FMQB ALBUM REPORT

October 23, 1981

BILL HARD, Editor

Easy Choices

1. GEILS BAND, "FREEZE FRAME", EM

It's one hell of a trick to evolve stylistically and yet maintain your spot in radio's parking lot but this outfit has it figured out. They take risks with horns, handclaps, do-walk choruses, and good God, even humorous lyrics. Yet their powerful rock and roll attitude keeps them right on the cutting edge. Lead with "Centerfold", "Freeze Frame", and of course, "Piss On The Wall".

LOVERBOY, "GET LUCKY", COLUMBIA

A Cinderella success story on a debut invariably leads to a sophomore slump. But as was the case with the breaking pattern the last time out, these guys are back to bend the rules and knock us for a loop. This is one asskicker or a follow-up. We're talking full throttle, open road formula perfection...WGRQ's Paul Heine agrees, "A lot of bands would like to be the next Loverboy, but how many of them can deliver the goods? First rate material, red hot licks, sterling production, all delivered with a hard driving edge"...We like "Working For The Weekend", "When It's Over", "Gang's In The Street", "Watch Out For Love".

Hard Choice

DEL SHANNON, "DROP DOWN AND GET ME", NETWORK

When I first heard Tom Mac producing the Shannon sessions, it smacked of unabashed hero worship. I mean "Runaway" was one of my all time classics, but I figured Del's gotta be burned out by now, so just let him work those Holiday Inns in peace. Well, I got the record in, and can't take the record off. There's the expected strong production, typically A+ Heartbreakers playing, and Shannon's voice and songwriting are downright habit forming. A perfect blend of now and then--so count me in. Cuts: "Sucker For Your Love", "Out Of Time", "Sea Of Love", and "Drop Down And Get Me".

Ozzvious Choice

OZZY OSBOURNE, "DIARY OF A MADMAN", JET/EPIC

I'm so confident about this record that I'm going Front Page on the basis of the 12" alone. After the success of the last record, only a dolt (or the humane society) would dare to head-stare. Take it from WLVO's Jim Smith, "Ozzy is a natural. He still pulls Top 10 phones weekly"... Rob Barnett, WAAF, "Blizzard" was very strong for us months back, and the rest of the album sounds even better than the 45"...And from Curt at WFBN, "Heard a taste of the new Ozzy, and it sounds deeper than the first and just as wide"...And from KYS's Joe MacCabe, "More metal madness from Ozzy. Think we'll get any requests?"

Chain Reaction

11 LINDSEY BUCKINGHAM, "LAW AND ORDER", ELETRA

With 54 first weekers, Lindsey dominates the Most Added totals. Even the first listen doubters are convinced that "Trouble" is a multi-format smash, but we are finding a number of reporters are puzzled by the rest of the album. Again, I say "Mary Lee Jones", "Johnny Stew", and even "Bwana" are excellent (if a bit offbeat). With a huge single under his belt, thank God Lindsey opts for a little creative insanity. And he's got the chops to get weird and pull it off...Reaction: Dave Benson, WMT, "Lindsey's solo has garnered a lot of listening in the past few days. I think the guy's a renaissance rocker and a true star of the Fleetwood flock. It may take some time to get tuned into Lindsey's wave length, but when you do, an awful lot of pure rock emotion runs through your veins. It's addictive"...Joe MacCabe, KYS, "On first listen I thought the single was a little light, but now I'm sold on that one. The rest of the album sounded really bizarre on first listen, but now I find it really enjoyable"...Larry Bruce, KGB-FM, "A record I enjoy very much. The single is destined to go far--a great song".

CHAIN REACTION CONTINUED

- 2) THE KNACK, "ROUND TRIP", CAPITOL
This project qualifies as an image overhaul *ei* supremo, but with a #2 Most Added finish, Capitol is off to a good start. "Africa" is the runaway favorite as noted in these comments: Dick Blackmon, WQMM, "it tested very well and has received surprising phones after only a few days play. I personally feel it's a strong comeback"...Mary Pillingner, WYMX, "'Africa' is the track I personally endorse to put The Knack back on the right side of rock and roll"...Bob Majersky, WXUS, "I can remember when Radio sentiment was to nuke the Knack, but after listening to 'Round Trip', I really believe they will refuse to let that happen again. 'Africa' jumps out and grabs you"...Dave Kane, WCMF, "Pleasantly surprised by 'Africa'"...And from Roberta Haber, WMJQ, "Their strong suit has always been the concise catchy rockers. 'Round Trip' has a good share of those, plus some interesting experiments. Definitely an improvement".
- 3) U-2, "OCTOBER", ISLAND
The well-received debut and the critically acclaimed tour add up to a quick build for the follow-up as we tally 19 out of the box--good for #3 Most Added... "Gloria" and "I Fall Down" are the early leaders...WQBK's Lin Bremner sez, "U-2 sounds as though they have matured and have stretched out their already distinctive sound. The new album is more dynamic. In short, it's even better than the first"...Tom Starr, WOUR, "'October' makes the quantum leap into the shoes that all of the band's early supporters wanted it to fill. It's an album loaded with great material, performed with aggressive self-assurance and produced with a master's touch"...Marc Miller, WBCN, "If you liked the first, you'll love this one--a killer"...Jack Schwartzman, WFRV, "'October' brings the group a step closer to commercial acceptability without sacrificing a bit of their honesty and creativity"...And from Ron Rizzi, WRNW, "The band is certainly one of the freshest music makers around. 'Gloria' and 'Scarlet' for starters will prove this band was not a one LP sleeper".
- 4) GRAND FUNK, "HONOR BROTHERS"
It's nice to lock on all stations in ten minutes, but a consistent build of 10-15 per week for 5-6 weeks sure gets the job done...Grand Funk grabs another 10 this week, and moves 44-40 on the Index (one shy of a prime move), up 42-39 on the Metro Chart. "We Gotta Get Out Of This Place" is pulling ahead, new at #88 as "Y.O.U." drops back 81-87.
- 5) BOB WELCH, RCA
#4 Most Added with 17 reports with WMMS, KOME, and KSHE the heavy hitters...Key cuts: "Two To Do", and "It's What You Don't Say"...WYFE's Magic is a fan, "Cut for cut, it's probably his best solo album to date. First cut on side 1 sounds like a hit single, and yet it's rocky enough for any rock station"...Belle, KTIM agrees, "We bowed out on Bob's last, and with good reason. Let me be among the first to offer praise and congratulations on the new one. It's quite good. New label, new producer, and a refurbished sound. Welcome back Bob"...Jim Buckley, WRCN, "Bob's best overall since 'French Kiss'".
- 6) TOMMY TUTONE, COLUMBIA
As I've said numerous times in Chain Reaction, "Jenny/867-5309" is one hell of a hooky track, and really deserves a much better shot than it has gotten. Nice to see new air this week on WMMR, KSRR, and KSHE, & since the video we're mailing hits, I'm expecting a lot more believers. We got wonderful response to the Steinman tape we mailed several weeks ago, and the Tutone is in the same league. We've all seen a million bullshit videos, but this is one very funny entertaining, and intelligent production that will convert the non-believers and delight the fans. Is Columbia committed? Is the Pope Polish?

BUILDERS

- 1) QUARTERFLASH, GEFEN
Our strongest chart cover this week, up 37-21 Index, and a whopping 40-20 Metro move...#3 Most Added with 19, for a total of 99 reports in the last month...Increased rotation on WMMS, WTIS-FM, WLYQ, KGCN, WRXL, WABX, WIOT, WTUE, and WOUR...Average play is 6.2 emphasis and 3.9 plays per day...On the Top 100, "Harden My Heart" 59-17, and "Find Another Love" debuts at #95...Comments: Mike Wolf, WQFM, "Quarterflash's calls and sales have developed faster than most debut albums after only a week's play"...Ilyse Gottlieb, WRXL, "Getting excellent reaction to 'Harden My Heart'. Calls are mostly inquisitive, but if I had a nickel for each one, I'd be rich"...Mike Lyons, WDIZ, "Unprecedented phone response. In my 8 years here, I can think of very few debut acts to generate such an amazing number of calls"...Doug Podell, KQRS, "Incredible phones right away"...Bill Simmons, WMYK, "Immediate heavy response. Good phones on the single and 'Find Another Fool'"...Bob Linder, WHDA, "Showing sales and requests and moves up in airplay to three times a day"...Doug Clifton, KAZY, "Seems to be taking off in the stores that have the record. For being an unknown band, it's doing quite well".
- 2) GREG LAKE, CHRYSALIS
With this week's 13 new adds, Greg is our #1 Most Added for the past two weeks with a grand total of 89 reports including 23 Level I's and 27 Level II's. That add activity converted to the highest debuts on both charts--#22 Index, #28 Metro... "Nuclear Attack" debuts at #14... More raves: Alan Sneed, KSRR, "Greg is pulling real decent phones"...Ed Levine, WAQX, "Pulling calls already"...Paul Heine, WCRO, "Getting some good calls, and with Reagan's most recent comments about nuclear war in Europe, it's perfect"...Dave Logan, WLAV-FM, "Good sales rumblings on Lake, due particularly to 'It Hurts'".
- 3) JOHN HALL, EMI
After six weeks of consistent growth, bingo--John's first prime move. Up 46-41 on the Back Page, and new on the Metro chart at #46...Considering the heavy competition and length of time since release, we log an especially impressive add week as the Sebastian stations give it the green light--WLUP, WEBN, WMJQ, WQMF, KSMB, WQYM, WYMF, and WABX...Increased play on KGB-FM, WOUR, and WQBK... "Crazy" leads, up 70-48.
- 4) ROMANTICS, NEMPEROR
One of 5 debuts, the Romantics touch down at #47 Index, #49 Metro. #5 Most Added with 13 to bring us to 37 in the last two weeks, including: WRIF, WLIR, WBCN, WCOZ, WMMR, WFBO, WAAF. Comments: John Carter, WAAL, "The kind of record that can spice up any playlist"...Tom Nast, WSYR, "The third album is very impressive. They've added a heavier edge to their sound, and I can see instant phone response already"... "No One Like You" debuts at #70.
- 5) VIC VERVAT, CAPITOL
Vic hits the list at #48 as this week's 8 adds take us to a total of 42 in the last month... On the Checklist, 45 not playing, a very high 20 considering, none dropping (go Vic Go!!), 17 maintaining, and 8 building--WMMR, WMMS, WRXL, WMYK, WYFE, WRDQ, WPDH, and KSMB...More raves: Dan Walston, WTMZ, "Any rock and roll station that deserves the title should be checking out 'Down To The Bone'. Good phones here, and it sounds like one of the better metal tracks in a long time--right up there with Def Leppard's 'Let It Go'"...Duke Meyer, WCMF, "If I want to get my hair permed from the brain out, I listen to Vic's lp. He has a hot guitar"...Art Phillipis, KICL, "Who the hell is Vic and how did he learn to bend his guitar in half? A powerhouse rocker deluxe. We're keeping a fire extinguisher by the turntables when Vervat is on"...And from Dave at WAV-FM, "Hot guitar record the kiddies should love".

- 6) NEA SCHON/JAN HAMMER, COLUMBIA
 No doubt the fusion image has made it tough to get MD's and PD's to take t
 but Columbia is committed to hand-to-ear combat, and we're seeing results.
 WLVO, WLIR, WRXL, KZEL, KATT, WWC, KTYD, and WZZO, we're up to 35 reports
 and the record hits the Index at #50 this week...Looking good on the Checkl
 playing, 20 considering (hot), 14 maintaining, none dropping, and 10 building
 WPDH, WYSP, WSYR, WOUR, WMMS, WQBK, WHCN, KATT, WLVO, WLIR, KILO, and WDV...Co
 Bruce, KGB-FM, "It's a strong record for us. Hot phones on 'Wasting Time'...Ste
 WYSP, "Listened to the album and the cut for us is 'I'm Talking To You'. Now I und
 Neal was asked to join both Santana and Clapton's band when he was 16"...And from Tin
 WLVO, "'I'm Talking To You' sounds very similar to the hook that made 'Isn't It A Pity
 Those who still believe it might be a bit esoteric need to be reminded of the success o
 early solo efforts"...On the Top 100, "Wasting Time" debuts #79.
- 7) MARTIN BRILEY, MERCURY
 After 5 weeks of slugging it out with the automatics, this personal favorite debuts at #49
 with an equally noteworthy #45 Metro ranking...Key calls to date: WMMR, KDKB, KTXQ, WIOQ,
 WAQX, KLOL, WQXM. On the Checklist, 49 not playing, 9 considering, 1 dropping, 10 maintaining,
 and 10 building--WQXM, WYSP, KBLE, KZOK, WOUR, WRAS, WHCN, WDHA, WAQX, and WDEK. It's
 significant to note that half of the stations on the record report sales/request growth. That
 should be sufficient motivation for you to reconsider.
- 8) MICHAEL SCHENKER GROUP, CHRYSALIS
 After last week's #40 debut, a healthy 40-37 move. New on WMMS, WROQ, WCMF, WAVA, WMMR, and KZEL.
 Look for a solid Metro jump next week..."On And On" is new at #79 with "Ready To Rock" next in line.
- 9) JOHN ENTWISTLE, ATCO
 A hot little index trend for Mr. E.: 23-19-15 in the last three weeks...Increased play on:
 WCCC, WAQX, KLB, WRXL, DC101, WDIZ, WYNF, WROQ, WIOT, KGB FM, WOUR, WMET, and WLIR...With new
 play on: KZAP, WQMF, KSMB, and WCMF..."Talk Dirty" moves 17-15.

MISCELLANEOUS:

- GARY MYRICK, "LIVING IN A MOVIE", EPIC
 Last week's Red Page rave was just hitting reporters as of deadline--locking up 7 including:
 WMMS, WCMF, WLAV-FM, and WHCN. WLAV-FM's Dave Login is committed, "Goes immediately into
 heavy, and we're concentrating on five cuts. My comments from a couple of months ago stand--
 this guy's gonna be a significant musical force in the 80's"...I recommend "I'm Not A Number",
 "No Crisis", and the title track.
- STEVE MILLER, "HEART LIKE A WHEEL", CAPITOL
 A number of our reporters expressed disappointment after the four-year wait, but when simple AM
 oriented ditties are the guy's stock in trade he's not going to come back sounding like the
 Mahavishnu Orchestra. Love the effortless melody, period piece Duane Eddy guitar, and intimate
 vocal...WMET's Dave Benson analyzes, "'Heart Like A Wheel' is obviously not a record it took
 four years to make but it does the job. It tells the audience the Joker is back."...Our #1
 Most Added single with 45 reports.
- SNEAKER, HANDSHAKE
 Last week we picked up a nice little Texas/Southwest buzz on the Sneaker. This week 13 adds
 sneaked in, including KISS, WYFE, WIOQ, WQXM, and WH...The Becker/Fagen collaboration "Don't
 Let Me In" leads on album stations and the single "Than Just The Two Of Us" is Front
 Page with Kal this week.
- RINGO STARR, "WRACK MY BRAIN", BOARDWALK
 Top of the top of Kal's Front Red Page, and with Ger's backup vocal and guitar, multi-format
 play is a given. Don't let the adult oriented Top 10 own this record's upper demo appeal.
- QUEEN AND DAVID BOWIE, "UNDER PRESSURE", ELEKTRA
 It's a tough call, but I'm leaning toward hitski... Bob Bailey tested the song and "Got a
 60% negative response, but most Queen opuses start with similar audience/radio reaction.
 Who heard 'Bohemian Rhapsody' or 'Crazy Little Thing Called Love' on first listen?"...As
 Skyboy sez, "The collaboration is what pop music coe if intelligence were a factor. I mean,
 if Val the chimp can change oil, he could probably e to this"...KLOL's Michele Sayre adds,
 "A piece of creative genius. Individually they are musical trendsetters, together they are
 stunning"...By the way, the collaboration on this suggests a hot question of the week:
 Give us album rock's answer to Andy and Olivia, Baid Barbara, and Kim and Kenny?...Any
 suggestions?
- RAINBOW, "JEALOUS LOVER", POLYDOR
 Another case of import play tending to dilute domestic release impact, but the quotes sure
 rolled in this week...Ron Nenni, WPYX, "Rainbow sh extremely well now that it's domestically
 available. 'Jealous Lover' is the best song they' in years, and it's getting great
 listener response"...Marc Miller, WBCN, "Love the it should be a hit for them"...Magic,
 WYFE, "Sounds even better than 'Man On A Silver Mc has in the past. Phones are already
 quite positive, looks like a real winner"...Mike WFM, "We've been playing 'Jealous Lover'
 for 4 weeks and it's developed into one of our hottest items".

NEAL SCHON/ JAN HAMMER "Untold Passion"

Debut 50 on the Index

Here's why:

KGB-FM, Larry Bruce: "This is a strong record for us. Hot phones on 'Wasting Time'."

WQMF, Duke Meyer: "Starting to warm up to the Neal Schon Jan Hammer Lp. Fave is 'Wasting Time'."

WLVO, Tim Smith: "'I'm Talking To You' sounds very similar to the hook that made George Harrison's 'Isn't It A Pity' a hit. Those who still believe it might be a bit esoteric need to be reminded of the success of Harrison's early solo efforts."

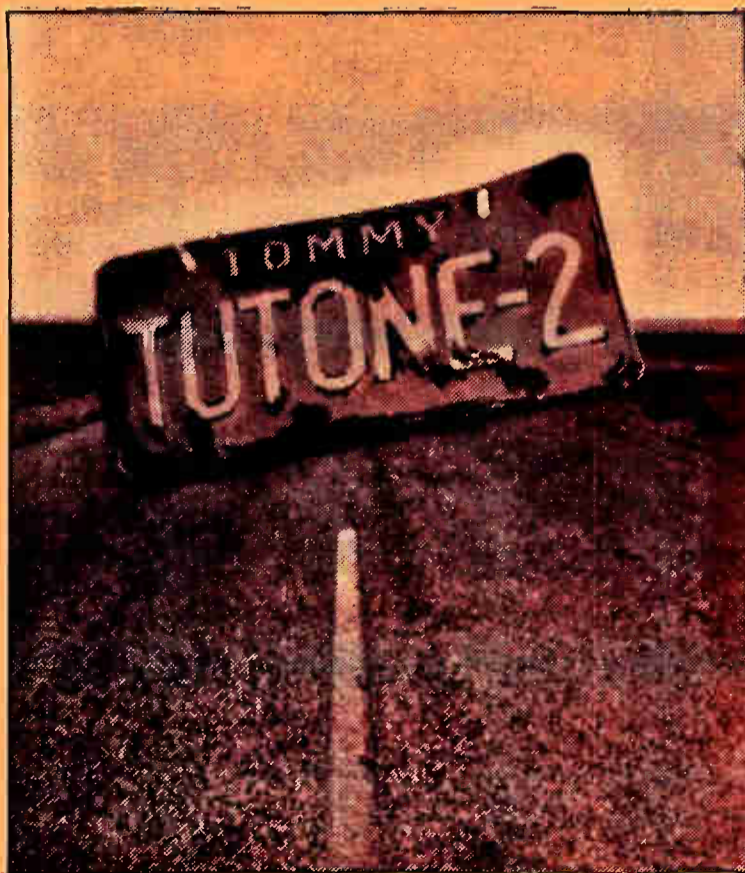

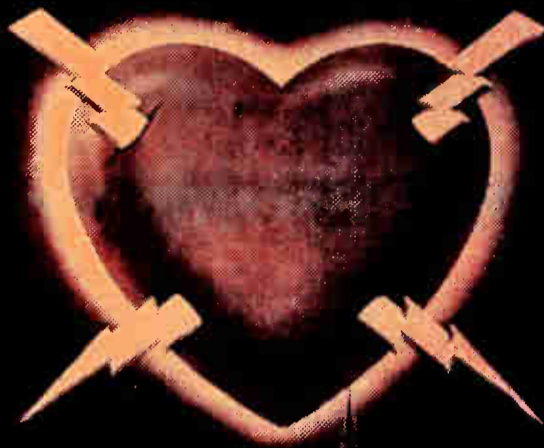

WYSP, Steve Feinstein: "Listened to the Neal Schon and Jan Hammer album. The cut is 'I'm Talking To You'. Now I understand why Neal was asked to join both Santana and Clapton's band when he was 16."

New on: WLVO, WLIR, WZZO, KTYD, WWCT, KATT, WRXL, KZEL

IT'S OZZVIOUS!!

Just ask . . .

Sky Daniels, WLUP: "Record of the week: Ozzy Osbourne, 'Flying High Again'. I should say so. Fueled by last year's gold, Ozzy produced the hottest track of his career and there is talk of the most elaborate support tour package ever indicating that Ozzy will blow right down the yellow brick road."

Tim Smith, WLVQ: "Ozzy Osbourne's a natural. He still pulls top 10 songs weekly."

Joe McCabe, KYYS: "More metal madness from Ozzy. Think we'll get any requests for it?"

Rob Barnett, WAAF: "'Blizzard' was very strong for us months back. I've heard the rest of the Ozzy album and it sounds even better than the 45."

Ron Nenni, WPYX: "Ozzy Osbourne has never lost momentum and with the new single they're going nuts."

Curt Gary, WEBN: "Heard a taste of the new Ozzy and it sounds deeper than his first and just as wild."

WKLS, Bob Bailey: "Solid medium rotation. Phone action good. #6 in new release sales."

KOME, Dana Jang: "MSG is heating up the phones and moving heavy tonnage out of the stores. "On And On" and "Looking For Love" are the lead tracks."

WCOZ, Ted Edwards: "Immediate audience response on MSG specifically on "Are You Ready To Rock". Sounds great on the radio."

WMET, Dave Benson: "Michael Schenker was a strong cult figure before his solo Lps were released. MSG only adds fuel to the fire. Chicago rockers can't get enough of Michael Schenker. We're currently going with "On And On"."

KQRS, Doug Podell: "Hot guitars means hot sales and that means hot airplay. Go for Michael Schenker. "On And On" is doing real well for us."

WQFM, Mike Wolf: "Lots of folks here remember Michael Schenker as the spark behind UFO. In fact, saleswise, it's been in the top 10 the last two weeks. Other programmers would be wise to check out "Are You Ready To Rock" and "On And On"."

Question Of The Week

As suggested by WHJY's Rob Lipshutz in last week's Radio Action: "Now that the Who's 'Join Together' is readily available on the 'Hooligan's Lp, that leaves Led Zeppelin's 'Hey Hey What Can I Do' as the most sought after non-Lp rock track. What other out of print or non-Lp songs do you think radio needs reissued most?"

ROB LIPSHUTZ, WHJY: "Early Kinks, Yardbirds, Led Zeppelin's 'Hey Hey What Can I Do', and Badfinger."

DANA JANG, KOME: "'Hey Hey What Can I Do' is the most requested Zeppelin song ever besides 'Stairway', Tim Buckley's 'Greetings From L.A.', and It's A Beautiful Day's first record."

DAVE BENSON, WMET: "The most obvious is the one we get the heaviest calls on--the infamous B side to 'Immigrant Song', 'Hey Hey What Can I Do'...Also, it seems to me that with the success of DVC, Nemperor should release a Tommy Bolin retrospective instead of just 'Teaser'. Tommy's time to be rediscovered is now. Also: 'Hendrix In The West', REO Speedwagon concert disc done at KWST, which has great versions of '157 Riverside', and 'Riding The Storm Out'--very hard to find. Also, I can't find Nugent's (and neither can Sire)."

BUCK MCWILLIAMS, WIOT: "I was going to say Tommy Bolin, but I hear that it has been released. Also, how about 'Who Came First'."

JOE MACCABE, KYYS: "Tom Petty's live 'Breakdown'; for those who play it, 'Silver Springs' by Fleetwood Mac; and I can't even find Shooting Star's debut album."

BOB BAILEY, WKLS: "Animal's stuff in general--there are no Animals albums in print in this country that I know of. Also, Badfinger is hard to get...Electric Prunes, the Dave Edmunds album with 'I Hear You Knocking', Bubble Puppy, the Nashville Teens' 'Tobacco Road', early Nugent, Amboy Dukes on Mainstream, and Tommy James and the Shondells."

MIKE LYONS, WDIZ: "Yardbirds live from New York, the one that was pulled back in '70 after it went out. Also, Buckingham Nicks."

JON RUSSELL, KZAP: "It would be interesting to see the Beatles, 'You Know My Name, Look Up My Number'--I don't know if that's available or not. Something that was never in print as far as I know, but is just great, is from Bruce Springsteen's '78 gig at the Roxy in LA broadcast over KMET--an incredible live version of 'Heartbreak Hotel'."

MARC MILLER, WBCN: "'Memo From Turner', Jagger from the 'Performance' soundtrack, 'Hot Smoke And Sassafras', The Bubble Puppy, 'How Long' by Ace, 'Small Beginnings' by Flash, Hendrix 'In The West', both Runt albums, the first New York Dolls album, and 'Split Ends' by the Move."

ALAN SNEED, KSRR: "The first Shooting Star album for sure up until Hooligan's 'Join Together'. Also 'No Time To Lose'."

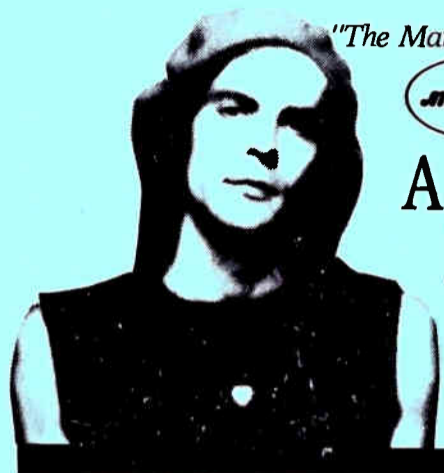

DAVE LANGE, WOVE: "There is a real long list of them right now that stations are playing in their electric lunches, oldies shows, and in some cases, even in regular rotation that should require the old nuggets concept to come back--filled up with Iron Butterfly, Moby Grape, Fever Tree, etc."

RUSH OCTOBER 29 On Your Air!

LYSE GÖTTLIEB, WRXL: "Hey Hey What Can I Do", Fleetwood Mac's 'Silver Spring'."

PAUL HEINE, WGRQ: "Phil Spector's Christmas album, Spencer Davis, Canned Heart, Rare Earth, Bubble Puppy, Arthur Brown, Strawberry Alarm Clock, and lots of other 60's oldies which I think people are really into, but mainly the disposable ones like those just mentioned--the one-hit wonders."

TED EDWARDS, WCOZ: "'The Best of the Animals'--love to see that back in print, 'Best of Spencer Davis Group', both Yardbirds' 'Greatest Hits' and 'Great Hits' (with the pink border), the Performance soundtrack, the 'New Ages Of Atlantic' with 'Hey Hey What Can I Do', most of the early Genesis albums, and any of the James Gang stuff. Dying to have any of this if you can help me, and anything that was on ABC-Dunhill."

ROBERTA HABER, WMJQ: "I don't know how appropriate it is to radio in the modern age, but personally, I'd like to see 'Silver Spring' by Stevie Nicks in an Lp. It's without a doubt her best song, and, of course, I'd like to see Bruce do a version of 'The Fever' so we could finally play it legally."

KAREN ANDERSEN, WGIR-FM: "With the popularity of Genesis right now, there are a bunch of import B sides and Ep sides that could see the light of day in this country. In addition to that, how about the old B side of the Who doing 'Baby Don't You Do It' live."

JACK SCHWARTZMAN, WBRU: "'Friday On My Mind' by Easy Beats."

SCOTT SEGRAVES, KSMB: "Bruce Springsteen's 'The Fever'."

TOM STARR, WOUR: "Keeping it to contemporaries, how about the B side of that Dylan single. It's the best thing we've heard from him in years, and 'Silver Spring' by Fleetwood Mac."

TEMPLE LINDSEY, KISS: "Long John Baldry's 'Don't Try To Lay No Boogie Woogie On The King Of Rock And Roll'."

JEFF KAUFFMAN, WTPA: "I think 'Something In The Air' by Thunderclap Newman is a classic cut from a lot of upper demos' college days. It would be a great upper demo getter...Recently a local band asked me if I could get them a copy of 'Lie' by Knickerbocker because it's one of the most requested songs from what they play."

BOB BITTENS, WHCN: "Other than the aforementioned Led Zeppelin tune (which would be nice to have on a brand new 12"), none come immediately to mind."

JOSE DIAZ, WBLM: "I got a few. This is stuff I'm trying to track down: 'The Animals' Greatest Hits' on MGM, Mountain's album with 'Mississippi Queen' should be brought back in some kind in reissue form. And, I'd like to see a reissue of some of Capricorn's Allman Brothers stuff. The same goes for reissuing Capricorn's Martin Mull stuff."

BOB WALTON, WQDR: "'Silver Spring' by Fleetwood Mac; reissue 'Santa Claus Is Coming To Town' by Bruce Springsteen; 'The Fever' and 'Fire' by Springsteen; a live version of anything from the 'Making Movies' album by Dire Straits."

CLARK RYAN, KLBK: "You just mentioned the best two! That Zeppelin comes to mind immediately, but I think they need to re-release some of the stuff from the psychedelic days due to the resurgence in popularity of the 60's type music."

RON SORENSON, KBLE: "'Whitebird' from the first 'It's A Beautiful Day' album. That song is a high request item. And, anything from Weird Al Yankovich."

GLORIA JOHNSON, KGON: "'Stay With Me' by the Faces is one I've been looking for for years."

DAVE LOGAN, WLAV-FM: "This is something I brought up a couple of weeks ago with Bill, and that is I wish record companies would service radio stations on material like this plus B sides of stock singles. Little diddies like these do a lot to help keep the music sounding fresher than fresh."

DAVE NICHOLS, WRNO: "It's really an obscure one. I like 'Frozen Love' by Buckingham/Nicks which would be perfect timing with the new Buckingham album just out. Also 'Just Got Paid' by ZZ Top."

BILL SIMMONS, WMYK: "Manfred Mann 'Quinn The Eskimo' and 'She's A Woman' by the Beatles with the stereo in phase. Unfortunately the Beatles '65 album, at least the one I have, is not in phase and sounds terrible in mono."

RON NENNI, WPYX: "I can think of a couple of albums that are out of print. 'Woodstock' as far as I know is hard to come by; 'Journey To The Center Of The Mind' by the Amboy Dukes could be more available. I'm sure there are many, many more, but I can't think of them right now."

MICHELE ROBINSON SAYRE, KLOL: "Probably sought after and never issued music like a live Springsteen. I'm sure at some point soon he'll release a live album and make us all happy, but until then, that's #1 on my list."

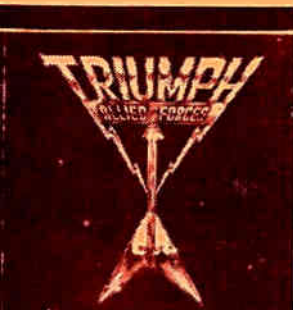

STEVE KELLER, WAPI-FM: "'Incense And Peppermint'--but I can't remember who it's by; 'Lay Around The Shanty' by Jonathan Edwards, and thank God Polydor has the sense to reissue Buckingham/Nicks, because I couldn't find that for years and years...Oh yeah, Badfinger's 'No Dice', and there needs to be a bigger and better compilation of Creedence Clearwater Revival stuff. They can send the duplicate copies of all of the above to my home address."

BELLE, KTIM: "These are Lp songs that definitely should be considered. Harvey Mandel's 'Cristo Redentor'; Swampdog's 'Synthetic World', and especially 'Bodious D.F.' (Marty Balin and band from about 1973). The whole Lp is absolutely great, particularly 'Driving Me Crazy'."

MIKE WOLF, WQFM: "'The Animals' Greatest Hits' for one; Manfred Mann's Earthband 'Nightingales And Bombers' with the longer version of 'Spirit In The Night'; The Count Five 'Psychotic Reaction'...Can't believe that the Yardbirds' 'Greatest Hits' are not on an album. I can only find them on 45's... Rod Stewart, and the Faces 'A Nod Is As Good As A Wink'."

ED LEVINE, WAQ: "I could pick 7 or 8 tunes that would be on one collection that would be perfect-- 'Journey To The Center Of The Mind', 'Itchikoo Park', 'Green-eyed Lady', Lee Michael's 'Do Ya Know What I Mean', and 'Whitebird'."

STEVE FEINSTEIN, WYSP: "Amboy Dukes' 'Journey To The Center Of The Mind', Bubble Puppy's 'Hot Smoke And Sassafras', and the 'History Of British Rock' on Sire records...Easybeats' 'Friday On My Mind', Cat Mothers' first album, both of Chuck Berry's 'Golden Decades', all Eric Burden and the Animals as well as War's 'Spill The Wine', and the Stones' 'I Wanna Be Your Man'. Also a number of other Who sides that never go on albums either, and the Who's 'Heaven And Hell' on the flip side of 'Summertime Blues'. I believe all the Tom Petty live sides, including 'I Fought The Law', and 'Route 66'. How about that Del Shannon Lp produced by Jeff Lynne? Also, the early Talking Heads single called 'Love Goes To Building On Fire'. Bowie's 'Around And Around'. Pete Townshend's 'Classified'. Hayward and Lodge's 'Blue Guitar'. Left Banke single 'Walk Away Rene' and 'Pretty Ballerina'. Steely Dan's 'Dallas'. Billy Joel's 'Cold Spring Harbor'. Dylan with the band live at Albert Hall in 1966. Springsteen's 'Fever' and 'Thunder Crack'. David Bowie's version of 'Superman' on Glastonburg Faire, and Scott MacKenzie's 'If You're Going To San Francisco'. Graham Parker live 'Squeezing Out Sparks', 'Live At Marble Arch', 'The Pink Parker', and 'Mercury Poisoning'. Byrds 'Ladyfriend', and has Columbia re-released Paul Revere and The Raiders' 'Greatest Hits'? Also, I want to turn people on to a great double set put out by Lakeshore music called 'Wild Thing'--contains 'Louie Louie', '96 Tears', 'Dirty Water', 'Psychotic Reaction', 'I Fought The Law' (Bobby Fuller), 'Talk Talk' by the Music Machine, 'Kicks' Paul Revere, and 'Wild Thing'. The address is 'Wild Thing', 930 Remington Road, Schaumburg, Illinois 60195. The masters are printed up beautifully and the cost is \$9.98."

Radio Action

KSJO, SAN JOSE, CA M.D.-JIM ROBINSON: "Big" is the most appropriate and encompassing adjective to describe last weekend's Rolling Stones appearances in San Francisco. Everything about these shows was big. The tickets were big, the price was big, and the lines to buy them were big. Big rumors regarding the big event circulated for weeks, and radio stations had big phones and will probably register big quarter hours as a result. When the big weekend finally arrived, big crowds (65,000 each day) filled Candlestick Park (a big stadium), and big security teams kept them in line. The opening acts, J.Geils and George Thorogood, drew big applause. Then the big moment arrived. The world's biggest rock and roll show appeared bigger than life on the world's biggest stage, playing to the biggest reception this writer has ever witnessed. When it was over, people had big smiles on their faces, poured into trashed out parking lots from big parties the night before, and caused big traffic jams and big headaches for local law enforcement officials. Finally, the band scored big headlines on the front pages of virtually every Bay Area daily, proving once again without question that in rock and roll no one is bigger than the Rolling Stones."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Dear Forum: I never would have guessed in a million years that I'd be writing to you, but something just happened to me that I simply must share with your readers. I was at the produce counter at my neighborhood A&P yesterday shopping for several organic marital aids when three gorgeous chest-heavy sorority girls with facial tattoos approached me about buying some sort of naval tingling device. Before I knew it, they had trapped me in the baking goods aisle, and began to touch me in an unmentionable manner with several synthetic egg white beaters. Well, I wanted to scream for Mr. Whipple, but somehow I found myself beginning to sway to the voluptuous threesome's rhythmic bludgeoning of my secret love regions, and...Huh?...Isn't this Penthouse Magazine?...What?... The Hard Sheet?...I'm supposed to talk about music?...God, I'm sorry! Remind me to make a correction in my phone book...Just got Steve Miller's single. Just listened to Steve Miller's single. Just donated Steve Miller's single to the scrap vinyl drive at my church...Love the Sneaker record. 'No More Lonely Days' is a terrific track and then some...Oh, joy! The new Ozzy 'pass the pigeon heads, dear' Osbourne 45 is even more grating than originally anticipated. The Mudflappers will be kicking the door down to hear that one...Thanks to: Bill Heltemes and Atlantic for the Kix kicks. However, the only 'Itch' I've got right now stems from those little varmints that polevault off of toilet seats... The Knack record has potential. Gonna sit back and watch that one for a while...Don't miss the Roy Sundholm package. Smooth licks and a taste of Zimmy in the vocal work...Dan Deely has joined our staff from WZZP in Cleveland. He's doing afternoons and I've moved to the 6-10PM shift. We can do record gabbing from 2-4:30 any afternoon...To Bob Kozak: Sorry, pal. Good things take time. Watch the mail!"

KDWB, MINNEAPOLIS, MN P.D.-DAVID HAMILTON: "In response to the comments by KQRS last week, numbers speak louder than words. Check the September Mediastat. KDWB-FM 9.2, KQRS-AM/FM combined 6.2. KQ's worst Mediastat in two years."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "Twin Cities rocker of the week goes to: The Twin Cities' own Prince. I haven't heard funk like this since the early days of Parliament. The hottest cassette from South Minneapolis and North St. Paul--and he's getting a few spins here as well. Highly recommended by Esa of Lieberman. And hey, what's this? Skyboy with soul? Some of Detroit must have rubbed off on him...New Adds: Jet. 'Renegade' seems very strong. The more I listen, the more I like. A real contender. Glad to be a part of the Thirdcast family. And to Rich Piombino, Tom Kay, and John Grady: Stop the pressure. I mean, three against one. C'mon...More new adds: Ozzy Osbourne comes out-of-the-box and straight to the tables. We still get strong calls for 'Crazy Train', so this new one is a natural for us. Good timing for both the artist, the label, and the listeners...Also added this week: Steve Miller's 'Heart Like A Wheel'. It was our Smash or Trash record last week. It ended up with 50/50 response. But after 4½ years, I'd say it's a positive...Incredible phones for: Quarterflash; Michael Schenker Group; Greg Lake; Kinks, 'Destroyer'; and back again this week as #1 requested, the Police--the hottest requests in town is #1 in sales, yet, the competition still isn't playing the damn thing. I haven't tried it, but apparently it doesn't sound good over the phone, but I guess that's our advantage... Personal to Dave: Stereo One-O-Nothing. Remember, Mediatrend is Mediatrend, Arbitron is Arbitron. Last Book in total diaries, we beat you combined 6.4 to 6.3, and we now possess an aggressive, hard-hitting P.D. who I feel will continue to keep us on top...Considering: Nils Lofgren...Just got the new J.Geils, and it's another hot one. We're going with: 'Freeze Frame' and 'Centerfold'...Craig Lambert was in town. Needless to say, I just recovered...And to Mike Meyer of WRIF: That video of 'Twin Cities Beat' is in the mail. Say hi to the rest of the gang for me...Finally, DVC was in town and played to a sold out show. Rickie and Wicky from Alfa, thanks for all your support."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Some interesting tracks on the Lindsey Buckingham album. I'm still mostly attracted to the single at this point. It's kind of fun to listen to...I guess I'll find out if the Quarterflash record is really there or not in the next few weeks. I wonder if the audience thinks it's a new Pat Benatar single they haven't heard...Grand Funk Railroad may have to start all over again with a fresh audience. But since they did it so well before, they probably have the moxie to begin to pull it off again...Curiosity phones on the Greg Lake album. It's gonna take a few more weeks till the audience recognizes this is Greg Lake because the style is different from the pomp rock they're used to...Considering: Neal Schon/Jan Hammer."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Listened to the Neal Schon/Jan Hammer album. The cut is 'I'm Talking To You'. Now I UNDERSTAND why Neal was asked to join both Santana and Clapton's band when he was 16...The department of redundancy compels me to mention the Joan Armatrading album. It's been glued to my turntable at home. The entire first side is strong, and 'Love' on the second side has emerged as my favorite...We finally relented on the Jet album. 'Night Night Night' is one of those tunes that after you hear often enough it rattles around in your head, whether you like it or not...Getting phone response on: Garland Jeffreys..."...FROM THE QUIG: "Michael Picozzi co-hosted a new TV show in Philly called 'Dancin' On Air'. He's also going to host a week of movies on TV in November...WYSP's Sight and Sound Director, Cyndy Drue, has been on the road with video shows at local retail outlets. And, a video dance party happens next week featuring video from Atlantic Records (such as Stones, Zeppelin, AC/DC, and Genesis). Thanks to: Atlantic's Frankie Sciarra for his help...WYSP will be sending two listeners to Bermuda over the Bermuda Triangle in a Martin Briley 'Fear Of The Unknown' promotion."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Every once in awhile, this Music Director goes through a period of self doubt. It happens when Bill Hard picks a record as a Hard Choice that I think really sucks. It happens when stations all around me are playing the shit out of mediocre product or when MD's and PD's rave about albums that, to my ears, are less than amazing. It also happens when everyone else seems to be missing the boat on a particular song. It's all happening now over a few records. First on the list is Lindsey Buckingham. With the extensive airplay that the single will undoubtedly receive (we'll be using it as a relief cut), it'll no doubt be a major hit. As for the rest of the album--well, I may be risking being called an asshole by the hordes of Mr. Bill supporters, but I can't believe it actually made a Hard Choice this week. (Even if it was a less than enthusiastic choice, Bill.) Although I felt for a long time that Buckingham is one of rock's most underrated guitarists, I have to say that his talent is not in evidence on this album. Does everyone out there love the record? Please tell me it's a big joke, Bill...Album #2 on my hit list is Quarterflash. The hype machine has been working triple overtime on this one. Sure, Rindy's a talented lady. It's nice to hear the violin being used, and the songs are pleasant enough. But to my ears, it's not worth all the fuss...Album #3 is 'King Cool' from Donnie Iris. I have nothing against this record. Donnie writes some great songs. However, 'Sweet Merilee' is not the song that will break this one open. Even with a major push, 'Merilee' will barely be a mid-chart single. But there is a song on this record that could be a #1 smash: 'Love Is Like A Rock' is one of our hottest songs right now. It's got a great Donnie Iris hook, chant-style vocals on the chorus (a la 'We Will Rock You' and 'The Stroke') that one can sing along with almost immediately, and a title that just about any station can tie in with. I mean, who isn't calling their station ROCK106 or ROCK97, etc.?? I've only seen one other person mention this song in print and that was Mark Miller at WWCK. Apparently, his audience is reacting the same way as ours to that cut...Here's an open question: Does anyone out there, besides me, like 'Let Me Go' by Jack Green as opposed to 'One On One'?...Albums expected before the end of the week that will probably be adds: Loverboy, J.Geils Band, and Ozzy Osbourne...Ozzy's guitarist Randy Rhoads will be the big guitarist to watch in the 80's. Remember you heard it here first."

EDITOR'S NOTE: "Dear Bob: If you re-read the pick, you'll realize it was a most enthusiastic endorsement. I hope your concentration was better when you listened to 'Law And Order'. As stated on the Front Page, I think there is a lot more depth to the record, but when you consider the number of one-cut wonders doing well on your station, what the hell does the rest of the album really matter to you? Obviously you're in a pissy mood and want to help my quarter page maintenance with a little controversy, so I'll be happy to dance. When pros like Dave Benson, Joe MacCabe and Larry Bruce agree with me, I say listen again to 'Mary Lee Jones', 'Johnny Stew', and yes, even 'Bwana.' Take two Midol, and call me in the morning. Besides, with Hard Choices like Martin Briley, Jon and Vangelis, John Hall, Jack Green, Rick Springfield, Chilliwack, and Red Rider on your station, please cut me some slack...Regarding Quarterflash, thank God the so-called Hype Machine is working triple time. These days so many people are ready to take shots and jump ship after three weeks play that this degree of reinforcement is what it takes to bring a record home (and in this case, we're talking homerun. Write that down). Hopefully, the result oriented comments relating to calls and sales will turn you around...And on the Iris, I agree. 'Sweet Merilee' sounds too much like the Association...Bob, love ya and don't ever change. You're beautiful. Lunch next week?"

WBCN, BOSTON, MA M.D.-MARC MILLER: "Well, I had a wonderful vacation. I'd like to thank: Harvey Leeds and everyone at Epic who made sure I didn't get lost in the Big Apple...Meat Loaf put on an amazing private show in Westchester. If he's coming to your town, hide your children, but don't miss it...Even as we speak, I'm listening to the brand new J.Geils album. In a word--incredible! There's one cut that sends chills up my spine called 'Do You Remember When'. It's simply beautiful, and the rest of the album is a killer...Also new today is the David Bowie/Queen record, which is also a wonderful piece of vinyl...And now for a new feature. Karla's Korner: Got a sneak preview of the Cars new album 'Shake It Up'. It's wonderful, and you will not be disappointed one bit...Listen to the new Romantics single 'No One Like You' and tell me you don't hear it...Saw Earth, Wind & Fire in Portland, Maine last night. Everready energy. Thanks to: Tom Lanzilotti for that, and the Blimp is still #1 in Maine...Now back to Marc: In other news, the Elvis Costello album will have you crying in your beer for weeks, but it's beautiful...The Police album is still #1 in airplay here. A true solid smash...Love the Rainbow single 'Jealous Lover'. It should be a hit for them...The U-2 album is a killer. If you liked the first, you'll love this one...Well, gotta run and listen to the rest of the 5,000 records that came in today."

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "I'm happy to announce the following lineup for 97FM: 6-10AM, Dave Otto (KZZP, KOPA); 10AM-2PM, Paul Riann (KLLO, KBPI); 2-6PM, John-Boy Bryant (WKLS, WKDF); 6-10PM, Catfish (KULF, KRBE, KILT); 10PM-2AM, Lauren Valle (KILT); 2-6AM, Mike Cavie (KRBE, KMJQ)...Part-time: Bob Ford; Charlie Scott; ex-PM drive jock, Bill Moffatt will move to off-air Production Director...I'm extremely pleased to have such a fine air staff and appreciate very much all of the interest from people in the industry...Lindsey Buckingham is great for the people who liked his self-indulgent cuts off 'Tusk'...Tommy Tutone makes it to KSRR behind '867-5309' and the sales record of the first release here in Texas...Greg Lake is pulling real decent phones, and we added 'Love You Too Much'...Mayday doesn't look like it's going to have a long life...Quarterflash is a smash...My personal fave on John Hall is 'Somebody's Calling', but I'm going with the national concensus cut 'Crazy'...Considering: After much deliberation, I went with the Rod Stewart single since there is no Top 40 rocker add in the market. With the mass appeal avenue open to us, records like that have to be considered...Survivor seems to be developing fairly well."

WQFM, MILWAUKEE, WI M.D.-MIKE WOLF: "The shock of the week had to be the release of the new single by the Steve Miller Band. I had no advance warning on this one, and many people close to the situation had said that Steve had lost his creative desire and had more or less given up on making new music. So the new 45 is, indeed, a pleasant surprise. It shows him to still be in good form...Another 45 of note is the new Ozzy Osbourne, which I predict will go over here just as big as 'Crazy Train' and 'I Don't Know'. I'll admit I did not like the song on first listen. The hook doesn't pop up until the second part of the song...It's nice to see that Polygram released the Rainbow Ep stateside. We've been playing 'Jealous Lover' off the import for four weeks now, and it's developed into one of our hottest request items...The Romantics have rebounded from what I thought was a lackluster sophomore effort and released a scorching third album. 'No One Like You' is the kind of power pop song that should cross to a wide range of demos...Quarterflash sales and calls have developed faster than most debut albums after only a week's play...On Greg Lake, lots of people enjoy the fact that he has stepped out, and seem to also recognize his voice...Moved the Bryan Adams up in rotation...Added another track on Michael Schenker. Strong retail activity. Seems now that 'Are You Ready To Rock' is emerging as the lead track."

KLLO, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "Our #1 requested song this week, thanks in large part to Don Berstein, is 'Jealous Lover' by Rainbow. It's about time Jolin Turner gets some of the attention he deserves...I have three favorite pieces of music this week: #1 Jack Green's 'Reverse Logic' is better than 'Humanesque', with about 3 or 4 great tracks on it. #2 is Lindsey Buckingham's 'Law And Order'. Though 'Trouble' is my favorite, there's lots of good stuff on the album. And finally, a piece of creative genius by Queen and David Bowie. Individually, they're two musical trendsetters, together they're stunning...To Robin Wren: I hear you're actually coming to visit. Is it true?"

WGRQ, BUFFALO, NY M.D.-PAUL HEINE: "Just heard four songs from the new Loverboy album, and I'm knocked out. Radio will find plenty of cuts to play, especially 'Working For The Weekend' which is destined to be a Winter rock and roll anthem. 'Lucky One', 'Gangs In The Street', and 'When It's Over' are my early favorites. A lot of bands would like to be the next Loverboy, but how many of them can deliver the goods like Loverboy does? They have first rate material, red hot licks, sterling production, and it's all delivered with a hard-driving edge...Genesis jumps to #1 in retail, Police locks up #2, and Foreigner checks in at #3. Seger and Stones round out the top 5...Buffalo is a huge Genesis town...We're seeing light sales on Steve Hackett, so that goes in this week. It's melodic, well-crafted, and very catchy...Thanks to Billy Squier for stopping by 97 Rock and explaining his craving for brown M&M's...The September Birch Report showed WGRQ #1 again with a 14.4, four points ahead of the #2 station in the market. WZIR is still in the toilet with a 2.1. The truth hurts, Ed...Seeing consistent top 15 sales on Devo. They are coming to town, and the show is selling fairly well...Getting some good calls on the Greg Lake and, with Reagan's most recent comments about nuclear war in Europe, it's perfect."

KGB-FM, SAN DIEGO, CA P.D.-LARRY BRUCE: "Lindsey Buckingham is a record that I enjoy very much. The single is destined to go far--a great song. I'm still searching around for a killer second track...An excellent effort from Greg Lake. I was originally put off by the combination of beautiful vocals and hard rock music emphasis, which did not gel for me at first--but now it's growing on me...The Schon/Hammer is a strong record for us. Hot phones on 'Wastin' Time'... 'Shadows On The Road Ahead' from Tommy Tutone is a classic song. Phone response is good; air staff loves it...Quarterflash's Rindy Ross called me. She's a marvelous lady, definitely on par with her great record--top 5 in my book anyway...The John Hall is getting good phones and beginning to show glimmering sales response--but it's early...I think the Devo is a real record! Getting some phone negs ('too weird'), but an equal number of positives...For all our friends who have been trying to get us on the phone, Judy remains ill with the flu but we expect her to be back next week. If I didn't return your phone calls, I apologize. We both hope to talk with you next week."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the Week: Ozzy's 'Flying High Again'. I should say so. Fueled by last year's gold, Ozzy produces the hottest track of his career. There's also talk of the most elaborate support tour package ever, indicating that Oz will blow right down the yellow brick road... Steve Miller is better than the talk I've heard around the country. After five years, it seems most radio people have their expectations too high. Remember, Steve Miller records are always simple hits and, once our expectations are quelled, it will go past our projections...On the other hand, the Knack have tried too hard to exceed our expectations. 'Round Trip' is actually a case of reverse psychology. They went further than any of us would have expected in hopes of meeting us in the middle. Punctuate that right, Bill, or it will read like shit...I had the pleasure of hearing the Cars 'Shake It Up'. The '81 model is in the Lorean league. The 'Queen/Bowie' collaboration is what pop music could be--if intelligence were a factor. I mean, if Val the chimp can change oil, he could probably groove to this...The production on the Lindsey Buckingham album version of 'Trouble' is much better enhanced than the 45 DJ's, so listen for that... J. Geils just arrived with 'Centerfold'--giving me my first freeze...Finally, to settle the argument about Drake and Prince's shower routine, Drake does the lathering and Prince is the towel man."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Hey, Skyboy, can you say sausage, big fella? Jack U off? Okay, the truth is finally revealed, so I'm Prince. Leave me alone, I need the extra bread. Being gay and black at the same time is real hard, but after a few sessions at the Michael Jackson night school, I'm ready. And speaking of hard, how you doin', Bill?...Finally added the Go Go's. After extreme grief from Hard, Jon Scott, and Marko, I guess we'll go for it. (Besides, Plen could use the money for those new wave elevator shoes he's been saving for.) Gene Simmons has some he'll sell ya cheap. I called the stores, and it moved 225 pieces last week alone in Dallas, so if you're still holding out, keep holding out!! I was forced on it and, frankly, I'm still pretty mad...Added the Ozzy Osbourne Ep. I hear Ozzy will bite the head off Prince in a special Kal Rudman/Merv appearance, to be held in Vegas soon...Vic Vergat? I forgot 'Jack U Off'...Kix, Survivor, and Sneaker, increased rotation on-the-way soon--after a few of the stiffies on the list die and make room...Thanks to Quarterflash's Rindy Ross for the nice collect phone call. Next time ask for me, hon; the name's Drake, not Dereck. Jack U off...Upped play on Donnie Iris. The album is a reality, now get those soft contacts for the tour, toots."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Just got the J.Geils in--a good album, especially the first three tracks. Definitely, 'Piss On The Wall' is gonna be talked about a lot...Greg Lake is already getting some curiosity calls. 'Nuclear Attack' is the primary track, but the next two are okay, too...Already some early sales out of the North Bay Area on the Mink DeVille. He definitely has a cult in the area, and the album sounds real good on the air...Continuing steady sales on Devo. Most of the calls still centering on 'Working In A Coalmine'...Still steady sales on the Go Go's--some phones...Still phones for John Entwistle's 'Talk Dirty'. Sales are tapering off. I believe fans have already bought it--now we'll start to feel reaction due to the quality of this record...Rod Stewart's single sounds stronger and stronger every time I hear it...Still some phones for Steve Hackett from the Genesis people--some sales from the cult...A few phones from the heavy metal audience for Riot--mentioning Scorpions and Iron Maiden in the same breath...Still steady phones on Rossington Collins, but not getting that much reaction outside the Southern rock fans...Michael Schenker Group still maintaining heavy sales and pretty good phones. Right now, 'Looking For Love' seems to be the track...Police still Top 5 sales...Other Retail: Triumph is doing pretty well, helped by concert spots promoting the show this week...Little River Band is starting to show a bit of increase due to more rotation for the single...Considering: Gary Myrick."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds For The Week: Ozzy Osbourne and the Steve Miller single... So someone at Capitol finally found Steve Miller!! 'Heart Like A Wheel' is obviously not a record it took four years to make, but it does the job--i.e. it tells the audience that the Jocker is back. Rumors of a side-long rap song on the Lp have me wondering what to expect...Sales Story: Rolling Stones, Journey, Genesis, Foreigner, and Bob Seger are Top 5...Police is the big gainer...David Bowie and Queen's collaboration provides the most interesting record of the week. 'Under Pressure' sounds like four or five different songs. The mondo production number that may turn into a love/hate airplay tug-of-war...Lindsey Buckingham's Lp also garnered a lot of listening the past few days. I think the guy is a renaissance rocker and a true star of the Fleetwood flock. It may take some time to get tuned into Lindsey's wavelength, but when you do, an awful lot of pure rock and emotion runs through your veins. It's addictive. I think it's a great record."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Let's make this short and sweet. Thank you: Capitol Records and Red Rider for a great show at the 5th Floor in downtown Cincinnati...And speaking of radio shows, we'll soon have Novo Combo at the same studio...Real good to see John Hall back in the grooves. 'Crazy' is a great song...Already a lot of excitement over Greg Lake. Very curious phones...New Albums: Just heard Pete Cetera. Check out: 'Living In The Limelight'...I heard a taste of the new Ozzy Osbourne--sounds deeper than his first and just as wild."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Requests: #1 Triumph, #2 Billy Squier, #3 Quarterflash, #4 Rolling Stones, #5 Genesis...Sales: #1 Rolling Stones, #2 Foreigner, #3 Stevie Nicks, #4 Journey, #5 Moody Blues, #8 Police, #9 Quarterflash...Portland is indeed proud of Quarterflash and the acceptance the record is getting nationally. KGON and KOIN-FV are presenting a simulcast tomorrow night with Quarterflash...Tonight there is a Loverboy listening party for the new album. We'll be giving away a trip to Reno for two to one of the invited guests. The more I hear of 'Get Lucky', the more I like it. Even more powerful than their first. Loverboy rocks!"

KYYS (KY102), KANSAS CITY, MO M.D.-JOE MACCABE: "On first listen, I thought the Lindsey Buckingham single was a little light but now I'm sold on that one. The rest of the album sounded bizarre on first listen, but now I find it really enjoyable. My strategy is to pound the single, break the album-and then spread the cuts...Quarterflash goes right into heavy. No sense in waiting to play a hit. 'Harden My Heart' is the most infectious sound I've heard in quite a while...Requests on the Greg Lake already coming in as predicted--at least two more cuts down the line on this album...More metal madness from Ozzy. Think we'll get any requests for it?...Survivor building nicely. We were a bit slow on reaction and were getting concerned, but now it's building nicely--after 7 weeks...Would like to see more regional airplay on Bryan Adams...Increased play on Chilliwack this week. Everybody has been saying it's a hit and they're right...Considering: Loverboy, J. Geils...And to Drake Hall: Love yer poster that accompanies the Prince Lp. I was wondering why you were so intrigued with the Vic Vergat cover. Sign and send one to that mooch Marko when you get a chance, big fella!"

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "The big records are pretty much obvious, but after the top 6 or 7 the sales drop off 50% or better...The Rossington/Collins is not doing near as well for us as we expected--selling well, but not super strong...Police is taking off very well. I had my doubts about this record because it sounds so progressive, but it's #5 in town this week, #6 in sales...Diesel is starting to level off. Phones are still there but they're coming from Top 40 crossover listeners... Added Kix this week. I have some doubts but it seems to be doing well where played. Sounds like a teen anthem...Adding Quarterflash on the strength of what we think it will do, Top 40...Good phones on Chilliwack. Light sales so far...Red Rider sales finally starting to catch on. Top 1 or 2 phones, to Top 25 sales...A few phones for Grand Funk. Sales are slow. We've changed from 'Y.O.U.' to 'We Gotta Get Outta This Place'...A few phones for Mayday--little better than expected for an unknown band...Considering: Excited about the Loverboy, J. Geils. Ran a test this morning on the Queen/David Bowie and it came up 60% negative--but I like the record myself!"

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "What's the best country record to come out of Nashville in years? Elvis Costello And The Attractions. 'Almost Blue' proves to me that Elvis can do a damn good job on the kind of music he feels in the mood for. Hope to see our AM station, which is country formatted, adding this one...Got to see the Jim Steinman video last week. An excellent piece of production. It's good to see record companies using videos to help promote their product...Retail: #1 Stones, #2 Foreigner, #3 Stevie Nicks, #4 Police, and #5 Dan Fogelberg...Tested out the Quarterflash for sales this past week. It seems to be taking off in the stores that have the record. For being around for such a short time, it's doing quite well, especially for being an unknown band in the Denver area. We'll be watching for more gross in the retail area on that record...Another record doing real good in the retail area is: Shooting Star! It came out #8 overall...Adds: (again this week) Genesis and the Kinks...Light snow is beginning to fall in Denver."

WCOZ, BOSTON, MA M.D.-TED EDWARDS: "One of our two adds at WCOZ this week is: the Rainbow Ep. Actually, we've been on the song 'Jealous Lover' for about 12 weeks now. It has been consistently one of the most successful songs on the radio station. If you haven't picked up on it as an import, check it out this time around. I believe it'll do you as much good as it's done us."

KPRI, SAN DIEGO, CA M.D.-LAURA WILKINSON: "As the dial turns, Sandi Bannister is no longer with us at KPRI. All of us are sad to see her go because of budget cutbacks. But she is a survivor and will land on her feet soon. You can reach her through us at the station. Her talent should not go unused. I have surfaced as Music Director. Fridays are music days, and I'll take calls 3-5PM Monday, Tuesday, Thursday, and Friday...Congrats to a former Loop cohort, Michele Robinson. Wishing you nuptial bliss... No movement to speak of except: Go Go's into heavy rotation; and added ARS and another Journey cut... Considering: The Knack (surprised?), Jack Green, Romantics (!), and Greg Lake...More to come, film at 11."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "'Lonely Nights' by Bryan Adams is a great rock and roll record. It so overshadows the rest of the album that I haven't had a chance to explore the whole thing in depth. But 'Lonely Nights' is on, and I'm very enthusiastic about its potential...As far as the Knack album goes, who cares?...Still not convinced on the depth of the Lindsey Buckingham album, but there's no doubting the single...I'm gonna give the Jet album a shot this week. I think 'Stranded' may do something, and I'm anxious to see Thirdcoast in action...The Greg Lake has pulled calls already. Still too early for any kind of retail...Steve Hackett is selling pretty well for a relatively unknown artist...We're having good success at night with 'Goblin Girl' by Frank Zappa--as the big day grows closer this tune will become relevant...It appears that 'All The Way' from the Kings is gonna have a tough time going all the way. We've switched cuts to: 'Equal Noise'. Quite possibly The tune for album radio. If you're worried about 'All The Way', I suggest you switch...The Entwistle isn't doing badly at all. However, I still like 'Sleeping Man' over 'Talk Dirty'. Increased play this week...Police #7 retail this week. I cannot believe some people are still resisting that and the Genesis...Chilliwack is pulling very good phones, but the album is not selling as of yet...Rossington Collins continues to sell at #15. However, I get the feeling that if a top track does not appear within a couple of weeks, there may be trouble... Retail slipping on the Benny Mardones...By the time you read this, I'll be working very hard on the beach at Waikiki. Amy will be taking music calls this week. Aloha!!!"

KZAP, SACRAMENTO, CA M.D.-JON RUSSELL: "The Stones were excellent. I got to see Mick and the boys finally, after all these years, and the show was excellent. I've just never been in the right place at the right time. J.Geils and George Thorogood were a perfect complement to the show, which made it that much better. The Stones might have played at the Old Waldorf Monday night, a club in San Francisco which seats about 400, but it was leaked in the paper--so no go. Hopefully, when they come to your area, the media will remain tight-lipped so maybe a few can be treated to the club show. And thanks a million to our friends at KOME in San Jose for a good job on reporting the event. It saved me, personally, a lot of parking hassles...Finally, the KZAP Mystery Search of the Universe Tournament is still on, and judging from most of the guesses, this could go on forever, which is great because it seems to have the whole town talking."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Joke of the week: Steve Miller single. After waiting four years, I feel like an 80 year-old virgin who was promised a half hour with John Holmes but instead got Drake Hall for a whole day...One more quick question: How long can I justify keeping my favorites on the playlist when it's evident to me that they're not going to work? That's why Neal Schon/Jan Hammer, Steve Hackett, Riot, Novo Combo, and Benny Mardones are all in trouble here...I heard the new Knack yesterday and couldn't wait for the needle to reach the label...I love the J.Geils tune 'Centerfold'. It goes into heavy. But since when did Devo start playing backup on their albums?...And speaking of strange, what planet has Lindsey Buckingham been hiding on lately?...Finally switched cuts on Donnie Iris to 'Love Is Like A Rock'. I know there's viable material on this album. We'll find it sooner or later...Quarterflash is becoming a big surprise--one of those toe-tappers...Liked what I heard on the new Loverboy. 'Working For The Weekend' and 'Jump' are real fine...The Ozzy Osbourne is a solid follow-up, and an instant add...I'm worried about the Rossington Collins. Still not hearing it and wonder if anyone else is. Thanks to: Tony Smith, Nazareth, Joe Perry, and Vic Vergat for their concert efforts over the weekend...Also thanks to: Linda Baker from Warner Bros. for the Steve Martin phone-in set up."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Off to see the Yanks kick ass, so I'll keep it short. Some celebrating at WLIR is in order. Our evening DJ, Ben Manilla, received an Armstrong Award, the Oscar of radio, for his tribute to Jim Morrison called Road House Blues. We're pleased as hell. Ben's work is top notch, and it's about time he copped the Armstrong Award...One of the most amazing songs ever just walked in the radio station today. It's Bowie and Queen's 'Under Pressure' and it's simply amazing. On first listen, it hit me a lot like the first time I heard 'See Emily Play' or 'Strawberry Fields'... Thanks to: Billy Squier for a great interview. Success has not spoiled the boy...The more I listen to the Cockburn, the more I like it...Best of luck to: Pam Merly down in Philly at WYSP. Look out, Joe!"

WSYR, SYRACUSE/UTICA, NY M.D.-TOM NAST: "A heavy week for music. The Ozzy Osbourne single was a great sample of what's about to be released in the album 'Diary Of A Madman'. Ozzy played some cuts from the new album for me in Utica a couple of months back, and the album is going to be a killer. I bet even Tom Starr will agree with me on this one...The Romantics' third effort is very impressive. They've added a heavier edge to their sound, and I can see instant phone response already...Any station that's into rock and roll guitarists has to consider the Vic Vergat record...About time Polydor put the Rainbow 'Jealous Lover' cut out domestically. That cut has been a great phone grabber from the beginning...Top Sellers This Week: Journey, Rolling Stones, Genesis, and Benny Mardones...To all the stations that are holding out on Benny, I hope you all get herpes. Thanks to Benny for the great phoner; and also to Nils Lofgren for the great phone interview...Don't ever party with Terry Dyne 'cause he's too crazy."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "We're waiting for the Stones to come in this Saturday and Sunday for two sold-out shows at the Tangerine Bowl with Van Halen and Henry Paul. The excitement level of the city is awesome! This must be comparable to nothing else in the business except for Beatle appearances in the mid 60's...We'll talk about that next week if we're still alive...Added the Hooligan's this week, and some people seem to think it's a new record.

In regards to Quarterflash, does anyone else remember Private Lightning? I didn't think so... Using the Book of Rock lists for trivia on the air here. Some great lists to spice up giveaways... Loved Drake's joke last week. Actually, Drake--you can't fool us! You moved to Texas to be closer to Longhorns! Ah! Moo! Ah!...Finally found some room for Novo Combo. I like it better than anything on the new Police album!"

WTUE, DAYTON, OH M.D.-JIM KINNEY: "Loverboy!! 'Working For The Weekend'! Once in a great while, you hear a tune that after a mere 10 or 12 measures makes a smile go from ear to ear, and you look at the local rep and say, 'When is the first possible second we can get this mutha on the radio?' If this tune doesn't make your feet move, you ain't got soul. Also check out: 'Jump', 'Watch Out', 'Emotional', 'It's Your Life', Side One and Side Two. A definite add for next week...This week we put in: Ozzy Osbourne single; Lindsey Buckingham; J.Geils; and a local group, Dale Walton's Second Wind. This guy's got potential plus. Just ask John Kostick...The Geils album is different. These guys are a well-seasoned band. Over the last three albums, they have been improving their sound. I don't have to tell you what they can do live. 'Freeze Frame' and 'Centerfold' are the immediate standouts...Bobbin Beam: I never met you, but I love you. Great comments from two weeks ago...Six albums took major jumps this week in sales: A real nice surprise from John Entwistle; Chilliwack; Red Rider; Quarterflash; Survivor; and, Little River Band...Foreigner moves back to #1...Stevie Nicks, Dan Fogelberg, Stones, Journey, Genesis, Triumph, Bob Seger, Police, and 'Heavy Metal' round out the Top 10."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "The Steve Miller Band single is a very pleasant surprise. It seems that Steve Miller has met the 80's without having left the 70's. Response is already very positive... The Climax Blues Band album is growing by leaps and bounds, and I'm curious to see, Bill, how many stations are on this record. I think it's a fine album through and through...The Chilliwack album is burning up the phones. I haven't seen requests like this since 'Start Me Up'...A suggestion to all open-minded programmers. Take out your Harlequin album again and listen to: 'Thinking Of You'...The Streak album has all the elements that made Toto a smash and we anticipate adding that next week...The Knack is a really good album. I just wish they would change their name...Ramblings at the radio station: I'd like to thank: Garland Jeffreys for coming up to the studio. He helped draw our 5 winners who are going to Orlando, FL to see the Stones. Talk about your basic cross promotion. He put on an excellent show in Raleigh, as usual...We have what's left of Little Feat coming in Friday night...And we're hoping to have Bruce Cockburn in town before too long...After the many requests at the record stores for the new Donnie Iris album, we've gone on: 'Sweet Merilee' and expect big things from it...Now a word about fashion. We're now in the cooler months, which means I can pull out my corduroy jacket. And my corduroy jacket is nothing without rock and roll buttons. Now my last button was for 'Zenyatta Mondatta'. Let's get on the stick, guys. Don't you want your MD's to be well dressed?"

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "'Freeze Frame' wins the excitement of the week award. It seems as though Justman has truly put the band's talents to the test, and the new J.Geils album is their most challenging to date. We're into the title cut, as well as: 'Centerfold' and 'Rage In The Cage'... Another in the 'brand new' vein this afternoon is the Ozzy 45. 'Blizzard' was very strong for us months back, and I've heard the rest of this new one which sounds even better...Other Adds Include: Romantics and Grand Funk Railroad. Both grabbing some quick phones...The search has ended--if you're a creditor, Bob Rivers is out of work and he'll stay that way. If you're looking for air talent, forget about it. He's our new morning man!...Bob Dylan plays Boston tonight. I hear Cooper's on keyboards, and we're really looking forward to the show...Finally, thanks to: Mavis and Jack. Rodney doesn't get it, but we do and we appreciate."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "'Trouble' is definitely the standout cut on the Lindsey Buckingham album. The rest of the album is a bit of a disappointment, especially coming from someone who has done some great rockers on Fleetwood Mac albums...Rosie is a local band who won a national Battle Of The Bands contest, the prize being a 4-song Ep. The band is shying away from the 'heavy metal' term and calling their music 'precious metal'...We had great response to the first Rose Tattoo album, and the time is right now since the major releases I added last week. 'Rock And Roll Is King' has a melody...We have to stroke our local Warner Bros. man, Larry Bole, for his going above and beyond the call of duty with instore questionnaires printed out of a full 6-page report on the Rickie Lee Jones album. Granted, the majority of people buying it are listening to rock radio; however, I still question the artist's acceptance by the entire listening audience. The record sticks out like a sore thumb. Therefore, it'll get limited airplay, i.e. late night...On the new Schon/Hammer record, 'I'm Talking To You' sounds very similar to the hook that made George Harrison's 'Isn't It A Pity' a hit. Those who still believe it might be a bit esoteric need to be reminded of the success of Harrison's early solo efforts...On the Jack Green, I don't think 'Reverse Logic' has the strength of the last record. However, it could pass for a Keith Richard solo and that has some strength...Ozzy Osbourne's a natural. He still pulls Top 10 songs weekly...Hepped up about Steve Miller. We believe the guy can't write anymore, and his vocals are off-key on the song. His history must be acknowledged, however, and we'll let the audience decide if the record stays."

WBRU, PROVIDENCE, RI M.D.-JACK SCHWARTZMAN: "First, raves for the week go to: U-2's latest. 'October' brings the group a step closer to commercial acceptability without sacrificing a bit of their honesty and creativity. Great nighttime programming for those of you looking for some variety...The Knack's 'Round Trip' was a pleasant surprise. I had sort of lost the Knack for awhile, but this effort shows a willingness to expand, experiment, and discard old notions of image...Finally, the new Steve Miller single went out-of-the-box into the studio. I look forward to the Lp."

RADIO ACTION CONTINUED

WPMY/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "Any initial doubts about Charlie were cleared up with a positive response to testing 'Good Morning America'...Immediate heavy response to: Quarterflash. We're getting good phones on both the single and 'Find Another Fool'...All positive response to Greg Lake. Most of it, surprisingly enough, on 'Long Goodbye'...Face it, you can't ignore Steve Miller...Retail stars this week are: The Police, who have settled in Top 5 retail; Little River Band; Genesis; and surprisingly, King Crimson...There has been good phone response to: Vic Vergat's 'Breakaway'."

WPYX, ALBANY, NY M.D.-RON NENNI: "After almost five years, we finally have a new Steve Miller. What's this I hear about 'Macho City' being an 18-minute song on Side Two? C'mon, Steve, it better be psychedelic. Seems to be an air of disappointment with the single. What the hell you expect? He may not be as hot as he was, but we are getting terrific response to 'Heart Like A Wheel'. They really like it...The Lindsey Buckingham song 'Trouble' is definitely a hit, and the album grows on ya...Ozzy Osbourne has never lost momentum; and with the new single, they're going nuts...'No One Like You' is our track on the Romantics album...Gary Myrick has a decent following up here, and 'Number' sounds the best for us...Rainbow should do extremely well now that it's available domestically. 'Jealous Lover' is the best song they've done in years, and it's getting great listener response...The John Hall Band played in town last Friday, and it was one of the best rock and roll shows out there. I'm not talking lasers and lights. You can't sit down at their show. It's great fun. I still think 'Crazy' is a hit. Also, 'It Hurts' and 'Somebody's Calling' are terrific songs off the John Hall album. Thanks again, guys, for: 'Compared To What'...Hi, Abe...Jack, you're a wicked pisser...And John 'birthday boy' and Mavis: Luv yas. My better half will be there next time...Can't wait for: J.Geils, Loverboy, and the Bowie/Queen single...Rossington Collins Band made a terrific jump in sales, 27-12. It's finally kicking in...Police is now #2; Genesis #9; Def Leppard consistent at #13; and, Triumph Top 15 as well...We're seeing some sales on: Greg Lake, Michael Schenker Group, and Red Rider...We expect good retail on Quarterflash."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Last weekend was a hot one for music in this town. Thursday night, we had John Hall playing in a small club; followed by a soldout show Saturday with Foreigner and Billy Squier. Sunday night was a WCMF Club Night with Garland Jeffreys, who put on quite a hot show...Added This Week At WCMF: Michael Schenker Group, John Entwistle, U-2, Gary Myrick, Rainbow domestic Ep, and the new Ozzy single...Pleasantly surprised by The Knack's 'Africa'...We played the new King Crimson as a feature the other night, and it brought heavy favorable phone reaction...Over-the-counter dept.: Greg Lake debuts at #20; Steve Hackett #18; and, Marianne Faithfull at #29...Quarterflash receiving healthy phones...To Jeremy at WBRU: When is dinner, boychik?"

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Lackluster second albums are proverbial. When we introduced the first U-2 album to our audience there was genuine excitement, both among the staff and our listeners. The music was compelling and hypnotic! It was the sort of record that would not easily be followed. Fortunately, U-2 sounds as though they have matured and they've stretched their already distinctive sound. The new album is more dynamic. In short, it is even better than the first. From the reflective spirit of 'I Fall Down' to the rock 'n roll of 'Gloria', U-2's 'October' is superb...After providing American performers with some great songs over the years, Elvis Costello has done an admirable job of lending his inimitable style to some American classics. I wish he would spare us the strings on some of the songs, but otherwise, the new record sounds very good. We went on the import yesterday...Has anyone else enjoyed Frank Zappa's 'Dumb All Over' as much as I have? It's one of the best songs he's ever done!..Two exceptional local performances this weekend from Garland Jeffreys and John Hall. The John Hall album is really starting to pick up momentum here, and John's guitar playing live is breathtaking these days. We'd like to thank Garland Jeffreys for stopping by the station...It was a treat to see Jack and Mavis from EMI and to finally meet Mr. Brodey...From Eileen McKinnon: Novo Combo is clubbing it tomorrow night. Glad the early inventory problems seem to have cleared up. It's nice to be able to find records in the stores when you hear their great songs on the radio. We're looking forward to two Q104 shows at the Palace Theater (Happy 50th anniversary to us)! Devo and also the Tubes (enjoyed reading Dave Logan's comments last week about them)...Julie Rader informed the Q last week that Joan Jett's new Lp is done, completed, finished, and just waiting for a cover. We're without a doubt Joan's headquarters in the Northeast and all I have to say is give us a copy quick...Welcome to the airwaves young Tom Irwin, our newest DJ. I thought when John Cooper took over the reins at Q104 he'd realize we had the best staff in America. Well he still does--he just added to it. Tom brings such enthusiasm to this place we will be benefiting from his great attitude and willingness to do his best--and his best is really good...One final note: It was great to see the long drink of water from RCA."

KBLE, DES MOINES, IA M.C.-RON SORENSON: "Chicago's bassman, Peter Cetera, captures KBLE's coveted Golden Gilt award this week. Cetera's solo shows some real rock 'n roll show shoes. We like 'Livin In The Limelight', 'I Can Feel It' and 'Practical Man'...An act you ought to catch is The Act. We're on the import 45 and expect imminent release of the Lp domestically on Hannibal. The Act features Mark (David's brother) Gilmore on lead guitar but it's cut from Costello cloth with accessories like Graham Parker...Two Fleetwood Mac guitarists are out-solo this week: Lindsey Buckingham reminds me of Paul McCartney's first solo in that it doesn't quite sound complete...Bob Welch's RCA debut is much stronger than his last effort from Capitol. We like 'Imaginary Fool' and 'If You Think You Know How To Love Me'. From Lindsey we're on 'Trouble' of course, 'Shadow Of The West' and 'I'll Tell You Now'...If you get service from Progress out of Chicago or distributors from Cleveland, make sure you get the three releases from Canada's Sloth label, currently released in an 8 state area, serviced from those 2 cities. Shari Ulrich was lead singer with the Hometown Band, Valdy's 'backing' group; Claire Lawrence is a fine saxophonist and she produced all three records. Valdy is a fairly well known Canadian singer/songwriter. All these records are quite playable. We welcome the single from rock 'n roll veterans Steve Miller and Delaney Bramlett (on Cream records)--both of whom have been missing in action for too long...We're quite fond of the Sneaker Lp, produced by Jeff Baxter. It has a nice mellow Steely Dan/Doobies feel to it...Please note: Because of new postal regulations, address mail to KBLE thusly: KBLE 1170 22nd Street, P. O. Box 1143, Des Moines 50311...Adds: Knack, Steve Martin, Sneaker, Bob Welch, Peter Cetera, Lindsey Buckingham and the Act 45, S. Miller 45 and Delaney Bramlett 45. Also: Shari Ulrich, Claire Lawrence and Valdy."

WIMZ, KNOXVILLE, TN ASST. M.D.-DAN WALSTON: "As part of the spirit of Halloween and Rocktoberfest at WIMZ, we're taking part in the Powell/Jaycees haunted house. We're doing a live broadcast nightly, giving away t-shirts and prizes as part of public service to the Jaycees and also for visibility for the radio station. This will continue through Halloween night...Musically, I listened to the new Bob Welch album. Sounds to me like 'To Do' is gonna be the killer...Also, any rock and roll station who deserves the title 'rock and roll' should be checking out Vic Vergat and the tune 'Down To The Bone'. Good phones on it. It sounds like one of the better heavy metal tracks in a long time--right up there with Def Leppard's 'Let It Go'."

WROQ, CHARLOTTE, NC M.D.-JACK DANIELS: "Just heard the new J.Geils. It's definitely a good uptempo song, worth waiting on. It'll be a definite add for next week...The brand new Loverboy is also incredible. They were in concert last night with Journey. Looking at several cuts off that album. It should be in our hands today...Getting good response to: Vic Vergat. Definitely a nighttime earth dog tune."

RADIO ACTION CONTINUED

WYFE, ROCKFORD, IL ASST. P.D.-MAGIC: "I think we've added just about everything that any rock station would want to add this past week. Little tough finding room for it all, but every one of them is superb. My favorite would be the Ritchie Blackmore (Rainbow) Ep. 'Jealous Lover' sounds even better than 'Man On A Silver Mountain' has in the past. Phones are already quite positive. Looks like a real winner... Ozzy Osbourne certainly is timely with Halloween just around the corner, but we'd play this one no matter what time of year it is...The J.Geils album was well worth the wait. The whole album is very solid, but the standout track at this point is 'Centerfold'...Lindsey Buckingham takes some getting used to, but 'Trouble' has enough adult appeal to make it reasonably safe...Steve Miller 45 sounds good--not quite what I expected. I'm hoping the album will have a little more diversity...The Queen/Bowie 45 is probably the best thing I've heard from either Bowie or Queen in quite some time. I think that will be a real big hit...Bob Welch was standing on shaky ground for awhile, his last album being quite a disappointment to most of us in rock radio. But I think that's all about to change. Bob's new one cut-for-cut is probably his best solo album to date. The first cut on Side One sounds like a hit single, and yet it's rocky enough for any rock station...I'm also pleased to have added Quarterflash this week. 'Harden My Heart', while somewhat Benatar-ish, has all the goods...Top Ten Sales This Week: Y95 Homemade Album is #1, Stones, Foreigner, Police, Stevie Nicks, Bob Seger, Genesis, Go Go's, Dan Fogelberg, and Def Leppard...Top Five Requests: Y95 Homemade Album, Police, Genesis, Go Go's, and Def Leppard."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Due to the fact that I'm fighting a losing battle with a sore throat, I'll try to keep this week's comments short...Steve who? So Steve Miller's back after all this time. The single's bound to be big Top 40. I like it, and I'm looking forward to the album... The Bob Welch has some strong rock and roll. I'm glad to see he's heading back in that direction. His last few records kind of wallowed around and didn't do much, but he's more straight forward this time around...I very rarely make any negative comments in these pages, but I have to say something about the atrocious 'September Song' track on Lindsey Buckingham's album. Why was it put on the album? It's awful. However, the rest of the album is interesting. The more I hear 'Trouble', the more I like it. The whole Lp has a light pop feel with a touch of eccentricity. Besides the single, we'll try 'Mary Lee Jones'...Finally, three great Who tracks are readily available on domestic discs: 'Let's See Action', 'Join Together', and 'Relay' are too good to be obscure...If you haven't done so, check out the latest record from the Fools. They've been doing 'Talk To Loretta' during their live show for awhile, and it's fun to have it on vinyl...The Police shows up strongly in last week's retail. They came in #10...We're seeing phones for: Triumph, Greg Lake, Chilliwack, and Mink DeVille...Adds: Nazareth, Who, Bob Welch, Lindsey Buckingham, Steve Miller single, and Fools import...Conversions: Greg Lake and Quarterflash into Medium."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This Week's Adds: Greg Lake. This is a fine album as album radio has discovered in leaps and bounds. We've found that 'Love Too Much' and 'Nuclear Attack' are the early leads...Lindsey Buckingham has a strong single with 'Trouble'; however, 'Mary Lee' and 'Johnny Stew' as a backup power and accessibility warrant serious consideration...Finally, after the second album by The Knack, I can remember when radio sentiment was to nuke the Knack. But after listening to the new 'Round Trip' album, I really believe that they'll refuse to let that happen again. The song 'Africa' jumps out and grabs you over the air."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "Not a very busy music week here. Just a few adds to mention: Bob Welch, with his best overall album since 'French Kiss'; the Romantics with 'Strictly Personal'; and, the Iron City Houserockers, who are just what their name implies--a bunch of guys from Pittsburgh who'll have the plaster falling from your ceiling if you're not careful...We also gave Quarterflash the boost they deserved by moving them up to a heavy rotation."

KZIP, AMARILLO, TX P.D./M.D.-DALE MILLER: "Adds: Romantics, Sneaker, and the Steve Miller single...John Entwistle moves from Medium to Heavy...Devo moves from Medium to Heavy...Charlie moves from Light to Medium...Top Five Sales: Rolling Stones, Foreigner, Grand Funk Railroad, Stevie Nicks, and Dan Fogelberg."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "This week's adds: Genesis, Greg Lake, Nils Lofgren, Quarterflash, and the Romantics...It takes a while to get into Genesis' 'Abacab', but I think it will hold up over time, more than some of the instantly likeable stuff from Duke, which sounds pretty burned out...The Romantics have distilled everything on their album into one full-throttle rock sound, and it works. Mike Stone and Mike Chapman know how to mike drums. 'In The Night Time's' heavy metal feel may serve to divert attention from the band's past image, but they have always been mainstream rock and roll in my book...Which brings me to the Knack, which we're not currently playing. I wonder whether this group can escape the past. The last album should have been titled 'Forget The Knack', but the new one, 'Round Trip', (or is it 'Revolver') isn't that all bad. 'Boys Go Crazy' and 'Lil Cal's Big Mistake' are very airworthy...Finally, we've upped the Go Go's 'Our Lips Are Sealed' into heavy airplay. If you've ignored this record on account of image, why don't you go into video and get out of the business?"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Congratulations to Red Rider for their success on their new album. The promise that was shown on the first Lp has finally come to maturation. By the way, if you listen to the lyrics to 'Fringe', you realize that it's a fairly heavy song...Genesis is doing very well out of the starting gate. It's great to see such good response to a fairly innovative album...Too early for reaction on John Hall, but it's getting play throughout the market. 'Crazy' is a real trucker of a song, and it just keeps moving."

WRAS, ATLANTA, GA M.D.-DANE VENABLE: "Adds: U-2, Benny Mardones, The Knack, and the Romantics...Increases In Play: Joan Armatrading and Donnie Iris...Drops: Rickie Lee Jones, and the Kings...Five Most Played Songs: 'Spirits In The Material World', 'Around The Dial', 'Through Being Cool', 'Abacab', and 'Neighbors'...Considering: Ian Dury and Sneaker...I finally figured out the question to the Question Of The Week. My song is 'Philadelphia Freedom' by Elton John in which I thought he said, 'A piece of Mama my daddy never had'...Journey and Loverboy played to a soldout crowd last week. Whew! Good show, gentlemen. No matter what anyone says, they're excellent musicians...I don't think the new U-2 record measures up to their first; but as well as their first did here, we're going to give it a real good shot... The Rolling Stones are finally coming to Atlanta--I sure hope I get tickets. However, if I don't, I am also a certified arcotics agent and I hear that Keith Richard hasn't had a blood change this time around."

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "U-2 has landed with another fine album. This band is certainly one of the freshest music makers around. 'Gloria And Scarlett', for starters, will prove this band was not a one-Lp sleeper. Wake up, U-2 has landed!...Oh, and finally a 'Jealous Lover' Ep. Rainbow's hot item for the radio that gets requests...Also this week, Peter Cetera's solo venture sounds a bit like Journey the first time around, but Pete's work as bassist with Chicago will set him apart from the crowd. 'Feel It' with Carl Wilson is lively, and 'Practical Man' should attract Chicago fans... Rock Games begin November 2nd. More on that later. Besides, we should be celebrating 'New Traditionalists' week soon enough...King Crimson instantly became a heavy favorite here this week. All it took was a little discipline and it debuted #6 in just six short days...Mink DeVille has made a few upward moves; along with John Hall, which we're crazy about...Mike Love's 'Looking Back With Love' is certainly a homerun...This Week's Adds: U-2, Lindsey Buckingham, Rainbow Ep, Bob Welch, Ian Dury, The Knack, Peter Cetera, and Tangerine Dream...Roy R.: Where are you?"

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "D103 adds this week include: The Knack and Lindsey Buckingham. 'Africa' from The Knack tested very well and has received surprising phones after only a few days' play. I personally feel that it's a strong comeback and shouldn't receive the hands-off treatment that the press gave them the last time around. Spend some time with Side 2...The John Entwistle moves up this week. 'Sleeping Man' still sounds best to my ears, although 'Talk Dirty' is the obvious attention getter...On top of the sales chart this week: Police, Foreigner, Dan Fogelberg, and the Rolling Stones in that order...Genesis and Steve Hackett made impressive jumps over last week...Suggestion for a cool Fall night: A warm body, a glass of B and B, and Joan Armatrading singing 'The Weakness In Me'. Absolute nirvana."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Who, Steve Miller single, Survivor, Lindsey Buckingham...Heavies: Foreigner, Police, Dan Fogelberg, Genesis, Rolling Stones, Journey, Chilliwack, Quarterflash, Rod Stewart, Donnie Iris, Red Rider, Stevie Nicks, Rossington Collins Band, Triumph, and Kinks...Waiting For: J.Geils, Ozzy, and Loverboy...Just to clear up some nasty rumors, Sutton is still playing left-field records, including the 'Young Jacques' just a week ago. And Steve Leeds did not get part interest in a condo when he let Arlene out of her binding contract...Call off the dogs. I want to live, so we're adding Survivor. I'd like to think that we waited to give Jeff Robbins a wedding present...Thanks to: Robyn and Randy from Arista for a tasty meal and a tasty listen to the new Bob Weir record. Sounds like a solid effort, and it should please both Dead fans and live ones...Last weekend we rocked with the Who with help from MCA's John Allen and Morrow Books, who supplied us with copies of 'Full Moon', the biography of Keith Moon written by Dougal Butler, his personal aide. We also played a 15-minute interview Buzz Knight conducted with Dougal...Last week was an 'Epic' week for me. Saw Garland Jeffreys, Meat Loaf, and Dan Fogelberg and enjoyed them each in their own way. Nice seeing: Mike Caplan, Debby Gould, and Walter 'Go Yankees' Winnick."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Adds This Week: Greg Lake, Mink Deville, Schon/Hammer, Romantics, and Steve Miller single...Greg Lake's solo Lp is a welcome surprise. It's commercially astute rock and roll with many strong tracks to choose from. We had a hard time narrowing it to: 'Nuclear Attack', 'Retribution Drive', and 'Someone'...It's great to see Jan Hammer on an album we can play. With Neal Schon, that makes two great soloists on one Lp...Mink Deville's new album is their best since they debuted. It's both urban and controlled. With some really hot hooks, it's 'alleycat' rock and roll."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "My head's still buzzing from the almost sellout performance by Journey and Loverboy in Columbia, SC last Sunday night, and it looks like my brain circuits will continue to meltdown with Red Rider and the Stones concerts lined up in the coming week. Thanks to: Mark St. John and Bill Bartlett for contributing to the delinquency of a Music Director...As for new albums, the Knack and Sneaker are my favorites. We're on 'Africa' this week, which I personally endorse as the cut to put the Knack back on the right side of rock and roll...Onto the Sneaker album. Lend your ear to the Steely Dan tune 'Don't Let Me In'. It'll be the catalyst for this unknown band on album rock radio. We project an add for Sneaker on WYMX in the next couple of weeks...Mayday, however, did get the nod this week. And in a deviation from the norm, we're playing 'Love Affair', a haven of hooks and powerhouse vocals...Phones beginning to ignite for: Quarterflash; Chilliwack; Rossington Collins Band, 'Tashauna', and, Triumph...Moving Into Heavy Rotation: Greg Lake and Survivor...Secure At The Top: Bob Seger, Rolling Stones, Journey, Stevie Nicks, and Dan Fogelberg...Adds: The Knack and Mayday."

WRNO, NEW ORLEANS, LA M.D.-DAVE NICHOLS: "The records I hear that I really like include the Sneaker record...Just received Queen with David Bowie--should be a real good record...I also like: Harlequin, which they're working real well...Everyone likes to hear Kix on the radio but, unfortunately, they're not buying it."

KTIM, SAN RAFAEL, CA M.D.-BELLE: "It's all over now, baby blue. Due to a press leakage, we never did get our small club date with the Rolling Stones. We were 145,000 strong over the weekend; and as I glanced around at all the faces, it became apparent that the people at Candlestick Park were there to witness an event not so much a rock and roll show. But, Boy-Oh-Boy, did we get an eventful rock and roll show! Two hours of nonstop Rolling Stones music. The climax was as great as the buildup, which included a radio appreciation party for Bill Wyman. Thank you, A&M...While I'm on A&M, let me get Marko off my back. Only kidding, Marko. You're a spicy person, and I look forward to more encounters--of the stomach kind...The Lindsey Buckingham Lp is an ear grabber. And although I doubt it will get across-the-board album rock acceptance, the Lp will be represented well at the TIM. The production is superb; material is diverse to say the least; and, Lindsey's voice holds up alone--minus Mac. 'Bwanna' leads followed by 'Mary Lee Jones'...We bowed out on the last Bob Welch Lp--with good reason. But let me be among the first to offer praise and congratulations on the new one. It's quite good. New label, new producer, and a refurbished Bob Welch sound. Welcome back, Bob. Watch out for 'You Can't Do That' and 'Imaginary Fool'...Devo is happening here. 'Through Being Cool' is every bit as good as 'Whip It'. If you don't believe it, put it to the test. Ask the audience...Our audience is loving the Tom Coster in a big way. 'I Give My Heart To You' is a compelling, downright catchy song. Oh yea, that song. It has that kind of effect on people...Billy Burnette moves into heavy; along with: Tom Coster and Swampdog, who we welcome to the Bay Area in two weeks...Tomorrow is Mink Deville at the Old Waldorf, and we'll be passing out our Mink Deville/KTIM Heard It Here buttons."

WOUR, UTICA/SIRACUSE, NY M.D.-TOM STARR: "We never answered the call to tone arms for the first U-2 record. I heard it as an Lp that had a lot more potential than it did substance. But with 'October', this band makes the quantum leap into the shoes that all of its early supporters wanted it to fill. This is an album loaded with great material, performed with aggressive self-assurance, and produced with a master's touch...Unprecedented phone response to the Quarterflash. In my 8 years here, I can think of very few debut acts to generate such an amazing number of calls...The John Hall Band did a two-hour live broadcast for us the other night. A packed house went absolutely wild. Don't miss a chance to see this band...The Martin Briley story continues to develop very nicely for us. Phones are happening in a big way; and now with the stock problems clearing up, we're starting to see it sell through...Sounds like we'll have a lot of fun with the new J.Geils album."

WVCK, FLINT, MI P.D.-MARK MILLER: "J.Geils, J.Geils, J.Geils. 'Freeze Frame', 'Freeze Frame', 'Freeze Frame'. These guys are the best! Nothing more needs to be said...P.S. Dear Bill: Please use my quote. Thank you, Mark."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Who the hell is Vic Vergat, and how did he learn to bend his guitar in half? Powerhouse rocker deluxe. We're keeping a fire extinguisher by the turntables when Vergat is on. Best cuts are: 'The Walk' and the title track...Still the hottest thing from Detroit since the Ford Pinto, the Romantics have made another great record...When Skunk Baxter produces an album, you've got to listen; and if the Sneaker fits, wear it. 'Don't Let Me In' will definitely raise some upper demo eyebrows...Steve Hackett's coming on too strong to ignore any longer. We've become fond of the lead track 'Hope I Don't Wake'...Yes, the Lindsey Buckingham single is a smash, but we're having trouble with the rest of the album. I don't think the 'Tusk' comparisons are fair. This is strictly solo stuff. So when are the McVies releasing their project?...With the Go Go's back in medium rotation, we've noticed the retail jump to the Top 20 this week. It's time Denver went on this record...Adds: Vic Vergat, Romantics, Sneaker, Steve Hackett, and Lindsey Buckingham."

WWV, CHARLOTTESVILLE, VA M.D.-PHIL KRZYC: "Adds: Bob Welch, The Knack, and Lindsey Buckingham."

KFML, DENVER, CO P.D.-IRA GORDON: "Adds: Lindsey Buckingham, Tangerine Dream, U-2, Sneaker, Specials, Jack Green, Billy Burnette, Chuck E. Weiss, Steve Elivson, Swing, and Previn/Pearlman...U-2 is a little bit disappointing...The Specials is well worth waiting for...Devo is marvelous, as is the Police...Mink DeVille is great. We're waiting for them to come through Denver...King Crimson is well worth the wait."

WWCT, PEORIA, IL M.D.-WENDY RICE: "Adds: Lindsey Buckingham; Grand Funk Railroad; Neal Schon/Jan Hammer; Rainbow; Nazareth; Garland Jeffreys; Frank Zappa, 'Bobbin Girls' (for seasonal delights); and, Steve Miller...Sales stay pretty much the same, with the Police moving up into the Top 5...Requests this week for: Donnie Iris. 'Love Is Like A Rock', is really popular...Also: Chilliwack, Foreigner, and the Kinks are getting requests...Considering: Tommy Tutone and Loverboy."

WAAL, BINGHAMTON, NY M.D.-JOHN CARTER: "Adds: Romantics, Lindsey Buckingham, Grand Funk Railroad, Gary Myrick, and the Steve Miller 45...I was real surprised with the Steve Miller record. Pleasantly surprised, and I hope the rest of the album follows the 45. I think it should be a real big record for him...The Romantics. It's the kind of thing that can spice up any radio station...I am officially the new Music Director as of last Monday (10/12). My shift is 10-2PM, and I can be reached after 2:30 Monday through Wednesday."

KKRQ, IOWA CITY, IA P.D.-MARK VOS: "Frankly, the last couple of weeks musicwise have been a real yawner, which is lucky, I guess, because the Iowa Hawks are enjoying the first winning season in 20 years and the rock and roll pig has us on a 24-hour party alert...No Silver Sow award this week. The runners-up, however, include: Bob Welch, The Knack, Nazareth, and Jet...Genesis moves medium to heavy; Michael Schenker moves light to medium... 'Lunatic Fringe' is our top request item of the week."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Jury is still out on the Lindsey Buckingham. Personally, I think it's a nice, smooth kickback album to listen to; but M.D.-wise, I'm having trouble fitting it into our kick-ass mold...Starting to warm up to the Neal Schon/Jan Hammer Lp. My fave is: 'Wasting Time'...If I want to get my hair permed from the brain out, I listen to Vic Vergat's Lp. He has a hot guitar. It's going to be interesting to see the concert animals' reaction to his act when he comes to Louisville on October 30th...Adding: John Entwistle's 'Talk Dirty'. B.H. and Sean, a steak and lobster dinner will do nicely...C'mon, BH, you could do better than that. Sending me a box of Kix and a cheap-ass plastic back scratcher is not going to get me to play the Kix record, but I may reconsider for a new car...John Hall's 'Crazy' is being added this week. We really didn't care for it at first, but the more I listened, the harder it was to quit singing the hook."

WKWF, KEY WEST, FL P.D.-BRUCE YOUNGBLOOD: "Thanks to some good people in Miami that made my visit for the Kinks kinky: Dave Prescott and Jeff Cook from Arista, Train from Capitol, and Larry Modello from RCA. Also nice to say hello to: Neal Mirsky from SHE...Lots of great music out to make our job easier. U-2 and Doll By Doll really caught my ear...Going to introduce our new Assistant M.D., Kyle Mucci. She has some comments..."KYLE: "The Cure's 'Happily Ever After' Lp is beautifully produced and great music as a whole. Innovative and intriguing sounds. 'Primary', 'Faith', and '17 Seconds' are the cuts...The Blitz sampler is a welcome collection of New Wave and new romanticists...David Olney and the X-rays from Rounder Records have at least four original, solid, and exciting rock and roll songs that are up there...Ultravox is an excellent electronic blend of musical images and moods. Cuts we're using: 'The Voice', 'We Stand Alone', and 'Rage In Eden'...Album Adds: Lindsey Buckingham, Bob Welch, Garland Jeffreys, Alvin Lee, The Knack, Climax Blues Band, Police, Tom Fogarty, Romantics, Albert Collins, Who, Tom Coster, and Doll By Doll...Singles: Steve Miller...New Wave Features: Dave Olney And The X-rays...All That Jazz: Jeff Tyzik."

KLBJ, AUSTIN, TX M.D.-CLARK RYAN: "How will radio deal with the new Lindsey Buckingham? Your guess is as good as mine. Yes, the single will be a hit. Yes, he is the genius behind the highly successful Fleetwood Mac. But, come on. This album is bizarre. I can handle 'Johnny Stew' as well as 'Trouble', but beyond that Lindsey loses me. If this album goes platinum, it'll signal a real change in the direction of commercially viable new music...Progress This Week For: Survivor, Rodney Crowell, Joe Ely, and the Go Go's...Yes, I've changed my mind. The Go Go's are for real...Strong sales showing up for: Police, Stevie Nicks, Go Go's, Triumph, ARS, and Rodney Crowell...Quarterflash is getting good phones so far...The Red Rider is getting fantastic phones. Sales are light as people haven't figured out who it is yet."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "Before getting into the list, I'd like to express my sincere condolences to Inner City Records on the loss of their one-man Promotion Department, Mark Brown. As a station that plays jazz, we'll miss them...While I'm on my soapbox, my congratulations to: Bobbin Beam for her guts--may they not be splattered over Milwaukee...Stepping down from the soapbox to tell you the adds: Deep River Band, Bob Welch, Burton Cummings, Alphonse Muzon, Joe King Carrasco, Lindsey Buckingham, David Olney, The Knack (Yeh, Rah!), and Tom Coster...Still leading the way for sales, calls, etc.: Genesis; followed by a bunch all in hot rotation: Police, Dan Fogelberg, Rolling Stones, Spyro Gyra, Quarterflash, Novo Combo, Devo, Stevie Nicks, Martin Briley, Joan Armatrading, Bruce Cockburn, Jon & Vangelis, Hall & Oates, Greg Lake, and the Go Go's (making a resurgence)."

WZZO, BETHLEHEM, PA P.D.-TOM KELLY: "Bruce says it was a pleasure to meet Bill Hard, the best typist in the world. I enjoyed talking to Steve Martin more. Sorry, Bill. Thanks for the call, Steve... All my jocks look real good in the designer straight-jackets and ankle shackles. No, not another kinky night at Kelly's, we're raising money for charity at the Z95 haunted house. But I'm going to keep the toys after the promotion's over. Call ahead for reservations...The Steve Miller single just came in today and went right into rotation. It's reminiscent of the Steve Miller we thought had gone by...The Kinks and Foreigner gave the phone company another busy week...And for all you non-believers, Icehouse, yes, Icehouse, has been in our Top 10 in sales for the past 6 weeks. Hey, Chuck, how about a gold record for Bruce and me...Other Adds: Thumbs up for Schon/Hammer and Jack Green, finally... That's it from the muscle and the arm of might."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "After careful listening, I've decided I like the new album from The Knack. The pre-release sampler did not contain the best cuts; the first cuts on both sides of the album are solid Knack...In the Guitarist-waiting-backstage Dept., Vic Vergat and Jack Green shine through. The Vergat is growing on me. Another Squier in the making?...In the Members-Of-Fleetwood Mac-Past-And-Present-Dept., along comes the latest solo efforts from Bob Welch and Lindsey Buckingham. Welch sounds like he's back in the main groove. Love his cover of 'Bend Me Shake Me'. Buckingham has a clean, slick sound to it. 'Trouble' is the cut...Another blast from the past, King Crimson with its new modern sound. It should be interesting to see what the reaction will be...The new one from Cliff Richard, another old rock and roller, is less poppy and more accessible than the past two. 'Wired For Sound' fits right in...From Arista comes the new Al Stewart. Live and at the studio, it's Stewart through and through...Bob Weir And The Midnites (huh?) sounds good to me. The Deadheads are happy with anything...Good progress this week from: The Police to Top 3; the PDH Rock Album; Genesis, now Top 10; Garland Jeffreys; Greg Lake; and, Rossington Collins Band...Fill next time."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Remember the Ventures? Of course you do. Or am I showing my age? I don't know how he did it, but Steve Miller corralled them and put them into the studio to record his latest single. That may not be true, but that's the feeling I got on first hearing. Sounds good to me, and it's great to see Steve back rocking and rolling again...Ozzy Osbourne has come through with a fine follow-up to his highly successful 'Blizzard Of Oz' album...And now the rants and raves about Jack Green. C'mon, radio, don't let this one get away. The album is solid from first cut to last. Jack has found all the hooks he needs. 'Reverse Logic' is not a one-track album. 'One By One', 'Why Don't You Let Me Go', 'Let It Rock', and 'Sign Of The Times' could all work with the right exposure. This guy has it all. All he needs is one thing--you. Give it a chance and you won't be disappointed...Adds: Ozzy Osbourne single, Steve Miller single, and Jack Green...Top Five Requests: Foreigner; Diesel; Police; Journey; and, 'Heavy Metal'...Top Five Sales: Police; Journey; Rolling Stones; Genesis; and, 'Heavy Metal'."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Despite efforts and court suits to block WDHA's giant Halloween party, rock and roll prevailed last night and the anticipated 5,000 people will have no problem with township officials. It's going to be amazing with a \$10,000.00 budget for just the sound, lights, and effects. Come out and join us if you can. You'll never forget it, which goes for us too, if we live through all the injunctions and preparations. I wore my least Woodstock-looking suit at the meeting, and we won them over...We enjoyed reading all the glowing reports last week on Quarterflash. In case anyone cares, four weeks ago in the Sheet we said, 'Quarterflash is destined for superstardom, no doubt about it! After warming up to the advance cassette, we really got hot. When the album arrived, it was an immediate add.' Today we feel just as certain. Quarterflash is already showing sales and requests and moves up in airplay this week to 3 times a day...Last night, DJ, Kathy Millar went to see Dan Fogelberg at the New Jersey Meadowlands Arena. Despite previous vocal problems, Kathy reports he was in top form with an excellent, near sold-out concert...Our Adds This Week Included: the Steve Miller single (not bad--but not great), Loverboy, J.Gells, and U-2. 'Gloria' has great promise as a possible single...We heard the test pressings for: Bob Weir, Al Stewart, and The Plasmatics...Bobby and the Midnites have come up with a very enjoyable album. Our ears pinpoint 'Too Many Losers' as the lead cut...Al Stewart's live and studio Lp is indeed state of the art--technically and artistically. We found a wealth of great new and old material on this album. Needless to say, we can't wait to play it for North Jersey. Again, we appreciate Arista's trust in our holding it until its release date next week...What can I say about lovely, sweet, and sexy Wendy Williams and the Plasmatics except they're nastier than ever. We even found 'Lunacy' to be the cut in the BOC tradition. Wendy is undeniably the metal priestess of rock. I'll play her record, but don't ask me to make love to her. Roy, she's saving her black leather just for you...Tonight WDHA kicks off a 6-month series of weekly free concert nights with New Jersey bands at the local club, The Lighthouse...Thanks for a visit to North Jersey from Steve and Harvey Leeds. We do appreciate your interest in us...Sales: Rolling Stones, Police, Kinks, Pat Benatar, and Dan Fogelberg...Go Go's have been Top 10 for the past 6 weeks...Requests For: Quarterflash, Kinks, and Pat Benatar...Happy Halloween! Remember, the answer to the question 'Trick or Treat' is 'Yes'."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "The U-2 album is a good follow-up to their first. We're on five cuts...I'm glad Robert Fripp got King Crimson back together. Initial sales and response has been real good...Blasters' long-awaited album is finally out. It's some good-time rockabilly music, as is Joe Ely's 'Live Shots'. 'Fingernails' is a real nice party song...A local band called Berlin has an interesting 45 on MAO Records called 'The Metro'...Pete Shelly's 45 is real hot for us...I'm looking forward to Mink Deville at the Roxy this weekend...My hat's off to the L.A. Dodgers. I hope they beat the Yankees."

WTPA, HARRISBURG, PA P.D./M.D.-JEFF KAUFFMAN: "FM104 is just coming off an all-request weekend, and the phones are still smoldering. Letting our listeners program the station for 2½ days proved that WTPA and album radio in general is giving the people what they want. Though it could be said that album radio programs the tastes of listeners, our request responses indicated to us that, as in industry, we are entrusted with separating the trash from the special stash. If we don't give them what they want, they'll find it somewhere else...Biggest requests this weekend: Kinks, 'Destroyer'; new Stones; Kix; Jon And Vangelis; Chilliwack; Quarterflash; and, Police...The Add This Week: Martin Briley."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Was that Arkansas-Texas game real, or did I listen to too much 60's album rock and flash back into an NCAA special of Fantasy Island? Whatever, it was a great way to crank the cans up to pain-level plus and check out a bunch of the new albums. Now, without destroying the rating-base oldies and recurrents, can someone tell me how the hell to fit so much good sounding new stuff on the air and not drown the listeners (and a lot of the product) in the flood? And to think that so many livings are based on this."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "We've added eleven records this week. So, I spent most of the day listening to music and not preparing my remarks, so bear with me if I get spaced...Where was I?... A lot of people probably think it's crazy to add this much during a Book, but you've gotta go with the music that you know will deliver the sound you hear in your head. If it takes 10 adds, that's what we'll do...Briefly, some comments...Gary Myrick goes immediately into heavy. We're concentrating on five cuts. My comments from a couple of months ago stand. This guy's going to be a significant musical force of the 80's. We expect Top 20 sales within the first couple of weeks...SVT goes in this week on the strength of some hard work by Louis Heydelmeyer. Tony's been in love with it for weeks, but usually that's how he falls in love with anything...Does Lindsey Buckingham think he's Brian Wilson? 'Law And Order' sounds like his 'Surf's Up'. Please send plenty of copies because the pressing won't stand up on tunes like 'Johnny Stew', but it's a great album, nevertheless...The U-2's new album 'October' is a great step ahead for this most progressive young band. How can you not like the band who has a guitar player named The Edge? Buddy, I think Jolette owes you a bunch of money...The Journey import is one of the most intelligent pieces of music they've ever done. Audience reaction is amazing. Hope they release it here in the States...Thanks to: Warner Bros. for the Steve Martin interview this week. Tony did a great job splicing together the conversation, and Steve was absolutely a gas...Sales Stats: Red Rider storms to #6 out of nowhere; Nils Lofgren continues to climb (In 4 weeks, he's gone 18-15-13-11. We continue to believe in this as a major, major record.); Police are all alone at the top of the heap with incredible response everywhere...Also good sales rumblings on: Greg Lake, particularly 'It Hurts'. Dave Mason would have been cutting the guitar solo, but Steve Lukather is no slouch...Speaking of Steve, he sounds great on the Pete Cetera album, particularly on 'Living In The Limelight'. The inside sleeve picture makes him look like the illegitimate son of Dave Bowie and Robert Palmer...Finally, here's a personal we'd write to Full Moon if we were Mike Bone: Make sure this guy doesn't have a gun at home. If he does, call Roy Rosenberg...Tony and I did music this week while watching a great show on PBS, 'Jump Street' with Oscar Brown, Jr. Maybe that's why we added eleven albums."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "We're rocking Richmond these days with Sneaker, Jack Green, Steve Miller, Grand Funk, Schon/Hammer, and Lindsey Buckingham. Also featured on the New Music Hour and Rockpoll were Gary Myrick (75% positive), the Romantics, and Joan Armatrading (both were 50/50)...Good calls on Greg Lake, and sales are off to a great start...Excellent response to Vic Vergat on the phones. Calls are mostly from 15-20 year olds...The John Entwistle cut 'Talk Dirty' is causing a little controversy here in God's country, and I love it...Our most requested song this week is by a local group calling themselves Jet Trash. The song is to the tune of 'Dirty Water' by the Standells, and the lyrics depict the algae condition of our water from the James river. You wouldn't believe the taste. It's like drinking the river itself or, even worse, bathing in it. For a copy of 'Algae Water' contact Mad Dog Productions at 804-359-0001...Lindsey Buckingham's album is already a personal favorite. 'Trouble' is just great, and in the department I'll title 'Before The Box Gets Here' adds; put me down for Geils, Ozzy, and Loverboy...Also looking at Martin Briley (still), and Charlie...I saw LeRoux this week and would like to congratulate RCA on an excellent signing. This band has so much talent packed onto one stage they're sure to develop into superstars. Their new material sounded really strong, and I'm looking forward to their next Lp...Getting excellent reaction to 'Harden My Heart' by Quarterflash. Calls are mostly inquisitive, but if I had a nickel for each one, I'd be rich...Rock station update: The store is doing really well with long sleeved jerseys and sweatsuits. Leading in sales, XL 102. Nightshirts will be our featured item in November...Personal to: Lee J. Arnold: At this rate, I'll be wearing windbreakers for the rest of my life. Get the Jet album in the stores before the first snow fall...And to Wynn: You're just jealous, darling."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record Of The Week: None...Thank god the Stones are coming to play. This past Monday we sold 160 round-trip bus rides to the Stones show in Orlando, and gave away a Stones ticket with each bus pass. Needless to say it was a crazy scene. People were camping out in front of the station all weekend. All three networks gave it news coverage and, while it was a generally gonzo scene, everything went totally smooth. This is the kind of excitement that makes being in radio worthwhile...Adds this week: Quarterflash. In three words--a great record. We're on 'Harden My Heart'; however, 'Find Another Fool' is the rocker on the album. I believe this Lp could parallel the success of Loverboy's debut, with 'Harden' being like 'Turn Me Loose', and 'Find Another Fool' being the secondary cut as was 'The Kid Is Hot' to secure the rock image of the band...Steve Miller. I've always loved the early Miller material, but have been disappointed with the last few Lp's. 'Heart Like A Wheel' will roll here but, once again, I feel let down. Maybe the album will pick up where the single doesn't leave off...Vic Vergat proves the sludge always rises to the top. Great guitar record. The kiddies should love it...And the Who 'Hooligans' sounds great playing a clean version of 'Join Together'. Our audience seems to agree...Sales: Journey #1, coming off a sold-out show this past weekend; Police climb to #1-; Stones #3; Genesis up to #4' and RCA #5. Fogelberg, Kinks, and Pretenders are 10, 11 and 12 respectively, and Hooligan debut #19...Novo Combo jumps into hot with strong phones and building sales...Red Rider, Triumph, ARS, and Grand Funk all building with top 25 sales...Personal faves: Gary Myrick's 'Living In Movie' is a super tune. I hope it gets the recognition it deserves. Besides the record being top-notch, the movie cannister comes in awfully handy...And on Prince, 'Controversy' and 'Jack U Off' are strong, and I love the Drake Hall poster inside."

WMPI-FM, BIRMINGHAM, AL M.D.-STEVE KELLER: "Adds This Week: Chilliwack and Steve Miller...Did not add the Lindsey Buckingham single. We'll wait for the album before we make any decisions on it. The cover is great, though. Greta Garbo should be jealous. I'd like to get that photographer to take my picture... Can't wait for the new Loverboy album. They were in town with Journey Friday night and they put the crowd on their collective asses and feet. They were forced to do a 15 minute encore, which I'm sure they hated. Journey was even hotter. A very special thanks to: Ross Valory, Sandy Einstein, and Pat Morrow; three very cooperative princes."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "This was the week for an artist and band that had both been making consistently fine music for years but never really received the recognition it deserved. Charlie is one of those bands that you're always surprised to find out that other people know and like as much as you. To keep putting out album after album of high quality material with little commercial success shows patience and perseverance. 'Good Morning America' may be the one that brings it all together for Charlie. As T.P. would say, 'the waiting is the hardest part'...During my college days in Ithaca, I spent many an ecstatic hour dancing on my chair to hometown favorite, Orleans. It seems to have taken John Hall a few solo albums to get back in the groove. 'Crazy' has many of the same qualities that made Orleans such a joy--tasty guitar, strong melody, and just enough intelligence shining through to let you know that this guy is no run-of-the-mill rock and roller...I love surprises, and the Sneaker Lp was a big one. For those of us who missed the Steely Dan of the pre-'Aja' era, this album may be just what we're looking for. The music feels familiar and comfortable, just like an old pair of PF Flyers...I was a big fan of the first Knack Lp, but they lost me by the second album. The blatant sexism has been toned down a bit on this new one, but I still don't think they'll ever be signed to play at an ERA rally. Their strong point has always been the concise catchy rocker. 'Round Trip' has a good share of those, plus some interesting experiments. Definitely an improvement...Finally, three cheers to Polydor for finally releasing Rainbow's 'Jealous Lover' on good old American vinyl. The import has been a hot item here for quite some time...P.S. The Yankees in 6!"

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 167 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

Production problems have delayed release until January of the debut album from the rock group ASIA which includes YES guitarist, STEVE HOWE, CARL PALMER, and JOHN WETTON. Wetton tells the Rock Report they've moved into Townhouse Studios in London with 13 songs in the can and hope to put about nine of them onto vinyl. ASIA expects to be in the U.S. in February after a short tour of England.

GENESIS will begin their U.S. tour November 12th in Madison, WI then head east for a number of dates up until Christmas. They will then head to Europe for a few dates and come back to the States in late January. On the tour, GENESIS will be using a new light they had developed especially for them which we're told will amaze their audience. GENESIS, by the way, will not be doing that "Saturday Night Live" show on November 7th. It would have been their first live performance on U.S. television.

The new FLEETWOOD MAC album will be out by February. Guitarist LINDSEY BUCKINGHAM whose first solo album "Law And Order" has just been released, told the Rock Report that he had to put off work on the album to get started on MAC's Lp. BUCKINGHAM also told us that the MAC is planning a very short tour this time around instead of their usual year long trek. Meanwhile, inside sources have it that STEVIE NICKS is considering a short solo tour with her studio band on the West Coast in the near future.

The new PAUL McCARTNEY album called "Tug Of War" has been delayed until after January. It was originally slated for completion earlier this month but McCARTNEY decided to stay in the studio with producer GEORGE MARTIN for another round of recording. Meanwhile, former WINGS guitarist DENNY LANE has a solo album released in England on Scratch Records. There's no word on when that will be released stateside.

Following the success of "No One Here Gets Out Alive", former DOORS drummer JOHN DENSMORE has announced that he will be writing his own version of his days with the DOORS. There's no word on when that biography will be made available.

Noted producer KEITH OLSON is working with RICK SPRINGFIELD on his next Lp in L.A. OLSON also produced SPRINGFIELD's hit "Jessie's Girl" on his "Working Class Dog" Lp.

The Rock Report also heard the new RUSH live album "Exit Stage Left". There's a real good quality to the recording and the band itself has improved greatly from their last live performance on "All The World's A Stage" of 1976. Songs included in the Lp are all from their last four studio records except for "Beneath, Between, Behind" from the second album and "Broom's Bain" which is a short acoustic guitar song by ALEX LIFESON. The Lp cover is a backstage shot of the "Permanent Wave" girl peeking at the audience from behind the curtain.

RICK DERRINGER is producing a couple of tracks now in NYC for the new one by JIMMY MACK. DERRINGER's own music was interrupted recently by the theft of his equipment but a concert held in his behalf at the Palladium in NY should help. No word on when DERRINGER will be getting around to his next album.

BIRTHDAYS THIS WEEK: 10/26: Lesley West of New Mountain-36; 10/28: Charlie Daniels-45; 10/29: Denny Lane-37, Peter Green-35; 10/30 Grace Slick-41, Timothy Schmidt of the Eagles-34; 11/1: Rick Allen of Def Leppard-20.

coming fast!

Kid Leo, WMMS: "One of the line rockers this week is the band called Streak. If you want a band that sounds like the audience wants the band to sound, then look no further than Streak. It is formula, but that seems to work very well with the listeners. They will not be a critic's band, they will be a people's band."

Produced by Fred Ruppert and Bob Stringer

TUESDAY - OCTOBER 27

THE BIG DAY -- 4:00 A.M., E.S.T. Mercury turns direct at 18 degrees of Libra. Moon enters Scorpio at 6:39 A.M., E.S.T., and with the Sun in Scorpio we have a New Moon -- the Moon and Sun exactly together at 4 degrees of Scorpio at 3:14 P.M.-E.S.T. It is AFTER the New Moon that projects are maximal, and with Mercury direct you can begin to communicate, sign contracts, and most importantly -- re -- think the brilliant (?) ideas that came to you while Mercury was Retrograde. This is a "Think Tank" afternoon, and your hope should indeed "Spring Eternal." I, too, wish the New Moon hit earlier in the day but we have waited this long -- so let's not complain.

WEDNESDAY - OCTOBER 28

Here is a day of Astrological Recess with a twist -- rather than a quiet day to recuperate, we have a day to launch projects, ideas, and to quickly re-evaluate options. Records released now should not have that unpleasant burden of Mercury being Retrograde. You may notice that people are not bouncy and light today, but this is due to the attitude that there is much to get done. If I had to pick a period of time to start anew, I could not think of a better set-up than now. The easy pay-off of things attempted, only encourages us to do more. Have at it and good luck.

THURSDAY - OCTOBER 29

The Moon in Scorpio is Void-of-Course from 4:40 P.M., E.S.T. until 6:49 P.M., E.S.T. when the Moon enters Sagittarius. Obviously those in the East and Midwest have a longer work day to capitalize on. Post New Moon energy is still high, so be sure to "keep on doin'." One of the nice creative parts to this day is exact at 2:29 P.M.-E.S.T. when loving Venus and mystical Neptune join at 22 degrees of Sagittarius -- this is a love of creative outlets. Doesn't it make sense to "let it flow?" The evening is musically superb, so it's party time tonight. What could be more pleasant than a good work day and "get down" night? Keep on launching those projects!

FRIDAY - OCTOBER 30

The Moon in fiery, adaptable Sagittarius gives a day of OPTIMISTIC AMBITION. Now I am well aware that many people will be saying: "I didn't have an '8' yesterday, and today doesn't feel like an '8'." True -- not EVERY person is feeling great, but the general trend is so good that I have no sympathy for those who won't get out among the general populace and let the "good times rub off." If you are a chronic, compulsive complainer, then have at it. For those of you who have been waiting for an UP period -- ENJOY. No major angles--so from producing to promotion to enjoying the music -- today and tonight are stellar. Let's go for it!

TODAY IS A 6

TODAY IS AN 8

TODAY IS AN 8

TODAY IS AN 8

SATURDAY & SUNDAY - OCTOBER 31 & NOVEMBER 1

SATURDAY IS AN 8 & SUNDAY IS AN 8

8 major angles hit on Saturday alone, but NONE of these are difficult! In fact loving Venus is at a pleasant 60 degree sextile angle to both optimistic Jupiter and changeable Pluto. With Mercury direct it is time to act on pent-up desires to see some movement. Don't feel guilty if you don't get all the things done on Saturday you wanted to accomplish. Saturday evening at 10:27 P.M., E.S.T. the Moon is Void-of-Course until Sunday morning at 7:47 A.M., E.S.T. when the Moon enters Capricorn. You will find Sunday the day to clean out the garage, wash the car, straighten out your record collection, and have friends over. Why not use Saturday for free-lance fun and errands -- then on Sunday settle in and do what you feel like doing in a practical way.

MONDAY - NOVEMBER 2

TODAY IS A 7

A work day that is excellent. There will be a lot of people making changes and wanting to pursue expansive, challenging goals. At 3:51 A.M., E.S.T. optimistic Jupiter is joined with disruptive Pluto at 25 degrees of Libra, so act on urges. The emotion ruling Moon in Capricorn gives us a mood to Take Care of Business, whether it be current or new business. There is no Void-of-Course Moon, so errands are also idealistically suited for today. Tonight is a time when many will feel the need to keep on working -- You Know -- catch up of the ilk of Expense Reports. It is a serious day with a lot of optimistic hope about the final outcome. Not bad for a Monday!

Record Action

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "First off, on behalf of the Atlanta Rhythm Section, we would just like to give a big 'thank you' to the radio community for all your support! We, at Columbia, have not worked with a finer bunch of guys--and the band is now back where they belong, burning up the airwaves. A special thanks to Arnie Geller and Buddy Buie for all their help and for making the project an out and out blast...Tommy Tutone is just out and getting raves. Whatever you do, check out this video. It's one of the all time greats. Most are playing '867-5309/Jenny' and 'Shadow On The Road Ahead', but I don't want to stop there. This whole lp is jammed full of good material. We are seeing the emergence of a new, great artist here! Just one listen to 'No Way To Cry', 'Steal Away', or 'Tonight' will convince you of the quality songwriting and performance of a new star. I mean, a guy that's into '57 Chevies and 60's Corvettes ought to know somethin' about somethin', right?...If you are one of the last holdouts not playing Billy Joel's new live lp, you are missing it! If you think you are too hard for this, try 'Street Life Serenader', a powerful piece with striking guitar work--reminds me a little of McCartney. Come and join the rest of the country which is celebrating a record that shipped Gold, and sells in an excess of 30,000 every week. I'm tired of hearing that Billy is not a rocker. Anyone who has seen him will testify. I've lived through this through multi-platinum record after multi-platinum record. This guy rocks, and the live record was recorded especially hot with drums in your face by Liberty DeVito--which should finally dispell all rumors. If you wanna play the ones that sell, this one's going to be huge...If you want to totally ride the Journey bandwagon, immediately start playing Neal Schon's solo effort with Jan Hammer. 'Wasting Time' and 'I'm Talking To You' are getting major, major phones. As for Harlequin, already proven in Canada, WCOZ just hit it--what does that tell you?...Bob Dylan's 'Groom Still Waiting' is smokin' and breathing even more life into an album which will now include this track and which already steadily sells over 20,000 a week. Yes, those who are playing 'Trouble', you are right--it works... And lastly, we are winding up the year with a double whammy. Elvis Costello's long-awaited country release 'Almost Blue' and the next Loverboy entitled 'Get Lucky' which in a word track-for-track will blow you the ---- away!"

JOEL WEBBER, INDEPENDENT (212-255-7408): "I'm currently working on some excellent music with three independent record companies: SVT and Hurricane Jones for MSI, Jet for ThirdCoast, and a great new band called The Act for Hannibal. These three labels are great examples of how far indy record companies have come in the past five years. All three labels have produced music that is totally competitive from a musical standpoint. They are marketing their records as well or better than a lot of the majors, and they're spending enough money to make sure their records are being promoted properly. It's obvious that a good indy record company can deliver the goods on a record as well as any corporate biggie. Support your local indy labels and they'll support you!...Marianne Faithfull has probably got one of the best rock and roll female images around. Her image as a woman-of-the-rock-world, combined with the more subtle side of the new lp, should work extremely well for her. She also gets extremely strong female response...Will Sneaker be named official band of the New York City Marathon?...Webber predicts the Yankees in four...Has Olivia Newton John been pumping iron lately or what? As Jackie Wilson said, Baby Work Out!"

KENJAMIN FRANKLIN, MILLENNIUM (212-759-3901): "Glad to be reporting to the Quarterback. Formerly of album radio on Long Island and Texas, I'm presently at Millennium Records and responsible for national secondary album radio and Top 40 promotion...Chilliwack 'Gone Gone Gone'! Breaker in R&R and prime moves all over are solidifying the single, the album, and the group. Reorders and requests are at a great pace. The word from Canada is that Chilliwack will be doing a long awaited United States tour. By now you should have received the Chilliwack album rock sampler. Listen and you'll see how easy it is to program more from 'Wanna Be A Star'. A great promotional tool for your chilly feast...First the Walkman, now the new and very instrumental discovery for radio listeners everywhere. 'Radio Shoes' from the new Bruce Cockburn album. Paraphrasing KFML's Ira Gordon, it's hard to say this is Cockburn's best when all twelve previous albums are the best. But, very simply 'Inner City Front' is the one that will put Bruce on top to stay. A logical evolution to electric guitar, this self-produced effort by Cockburn will sting you by surprise. If you're into music, and hopefully you are if you're reading these pages, go see Bruce on tour. This week Oct. 28 Portland, OR; Oct. 29 Seattle; Oct. 30 Bellingham, WA...Feel free to call us at anytime."

JIM SOTET, POLYGRAM (212-399-7813): "Curt, in answer to your question. Yes, there is a common ground between radio and records, but in the past few years I've seen the common ground reduced to an area between music lovers at radio and music lovers at record companies. In all honesty, your GM is interested in the bottom line, same as our president. I think if we worked a normal job; i.e. manufacturing shoes or tending bar, we'd be less concerned with the end results--size 8 1/2 brown brogue or a rum and a coke. What we all must do is keep the avenues of dialogue open. If two people believe in a record and one worked in radio and the other at a record company, then it's up to those two people to invite everyone else to visit the common ground they have established and try and go from there...And, Bobbin, I can't answer your question, I feel what you're feeling. Maybe some of the above thoughts might help but don't stop believing...Now, Michael Plen. If you don't want Sotet to blow YOU up, send me that care package of IRS and A&M music or I take back everything I've ever said about the Go Go's... Thank you, Mark Miller! You are right about Def Leppard! 'Bringin On The Heartache' is the track! As usual, the man who turned me onto 'Sausalito Summernight' was right on again...Now, records I like: Bow Wow wow, the new U-2, Kool And The Gang, Ian Dury, and the Romantics, of course...A big thank you to Polygram local and regional staff for their incredible effort this past week with Jon Anderson. Thank you!"

RECORD ACTION CONTINUED

MIKE BONE, ARISTA (212-489-7400): "The Kinks tour is over, but will Ray and the boys return in January? Stay tuned students and the Professor will fill you in. The track and the single is that last little booger on side two called 'Better Things'. In a world that is fast going to the dogs we all need 'Better Things' and a few words of encouragement...Speaking of worldly things, the reaction to the Alan Parsons Project 'Snake Eyes' track has been unworldly. Whip out that 'Turn Of A Friendly Card' Lp and get down to business and get on the hit single 'Snake Eyes'. By the time you read this, you will have the incredible new Lps by Al Stewart 'Live Indian Summer' and Bob Weir 'Bobby & The Midnites'. The Al Stewart album is a double record set with one side from the studio and three sides recorded live. The studio track that is our pick to click on album rock stations (except WIOQ) is 'Princess Olivia'. The live hits are all great! The one comment that is universal from the people hearing this album is that the quality of the live recording is unparalleled. Al Stewart at his very best on 'Live Indian Summer'...Bobby & The Midnites is really Bob Weir, Billy Cobham, Bobby Cochran and a host of session people that are probably on 60% of the albums in your library. The first choice among early listeners is side one cut two entitled 'Too Many Losers'. Check it out because everyone here says it's mega-strong. (Nice cover, huh?) Bobby is on his way back from a European tour with the Dead. Remember 'Bombs Away'? Well, Bobby & The Midnites beats that hands down...**Personals:** After having dinner with a manager (name withheld to protect the criminally insane), I had a dream last Friday that while walking down 57th, I saw the following marque at Carnegie Hall: 'John Sebass and Freddy Hatrack present the Passive Callout Tour. Five bands you never heard of: The Book, Gary No, Blarney Spencer, Maydie, and Johnny Van Cant. Currently in heavy rotation everywhere." I walk inside and a band was playing behind a glass wall with no sound system at all! Carnegie Hall was half full of people listening to the band on a telephone. I woke up in a cold sweat. Could this be where we're going?...Today is Richard Palmese's birthday, so happy birthday old man...**Dave Logan:** You asked for it, you got it...And Alan Fry (the nice guy) just played two new songs from the new Graham Parker album. Parker fans please take note because we'll give you a taste treat before the end of the year. That's all I can tell you now as I'm sworn to secrecy!"

BONNIE SIMMONS, WARNER BROTHERS (213-841-2400): "Thanks to everybody for their early support on the Quarterflash record. Both the album and the single are doing extraordinarily for the first three weeks of a record! Looks like we could make comparisons to this and my team the Yankees (Pretty soon Susan's check for \$5.00 will be in the mail)...The Grand Funk record is also kicking well with debuts on all the charts. The cuts people are centering in on are 'Gotta Get Out Of This Place' and 'Y.O.U.'. They'll be on tour soon...Along with other tour news, look for King Crimson, Tom Verlaine (who has extended his tour for 10 more dates), and Devo will also be on tour everywhere for the next couple of months...Hope you got a copy of the Devo picture disc, with not only 'Beautiful World' but 'Nutra Speaks' on the B side...The Climax Blues Band is getting some nice adds. Check out 'Cuttin Up Rough', 'Break Down' or 'Shake It Lucy'...If you haven't had a chance to listen to Peter Cetera on Full Moon, you'll be pleasantly surprised when you hear it. Start with the first cut 'Living In The Limelight'. (He's been with Chicago for 13 years as their bass player and has sung on quite a few of their songs)...On the new Prince Lp, along with the single 'Controversy', I really love 'Private Joy' and 'Ronnie Talk To Russia'. I understand this week's Sheet has quite a few comments about the poster that comes along with it...The U2 album is picking up nicely. They'll be in the country backing it up with a two month tour starting the beginning of November. Please take a listen to 'Gloria', 'Rejoice' and basically everything else...Coming to you next week: Rod Stewart! He does versions of 'Just Like A Woman' and the Ace song 'How Long', along with a couple of rockers. 'Tora Tora Tora' is one of them--also, 'Tear It Up' and 'Jehow'...The new Neil Young album which is called 'Re-ac-tor' and it's flat out Neil Young and Crazy Horse style rock and roll...I think that's about it for me this week. I've a touch of the flu which is making me agree with Steve Martin: 'I believe robots are stealing my luggage!'... Only two more games for my team. Now, if I could just find some tickets!"

MARTY SCHWARTZ, ELEKTRA (213-655-8280): "Marvin Gleicher, our E/A superstar from Chicago, will be assisting me in album promotion starting November 1st. Those of you in the Midwest who already know him love him--those who don't, soon will! Welcome Marvin! Call him at 312-635-6611...Lindsey Buckingham explodes OTB on album radio with high quality midtempo rock to fit all formats. We're always looking for multi-format hits, especially the highly coveted album rock to Top 40 cross. Lindsey made that kind of record so don't let the Top 40's beat you to this one. (Looks like a two week breaker). 'Trouble' is a hit. Also check out 'Johnny Stew', 'Bwana', and 'Mary Lee Jones'...Riot continues to grow as DC and Baltimore finally come in. The band goes out on national tour as we 'speak'. Look for dates with Grand Funk Railroad and strong solo club dates. RU rioting?...We've got a Donald Fagan edit and single coming from 'Heavy Metal' and the new Tangerine Dream has initiated some strong response...We're nuts about some upcoming releases. The Del Shannon entitled 'Drop Down And Get Me' produced by Tom Petty on October 23rd is wonderful. Talk about 'in the pocket'--this baby's great!...Also be looking for the Queen/David Bowie single this week called 'Under Pressure'. It's tough to bet on a Queen single but this one rates very high on the mo-fo scale...But, last but not least, your attention! On November 6th the Cars are coming! 'Shake It Up' is a bonafide 10!"

BETH ROSENGARD, INDEPENDENT (213-508-4550): "Somehow I managed to miss the deadline last week, but even though I'm a little late, I want to thank Heavy Lenny for expressing the case for independents so perfectly. It's not the quantity of calls that's really the issue, but the quality...Any skepticism at this point about the Neal Schon and Jan Hammer album is totally unfounded according to the feedback I'm getting. There are two sides to this coin: First, there's the Journey/Jeff Beck hook which is prompting sales with little or no airplay and triggering phone calls relating to Neal's and Jan's background. In Allentown, for instance, WZZO was picking up sales and even some calls for a record they hadn't yet added. While K102 in Fort Lauderdale reports 'Untold Passion' at #25 in their sales research after only a couple weeks of light airplay. But, secondly and even more significantly, are the reports of healthy and immediate phone calls that go like this: 'Hey, what is that tune? It sounds good, and by the way, who is Neal Schon? That name sounds familiar!' How can you ask for more? This is a record that's working not only because it's associated with one of the h-o-t-t-e-s-t bands in the country, but because it sounds good and people want to hear it on its own merit. The cuts are 'Wasting Time' and 'I'm Talking To You'...I continue to be impressed by the performance of Mayday. This debut (and that is the key word to keep in mind) is holding its own amidst the biggest and longest blitz of superstar releases I've ever seen. For those not yet on 'So Young So Bad', now's the time! And for those who have been with the album from the beginning, please note that this is not (contrary to popular but mistaken opinion) a one track album. Check out 'Love Affair' for more power rock and 'Innocent Bystander' for a change of pace...You've undoubtedly noticed that the team working Jet's 'Empty Handed' is now talking about three tracks instead of just one. It seems we may have called this one wrong out-of-the-box and you need to listen to not only 'Renegade' but 'Night Night Night' and 'Stranded In The Moonlight' as well...As for Martin Briley, I continue to maintain that this record is a h-i-t! If for some reason you don't hear 'The Man I Feel', then go back and check out 'I Don't Feel Better', 'Slipping Away', 'I Feel Like A Milkshake', 'Fear Of The Unknown', 'A Little Knowledge Is A Dangerous Thing', 'First To Know', 'Heart Of Life', 'More Of The Same', and 'One Step Behind'. If that sounds like the whole album, it is! That's how deep this record is!... 'Midnight Confession' has been released as the first single from Karla DeVito's album, so watch the Top 40 action develop and maybe you'll be tempted to reconsider...Can't get Donnie Iris off my turntable--'Sweet Merilee' is a great track, but if you're looking for a phone grabber, try 'Love Is Like A Rock'. Mark Miller at WWCK reports #1 requests on this song and, personally, I l-o-v-e it!"

RECORD ACTION CONTINUED

BRUCE MOSER, COULD-BE-WILD (716-885-5200): "U-2 needed a very strong album to follow up their stunning debut album 'Boy'. They have delivered the goods on 'October'. Any song on side one will do as a starting point...BOC's 'Fire Of Unknown Origin' has just gone Gold and appears headed for Platinum. The single 'Burning For You' continues to go Top 10 in many major markets. 'Joan Crawford', 'Veterans Of The Psychic Wars' and the title track are all generating activity and are worth playing. Let 'Joan Crawford' rise from the grave at your station on Halloween! Call for details...The Bryan Adams record 'Lonely Nights' is a smash. WAQX and WZIR are the newest believers. This record wins the Point Blank 'Nicole' perseverance award. Hit records don't disappear--they only get stronger...Also of interest: Both Nils Lofgren and the Jet album are beginning to show some healthy retail signs in this part of the country...Some outstanding new releases I have heard: Loverboy, especially 'Working For The Weekend' picks up where 'Turn Me Loose' left off; a great live album from Rush; and the new Black Sabbath which is possibly their best ever...Coming soon: Moonlight Drive."

MICHAEL PLEN, I.R.S. (212-980-6874): "The sign of a good Program Director is one who is able to see good music develop and follow through without making a definite commitment by saying he'll never play a record. My thanks go out to the likes of those in Providence, San Jose, and Dallas, who were not shortsighted enough to see that the Go-Go's is a confirmed hit. Watch them on 'Saturday Night Live' November 14th, the cover of Record World next week, and opening the entire Police tour come January 1...Out this week, Renaissance's new Lp 'Camera Camera'. Because we allowed them artistic freedom, the band chose to be on IRS. Remember, we're not a New Wave label but a new music label... Also out this week, the Humans from Santa Cruz. You should have all been enticed by now by the three cut Ep...Also, check out Suburban Lawns and the track 'Janitor'...Out on Faulty Products, Donald Kinsey who is Peter Tosh's guitarist. It's great reggae and rock combined with some good funk...And new is Alex Gibson which has a very U-2ish feel to it and...Next week: The Human Switchboard...I'd like to clear up a rumor that seems to be rampant in this industry about me. I was not found in a NYC gutter with my pants down! Whoever started this rumor should be shot and I wasn't arrested either!...Vejur destruction: This week we break format (Programmers take note). Local record reps Barry Lyons of Elektra and Kevin Sutter of Epic in Buffalo have requested a 50-mega-ton blowup of WGRQ P.D. George Hawras. Sorry, George, I don't know ya, but if those two guys say so I'll light the match. Kaboom!...To Ted Edwards: You can't blow me up because I'm indestructible!"

SEAN COAKLEY, ATCO (212-484-6400): "Love the new Prince album, but how come they sent a poster of Drake Hall with it? Say, pal, will ya autograph it for me?"

JOHN SCHOENBERGER, RADIO RECORDS (305-565-7700): "Wynn Jackson brought up a good point last week. All any of us can ask for is honesty with each other. That is how we can effectively communicate each other's positions and points of view. This lessens tensions and emotions and allows us all to get down to reality. Speaking of reality, to me--the Police are just that! Musically, lyrically, and psychologically, this group is where the world is at today. I am impressed!...The All Sports Band 45 has just been released. It is a ballad. You'll see a 12" advance Ep with four rock cuts around the beginning of November, a week prior to the Lp release. This group has a great, uptempo, commercial rock sound. When you get the 12" in please listen. I know you'll enjoy it...To Marko and Jon Scott: I love to read your comments because it reminds me of what it's like to be on the road."

ROY ROSENBERG, STIFF RECORDS (212-431-1600): "The Plasmatics advance cassette is sheer lunacy! 'Lunacy' the first track on the tape is getting unbelievable positive reaction initially. Everyone so far (and that's without one exception) has mentioned the marked improvement and additional accessibility in the Plasmatics. Dan Hartman's production has definitely added a new dimension. If you haven't listened to your advance cassette, dig it out and LISTEN. All 4 tracks are a big, big step forward. The 'Metal Priestess' mini album will be in your hands around November 2nd. Also, watch for the upcoming appearance by Wendy O. and the boys on 'Solid Gold' in November. What more can I say than 'on record, on TV, and on the road--the Plasmatics move forward!'...Rah! Rah! Dodgers--now it's all the way in 6!!...Of personal note: Harvey Leeds and I just decided to stage the first annual Egg Cream Convention in New York. For further details, call either Harvey or myself. More importantly, does anyone know why it's called an egg cream when it has no eggs in it?...Congrats to new WBAB M.D. Ralph Tortura...And finally to Ron Rizzi: I'm still here in black and white and in your ear!"

MARY WEBER, ROUNDER RECORDS (617-354-0700): "There was a rockin' rhythm 'n' blues spectacular at San Francisco's Candlestick Park with George Thorogood & The Destroyers, Geils and the Rolling Stones. The Destroyers have left the Stones tour until the December 5th show at the Superdome in New Orleans, and the great '50 States In 50 Dates' Marathon Tour has begun! The band will be performing 51 shows in 50 days, covering each State and Washington, DC. Last weekend they flew to Hawaii and Alaska for the first two shows, but from Portland, OR on they'll be driving the whole way in George's Checker Marathon. This week they'll be in Pullman, WA; Boise, ID; Salt Lake City, UT; Cheyenne, WY; Boulder, CO; Rapid City, SD; and Billings, MT. By my calculations, that's about 2,000 mi. in just one week! The Destroyers are bound to be in your part of the country soon. We'll keep you posted on their progress. Meanwhile, be sure to check out your David Olney & The X-Rays Lp, 'Contender!'"

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
