Hard Choices

Forever Man was just hitting at press time-an obviously fine single, as WCCC's Bavid Brossman will attest. The requests for this song have been pouring in fast from all denos". How, back the single with anything from the first side (except "Knock Un Wood"), and you'll come up a wimmer. His best since the 70's.

FIGNA, "TALK TO ME", ATLANTIC... Let's talk duts to match the gloss. Flome headnes down to her toe nails to belt out an urgent power ballad we think is a welcome departure from the Simonize Jobs you usually hear from rock ingenues. Great tune, super set-up, can't miss.

ALISON MOYET, "INVISIBLE" COLUMBIA. . What does it take to get you glays excited about a female pop crossover? Please pay attention on this americal song from one of England's hottest tickets. Work to hear it if you have to-because this beauty will be a factor in your market. I know, 'cause I see it on TV.

MOUNTAIN. "HARD TIME", EPIC/SCOTTI RROS., Seeings worthy of a decade-end-e-half of consistent simpley make their writers men of leisure and trust performers ever a threat be they back together on vinyl. Enter "Mountain", the Jewish Ef Top. Like Deep Purple they come with built-te everything--old, young, Alistate agents, bikers, the works. Best of all, "Hard Times" is crossover metal and that's when the numbers get really bits.

SADE, "SMOOTH OPERATOR", PORTRAIT, I think the lights came on when I heard Billy dibbons listed "Smooth Operator" at the top of his favorite song list in Relling Stone's Musicies's Mell. Talk about the stamp of the champ. Factor in the worldwide buzz, spin it again, and let those seductive hooks work their way in:

KING KOBRA, "READY TO STRIKE" CAPITOL /PASHA Tost goody heavy netal image may work but in the meantime these guys actually have several nifty songs. "munger" is good, and "Ready To Strike" is The goods.

Chain Reaction

MICK JAGGER. "LONELY AT THE TOP". COLUMBIA...
The lead little in this week's Rick and Phil Show."
"Lonely" tops the Most Added Tist with S6 stations and a #26 debut. Then there's "Lucky in Love" new at #75, #6 Mout Added on 20..."Secrets" is right behind. Reputing at #76 with 16 adds. Meanwhile.

"Just Another Hight" holds tight at #1 Most Played and #3 Most Requested, and #11 of the above combines for a smashing debut at #1 in overail Mational album simpley. MEIN'S Larry The Duck" Dunn tells us. The week belongs to "OI Blue Lips"...but on the other hand, there's...

CHICAGO, "ALONG COMES A WOMAN", WB., You couldn't ask for a better built, better backed hitmobile—97 Most Added with 19, Underlined 51-56 on the Song Index, a 50-40 National Lp Prime Mover, back on the Metro Chart at 945, with heavies like KBP1, KDKS, KSJO, WFBQ, MMMR, KDRS, KYYS, WEBN, WZSR, KATT, KDKO, WCMF, WMMS, and WHEN siready on board.

THE FIRM, ATLANTIC... "Reminactive" still owns the FI Most Requested Slot, and despite Mssrs. Jagger and Collins. moves 3-2 on the Sang Index. steady at #2 in album airmlay. Now "Closer" moves in that direction, 56-40 with gos on KISS, WHEW, WYNF. WORR, WHEW, and 15 more adds. "Satisfaction Guaranteed" Ulimbs 62-49 Underlined, "Someone" drops back to #60. From The For. WIUT. The firm its now a bona fide request than based purely of the quality of the music... And March A. Small, WGIR, adds, "This record brings back that solid. Classy album radio sound that's recordly been missing."

Al An PARSONS. "AULTHOR FULLTHRE". ARISTA. The single Tooks good to us with 12 ups, note down, 18 max while maintaining #8 in overall play, but Marry Bender, MSKS, feels, "Even though the single fun't the greatest thing on the aloum, I see the Lp taking the same eventual turn around and rite as Chicago 17". Side one is filled with multiformat hits'. Firingtance, we like "Separate Lives", also a favorite of John Gooper, MJBK. New at #12 Metro, #13 in Maximal Lp play.

FRONT RED PAGE TIP STREETS, "DON'T LOOK BACK", ATLANTIC., Steve Walsh always makes a good sone sound orees. Here he works in a little more Lou Gramm w/Stewn Perry flavor than we're used to-but since he's an original, why not? PHIL COLLINS, "NO JACKET..." ATLANTIC.

Mice may have the tip top spot--but Phil filet in with the #2-5 Most Added songs, and a #2 album debut... "One More Night" moves to #2 Most Requested, climbing 5-4 in play... "Only You Enow" is #2 Most Added with 34, new at #58... "Don't Lose My Number" gets 33, debuting at #58... "Invide Out" scores 27, entering at #65... I Don't Mahnu Know" debuts at #69, new on 25 for #5 Most Added. "Long May" logks 19 for #74... "Sussidio" moves 64-54 with 16 adds and ups on MADX, MORN, WORF and 91x...As WOUR's Tom Starr puts it. "No ears required to know that the Collins is tellor-made to deliver any man, woman or child from 6 to 68."

MICHAEL BOLTON, "EVERYBODY'S CRAZY", COLUMBIA.

MICHAEL BOLTON, "EVERYBODY'S CRAZY", COLUMBIA.

MICHAEL BOLTON, "EVERYBODY'S CRAZY", COLUMBIA.

MICHAEL BOLTON, "Every 12". 'Crazy' is the first in a
long line of this from Bolton's latest project"...

Dave Kape adds, "Michael got bioself a HIG sound this
time around, certainly big enuff to keep bur
listeners' radios booming". WHJY's Jmff Riccio expects, "Crazy" could be one of Columbia's tuccess
stories of the year". (But a minute, in newly traffic
and already on EMPI, KDRS, KIES, KORS, KZEM, WHJY,
MMCK, MCMF, MBAB, KATT, and more. New at #91.

SIMPLE NITTES, "TON'T YOU." ASM, Growing westly, it more adds and a mindblowing is increases and no decreases pave the way for a 27-17 Song index underline. New on the back Page at #23 National and Metro, and top 5 cells include WORK, HOUR, AFOR, MECO, 92%, and WINA, where Steve Atrick Sells us it's their "fi most requested for three weeks in a row". MOXY's pan Speed gives it the "Big Phone Award-they bayen't stopped calling", and WORK's Tom Starr reports. The biggest phone story of the year is developing very satisfy arouse Simple Minds.

HIND WAITE "CHANGE" CHRYSALIS. WHEE'S THEVE SAME GRIS US. If you didn't get "Ignition" the first time around, by all means go for it now. It's become a staple of our library and you couldn't ask for more from a record. It sounds good, females dig it a lot, and it does great in call diss. What's Russ Mottle calls it a "Midtempo powerhouse" adding, "Let's Claim this one before CHR wicks in". Hew on 14, including NIOT, MARF, MGON, WERN, WIOT, MLOT, WILLE, WERE, WEME, and WEVE.

RH77RAMIIS

- CONEY HATCH, "FANTASY", MERCURY, Their best radio song to date comes up with more quality in what was a tough week for all but the hottest newer acts--New on WRIF, WCMF, WEBN, WRCN, KILO, WIMZ, and more...WLLZ and WQFM have already increased play and those on include KISS, KISW, KZEW and KTXQ...

 Dave Kane comments "We had a good run last time with Coney and 'Fantasy' fits in that same groove of tight, melodic rock and roll."
- GARY O. "SHADES OF 45", RCA... The Song Index is humming--49-37--and there's oomph in the add count, too. It includes WRIF, DC101, KATT, WOUR, KISS, KLPX, and WDHA...Increases at WLLZ, WQFM and KILO with none down and 34 steady...Exploding might be an understatement.
- DIGNEY FIGNUS. "GIRL WITH THE...", COLUMBIA...

 I remember the fight we had with "Down Under"
 out of the box as Larry Bruce was one of the few
 majors helping out, and that's 'cause he heard it in
 Australia. I think "Hand" offers a lot of the
 same appeal--with CHR rumbling and the New England
 AOR success story, why wait?
- GENERAL PUBLIC, "NEVER" BW "BURNING", IRS...

 "lenderness" surprised a lot of people in terms
 of sell through and Top 40 exposure...That track
 record warrants a close look at the new single
 "Never" and an even harder look at the excellent
 B Side "Burning". The edge and production are
 better suited for AOR; KRQR and several more used
 it out-of-the-box.

- ACCEPT, "MIDNIGHT MOVER", PORTRAIT/EPIC...
 Their industrial strength street buzz will require asbestos underwear in about a minute--for now, you can feel the heat on DC101, KGB, WQFM, WAQX, WOUR, and three more just in...Upped at KLAQ and WRCH. Now this from Ted Edwards, "Got a heavy street buzz on the Lp and 'Midnight Mover' is in and celivering. Very strong song, excellent ballsy production and a solid performance. This one looks like a winner."
- GO WEST, "WE CLOSE...", CHRYSALIS..., Up a couple of notches to #97, and new on nine. WCPZ's Kevin Young confesses, "I waited a week on this one and that was 7 days too long. That keyboard hook and blue-eyed soul vocals make this one a must"...WOUR's Tom Starr expects it to be "wall towall", and as far as our ears hear it, that's the right call.
- WANG CHUNG, "FIRE" (BREAKFAST CLUB), A&M. A&M is probably so pleased with the Simple Minds progress they won't be leaning on you for Wang Chung--but if you played "Dance Hall" consider a track we think is at least as good...Wake up!
- JOAN ARMATRADING, "TEMPTATION", A&M., The Northeast base firms up with WOBK, WPLR, WBRU, WBAB, WDHA, WBLM, among the 15 first weekers. WQBK's John Collins tells us"'Temptation' is getting instant phone response". And, WBRU's Amanda Tepper concurs, "The horn and acoustic guitar are a nice combo and the voice is as warm and smooth as ever. We'd like to see her have a hit".

CHAIN REACTION CONTINUED

- THE TUBES, "LOVE BOMB", CAPITOL... They never go out without bringing back at least one hit per album and "Piece" picks up a 37-30 Primer in the shadow of the Mick and Phil show. Eleven new, 72 total, and ups at KZEW and WBCN ain't exactly piece-meal either! WEBN's Curt Gary flips over: "Probably the most amazing musical experience I've had in quite some time. Side 2 might be the best nine-song dance medley I've ever heard. These guys are undoubtedly the best white funk band in the world." Yow!
- VAN MORRISON, "A SENSE OF WONDER", MERCURY... The majors continue to roll in (WIYY, WHJY, WSHE, WLLZ, and 6 others) as do the play increases on WHCN, KZOK, WBRU, and WRCN. Us Van fans love these wonderful numbers: 78-70 Song Index, 47-43 National Lp's. We've got "comeback", "his best in years", and "upper demo city" quotes up the wazoo--obviously "Rimbaud" is the Tour de Force radio has been waiting for.
- LOS LOBOS, "WILL THE WOLF SURVIVE", WB... Don't let the Back Page fool you-with six debuts backing everything up, the real story is the adds on KGB, KLOS, WTUE, WAQX, WCCC, WRKI, and the 45-42 Song Incex progress. Six ups, 5 max and 10 heavy reports are equally convincing. "Don't Worry" got their attention, but "Survive" will bring these wolves home.
- RONNIE UIO, "HUNGRY FOR HEAVEN", GEFFEN. In the soundtrack tone arm wrestling championship, "Vision quest" pins 'em to the mat. Dio's "Heaven" is heating up the phones at WHCN, WIOT, KGON and KILO, while the bell sounds a 54-43 Index Underline. WYNF, WQFM, KLOS, WYSP, WAAF, WWCK, and 5 more climb in--and heavyweights KISW, KTXQ, WDVE, WHCN, and WRIF take the count to 47 after three weeks.
- SAITANA, "SAY IT AGAIN", COLUMBIA... Album radio leads the way but CHR is lined up for heavy breathing, pronto. Carlos charges up to #14 on the Index thanks to 97 on and 36 up to heavy with 15 "Say" increases.

 Bob Bittens at WHCN is ready for more, "I got a chance to hear the whole album. It has plenty of that searing guitar work that makes Carlos one of the best."
- DEEP PURPLE, "NOBODY'S HOME". MERCURY... The grandaddies of Heavy Metal unleash their third round from the "Perfect" arsenal and it scores one of the week's prime moves 53-44. Increases at KSHE and WDIZ, max rotation at WYNF, WLAV and KICT, combine with the retail and tour tonnage to make Purple one of the year's long-haul premier performers.

SIGNIFICANT SONGS:

- "JOHNNY BYE BYE", BRUCE SPRINGSTEEN, COLUMBIA... Haven't even heard it, but it's apparently selling the single and in the case of fresh Springsteen, you can almost play now and listen later.
- JOHN PARR, "MAGICAL", ATLANTIC... Underlined 60-52-45 in the last three weeks. New on KLOS, WMMS, WLLZ, WSHE, KKCI, WQFM, KQRS, and three more... Increased airspace on KSHE and WLVQ with none down. As noted by The Roz, "After just a couple of weeks on the air, it's becoming as addictive as 'Naughty Naughty' was. I'll be surprised if this doesn't sell".
- AUTOGRAPH, "MY GIRLFRIEND'S BOYFRIEND ISN'T ME", RCA... Note the early request action on WLVQ and WKLS and tell us you haven't seen this movie before. "Girlfriend's Boyfriend" muscles a 91-81 underline, with increases on KISS and KGB, and adds that include WRIF, KTXQ and WLPX. WPDH's Pam Brooks sez, "We still get tremendous phones for 'Turn Up The Radio', which was never treated as the radio anthem it should have been. Tom Petty couldn't have given us a better song title".
- LOUDNESS, "CRATY NIGHTS", ATCO... As serious backers and believers, here's a quick note updating Loudness...

 Do not be at all concerned regarding the lateral back page numbers this week. With six debuts, almost all the newer acts took it in the shorts—and we're still hearing about unusually active early retail in the fashion of Ratt and Twisted...Action to date includes: WYNF, KMET, KISS, KTXQ, KICT, KZEW, WHJY, WNEW, WRIF, WYSP, WKLS, and WLLZ.
- TWO QUICKPICKS: "Get Tough" from the <u>DEL LORDS</u> on EMI truly stood out as one of the most entertaining items we auditioned all week--and believe me, we listened to loads of new material. And this time out, you'll hear multiple trax backing the <u>BLASTERS</u> always hot press and publicity profile. We like "Colored Lights" and "Dark Night".

News From Rock Over London

ELTON JOHN recently revealed in an interview that his next musical project will be a duet with KIKI DEE, and he sees the possibility of writing a song for TINA TURNER.

GODLEY AND CREME are changing gear from video making as they get set for the release of a new single early next month.

"Everytime You Go Away" is the title of the latest track from PAUL YOUNG, and that's from his "Secrets Of Association" Lp. By the way, the song was originally done by HALL & OATES.

DAVID BOWIE has been invited to write a song for a JULIEN TEMPLE film, "Absolute Beginners". It's a film about the impact of the 50's. Other British contributors to the soundtrack include: ELVIS COSTELLO and PAUL WELLER of STYLE COUNCIL, who has put forward something called "Have You Had It Blue". The film is to have a jazzy feel about it. BOWIE is considering a small acting role, SADE is featured singing in a jazz club scene, and role, sade in the film, but their contributions are to be confirmed.

interested in the film, but their contributions are to be confirmed.

A posthumous bootleg release by JOHN LENNON is causing quite a mystery over here. The single called "Serve Yourself" apparently features LENNON knocking politics, religion, and everything in between. It's also present on another bootleg Lp, "Ying And Yang". It's claimed that a possible source of "Serve Yourself" could be Bermuda, where LENNON's former personal assistant FREDERICK SEAMENS is from. SEAMENS was once charged with stealing various LENNON items including this song. The tapes were returned but it seems that at some point copies were made.

Drummer COZY POWELL has left Whitesnake to join ELP, which is now EMERSON, LAKE and POWELL. Apparently KEITH EMERSON and GREG LAKE were determined that CARL PALMER's place should be taken by another drummer with a name starting with the letter "P".

HIL COLLINS' third solo Lp, "No Jacket Required", has been released to coincide with his British tour. A track called "Take Me Home" features PETER GABRIEL, HELEN TERRY, and STING on backing vocals. Speaking of Lps, ERIC CLAPTON's next "Behind The Sun" is due out in March.

SPANDAU BALLET are not happy with their record company, Chrysalis. They've served a writ claiming breach of contract. They reckon that they have not received enough support from Chrysalis and point out they are responsible for 25% of their record sales. Plus the fact they broke box office records in Wembley by selling out six successive dates. For the time being, Chrysalis are saying they'll continue to promote SPANDAU's out six successive dates. World Parade Tour.

WHAM! also found themselves in the middle of a legal wrangle this week. DICK JAMES MUSIC, the publishers of BARRY MANILOW'S "Can't Smile Without You", claims that WHAM! have copied passages of that song for their Christmas hit "Last Christmas". WHAM's publishers have written back to refute the claim, so it's a stalemate at the moment. As usual, it's others who are being hurt as this is hampering royalties from their record to go to Famine Aid To Ethiopia.

It's a very informal affair on ROCK OVER LONDON this week as there's "No Jacket Required" in the company of PHIL COLLINS and the track "Doesn't Anybody Stay Together Anymore"...THE ALARM sounds with "Absolute Reality", and we debut a reggae BAND AID style song in the form of "Starvation", which includes members of MADNESS and UB40...We "Close Our Eyes" to GO WEST and work out our state of consciousness with DEAD OR ALIVE ...Also listen out for BOB GELDOF, FRANKIE GOES TO HOLLYWOOD, GEORGE MICHAELS of WHAM!, and more at the British Music Awards...And finally, don't forget those naughty, naughty bits. This week we'll tell you a tale of the Purple Prince of Darkness.

The Rock Report

THE ROCK REPORT SPOKE to ex-Led Zeppelin bassist John Paul Jones who told us about his upcoming soundtrack to the Michael Winter film "Scream For Help". The film, due this spring, is a suspense story revolving around a girl who thinks her stepfather is trying to murder her mother. One especially interesting note concerns Jones' daughter's involvement in the upcoming Lp. John told us that he was having some trouble writing the lyrics for the songs he had written and approached his daughter with his dilemma. Before he knew it, she had the words to three songs written. This is the first time the two of them have collaborated on musical material.

WELL, THE DATE DRAWS NEAR for the release of "Willie And The Poor Boys": April 25th, to be exact, and we can't wait! By now you should be familiar with the project - some of the best musicians around today collaborating on some of the greatest material ever written. We're talking about such songs as "Slippin' And Slidin'", "These Arms Of Mine", "You Never Can Tell", "Baby Please Don't Go" and eight great others. These songs were originally recorded by Otis Redding, Little Richard, and Chuck Berry, to name just a few. This time around Bill Wyman, Chris Rea, Andy Fairweather Low, Gerant Watkins, Jimmy Page and Paul Rodgers are giving them a try. Also included on this all-star get together Lp is one original, titled "Poor Boy Boogie", which was penned by Bill Wyman. Next week the band plans to rent out an English venue and stage their own mock 50's sock-hop for the cameras. The result will be a full-length video that will feature the members of the band performing the material. The video will be made available thru mail order, and details will be included on the record sleeve. Hopefully, Jimmy Page and Paul Rodgers will be able to attend the shoot as long as they have no prior Firm commitments. have no prior Firm commitments.

LOND BILLY IDOL IS GOING SILVER screen by way of "King Death". It seems Billy read the novel by author Nick Kohn and thought it would make a worthwhile film. So good, in fact, that Billy himself has shopped the project to six major film studios. But Idol has opted to go with an independent film company because the artist is usually given more creative control. A script is now being worked on and directors are being considered. Idol has asked his producer Keith Forsey and his guitarist Steve Stevens to help him out with the soundtrack. Idol is currently working on his upcoming Chrysalis release which will include some songs BLOND BILLY IDOL from the film.

AS WE REPORTED, THE UPCOMING TOM PETTY LP, "Southern Accents", is due March 11th on Backstreet/MCA. The first single will be "Don't Come Around Mere No More", which is due this week. Some other songs included on the album are: "Rebel", "It's Nothin' To Me", "Dogs On The Run", "Mary's Car", "Spike" and the title track. The first single was co-written and co-produced by Dave Stewart of Eurythmics.

LAST WEEK WE TOLD YOU THAT RIC OCASEK has chosen Jimmy Iovine to produce his second solo Lp and the two of them will be entering Electric Ladyland Studio in New York this week. We have now learned that Cars bassist/vocalist Benjamin Orr has taken the first steps toward a solo album. The record will be produced by the respected Arif Mardin for Elektra.

THE ROCK REPORT SPOKE to Ray Manzarek, Former Member of the Doors, who told us about the bands upcoming video cassette due in April. The title of this collection of conceptual videos and never seen before concert footage is 'Dance on Fire''. To coincide with the video release is a new Lp called "Classics, which will feature previously released Doors tunes like "Break On Through" and "Unknown Soldier" to name just a few. Plans are also in the works to produce a full length movie on the life and times of Jim Morrison and the Doors. We have heard that Bill Graham Productions and Warner Bros. Films are behind this project but this could not be confirmed at press time.

Have You Heard What Radio's Saying About

Mark DiDia, WYSP: "Upper Darby's prodigal son shines on this one... please don't overlook the Utopia."

Bob Clark, WTUE: "We played two cuts out of the box . . . the hardest part was trying to determine which ones to start with! It's the best Todd's done in years. We've received calls from listeners exclaiming their appreciation for us being the ones to hop on it first."

Doug Clifton, KBCO: "Any Todd fan will definitely like the Utopia album. We're playing both 'Mimi Gets Mad' and 'Mated'. The phone response is building each week."

Tom Sheppke, KISS: "Their latest sounds so good to these ears that I've gotta 'Play This Game' all day and all night. Alright!!"

Ralph Tortora, WBAB: "Mated' has the best crossover potential!"

Dave Shedlock, WYDD: "I'd like to see everyone get behind 'Mated'. This song has everything going for it and Todd's overdue for an across the board smash. With your support it can go all the way!"

Radio Action

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "The new Tubes tune should be called 'Listen By Listen' because that's what it takes to bring this song home. It's almost necessary for an increased rotation before you start to get response--which is now happening with us...The Mick Jagger, on the other hand, has kept phones dancing since Monday morning. 98% of the calls are positive, but just enough negative phones are coming in on 'She's The Boss' that show people are still interested enough in Mick to get pissed at him. 'Lonely At The Top' sizzles, 'Half A Loaf' bounces and 'Lucky In Love' cruises with the ingredients that The Stones have used in the past 20 years. And now Mick has incorporated them into what might be one of the best sessions ever assembled in the 80's. Talk about dropping names!...'Everybody's Crazy' could be one of Columbia's success stories of the year. Michael Bolton came so-o-o close to breaking last time that with the help of the title track of the second Lp, success should be no problem for Bolton...It's always a good sign when Blackmore kicks you off the opening slot of his tour, so that alone should be reason enough to play a second track from Giuffria. Combine that with the quality of 'DoMe Right' and you've got a sure winner. 'Do Me Right' should enable Giuffria to take his show on its own headlining tour!"

CTXQ, DALLAS, TX P.D.-TED UTZ: "Rowdy Roddy Piper came up with one of his greatest lines of all time--MTV, Music To Vomit By--only kidding. Hey, if the match was half as good as the pre-bout hype, Madison Square Garden would be all over 8th Avenue...Getting back to the real world, Triumph was here over the weekend and Reunion Arena was SRO. The show, incidentally, was State Of The Art. Special thanks are due to MCA's Bubba Wayne and Joe Owens for a job well done with our Rock-Star-For-A-Day promotion. It certainly is nice to know everything is fully taken care of in advance. Incidentally, if anyone sees Joe Owens in the near future, ask him how much he liked the strip search at the airport?! (Editors Note: How cold was that flashlight, Joe?)... Phil Collins is one of the best albums that I've heard in some time--start to finish. We like 'Don't Wanna Know', 'Inside Out', and 'Don't Lose That Number'...Same goes for the Jagger--pick the cuts. Jeff Beck is fantastic on this record. With albums like these, Q102 is smoking and we will be for some time!...Keep it rolling!" rolling!"

GON, PORTLAND, OR M.D.-INESSA YORK: "A warm 'thank you' to the indefatigable Warner team for paving the way Purple to Seattle. Prince, a true knockout--two massive sellouts this past week--Need I say more?...Since everybody is concerned about that AOR core that appears to steadily be turning into the new mainstream, what better music to ply them with than Mick, Phil, The Firm (at least with those 'Money' and 'Midnight' tracks), and KGON, now the new Clapton. M-m-m!

now the new Clapton. M-m-m!"

KGB-FM, SAN DIEGO, CA ASST. P.D./M.D.-TED EDWARDS: "Did you notice that 'Mr. Record Head' looks an awful lot like Drew Murray? And I thought Mike Bone was the only one with balls big enough to put his face in one of his own adds? What's this industry coming to anyway? The next thing you know, a bunch of industry geeks will start an air band and open up for Triumph somewhere! But, let's hope we don't sink to that base level...Onto the hits: Hey, how about that Phil Collins? What a guy! He certainly qualifies as the overachiever's musician. As productive as a rabbit ranch! Fabulous music. Strong and multi track deep—in other words, a perfect record for AOR...And while we're on the subject, Meapon-Of-The-Week honors go to Mick Jagger's 'She's The Boss'. Seven solid tracks deep! We're having trouble narrowing down to a reasonable level...Got a heavy street buzz on the new Accept album and 'Midnight Mover' is in and delivering. Very strong song—excellent, ballsy production and a solid performance. This one looks like a winner...And speaking of good buzz, especially in Southern California, we've decided to 'Take A Turn' with Armored Saint. Chrysalis is committed, and we have a little room, so we decided to squeeze it in...The Beat Farmers.—San Diego's contribution to fun the American way, continue to perform well. Solid sales equal cut #2 for us, the rock and roll version of Springsteen's 'Reason To Believe'... We've also moved further into the Los Lobos record with a well deserved re-add on 'Will The Wolf Survive?'... P.S.: Thanks for the calls on last week's CD rave. We really appreciate the cooperation we've gotten so far. More raves to follow...P.P.S.: To Bruce: Thanks for the magazine!"

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "Man, I need some help! We're going several cuts on superstar releases. I've got new artists backing up something fierce. This job's too big for Roto-Rooter! We need the services of the almighty rock and roll plunger! When the airwaves finally get unclogged,

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Well, the week started out great getting 'She's The Boss' in my hand!

There's a lot of great tunes, but I must admit I'm partial to the ballad 'Hard Woman'. Sounds like single
material to me...But probably the most amazing musical experience I've had in quite some time is Side Two of The
Tubes 'Love Bomb'. Probably the best nine-song dance medley I've ever heard. These guys are undoubtedly the
best white funk band in the world...Let me put a plug in for a local artist from Cincinnati: His name is
David Chastain. If you've got a metal shop, ask Shrapnel Records out of San Francisco, about a record called
'Mystery Of Illusion' by Chastain...Chicago sure pulled a surprise on me. I never thought that song would
catch me like it did...And in the same mode, Gary O is just sounding better and better on-the-radio everytime
I hear it...Watch out for those Elvis Brothers...Deep Purple, as we get closer to the show, just keeps getting
hotter and hotter--on the phones and at retail. They're gonna own this town by March 12th!. And now I must go
and put on 'Sticky Little Bitch' and turn it up to 11!"

CCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "Eric Clapton's 'Forever Man' puts Mr. Slowhand back on the track of good uptempo, gutsy rock. Since we put this on-the-air Tuesday, February 19th, the requests for this song have been pouring in fast from all demos!!!...Programmers take note: The flip side of the new Springsteen single 'Johnny Bye Bye' is on our air and pulling Top 15 18-24 and Top 5 25+ phones. Single sales hit this week, 53-31, and surveying retailers: The 'Johnny' song is fresh Springsteen and is definitely selling the single!...Van Morrison is off to a great start at retail this week. The album debuts Top 30, getting requests for 'Tore Down' and 'A Sense Of Wonder'. Both tracks debut Top 15 18-24 and 25+ with 'Wonder' pulling Top 10 25+ phones!"

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "New favorites this week include the incredible Phil Collins Lp. My pick for the #1 cut on 'No Jacket Required' has got to be 'I Don't Wanna Know'. The texture of this tune is pure Phil. You'd think by now Mr. Collins would have grown a bit thin on the audience, but no-o-o-o! I'm glad! I like 'Take Me Home' and the Police-like Sting-along. Hell, the whole album's great...'She's The Boss' but he brings home the bacon. Mick 'Lonely At The Top' is major rockin'soul and there are a lot more juicy Jagger gems to pick from here like 'Half A Loaf' and the title track...John Parr's 'Somebody Stole My Thunder' is getting instant positive reaction from the audience. This is by far more than a one-cut Lp...Donnie Iris is doing well on the phones with 'Injured In The Game Of Love' and it sure fits in well with our overall sound...If you still don't think 'Miami Vice' is a big show with your listeners, notice how, on the following weeks request tabulations, songs that were used on the show end up on your sheet. Past examples have included Phil Collins 'In The Air Tonight', Honeymoon Suite 'New Girl Now', and huge phones at WYNF for Glenn Frey's 'Smugglers Blues'. This week it's Top 3 phones, so we'll put it back on!"

wydd, PITTSBURGH, PA M.D.-DAVE SHEDLOCK: "The Phil Collins album is a knockout. It was the #2 seller in our research this week. The album's packed with strong material and we're going to go a few cuts deeper immediately...For the past few weeks I've been talking up the Animotion 12". We're seeing Top 5 phones for 'Obsession' for the second straight week. Don't overlook the song. You'll be missing out on a hit...The phones have been hot for Murray Head this week too. The problem is I haven't decided whether the listeners are really into 'Bangkok' or if they just want more 'head'--(Sorry). Either way if you want to see immediate response play the song...U2's back on our list this week. Last week we announced their Pittsburgh concert. Tickets went on sale Monday and over 10,000 were gone in one day. The excitement over the tour is enough to justify more airplay, but the fact that 'A Sort Of Homecoming' sounds great, makes it a must play."

WNEW-FM, NEW YORK, NY MUSIC COORDINATOR-AMY GROSSER: "I got a chance to see the movie 'The Breakfast Club' this past weekend and it's one of the better 'teen' films around today. The Simple Minds' song 'Don't You(Forget About Me)' was really powerful under the opening credits...Alan Parsons' 'Vulture Culture' is a great sounding record. Along with 'Let's Talk About Me', I like 'Separate Lives'...If you need to hear some new old music, try Lloyd Cole And The Commotions. Their cut 'Perfect Skin' reminds me of Lou Reed meets R.E.M...Well, Scott Muni just came back from his trip to England for a press conference with The Firm. He brought us a present -- a new Firm song called 'Live In Peace'. This was recorded live at the Hammersmith Odean in 1984 and was also originally on Paul Rodgers' 'Cut Loose' Lp...I hope Elliot Easton's Lp gets the credit it deserves. This is a strong first effort with many possibilities for hit singles. The more I listen, the more I like...WNEW's Top 5 requests this week: #1 REO Speedwagon 'Fight', #2 The Firm 'Radioactive', #3 Bryan Adams 'Somebody', #4 Forefigner 'Want', #5 Survivor."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Even though the single isn't the strongest thing on the album, I see the Alan Parsons Lp taking the same eventual turnaround and rise as 'Chicago 17'. Side One is filled with multi-format hits...Thorogood's 'I Drink Alone' is double edged but so strong in male numbers and phones we had to bump it into heavy...'Follow Your Heart' and 'Spellbound' segue emphasis positions nicely...Side Two of the new Tubes must have sent a few deja vu shivers up the tower. 'Macho City' revisited...I'm not gonna say anything stupid like 'Everybody's Crazy' about the Michael Bolton--but they are!...Jagger's 'Lucky In Love' is the grit and funk of 'Fingerprint File'--with a hook...'Satisfaction' and 'Money' eventually get emphasis on The Firm...I think we'll just rotate the Phil Collins cuts alphabetically to make the choice easier...Check out the B. B. King songs for an off-air listening

KBPI, DENVER, CO M.D.-LYNN WELLS: "I would have to be crazy to pass on the new Michael Bolton 12", 'Everybody's Crazy'! It is the first in a long line of hits from Bolton's latest project. No sophomore jinx here...The Phil Collins album is amazing. Deciding which track to play is no problem—just drop the needle down anywhere! At a time when CHR is sounding burned out, the Collins is a real shot in the arm for AOR...The writing is on the wall for Simple Minds. 'Don't You (Forget About Me)' is the record that will bring this band to the attention of the masses. Of course, a successful movie doesn't hurt the cause...Even though we didn't have a huge success with Triumph's 'Spellbound', I'm excited about playing 'Follow Your Heart'. A much hookier cut and this band is simply too talented to let slide to recurrent...The countdown is on—I'm looking forward to the Rockers '85 Convention and seeing you all there!"

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Besides being a great sounding album in general, the new Mick Jagger has really whetted my appetite for the forthcoming Jeff Beck record. Next to Mick's voice, Beck's guitar work is the album's most outstanding feature... I'd listen to the Jagger more if I could just get the Phil Collins off my turntable! I raved enough about that one last week to last for a while; so suffice it to say that, although the 400 or so spins I've given the record so far have worn out the vinyl--my ears will never tire of Phil's music. By the way, both the Collins and the Jagger are selling Top 5, barely 24 hours after they hit the stores...I got a chance to hear the whole Santana album, and those of you who were put off a bit by the slick pop of the single need not fear. The album has plenty of that searing guitar work that makes Carlos one of the best! Looking forward to going deeper on that one...Danny Buch: I'd tell you how much I like that advance cassette from Fiona, but you'd probably expect an out-of-the-box add, too!"

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "I can't seem to get over the thrill of seeing Hall & Oates on the 'Big Bam Boom' tour! You'll just have to see them to see how much they rock out live. The show is full of Top 10 hits from beginning to end. Thanks and a half to Jeb Brien, Tommy Mottola, and the entire crew for taking such wonderful care of us in Miami. I'll never forget it and I'll see you all in Philly...So, we're finally allowed to play the Jagger album. I like it a great deal. We've chosen to deal immediately with 'Lonely At The Top' and 'Running Out Of Luck', which I think has the most terrific grooves. It's a great party album, but what would you expect from Mick?...Philly's favorite artist Phil Collins has given us an album to deal with for at least six months. There's 'Who Said I Would' and 'Inside Out' and, thanks to imports, a whole host more. It seems the man just can't do anything wrong!...Happiness is having a Program Director in the flesh for a music meeting...Lastly but not leastly, I'd like to thank Mr. Biff Kennedy (local guy extraordinare) for all all his help with Survivor and REO last Tuesday above and beyond the call of duty."

ICKO, MIAMI, FL M.D.-JEAN CASHMAN: "Thank-you's to Twisted Sister and Steve Jones of Atlantic for promoting K102 at the show. Dee and family are very special to us...Why is it everytime someone from Capitol Records comes to town I get crazy? Thanks, Jordan, for Iron Maiden and so much f-u-n!...And to Shirley of RCA for Hall & Oates...Simple Minds and Robin George are #1 phones at K102...Next week will be my last week for reporting--on to bigger and better!"

WYFE, ROCKFORD, IL M.D.-FRED BRENNAN: "I think it would be nice if the Trades would reciprocate with radio on the issue of a Tuesday music deadline! If we get our reports in earlier, I think the Trades might make an effort to get that issue out early, if the following Monday is an observed holiday. Yesterday was President's Day and, as of phoning in this report, we still haven't received any of our Trades. Now, I don't need the Trades, like I need training wheels on my Honda express, but it would be of some help!"

WDHA, NORTH JERSEY, NJ M.D.-MARK CHERNOFF: "Had some great visitors last week including Donnie Iris and Elliot Easton. While Donnie was out we celebrated a live birthday of our afternoon jock. We had a cake for him with candles that didn't blow out! After the cake almost caught on fire, we finally got the candles out and everyone enjoyed the cake! Thanks to Willis Damalt for bringing Donnie out. Also, thanks to Larry Braverman for getting Elliot up and out to DHA in the morning!...The Firm Lp moves to Top 10 and quite a buzz about their May appearance at the Meadowlands...Aside from the obvious Jagger, Collins, and Parsons Lps, I'm really enjoying Joan Armatrading's 'Temptation' and Michael Bolton's 'Everybody's Crazy'!"

WBLM, LEWISTON/PORTLAND, ME M.D.-TOM WALLACE: "It's no surprise that the Mick Jagger Lp is loaded with fabulous stuff! Our early favorites are 'Lonely At The Top', the funky and humorous title cut and the subdued 'Hard Woman'...Phil Collins also came through this past week with a deep Lp, 'Sussudio' and 'Don't Lose My Number' provide a nice balance for 'One More Night'...Joan Armatrading has a substantial following up here in Maine so we went with the new one this week. 'Temptation' is indeed a tasty nugget with some fine horn work...Greg Kihn's 'Lucky' gets a shot. Now that I've heard it a few times, it's really begun to sink in. Good stuff!... Big sales in these parts for John Fogerty, Pat Benatar, REO Speedwagon and The Firm...Speaking of the Speedwagon, they put on a sold-out show in Portland on Valentine's Day with Survivor...We had a contest in which listeners made Valentine cards for the bands and the station. The creators of the best card got dinner, limousined to and from the show, and a chance to present their Valentine to both bands backstage. Thanks to Lenny Collins from Epic for co-ordinating the event, and to the bands for being so-o-o nice!"

RADIO ACTION CONTINUED

KESI, SAN ANTONIO, TX P.D./M.D.-BOB LINDEN: "Todd has always been a hero of mine --I even named my dog Runt -- and you can only imagine how trilled I am to receive a fun album like this from Utopia. Requests are starting to build and the sound is perfect for our upper demos."

WRKI, BRIDGEPORT, CT M.D.-MARK DEVINE: "As spring approaches all too slowly, we here on the album rock side have some big albums to sink into. The Jagger album continues in the same vein as the single -- quality up and down the line...The same goes for the Phil Collins album, but we already knew that since he can't do anything wrong these days. If Phil decided to do a duet with Jack Lord it would break Jack Lord's AOR... We also added Los Lobos this week - the kind of record you root for as a music lover."

WAAF, WORCESTER, MA M.D.-RUSS MOTTLA: "We've been having lots of fun with Mick Jagger's new album the past couple of days -- it's a great, streetwise, album that rocks plenty. In time, I think 'Lonely At The Top' and 'Half A Loaf' will be standout tracks, but for now, our listeners want to hear the whole thing...One of the great missed songs of all time is back and I'm excited to have the opportunity to really do it up this time. 'Change' by John Waite from the newly re-released 'Ignition' Lp is a mid-tempo powerhouse. Let's claim this one before CHR kicks in. My vote for best second track is 'Wild Life'. It could be an AOR smash... Dio's 'Hungry For Heaven' has the potential to break out of the metal bin and become a great crossover record."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Metal mania is undeniably with us. Witness the fact that three-quarters of the groups sell amazingly well without much benefit of air exposure. The same cannot be said for too many other segments of the music scene. I'd like to draw your attention to some metal that is rearing its not so incredibly ugly head these days. How about straight—ahead, good old Japanese rockers? Loudness gets down with the best of them but comes out way ahead. Lots of energy and metal that moves, rather than getting totally bogged down in the 'louder than loud' theory. 'Crazy Nights' is just a good rocker...The same can be said for Autograph's new entry 'My Girlfriend's Boyfriend Isn't Me'. We still get tremendous phones for 'Turn L'p The Radio' which was never touted as the radio anthem it should have been. Tom Petty couldn't have given us a better song title...What more can be said beyond WPDH except Accept. 'Midnight Mover' is a great street song. Crank up the stereo, roll down the windows and let'er rip...More new entries this week from Jagger and Collins. From Mick we're going with 'Lonely At The Top' and our choice of Philfullment is 'Don't Lose My Number'. Both are just downright ear pleasers...Thanks to Jay Miggins for the Mick Jagger preview party in Poughkeepsie Sunday night. About 500 people got the advance treat and we loved it."

WBRU, PROVIDENCE, RI M.D.-AMANDA TEPPER: "Eric Clapton is back in shape! 'Forever Man' could have been on '461 Ocean Boulevard' or even with the 'Dominoes' if they had 1985 level production. He should win over a whole new generation of fans with this tune. Strong bass, hot licks, and that patented bluesy rock. Yea!!!...The mega star that's saturating our airwaves at present is Phil Collins. His music is clearly mellowing with his age, though 'Doesn't Anybody Stay Together Anymore?' could be an AOR standard, especially for all the upper demos hitting their mid life crisis about now! The jock's fave is 'Man With A Horn', while the listeners made the single the third most-requested-song this week...Digney, whatever that name is, makes you wait for the hook a bit, but then they deliver. The song is getting an out-of-the-box positive response from our listeners, which is rare. Could be the driving beat or maybe they just like saying that name over the phone! It's a song with real punch...Likewise, the new Joan Armatrading. The horns and acoustic guitar are a nice combo and her voice is as warm and smooth as ever. We'd like to see her have a h-i-t...And Van Morrison continues to do well for us. He's getting those upper demos to call in and request, a rare event indeed...I don't want to add to all the hype about Mick Jagger's latest, but we're four cuts deep already and they are four good cuts! Most albums these days don't have much beyond the single. It's good to have a record that fits the idea behind album oriented radio!"

KFMQ, LINCOLN, NB M.D.-MATT EFFKEN: "ADDS: Simple Minds 'You', Bruce Springsteen 'Fire', Triumph 'Follow', Mick Jagger 'Loose', Phil Collins 'Only'...CONSIDERING: None...MOST REQUESTED: LRB, Mick Jagger, David Bowie, David Lee Roth, Simple Minds...INCREASED PLAY: The Firm, Mick Jagger, Phil Collins, Bowie/Metheny, Alan Parsons, Cars...INCREASED SALES: John Fogerty, REO Speedwagon, Beverly Hills Cop soundtrack, Foreigner, Bryan Adams."

WFAL, BOWLING GREEN, OH M.D.-LISA BRAUN: "ADDS: Elliot Easton 'Like', John Parr 'Magical', Chicago 'Along'...

CONSIDERING: Keel, Widow, Stranglers...MOST REQUESTED: Journey, Mick Jagger, Bryan Adams, The Firm...INCREASED

'Like A Wheel', steers away from the Cars' sound. It doesn't loose its driving ability...Thanks to Dave Scharff
from Atco and The Roz for their help."

WOBK, ALBANY, NY P.D.-JOHN COOPER: "Phil Collins continues to deliver one great album after another. I was on the threshold of a Phil Collins overdose, but 'No Jacket Required' is so much better than most of the records out there. A highlight is the last cut on side two, 'Take Me Home', with Peter Gabriel, Sting, and Helen Terry on vocals...You want upper demos? You want Alan Parsons' 'Vulture Culture'. Try 'Separate Lives' (yuppies know all about them) and 'Let's Talk About Me'--and great phones are a guarantee...Mick Jagger's new Lp is a scorcher. Jeff Beck's playing is the best in years, and we're diving 6 cuts deep 'cause the boss said so...Joan Armatrading has long been an area favorite. Her new song 'Temptation' is an immediate add and is getting instant phone response...Which brings to mind that there are some wonderful records out that should not go unnoticed by Linda Thompson and Sade. Sade is class all the way...Overdue thanks to Joe Ianello, Jay Miggins, and Paul Yeskel."...

M.D.-PEGGY APPLE: "Simple Minds is a Top 5 request and will be a smash...Also, Go West is a winner...Looking forward to the new Parsons and Joan Armatrading albums."

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE: "If the rest of the year's releases stack up with the most recent arrivals, we could have us a real picnic...The Jagger record is H-O-T--and how could it be anything else with that cast of musical luminaries? Jeff Beck is screamin' and the funk is on so tight! The tape of the album actually propelled my car down the street!...Michael Bolton got himself a B-I-G sound this time around. Certainly big enough to keep our listeners' radios booming...We had a good run last time with Coney Hatch and 'Fantasy' fits in that same groove of tight, melodic rock 'n roll...The Fixx get another shot... We're joining George Thorogood so he 'don't have to drink alone no mo'...And Citizen Kane says O.K. for Citizen Kihn...Now if you didn't get John Waite's 'Ignition' the first time around, by all means go for it now. It's become a staple of our library and you couldn't ask for more from a record. It sounds good, females dig my seat. The soundtrack also happens to be a fine Pat Metheny album...Good calls on Alan Parsons Project and LRB...Robin George has started to grab the audience. It could turn into a stranglehold...Heavy At Home:

NECN. LONG ISLAND. NY M.D. -10HN GRAPPONE. "I could contain the stranglehold...Heavy At Home: WCMF.

WRCN, LONG ISLAND, NY M.D.-JQHN GRAPPONE: "I could go on and ramble about how good the Jagger, Collins, The Firm and Alan Parsons Project albums are, but I know that's something we've all heard already...Let me mention some of the newer things I've been listening to that have really impressed me. In the kick-ass heavy metal category, I have to alert you to a band called Tokyo Blade. Do not ignore this record! It's polished, slick and it screams...If you remember Crack The Sky, you may remember the name John Palumbo. 'Blowing Up Detroit' caught my ears after the 2nd or 3rd listen and I finally made room for it. It's worthy of your airplay!... Greg Kihn's 'Lucky' has me anxiously awaiting the album...I've always said I'm attracted to unusual names for bands, hence Lloyd Cole And The Commotions. Listen to the record and I know you'll find it very likeable...The Grappone best-looking-record-of-the-week-award goes to the Alan Parsons Project picture disc... As for the album jacket--who are the girls posing with Jagger, or is one actually him?"

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "The week belongs to Ole Blue Lips--It's hard to say what the next single should be. 'Lucky In Love' stands out, but I'll put my money on 'Secrets'. Honey, can you hear the h-i-t a knockin'? Definitely!...A Duck-pick-to-click this week comes from Alison Moyet 'Invisible'. Alf has great pipes. If you ignored Yaz, think again about Alison. We've been playing 'Invisible' as an import for some time now...THE BLASTERS! THE BLASTERS! THE BLASTERS! Here's a song AOR can champion. Besides being written by John Cougar, we are staring at a HIT! I love these guys--go see them live!..Remix of the year comes from Alphaville 'Forever Young'. It's been out as an import for four months now. I don't think we would've played the album version, but the remix is the difference between the heavy add and a non add..Duck faves-this-week are: 'The Book Of Love', 'Boy'--Tears For Fears 'Shout' import--Go West 'We Close Our Eyes', and Howard Jones 'Things Can Only Get Better'--his new import single. It is also far my fave new song of 1985!"

WPYX, ALBANY, NY M.D.-ANDI TURCO: "Talk about the guy with the Midas touch--Phil Collins does it again! thing he touches turns to gold, or should I say platinum. Anyway you look at it, it's a s-m-a-s-h! The hard part is trying to choose what song to play...Then of course this is the week of heavy hitters with a new Jagger Lp to deal with as well...<u>Top 5 phones this week</u>: Santana, The Firm, Phil Collins, Autograph and Fogerty...Not that anyone will, but if you're looking for me this week of February 25th I will be on vacation. You can bug Bob Welch instead--he loves it. Aloha!"

Bob Welch instead--he loves it. Aloha!"

WEZX, SCRANTON, PA DAVE WEEKS: "First of all, congratulations to Dave London, who has been promoted from the Assistant Program Director and Promotions Director up to Program Director...Shawn Waters, former Program Director, has been similarily promoted by Shamrock to their new facility in Tulsa, OK. We'd like to wish Shawn good luck and we know we'll be seeing him very often at Shamrock headquarters here in Scranton...Moving to lighter news: The Firm is definitely 'Radioactive' here in Northeastern Pennsylvania. 'Radioactive' is the #1 request here for the second straight week, and The Firm's album debuted at #9 on our record sales survey. We're glad to see a touch of Todd on The Tubes. 'Piece By Piece' is a great song and we're looking forward to playing it to death...If it's 'Lonely At The Top', we hope Mick Jagger is prepared--he'll be there awhile...No muss, no fuss, no sweat! Love the new Donnie Iris--another great add this week...Want to thank Elliot Easton of The Cars for calling us last week to promote his new album, 'Change No Change'. We're in the process of wearing down the album right now...The phones have been hungry for Dio for a long time. The 'Vision Quest' track is a natch...We also want to mention a great new Greg Kihn song. He's 'Lucky', and so are we. So, where's the album, anyway, Greg?"

WKOO. LEXINGTON. KY M.D.-ROB ELLIS: "Added a couple of tunes from the Mick Jagger Lp. Check out the title cut

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "Added a couple of tunes from the Mick Jagger Lp. Check out the title cut along with 'Lonely At The Top'...'Only You Know And I Know'--that Phil Collins has another winner here! Super sounds from the Phoenix Horns...I felt that Go West would have a big first week and sure enough, it did very well! If you haven't listened yet, do! You'll l-o-v-e it!...I just got back from a short but eventful vacation in, where else, but Cleveland, OH. While I was there I heard Simple Minds all over the place. The more I heard it, the more I liked it, so I added it this week. This is the kind of song that really grows on Check out the title cut

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "What a week to come back from vacation! Phil and Mick on my desk! It's been a long time since we've been able to play every track on a record because they were all that good—mith Michael Bolton this week. Finally someone has put on vinyl a belief I've had all my life—'Everybody's Crazy'. Bravo, Mike! (Cute flip side too!) ... I was glad to hear that the emphasis on the Utopia album has been switched to 'Mated'. It really has the best crossover potential!"

IPLR, NEW HAVEN, CT P.D.-NEIL MIRSKY: "Last night I saw the Eurogliders in concert and, in a lot of ways, it reminded me of the first time I saw U2 in a club. Although not as intense, they were great in a subtle way! The material is very strong, the harmonies beautiful, and lead singer Grace Knight is mesmerizing! Do yourself a favor and don't miss the Eurogliders when they come through your market." WPLR, NEW HAVEN reminded me of

a favor and don't miss the Eurogliders when they come through your market."

WIOT, TOLEDO, OH M.D.-THE ROZ: "Between Phil, Mick, Foreigner, Bryan Adams, and Don Henley, our playlist sounds like gold. Some new product is getting obscured, but still some others are shining through...John Parr's 'Magical'--after just a couple of weeks on-the-air, is becoming as addictive as 'Naughty Naughty' was. I'll be surprised if this doesn't sell!...Elliot Easton has to be heard on-the-air a few times to be appreciated and request item, based purely on the quality of the music. It debuts in sales at #5...Considering: Autograph's getting reaction like 'Turn Up The Radio' did...Wang Chung's song on the 'Breakfast Club' soundtrack did great last week, as well as Denise George from A&M...Io all promotion people: We do appreciate visits and the food!! '85, in three weeks. (That includes your fanny, Mr. Bill!)!"

What a classic! What memories! 'Loverman' and 'No Other Girl' are also favorites you won't want to keep on the shelf too long...We also plan to get to know Alison Moyet, Donnie Iris and The Blasters even more...Once again, Maro thanks all her wonderful friends in the industry and a Chicago boy is glad to be back with you as the season approaches!"

'Blind Eyes', 'Cathedral', and 'Relentless' all support the promise of the single. This is a band that has changed its image and done a fine job of grabbing the ears of album radio"...FROM THE DESK OF MERCY HAWKES: "Lloyd Cole And The Commotions are causing a stir here with 'Perfect Skin' and 'Rattlesnakes' striking first. JOE TRELIN, RADIO INTERNATIONAL (212-696-2350): "International Departments take note. Recently Rock Over London became a truly international radio program with the addition of networks in Canada, Southeast Asia, Asia, Europe, and the Middle East. In celebration of our worldwide success, we're sending two American listeners on a Greek cruise/vacation next month. Just a way to thank you and your listeners for your support... In the words of Karl Malden, 'Rock Over London--don't leave home without it'."

GARY KRANTZ, MJI BROADCASTING (212-245-5010): "Rock Quiz boasts two new rock radio institutions to its ever growing affiliate list. WAQX, Syracuse, and WKDF, Nashville...Upcoming on Metal Shop a special show devoted to Iron Maiden. And in the coming weeks, Dee Snider and a true father of heavy (and I mean heavy) metal—Leslie West...Great having Neil Mirsky back in the Northeast...See most of you in LA for the Rockers Convention."

The new Smiths album is going to be around for a long time. More irresistible pop sounds from Morrissey And Company. The staff fave is 'Headmaster Ritual', but you'll probably have your own favorite...Also I sat down and listened to Mick Jagger's solo project and, believe me, there are better songs on the album than the first single...Cover version of the year: Maximum America's rave-up of the Cowsills 'The Rain, The Park And Other Things'...Vocal hook of the year: Richard Thompson's 'You Don't Say'. You'll find yourself singing along too...Bin phone awand: Murray Head and Simple Minds. They haven't stopped calling on either one... I also want to add that Rowdy Roddy Piper is the finest example of athletic prowess in America and I'm appalled at all of the flack he's taking from the rock industry. He deserves to be the World Wrestling Federation Champion — and he will be in due time...And hats off to MTV for a hilarious Monday evening. I laughed all the way through 'The War To Settle The Score' last night, but I'd still like to see Dee Snider square off against Piper once in the ring. Stay tuned."

JAY HART, ELEKTRA (312-595-6000): "Is it my turn again? Who said Elektra wasn't an equal opportunity FMQB reporter?...On with the show: Dokken, now on their way to striking gold (Tooth & Nail' Lp over 300,000), will come with 'Alone Again' as their next single and emphasis track. It's a great power ballad and stations such as KLOS, WLLZ, WRIF, WQFM, WCCC, and KILO have already found this cut to be a proven winner. Don't wait on the 12"--IT'S THE 4TH CUT ON SIDE 2...While Elliot Easton is keeping up with a band of heavy hitters for his scheduled May tour, his debut Lp continues to lock up the airplay. The single 'Like A Wheel' is obviously way out front in airplay. But you better check out the depth of this album, as 3 or 4 other tracks are starting to surface as strong airplay contenders. 'Help Me', 'Change', 'Shayla', and 'Fight My Way To Love' are a few of the additional tracks already being mentioned from Elliot's 'Change No Change' Lp...The Cars keep rolling with 'Breakaway' and 'Why Can't I Have You'. (And we thought the days of double-sided hit singles were a thing of the past.) This sounds like a perfect spin for 'Two For Tuesday'.. Elektra will be giving out special programming awards for all those programmers and music directors seen at Metallica concerts. In addition, you'll be enshrined and made an automatic member of the FCC's Programming Hall Of Fame if ya play Metallica's 'Fade To Black'. Something to think about??...GOOD things to come from Elektra include the Yello Lp, 'Stellar'. In addition to the single, 'Vicious Games, check out the excellent AOR track, 'Desire'....Already rolling on MTV, is the 'Debut' Lp by the band Zot. 'Uranium' is the featured track...Howard Jones is back with a new single on March 4th entitled 'Things Can Only Get Better'. Things are definitely getting better for this guy. Check him out on the Grammy Awards on February 26th. You'll be jamming with three other kings of the keyboard: Stevie Wonder, Thomas Dolby, and Herbie Hancock...That's it for now. Off to the Chicago S

Michael Jordan Show. Stay tuned next week for Ray (Stretch) Gmeiner."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Mick Jagger--Isn't it great when the pros deliver!!! I don't think anyone can listen to this without tapping their feet! The lyrics are the best, the playing is masterful to say the least, and the production is state of the art. Want more? - How about those vocals?!! No one in rock and roll can deliver lines like Mick. He's on top of his game and 1985 will be the Stone's biggest year yet. When this energy mixes with Keith (my hero), the greatest rock and roll guitar player in the world today, and Charlie (the clock) Watts, along with Woody (the best), and Bill (the quiet one) Mymann--Look the f--k out! P.S.:

This was the week of number ones--read our ad...In one of the industry's biggest airplay addition weeks ever, Michael Bolton delivered close to thirty call letters on his new 12" 'Everybody's Crazy' and a lot of those who added it were heavyweights. Michael Bolton promises to be one of the new superstars of 1985--check it out, get on this rocket ship--it's going to the moon...Now, Digneyfied! Dignacious! Dig it--deep! Whatever you want to call him, our man Digney Fignus, has a h-i-t record. Call Boston and surrounding areas for proof--one or two listens to this thing and you're hooked for life!...And, get ready for Alison Moyet. We know there's a lot of talk on the street out there for this one, and boy are we glad cause we think she's major! 'Invisible' is the 12" and the Lp is d-e-e-p!...lastly, I would like to mention a couple of records that aren't ours but have really caught my ear. First is the Robin George. I know a lot of you are already plugged into this one but some are still discovering it. The call-out is strong as are the phones...I love the Coney Hatch (I see I've already been in print for this one)... And lastly, one that just flattened me--Katrina And The Waves--You must hear this--talk about star potential! Good luck! Buddy Bear...P.P.S.: Do I love ZZ Top or what? Well, if there

MICHAEL PLEN, I.R.S. (212-980-6699): "This week you'll have the new General Public single 'Never You Done of That' from the almost gold album 'All The Rage'. It's one you won't want to miss...We're still working Let's Active New Church record called 'Method To Our Madness'."

LINDA KIRISHJIAN, COLMMBIA (212-975-1701): "There are certain times in this business when what you do for a living and what is reality come together and create a spark! This past week was Mick Jagger week! The record debuted at #1 with one hundred percent of the album stations joined together in a unanimous vote for one of their rock heroes who has managed to help create an era--preserve it, enhance it, and share it with its posterity. This is'a labor of love and a sign of true genius. Mick is a master of his craft! To top that off this week, as we're revelling in the office about #1 status, some more magic happens. Our assistant, Robin, and I are in Paul's office getting some business taken care of. Carolyn Joynes, Ray Anderson's assistant nonchalantly strolls in and says 'Mick Jagger's on the phone from Paris'--I go wild! Robin is on the floor in a partially dead faint saying, 'I, answer the phone every single minute. The first time I'm away, it's Mick Jagger!' People come rushing in from within earshot at the sound of his name and Rap sits there and looks at the phone. What followed was a true moment shared by a real artist and a real promotion man. Both 1-o-v-e their work, both are dedicated and both know the true meaning of 'why' we all do what we do for a living. On behalf of the best promotion team in the Universe, Mick--we thank you for knowing. You're the boss!"

behalf of the best promotion team in the Universe, Mick--we thank you for knowing. You're the boss!"

MICHAEL CAPLAN, EPIC (212-975-5687): "Sometime during this week your collective ears will be treated to an aural surprise. February 25th marks the day that Mountain returns to the AOR airwaves. Leslie West And Company, along with such other luminaries as Deep Purple, Led Zeppelin and Cream defined the genre we came to know as hard rock. From this music, of course, metal evolved (or de-evolved depending upon your orientation). Groups like Mountain formed the nexus on which AOR radio originated and subsequently flourished. They are part of the collective heritage on which we now all make a living. You owe it to Mountain, just as you did to Beep Purple to play this record and play it to death. Leslie's voice and guitar have never sounded better. Corky Laing has never kicked the shit out of his traps as hard as this before. Mark Clarke, (ex-Uriah Heep, and Jon Hiseman's Tempest) adds youth and exuberance in his role as new bass player. (Let's face it...Felix's shoes are hard to fill.) Pete Solley has likewise done a fine job in capturing the essence of what is Mountain in his production efforts. Take this Lp and walk it straight into the studio. Cue cut 1, side 1, 'Hard Times' with special guest Ian Hunter on synthesizer, and begin pounding the shit out of what will prove to be the comeback Lp of the year! Anybody interested in obtaining a phoner or ID's with Leslie West, please call me at the above number. Thank you."

A phoner or ID's with Leslie West, please call me at the above number. Thank you."

KEVIN SUTTER, CHRYSALIS. (212-758-3555): "Big news at Chrysalis -- Pat Benatar gave birth to a baby girl 10 AM, Saturday, February 16th. Mer name is Haley and she weighed in at 81b 1 oz. Mother and daughter are doing just fine thank you..... How do you follow up news like that? Well, you do it by talking about the hits. Go West 'We Close Our Eyes' did great this week, and I've got to say between Kid Leo's and Dave Shedlock's (WYDD) comments, I think the rest of you at album radio should get hip!...John Waite's 'Change' sure came on strong. Boy, you know it's funny because this is a very unusual situation. Most of you told me you were playing the record in a recurrent situation, then I put this thought to you. What record could still be recurrent after two years? I think it's pretty neat that I'm asking you to deal with a record that has withstood the TEST of TIME and has current drawing power. So why not add it to the currents, because I don't think you've got another record you're looking at that has this strong a track record. Imagine, I'm asking you to report a record you're already playing...Boy, the Armored Saint story keeps getting bringing them through Texas and further west as we speak. I'm telling you it may not be now or next, but it's going to happen and you will end up playing 'Take A Turn'...Now some NEWS for you'SPORTS'fans Due to outrageous concert and album radio support for the Huey Lewis cut'Bad Is Bad', we have pressed up a 12" for radio which will arrive at radio right now. The video is being released on February 27. More on the

ANDY ALLEN, RCA (212-930-4518): "I'm foaming at the mouth in anticipation of guitar greats Clapton and Beck...Ah...Spring training. I love this time of year...Autograph's 'Girlfriend's Boyfriend' sounded fine on the Lp - but sounds better on the 12".Let CHR play the burned side of 'Radio' - Jump on 'My Girlfriend's Boyfriend' NOW!...Gary 0' 'Shades of 45' is rocketing up the charts. This is a solid adult rocker. If MTV is down to one metal track an hour and album radio is pulling away from unknown metal -- where does this large active audience go to hear their music? This is an instant audience reaction, guaranteed smash, coming February 28th... Our 'Follow Your Heart' single from Iriumph's hot Lp, 'Thunder Seven', is blasting up the airplay and sales charts. The ABC live broadcast coming March 8 will be in virtually every city. Triumph is a hot rotation must...Giuffria, just completing their Deep Purple tour, jumps on the Foreigner tour, March 9. 'Do Me Right' is a great programming cut on this album. 'Lonely In Love' will be a future smash, I promise...Out now is The Fixx single and 12" of 'Less Cities More Moving People', It is expanding the airplay base on this hot track and single...Stone Fury and their 'Life Is Too Lonely' track is soon to be a hit single and continues to gain station support...Check your market sales on Bronski Beat's 'Smalltown Boy' and decide for yourself if the 'Age Of Consent' Lp's time has come...Major support building for our Warrior with the hottest rockers leading the pack...The Angel City tour begins in the city of Los Angeles. I just wanted to express what a thrill it is to work for the company that represents the name stay of every AOR playlist throughout the country - Atlantic Records. Phil Collins and Foreigner are giving you the ratings and us the sales. Say hallelujah. In the past year two projects known as Ratt and Twisted Sister were DANNY BUCH, ATLANTIC broken by AOR radio and are both past double platinum.—Honeydrippers are a household word.— The Firm has broken wide open.—'Magical' is now establishing John Parr as more than a one-cut phenomenon.—Julian Lenno broken wide open.--'Magical' is now establishing John Parr as more than a one-cut phenomenon.--Julian Lennon is rapidly becoming a core artist. Atlantic has proven it backs its words with results...Now, just out on your desks are two pieces of vinyl on the Atlantic label. Streets 'Don't Look Back' 12" -- AOR supported their debut Lp last year. Their stunning second album ships in two weeks...And-- Fiona's debut Lp for Atlantic. To say there's a buzz on the record would be understating the issue. This girl is guaranteed for future stardom. Guaranteed! We've got credibility on our side."

Favorites include the title track, 'Breakin' Out', 'Hunger', and many more. King Kobra will be hitting the road in mid-March...Also leaving for clubs and arenas in your area is the Spanos Band. The 'Looks Like Trouble' album is not only performing like a champion at radio, but retail is telling us we have a winner... And the LRB 'Playing To Win' tour begins in California, Texas, and the Southeast starting March 29th...Please get your requests in for personalized ID's from these three wonderful bands before they hit the road -'cause there's no telling when they'll stop. Until they get to where you are, all are on MTV in your town now."

MICHAEL SCHNAPP, IMPORTANT (718-995-9200): "I'm singing the blues, Blue Cheer that is. 'The Beast Is Back' and breaking with seven adds this week and more coming. WNEW is playing 'Nightmares', WLLZ is playing 'Babylon', and WDHA is on 'Summertime Blues'. WBAB is on it next week. Blue Cheer is pulling mega phones, 80% positive at WIYY and 100% positive at WLLZ. Let's hear some more flashback stories about Blue Cheer. They're great...TKO is still a contender and the West Coast is just starting to break. Look for the new 12" single this week on your desk...Toyko Blade added by WRCN this week is a band not to be ignored. 'Someone To Love' is catchy and deserves some time spent with it...If you need service on any Lp or cassette, please call, I love to talk. Any talkers on the West Coast, call Jeff Neben at Important West 213-643-9783. He loves to listen. Hi, Jeff...I'm looking forward to February 22nd's live simulcast at WLLZ with TKO. Lee and Doug, look out, I'm coming to town...To John Grappone at WRCN: Nice eating with you. How's the reflux!...STAY IMPORTANT."

RICK WINWARD, ENIGMA (213-328-9407): "Now that FBI has begun booking Stryper, another Texas date in Houston has been added to their late February tour. Lubbock and Lufkin are also clamoring for shows as ticket sales in Corpus Christi approach that venue's 6,000 seat capacity. Other Texas related band info.: ABC Radio News is sending Mark Sherer from N.Y. to San Antonio to report on the success of Stryper among non-Christian heavy metalers. Entertainment Tonight will soon be airing their Stryper feature nationally. Amazingly, the Hastings record Store in Lubbock reports that Stryper is selling in their Top 10 with KFMX not even programming the record yet. What's this buzz all about? GOOD MUSIC! There were many Christian bands over the years who have aspired to AOR success, but few have had much more than their unique orientation. Stryper are breaking big lyrics mixed in with their Ozzy just doesn't hold. The proof is the success that Stryper has achieved when played in regular rotation at KISS, KNCN, WRZK, and KDEY. Please open your minds and ears!...Meanwhile, EMI great push. This reservicing should suggest the renewed commitment Enigma/EMI have made to these street tough NYC rockers. A Time Magazine Top 10 Album Of The Year pick is among the band's growing credentials. Rock to see GAVIN writing about the new Jet Blackberries Lp. 'Shakin' All Over' was our pick hit and theirs. Like 'Get Tough', 'Shakin' epitomizes the roots-rock resurgence in 80's American music."

INTERVIEWS

DAVID LEE ROTH: 'My first starring role on stage, I was Mr.
Bookworm when I was nine years old. That was the class play. I

say, 'well, here's Oz - let's see what's behind the cover now',
and I'd open it up and these little freaky types would dance
out...all the characters of Oz and I'd go look what we have here,
and I'm still doing the same thing." and I'm still doing the same thing."

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
