

DEF LEPPARD, "WOMEN", MERCURY At a time when A Flock Of Hairdos dominated contemporary music, Def Leppard bucked the trend with "Pyromania"; a Pure Rock milestone and 1983's #1 AOR album. The ensuing 4 1/2 year silence certainly has primed the market for Leppard's latest and "Women" should pick up right where they left off--at #11 Producer Mutt Lange and the band get off more hooks in the opening 30 seconds than many do in an entire album and from there "Women" thumps, crunches, rocks, rolls and takes you through some mighty powerful changes as Def Leppard continue to set new standards in their genre. Hysteria indeed!

COCK ROBIN, "JUST AROUND THE CORNER", COLUMBIA Our initial response after hearing "Just Around The Corner" was, "This is Cock Robin!!??" Sure, we all liked their first album but the final analysis found too much sugar and not enough fiber for format survival. Somehow the combination of producer Don Gehman and the confidence that comes with 3 Top 10 European singles has imparted a tougher, more satisfying and compatible sound; sort of like a super slick Roxy Music, highlighted by Peter Kingsbery's fiery baritone vocalizing. We think this much improved follow-up will give your ears a new lease on this elegant international outfit. Hey, Mark Chernoff was so knocked out he put it on WNEW OTB.

"DREAM EVIL", WARNER BROS. DIO.

DIO, "DREAM EVIL", WARNER BROS. The airplay stats and audience reaction reinforce KUPD's <u>J. David Holmes</u>' contention that "I Could Have Been A Dreamer" is Dio's "Most memorable song to date": a 29 station #4 Most Added finish has "Dreamer" playing at 74 reporters, with over a third already citing Good to Excellent phones. And when KBPI, KTXQ, WYNF, KISS, KLOL, WLAV and WAQX have it in heavy 2nd week out, you know this one's for real. <u>Chris</u> <u>James</u>, WTPA calls it "A heavy record with definite adult appeal"; <u>Joe Skare</u>, KFMQ hears "A much more accessible track that could net Ronnie his best success so far" and <u>Robin Mathieu</u>, WBLM relates "One spin told us Dio was going to be a tremendous phone record". For the Dio double shot, try "Sunset Superman", "Overlove" or "Night People" from the "Dream Evil" Lp. People" from the "Dream Evil" Lp.

BRIAN MC DONALD GROUP, "LIFE IS A DESPERATE BUSINESS", COLUMBIA Mix up a shot of hard hitting Midwest rock with a cool workingman's lyric and you've got a one-two punch that'll hit your blue collar listeners right where they live. That's Brian McDonald. This Minneapolis based dude may cite Beethoven as a major influence, but we hear a turbo-charged Billy Squier meets Honeymoon Suite sound that cooks like a house on fire. That massive melody and sturdy Beau Hill (Roger Daltrey, Ratt, Bob Dylan) production will get your core's attention right quick, while the song's subtle anti-suicide message will score big public service points with the community at large. Do we smell a major phone record here?

GUNS N' ROSES, "WELCOME TO THE JUNGLE", GEFFEN Sounds inviting, eh? This five piece powerhouse unit has been raising hell in the City of Angels for the past few years, and now they're primed to take on the nation. Call 'em a blend of Aerosmith, early Stones and the Pistols but don't call them late for dinner, these guys are hungry! Ready to out Motley the Crue and out Twist TFS, Guns N' Roses speak the language of the street, cuz that's where they earned it. On the lead-off track there's a "Back In The Saddle" groove that works into a fiery frenzy guaranteed to disturb the neighbors. It's high caliber, potent rock delivered by the new bad boys of the street!

Depth Trax From Established Albums

NEIL YOUNG & CRAZY HORSE, "TOO LONELY", GEFFEN

Rock Radio programmers instantly warmed up to "Too Lonely" as soon as they got their mitts on the "Life" Lp. It quickly became the leading back-up track, thanks to adds on KFOG, KLOL, WMMR, CILQ, KUPD, WAAF, WBYR, WOUR, KILO, KWHL, WLZR, WBRU and more. The under 3:00 raunch 'n roll of the new emphasis track affords a compelling counterpoint to "Long Walk Home's" angelic harmonies and will no doubt rekindle memories of Neil's legendary "Rust" recordings. Neil's always in style, his appeal to your adult listeners is massive and who could deny him when he's rockin' and having a shit kickin' good time like this?

ROGER DALTREY, "HEARTS OF FIRE", ATLANTIC

Although "Take Me Home" sounded soooo fine on WNEW while hanging around NYC this week, who can argue with a new emphasis track as immediate and direct as "Hearts Of Fire"? Especially when it comes from the pen of such a reliable hit writer as Russ Ballard? Any station that found "Take Me Home" too left of center will delight in "Hearts" mainstream, easy to digest hooks, not to mention those subtle Who references (who could miss that "Pinball Wizard" power chord in verse 3?). Roger's voice is still one of the most instantaneously recognizable in rock and paired with a sterling track like this, the combination's simply a format natural.

REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

TOM PETTY AND THE HEARTBREAKERS, "ALL MIXED UP", MCA

(51 New/56 Cume)...The "Let Me Up..." Lp has already posted #1 and #4 tracks, but don't think Rock Radio has had enough. TP & The HBs are at it again as "All Mixed Up" checks in OTB at #1 Most Added (51 first-weekers paced by KRQR, KRXQ, WBYR, KOME, KZAP, KFOG, WLLZ, KLOL, KSJO, KDKB, WCCC) and scores this report's highest Trax debut at a mighty 47*. Programmer reaction continues to spell major success for Petty's express ... Harve Allen, WCCC endorses "The quality of the Petty Lp continues to shine through"; Dave Ross, KFMU feels "His vocals carry this song beautifully and it fits great in all dayparts"; We also heard from \underline{Tv} "Another fantastic cut" Banks, KQWB; Erin "My favorite song on the album" Riley, WMMR; Keith "You can't go wrong with TP" Taylor, WQMF; Steve "Bound to be great" Avery, WOOJ Carter "Real CHR potential" Alan, WBCN; and Jason "The gone-gator has struck again" Tyler, WRUF. Looks like another runaway hit. Commence jammin'.

GRATEFUL DEAD, "IN THE DARK", ARISTA

With four different cuts absolutely exploding in terms of adds and chart movement, it's no surprise to see the Lp move into the top slot on both Album Action charts, 2-1* National & Metro. While "Touch of Grey" holds at #1 Most Requested with a gigantic 88 Top 5ers, our fourth best increase tally of 26 plus 121 Power/31 Heavy locations push it 2-1* Trax. Gaining fast is "Hell In A Bucket", new at 44 (#2 Most Added including WSHE, KISS, KTXQ, KXRX, WLUP, KUPD, KAZY, WLVQ, KSJO), now on 92, accelerating 52-30* Trax (#3 Gainer). Next up, "When Push Comes To Shove," new at 19 (58 cume), surging 57-48*. Close behind is "West LA Fadeaway", new at 15 (54 cume), climbing 63-50*. Brian Illes, WKFM nails it "The hardest thing about about the new Dead album is picking which ones not to play"; Pam Brooks, WPDH echos the sentiments of a nation gone Dead, "I'll admit, I've never been a Deadhead; however I am head over heels over 'In The Dark'. I'm still not able to get the cassette out of the deck in my car and my seats are turning tie-dye."

JON ASTLEY, "JANE'S GETTING SERIOUS", ATLANTIC

(30 New/120 Cume)...It was another monster week for Jon and "Jane", as the format continues to get very serious. A whopping 30 new commitments headlined by majors WMMR, KLOS, WNEW, WYNF, WIYY, WLUP and WBYR land "Jane's Getting Serious" at #3 Most Added and augment Jon's cume to a stout 120. As 13 of our reporters provide increased play (KBCO, WFYV, WAAF, WDHA, WLZR, WRCN), the Max/Heavy column expands to 31, motivating a 31-24* Trax leap, and 32-29* National, 33-31* Metro Lp improvement. Meanwhile, the recurring theme continues to be phones, phones and more phones: Top 5 calls at 17 for a 13-8 Most Requested rise, building phones at 10, building sales and phones at eight, a general build at 18 and another 19 Considering/10 Close. It's time to finish the job.

BEAT FARMERS, "DARK LIGHT", CURB/MCA

(30 New/65 Cume) ... Powered by a #3 Most Added showing of 30 new, which includes fresh play at WBCN, KOME, WKLS, KXRX, WYNF, KRQR, WCCC, WRXK, WXRC, WTPA and KTYD, "Dark Light" posts a blistering 83-55* Trax quake -- this report's #1 Gainer. As the two-week on tally swells to 65, the wealth of programmer positives remains overwhelming. Greg Mull, WRXK asserts "The Beat Farmers are another in a long line of hot, roots rock bands and their new release 'Dark Light' will be the track to break them at AOR"; Mark Williams, WWZU informs "Dark Light' is getting the same excellent response as 'Riverside' did a year ago, only faster. Already Top 10 phones"; Joe Skare, KFMQ believes "Dark Light' could be the track that puts them over the top. It sounds great on the radio." Look for more top-shelf activi in the coming weeks as the Considering Checklist turned up 37 taking a long look/17 close.

JOE WALSH, "IN MY CAR", WARNER BROS

(23 New/64 Cume)..."In My Car", the consensus back-up track, follows up last week's #2 Trax Gainer by registering this report's #4 Trax Gainer, 66-45*; a 45 position move in two short weeks. Continuing to fuel Joe's Hot Trax rocket ride are another 23 fresh spins (#5 Most Added) paced by KGB, KSHE, KQRS, KTXQ, WBYR, KDKB, WAAF, WOUR, WRXK, WPLR, KMBY, WAQY and WRCN, combined with increased rotation at WIOQ, WFBQ and WMJY. As the Lp remains Top 10 on both Album Action charts, holding at #8 National while elevating 7-6* Metro, 19 of the 64 locations spin at Power/Heavy and KMOD and WEGR report Top 5 calls. Meanwhile, "Fun" remains active as six are new, influencing a 97-84* Trax jolt.

CROWDED HOUSE, "WORLD WHERE YOU LIVE", CAPITOL

(21 New/42 Cume)...WRXK's <u>Greg Mull</u> has the floor, "After two hit tracks, I don't understand any reluctance to playing a third track from Crowded House. The album is selling, Top 40 is having huge success and 'World Where You Live' may be their strongest track yet. This project deserves your immediate attention"...This week, 21 more give their immediate attention and airplay to Crowded's latest (WIOQ, DC101, KFOG, KGB, KMOD, KILO, CFOX, WLAV, KLBJ, WHTF, WRXK, WRKI), stretching the now playing count to 42 and influencing our #2 Trax Gainer, a sweltering 92-65* leap. Increased air is supplied by WAQY, WPDH, WRCN, WWZU and WMJY, while the Lp holds steady at 37* National, 36* Metro. Expect the House to once again get plenty crowded.

PAUL KELLY & THE MESSENGERS, "DARLING IT HURTS", A&M

(20 New/32 Cume)...It certainly didn't take long for Paul and the boys to go from first-class Buzzband to full-blown megareactors. Two weeks on the streets and "Darling It Hurts" is already being heard on 32 including the (#7 Most Added) 20 new (KBPI, WBCN, DC101, WLLZ, KRQR, KTXQ, KFOG, KLAQ, WTPA, WQMF, KOZZ, KZEL), enough to produce a Hot Trax

debut at 77*. Now sample but a few of the rave reviews; <u>Ralph Tortora</u>, WBAB "If it ain't a hit, I quit!"; <u>Carter Alan</u>, WBCN "Mega hit potential"; <u>Dave Kane</u>, WCMF "Love that pain"; <u>Curt Gary</u>, DC101 "Farfisa forever"; <u>Garrett Hart</u>, WAPL "Had me hoppin' in the music meeting"; <u>Sky Daniels</u>, KFOG "Paul Kelly works that greasy organ sound of 'Darling It Hurts' onto KFOG and it feels good"; <u>Chris James</u>, WTPA "Darling' just sounds great on the radio, especially cruising down the highway with the top down"; For those not playing, heed the words of WLNZ's <u>Cathy Down</u>, "It's something to take a serious look at."

URGENT, "I CAN'T TAKE IT NO MORE", MANHATTAN/EMI

(20 New/20 Cume)...Many programmers felt an extreme urgency to take "I Can't Take It No More" straight from the auditioning room to the airwaves. Among the 20 early birds (#7 Most Added) are KISS, KRXQ, KUPD, WFYV, WLLZ, WPYX, WMGM, KWIC, KEZE and KATP, getting Urgent's latest offering off to a fast start. And we expect more great things for these New York rockers in the weeks ahead. Why, ya ask? Just ask Steve "The hottest straight ahead rock and roll song out" Avery, WOOJ; Wade "Will be a phone monster" Linder, KQDS; Bill "Very hot track -- great first impression" Webster, WJXQ; Brew "Good Summertime rave up" Michaels, KEZE; Tim "Fresh sounding rocker" Jeffreys, KAZY; Carter "Hit potential here" Alan, WBCN; Summerfield "Accessible metal" Horner, KZEW; or Lex "Great rock and roll record" Staley, WFYV. We'll close with these words from WWZU's Mark Williams, "Urgent--urgent it is. Play it. Great straight forward rock with enough hooks to catch anybody. Urgent, urgent. Play it."

SAMMY HAGAR, "BOYS' NIGHT OUT", GEFFEN

(19 New/91 Cume)...Although the Lp was nudged out of the Top spot on the Album Action charts by the Grateful Dead onslaught, it remains a hot piece of vinyl at 2* National and Metro thanks mainly to "Boys' Night Out", new at 19 including KLOS, KISS, KTXQ, WQFM, WCCC, WRCN, WXRC, KPOI, WZEW, WONE, WXKE, WWZU, WIMZ and WWCK, now on a solid 88, up at KDKB, KZEL, KILO, KNCN, WOUR and WWCT, accelerating 40-32* Hot Trax. Also among the current mentions are 30 Power/Heavy mentions and Top 5 phones at WEGR, KICT and WRUF. Meanwhile, the monster lead track "Give To Live" remains a certified phone mauler as 27 Top 5 call locations keep it at #5 Most Requested.

MASON RUFFNER, "DANCIN' ON TOP OF THE WORLD", EPIC

(19 New/46 Cume)...Mason's second emphasis cut once again places among the Top Reaction Records as 19 new come "Dancin'" this week (WLLZ, KLOL, KRXQ, WSHE, KGB, WLAV, WAQX, WMGM, KPOI, KFMF, WGLU, WIZN, KJJO, KQWB, WRQK, WRUF, WWTR, KGRQ, WKGR), increasing the double shot cume to 43 and motivating a hefty 85-69* Hot Trax trek. Even at this early stage, Heavy emphasis is already the case at KFOG, WBYR, WLAV, WBRU and WPLR as KZEL and WRXK increase air to join them. Considering the major success of the lead track and the fact that Mason's name continued to crop up in the answers to our "Favorite new artists..." Question this week; we think it's safe to say that Mason's here to stay, and worthy of more play.

CHARLIE DANIELS BAND, "BOGGED DOWN IN LOVE WITH YOU", EPIC

(18 New/103 Cume)...From the get go, consensus reaction among programmers and listeners alike has reflected a surprise in CDB's ability to still rock steady and thus it's no surprise to see Rock Radio continue to add steady and listeners continue to dial steady. This week, "Bogged Down..." lands among the top add getters, garnering 18 new play locations (WLVQ, KYYS, CFOX, WLLZ, WGTR, WAQY, WAPL, WLNZ, WAAF, WRKI, WPDH, KWHL) for #9 Most Added honors. With an additional boost from increased play at KSHE, KATT, WDHA, WMGM, WMJY and five more and Max/Heavy play at 25, it upgrades 35-31* Trax, while KEZE, WWCT and WWZU report Top 5 phones. <u>Wendy Steele</u>, WLVQ is the latest to endorse the CDB, "Good to hear Charlie Daniels rockin'. 'Bogged Down' is a real catchy tune getting instant positive phone reaction."

PATTY SMYTH, "ISN'T IT ENOUGH", COLUMBIA

(17 New/80 Cume)...New play at 17 (WLVQ, WKLS, WSHE, WOUR, WDVE, WCMF, KPOI) brings Patty's newest emphasis track home this week at #10 Most Added and generates chart movement of 50-39* Trax, 41-38* National and 42-38* Metro (this report's #3 Gainer). Among the 80 currently playing are increased spins at 13 (WMMR, WIOQ, WAAF, WDHA, KZEL, WLAV, KWIC), Power/Heavy play at 16 and Good to Excellent calls at 16, while another 15 consider/10 close. Anthony Alfonsi, WDVE steps up "Isn't It Enough' should be the song that puts Patty Smyth back on the track to being one of Rock's first ladies."

WARREN ZEVON, "DETOX MANSION", VIRGIN

(16 New/49 Cume)...WIXV's <u>Virgil Thompson</u> takes center stage, "Zevon's 'Sentimental Hygiene' is selling quite well and 'Detox Mansion' makes good sense". Clearly, many of the format's finest agree, as a multitude of stations around the dial continue to check in. The latest to seek a little of that drying-out help are DC101, KRQR, KRXQ, WQFM, KLBJ, WMGM, WIXV, WMRY, KQWB, KFMH, KJJO, WUVA, KGRG, KMBY, KZOQ and WWTR, spearheading a powerful 82-61* Hot Trax cruise. Included among the 49 stations now playing are increases at WFYV, WRCN and KPEZ; Power/Heavy rotation at 10 (KBCO, KRQR, WPYX, WQBK, WAQX, WMAD) and Top 5 phones at KEZE.

JON BUTCHER, "WISHES", CAPITOL

(15 New/69 Cume)...Programmers continue to line up to expound on the merits of Jon's third emphasis cut; Robin Mathieu, WBLM informs "I've always felt 'Wishes' was the best cut on the album; now it gets a chance to prove itself and hopefully sell Butcher's best album to date"; Paul Nelson, WWCT gets eerie "We also gave the nod to Jon Butcher's 'Angel,' uh, I mean 'Wishes.' I wonder if Jon likes to burn things, like maybe guitars"; David "Ikky Bop" Sadoff, KLOL reveals "Jon Butcher owns the phones this week with 'Wishes'". That's not all Jon owns. Also in his possession is the week's highest Most Requested debut at #18 motivated by Top 5 calls at seven; this report's #3 Metro Lp Gainer, 44-40*, a firm hold at 36* National, and a 53-42* Trax jump generated by new play at 15 (KZEW, KGB, WEZX, WRXK, KZRR, KBAT, WBLM, KRIX, WOOJ, KFMX) and increased spins at 10.

TESLA, "ROCK ME TO THE TOP", GEFFEN

(14 New/34 Cume)...It's round three for Tesla and as was the case with the first two tracks, the Teslafication is intense from jump city. "Rock Me To The Top" impacts the Hot Trax 100 at 82* this report as 14 fresh spins paced by WYNF, WBYR, KMOD, WRXK, WEZX, WAQX, KWIC, WTPA, WRCN, WZZO, WGIR and WIXV augment the start-up cume to a substantial 34. Also now Teslafying are KUPD, KAZY, KRXQ, KISS, WQFM, KLBJ, KKDJ, KICT, KBER, KNCN and more. And also like the first two tracks, the early phone monitors point to a major switchboard melt down as KISS, KRXQ and KJJO already report Top 5 requests. As the Lp returns to the National Album chart at 50*, it elevates 50-48* Metro. Considering the monster success of the first two tracks, don't be surprised if the activity on track #3 inTeslafies in a big way and soon.

HOOTERS, "JOHNNY B.", COLUMBIA

(13 New/159 Cume)...The Hooters' debut release brought them huge success and with their sophomore project, they've picked up where they left off. The lead track "Johnny B." elevates 15-10* Trax, 10-6 Most Requested as 13 are new (KSHE, KLOS, WBAB, KGON, WQMF) and our top ranked 31 increase play. As the Lp impacts Album Action at 14* National and Metro, hordes of programmers step up to sing the praises of "One Way Home". Anthony Alfonsi, WDVE comes clean "Every now and then I wonder if I'm getting too old for Rock and Roll. But when a record like the Hooters' 'One Way Home' comes out, I say 'NAAWW!!!'. The Hooters have put together a 5 star special. Song for song it's a great album"; Beaver Brown, KDJK believes "There's only one way home and that's with the Hooters. An outstanding album from Philly's finest"; Joe Skare, KFMQ excites "I love the new Hooters Lp. It's loaded with quality. It has more depth than their debut". And if it's depth you're looking for try "Satellite" (11 New) and "Karla" OTB on 8. Dig deep!

LOS LOBOS, "LA BAMBA", SLASH/WB

(13 New/94 Cume)...WLIR's Larry "The Duck" Dunn steps up "Hey, how's this for cool? Our #1 Most Requested song and Screamer Of The Week is Los Lobos' 'La Bamba.' A summer hit or what?" A big summer hit and one that's destined to soar even higher. This week, 13 new spins (WFBQ, KYYS, CILQ, WIOT, WLAV, KICT, KMBY, KOMP, WKFM) bump the cume to a robust 94, and factoring in increased air at 14 more (KBCO, KGB, WCCC, WHFS, WLVQ) "La Bamba" elevates 33-29* Trax and the OST improves 35-33* National, 38-34* Metro (#3 Gainer). While 37 rotate Power/Heavy, Top 5 phones at 12 inspire an 11-10 Most requested surge.

THE SILENCERS, "PAINTED MOON", RCA

(13 New/60 Cume)...As "Painted Moon" upgrades 61-51* Trax, the Lp takes home this week's top Gainer honors on both charts, motoring 50-43* National and 48-41* Metro. Of the 60 stations now playing, nine spin Max/Heavy (WLIR, KRXQ, KRQR, KBPI, KBCO) and KOME, KEZE, KGRQ, KATP, KFMU and KRQU report Good to Excellent calls, while another 18 consider. <u>Brew Michaels</u>, KEZE is jacked "I can't say enough about the Silencers' 'Painted Moon'. We feel it's the best crossover tune of the past several months. Great 18-24 female response."

THE TRUTH, "UNTIL IT BURNS", I.R.S.

(13 New/58 Cume)...KRQR, KLOL, KAZY, KSHE, KRXQ, WAQY, WLAV, WEGR, WTUE, WWTR, WRCN, KFMX and WUVA give the nod to "Until It Burns" this week expanding the double shot cume to a solid 58 and influencing chart advancement of 64-54* Trax, 43-41* National and 41-39* Metro. It looks like The Truth has another winner on their hands. Let's keep the artist breaking ceremonies going.

MOTLEY CRUE, "WILD SIDE", ELEKTRA

(12 New/42 Cume)...Leave it up to the Wild Boys themselves to have everybody taking a walk on the wild side again. New play is provided this week by KAZY, KBPI, WYNF, WBYR, WFYV, WHJY, WAQX, WEZX, WRKI, KLPX, KMBY and KJOT-some pretty happenin' calls, we thinks. Speaking of happening calls, "Wild Side" can also be heard on KQRS, KRXQ, KTXQ, KUPD, KISS, KOME, WXRC, KILO, KLOL and more--42 in all. As KLOL, KJJO and KFMG provide play hikes, the Power/Heavy count expands to nine and "Wild Side" rockets 90-70* Trax. Also currently playing "Should've Known Better" are KSHE, KUPD, WFBQ, WNEW, WPYX, WMJY, WMRY, KATP, KGRG, KNCN and KSQY, for a two week total of 23. KGRG's <u>Aaron Vaughn</u> reports "Calls are still strong." We would think that after a #1 track, calls will be strong just about everywhere before too long. Phone it in.

JOE ELY, "LORD OF THE HIGHWAY", HIGHTONE

One of Texas' favorite sons, Joe's been bubbling under the big time for 15 years now, but leave it to the current roots rock revivial to re-generate interest in this Austin based singer/guitarist's sweaty roadhouse rock. Take it from our man in the midwest, WAPL's <u>Garrett Hart</u>, "Joe Ely just let one fly and it's a smoker! From 'Lord Of The Highway' to 'Everybody Got Hammered' this one kicks enough Country, but keeps the Rock edge. We think this one will have a big future at the Rockin' Apple". New on KLBJ and KFMX with KTXQ in on one of our faves, "Lock On My Heart".

ECHO AND THE BUNNYMEN, "NEW DIRECTION", SIRE/WARNER BROS.

We'll go directly to the wave of raves. <u>David Anderson</u>, WIOQ, shouts "A tremendous surprise!"; <u>Carter Alan</u>, WBCN forecasts "Could be the one!"; <u>Doug Clifton</u>, KBCO claims "Best song yet!"; <u>Alan White</u>, KILO echoes "Best thing they've done!"; <u>Erin Riley</u>, WMMR sez "Great Echo record!"; <u>Lenny Bloch</u>, WRCN professes "No excuses for not playing this record!"; And WXXP's <u>Deb Brady</u> thinks depth "The new Echo Lp is fabulous. Not a weak track on the album. Don't overlook it!" WXRT, WRCN, WRDU and WRAS are the new Bunnymen this week, joining WFNX, WLIR, WBAB, KROQ, WHFS, WEQX, KBCO and KTCL. Find the "New Direction"!

THE CURE, "KISS ME, KISS ME, KISS ME", ELEKTRA

It appears that slowly but surely Album Radio's discovering the vitality and relevance of The Cure for the format. The uplifting "Just Like Heaven" seemingly has surfaced as the consensus lead track as KLOL, WLIR, WZEW, KNCN and KWIC rise to "Heaven" this report, increasing the now playing column to 15 including KTXQ, WDHA, KRXQ, KZEL, WWTR and WMAD. Considering the major market support, it's no wonder the Lp makes its debut appearance in Album Action at 50* Metro. Not to be discounted "Why Can't I Be You" remains alive and kicking on 12, (WLZR, WBAF, KBCO, WLAV, WLIR, WXXP, WCCC, KTYD, WBRU). Lex Staley, WFYV front and center "While the CHRs are playing Bon Jovi and Whitesnake at night, make sure you stay a step ahead and play The Cure. Go ahead, take a walk on the wild side!"

PAT METHENY GROUP, "LAST TRAIN HOME", GEFFEN

With Album Radio ever so 25 + conscious and with upper demotype Jazz/New Age features still playing a role in the format's overall mix, what better time to introduce that portion of your audience to one of the genre's finest. WBCN, WCLZ, CHEZ and WMRY do so this week joining WLAV, KBCO, KFOG, WHFS, KTCZ, WRKI and five more already there. Now sample these superlatives from the likes of Jay "Wonderful mood music!" <u>Baker</u>, WFBQ; <u>Patty</u> "Heavenly!" <u>Martin</u>, KSJO; <u>Alan</u> "Super classy stuff!" <u>White</u>, KILO; <u>David</u> "Metheny at his best!" <u>Anderson</u>, WIOQ; <u>Carter</u> "Strong early daypart" <u>Alan</u>, WBCN; <u>Keith</u> "A groovy thing!" <u>Taylor</u>, WQMF; <u>Rad</u> "My all time hero!" <u>Messick</u>, WDIZ and <u>Doug</u> "Great for adult Album Radio!" <u>Clifton</u>, KBCO. Tune in!

REFUGEE, "SURVIVAL IN THE WESTERN WOR!..., POLYDOR

Refugee's brand of rock comes right and ready for Rock Radio as KMOD, KRQR and KMBY become survivalists along with OTBers KRXQ, KNCN, KRQU, KJJO, WKLC, KWIC, KATP and KGRG. After checklisting, we found that radio still needs to do their homework on this one; however, those who have listened found a pretty hot little rocker: <u>Beaver Brown</u>, KDJK "Very hooky!"; <u>Redbeard</u>, KTXQ "Melodic with balls!"; <u>Ron</u> <u>Garrett</u>, KRXQ "Very accessible"; <u>Tom Scheppke</u>, KISS "Good radio rock"; <u>Aaron Vaughn</u>, KGRG "Great song" and <u>Tim</u> <u>Jeffreys</u>, KAZY "Great potential record!" WAX TO WATCH!

ANDY SUMMERS, "LOVE IS THE STRANGEST WAY", MCA

Summers steps out. As a solo artist, Summers' material sparks of his own individuality. There are elements of The Police's, but this work is most definitely from a singular mind. "Love's" leisurely tempo is the sturdy backbone on which multi-layered arrangements and melodic harmonies flow. "Love" is a hypnotizing, poetic and very memorable experience.

NEW ORDER, "TRUE FAITH", QUEST/WB

True to form, New Order's basis of ethereal rock shines on this new effort. New Order consistently grow musically. They gather textures and influences for each venture. "True Faith" is uptempo to be sure and has a strong backbeat (similiar to "Brotherhood" and most past works), while possessing more of an edge. It's very accessible--wonderfully accessible! Bernard sings with conviction and Gillian's keyboard work has much more depth than in previous efforts. "True Faith" comes from their forthcoming Lp "Substance". Look for New Order in your town this summer, sharing the bill with Echo & The Bunnymen and Gene Loves Jezebel. Too much fun!

KBPI IMPORTS BAPTISTE AS PD. ELEVATES EDWARDS TO ASST PD

You'd expect a hybrid like KBPI, Denver to hire a program director with a multi-format history. After all, previous 'BPI programmers like <u>Tom Hunter</u>, <u>Howie Castle</u> and <u>Frank Cody</u> all have backgrounds that go well beyond AOR. The latest to join the ranks of those who have programmed the Rocky Mountain way is former WINZ, Miami PD <u>Gabe Baptiste</u>. He claimed the coveted KBPI PD assignment this past Friday, replacing Tom Hunter who left in May to join MTV as VP Music Programming.

With a resume that includes programming experience in Contemporary Adult Rock (the "95-INZ" incarnation of WINZ); Top 40 (WINZ's "I-95" period); AOR (WXLP, Quad Cities/Davenport); and Short Wave Radio (Radio Nacional de Venezuela), Gabe believes in going beyond traditional AOR and CHR parameters and extending KBPI to become "format proof." "You can be certain things to people in the market," he told FMQB, "that really don't have anything to do with the music you're playing. For example, in Denver we're perceived as being a 'big radio station.' Being programming types, we have our own little niches that we put the station in, but the presumption on the street is just that this is a real big radio station."

Although KBPI operator Sandusky Radio is generally regarded as being highly research oriented, Gabe subscribes to the theory that you've got to balance science with emotion. "One of the things about having all the research and tools around you is that once you have that under control, then you really have the opportunity to take a few risks and walk on that tightrope of having Radio Fun. But if you're at a station that doesn't have all the foundations taken care of, and then you take a few risks and try to have fun, you can get your nuts cut off!"

KBCO currently leads the crowded Denver Rock Radio race with an 8.3 in the Winter ARB, compared to KAZY's 5.4 and 'BPI's 5.3. How does Gabe view the competition? "We're hoping that some of those syndicated satellite companies will be able to create a few more Format 41 type formats for some of those other stations that are in our way."

One of Gabe's first moves after taking over the programming reins was to elevate MD <u>John Edwards</u> to Asst PD/MD. "It's a pleasure to formalize that which he's been doing, which is basically the work of an Asst PD, rather than just the work of an MD. He's obviously been holding things real close together in the time that we haven't had a PD, and everybody here has the highest regard for him." Edwards added, "I'm continuing to enjoy the opportunity to contribute even more to America's premiere broadcast group."

ELEKTRA AWARDS SR VP STRIPES TO URSO (PROMOTION) AND MILGRIM (MARKETING)

Dual promotions at Elektra followed <u>Mike Bone</u>'s resignation as Snr VP Marketing/Promotion. VP Pop Promotion <u>Dave</u> <u>Urso</u>, a 16-year WEA vet, ups to Sr. VP Promotion, as VP Marketing and Creative Services <u>Hale Milgrim</u>, who has put in 13 years with WEA gets the nod as Sr. VP Marketing. "I am very pleased about Urso and Milgrim's promotions," commented Elektra Chairman of the Board <u>Bob Krasnow</u>. "In each case it is very well deserved. Both men have been with Warner Communications for many years and throughout this time have proven their leadership qualities again and again. I am very excited to have these men at the helm, ensuring Elektra's continued success."

Urso joined the WEA ranks in '71 covering local Detroit promotion for Warner Bros. Relocating to L.A. a year later, he became the Bunny's West Coast Regional Promo Mgr. In '74 he returned to the Motor City for regional promotion. In 1978, he joined Planet Records as the E/A-distributed National Singles Promotion Director, a post he held until 1981, when he rejoined WB as VP Nat'l Promo. Urso crossed over to Elektra later that year as VP of Top 40 Music. In 1983 he landed the VP CHR Promo post.

Milgrim came to WEA in '74 as a Marketing Coordinator. By '77 he was Warner Bros' Director of Merchandising. In '84 he made his move to Elektra as VP of Creative Services. In his new role, Milgrim will be incorporating the duties of Sr VP Marketing in addition to his existing responsibilities of overseeing the advertising, art, merchandising, production, publicity and video departments of the company.

K-ROCK CALLS UP BENJAMIN AS MD

WXRK, New York has tapped its 10P-2A jock <u>Robert Benjamin</u> as MD, replacing <u>Bob Kranes</u> who resigned last month to join PolyGram as Manager, A&R. PD <u>Pat Evans</u> told <u>Dr. Dirt</u>, "I'm thrilled to have Robert aboard in the programming team at K-ROCK. He is extremely knowledgable and creative, and is a major asset to the radio station."

Robert transferred to K-ROCK early last year from Infinity's KOME, San Jose where he was morning man. It was there that he first worked in concert with Evans, who was then KOME PD. His history includes four years in the night shift

at KFMF, Chico. "Somebody kick me and wake me up!" he told the Dr's office, "I've always been from the school that DJs move on to become MDs, then move on to become PDs, and then move on to world domination. To realize part of that in a city like New York for a company like Infinity is truly a dream come true. Ever since KOME, Pat and I have had a lot of fun trading ideas, so now it's nice that it's finally been made official; and it's reassuring that I can call Bob Kranes or <u>Mark Didia</u> if I can't find the paper clips."

Robert relinquishes his full-time air shift in favor of weekends and fill-ins. Talk turkey, Monday thru Friday, 10A-4P.

DIRTY SHORTS: NEW KLOS MORNING TEAM; BRANCA BAILS FROM WMGM; KMMX NOW AC; TOD WKLX PD; INGLES EXITS KKBR

I Love LA: It appears as if KLOS, Los Angeles' marathon morning drive talent search is just about over. The winners? WAPI, Birmingham's <u>Mark Thompson</u> and <u>Brian Phelps</u>. Sez KLOS Prez/GM <u>Bill Sommers</u>, "Verbally we have an agreement but nothing has been signed."

<u>Al Branca</u> has exited WMGM, Atlantic City after three years to pursue other challenges in radio. Branca, who had served as MD for the past two years, and was also the Sin City outlet's afternoon jock, described his leaving as "a mutual parting of the ways." Three year 'MGM veteran <u>Jim Spector</u> has been awarded the MD responsibilities, and will also move from middays (which he's handled for the past two months after moving up from overnights) to fill the vacant afternoon drive slot. Meanwhile, Branca, told us he would like to stay in the Northeast, is looking for "an on air MD or on air PD position or combination of any of the above," and can be reached about opportunities at 609-266-9531.

KMMX, San Antonio (formerly KESI) has completed its evolution from eclectic/soft AOR to AC. "We have pulled all of our album flavoring, have cut back dramatically on our jazz programming, and overall the sound of the station is much softer, so a change in reporting status seemed only fair," said Asst. PD Jim Robinson. No changes in KMMX's airstaff have occurred as a result of the format switch.

<u>Bill Tod</u> has been named PD at Rochester Classic Hits WKLX, replacing <u>Bobby Hatfield</u>, who now programms Detroit CHR WDTX. Tod joins 'KLX from Buffalo Classic Hits WHTT, where he had been doing swing work for the past several months, and was PD (when it was CHR WNYS) from 1984-85. Bill starts in his new position with 'KLX on July 27.

<u>Paul Ingles</u> has resigned as PD at Albuquerque Adult Rock outlet KKBR. Ingles, who took over the programming responsibilities after former PD <u>Bill Evans</u> exited in late March told FMQB, "It had been clear for several weeks that upper management and I were seeing things differently about the direction the station was to take in the near future, so rather than debate, I decided to leave. I feel too strongly about the viability of the current Adult Rock format to become involved in something else."

CHRYSALIS RESTRUCTURES; BONE PRESIDENT, ALDRICH NOW SENIOR VP INTERNATIONAL

As reported in last week's <u>DIRT1</u>, former Elektra Senior VP Marketing/Promotion <u>Mike Bone</u> has joined Chrysalis assuming his new position as President of the label on Monday, July 13. Concurrently, <u>Jeff Aldrich</u> graduates to the newly created position of Senior VP of Chrysalis Records International from his former post of Executive VP as part of a restructuring of Chrysalis management on a broader scope. Aldrich, who remains based in New York, now assumes overall responsibility for A&R on a worldwide basis, including A&R operations out of newly established overseas offices in Germany, Holland and Sweden. In their new positions, Bone and Aldrich will report jointly to <u>Doug D'Arcy</u>, President of Chrysalis Records International.

On Bone joining the label, <u>Chris Wright</u>, Chairman of Chrysalis Group PLC, commented, "I'm delighted to welcome an individual of Mike's talents to Chrysalis. We have a company of unique talents--Mike will enable them to develop and grow." Reached shortly after moving into his new office, Bone had this to say, "I'm very excited about this challenging new position. Let's go break some acts!"

In addition to the roster moves, a newly created International Board has been formed within the label which will be headed up by D'Arcy. Both Bone and Aldrich will serve on the board alongside <u>Roy Aldrich</u>, Managing Director Chrysalis Records UK; <u>Mike Allen</u>, International Director of Chrysalis Records Ltd.; and <u>Nigel Butterfield</u>, Financial Director of Chrysalis Group PLC, the overall Chrysalis parent company. Of the new board, D'Arcy, who heads up the international label's operations out of London said, "We have the team in place to take Chrysalis into the 1990s. No corporate bullshit, just a team of creative people who want to break records and develop careers in the international market place."

CLAVING IT, '87: BAPTISTE, TAYLOR AND TEUBER RECAP THIS YEAR'S UPPER MIDWEST CONCLAVE

Emclave-XII

Picture the High Priest of 60's Psychedelia, <u>Dr</u> <u>Timothy Leary</u>, sharing a podium spotlight with a conservative GM from

the Grain Belt. Or <u>John Waite</u> cruising the same hospitality suites as a buttoned-up, pinstripe-suited N.A.B. type. Now you've got a pretty good picture of the wide-ranging, all encompassing cross section found at this year's 12th Annual Upper Midwest Conclave, held this past weekend in Minneapolis.

With just over 300 registrants from the radio, record and related industries, the Conclave offered a direct, one-on-one intimacy seldom found at the big conventions. Highlighted by a strong Album Radio contigent with representatives from Milwaukee, Kansas City, Minneapolis, Denver, Rochester, Chicago, St. Louis, Jacksonville and numerous secondary and tertiary midwest markets, this year's event covered an equally broad array of topics, from research and promotions, to ownership and management, to personal marketing and censorship, to the radio/records relationship.

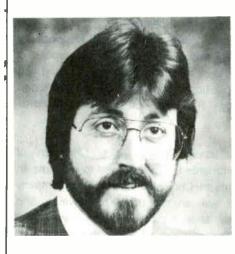

Three distinguished Conclavers offer some divergent perspectives on this year's meeting of the minds in FMQB's Conclave recap. WFYV PD <u>Brian Taylor</u> presents a liberal overview of the panel presentations; new KBPI PD <u>Gabe</u> <u>Baptiste</u> reiterates his Conclave discourse on censorship and radio's moral and ethical issues; and consultant <u>Tom Teuber</u> proves that Timothy Leary is anything but dead.

WFYV PD BRIAN TAYLOR: "THE INDUSTRY'S BEST KEPT SECRET"

"For many years the Conclave has been one of the industry's best kept secrets. In the five years I've attended, I've watched it make tremendous strides. Each the year opportunities for professional growth and education get better and better. This year alone, topics covered included research, management, engineering, promotion, censorship, and

prospecting and interviewing for talent. Plus there were format rooms and exhibitors, and it all adds up to an exciting weekend. It is by far the best buy for your money on the radio convention circuit, with registration under \$100 and that even included some of your meals. The AOR turnout this year was the best ever. It's these kind of meetings of the minds that give me the kinds of new ideas and inspiration I need to go back and attack my market with a new perspective. Although often underestimated, this type of education is just the thing we need to keep our industry strong. For those who would like to know more about the Conclave or are maybe interested in attending next year's Conclave, call <u>Tom</u> <u>Kay</u>, the Executive Director, at 612-927-4487."

KBPI PD GABE BAPTISTE: "YOU HAVE TO FIGHT FOR YOUR RIGHT TO SAY WHAT YOU PLEASE WITHOUT CENSORSHIP"

"One of the areas we dealt with in the 'Radio: Or Wrong' Right discussion was censorship. Even though you may not want a Howard Stern on the air at your radio station, you really have to be prepared to fight for your right and his right to say that which he pleases without censorship. Because if we let a little bit of our First Amendment

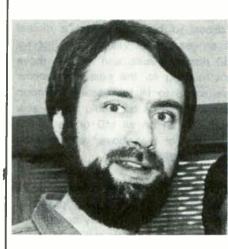

rights go, then first they're going to say that you can't say these words, then they'll say you can say that, and pretty soon it's going to reach down to affecting what a radio station in a real conservative market has to worry about saying, which is a real shame. It's one thing in the big markets where you're looking for a certain amount of shock, but if we don't right now take the bull by the horns and let the F.C.C. know that we're not pansies out here and that we are very interested in protecting our Constitutional rights as the media, then we're going to see certain things which we take for granted today removed. Face it, a small station that gets into a situation like Infinity has with Stern is going to knuckle under and say, 'Gosh, we can't afford the legal fees. We just won't get into this subject if the F.C.C. says that subject is not to be discussed.' In the smaller markets where there's less fragmentation you have a wider range of ages listening to the stations, so it should be more of a consideration in the smaller markets versus the big ones."

"I don't think I've ever heard anybody say, until this Conclave, that 'If you don't like it, turn it off.' Maybe we've reached a certain maturity as a media now where we're not always worried about having people listen for 900 hours and where we expect to have them listen every hour of the day. Maybe now we know what the parameters are for listening and now we have the maturity to say on the air, 'If there are certain things on this radio station that are not for you, then turn it off.' In response to those people who want to censor us, we're saying, 'look, there is an alternative. If this radio station is garnering ratings, then there's a reason for it to be there. And if you don't like what you hear, don't call the F.C.C., just turn the thing off.'"

"On a related subject, radio stations can demand moral, ethical and technical standards that are higher than those set by the government or the law. We have to keep that in mind if we really want high quality and we really want to find our niches and stick to them, and really find some things to fight for. For example, there are certain technical standards that the F.C.C. has that were developed back in the late 40's for FM. Your station's going to sound pretty shitty if you only use the F.C.C. standards by which to operate your transmitter. And maybe we have to examine not only our standards in moral, ethical and technical issues, but also in editorial issues. So often we do things automatically and we don't really think about them or their far-reaching implications and in order to survive into the 90's we're going to have to look at those far-reaching implications."

"And lastly, let's not forget that <u>Tipper Gore</u> is once again looming on the horizon with <u>Albert</u>'s presidential bid."

CONSULTANT TOM TEUBER: "WE'RE ON THE BRINK OF A NEW ERA OF ROCK RADIO CREATIVITY"

"For me, the highlight of the Conclave was Dr Timothy Leary's keynote address 'The on Triumphs Of Radio In The Roaring 20th Century'. I'm a child of the 60's, and it was exciting to be reminded twenty years later that The Summer Of Love in 1967 really was an important benchmark for social. cultural and political change. Radio was right there.

spreading the word and playing the music. I've had the feeling for some time that we're on the brink of a new era of creativity in Rock Radio. Dr Leary's speech reinforced that feeling. In the 60's he was teaching us how to use psychedelic drugs to expand our consciousness. In the 80's he's using computer software to do the same thing. I was energized by that and in this age when complex problems are reduced to simple slogans like 'just say no', it was refreshing to be reminded of the distinction between drug use and drug abuse."

STATION TO STATION

<u>Jeff Pollack</u> and WMMR, Philadelphia have been re-united. Pollack has inked the station, which he programmed before starting his consultancy firm. Said 'MMR PD <u>Ted Utz</u>, "Jeff and I have known each other and worked together for years and we're happy to have him as part of the 'MMR team. We feel he can add some expertise in certain areas where we need more information." WMMR retains the services of B/A/D/E and George Harris.

First Media Corp. has sold all of its radio properties (which include Boston Classic Hits WZLX) to a new partnership being formed between Cook Inlet Region Inc., an Alaskan native corporation, and Whitcome Partners, an investment partnership, for an estimated \$180 million.

Duffy Broadcasting Company has sold WORZ, Daytona Beach/Orlando to Beasley-Reed Broadcast Group at a sale price of \$9.2 million, as part of a full scale divesting of all its radio properties. Beasley also has an interest in 19 other stations. The only Duffy propery which has yet to be sold is KLZI, Phoenix.

UP CLOSE WITH TED EDWARDS PD, KGB, SAN DIEGO

TRACE YOUR CAREER PATH.

My first hands on experience in radio was between '72 and '76 at a great college radio station, WGSU-FM in Geneseo, NY just south of Rochester. It was a highly organized free-At the form station. same time, from '74-'76 I also worked at a commercial station. WCJW in Warsaw, NY, an AM-daytimer with a format that crossed AC

and Country. The station was run by a Mormon family, whose fervant belief in their religion often effected our programming. For instance, records would regularly be pulled off the air on Monday mornings. The family would go to services on Sunday and if any member of their church community had a problem with one of our records, no matter how strong the record was, it got pulled off the air the following morning. After college from '76 to '77, I went to work in Rochester at a Public Radio Station, WXXI-FM, the city's NPR affiliate. The wages were the worst, but the experience was great. I had a classical music show, I had a jazz show and I engineered everything from the Polish hour on Saturday to far too many Gilbert and Sullivan weekends. Then from '77 to '78 I went to WMJQ, Rochester which at the time was a soft rock station programmed by Al Peterson. 1 left there just as they had gone to an Abrams format in 1978 when I sequed over to WCMF which at the time was a progressive station. Although the first six months were a lot of fun with all the freedom we had as jocks, WMJQ in its new guise kicked our ass so soundly that the progressive ideals had to be left behind for fiscal reality. We went through some changes for awhile and then were sold to Sconix Broadcasting who cleared out personnel as fast as they did our antiquated equipment. A total of six people made the cut. Jeff Pollack was brought in, in fact we were the first station in his consultancy after leaving WMMR. With his help we soon became the format leader and eventually WMJQ dropped Abrams as a consultant and they became John Sebastian's first consulted station after he left WCOZ. Obviously a classic battle was about to begin as this was the only market at the time where Jeff and John were going head to head. WCMF and Jeff Pollack triumphed and I think that got me my next job. WCOZ at the time was the highest rated rock station in a top 25 market in the history of radio ratings with a 12.5 share. Tom Hunter, then the program director of WMJQ, told me he and John Sebastian wanted me out of town. So when the music director position opened up at WCOZ, they both made sure I had an interview. Honestly the way I felt about myself at the time was that I wasn't quite ready for a market so big, but apparently Andy Beaubian thought I was. In a few weeks I was living in Boston. It was a very exciting and painful year and a half. Some of the people in the company started to make our jobs very difficult and dismantled our beautiful radio station. It soon became apparent to me that the scapegoats for the decline were being sought out and I wasn't about to be one of them. As much as I liked Boston I had to consider some options. Through an incredible stroke of luck I quickly had an interview at KGB. I flew in Halloween weekend in 1982 and was offered the job at the end of my interview. I know it sounds corny, but I felt like I had come home. The station was everything I wanted a station to be: solid, understanding ownership, an incredible leader in <u>Larry Bruce</u>, a great staff and support system and with the physical environment in San Diego to top it all off I thought I had died and gone to heaven. Except for a momentary trip to the East Coast last year, when I had the priviledge of being the WIYY PD for two weeks, KGB's been my radio home.

WHO WERE THE THREE MOST INFLUENTIAL PEOPLE IN YOUR CAREER?

I find this a hard question to answer. There are a number of people who have influenced me in ways that go far beyond my experience as a broadcaster. Completely isolating this question to my career I'd have to say, 1) John Davlin, the General Manager of WGSU-FM. John taught me the importance of quality over quantity. Although at times extremely frustrating, he was an inspiration. Probably the most lasting influence I got from John, was to always remember that all music, no matter how basic, complex, raw, irritating, etc., was inherently good and should be given the benefit of the doubt. I hope I'll always remember to believe in that concept. And from what I understand John is working at a college radio station and is probably causing trouble there at this moment. 2) Jeff Pollack. Working with Jeff Pollack at WCMF, when he was in a position to work hands on with a radio station on an almost day to day basis, was incredibly stimulating. What I got from Jeff was an understanding of the balance in a radio station of formatics, love of music, playing to the audiences needs and not your own, and within that context still having fun doing rock and roll radio without compromising your personal or musical integrity. 3) I know this isn't a person, but sometimes it felt like it was. The staff of WNEW-FM from their start-up to about 1975, especially and specifically a jock named Jonathan Schwartz. He was an inspiration. He had a beautiful voice and incredible presentation. The man could talk for 20 minutes and I could be completely and totally enthralled. I thought at the time that if I was ever lucky enough to work at a rock and roll station I'd want to try to be Jonathan Schwartz.

WHAT ARE THE FIVE MOST INFLUENTIAL BANDS OF THE 80'S?

1. Roxy Music, Van Halen, The Cars, AC/DC, Talking Heads

WHAT WERE THE FIVE MOST OVERLOOKED BANDS OF THE '80'S?

Elvis Costello, The Ramones, Graham Parker, Angel City, and although, like Roxy Music, most of his music was produced pre-1980, Brian Eno's influence, especially in the context of New Age music, is being felt all the time.

WHAT ARE YOUR FAVORITE LEISURE TIME ACTIVIES?

Spending time with my wife, fooling around in my garden, cooking and eating, bicycling and of course, listening to music.

WHAT WAS THE LAST BOOK YOU READ?

I can't remember. I don't read many books. I read two newspapers a day almost from front to back and to me what seems like a constant flow of short form reading, mostly magazines. For me, if I want a story, I'd rather watch it on film.

WHERE WERE YOU AND WHAT WERE DOING DURING THE SUMMER OF LOVE?

Trying to find myself, preparing for the upcoming football season, working as an industrial artist and trying to get laid--all of this at my parents home in Long Island.

WHAT'S HOT AND WHAT'S NOT?

WHAT'S HOT: Monogamy. WHAT'S NOT: Casual sex.

WHAT ADVICE DO YOU HAVE FOR THE OTHER SIDE?

Learn as much as you can about the stations you deal with and try to promote from that position instead of simply adopting a company line.

RADIO ACTION

WMMR, LISA RICHARDS: I've noticed a growing closeness between radio and records and the New Music Seminar has only confirmed my feelings. Could it be more and more of us are remembering why we got into this rat race in the first place. WHJY, ROB LIPSHUTZ: Joel Webber & Company: You should be proud of a job well done. The New Music Seminar was a success, a big improvement over last year. I was most interested in <u>RICK CARROLL</u>'s presentation on his KROQ/Modern Music Crossover format, which I believe could be successful in more markets than I thought possible...Fragmentation is definitely the wave of the future.

WCMF, DAVE KANE: I think the New Music Seminar was a very productive forum to increase our awareness of the presence of alternative forms of music. While there was a certain degree of frustration expressed, I think everybody left with a more hopeful feeling in terms of programming more of this music, or at least to know that we are not alone in our frustrations.

KTXQ, DRAKE HALL: Now, let's talk about a very important record-this <u>WILLIE PHOENIX</u> is no downstream shit. If you are ignoring this one because you saw a pissed-off looking black guy on the cover, you are a schmuck first and a racist second. This ain't funk, it ain't <u>RAY PARKER, JR.</u>, this is hot stuff!

RECORD ACTION:

BILL MC GATHY, RCA: The New Music Seminar was better put together this year, but with organization you lose spontaneity...Except for the panel with the consultants, most of the interaction was self-serving verbal masturbation. Basically, a convention is a convention.

<u>MICHAEL PLEN, I.R.S.</u>: The New Music Seminar was, in most ways, a disappointment. We were preaching to the converted. The only way a seminar like that will succeed is if it's within the confines of a mainstream radio convention where we can sell the people who really can make it happen.

WHERE ARE THEY NOW?

This week's interview discovers "Whatever Happened To...<u>ERIC</u> <u>BURDON</u>?" and the Rock Request is a summer favourite from 2 years ago - "How Much Longer" by <u>RE-FLEX</u>.

If anyone harboured any desire to rid the world of the British music industry...last Saturday would have given them the perfect opportunity. It seemed the whole business - stars and hangers-on alike were all squashed into Pinewood Studios for the 25th anniversary party thrown by Island Records. Three hours of the bash were televised with live performances including ROBERT PALMER, PAUL RODGERS, duetting with ANDY SUMMERS, THE CHRISTIANS, TROUBLE FUNK with SLY & ROBBIE and U2 live by satellite from their concert in Paris. There were various pre-recorded clips too including a performance from JOE COCKER and an interview with YUSAF ISLAM about his transformation from the artist who made millions for the label in the 70's - CAT STEVENS. Many of the stars were interviewed, but very briefly ... even CHRIS BLACKWELL, Island's founder and reluctant host, was only allowed a few moments to speak before the TV cameras rolled back onto the busy stage. Many guests were disappointed to find they weren't allowed into the room where all this was going on and were reduced to watching it on a giant video screen or ignoring it completely and heading for the fun-fair. However, after the broadcast, everyone was treated to an apparently impromptu performance by an all-star band that included SUMMERS and CLAPTON on guitar and RINGO STARR on drums. At dawn, Pinewood was still throbbing - but still no sign of James Bond!

When we chatted to <u>SQUEEZE</u>'s <u>JOOLS HOLLAND</u> at the recent Prince's Trust shows at Wembley, he reported that the working title for the band's new single was "Babylon...And On". They changed their minds: the new 45 is "Hourglass" out on July 24 and produced by <u>JOOLS</u> suggested by <u>ET</u>

THORNGREN, together with the group's <u>GLENN TILBROOK</u>. The b-side of the seven-inch is "Wedding Bells", with an extra track on the 12-inch, "Splitting Into Three". The <u>SQUEEZE</u> line-up remains the same as that on their comeback LP "Cosi Fan Tutti Frutti"...

If you like "Jane's Getting Serious" - take a long, hard listen to <u>JON ASTLEY</u>'s debut LP "Everyone Loves The Pilot (Except The Crew)". Known and respected as a producer since the seventies when he took over the production of "Who Are You" from <u>GLYN JOHNS</u> and never looked back, <u>JON</u> has worked with <u>ERIC CLAPTON</u>, <u>ROGER DALTREY</u> solo, <u>COREY HART</u>, <u>JOAN ARMATRADING</u>, and most recently with <u>MARILYN</u> <u>MARTIN. PETE TOWNSHEND</u> and <u>ANDY SUMMERS</u> wanted to appear on his album but weren't available at the right time-<u>ERIC CLAPTON</u> was and plays on the current single. A wellprogrammed Fairlight (he did the programming on <u>TOWNSHEND</u>'s barge moored in the River Thames!) features prominently on the LP and most likely will on the next one too...<u>JON</u> enjoys being captain so much, he's already working on songs for the follow-up.

<u>SIOUXSIE</u> has two new <u>BANSHEES</u> - <u>JON KLEIN</u> and <u>MARTIN</u> <u>MCCARRICK</u> - and a new single, "Song From The Edge Of The World"...the band played at the Finsbury Park Supertent in north London on July 25.

As any Fab Four collector will know, EMI has for the past five years been fastidiously re-releasing each of the BEATLES' singles exactly 20 years on from the date it first appeared, in regular black vinyl and highly collectible picture-disc editions. While the first of these "Love Me Do", made a major impact on the charts here once again in October 1982, climbing to number four, since the fuss died down each record has been bought only by the real enthusiasts, and EMI's been happy enough with that. Now, with all the attendant publicity of "It was 20 years ago today", the company is taking a far more aggressive marketing stance as the next release comes around: "All You Need Is Love" is just out, again in black vinyl and picture disc configurations, but also on a 12-inch single and a cassette single. That's not to mention the strong array of marketing tools being used, which include T-shirts, videos, counter cards and even plastic flowers. Our guess is a Top 40 hit all over again.

SPEAR OF DESTINY's follow up to "You'll Never Take Me Alive" is another strong rock number called "Was That You"...<u>COLOURFIELD</u> have a new (and belated) single called "She" from the current album. "Deception"...That <u>PETROL</u> <u>EMOTION</u> have released a live 4-track EP which includes a version of their current single "Swamp"...<u>THE PET SHOP BOYS</u> hope to hold on to their number one chart position with the release of 12" remix of "It's A Sin" plus limited edition cassette single. Their next release - the duet with <u>DUSTY</u> <u>SPRINGFIELD</u> - is ready and waiting in the wings.

<u>SIMPLY RED</u> have changed guitarists: original member <u>SYLVAN</u> <u>RICHARDSON</u> has been replaced by <u>AZIZ IBRAHIM</u>...

Beware the bogus <u>MISSION</u> picture disc...<u>MISSION (UK)</u> have discovered some unscrupulous person that has issued two records of almost inaudible, inane interview material without the band's consent. Neither disc contains any music.

In the quietest week for new material that the UK album chart has seen in ages, the fastest mover in the entire Top 40 was a record that's been in the bestsellers four months already, <u>JANET JACKSON's</u> "Control", which vaulted back from 31 to eight. <u>JOHN FARNHAM</u>'s "Whispering Jack" made the highest debut at 35, with the independent compilation "Lonely Is An Eyesore" following at 53 and the "Collaboration" between GEORGE BENSON and EARL KLUGH at 54. Also new were the ATLANTIC STARR LP and the "Sixties Mix" set.

WHITESNAKE have announced their European tour schedule following their final US date at Philadelphia on August 5...most of their time will be spent in Germany with just one date each in Switzerland and Holland and four in the UK including Wembley Arena on July 26. The band have just notched up their first ever UK top ten hit with the ballad "Is This Love".

<u>CLIFF RICHARD</u> is close to matching <u>ELVIS PRESLEY</u>'s chart record of 55 top ten singles as his current release "My Pretty One" goes up to six and takes his current score to 50...if you include <u>CLIFF</u>'s duets with <u>SARAH BRIGHTMAN</u>, <u>THE YOUNG</u> <u>ONES</u> and <u>PHIL EVERLY</u>, his Top Ten total is 53...

BOY GEORGE was the guest single reviewer in the Record Mirror magazine this week...his favourite was <u>LUTHER</u> <u>VANDROSS</u>, but when faced with the new release from soap star <u>ANITA DOBSON</u> with <u>QUEEN's BRIAN MAY</u>, he lost all courage and refused to play because he's such a fan of Angie, the character she plays in "Eastenders", and couldn't bear to say a word against her!

It's time to polish up your nods and winks as London's major auctioneers prepare themselves for their annual Rock 'N' Roll auctions. Sotheby's have brought theirs forward to August 5 and included in the sale will be <u>GEORGE HARRISON</u>'s 1969 Mercedes Benz saloon as used in the "Let It Be" film. You could also get your hands on various <u>BEATLES</u> tapes and film which are being sold with copyright including the tape of a long interview <u>JOHN LENNON</u> unexpectedly gave to two students in December '68. <u>STEVE HOWE</u> is selling 12 of his guitars and there are the usual commemorative discs and memorabilia associated with <u>LED ZEPPELIN</u>, <u>QUEEN</u>, <u>DURAN</u> <u>DURAN</u> and <u>THE SEX PISTOLS</u> and many others. Christie's hold their sale on August 28...more info on that in next week's news.

It's the summer of love for those boys we thought would never grow up...ex-HAIRCUT 100 members <u>NICK HEYWARD</u> and <u>BLAIR CUNNINGHAM</u> have decided to become married men...<u>BLAIR</u> is newly wed and <u>NICK</u> walks down the aisle on August 8...his reception takes place at London Zool

<u>BILLY BRAGG</u> flies to Nicaragua later in July as special guest at an arts and music festival, following a special invitation from the Nicaraguan government, and also plays a benefit gig in aid of the country on August 27...

CHRIS REA, in the dizzy heights of the British Top 20 at last with "Let's Dance", has announced a big UK tour beginning in late October. His new LP will be called "Dancing With Strangers" - it's his ninth for Magnet Records and comes out in September.

<u>U2</u>'s tour bus was burnt by fighting gangs in Brussels last week...the band were in a nearby hotel at the time and are reported to have lost a guitar and some clothing in the blaze.

MADONNA had added an extra concert to her only UK dates at Wembley Stadium. The third night is expected to sell out fast as all tickets for the first two were sold in just one day...the trio of shows will put <u>MADONNA</u> into the record books as the biggest selling female artist ever to "tour" the UK...however, it appears there are still some unsolved licence problems at the Stadium that could put the dates in jeopardy.

BACK IN MARCH we were the first to tell you that the quintessential 70's progressive rock band, EMERSON, LAKE and PALMER, had reformed. Now let us be the first to tell you that due to differences, musical and otherwise, GREG LAKE is out. His replacement you ask? CARL PALMER's old ASIA buddy, JOHN WETTON. We understand that this new trio will be calling themselves EWP. Seriously.

ROCK REPORT CORRESPONDENT KEN SHARP spoke with ROGER DALTREY

recently and he told us what THE WHO have planned in celebration of their 25th Anniversary. According to Roger, the band has made plans for a party, where The Who will perform. The problem is that there is no way to accommodate everyone who played a part in the group's career. Therefore, Daltrey is looking at the possibility of The Who performing a free show in New York's Central Park. We'll let you know how this progresses. Meanwhile, Roger is planning a solo tour where he will perform nothing but older Who songs as he has a desire to keep this music alive. The invitation has been extended to JOHN ENTWISTLE and PETE TOWNSHEND to join him, if they so desire. When the details on this are worked out we'll let you know.

REMEMBER THE CLASSIC 1970 DAVE MASON album, "Alone Together", that was released on marble vinyl? Well, MCA Records is planning to re-issue that piece of music via compact disc, and guess what? It will be the first marbleized cd. The label is re-releasing this classic Lp to ready everyone for Dave's forthcoming "Two Hearts" album which, as we told you, pairs him once again with TRAFFIC mate, STEVE WINWOOD. We can expect the new record in October via Voyager/MCA.

SEPTEMBER WILL SEE THE RELEASE of GEORGE HARRISON's first album in five years. Contrary to previous reports, neither PAUL MC CARTNEY or JULIAN LENNON appear on the Lp. RINGO STARR however does play drums on several tracks. Another special guest is Harrison's old friend ERIC CLAPTON, who lends his talents to a number of songs. JEFF LYNNE, of ELECTRIC LIGHT ORCHESTRA fame, has produced the record which has been described as the most commercial and original material Harrison has done in years. Rumor has it, especially in light of George's recent "Prince's Trust Fund Gala" performance, that he will take a band out on the road in support of this yet untitled new record.

SPEAKING OF PAUL MC CARTNEY, Capitol Records is releasing a two-record set of WINGS greatest hits. Included in this double package will be previously unreleased material along with their best known tunes. Look for it to hit the streets next month.

AUGUST 31 IS THE DAY that the new PINK FLOYD record lands in record stores across the country. Tickets for the band's forthcoming stadium tour have already gone on sale throughout the U.S. and Canada. Floyd (which now is comprised of DAVID GILMOUR, NICK MASON and RICHARD WRIGHT) will be on the road at the same time as former band member ROGER WATERS, who's out supporting his own album, "RADIO KAOS".

WE'RE PLEASED TO REPORT that guitarist YNGWIE MALMSTEEN is recovering nicely from his near fatal auto

accident. Malmsteen sustained serious head and facial injuries on June 22 when his Jaguar was involved in a one vehicle crash in Northridge, California. Malmsteen was thrown through the windshield and remained unconscious for a number of days. He is expected to make a complete recovery. Yngwie has plans to begin recording a new album for PolyGram with vocalist JOE LYN TURNER next month, and depending how well he is healing, that project may or may not be pushed back.

BO DEANS FANS, AND YOU KNOW WHO YOU ARE, will be pleased to read that the band has just completed their second Lp for Slash/Warner Bros.. The group was in Royal Recorders Studio in their home state of Wisconsin with TALKING HEADS guitarist JERRY HARRISON (another WI. native) sitting behind the board. You may remember the band's first record, "Love & Hope & Sex & Dreams", which spawned such great songs as "She's A Runaway" and "Fadeaway".

LOS LOBOS: Los Lobos is denying reports that they are planning to sue Paul Simon over their contributions to his album, "Graceland". A spokeswoman for their label, Slash Records, says that reports of a potential lawsuit that appeared in English newspapers are untrue and that there was never any problem between the band and Simon.

THOMAS DOLBY: Thomas Dolby, who has been busy doing soundtracks for films such as "Howard The Duck" and "Gothic", is planning a return to recording this fall with a

new album on Manhattan Records. Dolby is currently touring with his new band, The Lost Toy People.

- <u>CULTURE CLUB</u>: Two former members of Culture Club have formed new bands. Jon Moss' new band is called Heartbeat U.K., and Roy Hay has just hit the English charts with his new band, This Way Up. Their debut single is called "Tell Me Why".
- <u>ROBERT PALMER</u>: Robert Palmer is scheduled to enter the studio late this summer to record an Lp with producer Dieter Dierks. The Scorpions will provide back-up on a few tracks. Palmer is moving to Switzerland to record. The album will be released in 1988.
- <u>ELTON JOHN</u>: Elton John has ended his Los Angeles vacation and returns home to England. He'll start a new album in October with producer Chris Thomas.

GARFUNKEL SAYS HE AND SIMON AREN'T SPEAKING: Art Garfunkel says he and former partner Paul Simon aren't speaking to each other at the moment. In an interview with the Los Angeles Times, Garfunkel revealed that although they've come close to actually recording a few times, and that he would like to have another reunion, their relationship is going through one of its "cool" periods. "He's busy denying Simon and Garfunkel and hating those songs and trying to be an artist who's outgrown the old stuff," Garfunkel said. But fans are always saying they love the old stuff and asking if there's a possibility of seeing us do it again. I'm with the fans," said Garfunkel. Garfunkel is working on a new album for release later this summer. He denies that the resurgence in Simon's popularity had anything to do with him recording again.

ANTHRAX SAYS THERE'S NO REASON TO COMPROMISE TO GET AIRPLAY: Speed metal band Anthrax is six weeks into a national tour of two to three thousand-seat halls. Bassist Frank Bello says they would like to get the opening slot on an arena tour by a big metal band, but he says the group isn't worried that their latest album, "Among The Living", isn't getting any airplay. Bello claims the Lp has already sold 250,000 copies on college station airplay alone, and has become the biggest seller Anthrax has ever had. The album was co-produced by Eddie Kramer, who has worked with Led Zeppelin and Jimi Hendrix. "Iron Maiden doesn't get played on the radio and look where they are now," he said. "That's the road we're taking. There'll never by any compromise. There's no reason to."

LENNON ITEMS BRING TOP DOLLAR AT ANNUAL ROCK AUCTION: John Lennon items brought the highest bids at Sotheby's Fifth Annual Rock and Roll Auction held in New York. Sid Routhier, the museum curator for the Hard Rock Cafes, bought most of the Lennon items, such as his original lyrics for "Dear Prudence" -- \$17,500 --, and "Imagine"--\$7,000. A pair of Lennon's glasses went for \$8,500. Other Beatle memorabilia auctioned off included a photo proof of the "Yesterday And Today" butcher cover for \$3,250; a framed Gold record for "Abbey Road" -- \$2400.; a complete set of "Beatles Monthly" magazines -- \$800.; a single brick from The Cavern Club brought \$600.; and, Ringo's auto insurance policy dated 1961 went for \$550.. Non-Beatie items that brought high prices included a floral shirt owned by Jimi Hendrix, which went for \$2700., and a Gold album by The Who, which brought \$2500..

THE NYLONS: The Nylons kicked off a month long tour opening for David Sanborn in Tulsa, Oklahoma, on July 9th. The tour will play Houston, Dallas, Atlanta, Nashville, New York, Boston, Washington, Philadelphia, Detroit and Chicago before wrapping in Los Angeles. The Nylons shoot the video for their next single, "Happy Together", on July 28th and 29th.

- TURNER AUDIENCE HITS 1.8 MILLION: Tina Turner starts her North American tour August 10th in Portland, Maine, after spending five months touring in Europe. She'll play 80 concerts in 70 cities in the U.S. and Canada. So far on this tour, Turner has played 99 sold-out shows with a total audience of 1.8 million people.
- <u>ELTON JOHN</u>: Elton John, in Los Angeles to launch his new live album, caught old friend Chris Hillman's concert at the Roxy. Also in attendance: Bernie Taupin, Stephen Stills and Nicolette Larson.
- <u>SIMPLE MINDS</u>: Simple Minds' Jim Kerr says he hasn't heard either of the songs his wife Chrissie Hynde, of The Pretenders, wrote and recorded for the new "007" movie, "Living Daylights". And, Kerr says he's not even a fan of "James Bond".

HOW "SOUNDS OF SILENCE" GOT BACK INTO SIMON'S SET: Paul Simon has added a second Simon and Garfunkel classic to his "Graceland" tour set, albeit by accident. Simon went out on the road with his South African show, determined to play only two oldies -- "The Boxer" and his early solo hit, "Mother And Child Reunion". However, at the Sydney Entertainment Centre, a technical fault developed during a duet with Miriam Makeba and Paul asked rhetorically, "What can I say?" "Sounds Of Silence'," responded a fan, and a laughing Simon began playing the intro in a languid, blues style on electric guitar. As the audience responded warmly, he went into the song, which brought the house down. So it is now officially a part of the show.

MICHAEL JACKSON HOSTING RARE LISTENING PARTY AT HIS <u>HOME</u>: Michael Jackson is planning to launch his new album by hosting a party at his Encino, California, home for executives of the country's top record store chains. Jackson's new single, "I Just Can't Stop Loving You", will be released July 20th, with the album, "Bad", due in stores August 31st. The party will be held on July 13th with guests being chauffeured from a Beverly Hills hotel to Jackson's home. In addition to hearing the new album, they'll also preview the 18-minute video which has been completed for the song "Bad".

ALL-STAR TUTU CONCERT POSTPONED UNTIL NOVEMBER: The all-star concert being planned in honor of Bishop Tutu has been postponed from its original September 5th date. Organizers now say the show will probably be held November 8th, and that it will definitely be held at UCLA. Super agent concert. Norby Walters is booking the talent for the According to organizer Charmaine Modjadji, it was Walters' idea to reschedule the event because he wanted all of the artists on his roster to participate. Another agent is booking English acts. At a press conference in late May, Jeffrey Osborne, Klymaxx and The Fat Boys were announced as a partial line-up. It's hoped that in the coming weeks such stars as Janet Jackson, Whitney Houston, Sting and Peter Gabriel will also be confirmed. Paul Simon, originally announced as one of the performers, will not be appearing.

EX-REVOLUTION MEMBERS WENDY & LISA RELEASE DEBUT LP THIS MONTH: Wendy and Lisa, the guitar and keyboard mainstays of Prince's recently-disbanded group, The Revolution, have cut their first album and signed with Columbia Records. Their self-titled Lp, co-produced by Wendy and Lisa and former Revolution drummer Bobby Z, is scheduled for release the last week in July. The two have been working together for the past three years, contributing tunes such as "Mountains" and "Sometimes It Snows In April" to Prince albums. While they were with Prince, they composed over 30 songs, but when they went out on their own, they discarded all of them and wrote new ones because they were determined to create music untinged by the Prince influence.

<u>WILSON PICKETT</u>: Wilson Pickett is out on his own recognizance pending an appeal on a weapons conviction. Pickett faces up to five years in prison after a jury in Hackensack, New Jersey, found him guilty of bringing a loaded shotgun into a bar three years ago this month. Pickett claimed he didn't know the gun was loaded. The singer says he's also filing a harassment charge against the police who arrested him.

HALF MILLION DOLLAR DISPUTE OVER TAX BILL ON <u>LENNON CATTLE</u>: Yoko Ono is contesting a tax bill in excess of half a million dollars from the Internal Revenue Service stemming from a 10 year old cattle transaction. In 1977, the Lennons invested \$375,000 on a \$2.7 million deal for 122 cows, 10 bulls, real estate and used equipment. The I.R.S. contends the deal was entered into as a tax shelter instead of for profit. The Feds are refusing to allow write-offs for losses related to the operation and they now want \$592,000 in back taxes. Ono and Lennon's estate have filed suit in U.S. Tax Court.

SIMPLE MINDS TOOK EXTRA CARE WITH LIVE ALBUM: Jim Kerr says more goes into making a live album than the average fan might think. Kerr says about 30% of Simple Minds' new double live album had to be overdubbed, due to a variety of factors. He also says the set - recorded in Paris - is actually a trial run for the shows in Australia, which they intended to record and release as the live Lp. "In Australia, we were very conscious of the tape being on," Kerr explained. "Maybe we even held back a little bit. But in France, there was nothing to lose because it was a trial run." Kerr said they deliberately played smaller places in France than they usually do. Because they did, the fans went wild. "There was sweat dripping from the ceiling - ideal circumstances to make a rock record," he said. "The Australian ones sounded good, tight and professional, but so what?" Ironically, the same "ideal circumstances" that made it a perfect way to record a rock album also necessitated the overdubbing. Kerr said although the "energy" was good at the Paris shows, a lot of technical things were "dodgy." "For instance," he explained, "the hall was so packed, the heat was knocking some of the things out of tune. We worried how we were going to sort it out without losing the original. Overdubbing didn't come as a surprise because we got in touch with people who had made other live albums we were fans of, and they all told us to be prepared to overdub some things. Feedbacks, echoes, and microphones falling down, you don't notice in the hall because you're so into the vibe of the thing. You have to fix those things in the studio."

HAS ANYBODY NOTICED those new ads G.M.C.'s Buick Division is running? It's a take-off on the Buddy Holly classic, "Oh Boy", and the words have been changed to "Oh Buick"... Paul McCartney did something he said he never would: He put the Buddy Holly catalogue up for sale to the highest bidder.

THE GRATEFUL DEAD, smashed an all-time box office recordwith a little help from Bob Dylan -- last weekend at the Giants Stadium in Jersey's Meadowlands Complex. John Scher's righthand man, super-publicist Ren Gravatt, bulletins that the exact gate last week for the Dylan/Dead spectacular was 71,598, with a gross coming in at about \$1.6. Both are new records for the facility. Two of the '60's biggest and most influential artists served up their 1980's menu as if in a time warp. The Dead were in superb form, and Jerry Garcia, very health-conscious since his severe illness, is concentrating on the music again, and having a good time as the Dead wind through one sell-out after another. DYLAN'S SET SEEMED more aloof and introspective than the Dead's. It was kind of strange to hear Dylan's songs come out with a Grateful Dead sensibility and feel. Bob looked thin as a lick, dressed totally in black, with a dark black coat and a matching black beret. Among the highlights of Dylan's set, a virtual potpourri of his career, were: "Memphis Blues Again"; "The Ballad Of The Thin Man"; "All Along The Watch Tower"; "Knockin' On Heaven's Door"; and an electrifying version of one of Dylan's most popular compositions, "It's All Over Now Baby Blue". Spotted at the Jersey record center were Arista's Clive Davis and his staff. Arista is riding high with a new Dead album just on the streets, and Whitney selling like there's no tomorrow. It was a memorable day for the nearly 72,000 paying customers. The final song of the night was the Grateful Dead's current single - the song many people are saying will catapult them to the top of the charts for the first time in their 25-year career - "I Will Survive".

WATCH FOR FORMER PINK FLOYD VOCALIST ROGER

to grab two interviews next month for NBC's radio entertainment network. On August 4 there will be a live press conference which we understand WNEW-FM's very capable Ray White will host. It is being beamed worldwide from Abbey Road Studios, the same facility that The Beatles during the '60's. Because of Roger's expansive style, the special will run commercial free. It will be produced for NBC by Michael Hughes and is available on a non-exclusive basis for any station in America. The second special is an in-depth career retrospective on August 10. It's called "Radio - Today's Rock Stars". It is a Roger Waters profile by Timothy White, who wrote that great biography of the late BoB Marley "Catch Afire*. White did the interview at his home in London, where he had studios installed, and the special will feature versions of two Pink Floyd classics. One is called "Get Back To The Radio", which was supposed to be for the album "Radio KAOS" but was never used. It will be played in demo form. The second track is called "If" and it was on the first "Atomic Hard Mother" album, the recently recorded version by Waters and the Bleeding Heart Band.

In a rare radio moment, Ray Davies surprised the WBYR staff by stopping by the studios for an interview. It turned out that Ray was in town for a show and happened to be staying in the hotel where the 'BYR studios are located. He met up with a 'BYR staffer who asked him to come up to the station. LIFE'S A BEACH FOR KATT

Beach parties in the middle of July are not an uncommon occurrence --- unless of course you live smack in the middle of the country where

there is no ocean. That's why we thought it noteworthy that KATT, Oklahoma City was planning their fifth annual beach party. "It's a big event since this is Oklahoma and we're pretty much land-locked here", says PD Pat Welch. It's the centerpiece of our summer. We always have a lot of fun with it and people look forward to it all year."

How does one produce a beach party without an ocean you ask? It's easy. KATT just has 500 tons of sand shipped to them and dumped in a parking area in the heart of the downtown section of the city. The station partakes in all the seashore rituals: volleyball games, tan line contests for men and women and a sand castle building contest with \$100 going to the winning sculpture. Jon Butcher and Richard Marx will provide the entertainment this year, the first year for national acts to come to their stage. The price of admission is \$2.00 with all proceeds going to the American Cancer Society. The station expects attendance to range anywhere between 10 and 15,000 people.....sounds like a shore thing to me!

WKLC TAKES YOU TO THE RIVER

Every year WKLC has a fireworks show by the river with local bands supplying the entertainment, drawing between 50 and 60,000 people. This year they decided if they were going to do it up big and went on a search for national acts. They were able to get the Hooters and The Truth, and Bryan Adams (with a day off between shows) agreed to supply the sound system for free.

The payoff was big for WKLC--it was probably their most successful July 4th promotion to date. About 80,000 joined them for the concert, with another 25 to 30,000 showing up for fireworks. The event was held on the riverfront in the downtown area of Charleston. The crowd reached as far as a half mile back and went twenty deep on the other side of the river. Over 400 boats parked themselves in the river and watched from there. The station received TV coverage before, during and after the event, and newspapers covered it from a week in advance to the day of the show. The festivities started at 2:00PM with music and went on until 8:30 when the fireworks began. Beach parties and body building contests were a few of the events that took place during the day and the Hooters were given the key to the city by the mayor!

WKLC PD Brian Krysz was extremely pleased with the results of the promotion. It was one of the most successful concert promotions he's ever done. He offers this advice to any station wishing to try this sort of promotion themselves for the first time and he's willing to talk further to anyone who would like more info: "I've probably done fifty shows.....It's very important to have a production guy who knows what they're doing to fulfill the needs of the bands. It's very intricate. You have to go from making sure the stage is right and the sound is right, to making sure the band has something to hang their clothes on if it's an outside show. There are so many little things that go into it. And if it's done right it's an everybody wins situation; the station looks good, the city looks good and the band looks good."

KOME GET YOUR CAR

KOME recently gave away a Classic Convertible Car in a Top Down Summer contest. Listeners were asked to send in a postcard to the station and wait for their name to be called over the air. When they heard their name they had 98 minutes to call the station and claim a key to the KOME Top Down Summer Box. The promotion came to

a close on July 4th after the holiday's traditional baseball game. The 98 keyholders gathered together for a chance to win one of five convertible cars. One by one the keyholders tried their keys until key #59 finally opened the box. Once the box was opened the winner had a chance to choose from five blank envelopes, each containing the key to a different car. The car finally chosen was a new Camaro IROC T-Top. Response to the promotion set new records for KOME, drawing in over 1,800 entries for the competition.

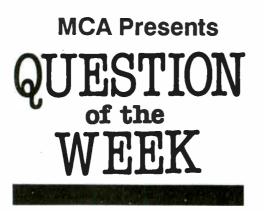

KDJK SENDS YOU TO IOWA?

Radio stations all over the country pride themselves in promotions that send listeners to all kinds of interesting places to see different concerts. Well, KDJK in Modesto, CA recently sent a pair of their

listeners to see Bon Jovi and Cinderella --- in Des Moines, lowa. Realizing that this wasn't exactly as exotic as going to, say, Switzerland to see the band, they decided to have some fun with the promotion it by saying on the air, "You'd <u>pay</u> to go to New York, Hawaii or to Paris, but you wouldn't pay a dime to go to Des Moines, Iowa....so <u>we're</u> going to send you there!" PD Mark Davis and MD Beaver Brown had the pleasure of escorting their two winners to Des Moines for the weekend and when asked how the city was Beaver told us, "Nice. A little quiet, but nice."

On a more serious note, with the help of Bon Jovi and Cinderella, KDJK helped raise \$1,150 for the homeless of Modesto. The two bands donated clothes, autographed and personal items to be auctioned off, while Polygram Records donated platinum albums from each band. The auction was held at a local record store in town and drew in a good sized crowd. The bidding went well; the Bon Jovi platinum album went for \$260 and a pair of his stage pants went for \$140.

What are your favorite new artists so far this year? What percentage of new artists (that's <u>new</u> artists, not new music from veteran/established artists) make up your current playlist?

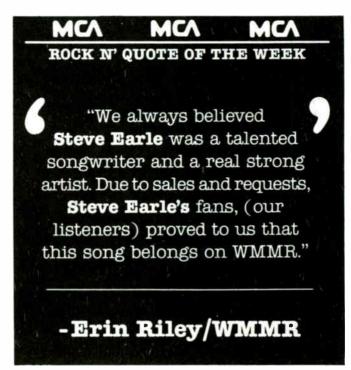

- DOUG CLIFTON. KBCO: "Steve Earle, Jon Astley, Chris Isaak, The Cruzados, The Silencers, Washington Squares, Lyle Lovett, Figures On A Beach, Fire Town, Nicholas Tremulis, The Saints, Concrete Blonde, Georgia Satellites--to name just a few...About 40% of our current playlist is made up of new artists."
- TOM SCHEPPKE, KISS: "Grateful Dead, a hot new band for the 80s and Tesla, Ace Frehley, Great White (even though it's their third album), EZO, Jeff Paris, Beat Farmers, Tony MacAlpine...60-40% are new artists."
- ANTHONY ALFONSI, WDVE: "Fave new artists so far: Richard Marx, Frozen Ghost and Farrenheit...On the playlist about 5% are made up of new artists."
- DAVID ANDERSON, WIOQ: "My favorite new artists so far this year are: Crowded House, Robert Cray, Mason Ruffner...About 30% of our current playlist is comprised of new artists."
- **RUSS MOTTLA, KTYD:** "Farrenheit (one of the perfect AOR staple bands of the future), and Crowded House (they've got the essence of power pop boiled down like the Outfield for major AOR acceptance)...About 15% of our playlist is new artists (and I wouldn't have it any other way we have to continue to develop new bands for our own future as radio programmers)."

RICK MAC KENZIE, WAAF: "Some of my favorite new artists are Omar & The Howlers, Mason Ruffner, Crowded House, Jon Astley and Farrenheit...I'd say 30% are new artists."

DAVE ROSS, KFMU: "Smithereens, World Party, Don Dixon...I really can't put a percentage on new artists that we play, but I can say that if a new artist comes along and fits in with what we're trying to do, it will definitely get played. There's a lot of great new artists out today and we can't overlook paying close attention to what they're doing." CHARLIE LOGAN, WYNF: "The Replacements stand out as my favorite 'new' artist of '87. Richard Marx is a close second...Percentage wise about 10-20%."

TIM JEFFREYS. KAZY: "I think my favorite new artists are: Richard Marx, Tom Kimmel, Little America, The Truth and Omar & The Howlers...Our current playlist is made up of about 5 to 10% new artists, but not only is that subject to change, the percentage has probably been higher than that in the past. Breaking new artists can always position you away from your classic rock or hybrid AOR competitors by keeping your station sounding fresh."

KELLY CRUISE, WEGR: "Frozen Ghost, The Truth, Richard Marx...About 25% of our playlist is new artists."

JOHN COOPER, WPYX: "Rock & Hyde, The Truth, Frozen Ghost, Omar & The Howlers...10% of our playlist is new artists."

MIKE BOYLE, WDHA: "The Replacements, the Silencers, Omar & The Howlers, Cutting Crew, Rock & Hyde...I would say about 30% of the current 'DHA playlist are brand new artists."

<u>CHRISTINA.</u> <u>WPLR</u>: "Europe, Georgia Satellites, Tesla, Paul Kelly & The Messengers...40% of our playlist consists of new artists at any given time."

PAUL MARSZALEK, WMAD: "Crowded House (fantastic band), World Party, Danny Wilson, Fire Town, Steve Jones...About 10% of our playlist is new artists."

TY BANKS, KOWB: "Omar & The Howlers would have to be in the top...No more than 15%."

BREW MICHAELS, KEZE: "The Georgia Satellites, The Silencers, David & David, World Party and those funsters out of Santa Barbara, Little America...About 15% of our playlist is brand spanking new artists while another 15% is brand new spanking artists, most notably Wendy O. Williams."

- HARVE ALAN, WCCC: "My favorite new artists: Jon Astley, Danny Wilson, Mason Ruffner."
- KAREN ANDERSEN SMALL, WGIR: "Favorite new artists this year are: Georgia Satellites, Crowded House and The Truth...What percentage? The percentage varies with the quality of new artists out."

BEAVER BROWN KDJK: "Georgia Satellites-hands down. These guys have totally worn out the speakers in my car. When the tape's in the volume's up to 11...At least 15-20%, we try to expose new artists. We'd rather play a good song from a new artist than a fair song from an established artist."

- **DON BERNS, CFNY:** "Danny Wilson, Martin Ansell, Scott Goddard, Blue Rodeo, Colin James, 77's, Christians, Crowded House, World Party, Rock & Hyde, Concrete Blonde, Timbuk 3, Thrashing Doves...New artists make up 40% of our playlist."
- SUMMERFIELD HORNER. KZEW: "Richard Marx, The Truth...New artists make up probably 15% of our playlist."
- KIM ALEXANDER. WHCN: "Crowded House and K.D. Lang...Approximately one third of our current playlist is made up of new artists."
- KIM POOL, WMRY: "The Truth, Frozen Ghost, Rock & Hyde, Little America, Jon Astley...New artists make up about 40% of our playlist."
- **<u>GREG MULL, WRXK</u>:** "Omar & The Howlers, Mason Ruffner, Steve Earle...Between 40% and 50% of our current list consists of artists that weren't being played on rock radio this year."
- <u>ROBIN MATHIEU, WBLM</u>: "Concrete Blonde...A quarter of our playlist is new artists."
- **SLATS, WHTQ:** "I think the biggest surprise so far has to be Danny Wilson on my ears. When I first heard the track I thought to myself, oh, here we go again, another slushy A/C track that's trying to cross over but to be honest with you, it sounds special on the air. Also Suzanne Vega has been a winner from week one. Richard Marx is impressive as well, the other artist that gets serious airplay at home impress me as well. Since we're basically a four month old radio station, when the listener tunes us in there should be something very relatable to that person's ears. Later on down the road I do envision this station being a lot more aggressive in playing a greater percentage of new music, so I would say the percentage for new artists right now is rather minimal."

<u>SUE FREY, WAOR</u>: "My favorite new artists so far this year are: Farrenheit, Gary Moore, Little America, Rock & Hyde, Frozen Ghost, Crowded House and Cutting Crew."

CATT STONE, WZEW: "In Vitro...15-20%."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER: "Greetings from beyond the New Music Seminar! Contrary to popular belief, I'm still standing. See, Monday was my birthday and everyone kept showing me to the bar. Next year I intend to show everyone in the music business what a fine, upstanding person I really am. It was great seeing so many faces, many for the first time. <u>Beth Rosengard</u>, you're wonderful; <u>Erin</u>, it was a pleasure to meet you finally; and thanks <u>Robyn</u> and <u>Epic</u> for dinner with the finest women in the Northeast: <u>Pam</u>, <u>Christina</u> and <u>Debby</u>...Music: I love that yellow mystery band! I'm sure your curiosity got the best of you and you've listened millions of times. Now, what is it?"

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "Well, now it's in your hot little hands. The Hooters album is officially released, and if you haven't seen them already, they are probably on their way to your town even as we speak! There are many fine selections for airplay. In fact, it may be hard to choose. Personally, we recommend 'Satellite', 'Karla With A K', 'Graveyard Waltz', 'One Way Home' and 'Engine 999', in addition to the #1 requested song on WMMR, 'Johnny B.'. I just love the fact that you can't say, 'well, they sound just like so and so', because they don't. They don't even sound like what's his face ... We went with the Jon Astley song this week. It's a terrific song and it had nothing to do with the fact that Danny Buch jumped up and down in a gorilla suit, and my local guy, Frank Sciarra bought 15 lbs. of bananas into my music meeting! Did you ever notice that a bunch of bananas get ripe all at the same time, and you have to eat them all in the same day?...I know a lot of you are shy about the Daltrey album, but I just wanted you to know that it's Top 5 in Philly. Give it a try-It works! Thanks to the ape men for Daltrey's call to Joe Bonadonna, and thanks to Robin Kravitz, Jack Isquith, Beth Rosengard, Karen Lee, and Steve Schnur for good times at the New Music Seminar...And finally, world, make way for Glen Burtnick.*

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "I've been out of action for a couple of weeks so it's time to play catch-up. I know it sounds like a cliche, but John Waite's Lp is his best ever! There isn't a bad song on it. It's very reminiscent of The Babys, but it truly reflects John Waite 1987 and may end up on my Top Ten list for this year...We always knew deep down, underneath all the makeup, that Twisted Sister has what it takes. Good musicianship and good hooks. Glad to see the rest of the country is picking up on that!...Five stars to Joe Walsh for telling it like it is in 'Malibu'...If Paul Kelly ain't a hit, I quit! This one's instantly likeable and makes me wish I owned a convertible. You have to admire an artist that can create music that stimulates the mind and the feet as well...Little Steven has done just that. 'Freedom' is the one I've been waiting for. It will be a major hit."...FROM: P.D.-BOB BUCHMANN: "The words 'thank you' don't express the appreciation we have for your help in helping us make Long Island history. In the Spring Arbitron, WBAB is number one, 12+, with a 5.9! It's the first time a rocker has ever been #1, beating CHR giants Z100 and WBLI. Shit, it feels great! We gotta do this some more! Thanks again if you're one of BABs special friends.*

KSJO, SAN JOSE, CA INTERIM M.D.-PATTY MARTIN: "Heavy rotation in the car this week is Little Steven. There isn't a

bad song on the entire record...I'm also loving <u>The Dead</u> record. Side one is superb...Thanks to <u>Dave Rothstein</u> for bringing <u>Jon Butcher</u> by the station. He had a great chat with <u>Laurie Roberts</u> on-the-air and put on an excellent KSJO show at the Cabaret. We also gave away 92.3 pounds of meat from <u>Ernie The Butcher</u> in San Jose and a set of butcher knives as a grand prize. And <u>Beverly</u>, thanks for the gum. Now we can all answer 'yes' to the musical question 'Got Any Gum?' Still my vote for the greatest album title of the year."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-CHARLIE LOGAN:

"Hooters 'Karla With A K': infectious. It's played so often in my head, I'm going crazy. I love it. Addictive rock 'n roll. I've been Hooterized. Instantaneously recognizable on the air...The Beat Farmers: Ted Edwards of KGB raving about this band lead me to listen. Thanks, Ted. Hot band. This track has that captivating grunging guitar sound, like they cut the woofers...Ace Frehley's 'Rock Soldiers': with the R.A.D.D. PSAs and the anti-drunk driving campaign, this song couldn't be more timely. 'Into The Night' is still working great for us. This one should too ... Motley Crue: 'Wild Side', I wanted to add the whole record but Carey wouldn't let me...Hege V 'Burial Ground': since we've been playing it on and off at night, I thought I should report it. What a concept. I may be in left field but I believe in Hege V...And finally, Jon Astley 'Jane's Getting Serious': she is and so are we. This song won't be denied."

WIOQ, PHILADELPHIA, PA M.D.-DAVID ANDERSON: "Now it's time for another episode of 'Tueber's Believe It Or Not': Eric Show, notorious pitcher for the San Diego Padres, and Klaus Barbie are actually the same guy...<u>Song Parody Of The</u> Week: 'My Name Is Ollie' sung to the tune of 'Luka'."

KTCZ, MINNEAPOLIS, MN PRO. ASST.-JANE FREDERICKSEN: "Congratulations and many thanks to <u>Tom Kay</u>, <u>Denise Lutz</u> and all the folks at the Upper Midwest Communications. Conclave. It was great meeting face-to-face those voices I've talked to by phone for three years, including <u>Debby</u> and <u>Paul</u> from FMQB. A splendid time was guaranteed by all indeed...Musically, 'When You're Cool' by <u>Chris Daniels And</u> <u>The Kings</u> is burning up our phone lines. It jumps from light to power. There's no way to adequately stress the amount of reaction we've seen to this summer-sounding song...Driving rhythm, seering vocals, <u>Mark Allan</u>'s pick for the next <u>Grateful Dead</u> crossover, 'Tons Of Steel'. Don't miss this one or we'll say we told you so...Also, all of us at The City's 97 truly appreciate all of the wonderful artists who've taken time from their busy schedules to visit our studios and perform live for our listeners. Our sincerest gratitude to this week's special guest, <u>Suzanne Veqa</u>."

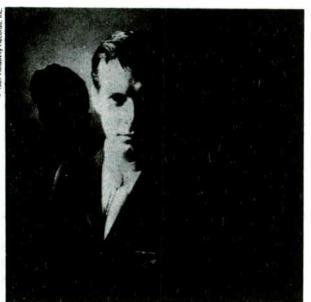

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Moving into power rotation this week are: U2 'One Tree Hill'; Silencers 'Painted Moon'; and Suzanne Vega's 'Solitude Standing'...U2 and the Grateful Dead are the big retail bin burners this week. Some of our retail surprises include: The Nylons, the Cure, Warren Zevon and Chris Isaak ... On the phones the big story is Jon Astley. After one week in power, 'Jane's Getting Serious' has edged out the Grateful Dead for top request honors. Don't underestimate the success of this record. The fact that it's a bit quirky makes it stand out that much more...We've added new songs from Roger Waters 'Sunset Strip'; Warren Zevon (my favorite cut on the album) 'Detox Mansion'; the Cure 'Just Like Heaven'; and the Replacements 'Can't Hardly Wait'...Thanks to Michael Linehan for stopping by with Chris Isaak, and to Kenny Dale Johnson for their show with the Thompson Twins. Visits from Del Williams and Michael Brennan are much appreciated.*

WBCN, BOSTON, MA M.D.-CARTER ALAN: "I caught up with <u>Tom Petty</u> last night in Manchester, NH and was he hot! You might say, 'No kiddin' Carter', but I've missed Tom since 1982 when he played the Boston Garden. Four years of evening radio destroys your concert-going as all 6-10PMers will testify. The Heartbreakers simply blew me away with their professionalism and uncanny tightness. These guys are all on radar link-up. The band's version 'For What It's Worth' was chilling, and the romp of 'Should I Stay Or Should I Go' kept us all dancing. Tom is doing fine on the air at 'BCN--but when hasn't he!...<u>Grateful Dead</u> continues to dominate requests, but <u>U2</u>'s 'Spanish Eyes' blasts its way to the #2 request slot this past week. <u>Jon Astley</u> continues to dazzel at #3, and <u>Omar</u> keeps rocking as the 4th most requested song this past week."

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN: "With all the hooha over <u>George Michael's</u> 'I Want Your Sex', I'm sure <u>Tonio-K.</u> will pull some of the same criticism. Isn't it great? It's just what we need to create that ongoing buzz we're all looking for...This week the quality of the <u>Petty</u> Lp continues to shine through. 'All Mixed Up' goes on the air. One thing confuses me: Why can't this band sell concert tickets in this area?...A couple of shots this week: The <u>Beat Farmers</u> could be something to reckon with...<u>Level 42</u>'s first single on the latest Lp crossed the CHR boundary a bit too much. The title track, 'Running In The Family', doesn't. If you play hip crossover records, this one's for you."

KQRS, MINNEAPOLIS, MN M.D.-JOHN LASSMAN: "Thanks to everyone, including my friends at <u>FMQB</u>, for making Conclave '87 such an eventful thang!...Stand by, the new <u>John Cougar</u> is fantastic...And 'Animal' by <u>Def Leppard</u> is a multi-format smash!"

WNEW, NEW YORK, NY P.D.-MARK CHERNOFF: "WNEW-FM continues its support of new music with live shows this past week with <u>The Truth</u> and <u>Richard Marx</u>-both at the legendary 'Bottom Line'. Thanks to all at I.R.S. and EMI respectively for all the support. Both concerts were well received and sounded great on the radio. We continue with <u>Omar & The Howlers</u> in two weeks...Our studio guests in recent weeks have included <u>Mason Ruffner</u>, <u>Charlie Daniels</u>, <u>Steve Earle</u>, <u>Southside Johnny</u>, <u>Grace Slick</u>, Justin Hayward, Howard Jones, <u>Simply Red</u>, Rob Halford, Ace Frehley, <u>Little Steven</u>, <u>Richard Marx</u>, the <u>Truth</u> and more. We have always supported the up-and-coming acts as well as our 'old friends'."

CFNY, TORONTO, CN M.D.-DON BERNS: "While lvar checks out every bar and nightclub in the Big Apple, I remain in the great steaming north to pass on musical goodies to all true believers in adventurous music. First and foremost on the list is the excellent Echo & The Bunnymen album, which is without a doubt cohesively their most accessible work to date. If 'New Direction' (a prophetic title) isn't to your liking, check out 'The Game' or 'Lips Like Sugar' or 'Bedbugs And Ballyhoo'...Oh hell, just check out the whole album; give yourself a real summer treat. Also worth checking into is the Silencers 'A Letter From St. Paul' ... that is if you like music with a cutting edge that doesn't sound like it was made in someone's garage ... i.e. it's a superb production. We're off and running with 'Painted Moon' and 'Blue Desire' with 'I Can't Cry' and 'I See Red' waiting in the wings. For those of you who have been quoted comparing this group to Simple Minds, well they do have the same manager but that's where the comparison ends for me. The Silencers are their own band, you betcha! If you have success with roots-type music by all means get a hold of 'Get Lucky' by Lucky 7 on IE Records out of San Francisco. I truly believe these guys have a strong future with their Los Lobos/rockabilly feel. Single Of The Week: Deacon Blue's 'Dignity' (and the flip side 'Ribbons And Bows'): Prefab Sprout meets the Railway Children meets Jackson Browne...Hot stuff! And whatever you do don't let the Gary Numan single get by you. 'Radio Heart' represents a totally new and accessible direction guaranteed to revitalize his career. Even CHR's can wail with this one. This week's top requests go to the Dead Milkmen's 'Instant Club Hit' which is no surprise. It's one of those songs that will garner instant phones. P.S.: To everybody who asked for me at the NMS, thanks. I'll see you in San Francisco and Dallas next sprina."

KZEW, DALLAS, TX M.D.-SUMMERFIELD HORNER: "Even though the label doesn't want to acknowledge the edited version of 'Rock Me' by <u>Great White</u>, check them out if you feel that the album version is too long. Both 4- and 5minute cuts capture the spirit and intensity without sacrificing the appeal of the album version...We're getting great phones and a lot of female phones(!) on <u>Jon Astley</u>'s 'Jane's Getting Serious'. If you're not on it then you're missing out on female draw."

WLIR, LONG ISLAND, MY ASST. P.D./M.D.-LARRY "THE DUCK" DUNN: "Sincere congratulations go to our good friend <u>Mike Bone</u>. God bless the President, and I can't wait to visit the Oval Office...Hey, how's this for cool? Our #1 Most Requested Song and <u>Screamer Of The Week</u> is <u>Los Lobos</u>' 'La Bamba'. A summer hit or what?...For a very cool combination, check out the <u>Fat Boys</u> with the <u>Beach Boys</u> doing 'Wipe Out'. Book it, <u>Dano</u>!...With that I'm off to Hawaii for two weeks of R&R (that's rock and roll). I'll be back August 3rd. <u>Malibu</u> <u>Sue</u> will be covering the shop while I'm away. Feel free to phone <u>Sue</u>, she's a pleasure to deal with...By the way, it was great to see everyone at the Seminar."

WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI: "Every now and then I wonder if I'm getting too old for rock 'n roll. But when a record like the <u>Hooters</u>' 'One Way Home' comes out, I say 'NAAAWWW!!' The Hooters have put together a 5star special. Song for song it's a great album. Some of my favorites are 'Karla With A K' (I can relate to this song from a personal standpoint), 'One Way Home', 'Graveyard Wałtz', 'Washington's Day' and 'Engine 999'...'Isn't It Enough' should be the song that puts <u>Patty Smyth</u> back on the track to being one of Rock's first ladies...'Little Lies' from <u>Fleetwood Mac</u> is another great song from a great album...Thanks to <u>Tony Gates</u> of Arista Records for his <u>Grateful Dead</u> help, and to <u>Stu</u> Goldberg for his help with Suzanne Vega."

KFOG, SAN FRANCISCO, CA M.D.-SKY DANIELS: "Greetings from the All-Star Game. The Bay Area is celebrating and KFOG is there. Many thanks to John Fogerty for his generous gift of tickets to the event. KFOG sports-whiz, Kevin 'The Rat' had as his on-air guests: Mister Fogerty, Mark McGuire (this kid has totally upstaged my comeback), Tony Gwynn, Eric Davis, Boog Powell, Luis Tiant and Daryl Strawberry. Strawberry has made it really evident that he has had it with the Mets ... The music scene shared the enthusiasm with our live broadcast of Omar & The Howlers from Wolfgangs. Thanks to the Howlers, Columbia and Wolfgangs for yet another killer KFOG cast...The Cutting Crew's 'I've Been In Love Before' is the track that will pick up where 'Died' left off--at #1 ... Paul Kelly works that greasy organ sound of 'Darling It Hurts' onto KFOG and it feels good!...We plan on putting Petty's 'All Mixed Up' on numerous car radios cruising The Bay ... Thanks for all the kind sentiments from my friend's in the industry. It is my hope that we can really make this work together. My door and phone are open to you Wednesday through Friday from 3-5PM.*

KISS, SAN ANTONIO, TX ASST. P.D./M.D.-TOM SCHEPPKE: "I'm going to be on vacation from the 20th to the 27th. Talk to the <u>Armoured Saint</u>--it will be business as usual, I hope."

WLVQ, COLUMBUS, OH M.D.-WENDY STEELE: "It was a hoot of a show! The <u>Hooters</u> opened for <u>Bryan Adams</u> here recently. Bryan, of course, was great and I was definitely impressed by the Hooters. They have a lot of stage presence, sound just fine (and don't look too shabby either). Just got the new album; I like 'Satellite', the title track, and 'Graveyard Waltz'...Good to hear <u>Charlie Daniels</u> rockin'. 'Bogged Down' is a real catchy tune getting instant positive phone reaction."

KLOL, HOUSTON, TX DAVID "IKKY BOP" SADOFF: "As soon as our doctor, 'Dr. K.' aka Harvey Kojan, flew to New York for the New Music Seminar and his vacation, all of us here at KLOL began to run a high fever. Bewildered, we began searching for a <u>Cure</u> and soon found one that was 'Just Like Heaven'. Now we're all 'Dancing On Top Of The World' and we will continue to do so 'Until It Burns'...Jon Butcher owns the phones this week with 'Wishes'...Also getting calls are the <u>Grateful Dead</u>, <u>Great White</u> and <u>Whitesnake...Howie</u>, thank you for the <u>Bunnymen</u>. We featured four tracks on 'Exposure', our new music show this week. Also featured on the show: <u>Robert Vaughn, TSOL</u>, and the <u>Mighty Lemon Drops</u>...Ikky's <u>Favorites This Week</u>: <u>Silencers</u>, <u>Paul Kelly</u>, <u>The Call</u>, <u>Echo</u>, and the Mighty Lemon Drops. Bleh, bleh, bleh...P.S. from <u>Garth Hemp</u>: 'Sky Boy, I'll baby sit. Congrats!"

you wanna be. Please send them on reel or cassette to: 96ROCK, 1800 Century Blvd., Suite 1200, Atlanta, GA 30345. And thanks in advance...<u>Great White's</u> 'Rock Me' is seven minutes of pure seduction. From the sensuous, subtle foreplay at the start, to the teasing arousal that finally explodes with uncontrollable passion, it's the closest you can get to have sex by yourself without taking your clothes off. And, yes, it will make you want to smoke a cigarette afterwards. Excuse me, I feel the urge to take my clothes off."

KAZY, DENVER, CO. M.D.-TIM JEFFREYS: "Little America's 'Walk On Fire' has worked so well for us that we felt obligated to a second track, 'Heroes', a song written by <u>Tom</u> <u>Kimmel</u> who, by the way, goes to heavy. '5 To 1' is a record not to be overlooked. Check out 'Shake' for a Kimmel follow-up...Thanks to <u>Del Williams</u> from Polygram for the <u>Def</u> <u>Leppard</u> listening party. Also thanks to <u>Todd Cavanah</u> and Sharon White for the birthday goodies."

WRXK, FT. MYERS, FL P.D.-GREG MULL: "After two hit tracks, I don't understand any reluctance to playing a third track from <u>Crowded House</u>. The album is selling, Top Forty is having huge success, and 'World Where You Live' may be the stongest track yet. This project deserves immediate attention...<u>The Beat Farmers</u> are another in a long line of hot, roots rock bands and their new release, 'Dark Light,' will be the track to break them at AOR. 'Riverside' did well last year at all the stations that played it, and after the success of <u>Cruzados</u>, <u>Omar</u>, and other rock traditionalists, I think the AOR audience is primed for the Beat Farmers...For instant familiarity, try <u>Jon Butcher's</u> 'Wishes', a nice tune with tremendous guitar work...<u>Jon Astley</u> continues to burn up the phones, and <u>The Dead</u> is unstoppable! This album will be with us for a long time."

WAAF, WORCESTER, BOSTON, MA M.D.-RICK MAC KENZIE: "I'm adding additional music call hours to what we already had: The new hours are Thursday 3:00-5:00PM, in addition to Friday 1:00-5:00PM."

WIOT, TOLEDO, OH M.D.-JIM STEEL: "Before Keith and I disappear for our usual Owners' Meeting (held in Cincinnati this week), we'd like to rave about some things: <u>Twisted</u> <u>Sister</u> has developed into a very real record very quickly. After testing it a few times in the evening, the response was so positive we bumped it up to Medium. It's amazing how many people did not even know who Twisted Sister was, and the ones that did were pleasantly surprised...Sometimes, too much of a good thing is not enough. That's why we've added another <u>Grateful Dead</u> track. 'Hell In A Bucket' lets The Dead remain mystic, while appealing commercially."

WWCT, PEORIA, IL M.D.-PAUL NELSON: "Local boy Dan Fogelberg's cover of the Stills/Hillman tune has built-in familiarity due to the Firefall cover...Roger Waters' 'Sunset Strip' goes in; 'Radio K.A.O.S.' is chock full of great songs...We also gave the nod to Jon Butcher's 'Angel', uh I mean 'Wishes'. I wonder if Jon likes to burn things, like maybe guitar...Finally, the <u>Silencers</u> went on, not just because it's a great song but because we like to see Lin Brehmer's prediction come true. Better late than never, right?"

WKFM, FULTON/SYRACUSE, NY ASST. P.D.-BRIAN ILLES: "I'm back in action after a much needed dose of Major League baseball in Cleveland and Chicago. (OK, so I actually saw the Indians in Cleveland, not a Major League game!) Thanks to Kevin Young from Atlantic for making sure I was in the right place at the right time to catch that foul ball. And my pilgrimage to Wrigley Field was an experience I'll never forget...Hey, this is the music biz. This week we're finally getting serious with Jon Astley, plus a couple of things I would have gotten to earlier if I wasn't on vacation...I like the new <u>Marillion</u> the more I hear it...The hardest thing about the new <u>Dead</u> album is picking which ones not to play!"

WAQX, SYRACUSE, NY ASST. P.D.-LORRAINE RAPP/P.D.-SIMON JEFFRIES: "The only things hotter, steamier and more sultry than a central New York summer are the latest releases from The Dead and Sammy Hagar...It was great to finally hear 'Don't Mean Nothin" live last week at our 95X 'Low Dough' concert event with Richard Marx. What a tremendously talented band he's put together. Adding 'Should've Known Better' is a natural for us. Special 'thanks' to Richard and the band, Cynthia, Al Kovacs, Bruce and Doug of Could Be Wild and Howard Bernstein...Good to see Jerru Blair of Chrysalis, and Chuck Bliziotis of A&M...We had a free show with Mason Ruffner on July 4th which was packed and nothing short of incredible. Remember the end of GhostBusters when Harold Ramos told Bill Murray not to cross the laser stream? Likewise, you wouldn't want to get caught in the energy field between Ruffner and his guitar player. Two of our staff members have already shaved their heads and painted big blue 'R's' on their pates."...From Simon: 'Thanks to everyone for remembering Pam and me on our wedding day. It's been over a week now, and they said it wouldn't last!...To Catt: Thanks brol[®]

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES: "I take a week off for vacation and miss out on mucho great music coming in. I still haven't had a chance to listen to it all...The Dio is an automatic! Central PA has long had a track record for both adult and metal rockers. The Dio is just what the doctor ordered. A heavy record with definitely adult appeal. You're never too old to rock, right?...I've loved Paul Kelly since day one and it's time to give the bandwagon some steam. 'Darling' just sounds great on the radio, especially cruising down the highway with the top down...The Beat Farmers sounds terrific. Sounds like a cross between ZZ Top and The Smithereens. Definitely shows some longevity...The Birch quarterlies have just arrived and once again show us as the leading AOR in the Harrisburg market, with a solid 18-49 adult market...Thanks to Bobby and Brenda at Polygram for the terrific night with the Moody Blues. It was a great cap to my vacation!"

WYMG, JACKSONVILLE, IL M.D.-KEEF: "Belated 'thanks' to <u>Tony Gates</u> for the excellent seats at Alpine Valley. <u>The</u> <u>Dead</u> were great...Favorite song of the year this week: <u>John</u> <u>Hiatt</u> 'Thank You Girl'...Bartender, another drink, please!"

<u>KDJK, OAKDALE, CA M.D.-BEAVER BROWN</u>: "There is only one way home and that's with <u>The Hooters</u>. My favorite cuts are 'Satellite' and 'Graveyard Waltz'. An outstanding album from Philly's finest...<u>Robert Vaughn And The Shadows</u> is quite a pleasant surprise. Do them 'Justice' by playing this...Getting terrific female calls on <u>Omar And The Howlers</u> 'Dancing In The Canebrake', but our lines are still burning with calls for <u>Great White</u>...Have you listened to <u>The Call</u> 'In The River'? I'll be advising you to!"

WXXP, PITTSBURGH, PA M.D.-DEB BRADY: "This is shaping up to be one of the best Summers for live music in Pittsburgh! A Sold-Out show from Suzanne Vega was nothing less than wonderful...Duran Duran and Erasure came thru on Saturday. Dare I say Erasure stole the show?...The Cure, a band that's had no commercial play in Pittsburgh until Double X came along, Sold-Out an August show in 24 hours! What's wrong with that picture? The Replacements; Psychedelic Furs; Siouxsie And The Banshees; Julian Cope; Gene Loves Jezebel; New Order and Echo And The Bunnymen will all be through as well! Speaking of Echo, the new Lp is fabulous. Not a weak track on the album. Don't overlook it...Thanks to Stu from A&M for your help with Suzanne; Jack from Capitol and Jane Potter for your help backstage with Duran Duran; Steve Tipp at Warner Bros.; and Mary, Vince, and Andy of Erasure for stopping by Double X.*

WLNZ, LANSING, MI M.D.-CATHY DOWN: "Seems as though the music product has kind of slowed down a bit this week. We've only got one add: <u>Charlie Daniels</u>. Or maybe it's just that everyone is as anxious as we are in the arrival of the new <u>Def Leppard</u> single, due out later this week. I just hope it's as good as I've been promised and fills my expectations. At this point I'm very optimistic. I've just got to keep my fingers crossed and patiently await its arrival. Just as I'm patiently and slowly counting down the days to my vacation. I can't handle <u>Rick</u> braggin' about the vacation he just returned from any longer. So, Rick, here's the pen and the paper. You write next week's comments because I'm on vacation!"

WRCN, LONG ISLAND, NY P.D.-LENNY BLOCH: "The Hooters Lp, after one listen, is already on my Top five fave list of '87. 'Fightin' On The Same Side' is my early pick...The Grateful Dead and Bob Dylan in New Jersey was as religious an experience as my Bar Mitzvah! Thanks to Sean and Marybeth for everything ... And welcome, my long lost sister, Michelle Block, to the Arista team...Robyn Kravitz is my choice for Queen Of The Year. I had a splendid evening at a silly place in NYC, at a place called the Cadillac Bar. Lucky Lenny found himself in the presence of the three prettiest MDs on the East Coast: Pam Brooks from WPDH; Kim Alexander from WHCN; and Christina from WPLR. I had to wrestle Mike Boyle for their attention. Mike puts on a mean half-nelson...I guarantee that if you spend some time with Echo And The Bunnymen Lp, you'll find room for something. We went with 'New Direction'. These guys have painted a masterpiece. I'm a Bunnyhead!"

WPYX, ALBANY, NY ASST. P.D./M.D.-JOHN COOPER: "Thanks to <u>Barry Lyons</u> at I.R.S., and <u>Howard Bernstein</u> at EMI for two great free concerts with <u>The Truth</u> and <u>Richard Marx</u>. No admission charge, the clubs were packed, the music was excellent and great listener feedback...<u>The Hooters</u> album was worth the wait. We're getting phones already on 'Karla With A K'. Other songs on the Lp that we'll be playing include 'Satellite' and 'Graveyard Waltz'. Congrats, Hooters, on an excellent Lp...<u>Jon Astley's</u> 'Jane's Getting Serious' is a serious winner. We expect immediate reaction...The biggest story here is the <u>Grateful Dead</u>. #1 airplay requests and sales."

KQDS, DULUTH, MN M.D.-WADE LINDER: "Both Mike and I had a great time at the Conclave. To everybody I stumbled into--thanks for the great time. We'll definitely be back next year, especially to see Paul and Deb at the annual FMQB Rib Dinner."

WHTQ, ORLANDO, FL M.D.-SLATS: "Alright it's serious stroke time! As a first time visitor to the New Music Seminar, I was in awe at the mass. Not only did I overindulge in Sabrett hot dogs and warm coke at the Port Authority, but had a chance to schmooze with some good Thanks to Bill Hard and Danny Buch for the people. accommodations and the great dinner at the New Moon, plus it is always a pleasure to listen to one of America's great unknown radio stations: WZZO in Allentown. When I landed in Newark, my dial was set 'Did you get a new stick?' I've been a Z95 fan since sign on and it's a treat to check you guys out every chance I get the opportunity to raid my parents' refrigerator...We went deeper on two of this year's sweetest releases: The Dead with 'Hell' and 'Push', and The Hooters with 'Satellite' and 'Lucy'."

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI P.D.-GARRETT HART: "Greetings polymaths! I'm still recovering from the confabulation at the Conclave. Thanks to <u>Tom Kave</u>, <u>Denise</u> <u>Lutz</u> and everyone on the board for making the Minneapolis event a success! (I even learned something about broadcasting!) It was <u>great</u> to finally meet so many people that I've been speaking to for so long, and to make lots of new acquaintances. Among my fave raves are powerful <u>Paul</u> <u>Heine</u> and the delightful <u>Debby Appelbaum</u> of <u>FMQB</u>. Hope to see all again at the ZOO soon. Let's eatl...Look out squarebacks, <u>Joe Ely</u> just let one fly and it's a smoker! From 'Lord Of The Highway' to 'Everybody Got Hammered', this one kicks enough country but keeps the rock edge. We think this one will have a big future at the rockin' Apple. That's it for now. 'Til next time, see ya in church."

WIZN, BURLINGTON, VT P.D./M.D.-STEVE CORMIER: "Everything you've heard and more is true about Jon Astley's 'Jane's Getting Serious'. I was not a believer two weeks ago, but now the requests are piling in. It's Top 5 requests two weeks running. Danny and Jackie, good work!...Suzanne Vega, believe it or not, has the #1 selling Lp in these partsoutdoing The Dead, Heart, and U2...Although Warren Zevon's 'Detox Mansion' is a good song, 'Bad Karma' by far is the best song on the album. The nod goes to 'Karma' this week...My music hours once again: Mondays 11:00AM-2:00PM; Tuesday adds after 11:00AM; and rotations 11:00AM-12:30PM; and Friday 11:00AM-1:00PM. Please! Please call within these times!"

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE: "The Marillion track is getting instant phones. It sounds like Yes fronted by <u>Pete Townshend...The Dead</u> are <u>Grateful</u> that we're going two cuts deeper on their new album with 'West L.A. Fadeaway' and 'Hell In A Bucket'...From the additional songs I heard on 'Rockline' last night, <u>Sammy Hagar</u> has got a heck of an album. This one will sizzle throughout the Summer...<u>Skynyrd</u> fans are going crazy over the news about a new album...I'm going crazy waiting for the new <u>Steppenwolf</u>. Hurry up would you?!"

WQMF, LOUISVILLE, KY M.D.-KEITH TAYLOR: "Danny <u>Wilson</u> must have been saying his prayers because every Mary I know has called and requested this tune! Try this for excellent female phones. And, if you're looking for a date, try blasting 'Mary's Prayer' at high volume while you're cruising around...Would like to say 'Hi' to <u>Little America</u> and <u>Hege V</u>. Louisville didn't know what hit 'em when these powerhouse bands whipped through town...Looking forward to <u>Bryan Adams</u> and <u>Pat Travers</u> this week...As you're reading this, I'll be sunning my buns on vacation. Thinking only of you!"

WFYV. JACKSONVILLE, FL ASST. P.D.-LEX STALEY: "You know you have a hot piece of music when you drive 15 miles out of your way, on your way home, so you can hear the whole thing! 'Hot Number' and 'How Do You Spell Love' by the <u>Fabulous Thunderbirds</u> are definitely this week's platter melts. We expect this one to be around for a long time...We also like 'Dark Light' from the <u>Beat Farmers</u>, but getting to hear the whole thing was a real treat. Wait 'till you hear 'Hollywood Hills'. Sounds like <u>The Outlaws</u>, except they grew up in California instead!...While the CHRs are playing <u>Bon Jovi</u> and <u>Whitesnake</u> at night, make sure you stay a step ahead and play the new <u>Motley Crue</u> track. By the time I give Top 5 requests next week, I expect to see Top 5 calls! So, go. ahead, 'Take A Walk On The Wild Side'!"

KRIX, BROWNSVILLE, TX ASST, P.D./M.D.JOE KELLEY: "Fabulous Thunderbirds 'How Do You Spell Love', the lyrics in the song tell it all. A great statement song...Little America 'That's The Way It Stays'. We like this as well as the first cut, 'Walk On Fire'. This one should take off with no problems at all...Europe's 'Carrie' not only will capture the male demos, but the ladies as well!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "I did call ahead of time and asked if the New Music Seminar would take a check in walk up registration from WPLR. 'No problem!' Here I am with a \$250.00 check for a day of seminars, one

day, and all everyone keeps saying is, 'how do I know you're not going to put a stop on that check', and 'I never heard of your radio station!' Had they any common sense they would have realized that I am not authorized to put a stop payment on a WPLR bank check, and did I need to bring my <u>Friday</u> <u>Morning Quarterback</u> and my R&R to prove we exist! I don't care so much that they didn't want to be bothered to take the time to authorize the check, but the treatment was unpleasant, obnoxious and immature. Someone should tell these people no matter how hip, cool and detached they act, they are not going to be 'discovered' at the New Music Seminar. In other words, grow up! I've been treated better at Sears and McDonalds, and those people have a right to be grouchy...Thank you, <u>Robin</u> and <u>Epic</u> for a great dinner."

WYBR, ROCKFORD, IL M.D.-MIKE FERRIS: "It's no surprise that the <u>Dead</u> is #1! Three tracks deep on-the-air, monster sales this week. 'Touch Of Grey' goes power. Thanks to <u>Tony Gates</u> for Dead tickets to Alpine Valley...The <u>Jon Astley</u> video really drives the record home. This sounds serious on the air. Serious <u>fun</u>!...Welcome back to vacationing <u>P.D.-Mike</u> <u>Thomas</u>, the fisherman who throws them back! He doesn't even fish!...Still looking for jazz service from any and all labels...Thanks to <u>Phil</u> at Capitol for the <u>Heart</u> tickets. A great show at Alpine Valley!"

KEZE, SPOKANE, WA ASST. P.D.-BREW MICHAELS: "During a mid afternoon clambake this past weekend, some friends and I drained several canisters of Tecate and cranked up an advance release of the new Beat Farmers Lp. Country Dick and the boys had us barking like dogs. 'Ridin' and the tune about the Hills Of Hollywood are certainly worth your attention when the Lp comes in...Other notable new releases, in this reporter's humble opinion, include the Cruzados 'After Dark' and The Dead's 'In The Dark'. Numerous depth charges are ready to be lobbed from both ... From the one-shot realm, I can't say enough about the Silencers 'Painted Moon'. We feel it's the best crossover tune of the past several months. Great 18-24 female response, mostly 'bitchin' rad' and 'totally awesome dude'. As an added bonus, all the guys on the staff with beards like it too...Interviewing Sammy Hagar this past week, ROCK106 and morning psycho, Gary Allen, discovered that Sammy and Eddie's fave track on the new Lp is 'Eagle's Fly', now in a heavy rotation on KEZE. We wholeheartedly agree with Rolling Stone's assessment that Ann Wilson of Heart is the finest female vocalist of her generation. 'Who Will You Run To's' phrasing and sheer power is proof positive...Steve Earle sounds great on this rock 'n roll station, as does Mason Ruffner's 'Red Hot Lover'. Our second track from one of this season's genuinely American guitar heroes...Congratulations to David Kincaid and Carl Funk of The Brandos. As members of Seattle's Allies, they scored a big regional hit with 'Emma Peel', also an MTV Basement Tapes winner. The Brandos' advance cassette/single on Relativity is a unique blend of R.E.M. meets U2 roots rock. We are greatly anticipating the full Lp.*

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU: "It was time for a new Tom Petty cut and with album sales very strong, 'All Mixed Up' was just beggin' for airplay...One spin told us <u>Dio</u> was going to be a tremendous phone record. They're hungry for Dio and 'I Could Have Been A Dreamer' gets the 'go ahead' this week...We also added <u>Jon Butcher's</u> 'Wishes'. I've always felt this was the best cut on the album. Now it gets a chance to prove itself, and hopefully sell Butcher's best album to date!...<u>Danny Wilson</u> has worked well here from the beginning, and 'Mary's Prayer' moves to heavy this week. It's still not too late to add this gem of a song...Jon Astley and Tom Kimmel are building well on the phones...Top 5 include: <u>Motley Crue, Grateful Dead, Hooters</u>, <u>U2</u> 'Bullet' and <u>Mason Ruffner</u> 'Gypsy Blood'...Enjoy your <u>Call</u> tape, then play The Call!"

WRUF, GAINESVILLE, FL M.D.-JASON TYLER: "The music is the only thing that is hotter than the weather in North Florida: That includes the <u>Grateful Dead</u> 'Hell In A Bucket'; a heavenly <u>hot</u> tune...'Good Times' by the boys in <u>INXS</u>; and <u>Great White's</u> 'Rock Me'...<u>Tom Petty And The Heartbreakers</u> are coming back to gator country next week and we are looking forward to the show...I'd like to continue, but ! need to go soak my head in a bucket of ice!"

WRQK, CANTON, OH M.D.-GREG MORRISON: "Heart was great under fire last week. It was an outdoor concert on a pantingly hot night...By the way, we now have in-house video capability, so if any of you record type folks feel videos help promote your record, send them down!"

WTCS. FAIRMONT, WV M.D.-GARY DEAVERS: "I'd like to 'thank' everybody for making my first week as Music Director a great one...And, I'd like to thank the members of <u>Hege V</u> for stopping by last Friday."

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "I went back to some old request sheets and found several calls for the Beat Farmers 'Riverside', from a year or so ago, and several calls even to date! The new track, 'Dark Light', is getting the same excellent response, only more faster. It's only rock 'n roll and you won't go wrong by playing 'Dark Light'. Already Top 10 phones!...Two of the most important records for rock radio out there are: Great White 'Rock Me', and Marillion's 'Incommunicado'. Any station that claims to be rock should have both tracks in heavy or power rotation. We're seeing such a wide spread of demos on the phone for both, in fact #1 on 'Rock Me' and with the edits, Great White fits all dayparts. Thanks a lot, Capitol. Urgent-Urgent it is. Play it! Great straight forward rock 'n roll with enough hooks to catch anybody. Talking about 'I Can't Take It No More'. Urgent-Urgent! Play it!*

WOOJ, FT. MYERS, FL M.D.-STEVE AVERY: "Ideola's 'Watching The Ship Go Down' has proven to be a smart add. We're getting good response from our listeners, and it's certainly a song I think everyone should try out. You won't be sorry."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Well, I'll admit I've never been a Deadhead! I really get into lots of their songs, but I'm not certifiable of anything; however, I am head over heels over 'In The Dark'. For me, this is how to make a Dead Lp for the rest of the world: Take all the great stuff they've just never managed to get on vinyl over the years, and put it all on one. That way, you get a collection of totally strong material that everybody can groove to. I'm still not able to get the cassette out of the deck in my car, and my seats are turning tie-dye...John Waite's 'These Times Are Hard For Lovers' could surely be the anthem for 1987. Besides, the song has a great hook that you seem to hear once, and sing for days. This one makes the music go 'round in my head and if John can accomplish that, he probably has another chartbuster on his lips. It's certainly the strongest thing he's done since 'Missing You' and his time is overdue...INXS and Jimmy Barnes' 'Good Times' is turning out to be a favorite around the station and killer on the phones. Jimmy's got one of those voices that has such strength it booms right off the record. 'Good Times' is a cranker that you find you enjoy hearing lots. This one's gonna stay around for a long while...Thanks to my bud, Lisa Frank for a cool night out with the Georgia Satellites and of course our gorgeous selves. Lisa, you're aces!"

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON: "We're busy this week raising money for the American Cancer Society with our Annual Jail And Bail! Last year we raised \$35,000 in just two days and we're looking to break that mark this year...Musically, The Call's 'I Don't Wanna' goes in this week.

Continued From Previous Page

Solid music and meaningful lyrics on this one...Zevon's 'Sentimental Hygiene' is selling quite well, and 'Detox Mansion' makes good sense...<u>Grateful Dead</u> continues to dominate the phones but <u>Great White</u> and <u>Jon Astley</u> aren't far behind. We get several curiosity calls each time we play these two records...One act many people are missing out on is <u>Steve Jones'</u> 'Mercy'. The song is great. It's cool to mention that he was a <u>Sex Pistol!</u> It sounds somewhat like <u>Billy Idol</u>, but better, and there's depth on the album. So, why the hell aren't more people playing it?"

WZTA, MIAMI, FL M.D.-JEAN CASHMAN: "Music hours will be Monday, Thursday and Friday from 10:00AM-12:00Noon. Music is ready at the same time every Tuesday at 2:00PM...I'm going on vacation July 18th through the 25th. Try reaching Peter (ha! ha!)."

CHEZ-FM, OTTAWA, CN P.D.-STEVE COLWILL: "I think for a station that is gearing itself 25+, the <u>Pat Methenv</u> is a real natural. It fits very well with a lot of material that we are playing on the air right now. We anticipate it will do very well...We had great success in this market with the <u>Andreas</u> <u>Vollenweider</u> album and I would anticipate this will appeal to the same type of listener."

WHMD, HAMMOND/BATON ROUGE, LA M.D.-"CATFISH" PHIL COLWART: "Danny Wilson is working great here. Phones are good and sales are very strong...MTM's In Pursuit and Hege V are the most successful small label groups to do so well here. Sales for In Pursuit are happening and 'Thin Line' moves to power. Sales on Hege V are slower but promising."

KFMQ, LINCOLN, NB M.D.-JOE SKARE: "Willie Nelson was in Lincoln yesterday and officially signed the contract for Farm Aid III to be held here September 19. Rockers already scheduled to appear are: Bon Jovi, John Mellencamp and Neil Young. Stevie Ray Vaughan and Bruce Hornsby And The Range have also been mentioned as possibles, and we expect the list to grow in the coming weeks. It should be a wild time here in the Heartland, and we can't waitl ... KFMQ is joining the force behind Dio. 'Dreamer' is a much more accessible track and could net Ronnie his best success so far...'Dark Light' could be the track that puts the Beat Farmers over the Top. Nice guitar work, and it sounds great on the radio...Europe and the Charlie Daniels Band also get the nod this week. Good to see Charlie can still deliver...I love the new Hooters Lp. It is loaded with quality. It has more depth than their debut. A big thumbs up to 'Graveyard Waltz', 'Satellites' and 'Hard Rockin' Summer'. Looking forward to their appearance locally July 28 with Bryan Adams."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "The Tom Petty/Georgia Satellites/Del Fuegos Rock And Roll Caravan rolled through Manchester yesterday to open up the 1987 Concert On The River series in grand style: 16,000 rock 'n roll fans turned out to rock into a steamy, humid night. The concert was lots of fun. Tom Petty, by the way, did an excellent rollicking version of The Clash's 'Should I Stay Or Should I Go'...Thanks to Roland from MCA for the festivities...Thanks also to Karen Durkot from Elektra for bringing the Satellites' vocalist/guitarist Dan Baird over to the station for an on-air chat. If the Satellites come through your town, get Baird into your studio. He's relaxed and funny, and gives a great interview ... The 'Rev It Up' season is here. Turn that car radio up to nine and cruise down the highway with the Newcity Rockers, providing fuel for your ears. A great Summer record...Another summer cooker is Twisted Sister's 'Hot Love'. When I first put the record on the turntable, I wasn't prepared for such a good, straight forward song. This one's here to stay!"

KNCN, CORPUS CHRISTI, TX M.D.-ELISE VANDER BORGT: "Back from an enjoyable week of vacation. They're never long enough, which is probably just as well as I couldn't find my desk for a good five hours! Finally got all the debris cleared away, and I'm still swamped. Thanks go to my P.D .-Tim Parker for keeping all the records under control...Well, I was going to do the greatest Dead crusade ever, but I can see they don't need any help! However, I did want to mention that in the Rolling Stone issue with the Grateful Dead on the front, take a close look at the picture of them in their office (get out the granny glasses, if necessary). Could it be? Yes, I believe it is. A C101 sticker in the upper left hand corner. Yahoo! We're in print. It may not be the cover, but it is the Rolling Stone. Grateful Dead and C101 go way back to the beginning. 'Truckin' was the first song heard on C101; and former late owner of the station and the Dead were the best of friends. Long live the Grateful Dead, and long live the memory of Bruce Baxter...'Thank you' to Grant Spofford at Chrysalis for the hilarious Get Well card. It worked! I'm all better!...Talk to ya later!*

WCLZ, PORTLAND, ME ASST. P.D.-LORETTA CRAWFORD: "We're elated to have new <u>Michael Tomlinson</u> tunes to play. Looking for upper demos? Add this and keep your eye on Cypress...<u>Pete Bardens</u> really caught my ear. We're betting the audience reacts similarly...We've been <u>Metheny</u> fans from the start. Two really literate jazz pieces from a stellar new Lp go in this week. Retail is going crazy for our Summer menu: <u>Nicholas Tremulis</u>, <u>Danny Wilson</u>, <u>Kako Matsiu</u>. Top local requests for Lps. Now, if only the fog would lift!"

KGRQ, CASPER, WY O.M./P.D./M.D.-FRED LEEMHUIS: "Immediately into heavy rotation is <u>Michael Tomlinson's</u> new release on Cypress Records 'Still Believe' and 'Let Us Dream'. There's no doubt that many will view his music as something for the AC crowd, but since we were six deep on his first solo project, I can assure you your phones and record sales by the 25 + audience male and female will indicate this is an adult artist to be reckoned with...If you can play <u>Neil Young</u>, <u>Dan</u> <u>Fogelberg</u>, <u>James Taylor</u> or <u>Joanie Mitchell</u> in your mix, you can make room for Michael Tomlinson. The guy is magnetic!"

WMAD, MADISON, WI M.D.-PAUL MARSZALEK: "I really think <u>Pat Metheny's</u> 'Last Train Home' makes a lot of sense for adult oriented AORs. Try it, it's quite refreshing...<u>Bill</u> <u>Robbins</u> asked me to thank all at the Conclave, especially <u>Nancy Stein</u> who 'kicked his ass in bowling'...I also want to know what he was doing with my fiance <u>Judy Barahal</u> in the Bat Cave? I'm glad you all had fun while I stayed here to wallow in my own self pity!"

KGRG, AUBURN, WA O.M.-AARON VAUGHN: "I want to take a minute and talk about the KGRG Hip Track. The idea is borrowed from one of those TV video channels, and is working well for us. We're playing a song every two hours between 6:00AM and 6:00PM to try and get reaction from the audience. We play the song for one full week and then consider, based on response, adding it to regular rotation. This week's Hip Track is 'Holiday' by the <u>Other Ones</u>. In future weeks I'll mention the Hip Track here...Starting to get calls on <u>In Vitro</u>, mostly positive...Calls are still strong for <u>Richard Marx</u> 'Should Have Known Better' and <u>Crowded House</u> 'World Where You Live'...We're happy to be a new <u>FMQB</u> reporter, and would like artists to make station IDs for KGRG. Our slogan is: 'The Valley's Rock And Roll, KGRG."

KFMU. STEAMBOAT/VAIL, CO M.D.-DAVE ROSS: "If you haven't listened to <u>Robert Vaughn And The Shadows</u>, do! If you have, listen to it again and again. 'Justice' definitely has something to say, and it says it so gracefully...If 'Jane's Getting Serious' then so are we at wind powered radio. Jon <u>Astley</u> has formulated that <u>Bowie/Bryan Ferry</u> style to work perfectly. It certainly can't be left out here...The next single from <u>Tom Petty</u>, 'All Mixed Up', is playing here. Why? Because his vocals carry this song beautifully, and it fits

great in all dayparts...<u>The Cruzados</u> are still pulling in top requests here, and our listeners can't get enough...Don't forget about the KFMU versus record reps softball game August 1st. Don't be there, be here!...That's it for now from the world's only wind powered radio station.*

WRAS, ATLANTA, GA M.D.-VALERIE PITTMAN: "ADDS: Echo And The Bunnymen 'New Direction'; Windbreakers 'A Different Sort'; Balancing Act 'Wonderful'; Urban Blight 'You'; The Beat Farmers 'Dark Light'; Dessau 'Europe'."

KTCL, FORT COLLINS, CO M.D.-CHARLIE WROBBEL: "ADDS: Mighty Lemon Drops 'Out'; Beat Farmers 'Dark'; Curiosity Killed The Cat...CONSIDERING: What If; Lime Spiders...MOST <u>REQUESTED</u>: Replacements 'Ledge'; The Bears 'Fear'; The Cure 'Why'; Faith No More 'We'; Psychedelic Furs 'Heartbreak'...INCREASED PLAY: Echo And The Bunnymen; Icicle Works."

BOB CATANIA, ISLAND (212-995-7810): "It's been with great interest that I've been following the development of 'Isn't It Enough' by PATTY SMYTH, having worked the original version by DANNY WILDE. What strikes a nerve in every write-up are the 'should have been a hit the first time' references. My question then is: 'Where were you guys the first time?' At the point the original finally fell apart, there were tremendous success stories all over the country that were ignored by close minded programmers. Let me assure you that this is not going to be a tirade on why Danny's version was not a national hit. It is, however, a serious complaint about the lack of follow-through by programmers on potentially big records. While it is important to make your station's needs the utmost priority, it is also vital not to shut out information coming from other markets. Having a closed mind about research from other stations has led to record after record, with great stories, hitting a peak and then falling apart because the national numbers weren't there. The format continually misses opportunities to take key market success stories and develop them into national ones. Lately, the perserverence of companies and the conviction of key stations have enabled many new artists to have national breakouts. However, how many records that you have personally believed in, have gone by the wayside due to a lack of interest in the local success stories. As the format continues to grow, it's in everyone's interest to develop new talent. Take the blinders offl By the way, <u>DANNY WILDE</u> is now on Geffen and will have a great record soon...<u>R.V.</u>: <u>THE SHADOWS</u> are on Island and have a great one now. Be sure to listen."

"I had the JEFF NAUMANN, VIRGIN (213-278-1181): opportunity to see T'PAU and THE OTHER ONES live in concert this past weekend. T'Pau, believe it or not, is definitely a rock and roll band. We will be releasing live tracks in the near future, so you too can hear the experience of T'Pau live. You'll be blown away. The Other Ones also put on a killer live energetic show and 'Holiday', their new single, the audience goes nuts over. 'Holiday' will be a mega hit. Just watch...Speaking of live shows, GARY MOORE will be hitting the U.S. road next week. We'll be doing promotions in all markets and broadcasts in many. 'Wild Frontier is already getting requests at most stations in just three weeks. Get 'Wild Frontier' on the radio now and give this guy the shot he deserves ... Here's another naumannism for you: munchkinball - programmers who like a particular record but don't have the balls to add it, i.e.: DANNY WILSON's 'Mary's Prayer'. How much more proof do you need before you give in and play this all format hit. Don't be known as having munchkinballs, add Danny Wilson's 'Mary's Prayer'...'Detox Mansion' BY ZEVON is a killer song everybody loves. It's funny, it's a cookaah and it's an AOR hit ... Get ready for Pete Wylie."

SEAN COAKLEY, ARISTA (212-830-2178): "The DEAD have finally arrived at the spot they have deserved for so long: #1. Demographically, their fans range from birth to death. Last Sunday, they played to 70,000 plus at Giants Stadium in New Jersey and put on the best show I've ever seen them perform (including some phenomenal concerts in '70, '71, '72 and '73. They played six out of seven songs from 'IN THE DARK' and the audience knew the words to every one! DYLAN came out and played the versions of songs as we first heard them on albums twenty years ago and they sounded fresh and relevant and inspired. It was one of those shows where I kept wishing that everyone I knew could be there. DO NOT MISS THIS CONCERT IF IT COMES NEARBY ... We knew this CRUZADOS album was great and Album Radio has demonstrated again how they can launch a new artist when they believe in it. 'Bed Of Lies' continues to gain on all fronts, most noticably the request lines. Stav in bed...HURRAH! is developing nicely on the college/alternative front. We will ship a 12" to rock stations in a few weeks. Listen to the album and hear some passionate, accessable songs."

KEVIN SUTTER, CHRYSALIS (212-758-3555): "Sex With You! Ya, that's right, and you know what? It gets reaction just like the real thing and we all know you can't play the real thing. So,...'Sex With You'. Look at KISS, WBAB, KATT, WKLC, WDHA, KKDJ, KPOI, WCCC, KICT, WLIR, KROQ, WFNX and WXXP--they're all satisfied. Phones, phones, phones...Every summer there's one quirky song that makes it to hitdom. This summer, it's <u>TONIO K.'s 'Sex With You'</u> from the Motion Picture Soundtrack 'Summerschool'. Watch the box office scores when this movie opens."

JOHN HEY, EMI-MANHATTAN (800-231-7453): "On July 30th and 31st in Philadelphia <u>DAVID BOWIE</u> opens the North American portion of the 'Glass Spider' tour at <u>Veterans</u> <u>Stadium</u> for two sold out shows. On August 2nd and August 3rd the tour moves to the <u>Meadowlands</u> for two sold out shows in New York. The <u>David Bowie</u> album is 830,000 copies; a sole function of Rock Radio airplay. I believe not one copy has been purchased by an exclusive CHR listener yet. I have heard some distressing comments lately that the <u>Bowie</u> album isn't selling. <u>THE ALBUM IS AT 830,000 COPIES FROM</u>

PROGRAM PRODUCERS

JANIS MAGIN, RADIO INTERNATIONAL (212-302-1670): "There are still two weeks left on our <u>GREGG ALLMAN-</u> PORTRAIT OF AN ARTIST show, so if you haven't heard about this 90 minute look at Gregg and his work both solo and with the <u>ALLMAN BROTHERS</u>, give us a call...Starting August 7th, we're offering a special, featuring another artist who's found success as a solo artist after a brilliant career with a group-<u>LOU GRAMM-FROM FOREIGNER FORWARD</u>, a great way to cap off your summer with this two-hour show, available until Labor Day weekend."

DONNA HAZEL, STRONG SOUNDS (212-575-0270): "Who's hitting the big 4-0 this week? Why was <u>BOB DYLAN</u> booed in Newport in 1965? The answers to these questions start <u>STRONG SOUNDS</u> off with a bang on Monday's 'This Week In <u>Rock History.</u>' On Tuesday, newcomer <u>RICHARD MARX</u> explains how he turned a bad songwriting experience into his first hit. Wednesday, <u>STRONG SOUNDS</u> looks at <u>REO SPEEDWAGON</u> and 'Life As We Know It'; <u>DAN FOGELBERG</u> tells us why he prefers the mountains to the road on Thursday, and on Friday, <u>Blue Oyster Cult</u>'s <u>ERIC BLOOM</u> describes his dream of opening a BOC museum."

BILLY IDOL, SIMON LE BON and the BANGLES' Susanna Hoffs are among the other artists singing on the record, which will contain songs based on American Indian legends.
