place is all we need ...

... We can be there, with all the up-to-date equipment you need to produce a high quality recording. Our 24-track diesel mobile unit has the best equipment available: New 24 track MCI-JH 24 transformerless machine, MCI 428-28LM console, Ampex 2-tracks, Allison rack, teletronix limiters, 1/6 octave, voiced JBL-4313 monitors, Urie and dbx equalizers, AKG-BX-10 reverb, TV monitor system, a complete collection of dynamic and condenser microphones and transformer splits for 32 microphone lines.

Reelsound has the people and experience to give you sound studio quality on location. Ask some of the artists we've worked with: Al Stewart, Genesis, Joe Ely, Asleep at the Wheel, Leif Garret, Michael Murphy, Willie Nelson, Earth, Wind, and Fire, Ted Nugent, Journey, Tom Petty, Todd Rundgren, Christopher Cross, and the Bee Gee's television special. Reelsound Recording Company will capture the sounds you need for TV and film projects, too.

For more information contact Malcolm H. Harper at (512) 472-3325 or (512) 282-0713.

WHAT WILL WE HAVE TO IMPORT NEXT, COLLEGE GRADUATES?

Ever since World War I, most of the rest of the world has come to the United States for the latest technology and for the newest in business management.

Now we're in real danger that the pendulum is swinging the other way. Our technological lead is being cut. We're importing know-how in many fields instead of exporting it.

Unfortunately this situation will get progressively worse. Unless we all make absolutely sure that our colleges and universities continue to be first-class.

For our colleges and universities supply most of the basic research upon which technological progress is built. Not to mention the trained minds that are best able to direct its uses.

But America's colleges are being hurt by inflation. Rising costs are eating away at their operations to a dangerous degree.

So, please make sure that your company is giving as much as it can, as much as it should, to the colleges of its choice. This year. Today.

If we keep the intellectual "balance of trade" in our favor, the industrial balance is bound to follow.

Send for our free booklet, "How to Develop an Effective Program of Corporate Support for Higher Education." Write CFAE, 680 Fifth Ave., New York, N.Y. 10019.

**HELP PRESERVE AMERICAN KNOW-HOW.
GIVE TO THE COLLEGE OF YOUR CHOICE.**

A LOT OF THE ABUSES CHILDREN ENDURE ARE EVEN WORSE THAN BROKEN BONES.

Horrible as it may seem, battered children are only a part of the child abuse problem. About one million children in America are abused every year. Some are emotionally abused — belittled, teased or in some way made to feel inferior. Others are sexually abused and still others suffer from neglect. Those who somehow manage to survive are scarred for life. The situation is desperate but not hopeless. Over 80% of the abusers can be helped. We know what to do but we can't do it alone.

Abused children are helpless. Unless you help.

Write: National Committee for Prevention of Child Abuse, Box 2866, Chicago, Ill. 60690

WHY YOU SHOULD MAKE A CORPORATE CONTRIBUTION TO THE AD COUNCIL

The Advertising Council is the biggest advertiser in the world. Last year, with the cooperation of all media, the Council placed almost six hundred million dollars of public service advertising. Yet its total operating expense budget was only \$1,147,000 which makes its advertising programs one of America's greatest bargains... for every \$1 cash outlay the Council is generating over \$600 of advertising.

U.S. business and associated groups contributed the dollars the Ad Council needs to create and manage this remarkable program. Advertisers, advertising agencies, and the media contributed the space and time.

Your company can play a role. If you believe in supporting public service efforts to help meet the challenges which face our nation today, then your company can do as many hundreds of others—large and small—have done. You can make a tax-deductible contribution to the Advertising Council.

At the very least you can, quite easily, find out more about how the Council works and what it does. Simply write to: Robert P. Keim, President, The Advertising Council, Inc., 825 Third Avenue, New York, New York 10022.

Ad Council A Public Service of This Magazine & The Advertising Council.

The cost of preparation of this advertisement was paid for by the American Business Press, the association of specialized business publications. This space was donated by this magazine.

COMPASS POINT. HIGH-TECH. LOW TENSION.

A combination of the very latest in high technology recording equipment and the peaceful beauty of the Bahamas makes recording at Compass Point very special indeed.

Technically, there's probably no better studio in the world. Atmospherically, there's the magic of coming out of the studios and strolling through the coconut palms onto the open spaces of tropical beaches. It's an irresistible partnership that's been highly productive for the many artists who've come here over the last two years.

NASSAU

The Bahamas are made up of a number of small islands situated off the coast of Florida. The temperature never moves far from the 70s and 80s. Nassau, itself on the small island of New Providence, is easy to get around by road, although a speed limit of 45 m.p.h. is some indication that the pace of life is fairly slow.

There's no problem getting here. There are direct flights every day from London and New York and you can also fly direct from Los Angeles and several European cities such as Frankfurt.

What's more, Nassau is only half an hour by air from Miami and there are numerous flights every day of the week.

And it's not just air communication that's good in Nassau. You can dial direct to the States and there are excellent telephone connections to Europe. So while we do our best to get you away from civilization it's never really very far off. It's largely this combined with its unquestionable political stability and its tax concessions that's made Nassau an important financial and banking centre.

COMPASS POINT

The studios are situated near a lovely secluded beach called 'Love Beach'. While you're using the studio, you'll stay in the adjoining houses and apartments which look out across the ocean. They're all luxuriously furnished and decorated in relaxing pastel shades.

Entertainment isn't far away either. Just a short drive away are the restaurants, club and casinos of Nassau and Paradise Island.

INSIDE THE STUDIO

There are two studios equipped with the most up-to-date equipment. One is 675 sq ft and has a control room measuring 275 sq ft. The other is 430 sq ft with a control room of 431 sq ft. Both studios have 14 ft ceilings.

The consoles are MCI JH-5 36 in/36 out with automation.

The tape machines are 24 track MCI (JH 114). The 2 track machines are also MCI (JH 10A). There's a tie line between both studios which means they are fully wired for 46 tracks.

All noise reduction throughout the studio complex is taken care of by Dolby 'A' or DBX.

For monitors, Studio 'A' uses Tannoy

Reels in lockwood cabinets and Shure B uses UREI 6.3 stereo align monitors.

But, as we know, every producer has his own likes and dislikes, there's other recording equipment available: JBL 8111, Amstrad, Akai, 24 track machine 80, 901 and 902.

Echo and compression is handled by an EMT 250 and 4 EMT 110 TS modules with remote control. There is also an AKO BX20 and two line 33 second chambers.

Finally, on the technical side, the following outboard equipment is available: Equalizers by UREI, Public and Scamp; Limiters by UREI, DBX, Scamp and Allison Research; Effects by Eventide, clockworks, AMS and Lescon.

All the equipment is regularly maintained and serviced by our resident engineers so that it's fully operational 24 hours a day.

All the engineers have considerable audio experience and should anything go wrong MCI are close at hand with their headquarters in Southern Florida.

There's a fully equipped recreation room with pool table, bar, football and pinball, and a kitchen which, while it may not reach great culinary heights, can turn out one of the best ham burgers on the island.

As far as musical instruments are concerned, everything you could want is readily available and a Yamaha Grand Piano is included in the rate for the studio.

One more thing that the studio has to offer is its staff. They're helpful (always), happy (generally), and should provide the right sort of atmosphere that makes for great recording.

THE TRACK RECORD

Since it started two years ago, the studio has been involved in many highly successful albums.

The studio was the brainchild of Chris Blackwell and it's still personally run by him today. His experience setting up and running the Island Studios in England in the early 70s has proved invaluable in developing a studio that's 100% efficient all the time and

I think the most exciting and productive aspect of working here is the contrast that's achieved between the pressure when you're in the studio and the total relaxation once you're out.

In case you think Chris himself might be slightly biased on the subject, here are just a few of the things people who've worked at Compass Point have to say about it:

A.C.D.C. - "We travelled 6,000 miles for perfection and we weren't let down. We laughed right on time."

Robert Palmer - "I've been recording acoustic and electric music. It's been a great experience for concentration."

Mutt Lange - "It's been a great experience, well equipped and maintained studio with an atmosphere as friendly as the staff."

Glyn Johns who has produced a number of albums at Compass Point - "Great studio. The most perfect environment in which to work. It's got one of the best sounding rooms I have ever worked in."

Phil Lynott of Thin Lizzy - "Compass Point is a fantastic studio. If you can drag yourself away from the fabric, the sunshine and the drinks, I enjoyed my time recording there. The sound was great and I hope to go again."

Perry Weir - "I would expect nothing less than first class facilities from my old friend Chris Blackwell. Had a wonderful time recording 'Communique' with Dire Straits. The room sound was exceptional and the environment perfect."

BOOKINGS

If you'd like to have a look at our rate card, make a booking or just have a chat about the place, call Lorraine Fraser at

Compass Point Studios, P.O. Box N - 8391, Nassau, Bahamas. Phone (001) 371 8022. Telex No. COMPT 21300. Or get in touch with Denise Mills in London on 01-741 1511 or Barbara Caddy in New York on (212) 755-1150.

where valuable time is not lost because of technical hiccups.

"We certainly pride ourselves on our track record. We've never had a real problem with any of the artists who've come over

COMPASS POINT STUDIOS

Product: **Recording & Monitoring**—microphones (condenser, dynamic), microphone booms & stands, headphones, phono cartridges, styl—pickup, **Other**—reverbation units

Altec Lansing Canada, 151 Carlingview Dr., Rexdale, Ont. M9W 5E7. Tel: (416) 675-1177.
Product: Recording & Monitoring—microphones, microphone booms & stands, amplifiers—monitor, speakers—monitor, mixers; Special Electronic—delay systems, equalizers, filters.
 Amber Electro Design Ltd., 4810 Jean Talon W., Montreal, P.Q. H4P 2N5. Tel: (514) 735-4105. Pres.: Wayne Jones.
Product: Special Electronic—measuring & testing equip
 Apex Audio Systems Canada Ltd., 69 Sherbourne St., Suite 315, Toronto, Ont. M5A 3X7. Tel: (416) 868-0703. Telex: 06-225500. Gen. Mgr.: Ron Lynch; Opns. Mgr.: Bob Taylor
Product: Other—aural exciters.
 B S R (Canada) Ltd., PO Box 7003, Rexdale, Ont. M9W 4B3. Tel: (416) 675-2425. Telex: 06-965893.
Product: Recording & Monitoring—AOC turntables, tonearms, phono cartridges, styl—pickup; BSR turntables, phono cartridges
 Commercial Electronics Ltd., 1335 Burrard St., Vancouver, B.C. V6Z 1Z7. Tel: (604) 669-5525. Telex: (04) 54470. Pres.: H.H. von Tiesenhausen; Sales Mgr.: Werner Adam.
Product: Recording & Monitoring—MCI consoles, tape recorders, mixers. SHURE consoles, microphones, mixers, phono cartridges, styl—pickup, SOUNOCRAFT consoles; TANGENT consoles, mixers; TEAC/TASCAM consoles, tape recorders, mixers, YAMAHA consoles, amplifiers—monitor, mixers, OTARI tape recorders; REVOX tape recorders, turntables, UHER tape recorders; AKG microphones, microphone booms & stands, headphones, phono cartridges, styl—pickup; AUOIO TECHNICA microphones; BEYER microphones, microphone booms & stands, headphones, ELECTRO-VOICE microphones, speakers—monitor; NEUMANN microphones, SENNHEISER microphones, headphones, ATLAS, BOILERMAKER & KEITH MONKS microphone booms & stands; BGW, MclINTOSH amplifiers—monitor, CERWIN-VEGA amplifiers—monitor, speakers—monitor; ALTEC, AURATONE, JBL, TAO & UREI speakers—monitor, KOSS headphones, RUSSCO, SONY & TECHNICS turntables; LUXMAN, MICRO TRACK, REK-O-KUT & SME tonearms, AOC phono cartridges, styl—pickup, GRAVO, ORTOFON phono cartridges, STANTON phono cartridges, styl—pickup.
Special Electronic—AKG attenuators, echo chambers (spring), ELECTRO-VOICE, SENNHEISER, SESCOM & SHURE attenuators, ALLISON RESEARCH compressors, limiters, OBX compressors, limiters, noise reduction systems; ORANGE COUNTY ELECTRONICS compressors, equalizers, limiters; ORBAN compressors, equalizers, echo chambers (spring), UREI compressors, delay systems, equalizers, filters, limiters, echo chambers (electronic), DELTA LAB delay systems, echo chambers (electronic), EVENTIDE delay systems, echo chambers (electronic), MARSHALL delay systems; FURMAN equalizers, echo chambers (spring); WHITE ELECTRONICS equalizers, filters; THE PLATE by AUOICOM echo chambers (plate); MCI AUTOLOCK, OMNI Q synchronizing equip. Tape—NORTRONICS heads, head demagnetizers, bulk erasers, SAKI heads, TEAC bulk erasers, EDITALL, XEOTI splicing & editing equip. **Studio Designers & Builders.**
 Crompton Turner Instruments Ltd., PO Box 98, Malton Sta., 2717 Rena Rd., Mississauga, Ont. Tel: (416) 671-2253. Telex: 06-983545.
Product: Special Electronic—measuring & testing equip. (PPM/VU meters).
 Electro-Voice Inc. (div of Gulton Inds Canada Ltd.), 345 Herbert St., Ganaoquo, Ont. K7G 2V1. Tel: (613) 382-2141.
Home office: USA.
Product: Recording & Monitoring—ELECTRO-VOICE microphones (condenser, dynamic), speakers—monitor, TAPCO amplifiers—monitor, mixers—portable, microphone, Special Electronic—WHITE INSTRUMENTS equalizers, filters, TAPCO equalizers, echo chambers (spring)
 Empire Scientific Corp. Ltd., 65 Martin Ross Ave., Downsview, Ont. M3J 2L6. Tel: (416) 661-3910.
Product: Recording & Monitoring—speakers—monitor, turntables, phono cartridges.
 International Video Corp., 91 Kelfield St., Unit 5, Rexdale, Ont. M9W 5A3. Tel: (416) 249-8577. Telex: 06-989238.
Product: Video—IVC video tape recorders
 J V C Electronics of Canada Ltd., 31 Progress Ave., Unit 14, Scarborough, Ont. M1P 4S6. Tel: (416) 291-7729. Pres.: Hiroshi Sano.
Product: Recording & Monitoring—tape recorders, microphones, amplifiers—monitor, speakers—monitor, mixers—portable, headphones, turntables, Video—video tape recorders (U-matic, VHS), video cameras
 Koss Ltd., 4112 S. Service Rd., Burlington, Ont. L7L 4X5. Tel: (416) 637-3849
Product: Recording & Monitoring—speakers—monitor, headphones.
 McKee Electronics Ltd., PO Box 4054, Sta. E, 780 Bank St., Ottawa, Ont. K1S 5B1. Tel: (613) 236-7242. Telex: 053-3381.
Product: Recording & Monitoring—SOUNOCRAFT consoles, tape recorders, mixers—portable; TASCAM consoles, tape recorders, mixers—portable; SENNHEISER microphones (condenser, dynamic), BEYER microphone booms & stands, H/H ELECTRONIC, BGW amplifiers—monitor, ALTEC LANSING speakers—monitor, TECHNICS turntables, STANTON phono cartridges, styl—pickup. **Special Electronic—**KLARK TEKNIK delay systems, equalizers, LEXICON delay systems, OBX noise reduction systems; SOUNOCRAFT electronic crossovers; Tape—WRE bulk erasers. **Studio Designers & Builders.**
 Rupert Neve of Canada Ltd., 2721 Rena Rd., Mississauga, Ont. L4T 3K1. Tel: (416) 677-6611. Telex: (06) 983502. VP & Gen. Mgr.: Clary MacDonald
Product: Recording & Monitoring—NEVE consoles (56-6 input, 48 2 out put), mixers—portable & microphone, LYREC tape recorders (24 16-tr.).
Special Electronic—NEVE compressors, equalizers, limiters.
 Octopus Audio, 69 Sherbourne St., Suite 315, Toronto, Ont. M5A 3X7. Tel: (416) 868-0513. Telex: (06) 22550. Gen. Mgr.: Ron Lynch, Opns Mgr: Robert Taylor
Product: Recording & Monitoring—ZOOT HORN consoles (24 input, 24 output), RED SERIES speakers—monitor, Special Electronic—B&B AUOIO compressors, equalizers, ADVANCEO MUSIC SYSTEMS delay systems, Other—B&B AUDIO VCA grouping systems, VCA integrated circuits, OP amplifiers. **Studio Designers & Builders.**
 Philips AKG Sales, see AKG Acoustics
 Rocelo Inc., 1669 Flint Rd., Downsview, Ont. M3J 2J7. Tel: (416) 663-5302. Pres: Norman Yeager, VP & Sales Mgr: Jack Yeager
Product: Recording & Monitoring—OCCA speakers—monitor, phono cartridges. Other—OCCA record cleaners
 Gerald I. Simon Construction, 737 Hillview Crescent, Pickering, Ont. L1W 2R9. Tel: (416) 293-1047. Chief Exec: Oon Taylor
Home office: USA
Product: Studio Designers & Builders.
 Sony of Canada Ltd., 405 Gordon Baker Rd., Willowdale, Ont. M2H 2S6. Tel: (416) 499-1414. VP: A.N. Oemanson, Video Prods Sales Mgr. P. Hess, Professional Audio Sales Mgr. C. Pritchard
Home office: Japan.
Product: Recording & Monitoring—SONY tape recorders, microphones (condenser, dynamic), microphone booms & stands, amplifiers—monitor, speakers—monitor, mixers—portable & microphone, headphones, turn-

tables, tonearms, phono cartridges. **Special Electronic—**noise reduction systems, echo chambers (electronic); **Video—**video tape recorders (U-matic, Betamax), video cameras.
 Studer Revox Canada Ltd., 14 Bangan Dr., Toronto, Ont. M4H 1E9. Tel: (416) 423-2831. Telex: (06) 23310. Gen. Mgr: Brian Lowe.
Product: Recording & Monitoring—STUOER consoles, tape recorders, amplifiers—monitor, REVOX turntables; **Special Electronic—**STUOER synchronizing equip
 Studiotech Corp., 7033 Transcana Hwy., Suite 208, St. Laurent, P.Q. H4T 1S2. Tel: (514) 336-5142. Pres.: Rick Austin
Product lines: ALLEN & HEATH (Canada), AKG, ALLISON, AUOICOM ("THE PLATE"), AURATONE, BEYER, BRYSTON, EMT, ELECTRO-VOICE, EVENTIDE, MCI, MRL, MICMIX, SCOTCH, SENNHEISER
 Tele-Tech Electronics Ltd., 920 Demson St., Unit 11, Markham, L3R 1C1. Tel: (416) 495-5646. Pres.: Jack Kirkpatrick
Product: Recording & Monitoring—MCI consoles (56-8 input, 36 24 output), tape recorders (24 1 tr.). **Special Electronic—**MCI synchronizing equip (AutoLock); Other—accessory stands, speaker stands, remote controls, phase meters
 Tri-Tel Assoc. Ltd., 105 Sparks Ave., Willowdale, Ont. M2H 2S5. Tel: (416) 499-5044. Telex: (065) 25230. Pres. & Sales Mgr: R.W. Finkle
Product: Recording & Monitoring—headphones, turntables, tonearms, phono cartridges, styl—pickup, styl—disk recording
 White Electronic Development Corp. (1966) Ltd., 6300 Northam Dr., Malton, Ont. L4V 1H7. Tel: (416) 676-9090. Telex: 06-983584. (Importer)
Branch: Montreal, P.Q., 4750 Blvd. des Grandes Prairies. Postal Code: H1R 1A1. Tel: (514) 326-4075. Telex: 052 4252
Int'l branch: USA.
Product: Recording & Monitoring—TEAC/TASCAM consoles (24 6 input, 8-4 output), tape recorders (4 models, 16-2 tr.); TEAC microphones (condenser, dynamic), amplifiers—monitor, decoders & demodulators, mixers—portable & microphone, headphones, turntables, ROTEL amplifiers—monitor, turntables, AFGM speakers—monitor. **Special Electronic—**TEAC equalizers, noise reduction systems, oscillators (audio test), MXR equalizers, noise reduction systems. Tape—TEAC/TASCAM heads; TEAC head demagnetizers, bulk erasers.
• tape, blank loaded
The numbers in parentheses following the 8-track & cassette configurations show recording time in minutes; those following open reel configurations, show length of tape in feet.

DIGITAL AUDIO MASTERING ...FOR THOSE SUPER-CRITICAL APPLICATIONS DAS series 90 from JVC

Recent developments in audio, including the ability of modern transmission systems to handle more information and improvements in reproduction hardware, make necessary better "sources". To realize this in super-critical areas of broadcasting and record mastering, JVC has developed the DAS series 90 2-channel Digital Audio Mastering System which makes possible a dynamic range wider than 90 dB, harmonic distortion less than 0.02% and a frequency response from DC to 20 kHz (± 0.5 dB).

The DAS series 90 consists of the BP-90 Digital Audio Recording Processor, the AE-90 Digital Audio Editor and the CD-90 Digital Audio Preview Unit. Apart from the superiority of digital recording, the advantages of this system are its easy transportability for on-location recording and the fact that 3/4" U-format video recorders are used; this reduces tape costs,

makes tape handling easier and saves master tape storage space.

The AE-90 Editor allows editing points to be located with an accuracy of approx. 180 μ Sec. while its variable-speed cross-fading ensures smooth transition at editing points. It contains a storage unit so that cuts and fades can be rehearsed from memory. Input and output tapes are completely independent and the input tape is not modified in the editing process.

When cutting analog records with digital signals from the BP-90 Processor, the CD-90 Preview Unit delays the music signal. Any delay time up to 1.49 Sec. is selectable in 10 mSec. increments; with the internal sampling frequency of 44.056/44.1 kHz, delay times for 45 and 33-1/3 rpm are easily adjustable. External sampling frequencies from 30 kHz to 60 kHz can also be used.

For full information on the DAS series 90 from JVC contact your supplier or write to the JVC Cutting Center. We'd be only too glad to explain what our new DAS series 90 Digital Audio Mastering System will do for you.

Please send more information about the DAS series 90.

The Bigger

Mobile One. The biggest Mobile in operation in Europe.

Well suited to any recording
situation anywhere in the world.

From concerts to films and
long term album work.
Completely self-contained
needing only a power
supply for it to become
a fully operational
46 track studio,
on the spot – instantly.

The Better

Special features include

- 46 Track recording
- Eastlake acoustic construction
- 52 Audio input channels
- Overdub booth (space for full drum kit)
- Full air conditioning
- Custom built chassis and body
- Radio telephone

Equipment includes

- Two MCI 24 track tape recorders
(each with full remote control)
- MCI 36 in 36 out mixing console
- Triad 16 by 4 auxillary console
- EMT Digital Echo
- Eventide Harmoniser
- Eastlake monitoring with JBL,
Amcron, and Whites' equalisers

**Bigger, Better,
But No More
Expensive**

Spend your next recording session in luxury.

The new DJM studios at James House are amongst the most luxurious in London. Designed by Eastlake Audio, the new complex offers two linkable studios with up to 46 track capability. Studio One has room for thirty-eight musicians including an isolation booth for strings or brass and a variable response drum booth. Studio Two has a remix suite incorporating an overdub booth plus further accommodation for up to twenty-eight musicians. They both have MC1 JH 542 computerised mixing desks, MC1 24, 16, 8 and 4 track machines and Studer A80 2 track machines. Plus of course, full tape copying facilities and all the latest electronic toys. Why not write or phone for a brochure giving more details.

Live and help live

St. Jude Children's Research Hospital is founded on the fact that too many children die before their time. As the largest center for the study of catastrophic childhood diseases, we continue to search desperately for the cure that will help these children live longer lives. Please help St. Jude. To make a tax-deductible donation or for further information, please write 539 Lane Avenue, Memphis, Tennessee 38105.

Give and help live.

ST JUDE CHILDREN'S RESEARCH HOSPITAL
 Danny Thomas, Founder

“Everything you’ve always wanted to know about inflation, but didn’t know who to ask..”

Here in this booklet are things you need to know about the causes of inflation—and what you can do about it. The booklet is FREE. For your copy, just write: "Dollars and Sense," Pueblo, Colorado 81009.

We can all beat inflation if we just use our dollars and sense.

INFLATION: what it is and what you can do to help fight it.

A public service message of The Advertising Council and The U.S. Departments of Agriculture, Commerce, Labor and Treasury Presented by this magazine.

It's The Best Selling Professional Tape Machine In The World.

The MX-5050B

Because of quality that delivers unmatched reliability. Because Otari designed this machine to go to work—overtime. Because it offers the performance and features of machines which cost more than twice as much. Because of ingenious production technology and intelligent design decisions from the manufacturer of the most comprehensive line of professional tape machines in the world.

All this comes for less than \$2500.

The Otari 5050B can ease your production burdens while assuring your banker its return on investment. You can also avoid the hassles of a used or rebuilt machine with The New Workhorse.

It's a tough act to follow—but we're doing it. Keep in touch and check out the 5050B at your nearest dealer.

Dollars for dB's, it's the best tape recorder made.
