A PROGRAMMING GUIDE

EXECUTIVE MEWS * 1930 EAST MARLTON PIKE, F36 * CHERRY HILL, NEW JERSEY 08003 * (609) 424-9114

Hard Choices

MICK JAGGER/DAVID BOWIE, "DANCING IN THE SINGEL". EMI... From a personal standpoint, the beauty of eight streight nours on a bench seat at Live Aid was the cast, the spontaneity and the cause. Two of the Henefit's biggest starm sound like they're having a ball with this one-take, rave-up romp, so saize the moment, and make sure this rough cut gem is screamin' on your station. Right timing, indeed.

THE ROMANTICS, "TEST OF TIME", PORTRAIT...
Ine Timmer of the late 70's power pop period again demonstrates that the near classic "What I Like About You" wasn't one in a million. Their hits keep salling big units, and "Test Or Time" is more marketable fun-right on time with the current pop roots revival.

VANDENBERG, "ONCE IN A LIFETIME", ATCO.

I'd consider "Burning Heart" a pivotal power balled, one of the last welk-ons to score big before AMR flooded the zone. Now they get a second shot with this dramotically improved effort. The hook's so big it needs it's own zip code, and Vandenberg shines in the all-important megavocal dept. Melidown city.

SIMON F. "I WANT YOU BACK". CHRYSALIS...
We Elphed the Hoodoo duru's original some months
back and holy Pink Floyd if their name wasn't
too weird for you guys. Say hello to a brilliant
version of this freeze dried hit from hot new
wolce and soon to be video sensation. Simon.
Steve Stevens powers this great tune up with the
kind of brilliant bombast boxs Billy Idol bombards the charts with daily--and if it's not an
automatic after one listen, you're a face without
ears.

JON BUTCHER AXIS. "STOP" PASHA/CAPITOL. ".

Life takes A Life got me booked on Jon and I've been waiting for something new to deliver on that song's promise. Hell, the radio pre-release pipeline called it right. "Stop"'s Hendrix groove feels great, and "Along The Axis" is cool once the kids leave for school. Nice to see an artist, due a hit, take a few chances and win.

YMGNIE MALINSTEEN, "FOR'T LET IT FRE",
PUR TERAM, , ingule's inspired work in Stealer convinced the kids and critics. He served his time in
Alkatrazz, and now metal's hottest hands has his
first quality record. An anonymous company source
Said It all, "his last album was average--and it Said It all, "his last album was average -- and it sold 120,000". Guaranteed awareness and reaction.

splid repotation in these parts will bring Saga
home". Inessa York, KGON, adds, "I have to admit their previous ernestoess used to really get

first listen. Destined to go far ... WTPA's
Louse Torrie wraps it, "A refreshing change in
direction. The backing vocals really set it
apart. Don't let CHR best you to this one."

THE OUTFIELD, "SAY IT ISN'T SO", COLUMBIA...

Here's that rare rookle with power hitting to pace the wets--and plenty of umph to dominate the debut acts. It's new on 19, now on 49, with a f41 Lp debut and 63-47 Song Underline. Increased on KISN, KLOL, KEZO, KDKB and KKZL...Lee Randail calls it "Best new band we've heard lately"...Karen Small sez, "Laught my ears on first listen. It's a catchy cross between Men At Work and The Police". Pam Brooks, WPDH. "One of those songs you hear and you just know everything about it is perfect. Destined to be a smean."

MARILLION, "KAYLFIGH", CAPITOL ... Another excellent week: "Kayleigh" comes thro with a 39-28 Under-line, as the Lp double bullets 33-28 National (with that chart's #1 gain in total points, #2 in positions gained) and Metro...17 adds takes it to 75 mow playing, of which KISM, WINE, WDIZ, WPLR, KATT, KLFX, WHCN, KISS, WHJY and four more increased play. Top 5 calls include WYNE, WDIZ, WPDH, WFTZ, and WORK...Greg Billispie feels "Marillion stands out as being markedly different yet as accessible as many others of a similar genre that we're currently playing"...From Lee Randall, "Excellent phone response here. Marillion is being perceived as a Genesis soundalike, with lyrical importance."

————— Chain Reaction=

Just four-star quality delights. No re taking numerous phone orders for 'No Lookin' Back', so the title tune goes to heavy and we'll also serve up 'Sad Times'."
- FDDIF AND THE TIDE. "ONE IN A MILLION", ATCO... 14 more adds pour in--and 71 stations after 4 weeks means this one's a keeper. The Metro Chart sports a 45-39 Underline, with "Babe" steady at 36.
- WHAT IS THIS, "I'll BE AROUND", MCA...A multi-format hit single was the last thing I expected from them, but the early signs says that's the haps. We picked up new spins on 6, for 46 after 3 weeks... WIMZ and WBRU upped, where Lars Murray comments, "What Is This adds great guitars to an already proven song. <u> METROMEDIA DOUBLE SHOT - KMET UPS PIOMBINO: LISA KENDALL TO WNEW-FM MD...</u>

AFTER SURVIVING "THREE VASTLY DIFFERENT PROGRAM DIRECTORS", <u>Rich Piombino</u> earns his place in the sun, nailing the coveted KMET/PD post. A two-year Mighty Met veteran (Asst. PD/Promotion Director), Rich's background includes WKLS, Atlanta; WLLZ and W4 in Detroit; and New York's WKTU (WXRK). VP <u>Howard Bloom</u> tells us, "I am confident Piombino's knowledge and experience with AOR will compliment the direction George Harris has formulated over the last six months at KMET", while MD <u>Pam Edwards</u> boasts, "As a team, George, Rich, <u>Sky Daniels</u>, myself and the entire MET staff are ready to crush the competition while still remaining firmly and undeniably committed to AOR."

AND: WE'RE TOTALLY THRILLED TO SEE FORMER FMQBer Lisa Kendall slide into the MD slot at WNEW-FM. Lisa's top shelf credentials (two years as MD at WTR, one at WYSP, and a PD stint at WKQB (WJYN) Nashville in addition to her tenure in the Sheet's Music and Editorial Dept.) make her a natural for the job, and take it from us, she's a gas to work with. Talk music on Mon/Wed/Fri or play your product in person at WNEW Mondays, 9:30-5:30. Music Coordinator Amy Grosser and Research Coordinator Mark Francis will now report directly to Lisa who officially starts August 26. Meanwhile, Dan Neer lands the 9PM-IAM slot.

IN OTHER FUN CITY DIRT, WRCN/Long Island PD/PM Driver Marc Coppola returns to the New York airwaves for the 6PM-10PM shift at WXRK. Marc tells us, "I'm real happy to be back on the air full time in NYC. I think K-ROCK's going to do real well and I just wanna kick some ass. And, I'm happy just to be a jock again." At WRCN, Asst. PD/MD John Grappone shifts to Acting Program Director and afternoons, while at K-ROCK, Meg Griffin lands the afternoon shift.

RADIOACTIVE: KANSAS CITY...

WATCH FOR AN INTENSIFIED CONTEMPORARY BATTLE to develop in Kansas City with a good chance of 3 AORs and 3 CHRs going head to head in the upcoming fall sweep. As noted in last week's Dirt, KKCI will remain AOR at least until new owners, Trans Columbia Communications, take over this fall. And, it's looking like KFCX will get a major shot in the arm now that former KSRR and WRIF VP/GM Jay Hoker has entered the picture. In his first ownership role, Jay took over KCFX on August 9, and immediately installed former KMOD VP/GM Bill Neuman as GM. Jay, who most recently was in charge of Belo Broadcasting's radio division and acquisitions, tells us potential PD candidates are now being interviewed, including current PD Mike Beck. "We're doing some focus groups and research to get a little better handle on the market and to see where there might be some opportunities." Jay reasoned, "At this time, it will remain the same until we have all that information in. We may stay with AOR, improve the product and enhance marketing strategy, which in the past was minimal."

AL PETERSON CONSULTS WAQX...

PART OF THE WAQX FALL RATINGS gameplan is hiring consultant Al Peterson. Peterson becomes the station's first consultant since its inception in August of 1978. Although the 95% crew rallied behind a healthy rebound in the spring (Spring '84-12.3; Fall '84-7.4; Spring '85-9.7), PD Ed Levine feels "It's time to fine tune all the elements that make a great radio station great—the jocks, the imaging of the station, the advertising campaign, etc. I see Al's role as being far more important than just talking about new music." After flying solo for seven years, why the about face? Again to Ed: "I have been, am, and plar on being in the forseeable future, the person calling the shots here at 95%. Al is very simply a soundir board for records that I'm not sure about, and besides that, it's great to have somebody else to blame." sounding

THE DEAL FELL THROUGH AND IT'S BUSINESS AS USUAL AT GLU-92!

SO SAID WGLU's <u>Garrett Hart</u>, putting to rest rumors of an impending sale, format change, and staff house-clea ning. Prospective buyer, <u>Bob Hamilton</u>, has scrapped his plans to purchase the Johnstown PA outlet for \$400,000 from current owner Conomaugh Communications.

FLASH: THIS JUST IN...

IN THE TRADITION OF YES AND DEEP PURPLE, another great reformation has happened in 1985. Lee Arnold and his ex-wife, Gay, have reformed in Evanston, Illinois, and can now be reached at 312-328-3907. Lee is available for independent projects at that number.

STATION TO STATION...

RETURNING TO WHCN/HARTFORD for mornings is Michael Picozzi, former PD at WYSP/Philadelphia.

CAPP TAKES OVER AS MD at WIMZ, Knoxville, TN as Scott Paulson segues to Production Director. Mike handle music calls Mondays 3-5 PM.

WRXL/RICHMOND NABS morning newsman John Lawrence from crosstown WRVQ.

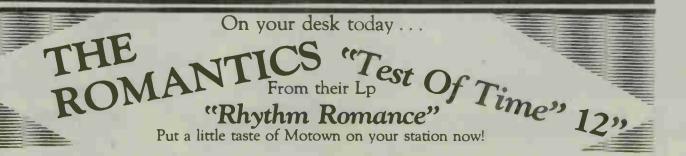

LOOKING FOR A PRIME PROGRAMMING GIG? Try KGON, Portland, where <u>Dave Ervin</u> vacates the PD post at the end of the month. No official word yet, but we expect Dave to announce future plans very shortly. Prior to KGON, Dave programmed WIBA in his hometown, Madison, Wisconsin.

AS PART OF THE ONGOING DIVESTITURE of radio properties by Capital Cities/ABC, WRIF/Detroit was purchased last week by Silver Star Communications, Detroit, for \$14 million.

PROMOTION PROFILES ...

WAAF, WORCESTER/BOSTON'S MAGGIE DUGAN reports it was a killer concert week for the Worcester Centrum, July 21-26, with Tina Turner playing the first two nights, Huey Lewis the second two, and Robert Plant finishing off the exhausting week with two shows. WAAF tied in by giving away five Killer Concert Week Survival Kits which included: a pair of tickets to every show (six pairs); Preparation H (for all that sitting): earplugs, lighters; money for Mass Pike tolls (Pike and Tina Turner); a newspaper (Huey Lewis and the News); and an african violet named Rob (Robert Plant).

IN ALBANY, WPYX'S BOB WELCH SCREAMS: "Break out the golf clubs! The second annual Mason-Sheehan Golf classic is coming on September 13. Once again we'll broadcast live. Entry fee is \$50 and includes all green fees, carts, a buffet lunch and a contribution to the American Cancer Society which makes it tax deductible. We're currently searching for a big name, golf-playing rock and roller. ANYBODY who wants any information should call myself or Andi Turco during normal business hours...Also in the works, is our 5th anniversary party on September 14, we're looking for some surprise celebrity guests."

DIRT ALERT!

TAKING ADVANTAGE OF HIS PHILLY-BASED MANAGEMENT COMPANY, WMMR snagged Nils Lofgren for a rare live on-air interview. Guesting on midday man Pierre Robert's Work Force Blocks, Lofgren raced back and forth between the MMR microphone and a local TV station's live camera set up in an adjoining WMMR news studio enabling Nils to appear on the noon news simultaneously. The E Street guitarist left the trampoline at home but brought along his guitar, delivering acoustic versions of "Keith Don't Go" and two others during the 75 minute interview.

LOU O'NEILL JR DID AN EXCLUSIVE INTERVIEW last week with rock guitarist Jeff Beck at the Parker-Meridien in New York, and says he's never seen the reclusive superstar looking better. Beck answered every question Lou threw his way, and announced he was very glad to be active again in rock 'n' roll and that he'd be back on the road some time before the end of the year. Dressed in black jeans, polo shirt, and wearing bright red sneakers, Beck seemed completely at ease with himself and his circumstances. Yes, it's true," the talented guitarist told Lou, "I was asked to join the Rolling Stones back in 1974 but in many ways I'm glad I didn't. I don't think it would have worked out. I don't have the right personality to be a Rolling Stone."

RICK NIELSEN AND ROBIN ZANDER, of Cheap Trick, were in New York last week for a series of press interviews with the media. Susan Blond had the fellows doing interviews all day long on Monday, August 12, and when Lou O'Neill Jr finally got to the guys at 6:00 PM they were all but talked out. Rick said the band is extremely confident about this new album - "Standing On The Edge" - and feels it's one of their best records ever. As you know, the first single is out and it has received a very strong and encouraging response from rock radio. Incidentally, for you guitar players who want the inside skinny, Rick Nielsen's set-up on stage includes two Marshall 50's, plus four Fender Amp Deluxes. He plays them at #8, and lets the rest hang out.

LOOKS LIKE NIKKI SIXX, the controversial player in Motley Crue, and WNEW-FM have kissed and made-up. Nikki came in last week and cut a new promotion for Charlie Kendall that said: "WNEW-FM, The Only Place Where Rock Lives."

TWO ADDITIONAL BRUCE SPRINGSTEEN CONCERTS for the end of August were placed on sale last Saturday morning, August 10, and were gobbled up in just hours. This makes six sellouts at the Giants Stadium Complex in the Jersey Meadowlands, with tickets scaled at \$19.00. You don't have to be Einstein to calculate that the gross for the six concerts is approaching \$7 million. We must congratulate the people who put the tickets on sale last Saturday morning. It was handled with professionalism and sensitivity. Not too many complaints - unlike the Ticke tron fiasco of the shows for August 18, 19, 21 and 22.

CONGRATULATIONS to former Eagle Don Henley and Katrina, plus her rocky Waves, for great shows in New York City Tast week at the Pier and at Jones Beach for the Miller High Life Summer Concert Series. Henley had the audience going wild with one of the most enjoyable concerts of the summertime series. The night before Jones Beach, Henley's old buddy in the Eagles, Glenn Frey, materialized in Manhattan to party with his former mate, but there was no jam session even though the crowd was screaming its heart out for it.

APPARENTLY THERE IS LIGHT AT THE END OF THE TUNNEL regarding the Stones long-awaited debut for CBS Records. Noted rock photographer Annie Liebowitz shot the cover for the Stones' new album late last week in New York. And all 5 of the Stones - including the elusive Charlie Watts - assembled in New York to mix the new Lp at RPM Recording Studios in the Village. Lou O'Neill Jr points out that, with a little luck, the album might be in the stores around the end of October. What about a tour? All the inside skinny as it develops.

HERE'S A STORY from Stevie Ray Vaughan's publicist (Sir) Charles Comer: Says Comer, "Stevie Ray Vaughan and his band Double Trouble have been asked to go to the Oregon State Penitentiary in Salem next month. And it will happen on the 2nd of September. Here is the kicker: the Chairman of the Entertainment Committee, James Bernhardt, told us that Stevie Ray and the band could wear any clothing they liked, but under no conditions could they wear Levis." The reason: Well, seems Levis are the official garb in the prison, and they don't want to mistake the musicians for the inmates. Incidentally, Entertainment Chairman Bernhardt is doing 20 to 35 years for armed robbery...Legendary guitarist Johnny Copeland, one of the best in the business, jammed with Stevie Ray Vaughan at the Pier last week. Joe Piscopo, late of "Saturday Night Live", introduced Vaughan and the crowd went crazy. Congratulations to Stevie for achieving the biggest attendance at the Pier this year. Some say there were more than 11,000 squeezed into the facility. Lou O'Neill Jr points out that he opened the show in a blistering display of fire power, and never looked back. Stevie is playing with a momentum and daring that is awesome. Meantime. Epic Records is putting the finishing touches on new new Lp, "Soul To Soul". The video will be filmed in Texas...After a show at the Pier for Ron Delsener, Stevie Ray Vaughan showed everyone the meaning of high energy when he raced down to the Lone Star Cafe in Lower Manhattan to jam with country singer Robert Gordon, in the wee morning hours of Sunday, August 11th. The news out of Austin is that Texas Governor Mark White has made Stevie Ray Vaughan's father, James, and his older brother, Jimmie, Honorary Admirals in the Texas Navy. Jimmie, of course, is lead guitar player behind the Fabulous Thunderbirds.

The Rock Report

IT HASN'T BEEN too long since the close of BRUCE SPRINGSTEEN'S European tour but already the bootlegs are beginning to surface. "Gold, Dust and Rock 'N Roll" is the first of two illegal packages being offered and it includes a three record set and a picture booklet from the show in Gothenburg Sweden. Also for sale is another collection simply titled "Honeymoon" and it was recorded at both the Dublin, Ireland and Newcastle, England shows. This set includes four records with a special single.

AS WE REPORTED, YOKO ONO has just completed her new album titled "Star Peace" at New York's Hit Factory with producer BILL LASWELL. LASWELL, of course, recently did MIGK JAGGER'S album "She's The Boss". Included on the album will be the following tracks; "Hell in Paradise," "I Love All of Me," "Children Power," 'Rainbow Revelation', 'The King Of The Zod', 'Remember Raver,' 'Cape Clear,' 'Sky People," You And I", "It's Gonna Rain," "I Love You Earth", and the title track. Appearing on this record is the reggae duo of SLY DUNBAR and ROBBIE SHAKESPEARE.

PAT BENATAR is currently in Los Angeles working on the follow-up to last year's "Tropico". The new album has the working title of "Seven The Hard Way" and should be released sometime in October via Chrysalis. NICK GILDER ("Hot Child In The City") has contributed a track to the new LP, which will be produced by BENATAR'S guitarist/husband NEIL GERALDO.

POWER WINDOW is the name of the new RUSH album due from PolyGram in October. PETER COLLINS (ROMANTICS) produced the LP with the band in England. Some of the tunes included will be BIG MONEY, MIDDLETOWN BLUES, MYSTIC RHYTHMS, and MARATHON. The group performed these new songs during their short tour of Florida during the winter. In the meantime, Music Vision has just released a new home video compilation of the power outfit which includes eight clips like "Subdivisions," "Tom Sawyer", and "The Enemy Within". The package sells for

THE BEATLES hour long film "Magical Mystery Tour" will be airing on commercial television sometime in early December in commemoration of JOHN LENNON'S Death. Over 80 stations plan to carry the Apple film, which was produced for a cost of \$100,000 back in 1967. "Magical Mystery Tour" was the first attempt by THE BEATLES to make a movie on their own. The concept was MC CARTNEY'S.. He came up with the idea while on a visit to America for then fiance JANE ASHER'S birthday.

SPEAKING OF THE BEATLES, RINGO STARR'S eldest son, ZAK STARKEY has just released his first album. It is a musical adaptation of the famous children's classic "The Wind In The Willows". The album was produced by ZAK and former SPENCER DAVIS keyboardist EDDIE HARDIN. HARDIN wrote ten out of the eleven tracks which include "Good Morning To You", "Wayfarers All", and "The Wild Wood". Making musical appearances on the album are ex-GENESIS guitarist STEVE HACKETT, WHO bassist JOHN ENTWHISTLE and DONOVAN among others. Unfortunately the album is only available as an import on the London based President label. Plans are currently in the works to stage this musical interpretation at a London theatre.

MOTHER RECORDS is the name of the label recently formed by the Irish band U-2. Their first release comes from the band IN TAU NUA who do a smash-up cover of JEFFERSON AIRPLANE'S "Somebody To Love". Island records will be distributing this particular record. Other bands BONO is interested in signing include WORLD AT PLAY and DERVISH both of which hail from Boston. In some other artist label news, ELVIS COSTELLO has just released albums by T-BONE BURNETT and DR. JOHN on his Demon Records.

KYU SAKAMOTO, the Japanese singer best known for his 1963 hit "Sukiyaki", was one of those lost in the recent Japan Airlines crash. SAKAMOTO recorded another successful single the same year titled "China Nights". The singer, who was signed to Capitol Records, got his start when a disc jockey at KORD in Washington began playing a song called "Ue O Mui Te Aruko". The song got such great response that they changed the name to "Sukiyaki" and it reached number 1.

News From Rock Over London

PREPARE for the release of the new album by ROGER DALTREY called "Under A Raging Moon". It should be out next month. Something to look forward to on that is a song written by former WHO-roadie JOHN PARR about KEITH MOON. It features drumming from a stunning lineup including PHIL COLLINS, STEWART COPELAND and MARTIN CHAMBERS of the PRETENDERS.

Finally, after managing to get a Top 10 British hit with "White Wedding",

BILLY IDOL follows his "Rebel Yell" album with "Whiplash Smile" which is due for release in October. Apparently, that's to coincide with a totally new image of MR. IDOL!

NIK KERSHAW, currently on the British charts with the Spanish flavored hit "Don Quixote", will actually be making music in Russia come the end of the year. The Russian Embassy in London heard that NIK was due to play a concert in Poland, and then rang him up to offer an invitation to extend the tour! The plan is that he'll play two nights in Moscow and two in Lenningrad before moving on to other parts of the Soviet Union. So far, the only other top British acts to have performed in Moscow are ELTON JOHN and CLIFF RICHARD.

GREATLY SPURRED by the incredible audience response at LIVE AID, QUEEN have zipped off to Munich to record a new song, seven months earlier than planned! It should actually be released in a couple of month's time.

THE THOMPSON TWINS new single, 'At Last Looks', is poised to roll off the press, and GO WEST, have made a great impression on a number of people including (as you may have heard), SYLVESTER STALLONE, who wants them to record some material for "ROCKY IV"...PHIL OAKLEY and GIORGIO MORODER released their third single from their latest album. It's called "Be My Lover Now" b/w the instrumental version of the song. It was composed by the duo and produced by MORODER.

IT HAS BEEN CONFIRMED to ROCK OVER LONDON, that BOY GEORGE is in the midst of planning a huge A.I.D.S. benefit concert for Christmas. As you might have heard, ELTON JOHN, DIANA ROSS, QUEEN and EURYTHMICS are among the artists approached so far. According to George's friend, PHILIP SALON, who is helping with the project, none of the acts have said 'no' to date. If the concert does materialize, they hope it will take place at LONDON'S WEMBLEY ARENA.

A MORE SOPHISTICATED MADNESS returned to kick off this week's show with "Yesterday's Men"...MURRAY HEAD follows up "One Night In Bangkok" with a GIFFORD AND TILBROOK composition called "Picking Up The Pieces"... We find out about life with the CLASH with former drummer TOPPER HEADON, now following a solo career. There's the test from GARY NUMAN and a new #1 in ROCK OVER LONDON'S Top 5.

Question Of The Week

Thanks go to <u>Tom Starr, WOUR</u>, for inspiring us to ask the following: What's your current-to-old request ratio like lately? (That is percentage of current requests versus "library" requests.)... What methods do you use to solicit phone feedback on new material (i.e. Top 5 At 5, etc.)?...Do you find it necessary to "fix" the Top 5 At 5 and, if so, please explain.

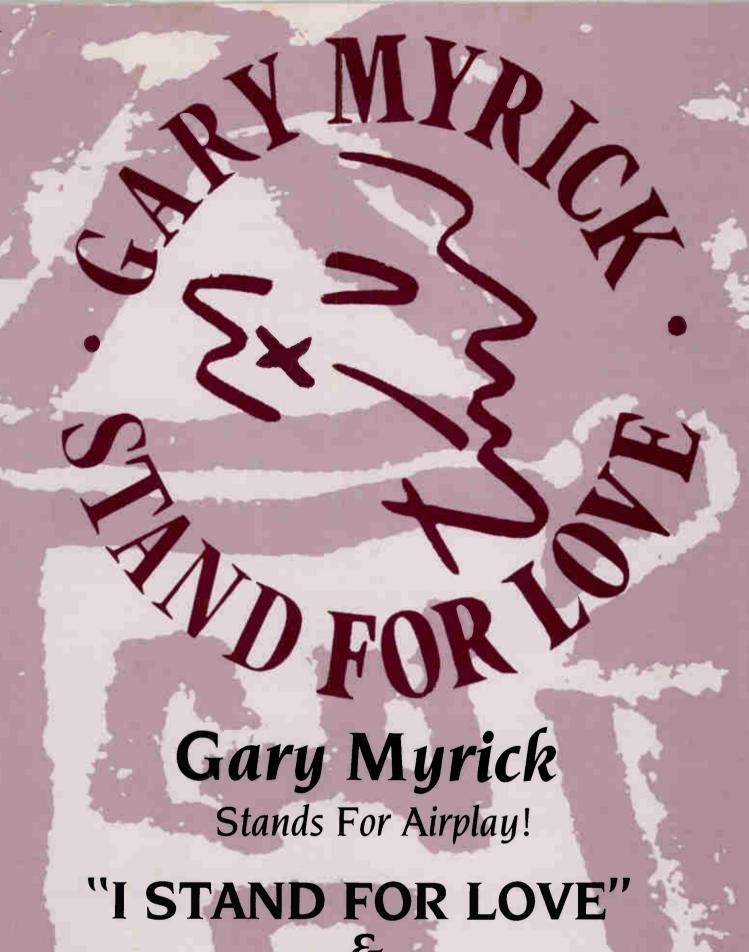

JOANI WILLIAMS, KZYR: "There isn't another signal in our market that has as big a library of catalog material as we do, so requests are vastly in favor of the older classics that we have the monopoly on, and phone response to newer product is pretty slow in developing. Although we don't make a big deal of soliciting requests on-theair, we do place a high priority on trying to play requests that come in and whenever possible they are played as soon as they can possibly fit...Between the problem of 'phone campaign' and the limited appeal of Top 5 at 5 programs to the average upper demo listener, the actual response to rate a record type show ends up being no more a real indication of what the audience wants than any other programming decision. The illusion of such programs paving the way for a station to be responsive and involved with its audience is easy to maintain, but, unfortunately, it usually is just an illusion. So, we don't do a top 5 at 5 here because it's just not worth it and because there are much better ways to maintain an active, involved image with our adult listeners."

PHIL MANICKI, WWCT: "I'd say about 70/30 old to new...We basically just ask people what they think about the newer releases...We run 'Fresh Track' Sunday night at 8:00PM, at which time we encourage phone calls."

INESSA YORK, KGON: "I would say it's definitely about 70% for the older material...We don't have a Top 5 at 5, but we do plenty of front sell or backsell on new material, and watch to see what the actives say on the phones, which we solicit."

LEE RANDALL, WIOT: "60% are for new, 40% old. We solicit response on new records, i.e. 'Here's a new Marillion-After you hear it, let me know what you think'...We also have a new music program where we solicit response. We highlight new music. We always accent it and billboard it prior to airplay. Yes, we do have a Top 5 at 5--the Top 2 songs are always reliably based on phones and, of course, the rest we have to doctor because I wouldn't trust 7% of my audience with my currents, would you?"

GREG GILLISPIE, WDVE: "As far as overall requests go, I think it's always been weighted more for the older all-time favorites than the newer stuff. For a percentage, I'd have to say probably 60% to 70% old. Also, in the last couple of months, my night jock has told me that she can't believe the amount of calls from 13 to 17 year olds who are just getting into Led Zeppelin, earlier Stones, an earlier Who, The Doors, etc. It's like a whole new world of music has opened up to this demographic. As far as gauges for new requests, the jocks are instructed to specifically look for those calls coming in, plus we pump the Top 5 at 5 and our new music show in the evenings, which is called 'Exposed'. We don't really tabulate anything but new requests, although we do keep an eye on the classics that are being requested. When it comes to doctoring the Top 5 at 5, you have to take into consideration the ages of the people who are calling. There are certainly a vocal minority who will continually call for Motley Crue, Ratt, Dio, etc., but lately I've actually been surprised and pleased with the diversity of our top requested songs and in reality it really doesn't take any doctoring of the Top 5 at all!"

- TOM SCHEPPKE, KISS: "50% current to 50% old. We feature a three-hour all request show every night from 7:00-10:00PM. We pre-program the currents into the show--the rest are oldies. We handle two-for Tuesday the exact same way. Fridays from noon to 1:00PM we feature all request classics. We don't solicit for phone feedback on new material, because I've found that when you ask for reaction on new material, it's generally negative. They're usually calling to hear their favorite band."
- DAVID EINSTEIN, WHFS: "Right now 25% current to 75% gold. This could be a reflection of the slower pace in the Summer months. We tabulate requests off direct phone response, taking down the callers' sex and the area they're calling from. Pretty much, we answer the request lines as the calls come in without soliciting reaction. It's difficult for listeners to make a decision on a track that they've heard only once, therefore we don't feature smash or trash, Top 5 at 5, or other new music feedback programs."
- HAL BRANDT, WXKE: "60% current to 40% library material. We don't use the Top 5 at 5 or smash or trash; however we do pre-sell a new track and we'll incorporate an image statement such as 'we play the new music first--here's the new one from Dire Straits'. Occasionally, with a hot new release, we'll feature tracks from the new Lp at midnite."
- JOHN McRAE, KRQR: "Our ratio is 60% to 40% in favor of the library just because people have more favorite old songs than they do new songs. We don't solicit phones anytime except when we expose a new record for the first time, and that's usually limited to a major artist. The reason for this is I don't feel people can make a qualitative judgment on unfamiliar product after one listen.
- ZAK PHILLIPS, KAZY: "KAZY is targeting a 25+ audience and an overwhelming percentage of requests are for favorite oldie tracks. It becomes obvious when the audience is picking up on a new artist or song because the phone response will swing over to that track or artist immediately. We have a program called 'Fresh Vinyl' which airs each weeknight during which we play two new songs and the audience is invited to call in and give us their positive or negative vote on each cut. We find this to be valuable programming."
- PAUL SHUGRUE, WRXL: "I'd say it's 50/50 right now. We're moving towards a more current sound after a full year of re-introducing a lot of oldies. Our method for testing initial feedback on new songs is with 'Rate At Eight'. But the purpose of this show is not just to get reaction but to pump up our new music image. We promote songs all day long!"
- TOM STARR, WOUR: "I find that it's 70-30 old-to-new right now. We featured, for six years, a Thursday night program reviewing recent releases called 'Choice Cuts'. Phone feedback is always encouraged."
- KAREN ANDERSEN SMALL, WGIR-FM: "Our request ratio is running about 70/30 old-to-new. It doesn't seem that our audience picks up on new records very quickly. As long as I've been here, the phone respondents have been laid back as far as new records are concerned. Presently, we do not do anything to solicit feedback on new things but are looking to do so in the near future."
- RALPH TORTORA, WBAB: "75/25 old-to-new, just off the top of my head. (Sorry, Bill, my PC's at the shop!)
 We have no specific show to rate new stuff, although we do have a show that highlights it. We listen to our audience 24 hours a day. If they don't like something, we don't have to ask. They let us know automatically!"
- WES NESSMAN, KFMX: "It's about 70% for the currents and 30% for the oldies. I feel our listeners have come to expect and know we provide the best catalogue, otherwise I think this station would be different! We generally don't use any methods. We find that those who respond are generally the same people all the time, thus we are not getting a very representative sampling. I think the whole idea of phone response to new material is ridiculous as a small percentage of anyone's audience anywhere will respond to any particular question. We used to find it very necessary. As I stated previously, the more active phones are from the younger demos, which we do not wish to concern ourselves with I don't think a teen response should be used exclusively to select the music for the audience I'm trying to reach...The answer is 'yes'. We've even fixed it so the theme from 'Magnificent Seven' has made the Top 5."
- TIM DRAYER, WHTF: "I would say our current to old ratio is about 60% to 40% oldies. Central Pennsylvania is an area where artists seem to live forever. Prime example--Foreigner! Basically, we have two methods. The first method is our 'trash for smash' feature, which is part of our morning show feature. The second method is a random testing on-the-air on each of the dayparts. No, our Top 5 at 5 is not fixed! Our Top 5 at 5 is one of our biggest features. Between 3:00-4:45PM I log approximately 150 calls on an average day!"
- DAVID HILLARY, WNOR: "I would say oldies, at least 3 to 1. It depends on the artist. We have various programs like new tracks. It encourages people to respond. American Beat '85, which features new artists. 'The Heavy Metal Factory', and we do solicit phone responses, but these responses are already coming from our average audience. A terrific song will always solicit...anytime of the day. We don't even have a Top 5 at 5!"
- MARTY BENDER, WSKS: "It depends on the daypart. I suggest you study the sheets and/or sit in the studio with the jocks through various dayparts to gauge this response accurately. What a dumb question! We normally get our phone response by phone. Absolutely. You want to hear 'Stairway' everyday at 5?"
- LECIA MACRYN, WWCK: "70 to 30 favoring the currents. We make sure we billboard the songs coming up. We give introductions to new songs and ask for phone feedback from our listening audience. No!"
- MARTY JENCIUS, WPGU: "65% to 70% current to 30% to 35% re-current. Monitor phone request lines. Also, some call-out research, and consider local sales as to whether a band gets airplay on a station. Yeh, we would because it seems like some of the classic artists seem to get a lot more requests compared to other libarary artists, and especially since 'Live Aid'. There's been a lot more requests for artists like The Who and Led Zeppelin. They'd be in the Top 5 every week if we didn't fix it!"
- ALAN WHITE, KILO: "As far as our Top 20 requests, we don't tabulate our old requests although we do get them. I'd say 60% old to 40% new. We don't really solicit. The listeners are more than happy to tell us when they hate something and once in a while they tell us when they like something. And, if we're real brave, we ask them if it's a'smash or trash'. The last one I did was Robert Plant's 'Too Loud', and,as you can see,it's not on our playlist (yet)...We don't do 'rate a record' or 'Top 5 at 5'."
- DAVE SHEDLOCK, WYDD: "Probably at least 80% current, 20% old...Actually, we generally try to talk to the folks that call in in a friendly manner. We have a checklist that supplies us with standard demographic and the standard geographic information. We try to make it as easy as possible for whoever's on-the-air to get the maximum amount of information in a way that's the least hassle for them. We don't really solicit information per se on-the-air and I personally don't have much faith in information that's obtained that way because it tends to bring out the lunatic fringe faction that doesn't necessarily reflect the true audience...Ours isn't broken!"
- RICK VAN GIL, WIOT: "We do have a 'Top 5 at 5'; however, since it's Summer and all the kids are out of school, our Top 5 at 5 could look like a metal shop, so we do doctor it up a little bit, but only to get a better cross reference of those calling. We figure kids are gonna jam the phone lines, so if we're getting a couple of calls for Supertramp, we take that more seriously than 15 kids calling to hear Motley Crue...Toledo is still a really conservative market, so I would say it's 60% old to 40% new!"
- TED EDWARDS, KGB: "Our ratio really depends on the daypart. After six o'clock at night, requests are much more heavily weighted towards currents, since the younger listeners make up a higher percentage of the audience at that time of day, and they're more interested in new material and the converse of that applies as we move back through the day...We take requests with a grain of salt, taking into account the inaccuracies built into such calls, i.e. the same person calling over and over again, family members, etc. We don't do a top 5 at 5, but we do have a new music talk show on Sunday evenings where at least ten new tracks are featured in an hour and a half."

The spirit of Live Aid continues...

- PAM BROOKS, WPDH: "We're playing alternate hours 8 old, 4 currents, 7 old to 5 currents and requests are 50/50...We don't use any particular methods. Jocks are more than happy to chat with anyone who calls and find out how they feel about new music. When we have a meeting, they pass along the comments we've received...We don't alternate the Top 12 at 12. But in the case of any new songs where there's an extreme, and we don't believe it's a true audience response, we just use our best judgment and don't bump it up to #1 immediately out-of-the-box."
- BOB WELCH, WPYX: "75% old requests--they can't get enough of 'Stairway To Heaven'...We just ask the callers to Tet us know what they think about...Of course. We don't want to play 'Stairway To Heaven' and 'Freebird' at 5 o'clock everyday!"
- KEN ANTHONY, KSJO: "I would say recently, since we've made a change of direction in our music and we're playing more currents, we're obviously getting a lot more current than oldies requests...At the present time, we don't really have request sheets but we are about to use them. I'm not a real big fan of request methodology. I'm on-the-air right now to get a feel for what's happening and I usually take that with a grain of salt. Since requests are usually made up of a small portion of your audience, I don't take them that heavily into consideration."
- MIKE KELLER, KQDS: "I would have to say it's about 70/40 in favor of oldies...I have a special feature called 'Fresh Tracks' where each weeknight we feature something new and listeners call in to make it or break it...My Top 5 at 5 is unique because on Tuesdays and Thursdays I count down the Top 5 oldies of the day. As far as the other three days, that's music that's h-o-t today!"
- BOB LINDEN, KESI: "I would say it's about 50/50...We don't use any methods. Most of our requests are for older stuff: Neil Young, CSN, Moody Blues. We get a few requests for the new stuff like Tom Grant and Sade, but for the most part our listeners know they can tune up and down the dial and hear the hits!"
- AMY DAHLMAN, WAQX: "50/50...We are constantly asking the audience what they want to hear and accepting requests around the clock. We do a 'Top 5 at 5', 'Weekend Tally' and we often do all request weekends which are very popular...In regards to 'fixing Top 5 at 5', cautious casual adjustments are made to keep the program interesting, but no major changes are ever made!"
- PEPE LOPEZ, EL PASO: "60/40; 60 older material...One is direct appeal before and after the song. Another is built into our request sheet. The Top 5 at 5 is another...Absolutely. Our hard core metalheads are far more active than the percentage in our listening population indicates so we do adjust the Top 5 at 5 based on store reports. If we have a record showing high retail sales, and not high requests, we balance that!"
- PEGGY APPLE, WOBK: "In our case, it's almost 60% new. A lot of people are very up on the new material: Talking Heads, R.E.M., Adventures, and even a-ha! We are very open to encourage listeners to call and comment on what they hear!"
- ANGELA WRIGHT, KXZL: "It's almost a 50-50 split! We intend to start high power phone research in the future. We have a Rock Album Countdown on Sundays from 9:00-11:00PM and occasionally adjust the list for songs we are not playing."
- SKIP ISLEY, WWTR: "We have 30% current requests and 70% oldies. Everyday we air the Top 5 at 5, and use only requests on new material for the program!"
- BILL PRESCOTT, KZAP: "We have about a three to one ratio of oldies to current tracks on request. My 'ZAP Track' (like a Rate At 8) is a programming tool to expose new artists and get listener feedback!"
- DON BERNS, CFNY: "The percentage of current requests is 40-50% but you have to remember here that the announcers work with a library containing over 5,000 titles--the majority of which are mostly older. We find that our request lines contain an incredible variety of different songs. It's a rarity to get more than 2 or 3 requests in a 4 hour period for the same tune. When this happens, the song requested is invariably something new, which indicates to us an extreme audience awareness of the enormous variety of the songs that we play. It's interesting to note here that our request lines yield requests for as many so called album cuts as they do singles. This is called educating your audience, and in my 4 months here, I am constantly amazed at how well CFNY has done that job! As far as having any effect on what we play, I would say that the percentage of calls for songs/and or artist that we are not on is miniscule!"
- NEIL KUSHNIR, CHOM-FM: "80% library to 20% current. We still get tons of requests for Led Zeppelin, Deep Purple, the old metal, etc. Our jocks constantly mention the request line number and we feature a Top 10 at 10 which concentrates on the current Top 10. And yes, we do have to occasionally 'fix' the Top 10 to have it reflect current material!"
- MARK DEVINE, WRKI: "Our ratio is about 50-50 current to gold. For every Tears For Fears call, there's another call for Zeppelin or Floyd. We don't have any standardized method, we just ask for feedback as the need arises, such as with a major new release. Once a week we feature 'smash or trash', with one track. We take the results with a grain of salt since people like to take their aggressions out on new material, and it's difficult to judge a song on one listen!"
- RUSS MOTTLA, WAAF: "80% oldies to 20% currents. There's always that contingent that wants to hear their favorite old songs. Our Top 5 at 5 is strictly for current material, and we billboard it that way. The angle on-the-air is 'we want to know what your favorite new song is'...The other interesting thing we do with Top 5 requests is qualifying each caller by having them name their two favorite bands. That way we can tell if songs like 'Smokin' In The Boys Room' have across the board appeal because many of the callers are 25+ listeners whose favorite bands are Genesis and The Police!"
- ANDY BLOOM, WYSP: "Probably 50-50; however the 50% that makes up the currents are usually for the same things such as Metallica and Dio. No formal methods of soliciting phone feedback. If our listeners have something they want us to know about, they'll get the info to us without any incentive!"
- BILL EVANS, WLUP: "2 to 1 oldies to current. We just answer the phones. They ring all day. As far as currents go, our request research could be the final deciding factor if we're undecided on a track that's pulling major phones!"
- DANA BROWN, WQFM: "60% current to 40% old. We don't do the Top 5 at 5 because we don't feel the request lines represent an accurate sample of the entire listening audience. With a major new release like Dire Straits or Robert Plant, we'll ask the audience to call back after their initial listen with their reaction!"

Radio Action

wysp, Philadelphia, Pa P.D.-Andy Bloom: "The release of this week's Shooting Star 12" 'Heat Of The Night' has prompted me to get on my soap box. A couple of industry movers and shakers a few years back, stamped a stigma on this act as the ultimate call-out band, which is true, and that has seemingly prevented success long due them. Now, for a strange, but true story. Upon my arrival in Philly, I learned a personal favorite song and all-time high call-out test song has never been played in Philly, I'm talking about Shooting Star's 'Last Chance'. We added the record as if it had been released yesterday, just like it was a brand new record. This move has made many Philly industry reps think I've gone crazy. Meanwhile, this song ended up going to power where it's been for a month. This is based on call-out research, of course. That probably doesn't surprise you, right? But the story doesn't end. Pretty soon the jocks were starting to come in to report an incredible number of requests for the song. My secretary has been busy fielding calls from listeners who want to know where they can get a copy (it's out of print). A newspaper writer called to get the story on a eight-year-old record being played as a current for an article about a song that, as he put it, couldn't be denied. Soon a buyer from a One Stop called to ask if I could help him get stock as he was getting enough requests to sell several hundred units a week. This has been the case many times over. Through the years, those of us who have used Shooting Star have found them to be tools in our arsenal. Laugh if you want, but consider ignoring an artist/song this powerful; something I'm currently laughing about every few hours."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "To all record people who work Hartford: Before you use the old 'your competition's on it' to get me to add a record, make an effort to get quantitative information regarding airplay to the stations you service. Find out just what it means in actual plays per day when you've got a record in medium or heavy rotation. I'm getting really sick of hearing that my competitors are on a record when I know their medium rotation comes around about as often as Haley's Comet! At HCN, we may add fewer records than the labels would like, but we play what we add. AN ADD AT HCN IS HARDER TO GET BECAUSE AN ADD AT HCN MEANS MORE! Our medium rotation is as solid as a heavy at many stations and all new records get a front to back sell for their first couple of weeks on-the-air. Which would you rather have? A station that's an 'easy add', but barely plays the records? Or a station that doesn't add a record unless they're willing to give it real airplay?..Last week I raved about the quality of The Blue Nile. This week I want to give equal time to another fantastic new record. 'A Secret Wish' from Propaganda is an album that covers all the musical bases while remaining reasonably accessible. The production gives the album a sparkling clean sound that makes even its weirdest moments very listenable. Propaganda might just be too Oregon, Andy Harell, Manhattan Transfer, Stanley Jordon, Mitchell Forman, Ahmad Jamal and Victor Feldman's Generation Band."

WQFM, MILWAUKEE, WI M.D.-DANA BROWN: "Holland is more than just another pretty face in the rock and roll crowd. Give this band a listen. You'll be surprised. Pay special attention to 'Gotta Run'."

WNEW-FM, NEW YORK CITY, NY MUSIC COORDINATOR-AMY GROSSER: "WNEW would like to welcome Lisa Richards Kendall to the staff as Acting Music Director. She will co-ordinate with the rest of the music committee. I will retain my function as Music Co-ordinator. Watch out world! WNEW is not to be trifled with... In addition, we'd like to congratulate Dan Neer. He lands the 9PM-1AM spot. Maxanne Sartori will be doing the 1-6AM shift and Ray White will do the 8PM-1AM shift on weekends... New music: The John Waite album is very good. In addition to 'Every Step Of The Way', I like 'Lay Down' and 'Welcome To Paradise'... The new Loverboy track has a great hook. Looking forward to the album... Nick Lowe with the News - that's great! 'I Knew The Bride' is a great track and now produced by Huey Lewis, it should get more exposure... I found another Bryan Adams 12". It's an import medley of four of Bryan's songs. It's called the 'Bryan Adamix'. Check it out."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "If the rest of the John Cougar Lp is anywhere near the quality of 'Lonely Ol' Night', it will be a classic. I mean it, 'Lonely Ol' Night' ranks up there in my top 10. If this doesn'tgo to #1,I'm bumming...Loverboy has done what they had to do - they've made an Lp that has further developed the band's highlights as well as added some much needed new direction. A perfect combination for an AOR staple...While we're on the subject of staples, Saga has been one with us since 'Worlds Apart'. And from the sounds of 'What Do I Know', it will continue to be. Recognizable sound, strong hook, and a solid reputation in these parts will bring Saga home...Finally, no matter how hard I try, I can't get used to Vegamite sandwiches."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Boy, do I like 'When Angels Kiss'. It makes my heart sing. Seems to me old Gary Myrick has something here. A dash of wave in some of the mainstream waters equals a little beauty of a song...Regarding Saga, I have to admit their previous earnestness used to really grate on me, but 'What Do I Know' moves out those formerly over-earnest edges and gives out with some great melodic touches... Here at the ranch, Dire Straits is still #1 with 'Money'."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Eddie And The Tide just may be the freshest record of 1985. If this weren't the new Huey Lewis record we'd be up to our ears deep in cuts... Hits we've all missed. The title track from Ray Davies and the Billy Burnett... I can't believe the success we're having with Shooting Star's 'Somewhere In Your Heart'. I can't believe that we got a 12" on another cut, too bad...The Outfield album is very good. We'll watch it closely. It sure beats you-know-who's last album...Listen to 'State Of The Heart' by the Motels, after dealing with what Capitol slapped on the jacket...Welcome back to John Beaulieu...Next time you're in town do yourself a favor and go out with Curt Gary. He's a nut! He really appreciates a good time, and I really need the sleep...And whatever happened to R. Dean Taylor?"

KMET, LOS ANGELES, CA M.D.-PAM EDWARDS: "The news this week is our new Program Director, Rich Piombino. A survivor of three vastly different program directors at KMET, Rich brings to the job an extensive knowledge of the finer workings of the station and of the L.A. marketplace. This, combined with his AOR background and his will to win, has earned him this much coveted position! As a team, George Harris, Rich, Sky Daniels, myself, and the entire KMET staff are ready to crush the competition while still remaining firmly and undeniably committed to AOR radio...Personal to all record companies: You won't need to dub an extra 15 Lps tape for us-good ol' album service is still mighty fine here at the mighty MET!"

WCCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "Dire Straits, Sting, U2, and R.E.M. continue to dominate Connecticut airplay--with multi track rotations...R.E.M. is rapidly becoming one of rock radio's premier groups. 'Driver 8' has the high octane to take 'Fables' well into Fall '85...Loverboy's 'Lovin' Every Minute Of It' is already dominating the phones with females of every demographic...Surprise Lp release: Michael McDonald's 'No Lookin' Back' definitely shows Michael is once again getting in touch with his rock roots!"

KZAP, SACRAMENTO, CA M.D.-BILL PRESCOTT: "THE record to watch for--STARSHIP.'We Built This City' glows with a fresh sound. Watch for Starship, add Starship, love Starship! Watch for it soon from RCA!"

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "A hot week of new rock 'n' roll is topped off by Nick Lowe with The News. That has a nice ring to it. 'I Knew The Bride' is getting decent phones and sounds like the ultimate fun Summertime rock 'n' roll song. Everything Huey touches now turns to multi platinum...The new Dio is also very strong. It could be Ronnie's most mass appeal rocker to date. There's a great message to this song as well...Some other new favorites are the latest Loverboy and the Bay Area's own Gregg Rolie...Also, don't miss the new rocker from April Wine. This anthem-type song is already generating a great response. It literally will rock the audience out of any deep sleep!"

KGB-FM, SAN DIEGO, CA ASST. P.D./M.D.-TED EDWARDS: "So little time, so many things to do, and here are my comments on a few: Saga 'What Do I Know'. A band with tons of potential that's always worth a shot... Loverboy 'Lovin' Every Minute Of It'. The fans have been anticipating this release for too long, and luckily the kids are hot on this incarnation...Idle Eyes 'Tokyo Rose'. Our pick of the week. Something about this quirky record makes us think that it will work...And Max Carl 'The Circle'. Ditto my comments on Idle Eyes."

KZEW, DALLAS, TX ASST. P.D./M.D.-CINDY BAILEN: "Neil Young is terrific! Don't be afraid to play it! We're starting with 'Get Back To The Country'...Meanwhile X and Guadalcanal go to heavy, and John Cougar Mellencamp goes to power rotation...Texas boy, Gary Myrick, gets added to 'the zoo' this week. One of the best things you can do for your audience is to play local bands. Fort Worth's T-Bone guest-ed on the rock and roll. alternative show last week. We played some of his favorite Texas music and talked about new records he's producing for Elvis Costello and Marshall Crenshaw."

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "What is wrong with American record companies, and specifically Columbia? They're sitting on what could be one of their biggest acts of the year and they're letting him go because of some misguided belief that he won't sell? Well, we in Canada say--Take another look at Gowan! Here's an artist who draws capacity crowds when he performs in this country. The girls literally swoon over him, his records sell, and he is played heavily by CHR and AOR. When he played a gig in Buffalo to a sold-out house a couple of weeks ago, the audience was so aware of his songs that they went nuts when the band played the first couple of notes of 'Criminal Mind', which has not even been released as a single in the States! The crime here is that Columbia is virtually ignoring Gowan, despite airplay on stations like WTHD, WMMS, and WDVE. They have as much as told his manager that they are not going to promote the single or the album! When he did that gig in Buffalo, not one CBS rep was in attendance. What this situation is indicative of is a general attitude by U. S. record companies to ignore Canadian bands that don't have that corporate image! If they're not Corey Hart, Bryan Adams, Loverboy, or any other 'clone band' they're just not interested! Well, you're missing the boat, pure and simple. You're denying the American records-buying-public a chance to hear something different and something that obviously works, if record sales and concert attendance is any indication. Shame on you Columbia--why do you even bother to sign an act if you don't believe them? And if you don't believe me, check out Greg Gillispie's comments in the August 2nd edition of Radio Action...This week's hot adds: Colourbox 'Keep Me Hangin' On'; Arrow 'Long Time' (the flipside of 'Hot, Hot, Hot');

Propaganda's remix of 'P-Machinery'...The Live Earl Jive Hitlist: #1 China Crisis 'King In A Catholic Style'...

Biggest Upward Mover: Sting 'Fortress Around Your Heart'."

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "So much to listen to, it's almost hard to get to everything, but my pickof-the-week has to go to The Romantics and their new single 'Test Of Time'. The band has grown up and matured
gracefully, and so has their music. A really perfect mix of rock and pop, with subtle lyrics that are easy to
sing along with. 'Test Of Time' should be a good test for the Top 40 stations, but with today's hybrid formats,
it will fit into both CHR and AOR nicely...Carey Curelop's pick-this-week is Simon Townshend's 'Barriers'.
Simon spent two hours on-the-air here and inspired us all by his wit, candor and music. An incredible live
performer, we're going to give 'Barriers' a shot...John Cougar Mellencamp's new single is out--grab the B-side,
'The Kind Of Fellow I Am'. Sounds to me like this album is going to be a s-m-a-s-h with every track...Chatted
with Tom Hamilton of Aerosmith on-the-air. The Lp 'Done With Mirrors' is expected October 15th...The Outfield
hit the #10 spot in our research this week. Looks like there's no denying this one!...Loverboy is an instant
ear grabber. Audience reaction was 100% for this one. It's headed all the way for the top!"

WYDD, PITTSBURGH, PA M.D.-DAVE SHEDLOCK: "The Bryan Adams album has been a consistent Top 10 performer in both sales and phones. I expect 'One Night Love Affair' to continue this success story...We're moving a-ha into hot rotation this week, after seeing solid #1 phones for one month. There's no doubt that the band and the song are for real. Be sure to check out 'The Sun Always Shines' on TV--another great song from the band's debut album...We finally made room for The Outfield this week. I'm high on the entire album as the 12" single and The Outfield could be one of the major surprises of 1985...Night Ranger is redefining melodic rock. 'Four In The Morning' should easily match, or exceed, the performance of 'Sentimental Street'...Early phones look great for John Waite, and although it got off to a slow start, the Godley And Creme single is really beginning to kick in. 'Cry' made our Top 10 most requested list for the first time this week!"

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "Loverboy has a h-o-t number and it's long overdue! This record will be big right off the bat, but the interesting story will be how long it will last! Knowing these guys, I'm sure there's plenty of good Canadian rock on the rest of the album...We had such good success with The Hooters' 'Zombies' that we can't resist 'And We Danced'. This one will most likely be an even bigger, more mass appeal record than the previous one...Night Ranger has always done well in Pittsburgh, although we have been somewhat disappointed with the performance of their most recent album to date. Hopefully, 'Four In The Morning' will give this thing a good swift kick in the rear end at the retail level...Although we have quite a bit of what I would consider to be 'technorock' on the station right now, Marillion gets the nod this week. This one stands out as being markedly different, yet as accessible as many of the others of a similar genre that we're currently playing...And speaking of records in that genre, Gowan's 'Criminal Mind' continues to hold down the #3 request slot and showed modest increases in sales this week. Have you given this record a legitimate shot yet?...The Talking Heads' 'And She Was' continues to grow and will undoubtedly fall in line with the classics that you already play from them...Bryan Adams' 'Diana' is hotter than the 'Summer Of '69', or anything else from that album right now...U2's 'Bad' shows up at #6 in the phones this week, and the sales continue strong... I think Epic should forget about chasing 'Gets Us ATT In The End' from the Beck album as the single and go right for 'Ecstacy'....I had a chance to hear some of the Stevie Ray Vaughan over the weekend, and you'll find the album is synonomous with what he's now calling his band--and that's Serious Trouble. The whole first side smokes from start to finish...There's another good song on the Michael McDonald called 'Bad Times'. Somebody must have sat this guy down and put a radio in front of his face and said, 'S

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Just when we thought Loverboy had played their hand, they pulled out the trump card--3:36 of no holds barred HIT! This is major league and if they can follow it up with another just like it, Loverboy's gonna be here to stay...Cheap Trick finally won a round in Celebrity Mud Wrestling, and John Waite barely gets on the playlist with what I must believe is one of his less inspiring melodies. Personal to John Waite: Remember the Babys and don't lose it...Darts to Epic Records for dropping the Elvis Brothers. Just another sign that the 'corporation' has lost its ability or the desire to develop good talent... Real excited to hear Taxxi with Night Ranger this weekend...And in anticipation of Joe Walsh's Riverfront performance, I'm pleased to announce that 'Slow Dancing' is starting to pull through with flying colors...A quick 'thank you' to Louis Heidelmeier for his excellent Chinese affair...In closing, September 2, 1985, be here or forget it!"

WBCN, BOSTON, MA ASST. P.D./M.D.-BOB KRANES: "Back from vacation with a pile of records at an unbearable height! Favorite of the week has got to be Kate Bush's 'Running Up That Hill', a song that will undoubtedly propel Kate into a bright spotlight...WBCN has always been a Ronnie James Dio supporter. The new album came in and quickly jumped on to our turntables. 'Rock 'n' Roll Children' is h-o-t and already getting good phone response...A while back there was a band called Skids in which Stuart Adamson performed. Stuart went on to Big Country. Skids magazine members got together and formed The Armoury Show. If I had to rate this debut project on a scale of 1 to 10, I'd give it a solid 8*. 'Castles In Spain' is the cut that is going to do the damage... Out of left field, we have 'Rockin And Romance' from Jonathan Richman And The Modern Lovers. 'The Beach' is a quirky Jon Richman song that works here in his hometown. The Lp is on Twin Tone...F.Y.I.: Charles Lacquidara's Big Mattress Song Of The Week: The Hooters, 'And We Danced'!"

- WTUE, DAYTON, OH M.D.-JOHN BEAULIEU: "Tom's on vacation for two weeks in Jamaica--or was it Pittsburgh?...
 On this ride we pick up the new Loverboy and once it kicks in, I love every minute of it...Also the 'go' category picks up The Adventures, The Outfield, Mondo Rock, and Eric Martin. Eric Martin has a voice we will all have to contend with on a major level soon...Gotta great breath of fresh air from the new ABC and a nice change by Girlschool with 'Running Wild'...Thanks department: To Warner's Craig Diable for bringing by Robbie Gay of Van-Zant. They played a great little club here called McGuffy's. This owner never charges a cover to see a great act...Also, kudos to Mike from RCA for the autographed Mr. Mister print and Elektra's Louis Heidelmeier for the chance to see Guadalcanal Diary in Cincinnati with Marty Bender, WSKS, and Curt Garv. WFBN." Gary, WEBN.
- WPLR, NEW HAVEN, CT M.D.-AMANDA TEPPER: "I guess you know you've made the transition from college to commercial radio when you start writing comments about Saga, and Loverboy. But seriously, Saga 'What Do I Know' has a strong hook and would sound great into (or out of) Genesis, Rush, Yes, Tears For Fears, etc. ... And when the headbangers start to tire of 'Smokin' In The Boys Room', they can turn up the new Loverboy which goes straight into heavy rotation...I like this year's batch of Mr. Mister tunes better than what they had last time around. 'Broken Wings' is mesmerizing--like 'All You Zombies' with a lovelorn theme...Remember Bram Tchaikhovsky? Do you love them? Then you'll love The Outfield's 'Say It Isn't So'. I haven't heard power pop this infectious for a while. Thanks to everyone for being so patient and helpful with a new Music WPLR. power pop this infectious for a while...Thanks to everyone for being so patient and helpful with a new Music Director. - CICT, WICHITA, KS M.D.-LEE ROBERTS: "We're still celebrating our Spring Book, as we dominated the Wichita market! 18 to 34, you can't beat us! as for the 3rd time in four books we finished #1!...As far as music goes, the Talking Heads, Dire Straits, Ratt, The Motley Crue, Tears For Fears, John Cougar Mellencamp, and John Waite are the bands commanding our phones...The Cheap Trick is absolutely excellent! We're seeing some real good retail already, and if you're not playing this song or the album, you have tin ears...The Loverboy will be going into ho-t by the time I get back from vacation...And speaking of vacation, I will be on vacation by the time that you read this. Please call Bill Bruin for music Monday and Tuesday after 2:00PM. I will be back next week!
- (ILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Leading the adds this week is Loverboy. It's very strong and we love it--every minute of it...Saga is superb!--what do I know?--you'd be very surprised...The ball keeps rolling for Bryan Adams with 'One Night Love Affair'...Okay, okay, we give. Eddie And the Tide will not get out of our faces or our ears. We hope that 'One In A Million' is a h-i-t...Huey Lewis And The News just finished up an unprecedented four sold-out shows at Red Rocks here in Denver--Something that has never been done before--and they look mahvelous! Many thanks to <u>Jeff Hackett</u> of Chrysalis for the comps and to Ray and Sharon Carlton for the pre-concert warm up bar-be-que bash! Your Southern hospitatlity was most gracious...  WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Three power hitters in one day! What's a girl to do but add them all out-of-the-box...Instant phones on Loverboy's newest 'Lovin' Every Minute Of It' (and we do, so thanks guys). Another big hit for Loverboy...We've got big Saga fans in our neck of the woods, so it's always great to spin something new from them. 'What Do I Know' shows how musically keen this band is. Very 'now' sound with their fine vocals to back it up means only good things for their latest effort...Last but not least-oh my gosh, another movie soundtrack! But wait--it's April Wine. Rockin' steady and grabbing you from the vinyl grooves. 'Rock Myself To Sleep'--a lullabye for the 80's...'Sometimes Bad Is Bad', but in the case of U2 'Bad' is fabulous! I remember telling Bob Catania many moons ago this--that this was my favorite track from 'The Unforgettable Fire'. Live, it is certainly something to behold. Needless to say, the phones are strong and anyone who caught Live Aid had to be mesmerized by Bono and the band doing this song...Count WPDH in on two exciting new groups gracing the airwaves. The Outfield 'Say It Isn't So' is one of those songs you hear and you just know everything about it is perfect and is destined to be a s-m-a-s-h!...We've also added a-ha's 'Take On Me'--visually one of the most unique videos I've ever seen--and it's really a very catchy tune, so we'll let it roll and see how it goes...Time out to gush. Thanks to Merv Amols, I had the chance to meet the 'lady of the 80's', Tina Turner. She's more perfect in person than I would have believed, and it was a show that knocked my socks off! I can't say anything else that hasn't been echoed time and time again about this outrageous lady." again about this outrageous lady.
- WLVQ, COLUMBUS, OH M.D.-LEE RANDALL: "Sales dominators: Top 3: Dire Straits, Phil Collins, Bruce Springsteen ... Sales explosions in the Top 20: Huey Lewis soundtrack #18, Talking Heads #13--resurgence of Power Station, Motley Crue respectable #4, Bryan Adams #5, Tears For Fears #6...Trying our best to find room for quality record adds . this week: Foreigner, our choice for that corporate kind of guy who is in 'L-O-V-E'...Ditto for the core 'Rock 'N' Roll Children'; melodic, catchy, powerful, lasting...The Outfield. Best new band we've heard lately. Brings back the memory of Barry Goudreau's first album...By popular demand, John Cougar Mellencamp and Y&T jump into heavy rotation...With the heat of the Summer, what's to become of this Loverboy record?...Waite getting some good female 20+ phone calls after a recent successful show at the State Fair... Increased play on the Beck. Whale of a song, great guitar piece, but don't know how listeners will respond because of the intensity...Excellent phone response on Marillion--being perceived as a Genesis sound-alike, with lyrical importance...Here in Columbus, we purchased the Tina Turner show, and will be dancing with her the 29th. Too bad she can't go to the Fair with us and have some roasted corn!"
- WIOT, TOLEDO, OH M.D.-RICK VAN GIL: "If you're looking for some rock 'n' roll meat, go to McDonald--Michael McDonald. No fast food quickie tunes from dapper Michael--just four-star quality delights! We're talking numerous phone orders for 'No Lookin' Back', so the title tune goes heavy, and we'll also serve 'Bad Times'... The new Loverboy song could be the best chant tune since Queen's 'We Will Rock You'. I expect 'Lovin' Every Minute Of It' to be used by the TV networks for football game promos...As long as we're talking about Columbia's product, why don't they just repackage 'Born In The USA' as 'Bruce Springsteen's Greatest Hits '84 And '85'? With The Boss on tour in the States again, we now start banging it on 'Goin Down'...Saga has a winner with 'What Do I Know'. In fact, the only thing with a better hook is my golf swing!...George Thorogood is still Top 5 sales in Toledo, so it only makes sense to add 'Memphis/Marie', the fourth single from 'Maverick'." WIOT, TOLE
- WHTF, YORK, PA M.D.-TIM DRAYER: "I would like to thank <u>Rick Salvador</u> of Capitol Records for making the arrangements for me to meet Tina Turner on Saturday, August 10th, at our own Hershey Park Stadium. Tina put on an excellent performance. The song I liked the best was her rendition of Springsteen's 'Dancing In The Dark'...Also, I would like to thank <u>David Leach</u> and <u>Bobbi Silver</u> of Polygram Records for their help in obtaining the exclusive showing of the Scorpion video 'World Wide Live' in Central PA. Enthusiasm from Scorpion fans is building already. Our premiere showing is Tuesday, August 17th...<u>Hot tracks for the week:</u> Dire Straits 'Money'; Bowie and Jagger 'Dancing In The Street', Live Aid; as well as Central PA's own Kix. Central PA has had several of its bands break national lately including the MTV Basement Tape winners, The Sharks!" WHTF.
- WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "The phone calls here are really getting out of hand. It's getting to the point where the only time Tom and I can talk to each other is when we're on hold. So we're gonna have to limit all music calls to Monday, Wednesday and Friday from 1-4PM. Tom wants to thank Linda Baker at WB for the Dire Straits show. It was a real thrill for his six-year-old son, Steven, who got backstage and met Mark Knopfler. The kid is catching on fast. He's learned to say, 'I'm on the list, where's my all-access pass?'" access pass?
- WWCK, FLINT, MI ASST. P.D.-LECIA MACRYN: "Hello to all the record reps. It's been great dealing with you so far. Thanks for all your welcomes...John Cougar and Loverboy are absolute hits here at the station...I love Mr. Mister. It's got a beautiful texture to it...P.S. Please keep the jazz coming in for our Jazz Brunch."

KMYZ, TULSA, OK P.D.-JIM RAY: "I don't want to drop any names yet--let's gossip a little bit! The new kid in town has found the 'roll' in rock 'n' roll, because we're on a roll. We are four months old now. Waaah! And our first BIRCH was 'itsy bitsy'. Our first Arbitron was 'Teeny weeny'. But now, with our second Birch, we have filled out so well that we could wear that 'yellow polka dot bikini'. I only get to say this once (maybe), but we have increased our shares 101% and 12+. Men 25 to 54 have skyrocketed 300%, and women 25 to 54 are out of this world with a 999% increase. Ahhhhh, that felt good! Well now, let me step out on this soap box and drop some names: Let's welcome Dennis Bivers as our new Sales Manager. He's from KOFM and we'll make this rough diamond rock station.

Rod Seagram is now sharing my office as Jazz Director, and assisting with special programming. Rod can be reach from 1:00-3:00PM and he is very interested in acquiring a jazz library and current jazz releases to supplement our champagne jazz brunch. 'High byes' to Miles Reynolds and Debbie Branch, our Summer interns. I wish you luck back in college. Best wishes too, to Jon Sinton, our former consultant rep, who always had good advice. You're too good, go on--get out of here, Jon! At the same time, a big 'hello with open arms' to Dave Logan of B/AM/D. Hope to meet you soon and make some good stuff happen! Welcome to the grindstone to John Bolleo--Two new promotions at once, (i.e. Mr./N. Music Director). Must be rough!...Hey, Lee Roberts: Spencer and I have got the whirlpool warmed up, the brew cooled down, and the bikinis are on the way. See you soon on your vacation...And now on the record I like--Marillion. It doesn't have that 'hook appeal' but that's what I like the most. We want to hear it more to try and figure it out--and it's worth it--on the flip side...X is 'A' plus (and if 6 was 9). This is the perfect weight to keep balance. I'll rock to you later!"

WAAF, WORCESTER/BOSTON, MA D.D.-RUSS MOTTLA: "'I've Been Lovin' Every Minute'

WAAF, WORCESTER/BOSTON, MA M.D.-RUSS MOTTLA: "'I've Been Lovin' Every Minute' of the new Loverboy. It's good to see they have chosen to vary their style a little! This is a great song that settles into an unexpected groove. A pleasant surprise for Loverboy...John Cougar Mellencamp is, for my money, one of the gutsiest rockers in the business today. He has the attitude of the Sex Pistols and John McEnroe all rolled into one, and the chops are great rock 'n'roll. There is more substance to this guy than he has ever gotten credit for and I can't wait to hear the rest of the album...Thanks to all the stations that have been supporting Bob and Zip's 'Just A Big Ego'. Remember, timing is everything in life. And what's this rumor I hear about Van Halen replacing David Lee Roth with Weird Al Yankovic?"

KATT, OKLAHOMA CITY, OK M.D.-SCOTT DOUGLAS: "Nice to hear from John Beaulieu, M.D. of WTUE. Glad things are working out at the station that rocks Dayton...It was very exciting to have Mark Knopfler and the Dire Straits guys in the studio last night for 'Rockline'. Special thanks to Mark of Global for being such a great guy—and thanks for dinner. Also thanks to Jerry Barrett and Larry Butler, both of WB, for smoothing over the rough edges...Musicwise, I don't usually harp about records, but give The Adventures and New Regime a fair shot."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "Once again, hats off to Heavy Lenny's comments of this past week. AOR not only works as an act breaker but as a taste machine as well. R.E.M. has been a closet college fave for years. Now those college kids have graduated and they're listening to your AOR. R.E.M. is the kind of seasoning that has made AOR unique. Talking Heads, Peter Gabriel, The Dead, Dire Straits, Pretenders, U2 --like 'em or not, have huge followings who are looking to their local AOR for just a taste of their band's latest. I'm not calling for 40 minute rock blocks of obscure jams, just an occasional break from the corporate band sound. This ability to deviate from the norm is AOR's ace-in-the-whole. Don't fight it, go for it!...Musically, Loverboy takes three listens to hear it, but this will be another great summer for these guys...X has done it up right so that commercial radio can finally appreciate them...April Wine has always done well here. 'Rock Loverboy takes three listens to hear it, but this will be another great summer for these guys...X has done it up right so that commercial radio can finally appreciate them...April Wine has always done well here. 'Rock Myself To Sleep' is a great return...Highway Chile's 'Christine' is getting super reaction calls with every play...Benny Mardones played to 10,000 serious fans in another triumphant return to Central NY. He's happenin' big and it's time to give this phenomenal rocker another chance. His music does the talkin' and it ain't idle gossip! Call Mark Gummer at (315) 635-9310 if you still need a copy of Benny's most recent (and best) recording to date."

WPYX, ALBANY, NY ASST.P.D./M.D.--BOB WELCH: "Break out the golf clubs, the second Annual Mason-Sheehan Golf Classic is coming on September 13th--once again broadcasting live from a local golf course. Entry fee is \$50 and includes greens fee, carts, a buffet lunch and a contribution to the American Cancer Society which makes it tax deductible. We're currently searching for a big name, golf-playing rock and roller. Anybody who wants any information should call me or Andi Turco during normal business hours...Also in the works is our 5th Anniversary Party on September 14th. We are looking for some surprise celebrity guests."

Party on September 14th. We are looking for some surprise celebrity guests."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "Next time you see the UB40 video of 'I've Got You Babe', keep your eyes and ears open. The video was shot a few weeks ago when Chrissie Hynde joined the band on stage at Jones Beach. Not only does James Brown, a drummer of UB40, wear a WLIR t-shirt, but in the audio of the video you hear a live phoner with our own Barry Ravioli...All right all you doubters for a-ha. You are not alone, I have to admit I was a member of the club. After seeing the video, I'm hooked. Take this song to the bank (heavy female phones!). Three weeks in a row this song has ended up in second place in the Screamer Of The Week competition. It's also a Top 5 request here...By the way, if you're not aware--the Screamer Of The Week is the best new song of the week as determined by our listeners. The current Screamer Of The Week is The Cure 'In Between Days'...Is the new Kate Bush single the best, or what? Man, what a vocal hook! For three years she claimed she was busy building a new recording studio. She should have been recording! Let's hope programmers put her over-the-top -- talk about a gifted voice with staying power...Also in the welcome back department, it's good to have Gary Myrick back. We're starting with 'When Angels Kiss'. I hear this track is heading for Hitsville, USA. Way to go, John Luongo!...I'm not fond of covers--but I really enjoy Simon F.'s version of the Hoodoo Guru's 'I Want You Back'. Simon used to be half of Interferon who had a Screamer with us (anyone remember 'Get Out Of London'?) Simon has brilliantly hooked up with Billy Idol guitarist Steve Stephens as producer. The end result is a high-energy kick in the ass. The Music Department thanks you Simon. Thanks to Stevo for hosting the Some Bizarre radio show this week with Denis...Thanks to Nik Kershaw, Frank Zappa and Martin Frey of ABC for phoning in."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Your basic stream of consciousness comments this week...Killer tune of the week: Platinum Blonde's 'Crying Over You'. A guitar solo by Alex Lifesong of Rush is awesome. If you don't remember this Canadian band from their last Lp, you'll remember them now...Giddy-up Nick Lowe! I don't know if it's the 'News connection'orif the 'Jesus Of Cool' has been working overtime, but 'I Knew The Bride' is a rollicking good tune...Anyone who doesn't think they can play Tina Turner on the radio should go see her in concert. She gives new meaning to the word 'sizzle'. Cover versions of 'Legs' and 'Dancing In The Dark' help to round out a great rock show. You also might want to soon consider 'One Of The Living' from the 'Thunderdome' soundtrack...And finally a Kim Mitchell update. 'All We Are' is Top 5 phones. Don't wait any longer. Remember - acts like Bryan Adams and John Parr used to be unknown, too...Thanks to Epic's Michael 'Mensch' Caplan and Doug 'Goyum' Hamann for a night of inspired madness."

WBRU. PROVIDENCE. RI M.D.-LARS MURRAY: "I had my doubts at first about Michael McDonald's image. The son

WBRU, PROVIDENCE, RI M.D.-LARS MURRAY: "I had my doubts at first about Michael McDonald's image. The song is what counts and 'No Lookin' Back' is an apt title coming from a guy who we thought had drifted into middle of the road oblivion. Great to have him back in fine form...The pop battlers of the week: What Is This adds great guitars to an already proven song. It's great to hear a new angle on a classic. Watch for this one to go CHR...But watch The Outfield go faster and smarter...As for new angles on classics, interesting things seem to be happening with the UB40/Chrissie Hynde record as it grabs the more mainstream audience and fewer of the new wave zealots...After a long time, Dire Straits' 'One World' has finally snapped in my head. It is definitely a song that stands on its own and is not merely a bone to throw to ravenous Dire Straits fans... Heart's 'Never' is definitely the strongest cut on this Lp and a great choice for the new single. Has a great hook and just enough edge not to disappoint rockers...John Cafferty's 'Voice Of America's Sons' is a natural here in Providence and should catch on quickly. This industrial rock doesn't often miss, musically or lyrically. This week's Master Blaster...I haven't really run out of great things to say about U2's 'Bad' but quite simply this is a budding anthem. Watch the fireworks on this one...Life is good when 'Bad', 'Head Over Heels' and Talking Heads' 'And She Was', not to mention UB40's 'Babe', are all Top 5 requests."

- WTPA, MECHANICSBURG, PA P.D.-LOUIE TORRIE: "Central PA is Kix krazy! After all, this is the heart of Kix kountry. At WTPA, we recommend a 'cold shower' after 'sex' before 'walkin' away'. 'Midnite Dynamite' offers a bit harder edge than their last xinyl, and 93.5 listeners are taking the bite. We're three cuts deep out-of-the-box. Special note to Greg Stevens at KISS, San Antonio: Check out the Kix track 'Layin' Rubber'. That ought to choke the cholos vato...This week WTPA jumps on the sage sounds of Saga, a refreshing change in direction from our Great White North neighbors. The backing vocals really set it apart. Don't let CHR beat you to this one...Shooting Star's 'Heat Up The Night' lit up our phones during testing and Epic should have come with this one in the first place. Glad the 12" caught our attention and Central PA's ear...Time off the road seems to have been the answer for Loverboy. 'Lovin' Every Minute Of It' is their best work since 'Get Lucky'...If you like Pee Wee Herman, you'll love Emo Philips. We're having fun with Emo's one liners and drop-ins...Special thanks to Herb Gordon of Columbia for his help on Springsteen tickets. While other stations gave tickets away, WTPA auctioned a block of three tickets on air and raised \$1,250 for our Central PA Chapter of Mothers Against Drunk Driving."
- KZYR, AVON, CO M.D.-JOANI WILLIAMS: "ADDS: Jimmy Cliff 'Music', 'Arrival'; Nick Lowe 'Bride'; Loverboy 'Minute'; Marillion 'Kayleigh'; Michael McDonald 'Back', 'Bad'; Propaganda 'Dream'; Gregg Rolie 'Young"... Angels, Eddie And The Tide... INCREASED SALES: Tears For Fears, Eurythmics, Dire Straits, Sting, Mason/Fenn...Just when we thought summer was out of reach, Jimmy Cliff arrives to bring us back to life. Nothing like a little rasta to help you keep the faith...Max Carl and Propaganda are still sounding better and better. Give 'em a listen if you haven't already...Bad day, gotta run. Talk to ya next week."

I can't find my copy of 'Tequila', and a new 12" sure would help."
- WCPZ, SANDUSKY, OH M.D.-KEVIN YOUNG: "ADDS: Loverboy 'Minute'; Saga 'What'; The Outfield 'Say'...

 CONSIDERING: Nick Lowe...MOST REQUESTED: Phil Collins 'Number', Dire Straits 'Money', Huey Lewis And The News 'Power', Aretha Franklin 'Freeway', Corey Hart 'Never'...INCREASED PLAY: Marillion, Michael McDonald, What Is This...This new Loverboy song is something I'm sure I'll hear in the student bleachers at high school football games all over the four county area. Though I'm not targeting that particular demo, it never hurts to flirt with the fringe areas especially with something that's going to be as big as this one's going to be."
- KFMH, MUSCATINE, IA P.D.-STEVE BRIDGES: "ADDS: Loverboy 'Minute'; Gary Myrick 'Stand'; Hyts 'American'; April Wine 'Rock'; Neil Young 'Back'; Dio 'Children'; Talking Heads 'She'; The Outfield 'Say'; John Mellencamp 'Lonely'; Laid Back 'One'; Style Council 'Boy'; George Thorogood 'Memphis'; Kate Bush 'Hill'... - WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "That small portion of my mind that Springsteen left unscrambled in Cleveland last week was taken care of by Tina Turner and Glenn Frey at Saratoga last night. Bruce And The E Streeters represent that great reaffirmation and, yes, they do transcend the venue, no matter how large...Aside from that, only two questions: If you're not playing Marillion's 'Kayleigh', how come? And, Erin Riley, can I enter WMMR's Bruce contest?"
- WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN-SMALL: "The Outfield record caught my ear right on the first listen. It's a catchy cross between Men At Work and The Police. Not every new record can come up with the impact of 'You Got Me All Screwed Up!' within the first minute of the song...The Dire Straits record is burning up the phones and walking out of the stores here so it's time for a new cut. We'll go with 'One World'."
- KFMX, LUBBOCK, TX P.D.-WES NESSMAN: "ADDS: Loverboy 'Minute'; Sting 'Love'; Dire Straits 'World'; Tom Petty 'Spike'; Saga 'Know'...CONSIDERING: Billy Burnett...MOST REQUESTED: Mr. Mister, John Parr, John Mellencamp, Y&T...INCREASED PLAY: John Mellencamp, John Waite...I find it very hard to believe that so few stations are on a second track on the Bob Dylan ('When The Night Comes Falling...'). It sounds like vintage Dylan with state of the art production. We are taking full advantage of this opportunity to participate in this comeback of Dylan's, a true music legend. Along with that, just how many people do you think watched the tail end of Live Aid? Probably anybody that watched any of it. They know who Dylan is, how good he is, and that the world just might be a totally different place without his important political and social comments. Taking this into consideration, along with this monster of a tune, it's hard to believe that anyone would pass this by. Dylan was, and still is, as important to rock and roll as the rock legends he's outlived, the ones functioning today, and the ones of tomorrow. Music is number one around here, and radio is number two. I think that's why we excel in the ratings. We went up 3.4 points with a pure AOR sound. In fact, I received a hefty bonus for being number one in the male 25/34 demo. I know my listeners love Bob Dylan."
- WQBK, ALBANY, NY M.D.-PEGGY APPLE: "Surprise of the week: Saga 'What Do I Know?' It sucked me in at first listen. Destined to go far...UB40 and Marillion continues to garner BIG phone response...The Hooters are coming to town next week and you can feel the excitement. April Wine sounds real good on the air and response to the new Loverboy portends an awesome Autumn for our Canadian friends...The surprise of the week was the Kate Bush track. Without a doubt, this is one of the most finely-crafted tunes I've ever heard. John Hey was right when he predicted this would be a hit...Finally a warm heartfelt thanks to Mark Andes for helping with our blood drive. He didn't have to drop by but he did. We finally went with the second Hooters cut, and we still get a lot of calls for 'All You Zombies' and this one looks like it may repeat that or do even better. Here's hoping anyway...Loverboy's new one is simply a can't miss rocker added here out-of-the-box...Katrina And The Waves can't miss either with the quality of 'Do You Want Crying?' Highly invigorating stuff...Aretha Franklin cruised into heavy rotation this week. Still doing very nicely with no negatives...R.E.M. is now selling Top 20 here and they, at last, debut in our Top 5 requests. Quality music is happening."

"Splish, splash, we all took a bath in the sun on Catalina Island, a fine reggae experience. We'll see you next year...I can't say enough about this new ABC. 'Be Near Me' is a strong comeback after their unnoticed 'Beauty Stab'. Can't wait for the entire Lp...Jimmy Cliff's 'Hotshot' is a groovin' reggae dance number that deserves everyone's attention, especially 'Your Dancin' Shoes'...Keep those shoes on and listen to the new Gary Myrick Lp 'Stand For Love'. He stands for a lot of talent, perseverance, and a wonderful knack for writing great pop tunes. 'When Angels Kiss' is bound for heavenly glory all across the dial...Up from the darkness comes a frightfully, delightful disc called 'Oil And Gold' from Shriekback. This band can lay down bass and funk in a unique style that grabs you from the start. 'Nemesis' is the killer but take your chances with 'Everything That Rises Must Converge'. Cool...The Armoury Show must go on. 'Waiting For The Floods' is powerful and loaded with punch. Trip out to 'Castles In Spain'. I did...Mr. Mellencamp is back from the studio with the Little Bastard producing, 'Lonely Ol' Night' has got bluejean material written all over it. Wow!...The atomic dog, George Clinton, took the Red Hot Chili Peppers in the studio and came out with the baddest funkiest chili pepperinest jam to date! You can't miss this one. 'Hollywood' will bowl you over and leave you beggin' for mo'. This guy spells funk with a capital 'F'. So what the funk. That's all from the West. Yow!!"

The programming department at WFNX has pulled all of New Order's records out of the studio and off the air for an indefinite period of time. Although we feel that the band is making an important contribution to the music of today, we cannot continue to support them. New Order recently played The Opera House in Boston. Tickets ran as high as \$18. For that price, the fans were treated to under an hour of a less than adequate performance. That in itself would not be enough for us to take this action. But since that concert, we have been deluged with negative calls every time a New Order record is played on the air. These callers feel ripped off by a band they used to love and can't understand why we would support them after what they did. So we are responding to our listeners with what we feel is appropriate action...On a more positive note, there is some fine new music out this week. Kate Bush emerges from a three year hiatus with a song that will be running up the charts. What a killer record!...I'm hearing 'Women III' as the hit on the new OMD album. Check it out and see if you agree...Mondo Rock's 'Come Said The Boy' has an incredible guitar riff. If the guitar doesn't grab you, then you'd better get your ears checked...The WFNX Prime Cuts Album Of The Week is Propaganda's 'Secret Wish'."

Record Action

DANNY BUCH, ATLANTIC (212-484-7631): "A recent article in a certain trade paper dealt with radio's 'ban' on hard rock. Whereas in 1981-1984 metal comprised between 11%-15% of AOR playlists, thus far in 1985 that level has dropped to a whopping 2%. We have lived through pendulum swing in mega-trends in this absurd thing 'we do for a living'. Disco, nu-wave, metal--all became victims in our trend game as welcomed messiahs and then rejected pariahs. Meanwhile, back in the real world, the latest casualty has become the rock 'n' roll consumers who are being confused by an onslaught of hard rock vinyl in the record stores, but no place to hear them on-the-radio. You remember the consumer/radio listener (those little people who pay our salaries)? They still try to listen and buy. They buy what they like with little regard for the titles we put on it, and trends we establish. When disco died, somebody must have forgotten to tell Mr. Consumer because they bought the music under the title 'dance music and R&B'--and now that heavy rock has vanished, someone must have forgotten to tell the people who've just made the latest AC/DC album Gold plus, and the latest Ratt album Platinum plus. So, when Madison Avenue screams '25+--screw your teens' rewarding you with those heavy national buys, consider the following: The teens have money--they buy records--they're ACTIVE and they're your future listener or, perhaps more importantly, your future non-listener!. And, while you read my babble, please listen to the following new hard rock 'n' roll albums just out on Atlantic: Kix (with a big following out of Washington, DC); Holland (out of Chicago, featuring Tom Holland formerly of the B'zz); and Malice (already buzzing on the West Coast)...Personal to Bob: How was your vacation?"

ANDY ALLEN. RCA (212-930-4518): "A manufacturing problem forced us to hold Starship's 12" one week--look for

ANDY ALLEN, RCA (212-930-4518): "A manufacturing problem forced us to hold Starship's 12" one week--look for 1t Thursday, August 22nd. Also that week, Nick Gilder's first RCA release 'Let Me In'. Early activity on New Regime include WHJY, 91X, KZOK and WDIZ. MTV's on the video and the band is on the road with Platinum Blonde. Thanks to Bob, Joe, Rick, Al, Ted, Erin, Warren, Doug, Dave, John and Mark for keeping an open mind on a developing artist--Mr. Mister."

MICHAEL PRINCE/PAUL BROWN, ATCO (212-484-6400): "Everyone's got priorities and everyone's got responsibilities. These are facts of life that just won't go away. This we realize. The fact that so many people have been so struck by the Idle Eyes 12" of 'Tokyo Rose' is encouraging. Give this record a shot. It's just too mesmorizing to resist...Also, be on the lookout for the Vandenberg 12". 'Once In A Lifetime' is the track title. This band has never sounded better and the tide rolls on...Since you did, thanks for reading!"

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "LOVERBOY blows out!!!...COCK ROBIN breaks through the recognizable song and artist category this week!!!...THE OUTFIELD hits the #3 Most Added mark for the second time in a row... MASON/FENN go up in rotation on play lists...HOOTERS'second track is in place and dancing up the charts... NICK LOWE is out with a fury...Following close on his heels are GREGG ROLIE and MONDO ROCK...The OILS are destroying the phones...PAUL YOUNG is breaking everyone's heart and tearing everyone's playhouse down...MEN AT WORK get a gig in China (the second band to have this honor--first was WHAM!)...BILLY JOEL airs his soul live on radio...DYLAN hits with another hit track...JIMMY CLIFF hits with a hot track...GOWAN performs...

RICH SCHMIDT, RHINO (213-450-6323): "Starting September 2nd, CBN will start broadcasting 'The Man From Uncle', 11:00PM weeknights. This is the best news I've had all year. Go fish!"

BENNETT KAUFMAN, GOLD MOUNTAIN (213-469-2411): "HYTS continue with 'American Way'. New adds include: KISS, KRIX, KRZK, and KFMH. This record has been converting to higher rotations each week as well as gaining in total stations. HYTS first record, 'Backstabber', did well for most of you. 'American Way' deserves your attention now!...Congratulations to Gary Myrick on a great new album...Many thanks to Mike Boyle at WMGM for your continued support of Gold Mountain and HYTS!"

RICHARD PACHTER, PROMOTION IN MOTION (305-482-6629): "Oh boy, I won Moser's Hawaiian shirt! What was the second prize? Two shirts? A Hawaiian shirt from Buffalo will be very interesting. It probably has little bowling pins under palm trees, or maybe Polish sausages or chicken wings. What an honor!...It was great seeing the world come in on the Loverboy record. Wait till you hear the whole album! It's the record they needed to make, and you need to play...'If You Can't Get There From Here', then the next logical step is 'Driver 8'. R.E.M. is an American original... If you haven't listened to the Idle Eyes album, check it out. 'Tokyo Rose' is the track... And watch out for Vector... Have a great week!"

RAY GMEINER, ELEKTRA (213-205-7433): "It seems some of us in our business have forgotten what it was like to be a teenager growing up in these United States. It's bad business for our format to hand over its future upper demographics lock, stock, and barrel to those pencil neck geeks at CHR. Just like the balance of old and new music is an important part of your music mix, having old and new listenership should be a balance we all fight for. Some of the most successful AOR programmers in the country have always struck just the right balance of old and new music for their older and younger listeners and gotten great numbers in the process. Concede today's teens to CHR and you'll be plotting out strategy with your GM on when to go A/C sooner than you think. Won't that be fun?. Oh yea, I almost forgot. X 'Burnin'....thank you...Motley Crue. We've sold in six weeks what took six months with the last record...Guadalcanal Diary. Struggling, but we'll stick with this one for a long time. 'Trail Of Tears' is great American rock 'n' roll...Coming soon: Rio, The Cure, and a tune from Alan Vega you won't believe!"

Both the BBC and MTV are balking at Howard Jones' new video for "Life In One Day." "I wanted to do a video that was completely done from anything I've ever done before, so we asked Godley and Creme if they had any ideas. They came back with the idea of TV channels changing a lat, and it appearing that your television was going wrong." BBC-TV DJ Tony Blackburn introduces the band on the clip, then the channels begin changing to commercials and other programs, and the picture is lost entirely for a while. "The BBC won't play the original version because they're worried that people would phone up complaining," Jones says. If the characters in the various programs look familiar, he adds, it's "because they're almost all me. It was great fun." The nature of the video for "Life In One Day" means that you can't hear the whole record on the video. But Jones says that's a good thing. "It's about time that video was regarded as a separate thing on its own, and the soundtrack should be especially made for it. Though," Jones concedes, "I wouldn't like to do something like this every time."...Vitamin Z are currently filming two clips in Istanbul, for "Every Time That I See You" and "Circus Ring."...Nik Kershaw's "Don Quixote" video was filmed in rural Spain. An actor plays Don Quixote in the clip....Thomas Dolby gets thrown in jail at the end of the video for Dolby's Cube's "May The Cube Be With You." Dolby is a timid bank clerk, who spends an evening with Marilyn Monroe and then turns into James Cagney. Lene Lovich plays a punk who drops the magical cube and then wakes up as Margaret Thatcher. "Yeah, it'MOW does get silly," concedes Dolby. "There's a great bit on Waterloo Bridge with these commuters freaking out because their wives' fantasies come alive."

INTERVIEWS

JOHN PARR: "I would much prefer actually to be broken in a new territory with a song like 'St. Elmo's Fire', as opposed to a song like 'Naughty Naughty', because it's a little deeper. 'Naughty Naughty' was very much geared towards launching me as a new act and it was a dangerous risk, because people could say it's just a sexy little song or it's just another thing, when it really wasn't. Whereas 'St. Elmo's' is a complete departure from that."
