FMQB ALBUM REPORT

June 11, 1982

BILL HARD, Editor

Easy Choices

GENESIS, "THREE SIDES LIVE", ATLANTIC

The e-a-s-i-e-s-t of Choices. "Paperlate" is up to #6, and radio is already raving about the album... Dick Buscon, WQXM: "The album is just absolutely phenomenal with some of the best live rock and roll that I've ever heard"... Bob Bittens, WHCH: "Captures perfectly the essence of the concert performance. Genesis, was, well, overwhelming. Masterful musicians with music that covers all the bases"... Ed Levine, WAQX: "We've been scooping the market for the past few days with the Genesis import. The reaction to it has been almost as strong as to the Stones"... The recording and performance quality is spectacular so you could needledrop blindfolded and do just fine. We do however, expect "Turn It On" and "Abacab" to lead the live cuts, with "You Might Recall" #2 behind the single on the studio side.

PETE TOWNSEND, "ALL THE BEST COWBOYS HAVE CHINESE EYES", A&O

He's one of the few artists with sufficient credibility to get away with being himself. His signature sound lets you freshen up your air with no risk, and Chris Thomas' production guarantees a classy record right off the bat. We hear four strong radio songs: "Face Dances Part Two", "Exquisitely Bored", "Stardom In Action" and "Slit Skirts".

Chain Reaction

THE ROLLING STONES, "STILL LIFE", ROLLING STONE

It's become standard practice to include a new tune ("Go-Go" in this case) to spice up a live album. With their amazing longevity, the Stones are one of the few groups with a bank-vault of classics ready to spring back to life with a fresh new treatment--as with our favorite "Let's Spend The Night Together". All in all, a very potent package... #1 Most Added with 122 (so what's new?)... Raves: Ted Edwards, WOOZ, "Absolutely their best quality live album ever"... Doug Sorenson, KQRS, "It's great to have more live versions of Stones' classics. Fresh air to an old, old sound"... Kid Leo, WMBG, "No more and no less than the perfect document of the tour"... Dale Wolter, WMBD, "The recording is such that you feel totally involved with the crowd. The best album of the year, period"... Rad Messick, WFVY, "I'm really impressed. I think it's the best live Stones out of all four of them"... Greg Gillispie, KEZO, "The audience has been going nuts. It's far and away our most requested item of the last week"... Bob Bittens, WHCH, "Captures perfectly the essence of the concert performance. The Stones were raw, energetic, and yes, sometimes noisy."

FLEETWOOD MAC, "HOLD ME", WARNER BROTHERS

They may be taken for granted, but with 113 stations in one week, they're in the "death and taxes" league and probably more solvent than the Social Security System. Overall the #2 Most Added music of the week, including 31 Level 1's... Radio Action comments: Doug Podell, WLLZ, "Sounds like Fleetwood Mac is back with a multi-format smash"... Rob Lipshutz, WHUT, "It should return then to the accessibility of 'Rumors' with its intensity, humor, irresistible harmony, and instant hooks. It puts them right into heavy play"... Ed Levine, WAQX, "The Fleetwood Mac 45 is reminiscent of their hit singles from the 'White' album and 'Rumors'. It's a smash"... Doug Sorenson, KQRS, "Fleetwood Mac's single is going to pick up where 'Dreams' left off. A great all-around tune, and if you are a rock and roll station, you can't be embarrassed by playing it"... Bob Bittens, WHCH, "An easy prediction. Fleetwood Mac's 'Hold Me' is destined for stardom"... Sky Daniels, WLUP, "New Fleetwood Mac has possibly the best production values I've heard in recent years"... Karen Andersen, WQIR-FM, "Reminiscent of their work on 'Rumors'. 'Hold Me' is an infectious hum-along tune."

EDDIE MONEY, "SHAKIN'" b/w "THINK I'M IN LOVE", COLUMBIA

In one of 1982's heaviest release weeks, Eddie locks up 54 reports (18 Level 1's). His status may have been in question, but a week like this erases any doubts. He obviously came up with the songs he needed... Take it from Doug Podell, WLLZ, "Think I'm In Love" is destined to replace "Two Tickets To Paradise" as Eddie's big claim to fame"... Marc Miller, WBCN, "Sort of sounds like a fast version of 'Darling Be Home Soon' and it should be huge"... Steve Feinstein, WYSP, "We're taken with 'Think I'm In Love's' clean production and Eddie's smoother vocals"... The Doctor, WYFE, "It's a good rock and roll tune, nice beat, great production, and that magic of Eddie's voice to carry it through"... Bruce Bond, WZZO, "Shakin'" is one of those first time on the turntable tunes that gives proof to why it took Eddie awhile to put out an album. Good things take time."

TIP:

BILLY IDOL, "HOT IN THE CITY", CHRYSALIS

It might sound a tidge pop on first listen, but spin it a few more times and it sure comes up a hit. Don't let Top 40 competitors catch you flat footed on this one.

CHAIN REACTION CONTINUED

STEVE MILLER, "ABRACADABRA", CAPITOL

There might have been some [RTE] skepticism on the single, but I think we're all agreed that it is performing on album radio. "Keeps Me Wondering Why" and "Cool Magic" picked up positives from our Sampler, so this week's B2 reports (#2 Most Added) are only the beginning...Comments: Joe McCabe, KYYS, "Steve Miller renews my faith with the latest LP...Ron Nenni, WPKX, "Hits, hits, hits, all over this record. Phones are strong as ever on the single"...Jim Kinney, WTUE, "No matter what anybody says about him, he writes some of the greatest hooks around"...Craig Martin, KZOK, "What a turnaround by Steve Miller. 'Abracadabra' will redeem Steve to those of us who passed him off on the last album. 'Keeps Me Wondering Why' is just great"...Jim Buckley, WRON, "The old Steve Miller has finally made it back with his new one, after a very disappointing last release. We're looking forward to a much better response"...Rick Peterson, WUCT, "Pleasant surprise of the week has to be the new Steve Miller album. It's the album we all knew that Steve had in him."

SURVIVOR, SCOTTI BROTHERS/EPIC

68 first week single to LP conversions is noteworthy--and as the movie mushrooms, those calls for "Eye Of The Tiger" are really intensifying. "Eye" moves up to #4 on the Song Index, so explosive that it should be quite awhile before more from the album takes a piece of the action...Comments: Mark Miller, WCKL, "'Eye Of The Tiger' has got to be the hottest song of the year. We're seeing absolutely incredible phone action and the listeners seem to know the name of the band as well as the song"...Mike Lyons, WDJZ, "Definitely one of the biggest soundtrack records we've ever seen"...Tim Smith, WLVO, "It's their long overdue, strongest yet. #3 requested band. Most of them have seen the movie, proving that the song sticks"...Curt Gary, WEBN, "Survivor's 'Eye Of The Tiger' is a bonafide smash. Monster phones, big retail already, and you can't turn on the radio without hearing it"...Jose Diaz, WBLM, "It looks like 'Eye Of The Tiger' is going to be one of the bigger songs of the Summer based on the phones we're getting already."

GLENN FREY, ELETRA

New at #15 Index and Metro, Glenn is the week's highest debuting new LP. Back with 32 adds for #4 Most Added, and up to a two-week total of 111. A sure shot for top 10 play next report...Already max on KMET, KQDN, WKLS, WLAJ-FM, and KIZY...Heavy play on WLUP, KZEM, WLLZ, WPMG, WQRS, WKJQ, WFTV, KRQR, KSJD, and more. "Partytown" owns it--new at #17 on the Song Index...Also watch for "I Found Somebody" and "The One You Love"...Radio action: Bob Walton, WQDR, "'Partytown' is blowing out the phones"...Lisa Richards, WPMR, "At the risk of joining the party late, two seconds into Glenn Frey's 'Partytown' I knew it would be perfect for cruising in the hot Summer sun. I feel it's a record for every format and then some"...Dick Bascom, WQXN, "Glenn Frey is pulling in good phones. 'Partytown' is another summertime smash"...Mark Miller, WCKL, "'Partytown' is also burning up the phone lines. It seems we have a direct connection between our transmitter and Ma Bell. The reaction comes that fast"...Ilse Gottlieb, WRXL, "Glenn's album will be a smashing success! 'Partytown' is on for starters, but really, there's not a bad tune on the album."

DAVID JOHANSEN, "LIVE IT UP", BLUE SKY/CBS

We've been saying the Animals medley is the first vinyl to do the live show justice for weeks now--and in spite of intense competition from the big boys, 28 stations (including KGB-FM, WBCN, WLUP, WPMG, WREM-FM, and WJOT) pade room--good for #5 Most Added...Raves: Marc Miller, WBCN, "Don't miss the David Johansen Animals medley. 'This will probably be great for radio because there are no Animals albums available anymore in this country"...Judy McNutt, KGB-FM, "David just knocks me right off my seat"...Dave Krusenklau, WJQQ, "A valuable programming tool that has to be heavily considered, regardless of the amount of majors on the street"...Brian Leonard, WDEK, "David breathes fire into some songs from the 60's and makes them come alive like never before"...David Filippov, WBRU, "The Animals medley will break him on album radio"...Dave Venable, WRAS, "This is clean fun rock and roll at its best. And you can't afford not to play the Animals medley"...Jim Buckley, WRON, "David Johansen makes the Animals sound better than they ever did"...Stew Schantz, WPDH, "David is always fantastic live, and his latest live one is a gem."

FRANK ZAPPA, "VALLEY GIRL", BARKING PUMPKIN

We're up to 45 adds in two weeks, a #41 Index debut, and calls up the wazoo. This is without question the hottest new phone grabber on the street, and we're talking no balls if you wait much longer. Take it from these satisfied customers...Greg Gillispie, KEZO, "Last week we tested the Frank Zappa 'Valley Girl'. 19-24 year old men and women absolutely loved it"...Stew Schantz, WPDH, "We are having tremendous success with 'Valley Girl' from Frank and Moon. In fact, it moved all the way to #4 on our chart"...Pat Principate, WRW, "After the fervor over 'Valley Girl' dies down, I'm going to have to go in for de-programming, for sure, for sure"...Scott Segraves, KSPB, "Love it to the max, or hate it for sure, Zappa is dominating the phones. Not just the new people, but his cult is coming out from the woodwork"...The Doctor, WYFE, "Zappa's 'Valley Girl' is getting a lot of reaction phonewise. A few negatives but most people know someone like Moon's character and can relate to the track even here in the Midwest"...Tim Smith, WLVO, "Frank Zappa is by far the #1 request item"...Ed Levine, WQXN, "I hate to join the chorus already screaming, but the record is an absolute phone monster, and out of 45 calls tallied for it, everyone was a positive request. No negs thus far"...Ron Nenni, WPKX, "Frank Zappa getting a lot of phones on 'Valley Girl'. We expect that to grow throughout the summertime."

GARY U. S. BONDS, "ON THE LINE", EMI

22 more for Gary takes us to 86 in just 2 weeks--overall #4 Most Added for the period...New at #29 Index, #34 Metro. Heaviest early play on WPMG, WPMR, WFBQ, WPDH, WBCN, WBRU, WRXK, WAAF, WBCN, WSYR, and WBAB...Comments: Ken Martin, KZEL, "Thanks to Gary for one hell of a good album. The phones are ringing off the hook for 'Out Of Work'. No surprise with a Lane County unemployment rate of 12"...Lisa Richards, WPMR, "We like 'Out Of Work' by Gary U. S. Bonds. After all, the release coincides with the largest unemployment figures in decades"...Ted Edwards, WCOZ, "Gary continues to do well. 'Out Of Work' seems to be the track. Certainly the timeliness of the lyrics has something to do with that"...Mary Pillingier, WYRX, "Gary U. S. Bonds has the Boss, and with the economic situation of the day exposed on the cut 'Out Of Work', it's an album identifiable on two counts...Also consider the title and 'Rendezvous'."

JOHN WAITE, CHRYSALIS

The add pattern here spells consistency--25 two weeks ago, 21 last week, and 16 new believers with KZOK, KSJD, WLS-FM, KGB-FM, WPMR, KLOL, WXRT, KQRS, and WEBN out front...Majors already on the case include: KWK, KINS, KPKE, KRQQ, KQDN, WAVA, WLVO, KSRK, WPMG, WYSP, KZEM, KMET, WLPX, WLLZ, KTXD, KSHE, and WREM-FM. The biggest index gainer this week, 49-35 and the strongest Metro Chart advance 46-26. And a hot Song Index jump 72-39! Up on KZEM, WPMG, KSHE, and KILQ...Raves: Chuck Holloway, WKZL, "A record I loved from the first day I heard it on the cassette"...From Curt Gary: "WEBN has jumped out on 'Change', though I would also recommend 'Mr. Wonderful' and highly urge everyone to crank that record up"...Craig Martin, KZOK, "I already raved about the John Waite in an earlier issue, but just let me add, Asia notwithstanding, John Waite is the best debut album of the year...In addition to 'Change' and 'Mr. Wonderful', check out 'Take Me To The Top'."

ALAN PARSONS PROJECT, "EYE IN THE SKY", ARISTA

"Fingers Burned" is the early leader debuting at #29 and this week we're starting to hear more about "Psychobabble", also on the Song Index at #91. Either way, an effective texture piece for the radio. New at #23 Index, #29 Metro, #6 Most Added with 27, for a hefty two-week total of 109 stations...Comments: Bob Barnett, WAAF, "Alan is already getting store response throughout New England"...Dick Bascom, WQXN, "Parsons had an incredible first week in sales, breaking at #6 on our Sales Index. The phones are there as well"...Karen Andersen, WQIR-FM, "There's a lot on this album. It's one of the few around that can be listened to all the way through for enjoyment"...Chuck Holloway, WKZL, "I can't get the Alan Parsons Project 'Psychobabble' out of my head. A masterful production and immediate audience response."

CLOCKS

It's about time
a new group got you up!!

A Pinch Hit, May 28: "Spin it a few times and you're sold. Jon kept it in high rotation at the Bowl-A-Thon, and even after 47 plays it sounded great!"

Steve Feinstein, WYSP: "'She Looks A Lot Like You' has got me hooked. I go bonzo for punchy power pop with hot harmonies and Clocks fits the bill. Reminds me a bit of the Cars when they were rocking out on their first album."

Roberta Haber, WMJQ: "Love the first two songs from the new Clocks Lp. It reminds me of the first Cars album. Straight ahead rock with a few quirks here and there."

Bruce Bond, WZZO: "I listened to the Clocks on Saturday, and have been averaging about three listens a day since then. 'She Looks A Lot Like You' is great."

Buck McWilliams, WIOT: "I like what I hear from the Clocks."

Sky Daniels, WLUP: "Jon Scott came to Chicago after spending time with Bill Hard himself. And, although he didn't play it 47 times, he played the Clocks enough that I know it's a hit."

Drake Hall, KTXQ: "The Clocks should have Dallas listeners locked in about a New York minute. She looks a lot like a hit, if you get my drift."

Check these power calls for a record out a minute: **KMET, KROQ, KTXQ, KZEW, WIOT, WYSP, WBAB, WLIR.**

DAVID JOHANSEN

"Live It Up"

David blazes a path through the vinyl jungle with his ultimate airplay gorilla "The Animals Medley"

including WLUP, KGB-FM, WMMS, WBCN, WIOT

Judy McNutt, KGB-FM: "The medley just knocks me off my seat!"

Dave Krusenklau, WKQQ: "A valuable programming tool that has to be heavily considered regardless of the amount of majors on the street."

Greg Gillispie, KEZO: "The medley is real hot!"

Dane Venable, WRAS: "Clean, fun rock and roll at its best. You can't afford not to play the medley."

Jim Buckley, WRCN: "David makes the Animals sound better than they ever did."

Marc Miller, WBCN: "Will be great for radio because there are no Animals albums available anymore in this country."

FRANK ZAPPA Ship Arriving Too Late To Save A Drowning Witch

MARKETING REVIEW

Dateline Los Angeles California 1981 Frank Zappa delivers yet another album for Barking Pumpkin, creating no excitement whatsoever in a Reagan politically reactionary seven-ninety-eight so called aesthetic decision made by accountants from New Jersey kind of industry. Zappa opened no appearance at the Abrams Convention nor did 3,000 screaming teenagers erupt in a standing ovation. In the tradition of Aerosmith and Van Halen, which this album is not, excitement does not exist. It will not continuously appear, since who cares there's another Zappa album anyway.

Dear Frank DUDE! I'm like so glad that I was like right! Bag those I'm sure! Happy Father's Day Daddy! Woow! moow!

Advertising

Because of the incredible lack of interest in this sort of thing, there will maybe be some time-buys, or maybe there won't be some time-buys... who knows... nobody wants to spend any money on that kind of crap anyway.

TRADE

2-3 weeks after release, the assistance of any full-page advertising in *Billboard* will highlight the futility of making any advertising claims whatsoever about any album that is not in the current tradition of *Formula - poot - kiss - the - honey - hole - of - some - guy - who - gets - your - record - on - the - radio - if - it - sounds - like - Styx - to - a - half - deaf - donkey.*

R&R

A leaser campaign will not be run nor will it be walked for any tune in this album since who can afford it anymore?

MUSIC

There's only 6 songs on the album, and you probably

won't enjoy any of them, so if anybody says *listen to: No Not Now, Valley Girl, I Come From Nowhere, Drowning Witch, Envelopes, and Teenage Prostitute.* tell them that you're not into that sort of thing and make them go away.

DEMOGRAPHICS

In line with Van Halen, Aerosmith, and Loverboy, you can look for top sales among the 14-21 year-old audience, with a slight lean toward the males. Since the album is in line with any of the above-mentioned artists, there seems to be no reason to release it in today's America, but maybe somebody made a mistake.

SINGLE RELEASE

Because of getting any of Zappa's stuff on the radio in America, now that programmers have chosen to go with more prevalent in the industry 20 years ago, the release of a single would seem to be a waste of money... and that's all we really care about (it's the thing that separates us apart from the Communists).

Selling Points

- Zappa has some kind of following somewhere and maybe they will buy it... who knows.
- Because they do not follow the usual demographics as Loverboy and Van Halen, expect no support on the West Coast.
- The band is going on the road in Europe May thru August... this won't help much in the States.
- A pre-release mailing didn't work the last time, so there probably won't be one this time.

P.D. Joe Folger:

Rock Wars, eh? In the Great White North, the weapons are radio waves fired from the top of the IDS Tower in downtown Minneapolis. This is a brief history of how the war broke out. FM101 changed from a top 40 format to album rock 2½ years ago. Under the direction of Dave Hamilton, the station has steadily increased its ARB share (up 4 books in a row). It is one of the country's only major market stations to successfully make the change from top 40 to album rock. FM to FM, KDWB has beaten KQ the last three books in a row. October/November 1980 5.7 to 4.5; Spring 1981 6.3 to 5.6, and Fall of '81 6.6 to 6.0. KQRS AM and FM are sold in combo and so is KDWB AM. We have also topped KQRS in the last three books combined AM and FM shares. October/November 80 8.7 to 5.5; Spring '81 8.9 to 6.4; and Fall of '81 8.4 to 6.8. Numbers can be stretched but they don't lie. In black and white on page six of the Fall 1981 Arbitron it says KDWB has a higher share of the audience. The success of this station is no accident.

I plan to grow on the solid base Dave has already developed. The people here help make the station great. My assistant, Bill Richards, is a rising star with the eye of the tiger. The staff at the station is one of the best ever assembled, and they work well together. You are only as strong as your weakest link, and at 101FM there are no weak links on the staff. Ask the competition. They have approached almost all of our staff. 101FM is a fine place to be; ask the competition. Most of them have knocked on the door of the Home of Rock And Roll. In a nutshell, 101's strong points are people and programming. The research department is untouchable. The music is freshened constantly, presentation is crisp, exciting, and always moves forward. 101FM owns the local music scene. Our involvement with local musicians is massive (night clubs, local albums, local concerts, etc.) and our efforts are sincere. We service the older portion of our audience with events like 101 days at Valley Fair, charity softball games, and we also play a major part in the Minnesota State Fair, which is the second largest fair in the country. Look for us to be even more involved in the future in ways that I cannot discuss here. After all, this is a war; a conflict of power and ideas. We have a lot of fun, but we're not telling where we're shooting from or when.

KQRS has been in town for 12 years. Originally a free-form station, they disappointed a loyal audience by signing with Superstars in 1977. We've found in focus groups people in the Twin Cities believe that KQ has let them down. Years ago, the music was unique and special. Now it's old and weak, and the personalities are perceived as being lackluster. We will be watching closely what impact recent changes will make in that image. It seems KQ subscribes to the philosophy of if you can't be the market leader, then copy them. Hence, the term former KQ jock Hal Hoover coined, "K-Clone" short for KQRS. At 101, we have conceptualized a very precise target, and we are constantly reevaluating our position, plus our competitors' and from time to time will adjust that target accordingly.

The key to winning in Minneapolis is dominating the target demo, and that's what we do. KQ's front line of 18-24 year olds is defecting to our side at a very comforting rate. Soon we will also start seeing that more with the 25-34 year olds! When it comes to new music, we win again. 101 is playing as much new product as the competition, but that is not the battle. The object is to add the right music at the right time. To be first is not always best, and to always be second is not the best solution either. I use research only as a tool to confirm my emotions. The positioning game has intensified recently when Jeff Pollack came to town. I expect the other guys to lean on the "12 years of rock" image and we can't disregard the hybrid WLOL. Our competition is strong and this will be a great battle. I have a lot of respect for Jeff. Promotions seem to be his strong suit and one of my main concerns will be following the situation like a Minnesota wolf, avoiding traps and pouncing on the best meals at the choicest times.

P.D. Doug Sorenson:

KQRS has been album rock since March of 1970, with two phases in its history; basically progressive 70-77 and Abrams/Superstars since then. Over the years we had several challenges, but no real competition. 50,000 watts WDGY AM went album rock for a couple of months back in 1977 (with Mr. Bob Hattrik as P.D.), and in 78-79 U100 tried an album/top 40 hybrid format, which ran into money problems. Then long time top 40 power KDWB bought the FM, and P.D. Dave Thompson took over and put in an adult/album rock format with a very low-key approach. At that time, Dave Hamilton was programming WLOL AM, with an almost new wave rock, top 40 feel.

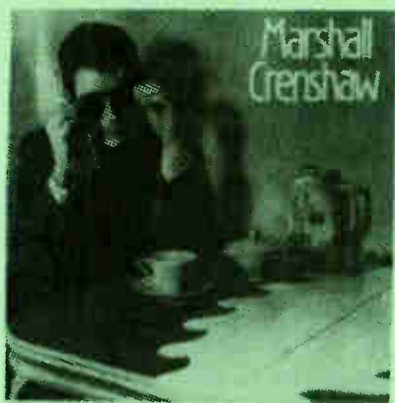

All during this period (78-80), KQRS was steadily increasing our share with Superstars; 6's, 8's and 10's in a town that had been traditionally very strong top 40 (Sebastian, Bennett). When we hit double digits, Doubleday and Dave Hamilton, in particular, came on with guns blazing. They suddenly started playing great album tracks, surrounding them with the hits, all with a very clean "more music" approach. Bob Hattrik was brought in as national P.D. and all that combined to really take a chunk out of our numbers. October 1979, KQRS 10.0 KDWB 2.6; April/May 1980 KQRS 8.5 KDWB 2.8; October/November 1980 KQRS 8.5-5.5, KDWB 2.8-5.7. So, a station that never really had competition was suddenly challenged with very aggressive programming from Doubleday, complete with call-out research, extensive billboard campaign, a thousand dollar a day giveaway, and that very streamlined less talk/more rock philosophy.

I see their growth as a function of a successful grab for that most impressionable, young audience. KDWB had been strong with teens for years, so staying with those calls on the FM dial was perfect for the kids. However, anyone over 18 would be embarrassed to listen to the FM because of the long-time teeny-bop image of the AM. I see a real roadblock for them in the 18-34 demographic. Their heavy bar scene involvement won't help 25+ and their new slogan "The Home of Rock and Roll" won't appeal to the younger demographics who will think Bill Haley or Chuck Berry when they hear it. Their lack of audience involvement is absolutely a problem. There is no relating to time of season, sports, current events, weather, etc. and no adult over 18 is into winning tickets to a rock concert or an album. Listeners perceive them as simply a music station, and that's it. Plus they haven't evolved in two years; same grand giveaways, lots of billboards, but no real community involvement.

Still when I got to town, I heard a lot of music that didn't make sense: 707, Tarney Spencer, Bread ("Mother Freedom?"), and I said, "This is madness, how can this guy be playing these records. What's more, he's getting great numbers playing turntable hits." So, I started monitoring them for 18 hours a day, got every record they played, kept track of their promo liners, and got to know everything about them. We realized their songs were testing extremely well, and after seeing the December 1980 Mediatrend go 10-5.5 their way, we realized the need to play more of their records. So that we did.

Since that time, the numbers have swung back in our direction. April/May KDWB 6.3 KQRS 6.4; Fall '81 KDWB 6.6 KQRS 6.8. The key to winning in Minneapolis is the 25-34's and that's where our positioning is strongest. In the latest, ARB we were #2 adults behind KS95. We've been the album station for going on 13 years and that's a major image boost. Our on-air approach reinforces the fact that there is more to album radio than rock concerts and T-shirts, and we will continue to drive that home. Their call-out rock is getting tiresome, and they are much tighter than we are at this time. We have top 40 WLOL playing lots of new music (Soft Cell, Bow-Wow-Wow, Asia, etc.) and so we're the only two stations in this musically active market playing new music. By the time KDWB researches it, it's too late to play it with any impact. (Human League).

When I hit town in September 1980, Dave Hamilton mailed me the Superstars master list, along with a memo stating, "Doug, play these records in this exact order, or you will end up like all those other KQ P.D.s" I responded with a lovely funeral wreath, and he came back with a bag of stones and, "I think you should keep these in your pockets, so you don't float away. We like your sound." Now considering 77% of our listeners are 18-34, and our three book growth trend has us up 32% men 18-34, and 77% women 18-34. I say the whole town likes our sound.

Radio Action

KZOK/KJET, SEATTLE, WA P.D.-JIM ROBINSON: "I suppose the rumor mill has ground on long enough. Yes, it's true. There is a modern rock station in Seattle. It's KJET, sister to KZOK, and it can be found at 1600 (actually 1590) on your AM dial, with a healthy 5000 watts 24 hours, directional at night. Our Program Director is Steve Larson, a veteran of Seattle and Denver radio. KJET is automated, which makes for consistent song rotation and either front or back announcing of all current product. When we add a record, we hammer it to the tune of 8 plays a day, thereby insuring familiarity. We do want to sell records as well as movies, concerts, clothes, beer, and soft drinks. We believe the format will appeal to teens and 18-24 women with a sound that's up, fun, and danceable. We are not a counter-culture experiment, nor are we taking a stand against any other form of radio. We just want to have a good time and make a few bucks in the process. And quite frankly, I would not want to be selling against a combo with KZOK. And, no, we are not Sebastian II. So far, we've done guest dj shots with Chris Butler of the Waitresses. Thanks to: Polygram's Jeff Laufer and Calvin Lew; and, MTV's Mark Goodman and Louise Rauscher. By the way, the Waitresses were great fun for three shows in two different Seattle venues. The crowds were surprisingly normal--you know, bus drivers, secretaries, and of course, waitresses. Our first KJET concert with Albatross Productions is: Dave Edmunds at the Showbox Theater June 20th. It's well on its way to a sellout. We're getting tons of mail (well, 10 to 12 letters a day), and it's overwhelmingly positive. I did receive one complaint from a local CBS salesman for playing his Nick Lowe record too often. Anyway, support of any kind for KJET would be appreciated greatly. This is a prime opportunity to make it work...Added This Week: The Clash, The Swingers, Rolling Stones, Men At Work, Frank and Moon Unit Zappa, and Joe King Carrasco... Incidentally, the real story in this town is KZOK, truly Seattle's best rock and roll."

KYYS, KANSAS CITY, MO P.D./M.D.-JOE MacCABE: "First of all, I'd like to complain about the picture from Jon's bowling party. I'm actually in perfect shape (not a Widette as pictured), and suspect Bill retouched my jowls to make him look better in comparison...Steve Miller renews my faith with the latest Lp. 'Cool Magic' is my personal fave -with a strong second choice being: 'Keeps Me Wondering Why'...I agree that we have to deal with the Bruce/Bonds connection. If you're in the Midwest and not playing 'Out Of Work', time to get back in touch with reality...A late add on: Split Enz. They're coming to town and deserve some support...Happy to support a local act, Clocks--stars of the KY102 Homegrown album...Be looking out for the Secrets band. They were also on the Homegrown album...Glenn Frey scoring good requests...Survivor's 'Tiger' dominating the phones...Also getting good calls on: John Cougar, 38 Special, and the new Fleetwood Mac single (didn't like it at first, but can live with it now)...Just when you think Eddie Money has faded away, he comes up with the best record of his career. The choice of the single is superb...A few sales and good calls on: Axe...Considering: Weight Watchers, John Waite (strong consideration); also, the Marshall Crenshaw and Men At Work sound good."

WBCN, BOSTON, MA M.D.-MARC MILLER: "Greetings from the rain capitol of the world. It has rained for two weeks, and it's starting to get depressing. But the music's still good...Have you heard Cold Chisel yet? Check out: 'You Got Nothing I Want'. It's killah...And by the way, if any of you small record companies have good heavy metal stuff, send it to me because Sunday nights Tony Berardini does two hours of 'Heavy Metal From Hell' and he likes to feature new and unheard bands...In other music news, the John Waite Lp sounds real good. Check out the cut: 'Change'...We also like the new Eddie Money single 'Think I'm In Love'. Sort of sounds like a fast version of 'Darling Be Home Soon'. It should be huge...Just got the new Genesis album, and it sounds like it'll be another smash for them...Don't miss the David Johansen/Animals medley. This will probably be great for radio because there are no Animals albums available anymore in this country...Fave Lp of the week is still: Roxy Music, especially 'More Than This'. The most mature and fully realized Lp that they've done...Be sure to stay tuned for details on the 4th Annual WBCN Rock And Roll Rumble coming real soon.'

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "I think that Bill Hard missed a really great record, even if he got defensive and said, 'Hey, I just got it, ding!teberry!!' I know it's not on a big label, and who expects rock and roll on Fantasy anyway--but that's no excuse. Who was Rounder Records? I suggest Cocktail Queen (don't she love to rock and roll). 'The Heart Is A Lonely Hunter' is a hit single, and I like the song about NYC entitled 'Girl'...Other Adds: Axe. A perfect Summer rock and roll tune--already getting calls...Also: David Johansen just knocks me right off my seat. I thought that would never happen after seeing him live...With the release of the new John Waite album, it's easy to see who the Babys were. What other guys?...Bow-Wow-Wow--WOW!! I think it could work...Glad Gary Bonds has a steady job. Sure is a nice guy. I asked him what the U.S. stood for, and he said, 'Beats me. My ex-manager thought it up'...'Partytown' is just what I expected from the best looking, most talented Eagle...The thing that's so attractive about the Marshall Crenshaw record is that it's clutter-free and sounds happy on the radio. I've had enough bumper music for now...A lot of calls on the Survivor single. It's really their best cut ever...Boy, A Flock Of Seagulls is starting to sell, and we're getting calls for 'I Ran'...'Valley Girl' requests go without saying...Lots of calls for: Men At Work, 'Down Under'. Probably #6 in calls, behind: Asia, Frank Zappa, and Huey Lewis. Overall, it's our most active new song...The Monroes now up to #12 sales and getting phenomenal calls... Also like the Nazareth single and can't wait for the video."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "From the 'better-late-than-never' department: Well, we're not really late with this--I was just real anxious to get on it when I heard it--and, of course, I'm talking about former Babys star John Waite. WEBN has jumped out on: 'Change'. Though I would also recommend 'Mr. Wonderful' and highly urge everyone to crank that record up!!!...Next in line has got to be David Johansen and the Animals medley. Get on it before the Summertime passes you by... Cincinnati has turned into a 'Partytown'. Instant phones on Glenn Frey. With the exit of area students from their various allegiances, it couldn't have been timed better...A real memory jogger--that's what I see the Rolling Stones album as. Also ask around for the single version of 'Going To A Go-Go' b/w a previously unreleased 'Beast Of Burden'. Any Stones album is an event...A lot of people in the industry have mentioned that 'Fingers Burned' from Alan Parsons doesn't sound like the Project, and they expressed surprise that we picked that as the lead track. I say, hey, maybe you're right, but it's still a smash song...Survivor's 'Eye Of The Tiger' is a bona fide smash. Monster phones, big retail already--and you can't be on the radio without hearing it...Sherbs is proving itself a winner Of all the stuff added in the last three weeks, that one seems to be pulling out...Not sure what I see from Genesis. On the otherhand, no real feedback from the audience...April Wine's single--obvious that they wanted to write a rocker that would put them multi platinum."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "The Fleetwood Mac and Genesis sound fairly predictable, as does the Steve Miller and Eddie Money...What's really exciting is the A Flock Of Seagulls record. I've believed since first listen, and it looks like people are finally starting to catch on...The Rolling Stones album is also exciting, and another way for that band to make more millions. But what the hell, it's only rock and roll...The Nazareth single sounds like it will broaden their audience...Glenn Frey's 'Partytown' is a great, catchy summer song...My favorite new ear grabber is the Billy Idol album. The jungle rhythm on the last song on side 2 drove me crazy, and the line 'Hey, do you want to rub a dub?'...Frankie Miller looks like it's developing. Top 20 sales...Heart is #6, and starting to get calls for 'City's Burning'."

We predict continued success!!

WMET, CHICAGO, IL M.D.-DAVE BENSON: "Adds: Alan Parsons, Sparks, April Wine, Nazareth, Fleetwood Mac, Frank Zappa, Survivor, and Eddie Money--and the Stones...I'd rap down this long list of new additions but, after what I'm about to say next, nobody will give a shit. By the time you read this I will have left WMET to become Tour Manager for the Pat Metheny Group. After 10 years of radio madness, I need a break. This is a golden opportunity to get a new perspective on the music business. I have no illusions that it will be any less bizarre. I want to publicly thank Bruce Holberg, Trip Reep, and my friends at WMET and Metromedia for their guidance and friendship. Unfortunately, time, space, and good taste don't allow me to say goodbye to all of my record industry friends the way I'd really like to. A sincere thanks to all who helped and managed to maintain a sense of humor along the way. I do hope to meet face-to-face with a lot of the MD's and PD's as we cross the country. Thanks also to Bill, George, and the whole staff of mad typists at the sheet. I've had a lot of fun writing for and reading the constant stream of verbal diarrhea. As a parting shot, let me just pass along a final thought or two: Skyboy, I'm going to miss you more than you know. Just try to keep your jaw wired to your brain and not your ego, and things will work out just fine. Actually, the truth of the matter is, I'm leaving WMET because any job that isn't good enough for Sky Daniels isn't good enough for me."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Clocks' 'She Looks A Lot Like You' has got me hooked. I go bonzo for punchy, power pop with hot harmonies, and Clocks fits the bill. It reminds me a bit of the Cars when they were rocking out on their first album, before they became as cutesy as they are these days...I'll venture to say this is the best Eddie Money sounds since his first album. We're taken with the clean production of 'Think I'm In Love', and Eddie's smoother, less grating vocals. Bill's comparison with John Cougar is right on-the-money... 'Showdown' may prove to be for Riot what 'Bringing On The Heartbreak' was for Def Leppard. It's an emotive ballad that broadens the band's following well beyond the heavy metal core... 'Psychobabble' on the Alan Parsons album does far more for me than 'Fingers Burned'. Parsons deserves praise for continuing to use Colin Blunstone's gorgeous, ethereal voice. Anybody out there still listening to 'Innismore', 'One Year', and 'Odyssey And Auracle'?...Stray Cats is turning heads around the office. People are jitterbugging in the halls and sporting D.A.'s and ponytails. Wish I had held on to that '56 Chevy...Greg Copeland's 'Used' is the standout for me on Bill's Sampler. Love the way it chugs along. Reminds me of Rodney Crowell...#1 on the office turntable is 'Positive/Negative' by Positive Noise. It's coming out on Sire soon, but why wait, get an import copy on Statik. This will recharge your batteries and remind you of why you got in this meshuggana business...I understand why John Waite's 'Wild Life' is being overlooked. It's the last song on an album that is thick with delights. Take 3½ minutes out of your life and drop your stylus on the final song on the second side to hear the album's hottest rocker... Now it is time for my obligatory Monroes mention, Crenshaw kudos, Haircut hype, and Flock flagging. Thank you...Good seeing Sandy Fagan from Coast to Coast Records...Always a joy having lunch with Jim Sotet, who you must make sure shows you his Davey Crocket wallet next time you see him...Also nice seeing Michael Plen (in heaven everything is fine)... And, real good talking with WLLZ's Doug Podell."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Eddie Money, 'Running Away'. This is the one that my ears keep turning to. Best represents Eddie's street corner approach to pop. I kiddingly said to Rapper that listening to the advance cassette gave the impression that it was a double album, there's so much good music on it. This week, don't remain an asswipe to convention, really do something to help the career of Eddie Money...The new Fleetwood Mac has possibly the best production values I've heard in recent years. I'll say it again, Lindsey Buckingham and Richard Dashut are approaching a studio sensibility that could be awesome...A lot of people smirked when we OTB'd the David Johansen 'Animals' medley; but then, a lot of people in this business know absolutely nothing about rock and roll beyond Apple computers. David Johansen is really a rock and roller. If you don't think so, check your definition...Glenn Frey's solo album is giving the audience a party charge. Glenn, as I understand, is preparing to undertake a promotional tour. I really plan on probing deep into the 'Desperado' legend of the Eagles...Well, Bill--while you were printing accounts of petty slingshot matches and billing them as 'Rock Wars', ya let the big one escape ya. David Benson resigned from WMET this week. In all due respect, Dave was a fierce competitor. He and I challenged each other through programming upheavals, remaining through each to fight on. I must say he would kick ass in any other market in America. And if you doubt it out there, I welcome all contenders to go after his gig and see if you can fill his shoes. Good luck, Dave, you knucklehead. Now get out of here."

WMMS, CLEVELAND, OH M.D.-KID LEO: "The Stones live is no more and no less than the perfect document of the tour, at least until their next onslaught on America. They have put out more live albums than any other band, yet each one seems refreshing and timely...Speaking of live, David Johansen has always been a dynamo on stage, but people seem to feel that he can't translate onto vinyl. It was a smart thing to put out a live album. For his old fans, there are his infamous 'covers' and some of his strongest songs a la 'Frenchette'; and, 'Funky But Chic' is making a whole new audience. I've been in this boy's corner for so long, I know he's not the great white hype...It took Steve Miller four years to get our 'Circle Of Love', seems like it only took four months to get out 'Abracadabra'. He knows that 'Circle' was a flop, but as bad as that was, 'Abracadabra' was as good--which means pretty good. Interesting note, though: Whereas Miller usually does the lion's share of writing, he only has two tunes on this album--but it's the performance that counts...I don't know if anybody is going to get past 'Eye Of The Tiger' on Survivor, because there are other good tracks on it, but our phones are ringing off the hook for 'Rocky III'...But even the theme to 'Rocky III' takes a distinct second place to 'Valley Girl'. Had a delightful conversation with Moon Zappa over the phone. She's definitely Frank's daughter. When we asked what she was planning to do for future endeavors (music, acting, or whatever), she said that her goal was to make a Hawaiian Punch commercial. Look out, Marie...A lot of people agree with me--the Gary U.S. Bonds is the best album of '82 so far."

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS: "It's great to be back in the Bill Hard Sheet. I want to thank all my friends for the enthusiastic welcome, not to mention the fruit!!...Record Of The Week: John Waite. 'Mr. Wonderful' is by far my prize pick on the album. I'll be up on my little soap box for this record for as long as it takes, and it won't be long with Chrysalis doing an excellent job promoting it...We jumped on the Stray Cats, and already we're four cuts deep. WMMR has been playing the import single for a year now and has received great undying response...We like: 'Out Of Work' by Gary U.S. Bonds. After all, the release coincides with the largest unemployment figures in decades... At the risk of joining the party late, two seconds into Glenn Frey's 'Partytown' I knew it would be perfect for cruising in the hot Summer sun. However, I feel it's a record for every format and then some. I look for 'I Want Somebody' and 'That Girl' to crossover and over and over...Love the new Alan Parsons Project. It's exactly what I expect from the producer of 'Dark Side'. 'Psychobabble', in particular, sounds very much like Pink Floyd. I also like the title track...I had the opportunity to hear the new Go Go's single yesterday. It's great to be back at such a healthy musical time...Record Faves: Love the Haircut One Hundred (even though it's been out for awhile, so have I--so I just heard it)...Also, I'd like to say I'm looking forward to seeing Al Twanmo back in the ballgame soon. He's a strong promotion man and an ace person...Also speaking of back in the ballgame, Tom Sheehy is our new Promotions Director at WMMR."

Ted Edwards, WCOZ: “With this one they’ve added a few twists, some different songs, and a few more textures all of which give it more of a complexity that I can deal with.”

COLD CHISEL

Australia’s multi-platinum band does it right

Billboard, June 5, 1982

Cold Chisel Stages ‘Circus’ Shows

SYDNEY—Top Australian rock act Cold Chisel has just spent \$120,000 to present what are considered two of the most spectacular concerts ever seen in this country. Staged during April, the “Circus Animal” shows featured rock and traditional circus acts under a giant Big Top.

Group and management devised the unique shows to coincide with release of Cold Chisel’s fifth platinum album, also titled “Circus Animals”. Because of the high costs, a loss of \$20,000 was budgeted for, but thanks to WEA tour support and merchandising sales, the actual figure was less than half that.

Each show opened with a real circus, complete with elephants, camels, clowns, acrobats and motorcycle “cage of death” riders. Then Cold Chisel took the stage for a 150-minute set, watched at each performance by over 4,000 fans.

“We installed a full outdoor stage and roof, and used 320 lights,” notes tour manager Mark Pope. “There was no point doing a half-baked production just because we were losing money on it. We all understood the importance of the shows.”

Main expense was hire of the Big Top, which cost \$32,500, and brought with it a host of red tape problems. “Everyone from the Fire Brigade to the Royal Society for the Prevention of Cruelty to Animals was there,” says manager Rod Willis. “There were so many uniformed people swarming over the site you would have thought Australia Square was burning down. But when it was all over they congratulated us on a professional exercise.”

Cold Chisel’s performances matched the occasion, with lead singer Jimmy Barnes riding a motorcycle over a tightrope high above the stage. Intended originally as a Sydney-only effort, there is now a chance the spectacular may be repeated in Brisbane.

We are strongly committed. We believe in Cold Chisel.

KORS, MINNEAPOLIS, MN P.D.-DOUG SORENSON: "The Fleetwood Mac single is going to pick up where 'Dreams' left off. A great all-around tune. And if you're a rock and roll station, you can't be embarrassed by playing it...Considering how well-tested the old Babys records are, anyone who's into call-out is a fool for not playing the John Waite album, especially the cut 'Changes'...It's great to have more live versions of Stones' classics. Fresh air to an old, old sound...Riot is just one of those good rock and roll bands that happens to do well in the Twin Cities--and Elektra is right behind it... My God, the Survivor single is right behind the Scorpions for being the ultimate call-out tune of the year. If you haven't seen 'Rocky III', you'll know about those goosebumps when you hear 'Eye Of The Tiger'...'Get Your Fingers Burned' is a great song from Alan Parsons Project. Every once in a while he comes out with a rock and roll song not quite so thematic--like his albums--perfect for stations looking for one good cut...Axe's 'Rock And Roll Party' is hot. But I'm more excited about 'Now Or Never', which I'm glad to hear is the new single...The Monroes is getting tremendous phone response and developing in sales. A great song to hear with the windows rolled down and the radio up--great harmonies...Everybody is calling for Frankie Miller, confusing it with Seger."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "We finally get a decent live album from the Stones. Everything I hear Bob Clearmountain produce comes out crystal clear. This may be his best stuff yet, considering the quality of the last few live Stones albums. Every cut is worth playing...The Fleetwood Mac single didn't hold any surprise, which may be the best thing going for it...Eddie Money's new songs do fit right in with the Hagar/Cougar/Squier stuff quite well...We're hoping that 707 will come up with some mega force here in Pittsburgh...Well, as I roll out of town, there are a lot of people to thank for their help here. First of all, Lee Abrams, who kept me energetic, and Mr. Bill, who kept me on the Red Page. Also, all the local record people: Mark Wallace, Mark Fritzkis, Leo Jay, and Louise; as well as the Turnpike people from Cleveland. Thanks to all of you who understood and put up with my bullshit...Howie will be here June 21st. Please give him the chance to find the water cooler. I know he'll keep the DVE flame up...Gotta go work on my tan so I don't get burned."

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "I'm going wild over the new Eddie Money record. 'Think I'm In Love' is destined to finally replace 'Two Tickets' as Eddie's big claim to fame. I have strong feelings that this record is going to be with us for a long time. Besides, here is one man who knows how to party, and I'm ready for him...The Fleetwood Mac single is definitely something we can all finally deal with. I really like the combination of Christine and Lindsey on vocals. Sounds like Fleetwood Mac is back with a multi format smash...Will Peter Dinklage ever cease to amaze me? Picked up the import single and it does take a few listens, but there's definitely a maturity surrounding Townshend's new music. I just recently heard the whole album, and there are also some real strong tracks there. Coupled with the fact that Townshend might not be a member of the Who much longer, this is one item to jump on...Also in this week: The Marshall Crenshaw Lp. A native Detroit, the track 'Someday' is testing very well 25+. A subtle but infectious hook...Also, the Paul McCartney Lp is really starting to pick up in both requests and sales. I don't think this Lp has reached its peak yet. I was having great success with the Motels in the Twin Cities and hope to see the same results here in the Motor City. Like I've said before, this is the kind of act and record that adds class and intelligence to the playlist...Looks to me like it's going to be the single for Cheap Trick. That's the one that's starting to pick up the positive reaction...Hot phones for: Survivor; Stealer on MCA ('On My Own Again' testing great with 18-24's); Human League picking up good phones; John Waite; and John Cougar...Personal once again to Lambert: Man, why don't you just move here?... And to Bill Hard: If you're talking radio rock wars, you gotta talk to Detroit."

WCOZ, BOSTON, MA M.D.-TED EDWARDS: "After seven days of rain in Boston, it sure is nice to have some sunshine. I'm in such a good mood today, I'll even do comments...April Wine has a great single. It made me look forward to the album. They're a band like REO Speedwagon that stuck it out long enough that the trends in rock and the band caught up to each other. As somebody once said, more hooks than Dolly Parton's brassiere...As with April Wine, the new Fleetwood Mac single has me primed for the album...The Stones have absolutely their best quality live album ever (excluding bootlegs, of course)...We've been considering doing something with Frankie Miller for awhile. Finally thought the time was right for 'To Dream The Dream'...Haircut One Hundred continues to do well. It might not sound like a record that will work on first listen, but it's certainly coming across with our audience--and isn't that what counts, anyway?...Gary U.S. Bonds continues to do well. 'Out Of Work' seems to be the track. Certainly, the timeliness of the lyrics has something to do with that...Glenn Frey is a monster. We're already three cuts deep...And last but not least, Marshall Crenshaw's album continues to do well for us. I suggest if you haven't taken it seriously that you get back and give it a second listen. Like the Haircut One Hundred, it seems to be an album that at least the Boston audience is looking for."

KGON, PORTLAND, OR M.D.-GLORIA JOHNSON: "Sales: #1 Scorpions, #2 Aldo Nova, #3 John Cougar, #4 Asia, and #5 Van Halen...Requests: #1 Cheap Trick, #2 John Cougar, #3 Scorpions, #4 Van Halen, #5 Survivor, and #7 Rolling Stones...Yes, there is still life in the Stones, at least in our listeners' minds. Best cut is: 'Let's Spend The Night Together', as well as the single. 'Beast Of Burden' is my favorite cut of all--too bad they left it off the album...Aldo Nova kicks into overdrive with concentration on 'Fooling Yourself'...Also added: Rainbow, 'Power'; and, Cheap Trick, 'She's Tight'... Best new song I've heard all week is: 'I Did It For Love' by Harlequin. But with the dust still settling around all the major releases, we couldn't squeeze it in. On top of the list for next week... Rose Festival in the Rose City is now in full swing. We broadcast live from the Coliseum last Wednesday from 2PM till Midnight. It was opening night for three consecutive sold-out Journey concerts. We took our listeners through load-in, set up, soundcheck, and on through the show. None of the music was aired. However, we got around it by doing breaks from outdoors, bathrooms, and backstage. Once again, Nightmare and John Villaneuva, in particular, prove they are a high class organization. KGON officially kicked off Rose Festival #2 last Friday with a 26-minute fireworks display from a barge in the middle of the Willamet River. Thousands of people showed up on both sides of the river and cranked their radios up to a specially synced soundtrack on 92FM. Saturday night four of us drove midget cars in the Starlight Parade, which was covered live on local TV...Cheap Trick and Saxon were in Sunday for a concert, and Rick Nielsen came in for an interview. Thanks to: Debbie Lipetz of Epic for bringing him by...Rose Festival continues through this Sunday, and it sure smells good around here...More to report next week."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "On vacation till June 18th. Looking forward to hearing good radio in Middle America."

KSHE, ST. LOUIS, MO P.D.-RICK BALIS: "Is this 1967? As far as St. Louis rock and roll fans are concerned, it very well could be. 6AM Monday, June 7th, through Midnight Friday, June 11th, marks KSHE's Old Timers Week. From Coast to Coast, KSHE dj's of yesteryear have returned to the St. Louis airwaves with a priceless treasure of old tales and recollections. Phone response has been nothing short of phenomenal, as the old listeners reminisce and the younger listeners experience certain vintage classic rock and roll for the first time. In their own inimitable way, the old timers have had St. Louis in the palms of their hands as they turn back the clock with their early progressive rock style. It's been more than a pleasure to finally meet and work with the likes of: Prince Knight, Sir Ed, Lee Coffee, Don O'Day, Gary Bennett, Dick Merkle, Big Jack Davis, John Roberts, Ron Stevens, Joy Grdnic, Tom Gordon, Steve Rosen, Don Corey, Mark Cooper, and Brother Love. With the recent tidal wave of super new product complementing the classic charm these folks have brought with them, it's certainly a once in a lifetime happening."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "Conversation between Houston Assistant P.D. and respected National Promotion Director Mike Bone: Enthusiastically, Michele exclaimed, 'Hey, Mike, we finally added your record.' Silence, then Mike responded in a puzzled tone, 'Which one?' No, no, no, Mike. This is how it should go, as a later conversation of mine did. 'Hey, Sean, we finally added your record.' Sean, 'That's great, Michele--so you guys added the Stones, huh?!' You guys! It's getting so we can't ever make you happy, but that's okay! I remain undaunted by your skeptical attitudes toward our tight playlist. Actually, Mike is pretty pleased though, as you all know, he's a perfectionist and never happy. But Mike, you didn't join me at the Bowling Party, so we're even... Speaking of which, I've been hired on by the Jon Scott Party Company to make name tags for next time. He (Jon) snuck into town last week and made a surprise visit. I think he's got a side job as a research for the consultants, and a head hunter for PDs looking for jocks. Please, Jon, don't take any of ours. It's the best staff I've worked with in years...John Waite, 'Change'. Does anyone know if that song has been done before by anyone? Or does it just sound like something else? It's a great song and awfully familiar...By this time next week, the Texas Jam '82 will be history. Thank you to: All at PACE Concerts, Journey, Santana, Sammy Hagar, Joan Jett, Point Blank, and their management companies for so much cooperation and a great show for 65,000 Houston rock fans..."**M.D.-JEFF JENSEN:** "They sure know how to work us Genesis fans up into a foam! Two versions of 'Three Sides Live', with one (the Import) actually four sides live, has sent me into the import bins with a glazed look in my eyes. This August it's all live, as KLOL presents Genesis after a two-year absence. We announced this and shows from: Queen, Scorpions, Rainbow, Sweaty Teddy Nugent, and Cheap Trick at the Texas Jam Sunday. My ears still ring and my nose still runs, but try 'n convince me it wasn't worth it. A previously unannounced opening act was myself and Colonel St. James jamming on the Casio keyboard computer musical toy-type thing. The solos were deafening, and so was the unanimous shout of 65,000 people saying, 'Get off the stage!' And, 'More Zep, ya fukkers.' Incidentally, Drew, be looking out for your very own KLOL-101 'More Zep, ya fukkers' T-shirt. A medium? Order now before Midnight."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Survivor's new album is an absolute smash. I think it's best to use an equation to show what's happening in Tampa. The maximum effort on Survivor's part multiplied by the maximum reaction from our audience equates to maximum airplay on 98ROCK. It's going to be a huge Summertime record...The Frank Zappa is a natural for morning time, and everybody that likes to get crazy in the morning is sure to play 'Valley Girl'. It'll work for you, I suggest you try it on...Steve Miller's album goes in. I'm a little bit hesitant. I don't know that it'll have any real longevity, but we'll give it a shot and see what happens...Rainbow continues to develop with good sales and good phones. We're considering a second track, which is between: 'Tight Squeeze' or 'Power'...Alan Parsons Project had an incredible first week in sales, breaking at #6 on our sales index. The phones are there as well. This is probably going to be the Project's most successful album to date...I obtained a copy of the import of Genesis' 'Three Sides Live' album. The album is just absolutely phenomenal, with some of the best live rock and roll that I've ever heard. As a matter of fact, the live version of 'Abacab' far surpasses that of the studio version, and it's one that everybody should check out when it comes in next week...Glenn Frey is pulling in good phones. 'Partytown' is another Summertime smash."

WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN: "Special thanks to the folks at Elektra/Asylum for their help in setting up the Glenn Frey interview. It was a real delight to talk with someone as enthusiastic about what he's doing as Glenn. I learned how to sing harmony listening to his records over the years. And Glenn, how about those Lakers? It's monster time, Dwayne!...Lest anyone forget, the Asbury Jukes are on the way. 'Nuff said...Personal to Alan Welmark: Just to remind you, the Monaghan Massacre already occurred. As you'll recall, I listened to you, Libow and Buch and added Carole King. Has the laughing stopped yet?...Finally, most important of all, the WNEW-FM softball team is 7 and 1."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Adds This Week: John Waite, Rolling Stones Live, Steve Miller, April Wine single, and Fleetwood Mac single...And every one of these is a winner! Having this much good material at one time is a problem and somebody always gets left out who deserves a shot. But it's one of those problems that you love, like a manager with too many good ball players on his team... So, it's the 4th live album for the Stones, and maybe the material chosen isn't the best, but these guys haven't been on top of the rock world for nearly 20 years by being dumb. When you're hot, you take advantage of it, and the Stones were hotter in 1981 than they had been in almost 10 years. So on this live album, they took the time to mix it so it sounds better than the others, and they release it at the start of their European tour which will certainly grab headlines. But the smartest move of all was to include two 'new' old songs. In today's radio, a live album will be gone in a month if there isn't something new, and 'Going To A Go-Go' should be nearly as big this Summer as 'Start Me Up' was last. Not only is Mick Jagger one of the greatest rock performers, but he may be the shrewdest as well...What a turnaround by Steve Miller. 'Abracadabra' will redeem Steve to those of us who passed him off on the last album. 'Keeps Me Wondering Why' is just great, from the New Wave-ish intro to Steve's distinctive soaring vocals. What a great song...Both the April Wine and Fleetwood Mac singles are hot...I already raved about John Waite in an earlier issue, but just let me add, Asia not withstanding, this is the best debut album of the year."

WLWQ, COLUMBUS, OH M.D.-TIM SMITH: "Strongest reaction this week is for Frank Zappa. By far the #1 request item, outnumbering #2 AC/DC, 3 to 1...There's solid acceptance of the MCA debut of Spittin' Image. It's outselling Asia in the stores with early stock. Overall sales are confirmed Top 10 first week out...The Survivor song is coming through. It's their long overdue, strongest yet. #3 requested band. Most of them have seen the movie, proving that the song sticks...Lots of excitement over the live Stones record, too. Even after delivering our audience heavy doses of 'Still Life' over the weekend as a feature, they still come through, #6 requests...Other consistent request action for: John Cougar, REO Speedwagon, and Glenn Frey...Retail success mentions for: John Cougar, Kansas, and 38 Special...Eddie Money's 'Think I'm In Love' is in top form for true American rock and roll unaffected by trends. One of those records you can listen to again and again--it sounds better each time...Personal to Mike Bone: A good laugh is funny anytime. How 'bout using purple throbbing members?"

WLAV-FM, GRAND RAPIDS, MI P.O.-DAVE LOGAN: "Frankly, I never really heard the Steve Miller album until Lewis HeideImeyer sat me down and engaged me in a very expansive and intelligent conversation. So call this a merit add...I'd also like to thank: Mike Stone of Elektra for his input and perspective this past week. Here's to that special friendship and respect that produces great exchanges of ideas and information. (You're right, Mike. We all yank in our comments!)...Eddie Money's single sounds smooth as silk. I'd like to meet his tailor, too. The suit is great for that 35+ rocker demo... Hats off to Jam Productions for the stub on the Stones sleeve. The album accurately reflects the enormity of their recent visit to the States. We're sending winners to Paris this week, and you bet I'm getting a T-shirt...Heavy Rotation: Everyone you'd expect and one you wouldn't--Roxy Music... Big phones for: Survivor, Glenn Frey, Scorpions, Pete Townshend, Ray Parker Jr, and John Cougar's 'Jack And Diane' (which I think will be bigger than 'Hurts So Good')...#4 first week sales for Alan Parsons Project."

GEFFEN RECORDS

Dear Programmers,

This is an album I made of a long time friend and influence on my own songs. I know you get a lot of records and it must be hard to listen to even one of them, but I'd appreciate it if you would listen to this one because the songs mean a great deal to me.

Thank you,

Jackson Browne

"Greg Copeland's 'Used' is the standout for me on Bill's Sampler. Love the way it chugs along." **Steve Feinstein, WYSP**

"Greg Copeland sounds real hot!" **Bruce Youngblood, WKWF**

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "After spending hundreds of thousands of dollars and many years trying to grab the image of being Syracuse's rock and roll radio station, the Rolling Stones took care of it for us for free. In case you haven't seen our concert patch on their inside cover, take a look, and right to the left of center, you'll see our 95X Stones concert patch. Since we had the official Jovan patch for the Carrier Dome dates, I don't know who was responsible for putting us on, but the check is in the mail...We've been scooping the market for the past few days with the Genesis import album. The reaction to it has been almost as strong as to the Stones...Speaking of the Stones, our Friday night feature on it generated unprecedented phone calls, and the concert patch on the inside is creating tremendous local excitement...The Fleetwood Mac 45 is reminiscent of their hit singles from the 'White' album and 'Rumours'. It's a smash...The Steve Miller album has got to rank as a surprise, especially considering his last effort. We'll stay with the single for now, but I can see 'Keeps Me Wondering Why' as a secondary cut...We're very pleased with the Eddie Money. The rock feel that seemed to be a little light on the last album has returned. It'll do really well here... Retail: Asia remains a strong #1; The Clash, selling #9, is in town; Rainbow making a major move 17-10; Heart 18-13; and, John Cougar blowing into the Top 25 at #17. We're now going to be moving to 'Jack And Diane' as the backup cut...However, the biggest reaction record of the week, besides the Stones and Genesis, is Frank Zappa. I hate to join the chorus already screaming, but the record is an absolute phone monster. And out of 45 calls tallied for it, every one was a positive request, no negs thus far...Two new songs from unknown bands that are doing very well for us: 'We Ride Tonight' is the cut to play from the Sherbs. Picked up in retail last week and getting calls on my afternoon show while it's on. Virtually the same story for 'Rock And Roll Party In The Streets'."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Alan Parsons Project, Nazareth 45, April Wine 45, and Fleetwood Mac 45; also, the Rolling Stones...The Alan Parsons Project album is still my pet project. We added the obvious radio cut 'Fingers Burned' for starters, but I'm convinced that 'Psychobabble' is the best cut off the album...The Fleetwood Mac single sounds real good to me. I'm looking forward to receiving the album...With the expected reception of such biggies as Fleetwood Mac, REO Speedwagon, Pete Townshend, Robert Plant, Bad Company, etc, etc, the old Arab is going to lay down his writing utensil and save his thesaurus until their arrival. In other words, I haven't a damn thing to say. So bye-bye in the car-car, y'all-y'all."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "Soundtrack music continues to be very successful. The Survivor is definitely one of the biggest soundtrack records we've ever seen...The biggest musical event in Orlando's history was the Rolling Stones concerts here last October. That went into heavy airplay right out-of-the-box...We have Glenn Frey's 'Partytown' for when the kids get out of school and head for the beach...I keep waiting for the local TV news guys to come over and take a picture of the new Frank Zappa album. Everybody's talking about it, totally...Fleetwood Mac for the adults...April Wine for the Foreigner freaks...Steve Miller's 'Keeps Me Wondering' is a great Summer record. Talk about narrowcasting."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "If no superstar releases hit this coming week, it's feasible to play some new groups for a change. I listened to Clocks on Saturday and have been averaging about three listens a day since then. 'She Looks A Lot Like You' is great. The album cover is very inviting...I'm also getting into John Waite...I'm glad to see Arista supporting A Flock Of Seagulls and Haircut One Hundred during the barrage of famous artists. I mean, I even got a call from Bone the other day (and thanks for the photograph of The Rods)...I'm looking forward to Billy Idol's new album and April Wine's 'If You See Kay'...Bill's Hard Choice on Eddie Money was right on the money. 'Shakin' is one of those first time on the turntable tunes that gives proof to why it took Eddie awhile to put out an album--good things take time...In other news: Fleetwood Mac goes to heavy... And, could this be another 'Love Hurts' for Nazareth?...Tomorrow night Allentown rocks with: Rainbow and the Scorpions. It's a wonder Polygram didn't send John Cougar to complete their 1-2-3 punch. In the last three weeks, the Cougar album has gone 28-15-9...Other healthy sales stories: Kansas, The Clash, Heart, 38 Special, and Survivor...This week, Moon Zappa rules requests. But I hate to report more and more negatives on the tune as well...By the way, thanks to: Dave Leach for Game 5 of the NBA Playoffs. I know the Sixers will do it next year."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "That Glenn Frey has got a great sense of irony when it comes to album titles. His record is nothing if it's not fun. 'No Fun Aloud' has such an aura of rest and relaxation, it sounds like a sigh of relief. Besides 'Partytown', there are a bunch of lovely songs co-written with Jack Tempkin and the very Eagles-ish 'All Those Lies'. If the breakup of the Eagles can produce an album of this quality, I can't wait to hear what Don Henley has to offer...The Nazareth 12" was a big surprise. The last thing I expected from this band was a chorus of acoustic guitars. Very tasteful, very nice, and taken directly from Page 52 of the REO Speedwagon 'Guide To Making Hit Records'...Now I know Bryan Ferry is always after something new and different, but when I checked out the new Lp, there was this strange funk coming out of my speakers. Couldn't seem to follow the lyrics at all. The label said it was Roxy, but my ears said it wasn't. Somewhere's there's a Kid Creole cover and label with a Roxy Music disc confusing some poor music director. Anyway, tracking the real 'Avalon' album was worth the trouble. This stuff is mesmerizing music for dim lights and foreign substances...Love the first two songs from the new Clocks Lp. It reminds me of the first Cars album. Pretty straight ahead rock with a few quirks here and there...As I was listening to 'Keeps Me Wondering' from the new Steve Miller Lp, I was doing some wondering myself. Why did he release 'Circle Of Love' when this far superior work was just around the corner?...I've got to tell you how well the new Dave Edmunds is doing here. It's really gratifying when both you and the PEOPLE agree on the quality of an artist. What we'd all love to see is Dave come up this way and rock and roll us live...I pretty much said my piece about Greg Copeland last week, but I just want to re-emphasize that this is an album that requires time and effort on our part and a belief for the intelligence of our audience. Even with all the heavy duty product coming out, please don't let this one get lost in the shuffle...Also last week, I recommended Al Tvanmo as a promotion person --- not a promotion director. Who knows, it could be a whole new career for you, Al... Finally, by the time you read this, I will be long gone on a long-overdue vacation. Record types can bother boss Tom Hunter until I return on June 21st. Adios."

WWWL (LOVE 94), MIAMI, FL M.D.-STEVE HUNTINGTON: "Holy Cow! Well, I have been listening to a lot of Phil Rizzuto these days, but Roxy Music, Steve Miller, 10cc, Fleetwood Mac, and the Rolling Stones have also caught my ear and are on the air here...The Gary U.S. Bonds Lp is superb. I want to hear it 5 or 6 more times and comment then...I will comment on the closing of our Capitol/UA office down here, causing some key people to now buy their own office supplies and handle massive quantities of records at home. Train, Michael, and Jordan will survive, I'm sure. Vito went to Minneapolis. But the real shame is that a couple of other good people are now out of jobs...Having Fleetwood Mac first on the air in Florida was a joyous mement. I think that one will go all the way...Who's responsible for the import of Pete Townshend's Lp going on at 9 stations last week? Add us to that mailing list, please!...Have you experienced the power of Glenn Frey's 'The One You Love' yet? I'm so glad my radio situation still permits me to share new classics, even if they don't kick your ass."

RADIO ACTION CONTINUED

WFYV, JACKSONVILLE, FL M.D.-RAD MESSICK: "Rolling Stones. I'm really impressed as far as the quality of the performances and the way that they're sequentially laid out as a live concert. I think it's the best live Stones out of all four of them... Surprise story of the week has to be: Axe. We're doing a budget priced concert with them tonight, and the record is really getting phones and sales. Debating at #18 in the Top 20... Other big sellers: 38 Special, Asia, and Rainbow... Plenty of calls on: Rolling Stones, 38 Special, and the new Genesis."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Glenn Frey's album will be a smashing success. 'Partytown' is on for starters. But really, there's not a bad cut on the album... My favorite is: 'Our Love Leads To Madness' by Nazareth. What a great song!! We're already getting calls on the single; and if this is any indication, this album could be one of the best this Summer... Fleetwood Mac's 'Hold Me' is another personal favorite. And what else can you say? It's Fleetwood Mac. It's great. It's always good to hear new music that meets everyone's technical expectations... Zappa goes on, and you can add us to the list of blown-out phone lines... Also on this week: Plimsouls, 'Million Miles Away'. It's too early to tell, but I expect a lot of reaction... 38 Special ousts Asia for the #1 slot this week, with Survivor and REO Speedwagon shooting up the charts. 'Eye Of The Tiger' was most requested again this week... Also getting good calls on: Squeeze, Marshall Crenshaw, 707, and the Monroes."

WKZL, WINSTON-SALEM/GREENSBORO, NC M.D.-CHUCK HOLLOWAY: "Twelve albums added the last two weeks--a record two-week period for this station, and the new stuff keeps coming... Just opened the new CSN. It's immediately identifiable with the unmistakable harmonies. A real 25-34 pleaser... We're making room for all this great stuff. When the new music is worthwhile, even the tightest listed stations will make room for it. What a musical Summer this is going to be. And I never imagined the day would come when I'd be playing 'Dancing In The Street' and 'Going To A Go-Go' on the same playlist... I can't get the Alan Parsons Project's 'Psychobabble' out of my head. A masterful production--immediate audience response... Also good response on: Frank Zappa. Though it's not burning the phones up, it apparently has in other places... We're also adding: The Eddie Money 45 (I'd love to have the 12", CBS), Nazareth, The Monroes (Okay, Lenny, it's on!), Fleetwood Mac 12", and Marshall Tucker Band's 'Mr. President'... Considering: John Waite, a record I loved from the first day I heard it on the cassette... Personal to Mike Bone: After two weeks of getting a busy signal, I finally reached 212-557-4455. No wonder the circuits are still tied up. The phone receiver damned near melted in my hand. Naturally, I was in no hurry to go out and buy the magazine--I'll bet she's been in a few Chevy vans."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "We're gearing up for the big move to a brand new building with brand new equipment. It's all just 10 days away. We'll be just a few feet from the infamous Cocaine Realty Building. We're keeping the old address... Imports of import are the Townshend 45 and the Genesis live... I like: 'Cool Magic' on Steve Miller's album... The Fleetwood Mac single is fine... April Wine sounds strong and goes in at heavy... Increasing Axe's 'Rock And Roll Party In The Street' to heavy this week... Quick change to 'Too Hot To Stop' on The Rod's advance... Alan Parsons Project already getting store response throughout New England... John Cougar and 38 Special starting to sell well also... With help from Big George and the Warner gang, we're into a great Van Halen promotion, sending listeners 'Diver Down' to the Caribbean, with a whole slew of other good prizes. Hey, thanks to whoever sent the 10 records in an overnight courier pack... In the excited-as-a-puppy-dog department: Stockman and I got to spend a few hours with Leonard Nimoy in Boston last week. We even came away with 'Crank It Up' ID's... R.I.P. Satch Paige."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "A very, very unusual three weeks here--about 85 adds, which probably never happens. But I'm sure you're all experiencing the same thing. This week, we only put in seven. Survivor gets the nod. Finally, we had room for it. Rolling Stones, of course, Eddie Money, Fleetwood Mac, Steve Miller, Monroes, and the Journey 45 round out the adds... No doubt about it, that Survivor is a smash. 'Eye Of The Tiger' is going to the top, and 'American Heartbeat' definitely will follow through. 'Ever Since The World Began' stands a chance of being a Top 10 single... Rolling Stones live album is definitely better than 'Love You Live'. Don't know if it's one of the world's greatest, but it's definitely worthwhile playing. We're on three tracks right now... Eddie Money--a major surprise after the last album which was a bit disappointing. Both good tracks. We're on: 'Think I'm In Love'... Fleetwood Mac is in... Steve Miller. No matter what anybody says about him, he writes some of the greatest hooks around, so we had to go with 'Abracadabra' this week... Finally made room for the Monroes... Journey 45. What can I say--got to play it. Mornings only, but we're playing it... As far as sales go: Alan Parsons Project enters at #15... Top 10 Sales: Asia, Van Halen, Loverboy, Paul McCartney, Toto, Joan Jett, 38 Special, Human League (jumps all the way up to #8), Rick Springfield, and Blue Oyster Cult... Motels are #16... Kansas and Heart are in the Top 20 this week... Queen makes a major move... I have to say a few words about 'Diver Down' by Van Halen. I've been noticing quite a few negative or semi-negative comments about the album, especially about the fact that they do quite a few cover versions on the album. Who cares? As long as they're great songs, I really don't see where it makes any difference. The originals that they do have on the album are excellent. I've always felt since the first time I listened to the album that it's gonna turn out to be their biggest and best. The last couple were disappointing, but I just think this album will be around as long as any this year. It's a superb LP."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "I welcome the record deluge. Keep 'em coming. I never had so many great records to choose from. I wish it was always this good... I love Fleetwood Mac's 'Hold Me'. It should return them to the accessibility of 'Rumours'. Its intensity, humor, irresistible harmony, and instant hooks puts them right into heavy play... I was a bit repelled by the gimmicky arrangement and the retarded lyrics of 'Abracadabra'. Steve Miller's 'Cool Magic' is a real good groove... The Rolling Stones LP is, unquestionably, their best live disc. 'Under My Thumb' stands out among the oldie performances, and we're getting major request action for 'Going To A Go-Go'... Survivor's 'Eye Of The Tiger' is the most requested song... Significant calls for: Squeeze, 'Black Coffee In Bed'... Aldo Nova went to #2 in sales this week... I'd also like to put my two cents in for Al Tvanmo. He's been exceptionally helpful and attentive to WHJY, and I hope he gets back into business soon... Records waiting for the smoke to clear: Eddie Money, Heart, and The Clash... Until next time, have a good sex life."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Oy vey! There are enough records being released to provide everyone with adds to last the rest of the year. I don't know about you, but we're finding it a bit tough to accommodate all of this vinyl avalanche. However, it wasn't that tough because we did add: Rolling Stones, Glenn Frey, Gary U.S. Bonds, Survivor, April Wine, The Rods, and Alan Parsons Project... On the Glenn Frey, we will, of course, go with 'Partytown'. But personally, I think the real winner is: 'Don't Give Up'... 'Too Hot To Stop' by The Rods will make your earth doggies salivate and have your rock and roll mamas wanting Dave Feinstein's baby... Dave's fave this week is: 'Hot In The City' from Billy Idol. Quite a change from the first Gen X album, huh? A great Summertime tune that will have you singing the hook after one listen... Heavy At Home: The Monroes and the new David Johansen... Flying out of the stores: Paul McCartney, Asia, Rolling Stones, Stevie Wonder, Human League, Toto, Van Halen, 38 Special, Alan Parsons Project, and Scorpions... The WCMF Jazz Show on Sunday nights is alive and well. And this from jazz man Bruce: 'My new fave is Pat Metheny's 'Off Ramp'. One listen and you'll be drinking coffee 'au lait'... Gotta go, there's upteen new records to listen to. Tubular."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Extreme thanks go to one of the finest gentlemen in the business, Charlie Daniels, who not only extended courtesy above and beyond, but also put on an outstanding show. Thanks also to: Manager, Dan Kearns... 'Under My Thumb' is the track that gives me goosebumps of deja vu when they first came out on stage. That cut particularly is pulling the phones... The quality of the Genesis Lp is state of the art, as usual. We like: 'You Might Recall'... The response to Frank Zappa has forced us into a regular rotation. And if you get the chance, Moon does a great phone interview... Kansas and Alan Parsons Project are the big retail moves of the week, debuting at #12 and #18, respectively... After a week, the phones on Gary U.S. Bonds 'Out Of Work' are now coming in... We're getting enough nibbles on Axe to move it into medium this week... And the highlight of last week was the arrival of the Lambert Express featuring Craig and Sue at the helm. We had so many people convinced that Craig was Kenny Loggins that the newspaper reported it and the bar bought free rounds. Always a pleasure... And an open invitation is extended to anyone who wants to see a killer outdoor show here in Toledo. Sunday, June 27th, WIOT and Belkin Productions welcome: Donnie Iris, Billy Squier, Loverboy, and Foreigner to the Toledo Speedway Jam. That includes the Detroit stations who are making their listeners think that they are sponsoring the show here in Toledo."

WPYX, ALBANY, NY M.D.-RON NENNI: "Despite all the really big records out this week, i.e. The Stones, and Genesis, Survivor's 'Eye Of The Tiger' is #1 requested. (And the movie has only been playing for a couple of days. I can just imagine when more of the audience does see the movie.) 'The Only One That Matters' is another great cut off the album, as well as 'American Heartbeat'. I have very, very high hopes for the album... Sure glad we found room for John Waite's album this week. It was a real hard decision to choose between 'Change' and 'Temptation', both strong songs... We expect a lot of interest in that album... A couple of albums that I think are in trouble because of skimpy requests and sales: Heart, Cheap Trick, and Queen... Steve Miller's 'Abracadabra' is a terrific comeback. Clearly, the cuts are: 'Keeps Me Wondering' and 'Cool Magic'. Hits, hits, hits all over this record. Phones are strong as ever on: 'Abracadabra'... David Johansen's strength has always been as a live performer, and his treatment of the 'Animals Medley' is 'tubular for sure'. That's a consideration for next week... And, yes, that brings us to Frank Zappa. Getting a lot of phones on: 'Valley Girl'. We expect that to grow right through the Summertime... Had to give Riot a shot with 'Restless Breed'. Can't ignore their growth with this new album. We'll see how that does... The new live Genesis captures their excellence. It's superior to 'Seconds Out'. Our favorites include: 'Me And Sara Jane', 'Abacab', 'Behind The Lives'; and of course, 'Paperlate' is doing real well as the new song... Soft Cell is back in the Top 10 sales. Also back in the Top 10 requests with the edit of the new single... Scorpions still #10 in sales... John Cougar up to #12. We're now playing 'Jack And Diane' as a second cut and that should help the album along... A couple of things I've listened to that I feel pretty good about include: Greg Copeland. I'm a little apprehensive about radio acceptance, although 'Used' is a good rock and roll song. Kind of sounds like a Mid-Western Jim Carroll. Other good cuts on the album include: 'Wrong Highway' and 'Starting Place'... Alan Parsons Project 'Psychobabble' is in this week, providing excellent rock release, and probably grabbing some 25-34's. Decided on 'Psychobabble' as opposed to 'Fingers Burned' because we feel it's more consistent with this image... Of course, tons of requests on: The Stones album. 'Under My Thumb', 'Let's Spend The Night Together', and 'Going To A Go-Go' are the top tracks. Expecting huge retail very soon... Good single from Eddie Money. Would like to hear more of the album."

WSYR, SYRACUSE, NY M.D.-TOM NAST: "Well, the heavies just keep on releasing all that good-time rock and roll. My favorite of the week goes hands down for one of my all-time favorite rock and rollers, the one and only Eddie Money. Eddie's last Lp 'Playing For Keeps' was a bona fide hit in Syracuse, and the first time I played 'Think I'm In Love', we got instant phone response. All the people who called just couldn't wait till we had the whole Lp to play for them... Steve Miller should be in good shape this Summer with the release of 'Abracadabra'. It's pure pop rock and roll in the vein which only Steve can do... April Wine, 707, and The Rods all go heavy this week. These three bands all have some of the best material to offer this Summer. The Rods, who I have helped with some photo sessions, is pulling huge phones here. These guys belong on the radio... The Survivor album is definitely deeper than just 'Eye Of The Tiger'. I said it before and I'll say it again, Jim Peterik is one of the best writers in the business today... The John Waite record is already grabbing good phones here. 'Change' is right in the mold of classic Babys... Gary U.S. Bonds and Alan Parsons Project round out the sound of album radio right now. I don't think there's been a period of time in the past two years where there's been so many great and different types of music being accepted by the masses... This past week, 94ROCK had some real hot things going on. First off, our morning man, Big Mike, had a couple married live on the air on his show. This was an incredible event. The newspapers covered it, and the station set the couple up in a luxury honeymoon suite and the whole works... We also had so much visibility at the annual Regatta with thousands of 94ROCK painter hats and souvenir patches handed out by us. When we watched the coverage on TV, all you could see were 94ROCK hats on everybody... More to talk about next week."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "This week's new releases give us a rare chance to sample two of the most splendid live albums that have come out in a long time. The Rolling Stones 'Still Life' and 'Three Sides Live' from Genesis. Though they're completely different in musical style and production values, each capture perfectly the essence of the concert performance. The Stones were raw, energetic and, yes, sometimes noisy. Genesis was, well, overwhelming. Masterful musicians with music that covers all the bases. Both albums will probably pass a lot of time on my home turntable... An easy prediction: Fleetwood Mac's 'Hold Me' will be the hit of the Summer... 'Valley Girl' continues to be our #1 request item. Moon is destined for stardom... Suggested subtitle for the new REO Speedwagon: 'You won't have to pass a meal, if you can say mass appeal'... I like the Eddie Money... I wish I had this much to listen to in February."

WVCK, FLINT, MI P.D./M.D.-MARK MILLER: "Survivor's 'Eye Of The Tiger' has got to be the hottest song of the year. We're seeing absolutely incredible phone action, and the listeners seem to know the name of the band as well as the song. It's a real monster and every bit as mean and lean as Rocky himself... Glenn Frey's 'Partytown' is also burning up the phone lines. It seems we have a direct connection between our transmitter and Ma Bell. The reaction comes on that fast... The reaction to the Stones, on the other hand, is rather slow. Allow me to commit the ultimate sacrilege by saying that the record is really a piece of shit. Oh sure, it's got to be played a few times just to inform the audience of its existence, but to give it that valuable current rotation is absolutely absurd. We all play the Stones to death anyway, so what's wrong with putting it in live optionland. It'll still probably come up a dozen times a day. Even the 'new' stuff is pretty shaky. The combination of '20 Flight Rock' and 'Going To A Go-Go' is enough to make Eddie Cochran roll over in his grave long enough to catch Smokey Robinson as he falls over in a faint. Think about it. Even though the name of the band is the Rolling Stones, they still have to be judged the same as anyone else--on the strength of the product, not the image."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "Back in action as P.D. is George Bradt. He can be reached at the station 10-5PM... 'Good music to jog to', says Roman Marcinkiewicz. In fact, the Swingers' 'Counting The Beat' is a memorable, danceable Summer rocker. By the way, they're Australian and they're not AC/DC... Two sure Summer hits: Pete Shelley's 'Homosapien' and Billy Idol's 'Hot In The City'... How about Fleetwood Mac? 'Hold Me' has all the earmarks of a Mac hit--light, poppy, melodious, and some real good guitar too... Play the new David Johansen live. 'The Animals Medley' will break him on album radio."

WMAD, MADISON, WI M.D.-DALE WOLTER: "It would hardly be the summertime without a new Stones album to bang. The recording is such that you feel totally involved with the crowd. The best album of the year--period...The Fleetwood Mac and Eddie Money are real nice. I'm curious though as to why Columbia needs three people to work Mr. Money. Pretty instant in these parts!...Thanks to Sean Coakley for help above and beyond and also the Townshend import...I read the Rolling Stones interview and I'm absolutely counting the seconds til this album...We finally made room for Haircut One Hundred, although it's pretty light for now...And finally in goes a fine regional band called The Kind. If you get the record, go for 'Loved By You' and/or 'When You Rock'. Potentially h-o-t...Sales: #1 Van Halen, #2 Asia, #3 Cheap Trick, #4 Paul McCartney, #5 Rolling Stones...John Cougar, Alan Parsons, 38 Special and yes, Frank Zappa also selling well. Frank, by the way, was the #1 request this week. Tubular."

WYFE, ROCKFORD, IL ASST. M.D.-THE DOCTOR: "11---Count 'em, 11 adds this week! What's a radio station to do?...The REO 45 is first on the list (and not in any particular order). 'Keep The Fire Burnin' should be titled 'Keep The Teens Turnin' but why not? It's good formula rock, guaranteed to work from a band who has been working their tails for many years...I want to mention some other fine Illinois rockers, The Kind from Chicago. Another add at the rock station this week. Their debut release is just called 'The Kind' and it is superb! We played their single last year and there are new remixed versions of those songs on the album. We're going with the tune 'I Get Around'. By the way, each Sunday evening I host what we call the 'Y95 Homemade Jams' show and I played almost the entire Kind album--the calls are still coming in! It should be a hot item in the forest city...Next on the list, Heart's 'Private Audition'. Ever since having a private audition interview-wise with Ann, I've had a soft spot for the band. The new album is different in some parts but yet maintaining that Heart feel. 'City's Burning' is a classic from the band With enough feedback to keep any Hendrix lover, yet smooth enough to appease the savage beasts...We're also going with the Fleetwood Mac Ep. No surprises on that one...Survivor, Steve Miller, and the Stones go down as album adds...Glenn Frey's 'Partytown' is perfect for a good summer rock and roll anthem. Our overnight guy, Tom Wilson, says the album is slicker than a tube of Brillcreem--but he likes it...Zappa's 'Valley Girl' is getting a lot of reaction phonewise. A few negatives, but most people know someone like Moon's character and can relate to the track even here in the Midwest...April Wine's latest Ep is very nice. I've always liked the band and this teaser makes your ears just tingle with the thought of there being some more stuff like this on the album. I can't wait to hear the rest of it...Finally, Eddie Money's latest 45 is it! What a record, and about time, Eddie! I can hear what the wait was about. It's a good rock and roll tune--nice beat, great production and that magic of Eddie's voice to carry it through. Well, that's our adds!...Brent says that it's nice to see the promo guys working again with all the product that's out these days...So, what's happening in North Central Illinois these days you ask? Well, the local CBS affiliate TV23 (WIFR) liked our cable radio-vision program so well that they wanted to pick it up and produce it. They are now, so we're covering a lot of ground as well as getting the expert production from the TV station. My hat's off to our producers! Feel free to call or write us if you have any questions about going video. Maybe we can help...Our radio-vision show is hosted by Brent Alberts, the P.D. and Mark Thompson M.D. with the concert calendar done by yours truly...Tickets for the Scorpions with Girlschool go on sale tomorrow and so we're looking forward to another great show in Rockford...I'm also painting my bedroom, so we'll see you all next week!"

WWCT, PEORIA, IL P.D.-RICK PETERSON: "Adds: Fleetwood Mac 12", Eddie Money 12", Roxy Music, Riot, The Rods, Men At Work, Rolling Stones, Steve Miller...Pleasant surprise of the week has to be the new Steve Miller album. It's the album we all knew that Steve had in him. We're going with 'Keeps Me Wondering Why'...As Rocky III continues to draw long lines at the theatre, the request lines have exploded for 'Eye Of The Tiger' from Survivor. The tune sounds twice as good after seeing the movie. As a result, we've moved it into our heaviest rotation...New sales action has developed on Glenn Frey and The Clash...Considering for next week: Clocks."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "To all who make the trip to come and see us, boy will you be surprised when you see our new facilities! You just won't believe your eyes! Just for the record, our P.O. Box and phone numbers all remain the same. The new street address is 72 West Main St., Riverhead. You'll need this address for any UPS and messenger deliveries. For the time being, everything is being forwarded...Two singles arrived during our move and went right into heavy rotation out-of-the-box. They are Fleetwood Mac and REO...The Rolling Stones album was personally a bit of a disappointment, but the response is phenomenal! Right out-of-the-box we're 9 deep and playing it very heavily...The old Steve Miller has finally made it back with his new one, after a very disappointing last release. We're looking forward to a much better response to this one with 'Abracadabra' already getting good phones...Alan Parsons and Glenn Frey have also come through with some terrific material. I especially like 'Psychobabble' and 'Children Of The Moon' from Alan Parsons... Other adds this week include: David Johansen, making the Animals sound better than they ever did. Also, Camel, Gary U.S. Bonds, and Deep Purple...The summer season got off to a wet start last weekend with almost 10 inches of rain, but the people here are a strong breed and they still carry on! The roadside stands are packed with fresh fruits and vegetables and the strawberries are ready for picking. A little rain never hurt anybody!"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "It looks like 'Eye Of The Tiger' by Survivor is going to be one of the bigger songs of the summer of '82, based on the phones we're getting already...The new Gary U.S. Bonds album is much improved over his last one--'Out Of Work' is the obvious leader but there are a number of really fine songs on this album...Alan Parsons continues his hot streak with another good sounding album that features a real strong cut in 'You're Gonna Get Your Fingers Burned'...Over the years that I have dealt with Al Twanmo, formerly of Chrysalis, I've gotten nothing but the most professional service. I hope he won't be out of work too long."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Adds: Fleetwood Mac 45, Alan Parsons, Rolling Stones, Survivor, 707, and Steve Miller...The new Fleetwood Mac single is reminiscent of their work on the 'Rumors' Lp--'Hold Me' is an infectious humalong tune. I'm looking forward to the rest of the Lp to see what the Mac has in store...What can one say about the Stones Lp? Except that it's great and the record is full of punch and it shows just how dynamic a live album can be. It's the best live album they've ever done...Alan Parsons has always done finely crafted music and since I'm talking about infectious, I'll use that word to describe 'You're Gonna Get Your Fingers Burned'. There's a lot on this album. It's one of the few around that can be listened all the way through for enjoyment...The new REO Speedwagon is going to be just as huge as anything on 'Hi Infidelity', if preliminary phone response is any indication...We're also starting to see some calls for Bow Wow Wow and Genesis and Steve Miller calls are building...Hot retail sellers: Paul McCartney, Asia, Motels, 38 Special, and Heart is starting to stir up."

WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD: "The deluge of heavy out-of-the-box adds seem to explode. Good stuff floating around. 'Cocktail Sky' by Wet Picnic is a morning song not to be missed... 'House On Fire' from the Boomtown Rats brightens your mood...Greg Copeland sounds real hot. We're playing 'Used' and 'Fool Cleveland'...David Johansen is excellent--we're all over this record... 'Valley Girl' continues to develop...Glenn Frey, Rolling Stones, Alan Parsons Project, and Roxy Music all move up in airplay...And for you sickies out there--a copy of the Polish Sex Quiz. If you'd like to have one, just drop me a line or give me a call...Adds: Rolling Stones, David Johansen, Greg Copeland, Boomtown Rats, Wet Picnic, Billy Vera, Steve Miller Band...Singles: Fleetwood Mac, Pete Townshend import...New Wave feature: Tom Verlaine...Jazz feature: Crusaders."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "KNAC's and Hourlihan's night at Dodger Stadium, Monday, June 7th, was a smashing success. The bus ride to the game was like a bar and zoo on wheels. We had a real good time with the 90 listeners and most of the staff who went. However, the Dodgers lost...But, on a good sports note, the Lakers are the World Champions. Need I say more about that?!...We also did live remotes from the Long Beach Yamaha Dealer with phone-ins given by Dan Morgan, Dick Sheppard, Sylvia Aimerito, and me...We covered the Detroit Grand Prix with our News Director, Bill Banks...On to music: Kid Creole and the Coconuts have a great live show with some funk on their new album 'Wise Guys'... David Johansen has a nice sounding live album...A band from the Bay Area, that used to be called The Punks, is now Bonnie Hayes and Wild Combo on Slash Records...And, finally, the good old Stray Cats, after 68 weeks on KNAC with their imports, is now domestic on the EMI label...A lot of crazy stuff is coming this week, I'll tell you about it next week."

KTIM, San Rafael, CA M.D.-TRISH ROBBINS: "First of all, hi everybody--and isn't it nice to see the sun shine...I'd like to congratulate 415 Records on their new relationship with CBS. Their first release will be from a band called Translator. They are from the Bay area, as is the record company. Please listen when you get this record, and let's help a new creative company succeed. Watch out for Howie, Chris, and Queenie...Roxy Music is niice...Don't let the Eye To Eye die. Go back through your files or reorder it from WB, it's awfully good...To Marc at WBCN: Let me know if you enjoy 'Dreamgirls' on-the-air as much as we do...Coming up this weekend, the Tam Jam--live music on top of our holy mountain, Tamaltais. It's outdoors all afternoon and it's being produced by our Michael Hester, who also produced our Storm '82 benefit concert. More on that next time. See you later."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "The Clash, Squeeze, and Marshall Crenshaw, the 3 records we seem to mention every week, are now Top 10 in sales. It's very satisfying to see the retail follow through on 3 records we believe in very deeply...Billy Cobham's 'Glass Menagerie' Lp has a superb instrumental rock and roll tune on it. Put 'Jail Bail' on-the-air. The song is so hot that no one will notice that it has no vocals. I knew Ray White would like it!..From JOHN COOPER-P.D.: "Open note to Ron Nenni: Where do you get off saying the Saratoga freebie concert was 'Your' show? It was a total media event involving almost every radio station in town, including Q104 and PYX. Also, according to Saratoga officials, there were, at most, 7500 people in attendance -- not the 15,000 you suggest. Please get your facts straight. This business doesn't need more bullshit. "

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The next time we go through a lean period for good, new music, June will be the month from which we could have borrowed some. What an amazing amount of top-notch material there is to choose from. The heavy weights are storming the turntables, and it's sink or swim time for lots of the lesser names. Sometimes the lesser names are the greater talents, and we're a lot less inclined than we used to be to consider anyone an 'automatic'. In fact, some old familiar names are conspicuously absent from our ad list...Survivor's tune has really paved the way nicely for the album. The movie and the Holmes/Cooney Fight sure don't hurt, but even people who don't give a hoot about the fight or the movie are getting ko'd by 'Eye Of The Tiger'...Likewise, Bowie's 'Cat People' edit is getting tons of requests from people who have no interest at all in seeing that movie. A 12" of the edit would have been good a few weeks ago...Among the newer things, I'm really impressed with the Greg Copeland. This guy writes and sings with a kind of conviction it would be nice to hear more of these days. We'll make room for this one no matter what it takes, although it'll probably take another week. Looking forward to getting it on...Great calls are developing on the Squeeze track 'Black Coffee'. This song has one of the greatest grooves to come along since they did it with 'Tempted' last time around. My first inclination was to wait for the edit, but I just couldn't resist. Now I'm glad I didn't...Also in the couldn't resist department, Zappa's 'Valley Girl'. Unbelievable phone calls--but I anticipate an equally unbelievable fast burn...Central New York has always been prime Genesis territory. People are going absolutely bonkers over our back-to-back debuts of the Stones and Genesis."

WRAS, ATLANTA, GA M.D.-DAVE VENABLE: "The Clash blew away Atlanta last week with over 4,000 people jammed in the Fox Theater. Don't tell me there's not a viable market for new music...Frank Zappa, of course, is #1 requests with the Clash and Human League following close...Take time to check out David Johansen, especially Side 2. This is clean, fun rock and roll at its best. Also, you can't afford not to play the 'Animals Medley'...Finally, for all you movie buffs, 'Poltergeist' is one of the best movies of the season."

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "Adds: Clocks, Rosanne Cash, Camel, Steve Miller Band, Survivor, Fleetwood Mac 12", Taxxi, 10cc, Chicago, Rolling Stones, Crusaders, David Johansen, Sippie Wallace...Really got my Clocks off on that timely new CBS group. The Clocks join Marshall Crenshaw and Men At Work as pure pop picks. 'She Looks A Lot Like You', 'Here They Come', and 'Nobody's Fool' are out front...Dave Steen and Kirk Kauffman, from the Hawks, stopped by to drop off the advance single from their second album 'Thirty Seconds Over Otho'. Otho is the rustic roust, the Hawks report, a little hamlet just outside of Fort Dodge, Iowa. Both sides of the single are hot and seem indicative of an excellent second record...As one of the first to pan 'Circle Of Love', let me be the first to acknowledge Steve Miller's comeback on 'Abracadabra'. It's at least 6 tracks deep for us. Welcome back Steve...Chicago's return is another welcomed one. In the late 60's, the Chicago Transit Authority Lp and The Sons 'Loosen Up Naturally' were nearly worn out by constant play at KFMG (now KGGO), the original Iowa album rocker. Poppa Bill Champlain's addition to Chicago is a perfect match...Short shots: Rosanne Cash. Personal favorite and every bit as good as 'Seven Year Ache'...Camel. The 'Single Factor' could be a prophetic title. Several possibilities here. Love the Chris Rainbow harmonies...Survivor. A definite contender. The title is only the beginning."

K SMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Love it to the max, or hate it for sure, Zappa is dominating the phones! Not just the new people, but his cult's coming out from the woodwork! Maybe I'll even put 'Yo Momma' in the oldies as a thank you for my having the chance to come to the valley of crawfish...Steve Miller's bona fide video may have sold the last one, but grooves do it this time...Happy to have the Clash back on the radio...Ditto Eddie Money...The book is over and I just got my accountant-style haircut and beard trimmed. That plus David Fleischman's gift of the Cambridge diet, and I just may make it back from Mexico with no border bullshit. Hasta La Cuervo!"

WKQQ, LEXINGTON, KY M.D.-DAVE KRUSENKLAUS: "Fleetwood Mac jumped on the radio the first week out. This band is especially adept at forcing the hand of radio to go on top rock sounds almost immediately and the recurrent is very strong. I acknowledge that 'Hold Me' is safe, but I like it. I think it's got a great hook...April Wine also goes in this week with good response first week out. The hook took me a couple of listens, but now I'm sold. I think it's a vocal hook as well as an instrumental hook that's got me on the single. I'm anxious to hear more on the album...As I said last week, I think David Johansen's 'Animals Medley' is a valuable programming tool that has to be heavily considered regardless of the amount of majors on the street. Since our airplay started about 4 days ago, we're getting great response to the song already, and God knows it's refreshing to hear a rock and roll single with some balls these days, after all the sopranos we had to put up with lately...Rolling Stones record. What can you say? #1 request at the station and sales following suit after just a couple of days at the store...Several weeks ago I raved about Marshall Crenshaw. I will still be trying to fit in this record in the next couple of weeks as soon as the majors get out of the way. I want this in decent rotation. I think it's a multi-format hit...Top sales include: Asia, Rolling Stones, Paul McCartney and Toto still performing reasonably well...Attention record reps: I will be taking the first week of my vacation this summer on the week of June 21st. The list will be frozen that week."

RADIO ACTION CONTINUED

WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER: "Adds: Alan Parsons Project, Rolling Stones, REO 45, Glenn Frey, Gary U.S. Bonds, Fleetwood Mac 45, April Wine 45, Haircut One Hundred, and Men At Work... It's great for radio and the people who listen to radio to hear all these new releases by great artists. I feel sorry for the first timers who are trying to make an inroad...After working in Cleveland for two years, it's kind of funny to see M105 changing formats. No Moose will ever be a match for John Gorman and his Buzzard battalion. Congratulations, John--you've done it again."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Adds: Rolling Stones, Roxy Music, 10cc, Chicago, David Johansen, Steve Miller, Boomtown Rats, Fleetwood Mac 12", Camel, Eddie Money 12", Pointer Sisters 45, Survivor 12", Steely Dan and Wet Picnic...Exquisite! 'Avalon'!! Roxy Music!!! Bryan Ferry's voice is so torchy and so searing on this one, all I have to do is hear 'Now The Party's Over I'm So Tired Then I See You Coming Out Of Nowhere'. Ah, Avalon!...The Boomtown Rats have certainly charmed me with their new one...The Fleetwood Mac single sure sounds like a hit to me...After the fervor over 'Valley Girl' dies down, I'm going to have to go in for deprogramming, fer sure, fer sure!...Nice to see 10cc back in circulation. I always liked them and there is so much more to choose from off this new record--but, to cut it down to a couple 'Don't Ask', 'The Power Of Love' and 'Don't Turn Me Away' are really good cuts...Steve Miller's 'Abracadabra' is everything I hoped for and I like it much better than 'Circle Of Love'. Sure was magic for Steve this time!"

KEZO, OMAHA, NB P.D.-GREG GILLISPIE: "Adds: Rolling Stones, Fleetwood Mac 45, Frank Zappa and Survivor...Ever since we got the single of the Rolling Stones, the audience has been going nuts. It's far and away our most-requested-item of the last week. Our receptionist also works at a record store in town; and she told me that since last Tuesday, they have gotten in excess of 100 calls a day wondering when the album would be out. Also, if you can, get your hands on the stock single, the live version of 'Beast Of Burden' is great...I think the Fleetwood Mac single is just what this band needed! Although, with the success of their various solo projects, I wonder how long they'll be able to keep it together as a unit. I'll be real interested in audience reaction by next week...Last week we tested the Frank Zappa 'Valley Girl' and I was real surprised at the response. 15 to 18 year olds didn't particularly care for it; while 19 to 24 year-old men and women absolutely loved it...The John Cougar continues to build momentum. 'Jack And Diane' is still a hot phone item. Now, if we could just get Mr. Cougar in for a concert...38 Special also continues to grow. They kick off our 'hot fun in the summertime' concert series later this month. Thanks for the custom IDs...The Alan Parsons sounds real good. 'Psychobabble' is definitely the tune that will get response...The Kansas, Heart and Queen albums all got a fast start but have slowed markedly in the last week. I think this is due to their fans picking up their album right away while everyone else needs to see and hear that these are gonna be great albums...I think the David Johansen 'Animals Medley' is real h-o-t. We'll be looking at that for next week...I've checked with several of the local theaters showing 'Rocky III' and ticket sales have been at a record pace. That moves Survivor and the 'Eye Of The Tiger' into hot rotation...While we're talking about movies, we recently had premiers for 'Poltergeist' and 'E.T.' In fact, both are Spielberg movies and are excellent. If you haven't seen them, make a point to...Finally, with summer coming, we've concocted a promotion around the first official day of summer and the upcoming Asia concert. Whoever correctly guesses the heat of the moment that summer officially arrives, wins a VCR, Asia videos, and backstage passes to the upcoming Asia concert."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week's adds: Fleetwood Mac, Eddie Money, Rolling Stones, Chicago, A Flock Of Seagulls, Marshall Crenshaw, Steve Miller and Survivor...Steve Miller and his smooth production on 'Cool Magic' and 'Keeps Me Wondering Why' were well worth the wait...Both sides of the Eddie Money Ep are hot, and should be seeing an increase in rotation real soon...Records moving into heavy airplay this week are: Survivor, Cheap Trick, Monroes, and the Alan Parsons Project... WXUS welcomes Geoff Babb as our new afternoon driver. Geoff comes to us from WIOU in Kokomo."

KKRQ, IOWA CITY, IA ASST. P.D./M.D.-TED BURTON JACOBSEN: "This week we bring back the prestigious Piggy Award for a special circumstance: The new David Johansen album. I had fun listening to that album. I mean I had f-u-n. We're gonna have to play this one over and over at our beach party this summer...The Hawks. This song is a biggie. If you don't know who the Hawks are, you'd better figure it out soon cause they'll be around this summer to bite you in the tush if you miss them! Take their first album and mix in Springsteen's horn man, Clarence Clemons--you got a monster track. 'Stick Together' is the already released single from the forthcoming album '30 Seconds Over Otho'. Do it!!!!... Like the new Nazareth. It's a welcome change for them...Frank Zappa goes on the radio just because it's such an attention grabber...Adds: Fleetwood Mac 12", Pete Townshend Imp single, April Wine 12", Nazareth 12", David Johansen, Frank Zappa, Rolling Stones, Steve Miller, Survivor and Harlequin."

WTPA, HARRISBURG, PA P.D.-JEFF KAUFMAN: "Adds: The Rods 12", Fleetwood Mac 45, Alliance, Glenn Frey, Riot, Rolling Stones and Steve Miller...Now that the Stones have had 20 years of experience making great music, it's reassuring to know they finally put out a good live Lp. From the opening bars of Duke Ellington to the fading notes of Jimi Hendrix, this package accurately recreates, or for the uninitiated, introduces the live Stones experience. One of the nicest touches is the tribute to radio paid by displaying concert patches by 95X and WSYR...Speaking of WSYR, congratulations to Howie Castle. Pennsylvania welcomes you...Personal to Tommy Nast: We added The Rods--now, you check out Kix... Top 5 sales: Asia, Zappa, 38 Special, Cougar and Kansas."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "The onslaught of major new releases continues. Of course, the new Stones live one will do well, but honestly I wish Mick would enunciate his words...David Johansen on the other hand is always fantastic live and his latest live one is a gem...I'm also very impressed with Eddie Money's new song. He is long overdue for a solid hit and I think this may be it...Fleetwood Mac, Pete Townshend, Roxy Music and Steve Miller are also back with new music. All of these, I think, are so so...We are having tremendous success with 'Valley Girl' from Frank and Moon. In fact, it moved all the way to #4 on our chart...Rainbow made a resurgence in sales with their coming to the Civic Center next Monday; and the Clash picked up very well in sales, too...Otherwise all is well in Poughkeepsie. Til next time."

KZEL, EUGENE, OR M.D.-KEN MARTIN: "Just a few thank-you's this week to Larry Reymann for a great Journey show...To Debbie Lipetz for dinner and Cheap Trick...And to Greg Lee for his help on the 'Secret Policeman's Other Ball' premier movie showing...And thanks to Gary U.S. Bonds for one hell of a good album. The phones are ringing off the hook for 'Out Of Work'. No surprise with a Lane County unemployment rate of 12%!"

WDEK, DEKALB, IL M.D.-BRIAN LEONARD: "This week's adds include 3 singles: REO Speedwagon, Eddie Money, and Fleetwood Mac. The album adds for this week: Roxy Music, Rolling Stones, Steve Miller, Survivor, Chicago and David Johansen...Has the public tired of the Rolling Stones? Apparently not. The new Lp shows that the audience interest still has life...Roxy Music has come up with a real nice album. A bit subdued, but intelligent music that's very tasty and wears very nicely...Fleetwood Mac has come up with a song that you can expect--A song that's unexpected. Players of pop that never rely on tried and true hit formula...David Johansen breathes fire into some songs from the 60's and makes them come alive like never before! Who thought 'Build Me Up Buttercup' would sound that raw and raunchy, and he offers 4 mins. 26 seconds history of the 'Animals'...Survivor gets converted to an Lp with the single as our only track...This weeks hots include: Motels, Pat Metheny, Marshall Crenshaw, Haircut 100, Paul McCartney, John Cougar, Toto, Ry Cooder, Queen, Elton John, The Clash, Dave Edmunds, Asia, Jethro Tull, Cheap Trick and Squeeze."

WWWV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: REO Speedwagon 45, April Wine 45, Fleetwood Mac 45, Steve Miller 'Give It Up' and 'Wondering Why', Chicago 'What Can I Say' and 'Waiting For You To Decide', Rolling Stones, Pete Townshend 45 (Import), John Waite...Under consideration: Cold Chisel, 10cc, and Roxy Music...Top local record sales: Paul McCartney, Asia, Rick Springfield, Human League, Stevie Wonder, Toto, Go Go's and Tommy Tutone...Increased record sales: 38 Special, Squeeze, Jethro Tull, Motels, Queen, Blondie, Heart, Elton John and Marshall Crenshaw...Honorable mentions: Dave Edmunds, Motels, Rainbow, Alan Parsons, and the Monroes."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Stones, David Johansen, Men At Work, Fleetwood, Eddie Money, Nazareth...To heavy: 707, Gary U.S. Bonds...The Fleetwood Mac sounds like their moving back to familiar turf. A smart move to my ears...David Johansen is an electric performer on stage and that translates to a dynamic live record. We'll use the 'Animals Medley'...The Eddie Money sounds like a solid rocker but it's too early for my ears to tell if it's a smash...Thanks to Gayle Miller for a fun-soaked Saturday in the wet Apple! You'll have to come up here when the sun shines!"

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Thanks go out to Denny Mossesman for setting up the interview with Glenn Frey. Arin says it was lots of fun to party over the phone...Thanks also to Krokus for stopping by to just talk last night, and thanks to Joe King Carrasco--a heck of a guy. And Arin gives special thanks to Marko Babineau for the raise!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Although we didn't get our pictures in the trades, or have a party, everyone at WDHA is very happy indeed to have received in the mail last week a spectacular Journey plaque. We would be even happier if we knew who to personally thank, but we feel very proud to have been an important part of all the sales the award represents...Many thanks to Arthur Field--who personally limousined the new Steve Miller Lp to us last week. We l-o-v-e that album--four cuts deep... Thanks again go out to the Hard one for providing some great mobile listening. The record companies represented on the new cassette have a decided advantage in first listens this month with so much new product to absorb. Immediate adds are almost assured when the albums arrive...Also, thanks for lunch and fun from Sammy Vargas and Joe Ionello, Jim Del Balzo, and Dave Morrell...Everyone's welcome to our new studios, and first lunches are a treat. Haven't seen 'legendary Leeds' in a while...As you're reading this, WDHA will be in production for a new cable TV show we're hosting. New, rock 3/4" videos will be widely seen and immediately returned...Lots of adds including Steve Miller, David Johansen, Rolling Stones, Genesis Lps, also Fleetwood Mac, Pete Townshend, Eddie Money, and Crosby, Stills and Nash singles...Top sales: Asia, Paul McCartney, Human League, Van Halen, Scorpions... Requests: Frank Zappa!!!, John Cougar, Scorpions, Bow-Wow-Wow, Axe, and Survivor...Rotation increases: Squeeze to hot, Glenn Frey, Frank Zappa, Sparks, and Monroes to medium...Now comments from Mark Chernoff: New music that I like: David Johansen's 'Animals Medley'. You can feel the excitement...April Wine 'Enough Is Enough' plus the two cuts from Bill's Sampler...Fleetwood Mac okay, but waiting for the Lp to decide further...Nazareth 'Love Leads To Madness', very good hooks...Genesis 'You Might Recall' has more of a Genesis feel as opposed to 'Paperlate' sounding more like Phil Collins...Bob Linder's favorite album of the week, Roxy Music, is strong consideration for next week."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Surrounded on all sides by super heavyweight music, we ended up with 9 adds this week. Glenn Frey, April Wine, Chicago, Fleetwood Mac, Gary U.S. Bonds, Steve Miller album add, Rolling Stones album add, Steely Dan 'Gold', and 707...Glenn Frey's 'Partytown' is a summertime must...Chicago's 'What You're Missing' sounds like their brass rock of the early 70's... Fleetwood Mac's single is softer but may be a signal to the Mac hitting back to the 'Rumor'-esque days... Gary U.S. Bonds has The Boss, and with the economic situation of the day exposed on the cut 'Out Of Work', it's an album identifiable on two counts...All these went straight into heavy rotation: April Wine single and 707's 'Mega Force' into medium, and our playlist expands. There is just no way one can ignore the good tunes out...Rolling Stones debuted at a solid #2 this week. We're on 6 tunes, playing two 3-card packets on the album as it continues to stay hot...Steely Dan's 'Gold' will get album exposure. With 5 of the cuts we already play in normal recurrent position...Steve Miller's 'Abracadabra' still leads with the cut 'Keeps Me Wondering Why' picking up strength...The great Savannah River Raft Race will be a thing of the past by the time you read this. WYMX ROCK106' will be on our 42 ft. cruiser with the slogan 'Everyone Wins With WYMX'. So far we've got over 500 prizes worth about \$3,000 to cast overboard to any of the river rats that float by our boat. Mills, Owen and I will be water-logged all next week--or, as Bob and Doug would say, 'Towel off wethead, the book is over but the party's still going on!'"

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "We've had a respite from concert madness this week and attempt to catch up on new music...Adds this week included: The Stones, Taxi, Bonnie Hayes, Steve Miller, Cold Chisel, REO 45, Fleetwood Mac, Pete Townshend Imp and the Eddie Money 45...Overlooked at first, the Taxi Lp turned out to be full of original, distinctive rock and roll. 'I'm Leaving' and 'Whipping Boy' exemplifies this Oregon band's brand of intelligent new music...Slash Records made the right move by picking up Bonnie Hayes. If you anticipate a case of the summertime blues, the San Francisco Go Go'esque group will cure what ails you...We had excellent response to 'Beatles At The Beeb', and with L.A. television in town for a Reagan appearance, we even got a side bar story on the 11:00 news. Who would have guessed the real reason for Ronnie's trip west was 40 plus commercially unreleased Beatles broadcast recordings...With a brand new Togo, we're now in the market for a new T-shirt and we're asking Santa Barbara to design it for us. Competing designs will be displayed at an upcoming T-shirt art festival and the winning design will grace the front of what promises to be what every well dressed Santa Barbarian is wearing this year (and the next, and the year after that)!"

KWXL, ALBUQUERQUE, NM P.D./M.D.-BILL STAMBAUGH: "Doug Davis, formerly of EMI in Los Angeles and KRIZ in Phoenix, joins the team at 94ROCK as Music Director. Doug and I both are available for calls from 2PM til 5PM, Monday through Friday. I'm excited about having an experienced radio and promotion man on the team! Looking forward to making 94ROCK an even better radio station. Now all I have to do is programming and promotion!"

WQDR, RALEIGH, NC M.D.-BOB WALTON: "Congratulations are in order--First to Michael Conway. He's been kicked upstairs to New York for Epic Records but I have this feeling he's not out of my hair yet... Also to Howard Klein and 415 Records. Yes, Howie, I do think it will help--and I'll keep doing my part...And a welcome back to Al Moss. I knew he would be back...I'm also very pleased to see that Toto is #1 in sales around here--and 'Rosanna' is a top request item. We've expanded airplay to include 'Africa'...Also top requests for Paul McCartney's 'Ballroom Dancing'...Glenn Frey's 'Partytown' is blowing out the phones (talk about your basic good timing)...And Axe's 'Rock And Roll Party' is a major request item. Although they cancelled their Raleigh appearance for now, I'm pleased that the band will be touring for Ozzy Osbourne...By far my favorite record of the week is the new Eddie Money single. It was definitely worth the wait! I expect power rotation very soon...Squeeze is a pleasant diversion. I think it balances out the 'radio rock'...And surprisingly enough, the new Fleetwood Mac single is a top request item. It may just be curiosity calls for now, but I think it will last...A few things to say about records not on yet. Harlequin makes a quantum leap forward for their second album. I heartily recommend 'Say Goodnight'. After debuting them on our new music program, it's nice to see that the audience has not forgotten the grass roots or Chicago. Check 'em out you upper demo freaks...And contrary to the sticker on the front of the new Roxy Music album, 'More Than This' is the song on the album...I'm still pulling for Jon Anderson, Cold Chisel, and Duran Duran...Finally, a personal to The Doctor: Just curious as to where you got your name. It wouldn't have anything to do with a blue police box, would it?"

Syndicators

JOHN MCGHAN, ROLLING STONE MAGAZINE PRODUCTIONS (212-350-1222): "'Avalon' by Roxy Music is a great song...Harvey Leeds is a good friend...I've been a Syndicator for three years, both at the Source and now at Rolling Stone, and I have the greatest admiration for people like Judy-Gold, Jay Goldman, Paul Zullo, Andy Denmark, Bethany Gorfine, Mike Weiss, and Roxy Myzal. They perform one of the hardest jobs in radio; talking to program directors. Harriet Bellush is one of these people. If anyone is looking for a good worker, Harriet is available...The '48 Hour Continuous History Of Rock And Roll' is coming. It is a major killer!...'Rock Star Guest DJ' is stronger than ever with Ozzy Osbourne, Eddie Money, Carl Palmer, and Ted Nugent."

JAY GOLDMAN, CLAYTON WEBSTER CORPORATION (314-726-0906): "'The Rolling Stone Magazine Rock Review'-- for more information, please contact Rolling Stone Magazine Productions...'Retrorock' this week is proud to present a concert recorded in Toronto, Canada in 1969 from one of the enduring legends of rock and roll, and perhaps one of its most influential figures--Chuck Berry. Included in this 'Retrorock' are such Berry classics as 'Rock And Roll Music', 'Johnny B. Good', 'Reelin' And Rockin'', 'School Days', 'Memphis' and 'Maybelline'...'Rarities' this week features Eric Clapton, performing 'Someone Like You', the B side of 'Knockin' On Heaven's Door' which just recently surfaced on the 'Best Of Eric Clapton' Lp...As the new Cheap Trick album 'One On One' climbs the charts, 'Rarities' features a Cheap Trick instrumental single that never appeared on any album, oh boy! Also included is very early embryonic Bob Seger performing 'Persecution Smith', Devo doing 'Turn Around'--if you take 'Whip It' and flip it, this song is on the B side, and 'Foreign Language Friday' features Elton John in French doing 'Nobody Wins'...'The Sporting News Report' this week features exclusive interviews with tennis star Arthur Ashe... All programs are offered on a barter basis from the Clayton Webster Corporation."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "The Go Go's were crazy, crazy, on 'ROCKLINE' last night! The phone lines were jammed with callers from around the country, and we were proud to present the world premier of their forthcoming single 'Vacation', as well as the flip side 'Beatnik Beach' (way in advance of their release, I might add). If you thought the Go Go's would go, go away after their first record, it must be because you haven't heard their next one yet. Thanks to Michael Plen at I.R.S. for trusting me with the debut. (But if any of you GSN succeeded in taping the record, shhh, I'll never tell!). It was great to finally meet Dana Morris, too...As the dust settled and the Go Go's went bye, bye, I found myself twisting to Gary U. S. Bonds' 'Quarter To Three' with Judy McNutt. Now that was dance history in the 'ROCKLINE' studio, but it took Gary U. S. Bonds himself to get us boogying. Oh what fun! I must add that he is truly one of the nicest, humblest men I have ever met, and I just love the new music. Obviously our listeners feel the same, because the phone response to the show was incredible and the interview was great...Glad to hear all of those WHCN listeners on the air last night, too, as 'ROCKLINE' debuted with a bang in Hartford...You know, I hate to brag, but I just gotta say how proud I am to be a part of the first and the only all live rock radio network. Many will try to copy us (can you blame them?), but you just can't beat the real thing, and we've been riding high at the Global Satellite Network for over a year now! (So put that in your pipe and smoke it--but don't Bogart). Whew! I feel better now that I've gotten that off my chest (speaking of which, hey Marko, I'm gonna get you back one of these days)...Before I go, I just want to say what a thrill it was to be a part of Peace Sunday at the Rosebowl this weekend. Never before have I been compelled to be amongst 110,000 stoned people, but I'd even do it again in support of such important issues as Global Nuclear Disarmament. Kudos to all the musicians who came out to play in support of peace!"

BOB MEYROWITZ AND PETER KAUFF, DIR BROADCASTING (212-371-6850): "We've got three super 'Supergroups In Concert' set for the month of July, and when you add them to the shows that DIR has already done for that series, it's a formidable package. So far this year, we've presented Genesis, Foreigner, Journey, and The Who--not bad for starters...Our July 'Supergroups', all of which are heard over ABC's Rock Radio Network, are as follows: July 3--Jethro Tull recorded a month ago during their European tour; July 10--Billy Squier and Triumph, both recorded in the U.S. about two months ago; and July 24--Loverboy recorded in April in Ohio...Our 'King Biscuit' schedule for July is strong as well. July 4th will be explosive with Black Sabbath and Scorpions; July 11th features Graham Parker and Sparks; July 18th features the Bluesbreakers; and July 25th stars the Outlaws with a special guest."

Record Action

RICHARD PACHTER, A&M RECORDS (305-621-0557): "My brother Steve ('Mr. Personality') Pachter, the A&M guy in St. Louis, likes to say that the only sure things in life are death, taxes, and a new Nazareth album. In my 8 years with the company, this forthcoming Lp entitled '2 X S' will be the 10th such platter from these relentless Scot rockers that I've worked. By now you have heard, and are hopefully playing, 'Love Leads To Madness', the first track released from the album. What a song! What a performance! What production! John Punter, the producer responsible for this record, has taken the essential Nazareth components that have been there all along and honed and polished them to sonic perfection. Quite simply, this is the best thing the band's done since 'Love Hurts' and the album 'Hair Of The Dog'. The four core members of the group have been joined by the legendary John Locke, whose keyboard playing for Spirit got him into the rock and roll Hall of Fame, plus Billy Rankin, a talented young guitar player who also writes and sings. This combination of road-tested experience and fresh talent added to one of the hardest working bands in the world, results in Nazareth's best album ever. The latest buzz word used in the trades these days to describe a hot album is 'deep'. Well, this one is not only deep but wide too. Besides the ultra-classy single, this album is loaded with memorable songs. Early standouts include: 'Boys In The Band', and 'Gate Crash', two patented Naz rockers dealing with rock and roll and fun. 'Games' is a subtle building love song that shows a new lyrical maturity and 'You Love Another' is a rhythmic hypnotic tune not unlike something the Police would do. And that's just the first side! The second side starts with 'Back To The Trenches' which is lyrically similar to 'Dressed To Kill' from the last studio album. 'Dream On' is a soulful compelling vocal showcase for Dan McCafferty who is in great form throughout the album! Sweet and melodic at times, gritty and powerful when he has to be. The best song, 'Lonely In The Night', could well be a second single. Punter and the band outdo themselves with 'Preservation' which should be used in a studio course in production, that's how good it is. 'Take The Rap' is more classic Nazareth, and the album's closer 'Mexico' is a full-sounding song with great acoustic guitars and, I think, mandolins. John Punter and Nazareth have joined forces here to create a fantastic record that doesn't dilute the band's sound one bit but brings all its components into sharper focus for maximum results. The two Jeffrey Baxter produced albums were quite good, but just a prelude for this, the definitive Nazareth album, '2 X S'. Whew!!!"

RICH SCHMIDT, SHAKY CITY (213-907-5189): "Jon Scott has joined the Plimsouls team. Jon will coordinate with Papale, Raphael, Lambert, Jackson and Leeds. I'm sure all of you are aware of Jon's work, and we are very excited to have him aboard. Meanwhile, 'A Million Miles Away' continues to grow. New adds include WRXL, WAIM, and WLPX."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Got a chance to see Mr. Hard's new house last night along with Danny Buch. It's beautiful, but I thought that summer camp was only for teenagers!! Best of luck with it, Bill. Also a real pleasure to meet the wonderfully enigmatic Sharon (great motorcycle hair). What's with the half days, Susan and Judy?...Well, my Summer has come to fruition--it's finally sunny cycle weather and cruising to the beat of Genesis and the Stones can't be beat!! Can't wait to streak to the Atlantic debut of Ted Nugent ('No No No' and 'Bound And Gagged') on your desk Thursday, as well as an incomparable Pete Townshend collection...I know there are a lot of new records arriving daily, but Joe Cocker's 'Sheffield Steel' deserves multiple listenings. It's a great comeback for one of the greatest interpretive vocalists of our time...Jon Anderson is continuing to pull in solid rotations on many majors, and his great national tour will begin on July 1st...Sparks' hugely successful tour is still going strong as are the adds mounting up and rotations increasing. There's nothing left to wait and watch--it's all there...Also in your midst is the new Helen Schneider album which has already been a monumental European success. Check out: 'Fight And Never Loose' and 'Rock And Roll Gypsy'...Congratulations to Mr. and Mrs. Ron Rizzi, and Dave Lange...Heavy rotations at home: Zappa, Frankie Miller, Joe Cocker (best Walkman album of the year so far), Crenshaw, Richard and Linda Thompson, Genesis, and a slew of our new releases that I'm not supposed to talk about...I predict: Album of the Year Award to the forthcoming Robert Plant solo!"

BRUCE MOSER, COULD BE WILD (716-885-5200): "Congratulations to Howie Castle who leaves his PD slot at WSYR and moves over to WDVE. I have known and worked with Howie over the last 10 years. Howie is a true professional and one of the best and should do a great job in Pittsburgh. Howie: I'll see you in Cleveland this year for the Brown/Bill's game...Keep an eye on this section of the Northeast. You can expect at least 2 or 3 more major moves of musical chairs up here...Congratulations to Jim Sotet on having the top 3 songs on the Song Index--a job well done...Personal to Michele (My favorite person to review movies with): This is the Summer of Steven Spielberg. 'Poltergeist' was great, and 'E.T.' will be the biggest film of the year. What a great promotional tie-in for the film with the BOC best-selling live album with the same title. Contact your CBS rep for any promotional ideas...Who are The Edge (from Buffalo), and why are they saying all those great things about them? Contact Sandy Pearlman, Howie Klein, or the vacationing John Gorman for clues...Records that continue to build: Stevie Wonder (#1 sales in 9 markets with no album rock play). It's time for all us musical bigots to wake up and judge music on its own merit...Marshall Crenshaw debuted this week; and even with the deluge of automatics, he continues to get added and impress...Riot continues its upward climb, adding great stations every week. The title track leads the way, and Riot is killing them dead on the Rainbow/Scorpions tour... Three 12" records you should be playing: Aldo Nova 'Fooling Yourself', which is the new single that ships this week and will push this album from gold to platinum; the Rods who will do a national tour opening for Judas Priest, and Duke Jupiter's great follow-up to 'I'll Drink To You' which is 'Rock And Roll Band'...Two great records coming soon: Translator, the first CBS/415 release, and Bonnie Hayes (could be the next Go Go's).

MARTY SCHWARTZ, ELEKTRA (213-852-7211): "Party down in 'Partytown'. Glenn Frey's 'No Fun Aloud' is flying on the radio, and we say thanks. What's really cool is WMJQ, WCOZ, and WLAV adding 'The One You Love'. Album radio is definitely getting better...The Queen Lp is full of great songs. Don't be afraid of 'Staying Power', 'Action This Day', and especially 'Dancing'. These are rockin'/rhythm and that sound is happening. Who isn't into sex rock anyway? Queen's tour kicks off in Montreal on July 21st and continues through the States through September 15th. Billy Squier will be opening... Riot had a tremendous week. And Tony Berardino says that the Boston headbangers are responding to 'Loved By You' (side 2, cut 1). The title track and 'Showdown' are also going on the radio...Don't overlook Cold Chisel. We're committed to these guys, and we believe in 'You Got Nothing I Want'. When the dust settles we'll still be working Cold Chisel...On June 18th X's debut Lp will be on your desk. Listen to it and then listen again. Lyrically and musically, the intensity of their Lp further justifies why this band won best Lp/group of the year in 1981 via the New York Times, L.A. Times, Village Voice, etc. You'll be receiving with the new Lp, the lyric book and press reviews and synopsis... Also in this release a new group out of L.A. called Tracker. This Lp is 5 cuts deep, pure crossover material...On June 28th comes the 12" rock from Josie Cotton's killer debut, and new and improved Shoes (at retail a four song live Ep to be included with the new album)...Also coming on July 2nd, the new Toronto Ep 'Get It On Credit'--the title track is outstanding...And on July 12th a two-song 12" from the Rockets upcoming Lp, and it's great...Finally I'll leave you with the lineup from the 'Fast Times At Ridgement High' soundtrack--all new songs by Don Henley, Don Felder, Joe Walsh, Tim Schmidt (all solo efforts), Bob Seger, Stevie Nicks, Michael McDonald, Ringo Starr, Todd Rundgren, Billy Squier, Go Go's, Jimmy Buffett, Poco, and Jackson Browne."

WYNN JACKSON, INDEPENDENT (404-321-5228): "Extree! Extree! Read all about it! Back by popular demand. First you see him, then you don't, then you do again. Yes, ladies and gents, the wonderful, the dynamic, Mr. Al Moss. As of June 7th, Alski rejoins our humble establishment. All fan mail to P. O. Box 10157, Atlanta, GA 30319 (phone number above)...The other bit of good news this week, to me, is a few extended playlists due to the abundance of great and/or automatic records...Some of the testing that's being done on 'rate-a-record' or 'track-of-the-week' type shows is something that much more of album radio should have been doing and promoting with its audience long ago. There is one factor about these tests that bothers me. If the official test song gets a full time rotation and happens to be a great daytime relief or blend record (a la the Monroes or Stevie Wonder), then the all-night quaalude earth dogs may cast negative votes on a record that they may never have heard if it were officially added, but day-parted or tested in that particular day-part...By the way, all the good stuff you're hearing about the new Producers album is very, very true. Just wait!...My favorite recent records are too plenty to list, so I won't, but Drake, what's black and white and red and can't turn around? Yes, that's right, a nun in an elevator with a spear through her head...See ya on the road."

JOEL WEBBER (212-255-7408): "Judging from the response so far, this year's New Music Seminar will turn out to be one of the most important events of the year. Thanks to everyone for their enthusiasm and interest. Here's an update on panels and events of interest to readers of the Sheet: The album radio panel includes Bill Hard (moderator), Oedipus, Rick Carroll, Jon Sinton, Scott Muni, Dave Gariano and Dave Hamilton. The album radio promotion panel includes: Jerry Jaffe (moderator), Steve Smith, Michael Plen, Robyn Kravitz, Harvey Leeds, Jim Sotet, Kenny Ryback, and George Gerrity. The producers panel includes Richard Gottherer (Go Go's), Martin Rushent (Human League), and John Luongo (who's remixed some of the biggest dance records over the past few years)...The artist management panel includes managers of U2, Chas Jankel, OMD, David Bowie, Joan Jett, and Joe Jackson. There are 14 more panels and workshops including video, college radio, urban contemporary radio, indy labels, retail, and clubs. Well known bands will be making showcase appearances at New York City clubs for seminar participants only. Clive Davis will deliver an address concerning new music. In short, the New Music Seminar is shaping up to be a biggie, and I hope everyone can be there. The dates are July 19 and 20 at the Sheraton Center Hotel in New York (212-581-1000). Please feel free to call me at 212-255-7408 or Mark Josephson of Rockpool at 212-777-1132 for more info and updates. More special events will be taking place in conjunction with the Seminar, so watch this space for details."

BILL MCGATHY, RCA (212-930-4095): "Bow-Wow-Wow is selling! Philadelphia-breakout, Los Angeles-breakout, Boston-breakout, Miami-breakout, San Francisco-breakout. Sure, you have a lot of superstar stuff to add, I can't blame you. But there's always room for exciting hit music! As of this writing, to go along with the other 90 stations in album radio that are playing Bow-Wow-Wow, Top 40 is starting to come in and in a big way. We aren't barking up the wrong tree--play Bow-Wow-Wow!...This week's 'What A Guy Award' (I realized suddenly last week that if I don't drop names and put personals in my comments, I'm not as cool as my compatriots)--Lee Abrams...Coming soon, new music from upstate New York--805."

JIM SELLERS, CHRYSALIS (212-935-8750): "Well, sports fans, let's see how the Christians are faring against the Lions this week. In the center ring, we have John Waite. When you see radio's comments, and you see the adds and rotation, you can't help but see that this debut Lp has the goods. There's no denying the power and artistry portrayed in the grooves of 'Ignition'. So, for all your stragglers, let's get on the program. Songs like 'Change', 'Going To The Top', 'White Heat' and 'Mr. Wonderful' encapsulate all the energy and excitement that makes the rock audience listen to your station. Frank Kelly, MD of New York's newest rocker, WAPP, sez: 'It's a very listenable album, the tempo changes are great, one of the few albums, other than the superstars, that I've listened to both sides of without driving me crazy'. So take heed--John Waite is a star of the future...This week you had a chance to 'ear' the new Lp from Billy Idol. Billy's Ep 'Don't Stop' did phenomenally well last year, spending 36 of 52 weeks on Billboard's Dance Music Chart with 'Mony Mony'. Now he gives you full-blown rock, with all the edge of a fine honed blade. 'Anyone who has heard 'White Wedding' has asked for more. It's just the beginning! 'Hot In The City' will be the Summer record!...Thank heaven some of the 'modern rock' has permeated the airwaves. But never forget--Blondie was the groundbreaker. 'War Child' has the beat, drive, and balls much of today's rock is missing. This is not a shy, diminutive, business we're in. Be aggressive! Play Blondie!...When an Lp does what Huey Lewis and the News has, you must take a look at the cuts you haven't played before dropping the dreaded 'r/c' label on it. Check out 'The Only One' and 'Change Of Heart'. Classic cuts from a classy Lp. On behalf of the group and label, a sincere 'thanks' for your support and attendance on the tour...Many of you have done interviews with Ian Anderson. This gentleman has brought album radio some of the best rock around. The new Lp is no exception. Sales and requests are bringing it into the top 20 on both playlists and charts. 'Watching Me' and 'Seal Driver' are two excellent tracks that have not received the attention they deserve. Get an earful!...Until we meet again."

JOHN SCHOENBERGER, RADIO RECORDS (305-565-0700): "I wish you would please give instructions another good listen. It really does grow on you after a few listens. It's those fresh and original sounding records that may start slow, but have often maintained for a very long time. 'Wicked Heart' and 'Okay' are the key cuts...We at Radio are really proud to announce the signing of a great artist from the Northeast, Phil Garland. Wait until you hear this one around the end of the month. It's really, really strong. Phil has been gigging recently throughout the Northeast, opening for Clarence Clemmons' tour...Later on this Summer, look for Hellcats and Orleans."

DEREK SHULMAN, POLYGRAM (212-399-7813): "I would like to reiterate the ad we placed in the Sheet last week. Thank you, everyone out there, for the #1, #2, and #3 songs on the Song Index with John Cougar, Scorpions, and Rainbow. It was a great tribute to three acts who have all finally broken through for us this year. Scorpions is gold and Cougar and Rainbow are real close behind...By this time, the Rory Gallagher album should be on your turntable. The Dogsbody recommends 'Big Guns' and 'Double Vision'. This guy is a great rock and roller who now has a great shot at breaking in a big way...Hey, c'mon guys and girls, don't forget The Jam. By all accounts, last week in L.A. was nothing short of pandemonium. Jam-mania is the word that comes to mind. They will be back in the U.S.A. in a couple of months to play the rest of the country...Jon & Vangelis are still bringing in major adds and Top 40 is eating it up. (They're getting the jump on you). So listen to 'I'll Find My Way Home'. It really is a great song...Just heard the new Uriah Heep album--a smash! Believe me...Quick notes: Good luck to Dave Lange in Florida. See you in a couple of weeks...Sorry to hear about Janel Dolan, a good music person who should be in a gig...Hot at home: Laurie Anderson, Roxy Music, ABC and Bananarama... TTFN, The Dogsbody."

SEAN COAKLEY, ATCO (212-484-6400): "Pete Townshend will take your breath away this week. As a tip, let me suggest that you take 'Chinese Eyes' home and get into it in the intimacy of your own abode. This one springs from a well whose depth is unparalleled in rock and whose aim is centered, as always, directly at your heart...Please give careful consideration to this wonderful Joe Cocker album. The man is as passionate as ever, and deserves to be heard...The Axe saga continues with airplay growing off the sales and requests strength of 'Party'. The first single, 'Now Or Never' will ship late this week and has an obvious melodic mainstream appeal. In addition, the band is 'special guest' to the Ozzy Osbourne tour, starting June 15th in Seattle. There may be a lot of superstar product out now, but this one's for real!...The Sherbs are maintaining well in this storm, and the Jim Carroll Band has just arrived on the West Coast. Watch for a 12" coming this week...At home: CSN. This record reminds me why I got into this business. If you'd written these guys off, you better catch that letter before it gets to the post office. This new album can be described in a word--brilliant...Also dig: Rosanne Cash, Glenn Frey, Roxy Music, Robert Plant, and of course, P.T."

JOEL NEWMAN, HANDSHAKE RECORDS (213-655-8635): "Alliance! Alliance! Alliance!!! Even with the superstars that are out, this album refuses to lie down. The reality is where it's being played, it's selling. Example: In Cincinnati, WEBN jumped the record #15 to #5 and has been receiving top 10 phones. At the same time, the Record Theater chain has sold out of it. In Dallas, KTXQ and KZEW are on the record in medium rotation with good sales being reported. Once again, the cuts that are sticking out: For the harder-edged album rockers 'Love On The Line'; for the softer, 'How Does It Feel' and 'I Don't Want To Leave You This Way'...Stay crazy and have a great week."

J.B. BRENNER, A&M RECORDS (404-455-7504): "Let's talk about Squeeze for a bit. 'Sweets From Strangers' is their fifth album, and their following has been growing with each release. With over 110,000 Lps sold, and the single (edited version of 'Black Coffee') just out, Squeeze is set to embark on their American tour which begins June 18th as they headline Madison Square Garden. The new Lp checked in on the Retail Index at #20 with solid upward movement on the stations currently programming Squeeze. This band is adventurous, yet accessible, and is currently poised for a major breakthrough...The Nazareth 12" 'Love Leads To Madness' continues to grow, with radio commenting that this is their best work in years. The Lp '2 X S' (to excess), produced by John Punter, ships this week and is loaded with some hot rock and roll. For more in-depth information, check out Richard Pachter's comments this week. He's right on the money...38 Special is all over the airwaves, on the road, doing interviews, and selling large quantities of albums. In short, they're working their butts off as they have done for years. If you're not at least 2 cuts deep, then pass go and go directly to a news talk station. 'Caught Up In You', 'Chain Lightnin'', 'Rough-Housin'', and 'Back On The Track' are early leaders, and we're not even into the back stretch yet...In the 'on your desk this week' dept. is Mayday's second album 'Revenge'. The title cut appeared on Bill's latest Sampler and garnered very positive response. Their debut album found a home at over 120 album stations around the country, and 'Revenge' has the guts to build on that foundation. Be sure to also check out 'First Impression' and 'Middle Of The Night'... And as the Go Go's 'Beauty And The Beat' passes the 2 million mark in sales, comes their follow-up 'Vacation' b/w 'Beatnik Beach', out on 12" Wednesday, June 16th. The first ladies of rock and roll do it again. 'Nuff said...Sleeper of the Week: 'Open Your Eyes' by the Lords Of The New Church. The 12" ships this week on IRS. If you do not add this record, Michael Plen will send Moonies to picket your station!"

STEVE LEEDS, S.L.I.C. (212-977-5170): "Greetings from the land of the commercial-free Summer. Let's all swing into Summer counting the beat with The Swingers...Flash--Bow-Wow-Wow edges out The Jam on 'Rate The Record' on last week's 'American Bandstand'. Take that Jerry Jaffe!!..Any band that has the guts to open a song with the line 'Complacency's persistence gives me pause for some alarm' has got my approval, so you better go check out Taxx!..Joan Jett just finished opening dates in England for Queen and won many new fans there. She just finished this past weekend the two Texxas Jam dates. Stay tuned for Summertime blues...Coming in July, the debut of Spies featuring Ed Gagliardi and Al Greenwood, ex-Foreigners...Xenophobia anyone? Interesting track on the album is called 'Don't Run My Life, Don't Tell Me What To Play'...Latest export from down under, Cheetah, featuring two female vocalists...This week the Plimsouls continue to gain momentum, and we're glad to have Jon Scott aboard on this project...Moon Unit is leaving shortly for Europe, after recording numerous, awesome station IDs...Just as every community has its own valley, there's the same universal appeal in 'Rock This Town' from the Stray Cats...Congratulations to Howie Castle on his escape from Central New York..And speaking of Central New York, be sure to check out some heavy Jewish metal from Central New York's finest, The Rods."

MIKE BONE, ARISTA (212-489-7400): "Holy cow! It's 6PM on Tuesday, and I have to get these comments together for Susan...Alan Parsons 'Eye In The Sky' album is on everywhere! The lead track is 'Eye In The Sky' followed closely by 'You're Going To Get Your Fingers Burned'. The album debuts in Billboard at #82 and is selling like crazy in the U.S. and is already top 5 in about 20 other countries. 'Nuff said!...Houston is now completely gullible with KLOL following Alan 'Old Man' Sneed's lead and getting down with 'I Ran'. The album bullets to 64** in Billboard. A Flock of Seagulls rule!...Is Haircut One Hundred being rotated up your playlist? Not if you are WCOZ or WYSP. These guys realize a hit when they hear one and are banging 'Love Plus One'. A million thanks to both of you...The Rods, yours truly's favorite new album, is about to be unleashed (you'll love the cover). To pave the way, we have an Ep of 'Too Hot To Stop' and 'Violation' out now. (Sort of like the British shelling Port Stanley with 4 1/2 inch guns before kicking the shit out of the Argentinians). The Polaroid mill is seriously pumping out x-rated shots to all early comers. (Whoops, right in your mouth)...The Krokus 'Miss Southern California Heavy Metal Mama' contest was aptly won by Miss Thunder Thighs Funk Butt (Kendall, remember her?). Krokus skips through Texas and picks up the Cheap Trick tour on June 18th, then goes onto the hottest heavy metal tour of the Summer--JUDAS PRIEST (with openers, The Rods). The 'One Vice At A Time' has sold over 125,000 copies in the U.S. and the tour goes on through August. Need I say more?...Have you ever heard 'Homosapien' by Pete Shelley? No? Well, if you like the Human League, Flock Of Seagulls, etc., you'll love 'Homosapien'. No, the song is not about you know what. Yes, the song is a bone-fide phone blaster. Look for Rock Feinstein's baby brother Steve to ignite this one out of Philadelphia...Personals: Mike Lembo: Did you get that photo I sent you?...Bruce Bond: What's all this about a paper mill in your market? Are you still pissed at NYC because someone stole your BMW and left it parked in Harlem minus tires, doors, glass and motor? Look, Bruce, this is the Big Apple, and it's rough here, so wise up and take the bus next time...Rob Barnett: That's purple, not pink, and the girl in the photo now requested that we send over that little punk from Worcester. Batter up...Michael Plen: Where do I send the check for the Susan Heiss fund?...**BIG ANNOUNCEMENT**: Clive J. Davis will speak at the New Music Seminar, Monday, July 19th at 5:30 PM (Right after Bill Hard's panel.) Clive will be taking questions from the audience. Now is your chance to find out if Clive did truly consumate the recording contract with Janis Joplin the way she suggested. Ask him...**CORRECTION**: That's KMET's Sick Nick, not Sick Mick."

TUESDAY, JUNE 15

TODAY IS A 8

Excitement continues now that Mercury is direct and all routine matters start to get easier and easier. The moon is in Aries and this can be a more tempermental, aggressive time. Just the fact that we have so many things to do to "catch up" will divert the negative traits, making this one powerhouse of a day! At 12:04 PM EDT the sun at 24 degrees of Gemini is at a 120 degree trine to the planet of change. Pluto, retrograde at 24 degrees of Libra will see many people in the mood to make personal (the Sun) changes (Pluto). Why not? This month continues to improve, so take the bull by the horns. Tonight is just perfect for partying and a great music night. I hope you really take advantage of today and the evening hours. Waste not; want not.

WEDNESDAY, JUNE 16

TODAY IS A 7

Here is another day for those who have needed some aggressive time without a Void-of-Course moon. Critically important is to realize that mental Mercury being direct does not instantly erase problems. In fact, a lot of nuisances may arise, but the ease with which we can tackle them is of great benefit. This emotion ruling moon in Aries is perfect for the self starters. At 35 minutes after midnight, EDT, the ego-oriented sun at 26 degrees of Gemini is opposite mystical Neptune at 26 degrees of Sagittarius. This will dominate the day and tends to confuse people about what direction they want their personal lives to take. So why not put "personal identity" on temporary hold and deal with the myriad of work we all have to do. Party night again. So have fun.

THURSDAY, JUNE 17

TODAY IS A 8

The moon is in Taurus as of 7:07 AM EDT, and this will prove to be a calming effect if the last two days have been too hectic for you. But for everyone this is a position of the moon that puts good practical, earthy energy behind the day. There is "clear sailing" with no Void-of-Course moon, and no matter what your individual cycles may be, we are now seeing 1982 starting to improve. A good course of action is to use today to deal with all problems and as Saturn turns direct tomorrow, we can put some solid teeth into restructuring. Again, a night that should not be wasted. My suspicion is that this is a time to identify "the chronic complainers", for we might as well make those decisions and changes when the time is right. It's right!

FRIDAY, JUNE 18

TODAY IS A 7

A very important day today !!! At 7:05 AM EDT Saturn turns direct at 16 degrees of Libra. Saturn has been retrograde since January 30, 1982. From the foundation of a house to the structure of projects and organizations, Saturn is the ruling planet. Five days ago communicative Mercury turned direct, and now Saturn has shaped up. Reorganization now takes off and pays off. The moon in earthy Taurus gives a mood of not giving up, so cheer up. At 8:11 PM EDT the moon becomes Void-of-Course, but who is going to care when we have a Friday night that is difficult to beat. Plan to get a lot of personal reorganization done over the weekend, but more on that tomorrow.

SATURDAY & SUNDAY, JUNE 19 & 20

SATURDAY IS A 5 & SUNDAY IS A 4

Here is our last weekend of Spring. First let me say that these days when we have rough times in NO WAY compare to what we experienced earlier in 1982. At 8:35 AM EDT the moon enters Gemini and we build toward a new moon on Monday with the moon the closest to earth, so don't be surprised if the general mood feels more like a full moon. It will! No Void-of-Course moon Saturday or Father's Day. Despite the fact that things are improving dramatically, a few days of zany behavior won't hurt us. The Summer begins tomorrow and I cannot tell you why, but it is a fact that people get crazy at the Summer solstice. A good reason to be kind to your Father. Saturday evening is the last night that looks great socially, so spend your money on Saturday evening, and save coins on Sunday evening.

MONDAY, JUNE 21

TODAY IS A 3

We people in radio get plenty of opportunity to talk about "the beginning of Summer". At 1:24 PM EDT the Summer solstice occurs, which in astrological terms means that the sun enters Cancer. But as disorienting as this solstice is, all is aggravated by the new moon exact at 7:35 AM EDT with the moon and sun joined at 29 degrees of Gemini. Then at 8:13 AM EDT the moon enters Cancer. The moon in its own sign, a new moon, and Summer's start are enough, but wait there is more. The moon is the closest to the earth (at perigee) so the loons that bypassed you over the weekend will be in full bloom today. Know that this is temporary as 1982 will continue to improve. As for tonight, I would stay in and try to sleep. A feat not as easy during times like these.

It's really been great working with everyone at the FMOB Sheet over the years, and I feel that I've made quite a few new friends. My new position will probably put me in even closer contact with many of you than I have been in the past, but more on that later. So I now will pass the responsibilities of this report to the highly capable hands and mind of Vici Simmons who has been my right hand and will be handling the product end of the one stop from now on. A gentleman by the name of Tony Vurasco will be the new one-stop manager here in Kansas City, and will handle sales duties, and generally oversee the operation. If you ever need Vici or Tony, please feel free to contact either of them at 816-231-2470. Once again, it's been a real pleasure, but you haven't heard the last of me yet."

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the LP is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
