PRETENDERS LP...COLOR OF MONEY SNTRK...STEVE MILLER...KANSAS... PAUL YOUNG...BEN ORR LP...BERLIN LP...8 SECONDS...JASON & THE SCORCHERS LP...MEATLOAF...DON DIXON...HOWARD JONES LP.

PRETENDERS,

SCORCHERS LP...MEATLOAF...DON DIXON...HOWARD JONES LP. PRETENDERS, "GET CLOSE", WB Rejuvenated, more mature and slightly experimental--that's new Pretenders. They've never offered a headier brew of styles and sounds--rockers, '50's, dub, ballads, Hendrix, horns, synth, ska, and wah wah--it's all there, meticulously held together by Robbie McIntosh's pic-less guitar playing and Jimmy Iovine's commodious production. And when Chrissie's almighty chops get behind thor-oughbreds like "My Baby", "Roomful Of Mirrors", "Tradition Of Love" and "Light Of The Moon", it's spontaneous combustion. Add air, stand back!

"THE COLOR OF MONEY", SOUNDTRACK, MCA Whoah!! This is one soundtrack that's like album radio manna from heaven. The Don Henley track (Geffen's got the 12") is a smoldering suckaahh in the tradition of "Dirty Laundry" and "Drivin' With Your Eyes Closed", propelled by a funky but chic bass synthesizer with Joni Mitchell and Rosie Vela supplying the breathy back up vocals. And who could refuse a new Eric Clapton tune? Factor in the film's guaranteed gross and you've got Rock N Roll's answer to the 'Top Gun' soundtrack.

TEVE MILLER, "I WANT TO MAKE THE WORLD TURN AROUND", CAPITOL Those who were disappointed by his recent oversynthesized fa starts will be relieved to find the Gangster's back with his STEVE MILLER, false guitar, delivering on the promise of his classic '70s work. As the outing with Ben Sidran hinted, Steve's flirting with jazz now and Kenny G's shimmering sax solo continues that progression. The new 12" is smooth, sassy and soothing, kind of like "You Belong To The City" meets "Fly Like An Eagle". Bang it!

#### KANSAS,

CANSAS, "ALL I WANTED", MCA The return of Kansas finds the band once again fronted by the distinctive pipes of Steve Walsh. Always the highlight of their previous successes, Walsh delivers a repeat performance as his vocals sparkle on this tender rock ballad. "All I Wanted" possesses a strong pop arrangement and a compelling keyboard presentation that radiate of yet another across the board hit. Rockers abound on the forthcoming Lp, so put this one away early!

PAUL YOUNG, "SOME PEOPLE", COLUMBIA Paul's cool, tasty cover placed him all over the radio and all around town as he deservedly earned his best new artist stripes. "Some People" is a sophisticated production piece that elevates Young's pop/rock status and album radio credibility to new and more elaborate heights. His soulful vocals really shine and that bluesy tempo is punctuated throughout by high octane horns and a big bass sound...it's some kinda wonderful!

BENJAMIN ORR, "THE LACE" ELEKTRA Although his vocals and bass playing are consistently world class, the critical criteria for a successful solo Lp is song-writing. And as the single's 2 week hot streak to #17 indicates, Ben can pen 'em as good as he plays 'em and there's more where that came from. With the album the emphasis shifts away from the Cars considerable quirk and studio tricks, toward a height-ened sense of harmony and understated elegance. You'll want to immediately make room for the addictive "Too Hot To Stop" (shades of early Cars) and put an ear to "Circles" and "Hold On".

BERLIN, "COUNT THREE AND PRAY", GEFFEN As forecasted earlier the axe-shun line-up on the new Berlin Lp is in a word outstanding. There will be absolutely no reser-vations regarding this band's rock credibility. What ultimately makes this package click is Terri's vocal adaptation to these varied rock selections. "Pink & Velvet" showcasing David Gilmour's haunting and piercing guitar virtuosity is an immediate must. Also check out the smokin' rockers "Trash" & "Sex Me, Talk Me" featuring the Motor City Madman Ted Nugent. BERLIN

# SECONDS, "KISS YOU WHEN IT'S DANGEROUS" POLYGRAM

There seems to be a catch 22 inherrent in There seems to be a catch 22 inherrent in Eurosounding records. Too much synthfunk and Rock programmers will pass, leaving it for Hit radio; too cerebral and it gets relegated to Headphones Only. Fortunately, 8 Seconds, aided by producer Rupert Hine, have found that elusive midpoint. "Kiss have found that effusive midpoint. Ariss Me" delivers a fixx of sensuous future rock, beautifully gift wrapped in a radio ready melody with those rhythm guitars and pleading vocals providing just the right contrast. One listen and you'll see why the advance tape and showcase have more than a few programmers already pumped.

## JASON AND THE SCORCHES, "STILL STANDING",

**EMI** These uncompromising roots rockers are clearly the critics choice but until re-cently radio reception has been less than deserved. The run on "19th Nervous Break-down" is allowing for expanded recognition (now on 38, prime at #70 Trax) and the Lp will no doubt continue to bust down doors for this passion band. "Golden Ball & Chain" is a no frills, rip roaring rocker Chain" is a no frills, rip roaring rocker that should permit this band to fully sat-urate rock radio. The real stuff!

#### "GETTING AWAY WITH MURDER" MEATLOAF

- ATLANTIC Meatloaf is bound to turn a few heads with his latest, and haven't we all been ex-pecting a little shift in direction. Well the change has come and Meat walks away proud. The new twelve inch's fresh, modern and soulful approach is multi format compatible and will no doubt broaden his base, and keep you covered 'til the album shows up.
- ON DIXON, "PRAYING MANTIS", ENIGMA Don Dixon's noteworthy production credits (REM, SMITHEREENS, BEAT RODEO) are no trade secret and now Don hops from behind the board to behind the bass. The styles re-DON DIXON, "PRAYING MANTIS" ENIGMA board to behind the bass. The styles re-flected on his production projects have vastly influenced his own very special brand of music. Simply stated, it's commercially artistic. "Praying Manis" is lyrically irresistable, vocally impressive and it's the proverbial coin toss as to what grabs ya more: that throbbing bass line or the catchy chorus.

HOWARD JONES, "ONE TO ONE", ELEKTRA Ho Jo's 12" run continues to impact rock radio with 12 new (DC101, WKDF, WBAB, KROQ, WZZO, WEZX), 45 cume and a Hot Trax romp HOWARD Howard's distinct vocal style of 68-56. and smooth electronic keyboard wizardry is explicitly satisfying throughout the album. Producer Arif Mardin effectively blends Howard's unique artistry into a commercially accessible package. We recommend: "All I Want", "Step Into These Shoes" & "Don't Want To Fight Anymore".

DAVID & DAVID, "SWALLOWED BY THE CRACKS", A&M Yeah, we know the Most Added is looking like it's "Two Fer Tuesday" but when they are strong deserving follow-ups from request or retail validated artists, why wait? KLOL, KQRS, WLLZ, KYYS, CILQ, KGB, KISW, KZRR, KLPX and 11 others didn't, expanding D&D's base to 68 stations, with ups at KBCO, WHCN, KATT, KLBJ, WOUR, KUPD and KKDJ fostering the 47-36 Hot Trax improvement...Bob Allen, KFMQ comes clean, "Welcome To The Boomtown' was one of the year's gems and 'Swallowed' looks to follow in those footsteps. It's intelligent music and it's refreshing to hear it come from someplace other than the pulpit."

STABILIZERS, "ONE SIMPLE THING", COLUMBIA Each week more new believers line up and sign up...WFBQ, KSJO, KAZY, KGON, WBYR, WQBK, WAAF, WLAV and 11 more are in as the add count mushrooms to 78 strong, and with WHCN, WHMD, KDJQ, KKFM and WLNZ increasing, The Stabs score this report's #1 National Gainer, 36-29...We're sure <u>Michael Davis</u>, KFMG isn't alone in saying, "This is a record that just kept coming up in our music discussions and has finally made it on the airwaves. We expect good things"... Muscling 45-35 on the Hot Trax 100.

BOSTON, "THE THIRD STAGE", MCA With the #4 airplay single still in power at 93 reporters, radio focuses on "We're Ready" as the concensus second track. 16 add, 17 up producing the week's #1 Point Gainer and a smooth 26-13 Trax maneuver, with 25 max mentions and enough Top 5 request locations to bring on a #12 Most Requested debut. Meanwhile, "Cool The Engines" is underlined at #31 with 7 new, and 3 increasing.

GEORGE THOROGOOD, "NIGHT TIME", EMI Naturally, the Northeast and the pure rockers are rolling in, paced by WMMR, WAQX, KUPD, WEZX, WHTF, WQFM, WAPL and WQBK, but the 26 close/considering count tells us it is going to spread quickly. The new 12" trounces 98-77 Trax, as the Lp registers the week's #2 National Lp Gainer, 48-44. Hear it on KLOS, WLAV, WPLR, WXRK, WBYR, WRKI, WZZO, WHJY and 20 others.

BON JOVI, "SLIPPERY WHEN WET". MERCURY Jon's overwhelming appeal - the Lp just n shot to #1 on Billboard's sales chart makes playing a second track de rigeuer and "Wanted Dead Or Alive" is the way to go. We're up to 42 now playing with 17 new : (WDIZ, CILQ, WNEW, WBYR, WEGR, KOZZ, KZEP, KBER), 8 ups, 17 considering and 4 Top 5 Phones reports (WXRK, KQDS, KKDJ, WRFX). Wayne Summers, WRCN feels "Bon Jovi expands the demo appeal with 'Wanted'. This is one us 30 year olds can get into"...The single is still razor sharp at #10 Trax, #2 Most Requested as the Lp muscles 12-7 Metro, for our #2 Gainer in points and positions.

TALKING HEADS, "PUZZLIN' EVIDENCE", SIRE/WB 15 new including KGON, WNEW, KBAT, WIOT, WDIZ, WXRC, WBYR and WEGR rally behind the Heads' latest with increased play at KMET, KILO, KKDJ, WCKG and 4 more. 16 of 82 now now playing report good or excellent requests including CILQ, WHCN, WDIZ, KFOG, WHJY, KLBJ, WXXP, KZEW, WLIR and WQBK. Chartcheck: 41-33 Trax, with the Lp sittin' pretty at #6 National and Metro.

KBC BAND, ARISTA The #11 Airplay single sucks up 25 increases 9 adds, 11 power play reports and Top 5 phones at KTXQ, WBYR, WTPA and KPEZ. "America" clearly wins our name yer fave backup track sweepstakes (new on KFOG, WCKG, KGON, KSJO, KZAP, KFMF and KBLE) with "Mariel" in a distant second place. Now the reviews: Jon Russell, KFOG, "Great response here"...David Hall, WKDF, "Sparkling debut"...Cindy Bailen, "Many excellent cuts"...Chris James, WTPA. Play ups: 18 more for the week's 3rd highest in that stat. Phones: 13-6 Most Requested. Charts: 25-14 Hot Trax; 24-20 National; 26-21 Metro for our #1 Lp Gainer in airplay points. Raves: Mary London, WRFX, "This band is really hot. So hot that we have to keep ice packs on the phones for callers"... Lex Staley, WFYV, "After three weeks of three plays a day, the Satellites have powered to #1 Most Requested"...And Ace Paladino, KRIX, "They get our vote for record of the year."

# AUTOMATICS

Depth Trax From Established Albums

GENESIS, "LAND OF CONFUSION", ATLANTIC Genesis' vitality to rock radio could never be overstated. Any sequential album track is cause for the auto status, especially when a super remix 12" arrives. There's much more punch packed into this virtually brand new sounding cut. Fourteen add this week (WNEW, WQFM, WFBQ, WQBK, KZEW, KOZZ) with 8 ups producing a 46-38 Trax primer. Also on: WIYY, WMMR, WLUP, KSHE, DC101, WXRK, WHCN, WIOQ, KGON, KSJO and plenty more!

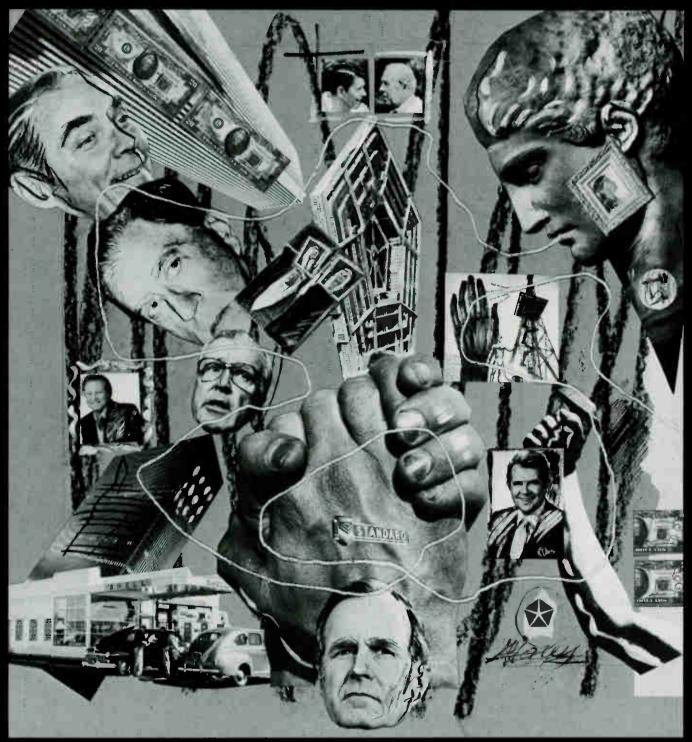

EURYTHMICS, "THORN IN MY SIDE", RCA Expect the Eurythmics roll with album radio to pick up a full head of steam with this next rock radio entry. Annie and Dave merge their contemporary cutting edge style with a slice of the 60's and deliver what seemingly may be their hottest track for the format. Early starts at The Loop, KZEW, KBCO, WPLR, WBRU, CFOX, WLIR, WWWV, KZEP and WWZU.

BOB SEGER, "MIAMI", CAPITOL They don't come any more automatic than Seger and with three consistently strong album rock performances under his belt, major retail stories still persisting and a national tour storming through America, it's an easy task to give the quick nod to "Miami".

MOODY BLUES, "RUNNING OUT OF LOVE", POLYDOR The Moodies' run hits high gear as track three grabs 10 new (WBYR, WEZX, WTPA, WRUF, WPDH) and 32 cume (WAAF, WHJY, KUPD, WZZO, WCCC) generating a Hot Trax lunge of 84-66, (#4 Gainer) and a redebut on the National Chart at #46. The tour is still active and it's obvious the Moodies are not running out of airplay!

# DOUBLE SHOTS

**Deserving Second Trax From Newer Acts** 

RAINMAKERS, "DOWNSTREAM", MERCURY The Rainmakers showed album radio a good \* time with "Go-Go" and these midwest rookies aren't done with ya yet! "Downstream" is lyrically characteristic of these theater of the absurdists and the driving rock edge of this track, replete with some fancy fret lickin' and relentless rhythm section should impress you pronto.

SMITHEREENS, "BEHIND THE WALLS OF SLEEP", <u>ENIGMA</u>...It took some time but "Blood And Roses" went the distance, climaxing in the Top 15, with exceptional request follow through and respectable retail. And wasn't it great to see these Jersey rockers bust wide open on an independent label? Now spend some time with the new 12". It's more of what made that wonderful lead off track sizzle.

CINDERELLA, "NOBODY'S FOOL", MERCURY Cindy proves this ain't no fairy tale second time around, they still mean business. WNEW, WXRK and 4 others join an illustrious list of 55 (WMMR, WYNF, KISW, WKDF, KSHE, KGB, WBAB, KOME, KTXQ, WPYX, KUPD, KNAC). The track advances 50-45 while the Lp also holds prime positions at 30 and 35. Already mauling Top 5 phones at KUPD, KOMP, KRIX, WGIR and KFMG. Sales and phones are building at 15.

PAUL SIMON, "GRACELAND", WARNER BROS. Rhymin' Simon serves up the double and album radio responds. There's fresh air on 11 (WNEW, WHJY, WHEB, WKFM, KLBJ) swelling the cume to 46, and producing a Trax chart bolt of 59-51. The Checklist is inspiring, showing 15 building, a dozen reporting good to excellent phones and a hefty 18 considering. The album is our #2 Metro Gainer 45-40 and bulletted at 31 National.

Well, how 'bout giving them a shot matey?!

#### RARE MORNING SHOW OPENING AT WNEW AS NEER, MCEWEN EXIT

Citing a "lack of growth" in morning drive, WNEW-FM, New York PD Charlie Kendall announced sweeping changes in the station's morning show. Out are 15 year veteran Richard Neer and 4 year vet Mark McEwen, while News Director Lisa Glasberg, producer Rough Jim Buff and jack-of-all trades Marty Martinez remain where Rock Lives.

Charlie, who's temporarily on the air hosting morning drive, told FMQB's Dirt Alert: "We have had an ongoing evaluation process for about the last year and a half trying to increase shares in our morning drive and that has not come to fruition. With the lack of growth that we've seen, we felt that we had to make a change. New York is a very competitive market. I would venture to say that the best morning men in the country are in this market. Richard and Mark did a fine job up to the point where they took us, but we have to go further if we're going to be competitive in the New York market. New York's the #1 market and it's going to require that we have the #1 morning talent in America today working for us and that's what we're looking for."

So for the first time in eons, a full time air opening exists at 'NEW. Is Charlie looking for one personality to join what's left of the old team or a new morning team? CK: "I don't care if it's a tribe of primates as long as they can win." Will he tap the existing pool of available album radio morning talent or look elsewhere? "Hiring an existing album radio morning talent is a possibility, but then again I just might come out of left field. I've thought about show bizz personalities and I've thought about rock 'n' roll personalities. We really haven't come to a final decision yet but we're certainly not going to limit our options."

CLEVELAND RADIO WAR HEATS UP AS GORMAN UNLEASHES WNCX

"The Cleveland radio war will start with nuclear warheads and escalate from there." That's how one market observer describes the iminent showdown between market dominant WMMS and new Top 40 challenger, WNCX. It's a battle that will pit Malrite's WMMS, currently on top of the Cleveland ratings heap (with a 13.5 Summer '86), against new Metropolis acquisition WGCL (soon to be rechristened WNCX). WMMS, led by new OM Kid Leo, versus WNCX fronted by new VP Operations John Gorman. The battle has split the 'MMS staff virtually in two with no fewer than seven former WHK/WMMSers taking key positions at WNCX. They are:

- PD/afternoon drive Denny Sanders; former WMMS Asst. PD and 15 year Buzzard air staple.
- MD Rhonda Keifer; former WMMS Promotion Coordinator.
- Promotion Director Gina Torillo; former WMMS Promotion Coordinator.
- \* Engineering Steve Church; former WMMS/ WHK Chief Engineering, Steve brings his Sunday night talk show, "Live Wire" to WNCX.
- \* Air talent Bernie Kimble; former WHK PD
   \* Air talent Spaceman Scott; former WMMS
- air talent. \* Meteorologist - Shane Hollet; former WMMS meteorologist.

October 22nd is the projected D-Day for WNCX, according to Gorman. He told FMQB's Dirt Alert, "We're mainly concerned with making the station sound very unique. It's not going to sound like any station we've worked at before. We'll be using more R&B and more current product. We have a very creative killer air staff and we can't wait to get on the air."

G-man continues in his role as President of Gorman Media.

#### MULL SLATED TO PROGRAM NEW SOUTHWEST FLORIDA ROCKER

Three year WXRC, Charlotte PD Greg Mull has captured the PD slot at WLEQ, Fort Meyers. As predicted in last week's Dirt Alert, the new Beasley Broadcasting property will switch from AC to album rock with new calls WRXK at month's end. Its 100,000 watt signal blankets a significant portion of southwest Florida.

"No hybrid stuff here, this is going to be a real rock and roll station" says Greg describing WRXK's direction. "We'll target to a broad audience from 18 up to people in their mid 40's." Using a music mix with 50-60% current product Greg feels the station will have a strong appeal to the market's highly transient population. "There's a lot of transients in the market and many are from the North and have been raised on great radio but haven't been able to find it in southwest Florida. We're going to fill that void by creating an exciting and professional radio station."

#### GRIFFIN GRABS WPLR PROGRAMMING HELM

Ten year WPLR, New Haven Production Director John Griffin has advanced to PD, replacing Neal Mirsky, who recently left the station to join DIR Broadcasting. "Mr. Griffin has been a member of the management team at WPLR for the past ten years and has been an integral part of the station's continued success" says VP/GM Manuel Rodriquez. "John's experience in the marketplace, his commitment to WPLR and his administrative talents will assure his success in this position."

Christina Altwicker continues as MD; Lynne Taylor takes over as Production Director.

#### WCMF'S NEW MAINMAN EXPOSED

Last week we broke the news of WDAY, Fargo PD Stan Main landing the WCMF, Rochester PD gig. This week we caught up with 'CMF's new Mainman for the appropriate background scan and comments.

Variety is the word to describe Stan's career. Prior to a 6 month run as PD at WDAY, Stan served as Asst. PD/Research Director/morning man at Salt Lake City Top 40 KCPX. It was there that Stan worked under former WCMF PD Greg Aushum. 150,000 watt AM rock monster X-ROCK 80, Juarez Mexico was one of Stan's career stops, serving as Research Director and night personality during a 3 year stay at the station which covered El Paso, LA and the entire southwest.

Of his new position, Stan told FMQB's Dirt Alert, "It'll be nice not to have to play any more Lionel Richie records. I welcome the challenge of my first album programming job." He starts later this month.

ARBITRON ALERT: More Summer '86 Advances

FMQB's Summer '86 Arbitron coverage continues with these major market 12+ summaries. Each lists the Top 10 stations in the market, along with Rock and Top 40 outlets that placed outside the Top 10. Additionally, select Album Radio PD's have commented on their station's latest ratings highlights.

"We made a major change in the morning show and lost cume, yet the overall numbers held stable throughout the Summer Book. The "Zoo" continues to play "more songs from more artists", and we are in the midst of a massive advertising, promotion and marketing campaign to reinforce our position." KZEW, P.D. ROB BARNETT

"We've heard a lot of rhetoric from our competition about repositioning, etc. The bottom line of what I've seen so far is that KTXQ is up in every daypart and every demo! Men 18-34 is up an average of 4 pts. Women were up as well. On the other hand, the "Zoo" is either flat or down. 'We've put the coffin nails down where they belong.' I don't anticipate they'll be a contender; there course has been laid. The Dallas/Ft. Worth Rock fans have cast their ballots. The election is over!!! KTXQ, P.D. ANDY LOCKRIDGE.

"Obviously, we're real pleased with our growth in our prime demos: We're #1 18-24 and #2 25-34...Concerning dayparts, we beat our main competition in every daypart in men and women!! (Except for women at night.)...Our cume is up, our women 18+ numbers are up, and we like that, too!" KRQR, P.D. CHRIS MILLER

"At first glance, our 25-44 numbers look real good, especially 25-44 men. KFOG ranks in the Top 10 Persons 25-44 in every daypart, and actually we placed Top 5 in most dayparts -- and those are our key demos, the people that are important to us and our clients." KFOG, P.D. JOHN RIVERS

"The Summer Book was important to us because we wanted to get the station on track for the fall. We had a lot of sizzle promotions including cash giveaways, 8 classic car giveaways along with large outdoor events, and capped it off with Ted Nugent as morning show host for a week. That, coupled with an adjustment of the music focusing more 25+ and 18-34 men, enabled WLLZ to move from 9th to 5th 12+...Looking ahead, the new ownership is in place as well as our new G.M. and consultant, and I've recently been ramed P.D. We're looking forward to advancing even further ahead. We've added a TV and cash fall campaign, and the over-all feeling is that the station has finally grown up and we're ready to strike in the fall." WLLZ, P.D. DOUG PODELL.

Tickets for the Crackdown Benefit Concert went on sale last Wednesday through Ticketron outlets at a cost of \$25 a piece. The show, put together by veteran promoter Bill Graham will take place in Madison Square Garden in New York on October 31 with a scheduled start time of 7PM. It features performances by The Allman Brothers, Crosby, Stills & Nash, Santana, Run DMC, Reuben Blades, Paul Butterfield, Felix Cavalieri, Mick Taylor and percussionist Olatunji. An all-Latin artist show will follow on Nov. 1st. FMQB salutes Bill Graham and all persons involved in the fight to pull the plug on crack.

Great to hear the Bridge School benefit concert was such an overwhelming success. And it sounds like those in attendance were treated to a major dose of killer rock 'n' roll. Here's an overview of what you might have missed. Neil Young opened the all-acoustic show with some of his classic solo tunes and then brought out The Boss and Nils Lofgren for a moving rendition "Helpless". Next, Neil was joined by C of "Helpless". Next, Neil was joined by CSN for four songs, wrapping up with "Ohio". Nils Lofgren followed with a set that included Bruce's unreleased "Man At The included Bruce's unreleased "Man At The Top". Next up was Don Henley, joined by J.D. Souther, Timothy B. Schmidt and Danny Kortchmar for a batch of Eagles tunes. Ton Petty followed with a set that included Elvis' "Blue Moon Of Kentucky" and "It'll All Work Out" from his forthcoming new Lp. Tom Petty was joined by Benmont Tench on piano for the last three songs and concluced with "Twist And Shout", which brought the house to its feet. Robin Williams was next for 20 hysterical minutes. Then the Bruce chants started and out came Neil to introduce The Boss, who opened with an a cappella version of "You Can Look But You Better Not Bruce was accompanied by Nils and Touch". Danny Federici on accordian for a haunting, totally different sounding version of "Born In The U.S.A.", a number of Bruce's biggest hits and Elvis' "Follow That Dream", which he dedicated to the Bridge School kids. CSN&Y then supplied Flo and Eddie style backup vocals on "Hungry Heart", and later "Teach all the performers took the stage for Your Children" as the finale. The all-acoustic nature of the show and the fact all the artists joined in on each other's that sets made it very different from nearly all other benefits. Bill Graham introduced all other benefits. the acts, who put on breathtaking performances from start to finish.

While we're on the subject, we've learned that the KBC Band is going out on the road to do a series of Christmas benefit shows between Thanksgiving and Christmas. The band will work in conjunction with key album rockers in each market to tie the shows in with different charities. Station in St. Louis, Chicago, Detroit, Pittsburgh, Paltimore Stations Boston, New York, Philadelphia, Baltimore Atlanta, and LA are now working with local charities to arrange drop off centers for the goods donated. Arista National Album Promotion Director Sean Coakley tells FMQB, Arista National Album we're talking about three "Obviously, that have been at the forefront of social awareness since the 60's. Unfortunately, the problems don't go away but fortunately, for all of us, neither has Paul, Marty and Jack's commitment to helping their fellow human beings."

The <u>STYLE COUNCIL</u> will be back on vinyl in November with a new single, and their next album follows in the third week of January. They've already planned a British tour for mid-February, followed by European dates in March. Labelmates <u>LLOYD COLE AND THE COM-MOTIONS</u> are currently finishing off the recording of their third album.

NEWS FROM

LEVEL 42 won't be following up their phenomenally successful "World Machine" album until Next April. That's when their new album is due, although the first single from it is scheduled for February. The band recently been has touring in France and arrive back in the U.S. for more dates this week, this time on the same bill

as <u>STEVE WINWOOD</u>. Meanwhile they have a gold single in Sweden, they've reached number two in Finland and they're climbing in France too!

BIG AUDIO DYNAMITE'S new album "No. 10 Upping St." is out next week featuring nine new songs, including four co-written by the reconciled team of MICK JONES and JOE STRUMMER. The actor Matt Dillon is featured on a track called "Chocolate Manufacturers"-Cadbury may think ELTON JOHN is a hero-he's done their current TV commercial--but they certainly don't approve of Elvis Costello. Not since a limited edition of 5,000 cassette editions of his "Blood And Chocolate" album came out in an ingenious box that looked exactly like a popular Cadbury chocolate bar, Bourneville. The only difference in the design was that the word "Cadburys" had been replaced with "Costello's". We thought it was too good to be true: the chocolate company have asked Demon Records to destroy all stock and withdraw all remaining copies from record shops. The cassettes were generally only available through a special promotion with Virgin Records and the ones that did slip out will quickly become real collectors' items.

STRANGE FRUIT, the label set up to release sessions from the archives of JOHN PEEL'S influential Radio One programme, have another four EPs out this month, featuring MADNESS, THE GANG OF FOUR, TWA TOOTS and THE WEDDING PRESENT.

JIMMY NAIL, the actor/singer who hit number one in the Rock Over London chart last year with his rock cover of Rose Royce's "Love Don't Live Here Anymore" which was produced by QUEEN'S ROGER TAYLOR, hasn't released a record since, but he's finally back in action this week with another version of a soul classic. This time he's chosen Norman Whitfield and Barrett Strong's "That's The Way Love Is", a U.S. hit (but a U.K. miss) for <u>MARVIN GAYE</u> in 1969. It's one of the songs that <u>PAUL</u> YOUNG and <u>ALISON MOYET</u> duetted on at <u>LIVE AID</u>. THE MOODY BLUES "The Other Side Of Life" is out as a single in Britain this week with a live version of "Nights In White Satin" on the B-side...Tracie Young is releasing a cover of the <u>STYLE COUNCIL'S</u>" (When You) Call Me" as a single...<u>MARC ALMOND'S</u> new single is "Ruby Red".

If you've been wondering what happened to <u>THE PET SHOP BOYS</u> and their theatrical extravaganza of a tour--well, read on. They got as far as finding a chap from the English National Opera to come along and design their planned set, but these things take more time than they'd bargained for so now we can expect to see them towards the end of next year when they'll have a new album ready too.

We've suspected for many months that <u>RADIO 1</u> is gradually weeding '60's music out of its playlist and it seems we were right--music lovers (and the critics) have now started to question the wisdom of BBC bosses who overlook the nostalgic appeal of the "oldie " and appear to forget that the <u>STONES</u> and the <u>BEATLES</u> are as popular as ever. One DJ who presents a retrospective feature every morning has called on his listeners to reveal what they'd rather hear--we await the results with interest.

BEATLE'S producer, GEORGE MARTIN, has decided it's high time somebody took a serious look at popular music since the '50s--so he's getting together with some ex-BBC bosses to make a 24 part TV series for Channel 4 and the international market called "All You Need Is Ears". Martin will write and present the 3 million pound project which aims to be "an insider's view of pop music--it is not a history of pop music but more an anatomy of pop". They hope to get the scalpel out in the new year and expect the programmes to air in '88.

THE OUTFIELD aren't having much luck this side of the Atlantic--while still struggling to make a name for themselves in the home country, they've been touring Europe but in Zurich, singer JOHN SPINKS was in mid-guitar solo when he was struck on the head by an amplifier. He finished his solo but was then rushed off to a hospital with a cracked skull. He's on the mend now, but not so his prized guitar, a present from EDDIE VAN HALEN, which was also broken when he fell.

ERIC BURDON'S autobiography has just gone on sale over here. It's called "I Used To Be An Animal But I'm All Right Now" and he appeared on breakfast TV here the other day to give it a plug.

Rock Over London's number one band <u>STATUS</u> <u>QUO</u> have had some of those notorious "amicable differences" with their manager, Colin Johnson, and so they'll handle more of their own business from now on. Johnson said that after 16 years together their "marriage" had "gone a bit sour" and the band no longer wanted him to make all the decisions.

Vegetarian food has proved so popular with HOWARD JONES and his tour entourage that

he's thinking of setting up his chef, Jill Roary, in a gourmet restaurant-he says it'll give him the chance to "clean up and make people healthy".

More from <u>THE POLICE</u> rumour department-they're considering a mini-tour of the U.K. and America with a Christmas concert in London. Meanwhile, <u>STEWART COPELAND</u> says he's written and recorded some 23 minutes of an operatic piece about the Crusades for the Cleveland Opera House. Stewart says he did it because he was running out of ideas in the rock genre and he plans to stage the epic during Cleveland's 1987-88 season, then bring it to England.

DENNY LAINE, formerly of WINGS and THE MOODY BLUES has been telling the London Bankruptcy Court how he managed to lose his huge fortune--his extravagant lifestyle combined with more than a touch of bad luck cost him dearly and he even sold his co-writing rights to "Mull Of Kintyre" to PAUL MC CARTNEY because he needed the \$100,000. Denny said he was relieved to find he only owes \$55,000 in tax and hopes to make a musical comeback soon.

The new <u>SMITHS</u> single" Ask" which we mentioned last week is off to a good start before it's even available in the shops-already two music papers here have made it their single of the week. It's mixed by <u>STEVE LILLYWHITE</u> and features his wife <u>KIRSTY MAC COLL</u> on backing vocals.

PAUL SIMON still holds sway at the top of the album chart here with <u>IRON MAIDEN</u> busting in at three with "Somewhere In Time". Next highest new entry is "South Pacific" by opera singer <u>KIRI TE KANAWA</u> at six, with <u>NEW ORDER'S</u> "Brotherhood" debuting at nine and <u>OMD'S</u> "The Pacific Age" jumping on at 15. The new American contingent was headed up by <u>CYNDI LAUPER</u> at 27 and <u>MEAT LOAF</u> at 28. The new bestseller on the compact disc chart is <u>TINA</u> <u>TURNER'S</u> "Break Every Rule".

A forthcoming video from QUEEN will trace the band's history through their promos. "Magic Years--A Queen Visual Anthology" is the title and they're putting it together now. Meanwhile a 51b-a-time video single of the band's current and last hits, "Who Wants To Live Forever" and "A Kind Of Magic", is just out.

Hot water for the <u>HOUSEMARTINS</u>--They made an "obscene remark" about <u>PRIME MINISTER</u> <u>MARGARET THATCHER</u> and her husband <u>DENIS</u> at a gig that was being broadcast live on the radio. Now the IBA is threatening to ban all live radio rock shows.

The" Say No" anti-drug concert at London's Adelphi Theatre this Sunday (19th) will now feature <u>ROGER DALTREY</u> and <u>ZAK STARKEY</u>. The aim is to raise \$100,000 to set up drug counselling units.

ROCK OVER LONDON PLAYLIST: Show airing internationally during week of October 26--this week we welcome KARB, in Price, Utah.

PSYCHEDELIC FURS/"HEARTBREAK BEATS"(CBS) Another solid Furs single from the forthcoming Lp "Midnight To Midnight".

EURYTHMICS/"MIRACLE OF LOVE"(RCA) The forthcoming release from "Revenge" which we think could be very big in the Christmas charts.

GENERAL PUBLIC/"NEVER ALL THERE"(VIRGIN) Our favourite from the second Public album "Hand To Mouth".

HEAVEN 17/"CONTENDERS"(VIRGIN) The first single of the year from the Sheffield trio, inspired by Marlon Brando's famous film line "I coulda been a contender". HOLLY JOHNSON/"SLAY THE DRAGON"(PARLOPHONE) Another exclusive from the forthcoming Anti-Heroin project double album which isn't out in the U.K. until mid-November.

The anti-crack campaign continues with the recent announcement by New York City Mayor Ed Koch proclaiming October 31 CRACK DOWN DAY. Concert promoter BILL GRAHAM is organizing a benefit at New York's Madison Square Garden to aid in the fight against crack abuse. He has enlisted the talents of ex-ROLLING STONE MICK TAYLOR and his new band, RUN D.M.C., SANTANA, FELIX

RUN D.M.C., SANTANA, FELI CAVALIERE, THE PAUL BUTTERFIELD BAND, RUEBEN BLADES, CROSBY, STILLS AND NASH and THE ALLMAN BROTHERS, who will reunite for the event. Rumor has it that NEIL YOUNG will join CROSBY, STILLS AND NASH for this oneoff performance. If you haven't heard, CROSBY, STILLS, NASH AND YOUNG recently reunited for the Bridge concert which happened last week in San Francisco. Together they perfomed a short set which included OHIO and ONLY LOVE CAN BREAK YOUR HEART. With regard to the ALLMAN'S appearance, this is the "official" reunion, although the band did perform together at the Volunteer Jam a few months ago. The line-up will be BUTCH TRUCKS, JAIMOE, CHUCK LEAVELL, DICKIE BETTS and, of course, GREGG ALLMAN. Tickets for this New York benefit will be \$25.00 are are on sale now.

We've been telling you about HAIL, HAIL ROCK 'N ROLL, the CHUCK BERRY film coming from director TAYLOR HACKFORD and Universal Pictures sometime nest year. HACKFORD and crew were recently in BERRY'S home town of St. Louis to film a concert held in BERRY'Shonor. Scheduled to appear as special guests on Thursday, October 16 were BOB DYLAN, LINDA RONSTADT, ERIC CLAPTON, JULIAN LENNON, ETTA JAMES, WILLIE DIXON (an original member of BERRY'S band), ROBERT CRAY, KEITH RICHARDS (who is the Musical Director for the film) and "MIGHTY MAX WEINBERG among others. The Fox Theater, which holds 4500 people, was the site of the two performances. A second show the same night was added since the demand for a \$20.00 ticket was so great. Accompanying CHUCK for the performance and the forthcoming New York show is a band he has "thrown together" consisting of DAVE EDMUNDS on guitar, JOHN ENTHWISTLE on bass and CHUCK LEAVELL on keyboards. The movie is a documentary about the legendary rocker and will be made available on video cassette courtesy of MCA after it finishes its theatrical run.

THE PSYCHEDELIC FURS are currently out in support of their new CBS album, MIDNIGHT TO MIDNIGHT. CHRIS

FMQB IS DELIGHTED TO REPORT that last week's "Bridge" concert out in the Bay area was an unbelievable success thanks to the incredible efforts of Neil Young, Tom Petty, Nils Lofgren, comedian Robin Williams, former Eagle Don Henley, and, of course, Bruce Springsteen. Nearly 20,000 fans jammed the Bruce Springsteen. Nearly 20,000 fans jammed the Mountainview Amphitheatre and there was no doubt about it, 'The Boss' was the main draw. Special surprises were offered throughout the night and how great it was to see Crosby/Stills/Nash and Young back together again when Neil called his three friends from the wings to center stage and the legendary '60's band received a standing ovation. Then, there was Don Henley and his great set backed by rockers J. D. Souther, Danny Kortchmar and former Eagle, Tim Schmit. Robin Williams had the amphitheatre in stitches with Robin Williams had the amphitheatre in stitches with his impromptu antics, and his bit imitating Elmer Fudd singing Springsteen's "Fire" was totally outrageous. And when Springsteen appeared near the end of the evening, the electricity crackled through the air for all to feel. Remember, the benefit was to raise funds to fight cerebral palsy and all the sets were rendered acoustically. Bruce blew minds by opening with "Born In The USA" and did an unbelievable version of "Dancing In The Dark" with a completely different tempo on the tune. He also offered some tracks from "Nebraska" and the aforementioned "Fire" which the comedian Robin Williams had only "sung" about one hour earlier. It was a night rock history was written, and a special word of commendation to Neil Young and his wife, Peggy, for their tireless effort in making the "Bridge" concert a reality.

HEAVY METAL rockers Savatage "destroyed" the L'Amour East last week when the Atlantic recording artists let it all hang out on Queens Blvd. Savatage returned to Europe for round 3 of their overseas campaign and will do Germany with heavy metal maniacs "Motorhead". Bob Zempsky says the group is slowly building a momentum that cannot be denied. Remember this name: Savatage. They're hot and they're on the move!!!

THERE WAS NO DOUBT ABOUT IT, Billy Joel's opening night ducat was the most sought after concert ticket in New York in recent months, and it seems everybody and his uncle wanted to sit center stage as the curtain came up on Billy's highly anticipated NYC run. The pianoup on Billy's highly anticipated NYC run. The piano-man opened a string of shows at Madison Square Garden on Wednesday, October 15th, and we'll have more about it in next week's Quarterback.

LOU O'NEILL JR., reports on the opening show of England's fabled Moody Blues with the Fixx at Radio City Music Hall. Led by the irrepressible Cy Curnan, The Fixx went through some of their best known songs, The Fixx went through some of their best known songs, and concluded their end of the bill with a scintillating version of "Stand Or Fall", perhaps the band's biggest hit. Nonetheless, it was The Moody Blues the nearly sold-out audience had come to see --and what a performance they gave. O'Neill reports that as the show started, and a few moments before The Moodies broke into "Gemini Dream", a dull roar was heard throughout the hall, as if the band was cranking up the tune and slowly putting it into drive. As The Moodies sprang into the title track from one of their biggest-selling albums, the Music Hall came alive. Moodies sprang into the title track from one of their biggest-selling albums, the Music Hall came alive, with the fans according the band a standing ovation. These 23-year veterans did not take a false step throughout the entire concert. The program included: "The Promise"; "Days Of Future Past" (Justin introduced this as "A trip back to '67, a tune that was very special, that happened for us at a very special time. We were doing a stage show that turned into an album named 'The Days Of Future Past' ") into an album named 'The Days Of Future Past'."). Also performed were: "Tuesday Afternoon"; "Your Wildest Dreams", their first hit from "The Other Side Of Life"; and many, many other Moody classics.

publisher Bob Guccione, Jr., and personal management genius David Krebs, of the famed Lieber-Krebs organization. MIA (Music In Action) has been formed to counteract some of the restrictive proposals of the ultra conservatives in terms of limiting freedom of the press and constitutional freedom of expression in rock 'n' roll. The list of the Executive Committee reads as follows, and it is still growing daily: Ellen Grubman; Danny Goldberg; Miles Copeland; John Waite; Mike Shallett; Mike Sigman; Ginny Lohle; Charlie Prevost; Sheena Easton; Ted Nugent; Joe Perry and Steve Tyler, of Aerosmith; Carly Simon; Lou O'Neill Jr.; Charlie Kendall; and, Billboard publisher Sam Holdsworth.

NEIL YOUNG returned to New York City, along with Crazy Horse, in the band's first appearance in the famed rock palace in more than six years. The house was almost sold out, and Neil ran through a potpourri of Buffalo Springfield, Crosby, Stills & Nash, and Neil Young's biggest hits. Some faves of the night included: "Heart Of Gold"; "Inca Queen"; "Cinnamon Girl"; "Long Walk Home"; "The Needle And The Damage Done"; "Hippie Dream"; "Hurricane"; and, "Out Of The Blue". As he did in New Jersey, Neil called two of his best friends -- David Crosby and Graham Nash -- out from the wings, and they joined him on many of Crosby, Stills & Nash's favorite songs. Backstage were Bill Graham, promoter Ron Delsener; Aimee Mann, of 'Til Tuesday with her boyfriend, Jules Shear, of Jules & The Polar Bears; L.A. publicist Mike Jenson; Liz Rosenberg, of Warner Brothers East Coast Public Relations; well known session drummer Steve Jordan; Elliott Roberts, of Lookout Management; and, Beach Boy Mike (always wearing a hat) Love.

WHEN FELIX CAVALIERE, of Young Rascals fame, appeared on "The Letterman Show" recently he said that the Rascals will not be getting back together. "It's like a divorce," explained the veteran keyboard whiz to Letterman. "We were close at one time, but now we find we can't get back together again without fighting within just a few minutes. It's very sad."

AFTER DEF LEPPARD drummer Rick Allen suffered the loss of an arm in a car accident a few years back, Joe Elliott had to call in a second drummer to help Rick out. Rick was not banished from the band, but rather, a special kit was devised so he could still hit the skins. The good news is that after the band's recent concert sojourn through Germany and Scandanavia, Rick is now the only drummer in Def Leppard again. The band found, much to their amazement, that Rick was doing the job completely on his own and did not need any support whatsoever.

MADONNA TURNS DOWN JAMES BOND MOVIE ROLE: Madonna has turned down a quarter of a million pounds for 10 minutes work as a singing spy in the new James Bond movie, "Living Daylights." She turned the offer down apparently because her husband, Sean Penn, was not given a part. Madonna suggested two roles for Penn, as either a chaffeur or bodyguard, but producers rejected both. Although she felt a part in a 007 movie would enhance her reputation as an actress, Madonna felt producers were being unreasonable when they turned Penn down.

WINWOODS' COTSWOLDS ESTATE FOR SALE: Now that Steve Winwood has found a "Higher Love" and bought the farm in Tennessee to be near his new girlfriend, Eugenia Crafton, his wife, Nicole, is selling their half million dollar, 17th century country estate in the Cotswolds because it holds too many painful memories. The couple shared the house for 15 years. Thirty five year old Nicole Winwood, who was married to Steve for 10 years, said he is not forcing her to leave, but, as much as she loves the house, she doesn't want to live there alone. She added, "Stevie is a free man, and he's allowed to have girlfriends."

BAR-B-QUE MEMPHIS STYLE!

Just as Buffalo is known for its wings, it is also true that Memphis is known for its BBG. Each year during Memphis

phis In May", there's an international bar-b-que contest that draws 400,000 people from all over the world, becoming a major city-wide event. Bar-b-que is obviously a way wide event. Bar-b-of life in Memphis.

With this in mind, WEGR, Memphis found no better way to welcome 38 Special to town than by throwing them a Bar-b-que back-stage before their show. The station also invited "38 special" listeners to join the band at the Bar-b-que simply by asking them to be a certain caller. Winners also received a copy of 38 Special's latest Lp as well as the latest album from Bon Jovi who will be the opening act.

It seems that 38 Special and Bon Jovi aren't the only artists who have had the opportu-nity to enjoy Bar-b-que while visiting Mem-phis. Bryan Adams, Joe Walsh and ZZ Top, among others, have all gone crazy for the stuff and never fail to miss their share whenever they pass through town!

DOUG PODELL, WLLZ Toby Redd is one of the legendary Detroit rock and roll groups and have been packing clubs here for almost 10 years. When we did a live broadcast with the band last summer, the track "Everytime I Run" really I thought it was outstanding grabbed me. with solid hit potential. I was glad to see Nemperor/RCA thought the same and si and signed them. Their work in the studio has brought out the best in them. There's no doubt

in my mind that with the way they perform and their sound, that this group is destined to be on top nationwide. Toby Redd is not heavy metal and they're not new wave. They're a straight ahead rock and roll bnad and I think that's just what a lot of us are looking for now. Toby Redd

#### LONE JUSTICE

WENDY STEELE, WLVQ j Lone Justice has a fresh sound. The producing team of Jimmy Iovine and Little Steven seems to make this tune stand out. "Is This Love", more than other Survivor songs, seems to me to have a hint of Journey sound to it. A programmers nightmare has been developing especially over the past year...the solo album. Phil Collins has created a monster. Now it seems everyone in a group to do their individual thing. wants Luckily, most of these projects are top-notch like the new Benjamin Orr tune, "Stay The Night". The song's a hit. It's comparable to any of the Cars' material he's done. Of course there's the dilemma... ne's done. Of course there's the dilemma... a song deserving a good rotation, add his counterparts successful tune, along with the group's catalogue and we've become jugglers. We'll find a way to achieve the balancing act as long as the music continues to stay first class like Benjamin Orr's latest.

# POLYGRAM PRESENTS QUESTION of the WEEK

With the Summer Books out in many markets, a number of programmers have voiced concern over what they see as recurring problems with radio rating services--inadequate diary returns, undersampling of key demos, vanishing cume, and wild fluctuations in listening levels from book to book. Are you experiencing problems in any of these areas? What suggestions do you have for the ratings companies to remedy them?

- WAYNE SUMMERS, WRCN: "I think that this is a problem that dates back to the inception of radio rating services. All these factors will always be present when you're dealing with an inexact science. But it's the only game in town, whatcha gonna do?"
- PAUL SHUGRUE, WRXL: "So what's new? I've never been a big statistics man, but it seems like this situation is the norm and not just this book. We've always had an oversampling of Black listeners in this area and the only way to deal with it is to instruct our salespeople on how to explain this problem to our clients."
- KEITH TAYLOR, WQMF: "We have been experiencing difficulty in 18-24 male diary returns and 18-24 Black male diary returns since the spring book ('86). We understand that the rating company has upped their payment for these diaries so we'll see if it affects this summer book or the upcoming fall book."
- BRENT CLANTON, KPEZ: "We don't have any specific complaints, I just think that it's a shame that we all have to live and die by one ratings service instead of using a composite of a combination of the ratings services. In Austin we have Arbitron, Birch and Austin Trend but there's such a heavy emphasis on Arbitron that the others barely factor in."
- BRIAN KRYSZ, WKLC: "Boycott Arbitron, buy Birch."
- CAREY CURELOP, WYNF: "The only problem we've experienced here in the Tampa Bay market is undersampling, period. The market doesn't tend to fluctuate wildly. But since the early Winter '86 Book, there has been a low 18-24 male return and it has trended down for the previous three Books. Arbitron did recognize this as a problem and I believe they are trying to remedy it. Other than that, I really have no complaint. I think Arbitron is trying to produce as good a product as they can and I thank Birch for that because the competition forces them to make their service better."
- RALPH TORTORA, WBAB: "At this point in time, Arbitron is the only game in town, so it doesn't matter how much we yell or how much we scream because they'll do whatever they

want to do anyway! The trick is to learn how to beat them at their own game."

JOHN BRADLEY, KBCO: "The Denver/Boulder Arbitron figures are mostly without wild fluctuations. I think people who have problems with rating services take them too seriously. When your career, sales presentation, and every programming move revolves around Arbitron, you're going to find problems. At KBCO, we look at Arbitrons simply as a piece of research imput. It is not gospel. With any rating service you should look at <u>trends</u> rather than Book to Book. I would urge every FMQB Arbitron subscriber to take a closer look at Birch. Their methodology is more contemporary. We need to break this rating service monopoly. Another contender with excellent information is International Demographics."

TOM EVANS, WIYY: "We have the same problems everyone experiences with 18-34 sampling plus the additional problem of Washington, D.C. being so close. Some of our Southern counties are Northern counties for the D.C. metro. So, depending on diary placement, one station gets a kiss and another suffers (in the competing market's Book). For a rational remedy, my suggestion is more selective sampling in the overlapping counties. By the way, when are we stations going to smarten up and make the ad agencies pick up their share of the freight? We're paying for their tools!"

#### POLYGRAM ROCKS RADIO ROCK N' QUOTE OF THE WEEK

"Robert Cray is the best new blues singer I've heard in years."

## Mick Jagger, The Rolling Stones

CHUCK BROWNING, WIOQ: "If the diaries represented a few hundred people instead of 1,000-2,000 people, I'd be comfortable with that. It would be a more legitimate sample if one person's diary reflected the listening habits of 200-300 people. But, then on the flipside of that, it would be costly and guess who would have to pick up the cost...RADIO?"

TED UTZ, WMMR: "Fortunately, WMMR has not been the victim of vanishing cume or dwindling shares. We haven't found a problem with 18-24's...The stations who go down in the ratings traditionally find

problems with the methodology of Arbitron. In Providence, R.I. when we had a down Book, we looked for problems with the methodology. It's something you have to live with...Gaining Arbitron ratings is nothing more than a game and you have to know how to make them work in your favor... Arbitron has come up with several plans in the past to eliminate diary return problems and if in fact 18-24 men is a problem, they'll come up with a solution.

1

- RON SORENSON, KBLE-FM: "My primary suggestion is that rating companies publish <u>any</u> statistics on cable audio listenership. We show in their diaries, but as a nonbroadcast entity--not reflected in the ratings--not fair!"
- LIN BREHMER, WXRT: "No one in their right mind would defend the infallibility of Arbitron! Its methods seem suspect, the margin of error is large enough to condemn the careers of hard-working people, and beyond that, I don't think I've ever met anyone who would be likely to do anything that was inspired by telephone solicitation!"
- LEX STALEY, WFYV: "For starters, I think that DST--which they've been using for some time to create a better balance with certain demos--needs to be reevaluated. I think it's having the opposite effect from what it was intended--for example, the Arbitrends show a new station posting a 27 share with upper demo men using a Top 40 format leaning very urban. It seems obvious to me and others in the market that DST is inflating that station's numbers!"

DAVE KANE, WCMF: "So what else is new...?"

- RON NENNI, KOME: "The low return with the 18-24 male cell is a constant concern for us, especially in the Summer Books. We've often said to ourselves 'why don't they increase the premium that an 18-24 male receives, just as they have with ethnic groups?'"
- DANA BROWN, WQFM: "There have been certain monthly reports where we have found whole female and male numbers that seem to be completely reversed. It's not just for our station, but for others in the market. For example, a station that dominates females will suddenly lose females and go up in men with levels similar to what they had in previous months with females...It's obvious that there needs to be much tighter quality control when plugging this information into the computer when it's tallied. The other major thing I'm concerned with is poor diary return when you can't even get 50% of the diaries returned--something has to change!"
- DON BERNS, CFNY: "Yes, we have most of the same problems in Canada--when a station like CHUM-AM can completely change their format to oldies and pick up 200,000 listeners while the current oldies station (CKEY) also picks up listeners, something is definitely wrong...Also interesting to note that BBM (the ratings service in Canada) does not currently provide comparative ratings. If you want to find out how you're doing compared with your competition, you have to read the ratings for each individual station and copy the numbers down on your own paper. Thank you, ARRGH!"
- RICK CARROLL, KROQ: "We've seen vanishing cume for the first time in 6 Books here! Also, there was an undersampling of 18-24 men in this Book. Even though the sampling was down, we had our best 18-34 Book in the history of the radio station!"

ANDY BLOOM, WYSP: "With the kind of Summer book WYSP just had, I wish we subcribed. That way I could talk about it and our sales staff could sell our cume increases, our A.M. drive increases (with the first four weeks of Howard Stern), our demo rank improvements, and our increased time spent listening."

CHARLIE KENDALL, WNEW-FM: "You only hear complaints of undersampling when somebody has a down book. When they have a good book they certainly don't complain that there's an oversample. The point is, if you're winning, it's going to reflect. Certainly there are some problems with the methodology. The 18-24 male sampling is ridiculous because 18-24's don't want to sit down and fill out a diary for 7 days. Their attention span is about a minute and a half long. The methodology of the entire system is the diary method and that's the one that most of us live and die by. In the fall, they are allegedly doing things that will correct that, and we'll see how that turns out. From the preliminary research that they've done in the sample markets where they've run this extra kick in cash--what is it, \$5 for the 18-24 diaries--again, they're doing it in the third month and once again they're finding that it's not pulling in actives, it's pulling in passives in almost every market. How much that's going to help album radio remains to be seen. I think we have more of an active audience. It may EVEN TEND TO HURT ALBUM RADIO and help the softer rock formats or the classic rock formats, depending on what's in the marketplace."

JOHN RIVERS, KFOG: "Like many markets, we have seen some rather odd fluctuations. According to the Summer book almost 200,000 Bay Area residents quit listening to the radio this summer. At the same time, three Sacramento radio stations showed up in the San Francisco book. I think it's safe to say that there was something unusual about diary returns this time."

#### NEXT WEEK'S QUESTION:

What are you going to be for Halloween?

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "Artists are always telling me how much they love to play Philadelphia. The audience is so responsive. Maybe that's why we here at 'MMR go to so many shows. It seems like there's been one every night for over a month. Last week consisted of three <u>Billy Joel</u> shows, <u>Moody Blues</u> and <u>The Fixx</u>, <u>David Lee Roth</u> and <u>Journey</u>. <u>Billy</u> <u>Joel</u> is obviously quite popular here. In fact, he got his first airplay here at WMMR. For his return we broadcasted Billy's sound check. First an interview and then <u>Joe</u> <u>Bonadonna</u> followed him around with a wireless mike while he and the band tested their instruments and went into some interesting renditions of 'Benmie And The Jets', 'Start Me Up', 'The Night Before', 'Ticket To Ride' and 'What Is And What Should Never Be', all broadcast live. It was very cool,

like eavesdropping. Thanks to Herbie, Rap, Jeff Schock and Jim Miner for bringing it together...The weekend brought us a long awaited show with <u>David Lee Roth</u> and company. They tell me it was the best show of the tour and I can believe it. David was at his zany best asking the audience back to the hotel for a bottle of anything and a glazed donut. Individually, his players are some of the best I've ever seen. <u>Steve Vai</u> plays faster than anyone, <u>Greg Bissonette</u> did what was a tastefully short and entertaining drum solo. But to me, the real standout was <u>Billy Sheehan</u>. I can say beyond a shadow of a doubt that he's the best bass player I ever witnessed. He made a bass guitar sound like a classical guitar. It was amazing. As you can probably tell, I was impressed...Favorite new song of the week has got to be 'Shelter' by <u>Lone</u> <u>Justice</u>. I like everything about it and Maria'a vocal is great. From the first time I saw this band open for U2, I knew they had something and it all comes together on 'Shelter'...<u>Attention record execs</u>: Once again our morning show will be broadcasting from Capital Radio in London the week of November 17. If you have an artist available during that time, please contact either <u>Kevin Gunn or Denny Somach</u> at 215-642-8646 or <u>myself</u> or Ted Utz, thanks."

- WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Let's hope two is a hucky number for Lone Justice. The 12" is excellent and I can't wait for the whole Lp. Their debut was on my Top 10 list last year and I still love Maria McKee even though she's now a blonde.. P.S. Survivor's a hit. Play it or look stupid."
- KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Best New Song: Lone Justice 'Shelter'... Best Advance Cassette: Lone Justice. Check out 'I Found Love'. Side one is especially good. Thanks, Jimmy...Record That Won't Die: Bruce Hornsby. 'Western Skyline' goes into a power rotation. 'Wild Frontier' is our next album track...Blues Records To Consider: Buddy Owen Band, Joe Louis Walker. Anxiously awaiting the new Robert Cray...Cover Song Of The Week: Love And Rockets 'Ball Of Confusion'...Thanks To: Bob Myers and Mark Germino for the visit. Duke Fakir of Four Tops fame for dropping by; Steve Winwood for a great show and the opportunity to say hello afterwards. It was a pleasant surprise getting the opportunity to speak with Chris Blackwell at the Steve Winwood show...Congratulations to Island on their upcoming anniversary. Thanks for all the great music, Chris"..From P.D.-JOHN BRADLEY: "If Ozzy Osbourne joined the KBC Band, they would be the KBCO Band and they could do a remake of 'Iron Man'."
- KLOL, HOUSTON, TX M.D.-DAYNA STEELE: "The Astros and the Angels in the World Series--talk to ya next week."
- WNEW FM, NEW YORK, NY M.D.-MARK CHERNOFF: "Although it was nearly 2 A.M. on a work night and I was wondering what I was still doing awake, I have to say that I was quite impressed by the <u>Georgia Satellites</u>. Just up from the South, they were kicking some rock 'n' roll ass at Maxwell's in Hoboken! 'Railroad Steel' and 'Keep Your Hands' were just some of the highlights."
- WIYY, BALTIMORE, MD M.D.-CHRIS EMRY: "Instant adds for Don Henley. If the movie 'The Color Of Money' is one tenth as strong as Don's song, they've got a mega hit on their hands...A & M continues to lead the way with CDs. Thanks for the Police and the farsightedness...98 Rock is the only station in the market playing Bruce Hornsby, so it's very gratifying to see that Lp remain a top seller week after week."

- WLVQ, COLUMBUS, OH ASST. M.D.-WENDY STEELE: "Boston remains the #1 album for the second week in a row...Peter Gabriel appeals to our upper demos. We're now on our fourth track 'That Voice Again' and the Lp is #6 in our Top 20 album countdown...It's nice to be part of what could be the Police's final effort...Other adds: Lone Justice, Eddie Money 'We Should Be Sleeping' and Survivor. ...The Lone Justice reminds me of Stevie Nicks meets Linda Ronstadt...Ben Orr is creating a lot of interest as well as Bruce Hornsby...Sales movers: Tina Turner, Steve Winwood, Eddie Money...Top 5 Requests: Boston, Bon Jovi, Billy Idol, Eddie Money, Georgia Satellites."
- WLIR, LONG ISLAND, NY ASST.P.D./M.D.-LARRY "THE DUCK" DUNN: "Is it Christmas yet? It must be when you have brilliant new albums from: Howard Jones, Billy Idol, Pretenders, General Public, The Human League, New Order, and the list goes on. Perfect formula for making a fall book complete... We're still continuing to maintain heavy phones on the <u>Pretenders</u> and <u>Howard Jones</u>. 'You Know I Love You' is a certified hands down hit...<u>Screamer Of The Week</u>: <u>Big Audio</u> Dynamite 'C'mon Every Beatbox."
- KGON, PORTLAND, OR M.D.-INESSA YORK: The Police remake--a heavy reaction record here getting positives and negatives as well (some folks just don't want to hear about remakes!)...Happy to be able to give The Georgia Satellites a shot...We like 'America' from KBC. It's mally the one song that captures their essence past and present and what better group to be getting sentimentally political with...On the phones we're still seeing heavy phones for Boston, Billy Idol, and the Police remake.. At home favorites: Chameleons U.K. and the new OMD is wonderful. And elsewhere it's great to see everyone getting hip to local Portland fav Robert Cray--with blues the happening thing (again), this be one guy to check out. Portland knows."
- KZEW, DALLAS, TX ASST.P.D./M.D.-CINDY BAILEN: "Thanks to everybody who helped Rob Barnett and Tempie Lindsey last week in our live broadcast from Carlos And Charlie's. They came home exhausted, so you must have shown them a good time. By the way, it sounded terrific. If you ever have a chance to do this, go for it...For those of you who have been hearing rumors that our radio station was about to be sold, well, it's come to pass. The new owner is Anchor Media. Anchor's Alan Henry is an AOR kinda guy they tell us, so we're not expecting any major changes...Saw the new Talking Heads movie today. 'True Stories' is just wonderful. After you see it, the whole album will make sense to you"
- WYNF, TAMPA/ST. PETERSBURG, FL ASST.P.D./ <u>M.D.-RON DIAZ</u>: "<u>Steve Miller</u>'s new one is subdued and subtle, yet it mesmerizes, and the use of horns adds a nice touch to this fine piece...There's no stopping <u>Bruce</u> <u>Hornsby</u>'s 'The Way It Is' here. Without a doubt, it is the classiest tune on the air right now. You know it's reached the masses when network TV uses it for background as the baseball playoff highlights are being flashed by. That great piano riff will be known to millions soon. 'The Way It Is' gets those upper demos to call the request lines and ask 'What was that?' Intelligent rock 'n' roll, oh yeah!... Maria McKee and Lone Justice have put together a great combination of soulfulness with a bit of a country feel. Heartfelt is the word I think of when describing 'Shelter'."
- CFNY, TORONTO, CANADA ASST.P.D./M.D.-DON BERNS: "The voting is over, the tabulations are done, and CFNY listeners have once again come up with a rather eclectic

mix of 'the best damn music of all time'. Here's what's hot in Toronto in order, starting at #1: The Beatles 'Twist & Shout', The Smiths 'How Soon Is Now', Bauhaus Bela Lugosi's Dead'; New Order 'Perfect Kiss'; U2 'Bad'; Peter Gabriel 'Solsbury Hill'; Violent Femmes 'Add It Up'; New Order 'Blue Monday'; Marvin Gaye 'I Heard It Through The Grapevine': The Beatles 'Yesterday'; Genesis 'Supper's Ready'; Ministry 'Everyday Is Halloween'; U2 'Sunday , Bloody Sunday'; The Smiths 'Panic'; The Smiths 'This Charming Man' David Bowie 'Changes'; Genesis 'Cinema Show'; Pink Floyd 'Time'; Style Council 'You're The Best Thing'; Simple Minds 'New Gold Dream'...As expected, the big vote getters with the widest variety of songs were The Beatles, The Smiths, David Bowie, Peter Gabriel, early Genesis, and New Order. It's an interesting exercise in audience response which remained very high during the three days we played back the music... Our Top 10 this week looks like a who's who in music. <u>OMD, Howard Jones, Paul Simon, New Order, Talking Heads, Iggy Pop, General Public, Pretenders, Billy Idol and Love And Rockets leadoff what has to be the hottest time of the year for music...Hot add of the week: 'Keys To Imagination' by Yanni... Cross Vangelis and Tangerine Dream with the sensitivity of Andreas Vollenweider and you have one glorious Lp. This one will make your listeners sit up and take notice."</u>

WDHA, DOVER, NJ P.D.-MIKE BOYLE: "David Lee Roth and Cinderella kicked some ass in Jerseylast week! Thanks to Valarie at Warner Bros. and Pat at PolyGram for a great Friday night out!...Lone Justice has a fantastic new album coming to you! 'Shelter' is the first 12", but my favorite song from the album is 'I Found Love'. Congratulations to Jimmy Iovine and Little Steven for that extra touch that makes this 'the' Lone Justice album for everyone. Thanks for all the calls about the world's first homegrown CD. 'New Jersey Rock 5'! We're very proud of it. If you'd like a copy call Mary Kaye at 201-328-1055 for details...Personal to Cindy at KZEW: Thanks for the acoustic 'Smithereens' track. It sounds great and really surprised the boys in the band when they came home to Jersey and heard it."

WIOT, TOLEDO, OH M.D.-JIM STEELE:

"Hey I understand that <u>Paul McCartney</u> is going to redo 'Hey Jude' and release it as a single. I can't wait for that cover version. Hey, I understand that <u>Bruce Springsteen</u> has redone 'Born To Run' and will be releasing that as a single. I can't wait for that cover version either. Hey, I understand the <u>Rolling Stones</u> are going to do a cover of a <u>Jason/Scorchers</u>' tune. I can't wait for that cover version. Hey, I understand that <u>Genesis</u> is going to redo 'Misunderstanding' and release that as a single. Gosh, I can't wait for that one either. Geez, with all these remakes coming out I guess the <u>Pretenders, Billy Idol, Huey Lewis</u> and <u>Boston tracks we have in rotation will have</u> to be dropped...I almost forgot, hey, I understand that..."

WXXP, PITTSBURGH, PA M.D.-D.J. BIRD: "Billy Idol's 'Mother Of Mercy' Mix is out and it adds a new dimension to 'To Be A Lover' -Steve Stevens' guitar is <u>screaming</u>!..Continuing to get good phones on <u>R.E.M.</u>'s 'Superman', <u>New Order</u>, <u>Howard Jones</u> and the <u>Pretenders</u>. Did you hear Fred Schneider of the B-52's and Chris and Tina Weymouth of the Talking Heads on the national Howard Stern show? This was the best show so far... By the way, check out the new <u>Dead Or Alive</u> single 'Brand New Lover' - this will be a hit!" WRCN, LONG ISLAND, NY ASST. P.D./M.D.-WAYNE SUMMERS: "Can't wait to get my hands on the new <u>Pretenders</u> record. I'm captured! ...Really think that this <u>Survivor</u> is going to be a smash. It's a daypart, but it's a hit...<u>Howard Jones</u> will eventually come through I beleive - if AOR could embrace The Models, what's difficult about the horns on 'You Know I Love You'?...The <u>Stabilizers</u> prove that if your product is this good, radio can't help but notice. Although the reaction has been slow, 'One Simple Thing' has the goods to deliver... R.E.M. 'Superman' is one of those 'grow on you' tracks.After hearing it on air, which was about my 5th listen, I was convinced that this was the right follow-up to 'Fall On Me'...<u>Bon Jovi</u> expands the demo appeal with 'Wanted Dead Or Alive' - one we 30 year olds can get into...Finally, I would be remiss if I didn't acknowledge the electricity in the air around these parts for The Mets barring Mike Scott's sand paper and rained out games. It should only be 2 more to go until the World Series at this writing."

SYRACUSE, NY INTERIM P.D./M.D. NE RAPP: "Thanks are in order WAQX INTERIM P.D./M.D.-LORRAINE RAPP: Mike Levine and Triumph for their latest return to Syracuse. Mike took the time to hang with afternoon jock Dave Frisina, taking calls and playing guest DJ for over an hour last week...Next up in Central New York, the one and only <u>Bob Seger</u>. Can't wait to present Bob with our giant 95X 'Seger-gram' filled with thousands of signatures from 95X listeners...More good news on the ratings front: the Birch quarterly for June, July and August shows 95X again dominating the Syracuse market with a #1 12+ showing. Incredibly, we got a 44.4 share in men 18-24. Now you know why we keep on rockin'...As for music, another change in personnel for the <u>Pre-</u> tenders, but that doesn't stop Christian tenders, but that doesn't stop Chrissia from delivering a premier performance. but that doesn't stop Chrissie Got the chance to hear the new album and can't wait to play 'Hymn For Her' on the air... <u>The Outlaws</u> are key for our core and 'Soldiers Of Fortune' is a great tune to come back with...Glad to be getting deeper on the R.E.M. Like 'em or not, R.E.M. is a solid <u>AOP</u> band with a strong underground on the R.E.M. Like 'em or not, R.E.M. is a solid AOR band with a strong underground following that can't be denied. 'Superman has that Byrds' feel that makes it so 'Superman' appealing."

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI M.D.-RICK PANNECK: "Talk about numbers, the sky is the limit. The latest Birch shows WAPL #1 12+ with a 22.4 share. What can you say...WAPL is one of the best album stations in the Midwest. Please send money or better yet, CD's. For you jazz hounds I would like to remind all record types that WAPL has a very successful Sunday morning show. This four hour program has consistently pulled big numbers since it's inception in 1978. Any jazz service would be appreciated."

WCLZ, PORTLAND, ME M.D.-LORETTA CRAWFORD: "Vacation was <u>GREAT</u> but I really miss radio when I'm not doing it. I returned to find a <u>KBC</u> Lp and it's only a million times better than the Starship ever hoped to be. We're on 'Hold Me' this week. 'We'll Party' is worth another listen, and another ...And we really love the new Taj Mahal. Looking forward to <u>Chicago</u> live in Portland as well as <u>Lone , "ustice</u> with the <u>Pretenders</u> and <u>David Lee Roth...But the jazz lineup</u> is equally impressive: George Winston, Winton Marsallis and Gary Burton...And WCLZ will celebrate our enormous power boost by bringing <u>Michael Tomlinson</u> to Portland as an exclusive on November 1st...Speaking of power, a local newspaper quoted yours truly as saying the power boost will be so significant, listeners will be able to

to it. Bottom line is that it's good to have some new product from the band!" <u>KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS</u>: <u>"Stabilizers</u> 'One Simple Thing'--A record that just kept coming up in our music discussions, and has finally made it on the airwaves. We expect good things... <u>Survivor</u> is one unique band! Women just melt upon hearing that smooth sound. The 12" goes on and we also like 'How Much Love' and 'Keep It Right Here'...The Rock 108 gang has survived another concert weekend. <u>Steve Winwood</u> put on a dynamite show this past Saturday night. Thanks to <u>Michael Linehan</u> of Warner Bros. and <u>Boh</u> <u>Myers</u> with RCA...Monday night we spent an evening rockin' with <u>Queensryche</u>. Great guys! They appreciate Rock 108's continued support."

- WLNZ, LANSING, MI P.D.-RICK VAN GIL: "Will someone please send me a case of lit dynamite to wake me up from this bad dream. I mean, Bobby Ewing is alive, right? Someone please tell me that the <u>Police</u> didn't hop on the cop-out bandwagon and remake one of their not-so-old hits! All of these damn remakes that are out might as well be my mom's tuna casserole. I love it on Monday, but let's not eat it on Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday, please! Bruce Springsteen, Don Henley, U2, and Dire Straits: Don't do any remakes! Don't sell out! Keep your dignity, and to Sting, Stewart, and Andy, I'd like to say the same thing my old football coach said when he found me gluing books together in the library:'I'm not mad, I'm just disappointed!"
- WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "It doesn't mean we're gonna start playing every 'heavy' tune that hits the streets, folks, but Iron Maiden is competing with Boston, Bon Jovi, etc. for the same consumer dollar--and selling! 'Wasted Years' is good stuff! You probably haven't even listened to it!!!...John Griffin is WPLR's new Program Director--but, if I were you--I'd just call him Griffin. She remembered to tell everyone and then he began to dig her out of the sand as the tide had moved in and there wasn't a second to spare!...Lone Justice's 'Shelter' is wonderful!". From P.F -GRIFFIN: "Hi!"
- KLPX, TUCSON, AZ M.D.-JACK GREEN: "KBC Band or, as they're known around here, Jefferson Wheelchair, have put together one of the best albums I've heard in a long time. I get a feeling it's going to be around for a long time...I'm still floored by the new Iggy Pop. Sounds terrific and it's good to see that Iggy can still twitch as good as ever...Billy Squier continues to build in both calls and sales. Could be another big one for him...And, last but not least, Lone Justice. If 'Shelter' is any indication of what the rest of the album sounds like, they're going to sell a hell of a lot of records!"
- WRFX, CHARLOTTE, NC M.D.-MARY LONDON: "The <u>Georgia Satellites</u> are really h-o-t! They are so-o-o-o hot that we have to keep ice packs on the phone for callers!"
- WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "After hours in Syracuse are looking up! <u>Sue DeBenedette</u> from A&M, Jerry Blair from Chrysalis, <u>Gary Dunes</u> from 93Q here in Syracuse and I found ourselves playing table-top bowling in one of those neighborhood bars. The reigning after-hours champs, B Brothers (Blair and Becker)--a rematch is in the works!...Our promotions for Rocktober are in full swing as we're giving away a concert trip a week including <u>Genesis</u> and Chicago, <u>Steve Winwood</u> in New York City, <u>Billy Joel</u> in L.A., <u>Journey</u> In Hartford and <u>Huey Lewis</u> in Munich, Germany. And in November, we're

giving a listener their choice of any concert, anywhere in the world--PLUS there's thousands of dollars being delved out on our thousand dollar No Repeat Thursday's. Add a great TV campaign and this Fall promotion should make our position in this market even better. We also added a new music hour to our programming. It should give us another input. Our first show produced good reaction on the <u>BoDeans</u> 'She's A Runaway'; <u>The Rainmakers</u> 'Let My People Go-Go'; and the Syracuse group, the <u>Doyle Whiting Band</u> 'After Hours'."

- KDJQ, SACRAMENTO, CA M.D.-RON GARRETT: "Thanks to the <u>Bill Graham</u> organization and everybody involved with <u>The Bridge</u> show. It was a magical evening of hope and understanding."
- WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "This week's adds: Police 'Don't Stand So Close To Me '86'--fresh Police. I don't consider this one a remake. It's so different than the original and already number four phones...Survivor 'Is This Love'; this week's favorite. I'll eat this page if this record doesn't make Top 10 AOR and Top 5 CHR...Peter Gabriel 'That Voice Again'--The Lp 'So' is number 2 retail and his concert tour is heading this way. 'That Voice Again' is just what the doctor ordered. Keep the fire burning... Howard Jones 'You Know I Love You Don't You'--his most powerful vocal performance in years. This one will cross big...Andy Taylor 'When The Rain Comes Down'--thank God he severed his ties with Duran Duran! He can really rock on his own...Berlin 'Like Flames'--'The Metro' and 'No More Words' are always big request items during our weekly feature 'The Original All Request Tuesday'. 'Like Flames' is such a good track--how could you go wrong?...Lone Justice 'Shelter'--'Ways To Be Wicked', did well for us last year and just like last year's track, this one's a bit twangy making for a good balance in the playlist... Bricklin 'For Her Love'--our market has all but adopted this group! This is the third track we've played from their debut Lp. The first two drew Top 10 phones!...Also on: Cheap Trick 'Kiss Me Red'; R.E.M. 'Superman' and Alice Cooper 'Give It Up'...Top 5 phones: Bon Jovi 'You Give Love A Bad Name'; Boston 'Amanda'; Boston 'We're Ready'; Police 'Don't Stand So Close '86'; and Bruce Hornsby 'The Way It Is'." 'pick us up on your toaster'. Well, my toaster has a dial on it."

- WEGR, MEMPHIS, TN M.D.-KELLY CRUISE: "'How you doing?' That's the buzz around Memphis these days since Joe Walsh came in town for a benefit concert over the weekend. He took over our airwaves for 3 hours Friday night playing music and taking callers - most notably Stephen Stills, and ex-Barnstorm member Joe Vitale. Then the Walsh concert the following night was incredible! He and local bands raised over \$12,000 for the Liver Foundation...On to music. Love the new Benjamin Orr. We added it right out of the box as well as the new Police '86'...Lots of calls for <u>R.E.M.</u> 'Superman' and Bon Jovi 'You Give Love'. (By the way, <u>38 Special</u> and Bon <u>Jovi</u> have a sold out show at the Coliseum this weekend)...For a good time, give a listen to the new <u>Peter Gabriel</u> 'Big Time' ...And we got good response from the title track to the new a-ha Lp on our new music hour...Rocktober continues."
- WHTF, YORK, PA M.D.-TIM DRAYER: "A lot of people in the biz say Southern Rock is dead! How can they say this when bands like the <u>Outlaws</u> and <u>Georgia Satellites</u> give us great music? Southern Rock has always done very well in this area and we will continue to support these good old boys...Special thanks to everyone who helped make Starview 92's 15 year reunion birthday party a major success. Attendance included 3,000 of our most loyal listeners. What a blast!'..From Mike to Jeff: "Welcome to the neighborhood. The invitation to the party was still open--It's a pity you missed it!"
- WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "Paul Simon's 'Graceland' is performing fantastically here. 'BRU listeners realize how special this album is! 'Graceland' continues to build...Lone Justice has done well here before and with their new maturity, they have my full endorsement. The second album has made a nice musical progression from raw rockers to established quality...'True To You' is h-o-t on the heels of <u>Ocasek</u>'s 'Emotion In Motion'. The uptempo has great appeal...And finally, the <u>Police</u> 'Don't Stand So Close To Me '86' makes me smile and get teary all at once. Leave it to them to say 'goodbye' in as innovative a way as they said 'hello'!"
- KNAC, LONG BEACH, CA M.D.-KEVIN STEPHENS: "Lots of good new music still available! The new <u>Ratt</u> album shows a great deal of depth beyond the lead track. Those of you who still listen to an album as an album, instead of as a 12" single, should investigate this album more thoroughly... <u>Alice Cooper</u> continues to be a record that grows in popularity with our listeners. That sounds like a hot twin bill to me with <u>Alice</u> and <u>Vinnie Vincent</u> together on the same show...A tip of my hat to <u>Tom</u> <u>Scheppke</u> at KISS in San Antonio for the advice about <u>Frank Marino</u>'s new album. (Yes, Tom, it was worth another listen!)...
- WHEB, PORTSMOUTH, NH M.D.-CHRIS GARRETT: "Due to League Championship Series, there'll be no music comments from WHEB. However, Confuscious Doctor of Rock say, 'Sox are red, Mets are blue, Sox'll win the series four games to two!"
- WQMF, LOUISVILLE, KY M.D.-KEITH TAYLOR: "Ron Clay returns to mornings here at the big old funky Q after four months in Sacramento. Kat, who was on 7:00PM-Midnight is added as News Director. Taking over the 7:00PM-Midnight slot is Tony Kurre, so we are geared up to set the Derby City on its ear!...Rocktoberfest the 19th downtown on Theatre Square,

Fourth and Broadway, put your grandma in your trade-in and c'mon down for this mega extravaganza for the City of Louisville. With all of the 'QMF party professionals, rock 'n roll from <u>Spanky</u> <u>Lee</u> and <u>Henry Lee Summer--food, booze,</u> draft beer and dead, dancing chickens! Be there or be square!...My pizza's here-gotta go!"

- WFYV, JACKSONVILLE, FL M.D.-LEX STALEY: "After 3 weeks of 3 plays a day, the <u>Georgia Satellites</u> have powered to #1 Most Requested. If <u>George Thorogood</u> would have sung instead of <u>Mick Jagger</u> on the 'Exile On Main Street' Lp, it may have sounded like the Georgia Satellites do. They have that Mick Taylor guitar feel. If the requests continue, we'll bump it into heavy...<u>The Outlaws</u> are another success story here. They've reached Top 5 phones in the last 3 days. If 'Soldiers Of Fortune' isn't working for you, try 'One Last Ride'. That's the track that is getting results for us!"
- WKLC, CHARLESTON/HUNTINGTON, WV P.D.-BRIAN KRYSZ: "More new music out there than we know what to do with. The <u>Billy</u> Idol Lp is great. Choice cuts: 'World's Forgotten Boy', 'Soul Standing By' and 'Don't Need A Gun' lead the way...<u>KBC's</u> 'America' is a tune I can't get off the turntable...My favorite record is <u>Ben Orr's</u> 'Stay The Night'. I look for this to be an across-the-board #1...Things are really coming together here at FM 105. New staff members include Jennifer Gipe for evenings and music director from WWTR, Ocean City. You can reach her here starting 10/22. Chris Wilson is our new News pirector coming all the way from Alaska and KSDO... This time next week we should have a major announcement concerning our morning show. FM 105--the LA Raiders of radio."
- WBGK, MILWAUKEE, WI M.D.-RANDY STEWART: "Make sure you get your hands on a copy of the new <u>Robin Trower</u> album 'Passion'. This is an example of a classic artist who can still do wonderful things with a guitar... If you are really and truly looking for upper demos and intend to keep them, play the new material from the artists familar to the adult AOR listeners."
- KICT, WICHITA, KS M.D.-PHIL THOMPSON: "Anyone who thought <u>Bad Company</u> couldn't make it without Paul Rodgers knows by now that they are very wrong. Brian Howe's vocals are distinctive and powerful enough to bring the band into a new age. We went on the title track 'Fame And Fortune' because it rocks...Also on this week is <u>Survivor</u>'s hit 'Is This Love'. No doubt this one will be h-u-g-e!...To <u>Jeff Ifland</u> from Geffen: Sorry about that last week--Also, thanks for the <u>Neil Young</u> tickets... We have 4 CD players here at KICT and we thank all the reps servicing us with the latest compact discs. It gives our listeners a chance to hear the songs as they were meant to be heard...Good luck to <u>Shelly Hammer</u> who has departed her midday position here at KICT to blast into space via satellite on Z-ROCK in Dallas. She'll be on 2 days each weekend!"
- WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE: "WCMF is pleased to welcome our new Program Director, <u>Stan Main</u>. Stan will start here by the end of the month and we look forward to good things working with him...If you want to talk strong soundtracks, check out 'The Color Of Money'. The Lp is at least on par with 'Top Gun' in terms of depth, not to mention the stellar artist lineup led by <u>Don Henley</u> and <u>Eric Clapton</u>...As far as the new <u>Police--well</u>, the jury is still out. Listener reaction has been mixed and it took me a few listens before I warmed up

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU: "After the long weekend, things are pretty crazy but I'm glad to say B.A.D. is on and we're expecting big response...Georgia Satellites nabs Top five phones this week and there's lots of early phone interest in Berlin...As you read this, I'm on vacation finally-further North across the border then on to Boston. I'll see all you promo types there!"

Thanks to Kevin Carroll at MCA and Leslie West for the Budweiser guitar we gave away in conjunction with the Triumph show. A big, clean sound produced live by Mike Levine and Company. A nicer guy in the business there isn't! Thanks, too, for stopping by the station and chatting...Two automatics that CHR will ruin before you can say burnout' are Survivor's 'Is This Love' and Daryl Halls'Foolish Pride'. Do them now before the fallout!"
- WHMD, HAMMOND/BATON ROUGE, LA M.D.-KLIFF KAHUNA: "Don't give up the ship on <u>Genesis</u> just yet. 'Land Of Confusion' is as good as 'Invisible' and 'Throwing'...<u>Survivor</u> comes back with a good one. Good vocals, good hooks, good everything...Thanks in advance, <u>Rhonda Rose</u> of MCA Records, for the <u>Boston</u> CD...Keep those CD's comin' folks!"
- KNCN, CORPUS CHRISTI, TX P.D./M.D.-BONNIE STACY: "It was the ultimate night of rock 'n roll with Ozzy Osbourne and Queensryche here last Wednesday to a sold-out crowd. Can you believe, Ozzy's life was threatened by a so-called minister when he couldn't get the show cancelled for moral reasons? I am so-o-o tired of apologizing to musicians for the bozo/fundamentalists who think they run this town. (Read that last sentence again and you'll get the idea of my embarrassment.) Nevertheless, the Oz put on a perfect show and Queensryche was positively explosive!--And no one went to hell! Thanks much to all, especially Kim Harris and BeBop at EMI. Hurry back now! ...Another highlight of the week was <u>Steve</u> Winwood and Bruce Hornsby in Austin. More thanks in order to Warner Bros.' Todd Galli and the whole RCA crew for more fun than anyone should have in one evening...Best listen this week: Frank Marino's 'Full Circle' Lp...And how 'bout that World Party?!"
- WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "By the way, the wedding went fine and the honeymoon is going even better! Talk to you all this coming week!"

'Beach Party Vietnam'...<u>INCREASED PLAY</u>: Howard Jones; Benjamin Orr; Wang Chung; Pretenders; UB40...Excuse me--could a few more people release records in the next few weeks? I just don't seem to have enough vinyl (yuk! yuk! yuk!). Seriously, this is the fourth consecutive week with at least fifteen adds!...<u>R.E.M.</u> continues to dominate the kingdom, as they get ready to play Maine in early November...Also coming up in person: <u>David Lee Roth</u> and the <u>Pretenders</u>, and WTOS is pleased to have major promotions with all three shows. Thanks are due to I.R.S. Records, Warner Bros. Records, and the respective promoters. Warm up the limos, James--I'm headed to Portland!. The new <u>Pretenders</u> B-Side 'Dance' reaffirms my faith in Chrissie Hynde. After hearing 'Don't Get Me Wrong', I had become accustomed to referring to the band as Christina And The Waves...Also, check out the <u>Pontiac</u> <u>Bros</u>. covering the Grateful Dead's 'Brown Eyed Woman'. These Pontiacs build excitement!...What a killer soundtrack for '<u>The</u> <u>Color Of Money'</u>. It features music from Clapton, and Robertson, as well as Palmer and Knopfler...<u>Pick Of The Week</u>: <u>Lone</u> <u>Justice</u> 'Shelter'. This track is co-written and produced by <u>Litt' ? Steven Van Zant</u>. What two better naturals to work together! It's a beautiful, honest song, destined for heavy rotation!''

- KRNA, IOWA CITY, IA M.D.-STEVE KOSBAU: " 'The Future's So Bright' is really surprising. Phone calls are pouring in for this innovative grabber. What a tune!...It's hard for me to believe that it's been over a month since I added OMD's '(Forever)Live And Die'. Generally, when I feel so strongly about a record at the start, I tire of it quickly--but this thing may end up having better legs than Demi Moore. It has grown on me with every play, and our listeners seem to concur!...I've always been a big Cars fan, and thus have wondered who really made them tick. After hearing <u>Ric Ocasek's stellar performance on his new</u> solo album, I thought I had the answer-but no! <u>Benjamin Orr</u> has me confused again. His new single is incredible, awesome--a killer! He'll be big news for some time to come!...I've been trying to think of a single word to describe the new <u>Survivor</u> record, but I couldn't so I had to invent one. It's an earphrodisiac'! The women will go crazy over this...And finally, there's the new <u>Idle Eyes</u> tune 'Sandra'. It sounds fantastic. If you haven't already, you really owe it to yourself and your listeners to give it a chance. I sincerely believe you'll be elated with the results."

...<u>INCREASED PLAY</u>: 'til tuesday; Georgia Satellites; KBC Band; David & David; Joan Jett; Cheap Trick; Frankie Goes To Hollywood...<u>INCREASED SALES</u>: Outfield; Boston; Black 'N' Blue; Queensryche; Ratt...We think that <u>Idle Tears</u> is a hit record. The only reason you're not playing it is because you haven't heard it!...The <u>Georgia Satellites</u> gets our vote for record-of-the-year. In case you've only heard the 12", the whole album is just as strong as 'Keep Your Hands To Yourself'...Superb is the only way to describe the new <u>Lone Justice</u>. 'Shelter' is the stuff dreams are made of...It's always a pleasure to have <u>Joan Jett</u> on the radio. 'Good Music' makes me glad I'm in this business...Thanks to <u>Be-Bop</u> for a great time at the <u>Queensryche/Keel</u> and <u>Black 'N' Blue</u> show. My ears are still ringing!"

WUVA, CHARLOTTESVILLE, VA M.D.-JOHN MALINOWSKI: "ADDS: David & David 'Cracks'; Moody Blues 'Running'; Paul Simon 'Graceland'; Berlin 'Flames'; Lone Justice 'Shelter'; Bolshoi 'A Way'; Stabilizers 'One'; General Public 'Come Again'... 'Shelter' is very sleek and captivating! By far my favorite song of the week, However, a close second is the first track on Side One on the new <u>General Public</u> album. 'Come Again' is very up-beat and will add spice to the airwaves!...'Stay The Night' from <u>Benjamin</u> Orr rivals any of the Cars' hits. If it's any indication of what's to come on the album, it should be a very big first solo effort!"

KFMQ, LINCOLN, NB ASST. P.D./M.D.-BOB ALLEN: "When trying to gauge the future potential of any new artist, the task becomes a little less fickle when a debut Lp yields some depth. Such is the case with <u>David & David</u>. 'Welcome To The Boomtown' was one of this year's gems and 'Swallowed By The Cracks' looks to follow in those footsteps. It's intelligent music with a message, and it's refreshing to hear it come from someplace other than the pulpit...We have had nothing but tremendous success with <u>Peter Gabriel</u> this year, both on the airplay and retail levels. I think 'That Voice Again' is actually a stronger follow-up to 'Sledgehammer', but the whole album is a 'can't lose' situation, so I won't nitpick... Bruce Hornsby moves into power rotation this week. Hornsby delivers the unusual combination of a soft sound with biting lyrics. Not since the '60's has that combination of music and social consciousness been so right...Farewell from this neck of the woods to <u>Jeff Appleton--Good</u> luck in Motown!"

We're, therefore, looking forward to an Eddie Money weekend full of specials, block parties, and promotional activities which will climax with the concert on the campus of BG! Once again, I would like to say thanks to Jim Steele for his support. Know what? I'm beginning to sound like a Bartles and Jaymes commercial. Maybe I wouldn't have to if some of my reps would give'FAL the service that is needed and deserved. INCREASED PLAY: Tina Turner; Larry John McNally; Richard Thompson; Talking Heads; Timbuk 3; Corey Hart; Outlaws; Leo Kotke; General Public...For a bunch of guys who put out their first record twenty years ago, Kanter, Balin, Casady have come up with a remarkably fresh sounding album. Their excitement and eagerness is as obvious as their relevance. 'America' and 'Mariel' will please the Kantner faction while songs like 'It's Not You' and 'No More Heartaches' should suck in new converts, including those not even born when the original airplane took off. 'Shelter' is certainly the strongest song auditioned this week. This is a breakthrough track. I hope Lone Justice Is ready for lots of attention and big halls; 'cause sure as Payton follows the refrigerator, success will follow 'Shelter'." WFXR, CHARLESTON, SC M.D.-R.G.JONES:

- JEFF "IN ORR-BIT" COOK, ELEKTRA (404-921-4086): "Hi there radio rockers. Elektra has been very busy lately launching some exciting music your way and it looks like we've been right on target! Ben Orr's first solo record is now out and 'Stay The Night' is safely into orr-bit at over 100 stations!... The Georgia Satellites have been most added at radio now for three weeks and they're having a blast with 'Keep Your Hands To Yourself'. Why the rotations are going from lunar to power all across the country... If you haven't yet added the Howard Jones, do it! 'You Know I Love You Don't You' is working at Album Radio and has taken off at Top 40...Other records on the pad with all systems go:Dokken 'Will The Sun Rise'. This 12" release will coincide with the debut of Dokken's home video...Keep It Dark 'If You Be Mine' is an out of this world edit. Please listen...Finally the release of Warren Zevon's 'Werewolfs Of London', The song is featured in the new hit film 'The Color Of Money'.Find space for it."
- MR. RECORDHEAD, POLYGRAM (212-333-8539): "Billboard Magazine -- Issue date 10/17/86 -- Top 200 Album chart -- #1 'Slippery When Wet, by Bon Jovi!! To all of you who have believed for the last three years, we thank you! And, this is only the beginning: 1.75 million down, at least 2 million more to go."
- MICHAEL PLAN, I.R.S. (818-777-4730): "Timbuk 3 is happenin'! The future's so bright on this record you're gonna have to wear a blasting helmet instead of shades. With 30 new Top 40 adds and an album track bordering on Top 10, I'd say get ready for the biggest new debut artist to break through in this last quarter. The next song up for AOR will be 'Life Is Hard'...Let's break for a second and say 'hi' to the person typing this report. 'Hi, Judy. I hope you're having a nice day. Keep those fingers tappin'.'...And on to your male counterpart. 'Superman' by R.E.M. is devastating phone operators all over the country. Try it, you'll like it! As the album nears gold, will you be so bold?...And lastly, General Public. We've delivered you a CD of a record that is brilliantly produced and, more importantly, it rocks. If you're not on 'Too Much Or Nothing', you should reconsider this act that defines the new core of AOR. With over 300,000 advance orders on this album, don't waste your time with bands that ain't selling chit. Ju know what di mean?...And finally, our new acts. Please consider Hunters And Collectors 'Throw Your Arms Around Me', The Bolshoi 'A Way' and Beat Rodeo's 'New Love'...The album to listen to and play is still the Iggy Pop album. If you don't hear 'Cry For Love', your motto should be 'cry for help'...Congratulations to Harvey Leeds. Your appointment keeps the ratio of promotion heads under 5'7" intact ...What hot girl do you get when you cross a sunrise with something to protect your head? Anyone with the right answer will win a General Public CD."

JEFF "ALWAYS ON THE ROAD" NAUMANN, RCA (213-468-4055): "The veritable Suckaahh-of the-Week from RCA/Nemperor is Toby Redd's 'Everytime I Run'. It's ballsy Detroit rock 'n' roll--not corporate, not metal, and it doesn't sound like Phil Collins, but it has a chorus you'll be singing under your breath after one, maybe two listens. Don't wait on Toby Redd!...The local elections are around the corner, and Mark Germino has just the song for everybody. The 12" 'Political' makes perfect sense right now, and yes we even have the CD available...<u>Eurythmics'</u> 'Thorn In My Side' is a hit and, I bet for those who it may concern, the call-outs will be super positive on this one...<u>Bruce Hornsby</u> <u>And The Range</u> finished the first leg of their American tour as maybe one of the biggest successes I've ever seen from a new artist. Hornsby will be opening for Huey Lewis in Europe for the next five weeks. See you back in the states in September, Bruce... Good to see all my friends in San Antonio and Austin last week. To <u>Bonnie Stacy</u>: How about another 1957 T-Bird with Hawaiian plates?...In the more-hooks-than-a-tackle department, you have to check out the new 12" from <u>The Lucy Show</u>, 'A Million Things'. If you can't hear this you probably have trouble hearing train wrecks, too!"

PAUL YESKEL, P. YESKEL PROMOTIONS (201)5675931; "They're faster than a Firebird and more fun than the back seat of a Bonneville. They're the Pontiac Brothers: Premium American rock from some regular guys on 'Fiesta En La Biblioteca'. There's a good buzz cruising around about these boys. Accelerate into 'Knows It', 'Old And In The Way' or 'Brown Eyed Women'...Alarm clocks across the country will be ringing 'Especially For You' when you're 'Behind The Wall Of Sleep'. The <u>Smithereens</u> continue to get phones, sell records and tour. What more do you need from a band?!...Robin Trower's guitar 'Pass-r' ion' is back on vinyl. He's teamed with former Gamma vocalist Davey Pattison for an easily accessible album for all ages. Trower's image with your upper demos is on target. Track leaders are 'Secret Doors', 'No Time' and 'If Forever'...Bruce Cockburn's visibility increases with 'People See Through You'. This track has already broken through in Canada and it's on its way to you...Have fun celebrating 20-years of Monkee mania at the Meadowlands. Davy Jones still has one of the best butts in show biz. Thanks for the memories, guys!...It's a crime to kill a Praying Mantis...I can't wait for the new Jason And The Scorcher's album. Hope I'm 'Still Standing'!"

LINDA KIRISHJIAN. COLUMBIA (212-975-1701): "Storm troopers! Be on the alert! The Stabilizers break out of the 'gee, I wonder if they're a hit' category. No need to ask yourself that question anymore. 'One Simple Thing' is big...Did you say Big Audio Dynamite? The album is garnering heavy requests out of the box. 'Beatbox' leads the way. With a Mick and Joe co-production did we have any doubts?...Eddie Money has another track for you. Check out 'We Should Be Sleeping', definitely a 'No-Doz' for the format... Be on the lookout for a great Arthur Baker re-mix of 'Give It Time' by the Woodentops...The Fishbone video is also due out real soon. Check out 'Give It Up' from the Lp... Paul Young is back. 'Some People' is his first single/12" from the upcoming album 'Between Two Fires'. It's another killer!...Also out this week, the long awaited Fastway 'Trick Or Treat' soundtrack... And also don't miss the Robin Williams 7" sampler. Wait 'till you hear it! Be prepared to laugh so hard that you cry... By the way, I must tell you there's another great track on the Matthew Sweet album. It's called 'Blue Fool's'. If you're wondering who does back-up vocals, you're right, it's the Bangles... Can't wait 'till Elvis comes to New York soon for five nights on Broadway...Jean Beauvoir's 'Missing The Young Days' is a must relisten... And for another track on Easterhouse, listen to 'Out On My Own'... I'm so upset that KCGL is now a Christian station, despite my nationality and my name. Best of luck to Del Williams. He's a great programmer."
