“Holland occupies less than
1% of the earth’s surface.”

“Its airline covers the rest.”

Holland’s presence may be easy to overlook in a world atlas. But not among the world’s airlines.

Every day, KLM Royal Dutch Airlines blankets the globe with flights connecting over 135 business capitals on six continents.

In fact, we reach more cities in Europe, Africa and the Mideast than all U.S. airlines combined.

The result is a truly global network watched over by more than 20,000 KLM employees. Includ-

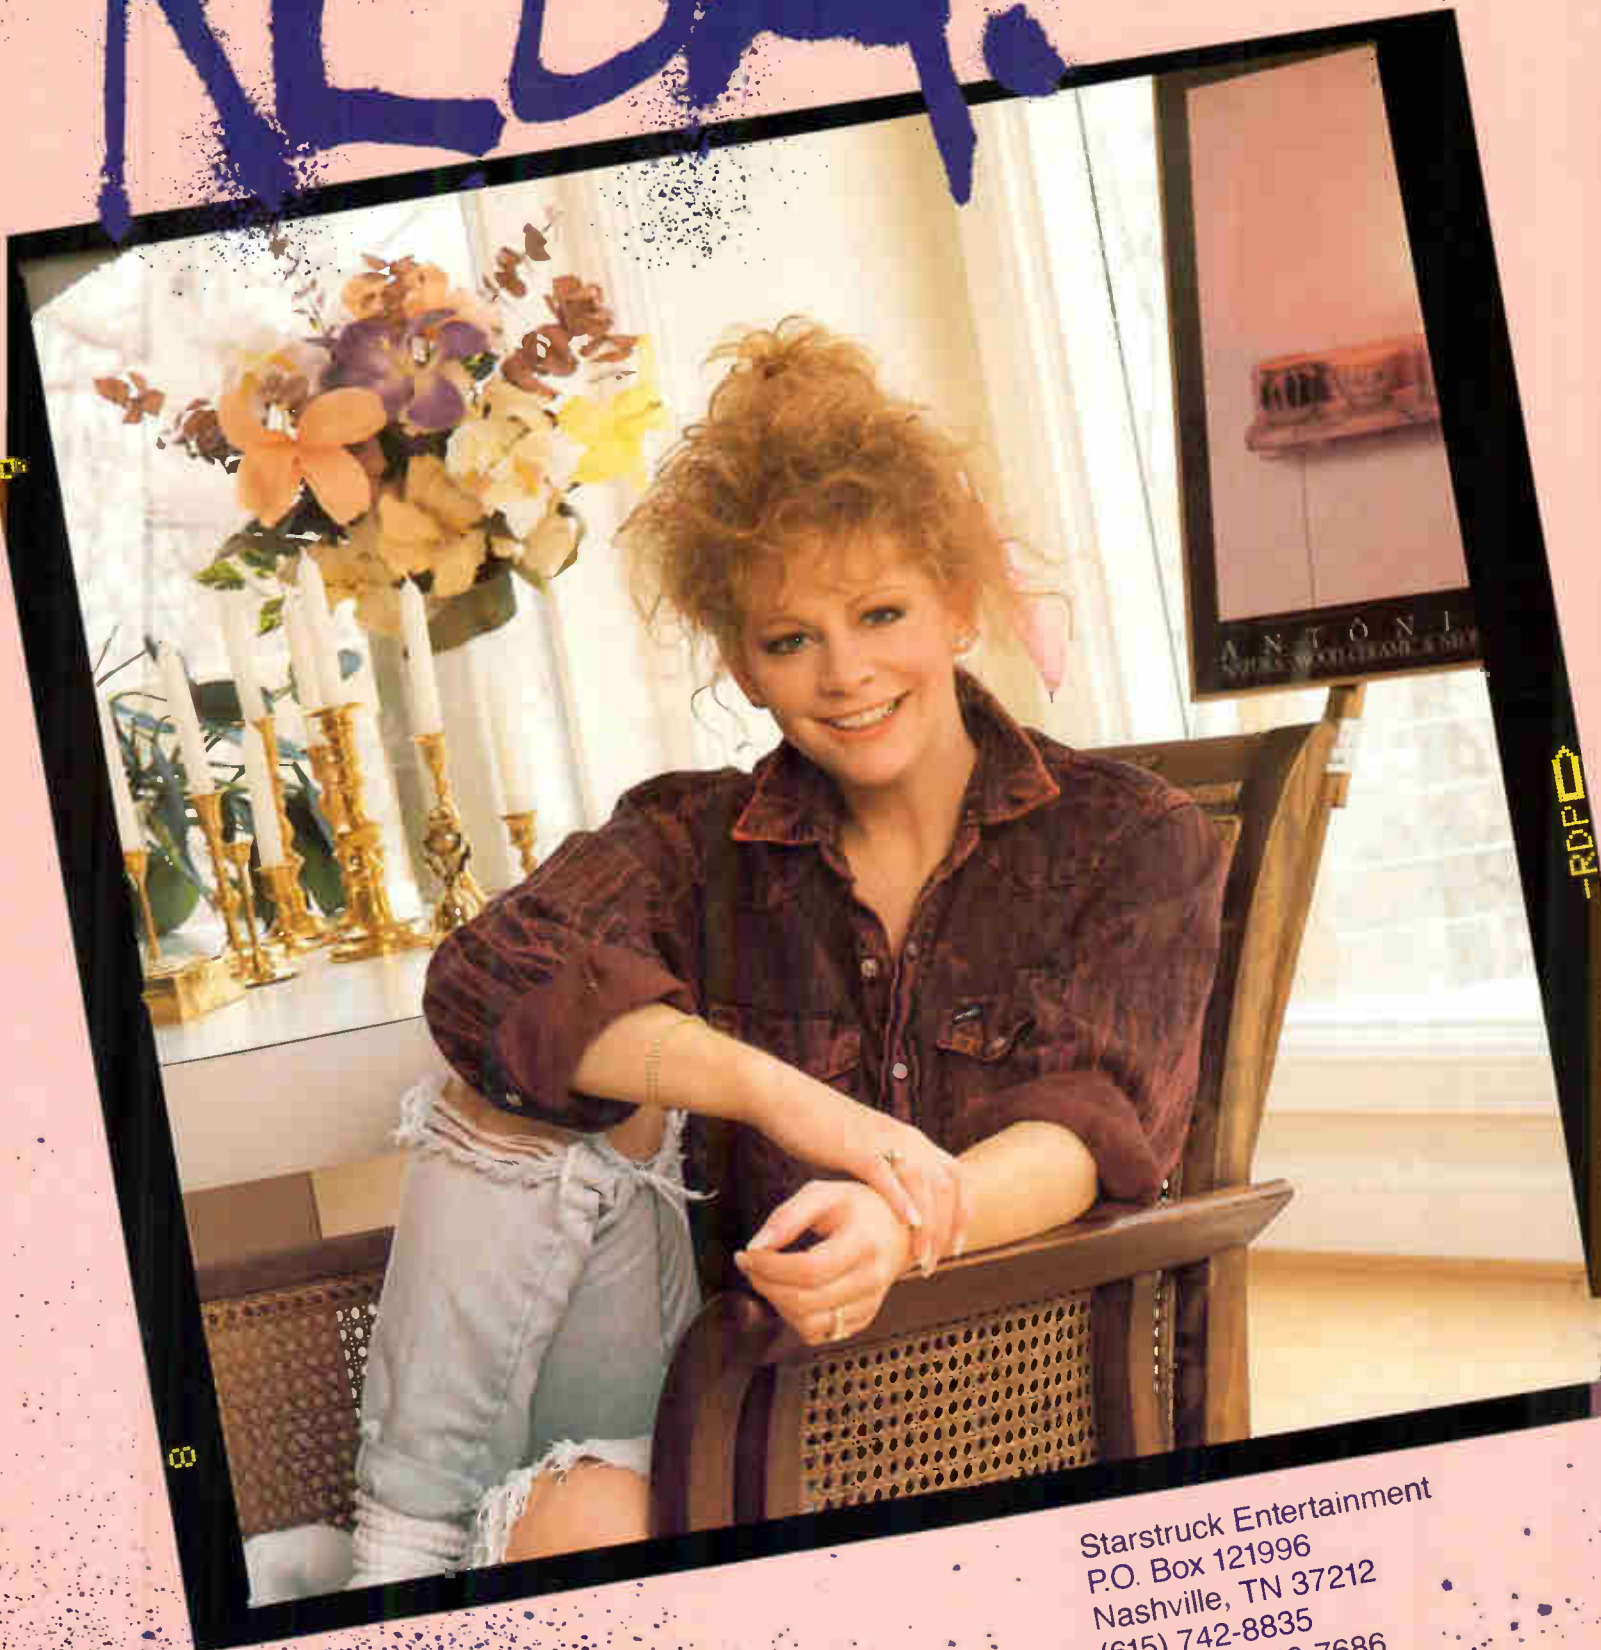

ing a helpful, English-speaking ground staff that makes some 75 foreign countries a little less foreign.

All of which is reassuring when business calls for a long-range journey into the unknown: KLM’s global passenger network doesn’t end at the airport.

Call your travel agent or KLM. The airline of the seasoned traveler.

OUR FANS DON'T JUST
SEE THE STARS,

THEY HEAR THEM TOO.

Our 1.5 million concert fans in the Hampton Roads market want to do more than just see the stars perform. They want to hear the stars, too. And excellent acoustics is just one reason why, year after year, the world's top touring acts choose Hampton Coliseum.

Our superior rigging and load-in, load-out conditions, and our professional staff are the reasons we believe that in the **1987 Performance Magazine Readers Poll, the Hampton Coliseum was voted Arena of the Year (7,000 - 13,000 capacity).**

But you may be more interested in the details of our modern facility: 11,575 full-view seats; 13,800 for festival seating; 40' x 80' portable stage with barricade; 7-window box office; Ticketron system; 3,200-space lighted, police-patrolled parking lot.

When it's time to schedule your event, call Andrew D. Greenwell, Director, or Bernie Bernstein, Assistant Director, at (804) 838-5650. We can work out a competitive deal that will make sure your stars are seen and heard by thousands.

The Oaks may be some of the smoothest, most gracious showmen ... *Milwaukee Sentinel*, April 15, 1989

... in the world of country music ... (none) seem more deserving of the flat-out, long-term commercial success and critical acclaim ... the energy, good-time emotion and warm vocal harmonies that have carried them through the decade were in ample evidence. *Akron Beacon Journal*, April 18, 1989

The Oak Ridge Boys are to country music what the Boston Celtics, New York Yankees and Dallas Cowboys are to their respective sports. They're all dynasties and you know that sooner or later they'll take home another title. They're winners. ... And that's why the group is in the middle of another surge to the top. *Country Song Roundup*, March 1989

BILLBOARD/BACK STAGE BOOKS... to help you get ahead—and stay ahead— in the entertainment business

THE BILLBOARD GUIDE TO MUSIC PUBLICITY

James Pettigrew

Practical guidelines for musicians and promoters on getting media attention: how to prepare a press kit, write bios, press releases and pitch letters, and stage a publicity campaign. Top publicists share their strategies, offering much inside information on winning at the game of publicity.

THE AUDITION BOOK

Ed Hooks

An actor and casting director gives expert advice on preparing for each kind of audition—commercials, radio, TV, movies, the stage, corporate and industrial films—telling what to wear, how to put a resumé together, how to get an agent, and how to get the right photographs taken. His fresh approach emphasizes that actors must know how to “change hats” when going from one kind of audition to another.

THE BACK STAGE HANDBOOK FOR PERFORMERS

Edited and compiled by Sherry Eaker

From the editor of *Back Stage*—a how-to and who-to-contact reference for actors, singers, and dancers. Here are authoritative and up-to-date answers to every important career question you might have.

THIS BUSINESS OF MUSIC

Updated 5th Ed., Revised and Enlarged

Sidney Shemel and M. William Krasilovsky

This invaluable reference on the legal and business side of music—cited by Lionel Richie as “the best guide I know to establishing a career in the music industry”—now has up-to-date copyright and tax information for entertainers, and an all-new section on video rights.

Give Us Your Best Song.

Please

John Stewart and John Hiatt did. Now Rosanne Cash, Chris Hillman of the Desert Rose Band and Canadian Gary Fjellgaard have joined the club.

If you're a professional songwriter (with worldwide compassion), Entertainers Against Hunger wants the *publisher's share* of one of your songs. If your publishing is owned by someone else, EAH encourages you to ask your publisher to give up all or part of the publishing on one of your songs -- in exchange for your giving up all or part of the writer's share. As an all-volunteer organization, unburdened by expensive staffing, EAH will use the continuing income from the song to help feed the people who need it most.

To contribute strong commercial songs (not simply tunes with an anti-hunger theme), or to get more information, write:

FINDING THE RIGHT FACILITY IN ST. PETERSBURG IS AS SIMPLE AS

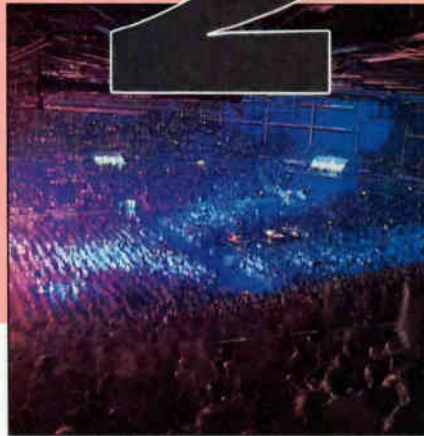

1

The Florida Suncoast Dome

A marvel of multi-purpose flexibility, the Dome features arena configurations of 12,000, 15,000 and 25,000 with a custom curtain rigging system. As the largest indoor facility in Florida, it can accommodate 55,000 concert fans or provide 152,000 square feet of unobstructed floor space for conventions and exhibits.

2

The Bayfront Arena

This mid-sized facility seats 8,400 in newly upholstered comfort. A concert curtain can reduce the arena to an intimate 4,500. Like the Mahaffey Theatre to which it adjoins, Bayfront Arena offers expanded on-site parking and a spectacular setting on Tampa Bay in downtown St. Petersburg.

3

The Mahaffey Theatre

After the recent \$25 million revitalization, the Mahaffey Theatre has been compared to the finest theatres of Europe. Intimate, acoustically pure and outfitted with the very latest in staging and equipment, the theatre entertains 2,000.

With the Bayfront Center — which includes the Mahaffey Theatre and Bayfront Arena — or the new Florida Suncoast Dome, St. Petersburg has the facility that's right for you. Right in the heart of the Tampa Bay area — a market of 2 million people that's second in size only to Atlanta in the southeast. So if you need a facility that can accommodate any event from 2,000 to 55,000 give us a call — it's as simple as 1, 2, 3.

These are the only people who aren't thrilled with Met Center's crowds.

But promoters love our crowds. That's why they keep coming back to Met Center. They also love our full-service marketing and publicity departments, and our in-house advertising agency. Promoters tell us that our operations and production staffs are some of the best in the business. We are well-known for our competitive rates, and we have the ability to size our house to fit your needs — as intimate as 3,000 or at full capacity of 17,500. It makes sense to book Met Center, because we really know how to attract a crowd.

We Size Up to Any Challenge

In the Detroit market, you can book them big. You can book them small.

At the Pontiac Silverdome, you can book them all. Our 80,600-seat domed stadium, big enough to handle sell-out concerts by The Rolling Stones and The Who, easily can be transformed into a Mini-Dome for activities requiring from 10,000 to 32,000 seats.

We're the site of spectacular, one-of-a-kind events because we know how to think big.

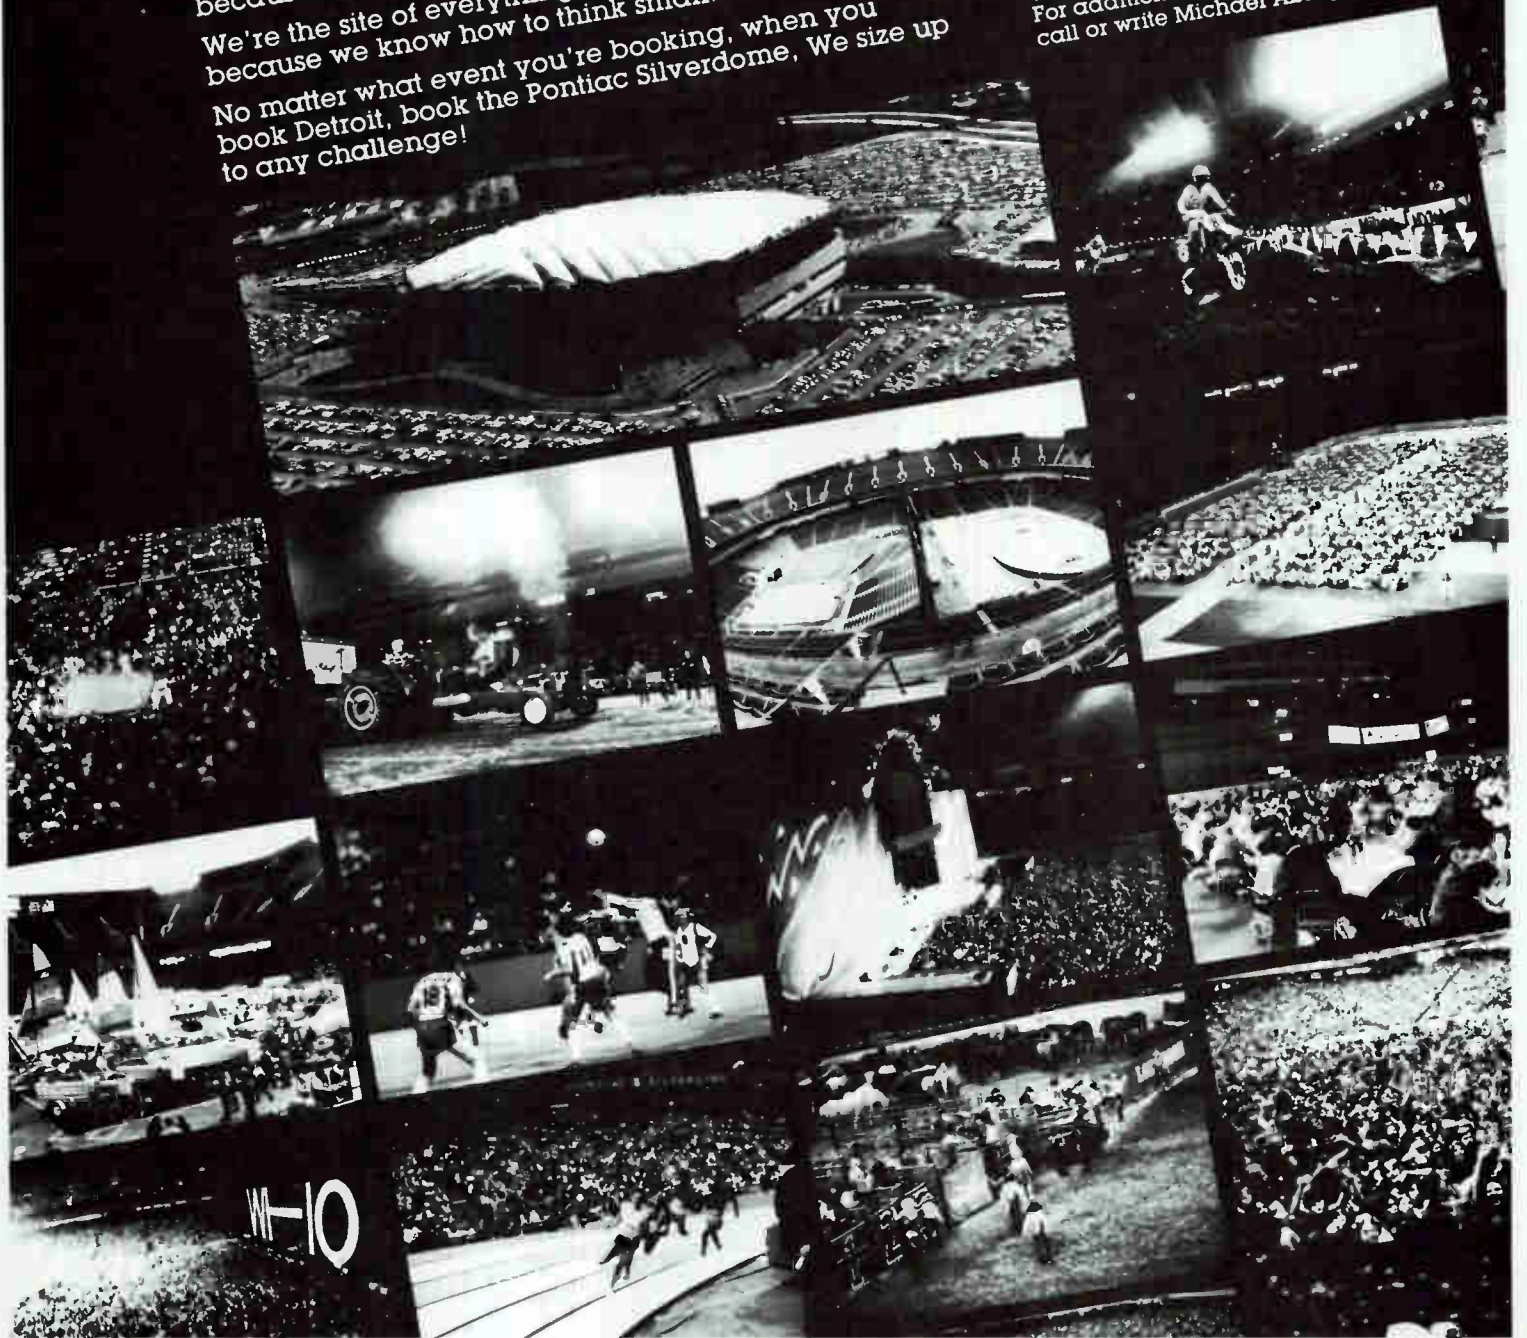

We're the site of everything from trade shows to banquets because we know how to think small.

No matter what event you're booking, when you book Detroit, book the Pontiac Silverdome. We size up to any challenge!

CAPITAL-SARATOGA REGION

CAPITAL GAINS.

Coming to Albany in February, 1990,
New York State's capital gains a major new multi-purpose indoor facility:
KNICKERBOCKER ARENA.

Here's what you gain:

- ▶ The largest facility in the "Capital District" of New York. And one of the largest entertainment venues in the entire Northeastern U.S.
- ▶ 1.3 million fans who can't wait to see the event you're bringing to town.
- ▶ 15,000 permanent seats. And up to 18,500 for concerts.
- ▶ On-site, indoor parking spaces for 1,000 cars.
- ▶ The expertise and experience of Spectacor Management Group (SMG).
- ▶ A facility so exciting, so impressive, it's already been booked by Disney On Ice, Harlem Globetrotters, Ice Capades and Ringling Bros. and Barnum & Bailey Circus. Chosen as the home for the 1992 NCAA Final Four in Ice Hockey, the NCAA, MAAC Basketball Championships, and "Team USA" Ice Hockey. And soon to become the concert Capital of New York!

So if you'd like to improve your capital position, make plans now to open here right after we open. Contact Patrick T. Lynch, General Manager, at (518) 434-1236.

S T A R S &

For star-spangled stage shows, a spine-tling circus or sensational conventions, it's Tulsa's Performing Arts Center and Convention Center. Two Centers of attention in the center of the country.

The Performing Arts Center makes Tulsa center stage. Ideal acoustics. Ultramodern equipment. And, with seating for 100 or 2,426, it's intimate or spectacular.

The Convention Center is why Tulsa wins the space race. A 9,000 seat Arena. A 102,600 square foot, column-free Exhibit Hall. A 20,000
