FMQB ALBUM REPORT

April 2, 1982

BILL HARD, Editor

Hard Choices

THE MOTELS, "ALL FOR ONE", CAPitol

I've been stumped by Martha twice. "Total Control" from the first album by, and it was only after numerous listens that "Banger" from number two sunk in. Now the taste is acquired. I've got to believe that they were simply ahead of their time. With radio format parameters widening they are poised to pop. Expect increasing Top 40 response to "Only The Lonely" to motivate serious crossover action, and look for quick album rock acceptance on "50 L.A.", "Mission Of Mercy", and for fun check out "He Hit Me".

JETHRO TULL, "BROADSWORD AND THE BEAST", CHRYSLER

Nice to hear a familiar and distinctive voice in the midst of all the new artists especially when it's obvious fan is paying attention. Running hot and cold is by now the accepted aspect of his musical personality, and this time around he's very hot. It's a brave man who tackles a concept these days--and from the medieval cover to the dark and sinister lyrics, Jethro Tull pulls it off. Great comeback.

Chain Reaction

RAINBOW, "STRAIGHT BETWEEN THE EYES", MERCURY

With 73 out of the box adds, consider "Stone Cold" closed. We're thrilled that radio has confirmed our leadoff track on Advance Sampler #1--Doug Podell, KORS, "A masterpiece--rapidly becoming a hot request item"... Ron Nenni, WRYY, "Great song. Sounds terrific on the radio. Their best single yet"... Dave Benson, WMET, "This sucker sounds like radio #1"... Drave "Put me on the Front Page" Hall says, "Love it--a stone cold smash"... Rob Barnett, WAAP, "The single proves that you can sound exactly like what radio is looking for and not bore us at all in the process"... We could fill the page with quotes but I think you get the point. We're talking monster. As indicated by the intense adds and comments, "Stone Cold" will dominate, but when the lp hits later this week, also put your ear to "Bring On The Night" and "Miss Mistreated".

POINT BLANK, "ON A ROLL", MCA

Just out and #1 Most Added with 51 reports, and as indicated by this near automatic add action Point Blank has successfully completed the transition from Southern rockers to mainstream appeal. We're anticipating saturation airplay within a couple of weeks... "Great White Line" and "On A Roll" are the early leaders, with "Don't Look Down" and "Let Her Go" also active... Comments: Charlie Lagan, WRYY, "As did JB special on their first album, Point Blank has transgressed their restrictive parameters of the tired Southern rock format and come up with a sound that is contemporary and mature"... Bobbin Beam, WLPX, "Point Blank is mass appeal to the max. I enjoy their musical versatility and the shedding of the Southern rock image this time around"... Bob Keller, KZAP, "I've watched them as they've grown from small Southern rockers into full-fledged commercially viable stars"... Bob Majerky, WRUS, "This one actually had me checking the label twice to make sure I was listening to the right record. I mean this in a positive sense, but the synthesizer sound caught me a little off guard"... And from Art Phillips, KILQ, "A direct album rock hit, undoubtedly their finest effort. We're expecting heavy mileage on this one"... And from Buck McWilliams, "The Point Blank is an instant. When I compare it to the 'Deep Purple' song they were pushing a few years ago, I'd say they've made leaps and bounds advances".

TOTO, COLUMBIA

After a lukewarm response to their last couple, a warm welcome for #4. There is interest in 'Afraid To Love', but as we said last week, 'Rosanna' will be the track to bring this record home. True, it's very polished and quite commercial, but you can't deny the hooks. Take it from Joe MacCabe, KY3, "I'll bet album radio plays the first two cuts on the second side because they rock a little bit more, but why pass on the only great cut on the record--'Rosanna'. Might be a little light, but if you're gonna play Toto, that's the track to play"... Bill Simmons, WMYK, "'Rosanna' was the most impressive thing I heard on the FMQB sampler. It was an instant add out of the box. Looks like all across the board smash"... Ralph Tortora, WRAB, "'Rosanna'--Little Feat meets Chicago. A great song"... Judy McNutt, KGB-FM, "'Rosanna' will absolutely convince you that life is worth living, in case you were wondering. This song is gonna be a #1 hit and every station that plays it will increase their share and probably end up #1 12"... Dave Kane, WCMF, "I must concur with Bill's Toto choice. I was singing the song after hearing it only once"... From Mark Vos, KRQ, "'Rosanna' has hooks galore, with enough saccharine for Top 40 and just enough balls for album rock. Should be a clean sweep for Columbia."

ASIA, GEFREN

They rack up another first with a 6-1 Index Underline--Quickest FMOB #1 position ever for a new group, also closing in Metro 8-4. Already increased play on KGB-FM, KLOL, KSHE, WLLZ, WLUP, WMMR, WQFM, WRIF, WYSP, WLIR, WFYV, WBAB, and 10 more--with well over half of our stations reporting max rotation. 10-1 Sebastian, 17-9 Pollack, 11-2 Doubleday, and 10-5 Superstars...Also up 14-5 on the Retail Index... WMMR's Joe Bonadonna reports, "Asia is red hot in Philadelphia after only 2 weeks out. It has topped the retail chart in the city"...Judy McNutt, KGB-FM, "#13 in sales first week"...Art Phillips, KILO, "Already top 10"...Tim Smith, WLWQ, "Asia pulls #5 sales, #2 phones"...And from Bob Linder, WDHA, "Now top 5 in sales"

GREG KIRBY, BESERKELY/ELEKTRA

23 more adds rolled in for Greg, to make him the #1 Most Added for the past two weeks with 97 reports... New at #32 Index, #31 Metro. On the Top 100, "Testify" debuts at #50. ...Seeing heaviest early rotation on WNEW-FM, KSJO, KGB-FM, WRCN, KILO, KZEL, KNAC, WXRT, and WLIR. A great start.

FRANKE AND THE KNOCKOUTS, MILLENNIUM

Two excellent weeks for Franke, too--#5 this week with 16, #2 for the past two with 82. The highest new entry on both charts--#28 Index, #27 Metro...Seeing heaviest early spins on the Sebastian chain, including WCOZ, WFBQ, WQFM, WLUP, and KSJO...Also hot at KISS and WRKK...Key trax: "Never Had It Better" and "Keep On Fighting".

SCORPIONS, MERCURY

Another tremendous Index surge for Scorps, 18-10, and an even more impressive 15-7 Metro advance... New on KDKB, WLRS, WYOR-FM, WKZL, and WRAS for a four-week total of 104 stations...Airplay moves: 26 steady, 1 down, and 24 increases, including WYSP, WMET, WLUP, WLLZ, WKLS, WCOZ, KPKE, KWK, KLOL, KGB-FM, KBPI, WZXR, WPYX, and WLAV-FM...The Checklist backs up the intense chart momentum...10 not playing, 3 considering, none dropping, 12 maintaining, and 64 building with KLOS, KSRR, KLOL, KGON, WMMS, WIOT, KPRI, WCOZ, KSHE, WKLS, DC101, and KYYS leading the way...Up 17-11 on the Retail Index, 19-10 Sebastian, 15-10 Doubleday, and new at #20 Superstars..."No One Like You" shows a 12-8-4 three week trend...Comments: Judy McNutt, KGB-FM, "Scorpions debuted #9 first week"...Tim Smith, WLWQ, "Scorps pull #4 phones"...Doug Podell, KQRS, "Phones are buzzing for the Scorps"...Rob Roman, KLAQ, "Scorpions are exploding. They jumped to #1 sales and #4 in requests."

CHARLIE DANIELS BAND, EPIC

Charlie is looking pretty unstoppable--the Checklist has 54 builders, 24 maintaining, 11 not playing and 6 considering...In the airplay department, 1 down, 20 steady and 15 ups--WLAV-FM, WZXR, KBPI, KLOL, KOME, KSHE, KWK, WGRQ, WKLS, WMET, and WMMS among them...New on WSHE, WLRS, KPRI, WZZO, WBCN, and more for 112 reports in three weeks...The second strongest Index gainer (ties with Scorps) with a 20-12 move, (24-18 Metro)...19-15 Superstars, steady at 13 Doubleday. "Still In Saigon" jumps 10-5.

DREGS, ARISTA

The Dregs best album base ever gets even hotter. #34-26 Underline Metro, 30-24 Index Prime Move, and an equally impressive Checklist, 34 building, 26 maintaining, 4 dropping, 22 not playing and 13 considering...Moves: 48 steady, 1 down, and 11 ups: KOME, WKLS, WMET, WYSP, WROQ, WMYK, WBAB, WRKK, WBRU, WYFE, and KILO..."Crank It Up" is 34-20-13...Comments: Michele Robinson, KLOL, "Lots of positives on the Dregs. The goals were a stroke of genius"...Dick Bascom, WQXM, "Dregs 22-11 on the Sales Index"...Debut 19 Pollack, 17-15 Doubleday.

HUMAN LEAGUE, A&M

Another impressive Checklist should significantly chip away at radio resistance. 26 builders including WMMS, WSYR, KDKB, WMMR, WPYX, WHJY, KGB-FM, KMET, and KBPI--also maintaining at 12, dropping at 1, with 47 holdouts and 16 considering...Increased play on KSMB, WMAD, and WLIR...New on WCOZ, WHJY, WMYK, KLAQ, KWLX, WIMZ, and WPYX for 35 adds in the last month..."Don't You Want Me" is up 42-39, as the lp takes a 45-36 Prime Move, while remaining steady at 42 Metro...Joe Bonadonna, WMMR, updates, "Top 15 sales and 'Don't You Want Me' is a major request item in every daypart. Sounds perfect, absolutely no problem playing it anywhere, anytime"...Ralph Tortora, WBAB, "Probably the most consistent seller on the island. In the mid-teens for about 4 weeks"...Rob Lipshutz, WHJY, "'Don't You Want Me' is defying all rock boundaries with its brilliantly accessible arrangement and melody."

KROKUS, ARISTA

Again an advance 12" focussing on the killer track does the trick. Chalk up two solid add weeks for 61 stations, and a #33 Index/#49 Metro debut. "Long Stick Goes Boom" is looking good on the Song Index, too--82-55...How about this for audience response: Rob Roman, KLAQ, "#5 sales and #1 requests. To any station who's only using 'Long Stick' on the air, be aware that most of our requests are for 'American Woman'. At this point, it doesn't matter who these folks sound like, they've convinced El Paso that they are for real"...Bob Keller, KZAP, "We featured the album over the weekend and phone interest is running high, even without regular rotation"...Tommy Nast, WSYR, "Krokus is the heavy metal album of 1982 so far. Requests and sales for these bruts are devastating"...And from Bob Majersky, WXUS, "'Long Stick' put Krokus into the #7 sales position this week."

IRON MAIDEN, CAPITOL

This one is also gaining momentum quickly--we total 35 adds in two weeks, heavy on the quality: WMMS, WILS-FM, KLAQ, WIYY, KRQR, WYSP, WIOT, KISS, DC101, KMET, WKLS, WAAF, KTXQ, WLPX, KSRR, WWCK included. Obviously this record is a teen activator el supremo, and nighttime play should be under very serious consideration. A #1 finisher on Kid Leo's 'Grand Jury Of Rock And Roll'...Here's more raves: Duke Meyer, WQMF, "Speaking of kick ass, when you listen to the Iron Maiden album you definitely have to be careful of a meltdown in the elastic of your shorts. 'Number Of The Beast' is a real kicking, straight ahead rocker"...Ken Martin, KZEL, "We are forced to jump on the Iron Maiden bandwagon with the strength of phone response before debuting the lp. If your audience includes those Osbourne and AC/DC worshipping, bone-crushing, heavy metalites, then the Iron Maiden is a must play item"...And from Bobbin at WLPX, "All the heavy metal gear heads are out in force buying Iron Maiden. It debuts at #11 sales this week, based on their appearance at last Summerfest, all of our 'wrathchildren' are out there already requesting this album"...Cuts: "Run To The Hills" and the title track.

DUKE JUPITER, COAST TO COAST/EPIC

Let's talk long haul performance here--out now two months and still pulling in noteworthy adds: WQVE, WCOZ, WFBQ, WILS-FM, WAAF, WQFM, WLUP, KZOK, and WMET this week alone...Increased play on WPDH, WRXL, WHJY, WBAB, WLWQ, KBPI, KLOL, KOME, and WNEW-FM..."I'll Drink To You" is solid at #14.

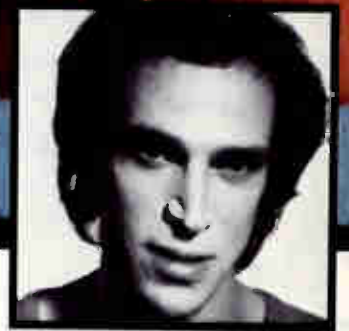

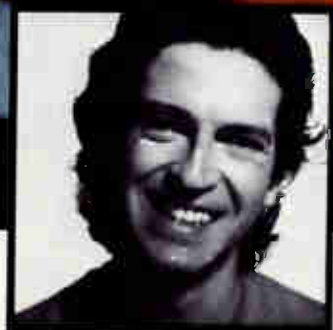

A FLOCK OF SEAGULLS, I RAN, ARISTA

SAM LATE TIP...After going thru zillions of tapes, albums, even promo videos, we popped this disc on while packing up to leave and had to stop the presses! "I-Ran" is an undeniably infectious song - rhythm, melody, the works - Soon out on 12".

THE LONG-AWAITED NEW ALBUM!

THE MOTELS

and "Mission Of Mercy", "So L.A." and "Take The El"

Produced by Val Garay

CHAIN REACTION CONTINUED

BONNIE RAITT, WARNER BROTHERS

Up 28-27 on the Index, but picking up nicely Metro, 37-33...Also still going on the Checklist, with 27 builders, 2 dropping, 21 maintaining, 30 not playing and 7 considering...Airplay moves: 26 steady, 4 down, and 4 ups: WOUR, WBLM, KPRI, and WBCN...Top songs: "Keep This Heart In Mind" 44-36, "Me And The Boys" 70-63.

GRAHAM PARKER, ARISTA

10 more adds blew in, including WMMS and WBCN for a total of 36 in the past 2 weeks, but according to the Checklist, the big story is a lot of people considering the record--61 not playing, but 29 breathing hard, none dropping, 11 maintaining, and 14 builders--heavy on the Indicators...KZAP's Bob Keller reports, "The phones are going crazy on 'Temporary Beauty'. The calls are from the upper demos"... Bruce Bond, WZZO, "Very Elvis Costello/Joe Jackson-ish. I think the album will do very well. Graham really hit the spot with this one."

SIGNIFICANT SONGS:

"CAT PEOPLE", DAVID BOWIE

Healthy Song Index move for Bowie, 54-34, with new air on 11 more, including WYSP, KMOD, WXRT, and WROQ...Regardless of the so-so reviews on the film, people will go see it and that should definitely help the record. Capitalizing on the media blitz argues for jumping on the record immediately, and that's reflected in the Checklist--31 considering, none dropping, 12 maintaining, and 26 building, including WDVE, WMMS, WIOQ, WMJQ, KDKB, KISS, WMMR, and WNEW.

"LIFE DURING WARTIME", TALKING HEADS, SIRE/WB

Considering this track held the #1 Song Index position in studio form, the live option makes good programming sense. Overall the #4 Most Added with 19, and this rave from Dave at LAV-fm, "Another stunning album from the Talking Heads. Their music lurks somewhere in that darkness beyond the safety zone--but mama, that's where the fun is. This album should be mandatory listening."

"I PREDICT", SPARKS, ATLANTIC

Bob and Doug, Soft Cell, and even Human League have revitalized radio's belief in keeping it hopping with unique songs--as we said last week--"I Predict" will stand out on the radio and could well be a big phone item.

"HURTS SO GOOD", JOHN COUGAR, RIVA

Based on the anticipation generated by the sampler, we expect a very strong first week--they love it. Clean production, meaty hook, and a little S&M--what more could you ask for?

"JACKIE'S SO BAD", STRANGER, EPIC

They're great players, especially the drums and guitar. And the "I got screwed by my girlfriend" theme almost always works with young males. Nothing new but lots of punch and very well executed.

"SOME FUN NOW", JOHN HIATT, GEFLEN

Ever since I saw John on the Ry Cooder tour a couple of years ago, I've been a confirmed fan. The test pressing has been an ultra-high rotation item at home, and here's hoping this creative and original talent gets the airplay he deserves. Also suggested "Something Happens", and "I Look for Love".

"HEARTBEAT", WENDY WALDMAN, EPIC

Not much add action yet, but everyone we've talked with who's heard the record likes it. Put it in your first order consideration file.

"SLEEPIN' ON THE BEACH TONIGHT", JIMMY HALL, EPIC

It may be 48 and drizzly outside, but when we be playing this one in de office, it's summertime. Great drive time music.

"YOUNG HEROES", KIM WILDE, EMI

One reason that the international success may not be translating to U.S. excitement, is that 'Kids In America' don't want to hear about 'Kids In America'. It just doesn't translate. But 'Young Heroes' the office fave, 'Water On Glass', or 'Checkered Love' may be closer to what they do want to hear about. The immense worldwide success spells proven appeal to us.

"I KNOW WHAT BOYS LIKE", WAITRESSES, POLYDOR

New at #48 on the Back Page and although the add pace has slowed, we came up with a couple of hot shot Checklist builders, including KMET, KOME, WNEW-FM, and WKLS.

Checklist:

1. Sammy Hagar
2. Rick Springfield
3. Charlie Daniels
4. Dwight Twilley
5. Johnny & The D's
6. Dregs
7. Franke & The KO's
8. Greg Kihn

They're raving about "Rosanna"!!

Doug Clifton, KAZY: "Toto returns with their best effort to date. 'Rosanna' sounds great on the radio."

Joe MacCabe, KYYS: "I'll bet album radio plays the first two songs on the second side of Toto because they're uptempo and rock a little more. However, why pass on the only great cut that's on the album, 'Rosanna'? Might be a little light, but if you're gonna play Toto, that's the track to play."

Judy McNutt, KGB-FM: "Toto's 'Rosanna' will absolutely convince you that life is worth living, in case you were wondering (and have had a week like I've had). This song is gonna be a #1 hit and every station that plays it will increase their share."

Rick Lambert, KSRR: "'Rosanna' is definitely icing on the cake."

Dave Kane, WCMF: "I was singing 'Rosanna' after only hearing the song once."

Ilyse Gottlieb, WRXL: "The day the album arrived I played 'Rosanna' on the air. I asked for response and listeners to guess who the band was. The results were terrific. Fifty positive calls in a matter of moments and more than half the callers knew it was Toto. Needless to say, 'Rosanna' is on this week."

Roberta Haber, WMJQ: "'Rosanna' is the tastiest thing they've done in years."

Bob Walton, WQDR: "The new Toto has arrived and went on the air nearly immediately. The writing is solid and the band is right and has energy. We're gonna roll down the windows and turn up 'Rosanna' and 'Afraid Of Love'. What a record!"

Dave Benson, WMET: "Who woke Toto up? Self-production seems to fit them to a 't'. 'IV' is the best radio record I've heard in weeks. We'll start with 'Afraid To Love' with 'Rosanna' waiting in the wings."

Bobbin Beam, WLPX: "Toto is really consistent, and I really think it's an album that's easy to listen to. I like 'Rosanna' but we're playing 'Afraid To Love'."

Doug Clifton, KAZY: "'The Breakup Song' has worked well for us for quite some time. I hear lots of possibilities on his latest effort. 'Happy' is our first choice, but 'Testify' is a personal favorite."

Dick Bascom, WQXM: "Greg Kihn has come up with a tasty follow-up to 'Rockihnroll'. 'Testify' has all the makings of a hit."

Rob Roman, KLAQ: "I'm here to 'Testify' that Greg Kihn is definitely continuing where the last left off. 'Testify' is definitely stronger than 'The Breakup Song', and we know how successful that was."

Janel Dolan, KZEW: "'Happy Man' and 'Testify' are perfect radio songs; great summer toe-tappers."

Radio Action

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Can't say enough about the cool feel of Jimmy Hall on the title tune of his new album 'Cadillac Tracks'. Talk about a superb relief record, this is it. I'll bet Leo loves this one...Another stunning album from the Talking Heads. Their music lurks somewhere in that darkness beyond 'the safety zone'. But mama, that's where the fun is. This album should be mandatory listening...Much ado about something, but we can't figure out what. Toto and Point Blank. Why does Toto save their best playing for other people's albums? Ton calls it charts vs. guts music...McCartney's 45 sounds inspiring, something he hasn't been very much lately. In fact, the whole album surprised me. The Stevie Wonder duet 'What's That' is a screamer...Two additions to heavy rotation this week: Gamma and X-15. Both generating a lot of sales. If you haven't heard X-15 yet, you're missing a great one...Spent a most enjoyable couple of days in Chicago this past weekend getting off on the Police once again. Had a quick, but memorable, chat with Andy Summers backstage before the show. This man will redefine the sound of guitar in coming years, as soon as we all catch up with him...My congrats to: Kenny Laguna for his astounding success with Joan Jett. Thanks for being so cool after the show...Finally, I want to let you know how impressed I was with my close friend, Skyboy. Driving in on Saturday, I had the pleasure of hearing a state of the art album rock jock doing something we all tend to slide on--communicating!! I think back on when we wet our feet there in the early days and how great he sounds now, and I can see the maturity in the man. Forget the fact that he has the most accurate bead on the culture today, he simply sounded superb. Say what you may about my friend, but you can't change my mind about him. He is the best. We both knew you could do it, the fact that you did speaks for itself."

WBCN, BOSTON, MA M.D.-MARC MILLER: "The following originally appeared in Billboard Magazine on February 8, 1964 and was written by Bill Gavin. The title is 'Oh What A Life Those MD's Lead'. 'It's fun, so they tell me, to be a music director. It's the most fun when you're with an important station in a big city. Big name stars you've never met phone you, call you by your first name, and speak in a manner suggesting a lasting personal friendship. Even though your own salary is considerably less than any disc jockey on your station, the national officers of big record companies phone you, call on you, take you to dinner and treat you as a real VIP, which you are. Discounting all the meaningless back-slapping and phony goodwill that goes with record promotion, the music director is more a part of the record business than anyone else at his station. It's part of his job to know what's going on in the world of records. It's a fascinating world of show business and it's fun to be a part of, if only as an observer. The fun of being a music director more than compensates for the daily chores of auditioning all those new releases. Those who have never faced this task for any length of time have little notion what a grinding and frustrating experience it can be. It requires many hours every day to listen all the way through to every new record that arrives. Add to this, the extra hours that the conscientious music director spends in listening several times to those new entries that he considers important. The amount of trash that must be sifted through to discover the worthwhile items is enormous. An unfamiliar label by an unknown artist may be tossed out unheard. The first few bars of one side may be so unacceptable that no further attention is paid to it. And if he gets too busy with other duties, he may put aside the remaining newcomers in a "file for future reference" category, the limbo of lost records. In order to be effective, the music director must know his market. While a majority of hit records do well in all areas, certain artists and certain musical sounds tend to do better in one city than in another. An awareness of local preferences is essential in guiding the MD's selection of new material'...Gee, I guess as much as things change, they really stay the same."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "All the heavy metal gearheads are out in force buying Iron Maiden--debut at #11 this week. Based on their appearance at last Summerfest, all of our 'Wrath-children' out there are already requesting this album...Toto is really consistent, and I really think it's an album that's easy to listen to. I like 'Rosanna', but we're playing 'Afraid Of Love'...Point Blank has mass appeal to the max. I enjoy their musical versatility and the shedding of the Southern rock image this time around...Interesting sales highlights: Loverboy is #1 again, Asia #3, Scorpions #4, Rick Springfield #6, Iron Maiden #11, Sammy Hagar #12, UFO #13, Greg Kihn #16, Dwight Twilley #18, Jay Ferguson #19, Huey Lewis & The News #22, and the Dregs #23...Love the new Rainbow single--sounds excellent. This could finally be the Big One for these guys. They have a really big following here in town. Blackmore fans crawl out of the woodwork whenever he has an album out...I want to mention that LPX is the official station for the first major rock and roll event this Summer, which is the Big Stadium concert May 28th with: Foreigner, Loverboy, Triumph, 38 Special, and Quarterflash...Gamma sounds better and better on the radio. We're gonna stick with this one. #26 sales and picking up every week. Selling more units weekly...Top 19 sales for Jay Ferguson...Le Roux finally starting to kick in sales."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Uped rotation on the Scorpions this week. A heavy record moves up to heavy rotation...Philadelphia has always been crazy about the Dregs. We hope that 'Crank It Up' does it for them, and we've moved it to medium...Getting great reaction on the phones to the Rainbow record...Joan Jett and Asia continues to lead the pack in sales...See a little bit of a drop-off in Soft Cell...Bowie's 'Cat People' continues to mesmerize. Fabulous record...Saw Rickie Lee Jones the other night, and I fell in lust...On my turntable at home: Talking Heads, Missing Persons, J.J.Cale, XTC, and still The Call."

KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES: "I would like to thank Bill Hard and all the folks at FMQB for the advance sampler #1. I think this is a great idea, and I hope we see a lot more of it in the future. Programmers are able to live with new music prior to its release, so there isn't as much waiting time before making a record an add. On the sampler, I really enjoyed both Dave Edmunds' tunes. The Springsteen composition is a great rocker and 'Other Guys' Girls' sounds like a hit...Also looking forward to the Chas Sandford Lp...The Rainbow sounds top notch, also...Personal to Paul Collins and Larry Whitman of Paul Collins' Beat: Thanks for coming to KDKB and for a great Italian dinner."

MUSIC THAT SELLS!

From Polygram One of America's Two Great Record Companies.

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Myself and the big guy both agree, after heavy listening and intensive study, that 'Don't Look Down' is the track you should stress from Point Blank. Now, of course, 'Great White Line' with the drug overtones is a fine song, as is 'On A Roll'. But to make this album stick and generate legitimate audience response, play 'Don't Look Down'. That guitar makes my weenie stand up and salute, if you know what I'm saying, and I think you do...On that note, we also added 'Extra Long Still Goes Down' from Krokus, and we're getting good response to it... Also new: Todd Rundgren. 'One World' should keep his fans happy (both of 'em); and hopefully, garner a new audience...The Toto is a beautifully done record. My only concern is how will the pop overtones on 'Rosanna' affect the core audience. The horns and strings kind of concern me, but the hook is so strong. We're keeping a real close ear on it...The Rainbow track is a stone cold smash. Good record-- like that...I think the Greg Kinn is a hit. It immediately grabs your attention on the radio, and I hope it goes all the way to the top...Also went with Bonnie Raitt. Maybe this time the radio support will be a little more long lasting, 'cause this lady has been making great music for so many years and deserves the world (or at least a little play in Dallas)...Scorpions goes to heavy this week based on sales and phone activity...Surprising mention to Charlie Daniels 'Still In Saigon'. Nice fresh sound for Charlie--and the audience wants to know who it is (we tell 'em it's Abba)...Getting concerned about an image problem with Dick, but the LP is selling beautifully...Nick won't stick...Dregs have legs--medium sales...And yo mama is in my pajamas! See ya, I'm gone...P.S. Be on the lookout for a band on Handshake Records And Tapes called Alliance."

WHP, CHICAGO, IL M.D.-SKI DANIELS: "Record Of The Week: John Cougar, 'Hurts So Good'. Did you ever meet this guy? When he sings of the Great Midwest, he knows his facts. Living in Indiana is reality without the trimmings. So Mr. Mellencamp uses to his advantage the strata he crosses going from Bloomington to hanging out with Rod Stewart and David Bowie. You gotta believe that's a lotta ground to cover...High praise to the Hard Sampler. To me, it's like rock and roll radio's version of Cliff Notes--all the goods laid out for you. On it, Point Blank has lived up to the precedent set by 'American Express'. The title track sounds like the one to me...The Rainbow 'Stone Cold' finally is removed from the limbo pattern Blackmore followed since 'Man On Silver Mountain'. Rainbow sells out 10,000 copies here, so there's an audience waiting for the man in black...Thanks to: Kenny and Merrill Leguna and Joan Jett for their gracious gesture this weekend. Kenny, before you make any decisions, me, you and Lambó gotta eat at Carsons. Good luck...Duke Jupiter is getting immediate reaction. 'I'll Drink To You' has endless promotional potential."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds: Toto, Duke Jupiter, Krokus, and the Rainbow single... Who woke Toto up? Self-production seems to fit them to a T. LP #4 is the best radio record I've heard in weeks. We'll start with 'Afraid Of Love', with 'Rosanna' waiting in the wings...The new Rainbow single shows the musical side of Ritchie Blackmore. This sucker sounds like radio '82... And we convert our Krokus '12' to the LP add. Never again will I mention the words 'Folaroid' and 'Mike Bone' in the same sentence...Sales: Go Go's, Joan Jett, Police, and J.G.'s Band Top 5...April marks WMET's third anniversary as Chicago's rock and roll station. Our thanks to all who contributed to our 1--ivity...And my personal thanks to: KRQQ for making my vacation radio listening a gas. If these guys had a license, they could be dangerous...And Bill, thanks for the Sampler cassette. It sounds great on the radio (Dave, I know you're kidding--your guy had voiceovers from Skyboy and 'A Loop Exclusive' every 16 records). Dear Will--Gee, nobody seemed to notice."

WMMR, PHILADELPHIA, PA. M.D.-JOE BONADONNA: "While is red hot in Philadelphia. And after only two weeks of being out, it has topped the retail chart in the city. That's amazing--it beats out Joan Jett and the Go's...Soft Cell '12' 'Tainted Love' like 'Did Our Love Go' is #5 overall in the city... Human League is #3... 'Don't You Want Me' is a major request item in every daypart--sounds perfect. Absolutely no problem playing it anywhere, anytime...XTC's 'Senses Working Overtime' is an excellent record. Sounds great on the air. Good telephone reaction and top 25 sales...Really like the new Talking Heads live, especially 'Take Me To The River' and 'Life During Wartime'...Girlschool's 'Hit And Run' sounds like a hit...We've added two Point Blank 'Great White Line' and 'Let Her Go' are the tracks for us...Rainbow's 'Stone Cold' almost reminds me of Crawler with 'Stone Cold Sober'...Think the Sampler cassette is an excellent idea. It really streamlines my listening time, and I'd like to see these more often. Put it in my Walkman and by the time I hit the music meeting, I'd heard both sides...Added the Robert Palmer 'Some Guys Have All The Luck' single. I like it--very hooty stuff... Greg Kinn's 'Happy Man' is our lead track. Looks like the pick off the record...Graham Parker doing very well on the air. 'Temporary Beauty' and 'Fear Not' are our two big tracks. Graham has been a long-time fave at WMMR--Calls are medium...Dwight Twilley's 'Somebody To Love' sounds incredible on the air. Very good staff reaction to Dwight...Also seeing phones for Huey Lewis & The News...My current #1 favorite track is Asia's 'Solo Survivor'...love the first two tracks on the Wendy Waldman, especially 'Heartbeat'."

KYYS (E 102), KANSAS CITY, MO P.D./M.D.-JOE McCABE: "I'll bet album radio plays the first two songs on the second side of Toto because they're uptempo and rock a little more. However, why pass on the only great one that's in the album: 'Rosanna'. Might be a little light, but if you're gonna play Toto, that's the track to play...Added the Dregs 'Crunk It Up'. We'll play it for a few weeks and then crank it down...Great White Line! is far and away the best thing on the new Point Blank...I do like the idea of the sampler. I appreciate the idea and the opportunity to hear artists like John Cougar, Point Blank, etc. before the albums come out. Of course, we played the tape in its entirety in every daypart for two days, and pre-sold it with 'we'll begin the tape in 5 seconds', just like we did the McCartney album, and you very much. Please stop those cease and desist orders. You're making the Stoekholms nervous...Getting good calls on: Jay Ferguson's 'Tonic'...Also real good calls on: Scorpions, 'No One Like You'...Initial calls on Rainbow are very positive...The expected calls on Charlie Daniels. Where's the fiddle, big guy? Oh, you gave it to a disabled vet?"

KLOL, HOUSTON, TX M.D.-MICHELE ROBINS SATRE: "Though I haven't forgotten the Bonnie Raitt (it's still a wonderful album), I do have a new favorite: Wendy Waldman. 'Heartbeat'--is that ever a hot record! It's my new project for April...Along with that, I have another female favorite, Kim Wilde. 'Water On Glass' is terrific. It's real cheeky, upbeat--but not too dancey. I give it a 7!...This week we're looking closely at: Toto, Franke & The Knockouts, Iron Maiden, Riggs, and Human League... And now the envelope, please--Oops, wrong medium...Quickly gaining momentum: Rainbow (of course), Scorpions, Krokus, and Asia...Point Blank's 'On A Roll'. When given the option of playing anything from the album, we decided on the title track. To Eddie Fair: I know that's not your personal favorite, but keep listening--it'll grow on you...Lots of good positives on the Dregs. Putting vocals in was a stroke of genius...We were a little worried that Soft Cell wouldn't hold up with our audience, but we can happily report that sales and requests are real strong...Congratulations to: Bill Hard. You've been our award winner for a long time."

WGOZ, BOSTON, MA M.D.-TED EDWARDS: "Can anyone substantiate the rumor that in order to improve his image, Ozzy Osbourne is changing his last name to Osmond? I'd appreciate any help on this matter."

KBPL, DENVER, CO M.D.-JOE FOLGER: "So like, G'day from Mile High America. The Denver Nuggets just won their 10th game in a row...And speaking of winners, the new Toto album is a masterpiece. Like a Picasso waiting to be discovered. Along with the Asia album, it's my favorite so far this year... Richard Totoian: I haven't laughed that hard in quite some...Sean Coakley: What a guy! 2,000 miles just to say thanks...Robin Wren: Try not to forget that picture."

KSRR, HOUSTON, TX M.D.-RICK LAMBERT: "It's been a week of good special programming on 97FM. We ran the Journey and Judas Priest specials Saturday night, the John Belushi tribute Sunday afternoon, and somehow Steve Dahl's Supper Club survived another week of ABC censors right before the King Biscuit Flower Hour...It's also been a thoroughly good week of rock and roll. We're seeing Houston sales moves on: Rick Springfield, Asia, and the Scorpions already...We officially added Point Blank's album. We're on three cuts: 'Let Her Go', 'On A Roll', and 'Great White Line'...Also, we crank it up at night with Iron Maiden's title track 'Number Of The Beast'...We don't feel Rainbow's 'Stone Cold' is quite the 'Jealous Lover', but we'll certainly take it...Saving the best add for last: Toto's 'Rosanna'. It's definitely icing on the cake."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "I've always been a fan of Ritchie Blackmore. From the days when I was in the ranks of your common earthdogs when I saw Deep Purple do their 'Smoke On The Water' tour in Munich, the man amazed me with the way he made his guitar sing. So in following his career from the breakup of Purple to Rainbow, it always sort of amazed me that he never got back to the pinnacle of success he had reached with Deep Purple. Yes, he had his moderate success stories, most notably 'Man On A Silver Mountain' and most recently 'Jealous Lover'. I feel now Ritchie Blackmore and the boys have got something destined to put them back at the top. If 'Straight Between The Eyes' is anything at all like the pre-released 'Stone Cold', then album radio has a monster beating at the back door. I suggest you let it in...Speaking of 'comebacks', Jethro Tull is destined to come back into his own superstardom with their new album 'Broadsword And The Beast'. What a mo-fo! 'Beastie' is the lead track from the album, and it's just phenomenal--not an 'Aqualung', but certainly the next best thing. Whereas I like everything on the album, my other favorite track is 'Broadsword'. It's so ethereal and insistent, you just can't stop listening to it. Primo rock...It's extremely refreshing to work in a market where the audience reacts as quickly as they do here in Tampa. If an album has the goods and even if we start it off in a light rotation, the folks in this town let us know immediately through sales predominantly, but also in phone reaction. The proof in the pudding would be the overall acceptance to the new Scorpions. Three weeks out and this week it moves 10-8 on the Sales Index...Another case in point would be the Dregs, 22-11 on the Sales Index. No hype and no jive, just straightforward reaction, and it makes me feel good to be a part of it."

KAEY, DENVER, CO M.D.-DOUG CLIFTON: "Adds: Toto returns with their best effort to date. 'Rosanna' sounds great on the radio...There's no way to ignore the Go Go's. They're still hot on the phones and still moving plenty of records out of the stores. It's our second time around for this one. And 'We Got The Best' goes into a hot rotation...After being surrounded by Rich Tottoian, Robin Wren, John Kirksey, and Michael Moore of Epic, we realize how important Susan Lynch is to this label. We'll start off with: 'Office Love'...Upped In Rotation: Huey Lewis & The News, 'Do You Believe In Love'; plus, we've also added 'Working For A Living'...Building Momentum: Cars, 'Do You've Gone'; Greg Kihn, 'Happy Man'; and, Aldo Nova, 'Fantasy'...Retail: Joan Jett still on top; J.Geils Band moves back to #2; followed by Simon And Garfunkel at #3; Asia has a strong debut at #4; Sammy Hagar #5; Go Go's #6; Cars #7; Soft Cell Ep #8; Police #9; and, Quarterflash #10...Major Moves: Aldo Nova up from #16 to #13...Phones. Hot: Joan Jett, J.Geils Band, Journey, Foreigner, Cars, and Go Go's. Building: Sammy Hagar, Tommy Tutone, Greg Springfield, Aldo Nova, and Huey Lewis & The News... Considerations: Jethro Tull, Dregs, and Point Blank."

WMMS, CLEVELAND, OH M.D.-KID LEO: "I wanna thank James Worthy for personally causing me my mad money for my vacation in Jamaica. As you can tell, I bet Carolina, giving a point and a half. I think the MVP should have gone to Fred Brown for that fantastic pass. I'm sure Dean Smith would agree. If I were Ralph Sampson, I'd turn pro right now. And if I were Pat Ewing, I would definitely wanna be paid for it. As you can see, my mind is on sports because the weather has turned. Spring has finally sprung, so fuck talking about music. Hop in my car, crank up my cassette, and head for the links. I'll see you in two weeks, I'm off to Jamaica!"

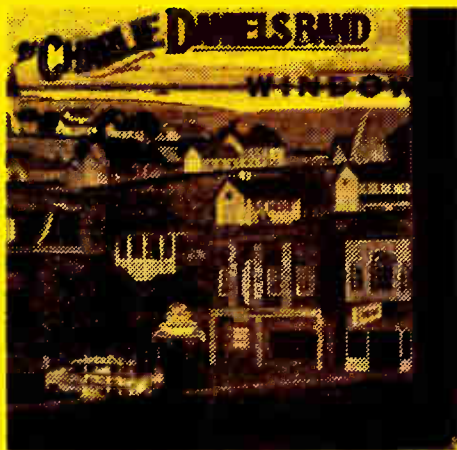

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Need a big shot of heavy metal? Well, Krokus is here just in time. Leading with: 'Long Stick Goes Boom'...Duke Jupiter and Toto have the makings of potential top tracks...Already getting pretty good reaction to: Rainbow--that's on the money...Still big reaction to: Asia. Phones leading for: 'Heat Of The Moment', 'Wildest Dreams', and 'Sole Survivor'...Good phones for: Sting from 'Secret Policeman's Other Ball'...Also, Ozzy Osbourne is pulling decent calls... Light phones on the Bowie, but good sound...Considering: Point Blank will get played."

WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN: "I want to thank Jack Hopke and Linda Kirishjian for their TV help...And To Leo: I saw John DeBella last week at the Nick Lowe show. He asked me to say hi!... Herb Brooks moves to recurrent next week."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "New Adds: Rainbow and Point Blank...Ritchie Blackmore and company have come up with a masterpiece rapidly becoming a hot request item. There's always been a strong following for Point Blank in this area. Their new Lp continues down that road of success... In the Twin Cities, phones are buzzing for: Scorpions; also, Novos Combo, Aldo Nova, and Krokus are starting to get more positive reaction...The interest sure died off in a hurry on Jimmy Page's 'Death Wish II'...By the way, got a chance to hear some of the new Jethro Tull Lp. Sounds like some of Ian's best work in years. 'Beastie' is the track that stood out to me...We also got the new McCartney Lp in just a little bit early (thanks to Mr. Anonymous), followed by three cease and desist letters from CBS. McCartney certainly has mellowed his style, but no doubt the interest will be there for this one...A great idea on the Sampler from FMOB. Keep it coming...Considering for next week: Human League and Jethro Tull."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "Mike Bone, Joel Webber, Drake Hall, Jon Scott, Michael Papale, Sean Coakley, Leo the Kid, Bill 'is my name on this list? Hard, Dave Benson, Sky King, Buck McWilliams, Janel Dolan, Jack Snyder, Steve Feinstein, Cindy Tolin, Beth Rosengard, Dede Whiteside, Derek 'dogbreath' Shulman, and Ron Reger. Isn't it nice to see your name in print?...Now that I have your attention, I suppose you're wondering why I called this meeting. Yes, my friends, ah am here to TESTIFY! This new Greg Kihn song will give you religion about music...Toto's 'Rosanna' will absolutely convince you that life is worth living, in case you were wondering (and have had a week like I've had). This song is gonna be a #1 hit, and every station that plays it will increase their share, and probably be #1 12+...The Rainbow single 'Stone Cold' is so much fun to sing along with. Real loud, too...Top 20 sales on Asia (debuted #13 first week); Scorpions debuted #9 first week; Human League Aldo Nova Top 20...I also saw a real good concert the other night: U2 and J.Geils Band. For the first time in about 10 years, I saw a lead singer in a rock and roll band actually leave the stage and live. Also, J.Geils was perfect--really excellent...Finally, see you at Enrico's."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "A week of out-with-some-new-and-in-with-some-newer. Girlschool's 'Race With The Devil' is getting some immediate response. It's the guitar hook that does it...Rainbow's new single proves that you can sound exactly like what radio has been sounding like and not bore us all in the process...Iron Maiden will go in at night with 'Run To The Hills'. It's heavy as hell, but there's room here for one or two of these at this point...Heavy as hell as well are the Ozzy politics going down in Boston this afternoon. I'm tired of funny Ozzy jokes, but I wonder if everyone else is?...Both UFO and Wrabit aren't making any waves here...However, Scorpions sounds incredibly strong. Not too surprised at the success of Charlie Daniels. Both records are now in heavy...Heavy rumor that Epic plans to personally wallpaper your home with Susan Lynch bios... We did do Duke Jupiter this week with 'I'll Drink To You'. Slightly pop, but rock and roll enough to go with...Tommy Tutone and Aldo Nova holding on very well...Thanks to: Bloom for the Nick tickets...Good seeing Sparky and Raz."

KGON, PORTLAND, OR ASST. We sponsored Special Olympics Skiing for the mentally retarded up on Mount Hood. We also presented a check for \$3,628.00 to Easter Seals during the telethon that was collected during our Rock and Roll Bartenders promotion...Musically, Portland continues to respond to: Angel City and Girlschool. Huge anticipation to their concert appearances here in the next few weeks...KGON welcomes Johnny And The Distractions, opening for J.Geils here next week. Thanks to: John Donovan of EMI for performing above and beyond the call of duty and coming through with a 'Freeze Frame' promotion when there was no budget for one...Bone: Thanks for the care package. Krokus Rocks!...To Ed Leffler: Sorry your name was spelled wrong in last week's Sheet. I must have had a mouthful when I called in my report. You're still a champ."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Gees, here we go again. Tons of great new product, but no room for it. This can be very frustrating. The only add this week at WCMF is: The new Rainbow single. I figure that with room for only one record this week, we might as well play the song that will be an immediate smash...Eagerly waiting for their chance: Dregs, Girlschool, and Toto...I must concur with Bill's Toto choice. I was singing the hook after only hearing the song once...To all record and promotion people: I've changed airshifts and am now handling Middays. I would appreciate it greatly if you would refrain from calling me on the air. I will gladly trade jokes, rumors, etc with you between 2-5PM Monday thru Wednesday. Thank you...A record worth the time to check out is a new five song Ep from New Math on 415 Records. The band is the premier modern music group in Rochester, and they're very deserving of your attention. Try: 'American Survival' or 'They Walk Among You'...Up-Your-Rotation Dept.: Gamma, Huey Lewis & The News, and Asia go to Heavy...To Recurrent: Triumph and J.Geils Band...Heavy At Home: Greg Kihn, Haircut One Hundred, and Human League...We're changing cuts on XTC and decided, in listening back, that 'Runaway' is a little stronger in its appeal to the audience."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "Geez, I know our upcoming tower move is a big deal and ten times the power is really gonna help us, but I didn't expect Newhouse to go and sell WSYR because of it!! Seriously though, folks, although we've had our disagreements in the past, I would like to heartily recommend Harry Castle and Tommy Nast, two unique radio people...As I mentioned last week, we're committed to breaking the Soft Cell record here; and, within five days, the song is well on its way to breaking. 'Tainted Love' came in as our third most requested new song--and that's with five days of airplay. It obviously moves up in rotation...Speaking of Warner Bros., congratulations to: Jeff Crydon on his new job. It'll be nice to finally have a local rep for Warners...I'm very pleased with the new Rainbow single. It strikes me as the kind of song that will wear very well...Rick Cua from the Outlaws is a native Syracusan. He has just put out his first ever solo album called 'Koo-ah'. When you receive the album, go directly to the tune 'Fly Me To Heaven'. It's very strong...By the way, the new Outlaws album is due by the time you read this...I like a few cuts on the Point Blank. Notably: 'On A Roll' and 'Great White Line', which of course will get a lot of airplay for obvious reasons...I just want to mention that the sampler idea is fantastic. I'm one of those people who, when the new Johnny Wetwick album comes out doesn't immediately go running out to my car to slap it in my tape deck. But the sampler idea makes my life a lot easier. No wonder Bill won the Tom Donahue Award...Remember those semi-negative comments I had last week on Asia--Well, forget 'em. Only joking. The album came in #10 retail. Pulling strong phones...Other less than obvious phone songs include: Loverboy, 'Take Me To The Top'; J.Geils Band, 'Rage In A Cage'; Charlie Daniels, 'Still In Palm Springs'; and, Human League, 'Don't You Want It'."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Kudos to: Bill for the helpful advance cassette. Let's do it again. My two favorites are: Chas Sandford's 'LimeLight' and Point Blank's 'Great White Line'...The Point Blank is an instant add. And when I compare it to the Deep Purple song they were pushing a few years ago, I'd say they've made a leaps and bounds advance...We made room this week for Franke & The Knockouts and Girlschool. If our friends down in Columbus are having as much success with Girlschool as they say, it's time for us to follow suit...Upward moves this week include: Scorpions (again) and Krokus...I personally think the Toto Lp is so standard, it's a waste of time. Not only does it sound like all the other Toto records, but I feel as though I'm listening to the soundtrack of a dozen Lincoln/Mercury ads...And by the way, labels, now that we're into another Book, how's about kicking in with that reservice on time. I ordered new copies of Thin Lizzy and Sammy Hagar back in early February, and I'm still waiting. And tell me, why does it take four weeks for a back-up on Loverboy? We're six cuts deep into it (more than the Rolling Stones), and I'm still waiting for a new copy. If labels can't take care of us, we'll drop the records. It's that simple."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "Bill Hard: I commend you for the advance sampler #1. John Cougar is, by far, my favorite. If you're into S&M, it 'Hurts So Good'. I tested the track with our Listener Advisory Board and it scored a 45 out of 70...Rainbow's 'Stone Cold' was next with a 48. I have reason to believe 'Stone Cold' is gonna be Rock Hot. This track has all the ingredients and is so obvious on the first listen...Speaking of our Listener Advisory Board, if any record companies could spare some records, the members are willing to take a record home and listen many times in one week and return with comments. It's my idea of callout research, and by far more accurate. If you need more info, call me any afternoon...Graham Parker's 'Hit The Spot' is very Elvis Costello/Joe Jackson-ish. I think the album will do very well. Graham really hit the spot with this one...Franke & The Knockouts 'Never Had It Better' is produced perfectly for album rock radio in 1982...AC/DC goes into medium rotation...Oh, I'm sorry, I mean Krokus...Charlie Daniels will be visiting us in concert toward the end of the month. 'Still In Saigon' is being proved all over the country as a hit...Finally, our last add is the Blasters. I have to admit I didn't like the album when it first came out, but requests and sales started happening on one play during an on-air test. It should make us more unpredictable. The cut: 'American Music'...By the way, the 'Saturday' track on the Greg Kihn is the track...Considering: Toto and Point Blank...Steve Leeds finally got Ted Edwards of WCOZ and I together for Joke-Off Part I...Read the SLIC comments for more...I love Bob Bittens' report from last week! Ozzy starts touring in Allentown on April Fool's Day...Here's an interesting find: Soft Cell is #5 in retail and tied for #1 in requests...Who cares if XTC's 'Senses Working Overtime' starts off strange. We've been playing it in a light rotation for a week, and we've been getting some great reaction from the phones and other jocks."

WMYK, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS: "Toto's 'Rosanna' was the most impressive thing I heard on the FMOB Sampler, and it was an instant add out-of-the-box. This record looks like an across-the-board smash...The Human League is starting to look like a record whose time has come. Already getting good calls, after just one day on the air...The Dregs are building nicely. Getting great phones and sales...Krokus seems to have broken out of the AC/DC clone category and are establishing an identity of their own...Getting good calls asking for 'Long Stick Goes Boom' by name...Another new group that hasn't had any trouble establishing their identity is Asia. Maintaining Top 5 retail this week."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "We're getting more calls on Susan Lynch than any other record since Joan Jett and, of course, from completely different people. Everybody's walking around saying, 'Mrs. Goodbody get in here'...Terrific sales picture on Asia. Heavy, steady reorder pattern in Central Florida on this one. It's working...Love 'Afraid Of Love' on Toto...Taking a look at David Bowie and Greg Kihn down the road, but really have not been knocked out by anything this week."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Like the tape, Bill, especially Cougar's stuff. I just hope we're all good boys and girls and don't leak the songs...The big news here is our love affair with Kim Wilde. This week she copped the Screamer Of The Week with 'Kids In America', and her Lp is #3 here...Thanks to: Nick Lowe for stopping by. He's been one of our main men for years. Long Island enjoyed your show with the Cars...The Rainbow single came to us last week as an import, and it landed in heavy. 'Stone Cold' is perfect with its Deep Purple feel and Foreigner tempo. Rainbow deserves to happen, and the album is off to a good start with this tune...Sparks 'I Predict' sounds great... We went on Bow Wow Wow's 'I Want Candy'. Kenny Laguna's production touches were exactly what the band has needed. Yes, the Ep could be real big...I'd like to thank all the record reps who have worked with Lou O'Neil. Your cooperation with him has been a real plus to our air sound...Good luck to: John and Mavis Brody. You two are the best...Thanks to: Judy for taking my late phone call."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "XTC has a really great album. Heavy rotation, with moderate to heavy sales, which is very good for them. Calls for: 'Senses' and occasionally for 'Ball'... Question: What is the name of the best album of the week? Answer: The name of this album is Talking Heads. A definitive album from a truly creative group. Great production for a live Lp...Saw the Cars and Nick Lowe last week. An impressive performance from both artists...A good time was had by all. Thanks to: Tom Jodka and Charlie Datrey...Interesting new music pick of the week: Roxy Music, 'More Than This'."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "The Human League's 'Don't You Want Me' is defying album rock radio's boundaries with its brilliantly accessible arrangement and melody. When a record comes across album rock radio's resistance level with this much momentum, you know it's gonna work...I was pleasantly surprised by the feel of Rainbow's 'Stone Cold'. It's similar to 'Waiting For A Girl Like You' and has a stunning guitar solo...Coming on strong in sales: Rick Springfield #3, Asia #4, Human League #8, Scorpions #10, and Bonnie Raitt #13...Whoever is playing piano on the Dave Edmunds track is really doing some exciting stuff there...I got a much needed shot of rock and roll at Nick Lowe's concert this weekend up in Lowell, thanks to Rich Broome...A Hard Sheet handshake to MCA's phone-mate, Roman Marcinkiewicz, on the arrival of number three, Julia Rae."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "So how about that new Paul McCartney album? Rock radio will once again use extreme caution in dealing with the sound that we have chartered out of current rotation. It seems off balance when reviewing recurrent emphasis of Beatles 'Abbey Road', 'White Album', and 'Magical Mystery Tour'--all filled with full orchestrated sounds that challenged the currents of their time. George Martin's production is very reminiscent of those later Beatle albums that are such a solid staple for album rock basics. We dealt with the John Lennon and Phil Collins albums in the same cheerful manner, but look at the retail success that they produced. McCartney will sell. It has beautiful songs on it...From The Fact Dept.: Asia pulls #5 sales, #2 phones; Loverboy tops Joan Jett in retail; Scorpions pull #4 phones; Tommy Tutone pulls #8 phones...Upped rotation on: Greg Kihn and Duke Jupiter...Added Toto's 'Afraid Of Love', not the Boz Scaggs song 'Rosanna'...Dropped: Bryan Adams and Thin Lizzy...Curious about: John Cougar and Jethro Tull."

WPYX, ALBANY, NY M.D.-RON NENNI: "Good to hear the new Rainbow single 'Stone Cold'. To use the old cliché, it's their best single yet. It could do what 'Waiting For A Girl Like You' did for Foreigner. Great song--sounds terrific on the radio...Side One of Toto is chock full of hits. For example: 'Rosanna' and 'Won't Hold You Back' (but it sounds like mid-period Chicago). And I think 'Afraid Of Love' on Side Two is the album rock song...One of the best songs on FMQB Sampler was the John Cougar track 'Hurts So Good'. Love it. Can't wait for that song. By the way, I love those cassettes. It makes listening a little bit easier...I've been a believer of the Human League for awhile, and I'm sure glad to see 'Don't You Want Me' go in this week. It's doing extremely well already in the area of sales...Point Blank's 'Great White Line' is the best track on the album for us. We're talking about this as another anthem. Well, we'll have to do our 'Anthem Weekend' before long...Greg Kihn's 'Happy Man' is a good track. Somehow I expected more from this album, but he does have a fairly good base in the area and I think between 'Happy Man' and 'Everyday Saturday', it should do well...A couple of things I'm listening to are: Wendy Waldman, 'Heartbeat'; and the Jimmy Hall album is real tasty...The Talking Heads 'Life During Wartime' is a standout track on their live album...Franke & The Knockouts 'Keep On Fighting' sounds really good on the radio. We should see some sales on that next week...In Requests: Soft Cell is #1, Asia #2 (also #2 in sales this week), Scorpions #3... Duke Jupiter and Aldo Nova still pulling good phones...Iron Maiden is still pulling enormous phones."

WWWL (LOVE94), MIAMI, FL M.D.-STEVE HUNTINGTON: "I have to recommend 'Baby Come Back' as the next Bonnie Raitt single due to the strong response we've gotten from airplay. It has a hit sound (again) and could be used by almost any format...Likewise, 'Rhythms Of Hope' should be the next Ponty single... Jimmy Hall's new Lp is solid. 'Fool For Your Love' could be a big hit. We're also playing: 'Standing In The Fire' and 'It's Your Move'."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Very pleased with the new Toto album. I agree with B.H. that 'Rosanna' is a great tune, but we went with 'Afraid Of Love'. I feel like it's at least three cuts deep, and I've got a feeling it's going to help us kick-ass rockers lure a female or two...Speaking of kick-ass, when you listen to the Iron Maiden album, you definitely have to be careful of a meltdown in the elastic of your shorts. 'Number Of The Beast' is a real kicking, straightahead rocker...We added: Rainbow 12"; along with: Toto...Still pushing for: Bonnie Raitt...Considering: Point Blank, Greg Kihn, and 'Death Wish II' Soundtrack...Thanks to: Tom Genetti for bringing Carmine Appice by for an on air thing before his appearance here."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Back to work for one week, and I'm ready for another vacation. Florida was great. Not a drop of rain. On the way down and up (we drove), I got to listen to some great radio. You guys at WMMR have one helluva signal. I had the station for three hours on Interstate 95. Hearing Joe Bonadonna was a blast from the past. And, I finally got to hear Howard at DC101. I was passing through DC on a Monday morning, and he was ranting and raving about a high school principal who started a petition to get him off the air. He was going to call her on Tuesday and confront her on the air, so I still don't know the outcome. What happened, Howard?...Records, records, records--that's what I saw all over my office when I returned to work. One album I'm absolutely wild about is the Kim Wilde. This lady has got it. 'Checked Love' is a monster...Another Lp that's really catchy is Haircut One Hundred, especially 'Love Plus One'... FLASH: Toto, 'Rosanna'. Little Feat meets Chicago. A great song...Asia is kick-ass. #5 in sales this week...Speaking of sales, Iron Maiden continues at #18. They've always been popular here... Also, Rita Marley's tune 'One Draw' is getting great reaction for obvious reasons...The Rainbow single sounds like a hit. The import is selling like hotcakes...The new John Hiatt Lp is the best he's ever done. It seems like Geffen can do no wrong...Debuts in sales chart this week: Greg Kihn #35, Graham Parker #42, Gamma #44, and Talking Heads #49...Big Moves Up For: Dregs, Aldo Nova, and Asia (19-5)...Human League is probably the most consistent seller on the Island--in the mid teens for about four weeks."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "I was talking to one of the local promo people the other afternoon, complaining about the fact that I have enough records I'd like to add but only room enough for two or three. So how do you decide, he asks? Good question, said I. So in the way of a partial answer, here are the five main qualifying criteria for getting an album added at WHCN: 1) The album is by a well established artist. Foreigner, Journey, Stones, Who, etc. are obviously automatic. Even a bad album by these groups will receive at least some airplay. 2) The group/album/song has a gimmick or is a novelty of some sort. The Go Go's have a gimmick. Yea, they also have a hit single, but the initial buzz was caused by the fact that they were a good-looking all-female band, and radio is dominated by your basic sexist, drooling, horny male. 3) The album has an undeniable song. Joan Jett's 'I Love Rock And Roll' is a prime example. Aldo Nova's 'Fantasy' or 'Still In Saigon' by Charlie Daniels would also probably qualify. 4) The music is new and fresh without being a tuneout. Obviously, this is a very subjective thing. I like to think that I have a good idea of what new music my audience will or will not tolerate. No offense meant, but choices, breakers, and flashmakers don't mean shit if your audience doesn't like the stuff. Reading the trades to find out what's new is fine, but any music director worth anything should allow himself to be guided by the tastes of his audience and to trust his own ears. Bands that have qualified in this category in recent times include: XTC, Soft Cell, U2, and the Police, among others. 5) The album has established itself through airplay at other stations, and we just missed the boat by not adding it sooner. Occasionally, we're late on a very strong album--you can't hear 'em all. Of course, none of this is hard and fast. There will always be as many exceptions as there are rules...One additional note: The question was raised as to why certain records that get heavy airplay fail to inspire any listener interest. The examples given were: Prism, Wrabit, and Le Roux (which among other albums received a hefty amount of airplay here, but never got any requests and sold only minimally). The problem is that sound-alikes, regardless of what a certain consultant's callout research indicates, don't make it. Given a choice between playing a Wrabit or Le Roux song that sounds like Foreigner or playing a Foreigner song, guess which one I'd choose?...Next week's lecture: The real reason behind the current record sales slump... By the way, I love the new sampler cassette. We'll no doubt make good use of it."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "On behalf of all us overworked music directors, I'd like to thank the folks at Friday Morning Quarterback Album Report for their newest innovation: The cassette sampler. Anything that saves time and helps us do our job better is greatly appreciated... What makes Toto interesting is also what gets them into trouble. Their music is so carefully arranged and impeccably produced that it sometimes crosses over into sterility. This time around, they've allowed some passion to shine through, especially on 'Rosanna', the tastiest thing they've done in years. If you're looking for something that rocks a little more, try: Side Two, with 'Afraid Of Love' leading the way...Paul McCartney's and Stevie Wonder's voices sure do sound lovely together. I just wish they would have done something that rocks out more...Peter Noone has earned my everlasting respect for digging up that wonderful old Sutherland Bros. and Quiver song 'You Got Me Anyway'. Noone gives this old chestnut a completely new life with Police-like reggae overtones and production so clean, the damn thing positively sparkles. You owe it to yourself to check this one out. A real blast from the recent past...In 1977, I was lucky enough to catch four sets in one week by the Talking Heads. I remember being blown away by the intensity of those early performances. Though you really need the visuals to truly appreciate those early shows, the new live disc can give you an idea of what it was like. The performances are not perfect, but they are passionate--and that's what live rock and roll is all about... 'Stone Cold' is, without a doubt, the classiest thing that Rainbow has ever done. This one should grab more than just the teens...Finally, we owe a thank you to: Mike Rose from MCA for being so consistently helpful with research."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "We have a new Program Director. Michael McConnell has accepted another position that can't be disclosed at this point in time. Dave Luczak will take over the PD-ship, effective immediately...This week we added: Greg Kihn, Point Blank, and Rainbow...The Kihn is great! This guy is showing us major development on this album. It's the kind of album that every time I go back and listen again, there's a new tune that jumps out at me. I really think this one has a good chance to develop into a smash album--as long as one or two singles pop. He experiments with a lot of new musical ground, but holds the reins in to keep it in touch with the pop/rock sound. We'll start with: 'Happy Man'. Not far behind is: 'Testify'. 'Dedication', 'Sound System', 'Everyday/Saturday', 'Every Love Song', 'Seeing Is Believing', and even 'Family' are all good... 'Stone Cold' by Rainbow is very interesting. Kind of different for these guys, but it sounds good. I hope 'Jealous Lover' is included on this album. I still think that tune can do Polygram a lot of good...And 'Great White Line' by Point Blank sounded good enough to go in OTB. They've got a pretty big cult in this town. It's quite noticeable on this album that Point Blank cannot be thought of as a Southern rock group anymore...We also expanded to 'Take Me To The Top' on Loverboy. We're now five deep on that sucker...The headline in sales is: Asia. It's unfucking believable. #10 in the second week. Are we talking big or what?...Joan Jett, J.Geils Band, and Loverboy are still at the top...Van Halen 45 is #5; Rick Springfield #8; Sammy Hagar #13; 'Secret Policeman's Other Ball' #14; and, UFO and Scorpions are both around #20...Tommy Tutone, Charlie Daniels Band, Prism, Wrabit, Aldo Nova, Bonnie Raitt: All showing decent progress."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record Of The Week: Point Blank. As did 38 Special on their last album, Point Blank has transgressed their restrictive perimeters of the tired Southern rock format and come up with a sound that is contemporary and mature. I mean, name another Southern rock band that uses a synthesizer. Proof positive that Point Blank has evolved into a modern American rock band with quite a refined sound. 'Great White Line' is topically close to the hearts and nostrils of MD's and PD's coast to coast. It has that infectious feel that, like 'Nicole', really grabs you after a few listens...Another record that I'm impressed with is: Rainbow's 'Stone Cold'. This has to be my least favorite band ever, but I really like this tune. Captivating in a melodious manner uncommon among heavy metal bands, I don't see how this song can miss...Adds: Dregs, 'Crank It Up'. After the moderate success of 'Cruise Control', our audience's reaction to this should be immediate and strong. Being a station of the kick-ass variety, playing a tune entitled 'Crank It Up' is a mental and musical positive reinforcement. But the best thing about this record is that the Dregs have satisfied radio's demand for vocals without compromising their instrumental integrity...Rick Springfield: Shed those teen idol notions. I find no problem with Rick's image because I really perceive him as having rock and roll in his heart and as his first love. Sincerity is very important in my book. With tunes like these, he won't be Noah Drake for too long...Post thoughts on: Asia. 'Here Comes The Feelings', to me, is the standout track on the album. Debuting at #6 last week, it's now #2. Phones are massive...Charlie Daniels Band. This is a big Navy town, and our upper demo males are blowing the phones out for this one. At a time of tight military awareness, this was a song that needed to be done. The all-American image of Charlie Daniels drives home the point of this song even more...Heavy Rotation At Home: Greg Kihn, Graham Parker, and Duke Jupiter...To Kano: Smile."

WYFE, ROCKFORD, IL M.D.-THE DOCTOR: "The Doctor's prescription this week includes adding Toto, Greg Kihn, Rainbow and P.C. Beat. We've also had a couple of things we've been working on that have finally come together. First off, a new addition to our weekly chores and something that's going to be a lot of fun. We call it 'Radiovision'. We've hooked up with our local cable company, and each Wednesday night at 6:30 we'll feature a half hour of rock videos. It's a great way to get your calls on the old boob tube. If you have any questions regarding Y95 Radiovision, Brent Albert is our morning man and promotion director Mark Seger should be able to fill you in. Please feel free to call...We've also been trying to get Journey to our Metro Centre so we started collecting petitions to bring them here! We received well over 7-thousand in a couple of days so we forwarded them off to Journey's management. They loved the idea--couldn't make it to Rockford but did set us up with 188 of the best seats in the house for the last two Journey shows in Chicago as well as tour jerseys and helping us out with transportation costs as well. (We call 'em Party cruisers). Y95 sends a heartfelt 'Thank You' to Pat Morrow and Herbie Herbert from Journey's management. I must say it's great working with you guys. See you Hosers next week!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "The WCI home taping survey news showed the degree to which the record industry is committed to have attacks passed on blank tape. I think they have some legitimate complaints but it's ridiculous to include dollars lost by songs taped for one's own use from ones owned-purchased records...New music we like: 'Rosanna' for Toto is a great tune-guaranteed hits...Is 'Tits With Balls' too sexist to say? Well, however you phrase it--Girlschool's got the sound to grab an active young listener by the...ears...Really enjoyed 'Hold On To My Love' from Jimmy Hall. The Point Blank album should do extremely well. These guys are definitely on a roll. Mike, I'm not sure I understand what 'Long Stick Goes Boom' is all about but I do agree that song and 'American Woman' are going to finally break Krokus in America...The McCartney/Wonder single is nice but disappointingly wimpy. These guys are too young to mellow out. Hope the album has something on it...Asia continues to build--now in Top 5 sales in North Jersey preceded by Go Go's, Joan Jett, J.Geils and the Police...Oh, Bill, the advance cassette was well worth the effort--excellent! Especially loved Dave Edmunds...John, where's the advance cassette you promised? Heard the advance cassette from the Motels--sounds real good...Thanks to Dave Morrell and Arthur Fields for the visit and the special numbered edition Beatles albums...Thanks for the visit and advance listens to the new Sherbs from Paul Yeskel...Can't wait to add Jethro Tull. It is Tull's best album in years...Thanks to Nick Lowe, as well as Patty and Chris of the Waitresses for the live interview last week. Our listeners' appreciation definitely pays off in record and concert sales...Let me conclude my comments this week with a very serious question: If television, with or without cable, can be scrambled and decoders rented monthly, why not radio? I, for one, wholeheartedly support free commercial radio, not commercial-free radio. If you agree, do whatever you can to stop negatively promoting commercials. Make commercials more interesting/exciting and help develop alternative programming that will leave little room for a future pay radio service!"

KZEL, EUGENE, OR M.D.-KEN MARTIN: "It's really no news that Asia continues to build as we up-rotation on 'Heat Of The Moment' and add 'Sole Survivor'...We're also going deeper into Angel City with 'Fame And Fashion'...The new Point Blank is surprisingly good--it takes a couple of listens, only because there are so many potential key tracks...Toto's 'Afraid Of Love' is the one that grabs my ear even though label reps are pushing 'Rosanna'...Congratulations to Johnny And The Distractions for scoring an opening date with J.Geils...Hagar, Aldo Nova, Springfield, and Prism continue to dominate our sales and airplay charts but the Scorpions are not far behind...We are forced to jump on the Iron Maiden band wagon with the strength of phone response even before debuting the Lp. If your audience includes those AC/DC, Osbourne-worshipping-bone-crushing-Heavy-Metal metallists, then Iron Maiden is a must play item...Graham Parker's new one is going to be not just his best Lp to date-but probably his best album ever...I could go on and on about Franke & The Knockouts and many others but there's lots of good music out there. The question remains--how to expose all of it in a meaningful rotation. Either we are seeing a lot of paper adds or some stations have discovered a way of squeezing a few extra hours into a 24-hour day."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Well, you see I ain't here on no mental scholarship, but I was listening to it last night through my white earphones so I just naturally had to throw the ball to Point Blank--even James Worthey don't slam with authority like that. (Bill Ham, when you designed the cover, were you like I was the night we talked in Mobile?)"

WDEK, DEKALB, IL M.D.-BRIAN LEONARD: "Give a band a nonsensical name, give their album an equally vague monicker, place music inside that defies pigeonholding with super musicianship and what do you have--an album that will be overlooked by most but has the potential to be enjoyed by all. Haircut One Hundred's an album that should have a place on everyone's list. If you're not playing this album, you should...Adds: Toto, Haircut One Hundred, Jimmy Hall, Talking Heads, Kim Wilde. Single: Paul McCartney...Hots: 'Secret Policeman's Other Ball', Greg Kihn, Huey Lewis, Van Morrison, Jean Luc-Ponty, Nick Lowe, Asia, Human League, Bonnie Raitt, Buggles, J.J. Cale, Soft Cell, Dwight Twilley, Le Roux, Poco, and Larry Carlton."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDBSEN: "Adds: Toto, Iron Maiden, XTC, Rainbow, and the Beatles...To Heavy: Scorpions, 'Asia' is the I-95 record of the week...Seeing sales on Human League, Asia, and CDB...After Ritch Bloom grabbed me a copy of the Toto cassette, I haven't stopped listening to it. I hate to agree with such hype as 'greatest Top 40 single of the year' but in this year 'Rosanna' comes pretty close with that EW&F-like horn section that really isn't horns providing some terrific hooks...Speaking of Mr. Bloom, thanks to him and Rap for a fun evening of Jew-food and rasta music. I've gotten so cosmopolitan, my Gucci leisure suits are on order--however, that didn't stop me from having a great down home evening at our Asia listening party. Manuel, your rapport has been invaluable, and we appreciate your 'rigging' the whole thing up...With Michael Caplan back on the case, how could I not succumb to such pressure? XTC is on. After all, a three-letter group is safer than a four-letter one!"

WWCT, PEORIA, IL M.D.-WENDY RICE: "Adds: Point Blank, Rainbow, Light, and Kim Wilde (pay attention to this one. 'Kids In America' is an outstanding track)...The hype pays off as Asia hits #1 in sales rising above a stagnant group of 'popular' albums. Actually, we're really pleased with the reaction since the audience anticipation here did not seem as high as other stations had reported. The 'term' 'supergroup' has not been crammed down Peorians' throats. The album simply stands alone...No other news except this McCartney album fiasco, and I've reserved my comments for those directly involved!"

WMAD, MADISON, WI M.D.-DALE WOLTER: "A pretty light week musicwise. We moved Susan Lynch up a bit in rotation. The phones are starting to take off for 'Office Love' so we're expecting good sales...Otherwise, except for what we added, nothin really smacks me in the face this week! In our credit where credit is due department, thanks to Mark Bennesch of Columbia for taking us in tow over the last few weeks. We look forward to your continued support in the future...Keep those cassette samplers coming! I found the Toto track to be outstanding!"

RADIO ACTION CONTINUED

WSYR, SYRACUSE, NY M.D.-TOM NAST: "First off, from Howie Castle to the industry, for the record: WSYR-AM and FM has been sold (subject to FCC approval) for just over 5 million dollars to Katz Broadcasting, owners of WAAF, Worcester, among others. No personnel or format changes are being considered (No matter what any of you may have heard from Ed Levine. Nothing he says comes true anyway.) We're looking forward to a great and profitable relationship with our new owners, and looking to top our current #1 12+ ranking of 13.8. Now from Tommy...Okay, okay, now you know Howie and I are still gonna be here, so let's get on with the music...Krokus is the heavy metal album of 1982 so far. Requests and sales for these brutes are devastating. 'Long Stick Goes Boom' is one of the best hard rocking records of all time...Point Blank is a group who, for the past four years, I have followed and supported. I've seen their growth and changes, and now they've released without a doubt one of the best records out there. As a matter of fact, it's our only add this week--in heavy I might add. 'Great White Line' and 'Let Her Go' are great radio tunes. This album sounds like what Journey's next album should sound like...Asia is stronger than ever and seems to be growing each week...Huey Lewis & The News is #12 in sales, believe it or not, and I think that's from the cut 'Change Of Heart'... As you read this, I'll be recuperating from another great 94ROCK concert. We have Foreigner and Bryan Adams (who Ron Nenni and I broke) at the Carrier Dome. Another 13,000 people will be treated to some of the best musical forces in the world today...To Ed: Our concert patches sure seem to benefit you and your ratings. And by the way, we hear you're the new Limbo format. How low can you go?...Finally, to Bill: Keep those Advance Samplers coming. It makes it difficult to change sides. I've had the same cassette in my player since it came in."

WNCK, FLINT, MI P.D./M.D.-MARK MILLER: "I've been relatively quiet over the past few weeks, but the time has come once again to stir up some of that proverbial shit. The object of this rave-up being the latest Franke & The Knockouts record. First and foremost, let me say I think it's a pretty strong record all in all, and I think it's great that the guys have decided to rock out a bit more. But, I also think that some folks are ignoring the fact that the first album sold mainly on the strength of the single 'Sweetheart', which was very pop sounding and very catchy. This really shouldn't be looked upon as a negative factor. The truth is that these sort of songs sound more natural from the band, so why not go for what they do best? The 'Below The Belt' album has a cut on it that is the direct followup to 'Sweetheart'. It's a track entitled 'Gina'. And let me tell ya, if you haven't heard it, you're really missing the big one. Without question, it's the best song on the album. Sure, it's pop sounding; it's got hooks; and, it attracts females. But it's also got a couple of searing solos. And most of all--it works. Don't be narrow-minded. Check it out...In the Personals Dept.: To Cindy Tollin and the 'Rockline' Gang: Your shows are the best. It's amazing, but dozens of listeners call me every week to tell me about it. In fact, I sometimes get more calls about 'Rockline' than I do about a #1 record. Thanks again for mentioning our award. We're pretty proud, to say the least... To Mike Bone: The tattoo looks great, but I wanna see your face...To Linda Vitale and Gene McDonald: They're working. I just split my pants...To Marko: Patience, my good man, patience. It's coming... To Tony Smith: Congratulations on your promotion to regional for EMI. You're one of a kind and you really deserve it...To Steve Dahl: Buffalo Dick says hi!...And finally, to Sky Daniels: It really kills me to give you anymore ink than you're already getting, but you're absolutely right. The new Ray Parker, Jr. 'An' The Other Woman' is sensational. As far fetched as it might seem, if a few more of us listened, it might happen on album radio."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Well--I don't have a care in the world. I just got my Publishers Clearing House Million Dollar Sweepstakes Certificate and, frankly, I'm on easy street. Yeah, all I got to do is buy 340 subscriptions to The Uvula Home Journal and I'm almost assured a free toaster. Hot damn! Where do I sign up?...Speaking of signing up--in a fit of insanity, I agreed to become (The Bald) half of the morning team of LRS. 'Morning Sickness', we're calling it (and that's exactly what I feel when the clock radio starts singing its song at 4AM daily). My partner is Ron Clay, a pharmaceutical garbage disposal with an incredible wit. We're going places with this combo...Better sit down and keep your heart pills handy, I'm gonna talk about M-M-M-M-Music. There--I said it...The Rainbow single is everything all the rest of you are saying and more...Also, don't miss this record from Noel And The Red Wedge. It's got a bit of everything on it: sass, spunk, melody, hooks, and some nice butt on the back cover...I want to 'Testify' on behalf of Greg Kihn's new record. It's a nice piece of work that took me a few listens to warm up to. I'm sold now, Massuh!... Congratulations: North Carolina Tar Heels...Now get out of my face before I get unsportsman-like."

KZAP, SACRAMENTO, CA M.D.-BOB KELLER: "We added: 'Seeing Is Believing' from Greg Kihn's Lp. Although I don't hear any standout songs on it, this one makes the most sense to me. Greg is a favorite in the clubs here in Northern California...The Scorpions get more exposure and go into medium rotation... We featured the Krokus album over the weekend and phone interest is running high, even without regular rotation...Excitement continues to grow at KZAP regarding our TV series called 'Capitol Rock'. Next month, we start a 13-week series of locally produced shows that feature national as well as hot local bands. The program, of course, will be simulcast in stereo...Also, our Hometown Lp will be in the stores in about a week...Thanks for the FMOB Advance Sampler. It makes listening a lot easier. All of Side One sounds good on the first listen."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "When Ritch Bloom played an advance cassette of the new Toto song 'Rosanna' a few weeks ago, I really loved it. Now that the album's here, 'Rosanna' is still my personal favorite, but there's not a bad cut on the album. 'Afraid Of Love' and 'Make Believe' are close runners-up. The day the album arrived, I played 'Rosanna' on the air and asked for response and for listeners to guess who the band was. The results were terrific! 50 positive calls in a matter of minutes, and more than half the callers knew it was Toto. Needless to say, 'Rosanna' is on this week...No surprise with Rainbow's 12". They get better with each album, and 'Stone Cold' is a solid followup to 'Jealous Lover'...'Man On The Corner' by Genesis gets immediate response, and the album does a comeback on the sales chart...Point Blank has the right title for their best album yet. I watched them as they've grown from small Southern rockers into full-fledged commercially viable stars. We're using: The single and the title for starters...Why the push away from the cut 'Fantasy' by Aldo Nova? Seems like you're jumping the gun in dropping it so soon...Phones On: 'Still In Saigon', Charlie Daniels Band; Asia (tons of calls--mostly male); Joan Jett; Scorpions; Iron Maiden; and, Krokus...Enjoyed receiving the 'Home Cooking II' album again this year. It's another beautiful reflection of a fantastic city and its music. Congratulations to all involved... Personals: To anyone who is still trying to keep track of me, it's moving day again and here is the new information: Home Address: 2000 Riverside Drive, #12P, Richmond, VA 23225. Home Phone: (804) 233-0999...Let me hear from you!"

KNAC, LONG BEACH, CA P.D./M.D.-JIMMY CHRISTOPHER: "It's Grand Prix time here again, so we're buzzing and crazy...Few quick mentions on the music: XTC is hot and heavy with my favorites being 'Ball And Chain', 'No Thugs', and 'Senses Working Overtime'...New adds: The visage is real nice. Great dance band...The John Hiatt is a present this time around. Tony Visconti handled the chores and it sounds great...Some nice stuff on Joe King Carrasco...The Sparks single 'I Predict' has a good backbeat to it... The new Altered Images single is interesting...Get a 'Snack Attack' with Godley and Creme."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Point Blank shoots straight-from-the-hip to come up with a direct album rock hit. Undoubtedly their finest effort! 'On A Roll' and 'Great White Line' are for starters. We're expecting heavy mileage on this one...Asia is already Top 10 sales... Scorpions flying up our chart and Gamma finally kicking in with sales and requests...After 9 weeks on Girlschool, we're pleased with the progress of these ladies. Good phones for 'Race With The Devil' and comments coming in to the tune of 'I've never heard a woman like Kelly Johnson play such accomplished and ballsy guitar'...A foot of new snow should mean skiing into April this year; so, drop by on your way to the slopes... 'Senses' sounds real good on the air but is not coming in with the force of 'Generals And Majors'. We believe in its sound and are willing to work time and a half or 'overtime' on this one!"

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Toto's 4th album is what their 3rd album should've been. These musicians have put together a real fine record. On the pop side we're using 'Rosanna' and for the rocker side 'Afraid Of Love'. It's got a great hook...Talking Heads fans should be excited about the double live set. It's pretty skeletal but then again, so are the Talking Heads...The Rainbow 12", besides its beautiful blue color, is a hit. Sounds like Foreigner, in fact it's fooled many listeners... Paul McCartney and Stevie Wonder have put together a song that's bound to be a pop hit and should do fairly well, methinks, on the lighter side of rock radio...Finally, don't miss that Robert Palmer single in your stack of Warner Bros. releases. It's real good...Tracks of notable interest: XTC's 'Senses Working Overtime' continues to grow. The album is selling very well in this area, much to my glee, and the song gets phones...Also, 'Fantasy' by Aldo Nova, 'Still In Saigon' Charlie Daniels Band, 'Take Me To The Top' from Loverboy and 'Tainted Love' from Soft Cell...Oh, almost forgot, David Bowie's 'Cat People', a great song...Till next time!"

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week's adds: Toto pulls themselves together with 'Rosanna'. Listeners seem to stick with this band through thick and thin and the immediate response tends to be favorable...Next in line is Point Blank which actually had me checking the label twice to make sure I was listening to the right record. I mean this in a positive sense but the synthesize sound caught me a little off guard. Point Blank works real hard at their craft and their efforts will not be forgotten on 'I Just Want To Know' and 'Great White Line'...Graham Parker and 'Another Grey Area' shows a brightly colored rock pop sound in step with a successful commercial sound...Let's introduce Wendy Waldman to the rock and roll community. She comes to us with a song called 'Heartbeats'. With the success that Bonnie Raitt has proven, Wendy's unforgettable voice deserves the same chance...Also new this week is the McCartney/Wonder single...Sales success stories this week go to the Scorpions which came in #4 retail... Also an honorable mention to Krokus whose 'Long Stick' boomed them into a #7 position this week."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "The new Toto has arrived and went on the air nearly immediately! As an owner of only one previous Toto Lp (2nd) I was very impressed with Toto IV. The writing is solid and the band is tight, and they've got energy. We're gonna roll down the windows and turn up 'Rosanna' and 'Afraid Of Love'. What a record!!! I hope CBS comes with a 12" of 'Afraid Of Love' to make it easier to play...The Glass Moon continues to do well for us. We're seeing steady sales and increasing requests for 'Carousel'--watch for the video soon...Speaking of requests. Two of our hottest items are Soft Cell and the Human League. The requests for 'Tainted Love' have always been numerous but after playing the 12", the phones have been exploding. They can't get enough of it!..The phones for the Human League have been so good that we moved it up to medium. Again, the key here is no negative calls. Believe me, I never thought a mainstream rock and roll station like QDR could play Soft Cell or Human League but they are working very, very well. Now I may even admit to liking Haircut One Hundred!...Other hot items on the phones include PKM, Aldo Nova, Asia and Duke Jupiter...Random Thoughts: How come we don't get dupe copies of airplay records immediately?...An answer to Ron's question last week about massive/passive 'hits'. I'd suggest owning stock in K-Tel...A friendly aside to Bill: Who me blow it? I guess we'll add Tutone...The largest heartfelt thank you I can find is for the sampler cassette, I like anything that makes my job easier. It's the best thing since touch-tone dialing."

WKWF, KEY WEST, FL P.D./M.D.-BRUCE YOUNGBLOOD: "What happens when you mix the new wave colors black and white? You get grey, but with the Graham Parker you also get a rainbow of music. We are four cuts deep on this one, leading with the song 'You Hit The Spot'...Toto is a sheer smash and 'Rosanna' is a number one song...Greg Kihn continues to define progressive pop music...Kim Wilde has three h-o-t tunes and that's only on side one...Enough about music. I would like to write about objects. It took a while to figure out why we were getting envelopes of confetti from IRS and A&M until a close look at the Human's Party Lp. Then a lemon and a lime came in a plain brown wrapper with no rum. One play of 'Senses Working Overtime' from XTC and voila: this is the cut on this album although we are playing 'No Thugs' a lot. What next? Uranium waste with heavy metal albums?...To Roger Lifeset. thanks for the birthday wishes my friend, but I have enough trouble convincing people I'm 43 without you making me a year older. Autographed copies of my birth certificate are available on request...Our album adds: Graham Parker, Greg Kihn, Roger Daltrey, 'Death Wish', Toto, Rick Springfield and Kim Wilde. Singles: Sparks, McCartney/Wonder...New wave feature: The Nick Lowe interview,..All That Jazz: Casiopea."

Money talks!

TROOPER

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "If it weren't for all the exciting music blasting through the Bay, I'm not sure we could all take it. More heavy weather for us, and we can't 'Lay back and groove on a rainy day'...KTIM's many co-presents all went well last week. The radio, the clubs, and the artists all pulling strong. Mink DeVille showed 3 shows worth of folks at the old Waldorf what it's all about. One of our intrepid weekend announcers, Dread Scott, was in the second row, and handed him a Kay-TIM 'Heard It Here' button featuring Mink. A black and gold beauty, it was pocketed and presumably suitably showed off. Would your artist like a 'Heard It Here' button?. I would really like to do 'I Heard Graham Parker'...Our week of reggae in conjunction with the Keystone Club was a smashing success. The fans turned out in droves to hear and experience 3 nights of Toots And The Maytals and then 3 days of Steel Pulse. Thanks Toots and Pulse for the interviews...Now the night-of-nights, last Saturday, included a fine performance from Bonnie Raitt. What a sweet and soulful singer she is. She appears so effortless. Aply backed by the Bump Band, the set was fun, and, yes, rock and roll...From there, onward to the Kabuki Theater in Japantown--a good theater to see Orchestral Manoeuvres In The Dark. That place, too, was jammed. An excellent display by both audience and artist. Interchangeable they are sometimes...Likewise, the Steel Pulse jammed throbbing bodies wall-to-wall...Thanks to NRBQ for dropping by and talking with P.D. David 'T', on his afternoon shift, on the eve of their appearance with Bonnie Raitt...One other hilarious note, the Air Guitarist Contest I helped to judge was truly a riot. The guy who won played an oar and had every lick, every nuance and move of 'Going Down' by Jeff Beck down. I laughed till the boogie man came and got me, and he's taking me again right now."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Spring is here and the concert blitz is on. Within the next month we'll be visited by Foreigner, Bryan Adams, Rod Stewart, Ozzy Osbourne, UFO, Police and Bow Wow Wow. Looking forward to seeing all these shows...In the vinyl department, Franke & The Knockouts is performing like a champ. There's at least 2 other cuts on the album besides 'Keep On Fighting' that we are considering...Around here, retail champ as of late has to be the Rick Springfield. We're seeing a slight buzz already developing on the Asia album...Albums that we're playing that I wish would sell more are: Le Roux, Bryan Adams and Huey Lewis...Got a chance to see MTV for the first time last weekend. I enjoyed Mark Goodman and J.J. Jackson's presentation as visual deejays. The concept is definitely in its infancy, but as more material and video becomes available, this format will definitely be a force to be reckoned with in the medium spectrum. In general, I tend to think this will reinforce what we do on the airwaves, though it does give radio a slight bit of competition."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Another year older here at ROCK 106, and another birthday month besieged by around the clock parties survived by yours truly, sober again, and ready to talk music... Recent adds that are working well for us include Tommy Tutone, which just moved into a power rotation, and the Beatles medley. Strategy on the Beatles is to bang away at the medley for a couple of weeks, then let the Top 40 stations pick it up and burn it out while we give the people what they want by playing the whole songs...J.Geils, Joan Jett, and Rick Springfield man the top 3 slots, while the Dregs debuted this week in the Top 10...Loverboy's 'When It's Over' is picking up renewed retail interest in the album...Great phones on Asia, Scorpions, Aldo Nova, and Charlie Daniels Band...Our answer to the weird intro on David Bowie's 'Cat People' is to play the edit where you only get about 10 seconds of strangeness, then rivet right into the meat of the tune...Older demos appreciate the new Carole King, Karla Bonoff, Van Morrison, and Full Moon's 'Brown Eyes'. They are perfect daytime relief tunes... Paul McCartney's 'Ebony And Ivory' testing out better than I had thought. The social statement hits homes here in Augusta, GA...I'll believe Van Halen has a new album when I see it...Finally, on a sad note, ROCK106 lost a former dj to cancer this past weekend--Craig 'C.J.Morgan' Coleman, a good friend and fellow rock and roller. He was 31."

KWXL, ALBUQUERQUE, NM P.D./M.D.-BILL STAMBAUGH: "My little campaign for the week is the new Russell Smith album. I think it is a fabulous album. We tested it on our 'Just Testing' show and had it come out very well. The cut that I hear on it is 'Lonely Night', and even if you're not an old Rhythm Aces fan, I think you'll find Russell Smith a nice break from all of the earthdog music...In sales, the strong showers in terms of improvement and movement on the sales list include The Dregs, Asia, Scorpions, and surprisingly somewhat for me still, Soft Cell. It's a Top 10 album now in Albuquerque...The Top 5 albums in order are: Go Go's, Joan Jett, J.Geils, Aldo Nova, and Sammy Hagar...Requests tend to be very strong on Black Sabbath who will be appearing in town within the next few weeks...My last comment is regarding the cassette that the folks at FMOB have put out. I think it is a substantial electronic improvement in the tip sheet business, and I welcome it heartily, especially since I am a combination MD/PD which makes my time a little less available for 8-hour marathons with a bunch of albums. Keep up the good work and thanks!"

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "The big action seems to be in retail this week. Three weeks out and the 'SPOB' is #3. First week out, Asia debuts at #9, Bonnie Raitt at #10, Rick Springfield at #12, Aldo Nova at #13, and Soft Cell at #14. The Dregs keep hanging in at #29 and build every week. As far as I can see, that's quite a diverse group and it leads me to believe that if you give the public a good package, they are going to buy it regardless of inflation or PAC-Man for that matter... Getting down to new stuff, both Point Blank and Franke & The Knockouts have come through with very strong albums and we'll be watching these very closely...There's absolutely no doubt in my mind that the McCartney/Wonder single will be huge Top 40 success, and so far there have been no complaints here. I just hope the album has more accessible album radio material... 'Wasted Youth' from Girl also makes the playlist this week as well as a return from recurrent by Loverboy with a new single 'When It's Over'...A last minute add is the Rainbow 12."

KKRQ, IOWA CITY, IA P.D.-MARK VOS: "No doubt about it--Toto's 'Rosanna' is hooks galore! With enough saccarin for Top 40 and just enough balls for album rock! It should be a clean sweep for Columbia... Rainbow storms back with another rocker to be reckoned with. Blackmore may be losing his hair but he's not lost his touch. 'Stone Cold' sounds great...Our music meeting staff last week got lots of chuckles out of the new Sparks record, but wait, it tests pretty well too. Gosh, you don't suppose this record is valid. I predict it may well be...This week we also went on Talking Heads, Point Blank, Kim Wilde and Light...Personal to Mike Bone: Dutch Swiss dead or alive, Krokus still booms in with another wicked rocker!"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "I have been unable to phone in some reports for the past couple of weeks so I wanted to bring things up to date as to what we've added. Recent adds: Springfield, Soft Cell, 'Secret Policeman's Other Ball', Go Go's and the McCartney single...Our most successful tunes are: 'We Got The Beat', 'Open Arms', 'I Love Rock And Roll', '867-5309/Jenny', 'Pretty Woman', and 'Don't Talk To Strangers'."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "As I mentioned last week, Scorpions are exploding. They jumped to #1. This record is definitely happening! It's not a fluke. Besides the sales, they are #4 in requests. So it's been a great week for them...To Mike Bone and Robin Kravitz: I know you two remember what happened last year with Krokus. Well get ready, cause it's happening again. How's this for first week out as an album? #5 sales and #1 requests! To any station that's only using 'Long Stick' on the air, be aware that most of our requests are for 'American Woman'. At this point it doesn't matter who these folks sound like. They've convinced El Paso that they are for real...Great production from Bill Ham for the Point Blank. This sounds to me like their best chance to break through. We like the single plus the title track...Toto should cross over nicely with 'Rosanna'. It's definitely slick... And the Rainbow track is the best I've heard in the last 2 albums that they've done. I hope the rest of the record follows this...Alright Patty, Marko, and Michael, we do take the dare! We'll go for second on the Human League...Aldo Nova shows another resurgence this week, #4 sales, #2 requests...And Loverboy has bounced back with 'Take Me To The Top'."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Riz says Sparks and 'I Predict' will be the Summer song of 1982. All of the elements of 'The Stroke' and 'Another One Bites The Dust', only thing is this one won't. And you know he's right, cause there I was waiting for my shrimp with broccoli when I started to sing 'You're Gonna Eat A Bowl Of Chow Mein And Be Hungry Real Soon-I Predict'--catching! It's damn infectious and you know what's been on my mind lately? The Jam's 'A Town Called Malice' segues great with old Motown...I have a feeling Haircut One Hundred's 'Love Plus One' is going to be like the two songs above, unforgettable. If this is just a preview, there's going to be a lot of good music around this Summer. And there's nothing like good music to get a good tan to...The Rainbow single 'Stone Cold' is very catchy. That's another song I've been humming all week...The Toto record is so melodic. 'Africa' is my favorite. Good job on their part all around. Although I have to admit, something about the sound of this record surprised me when I first heard it. I can't quite put my finger on it yet but I'll keep listening to Toto IV and come up with it. The record is strikingly different and we're all over it...Wanna hear a confession? I don't like the McCartney single 'Ebony And Ivory'. Sorry, I respect Paul for his past work but as a solo artist, I just don't believe it! To me the record is too predictable. Like I said before, I'm sorry. Alan Chapin our morning man says he believes it--but the trick here is what the rest of the album sounds like...On the other hand, I like Kim Wilde's 'Checkered Love'..Adds: Sparks, Point Blank, Toto, Haircut One Hundred, Rainbow 12", Paul McCartney, Talking Heads and Kim Wilde."

KBLE, DES MOINES, IO P.D./M.D.-RON SORENSON: "Back to normal this week with a healthy 13 adds, including some really good stuff...First a plug for the Flamin' Oh's. We played the first Flamin' Oh's album a couple of years ago. They are a Minneapolis band which has played all over the Upper Midwest, including Des Moines, a couple of times. Their second album, 'Oh', has been recorded for over a year and has been eagerly awaited here in the grainbelt. It shows increased maturity in song writing and production values without losing its freshness. We played 2 tracks from their first. We're using 5 from this one: 'Always', 'It's Too Late', 'Tears', 'Love Is A Crime', and 'Stop'...Ian Anderson continues to display the slightly harder edge he debuted on 'A'...Believe me, 'Beastie' will not be mistaken for 'Songs From The Wood'. We're 7 tracks deep with: 'Flying Colors', 'Fallen On Hard Times', 'Broadsword', and 'Pussywillow'...Wendy Waldman shows a more rock-and-roll profile on her latest. 'Heartbeat' and 'Heart Of The City' should play on album radio. Also try Springsteen's 'I Want To Marry You' after Wendy's 'Does Anyone Want To Marry Me'...I'm sure Point Blank has had keyboard players before, but never one with the impact of Michael Hamilton. I had to check a couple of times to make sure someone hadn't put Asia on instead. We like: 'Love On Fire', 'Take Me Up', and 'Great White Line' best--although I expect there will be lots of radio action on the title track as well...We've been on the Blasters for some time, but they deserve a re-add now that they are available in all stores. Congratulations to Warner Bros. on the score...The Rainbow was an add since the first time we had them on-the-air. 'Stone Cold' is definitely a hot number...Adds: Jethro Tull, Toto, John Hiatt, Flamin' Oh's, Jimmy Hall, Noel And The Red Wedge, Point Blank, Peter Noone, Russell Smith, Blasters (re-add), David Leonard Group 45, Wendy Waldman, and Rainbow 12".

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "After the last few flat-footed efforts from Toto, it's no wonder there's so much tap-dancing going on over the new one. My first reaction to 'Rosanna' was, 'Hold the accolades and pass the razor blades'--it just seemed too long for its own good. Now, just a few listens later, I wish it went on even longer--which is great, because I'd sure rather play a hit than argue with it. The song goes through the paces like a thoroughbred with the guitar and piano at the end sending it across the finish line with a strong second wind burst. We also like 'Afraid Of Love... Chubby Checker's 'Harder Than Diamond' continues to draw phones from an amazing cross section of our demos as the song enters its 8th week here in a steady build. I hate to see it in a holding position on the Airplay Index and only crawling on the Song Index. This song works!...Good to see Mr. Rundgren sneak onto the Airplay Index. 'One World' seems to be generating some interest beyond the core of T.R. junkies who like everything he does...Rainbow blasts into immediate power; immediate phones...Applause, applause to Mr. Hard for landing the Tom Donahue Award and landing the sampler cassette in my car deck. Happy motoring indeed! As beneficial as this is in fighting tonearm fatigue, I hope that it doesn't cause any labels to curtail mailings of regular release cassettes...Every time I listen to Haircut One Hundred in my car I find myself exceeding the speed limit and scattering pedestrians. We hope to work it in as an add soon...Speaking of adds, hey CBS, I love that Tutone teaser. You didn't think you could slip that one by the flagship stations, did ya? We go into week 27, four songs deep, and watching the rest of the market eat dust."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "To help promote Doug And The Slugs' appearance in Albany, we asked listeners to take something original, wrap it, and send it to us. To the person who sent us the most imaginative item, we awarded a gourmet dinner with Doug And The Slugs, tickets to the show, and copies of 'Wrap It', their new Lp. Well, we asked for it, and we got it. Among the runners-up were people who sent us: a chicken de-beaker, a french tickler, a beef tongue with real lips and teeth, and a 6 lb. sea slug in formaldehyde. The grand prize went to someone who wrapped and sent a bottle of cognac with two slices of moldy bologna floating inside. I think the mold was the deciding factor. I mean, this guy planned ahead. Doug And The Slugs performed their zany mix of wit and hot licks to a stomping sold-out audience. All in all, I'd say it was a great success. Special thanks to RCA's Jack Hopke and our own Walt Telton for setting up this bizarre promotion...We are all wild about the new Lp from Haircut One Hundred--the most infectious dance music since the Neville Bros...The Talking Heads live album is hot out-of-the-box this week. The live version of 'Take Me To The River' is smoking...A couple of new records I heard this week could be smashes. The Kim Wilde Lp has provoked immediate phone response. She seems to be much more than just another pretty face...Also check out Joey Ramone and Holly And The Italians 'I Got You Babe'...To Ray White: I share your disbelief that the Stray Cats are unsigned in the USA. To me the Stray Cats are what rock and roll is all about...To Mike Bone: If you don't break Graham Parker, I'll never talk to you again...Finally, does anyone else find the Go Go's/Girlschool comparisons a bit inappropriate? I think they have as much in common as Drake Hall and Prince. And now this from Ellen McKinnon: 'Yes, but Lin, Drake and Prince do have a lot in common. They're both men and umm, well, umm, I see what you mean.'...I'm afraid I do not hear what Moon Martin means. I fear he has purchased a mystery ticket for a mystery destination. Not the top of the charts...I love it when Q104 goes heavy on something great and retail action picks up, and then you start hearing it on other stations. This happens time and time again, and is happening as I ride with Human League and Soft Cell, which we have been playing since day one, and what's this I detect: The Jam, Kim Wilde, The Church, Lou Ann Barton, all showing signs of being music people want to hear and purchase. We really are foremost in rock...Personal to Tom Starr: 518-462-5555, 10 'till Noon, baby. You just call Ellen McKinnon, the manager of the best softball team in the radio world, and we'll set something up. The Flamingoes would love to show our prowess to WOUR. Meet you half way."

WIMZ, KNOXVILLE, TN M.D.-DAN WALSTON: "So the pink Parker goes grey, eh? Well, I'll tell ya, he does so with class. His powerful writing styles, tempered by the superb Jack Douglas production should push 'Another Grey Area' into the black. Graham Parker has hit the spot. Considering that track along with 'Temporary Beauty' and 'No More Excuses'...Stacy Isaacs is working very well. Mucho thanks to Ilyse Gottlieb."

RADIO ACTION CONTINUED

WTVZ, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ: "Adds: Toto 'Rosanna'; Paul McCartney single; J.J. Cale, 'City Girls', 'You Keep Me Hanging On'; Wendy Waldman 'We'll See', 'Time', 'Got'...Increased Sales: Joan Jett tied with the Go Go's...New action albums finally breaking Simon & Garfunkel across the board and 'SPOB'...Rick Springfield sold well the first few days and then stopped. Could that just be Rick Springfield fanatics? Sales within each store brought 1981 Superstars like REO Speedwagon back into the limelight for this week only...Ciao!"

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "KTYD is extremely pleased to be participating in the upcoming R.O.S.E. (Radio Organized for Solar Energy) radiothon, and strongly encourages participation by all of you. I was intrigued to learn about KFMJ's wind-power-source and wonder if someday we won't all be looking for alternative energy sources to spin our disks. Let's hope there's only one form of radioactivity in our future!...Speaking of activity, this week we added the Greg Kihn band, John Hiatt, the Talking Heads, Franke & The Knockouts, Susan Lynch, and Q. 'Kihntinued' provides us with more clean pop rock. 'Testify' is the natural successor to 'The Breakup Song'...Always a strong artist, Hiatt makes an unquestionable breakthru with his latest release. P.D. James Lull thinks 'I Look For Love' may be the best song he's heard all year. This is definitely an album I'll listen to at home...And who's Q you're asking? Beats me but it's interesting polyphonic new wave on Mao Records. Sushi lovers look for this one!"

Question Of The Week

A little comic relief just in time for April Fool's day - our annual "Joke Off".
Hey! heard any one-liners lately?

KAREN ANDERSEN, WGIR-FM: "How many Norwegians does it take to go icefishing? Eight--one to cut the hole, and 7 to put the boat in the water."

SCOTT SEGRAVES, KSMB: "Two Cajuns are wondering if it's worth being clean and going to heaven. They don't want to go if there's no baseball. The first one dies--3 weeks later the second one feels a tap on the shoulder. Hey, Broussard, this is Mamou to give you the bad news and the good news. Good news: Yes, there is a baseball in heaven. Bad news: Starting Friday, you're playing 3rd base."

BRIAN LEONARD, WDEK: "How can you tell if you're in a small town? All the employees at McDonald's are white."

MIKE LYONS, WDIZ: "Do you know why you don't hear any jokes about Jonestown? The punch lines are too long."

RON SORENSON, KBLE: "My favorite joke is a bumper sticker which says in big letters 'Save The Whales', and in smaller letters underneath it says, 'Collect the whole set'...Another of my favorite jokes is Ronald Ray-gun. I just love the way he re-wrote the history of the Vietnam War in his last press conference. What a stitch."

RON REGER, WNOR-FM: "My favorite joke is anything that has accordians in it or nuns or especially nuns that play accordians."

BILL SIMMONS, WMYK: "I don't think it could be printed in the Hard Sheet."

MIKE WOLF, WQFM: "What do they call a beautiful woman in Poland? A tourist."

JOSE DIAZ, WBLM: "What do you call 500 indians running around without nipples. Indianipless 500."

JIM KINNEY, WTUE: "It's the story of how a pussy was made. It would occupy too much space and probably wouldn't get published in this family publication, but it is worth a call to me and I'll get a copy of it out to you."

TEMPIE LINDSEY, KISS: "Guy walks into a bar with a little Daschund, only the poor dog doesn't have any legs. So he sits it up on the bar and props it up with an ashtray and a Lone Star longneck. The bartender is freaked and says 'Man, how can you keep a dog like that. It's so cruel'. The guy says, 'I've had him for 7 years. He's happy. It doesn't make any difference. He goes where I go.' The bartender says, 'What's his name?' 'Well, he doesn't have a name.' The bartender is thoroughly freaked, 'I don't believe you've had a dog for 7 years and you don't even name it.' The guy answered, 'Well, what difference would it make? If I called he wouldn't come anyway.'"

DANE VENABLE, WRAS: "What is old, wrinkled, and smells like Ginger? Fred Astaire's face."

MARK MILLER, WWCK: "How are the pink panther and a gigolo the same? They're peter sellers."

JACK SNYDER, KMET: "What do you call a girl with one leg? I-lean...What do you call a guy with no legs? Neil...What do you call a guy floating in a swimming pool with no legs. Bob."

ART PHILLIPS, KILO: "In the infamous last words of John Belushi, 'No coke, pepsi'...Do you know how Randy Rhoades really died? Ozzy bit his head off. (That's not funny, that's schtick)."

BOB BITTENS, WHCN: "My favorite radio joke for April Fool's Day is to do an entire hour artist feature of somebody really major, Pink Floyd or Led Zeppelin, but do my raps as if I'm playing normal records in regular rotation. It's a great little one hour feature that drives people nuts."

TERRY MEINERS, WLRS: "Yes, and here it is...How do you keep a moron in suspense?"

JACK DANIELS, WROQ: "What do you call a truck load of vibrators? Toys for Twats!"

THE DOCTOR, WYFE: "What does an elephant use for a tampon? Sheep!"

BUCK MCWILLIAMS, WIOT: "I'll give the punch line, and if anybody wants to know the rest they can call me...April Fools! It's already dead!...Here's another: How do you get 15 Haitians into a match box? Tell 'em it floats!"

BRUCE BOND, WZZO: "Do you know where the sex organ is on an elephant? Under its foot, and when it steps on you, you're fucked!..What did the one potato chip say to the other potato chip? Are you frito-lay?"

ILYSE GOTTLIEB, WRXL: "Yes, Wynn Jackson."

DAVE KANE, WCMF: "Naturally once I'm put on the spot I can't think of a good one, but here goes anyway: Why don't chickens wear underwear? Because their peckers are on their face!"

BOB LINDER, WDHA: "God and St. Peter were appalled at the quantity of sinners on earth engaged in oral sex. St. Peter felt a plaque should be awarded to all those good people who employed only the missionary position. However, after extensive call-out research, only 10 people were found to deserve the plaque. Do you know what the plaque said? What? You didn't get one?!...Can we read this page live on the air????"

ROBERTA HABER, WMJQ: "I'm the kind of person that people tell jokes to. I've always wondered why people in the music industry seem to know all the sickest jokes. Many of which I would never dare to repeat."

TED EDWARDS, WCOZ: "What's the last thing that goes through a fly's mind when it hits the windshield of your car? His asshole...Why did God create alcohol? Hey, ugly girls gotta get laid too!"

QUESTION CONTINUED

ERIC ARNUM, WAER: "Two old retired baseball players who don't have much longer to go are sitting around discussing what it's going to be like in the hereafter. One says to the other, 'Whoever goes up to heaven first is going to find out if they really do play baseball up there.' A few weeks later one dies, goes to heaven, comes back down and says to the second, 'Good news. They do play baseball in heaven. The bad news is that you're pitching tomorrow.'"

TOM STARR, WOUR: "Why do kittens make good broadcasters? They have wee paws for station identification... It was so hot today that I saw two fire hydrants fighting over the same dog...It was so cold today that I saw three dogs frozen to the same fire hydrant."

MANDO, KNCN: "Every year there is a traditional football game played between University of Austin and Texas A&M. Well, there was a guy from Texas A&M (otherwise known as an Aggie) who bought a ticket to this big game. The day arrived and at the game he bought a huge bucket of popcorn, a hot dog, and a beer. As he's walking up to his seat, he hears someone yell, 'Hey Steve'. He looks around and spills some of his food on the folks nearby. He keeps walking up to his seat and he hears them yell, 'Hey Steve' again. He looks around and spills some more of his food. He finally gets to his seat and as he's sitting down he hears this guy yell 'Hey Steve' again. He spills all of his food on the lap of the person next to him. Well, by this time the folks around him are real mad and he has no food left. He goes back to the concession stand, buys more food and goes through the same thing to get to his seat. As he's sitting down for the second time with what's left of his food, he hears someone yell, 'Hey Steve'. He looks up and yells back, 'My name's not Steve!'"

DON WASLEY, MCA: "Fred Brown from the Georgetown Hoo-yas."

BILL MCGATHY, RCA: "How many New Yorkers does it take to screw in a light bulb? None of your fuckin' business."

KATE INGRAM, DB RECORDS: "My favorite joke is this long involved act that somehow won't translate on paper. It does work well on the radio. I think that's one of the reasons radio is such an appealing medium--the use of the voice to trigger the listener's imagination is a rare gift. And if what appears to be true about KSFX, then Richard Goffett will once again be unable to play with the minds of his Bay area followers. Anyway, back to the joke, feel free to call me and I'll tell/sing it for you."

LINDA KRISHJIAN, COLUMBIA: "I never hazard to remember any because inevitably I always tell the whole story and forget the punch line or visa versa. But if you know any good ones..."

STARVIN MARVIN GLEICHER, ELEKTRA/ASYLUM: "Why is sperm white and piss yellow? So you can tell if you're coming or going...Why can't Mexicans have a bar-b-que? The beans keep falling through the grill."

WYNN JACKSON: "After 20 years on the job and 20 years in a marriage what's the difference? After the 20 years, the job still sucks...Sex is like a savings account--no interest after withdrawal... Do you know why firemen have bigger balls than policemen? They sell more tickets...How can you pick Dolly Parton's kids out of the bunch. They're the ones with stretch marks on their mouths... Two Polocks started a finance company. They lent out all the money and skipped town."

THOM O'HAIR, AUDIO INDEPENDENTS: "My life."

STEVE BRACK, BOARDWALK: "Did you hear about the Siamese twins who refused to pay their phone bill? They got disconnected...What do you get when you cross Karim Abdul Jabar with a groundhog? Six more weeks of basketball...Do you know why prostitutes like to make it with basketball players? Cause they dribble before they shoot...If Tarzan and Jane were Jewish, what would Cheetah be? A fur coat...What do you call a Mexican riding in a chariot? Ben Hernandez...What do you call a Polish woman with one leg? I-lean...What do you call a Polish man with no legs? Neil...What do you call a dog with no legs? Call him anything you want, he's not gonna come anyway...Why do smart GMs like to hire 35 year old Mexicans? They like to get 'em fresh out of high school...How many promotion men does it take to screw in a light bulb? 11--one to screw it in and 10 to call and say it's on...How many Californians does it take to screw in a light bulb? None. They all screw in hot tubs...Why does Helen Keller have purple hands? She heard it through the grapevine...How did Helen Keller burn the side of her face? She answered the iron. How did she burn the other side? They called back."

LIN BREHMER, WQBK: "The only joke I know is from Ranger Rick Magazine. What's green and has four legs? Grass--I lied about the legs!"

ROB LIPSHUTZ, WHJY: "What do you call a guy with no arms and no legs in a swimming pool? Bob."

STEVE FEINSTEIN, WYSP: "What's foreplay for a Jewish American princess? Three hours of begging."

ED LEVINE, WAQX: "Did you hear the one about the #1 radio station that got sold?..."

MARC MILLER, WBCN: "What do you call a girl who can suck a tennis ball through 20 feet of garden hose? Sweetheart."

TOMMY NAST, WSYR: "There is this guy on deserted island, and he sees this girl with no arms and no legs. So the girl looks at him and says, 'Hi, I'm 21 years old, I have no arms or legs, and I've never been kissed. So he kisses her and puts her back down. He walks around the island a bit then sees her again. She says the same thing but changes it to 'I'm 21, have no arms or legs, and have never been held. So he picks her up and gives her a squeeze, puts her back down and continues to walk around the island. Same thing happens again but this time she says, 'I'm 21 and have no arms and no legs and have never been fucked'. So he picks her up, throws her in the ocean, and yells out, 'Now you're fucked!'"

JOE BONADONNA, WMMR: Since Joe is gonna be 30 on April Fool's Day, he declines comment. Something about 'a touchy subject'.

BILL STAMBAUGH, KWXL: "Do you know why people who drive low riders have such small steering wheels in their cars? So they can drive with handcuffs on."

RON NENNI, WPYX: "Do you know why the Go Go's are still virgins? Because their lips are sealed."

MARK VOS, KKRQ: "Two guys go downtown in Des Moines looking for a good time. They get downtown, reach into their pockets and find out they've only got \$2.50 between them. One guy says, 'We can't have any fun in Des Moines with only \$2.50'. The other one says, 'Wait right here'. Half hour later he comes back with a brown paper bag, reaches in and pulls out a box of tampons. The first one says, 'I think you screwed up. We can't have any fun with a box of tampons'. The second one replies, 'Of course we can. Look right here--we can go boating, swimming, camping...'"

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "I just got back from San Francisco where we did a remote 'Rockline' broadcast with Journey last night. Good to see Eddie, Belle, and Dede up there... Thanks to Ken Benson and EMI Records for my second J. Geils party of the weekend. I just love those balloons!...After reading the Sheet last week I felt very left out, since everyone was talking about Asia except me. Well, now it's my turn to brag 'cause the Global Satellite Network is bringing Asia to your listeners live on the 'Rockline' April 12th. Now are we on top of it or what? You betcha!...It's time to pack my bags again as I'm off to NYC where we'll have BOC live from WPLJ on 'Rockline' Monday, April 5th. Looking forward to seeing all you New Yorkers so, take heed, and get your party hats on 'cause here I come!"

ROXY MYZAL, ROLLING STONE MAGAZINE PRODUCTIONS (212-350-1278): "I'm filling in for John McGhan who is in San Francisco producing some great folks as 'Rock Star Guest DJ's'. The Automat will be really rocking with Mickey Thomas and Craig Chiquito of the Starship, special thanks to Nadine and Wild Bill and Eddie Money. The generic promo-liner, that appears on the first side of each show, is designed for you to slip in your call letters and the day and time that the show will air. Rock Star Guest DJ is the handle we use to describe the show. Each week the title of the show changes, i.e., Bob & Doug McKenzie Guest DJs, Elliott Easton of the Cars Guest DJ, etc....We're really excited about the upcoming Asia show. We'll be on hand for their rehearsals for this exclusive taping. Needless to say, it will be a very timely and hot show, especially when you consider the background of the band. To all Continuous History Of Rock And Roll affiliates, get ready for the Labor Day Continuous History Weekend. This will be the pinnacle of event programming. Can you think of the last long form program, such as a 48-hour weekend, that was conceived, written, and produced by radio people? I can't. One of the bonus segments of the show will be highlighted by our own Rolling Stone writers and critics like Kurt Loder, Jim Henke, Chris Connelly, and more. For details call Bernadette Heyer, (you may know her from The Source--and we are very happy to have this dynamite lady working with us now) or John McGhan, or your's truly... To Cindy Tollin: It was fun to be on Rockline, although I still want to know the recipe for Texas hotsauce...To Michael Abramson: Congratulations, buddy, all the best...To Johnny and Eddie Barbis: Go to the beach with a film from 'From Here To Eternity'. P.S. I predict..."

JAY GOLDMAN, CLAYTON WEBSTER CORP. (314-726-0906): "This week Rolling Stone Magazine's Rock Review features interviews with: Jon Camp of Renaissance, Joan Armatrading, Nils Lofgren, Nick Lowe, Joan Jett, and Chris Difford of Squeeze. Focusing on current events, Rolling Stone Magazine's Rock Review gives 18-34 listeners the behind-the-scenes stories of rock's hottest artists and events...This week Retrorock features Scotch on the Rocks--Scotland's Dire Straits--featuring live versions of 'Sultan's Of Swing', 'Walk On The Wild End', and more. Retrorock will go overseas and bring it back live. Retrorock, an ideal program for 18-34 year olds, brings to stations major artists in concert, many of which have never been available before. With stations maintaining the ability to air Retrorock artists the weeks which they feel best complement their programming and local events, Retrorock is a perfect feature for stations which demand flexibility and control. Additionally, Retrorock affiliates have programs which significantly identify their stations with rare live concerts which they can, should they desire, give away to their listeners. These concerts are not available elsewhere so they help stations give their own local promotion. What better way to position or promote a station with the upcoming Spring ARB sweep?... Also for the Spring book, Rarities is a killer--with the original version of Joan Jett's 'I Love Rock And Roll', the Go Go's 'We've Got The Beat', 'Harden My Heart' by Seafood Mama (the forerunner to Quarterflash), Sammy Hagar doing 'Dock Of The Bay' (with Boston as a backup group), 'Hanky Panky' by Joan Jett, 'Don't Bring Me Down' by Tom Petty, and more. Rarities positions the station as the most musically resourceful and aware station in the market--generating tremendous call-in. Rarities has got to be the killer feature of the year. If you're wondering how well it's doing, just ask the people who currently call it one of the best features they have...The Sporting News Report is designed to give listeners the behind-the-scene sports scoop on the real sports story, hosted by Bob Costas, and available on a barter basis. It features controversial issues and key events in sports utilizing actualities from sports figures. The Sporting News Report is highly informative and very thought-provoking. To join the team, call Bruce Butler at 314-726-0906...All Clayton Webster projects, Rolling Stone Magazine's Rock Review, Retrorock, Rarities, and the Sporting News Report are available on a barter basis with metro area exclusivity. For more information call Jay Goldman at 314-726-0906."

WYNN JACKSON, INDEPENDENT (404-321-5228): "After exiting a plane in Memphis, I was greeted by a flight attendant who asked, 'connections anyone?' Since this was my destination, I could only answer with, 'Yes, could you give me a number for Dr. Nick, please?' June will bring about the opening of Graceland for inside tours. A visit inside the King's castle. I can't wait! Jon Scott: I'll meet you there... I dream of the day when we can refer to our business as one consisting of a majority of leaders instead of followers. Case in point, the stage is set and the 'Cat People' leaders are well established and on the case. Do we need to list all the 'I told you so's' to get you to listen? It's simple: 1) Bowie's best vocal ever. 2) Giorgio's production. 3) Nastassia & Malcolm in a major universal movie commitment. 4) An avant garde song with smash hooks. And the ultimate 5) Mr. Bill's stern endorsement! Now what in hell is lacking?...You!!!...Congratulations to John Kalodner for the A&R coupe of '82. You should have received your Magnum album by now. Put the needle down on 'Walking The Straight Line' and try a segue into 'Alright Now' by Free. It's hotter than an assorted sampler cassette featuring advance tracks from up and coming releases...To Michele and Chris: I've heard of delegation of authority, but come on!...To Heckman: You are forgiven. Mom says come home, now...Don't you think it was awfully nice of Georgetown to award North Carolina the game ball before the game was actually over? I do!!!...Hot at radio W-Y-N-N: Jimmy Hall, Riggs, The Stranger cassette, Graham Parker, John Hiatt, Scorpions, Human League, and, of course, the new Queen of Rock, Joan Jett and The Blackhearts."

MIKE BONE, ARISTA (212-489-7400): "On your desk now, the Outlaws 'Los Hombres Malo', 'Don't Stop' and 'Rebel Girl' are the tracks...Bill Bruin, KXXY, 'I played 'Long Stick Goes Boom' once at 11:30 AM and got 13 requests immediately.' Michele Robinson, KLOL: 'We asked our listeners which they preferred, new Krokus or new AC/DC. Krokus won hands down.' Jose Diaz, WBLM: 'Surprising phones.' Do you need a bone-i-fide phone blaster? Add Krokus' 'Long Stick Goes Boom'...The Dregs locked up the Double-day chain last week, and we continue to pour on the heat to closeout the few remaining holdouts. 'Crank It Up' is breaking Top 40, coast to coast, and 'Industry Standard' is selling like hotcakes... On your desk now, The Outlaws 'Los Hombres Malo'. 'Don't Stop' and 'Rebel Girl' are the tracks... Graham Parker continues to close the gap on album radio after being #4 Most Added last week. Graham comes back for another strong week with the likes of WMMS, WBCN, etc. 'Hit The Spot' is the track... On your desk now, The Outlaws 'Los Hombres Malo'. 'Don't Stop' and 'Rebel Girl' are the tracks...Haircut One Hundred 'Pelican West' on KUPD, Phoenix dances into the 80's full blast. Haircut One Hundred's 'Pelican West' album has sold over 200,000 copies in two weeks in England. Pandemonium has broken out in the British Isles as Haircut One Hundred explodes in 3 short weeks. An amazing phenomenon well worth your attention...On your desk now, The Outlaws 'Los Hombres Malo'. 'Don't Stop' and 'Rebel Girl' are the tracks...Jeff Lorber's 'It's A Fact' is a staple for any album rock station that programs jazz. As always, Jeff is on tour and not to be missed...On your desk now, The Outlaws, 'Los Hombres Malo'. 'Don't Stop' and 'Rebel Girl' are the tracks...New stuff: Buck 'Babyface' McWilliams has been raving about A Flock Of Seagulls for weeks now. (Flock Of Seagulls--'Pelican West'--let's keep these bird acts straight now). You have an Ep of 'I Ran' b/w 'Space Age Song'. This is one of the most refreshing things Arista has released...On your desk now, The Outlaws 'Los Hombres Malo'. 'Don't Stop' and 'Rebel Girl' are the tracks...Personals: I had to laugh when reading the unanimous comments praising Asia as the salvation of the music business from several people who have gone out of their way over the years to stifle the careers of hundreds of artists. Think about it...Sky: I'm not dead yet...Janel: Don't be fooled by Porkchop's (alias The Godfather) story. He cracked those ribs falling down while blind drunk at a roller disco...A tip of the camouflaged cap to Eye To Eye for an amazing show at the Bottom Line last week."

SEAN COAKLEY, ATCO (212-484-6400): "You'll have new music from The Sherns this week in the form of a specially priced album titled 'Defying Gravity'. This one picks up right where 'The Skill' left off with an instantly recognizable vocal sound that begs airplay attention. You're gonna like this one...I was surprised that in the answers to last week's Question Of The Week (imitators), not one mention was made of Bob Dylan, the most innovative influential and imitated singer of our time. It's okay to acknowledge him even if you can't play him...Having a wonderful trip through the West. Hey, Folger: Was that 631-2106?...Strider: You're still intimidating as hell...And Geiger and Schmidt, next time it's Lipman's turn. You're nuts!...To Derek Shulman: I'm Wishing Twice for your Waitresses 'cause sometimes it just ain't fair...Mike Bone: Your comments are getting flacid. How about some enthusiasm? Seriously, Graham Parker is great...Hot on the Walkman: David Lasley (this guy's got more soul and sounds blacker than all 7 feet of Pat Ewing! Thanks Ken Benson, a Great Great album); Fay Ray, Haircut One Hundred, Lou Ann Barton, and the Jim Carroll Band...P.S. Can you stay awake through the Oscars? Isn't Bette Midler the best? Honesty sure cuts through the shit fast."

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "After a period of time with the Tuesday bit, let your overnigher add a couple of records a week. More promotion and more promotion. 24 hours a day. Two shifts, no waiting. For some of you program directors, you may feel comfortable allowing the entire staff to help you select what gets added. More promotional opportunities. Everybody on the air staff would have to get home service. More people put to work including 'specialists' in all formats. Think of it. Full rock and roll employment. We're talking paychecks here, partner. Think of the ripple effect, also known as the 'pockoloa' effect. Great music on the air, more real people working, more promotion of more groups, with more musicians playing more instruments, with more amplifiers, riding more limos (remember Detroit), playing in more clubs, taking more night flights (remember the plummeting airline industry), more R and R prosperity and that has nothing to do with Ronnie Raygun. But there is a cost. You know who and how to handle it. No problem in the next reel... Congratulations to J.B. and Eddie. It was a perfect day. The tapes are incredible...Congratulations to Mr. Hard on the Donohue award...Long live cheap trips to Hawaii."

DON WASLEY, MCA (213-508-4018): "The overwhelming acceptance to Point Blank's 'On A Roll' Lp is really refreshing. We knew we had a strong package with depth, but who would guess radio would be at least five tracks into this Lp? Thanks, Bill for including us on your first album rock cassette sampler... After seeing 'Cat People' twice and hearing the title track countless times on KMET, I'm totally convinced it's a homerun and good for radio. Bowie is an artist in the true sense of the word and paints a very bizarre and haunting picture. As the film opens nationwide this week, there's no better time to hit Bowie's 'Cat'...The headline in the Dallas Times Herald entertainment section last week was, 'Carrasco steals the Police show'. Strong reviews from every date indicate that Joe King Carrasco is for real. Check out 'Imitation Class', 'Person To Person', and 'Don't Let A Woman (Make A Fool Out Of You)' and see if you don't agree."

ED KOCH (212-399-7044): "Annals of research: Part one. 'The Self-fulfilling Prophecy Theory'. Today we have picked a random sampling of diabetics to take the Pepsi-Challenge. At the sound of the old familiar riff, the carefully chosen diabetics will drink their Pepsi-Cola for exactly 7 seconds. We will passively observe our sampling experiencing massive disgust and extreme physiological suffering. The result is Pepsi-Cola tests negatively--in fact, we don't understand why so called enlightened capitalists waste their time manufacturing such crap which the mass public unanimously rejects. P.S. Please do not confuse us with the facts by telling us that Pepsi-Cola is actually selling to millions of Americans...The Waitresses' rebuttal: 'Our goal is to find a cure for irony and make a fool out of God.'"

LINDA KRISHJIAN, COLUMBIA (212-975-1701): "Well, the Rap is away on a well deserved vacation, so I thought I'd fill you in on some of Columbia's airspace program for April (get it?). But first, a little about Third World's 'Try Jah Love'. If this song doesn't turn out to be a warm weather partying hit, I don't know what will be...By the way, do you know how to do the '867-5309' dance?...Around the bend is the devastatingly, amazing Dave Edmunds album. Guaranteed as many as you have had a chance to already hear and comment on this past week, DE7 is a joy from start to finish...Herbie Hancock has also come with quite a surprising set of songs, some co-penned by Rod Temperton...Meanwhile back on the highway, Paul Collins and Larry Whitman tell me you are all wonderful hosts and they're having a ball...Psychedelic trivia: The P-furs are back in the states (upstate New York that is), and are currently recording their 3rd Lp with producer Todd Rundgren...Janis Joplin's 'Farewell Song' is approaching 100,000 units and for that we say, 'thank you'. London Wavelength and Westwood One will be airing specials on Janis this month...Look for videos coming soon on Third World (live 'Try Jah Love') and Charlie Midnight (Meet The Real Charlie)...Plus what's in the next few: A Karla Bonoff Interchords...In the limelight with gads of adds: Toto and the McCartney single!... Personals: To John Cooper, Lin Brehmer, and Walt: Albany's a mighty lucky town!...To Ron Nenni: We finally met (Riz, did you hear that?)...To Gayle Miller: Sushi?...To Stew Schantz: I'm coming up soon!...TO EVERYBODY: WHO CAN IT BE NOW?"

Laurie Cobb, Radio Organized for Solar Energy (R.O.S.E.) (707-585-2105): "Radio to the rescue! It's about time and survival! America's first national radiothon! Ignorance may be bliss, but it is also dangerous. Renewable resources are the main factor of our survival. With the constant cutback (over 80%) our government is exercising in this area, one is led to believe the dangers of current energy pollution will continue to grow unless we develop our renewable energy resources. This is our main inspiration in presenting a national effort for the solar lobby. We chose the lobby because of the work that they have done in helping to extend the tax incentives for solar development among other achievements. Within the next few weeks, stay tuned to these pages as Dede Whiteside, Eddie Umber, Belle, Steve Leeds, Wynn Jackson, Craig Lambert, Ronnie Raphael, and I keep you updated on this historical humanitarian event. This radiothon is happening because people in the country need to feel that there is hope and they can do something to become involved."

Eddie Umber, Making Tracks Promotions (707-585-2105): "First of all, many thanks to the readers of this Sheet who have taken time to become involved in the R.O.S.E. Radiothon. R.O.S.E. continues to bloom, and our list of confirmed artists and stations rise hourly. It's incredible how involved the industry has become. If you want to become involved in your future, give Dede or myself a call, or one of the regional indies involved; Wynn Jackson, Steve Leeds, Craig Lambert, or Ronnie Raphael. Remember, the sun is our brightest future. Watch this space for updates...Now how about some records. Twilley continues to grow on radio and the Kim Wilde deserves to be heard. Check out 'Kids In America' and 'Water On Glass'. Looking for some hot-shit rock and roll? Try Riggs, 'Ready Or Not'...Thanks to Cindy Tollen at Global Satellite Network for the inside look at Rockline, this week with Journey out of San Francisco...Cooking at the coop: Lou Ann Barton, Dwight Twilley, J. Geils, and Riggs."

Steve Leeds, SLIC (212-977-5170): "Graham Parker is in Europe and he returns stateside in late April with the first date in Boston, followed shortly by stops in DC, Philly and New York. There's no more excuses for not programming something from 'Another Grey Area'. Take note that the commercial cassette contains a special non-album bonus track. Boardwalk has substituted a brand new Joan Jett original 'Oh Woe Is Me' in place of the Christmas track 'Little Drummer Boy'. Ask your Boardwalk distributor for a fresh copy of the album with this track. Also, don't overlook the special album re-mix of 'Crimson And Clover'. As the 'Cat People' film opens nationwide, remember, the theme is the only new Bowie material available now...Sweeten up your playlist now with Bow Wow Wow's remake of 'I Want Candy'...How about celebrating National Secretary Week with some 'Office Love'?...I know Russ Dana and Steve Huntington must be wailing the new Karla Bonoff. It is the first new record in a real long time that I play at home repeatedly...The Rochester Drinking Convention spreads with Duke Jupiter now on at WCOZ...WLIR's John De Bella is getting Wilde over Kim. Now what about Tommy Nast?... It was good seeing and hanging out with Joe MacCabe, Sky Daniels, and Trip Reeb...Have you heard the new Kim Carnes record 'He's Got Sky Daniel Eye'?...The first annual radio MD joke-off took place last Tuesday between Ted Edwards and Bruce Bond. Better luck next time Ted...Gary Chase, thanks for the big 'R'...Anxiously awaiting the return to the Big Apple of Doug and the Slugs...Congratulations to Michael Abramson...Ron Farber: Don't eat it all, save some Danish for me...'The Great White Line' never seems to end, get the Point?...Don't forget to carry a long stick."

Bob Feineigle, Portrait (212-975-5283): "What is this...A completely unknown act goes from nowhere to #1 in two weeks...All of the Sebastian, Casey & Associates stations report Aldo Nova in medium to hot rotation in R&R, and it falls off of their own chart listed in this publication, while it's listed as #4 on the Airplay Index...And there are tons of people not playing the Human League single and XTC?!?! Do you suppose it's all because of the planets?"

Jim Sotet/Derek Shulman, Polygram (212-399-7813): "In the midst of all my enthusiasm for your positive response to the Scorpions and Rainbow, may I ask you a favor? Please don't ignore XTC. I know the Polygram promotion team is going after The Jam and The Waitresses, but I really hope you'll also take the time to listen to one great pop tune, 'Senses Working Overtime'...Of course, if you fall head over heels in love with 'A Town Called Malice', I won't complain. Forget all you ever thought about The Jam and listen to 'A Town Called Malice', in a car without the volume up loud. The loveable American fool, Mr. Cougar is ready with 'Hurts So Good'. Get ready for the album April 12th...Congrats to Bill Hard for the award; and to Paul Heine, Frank Holler, and the staff of WQFM...Fave raves: U2, live on St. Patrick's Day, and the new single, XTC, 'M Train' by Pylon, and the entire Smokey Robinson album. Thank you Jack Springer. Keep the hits coming...Wendy and Jimmy, way to go on Girlschool!... Derek Shulman says: *Thanks Jim, I know it's not exactly rock and roll, but we are totally flipped out here at the big 'P' at Vangelis winning the Oscar for best soundtrack and 'Chariots' winning best picture. Like the screenplay Oscar-winner said, 'The British Are Coming'. 'Chariots Of Fire' is such a great movie, and the soundtrack we all know is doing wonderfully. Wait till you hear Vangelis' new single with Jon Anderson (out in three weeks). Amazing!!...Back on the ground, Rainbow and Scorpions burning it up totally on radio. We thank you all in radioland for the instant reaction and great comments. Okay, down to real business. Jam's 'Town Called Malice' is a great summer song. Thanks Jane! for that quote, that is exactly what it is and deserves a real strong shot. The Waitresses are selling even more, 110,000 to date and looking stronger. If you don't believe it, check out local stores, both albums are for real!...Personals: Ilyse: Always a pleasure...Rapp: Thanks for returning my call...Harvey Leeds: I mean it about XTC...New words from the UK to check out--Ask your current British bands on tour the meanings of Jobsworth and Ligger (great word). Like we said, The British are coming!...Until next week TTFN."

Jimmy Mack, Stiff Records (212-431-1600): "Girlschool invaded the last bastion of boys' only supremacy and proved that women can be as crudely aggressive as men. Bravo! Yes, these are sweating, swearing, drinking females. They play tuff rock and roll and eat lesser souls like Pat Benatar for breakfast. Women like this record! Men like this record! Pigmys like this record! My bartender likes this record! Do you know what you'll have to deal with if you don't add this record? Me. If you're as smart as I think you are, you'll play the record and prevent me from standing in the shower with you holding a Sony Walkman and a borrowed bar of Zest. Not a very pleasant thought, is it? Let me assure you, I'm nothing you'd want to see in the running water, naked or otherwise. If this isn't a hit, I'll end up back in radio, and I can't think of anyone who wouldn't sell their sister to prevent that. That goes for all you other record people too. Help me out on this or I'll be back on the airwaves and calling you on a regular basis. Think about that next time you play Girlschool, and make that next time today. I've got your number, heh, heh, heh."

Rich Schmidt, Sharky City/Bomp (213-907-5189): "Jon Scott's radio hour on KCSN is happening. Last Friday The Plimsouls came down to the Northridge Campus where the station is located for a wild and insightful one-hour interview with Jon. The Plimsouls were scheduled to play that same campus a few weeks later, but on Monday, after only one hour with Jon Scott, the campus booking agent called to let us know he was moving the show to a larger room to accommodate the demand. That's what I call results! By now, everyone has The Plimsouls 'A Million Miles Away' is hand. PLEASE LISTEN! Keep it away from any water for it will surely grow all over you. Early Hard believers include KMET, WQBK, WLIR, WHFS, and others...Personals: Don Sutton, Marc Miller, and Rob Lipshutz: Go for it! Follow your ears and thanks for your support in these sheets...Finally, I'm going duck hunting this Sunday. I hope I can throw my dog up high enough."

MIKE COOPER ON IMPORTS (404-355-8686/627-2834): "It's hard to believe that there is resistance to the Human League Lp given its success elsewhere. Aside from the huge success it has had in England, the 'Dare' Lp is now #5 in Canada, and while the argument can be made that England is a different record-buying public, I'm unconvinced that Canadians are equally unique in their taste. It seems that the Human League record appeals to many of the same listeners as the Go Go's do, and I think this is a case of programmers letting their pre-judgements get in the way...By the way, on the subject of Canada, the Soft Cell Lp is still #3, after reaching #1 on the Lp charts...A new single is out in Australia from Split Enz. 'Dirty Creature' is from the upcoming Lp 'Time And Tide'. The single is a bit off-beat, but still fairly good...Elsewhere in Australian news, The Church have a new Lp out there, as the Lp out here in the U.S. is their first from last year, and solid rock band Mondo Rock will have a new Lp soon...And Cold Chisel's 'Circus Animals' Lp sounds pretty good, with a new single 'Forever Now' out in Aussie...New stuff from Britain: David Bowie's 'Baal' Ep is interesting, sounding a bit like his early stuff, but not exactly...Dexy's Midnight Runners have a new single out with a group called The Emerald Express. 'The Celtic Soul Brothers' sounds a great deal like earlier Dexy's, but with fiddles instead of saxophones...Gary Numan's new 7", 'Music For Chameleons' stands the best chance ever of getting AOR play, with a distinctive Pink Floyd edge to it, and subdued vocals...Will someone get the Pete Shelley 'Homo Sapien' Lp out here? The title track is currently the #4 single in Australia, the Lp is doing well in the U.K., and while not mainstream AOR, is one of the most important imports of recent months...New album from Pigbag is pretty danceable stuff, and meets the standard set by the debut single...Not mentioned here previously, but quite successful in the U.K. is the 'Mickey' single by Toni Basil, who reminds me, for lack of a closer comparison, of Kim Wilde, in that it's the same very energetic approach...The Fun Boy Three album is rather disappointing, but I anxiously await the debut Lp from Haircut One Hundred, whose 'Love Plus One' is sneakily catchy...If someone is looking for a basic rock and roll band to sign, do something with Saga, a European group (I believe) who have had fair success in Canada. They are a nice solid band with tasteful synthesizer use...And speaking of synthesizers, Canadian band Men Without Hats is having its first single out in the U.K. They are a bit Devo-ish from the tracks I've heard, but well worth checking out...I'm sorry to note the end of rock and jazz programming at my old college station, WFSU, in Tallahassee, Florida. These days it hurts to lose any alternative music outlet, and WFSU was one of the best."

BILL MCGATHY, RCA (212-930-4095): "It's nice to see that you can still take a quality piece of product add a large portion of excitement/enthusiasm, take it to the heartland and generate the same reaction at rock and roll radio. The Franke And The Knockouts promo trip was a true pleasure and a grand success. Thanks to my partners Bob Catania, Jeff Nauman, Don Jenner, Franke Previtt, Bobbi Silver, Peter Price, Ed Mascola, Bill Poindexter, Bill Kennedy, Steve Gordon, and Craig Lambert and to the radio folks Charlie Kendall, Joe Bonnadonna, Steve Feinstein, Bruce Bond, Max Floyd, Janel Dolan, Drake Hall, Phil Strider, Tony Gates, Sky, Trip Reeb, Dave Benson, Lee Arnold, Rich Piombino, Brent Alberts, and more...The Nipper news for April: A great Mike Flicker rock and roll Lp from Trooper entitled 'Money Talks'...And an exciting Bow Wow Wow Ep, produced by Kenny Laguna of Joan Jett fame, (If you would like an advance, call me in New York)...Check out your advance cassette on Trooper and play it loud!...P.S.: Please see last week's Lieberman Call to see substantial sales on Le Roux in Chicago, Kansas City, Dallas, and Minneapolis. That's a damn impressive cross section of the country. Le Roux is getting raves on the road and their upcoming single will be 'Last Safe Place'."

KATE INGRAM, DB RECORDS (415-928-6952): "The audience elicited 6, yes 6, encores from J. Geils last night at their first of 2 sold-out performances at the SF Civic. More!!! More!!! And U2 finished their North American tour tonight having opened for Geils all over. I love them, but this particular live show didn't seem like U2 had gotten a sound check. Lotsa energy, nonetheless...At the show, I learned more about the solar energy PSA's that Eddie Humber is doing for this upcoming marathon in May. I'm always one to go for a cause, and this sounds like a great project with 41 'rock stars' already having recorded there...Orchestral Manoeuvres were here Saturday night and played an extremely successful rendition of their Lp tracks. With XTC due next week, San Francisco's concert scene is picking up. Love it!...Speaking of concerts, Pylon are on the road in the Northeast to do DC, Phila., New York and Boston. They'll be back up to play the Ritz in New York 2 nights in April with Teardrop Explodes. The consensus of votes of A side shows 'M Train' slightly leading as most clubs go with this one and several radio programmers prefer it. 'Crazy', however, has an amazing power over the airwaves so it's doing quite well where it's getting played. WHFS, instantly has found that side to do well for them. Like the saying goes, "Try it, you'll like it."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Congratulations and best wishes to Garrett Hart, who is now PD at WGLU...Here we go again. WUWU is on the air, giving Buffalo its third album outlet. Call me if you want their mailing address or a phone contact...Here we go again, part 2: The Syracuse radio wars have blossomed with the coming of spring. WSYR-AM and FM were sold to Katz broadcasting, and WAQX is threatening to move its tower. Needless to say it will never be boring in Syracuse...Special thanks to Paul Rappaport for the nice letter. I'm looking forward to working with you to make BOC platinum. Watch for BOC live, doing a killer version of 'Roadhouse Blues' with Robbie Krieger on guitar... The Stevie Nicks special on HOB was spectacular except for the two people up front who kept rushing the stage. Did you notice how much those fans resembled John Gorman and his wife Mary Helen? On second thought, what would John be doing at a Stevie Nicks show?...Aldo Nova hits 250,000 in sales, and will be starting the 30-day tour with Sammy Hagar this week. Could gold be far behind? My prediction is Aldo will be platinum when all is said and done. (*Rookie of the year)...Eric Andersen is doing another showcase in New York this weekend. Could a record deal be far behind?...Duke Jypiter is doing a coffee break concert for MMS tomorrow. Details on this next week. 'I'll Drink To You' is getting ready to explode...Hits you should be playing: Bowie's 'Cat People'; Soft Cell's 'Tainted Love'; Thin Lizzy's 'Angel Of Death'...And a record that deserves your attention, New Math. Check title cut and 'American Survival'...Coming soon, live BOC, Magnum, and Fist."

STARVIN' MARVIN GLEICHER, ELEKTRA/ASYLUM (312-635-6611): "The temperature has finally broken 60 in the mid-west and baseball is beginning. Spring fever has arrived at E/A. Thank you all for 'Kihntinued' success. The Lp is at least 5 cuts deep on each side. Touring 29 dates in April and May, plus a summer tour to follow...Ronnie Montrose and Gamma continue to smoke with 'Modern Girl' and 'What's Gone' picking up additional air time...Lou Ann Barton's 'Brand New Lover' is generating phones and sales where it's played. RECORD ACTION CONTINUED

BETH ROSENGARD, INDEPENDENT (213-462-4204): "I'm moving again! Please make note of this new address: 2112 Cahuenga, Los Angeles, CA 90068. The phone number remains the same...Three brief words to the wise and then I'm running: Moon, Magnum, and The Blasters!"

JIM SELLERS, CHRYSALIS (212-935-8750): "Before I bend your eyes about product like the great used car salesman I have the potential and credentials to be, I'd like to congratulate Bill Hard on his winning the Tom Donahue Award at the recent DIR Rock Awards luncheon. Hey Bill, you're a funny guy. Have you ever thought of becoming a comedian? You're doing a fine job, Bill, and you deserve the honor...And now, the further adventures of product patrol...Huey Lewis and The News start their national tour April 1st (no joke). And if the inquiries are any indicator, this is going to be a major happening. With a lot of hard work from our great field and distributor staff, and the many true believers in radio, we've succeeded in creating a great 'Buzz, buzz, buzz' on this band. This tour will be the closer! Watch out, here comes The News...UFO continues their successful tour. There are many cities which have never given 'Mechanix' a shot. This band of rock and roll veterans deserves better than that. They're playing stronger and tighter than ever. There's more to this Lp than power-chord riffs. This is melody rock. Again, 'Doing It All For You' is a great cut, and we're getting comments on 'Somethin' Else'. This deserves another listen...Coming this week, the new Jethro Tull Lp. You're gonna love this one! The 'Aqualung' of the 80's!...The Fun Boy Three, featuring three former members of The Specials. Check out the hottest club song since 'Tainted Love'--a remake of the old tune 'It Ain't Whatcha Do, It's The Way Thatcha Do It'...Spandau Ballet presents 'Diamond' which includes 'Chance No. 1', and 'Paint Me Down'. Looking forward to hearing from you about these new releases... Until we meet again."

STEVE BRACK, BOARDWALK (213-656-2840): "Tie me down! Hold me back! I'm raring to go after just hearing the new Phil Seymour album, 'Talk To Me'. Val Garay did the mixing and it is HOT! Shipping April 15th...Can't wait til you get this one. It is loaded with best."

JUDY LIBOW, ATLANTIC (212-484-6063): "April Fool's Day marks the Atlantic debut of the new Sparks Lp 'Angst In My Pants'. And we are not fooling about this one!!! The lead track is 'I Predict' (available as a 7" and 12") with many more cuts to follow. I just saw a viewing of their video of their single--you won't believe it! These guys are the goods! Nice legs, too!...Also on the way: Previously unreleased performances of Otis Redding recorded live (a must to have), and Klaus Doldinger's soundtrack to 'Das Boot'...Coming soon: John Martyn's debut Duke/Atlantic Lp, produced by our very own Phil Collins with player credits going to Phil and Eric Clapton; 'Dry Dreams' from Jim Carroll; and new from the Sherbs 'Defying Gravity'...Response has been unbelievable to the remix of the Genesis single 'Man On The Corner'. That track is creating the same sensation of 'In The Air Tonight'. Thank you for the great support...AC/DC has a new single. 'For Those About To Rock' for those who love rock and roll...Carole King's 'One To One' continues to make solid inroads. Please check out 'Looking Out For Number One' and 'It's A War' in addition to the single. Musically, you cannot deny this record!... 'Snack Attack' has just been released (an edited version) for album radio. Please watch for the 12"...Wait, I have to take a breath--okay...Simon and 'Carousel' continue to do well from the Glass Moon Lp--please stick with it...Lots of good new music out: Graham Parker, Talking Heads, Franke And The Knockouts. Looking forward to Dave Edmunds, too...Special thanks to Seattle and Portland for letting me in! It was a great visit...Personal to Jon Scott: You can play my records anytime. 'Mon back."

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 station. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this weeks report.

The Rock Report has learned that SANTANA has just finished their as yet untitled follow-up to "Zebob" at the Automat in San Francisco. The new Lp was co-produced by the band and keyboardist Greg Rollie, an original member of Santana who just recently left Journey to pursue a solo career. We can expect a May release for the album with a tour to follow.

The Rock Report has been informed by reliable sources that PHIL COLLINS has spent some time in Wales laying down drum tracks for Zeppelin vocalist ROBERT PLANT. There is also word that Michael Schenker Group drummer, Cozy Powell, and Zeppelin's own Jimmy Page are involved in the process. Whomever the Lp is credited to, it is expected by the summer.

Speaking of PHIL COLLINS, he and guitarist ERIC CLAPTON are featured on the first release from the newly formed Genesis label, Duke Records. The album is John Martyn's "The Glorious Fool" which is just now hitting the street. Genesis, by the way, has been recently named band of the year for 1982, and Collins was himself voted #1 instrumentalist by Melody Maker Magazine.

BRYAN ADAMS is just finishing up a tour of North America as a special guest for Foreigner. Adams says it feels good to see so many people reacting favorably to his songs in concert. He's deciding on whether to book more dates or head into the studio on his follow-up up with A&M.

The Rock Report has heard that STEVE MILLER, who as reported earlier was back in the studio mixing tracks that didn't make it to his "Circle Of Love" Lp, will have a new album out by mid-May. There is also word that Miller will start a long awaited U.S. tour in July.

AMERICA just left Abbey Roads studio in England, and has headed to L.A. to continue recording for their next Lp on Capitol Records, with former Argent guitarist Russ Ballard writing tunes and co-producing the album. The as yet untitled work is expected in June with a world tour to follow.

THE ROSSINGTON COLLINS BAND tells the Rock Report that they are now practicing and writing tunes for their 3rd Lp, and that they hope to get into the studio in a couple of weeks to begin recording it. The band says they are well pleased with the new songs, but are having mixed emotions on whether Gary and Allan will produce the new Lp or whether they'll call on an outside producer. Rossington Collins expect to tour around June.

BIRTHDAYS THIS WEEK: 4/5: Eric Burdon is 41; 4/6: Michele Phillips, ex-Mommas and Poppas is 38; 4/7: Nick Abraham, ex-Tull, is 39, Spencer Dryden of New Riders is 39, John Oates of Hall & Oates is 33, and Janis Ian is 31; 4/8: Steve Howe of Asia is 35, Neil Schacher of Grand Funk Railroad is 31.

TUESDAY, APRIL 6

TODAY IS A 5

A healthy tinge of Full Moon warm-up colors this day with Thursday being the pivotal day. In addition, loving Venus enters Pisces at 7:22 AM EST for a stay until May 4. Venus is the planet of our relationships, being the planet of the people and things we cherish. In Pisces we spend more emotional, sensitive energy on friendships and on our love relationships. This will help to settle personal disputes. The Moon is in Virgo and, at 2:01 PM EST is Void-Of Course until entering Libra at 7:27 PM EST. With the emergence of a lot of Full Moon energy, the Moon in Social Libra tonight will combine to give us the last really fine social evening until Friday. It makes sense to me to take advantage of the sociability.

WEDNESDAY, APRIL 7

TODAY IS A 3

The sign Libra is often represented by the scales, supposedly to indicate that this is a just sign, or a sign that weighs all sides of an issue. That sounds good, but Libra is an aggressive, mental sign. With the full moon's exact point tomorrow morning, today is anything but quiet! Aggressive people are going to be at their peak, so if you are of the more "laid-back" variety, you had best duck. The early morning hours are doubly angry, for at 9:29 AM EST the moon at 8 degrees of Libra is opposite the red planet Mars at 8 degrees of Aries--and Mars is retrograde. Be careful driving and curb your temper when you get where you are going. We have enough to do just getting through this "cuckoo's nest day and evening."

THURSDAY, APRIL 8

TODAY IS A 3

The full moon is exact at 5:19 AM EST with the moon at 18 degrees of Aries. Restrictive Saturn is retrograde at 19 degrees of Libra, so basically the moon is opposing both the sun and Saturn. This is the ULTIMATE pressure to reorganize for the craziest of reasons. And the research date shows that most crimes, accidents, and craziness occur the two days AFTER the exact full moon--hold on. The moon in Libra will be Void-of-Course from 9:52 PM EST until entering Scorpio tomorrow morning at 3:34 AM EST. Rebellion is afoot, so I will sit out this dance and continue to do so right through the night. If you are having more restless sleep patterns and are having more agitated dream states--it's the full moon. Relax.

FRIDAY, APRIL 9

TODAY IS A 4

The emotion-ruling moon in Scorpio as of 3:34 AM EST is Void-of-Course AGAIN at 5:52 PM EST and this lasts for one day, 20 hours, and 16 minutes. When the moon makes its last angle to any planet, it is said to be "free floating" or Void-of-Course until entering the next sign and beginning a whole new two and one-half day cycle. The moon governs "the function of things", so when the moon is free-floating purchases and decision don't work out. Try it for yourself and find out. Plenty of full moon (it still dominates) and I would go about today with caution as you will have plenty to react to--instead of trying to initiate things. Tonight you might as well expend all the energy by going out and rocking. Drive carefully and let common sense prevail.

SATURDAY & SUNDAY, APRIL 10 & 11

SATURDAY IS A 5 & SUNDAY IS A 7

The moon became Void-of-Course last night in Scorpio, and this will continue until the Moon enters Sagittarius Sunday at 2:08 PM EST. Any bad habits you have--break now. Diets, exercise routines, and new attitudes pay off now. If you are artistic, you will find creativity is at a peak. On Saturday at 5:44 AM EST, mental Mercury at 19 degrees of Aries is opposite pensive Saturn, retrograde at 19 degrees of Libra. Then at 9:44 AM EST loving Venus at 4 degrees of Pisces is at a hard 90-degree square to eccentric Uranus retrograde at 4 degrees of Sagittarius. This is a love of freedom. Both angles are operative ALL DAY Saturday and Sunday when the moon enters Sagittarius. The mood picks up and a lot of lost optimism returns. Good, long Sunday brunch day. Easter shopping on Saturday? Not moi.

MONDAY, APRIL 12

TODAY IS A 7

Hang on, this is a very up day with the emotion-ruling moon in optimistic Sagittarius. On such a jovial day, I am often asked if this might be a good time to call in sick. I ask you--why would you only work on bad days? Besides, there is a great social night on tap, so something for everyone. The moon is at Apogee or the farthest from earth it gets in its orbit. We are at emotional low tide. This does not mean depressed; it simply means that we aren't tripping over our own emotions. Let loose, laugh, love, and have it all. You are going to have a chance for some freedom loving fun. Go for it.

Lieberman Call

DENVER/GARY ABRAMS

	<u>SALES</u>	<u>POTENTIAL</u>	
Scorpions	7	8	Could it be the lovely cover art that's blowing the doors off here? Huge response.
Rick Springfield	8	10	I couldn't believe the skepticism of the retailers the first day. That skepticism was gone the same day, too.
The Jam	4	6	Moderate movement.
XTC	5	8	Single airplay is surging Lp movement.
Human League	4	7	Good sales in initial week, starting to slow down now.
Aldo Nova	7	8	This Lp had a very slow start here, now beginning to ease into our Top 30.
	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Franke & The KO's	100	L-M	The retailers are ready so let's get the airplay going.
Krokus	40	L	Very light response. Give it a little more time.
Greg Kihn	95	L	Lighter orders than expected, but that won't last long when "Higher And Higher" breaks on the airwaves.
Graham Parker	95	L	Expecting sales to go past the cult market.

LIEBERMAN CALL CONTINUED

PORTLAND/SEATTLE-Joe Maita

	SALES	POTENTIAL	
Scorpions	9	10	Top 5 sales since release.
Rick Springfield	8	10	Top 10 sales.
The Jam	4	7	Active movement.
XTC	4	9	A band way ahead of its time for the current state of radio.
Human League	5	10	See below.
Aldo Nova	10	10	Enough said.

	% OF KEY ACCOUNTS	COVERAGE	
Franke & The KO's	60	L	Very little initial interest.
Krokus	80	L-M	Selling well in the same shops that always sell this act.
Greg Kihn	100	M-H	Certainly one of our most promising pieces.

"Any programmers who feel there is an image problem with the Human League is a) copping out, b) assuming his audience knows all about the Human League, which of course, they don't, and c) underestimating his audience's growth. There is much more to life than black t-shirts and blue jeans folks, and an innovative tune such as the 45 deserves to be on the radio. How about using your ears and program the music for a change."

MINNEAPOLIS-Esa

	SALES	POTENTIAL	
Scorpions	8	10	Early sales are very encouraging.
Rick Springfield	7	10	Holding its own among some pretty stiff competition.
The Jam	6	10	Number 2 the first week out with reorders very strong.
XTC	5	10	Sold as many of these as the Prism Lp last week, even without the #1 most played song.
Human League	7	10	Was #6 last week, #20 this week. Has never been out of the top 25 since release. What else is to say but play it loud and often?
Aldo Nova	7	9	Ditto the Springfield comments.

	% OF KEY ACCOUNTS	COVERAGE	
Franke & The KO's	90	L	Good sophomore effort from these guys and good recognizability from the first Lp and instant airplay.
Krokus	100	L-M	Out of the box and into top 20 sales. Great initial numbers.
Greg Kihn	100	L-M	Right behind Krokus in sales and airplay.
Graham Parker	100	M	This little hummer eased in right behind the top 10.

"Currently maintaining heavy turntable time: XTC, Graham Parker, Dave Edmunds, Haircut One Hundred, Flamin' Oh's (ask me or Podell for one!), The Jam, Sparks, The Blasters, Joan Armatrading and Robert Palmer imports, and Material."

CHICAGO-Bruce Lowry

Greg Kihn	90	L-M	Definitely a third and second listen record. Should do well.
Graham Parker	80	L	Eagerly awaited by his fans. Very strong effort.

"Breakout sales action: Asia, Scorpions, Iron Maiden, CDB, Ozzy picture disc 'Mr. Crowley', Aldo Nova, Greg Kihn, Parker, Dregs, and Shooting Star (again)...Hot in the office: Haircut One Hundred, Stranger, Dave Edmunds, Ray Parker 45, Point Blank, CDB, B.B.King, Levon Helm."

Krokus	85	L	More music to grind your teeth to. Ought to do well.
Greg Kihn	85	L	This tasty Lp shows Greg's consistency.
Graham Parker	55	L	No comments.

"Top 10 sales: Aldo Nova, Joan Jett, J. Geils, Tommy Tutone, Willie, Loverboy, Go Go's, Police, Cars, and Atabama...Hot at home: Juke Jumpers, Ernie Watts, Dregs, Johnny and the D's and Point Blank...To Murray: Does another mention in print mean I can get multiples for my stores?"

Greg Kihn	90	L	This is a strong market for Greg so we expect this one to do well.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. PLAYS PER DAY - This refers to the actual number of exposures an album gets between 6 AM and midnight on an average day of the reporting week.
2. PLAYS PER WEEK - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. AIRPLAY EMPHASIS - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
