BOB GELDOF ...ROBERT CRAY...JOHN PARR LP...DEBBIE HARRY... JOHN LENNON LP...ZEBRA.

BOB GELDOF, "THIS IS THE WORLD CALLING," ATLANTIC
Bob's uncompromising global vision has almost single-handedly
returned social conscience to Rock N' Roll and that spirit continues in this long awaited solo debut. His voice posseses a bone
chilling honesty that goes straight for the heart, while the song's
unusual dynamics and pacing keep it challenging. And when Mmes.
McKee, Moyet and Lennox let loose on the operator chorus, it
sounds like the seraphims on high just joined in. Get on it early
because Geldof's universal appeal will have this one crossing the
world faster than the Concorde.

ROBERT CRAY, "SMOKING GUN", POLYGRAM
Every once in a while you have the opportunity to get in on the ground floor of an artist you just know is going all the way.
That's the feeling shared by everyone who's heard Robert Cray.
We won't bother dropping the names of all the superstars in his fan club, or itemizing his many blues awards and critical acclaim. Suffice it to say that Robert is the real thing---pure, unbridled, impassioned playing and singing that hits you where you live. And as Stevie Ray, Lonesome George and the T Birds have proven, the audience not only accepts gritty blues rock, they're starving for it. Let Cray smoke 'em away.

JOHN PARR, "RUNNING THE ENDLESS MILE", ATLANTIC

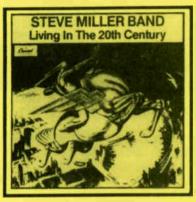

There's no doubting John's talents of writing, producing & oh yea, performing as well. With "Elmo's" mega success making John Parr an all format's household name, that much awaited across the board hit follow-up has been anxiously anticipated. Well we feel the man has done struck pay dirt once again. "Blame It On The Radio" is an infectious pop/rocker enhanced by magnetic melody, snappy keyboard punctuation and an indelible hook. OTB should be par for this course! We also like "Do It Again".

DEBBIE HARRY, "FRENCH KISSIN" GEFFIN Intections - Diaspas at how with this being the year of the comebacks, the atmosphere couldn't be better for the return of Rock N' Roll's blondie. Although musical recollection may have Debbie Harry off the rock radio trail, "French Kissin" gets her back on the format's track. Debbie's vocals have never sounded better, so rich & self assured (reminiscent of "Parallel Lines"). This captivating song is romantically packaged by the sparkling production of Seth Justman. We guarantee it's gonna getcha one way or another, ooh la la!

JOHN LENNON, "MENLOVE AVE", CAPITOL There's nothing like "new"
Lennon for grabbing and holding the adult audience and the latest
posthumous release offers some of the most emotional and plaintive of John's ballads and some of his rawest, most energetic rock
n' roll. The haunting "Here We Go Again" recalls the orchestral
experimentalism of the "Strawberry Fields Forever" era, while
"Rock & Roll People" and "My Baby Left Me" show off Lennon's late
'50s rock roots. More magic from one of Rock's principal architects.

ZEBRA, "CAN'T LIVE WITHOUT", ATLANTIC

With two albums and several club/arena dates under their belts,
I guess it's safe to assume that Zebra has certainly earned their
rock n' roll stripes. Their first two efforts were met with
strong radio acceptance establishing this band's format credibility. "Can't Live Without" picks up where the successful "Who's
Behind The Door" left off. The track relies on an emphasis of
melody & displays Randy Jackson's unmistakable, robust vocals &
fancy fret work. Rock N' Roll Animals unite!!!

REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

CAPITOL...Rock radio's obviously jazzed by Steve's return to his roots as the #1 Most Added/110 station finish so dramatically points out. We're hearing loads of "back to where he belongs" reviews from Rad Messick, WDIZ to Wally Walker, KQRS..."One of the year's strongest comebacks" is the rap from Candi Chamberlain, KOME, Brian Krysz, WKLC, Chris Emry, WIYY and Steve Becker, WKFM..."Immediate heavy add for a music perennial" appraises Dave Numme, KSJO. "Pleasant shocker of the week" from Doug Clifton, KBCO..."A good direction" condones Erin Riley, WMMR...Bob Bailey, WKLS critiques "Subtle but memorable"...And Jim Steele, WIOT wraps it with "Pure magic"...

The week's highest #17 Trax debut.

DON HENLEY, "WHO OWNS", GEFFEN/"COLOR OF

MONEY", MCA...Too many soundtracks? Maybe.
But when they're front-loaded with format automatics, too much is just enough. Henley's
"Who Owns This Place" cleans up with 94 new
109 cume for our second highest Trax debut
at #18. And Slowhand's "It's In The Way"
whips up a fast 21 OTB reports, new at #67.
WHJY's Glenn Stewart, "After listening to
endless soundtrack crap designed to hype
dog movies, it's a pleasure to see a great
movie hooked up with great tunes"...Bonnie
Stacy, KNCN, Steve Kosbau, KRNA and Lee
Roberts, KMYZ all call it "Best soundtrack
of the year"...Chris Emry, WIYY hears "A
stone smash"...Jeff Carroll, KLBJ found it
"Loaded end to end"...And Cindy Bailen,
KZEW was thrilled "To get a taste of
Henley and Clapton before their albums."
The soundtrack hits the bricks at #17/
#13 Metro.

Chrissie and Co. parachute two more into the Hot Trax 100 as the single rivets to #1 and the Lp clocks in at #3 National/Metro. "My Baby" bags 40 first weekers in at #40 as 33 commit to "Room Full Of Mirrors", new at #62...Dayna Steele, KLOL "The best Pretenders Lp Chrissie's ever done"...Don Berns, CFNY, "Certainly their best and most pop Lp to date"...Bob Bittens, WHCN, "Chrissie has managed to settle into mature adulthood yet remains unique and stylish"...Alison Stewart, WBRU, "Wicked cool!"...Bonnie Stacy, KNCN and Ron Diaz, WYNF "Refreshing, deep and versatile"... And CILQ's Andy Frost asks "Is this lady a leader by example or what? She deserves the Stanley Cup of rock and roll"...Rated a 4-star classic by over half of our Checklist respondents.

KANSAS, "POWER", MCA

The revamped lineup received considerable programmer praise, easily outweighing any reservations about "All I Wanted's" somewhat pop posturing. And a #3 Most Added/63 station first week should quickly convince the bulk of the holdouts. Curt Gary, WEBN, Bob Bailey, WKLS and Cindy Bailen, KZEW all point to its "Big crossover potential"...Phil Thompson, KICT believes "Steve Walsh breathes life back into Kansas"...'Instant phone builder" asseses WTPA's Chris James..."Good solid radio record" says Candi Chamberlain, KOME "Great new sound" gushes Mike Ramsey, KLAQ and Chris Emry, WIYY reflects, "The addition of Steve Morse on guitar was a stroke of genius"...New at #48...The "Power" packed album's now at your disposal and you'd be wise to go immediately to "Power". The track smokes with ex-Dreggs licks master Steve Morse and has a killer hook that'll guarantee the early phones. Also needle "Silhouettes In Disguise."

BILLY IDOL, "WHIPLASH SMILE", CHRYSALIS

CILQ'S Andy Frost succinctly sums up Billy's mushrooming appeal: "This guy cuts it with everybody from the rivetheads to the teenage nymphets that get excited over George Michael. He crosses every boundary possible"...Dave Kane, WCMF hails it "The guitar album"...Lex Staley is impressed by the "Excellent use of technology"...Rad Messick calls it "Thinking man's dance music"...Tom Daniels, WCKG shouts "Rock 'n' roll!"...D.J. Bird, WXXP quips "Every band needs Steve Stevens"...And Inessa York, KGON begs "Hit me with your rhythm stick"...
"Don't Need A Gun" is clearly the concensus back up with 39 adds and a #57 Trax debut, "Soul Standing By" soaks up 15 new, the single rips 6-2 Trax as the Lp busts on board at #6 National/#5 Metro.

Week #2 finds Lone Justice's sophomore effort again in the Most Added circle with 28 more adds/70 cume, escalating 63-49. And the raves won't quit: Pam Brooks, WPDH, "Their previous work was just the tip of the iceberg and with Little Steven at the helm we should be blessed with a very strong and well received second Lp"...Cindy Bailen, KZEW "The whole Lone Justice album just knocks me out"...And Steve Becker, WKFM is floored by "Its clean sound that punches through on the radio"...Get behind it before it gets behind you.

SURVIVOR, "WHEN SECONDS COUNT", SCOTTI BROS.

"Is This Love" is half way to close-out play after just two weeks, thanks to adds on KSJO, WAAF, WCKG, WYNF, WTUE, WCMF, WIOT, WPYX, WEGR, KPOI and 14 more. Ten including KATT, WFBQ, WLLZ, KUPD and WZZO increase play after one week on the air, and the rotation breakout found heavy play at KSHE, WLUP, WPYX, WYNF, WLLZ, KBER, KATT, WPLR and six more, power on WFBQ, KUPD, WKQQ, KRNA and KRQU. Chartcheck: 52-38

Trax, debut #37 National, #41 Metro...With the Lp now hitting the streets, it won't take long to calculate the numbers attainable on this consistently strong pop/rock package. The hooks are plentiful and Jimi Jamison's vocals sparkle. We suggest "When Seconds Count" and "How Much Love".

TRIUMPH, "TEARS IN THE RAIN", MCA

Performing beeyoutifully in all the critical areas: Adds: 18 new (KMET, WNEW, WAAF, KNAC, WPDH, WBAB, WKLC. WKRC, WKQQ);
Increases: 8 more led by KQRS, KLOS, WYNF, KLAQ and WEGR; Phones: Excellent at KOME, CILQ, KLAQ, WLNZ and KFMH with 17 good locations including WQMF, KQRS, WIOT, WIXV, WBYR, WPYX, KILO, WFYV; Charts: Gaining ground quickly, 44-34 Hot Trax.

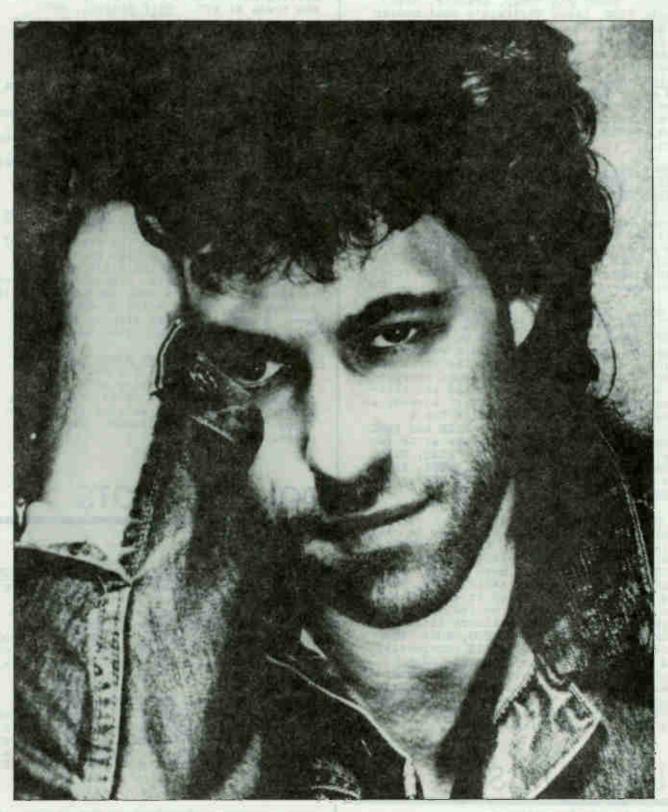

SMITHEREENS, "BEHIND THE WALL OF SLEEP",

ENIGMA..."Blood And Roses" slo-mo chart
climb may have set a new Guiness record,
but when all was said and done, it delivered Top 15 airplay and more than
credible phone follow through. Early indications point to a repeat performance
with the new 12". New on WNEW, WXRK, WOUR,
WPDH, WTKX, WBRU, KQDS and 8 more, increasing on KLOS, in at #97 with a massive
39 stations considering..."One of the
most pleasing records by a new artist in
1986" reviews Karen Andersen Small, WGIR.
"The Smithereens continue to dominate
here at WBRU" sez Alison Stewart.

AUTOMATICS

Depth Trax From Established Albums

BILLY SQUIER, "SHOT O'LOVE", CAPITOL

"Hero's" quick rise to the Top 15 solidified
Billy's return to priority album radio
status, and now's the time to display a
little album depth. "Shot" characterizes
Squier at his best: that distinctive vocal
style tasty power chords in all the right
places and a rocker hook that'll getcha
quick. This "Shot" is automatic!

GENESIS, "LAND OF CONFUSION", ATLANTIC
Clearly an automatic in every sense of the
word, the remixed and revitalized 12"
continues to post numbers to prove its can't

miss quality. Exploding 38-26 Trax for #2 Points Gainer, #5 Movement honors, "Land" is new at 11 and up at WNEW, WYNF, WHCN, DC101, WIOQ, KRQR, WCMF and KOZZ. The album is the week's #2 National mover, 18-16, and holds firm at #8 Metro.

BOB SEGER, "MIAMI", CAPITOL

The Seger road show continues to conquer the nation and it's obvious rock radio continues to respond to this persistently hot Lp. "Miami" pulls down 23 new (DC101, WIOQ, WKDF, KLBJ, WHJY, WZZO, WLLZ, KZEP), hitting our #9 Most Added mark, re-debuting the track at #70. Phil Manicki, WWCT captures the moment, "'Miami' just grabs you, you'll be singing this one 'til March!"

PETER GABRIEL, "THAT VOICE AGAIN", GEFFEN
The latest Gabriel track is officially in
high gear as recent add activity places
"Voice" near the century mark. Twenty-four
last week coupled with 7 new (KMET, WQMF,
WPYX, CFOX) inflate the cume to 94. Factor
in the 12 ups (KLOS, DC101, WAQX, KUPD,
WCCC), 11 powers and 40 heavies and ya get
a Hot Trax primer of 26-23. It's close
out time!

STEVE WINWOOD, "BACK IN THE HIGH LIFE", WB With the depth of this platinum-plus Lp firmly established, and the second leg of the tour kicking in to high gear, it's a perfect time to give the title track the auto nod. It's smooth, simple, guaranteed to satisfy and posts some impressive early numbers like our #3 rated 97-81 Hot Trax move, 8 adds and early airplay at majors WLLZ, KZEW, KISW, WWDC, KLOS and more.

EURYTHMICS, "THORN IN MY SIDE", RCA

Annie and Dave combine for what may be
their strongest rock radio effort from
"Revenge". With 8 new (WCKG, WMGM, KROQ,
WLIR), 17 cume, and a weighty 31 considering
"Thorn" is about to blossom. The track
primes 100-90.

DOUBLE SHOTS

Deserving Second Trax

BONNIE RAITT, "WHO BUT A FOOL", WARNER BROS.

Coming off an impressive first track run with "Lady" peaking at 13 and excellent reviews via the Fogerty tour, there's no denying the female comeback artist of the year the double shot. "Who But A Fool" is a sophisticated production piece spiced with soulful horns and more of those rich, vibrant vocals and a touch of class!

BAD COMPANY, "FAME AND FORTUNE", ATLANTIC
The title track from these revamped rockers garnered mucho radio interest when the Lp arrived. There's presumably a smooth segue into "Fame" as action's already brewing at 32 (WMMR, KLOL, KISW, KGB, KTXQ, KZEW, WKFM, WFYV, WQFM, KRQR). Trax action shows a primer 68-59, the Lp is #15 National.

DAVID & DAVID, "SWALLOWED BY THE CRACKS", A&M It does our new artists' hearts good to see these pair of Davids being received so readily second time around. And who wouldn't given "Boomtown's" explosve run? Ten more are swallowed up (WAAF, WDIZ, WPYX, WMAD, WFYV) swelling the cume to 78. Look for continued progress as 11 increase (KZEW, WHCN, KLOS, KQDS, KAZY), 26 show building and 15 are considering. The track surges 36-29.

GM do a double take!

BUZZBANDS

The Most Talked About New/Developing Artists

BROKEN HOMES, "IN ANOTHER LAND", MCA
When a new act demonstrates this kind of

musical recipe and I found it 'In Another
Land'"...Didja notice the add into power
on market leader KQRS?

DON DIXON, "PRAYING MANTIS", ENIGMA

Ron Sorenson nails it, "Don Dixon is the American Nick Lowe. He has the same back to the basics sound, the same penchant for production and like Lowe, he's a pop-Picasso, creating mini-masterpieces with seeming effortlessness." Ron's certainly not along in the end-zone on this one. Just ask Tom "Brilliant new writer" Starr, WOUR. Erin "I love it!" Riley, WMMR; Chris "Fave of the week" Garrett, WHEB; Inessa "Very interesting and textured" York, KGON; and Bob "Fun American rock and roll" Walton, WRDU. WORLD PARTY, "SHIP OF FOOLS", CHRYSALIS
Lurking beneath all the platinum priorities
is one of the freshest, most stimulating

While holding #6 Most Requested, the Lp primes 20-19 National (#3 Points) and 21-20 Metro (#5 Points).

WEBN, CURT GARY:

KBC is gonna happen. No one can create a sound like Kantner and Balin. From the early ruffs Tony Gates played for me, this won't be the only song that hits radio. Go get 'em tiger!

WIYY, CHRIS EMRY:

If there was ever a band designed for upper-end AOR radio, it's got to be KBC.

WTPA, CHRIS JAMES:

One of the year's top 4. "AMERICA."

KGB, PAM EDWARDS:

KBC has proven, with a fine record, that they're not the Jefferson Dinosaur. Rather than becoming a cliché, they've forged ahead into fresh and new territory. It's a delight.

WMMR, ERIN RILEY:

A public apology to Sean Coakley. During a recent visit to my doctor, he discovered a large ball of wax the size of a cantelope in my ear, causing temporary deafness. Well, the wax came out and KBC went on!

"It's Not You, It's Not Me" FMQB Hot Trax 8*! Album Network Powercuts 8*! R&R Tracks 11*! KBC Band Lp FMQB 11* National!! FMQB 10* Metro!! Album Network 12*!! R&R 13*!!

WTUE, JEAN BEAULIEU:

KBC sounds like a network. They'll probably be as big as one before they are done. The sound is right up anybody's alley. And it's great to have these three musicians back on the radio.

KGON, INESSA YORK:

We like "AMERICA" from KBC. Really the song that captures the essence of their past and present.

WKDF, DAVID HALL:

The single was a pleasant surprise. It shatters any preconceived notions of what Kantner, Balin and Casady would sound like. Thank god it's not a Starship clone. It's very good and sounds like a hit to me.

WPDH, PAM BROOKS:

I'm impressed! A nice clean and catchy sound emanates from the KBC Band's debut "IT'S NOTYOU, IT'S NOTME". Great hooks and a very hot, upbeat bed. This could be the start of something great, but, then again, Kantner, Balin and Casady have been involved in so many tremendous projects, how could you expect less?

WQMF, KEITH TAYLOR:

Grace who?-"WHEN LOVE COMES".

Your raves spell H-I-T!

PRESENTS

DIRT ALERT!

WKLS SNAGS PUGH FOR PD POST

WKDF, Nashville PD Bill Pugh is southbound again, returning to Taft Broadcasting as WKLS, Atlanta PD. Pugh replaces Bill Wise who resigned last month to start up and program new Miami rocker, WGTR.

"It's hard to leave the place you love"
Pugh told FMQB's Dirt Alert!, "But the
chance to go back to the only corporation
I would think of returning to and stay in
the South is what clinched it for me. It's
a major step."

Although Wise's #1 rated WKLS performance is a tough act to follow, Pugh certainly has had his share of programming triumphs. While PD at WTUE, Dayton from '82 to '84, he piloted the station to its best 12+ share ever, and his work at WKDF ('84-'86) has made it one of the hottest sounding album rockers in the South. Pugh first worked for Taft at WLVQ, Columbus from '78 to '82 in afternoons.

"I'm looking forward to working with the tremendous 'KLS staff" Pugh continues.
"MD Bob Bailey has gone through more PDs than Proctor and Gamble have gone through soap, so he'll obviously be very instrumental to me." Look for Pugh to be in place in Atlanta in two weeks. Regarding his successor at WKDF, Pugh tells us he's helping VP/GM Steve Dickert in the PD search. "I want to make sure that we get the right person, otherwise I'll come back and kill him."

ALAN NEW WBCN MD AS KRANES TRANSFERS TO WXRK

It'll be a New York homecoming for WBCN, Boston Asst. PD Bob Kranes when he transfers to Infinity sister station, WXRK, NY later this year. A Brooklyn native, Kranes advanced from intern to OP. DIR. during a 6 year stay at Long Island's WLIR prior to joining the Rock of Boston in 1983. His official K-ROCK start date is being worked out by Infinity.

"New York requires the absolute best in talent and on that note I'm pleased to announce the addition of Bob as Asst. PD,"

K-ROCK PD Pat Evans told FMQB's Dirt Alert! Kranes couldn't be joining K-ROCK at a better time. The station is just coming off its best ARB ever, notching #1 honors in men 18-34 in mornings, middays and nights, according to Pat.

Reflecting on his return to N.Y.C., Kranes said, "Leaving WBCN was not an easy decision to make. I've always been the type of person who likes to be involved in an exciting situation, and 'BCN always has been and always will be just that. But the chance to work at K-ROCK and to work in New York is thrilling. Going home and getting involved with the station that will be the #1 station in New York is a dream come true."

Taking Kranes' place at 'BCN is 6-year staffer/all night personality/local MD Carter Alan. "Bobby will pass the baton to Carter and we won't miss a step in the relay," says 'BCN PD Oedipus. "Being a local MD is, in many ways, more difficult than being a MD because you have to give specific feedback to the local musicians on why or why not WBCN will play their music, and offer constructive criticism. It's very delicate and you have to be very diplomatic."

And what does former WXRK MD/current FMQB Music/Research Director Mark DiDia have to say to his replacement? "Hey, Bob, make sure you send any leftover metal or remnants of Dirt to my attention at FMQB!"

WSHE LURES WDVE'S JIMMY & STEVE

The stage is set for a morning show battle of epic proportions in Miami, with 4 major talents preparing for combat stance. Soon to join the AM front lines are Jimmy Roach and Steve Hansen who land at WSHE midweek after six years at WDVE, Pittsburgh. They'll compete head to head with former 'SHE wake up crew Herman and McBean slated to start at WGTR, Feb. 9. And with Bill Tanner set to return to Power 106 in January and Y-100's Sonny Fox still the morning mouth to beat, the weather won't be the only thing that's hot in Miami.

'SHE went on a nationwide talent hunt after Herman and McBean bailed, and the Dirtlines

were overloading with stories of phenomenal 6 figure salaries alledgedly offered to DC-101's Greaseman, WFBQ's Bob & Tom and WKLS' Mark and Steve. "We seriously spoke with six major caliber morning talents and we settled on Jimmy and Steve" admits 'SHE PD Michael Dalfanzo. "They've got a great attitude and are genuinely excited about accepting the challenge." Great attitude, indeed. When asked to comment on the move to Miami, Roach told FMQB, "Every decade and a half I decide to change stations and the time is right. They really know what they're doing at WSHE and they do it with spirit and flair."

Look for a more produced Jimmy and Steve on 'SHE with resident production guy Paul. Castronovo serving as morning show producer and contributing voices. And expect a major marketing campaign to be built around the new show.

And what kind of talent is WDVE PD Greg Gillespie looking to replace Jimmy and Steve with? "Something upbeat with high brow humor that can interact well with the audience and the newsperson" he told us. "Something about 75% David Letterman and 25% Good Morning America." Greg's filling in on morning drive until a new show is secured.

JEFFRIES DRAFTED INTO SYRACUSE WAR ZONE

After eight months as WTPA, Harrisburg PD, Simon Jeffries returns to upstate New York to program WAQX, Syracuse. A former WCMF, Rochester Asst. PD, Simon steered 'TPA from 6th to 3rd in the Birch Report. He tells Dr. Dirt, "It'll be great to work for the station that's weathered the infamous Syracuse radio wars, and has consistently come out on top. I couldn't be joining 95% at a better time, with their latest ratings victory and the iminent power increase. Harrisburg has been a great situtation, thanks in large part to the cooperation of Mike Brandon, Chris James, Dave Brewer at JPC, and, of course, the staff without whom great ideas turn into vegetables."

WTPA's new PD, Jeff Kauffman, is no new-comer to Harrisburg rock radio. As PD of the original WTPA ('81-'84), Jeff led the station to #1, and "We're going to do that again here" he predicted. "I have to give a lot of the credit to Simon because he got the format and players in place and with my experience in the market we're going to keep the winning streak going."

Jeff rejoined 'TPA October 7 as morning man, and will continue in that airshift temporarily. Simon starts in Syracuse November 17, meanwhile 95% ups Lorraine Rapp to Asst. PD.

MIMS SEZ ALOHA TO KPOI

"Irreconcilable differences" have led to the resignation of KPOI, Honolulu PD Bill Mims after 52 years with the station. MD Andy Preston is treading water as Interim PD and is also a candidate for the permanent PD position. GM T.J.Malievski is accepting applications by mail only at 741 Bishop St., Honolulu, HI 96813.

Contacted at home, Bill told FMQB, "I'm looking for new challenges and enjoying the sunshine. I can be reached at 808-526-0940. "Reflecting on six years of working with Bill, Andy told us "There are few in this business with his radio smarts and concern for staff and station. He will be missed."

Look for staff changes at KPOI around November 1st.

in a couple of weeks. MD Dayna Steele tells us Pruett in the hospital is "Like scenes from 'All That Jazz'. He's got a nurse in one hand and champagne in the other." Pruett's been doing phone-ins on the morning show, which partner Mark Stevens is handling solo for now.

KZOK, Seattle is no longer being consulted by Burkhart/Abrams. The station has opted instead for the services of Gary Guthrie now that the format switch from AOR to classic rock is complete. Guthrie is also now consulting Fresno classic rock station KCLQ.

The Holt Corporation, owners of WZZO, Allentown, among others, is about to close a deal to acquire WTKX, Pensacola from Tri-Cities Broadcasting. 'TKX MD J.D. Stone told FMQB, "We're looking forward to continued success and the excellent input that the Holt Corporation can provide. And thanks for the new audio processing and forthcoming transmitter, too."

Justin Phelps has been named interim PD at WXRC, Charlotte, NC. He'll more than likely remain interim PD until the end of the year since management is not looking for anyone at this point.

Speaking of mild heart attacks, a speedy recovery to KFMH PD Steve Bridges who also experienced one recently. See Steve's comments in Radio Action for more.

New Fort Meyers album rocker, WRXK (formerly WLEQ) should be on the air by Halloween.

John Gorman launched his latest "special project", WNCX, Cleveland at 6AM, October 22 with Neil Young's "Comes A Time". We hear 'NCX will kick off the weekend on Fridays with Neil Young's "Opera Star". Definitely not your average Top 40 station.

DIRE STRAITS will be back in action next year and all in a good cause...the band are planning a series of star-studded Wembley concerts along the lines of this summer's PRINCE'S Trust event. The shows are being masterminded by bassist JOHN ILLSLEY who wants to fund the setting up of "Life Education Centers" here in Britain. The scheme, which teaches children about the dangers of drugs, has the backing of Prince Charles and has already proved successful in Australia. DIRE STRAITS are currently sponsoring their special bus which tours British schools...

Last week ROL was at the BOB GELDOF press conference at London's Hard Rock Cafe, where BOB held court on everything from his new album "Deep In The Heart Of Nowhere", through the Ethiopian famine situation, to the BOOMTOWN RATS. The RATS, in fact, were the subject of a surprising revelation from GELDOF: he says he doesn't expect them to play together again,

because the other members are off doing their own musical projects. On the new LP, he sang the praises of RUPERT HINE, who's produced the majority of the tracks, and talked about the all-star band he amassed almost by chance from stars who just happened to be in LA at the right time: ALISON MOYET, ANNIE LENNOX, DAVE STEWART, MARIA MC KEE of LONE JUSTICE, ERIC CLAPTON, the new PRETENDERS bass player T.M. STEVENS, MIDGE URE, BRIAN SETZER, JAMIE WEST-ORAM of THE FIXX, the Tist went on...GELDOF said he'll only tour if the record is a hit. The conference was held just before it became known that BOB hadn't landed the Nobel Peace Prize, but we loved his quote on that subject: "It's a

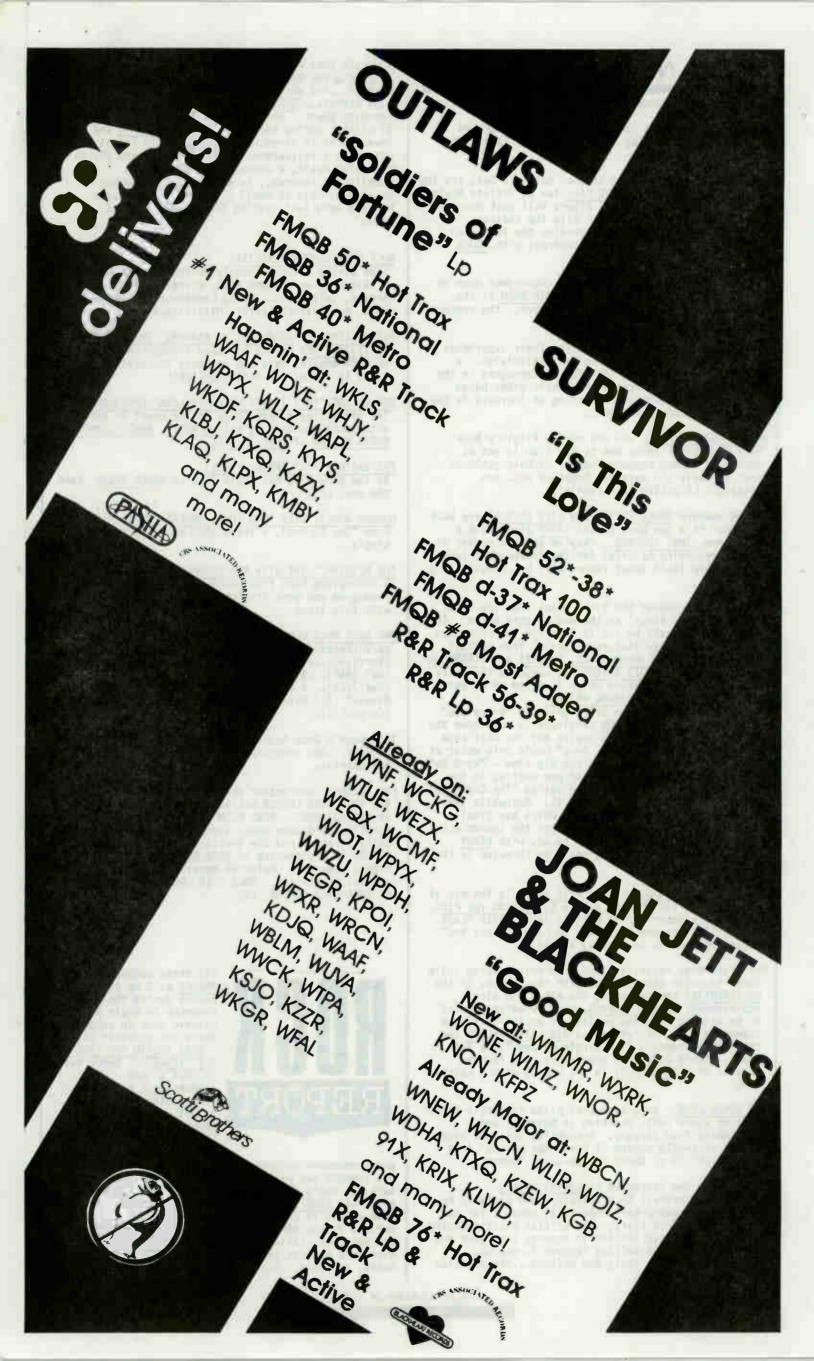

very staggering thing to be nominated two years in a row, but the Nobel Peace Prize isn't the Oscars, it shouldn't be seen as a game where the player says I went out there and did my best but there was somebody a bit more peaceful than me'...

DURAN DURAN are back on the scene with the title track from their new album "Notorious" which they produced along with NILE ROGERS. The B-side is "Winter Marches On"...Meanwhile, while ANDY TAYLOR prepares for a solo tour, the rest of the bunch are hoping to re-conquer the world when they get back on the road next March, probably warming up in the UK...if DURAN members continue to quit at the present rate we could be in for a quiet time...

Surprise surprise...they didn't like it! The pen proves mightier than the PENNS as British critics go to town on "Shanghai Surprise"...take this for example in The Standard, London's evening daily. "...MADONNA and SEAN PENN have been wilfully, foolishly and tediously miscast. If they had made a suicide pact together, they couldn't have extinguished themselves more ruthlessly...To watch it is to feel senility has suddenly descended on you - surely I must be able to understand what's happening? No? No." GEORGE HARRISON'S soundtrack has escaped most of the wrath but no one's exactly describing it as "While My Guitar Gently Weeps"...

THE POGUES set out on their first and last British tour of '86 in December...ROCK OVER LONDON got "infected" this week...that's the new album from the THE, alias MATT JOHNSON, who's just released the title track as a single...

PETER GABRIEL'S new UK release "Don't Give Up"
(featuring KATE BUSH) is backed with an African remix of "In Your Eyes" plus a duet with LAURIE ANDERSON called "This Is The Picture" on the 12 inch. We're going to have to make do with PETER on record, too,

for the animated feature which is based on an antinuclear cartoon by RAYMOND BRIGGS.

British album buyers are still going to "Graceland" in numbers, so PAUL SIMON continues to hold down the number one position, even seeing off the challenge of a-ha, whose "Scoundrel Days" could only enter at two. CAMEO have really hit the big time - "Word Up" enters at seven, and the other new entries in the Top 20 were a hits compilation called "The Chart" at 12 and LOOSE ENDS' "Zagora" at 15. Meanwhile the immediate success of "Top Gun", which has finally made it to British screens, prompts the soundtrack album to wing its way from 84 to 32, with KENNY LOGGINS' "Danger Zone" beginning to threaten in the singles chart.

Former SIMPLE MINDS producer PETE WALSH is the man at the controls for the new single by KISSING THE PINK, who had a sleeper hit in Britain in 183 with "Last Film". The new one is "Never To Late To Love You", beginning to pick up airplay and sales...

Go! Discs have recently moved from enterprising indie label to major chart status with the success of the HOUSEMARTINS complementing the album and single achievements of BILLY BRAGG, and now we're pleased to be able to sing the praises of an all-girl band signed to Go! They're called HIS LATEST FLAME and they've delivered a fine single called "Stop The Tide", nicely combining some adult rock touched (shades of DEBBIE HARRY in the vocal) with a catchy tune.

THE HUMAN LEAGUE have announced plans for their first UK tour since 1981, starting in November and continuing into January. Meanwhile, the band have rather strangely chosen "I Need Your Loving" from the "Crash" LP as their follow-up to "Human".

A survey in the respected Financial Weekly publication reveals that Britain would probably be going to the proverbial dogs if it weren't for our high earning rock stars...the British music industry accounted for \$1.6 billion in exports last year and for 40% of the top-selling records in the US, Canada, Australia, Italy and Holland...the magazine

suggests that unemployment has fueled this success as people see music "as a way out of the inner city ghetto"...And while we're on the subject of those high earners...ANDY TAYLOR has come clean about his spending power. He reckons to have made a taxable \$3 million during his time with DURAN DURAN and has invested it in three houses, a Scottish forest, a wine bar, a restaurant, a travel agency and shares in Stylus Music, a company specializing in compilation records...he must be a fast worker because he says up until 18 months ago the band members were just getting \$200 a week "pocket money"...

Our sources tell us that the next big English band to regroup will be FREE. Apparently THE FIRM has called it quits, and JIMMY PAGE is currently in the studio recording his debut solo Lp. BAD COMPANY has gotten back together without the help of PAUL RODGERS, which leaves that former vocalist "free", so to speak. The story goes that Rodgers and former Free bassiss ANDY FRAISER, who were the driving force behind the band may team up once again. Other original members, PAUL KOSSOFF (who is now deceased) and SIMON KIRKE (who's currently enjoying success with the newly reformed Bad Company) will have to be replaced. We'll let you know more on this as it develops. In other related Free news, Island Records has in its possession an unreleased live Free album recorded in the 70's. Unfortunately, at this time there are no plans to release that disc.

Good news for KATE BUSH fans; EMI Records is planning to release a "best of" compilation on November 14, titled "THE WHOLE STORY." Kate, who's probably best known in this country for her recent effort, "THE SKY", and her successful single, "RUNNING UP THAT HILL", has recorded a new time constant. HTLL", has recorded a new tune especially for this package. "EXPERIMENT #4" will be released as a single, and was produced by BUSH. For those of you who are unfamiliar with this artist's work, this new release will be a rare treat as she has never appeared live in this country due to her fear of flying.

YES continue to work on their new Lp, "GENERATOR", in Los Angeles with producer TREVOR HORN. At this point, it is safe to say that we can look for this new album under this year's Christmas tree. As we told you, some of the tunes to expect on this follow-up to "90125" include: "LOVE WILL FIND A WAY" and "RHYTHM OF LOVE." Trevor has not only been busy with JON ANDERSON, TONY KAYE, ALAN WHITE, TREVOR RABIN and CHRIS SQUIRE but also with Squire's wife, NIKKI. Rabin is producing the missus' debut Lp, titled "ESQUIRE", which is coming from Geffen in February.

We understand that the rumors about GLENN FREY and DON HENLEY recording together again are definitely true.

As a matter of fact, this reunion between Frey and

Henley may be the basis for an EAGLES reformation. We'll have more news on this shortly.

"LIGHTS ON" is the title of the forthcoming KASIM SULTAN/TOMMY PRICE album due November 8 from CBS Associated Labels. Bassist Kasim Sultan is, of Associated Labels. Bassist Kasim Sultan is, of course, a main force in TODD RUNDGREN'S UTOPIA; and Tommy Price you may remember as the drummer from BILLY IDOL'S band. The two paired up with JIMMY CLARK and one-time SCANDAL guitarist KEITH MAX for this project, which was produced by MICHAEL YOUNG. The new group, which calls itself PRICE SULTAN, hopes to do a showcase tour consisting of major cities sometime in the new year. The first single to be pulled from this new record will be called "SHOTGUN SHY."

VINNIE VINCENT: Vinnie Vincent's Invasion will be the opening act on Alice Cooper's Tour. Vincent claims he'll be going out with an all-girl road crew. After the former Kiss guitarist made that announcement on a radio station in L.A., he received hundreds of polaroids and almost 300 pieces of lingerie from job applicants.

ALICE COOPER: Alice Cooper says his tour will center around the concept of "Splatter Rock". He says the first few rows of his audiences had better wear ALICE COOPER: raincoats because the show "involves a lot of blood." Cooper begins an international tour October 31st in Detroit.

MICK JAGGER: Mick Jagger has been rehearsing for his next album in London with Jeff Beck on guitar, ex Wham! member Dion Estus on bass, and Sting's drummer, Omar Hakim.

SAXON: King Karl Gustav XVI of Sweden hosted a postconcert party for the English heavy metal band Saxon at the Swedish Royal Palance in Stockholm. NEW YORK ANTI CRACK CONCERT LINE-UPS ANNOUNCED:

Concert promoter Bill Graham announces the line-ups for his tow anti-crack concerts in New York at a City Hall press conference. The Allman Brothers, Crosby, Stills and Nash, Santana, Reuben Blades and Run-DMC will star in the October 31st show. A show the following day will be all Latin performers. Although he had hoped to stage the concerts in a location where the crack epidemic is the worst, Graham has booked Madison Square Garden for both concerts. Tickets are \$25. The \$150,000 to \$200,000 they expect to raise will be used to establish an agency to recruit performers to go into the city's schools and encourage students to say no to drugs. All the performers are donating their services.

GELDOF RELIEVED HE DIDN'T WIN NOBEL PEACE PRIZE: Bob Geldof says he's glad he didn't win the Nobel Peace Prize. "It's a relief," says Geldof. "How can you stand up in front of people and accept a honor like that, then start selling your new album? I'm just a normal guy making records for a living," Geldof continued. "It would be a ridiculous position." Geldof also said he doubted that he'd be able to live up to people's expectations if he had won and feared letting them down in some way. "Everyone would have expected me to live a totally spotless existence," he explained, "and I'm working in a business not really known for its high moral standard." The Peace Prize went to author Elie Wiesel instead.

ANOTHER LITTLE RIVER BAND SINGER QUITS; RELEASES SOLO ALBUM: John Farnham's departure as lead singer of the Little River Band coincides with the release of his new solo album and single. Says Farnham: "I gave 110 percent to the band for the four years I was there. I put myself under a lot of pressure when I took over from Glenn Shorrock, but we really didn't have a major hit while I was with the band. I decided that if I was going to put myself under pressure, it was going to be for something that I was fully responsible for." Farnham says the total lack of interst in the Little River Band's last album, "No Reins," was "Devastating" for the Band. Although the Little River Band hasn't broken up, they have left Capitol Records after an 11 year association.

U2 TO RELEASE ALBUM WITH "SOME CHANGES" IN NEW YEAR:

U2 might have their new album finished by the end of
the year, but the Edge thinks they'll delay
completion of it. He explains, "it might well be
ready for late November, but then you're competing
with the George Michael of this world and that's not
really our scene, so it will probably be early in
1987 before it's out." The Edge says the album is
being completed in a big house, "not unlike the
Ballroom at Slane where we did the last once. He
predicts people will notice some changes on the new
album, but adds, "The whole thing will obviously be
tempered with wha U2 have always been about. Let's
say it will be more direct" he said. The Edge calls
the songs the best material they've written in three
or four years.

GEORGE THOROGOOD: George Thorogood kicks off his latest tour October 29th in El Paso, Texas. At least two of the dates on the tour will be benefits, including a November 11th show with John Fogerty in Lawrence, Kansas, Proceeds from tht will go to disabled Vietnam Vets.

TRIUMPH: For the first time in thier 11 year career, Triumph has added a fourth member to the line-up. Guitarist Rick Santers is joining them on their current tour, playing keyboards as well as guitar.

PRINCE'S REVOLUTION ENDS: Three of the members of the Revolution are leaving Prince. Drummer Bobby Z

plans to concentrate on songwriting and producing, and guitarist Wendy Melvoin and keyboardist Lisa Coleman are planning to record an album together and work in a firlm soundtrack. Prince And The Revolution played their last concert last month in Japan. A publisist says Prince will be "coming up with something different" when he puts together a new band, and ads, "nothing's definite at this point." The decision was said to be mutual, and was reached earlier this month.

GRATEFUL DEAD: The Grateful Dead are planning to finally get around to recording a new album after the first of the year. They'll work in a theater in Marin County, California, in January and Feb ruary, but without an audience. The Dead will play their first concerts since Jerry Garcia's illness in December in San Francisco.

RICK DERRINGER: Rick Derringer, who will be Cyndi Lauper's guitarist on her entire North American Tour, plans to spend the unexpected break he got when she postponed her tour until December 3rd, writing songs for the new Kiss album with Paul Stanley.

DE BARGE: El DeBarge makes a guest appearance on an
upcoming segment of ABC's "Sidekicks."

BYRNE SAYS "TRUE STORIES" EASIEST TALKING HEADS ALBUM TO WRITE: The new Talking Heads album, "True Stories," has been praised as the most accessible of their 10 year career, and, coincidentally, David Byrne says it was the easiest album to write. Byrne says that's because he was writing from the point of view of the characters in the movie of the same name. He explains: "the point of view, the energy level, the style was already set out for me. It became a kind of craftsmanlike thing. It took the responsibility of the words and music away from me. I could always say the song doesn't express what I want to say musically or lyrically," Byrne concluded. Due to the success of the record, Warner Brothers reports that theater bookings have tripled for "True Stories."

MIDNIGHT PARTY AT CARTIER CLOSES ELTON JOHN'S U.S.

TOUR: Elton John concluded the first let of his U.S.
tour for the "Leather Jacket" album with seven soldout concerts at the Universal Amphitheater in Los
Angeles, and a midnight party at Cartier following the
final performance. Elton's wife, Renate, had flown in
to be with him all during his L.A engagement. Among
the 50 close friends EJ invited to the party were Mr.
and Mrs. Sly Stallone, Robert Wagner, with daughter,
Katie, and Jill St. John, and, of course, Bernie
Taupin. The champagne and buffet were laid out on top
of the display cases above the jewels glittering
inside. It was the first time Cartier had ever hosted
a party in the store, but, of course, Elton has been
on their "Dear Preferred Customer" list for quite a
few years now. Elton John is now off to Australia to
tour but will return the U.S. for more dates in
January and February.

Square Garden last week for three sell-outs, starting on October 15th. He then came back on Thursday (10/16) and Friday (10/17) with two more electrifying performances for his fans in New York City. Billy was in Boston for a concert on Tuesday, October 21st, and was faced with the difficult task of telling New Englanders that their beloved Red Sox were going down to defeat at the hands of the New York Mets at the first Fenway Park game. Billy's sensational troupe of sidemen was led by the irrepressible stickman, Liberty DeVito. Other musicians who have played with Billy for years include: Doug Stegmeyer, on bass; Russell Javors, on guitar; and, David Brown, on lead guitar. Also, let's not forget Mark Rivera, "the secret sixth man" of the band, who plays -- well, you name it, and Mark seems to play it. As always, Billy Joel handled himself with class, with style, and with creative flair. There's no one quite like him in rock 'n' roll today. Christie Brinkley, Billy's beautiful wife, was shooting home videos right from the first row of Madison Square Garden.

IN ADDITION, Billy Joel did a sensational job when he sang the "The Star Spangled Banner" on Sunday (10/19) at the N.Y. Mets game. As you know, it is a difficult song to handle, particularly since so frequently it is played in the key of B. Nonetheless, Billy Joel went for the gold, and despite a dead microphone which blocked out the first few words of the song, rendered

a moving version of our national anthem. And, New York and Billy Joel are teaming up to promote the $\operatorname{\mathsf{Empire}}$ State's the tourism industry using Billy Joel's "New York State Of Mind" as the hook. Even jaded New Yorkers seemed to swell with pride last week as the Goodyear blimp lazily flew over Shea Stadium, and the facility that Bill Shea helped construct in 1964 shone like a jewel on the Nile. Billy Joel's "New York State Of Mind" seems to be just what the doctor ordered. An early response to the New York State Tourism Board shows an overwhelming approval of the tune. The "I Love New York" campaign is being gradually phased out.

THAT WAS A VERY interesting interview Mary Wilson, of the original Supremes, gave CBS's "Night Watch" recently. Although she never told her colleagues at the time, Mary kept a diary throughout the whole 25 year run. Here are a few of Miss Wilson's comments about life with Diana and Flo: "My book is about an American dream of three young black girls making history and getting out of the ghetto. Things were not as happy back then as they were portrayed to be, but I still have lots of happy memories of the period. My book is called 'Dream Girl', and the Broadway show is called 'Dream Girls', but I think both my book and the play make the same point. The reason I call Diana 'Diane' is because that's what her real name was. It was only later in her career that she began to undergo so many changes, many of which were for the better. You know, many people come up to me and say, 'Mary, why did you write these things about Diane?' I always say back to them, 'No, I wrote nothing about Diane. I just wrote down what I saw. It was reality. For example, in the beginning of the Supremes, we all sang lead. Florence (Ballard) had a terrific voice, but Berry (Gordy) decided that Diana would be the lead singer because he felt she had the most commercial voice. Look, I'm not going to say Diane didn't have a commercial voice, it's just that I think I had a great voice too, and I know Florence had a good voice as well. It was the way it happened. It was Diane's chance to sing, and she went to the front. After it was all over, Florence had a very difficult time adjusting because she had to go back to a normal black life, and it was impossible. When the settlement came down, Florence had to settle for only \$175,000 at the split. She wasn't able to pick up her life again because she was always a Supreme."

THE CYNDI LAUPER tour has definitely been pushed back, and now will not start in the United States until December at the very earliest.

INDICATED they might, Rolling Stones Eric Clapton and Keith Richards both showed up for Chuck Berry's special day in St. Louis, Missouri, last week, and jammed with the rock 'n' roll legend in what had to be a memorable event. From what we understand, the proceedings were being filmed, and in due time, we will see a magnificent record of the night big Chuck rocked St. Louis to its eye teeth. Two nights later, Chuck brought his show to New York City's Madison Square Garden where he did a one-nighter at the Felt Forum. Keith Richards and Eric Clapton did not make that performance, but former Who bassist, John Entwistle, was on hand, and jammed with Berry all night long.

LOU O'NEILL JR. tips us that Eric Clapton may have a major surprise in store for New York City. By way o background, please recall that "Slow Hand" has not played in New York proper in more than a dozen years, but according to O'Neill, Eric is seriously considering several surprise shows in the By way of metropolitan area within the next few months. There are no official details on this story yet, but certainly we'll watch it closely, and if it's confirmed you'll know about it first. Footnote: Clapton had a negative experience at a New York City show in the early '70's, and some believed he would never return to "Fun City". He has not been back since then, so if these surprise concerts do take place, it would be quite an event in the New York City rock world.

AS CHEVY CHASE was checking out of the Betty Ford Ike Turner quietly checked into an undisclosed drug rehabilitation center for an ongoing addiction to cocaine. We wish Ike the best luck in the biggest battle of his life.

RONA ELLIOT did a terrific interview last week with The Cars' Ric Ocasek. She was able to elicit The Cars information from bashful Ric nobody ever got before, and allowed the lanky guitarist to humanize himself viewers. He told about having sung on a television variety show as a very, very young boy, and did it in a very amusing way. Rona Elliot's interviews keep getting better and better.

SCOTT MUNI had a host of superstars at the Hard Rock Cafe in New York City last week, as WNEW-FM heads into its twentieth year of operations. On Tuesday, it was a Who's Who of the New York rock elite, led off by Lou Reed, who stopped by to thank WNEW-FM for all the support. Also on hand were Aimee Mann, of Boston's 'Til Tuesday, and members of the Smithereens. In addition, Tom Petty called Scott Muni from Los Angeles to congratulate WNEW-FM, and told listeners that he was in the studio -- even as he spoke -- with the Heartbreakers, and hoped to have a new TP album out by the end of the year. The icing on the cake was Petty telling Muni the Heartbreakers would be going out on a major American tour in February of 1987, provided the Lp was in place. Muni also had New Jersey's own Jon Bongiovi (Bon Jovi) on the air live, and congratulated the heavy metal rockers from New Jersey for their first #1 album, which is now sitting atop the Billboard Bon Jovi told Muni the group was in the midst of a worldwide tour, and was just finishing up four consecutive weeks with 38 Special. While the group was in Memphis recently, several of the guys went to Elvis Presley's mansion, Graceland, so they could say they had seen it. It was that important. On WNEW-FM last week, Bon Jovi unloaded the blockbuster that, for the first time ever, the New Jersey Arena in the Meadowlands would be sporting a rock 'n' roll concert on New Year's Eve -- and Bon Jovi would be the headliner. "It's the first time the facility has ever had an event on December 31st the facility has ever had an event on December 31st, and being that we're from New Jersey, we're extremely proud to have the opportunity to be the first in." When Jon got to talking about his experiences in Japan, he explained something widdn't know about, but we think you'll find it interesting. At a Japanese concert there is a censor who controls the traffic lights with three colors: red; flashing yellow; and, green. As in America, green means everything is cool and proceed; yellow is caution; and, red is a critical alert. Well, if the censor thinks the audience is doing ok, the green light stays lit, and the audience knows the fun can continue. However, if the censor sees the audience getting a little bit too enthusiastic and excited, he'll put on a yellow flashing light and, excited, he'll put on a yellow flashing light and, 99 times out of a hundred, order will be immediately restored. You know the reason why? Because when the censor flashes the red light, the house lights come up, the public address system is cut off, and the concert is over. When asked why his album went to #1, Bon Jovi said, "I really don't know. I think it's because our music is right for the times, and I certainly have to give credit to my sidemen who've certainly have to give credit to my sidemen who've helped me achieve this. There's Tico Torres, on drums; Richie Sambora, on lead guitar, who helped me co-write the album; Dave Bryan, on keyboards; and, Alex Jonsuch, on bass guitar. These guys have been with me for the last four years, and I wouldn't be anywhere without them." Jon Bon Jovi concluded his interview with MNEW-EM last week at the Hand Pook Cafe by with WNEW-FM last week at the Hard Rock Cafe by explaining to Scott Muni that he and the band were off to London for four consecutive sell-outs at the Hammersmith-Odeon, and revealed that his group was thinking about Wembley. "Actually," said Jon, "the real fireworks will start on December 18th when our United States tour gets into gear.

SOUNDING BOARD

Over the last few years the rock and roll community has demonstrated a willingness to get involved with key social issues. This activism has led to Live-Aid and Farm-Aid and numerous other events with the sole purpose of helping others. I'd like to address another issue that the rock and roll community has shown concern for but until now hasn't embraced. The issue is drunk driving. During the 20th century, the life expectancy of Americans has increased in every age group except one - 15-24 year olds. Their death rate is actually higher than it was twenty years ago. In fact, the leading single cause of death for this age group is drunk driving at a staggering rate of 22 deaths per day!

Rockers Against Drunk Driving or RADD is a California non-profit corporation which we formed earlier this year. We've just recently received tax exempt status from the IRS (not the record company!). We are now a full fledged national outreach organization. In fact, RADD has received endorsements from MADD and SADD in the fight against drunk driving.

RADD is designed to educate, inform, and advise the rock and roll community about the insanity of driving drunk. It is our into do so by speaking with that community through its peers and idols. Our belief is that if we can communicate in the language and style of young adults, we can affect a change in the drunk driving mortality rate. mortality rate. Our intention is to form a national awareness campaign utilizing endorsements, performance, and public service messages on TV, radio and in print, to speak with rockers of all ages everywhere. These events will allow RADD to become the voice of the entertainment industry as well as the voice of people everywhere who've been affected by alcohol and related accidents. We plan to form RADD chapters in your town too. We know the importance of national exposure but we also know where the real work gets done. In the cities and towns across America we are making available the guidelines and supports necessary for the formation of local chapters. These local chapters will be designed to allow the individual communities to effect a change at home through local media and artists. College Colleges high schools and youth organizations all over the country will be able to participate in our efforts to reduce the tragedy that drunk driving causes.

I'm also pleased to announce that RADD will be working closely in the future with the Global Satellite Network in rounding up artists endorsements and taped Public Service messages which we intend to send out to rock radio stations across the country just in time for the holidays.

RADD is also close to squaring a deal with a national broadcast network to televise our first national rock concert this spring!

RADD has just started achieving the potential that our national awareness campaign has. You can help by initially making a commitment to yourself to be responsible when it comes to driving drunk. We're not telling anybody to stop partying, but it's real easy to spread the word that you're a rocker against drunk driving! If you'd like more information about RADD write at P.O. PROMOTION FILE

HALLOWEEN III - WMMR, WDHA, WLVQ LIVES ...

It's about that time of year again to dust off those costumes, carve funny faces in those jack-o-lanterns and throw your listeners a Halloween bash they'll never forget. We thought you'd be interested in getting an idea of what several stations had up their sleeves for this year's Weeniefests.

WDHA/Dover is throwing a party at a famous local hotel, The Governor Morris Inn. Eight hundred of their listeners will have the opportunity to attend by registering for tickets at several locations.

Three prizes will be awarded at the end of the night for best costumes. Third prize will be a weekend for two, or a New Year's Eve for two at the Governor Morris Inn.

Second prize will be an all-expense paid trip to Florida. And last, but certainly not least, the grand prize will be a week long, all expense paid ghost tour of England for two. What is a ghost tour of England you ask? Well, it includes tours of haunted castles, ghost walks and meetings with clairvoyants, among other ghoulish things!

This year's best costume contest will have a special category as well. In conjunction with Warner Brothers Records and John Fogerty's album "Eye Of The Zombie", WDHA will be scouting out the best dressed "zombie". Local New York WB rep, Valerie Goodman, will be on hand to help pick out the best looking "zombie" and the winner will receive the "Eye Of The Zombie" album plus every Warner Brothers record for the entire year of 1987.

WMMR/Philadelphia is repeating a Halloween promotion that proved very successful for them last year. Moraing Zoo Keeper, John DeBella teams up with Stella, the host of a local late night TV program called "Saturday Night Dead" featurday Night Dead" featurday

day Night Dead" featuring a horror movie every Saturday night.
They will be giving four listeners the opportunity to win a trip to Transylvania, Romania, where they will attend a Halloween party at one of Dracula's castles, hear a lecture on Vlad Tepesh (the real Count) and be guided through Transylvania to learn the fact and fiction legends of Count Dracula.

To enter, listeners can send postcards to the station or fill out entry blanks at various locations. The winners will be picked two weeks prior to Halloween and be announced on Stella's show.

But the Halloween fun doesn't end there for 'MMR listeners. After the winners are chosen for the trip to Transylvania, runners—up will be picked to attend the second annual Zappaween costume party hosted by none other than Frank Zappa himself along with Stella and DeBella. Also included will be passes to the taping of "Saturday Night Dead's" special Halloween show.

WMMR is expecting close to 1,000 people to attend this Halloween soiree as additional tickets will be given away on the Zoo the week prior to the party.

Best costume contests will be held, of course, and for a bit of a different angle there will be a Zappa look-alike contest as well.

WLVQ, Columbus is holding their third annual Halloween shindig in the ballroom of the Hyatt Regency. Students from a nearby college will be transforming that lovely ballroom into a haunted house for the evening with various special effects including a witches brew station with wild potions (a cauldron with punch) and a blood station which will be a set up like an operating table with tubes attached and Bloody Mary's running through them. Get it? To make sure eveyone has captured the spirit of the night the following fright flicks will be shown: Carrie, The Exorcist, Halloween (of course) and Nightmare On Elm Street.

And then there's the costume contest. Apparently, 'LVQ listeners are known for their creativity. Past costumes have ranged from a guy lying on an operating table with an I.V. in his arm and complete with blood and guts hanging out, to a huge crawling crab, to a six pack of beer, not to mention very intense looking witches and goblins. The station has two categories for costume judging; best single person outfit and best multi-person outfit. Within each category there are five finalists. Each finalist will receive \$1,000. And then, of those ten finalists, there will be a final winner in each category who will receive an extra \$2,500. The total amount of prize money being given away is \$15,000.

WLVQ expects over 4,500 people during the course of the evening. Tickets are \$3.00 per person and to make this event even more special all the proceeds will go to Secret Santa, a local charity for orphans and kids that are up for adoption.

These are only a few of the Halloween promotions that radio stations are putting together for this weekend. We know there are many more stations with all kinds of exciting things planned. Please let us know what you've been up to and send us pictures as well! Dare you admit what you really looked like on October 31st?!

QUESTION of the WEEK

What are you going to be for Halloween?

AL BRANCA, WMGM: "I'm not sure yet what I'm going to be, but I know where I'm going to be. I get to spin at a casino employee Halloween party, then judge a Halloween contest at a local club, and from there host a metal night at another club. Maybe I should be a magician for Halloween so I can put it off."

ALISON STEWART, WBRU: "Last year I made a big splash as Tina Turner with a lot of help from a can of mousse. This year, with the aid of a bad blonde wing and a self-made spinning letter, I'm going as Vanna White. Does anybody want to buy a vowel?"

RANDY STEWART, WBGK: "Hopefully, nothing.
The last costume party I went to I was
dressed as Boy George, and I still don't
think I got all the eye make-up off."

PHIL THOMPSON, KICT: "Several of us are going to dress up as Alex and his Droogs from 'A Clockwork Orange' and go out and molest innocent people."

CHUCK BROWNING, WIOQ: "My son has talked me into being a mummy, so I guess we'll be a big mummy and a little mummy!"

RUSS MOTTLA, WAAF: "I'll be having a ball at my General Manager's house."

GLENN STEWART, WHJY: "Trashed!"

BONNIE STACY, KNCN: "I'm gonna be myself and scare the shit out of everyone."

MIKE ONDAYKO, WHTF: "I'm going to go as myself. After all, I have been scaring programmers in this town for a long time, so why change now?"

WALLY WALKER, KQRS: "A 12"....album!"

JIM STEEL, WIOT: "On the air."

DAVE BENSON, WLUP: "Out of town."

PHIL MANICKI, WWCT: "Hawkeye Pierce. I'll walk around with a bathrobe and cowboy hat on, a martini glass in hand, army boots, of course, and just see what happens."

PAM BROOKS, WPDH: "Three sheets to the wind on a barstool on the island of Kauai."

BOB BITTENS, WHCN: "Something spontaneous."

KEITH TAYLOR, WQMF: "Boy, I really don't know but you can write anytime. I was thinking of going as a dill pickle. Isn't it National Vegetable Month? Maybe I could go as the world's largest pumpkin."

MIKE BENSSON, WBYR: "Me and my morning partner, Tony Magoo, are going to be Yogi and Boo Boo. Considering how we're from Buffalo's Bear, we will definitely be two of the coolest bears ever created." TOM SCHEPPKE, KISS: "...I'll probably be a mess!!"

JOHN McCRAE, KRQR: "A concerned parent."

ERIN RILEY, WMMR: "I'll go out without makeup and scare everyone in Philadelphia!"

MIKE KELLER, KQDS: "I though I might be a couch potato."

MARK WILLIAMS, WWZU: "Intoxicated!"

BOB WALTON, WRDU: "A recluse."

VIRGIL THOMPSON, WIXV: "Last year I went as Bo Jackson right before the University of Florida/Auburn game, complete with pads and Heiseman trophy. Haven't decided for this year yet."

KELLY CRUISE, WEGR: "I'll be working."

BILL PRESCOTT, KZAP: "Jeff Naumann."

RON GARRETT, KDJQ: "Bryan Ferry or Robert Palmer. Yes, I'm even willing to cut my hair to pull it off. Does anyone have a good suit they can lend me?"

CINDY BAILEN, KZEW: "I'd go as Elvira if I had more clevage!!"

DAYNE STEELE, KLOL: "I'm going to be working ...hosting 38 Special's live broadcast from the Summit here in Houston on Westwood One, but I'll be wearing my 'boo' sweatshirt."

BOB BAILEY, WKLS: "Home asleep."

POLYGRAM ROCKS RADIO

ROCK N' QUOTE OF THE WEEK

Eric Clapton

GUIDO, WXRK: "...myself, a Guido!"

JOHN BEAULIEU, WTUE: "With the completion of a refurbishing project on our freeway system that will be finished on Halloween, I will attend numerous Halloween parties dressed as a lighted construction barrel. I figure, with the number of cars that have bumped into these things the last couple of years, I should have women bumping into me all night long!"

LEX STALEY, WFYV: "I'm going to go as a record guy. Do you know where I can find a satin jacket?"

LORETTA CRAWFORD, WCLZ: "A little devil-and I'm going to be drunk."

RICK WEST, WXKE: "I am going to be Phil Collins for Halloween."

JOE MARINO, WAQY: "I'm going as Eric Clapton with a Stratocaster strapped to one hand and a boom box strapped to my head."

R.G. JONES, WFXR: "I'll be a dancin' dog and do the fox trot all over town or, if that doesn't work, I'll be a bunch of grapes and get smashed."

DAVID ANDERSON, WMAD: "I'm going as David Lee Roth's album cover."

KEVIN VARGAS, KWHL: "On the air."

DUANE SHERMAN, WTOS: "For Halloween I'm dressing as a pregnant woman. The only thing I have to decide is whether to shave my beard or not. Maybe nobody will notice."

NEIL KIRSHNER, CHOM: "Probably something music related."

TOM STARR, WOUR: "Wade Boggs, so I can terrorize Mets and Angels fans."

LEE ROBERTS, KMYZ: "I'm going to be a consultant!"

ROB ELLIS, WKQQ: "Roger Clemmons...eat your heart out New York!"

BRIAN KRYSZ, WKLC: "What I am all the time--a big prick!!"

RAD MESSICK, WDIZ: "I'll be home answering the door!"

KAREN ANDERSEN SMALL, WGIR: "...management!"

DAVE KANE, WCMF: "This Halloween is a first.

I'm going to be a father which is real scary!"

J.D. STONE, WTKX: "We're showing the 1935 version of 'Phantom Of The Opera' at a theater and having a large contest. I'll be dressed as the Phantom."

MIKE BOYLE, WDHA: "The Ghost of Christmas presents that I never received."

DOUG CLIFTON, KBCO: "I'm going as a consultant. Now that's really scary!"

THE BEARMAN, WFBQ: "I've gotta stay home & answer the door, so I guess I'll be sick to my stomach most of the night."

NEXT WEEK'S QUESTION:

In light of all the hot and happening Roctober/Halloween promotions, what's been your station's most successful promotion in terms of audience response? And, not to bring on a flashback bummer, what was that one airtight promotion that backfired?

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:

"A couple of congratulations are in order.

First, to Andrew Eric Buch for finally showing his cute face. And, on quite a different note, Jon Bon Jovi & Company on being #1. Boy, do you guys deserve it!!!"

WIYY, BALTIMORE, MD M.D.-CHRIS EMRY:

"Welcome back, Kansas! I never thought that I would be anxiously awaiting the arrival of a new Kansas Lp. But now here I sit in that exact position. The addition of Steve Morse on lead guitar was a stroke of genius. Mr. and Mrs. Middle America will now find out what they missed by ignoring the Dixie Dregs all those years...The new Steve Miller is a nice surprise as well. Way to go 'Space Cowboy'. I knew you still had it in you."

KZEW, DALLAS, TX ASST.P.D./M.D.-CINDY

BAILEN: "My favorite team is in the World Series and I couldn't be happier seeing the Red Sox slicing and dicing the Mets... There's so much music I like out now. The next few weeks should be a pleasure. I especially like the new Paul Young song. He's the Frank Sinatra of the 80's, isn't he?...And the whole Lone Justice album just knocks me out...I get a chill down my spine whenever I hear the Georgia Satellites 'Keep Your Hands To Yourself'. We're really looking forward to seeing them play as the opening act for Jason And The Scorchers...Wow! The new Steve Miller is a killer."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS:

"I know what a 'whiplash smile is. It's that look of total awe you get on your face after listening to the new Billy Idol album. Billy's voice reaches from growling attack to serpentine slither, and Steve Stevens' guitar comes slashing through the speakers. Hot! Hot! Hot!...Chrissie Hynde has managed to settle into mature adulthood, yet remain unique and stylish. 'My Baby' is an obvious choice. And if it's a rockin' energetic band of the old days that you crave, there's always their cover of Jimmy's 'Room Full Of Mirrors'. Steve Morse in Kansas? I can finally look forward to one of their albums...Almost a million people in our target demos can't be wrong, so I must be. Paul Simon goes on 'HCN this week."

WLVQ, COLUMBUS, OH ASST.M.D.-WENDY STEELE:

"We're playing with Pete. Now on 'I'm
One', the sixth track we've exposed from
'Deep End Live'...We like the flip side of
Steve Miller. Good to hear the old Steve
Miller sound (reminds us of 'Loving Cup')
...The Pretenders sound smooth, but I feel
a craving for a harder and nastier energy.
We're experimenting with 'My Baby'...
Sales Movers: Eddie Money, Bon Jovi,
Peter Gabriel...Great Neil Young concert.
Special thanks to Howard Lesnick. What
a doll!"

KGON, PORTLAND, OR M.D.-INESSA YORK:

"We're really pleased with the exceptional quality of music coming out and not just in singles...What a revelation when the album arrives and it's good and better than good!

For instance, Billy Idol lives up to and well beyond the promise...Pretenders, a rich mix indeed, but a favorite stands out 'Room Full Of Mirrors' nearly captures some of the incredible passion of that debut Lp...Immediate phones on Henley and a wonderful response on Georgia Satellites...At home fave rave--World Party. A really fine fine Lp, I promise you...well, I can't promise you, but check it out beyond 'Ship Of Fools'. I wasn't disappointed."

EFNY, TORONTO, CANADA ASST. P.D./M.D.-DON BERNS: "Well, lookie here, it's time to once again sing the praises of the Psyche-delic Furs who have released a new import single 'Heartbreak Beat' just in time to bring some class back to anybody's playlist. A rock dance tune similar to 'Heartbeat', the new single is I have desired. the new single is, I hope, indicative of a great new Lp on its way, and that's just one of what seems to be an endless string of hot new product being released...Leading this list is the <u>Pretenders</u> 'Get Close', certainly their best and most pop Lp to date...Also producing their best Lp to date is
Shriekback. 'Big Night Music' represents an
almost drastic departure for this unique
group which should land them airplay on more mainstream stations. And with this kind of quality, they deserve it...On the import Tom Robinson has just released 'Still Loving You', which to these ears is one of their best Lp's of the year. Since he's distributed by RCA/Ariola, I strongly suggest to those in the U.S. that they pick up this extraordinary fine Lp. . Heaven 17, Killing Joke and the Stranglers also all have new singles which represent some of Loving You' their finest and most accessible songs to their finest and most accessible songs to date...And for those of you who just can't wait for RCA's January release of the Parachute Club's 'Small Victories', I strongly suggest you get an import from Canada. This one's going to be a biggie. It's chock full of hit songs, many of which was a produced by January Catagory. which were produced by John Oates who also sings on their first single 'Love Is Fire' Nice to see an old fartlike Paul Simon top our playlist this week. There is no doubt that 'Graceland' is one of the quality albums of the year...Iggy Pop is close behind with 'Blah Blah Blah', another quality work with 'Blah Blah Blah', another quality work
...And two other heavy airplay Lp's of note
are Gene Loves Jezebel's 'Discover' and
Love And Rockets 'Express', which has found
a solid niche amongst our listeners evidenced by the fact that they are getting heavy airplay, but are not in official heavy rotation (check out L&R's 'An American Dream'--it's a killer)...Finally thanks to the Fixx for stopping by to do a live mike interview " interview.

KLOL, HOUSTON, TX M.D.-DAYNA STEELE:

"Let's start by saying I hope I can pick records better than I can pick the World Series...'Get Close' is the best Pretenders Lp Chrissie's ever done. I'm not sure if it's the new members, or the lyrics, or what. But, it just grabs you and you can't let go. We played all of side two yesterday on the air and the phones went crazy... Bruce Hornsby has taken Houston by storm. We were the first on the record here and now that the Top 40's have it in their hot rotation, we can't help but go on several more tracks. This week we add 'Mandolin Rain' and 'On The Western Skyline'...

Although we're not getting real strong reaction on the phones yet for the new Steve Miller track, I think they want to hear something with a little more of an edge to it. I do think it's going to do real well for him...Another Lp that we tracked as soon as we got it in is 'The Color Of Money' soundtrack. Why cut out the B.B. King and Willie Dixon? Go ahead and let them hear the whole thing. So

many people have a tendency to stay away from instrumentals, but with the Mark Knopfler track, you can't help but know it's Dire Straits with Mark's signature guitar. Plus, I want to marry Tom Cruise...If we kept request logs, the Smithereens would be Top 5."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Best New Song: Steve Miller 'I Want To
Turn The World Around'. Steve is turning
heads with this one. It's great to hear him
back on track finally...Worth The Wait: The
new Pretenders album is just what the doctor
ordered. Chrissie's band has gone through
some changes, but her vocals are still the
trademark and she sounds better than ever...
Movie Music: 'The Color Of Money' is to AOR
what 'Top Gun' is to CHR. With music from
Eric Clapton, Don Henley and Mark Knopfler
you can't go wrong...More New Releases: I
found some good songs on the new Howard
Jones, Jason & The Scorchers, Johnny
Winter, Billy Bragg, Benjamin Orr, and Jeff
Lorber...Cover Song Of The Week: Soul Man:..
Biggest Surprise Of The Week: Paul Young
'Some People'...Thanks to Kevin Knee for his
special visit last week. Also thanks to
Michael Linehan, Sharon Gilbert, Bob Margolis
and Katie Arnold for their help with current
promotions."..FROM P.D. JOHN BRADLEY: "If
Buck Owens joined the KBC Band, they would
be the KBCO Band and could be the weekly
house band on 'Hee Haw."

KSJO, SAN JOSE, CA DAVE NUMME: "Throughout the month of October, we are celebrating our 18th birthday here at KSJO. In addition to special interviews with musicians and former KSJO air personalties, KSJO is giving a compact disc player away everyday during our birthday month. Yep, it's our birthday, and our listeners get presents! However, we got one of the greatest gifts a radio station could ever receive when we threw a party for 1,000 invited listeners. It was the incredible support from all those who attended our Their reaction to KSJO was phenomenal party. We all danced and rocked with some of the Bay Area's hottest musicians like Eddie And The Tide, Eric Martin, Brad Gillis from Nightranger and Dave Meniketti from Y&T and with KSJO jocks. Thanks to everyone who came to celebrate KSJO's 18 years of rock roll in the Bay. It was a party we will always remember."

CILQ, TORONTO, CN M.D.-ANDY FROST:

"We're four cuts deep on what is going to prove to be one of the most outstanding albums of 1986. Nice to have some new William Idol on the air. This guy cuts it with everybody from the rivetheads to the teenage nymphets that get excited over George Michael. He crosses over every boundary possible...Speaking of crossing over borders and boundaries, Canada's Spoons have a solid new piece of product titled 'Bridges Over Borders', which has the potential to make this young Toronto band a household word... Magic on the airwaves? Quite a bit of it at this point, but Bruce Hornsby's 'The Way It Is' has got everybody talking and asking the questions—What is this? Who is This? Just one of those records that fits beautifully in the mix of probably Canada's last traditional album rocker...If Chrissie Hynde was a hockey player, she could be Bobby Clarke of the old Philadelphia Flyers. Is this lady a leader by example or what? She has picked up the pieces of her career, her private life and the Pretenders' career on so many occasions and still manages to release tremendously consistent product. She deserves the Stanley Cup of rock 'n' roll...Other stuff from north of the border to keep your ears open for: the Partland Brothers, 5440 and the new Glass Tiger single 'Lookin' At A Picture."

WIOT, TOLEDO, OH M.D.-JIM STEELE:

"Like them or not, don't ever pass up the chance to see Chicago. They put on one hell of a show and lead me to believe that Peter Cetera is not missed. In fact, I haven't seen a show that good since September 1985 at the Pontiac Silverdome (Bruce)."

KICT, WICHITA, KS M.D.-PHIL THOMPSON:

"How about that Kansas? It doesn't sound like the old band, but it sure is good. I'm glad Steve Walsh is back. And what's the story with the eye patch on Rich Williams?...Don Henley is hot as usual. I want more than just one song. I want a whole album...Finally got on 'Superman' from R.E.M.. Phil Costello from I.R.S. can say I told you so...And finally, Ricki Gale from Alligator was right, the new Johnny Winter blew me away."

KPOI, HONOLULU, HI M.D.-ANDY PRESTON:

"It is with a lot of sadness that I announce the resignation of Bill Mims as Program
Director of KPOI-98 ROCK. Having known Bill for ten years and having worked with him here in Hawaii here for the past six years, I'm sure there are few in this business with his radio smarts and concern for staff and station. He will be missed. Bill will be taking it easy here in Hawaii for awhile before taking the next step. I'm sure he'd love to hear from his friends at 808-526-0940. I will be serving as Interim P.D./M.D. during the transition period and can be reached 9 A.M.-12 Noon and 2 P.M.-5 P.M. HSP. Aloha."

WBGK, MIIWAUKEE, WI M.D.-RANDY STEWART:

"It's been a real nice week of album listening again. Good to have Steve Miller back with a great 12". 'I Wanna Make The World Turn Round' is a dynamite Miller track. Good vocal arrangement. The ever present outstanding guitar and the added touch of Kenny G's sax makes for a real listening treat...Howard Jones has a solid Lp...And the Jeff Lorber is good once you make up your mind to forget about the club tunes on the album."

KPEZ, AUSTIN, TX P.D.-BRENT CLANTON:

"Thanks to Jimmy Lee Vaughan and Fran from
the Fabulous Thunderbirds and Ray 'asleep
at the wheel' Benson for stopping by recently. The T-birds are hot in the Heart
of Texas as they help us give away our
fabulous '57 Thunderbird. And we're looking
forward to the forthcoming Lp from Epic."

WFXR, CHARLESTON, SC M.D.-R.G. JONES:

"Thanks to the Van Zant crew for putting on a great Roctober show. They played to a full house of just under a thousand people. I think Van Zant is ready to come back already and everybody around here would love it.

They've been here twice already this year... And now to knock Roctober into a tailspin, we're waitin' for John Fogerty to bring his rattlesnake hide and rock 'n' roll to town ... This week's bin burners continue to be Boston, Bon Jovi and Huey Lewis. And I'm still hypnotized listening to the Pretenders, Billy Idol and Benjamin Orr. These are all definitely top-shelf records, so hey, let me get back into my trance."

WXXP, PITTSBURGH, PA M.D.-D.J. BIRD:

"The Paul Young single 'Some People' is better than I had hoped for. It will do as well on radio as it will in the clubs. This is a hit!...Our phone action is still up for Billy Idol, Howard Jones, the Pretenders and R.EM.'s 'Superman'...Be on the lookout for a band called Until December. These guys are opening up for Gene Loves Jezebel and have put out a strong Lp...By the way, the Pittsburgh Penguins are 6 and 0! This could be the start of something big."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:

"'The Color Of Money' will certianly make some bucks in sales. What a line-up! Don Henley's cut went right in...Finally got to listen to the whole KBC record and I think 'Wrecking Crew' is a blast...The Stabilizers 'One Simple Thing' is getting lots of calls and we're on the new Survivor tune-certainly another hit for the band. Plus, Jimmy Jamison is from Memphis and I know it will definitely do well here...We added World Party's 'Ship Of Fools'. It's got a classic sound somewhat like early Stones...Bon Jovi and 38 Special put on a killer sold-out show in Memphis this past weekend-so now we're swamped with phones for new Bon Jovi...It was nice to meet David Fleischman with Atlantic and Greg Stevens from Polygram and I look forward to meeting Craig Lambert and Ross Grearson from A&M on their next trip. (I understand they kidnapped Howie, but he had a great time!)"

KDJQ, SACRAMENTO, CA M.D.-RON GARRETT:

"Are you flexible, feeling adventurous?
Hey kids, it doesn't take a weatherman to tell you when it's damn hot, but here goes.
Johnny Winter is damn hot. 'I'm Good'
goes in out of the box. This Texas guitar slinger is going to kick you right in the eardrums. Johnny never played better.
Thanks to all at Alligator for believing in him...The new Berlin album is a masterpiece. The band's growing pains have been rewarded with some of the most aspired music to come out all year. And what a show!...
I was looking for a secret ingredient to add some spice to my musical recipe and I found it in 'Another Land'. Broken Homes gets it together on this tune. My God!
There's so much inspired music out there!"

WCKG, CHICAGO, IL M.D.-TOM DANIELS:

"After the crushing defeat of the Bears,
Detroit better not show up. Go Mets!"

WGIR FM, MANCHESTER, NH M.D.-KAREN ANDERSEN

SMALL: "The Smithereens Lp is turning out
to be one of the most pleasing records by a
new artist in 1986. The strength on the
whole album is astounding. It's a fun Lp
that can quickly take up residency on the
home turntable. We'll go with 'Behind The
Wall Of Sleep' this week...During the past
couple of months I've been complaining
about all the soundtracks that have been
released. But, that complaining stops with
'The Color Of Money'. This Lp has strong
album radio material and I even want to go
see this film...I'm glad Steve Miller went
back to the sound of his 'Book Of Dreams'
material. 'I Want To Make The World Turn
Around' is a substantial song with a sax
solo that just carries you away...The
Pretenders Lp is great. The most diverse
and challenging the band has ever produced.
The varying rhythms and lyrical tones on
this album make for a positive turning
point in the band's career."

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART:

"The Smithereens continue to dominate here at 'BRU. 'Behind The Wall Of Sleep' is the toughest track and deserves a shot. Don't let people say I told you so again...The Pretenders' new album knocks me over backwards. It's a big favorite and has been dubbed 'wicked cool'. The new line-up is strong and continues the Pretenders' tradition while sparking new life...Steve Miller sounds perfect for us. It's updated and slick while being traditional and familiar at the same time...Don Henley is a consummate professional. 'Who Owns This Place' should be big here. Henley's got it all. Good song, great production and steamy vocals."

WPYX, ALBANY, NY P.D.-ED LEVINE/M.D.-ANDI TURCO: "We are delighted with the results of the new summer book. 'PYX 106 goes from a 9.6 to a 10.8 12+ for the #1 spot in

Continued From Previous Page

Capitoland by well over a point. What makes this so satisfying is the #1 showing in adults 25-54--first time ever for 'PYX 106. Between our new TV spot, \$10,000 cash giveaway and all the TV news coverage we've been getting lately, look for 'PYX to climb into the stratosphere."

WAQX, SYRACUSE, NY INTERIM P.D./M.D.LORRAINE RAPP: "Simon Jeffries has been officially named as P.D. at '95X. He comes to us from WTPA in Harrisburg with a great AOR track record. We look forward to his arrival November 17 at which time he'll take over the afternoon drive shift. I'll be moving to Asst. P.D. and Music Director...The summer Arb is out and it has confirmed what we knew and have been telling you all along. WAQX remains steady with a 7.5 12+ with the closest AOR competitor dropping two big points to a 3.7. The new Arb combined with our #1 12+ showing in the recent Birch gives us every indication that we will have an incredible fall Arb."

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO:

"I was rather surprised when I saw the FMQB's new cover. I thought our afternoon drive guy might have peed on it...'The Color Of Money' soundtrack has many excellent cuts on it which as all of us know, is quite unusual. Check out the Henley and the Clapton cuts...A great comeback from Steve Miller with 'I Want To Make The Word Turn Around'. The saxaphone wraps around you and pulls you in...Another great cut from Triumph with 'Tears In The Rain'...What better time than Halloween to check out Alice Cooper. 'Give It Up' is vintage stuff and watch out for 'Teenage Frankenstein'...Bob Seger's 'Miami' warms up the new cold here in New England...Great phones on the new Ben Orr record and R.E.M.'s 'Superman' is reminiscent of some of the best of the Byrds...And to all the Mets fans--the invincible who?!"

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:

''Welcome home Steve Miller. One of the mid-seventies superstars has delivered in 1986...'The Color Of Money' movie sound-track contains a couple of cool sounding tunes -- Don Henley's 'Who Owns This Place' and Slow Hand's 'It's In The Way You Use It'...And finally, look out for Weird Al requests. He's the Pee Wee Herman of rock 'n' roll. He may drive you nuts, but you'll be laughing all the way."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.
LARRY "THE DUCK" DUNN: "Congrats to Sue and Danny Buch on the arrival of New York's newest Ranger fan. I understand he arrived with ice-skates on. Go for the hat trick, Danny. Since the little guy called me about adding the Bob Geldof single, I told him to tell Dad that it went on out-of-the box in heavy. Produced by Dave Stewart, it's an automatic for us...I am floored by the Pretenders album. Chrissie puts out her best effort yet and the fact we're five cuts deep reflects it...Screamer Of the Week: Duran Duran 'Notorious'."

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN

STEWART: "Freddie D.--Congratulations on
The Face Lift. The new look is classy,
professional and well styled. And the
FMQB looks pretty good, too... Steve Miller's
'I Want To Make The World Turn Around'
beautifully updates 'Fly Like An Eagle'
into the 80's and his sound has never been
smoother.. Don't even hesitate--just throw
Bon Jovi's 'Wanted Dead Or Alive' on the
turntable and clear your phone lines for
the avalanche. 'You Give Love' finally
got CHR support in the Providence market
capitalizing on countless Bon Jovi tunes
getting mega play at 'HJY beginning years
ago. We've said it all along from day one--

trust us. These guys are for real...After listening to endless soundtrack crap designed to hype dog movies, it's a pleasure to see a great movie hooked up with great tunes. Newman, Cruise, Henley and 'The Color Of Money' should make the competitors green with envy...To Jeni Gipe--welcome to the friendly zoo of music directors. When's the last time you did the safety dance?"

WCLZ, PORTLAND, ME M.D.-LORETTA CRAWFORD:

"The 'Color Of Money' soundtrack,
Pretenders, Charlie Peacock, Ben Orr,
Aretha Franklin and Iggy Pop-How do I
love these? Let me count the ways. You
know the rest... And correcting last week's
comments, it's World Party we're crazy
about here... Funny how just one Arbitron
can change the face of big market radio
so swiftly. Lin Brehmer has the right
idea though. Stations which live and die
by Arbitrons create their own problems.
Radio is a business and an art form depending on which part you're involved with.
Any good business person in radio knows
a station's format has nothing to do with
how you sell it."

WLNZ, LANSING, MI P.D.-RICK VAN GIL:

"FMQB, WOW! What a great new look. It's hip! It's happenin'! It's hearty. Congratulations to all involved with the change. If you did this to get more candy when you trick or treat, it's gonna work. Little wax containers filled with grape drink for the whole staff..Best news this week has to be the new Don Henley. You hear this tune twice and you walk into the record store and start buying it. Like the ad says, Henley is the AOR pro..Deepest of the deep are the new albums from Billy Idol and the Pretenders. It's a must for us to play at least three tunes from both of these soon-to-be multi-platinum records."

BECKER: "Bob Seger and the Band stormed through town last week and the show sold out in three hours. He didn't disappoint his fans. Don't miss him on this tour. Nice to see Jack Snyder in for the show and he's still looking for that Elvis belt buckle. Thanks for the backstage hospitality; enjoyed meeting up with Bob again. Also, mucho gracias to Dave Bouchard of Epic and Jay Miggins of Columbia for the reservicing. We needed everyone of those records...On the new music fron, the Steve Miller is a pleasant surprise. Could be his comeback Lp...The addition of Steve Morse to Kansas may also bring that band back to life...Chrissie and the Pretenders didn't waste any vinyl on this record. There's a lot to choose from. Leading the way are 'My Baby' and 'Room Full Of Mirrors!'...We'll see if Lone Justice can do it this time around with 'Shelter'. It has a clean sound that punches through on the radio."

WHTF, YORK, PA M.D.-TIM DRAYER:

''My two favorite new songs of the week are Sam Moore and Lou Reed's 'Soul Man' and Europe's 'The Final Countdown'. We received requests on the Europe record even before we began playing it...Lone Justice 'Shelter' is a great comeback record for the band. Good job, Maria. Hope to see you soon. I enjoyed talking to you at the Spectrum in Philly during last year's U2 show...My favorite album of the week is the Pretenders' 'Get Close'. Every track is a potential AOR smash!...The Paul Simon album 'Graceland' debuted in the Top 10 local sales this week."

KMYZ, TULSA, OK M.D.-LEE ROBERTS:
"Please excuse the long absence from these pages...Please all labels call us. Even though we are a classic rock station, we do play currents. As far as what people feel

about a classic rock station reporting to the Trades, I can understand how record reps feel. But I think that a classic rock station deserves reporting status if they are playing currents. In fact, John Fogerty, Boston, Huey Lewis, David & David, and Bruce Hornsby rule my request lines...One more bit of information about Z104. We are programming jazz and new age music and have been weekdays for a year and a half. We also have a very successful five-hour jazz show Sunday morning. I need service on jazz product from Columbia, Atlantic, Epic and Warner Bros. Also, it would be great to get a phone call from Columbia... Congrats to the competition on a great summer book and a very special congrats to Shelly Hammer of ZRock in Dallas."

"We are playing three outstanding tunes that aren't getting too much national airplay, and I wouldn't feel right if I didn't at least try to open some eyes and ears to them. First, crank up the Idle Eyes track 'Sandra'. Our entire staff glows every time we play it. The phones are hot for it, and it meshes very well with the rest of the great new material on the station... Also check out the 'Final Countdown' by Europe. I tested it last week and got some eye-opening response. This track reminds me of Emerson Lake and Powell in some ways. It has mega tons of energy and dispells it in a very classy manner...Then, listen to the new Glass Tiger single. 'Someday' is incredible! I'd feel safe saying it will perform as well for you as 'Don't Forget Me' did...It has for us!...The remainder of my excitement this week is channeled toward the new Kansas song. It radiates greatness and should be a crossover smash! But, who would expect anything less from a band so hot that they'd have a state named after them!"

WDHA, NORTH JERSEY P.D.-MIKE BOYLE:

"Our thanks to Jerry Lembo at Columbia for the Billy Joel show! It's the early part of Billy's tour, so when he gets to your town, be ready for two and a half hours of Billy like you've never seen him before...what energy!

...Another week of major stuff like Don Henley, Moody Blues, Steve Miller and Kansas.
All good, but check out Don Dixon and Toby Redd for flavor!...Thanks to the staff at Island, Bob and Andy, for the U2 compact disc library. Can you believe a company does this??"

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-RICK

STRAUSS: "I would like to thank Herb Gordon
for the Journey tickets, Frank Sciarra for
the Genesis tickets and backstage passes,
and George Stone for the David Lee Roth
tickets and passes. I had a great time going
to all these shows lately, especially David
Lee. He and his band are a great show on
stage and a class act off stage."

WWCT, PEORIA, IL M.D.-PHIL MANICKI:

"ADDS: Bob Seger 'Miami'; Kansas 'All I Wanted'; Lone Justice 'Shelter'; Don Henley 'Who Owns This Place'; Eric Clapton 'It's In The Way You Use It'...MOST REQUESTED: Georgia Satellites 'Keep Your Hands To Yourself'; Bon Jovi 'You Give Love A Bad Name'; David Lee Roth 'Espanol'; Boston 'Amanda'; Smithereens 'Blood & Roses'...INCREASED PLAY: Talking Heads 'Wild Wild Life'; Survivor 'Is This Love'; Daryl Hall 'Foolish Pride'; Georgia Satellites 'Keep Your Hands To Yourself'; Benjamin Orr 'Stay The Night'; KBC Band 'It's Not You'...INCREASED SALES: Boston; Bon Jovi; Talking Heads; Bruce Hornsby And The Range; Huey Lewis And The News...Love the new format guys...Thanks to Roger Mayer and Greg Thompson at Chrysalis for the

Billy Idol giveaways; Phil Dempsey at Capitol for the Beatles reservice and a belated congrats to ex-WPGU M.D.-Marty Jencius for landing the morning gig at WWTR. Good to see quality people landing the job they deserve! See you this Spring?...Seger's 'Miami' just grabs you! You'll be singing this one 'til March. Kinda makes you want to go there too!... Phil's fave-of-the-week is Don Henley's 'Who Owns This Place'. That certain 'funkiness', when teamed with Don's unique voice, makes you want to move parts of your body you haven't used since your college days! Reminds me of 'All She Wants To Do Is Dance', and 'Those Shoes' from the Eagles!"

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS:
"We took a survey here at the Zoo and 4 out of 5 DJ's liked the new FMQB format, as opposed to the older FMQB format. Nice job, guys!...For those of you interested, my wedding was a lot of fun, took a lot out of me but now we're back and ready to rock 'n roll. Thanks a lot for all the cards. "The Georgia Satellites continue to generate much interest and this trend can only increase after they play here Rock-tober 22nd in a special I95 showcase event! Will be glad to say we saw them when. More next week after the show.

Advance thanks to Elektra's Jeff Cook!...

R.E.M. 'Superman' continues to show up on the request logs, day in and day out!

We're looking forward to their upcoming show Nov. 19th in Statesboro...It's been a while since a Genesis record made me say 'wow'! The remix of 'Land Of Confusion' sounds great and makes us proud to power it!"

Marty Balin have had a vehicle in which to perform. We're backing up 'It's Not You, It's Not Me' with 'America'...I was especially happy to hear the new Steve Miller tune. Personally I'm glad to see he steered away from the 'Abracadabra', 'Shangri-la direction. 'I Want To Make The World Turn Around' harkens back to the sound that Miller made the American way... Georgia Satellites have stolen the momentum from Boston to take top request honors for the week...We're getting good action on Hornsby; R.E.M. and Triumph too!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "If it's at all indicative of how much people are looking forward to Lone Justice' Lp, I'm already getting calls from friends anxious to see the Pretenders, but could I please make sure it's a show with Lone Justice! Their previous work was just the tip of the iceberg and with Little Steven at the helm, we should be blessed with a very strong and well received second album--so, take 'Shelter', and save yourself from the hungry mobs. .. Speaking of the Pretenders, 'Get Close' is one hell of a nifty treat. I'm a true fan and homestly a nifty treat. I'm a true fan and hor feel the first album is a classic and remains their best--but I also revel in the wonderful albums that follow, and 'Get is the rawist venture since the Lp. No matter what she does and who Close' debut Lp. she works with, Chrissie Hynde remains a commanding figure whose gutsy voice and style grab your attention, and this Lp is chock full of attention grabbers. From the radical and thought provoking 'How Much Did You Get For Your Soul' to the steam roller energy of 'Dance', to my favorite, 'My Baby'--this was worth the wait...The Smithereens were a shoe-in this week with 'Behind The Wall Of Sleep'. After being on 'Blood And Roses' for 13 tremendously successful weeks, this was no hard choice. With so-o-o much product out there I look forward to those wonderful moments when I realize that a group like the Smithereens, that I had hoped would really take off, is doing just that! And you know it just doesn't happen all that You hear lots of super stuff with the potential to be big and somehow the momentum stalls and they get lost by the wayside. So, let's hear it--and I do mean HEAR IT for the Smithereens!...Well, I'm going to bask my bod in the sun of Waikiki and Kauai and pay homage to the God of 'time off'! STACY: "Imagine my surprise when I opened a
package from RCA and found a 12" by a band
that was a top draw in my favorite nightclubs in and around Detroit (back in the
mid-seventies)! My God, it's Toby Redd!
Talk about your deja vu, and better yetit's a good record! Welcome to the machine,
guys!...Lp releases of the past week are
definitely some of the best of the year.

The Pretenders are deep and versatile, and Chrissie's vocals are better than ever... Billy Idol's 'Whiplash Smile' does things to me I can't even talk about here, and the 'Color Of Money' Soundtrack is the best movie music since 'Scream For Help'!...I'll gladly get on my soapbox and 'Cry For Love' on behalf of Iggy Pop! This record pulls phones everytime it's played and 90 percent of the requests come from females. We're also seeing action on 'Wild One', by the way...And again, if you're looking to serve those upper demos and you're not on World Party, you're missing the boat. A-hoy!"

"Journey and Glass Tiger put on a great
show at the Spectrum in Philly last week!
Journey brought the house down! Steve Perry's voice was nothing less than perfect, and Glass Tiger was very impressive opening up. Thanks, George Silva and Herb Gordon ... With all the sports on TV, and all the great records out, there aren't enough hours in the day anymore...Pretenders' Lp is the best ever! Such diversity. Favorite tracks: 'My Baby', 'Light Of The Moon', 'When I Change My Life', and especially 'Chill Factor'...Billy Idol's 'Whiplash Smile' is another Lp that will be around for a long time. 'Soul Standing By', 'Don't Need A Gun', 'Fatal Charm', 'World's Forgotten Boy' and 'Sweet Sixteen' are all great. This album cooks...Adds: Steve Miller 'I Want To Make The World Turn Around'--there's nothing better than good sax--the infectious brass Glass Tiger was very impressive opening better than good sax--the infectious brass and good melody make for a mature sophisticated winner!...Kansas 'All I Wanted'--The years have been kind to this band. They sound great! It's their most mass appeal record ever...David & David 'Swallowed By The Cracks', 'Welcome To The Boomtown' made The Cracks', 'welcome to the bound is everyone a believer, and 'Swallowed' is perfect follow-up. Great lyrics...Don made is the perfect follow-up. Great lyrics...Don
Henley's 'Who Owns This Place'--If the

'Thorn In My Side'--this one should have 'Thorn In My Side'--this one should have been the follow-up to 'Missionary Man'...

M.D.-KEVIN VARGAS ANCHORAGE AK "Much to the disappointment of Anchorage, Albertville, France will host the 1992 Winter Olympics. We were America's choice but not the International Olympic Committee.
Through the disappointment, you'll see a
glint in our collective eye. Now the mood
is eagerness and anticipation. Thanks to the Anchorage organizing committee's dazzling presentation, we are the favorites to play host city and country for 1994. KWHL was extremely proud to be a part of history by doing our part to show not just the pride of Alaska, but America. Most significantly was our participating in a city-wide effort to create a human olympic flag. KWHL urged our listeners to be a part of the event and then simulcasted it to as much as Alaska as our state's strongest signal would carry it. The show of emotion was inspiring and this was the The show master stroke that put the final touches on a presentation that will most likely give the honor of hosting the next Winter Olympics to America. Make your travel plans soon 'cause this will happen. You heard it here first."

ACTION

JAY HART, ELEKTRA (312-595-6000):
Top 20 phones and Top 15 song airplay in 4 weeks on the Georgia Satellites. Without a doubt the fastest breaking new act of 1986! 'Keep Your Hands To Yourself' is an immediate attention getter and has demanded extra help at station switchboards to log requests ... As the '87 models start rolling off the production line, Elektra is rolling with one of their most popular CARS - Ben Orr'Stay The Night' is burning vinyl out-of Night' is burning vinyl out-of-and will definitely get a long the-box. comfortable ride on the airwaves. This guy's becoming a human hit factory. It's guy's becoming a human hit factory. It's mass appeal, and if AOR is the sound your station is striving for, this record should be in your best rotation...The Satellite Music Network Z-ROCK is sounding loud and proud here in Chicago and will definitely be taking some of the lower-end audience that nobody here seems to want. misinformed, Z-ROCK is much more palatabl than the balls-to-the-wall image you per-Z-ROCK is much more palatable ceive them to be. They've already had an immediate impact on sales, too. Elektra's loving it...Showing great sales activity on the Georgia Satellites, Metallica, and the there, Metal hottest young metal band out Church...Congrats to Shelly Hammer, and much success to Wild Bill Scott and the Z-ROCKERS. Long live Z-ROCK."

JACK ISQUITH, EPIC (212-975-5687):

"Yup, it has been a month of barely-different cover versions and quick-burn remakes masquerading as 'currents'. Nevertheless, we're confident that Stevie Ray Vaughan's blistering live 12" 'Superstition' will stand as the definitive AOR cover track for Winter '86-'87. 'Superstition'is clearly a great song and (this is the key), Stevie Ray Vaughan is a proven core artist with a unique, format-exclusive sound. His treatment of 'Superstition'is sure to please his legions of fans and also immediately link him to your 25+ crowd. In other words, with 'Superstition', Stevie Ray rocks and connects. This one might be the most fun you've had selling airline tickets all year. Don't miss it!"

MICHAEL PLEN, I.R.S. (818-777-4730):

"Dear Judy: How can I get past first base with radio? Everytime I think I'm going to score, I hear 'no'. Am I too fast? Did taking that female P.D. to the drive-in really hurt my credibility, or is there truth to the theory that good promotion people have Russian hands and Roman fingers. Anyway, when I finally do get it on (the record that is), it's questionable whether I'm talking about a stiff (the record that is). Nonetheless, my fantasies have come true recently, and I find myself seeing 'Superman' by R.E.M.; 'Shades' by Timbuk 3; and General Public going all the way--(hit that is). I'm 19 years old and I'm still a virgin (a number one that is). What could you prescribe? Might you 'Throw Your Arms Around Me' as prescribed by Hunters & Collectors, or would I expect you to tell me to 'Go Away' as prescribed by the Bolshoi? Anyway, I'm really in the dark...Oh, by the way, on the subject of music (other people's that is), Don Dixon gets the pervert-award-of-the-year for being a

'Praying Mantis', as does Iggy Pop for demanding his orgasm in 'Cry For Love'. Do you think I think too much about sex? Signed, The Rear Admiral...P.S.: What did the man in the bait shop mean when he asked if I went fishing for brown trout?"

EFFREY NAUMANN, RCA (213-468-4055):
"Hopefully you've all added the superstar releases that barraged us this past week! Now it's business as usual and back to breaking new acts! We have several new acts in the process of being broken:
First off, Toby Redd. There's great feedback from almost everyone on this Detroit
rock band. 'Everytime I Run' is an infectious memorable rock song you may even find yourself singing in the shower! The comparison of Roger Daltrey's voice meets a hard-edged Romantics has been used by many to describe Toby Redd's sound ... Both versions of 'All In My Mind' by Love Rockets are out now on 12". They're both killers and if you like Pink Floyd, chances are you'll like 'All In My Mind'...Virtually, everyone wanted RCA to release 'Thorn In My Side' by the Eurythmics. So, we did! is a superstar band with a song I find hard to believe anyone in their right mind could not like. You asked for 'Thorn'--you got it! Now, put it in heavy. Oh yeah, it's the single too...For the more hit-oriented Oh yeah, it's the stations, you must check out Daryl Hall's 'Foolish Pride'. It's already a s-m-a-s-h at CHR so if it's hits you like, Daryl Hall has a proven one...Since the elections are next week, doesn't it make sense to add 'Political' by Mark Germino? This guy writes super lyrics too...It blows me awaythat more people haven't added The Lucy Show's Million Things'. At least give it a Who knows, maybe you'll like it! I know your audience will. It's fresh, hooky and just a plain great song...Good seeing everyone in mudpacker-land and San Jose last week!"

(212-484-6400):
"Pete Townshend's 'Deep End Live'! The music of Pete Townshend is the essence of AOR and when you couple that with the guitar style of David Gilmour and the band that made 'White City' a masterpiece—including the Kick Horns, you get this year's best live album. All 10 tracks were hand picked by Pete himself, and released by the man. We've been working on airplay for several weeks now on Idle Eyes, a complete smash in Canada. It's getting good phones where it's been able to squeeze into ever tightening playlists. The Force is with you! The 12" 'Eye To Eye' and the debut Lp from this talented Glasgow quartet are on your desk. If music à la INXS and The Fixx work for your station, this one won't have to be forced!...Since you did, thanks for reading!"

JON SCOTT, MUSIC AWARENESS (818-883-7625):

"Thanks to Genesis and their management for giving Music Awareness permission to coordinate rock trips with some of America's great radio stations, and Genesis' tour around the U.S. The show was absolutely sensational!...Attention Program Directors and Promotion Directors: Before your station books any Superbowl, New Year's Eve, or rock 'n roll promotion, call Music-awareness first. Not only are our prices the best, but radio references are always readily available!"

ANDY ALLEN, ISLAND (212-477-8000):

"New this week from Island: 'Liverpool'-Frankie Goes To Hollywood; 'Big Night
Music'--Shriekback; 'Desire Caught By The
Tail'--Adrian Belew. Frankie's full Lp
opens with a rocker--Frankie style, but
check out the first track on Side 2 'Watching The Wildlife'. The Lp is produced by
Steve Lipson with Trevor Horn at the
executive controls...Shriekback's Lp comes
close to capturing their energy, but

they're at their best live: Early dates: Chicago 10/29; Detroit 10/30; New York 10/31 (CMJ); Cleveland 11/1; Boston 11/6-check locally for others...Adrian Belew's Lp was composed and performed in its entirety by Adrian Belew himself--nice stuff, always interesting, but don't look for it on the Top of the Abrams work sheet... Charlie Peacock's Lp is a big retail item in Northern Calif. The Tower stores have seen a lot of movement. 'Counting The Cost' is most played. .. As always--Thanks for your support!"

PAUL RAPPAPORT, COLUMBIA (212-975-8616):

'The King of Blue Eyed Soul is back! Paul Young's 'Some People' is an upper demo monster. Paul's move away from the produced up, top forty stuff, and more towards the Robert Palmer vein is the greatest, and album radio should eat it alive... Robin Williams! This is the absolute best and the first station in is WLUP!... Stabilizers continues to build, finding medium and heavy airplay slots across the country--it's downright infectious...And don't miss out on the second Eddie Money track 'We Should Be Sleeping' testing h-u-g-e at KLOS in L.A. and looking terrific everywhere else too...And talk about infectious, how about that 'Beatbox' from B.A.D.? And the correct answer to what famous lead guitar solo is in 'Beatbox', is Jimi Hendrix' 'Third Stone From The Sun'...Some very bright programmers have earned themselves a Stones telephone! Thanks for calling...Jean Beauvoir's 'Missing The Young Days' is still building. We have some great contests going where stations are sending a winner and a guest home for Thanksgiving! If interested, get in touch with your local rep.

VIDEO NEWS

LED ZEPPELIN won't be getting back together. Sources in London told MTV Music News that the biggest band of the 1970's were very close to announcing a reunion. But then, ROBERT PLANT told JIMMY PAGE and JOHN PAUL JONES he didn't want to go through with the project. For now, it looks like the supergroup will remain a memory and a legend. Meanwhile, Plant is in the process of bringing together songs and musicians for his fourth solo album. He'll start recording before the end of the year, and the next Lp should be in stores next summer...Right now, TOM SCHOLZ and company are going over storyboards for the first Boston video. And, befitting a group that took six years to make an album, they're taking their time with the clip. A spokesman for the band says they're planning something really elaborate, incorporating performance and animation. But they just haven't decided which song to shoot yet...The HUMAN LEAGUE is in London this week shooting the second video for their "Crash" album. The song is "I Need Your Loving" and the director is ANDY MORAHAN, who shot "Human." The group is also planning a U.S. tour, which is set to start in January. **********

INTERVIEWS

CYNDI LAUPER: "Whatever my tour plans are, they hand me a piece of paper and I say 'okay, fine' and I go. Because I'm just that kind of person, you know what I mean? I like adventure. I like travel. I like seeing new places. I like going to new places. I love to travel...I can't wait to go!"
