Hard Choices

HUEY LEWIS & THE NEWS. "THE POWER OF LOVE".

LHRYSALIS... Anybody can have a hit.p The lucky ones
get a couple. But for the real heavyweights, the
short just keep on coming. When the label on his last
went top 10, Huey became a bona fide Human Hook--so,
take a tip from the sports pages and bet big when this
prince of pop steps in the wind.

YET. "SIMMERTINE GIRLS", ASM. ... I've always liked this guy's Hauaresque vocals--and, as the tiporcets say, it's just been a matter of time 'til YET tied into the right track. Now these Bay Area Bombers say hello to Hitsville with one hellows car song. Grank the tape while you drive at least 55--and sing your soat belt off.

STING, "THE DREAM OF THE BLUE TURTLES", ARM...

When you get right down to it. Sting and Bruce cochair the Cool Guy Club. His success comes from
personality and immense individual talent—with no
cultural ass kissing—and he hasn't faded one lots
under the intense media spotlight... You know about
the single—strong at #1, and from his sophisticated
and Jazzy Lp we recommend "Lave is The Seventh Wave",
"Shadows In The Rain", "Crusade" and "Black Seam".

CARLY SIMON. "TIRED OF BEING BLONDE", EPIC...
Carly's still the high priestess of yupple ennul
and, as expected, she shines at articulating the
female point of view. She's a natural for this
Larry Raspherry sing, complemented by unexpectedly
oped dynamics courtesy of pit bosses G. E. Smith and
T-Bone Wolk.

EURYTHMICS, "BALL AND CHAIN", RCA., Boes an act have to invite you guys over for tea to get that second track on the radio, or what? We highlighted this one in the album pick, and now that you've all gone out to dinner with Annie, and received your signed, naturally thank you note from Dave-take a tip from the Chain and get on the ball.

Gowan

- * Platinum Album and Gold Single in Canada
- * Sony Award winning video for "A Criminal Mind"
- * On tour in America with Tears For Fears
- * American Programmers begin to take notice

Bob Kranes, WBCN: "On the Canadian scene, we have Gowan. It's pretty hard to take one's word on this act, but once you see them you'll be hooked. 'Strange Animal' is the cut that's doing well for us in Boston. Gowan is an exciting performer who looks like Bono and handles the stage as smoothly as anyone I've every seen."

Ron Diaz, WYNF: "I didn't know what to expect but by the end of Gowan's set, I was convinced that he will be a superstar. Very theatrical and almost Gabriel-esque in his performance which created a feverpitch in the audience."

Chain Reaction

- SIMON TOWNSHEND, "BARRIERS". 21/POLYGRAM... WIOT'S Rick Van Gil comments, "Breaking down the barriers of having a brother like Peter can't be an easy task, but the more I listen to Simon the more impressed I am. WKQQ'S Rob Ellis reacted "Surprisingly strong"...KZOK'S Larry Sharp said, "Nice--I'm impressed"...and from WRDU'S Bob Walton, "I'd love to see it happen"...Early believers include WHJY, KPCO, WEZX, WHTG and three others... Also check out "Meet You."
- TAXXI, "STILL IN LOVE WITH YOU", MCA...Out about a minute and already on WLLZ, WNEW, KOME, KATT, KLPX and five more...Inessa York, KGON, feels, "Taxxi is sounding as good as they ever have and better with the neat little hook on "Still In Love"...WKQQ's Rob Ellis adds, "'Still In Love' is the surprise of the week. - SUZANNE VEGA. "NARLENE ON THE WALL". A&M... Sure, critical acclaim is wonderful but, as they say in South Philly, it don't pay the bills. However, in her case--we're talking equal parts class and commercial potential...KLAQ's Pepe Lopex sez, "Could be a surprise smash"...Bob Kranes calls it "Poignant, exciting, refreshing"...KBCO's Doug Clifton cites "Good adult appeal"...From WHFS' Bob Showacre, "Absolutely great"...WQBK's Peggy Apple agrees, "Cool, light, refreshing"...and KAZY's Zak Phillips expects "Major success"...And from WBLM's Tom Wallace, "Suzanne's album has been enjoying heavy rotation at home lately and it feels great to be on the air with the remix. She has limitless potential"...

 TEXTONICO "MYDDIGHT AND COUNTY TO COUNTY
- TEXTONES, "MIDNIGHT MISSION", GOLD MOUNTAIN/A&M,...The add tempo picks up with 9--including WDHA, KSRR, KMET, KRIX, and KROQ--and with 32 now playing and WCCC increasing, they've got an 87-79 primer... Karen A. Small, WGIR, says, "The addition of Don Henley and the new mix does wonders for the song. It's good to have a socially conscious record around right now"...WOOJ's Charlie Keen adds, "I'm floored by 'Midnight Mission'. Highly reminiscent of the Eagles meets the Pretenders."
- KATRINA AND THE WAVES. "RED WINE AND WHISKEY", CAPITOL...The new 12" comes up for air at WBLM, WEZX, WRKI, KBCO, WOUR and KORX--and as the Lp holds in the low 40's, "Red Wine" debuts at #98...We're with WBLM's Tom Wallace, "I still find the Lp to be one of the most listenable records released in years. 'Red Wine' is the perfect choice for a second cut."
- PAUL HARDCASTIE "NINETEEN" CHRYSALIS, , , Media types always burn out on issues, causes and hooks long before the people do—and response to this unusual offering would seem to indicate a surprising number of the upper demos are interested and wanna hear about it... As WKQQ's Rob Ellis told us, "We put it in for a smash or trash, and the results were overwhelmingly in favor of '19'. The lyrics are the real catch"... Be topical—play it and solicit response. It's working overtime on your competition.
- GOWAN, "A STRANGE ANIMAL", COLUMBIA.... Nothing strange about the solid reaction they're getting on the Tears tour or these apres concert raves: Bob Kranes, WBCN, "Once you see them, you'll be hooked. 'Animal' is the cut that's doing well for us in Boston. Gowan is an exciting performer who looks like Bono and handles the stage as smoothly as anyone I've ever seen"...Ron Diaz, WYNF, "I didn't know what to expect, but by the end of the set I was convinced that he will be a superstar. Very theatrical and almost Gabrielesque in his performance which created a feverish pitch in the audience"...We put the Lp to the Checklist jury and got positives from: Lex Staley, WFYV, "Great potential"...Dana Jang, KOME, "Sounds like Supertramp"...Rad Messick, WDIZ, "Flenty of potential"...Bob Walton, WRDU, "Love to see it happen"...John Derringer, CILO, "What can I say?...Karen Small, WGIR, "DeBurgh's footsteps"...Also put an ear to "A Criminal Mind" and "Keep The Tension On".
- NIGHT RANGER. "7 WISHES", CAMEL/MCA... Any major ranger knows the "Street" is certified--with 47 max, and increases at WLLZ, WNEW, WPLR, KSRR, KLAQ, KICT and several more. Still #9 Most Requested and up 7-6 in airplay...But the really big question is, what's next? We took it to the Checklist and --surprise, surprise--the title track, already on KSRR, WQFM, KILO, KLPX, KISS, KOME and more gets the nod...Meanwhile, back at the album, 9-8 Nationally, 6-6 Metro.
- THE HOOTERS. "ALL YOU ZOMBIES" COLLIMPIA... Although the charts didn't change much--"Zombies" at 11, the Lp at 12 Nationally, 13-12 Metro--the calls are gangbusters, as are the play-ups with KLOL, KQRS, WNEW, KZOK, WRIF and WRCN among this week's 10 increases. 101 now playing, only one reporter decreased play, and 24 now list max rotation...From KQRS' Wally Walker, "This has been a great request item and is now beginning to test well. It makes a great exclusive for us in this market."
- SUPERTRAMP, "BROTHER WHERE YOU BOUND". ARM, , This revamped cornerstone act continues to look the part with top 5 phones at WIUE, KFYV, KMYZ, MEST, KXZL, WHTF and more. "Cannonball" rolls up another 8 play hikes (KSHE, KOME, KKCI, DC101). 4-4 on the Song Index, max status at 59, with healthy crossover activity...Meanwhile, "Better Days" inches 77-75, thanks to new air on KSJO, WWWV and KMYZ, and 24 adds to date. Now prepare for the 8:00 "Brother" edit desk-bound at this instant.
- POWER STATION. "BANG A GONG". CAPITOL...Mega-jumps from U2, Zimmie, Corey and the Men force the Station down a notch to #30--but will you look at these increases at KLOS, WIOT, WZZO, WGIR, KKCI, WMGM and WBLM--pretty impressive considering the hang time. Top 5 phones at WQMF, WCCC, WSKS, WYDD and WBLM also indicate "Gong" is still uptrending. KLBJ, KLOS, KROQ, WSKS, WYDD, WIOT, WZZO, WLIR bang away at "5", with 14 more at "4".
- JOHN CAFFERTY & THE BEAVER BROWN BAND, "TOUGH ALL OVER", SCOTTI BROS/EPIC...With a #3 single and 13 play increases, it's still growing. I'd say that most of you are a little late in moving in early on guaranteed hits to be. No risk--great sound. How easy can it get? The Checklist says "C I T Y" is radio's next choice followed by "Voice Of America's Sons". Cut down on single wear and tear with one or both.
- REO. "GOTTA FEEL MORE". EPIC...The fourth cut is always tough, and we respect the growth curve here --there's another underline 59-48--and 8 new adds is noteworthy in this traffic; especially with WNEW, WAAF, WYNF, KLPX and WNOR on the list. You wanted a rocker--so...

LIVE AID UPDATE

The blueprint for Rock's greatest hour continues to unravel as the entire planet buzzes about LIVE AID. Commenting on the July 13 international concert to benefit Ethiopia's famine victims, co-promoter Bill Graham told FMQB: "The positive obsession of Bob Geldof is reaching another level. Here's another example of the music industry rearing its positive head and showing what can be done with positive power. It seems like the negative aspect of our industry is always maximized, and the positive aspect is always minimized. Perhaps this will help give credit to those artists who continually say, 'we will support the worthy causes and the needy will help give credit to those artists who continually say, 'we will support the worthy causes and the needy causes.' Many years ago there was one incident in Altamont and it's never been forgotten. Perhaps people will now begin to realize what the positive side of our industry can do and what the results of that can be, as is being exemplified by the execution of Bob Geldof's obsession."

Despite rumors to the contrary, Graham has confirmed that the WHO will reunite for the London concert, while some artists may play both venues by hopping a transatlantic flight on the Concorde.

MTV will carry both concerts, while ABC-TV will broadcast limited portions from 8PM-11PM. The ABC Radio Network will handle the 18 hour live radio broadcast, with the right of first refusal going to ABC Young Adult Network affiliates on a non-exclusive basis. The network tells FMQB that any station planning to participate in the broadcast will be asked to make a serious commitment to educating their audience about the elimination of world The ABC Radio Network hunger, along with paying a rights fee.

Here's how the artist line-up looks as we go to press:

JFK STADIUM, PHILADELPHIA

Santana Waylon Jennings Bryan Adams Paul Simon Kris Kristofferson Boy George Simole Minds Huey Lewis & The News The Cars Billy Ocean Eric Clapton Tears For Fears Robert Plant Duran Duran Thompson Twins The Power Station Hall & Oates Neil Young Judas Priest Mick Jagger

WEMBLEY STADIUM, LONDON

Starcastle Adam Ant Howard Jones Status Ouo Boomtown Rats Nik Kershaw David Bowie Paul McCartney Sting U2 Phil Collins Alison Moyet **Ultravox** Elvis Costello Pretenders **Oueen** Dire Straits The Who Bryan Ferry Sade Spandau Ballet Paul Young Elton John

The show will alternate between Philly and London so that the 90,000 fans at JFK will be able to watch the Wembley show on giant screens. It appears that Ticketron will handle the tickets--priced at \$35 and \$50. Organizers emphasized that there will be no comp tickets, no limousines, and none of the backstage excess typically associated with a concert of this magnitude. As co-promoter Larry Magid told us, "We have to figure out how we're going to accommodate the public first. The industry people will be the last ones we contact. We're not going to ignore them, but they're the least of our problems. They will be taken care of." Two LIVE AID hotlines have been set up to handle the flood of calls for information: 215-976-7699 and 215-988-9799.

Any misconceptions concerning AOR's image should be cleared up by the format's all-out commitment to this unparalleled project. Here's how reporting stations assessed initial audience reaction to the marathon project:

TIM DRAYER, WHTF: "Presently at STARVIEW 92, we are channeling all our efforts to tie-in with this concert since the concert is in our backyard and the Ethiopia problem is in our front yard. Response has been fantastic in Central Penna. People are waiting to find out about ticket sales. It is quite clear that this concert can be looked upon as the Woodstock of the 80's."

LARS MURRAY, WBRU: "There has been lots of phone response right off-the-bat, mostly about tickets which are a bigger concern than the artist line-up. It smells like the event of the century. Anybody who doesn't at least bigger concern than the artist line-up. want to do a promotion is crazy!"

PEPE LOPEZ, KLAQ: "The buzz has been very h-o-t! The rumor about The Who reforming has been the key to their interest. And we will tie-in, if possible."

RIN RILEY, WMMR: "Well, obviously, being here in Philadelphia, it's mass hysteria! The kind of calls we've had are pure and total excitement. Most of them want to know how soon can they get tickets. Today we broadcast live from the Mayor's office the official Philadelphia Press Conference with Bill Graham, local promoter, Larry Magid and Mayor Wilson Goode. We're proud to have it in Philadelphia. How much prouder could we be? When you're in town for the concert, come to the radio station—we'll all have lunch!"

AVE KANE, WCMF: "At this point in time, calls are mostly out of curiosity. I'm left with the impression that, as of this writing, the major portion is not aware of what's going on. Obviously, we are not going to let an event of this magnitude go by with just casual mentions. We plan on tying in with an entertainment transportation facility that we've used in the past, and put together a package deal that includes tickets and transportation. We'll survey the situation and decide how much more we need to do."

DOUG PODELL, WLLZ: "Reaction was very positive and we plan to send listeners to the show and do whatever else we can. It should be an historic event, to say the least!"

DIRT ALERT!

CONGRATULATIONS TO IRON MAIDEN, coming off the road June 29th in Denver, after being on the road for nearly one year straight doing their "World Slavery" tour. Meantime, Maiden's most recent Lp, "Power Slave", is inches from Platinum. Lou O'Neill Jr. has learned that Capitol will come up with a live double-pocket (Maiden's first) in the fall. No new studio material expected until the spring of '86.

FMQB HAS LEARNED that the very capable and professional Ellen Smith is no longer with Island Records. She'll be doing some independent promotion and publicity for Marianne Faithfull and Tom ("Jersey Girl") Waits, but is ready, willing, and able to take on extra projects. To contact Miss Smith directly, call (212) 794-8736.

ATLANTIC RECORDS threw a swell private party for superstar Phil Collins after his recent SRO engagement in Los Angeles. Among the celebrities who materialized: Bobby Blotzer and Robbin Crosy of Ratt; Alan White and Jon Anderson of Yes; Sheena Easton; Jack Nicholson; Glenn Frey; Heather Locklear; Quincy Jones; Julian Lennon with guitarist Justin Clayton; Olivia Newton-John; "Miami Vice's" Michael Mann; Taylor Hackford; Stephen Bishop; Lee Ritenour; and Ahmet Ertegun.

CONGRATULATIONS TO GLENN FREY, who landed on the front end of the Tina Turner tour this summer...Watch for the former Eagle to do an outdoor show on July 4th in Chicago for radio station WLS. Right after that date he'll pick up with Tina Turner.

GET WELL SOON wishes to veteran Elektra/Asylum promotion man Larry Braverman, who's been under the weather lately.

IT WAS THE LARGEST CROWD of Stevie Ray Vaughan's career--100,000 music lovers at the Chicago Blues Festival, which he headlined...Super-publicist Charles Comer is off to Denver this week to coordinate all media for Barry Fey's First Annual Blues Festival at Red Rocks, CO. (Sir) Charles, the Liverpool-born, New York-based publicist, tells the Quarterback it's sure to be a magical night under the Denver moon since Bobby ("Blue") Bland, Albert King, and the inimitable B.B. King will all be opening for Stevie Ray Vaughan.

STEVIE RAY VAUGHAN will do a one-nighter in New York on August 10th for promoter Ron Delsener at the Pier.

WE HEAR THAT STING absolutely had the audience in Paris eating out of his hand. The concerts took place at the Theatre Mogador, a small French club. If you think Sting was hot at The Ritz in New York a few months back, that was child's play now that he and his band of jazz sidemen have had the opportunity to fine-tune that live set. Do you want to know how good Sting was at the Mogador??? Mick Jagger attended Sting's soiree no fewer than three separate nights, and Herbie Hancock materialized two nights and even jammed with the charismatic singer and actor. ...Sting is certainly in the public eye with all the recent magazine covers - including Musician Magazine, G.Q., Spin, and a blockbuster from Rolling Stone still to come.

MEMBERS OF NEW ORDER, now signed to Warners, were in New York last week for a series of press and artist interviews. The nucleus of New Order was formed in a band called Joy Division, and after that band split New Order came to the forefront. "Love Will Tear Us Apart" may be a sleeper.

ELVIS COSTELLO is in Ireland these days producing a band called the Pogues, a psychedelic group from the folk scene. They're recording in the City of Tralee.

THE BIGGEST RUMOR CIRCULATING on the grounds of Slane Castle is that the Lord of the Manor will be presenting David Bowie there in 1986. Of course, The Boss recently drew more than 100,000 of the faithful for his one-nighter at Slane. Guess what Springsteen closed the show with! - The Beatles' "Twist And Shout". The concession people had a field day. A pint of Irish beer in a plastic cup was 1 pound, 50 pence; while a bottle of the house wine - brewed by Lord Henry Mt. Charles himself - cost a cool 7 quid. In case you're fascinated by such things, Lord Henry Mt. Charles' father is the Marquis of Connyingham and is presently living in self-imposed exile on the Isle of Man.

CONGRATULATIONS TO VETERAN ROCK 'N' ROLLER LESLIE WEST of the recently rejuvenated band - Mountain. Leslie has been signed to a dramatic role in an upcoming film called "The Money Pit", in which he portrays a very rich rock star. Richard Benjamin will direct this Steven Spielberg production, and the shooting begins on about June 28th...And congratulations to New York rocker Joey Balin. He, too, is in "The Money Pit".

"FLY ON THE WALL" will be the title of the new AC/DC album on Atlantic.

"STILL IN LOVE"

MCA RECORDS

News From Rock Over London

"Video wizards GODLEY and CREME continue to take a break from the camera as they follow-up their last release, 'Cry'. (by the way, a video the industry is talking about), with a new Lp called 'History Mix Volumn I'. Its release is set for June 14th in London and it's to celebrate their 25th anniversary as a team. The album features their past music, including 10cc classics like 'I'm Not In Love', and these have all been re-recorded and been given a whole new feel by Trevor Horn.

And from one dynamic duo to another, PHIL OAKEY and GEORGIO MORODER, who were not too long ago 'Together In Electric Dreams' team up again for a new single called 'Goodbye Bad Times'. The 12" version will have an extra track called 'In Transit' and we can expect an album to be released from the pair this Summer. In the meantime, Phil Oakey is busy working in Sheffield on the new album by the HUMAN LEAGUE. VINCE CLARK (of DEPECHE MODE and YAZ), has teamed up with PAUL QUINN to release a new song called 'One Day' b/w 'Song For' and MARILYN has something new called 'Pray For That Sunshine' b/w 'Give It Up'. Both tracks are from his forthcoming Lp 'Despite Straight Lines'.

CHRISTY McCOLL follows up 'A New England' and the birth of her new son with a new single entitled 'He's On The Beach'. And keeping it in the family, that's produced by her husband STEVE LILLYWHITE, who is also (as you may know) sharing some of his time with the ROLLING STONES on their new album.

hrysalis artists, <u>THE ADVENTURES</u>, who have recently been supporting TEARS FOR FEARS on tour, release 'Feel The Raindrops' from their new debut Lp 'Theodore And Friends'. After their success on the Fears tour, they Chrysalis artists, THE hope to go it alone and do their own tour soon.

MADNESS are reporting to have shown their appreciation for <u>SCRITTI POLITTI</u> by covering Scritti's chart hit from 1981 called 'The Sweetest Girl'. Chances are it will be on Madness' upcoming album.

It seems that <u>HAIRCUT 100</u> lives on after all. Former lead singer, <u>NICK HEYWARD</u>, has taken on two members of the band to give a hand on his new Lp. The recruits are LES NEMES on bass and BLAIR CUNNINGHAM on drums.

On ROCK OVER LONDON this week, PAUL YOUNG this is 'The Last Time Forever', and the STYLE COUNCIL offer a song called 'Come To Milton Keynes'. There's a Rock Over London anniversary mix of THE KINKS/PRETENDERS 'Stop Your Sobbing' and our very special interview guest is RAY DAVIES of The Kinks...For your information, a band called THE FINE YOUNG CANNIBALS are made up of two members of the ENGLISH BEAT and from them we'll be listening to a song called 'Johnny Come Home' plus ABC has a new one which we'll hear entitled 'Vanity Kills'."

Radio Action

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "We here in Philadelphia are so happy with how you all embraced The Hooters. Last Thursday we observed history being made. Philly gave the Hooters the warmest send off. Be on the lookout for them on the Don Henley tour, across the Midwest and, of course, more to come. Last Thursday the Hooters played the Tower Theatre to thousands of fans, Columbia Records and Westwood One. It's, a show you'll be hearing soon. And when you hear how much Philly loves these guys, you may all quit your jobs and follow them across the country. I know Paul Rappaport will after he saw them. (Maybe if Little Sam doesn't turn out to be a lead singer, he could be a Hooters roadie, or maybe an opening magic act.)...This time there are no excuses. Any stations calling themselves AOR that are not playing the new R.E.M. will have to answer not only to Michael Plen but also myself (I knew that would scare you). 'Fables Of The Reconstruction' is a beautifully produced collection of R.E.M. songs. R.E.M. is as cool for you to play as U2. Your listeners know who they are. I guarantee it or your money back...Thanks to Bobbie Silver and Linda Feder for bringing Roland and Curt from Tears For Fears by. Contrary to their name, they're really quite funny. Looking forward to tonight's show. Reports next week."

FOG, SAN FRANCISCO, CA P.D.-JOHN RIVERS: "Thanks to Paul Heine, who made me feel like I knew what I was talking about and lest we forget, <u>Bruce</u> (Could Be Wild) <u>Moser</u>, who used to produce those stellar shows at WYSL in Buffalo, and who is truly a legend in his own mind."

WMMR, PHILADELPHIA, PA P.D.-TED UTZ: "It seems like I made it to Philly just in time. This town is alive and well, and WMMR is soaring to the top. Latest Arbitrends have us #1 with an 8.0. On my first day in the office, we learned of a major free concert on the Fourth of July, from the top of the Rocky steps, featuring the Beach Boys, Eric Clapton, Jimmy Page, and a possibility of David Lee Roth. Hey — the event of the summer, right? Wrong, cheesesteak breath. Here comes Live Aid from JFK stadium in Phila., oh yeah, and London too. We're obviously on cloud nine here. WMMR is the flagship station for concert coverage, before, during and after the show. At this point, we're working with several of the northeastern stations, which only adds to the excitement. If you need any updated information on Live Aid, WMMR has up-to-the-minute details available over the phone — call 215-988-9799...Other than that, not a lot is going on...P.S. Best of luck to Andy Lockridge at Q102 in Dallas. You've got a great staff and support crew. I'm sure you'll enjoy kicking KZEW's butt."

M.D.-MARK DI DIA: " 'Hello' from Live Aid Headquarters Central! WYSP welcomes the world to Philadelphia on July 13th, as the official Host Station for the Nation. Look out!...Effective June 14th, which is also Flag Day, WYSP's adds will be ready on Friday at 1:00PM. We'll take music calls Tuesday, Wednesday and Thursday from Noon till 3:00PM. Please do not call on Friday to work product. Again, the adds will be ready at 1:00PM...Dokken?...Can Metallica be far behind?"

KQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "John Parr's 'St. Elmo's' goes out-of-the-box and on-the-radio. It a well-produced rock 'n' roll tune that will set you apart from your CHR competition, at least for now...The Hooters 'All You Zombies' has been a great request item, and is now beginning to test well. It makes a great exclusive for us in this market...KQRS welcomes <u>Jack Hicks</u>, formerly P.D. of KCLD, Saint Cloud, as our new 10:00PM-2:00AM mauler. Welcome aboard, Jack!"

WNEW-FM, NEW YORK, NY MUSIC COORD.-AMY GROSSER: "By the time you read this, WNEW will have celebrated The ; Hooters new-found NY popularity by broadcasting a live show from Asbury Park, NJ. We had a Beach Party Day featuring La Bamba & The Hubcats, Southside Johnny, Joe Piscopo and, of course, The Hooters. They continue to show their strength by repeatedly pulling Top 5 requests...Unprecedented response to Jeff Beck and Rod Stewart-about one week and already pulling #3 phones...The volume of requests we're getting for Tears For Fears 'Shout' is amazing--it's by far and away our #1 request...Unfortunately, Taxxi has only enjoyed marginal success to this point, however 'Still In Love' is so-o-o-o strong, we feel that should change quickly."

RADIO ACTION CONTINUED

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "The cassette of R.E.M.'s 'Fables Of The Reconstruction' has been in power rotation in my car for a week. Not being an R.E.M. fan at first (OK, so I missed one!), I really wasn't all that worked up about it. After repeated listenings to the whole cassette, I am excited about R.E.M. 'Driver 8' and 'Can't Get There From Here' are killers! 'Fables Of The Reconstruction' will fly out of the record stores. Hey, Plen, for once we agree!...Huey Lewis has another s-m-a-s-h. 'Power Of Love' will be one of those instant hits, ya know-fat hooks, beefy guitars, and let's face it, Huey is a media hero...I believe it was back in the Fall of '84 when Bob Kranes mentioned how tragic the situation in Ethiopia was getting-(the first film clips were just getting on the nightly news). The following week I mentioned that maybe a benefit concert ala Bangladesh would be something to think about. Well, we've had Band Aid and everything in between, and now coming, the Live Aid concerts. I never dreamed the relief effort would have gotten so massive. Just great!...P.S.: Bo Sox Kranes: 8 in a row! Wow, what did you do?"

WGB-FM, SAN DIEGO, CA ASST. P.D./M.D.-TED EDWARDS: "Greetings from KGB-FM, the only State Home for the electric guitar in San Diego, CA! The key word this week is quality...Corey Hart 'Never Surrender'. This is the first time around for KGB-FM on Corey Hart. Although his last effort was obviously strong, programming and saleswise at the same time, it wasn't what we were looking for---Or more precisely, it wasn't what our audience perceived to be rock 'n' roll. We do believe they'll like this one. I sure do! It really kicks me where it counts. In the heart, you know...Nils Lofgren 'New Holes In Old Shoes'. I was a big fan at one time but lost interest in the last couple of releases. Well, Nils has got my support again with his outstanding effort. I realize this tune is not the one that's getting the big push, but do yourself a favor and check it out...U2 'The Three Sunrises'. Sometimes great tunes fall on lame ears--Mine in particular in this case. But we hear it now and humbly put it on-the-air. (All right, so I made a mistake--whadya want me to do, kill myself?)... Additional tracks and re-adds: Phil Collins 'Only You Know And I Know'; Don Henley 'Not Enough Love'; Robert Plant 'Sixes And Sevens'--our 4th cut and my personal fave on what happens to be the Lp I've gone back to most often in the past few weeks...And once again those guys on that small label that I probably push a little too much, the mondo Beat Farners. We're spinning a tune called 'Selfish Heart'. It's a real rocker! Even though Rhino can't afford to take you to dinner, do take the time anyway to give it a spin--(Even if just for the novelty of the experience)...P.S.: Remember, if you don't like the records that I like, then you suck--but you look mah-velous!"

KYYS (KY102), KANSAS CITY, MO P.D.-JOE MacCABE: "Let's do short comments, ok?...Heart and Hart are smashes... Record, song, track, etc., etc., of the week is John Parr's 'St. Elmo's Fire'...People are calling for 'the new Rod Stewart' -- better put a big sticker on the Beck record...Graham Parker may be stalling initially, but it's working big here...Dire Straits 'Money For Nothing' is the song lyric of the year. You know the line I'm talking about...Can't wait to play the sixth song from Don Henley. We'll play that one independently...Russ Ballard has another radio smash. Is that two smash references in one paragraph? Fire me..."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "I like the Taxxi...I want a Tom Rush album...And I just wanna know one thing--is Ant Music going to catch on or what?"

KMYZ, TULSA, OK M.D.-P.D. WITT: "It's one hell of a lot of fun and one hell of a lot of work building a new radio station. To some people, thanks a lot. To others, can we talk? Our number is 918-665-3131... Our musical identity is still growing. So far, we say be careful with 'Nineteen'. Don't go too long and let others fall in the trap...Beck, Dire Straits, Supertramp and Robert Plant are asking for depth but we don't ignore the fresh ones that keep a balance like Bryan Ferry and Fiona...Howdys to former compadres Lee Roberts and Chris Ryan...Reep kockin'."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "Spend some time with the new Heads Lp and 'Stay Up Late' will stand out as the winner...Real solid sounds reverberating from the R.E.M. album. 'Can't Get There From Here' has even made Ed an R.E.M. believer...It's a pleasure to re-add the Bon Jovi. 'In And Out Of Love' was always a fave - should go the distance for them...The Hooters show significant promise retailwise after a week as our specially priced pick. In the past a strong showing as a pick has predicted a great future for young bands ...Good times last week with Arista's Jay 'I'm the new guy' Ziskraut and PolyGram's John 'Got a quarter?' Weston...Mama's Boys were great live."

WAAF, WORCESTER/BOSTON, MA M.D.-RUSS MOTTLA: "Welcome R.E.M. as a new core artist to AOR radio. 'Fables Of The Reconstruction' will do for R.E.M. what 'War' did for U2. Sure I play Phil Collins a lot, too, but it's songs like 'Can't Get There From' that will keep AOR a vital and alternative format--with mass appeal."

WBLM, LEWISTON/PORTLAND, ME M.D.-TOM WALLACE: "If early reaction is any indication, this new R.E.M. album will be their ticket to mass acceptance. Simply stunning stuff...Russ Ballard seems set to solidify the success he achieved last year with his new tune. Russ's subtle hook never ceases to amaze...I still find the Katrina And The Waves Lp one of the most listenable records released in years. 'Red Wine And Whiskey' is a perfect choice for a second cut. Go Katrina!...The Suzanne Vega album has been enjoying heavy rotation at home lately and it feels great to be on-the-air with the remix of 'Marlene On The Wall'. Suzanne has limitless potential...The new album from Men At Work is already selling very nicely in these parts, so we went with 'Man With Two Hearts' in addition to the single...In the request department, Ratt is still burning up the phones, and calls for 'that T-Rex remix' are building nicely."

WYFE, ROCKFORD, IL M.D.-FRED BRENNAN: "I'm going to be so bold as to state that Mr. Mister's new single, 'Broken Wings', is a potential Top 10 AOR s-m-a-s-h! It has the same feel as The Hooters 'All You Zombies', but I think 'Broken Wings' is more melodically solid. I've had a lot of respect for this band since their pre-History days when they were known as Pages. I hope this one puts them over the top. It's the first time we've gone out-of-the-box with a relatively unknown band in almost two years...I'm really looking forward to the Cubs prevailing over the Metson 'Monday Night Baseball'. Go Cubs!"

WRCN, LONG ISLAND, NY ASST. P.D./M.D.-JOHN GRAPPONE: "The Style Council--yea!...The track to start the album off for the Talking Heads' 'Little Creatures' is 'And She Was'."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Rodent Rock Rules Retail. Well, not quite. But a #2 sales debut on a band's sophomore album is big news around here, and Ratt has pulled it off against all the heavy hitters!"

WIOT, TOLEDO, OH M.D.-RICK VAN GIL: "More quality tunes out this week, and leading the list is John Parr's 'St. Elmo's Fire'. John is on his way to becoming a household word and this new tune is as deadly as an Abdul Jabbar skyhook!...Breaking down the barriers of having a brother like Peter Townshend can't be an easy task, but the more I listen to Simon Townshend, the more impressed I get and I applaud his work. Forget the sophomore jinx! Simon Townshend is for real...We'll test A-HA. The Innocent and Taxxi this week. All three of these bands have ear-catching tunes...We've been air-testing a band called Xeron for over a month now with some pretty decent response. Take time out to listen to 'Visions' and 'Does Anybody Hear?' These are the groundwork to some good sounding rockin' from a possible band of the future."

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "Big 'hello' to Tim Scott of KSRR in Houston and his new baby from the XL staff, a truly minor achievement. Congratulations!...On a different note, Chrysalis 'Say It Isn't So'. Al Twanmo is a first class record rep. You guys are making a mistake that will come back to haunt you! Good luck, Al...Tom Evans is heading out to see Bryan Adams tonight, thanks to Eva at A&M. He and I are thinking of taking a road trip to Philadelphia for 'Live Aid To Ethiopia'. What a line up! It's like Woodstock, California Jam and the US Festival all in one. I wouldn't stoop so low as to ask for tickets, but does anybody know where to BUY them?...REO is coming to town at the end of the month; and, to promote the 'Wheels Are Turnin' tour, we're giving away three Yamaha motorbokes--ridden on stage by our morning team, Dick and Dixie (well, actually, they'll probably walk them up, but it sure sounded good!)...R.E.M.'s 'Can't Get There' surpasses 'Radio Free Europe' as their best song. If you consider your station to be anywhere near the cutting edge of new rock, you should be playing both."

AQ, EL PASO, TX M.D.-PEPE LOPEZ: "Dear Blabby Sez: Listen up all you AOR types. If you are the trend-setters you are supposed to be, you won't even think twice about adding R.E.M. This band is a format exclusive (for now). Musically, the album is solid. If you don't like 'Can't Get There' check out 'Driver 8'. Take Blabby's word for it, this band is America's U2...Personal to Dave Fleischman: You tricky rascal you. Pretty sneaky sending me an unlabeled record so I would get my curiosity aroused. Of course we added it! The tune is killer!...Address all correspondence to: Dear Blabby c/o this publication. Blabby will answer any and all questions about anything and everything - and then some."

WBRU, PROVIDENCE, RI M.D.-LARS MURRAY: "In a week that has brought both a Talking Heads and an R.E.M. Lp, my comments could fill a small book, but I'll try to be concise. I raved about Talking Heads last week and I see great potential for 'Roads' to go big, based on requests the first week. Also, 'And She Was' harkens back to '77' and 'More Songs...', 'Stay Up Late' is great fun, kind of like Tom Tom Club with a funkectomy. Not just a critic-pleasing record...'Can't Get There From Here' has what, for my money, is R.E.M.'s best hook ever. Funky guitar, Michael Stipes' almost intelligible snarl, not to mention great background vocals could make this their biggest song to date. A song as infectious as this can't be regarded as a risk. It's this week's Master Blaster...Bob Dylan always warrants heavy rotation and once again he's proven why. He's been the #1 request for three straight weeks now with calls coming from all demos. Furthermore, I've passed as least five people singing the song on the street in the last two weeks...This week has been overwhelming in terms of new quality product and the Sting record hasn't even arrived yet!"

NPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "You can't beat a week with a new offering by Huey Lewis And The News. The All-American team wows us with their next huge hit. The Power Of Love' shows that the boys have a massive career planted firmly in those rock and roll sneakers...U2's 'Love Comes Tumbling' is still my pick from 'Wide Awake In America' and still very strong calls on that track. Of course, our listeners want to hear U2 in every way, shape, or form, so how can we miss?...Thanks again to Plen for the chance to let my ears spend the last month in a state of ecstacy with the new R.E.M. PDH proudly unleashes 'Can't Get There From Here' to our listeners this week. As I said before, take this American band to heart. They are a big part of our musical future...Well, I'll admit it, I'm a 'Slave To Love'; and thanks to Bryan Ferry, we all can enjoy hearing about it on the airwaves. I've always been a slave to the sound Bryan created with Roxy Music, so 'Boys And Girls' warms my soul...In closing, shout, shout, shout, shout!!!"

M.D.-SCOTT DOUGLAS: "(Refer to last week). . . Yo mama!" KATT, OKLAHOMA CITY, OK

KZEL, EUGENE, OR M .D.-VINCE MERTZ: "Sting. Wake up those blue turtles!"

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "We put the Paul Hardcastle in and immediately did a Smash Or Trash - the results were overwhelmingly in favor of 'Nineteen'. The lyrics are the real catch...Dylan's 'Tight Connection' has the big upper demo appeal...Surprise of the week is 'Still In Love' from Taxxi. Check out the great sax work at the end of the tune...I swear it's got to be the tour of the summer, I had a chance to see Tom Petty And The Heartbreakers' second show in Columbus. Unreal!! Don't miss this show...Also Epic Records has a hot one with 'til tuesday. They opened the show for Petty and really won the hearts of the crowd...Thanks to Shelley Mori of Epic, also the MCA combination of Michael Steele, Don George and Mike Salsinger for the tickets."

WHTF, YORK, PA M.D.-TIM DRAYER: "First off, I was at the Hooters show at the Tower Theater last Friday night (6/7). These guys know how to perform! This is the last time that Pennsylvania can actually say that they own the Hooters because they are now a national act. Congrats, guys!...Secondly, another Pennsylvania band, The Sharks, have also done well this week. They murdered the other band in the MTV Basement Tapes and they, too, will be a national act...Special thanks to Bobbie Silver of PolyGram Records for all her help with the Bon Jovi show Thursday night (6/13)...The two hottest albums in Central PA: Hooters 'Nervous Night' and 'Wide Awake In America' from U2...Have a great week!"

IWCK, FLINT, MI P.D.-MARK MILLER: "Every time I hear a new R.E.M. record, it takes me a few listens before it sinks in. This band is a master of the subtle hook. We usually get around to adding their stuff in a few weeks or so, they sell a few records, get great calls, and I sit around scratching my head wondering. Lo and behold, R.E.M.'s new record is out and oooohh, baby, baby, I ain't wonderin' no more! No sir! - This here's the goods, the real thang, if you will. 'You Can't Get There From Here' literally boo-ga-looed me right out of my chair. I love it. The hooks sink in instantly and it should be their biggest ever. 60's soul lives with the Eurythmics, Tom Petty, Graham Parker, and now R.E.M. Could the Soul Survivors be far behind?"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "I hate to say I told you so, but - most folks have 'gone for soda' now and seen that it's a hit. Now it's time to keep the ball rolling with 'All We Are'. The ballads don't come any better than this. This guy belongs to our style of radio and we can bring this one home if everyone believes. I wouldn't lie to you; this tune has huge potential...And while we're on the subject of the Great White North, apparently the 'next big thing out of Canada' (besides Kim Mitchell) is Gowan. His debut American release really caught me by surprise - it's an intelligent and well-crafted collection of songs. And with Peter Gabriel's house band working on it, you can't go wrong. Each of the songs is almost a mini opera. Take it home with you and listen to it without interruption...The newest album from Taxxi has this band poised and ready to strike as contenders for most deserving album of the past few months...And the new Scorpions album, which is really a Greatest Hits/Live package, will make a great addition to the library for live options. This is what state of the art metal is all about."

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Sometimes there are just not enough hours in a day to get everything done on time, like my report to FMOB. Once again, please remember my official times to take music calls are Wednesday through Friday from 10AM to 2PM. Adds will be ready from our receptionist Corita after 12 Noon on Tuesday. If you need to reach me, please leave a message and I will get back to you A.S.A.P. Please don't be offended if I don't take your call on Monday or Tuesday and maybe next week I'll be able to get my report in on time. Nuff said...Adds this week: R.E.M. 'There', Russ Ballard 'Fire', Nils Lofgren 'Secrets', and Bruce Springsteen 'Stand'...Top 5 phones: Ratt 'Lay', The Firm 'Satisfaction', Tears For Fears 'Shout', Dokken 'Alone', Dire Straits 'Money'...Top 5 retail: Dire Straits, U2, Night Ranger, Tears For Fears and Howard Jones...I must say that for my money and personal taste, Sting's album is by far the best album of 1985."

WQBK, ALBANY, NY M.D.-PEGGY APPLE: "Want to spread the word on Suzanne Vega. Don't ignore this record! It's a refreshing change of pace that deserves a good shot at your station...The Truth's 'Exception Of Love' has the makings of a sure Summer hit in Albany...And how about those Talking Heads?"

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "There are no doubts in my mind that the new Talking Heads album rates as my top three faves of 1985. The Heads, to me, defy predictability. Their style changes from album to album. I love 'And She Was'. It just baffles me that such a proven and established band as the Heads still meet resistance on the airwaves. Album in a word: Brilliant!...I think the R.E.M. single is the band's best to date. These guys are no longer a critics' band. Nothing like building phones and agreat hook to whet the old musical tastebuds. Our audience has been in love with R.E.M. since day one. If you've never played R.E.M.-this single is the perfect place to start...Can everyone please give Bryan Ferry a shot? I'm not trying to sound like the record company--but Bryan was around when Tony Hadley (Spandau), Martin Fry (ABC), and Simon Lebon (Duran) weren't even a thought in anyone's mind. Bryan has something for everyone. From 'Sensation' to 'Don't Stop The Dance' to 'Slave To Love'--Bryan's voice is hypnotic. Why isn't he a superstar yet?...Thanks to Gillian of New Order for phoning in...By the way, Weird Al--Thanks for some good laughs...Screamer-Of-The-Week: Shriekback import, 'Nemesis'." Shriekback import, 'Nemesis'.

WDHA, NORTH JERSEY, NJ P.D.-MARK CHERNOFF: "John Parr and 'St. Elmo's Theme' will be a multi-format G-I-A-N-T. Who cares about the movie?...Also, Top 5 phones for: Gino Vannelli's 'Black Cars'. Males and females in their early 20's keep calling for it!...Also, many thanks to FMQB's Kal Rudman for appearing at our big charity game for Cystic Fibrosis (Kal was D.H. and grounded out). We raised over \$10,000 for Cystic Fibrosis."

RADIO ACTION CONTINUED

WBCN, BOSTON, MA M.D.-BOB KRANES: "Praise the Lord, the Talking Heads' record is here. Stand up and shout it out loud. One of the most exciting records I've heard in a really, really long time. They titillate me, they move me. The album is going to be around for the summer, fall, winter and into the spring. Already the #2 most requested song, 'Road To Nowhere' is once again, going to be big, big, big...On the Canadian scene, we have Gowan. It's pretty hard to take one's word on this act, but once you see them you'll be hooked. 'Strange Animal' is the cut that's doing well for us in Boston. Gowan is an exciting performer who looks like Bono and handles the stage as smoothly as anyone I've ever seen...We are playing Rogue Male and it's starting to attract some phones. 'All Over You' is the cut. With all these so-called power ballads coming down the pike, some good old hard driving rock and roll is important...I also have been enjoying Cock Robin's 'When Your Heart Is Weak'. It's one of those songs that continually grows on your mind...If you are not an R.E.M. believer, then you shouldn't be in radio. I know that sounds like a Michael Plen quote but the band is real important. Needless to say, their sound is fresh and exciting. 'Can't Get There From Here' is the lead track and 'Driver 8' is going to be following real close behind...Thanks to 'til tuesday for their live on-air interview...Also Corey Hart and Kim Carnes for stopping in...Get your hands on the Bryan Adams import of 'Diana'. It's about Lady Di and it's a great song...What's this I hear of bands releasing videos way ahead of the record? It sounds like it happened before and it's happening again. Is a trend about to get started? Watch this space for more on this subject."

again. Is a trend about to get started? Watch this space for more on this subject."

**NOVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "The countdown for Jeff Beck's 'Flash' is on. 'People Get Ready' is being accepted with open arms or should we say ears - as it comes in at #7 requests the first week out. I understand this record is a smoker, and audience anticipation is high...I heard a cassette of the Sting record and this record,lyrically,is perfect for 1985. Anybody who wants to promote making the world a better place for the children and does it through classy music is alright by me...The new Talking Heads record leaves me feeling a little odd. I was a huge fan of the last album, 'Speaking In Tongues', but I haven't found anything as intriguing on this album. However, the song 'And She Was' does have Beatles or Kinks-like phrasing and that could make it viable. Whatever the case, these 'Little Creatures' have great clothes...Taxxi has always been close, but I don't think they've ever gotten over the top. I still think they're close, but I'm not sure this is the one either... R.E.M. has given us their most accessible album yet, but by no means is it mass appeal. At least you can understand the lyrics this time out...We tested Russ Ballard last week and the response was just 50/50 at best. I don't think this one has the hooks that 'Voices' had...I heard the new Huey Lewis today and this guy is what we've needed for a long time, as straight ahead blues-based rock and roll is where it's at...The U2 record is doing extremely well. It debuted Top 5 phones; and initial sales on the Ep are very, very strong...And once again, for the fourth week in a row, the Hooters are our #I requested song...Next week we'll see if Bill will print the winner of our morning guy's contest of what is a hooter." our morning guy's contest of what is a hooter.

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "Hey, programmers! Anybody out there got balls? If so run, don't walk, to your playlist and play Andreas Vollenweider. This artist (and I do mean artist) is the #1 selling jazz musician in Europe. His albums (available on CBS Masterworks) represent the new phase in music. The sound stands out as totally unique and can only benefit any radio station that prides itself on playing real music. Don't be fooled by the fact that Vollenweider's music is mellow. It creates immediate positive listener reaction. They appeared here in Toronto two weeks ago to a sold-out house. The promoter said he could have sold a few thousand more tickets the day of the show. The audience was mesmerized. Not only did they give Andreas the requisite standing ovations, but they refused to leave when the house lights came on! We're talking about virtuoso musicianship, craftsmen, and true artists of a new form of music that is stunning. It's working for us."

GON, PORTLAND, OR M.D.-INESSA YORK: "I think what caught me off guard about the new Talking Heads album is that it's not hip. It just is. And so it's been a slow, but increasingly delightful process of getting to know and like the album. No big tricks here if you're looking for them. This is going to be a wonderful summer album...I'm glad to hear Taxxi sounding as good as they ever have and better with a neat little hook on 'Still In Love'...In the 'it's-going-to-be-huge' department: Heart. #2 on the phones...As for Dire Straits, with the combo of content and the reputation of the Straits themselves, it makes this our biggest phone item in a long time. #1 again this week...John Parr's 'St. Elmo's Fire' sounds like a perfect crossover; real catchy." crossover; real catchy."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "If it didn't take getting used to, it wouldn't be a Talking Heads record, which is great. It means slow burn. It means curiosity calls. It means it'll be around for a long time...Who's buying all the Bon Jovi records? Better yet, who's playing Bon Jovi to get people to buy all the Bon Jovi records? Well, we are in heavy, and 'In And Out Of Love' is the tune we feel most comfortable with. Unlike 'Only Lonely', I've got no second thoughts about this one...Time to start playing a second 'til tuesday cut, folks, or will you wait for a second video? At least three cuts warrant airplay. We'll start with 'Maybe Monday' for now...Huey Lewis' new one is a killer. Another artist who can do no wrong. I'll tell you, when things start to go as right for an artist as they seem to be for Huey, I start to get worried. Something negative is bound to happen sooner or later. But in the meantime, we'll be playing the hell out of 'Power Of Love'."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Sting continues his role as ambassador to the world delivering his message thru his music. He's made a smart move with the release of his new album 'The Dream Of The Blue Turtles'. There is a fusion of sound that separates Sting from his work with the Police and it's the result of his selection of musicians backing him up on the record. The songwriting, as always, is suberb...Talking Heads have been a favorite at KBCO since their early days. With the release of 'Speaking In Tongues' they became more accessible. Now a record for everyone to get behind. 'Little Creatures' offers as much, if not more, than the last release. 'And She Was', 'The Lady Don't Mind', 'Stay Up Late' and 'Television Man' are just fine for starters...R.E.M. is establishing a following that continues to grow with each new release. 'Fables Of The Reconstruction' took a few listens, I must admit, but now it's kicked into high gear. 'Can't Get There From Here' just barely edges out 'Driver 8' as our lead cut...Surprise record of the week: Mr. Mister...Dire Straits tops our retail list. Tears For Fears, Phil Collins, Howard Jones and Sade round out the top 5 spots. Strong debuts for Bob Dylan at retail #8 and Bryan Ferry at #10. Retail has picked up on the Hooters who move to #15. Retail surprises include Suzanne Vega and New Order...Thanks to Ken Benson and Jim Davenport for the visit."

KMET, LOS ANGELES, CA M.D.-PAM EDWARDS: "L.A.'s the place we're all experiencing Laker-mania-congrats!...It's great to settle into this job and have a new R.E.M. record to add. This week end in L.A., R.E.M. accomplished two major feats: 1) They sold-out their performance at the Greek Theatre; 2) They sold 45,000 albums!!! These facts, combined with the strength of 'Can't Get There From Here', make this an easy add...Keep the 17th Birthday ideas coming!...P.S. Special thanks to Jon Kirksey for your warm welcome!"

(LVQ, COLUMBUS, OH M.D.-LEE RANDALL: "Top 5 retail in the capital of the Midwest rock and roll: Phil Collins #1 for 13 weeks straight--Bruce Springsteen, Robert Plant, Ohio Boy, Joe Walsh, and Bryan Adams...Getting psyched for the coming of the outdoor shows of the Summer: Bryan Adams and Charlie Daniels at Legend Valley... The concert station thanks Kim Mitchell for the social soda we had on Monday night...Sales movers: Ratt--it enters at 15--Tears For Fears, Bob Dylan, Men At Work...Best new music: John Parr, additional Joe Walsh tracks like 'Rosewood Bitters', and Lone Justice...The Men At Work is thoughtful and snappy--'Snakes And Ladders', not the ho-hum single...The Corey Hart moves up to power. Limited calls, but I have great confidence!"

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "99.5 KISS is hosting a listening party for the new Scorpions 'World Wide Live' double Lp. Advance thanks go to the Scorpions', Klaus Meine; Polygram's Drew Murray and Ted Mellencamp...Plus, on Father's Day, Mama's Boys will be live on KISS. H-o-t fun in the sun would be an understatement! Our grand prizes this year for best sand sculpting were a vacation for two in Madrid Spain and trips to see Tom Petty And The Heartbreakers in San Antonio next month. There was much more than sandbox creativity though. Local bands, skydiving exhibitions, and an all-day bikini contest with the area's loveliest ladies and a \$1,000 cash prize purse. Thanks to our celebrity judges: Phil Poulos from Elektra and Ted Mellencamp from Polygram, along with Mr. Recordhead! It was a tough day in the bikini jungle, but well worth if I'm sure. They show very strong adult appeal...The Style Council's 'Internationalists' and 'Walls Come Tumblin' demonstrate their ability and why so many people have copied their style. It's that good...Dylan is at his best. A great album!...Nils Lofgren may finally be given the credit that he has so long deserved.  by the Talking Heads reminds me an awful lot of 'After The Gold Rush' by Prelude! This makes it a real ear
 catcher and a medium add this week. As for the rest of the album, it's growing on me. I must say, however, I
 favor the rest of the Lp more than this particular cut...'Like A Surgeon' by Weird Al Yankovic ranks right up
 there with his other classics and, as you might imagine, we've had a lot of phones on it. It's been the talk of
 the town ever since we added it out-of-the-box...R.E.M. is a light add, not only on its merit as a cult item,
 but potentially as a bona fide AOR hit. Hope this one does it for 'em...'Midnight Mission' by the Textones is
 just a nice song. It deserves airplay, at least some way or another...And Jimmy Buffett is a must add wherever
 there are boats, islands, and crazy sailors like we have here along the North Coast of America...'Exception Of

This one has staying power...I had mixed reactions to the new R.E.M. Lp. 'Can't Get There From Here' is the standout on the record. I'm a fan of R.E.M. and enjoy their music. They should do more like this or stretch more musically before they fall into a one-chord R.E.M. rut. Go for it, guys!... The addition of Don Henley and the new mix does wonders for the Textones 'Midnight Mission'. It's good to have one of the receivally conscious records around might now. You know with all of these remiyes coming out have one of the socially conscious records around right now.
 I'm prompted to wonder why not do it right the first time!" You know, with all of these remixes coming out,

The vocal arrangement on 'Can't Get There' gives this song a hook that cannot be denied. 'Driver 8' is another great R.E.M. rocker and the spiraling sounds in the 'Maps And Legends' could cause levitation...Thanks to Joe Ianello of Atlantic Records for help with placing zorched records... If we aren't already on your mailing list, do put us on. We've proven our commitment to exposing new product as quickly as possible and to making that commitment long term on the records we add, but we can't be a viable outlet for your product or help you build excitement about forthcoming releases if we don't get them until weeks after your release dates. We're trying to work with you, folks...Anyway, another fine effort from Nils Lofgren. It surprised a lot of people to see Nils taking part in the 'big tour' last year and the exposure certainly provided the artist with plenty of well-deserved acclaim. Now 'Flip' shows off Lofgren's more commercial accessible side while keeping his talent for understated passion alive on cuts like 'Midnight' and 'New Holes'...'Empire Burlesque' is a fine example of how big a difference production can make on an artist like Bob Dylan. His throat sounds better than it has for a long time. The arrangements help the vocals instead of hindering, and his new effort should keep his old fans happy while drawing forth plenty of new ones too...On a staff note, we've had a couple of changes here lately that we're all pretty pleased about. Randy Sanders, our P.D., is now also taking on Promotions. I've added Assistant P.D. to my music duties and Jeff Sandifer, the Zephyr's bopping blues bubba of the evenings,

"I can't say enough about the new R.E.M. record and neither can our listeners. 'Can't Get There From Here' is a natural starting point but the rest of this album is equally impressive. I would hope that AOR radio can get behind this great American band a la U2. The boys from Athens are deserving of your attention and playlist...This 12" by Sharpe & Numan has a great big hook so all you nutty new wavers take note. I know many of you already have. It moves to heavy this week and I'm predicting phones and retail to come through soon...97X had our first 97Xposure show a while back. We invited all modern/alternative bands in the Cincinnati area to send us a tape of their original music for airplay and the response bordered on overwhelming. After hours of intense closed door sessions in smoke-filled rooms, we selected a band from Hamilton, Ohio called The Anonymous as the winner and recipient of free 16-track studio time. It was very exciting and encouraging to see the tapes roll in and realize how many musicians there are in Cincinnati who are and encouraging to see the tapes roll in and realize how many musicians there are in Cincinnati who are doing something new and innovative. R.E.M.'s 'Fables Of The Reconstruction' is their best effort yet. The phones have already lit up for this one and sales are not far behind...If you're having as much success with the new Bryan Ferry single as I am, check out the 'Chosen One' on the album. "America's best band of the last decade, Talking Heads, has again come out with something completely different, 'Little Creatures'. 'The Road To Nowhere' is paved with gold. 'Stay Up Late' along with 'And She Was' are tearing up the turntables...America's modern rock pioneers from Georgia, R.E.M., have struck back with 'Fables Of The Reconstruction'. Stipe and the guys are proving themselves to be the backbone of the new American sound. 'Driver 8' and 'Can't Get There From Here' are strong offerings... From over there, the Style Council's 'Internationalists' is here. These boys are workaholics. I mean, hell, they're already releasing another Lp in England as we speak. But for us Yanks, try out 'The Lodger's' and the title track. You'll love it as much as we do... Another Brit, Bryan Ferry, is bound for a 'Sensation', boys and girls. We've chained the Lp into heavy ro with 'Slave To Love'. Listen to Knopfler wailing on guitar...With New Order, you need to forget about their past and concentrate on their present piece 'The Perfect Kiss'. Or be daring and try 'Love Vigilantes'...I now ask the question 'How daring are you?' Nina Hagen's 'In Ekstasy' and you could be, too. Really, seriously, you may think she's from outer space and she may very well be, but universal radio is ultra-hip so be cool, fool...Back to Earth and America, check this noise out. Game Theory's '24' is a must listen...Translator's 'Come With Me' is more homegrown rock you shouldn't ignore...

BRAD HUNT, ELEKTRA (212-484-7232): "Howard Jones mania is sweeping the States with a trail of sold-out concerts and ravaged record racks in his wake. 'Life In One Day' is going to be the next single and CHR will jump on it immediately. Now is the time for you to lead your market and scoop the competition. Already Gold and driving to Platinum, 'Dream Into Action' has crossed all formats. But you all started Howard's career in the U.S. Thanks...Graham Parker continues to 'Wake Up' the American public and the tour with Eric Clapton resumes next week...'Alone Again' by Dokken is still one of the most requested tracks at stations still playing it, and you can still do yourself a favor and play this classic track...Rogue Male is driving their 'Crazy Motorcycle' 'All Over You'. They're preparing to launch the Masters Of The Universe Tour '85. The bill, with Savatage and Illusion, will play every wide spot in the road across the U.S.A. Join company in the Rogue Revolution now with early believers like WYSP, WQFM, WBCN, KISS, KLAQ, KNCN, WBAB, WRCN, KFMG, WCXT, and KUFO. This record is heavy metal at its very best...Warning: The Surgeon General has determined that not playing Motley Crue's 'Smokin' In The Boys Room' will be dangerous to your health!" BRAD HUNT, ELEKTRA

MICHAEL PRINCE/PAUL BROWN, ATCO (212-484-6400): "Quirky, exciting, different, strange, great, adventuresome, innovative, daring, fun, attention getting, hip, and state of the art--These are comments we've received in the last week about the Vocation of 'I Can See The Night'. Album radio, this is a band you can break...Since you did, thanks for reading!

you did, thanks for reading!"

JIM McKEON, COLUMBIA (213-556-4936): "Now a lot of people think Rap and I work real well together. Considering that he now has two young boys and I've got my two little girls, I must admit that there's some truth to it! Welcome to l-i-f-e, Sam! I just love that name, Rap. His timing was good too. Sharon didn't miss one night of sleep having this kid and Rap didn't miss one day of work! Now, let's talk shop...With 'Two Hearts' out, it's nice to see album radio relax a bit and respond. Several tracks are getting heard besides the single: 'Two Hearts', 'Snakes And Ladders' and WLIR has discovered 'Sail To You'...Bob Dylan is really on a roll. I just love that weird video by Paul Schraeder. Don't miss it...Cock Robin is about ready to fly, too. Late Flash--WBCN adds Cock Robin's 'When Your Heart Is Weak'...'Flip' is the one to break everyone's fave, Nils Lofgren. Listen to 'Secrets' and 'Sweet Midnight' on 'Flip'...The next chapter in the life of Alison Moyet is titled 'Love Resurrection'. This is the track that will explode the most exciting performance since--Paul Young. No doubt...The Hooters played two large venue shows in Philly last week and just destroyed a trainload of Columbia executives. The shows were carried by Westwood One and the ever-tricky Richard Kimball, known to us as either 'Ranger Dick' or 'Clamballs' as the mood demands...In closing, I'd like to thank my erstwhile friends in San Diego (Yes, Ted and Larry, you) for a most memorable evening. (Yes, yet another one.) We'll have to do it again, before Reagan's tax plan puts an end to fun like that!"

I fur talking about Illusion. Two years in a row, MKLS's homegrown band of the year, Illusion, makes their first debut on Geffen Records with a hard hitting, biting rock album that is flooding radio this week. 'Get It To Go' is not only the lead track but will hopefully help pave the road with the stronger rock bands of today. If you like guitar, you'll love Illusion. Hang onto those picture discs, they are collectors' items and they will only be solicited once...Have you noticed any programmers lately wearing houndstooth suits or French coats with English caps and riding scooters? All seem to tie into that English Beat/Madness motiff. Well, now we have Style Council again, the innovators of that groovy dress code. The album debuted in England at #1 and 'Walls Come Tumbling Down' is a smash, across-the-board hit in England, already top 25. . For you wah-wah pedal guitar maniacs, you must check out the title board hit in England, already top 25. . For you wah-wah pedal guitar maniacs, you must check out the title 'Internationalists' which sounds like a blown out Traffic Jam...F.Y.I., Adam Bomb is on his first West Coast club tour. He opened at the Rooxy the other night and he really turned some heads around. 'SSI' is Adam's answer to 'I Can't Drive 55', total drive song...Thank you radio for being so supportive on the entire Henley projec

MICHAEL SCHNAPP, IMPORTANT (718-995-9200): "I'm proud to announce that the Relativity Records label has just signed two new bands. From England, we have Gene Loves Jezebel with their new Lp, 'Immigrant'. This is their first domestic release. And from Belgium, it's not a gaggle of geese or a bunch of broads--it's the Clan Of Xymox. They're produced by Ivo from the Cocteau Twins, and these aren't heavy metal bands...But fear not, 'cause Megadeth is still around and heavy as ever. Exciter and Megadeth will be touring nationally this Summer, as well as Savatage...Gotta go, and thanks to you know who for the albums They're IMPORTANT!"

BENNETT KAUFMAN, GOLD MOUNTAIN (213-469-2411): "The Textones 'Midnight Mission' is like no other song on-the-radio. This great new remix is converting quickly on over 70 AOR stations across the map...New adds this week include: KMET, KSRR, KROQ, WDHA, KRIX, WZXY, WGIR, WCPZ, KMTN and WFFV. Your CHR competitors now have the single and it went on over a dozen stations in the first week. Look for the video on your favorite video show. The band is currently on their European tour and will return home to tour the U.S. in July...Keel's second single, 'Easier Said Than Done', is in its second week and building on stations including: KTXQ, KLOL, KXZL, WKDF, WOWE, WBCN, WYSP, WGLU, KNCN, KISS, KFMG, and KGB. This song is rock 'n' roll. With a strong melodic hook and a humorous lyric, this Gene Simmons' song is a great nighttime rocker. Keel will continue to tour this Summer throughout the U.S." BENNETT KAUFMAN, GOLD MOUNTAIN (213-469-2411):

Program. 'Soda' is a s-m-a-s-h! If you had luck with this track, try 'All We Are'. If you didn't play 'Soda', here's your chance to make amends...Drawing-of-the-week: DIRT ALERT Rich Schmidt look what you've started! To the artist: You gave a whole new meaning to the stick-person concept when you unveiled the world's first log man!...To John Rivers and Paul Heine: The 'Paging' feature was great. Where is the Dick Smith that I used to remember? You must truly be a legend in some other legend's mind!..Speaking of legends, Bruce Allen ties the knot this week. Congrats and best wishes to the man who met us and gave us credibility. Now maybe you can get some for yourself. Congrats to you and Bryan Adams on your first #1 record 'Heaven'. There's a lot more where that one came from. Rumor has it the Allens plan on two sets of twins--all boys, named: John, Paul, Ringo and Bryan! Can history repeat itself?...Dream-Of-The-Week: Last week I dreamt I turned on the radio and heard a cover battle of Joan Jett vs. Mrs. Springsteen. Both were singing Blotto's 'I Want To Be A Lifeguard'!"

TEARS FOR FEARS: 'Take 'Everybody Wants To Rule The World'; when I came up with that as an idea for a song, I just thought it was far too simple, far too lightweight for us to even think about doing. That's how fussy we are. And it took somebody else's enthusiasm to make that come about. We are incredibly fussy, sometimes to our detriment...because when you become fuss to that extent, you just cannot be objective about anything. But, we do car about the product." But, we do care
