MICK JAGGER.....AEROSMITH LP.....TIMOTHY B. SCHMIT......KISSR.E.M. LP.....STRANGE WAYS......MR. MISTER LP

MICK JAGGER, "LET'S WORK", COLUMBIA
Your audience not only tolerates someone of Mick's stature going outside traditional AOR boundaries, they expect it. After all, remember '78's "Miss You"? "Let's Work" continues that heritage of danceable rock that everyone can move and groove to and you can bet this infectious Jamaican flavored rhythm mutha will cross formats faster than the Concorde crosses continents. Using a modest electrobeat, steel drums and just enough guitar, Mick and co-producer Dave Stewart whip up a tribal tropical singalong that hits, hooks and KO's by third listen. Bang it all day long-what better way to get 'em to listen at work. em to listen at work.

AEROSMITH, "PERMANENT, VACATION", GEFFEN

When it comes to blending blues, funk, pure rock and humor, Aerosmith are at the top of their class. And ain't it great to see one of rock's originals back in peak form with one of the fastest starting phone maulers this year ("Dude" slams into the #1 Most Requested spot in two weeks, lunging 13-5* Trax). Now sink your fangs into a comeback album extraordinaire. For starters try "Rag Doll"--it's the bad boy boogie of "Last Child" dressed up in horns. Then segue to "Hangman Jury", a wicked harp 'n bottleneck blues buster, or groove to the soft shoe shuffle of "St. John" with its wonderful double tracked harmonies. Hey, there's even a power ballad, a spacey instrumental and a Beatles' cover. Diverse, deep and a damn good time!

TIMOTHY B. SCHMIT, "BOYS NIGHT OUT", MCA

Desert rock meets blue-eyed soul in this one-listen, end of Summer smash. This Eagles and Poco vet teams up with pen pals Will Jennings (Steve Winwood) and Bruce Gaitsch ("Don't Mean Nothing") to yield a smooth high tech Southern California cooler. We can't decide what we like best--the deep Frey-ed call and response vocals, those wailing female back-ups or that clean uncluttered production. Put it all together and it spells OTB. Now that Richard Marx has helped revive one of the biggest sounds of the 70s, why not hand the baton to one of the dudes who helped start it. Right on why not hand the baton to one of the dudes who helped start it. Right on.

Before you limit this melodic mofo's potential with any unjustified stereotyping consider these facts: the Kiss Army ain't kids no more--they've grown up and so has the band's music. Their last effort tipped the platinum scales, the tour was SRO from east to west and their longevity is especially significant given the here-today-gone-tomorrow nature of the Pure Rock genre. On "Crazy, Crazy Nights" Kiss salutes their fans in what's sure to be an anthem for their ever-expanding army. This time Messrs. Stanley and Simmons leave the driving to producer Ron Nevison, who forges a big fat sound highlighted by an arena sized chorus and Bruce Kulick's Stones-like fills guitar. Expect heavy, heavy phoneage! heavy, heavy phoneage!

R.E.M., "DOCUMENT", I.R.S.

We've been raring to spread the good word on this brilliant Lp ever since Dr. Lyons turned our heads with it at the Midwest Conclave in July. Yes, R.E.M.'s given us their most radio ready track ever with "The One I Love" (#3 Most Added with 123, new at 28* Trax, #9 Most Requested), but don't let the vinyl tidal wave prevent you from discovering the rest of R.E.M.'s masterpiece. On "It's The End Of The World As We Know It (And I Feel Fine)", the nihilism of the 90s meets one of the best singalong choruses since the 60s in what should be their biggest Rock Radio song ever. And "Finest Worksong" and "Welcome To The Occupation" represent quantum leaps forward. It's their finest hour.

STRANGE WAYS, "ONLY A FOOL", RCA

Nothing strange about these guys. Sure they're Scottish, but their sound is unmistakably American and they've come up with a song some major league outfits would sell their mothers for. A slick slow cooker, "Only A Fool" drips hooks: searing guitar licks, atmospheric keyboard chords and a punchy, reliable backbeat. But the real deal here is the evocative voicing of lead singer Terry Brock. Vocally he's a dead ringer for Steve Perry and when he leans into that "don't walk away" chorus all we can say is bring on the album! A polished yet potent debut.

MR. MISTER, "GO ON", RCA

There's obviously no question at all regarding this Mister's viability and relevance for Rock Radio. "Something Real's" rapid three-week charge into the top 25 (29-24* Trax) is noteworthy, but equally impressive stats reveal those vital early play ups (#4 in that category with 22) and early phone response (25 citing Good/Excellent calls including WIYY, KYYS, KILO, KLPX, WPLR, WAQY, KLAQ and WTUE). The album is a sophisticated production masterpiece that's about as diverse as this great land of ours. It's soulfully rich, atmospheric, upscale funk, orchestral, techo in all the right places and it rocks. For an incredibly rewarding listening experience, sample these stand outs: "Stand And Deliver", "Healing Waters" and "Dust".

AUTOMATICS

Depth Trax From Established Albums

JOHN WAITE, "DON'T LOSE ANY SLEEP", EMI/MANHATTAN

John needed to deliver a career milestone killer for the format on his leadoff effort and managed to imposingly pull it off, no sweat. "These Times..." sprinted Top 5 Trax in no time, and performed quite well on the phones dwelling in the Top 10 Most Requested column for quite a while. The Automatic follow-up comes in the form of the seductive crossover, "Don't Lose Any Sleep". Once again John's emotional vocals steal the show on this classy, multi-appealing pop rocker. It's easy to hear and about as automatic as they come!

CRUZADOS, "SMALL TOWN LOVE", ARISTA

You had to be impressed by "Bed Of Lies" 11-weeks-and-still-counting run at Rock Radio, peaking at 4* Hot Trax, but this project is anything but a one-hit wonder. The follow-up, "Small Town Love", goes right for the gut with an unforgettable can't-get-it-out-of-your-head chorus accented by Don Henley's unmistakable harmonies. "Smalltown Love" smells like a big time smash-new this week at KOME, KFOG, KATP, KFMG and KFMU, while also playing on KRQR, KNCN and KZEL. Don't miss the concert review from Larry Snider, KXRX in this week's Radio Action.

LOS LOBOS, "COME ON, LET'S GO", SLASH/WARNER BROS.

With 1.5 million albums sold and the #1 song at Top 40, guess we don't need to tell you that the "La Bamba" soundtrack is one of the hottest records on the street. Now one-up the competition with another Ritchie Valens classic done up Lobos-style. It's fun, fast, cool, catchy and in English! Now playing in heavy at KFOG.

MASON RUFFNER, "RED HOT LOVER", CBS ASSOCIATED

Rock Radio's obviously ready, willing and able for more from this telecaster master. Witness these pre-emphasis week raves from the likes of Chris "Best track on the Lp!" James, WTPA; Beth "Mason can do no wrong!" Kepple, WKLS; Stacy "Red hot phones!" Yelton, WKQQ; Rick "Hot guitar licks!" Van Gil, WLNZ; and Al "Mason meets Hendryx!" Hofer, KSHE. Mason's at his virtuoso best on this dynamite of a rock and rhythm and blues thang. Like KPEZ's Brent Clanton sez, "This one will make your gypsy blood boil!" Already boilin' at WPYX, KAZY, KMOD, KWIC, WBYR, KEZE, WPLR and WRKI.

LITTLE AMERICA, "YOU WERE RIGHT", GEFFEN

It's not too often that a rookie band parks its debut cut Top 10 Trax, Top 5 Most Requested, but Little America accomplished just that. The format consensus on this blue chip of an Lp package is depth, depth and more depth. This band churns out quality guitar-oriented rockers with relative ease and "You Were Right" is certainly no exception. It's

time to continue the artist breaking process on one of the year's most impressive new artists. Already on KISW, "You Were Right" is just the track to maintain Little America's big profile in the middle of your music mix.

DOUBLE SHOTS

Deserving Second Trax

THE CALL, "IN THE RIVER", ELEKTRA

The Call have been one of the more musically inspiring bands of the decade, particularly in the area of evoking some serious, unbridled support and response from a good portion of music programmers. In fact, it's that undeniable power, emotion and intensity, indigenous to this band, that has nurtured this special alliance. It sure translated on the leadoff 12", as "I Don't Wanna" scored Top 25 Trax. "In The River" expresses more of that Call urgency and passion. Already spinning at WMMR, WIOQ, WNOR, WDHA, 91X, KZEL, WPLR, WHTF, WRCN, KMBY, KRZQ and CHEZ.

TWISTED SISTER, "LOVE IS FOR SUCKERS", ATLANTIC

Upon the arrival of the new Lp, we cited Dee and da boyz for a premium package with an increased emphasis on melody, maturity and macro-sized hooks; enter the Double Shot. "Suckers" not only showcases these attributes, but also highlights Beau Hill's overall contribution of reaping a tighter, more textured sound. Best of all, it's TFS once again having a rip roaring time on vinyl, featuring Dee's restrained yet effective vocals and killer licks courtesy of Eddie and J.J. Crank it up!

STAN CAMPBELL, *DON'T LET ME BE MISUNDERSTOOD*, ELEKTRA

"Years Go By" was an outstanding introduction to Stan Campbell the soloist, and the format responded with credible airplay support. Stan's vocal prowess is what impresses us most, especially when he utilizes his pipes as such a powerful tool. With Stan's interpretation of this rock mainstay, he unleashes an emotional, assured and soulful performance, with a tasty mid-tempo rhythm pacing offering the ideal complement. The net result is a performance that reeks of class, style and upper end appeal. More vocal magic from one of the best new voices we've heard all year.

JOE ELY, "MY BABY THINKS SHE'S FRENCH", HIGHTONE

One of Texas' favorite sons, Joe's been bubbling under for over a decade now, and given the current resurgence and dominance of roots rock, his timing for mass acceptance couldn't be any better. When the "Lord Of The Highway" Lp first impacted Album Radio, several tracks garnered programmer interest, leading us to believe on pure depth alone, this Austin-based roadhouse rocker was ready to go the distance. With the new 12" Joe manages to satisfyingly blend down-home, rural rock with enough edge to comfortably find a place on mainstream Rock Radio. Give it a genuine listen!

THE BRANDOS, "GETTYSBURG", RELATIVITY

DEF LEPPARD, "ANIMAL", MERCURY

(10 New/115 Cume)...Although everything that could possibly be said about "Hysteria" has been said a million times already, we still find it incredible that five different cuts are currently pulling Top 5 phones, with "Women" still perched at #7 Most Requested and "Animal" right behind at #8. And not only is "Animal" a hot phone track, it's also Def Leppard's second Top 20 track as 10 fresh spins (KRXQ, WLUP, KLAQ, WPDH, WPHD, WRXL) combine with our fifth best 20 play hikes to motivate a 25-17* Trax rise. Now in Power/Heavy at 67, it's also a Top 5 phone mauler at 21 to influence that 9-8 Most Requested rise. The Def charge is in place!

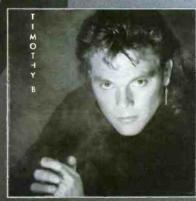

Y&T, "TEMPTATION", GEFFEN

(10 New/40 Cume)...KEZE, KICT, KOZZ, WAQY, WTPA, WTUE, WYMG, KFMF, WRQK and KFMG give in to Y&T's "Temptation" this week, joining WYNF, KOME, KBPI, KRQR,

KRXQ, WKLS, WLLZ, KISS, WBYR, WQFM and 20 more already on (40 cume). With an extra push from increased air at KSJO, KMBY and KLAQ, it power shifts 78-72* on the Hot Trax 100. While KSJO and KNAC already spin at Heavy emphasis, the checklist unveils another 27 considering/10 close. Sounds tempting, doesn't it?

BUZZBANDS

The Most Talked About New/Developing Artists

MOJO NIXON & SKID ROPER, "ELVIS IS EVERYWHERE", ENIGMA

This track is earning all day rotation rights by virtue of its musical value as well as its yuks factor. WDHA's Mike Boyle steps up, "We thought it was a novelty, but the morning show proved it to be a very serious record. Yes it's fun and tongue and cheek, and yes it'll work full time!" The rave meter's working overtime on this one...Magic Mike, KLAQ "Funny and right on!"; Patty Martin, KSJO "Great, witty humor!"; Loris Lane, KFMX "Mojo is everywhere!"; Jennifer Gipe, WWTR "Great blues tune!" and Garrett Hart, WAPL "Too much fun, big phones!" Elvis is everywhere, give it your full time consideration.

THE CURE, "JUST LIKE HEAVEN", ELEKTRA

We've got The Cure for your airplay woes, it's "Just Like Heaven"! The airplay stats are finally beginning to fall in place on this spirited, deserving track. KBPI, KFOG, KATP, WWZU and KMBY find The Cure this week swelling the cume to 41 (WLLZ, KTXQ, WDHA, WCCC, KLBJ, KLOL, KRXQ, KBCO, WLAV, 91X, WLNZ), and lunging the track 67-62*. The Buzz flows on: Larry Snider, KXRX "One of the best projects of '87!"; Ty Banks, KQWB "Great modern music!"; Alison Stewart, WBRU "Huge response here!"; Harvey Kojan, KLOL "Good phones, incredible sales, it's legit!" And we'll close with this gem from WEQX's Howard Glassman, "Even Helen Keller can hear this!". Amen!

THE REPLACEMENTS, "ALEX CHILTON", SIRE/WARNER BROS.

The "Alex Chilton" Buzz and roll show no let down in sight as KFOG, WAAF, WAQY, KLPX, KISW and KWIC qualitatively add this week, augmenting the cume to a stout 51 including WMMR, WNEW, WYNF, 91X, WHJY, KGB, KLBJ, KICT, WPLR, WAPL and WLZR. Quite an auspicious collection of call letters wouldn't you say? A true reflection of the programming value of this dynamic track. "Alex" continues its Trax climb 64-61*, and one glance at the considering checklist forecasts a long and prosperous chart ride. We know you gotta play the big boys, but don't overlook these vital up and comers.

BRIAN McDONALD GROUP, "LIFE IS A DESPARATE BUSINESS", COLUMBIA

We watched this record grow amidst all the heavyweights out there and it feels good! Brian bags majors WYNF, WQFM and WDIZ along with WMGM and WAQX this week lifting "Life's" cume to 20 with KISS, KUPD, WKLC, KJJO, KQRS, KMOD, KRQR, KATP, KDKB, WRUF, KFMG, WONE and KEZE leading the way. X, "SEE HOW WE ARE", ELEKTRA

Ever wonder why there aren't more rock & roll duets, when

it's such a naturally powerfully combination? Well, John and Exene display that fine combination of voices that mesh grace and beauty with a downhome American sound, and it works! KBCO's <u>Doug Clifton</u> X-udes "We're back on the X project, as we add 'See How We Are' to the playlist!" Doug's not the only one adding this week, as KATP, WHFS and WTCS join the already playing ranks of 91X, WTOS, WFNX, WEQX and KPEZ. Our checklist showed another 33 stations considering, 16 of which are close. This could the one!

MARC JORDAN, "THIS INDEPENDENCE", RCA

We made the radio rounds this week and found quite a Buzz on Marc Jordan. KFOG's <u>Skyboy</u> relates "We've been on Marc Jordan's 'This Independence' for four weeks now and I can assure you it will sound great transmitted over your frequency!" KBLE's <u>Ron Sorenson</u> calls it an "Upper demo grabber", while WLNZ's <u>Rick</u> "Amazing" <u>Van Gil</u>; WDHA's <u>Mike</u> "Listen more than once" <u>Boyle</u>; WMGM's <u>Jim</u> "Could be big" <u>Spector</u>; and WIOT's <u>Jim</u> "Production Masterpiece" <u>Steel</u> are obviously fans. Hear it OTB on KFOG (in Heavy), KBCO, KTCZ, WRKI, WWZU and WMGM. Let freedom ring!

DAVE ALVIN, "EVERY NIGHT ABOUT THIS TIME", EPIC

Barely out and the new Dave Alvin Lp is stirring up quite the airplay Buzz. "New Tatoo" glides on KJJO, WEQX, KFMH and KTCL while "4th Of July" (KBLE, WEQX) and "Romeo's Escape" (WEQX, WRAS), also garner early add activity. If genuine American Rock & Roll in the Blasters/Georgia Satellites style is your calling card, and that's the case for just about everybody, then spirited, energetic rock of the Dave Alvin variety is just what the doctor ordered. Listen and learn!

HEGE V, "HOUSE OF TEARS", MTM

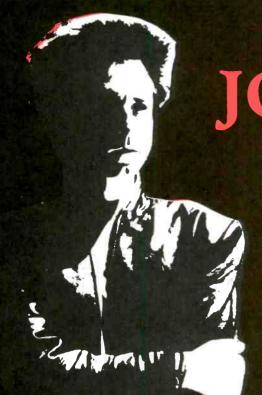

Upon the Lp's release, "House of Tears" was many a programmers pick as the lead off track. Now their choice is a reality. WKQQ's <u>Stacy Yelton</u> yells "Hege V could be anybody, but we know he's the son of George Hamilton the IV, and that's not the reason we're playing the record". WHMD's "Catfish" Phil Buzz' "Hege has that southern rock sound that goes perfectly with the T-Birds, Mason Ruffner and Omar. Don't wimp out, go for Hege V!" New at WYNF, WTCS and WRAS, "House of Tears" is now on 10 including KATP, WHEB, KFMH, KICT, WHMD, WKQQ and WTOS. Let's fill the house!

HELIX, "WILD IN THE STREETS", CAPITOL

It's Headbanger Heaven for Helix! As the fan contingent continues to spread to the masses, "Wild In The Streets" is easily the best power rocker out of the Helix camp. Our Metal Detector is working overtime logging many hours of airplay as "Wild" rocks 11-6* on the Tuff Trax chart. New at WAPL, WRCN, KQWB and KRZQ this week, the three week total now stands at 22 including KISS, KNAC, WLLZ, WHJY, KUPD, WQFM, KJJO, KMOD, KRNA, WEZX, WHEB, KRNA and KNCN with another 23 considering. With the Lp hitting the streets this week, check out "Never Gonna Stop The Rock", "What Ya Bringing To The Party" and "High Voltage Kicks", more credible rockers for your listening pleasure.

THE dB'S, "I LIE", I.R.S

We'll let WHCN's <u>Kim Alexander</u> do the talking "In a week full of action packed releases, I'm on a crusade for the dB's. Please, please, please listen to 'I Lie' more than once. The first time won't do it for you and it's a wonderful song. Let's not overlook it!" WIOQ's in along with KBAT, KFMH, and CHEZ bringing the two week start up cume to 15 including WHTG and WNCS in power, along with KATP, KPEZ, WEQX, WMJY, WZEW and WHFS. WEQX's <u>Howard Glassman</u> calls it "Catchy, witty, rock & roll!" That says it all!

BUILDERS

Displaying continued progress (Charts/Sales/Requests)

LOU GRAMM, "LOST IN THE SHADOWS", ATLANTIC

Lou's solo killer from "The Lost Boys" OST garners nine fresh spins headlined by KOME, KGB, WLLZ, KICT, KMOD and WMGM, and judging from the checklist, it appears that everybody is getting ready to once again do the Lou. We uncovered a whopping 41 stations considering/20 close. In addition, it's up at KWHL, a Top 5 phoner at WCMF and WXLP, and impacts the Hot Trax chart at 94*. Now on 24.

OMAR & THE HOWLERS, "MISSISSIPPI HOO DOO MAN", COLUMBIA

Howler-mania rules!! Omar & the boys corral nine (KOME, KTXQ, KLAQ, KISW, KWHL, WAQY, WRKI, KZEL, KMBY) as KMOD ups rotation powering "Hoo Doo Man" 70-64* Hot Trax. Omar is currently airing at 45 including WMMR, WNEW, KGB, KUPD, WBAB, WDIZ, WYNF and WKLS as four rotate in heavy (WHCN, KNCN, KRIX, KWHL). The Lp holds at 40* on the National Album Action chart.

The Bryan Adams hit parade marches on as "Victim Of Love" struts 9-6* Hot Trax, with 13 play increases (KATT, KUPD, WPDH, WTPA, WRX) and nine fresh spins (WYNF, DC101, CHEZ, KGGO, WZXL, WPHD, WRQK, WRDU, KGRQ). Now at Power/Heavy emphasis at 104 (KLAQ, KISW, KSHE, WDVE, WMMR, WZZO) stations out of 146 playing with Top 5 phones reported at KMOD, WIMZ, KGRG and WXLP. The Lp holds at 10* on both Album Action charts.

STARSHIP, 'BABYLON', RCA

Track two for the Starship is off and running as majors WNEW & WXRT come in joining seven others this week (KRIX, KICT, WKLT, WXRC, WAOR, KLPX, WTUE) pushing "Babylon" 52-48* on the Hot Trax 100. WWTR, KZEL and KWIC increase, WDVE, WLAV, WZEW and two more have it in Power already, while 14 spin at Heavy emphasis (KFOG, KOZZ, KSJO, KZEL, WDHA, WMGM, WWZU). Now on 60 stations.

INSIDERS, "GHOST ON THE BEACH", EPIC

With nearly everyone now playing "Ghost On The Beach" (155 in all including newcomers KISS, WLVQ, DC101, WAQY, KLBJ and KWHL), continued chart growth relies on a substantial dose of those all-important play ups and the Insiders bag a bundle. Play hikes at our fifth ranked 20 (KLOS, KGB, KBCO, WFYV, WYNF, WHEB, WIOT) motivate a 17-11* Trax jolt and Album Action improvement of 19-17* National, 20-18* Metro.

LOVERBOY, "NOTORIOUS", COLUMBIA

While cracking the Top 10 Hot Trax this week (14-9*), Loverboy generates this report's 2nd best 28 play increases (KATT, WQFM, WDVE, KUPD, KOZZ, KKDJ, KICT, KGON, WPYX, WOUR, WAQY) as 148 are now playing (six new including KNAC, WAQY, WGTR, WRKI, KFMU) and 91 are spinning at Max/Heavy rotation. "Notorious" holds at 16 Most Requested with Top 5 phones at eight (KQRS, WAAF, KBPI, KDJK, KSQY) as the Lp debuts at 12* National, 15* Metro.

TOM KIMMEL, "TRYIN" TO DANCE", MERCURY

It's only a matter of time before Mr. Kimmel reaches that brass ring, why with 52 stations close to adding it, "Tryin' To

Dance" should continue its upward chart climb. This week, six are new (KATT, KZOQ, KOZZ, KMBY, WIZN, WTUE) as KFMU ups and "Dance" shuffles 87-80* Hot Trax. Now on 33 including KTXQ, KRQU, KJJO, KICT, WEZX, WTPA, WIMZ and KMOD.

THE CULT, "WILD SIDE", WARNER BROS.

As five more (WTUE, KICT, WGLU, KRNA, WXXP) take a walk on the "Wild Side" and WMGM increases rotation, the Cult's latest jumps 49-45* Trax, 42-38* National, 37-36* Metro. Of 72 cume, 13 spin Power/Heavy, nine report a build, seven see building phones, seven more a build in sales, and KWIC and WIXV cite Top 5 phones. While 18 consider, half of which are close, "Wild Side" lands at 19* Tuff Trax. Take a walk.

PETE BARDENS, "IN DREAMS", CINEMA/CAPITOL

WKQQ's <u>Stacey Yelton</u> informs "If you're not playing Pete Bardens you're missing something special. Phones and sales are through the roof." While we're talking phones, "In Dreams" is generating Excellent/Good calls at 25 and Top 5 phones at KMJX, KRIX, WMRY and WKQQ. And on the strength of increased play at eight (KLAQ, WLAV, WMRY, WORZ, WWCK) and new play at KMOD and KBAT, it elevates 45-41* Trax while the LP upgrades 39-36*, 41-38* Metro. Now in Power/Heavy at 23, with nine more considering.

SILENCERS, "PAINTED MOON", RCA

KYYS, KZEL, KICT, WXKE and WXLP break the Silence this report, stretching the cume to 129 and sparking a 23-20* Trax leap, a 23-22* National surge and a firm hold at 22* Metro. While eight increase air (KRXQ, KOME, KSHE, WOUR, KEZE, KLPX, KOZZ, WWTR), the Max/Heavy tally expands to 48. And performance—we offer the Top 5 calls at KXRX and KBCO as proof.

RICHARD MARX, 'SHOULD'VE KNOWN BETTER', EMI/MANHATTAN

Richard muscles his way towards Top 5 Trax status, even with all that heavyweight traffic in front of him. "Should've Known Better" logs 26 increases, 3rd ranked in that catagory with WCCC, WQBK, KILO, KRXQ, KATP and KMBY leading the way. As four are new (KGON, WIOQ, KJOT, KFMG), 30 stations report building status, plus another 18 Building in both phones and sales lifting Mr. Marx 10-7* Hot Trax, as the Lp holds at 8* National, 9* Metro. Now in Max/Heavy at 100 outlets. Plug it in!

U2, "WHERE THE STREETS HAVE NO NAME", ISLAND

CHOM, WOUR, WKGR and WTCS hit the "Streets" this report, and factoring in another nine increases (KUPD, WFBQ, WXRC, WAPL, KATP), U2 scores another(!) Top 10 track as "Where The Streets..." leaps 11-8* Hot Trax. Now in Power at 61, Heavy at 39 more, it's currently pulling Top 5 calls at WBYR, KPEZ, KOZZ, WLVQ, WPYX, WDVE, WZEW and WIZN for a hold at #17 Most Requested. The Lp improves 9-7 National, 7-6* Metro.

GRATEFUL DEAD, "HELL IN A BUCKET", ARISTA

We've said it before, we'll say it again. Isn't it amazing to see the Dead land two(!) Top 5 tracks from the same album? And "Hell In A Bucket" is not stopping at the Top 5, it's closing in on (could it be) the summit. As a hefty 17 increase (KGON, KYYS, WCCC, WFBQ, KOZZ, WRCN, WRKI) and WLLZ and WIBA are new, it upgrades 4-3* Trax while 17 Top 5 mentions land it at #10 Most Requested. Of 156 spinning, it's now Max/Heavy at 111.

WAX TO WATCH!

MARK KNOPFLER & WILLY DEVILLE, "STORYBOOK LOVE", WARNER BROS.

Willy (Mink) DeVille croons out this ballad from the soundtrack to the film "The Princess Bride". Accompanied and complemented by guitar virtuoso Mark Knopfler, "Storybook Love" sways to a softer beat. Knopfler's signature guitar work glides gently throughout this smooth serenade. This story is haunting, seductive, a bit eerie and guarantees to melt some hearts. Lend an ear, you'll be hooked.

METALLICA, "GARAGE DAYS RE-REVISITED", ELEKTRA

If you're in the know, you're already aware of Metallica's enormous following and success. Hell, "Master Of Puppets" remains highly active on the phones, and is still on the Concrete Sales chart (26-20*), just short of platinum. On "Garage Days", da boize have some fun bashing out some of their old faves in true Metallica garage style. Pick any cut on the Ep, slap it on the turntable and watch the phones go nuts. Guaranteed to put 'em in gearhead heaven. Oh, by the way Z-ROCK added and debuted it at #1!!!! and we hear that after two days on the streets, the Ep has already sold over a quarter of a million copies...WOW!!!

SHOK PARIS, "GO DOWN FIGHTING", I.R.S. (yeah, that's right I.R.S!)

When we heard I.R.S. signed a metal band we were taken back, to say the least, and immediately contacted Sheik Ayatollah (see Shop Talk) for the dirt. This ain't no skinnytie poser band, these guys can crank it out with the best of 'em. Kicking around the Cleveland area for the past few years, Shok Paris have had a couple of indie releases on Auburn records, but now they're ready for the bigtime. "Go Down Fighting" from the forthcoming "Steel & Starlight" Lp possesses everything a Metal tune should, highpowered vocals, plenty of crunch, and a message (we think).

As the I.R.S. label prez sez: "We just felt it was time to kick ass!"

METAL PROWL: Mailing in this issue, is a Guns N' Roses interview flexi disc, which gives all of us our first taste of where these guys are really coming from and what they're all about. Check it out! Be on the lookout for: Paul Di'Anno's Battlezone "Children Of Madness".

SHOP TALK

With Sheik Ayatollah, Manager Of Champions/Creator Of Legends....

MD: Sheik, babe, where have you been and why all the silence?

SHEIK: Well, I've been away, I've been back to the Fatherland, I've been getting re-energized, revitalized, and rejuvinated. But now let me tell ya, the master planner, the master of disaster, the man who wrote the book, the man who not only has all the answers, but the man who changes all the questions, is back!! As you know, I've personally guided bands like Metallica, Motley Crue, Dokken straight to the top of the charts. After doing all that, I felt it was time for a change.

MD: Being a midwest type of Sheik and now living in L.A., how do you handle the tofu and bean sprouts?

SHEIK: The Shiek may have resided in the midwest, but the Sheik is confined by no boundaries, regional, political or otherwise. The Sheik is bad, he's worldwide, he can handle anything, anytime!

MD: Rumor has it you consult Z-ROCK, is this true?

SHEIK: That is absolutely true, not only do I consult Z-ROCK, they personally come to me for guidance. They came to me and said "Sheik, Metal is happening, how do we do it? What do we do? I gave them the answers, I clued them in, I gave them a system. My #1 man Wild Bill Scott, he's down there taking care of business!

MD: How many bands owe you their lives for breaking their careers?

SHEIK: As you know, Mr. Metal Detector, when the Sheik chooses to get involved in a bands career, good things happen! The list is a long and endless one, just ask people like Don Dokken, ask the boys in Metallica, ask the boys in Metal Church, when the Sheik gets involved in careers, big things happen! But that's all in the past, the future is looming ahead and the future is a band called Shok Paris!

MD: So I.R.S has signed a metal band, tell me about it...

SHEIK: Not only has I.R.S. signed a metal band, I.R.S has showed a lot of taste, alot of class, a lot of dignity, alot of distinction... before they went and signed a metal band, they went and looked up a metal maniac. They called my good friend Dr. Barry Lyons, in from Chicago, the windy city and said come out to L.A. He did and then he called the Shiek and said-what do I do, Who do I sign? I found them a band called Shok Paris, and let me tell ya something Metal dude, when you hear these guys, the roof is gonna be raised, the rafters are gonna be blown up. It's gonna be pandemonium, it'll be running wild.

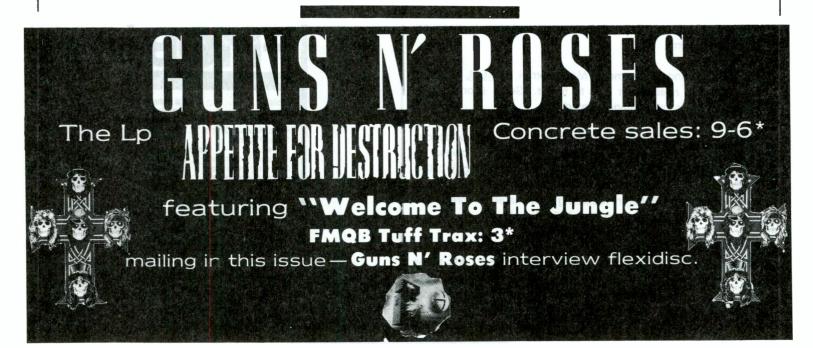

MD: As the Sheik sees it today, what is the current state of Metal?

SHEIK: As I see it, the band that currently sets the standard by which we deliniate the pretenders from the contenders is Metallica, clearly a band at the top of their form, at the top of their game, a band that is ready to walk that aisle, a band that can walk that walk, talk that talk, a band that can do it all! The state of Heavy Metal is that it's great, it's happening, it's alive, it's vibrant, it's street!

MD: What type of music makes you puke?

FMQB, August 28, 1987

METAL DETECTOR

SHEIK: The only kinda music that makes the Shiek puke is music that has no integrity, music that has no balls, music that has no vision. But the thing that really makes me puke, let me tell ya, are some of these close minded, narrow minded radio geeks...some of these people are so slow, they need an hour and a half just to watch 60 minutes!!! They couldn't hear a train wreck, if it was happening in their own living room. That's what makes me puke!

MD: Sheik, babe, it's been enlighting.

<u>SHEIK</u>: Mr. Metal Detector, it's been a pleasure, and it's been all yours!!!

THE KING AND HIS COURT

FMQB's Metal Detectors hung with the king-ela (KING DIAMOND-Swedish Rock God) the other night and from the opening of the show, where the King pulls a baby out of a casket and violently stabs it with a knife, then licks the knife, we knew we were in for an evil evening. King Diamond performed many current favorites from his most recent album "Abigail" (10* Tuff Trax, # 7 Concrete Retail, #124 Billboard Albums), King also perfomed numbers from his last Lp "Fatal Portait" as well as some of the old classic faves from the Mercyful Fate days. It was kinda funny seeing WMMR's Lyn Kratz on stage amidst all the evilness, but she handled the bloody boned micophone quite well. Pictured with the KING (L-R) are FMQB's METAL DETECTORs LaSpina & Di Dia with RoadRunners Michael "I toured with Megadeth and lived to tell about it" Schnapp.

STUFF YOU SHOULD KNOW.....

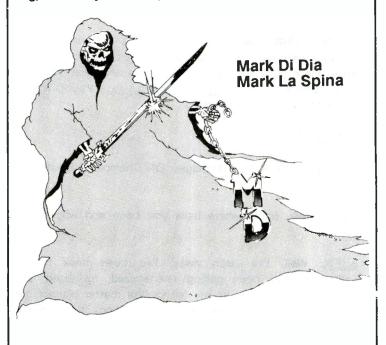

- *"Don't Stop At The Top" is the title of the forthcoming Scorpions album.
- * Lost & Found Department: Mark Ferrari of <u>KEEL</u> has lost his guitar and needs your help to find it. Serial # on the axe is 4400, and it is camouflage painted.
- *KING KOBRA have recently been signed to a new record deal. The band is the first signing to a new label owned by Gene Simmons (As predicted in "Stuff" 2 weeks ago) called Radioactive Records. King Kobra will soon be announcing a new lineup and will begin recording new material more in the direction of their debut album "Ready To Strike"
- *MOTORHEAD have recorded their new album, the followup to "Orgasmatron" and it will be titled "Rock & Roll", due to hit the streets on 9/14. The Lp was produced by the band themselves and follows the same direction as Orgasmatron.

That Lp was Motorhead's best selling American release so far. The band plans to tour America extensivley.

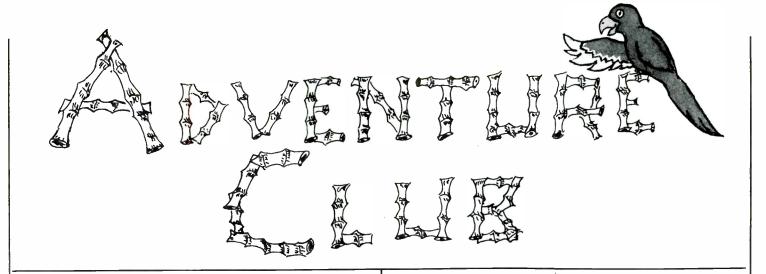

*DEEP PURPLE kicked off a tour of stadiums in Europe. They are no longer planning to make up the American shows they had to cancel after Richie Blackmore broke his finger in May. The group does plan to release a live album before the end of the year, and Ian Gillan and Roger Glover have been collaborating on a new studio album.

*Living in the U.S.A....It's a jungle out there, as Japan's premiere hard rock band, LOUDNESS, has discovered the hard way. In recent months, the band has fallen victim to not one, not two, but three separate criminal acts, none too serious, but each a jolt to a band that comes from Japan, a nation with a remarkably low crime rate. In the past two months, their tour bus was ransacked, drummer Munetaka Higuchi was robbed of several million yen, and the lead singer Minoru was mugged by a man who ran off with his jacket, wallet and other valuables. We understand that Minoru (Mickey, if you will) is reported to be a kung-fu master, but choose not to use his art form on this hooligan.

This week we must thank Elektra's Brad "The Rad" Hunt, Geffen's Marko "Shark teeth" Babineau, Sheik Ayatollah, Dr. Barry Lyons, Eddie Trunk, Grand Slamm's Brian "Studs" McEvoy, Jody Young for the green paper, Mike Jackson for calling his album "BAD", The King (and we don't mean Elvis), Lee The Worm for the supplies, Mean Ed Green & Nick The Pig, and Whitey, wherever you are......who's better than us.....

RADIO RAVE

I have to admire bands that give the record buying public their money's worth. <u>U2</u> is one of those bands. First an Lp without a weak track, then B-sides to the singles that are real gems. <u>"Sweetest Thing"</u>, one of the B-sides to <u>"Streets"</u>, is sensational. <u>Echo & The Bunnymen</u> is another. It's impossible to ignore <u>"Rollercoaster"</u>, the B-side to <u>"Lips Like Sugar"</u>. <u>R.E.M.</u> has returned with a solid rock record. <u>"The One I Love"</u> brings them a step closer to accessibility without compromise in the sound that has made them the premier alternative band in the U.S. And speaking of bands that are more accessible without changing their sound, I would have to include <u>Gene Loves Jezebel</u>. <u>"Suspicion"</u> is a knockout but <u>"Motion Of Love"</u> is a hit, not just for alternative radio but AOR as well.

HOT WAX

GENE LOVES JEZEBEL, "MOTION OF LOVE", GEFFEN

They're ripping it up nationally with Echo & The Bunnymen and New Order. After seeing a stellar and wildly applauded show in Philly, it's evident they're gonna hit the masses big time with this next Lp. "Motion Of Love" is their most accessible track to date. The guitar sets the bait, while the chorus and background vocals are the hook. Michael Ashton's emotional vocal delivery is potent and mesmerizing. Feel the motion.

SQUEEZE, "WEDDING BELLS", A&M

This pop gem is the B-side to the "Hourglass" single. Adding more percussion and introducing different timing and pacing, this cut could pass as an out-take from "Cosi Fan Tutti Fruitti". It's an uptempo story that magically softens in the middle. These guys can't go wrong. If you can get it, give it a spin.

THE SMITHS, "GIRLFRIEND IN A COMA", ROUGH TRADE

Morrissey's delivery is gentler than his vocals on "Louder Than Bombs". "Girlfriend" is a light and breezy tune despite the subject matter. Strings and acoustic flavoring add weight to this new single from the forthcoming Lp "Strangeways Here We Come". Now the dirt! Johnny Marr is gone. Despite rumors of fighting, Marr and Morrissey both state "musical differences" as the cause of the split. Marr is off to form a new band. Expect "Pink Floyd" style litigation as both wrestle over the rights to the band's name.

THE BOLSHOI, "PLEASE", BEGGARS BANQUET/RCA

Trevor Tanner's yearning and emotional delivery add a pop ambience to his dark gothic inspired vocals. "Please" is an uptempo tune with a rousing string arrangement. The keyboards and strings combine to create a hook that'll please Continued from previous page

ya. Look for The Bolshoi's second Ip "Lindy's Party" to be released soon.

PET SHOP BOYS, "IT'S A SIN", EMI/MANHATTAN

The Pet Shop Boys weave harmony and melody throughout this textured tune. The boys are masters of the pop melody and on "It's A Sin", the story shines over shimmering keyboards and booming percussion. It's a sin that it may remind you of Barry Manilow's "Could It Be Magic", but once you get past the borrowed melody, it's a treasure.

BUCKWHEAT ZYDECO, "ON A NIGHT LIKE THIS", ISLAND

Riding high on the new wave of zydeco music are Stanley (Buckwheat) Dural and his band, Ils Sont Partis ('they've left' for all you Americaines). Zydeco (accent on first syllable) is the black dance music of French speaking Louisiana. With "On A Night Like This", Buckwheat mixes contemporary flavors with the traditional bluesy sound of zydeco music and turns this Dylan tune into a rousing mover with a smokin' accordian. Check this out and it'll change your image of the accordian, it's not just for Lawrence Welk polkas.

LES RITA MITSOUKO, "C'EST COMME CA", VIRGIN

Oui, it's French. So tell me you understand all the words to all American rock songs...and you like them, right? As <u>Valerie Pittman</u>, WRAS says: "If you speak French, you'll love it. If you don't speak French, you'll love it twice as much. What a hot add!" "C'est Comme Ca" produced by Bowie/Bolan maestro Tony Visconti is a powerful rocker with an undeniable beat. Sounding a bit like Siouxsie, vocalist Catherine Ringer huskily belts out a hook ladened chanson well worth the listen. C'est facile.

NORTHERN PIKES, "DANCING IN A DANCE CLUB", VIRGIN

Canada's music fans and critics have been aware of Northern Pikes for four years. With the release of "Big Blue Sky", we here south of the border finally gain access to their music. "Dancing In A Dance Club" is an uptempo pop tune in the 1979 new wave explosion vein. Their fresh talent, energy and raw passion add texture to this pop gem. With "The Things I Do For Money" being released as the first 12" to radio, dig deeper and take a spin with "Dancing In A Dance Club".

NEW ORDER, "SUBSTANCE", QWEST/WB

"Substance" is a compilation of singles from New Order which includes their latest hit "True Faith". Although the Lp is comprised of singles, some of their hits are painfully absent in this compilation ie: "Dreams Never End" and "Age Of Consent". For those not familiar with New Order, this is a good starting point (Try "Fact 50") and for collectors, a must.

A MATERIAL POINT OF VIEW

WLIR's Larry "The Duck" Dunn speaks with John Campbell of It's Immaterial...

Larry: I understand you call "Driving Away From Home" your first truly British road song.

John: We had this kind of country flavor and rhythm on an acoustic guitar and we decided to actually blend a bit of our own kind of English roots and create this kind of driving feel for England. In the idea there's a bit of sarcasm. Obviously, London's the capitol of England so we created this driving song that drove away from London. It had kind of tinges of the political environment in England at the time so it was kind of a subtle dig at quite a few things. But mainly there's a sense of humor in there as well that hopefully people can pick out.

Larry: I could hear this song on a future movie soundtrack if the movie was right.

John: Yes, we got approached by a couple of directors in England. And a couple of TV ads, ferry companies that run between Britain and France wanted to use the song to kind of tempt people to go to France for the holidays on board their particular ferry. It actually kind of looked like at some point it may be misused, but we're okay, it's still quite pure.

Larry: Everyone can relate to a song like "Driving Away From Home".

John: There is quite a universal sentiment in the song. The idea of getting away for a few days appeals to everybody.

Larry: You started writing this record in 1985?

John: That's right, with the record just coming out now over here and it being two years old for me, to actually keep thinking about it in a refreshed frame of mind is pretty difficult at times. But it's pleasant enough.

Larry. There's a great song called "Space" on the album.

John: This was kind of a gracious dig about the New York avant garde set. You know people like Laurie Anderson who I actually admire and like but at times think they take themselves much too seriously and arty, there's not enough humor in it. It was just again, dealing with a very simple topic. We all create the space we need.

Larry: Will you tour this country?

John: If things start to move a little, we're hoping to come back maybe at the end of October.

(Special thanks to Larry "The Duck" for permission to print this interview.)

DIRT ALERT!

WAVE GOES NATIONWIDE: SMN AND METROPOLITAN TEAM UP TO TAKE FORMAT TO EVERYTOWN, USA

It's been called everything from "audio wallpaper for yuppies" to "the first truly new format since AOR in 1968." Call it what you will, the Wave, that much-touted 25-54 targetted format that mixes soft rock, light jazz and melodic new age, may soon be coming to a stick near you. Introduced just seven months ago by Metropolitan's KTWV, Los Angeles, the atmospheric mood service will soon be distributed nationwide via satellite, thanks to a joint venture by Metropolitan and Satellite Music Network, the same fun loving bunch that brought you Z Rock.

"The net feed is an almost song-by-song duplication of KTWV," says SMN VP Programming Robert Hall. includes the jingles, inserts and timelets (top of the hour ID/timechecks). It's like buying a McDonald's franchise. You get the programming, the billboards, the marketing, everything." Programming will originate from SMN's Chicago studios. Like KTWV, satellite Wave will employ no DJs. SMN has already inked two top 100 affiliates, according to Chairman John Tyler, with leads in a dozen more markets. Hall expects to "wrap up" the top 50 markets by the summer of '88.

"It's especially gratifying to see something like the Wave go to the next level and to be accepted to the degree that it's now going to be a national format," said KTWV Director of Programming Frank Cody, who retains that position while taking on new programming responsibilities with the Wave network. "I have a tremendous admiration and respect for Metropolitan, (Met Prez) Carl Brazell, KTWV VP/GM Howard Bloom and the team of people that put all this together. Particularly Metropolitan and Carl for taking the risk and trying something new in a business where people rarely take risks. I'm also especially pleased and gratified by the fact that this is opening the door for so much great music."

But a big question looms regarding the viability of this young, somewhat experimental format for mainstream America. Will the Wave work, say, in Wichita? Cody believes that if you extract Hollywood and Beverly Hills, Southern California really is representative of middle America, and Bloom points out that within 28 weeks KTWV has risen from the 30's to the Top 10 in Metro rank with 25-54 Adults, with 85-95% of its audience coming from that target cell. "It can definitely work in the medium and small markets," insists Cody. "That was one of the things that came out of the research to launch the Wave. This music appeals to all kinds of people, particularly to those

between 25 and 50. You've got a large segment of adults who have been looking for something a little different that would satisfy their needs for a mood that is relaxing but not soporific.*

SMN's Hall is a little more pragmatic, saying satellite Wave is more suited to white collar markets like Austin or Madison. "We have a formula devised from our research and we kind of slide rule the market so we can determine whether it will work in the market." And Cody reasons that "Those markets where the music has been most accepted are the markets where the Wave will perform better out-of-the-box than in markets that have been slower to respond to the music," adding that those markets have high concentrations of white collar populations at higher income levels.

Two new programming positions have opened up as a result of the SMN/Metropolitan venture. KTWV is looking for a fulltime programmer to work under Cody on day-to-day station programming. "It's probably a PD position," says Bloom, noting that the position will be filled "once we have an identification of the specific time Frank will be involved with the network." And an Op Mgr's position has been created for the Wave net. Based in Chicago, he'll execute the satellite format, reporting to Cody.

HUGHES SPLITS SOURCE, RETURNS TO LOCAL RADIO AS WRDU PD

Michael Hughes is back in local radio. The former WIOT, Toledo PD has resigned as Manager, Program Administration at NBC's Source network to program WRDU, Raleigh effective September 14.

"I'm getting back to doing what I love to do--programming local radio," Michael told FMQB. "We had a big success in Toledo and I wanted to get back. WRDU's in good shape, but just good. I think they're winning by default. The radio station is solid and I think they're on target. They're just ready for the tweaking that will put them over the top."

Look for a sharper, more aggressive promotional stance and a wider demographic spread when Hughes takes the 'RDU helm next month. "They own the upper demos and we want to skew a little younger but still protect those precious upper demos and go for #1."

Hughes joined 'IOT in '83 as a weekender. A year and a half later he was PD, and when he split from the station in May of '86 he left it with a 16.2 in the Birch. What's he learned from the national perspective the Source gig afforded him?

"The fact that I've been able to do a lot of travelling has enabled me to hear a lot of the best and worst that's out there. That's a great perspective that I wouldn't have been able to have gained staying in local radio. And working with various programmers around the country, I have a great idea of what's going down on a national level, which I look forward to using on a local level."

ST. JAMES EARNS KZEL PD STRIPES

KZEL, Eugene, OR found the person best suited to fill its PD void already playing for the home team. He's former MD Bill St. James, who officially took the programming reins last Monday. With Bill moving up, the next logical question is who will now handle the MD responsibilities? In essence the entire staff has been promoted and the official MD title has been dropped. Sez Bill, "The role of music director will be performed by the staff, with the final say being my own, of course." And despite the changing of the guard, Bill does not have a change in musical direction in store for KZEL. "Jim Trapp did a considerable amount of work towards taking the station into the 80s. He did some of the hardest ground breaking work in terms of positioning KZEL as a new musicintensive station. My plan is to continue along the same course and try to proceed in fine tuning the existing product and image of KZEL, which is always an on-going process." A veteran of the Oregon airwaves, Bill's priors include a fiveyear stint (1979-85) with KINK, Portland in full time production, promotion, air work and music capacities. Concurrently, KZEL has upped Promotions Director Ken Martin to Operations Director. In his new position, Ken will be in charge of administrative matters, news and production, while continuing to head up the promo department.

KOJAN BUYS BULLETPROOF VEST, HEADS TO LA. AS R&R AOR EDITOR

Look for <u>Harvey Kojan's</u> mug at the top of R&R's AOR column starting September 9. The KLOL, Houston MD/Midday man is The Industry Newspaper's new AOR scribe, replacing <u>Steve Feinstein</u>, now programming KKSF, San Francisco. A former jock at WQBK and WPYX, Albany and WGRQ, Buffalo, Kojan told Dr. Dirt, "Well, it was always my parents fervent hope that I would someday come up with a real job, and I'm sorry to disappoint you, mom, but I took the gig. But seriously folks, it was a tough decision made easier by the fact that the PD was on vacation. Boy, is he in for a shock...But what I really want to know is, can I still do the Checklist?"

WESTWOOD TAKES OVER NBC RADIO; HOUSE-CLEANING PRECEDES TAKE-OVER

After signing a letter of intent in July, Westwood One has completed its purchase of NBC Radio Networks from General Electric. Prior to the finalization of the deal, a streamlining of the existing staff at NBC went down with 25 positions eliminated across the board, including Source/NBC Radio Entertainment VP/GM Willard Lochridge. Also let go were six news correspondents, several sales department personnel as well as persons from the Affiliate Relations and Clearances departments. Other moves resulting from the change of ownership include the transfer of seven news writers to the NBC News payroll, the closing of NBC News bureaus in Los Angeles and Washington, to be merged into already existing operations of Westwood One and Mutual Broadcasting. And while many NBC employees belonging to the National Association of Broadcast Employees and Technicians Union are currently striking their respective divisions, Westwood One claims the company did not assume the collective bargaining agreement reached between NBC and NABET prior to the sale of the Networks.

B/A/D/E/ COINS "JAZZAGE" PHRASE

While SMN and Metropolitan were busy putting the Wave on the bird, one of New Age's other leading exponents, B/A/D/E, were applying for a service mark for an umbrella term for their atmospheric format. B/A's New Age clients will soon be using the terminology "JazzAge" (SM). B/A Prez Dwight Douglas explains: "We felt that indeed it's a combination of the 2 predominant forms of music (involved in this format) Jazz and New Age, and we felt we needed an umbrella term to sell. That's one of the contributions that we're trying to bring to the format—to bring it together under one name so that it can be sold nationally and it can be understood by many more people that it's currently understood by".

Look for B/A to announce 2 new "JazzAge" stations next week. And look for Dwight and other programmers' New Age prognosis for succes in this week's QUESTION.

KAREN LEE "NEWEST I.R.S. TERRORIST", DIANE PAVLO NAMED ELEKTRA AOR PROMO COORDINATOR

I.R.S. has called on Elektra National AOR Promo Coordinator Karen Lee as its new Northeast Regional Promo/Marketing Mgr. effective Sept. 8. She replaces Paul Brown who became New York's newest Virgin last month. Commented I.R.S. VP Promo Barry Lyons, "Everybody doesn't like something, but nobody doesn't like Karen Lee. But seriously folks, I look for Karen to provide the Northeast with the service and follow through that will make for a great continuing relationship between I.R.S. and our friends at radio. Obtaining the services of both Karen and Sheik Ayatollah in the same week should be an indication of our commitment to be the very best." (Look for FMQB's exclusive Interview with The Sheik in this weeks Metal Detector).

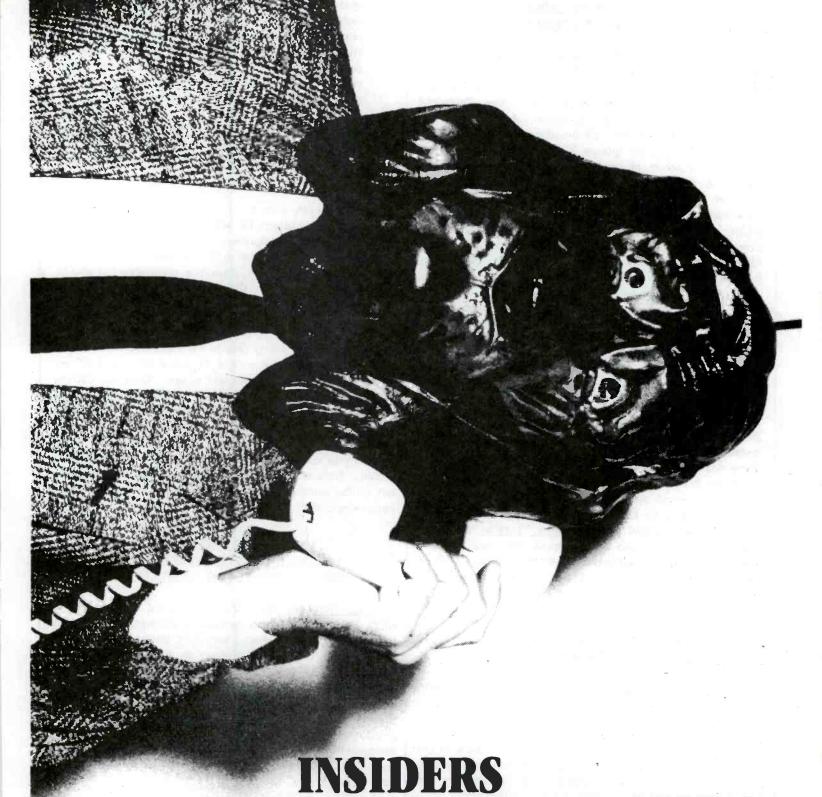

Before joining Elektra in '84, Karen put in 4 years at WEA's branch working in advertising and reception/ "Radio beware, I'm the newest I.R.S. terrorist" she warns. "Reach me at 212-605-0601".

Elektra wasted no time finding Karen's replacement, enlisting former Arista Pop Promo Dept. Administrative Assistant <u>Diane Pavlo</u> to fill the National AOR Promo Coordinator spot. "I look forward to working with (VP Album Promo) <u>Brad Hunt</u> at Elektra and the making a lot of new friends at radio", Diane told the Dirtlines.

GENE OLSON NEW KNCN OM

WXLP, Davenport, IA Asst. PD/afternoon driver Gene Olson, the man who brought you "Shoes for Amelda Marcos" and "Monopoly Money for Jim and Tammy" is the new OM at KNCN, Corpus Christi. Olson will put in his last day at WXLP on September 4 and will start at KNCN on or around September 7. Commenting on his new post, Olson told us, "I'm looking forward to heading south for the winter and hooking up with GM Jay Corbin. He's a great guy and I think we'll work great together. Look out Corpus Christi. We're headed to the top." Gene, who has been with 'XLP for just under two years, previously worked at Indianapolis AC WENS. Prior to that, he was with crosstown WFBQ. No Asst. PD replacement is expected at 'XLP. However, the station is currently looking for air talent. Meanwhile, exiting KNCN OM Pepe Lopez updates his situation with the following statement: *Upon consultation with Tippie Communications Inc. corporate VP of Programming Dick Delaney, I have decided to sever ties with KNCN. I'll be home reviewing cotions. If you have any, call me (512-993-5960)."

NOBEL NABS KBCO FOR \$27 MIL; TAFT ADDS WRIF (\$17 MIL); WYDD, KJOT ALSO SOLD; NEW OWNERS TAKE WTOS CLASSIC

Dirt St. Journal time: Nobel Broadcast Group, owners of WBAB, Long Island and XTRA-FM, San Diego, among others has just aquired another rocker to the fold with the purchase of KBCO-AM&FM, Boulder/Denver, CO from Centennial Wireless Inc. at a price of \$27.25 million. And, although not as yet official, we hear that Taft Broadcasting Co., one of the biggest AOR broadcast groups is attempting to add WRIF, Detroit to its roster of rock holdings. The company has applied to the FCC for permission to buy the motor city outlet at an estimated cost of \$17 million. Taft currently owns such rock powerhouses as WKLS, WLVQ, KYYS, WDVE, WLZR, and WFBQ. 'RIF is presently owned by Silver Star Communications. In spudsville, KJOT, Boise (along with sister AM KGEM) has just changed hands from Gem State Broadcasting to Viking Broadcasting for \$2.1 million. Finally, as reported in last week's DIRTI, WYYD, Pittsburgh and sister AM WKPA are no longer owned by Gateway Broadcasting Enterprises Inc. New owners Salem Media of Pennsylvania Inc., which hold a substantial share of religious stations could not be reached for comment but rumours continue to point to the station possibly scratching T'Pau for passages from Matthew, Mark, John and Luke. More next week.

In related DIRT, WTOS, Skowhegan/Portland, ME, along with sister Nostalgia AM WSKW recently underwent a change of ownership of their own from Laurel Group Limited to Skowhegan-based Mountain Wireless, newcomers to the radio ownership biz. Upon review, the new owners decided that 'TOS four-year-old Alternative format wasn't cutting it, and thus have opted for Classic Rock. As a result, MD <u>Duane Sherman</u> has resigned and GM <u>Kent Thurston</u> segues to OM/PD. Kent will also handle music with help from the entire staff. No MD replacement will be sought. 'TOS will debut as Maine's only true Classic rocker on or around September 6.

NORMAN RAU SANDUSKY PREZ; CHAS LOGAN NOW WYNF ASST. PD

As widely speculated, Sandusky Broadcasting has called upon Norman Rau, VP/GM of its Dallas Top 40 property KEGL to take over as President, effective sometime in the 4th quarter. Rau, who is the nephew of Sandusky Chairman of the Board Dudley White, replaces Tony Brooks, who left in June to get into station ownership. Although group headquarters are in Denver, Rau will be based elsewhere. No replacement has been named yet at KEGL.

Charlie Logan has been upped from MD to Asst. PD at WYNF, Tampa. Sez 'YNF PD Carey Curelop, "Charlie's been with us for a long time. He's done an excellent job as music director and he has the where with all to be my assistant. I'm happy to have him. It's really a matter of the title catching up with the job. He's been performing in an Assistant PD capacity since he got the job as MD."

GORMAN RETURNS TO AOR, CONSULTS WBYR

It's official now. As predicted here weeks ago, former WMMS, Cleveland PD <u>John Gorman</u> is consulting WBYR, Buffalo. The station also retains KFOG OM <u>Dave Logan</u> as a consultant. Here's how the G-man sizes up Buffalo's new 3 way AOR race:

"The Buffalo radio market has, for the last few years, been very topsey turvey. You've had amazing

successes followed by horrible failures. It was a market that probably had more CHRs per capita than anywhere in the world, and now it seems to be heading that way with AOR, following WPHD's change, and WHTT which is a very AOR leaning classic hits station. But the Bear was the first station in the market to go AOR a little over a year ago, and it sure would be nice to be the first station you see when you look at the radio ratings rankings. 'BYR is definitely remaining AOR...rumors of a format change are untrue. We are doing a research study of the market to determine which direction to go in, as far as album radio goes, and based on those findings we will determine what the station will sound like."

Along with hiring a new consultant, The Bear is working to fix it's signal problems, along with upgrading equipment and expanding office space, according to Gorman. Is Gorman glad to be back in AOR?

"I absolutely love it. I never really abandoned AOR radio. The reason for 'MMS change back in '83 was I was given an assignment to double our women share. I had to put together a 5 year plan of where 'MMS should go to not only have 12+ dominance but also to achieve in Women 18-34 which had always been the stations achilees heel. And the only way to do that was to head in a CHR direction."

Gorman sees CHR falling prey to the same trap AOR fell into in the early '80's when it "lost its sense of adventure" and relied too much on research and oldies. "CHR has become over-researched today" he says. "They're playing it a little too safe, and now is the opportunity for AOR to get creative again. There's a lot of great music coming out right now and it should be played in a realistic rotation so that the record industry has some idea of what impact AOR can have on a record. Stations are fooling themselves if they think they can rely on the same old Who, Zep and Stones and ignore what's happening today".

VAN SANT SAILS TO WIZN MD; WYBR'S THOMAS UPS TO GROUP PD; POET NEW KQDS GM; KELLY KRIX OP DR

Tom Van Sant has been officially awarded the MD title at WIZN, Burlington, VT after serving as assistant to PD Steve Cormier for the past year. Van Sant joined the station in April, '84 as a parttimer, moving to fulltime air duties in February of '86. Tom, who will continue to handle his 6-10P airshift told FMQB, "Steve and I have real good working relationship and I think we compliment each other very well. Between us we can cover a lot of musical ground. Steve has a solid mainstream background and I have a more Alternative background and I think it reflects in the sound of the station, and offers a great deal of balance." Reach Tom to talk tunes from 1-4P on Friday.

WYBR-AM&FM, Rockford, IL PD Mike Thomas has elevated to group PD for parent North Star Broadcasting. The company also owns Lansing UC/AC combo WILS-AM&FM. Thomas retains his PD stripes at 'YBR, and replaces exiting PD Larry Patton at WILS. Said Mike, "I'm going to be the highway star." Anyone who's looking to sell a radar detector can call Mike day or night.

WKLT, Traverse City, GM <u>Chuck Poet</u> will soon be Minnesota bound, thus ending an eight-year tenure with the Michigan rocker. Sometime in late September, Poet will join KQDS, Deluth as a replacement to GM <u>Steve James</u>, who's off to a sales manager gig at crosstown KDAL AM/FM.

At KRIX, Brownsville, TX <u>Joe Kelly</u> has been named Operations Director, with <u>Sonny Cuellar</u> now serving as MD. Reach Sonny for music calls on Thursday, 3-5P Central.

STATION TO STATION

At KPOI, Honolulu morning co-host <u>John Burnette</u> exits, and the result is several ch-ch-changes in the station's line-up. <u>Brock Whaley</u> will move from mornings, 5:30-9A, to PM drive, 3-7P; PD <u>Greq Mundy</u> will team up with former morning guy and current midmorning (9A-12noon) guy <u>Rabbett</u> as the new wake up crew; PM driver <u>Ken Hutchinson</u> moves to midmornings. The changes go into effect this Monday.

WNEW, New York news/production ace <u>Sal Cirrincione</u> exits for Promo Director stripes at WRKI, Danbury, CT.

Mark Miller, formerly of WBCN, Boston and WXRK, New York has been appointed Director of Affiliate Relations for the Digital Radio Network, the syndication service that offers the CD Hotline service to radio stations across the country. Reach Mark at 718-486-8788.

B/A/D/E has inked KSJO, San Jose for consultancy.

KBPI, Denver has awarded its research director post to <u>Teresa</u> Snider.

New to weekends at WXRK, New York is <u>Barry Ravioli</u> <u>Carrola</u>, formerly with WLIR, Long Island.

Mike Courduff, formerly on mornings at WIYY, Baltimore has joined crosstown WGRX for evening air work, replacing evening jock/MD Mike Rossi, who exits.

ODDS N' SODS

We hear it's all but a done deal. Look for <u>Joey Reynolds</u> to surface at WSHE, Miami for mornings.

Although Mr. Recordhead tells us that John Mellencamp's official tour itinerary won't be available until next week sometime at the earliest, we understand the first leg will kick off in Terre Haute, IN on or around October 30. Also soon to be available out of the Polygram camp is tour info for Def Leppard. Don't touch that dial.

We've heard unconfirmed reports of Little Steven opening up for U2 on the forthcoming tour.

The latest word from the rumor mill concerning WZZU, Raleigh/Durham, NC has the station changing to Classic Rock/Hits as WCXZ "Classic Z". But while GM Peter Jorgensen did admit to meeting with several consultants recently, he told FMQB "We are not, not, not changing formats."

Radio K.O.A.S. and KRQR, Francisco both hit Philly this past Monday night when the Roger Waters tour rolled into the Spectrum. Doing his afternoon drive show live from backstage was none other than The Rocker's John McCrae.

FMQB sends its deepest sympathy to concert pioneer <u>Jerry Nathan</u>, who died of a heart attack at age 67. Nathan started in the concert promotion business in the early '60's and booked the first U.S. tours of Dylan, Hendrix and Zeppelin. He also coined this classic rap given to fans disappointed that they couldn't get better seats for a concert. "This is a ticket office, not a church. We fill our seats from the front to the back, not the back to the front".

From the city that brought you the Hooters, the Broad Street Bullies, Hall & Oates, Tommy Conwell, Robert Hazard, etc. comes the latest from The Alan Mann Band. He's been kickin'

around Philly for the past few years and has received airplay from majors WMMR, WYSP and WIOQ. His new record, "Neighborhood" is available on A&R Records out of Philadelphia and if you pick up a copy, check out "Loneliness," the title track and "Lost And Found." You'll be glad you did!

RADIO ACTION:

KROQ, LOS ANGELES M.D.-LARY GROVES: One record we've been playing for years as an import, just getting out domestically, that I really wanna talk about is "Mickey", the single by Toni Basil. I think it's a killer track. It's been one of our biggest records this year-hands down, no problem. Anyone who misses this record is missing out. I think it's good for Album Rock and could be a #1 Top 40 record too!

WLAV, GRAND RAPIDS P.D.-DAVE LOGAN: Effective September 1, I'll be the new Program Director of KFOG in San Francisco. For me, this opportunity is made all the more glorious by the chance to work day-to-day and side-by-side with Lee Abrams, a man who as far as I'm concerned has no peers in this business. Together, Lee and I, along with our G.M. John Gaston, plan on rewriting the book on how to do Album Rock in the Bay area.

WCOZ, BOSTON M.D.-TED EDWARDS: Regarding the recent events at <u>CBS</u>: I expect some people will be ranting and raving about the layoffs at CBS, and I would suppose that most of that ranting would be anti-record company. Personally, I can empathize with both sides of the situation. Let's face it, business stinks!! What I can do is offer my assistance of whatever kind, to people who were laid off that I've worked with. Please feel free to call here at the station and I'll try to help.

<u>WLVQ. COLUMBUS M.D.-TIM SMITH</u>: For those about to hit the unemployment line—we salute you!

WPYX, ALBANY M.D.-RON NENNI: Some thoughts on the bloodbath at <u>CBS</u> and any related matters. I hate to see people lose their jobs. Although we work at different ends of the business, I'd like to think we work together and are concerned about each other—and I sincerely am. Granted, in times of low profit, there is a need to trim the fat. Duplication of responsibility is wasteful. But I also think that there has to be cutbacks on the signing of new bands that are obviously mediocre. A&R people have to be more selective. You can't gamble when you have no money in your pocket.

RECORD ACTION:

HARVEY LEEDS. E/P/A: Real radio programmers don't eat quiche-real radio programmers play The Clash. Don't be a Phil Donahue or Baba Walters clone, let your audience hear The Clash. In the last three weeks, many middle American cities have added "Should I Stay Or Should I Go" and "Rock The Casbah". Be a good American and play some of the most exciting/mainstream music available to your audience.

MIKE BONE, ARISTA: In the words of Andy Rooney: "Have you ever noticed, when you do your sales research, how that Alan Parsons Project 'Eye In The Sky' album always shows up in the Top 20? Why do you think that is? Why is it that this album is 18* in Billboard? Why is it that this album is outselling most of the 'next great thing' albums that are being flogged to death by some people? Why are some consultants slow to program this album? Don't they know all these facts? Don't they know the single is Top 15? Don't they know the album is still moving up after three months of Top 20 airplay? Isn't that why they're paid their fees, to know all these facts?" Thanks Andy, we'll get back to you soon for answers to all your questions....

JEB BRIEN, CHAMPION ENTERTAINMENT: The devastation which hit CBS Records last Friday is indicative of the state of the industry. As was the page one article in last Saturday's New York Times, which states our industry is headed toward ultimate and total depression! "The Times" was quick to point out that KROQ and other stations with similar formats are the only hope of breathing new life and dollars to our fledgling industry. We must work to abolish the existing generic broad blanket programming philosophies which presently exist. These formats, they state, are the direct cause and effect of the state of our industry. Take heed to this very serious problem. It effects each and everyone of us!

Music

ROCK OVER LONDON
PLAYLIST...show airing round
the world during week of
September 6.

DEPECHE MODE/"NEVER LET ME DOWN AGAIN" (MUTE)

The latest release from their forthcoming Lp, "Music For The Masses."

<u>U2/"SILVER AND GOLD"</u> (ISLAND)

Written by Bono, this is another previously unreleased track.

THE HOUSEMARTINS/"ME AND THE FARMER" (GO!)

The one everybody's singing in that rural paradise of Hull...reminds us of a "Happy Hour" in the company of "Sheep"!

DEF LEPPARD/"POUR SOME SUGAR ON ME" (BLUDGEON RIFFOLA/PHONOGRAM)

Your next pick from "Hysteria" -- this is going to be the UK follow-up to "Animal".

CURIOSITY KILLED THE CAT/"FREE" (MERCURY/PHONOGRAM)

The fourth release from their hugely successful debut Lp...this was produced by Sly And Robbie and, at times, almost sounds like Sade.

THE ROCK OVER LONDON TOP 5

- 1 (5) <u>PET SHOP BOYS & DUSTY SPRINGFIELD</u>/"What Have I done To Deserve This?" (Parlophone)
- 2 (4) WAX/"Bridge To Your Heart" (RCA)
- 3 (1) DEF LEPPARD/"Animal" (Bludgeon Riffola/Phonogram)
- 4 (-) THE SMITHS/"Girlfriend In A Coma" (Rough Trade)
- 5 (-) BLACK/"Wonderful Life" (A&M)

This week we feature the second part of our interview with DEF LEPPARD'S bass player, RICK SAVAGE.

THE ROCK REQUEST IS THE UK'S best-selling 12" ever, "Blue Monday" from NEW ORDER.

The new <u>DEPECHE MODE</u> single "Never Let Me Down Again," featured on this week's ROL, had reported advance orders of some 50,000. The band will be touring the US towards the end of the year...

IN THE WAKE OF AN ABSOLUTELY OVERWHELMING AMOUNT

OF PRESLEY media coverage in the UK, "Love Me Tender"
(backed with "If I Can Dream") made its singles chart debut at number 73 -- it's a straight reissue of the snail's-pace ballad and therefore doesn't add to ELVIS' formidable hit tally, but it's interesting from a trivia point of view, because it's the record's first appearance on the chart here in almost 31 years. It previously reached number 11 in a nine-week run in December '56/January '57.

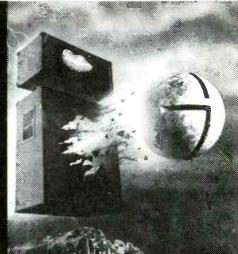

DANNY WILSON'S "MARY'S PRAYER," STILL LAGGING WAY BEHIND its US success in the band's home country, has finally made its Top 75 debut...sure enough, SHIRLEY BASSEY'S back in the 75 with YELLO on "The Rhythm Divine" and LA BASSEY even made the cover of one of the British music papers — first time in quite a while, it's safe to say...JOHNNY LOGAN'S cover of the 10CC classic "I'm Not In Love," produced by Paul Hardcastle, is moving up the charts, and GRAHAM GOULDMAN tells us he reckons it was a pretty smart move to cover the song...coming so soon after their triumphant Wembley Arena concert, will the BEACH BOYS' new record success, courtesy of the FAT BOYS on "Wipeout," help them secure a new label deal?

FACTORY RECORDS, HOME OF NEW ORDER, is coming to the financial aid of Manchester's listings magazine <u>City Life</u> together with the city's Hacienda Club rock venue. Various Factory artists will play benefit shows for the ailing paper.

THE SOUP DRAGONS RELEASE A NEW SINGLE "SOFT AS YOUR FACE" this week...PIL'S UK tour begins in mid-September...the Pete Wylie album "Sinful" has its UK release this week and he hopes to tour in November...ABC's "The Night You Murdered Love," a ROL exclusive some time ago, is finally out in the UK, but British fans can't get their hands on the "Alphabet City" album until the end of September...THE HOUSEMARTINS back up that new single "Me And The Farmer" with a UK tour beginning in September.

AS THEIR "HOURGLASS" SINGLE SITS ON THE VERGE OF major chart honours, <u>SQUEEZE</u> have announced that their UK tour will "Babylon And On" into October, and they play dates right up until the 25th of that month.

WE KNEW SOMETHING WAS UP WHEN THE ATTRACTIONS BEGAN to be featured less and less in ELVIS COSTELLO'S recorded music --not in a pretty bizarre career turn, STEVE NIEVE and PETE THOMAS from the group are about to turn up as members of the house band of a new series of "The Last Resort," the TV chat show that's made Jonathan Ross one of the biggest television personalities in Britain.

FORMER YES KEYBOARDS WIZARD RICK WAKEMAN IS GOING back on the road in Britain, playing four UK dates this week in a two-hours-plus show called "Get Intimate With Rick Wakeman."

SADE IS ALIVE AND WELL IN PARIS and putting the finishing touches to her third LP...since her last tour ended in July last year, she's been taking a break and working on new material in Spain...most of this new album has been recorded in the south of France and it will be ready for release in the autumn. Later this year, she'll embark on a 9 month world tour.

DAVID SYLVIAN WILL HAVE A NEW ALBUM out by the end of the year. Ex-Japan drummer, Steve Jansen and Riuichi Sakamoto guest on the LP which was also recorded in the south of France. Sylvian has also written the score for a dance performance at a north London theatre next month.

MEANWHILE STEVE JANSEN AND HIS FELLOW ex-Japan member RICHARD BARBIERI release another single as THE DOLPHIN BROTHERS..."Second Sight" is taken from their album "Catch The Fall."

KILLING JOKE ARE WORKING ON A SOUNDTRACK ALBUM FOR a film by "Witness" and "Galipolli" director, Peter Weir. The band themselves will appear in the film playing a rather unusual, but no doubt enjoyable venue: a natural crater on a remote Australian island!

IF YOU HAVE BEATLES MEMORIES THAT YOU WANT TO SHARE...Gary Marsh would love to hear from you. Gary runs an adult education course on the Fab Four at Newcastle-Under-Lyme College in the north of England, and welcomes any information from fans about their experience of following the BEATLES and their music. Gary is also working on a book for anybody who'd like to study the BEATLES but can't make it to Newcastle...so, if you'd like to contact him the address is Newcastle-Under-Lyme College, Liverpool Road (where else!), Newcastle-Under-Lyme, Staffordshire, England.

AND FOLLOWING THE HUGE SUM FETCHED BY THOSE JOHN LENNON interview tapes at Sotheby's earlier this month, it's interesting to see that some other rare tapes go under the hammer this week at Christie's "Pop" auction. There are two cassettes recorded by the BEATLES press officer Tony Barrow. One deals with the response of the media in Manila to the group snubbing Imelda Marcos in 1966, and the other is an off-air recording of pirate Radio London's programme on "The Beatles 1966 US Tour," which includes interviews with the band. They are being sold without copyright. Also, bearing in mind that Sex Pistols items were sold for nearly 10 times the expected price at Sotheby's, collectors of punk memorabilia may need to approach their bank manager before making a bid for the various pieces of original Pistols artwork on sale at Christie's.

PROMOTIONAL ITEM OF THE WEEK ARRIVED with the latest release from Scottish STEELY DAN soundalikes, DEACON

<u>BLUE</u>...none of your tacky T-shirts or useless paraphernalia..."When Will You (Make My Telephone Ring)" arrived with a fully operational phonecard. All credit to CBS!

AS WAX CONTINUE TO MAKE THEIR WAY UP THE CHARTS, there's a chance to hear some of Graham Gouldman's back catalogue on an album entitled "Changing Faces -- The Very Best Of 10cc And Godley And Creme." And although the two 10CC-ERS turned video producers get the major credit here, the compilation does include the band's third and last UK number one, "Dreadlock Holiday," which featured Graham on lead vocals.

GO WEST HAVE RELEASED "THE KING IS DEAD," in our opinion the most attractive, but also most adventurous track from their "Dancing On The Couch" LP. It features KATE BUSH on backing vocals and the B-side of the 12-inch includes live versions of the song, plus "Don't Look Down" and "Call Me," recorded at their Hammersmith Odeon concert this year.

<u>VIRGINIA WOLF'S SECOND ALBUM "PUSH"</u> gets its UK release soon, recorded in California with producer Kevin (Journey, Europe) Elson...

GLASGOW DUO, HUE & CRY HAVE NOW HAD THE RARE HONOUR of supporting both U2 and Madonna on selected UK dates...singer PATRICK KANE regrets that they didn't actually get to meet "That Girl," but admits walking out on stage in front of a wild MADONNA crowd at Leed last week was the most nerve-wracking moment of his life.

WHEN ALICE COOPER AND HIS SNAKE PLAY THE Reading Festival this weekend, there will be an animal welfare officer in the audience to ensure the hissing one isn't maltreated. Perhaps the official concerned ought to be keeping a close eye on fellow performers, the STRANGLERS, who have threatened to include a snake-eating mongoose in their act!

HAVING BROUGHT DUSTY SPRINGFIELD BACK TO STARDOM after 19 years, the PET SHOP BOYS are now aiming to revitalise the singing career of "Absolute Beginners" actress Patsy Kensit; they're working together on a number of songs...meanwhile Dusty combines her sixties image with her current look in a soft drink commercial featuring her first hit, "I Only Want To Be With You."

BILLY BRAGG HAS PRESENTED A MUSICAL CHALLENGE to the Law Lords' ban on Peter Wright's "Spycatcher" book...Billy and a folksinging friend have condensed the contentious book into a song called "Ballad Of A Spycatcher," but only one verse and chorus are likely to be legally playable on UK radio.

WE TOLD YOU A WHILE AGO ABOUT "ROCKET BOYS," the soon-to-be-made film starring DAVID BOWIE and MICK JAGGER. Pending script approval, the two superstars will be before the cameras by the end of the year. Speaking of the script, it's being penned by RICHARD PRICE, the man responsible for the words behind "The Color Of Money." The plot behind

"Rocket Boys," matches Bowie and Jagger as rival nightclub owners in the 21st century. Upon completion of this film, David will move to a new studio and director to begin work on yet another film. TONY SCOTT, who did "Top Gun" and "The Hunger" (which Bowie starred in with CATHERINE DENUEVE and SUSAN SARANDON) will be sitting in the chair when this new project begins shooting in February of 1988.

AHHH, TO BE A WARREN ZEVON FAN is to consider yourself one lucky bugger. The Rock Report got a chance to spend some time with Warren recently, and he told us about his upcoming tour that will surely be worth seeing. Starting September 19 in Boston, and continuing on through the autumn, the gigs will take Zevon and company to large theaters (i.e.: the Paradise, the Tower, etc.). Joining Warren in support of his latest effort, "Sentimental Hygiene," will be guitarist GREG BECK (a friend of DAVID LINDLEY), and ex-LITTLE FEAT members RITCHIE HAYWARD, on drums, and KENNY GRADNEY, on bass. Look for this show when it blows through your town. In the meantime, keep an eye on your local music channel for the video to the second single, "Leave My Monkee Alone," which features a cameo appearance by funkster deluxe, GEORGE CLINTON, as well as animation and National Geographic footage.

OCTOBER 6 IS THE RELEASE DATE OF ROBBIE ROBERTSON'S LONG AWAITED SOLO RECORD. Although it's still untitled, the following are the tracks appearing on the disc: "Broken Arrow" (featuring PETER GABRIEL), "It Makes No Difference," "Hell's Half Acre," "Testimony" (featuring U2), "Somewhere Down The Crazy River," "Showdown At Big Sky," "Fallen Angel* (which is a tribute to BAND member RICHARD MANUEL who committed suicide earlier this year), "What About Now" (featuring LONE JUSTICE singer MARIA McKEE) and "American Roulette" (which is a track about fallen heroes JAMES DEAN, ELVIS PRESLEY and MARILYN MONROE, with guest vocal appearances by THE BODEANS and Maria McKee). This album's focus leans heavily toward Robertson's American Indian background and the great injustice they suffered at the hands of the U.S. Government. The album was recorded and produced at Bearsville Studios in New York and produced by GARY GERSH, BOB CLEARMOUNTAIN and ROBBIE. The band consists of TONY LEVIN on bass, MAUNU KATCHE on drums, BILL DILLON on guitar, and Robertson on lead guitar and vocals. No word yet on a tour.

EX-STRAY CATS SLIM JIM PHANTOM AND LEE ROCKER are currently in the midst of making their network television debut. The duo are shooting the two hour pilot episode of a new series called "Private Eye," which will hit the NBC airwaves sometime in September. Created by ANTHONY YERKOVICH, the man behind "Miami Vice," this series is set in the '50's, so you can see where Phantom and Rocker fit in. Slim Jim portrays a motorcycle gang leader, while Lee is slotted in the role of a bass player in a band. While you're waiting for this new series, you can check out another former Stray Cat, BRIAN SETZER, as he prepares for the release of his second solo Lp via EM!.

ALICE COOPER IS GEARING UP FOR THE RELEASE OF "RAISE YOUR FIST AND YELL," his forthcoming record due from MCA later this month. This new Lp, the follow-up to last year's "Predator," was produced by BEAU HILL and contains the following tracks: "Freedom," "Lock Me Up," "Give The Radio Back," "Step On You," "Not That Kind Of Love," "Prince Of Darkness," "Time To Kill," "Chop Chop Chop," "Gail" and "Roses On White Lace." You can definitely expect a tour.

BEN VAUGHN COMBO FANS! You know who you are. Brace yourself for the second album from the band that hails from colorful Camden, N.J. Entitled "Beautiful Thing," this Restless

Records release was produced by Ben (an Aries as well as a guitarist and vocalist) himself. Also in the band is LONESOME BOB (a Sagittarius and drummer), ALDO JONES (a Leo and bassist) and GUS CORDOVOX (a Virgo and an accordion player). Contained in this neat little package are such renowned Combo tunes as: "Jerry Lewis In France," "Clothes Don't Make The Man," "She's A Real Scream," "The Apology Line" and "Shingaling With Me" among others. So everybody, get in your Ramblers and floor it to the nearest record store and buy this album! It's a BEAUTIFUL THING.

*HALFWAY TO SANITY" IS THE NAME OF THE NEW RAMONES RECORD due this week from Sire. That's the good news. The bad news is that their drummer of three years, RICHIE RAMONE, has bolted for reasons of not enough money or credit (sound familiar?) Another complaint was that he was tired of drumming fast and faster. The Ramones evidently have found a replacement, no doubt named Ramone, to take his place and you can find them at a club near you shortly.

STEVE CROPPER: Famed Memphis guitarist Steve Cropper, who played on many Otis Redding and Sam & Dave records, was in San Francisco recently to play on an album by The Dynatones. Warner Brothers will release the album early next year. Cropper was brought to the project by the producer, Jim Gain s. They have been friends since the Redding and Sam & Dave days.

KEITH EMERSON: Keith Emerson and Carl Palmer are said to be working with a new bass player and songwriter by the name of Robert Berry, meaning E-L-P may become E-B-P. It's not known which record company will be releasing any product from the trio.

TALKING HEADS: The Talking Heads have been in Paris recording the follow-up to "True Stories." No producer has yet been chosen for the Lp, which should be out at the end of this year.

<u>U2</u>: U2 has finalized their U.S. itinerary. Their fall tour will run from September 10th through December 11th and will include outdoor stadium dates and indoor arenas. Worldwide sales for "The Joshua Tree" now stand at approximately eight million.

GEORGE MICHAEL: "I Want Your Sex," has been banned by 75 radio stations in America for allegedly being harmful to children. In Belgium, the national music show, Rocks Box, has incorporated the song as part of an educational segment that teaches French...to children.

GARCIA TO STAR ON BROADWAY THIS FALL: Jerry Garcia will star in a one-man show on Broadway this fall. The Grateful Dead guitarist will take over the Lunt-Fontanne Theater for a three week run beginning October 15th -- one month after playing for 100,000 people with the Dead during five shows at Madison Square Garden. "Garcia On Broadway" won't exactly be a one-man show. The evening will open with Garcia and bassist John Kahn in an acoustic segment; two members of the New Riders will then join Garcia for a bluegrass set, and the evening will close with a full electric performance by Garcia's six-man band. A trial run of the show will take place August 29th and 30th in Northern California. In addition to the Broadway show, Garcia has two shows booked in San Francisco in early October. He'll also be doing the show in L.A. in December.

WORLD'S BIGGEST "GLASS SPIDER": It takes 19 trailer trucks to haul David Bowie's "Glass Spider" tour production around the U.S., according to set co-ordinator, Rick Mooney. Mooney says there are three trucks which go to every show, then two fleets of eight trucks each — one red and one blue — which leapfrog across the U.S.. Mooney says the color co-ordinated trucks haul two complete lighting rigs and two complete sound systems. "This is a lot more than a rock band sitting up there banging on instruments," Mooney said, understating the situation rather nicely.

FIRST RELEASES FROM NEW ROCK INSTRUMENTAL LABEL: Former Climax Blues Band frontman Peter Haycock, Wishbone Ash, Stewart Copeland and William Orbit will be the first artists to release albums on I.R.S. Records' all-instrumental, no speak series. I.R.S. Chairman Miles Copeland says it was a demo tape he received from Haycock last spring that inspired the new line and resulted in Haycock's album, "Guitar And Son." Copeland recruited two original members of Wishbone Ash to play on their Lp, "Nouveau Calls." The Copeland album, "Music From The Equalizer And Other Themes," will be based around his work on the CBS Tv series. Orbit, who also

produced the Wishbone Ash Lp, will release "Strange Cargo." The albums will be out in October.

NEW MAC MEMBERS HAVE PREVIOUS HISTORY WITH BAND: Fleetwood Mac has already started rehearsals with their two new members, Billy Burnette and Rick Vito. They'll kick off the "Shake The Cage" tour on October 1st, which will bring them to major venues in at least 50 cities in North America. Burnette, now billed as the lead guitarist and vocalist in the group, has toured and recorded with Mick Fleetwood's side group, The Zoo, which has featured surprise appearances by Stevie Nicks. Burnette also co-wrote a song with Christine McVie, "So Excited," which appeared on her 1984 solo album. Burnette has also released his own albums and his songs have been covered by Roy Orbison, Ray Charles and Jerry Lee Lewis. The Memphis-born Burnette, who now lives in L.A., has been friends with Fleetwood Mac since 1968. Vito also has a previous Fleetwood Mac connection, having recorded with John McVie back in the mid-seventies on a John Mayall project. Vito was most recently with Bob Seger on the "Like A Rock," tour and played with Jackson Browne on "Lawyers in Love."

WHOSE BABY IS IT ANYWAY?

FMQB's own "Deep Throat" just called in this news flash: "The NJ Supreme Court has handed down the following decision in the case DiDia vs. Boulos. The Court has ruled that until further notice, Mark DiDia will be allowed visitation rights to his daughter Kimberly - whom he calls Cinderella. Mother Giacinta claims that the beauty in her daughter could never have come from Mark, but her excitement everytime she listens to Heavy Metal From Hell shows there may be a connection. In this photo Baby Cinderella can be seen with Mark outdoors at a Motorhead concert celebrating her three month birthday."

BEST BITS

KSJO'S "BRAIN" STORM

KSJO morning man, Paul "Lobster" Wells, has once again teamed up with Comedian Doug Ferrari and Comedy Writer Kevin Aspell, for their latest creation called "They Saved Casey's Brain". These are the same folks who brought you "California With A K", a take-off on the much talked about TV mini-series "Amerika".

"They Saved Casey's Brain" was broadcast on the heels of the final day of the congressional hearings and was presented in three episodes on three consecutive mornings, and was rebroadcast in it's entirety on the following Sunday.

The premise of this "Radio Theatre" production was that the answers to this debacle are locked forever in the former C.I.A. Director William Casey's brain, which, in this mock Horror Movie promo, is preserved and wheeled into the hearings. The beginning of the promo states: "The answer was locked in his head. His head was locked in their cabinet. This film tells all."

The "drama" used actual quotes by the personalities involved, twisting them for humorous effect. For instance, questions about code names turned into a "Who's On First?" routine and went something like this:

Council:

"Someone took the Fifth Amendment.

Who took the Fifth?"

Col. North:

"That is correct."

Council:

"The Fifth was taken by who?"

Col. North:

"That's correct Mr. Council."

"What is the code name for the moderate contact?"

Council:

"Yes."

Col. North: Council:

"Who?"

Col. North:

"That's correct."

Another highlight of this spoof was a spot for the "Olliematic Shredder". It asks: "Are you tired of crumbling up those memos and documents into little balls? Tired of ripping them up with your bare hands? Then you need the Olliematic Shredder....it shreds, slices and dices incriminating evidence and makes tons of julienne fries in just seconds!.....Still not impressed? What would you say if we threw in all of these lies? Now how much would you pay? 8 million, 9 million? But wait, there's morel If you order now you'll get six months of free legal advice from a shyster lawyer!......fanatically devoted secretary not included."

Elvis Costello's "Oliver's Army" and "Lies" by the Knickerbockers were a few of the songs included before and after each segment and certainly was a perfect extra added touch.

As was the case with "California With A K", "They Saved Casey's Brain" received considerable press coverage. These talented guys are on a roll and we look forward to more satirical mini-series from them soon.

CFOX DELIVERS

Anyone familiar with the weather patterns of Canada's West Coast (or Wet Coast as it is sometimes known) would

probably not believe a water shortage in one of Vancouver's nearby suburban communities. But recently, a lengthy, hot dry spell, coupled with excessive lawn watering caused a water shortage problem for the town.

CFOX's community minded morning team, <u>Bob and Jeff</u>, came to the rescue however. Aware of their media clout Bob and Jeff were able to muster up a crew of concerned individuals. They rented a bus, supplied themselves with buckets of fresh water and ventured out to share with those less fortunate.

When asked to comment about the venture Bob said, "The highlights of the trip were muffins and CFOX Cola for breakfast. I think the blueberry muffins were the most popular."

When Jeff was asked for his comments he said, "The highlights of the trip were the muffins and the CFOX Cola for breakfast......and stopping at the Chevron station to fill up the buckets with water."

Comments from the mayor of this waterless town have yet to come. CFOX can only surmise that they are simply speechless from this humanitarian gesture.

LIVE, IN CONCERT - IT'S THE POPE!

"Hundreds of millions have seen him on his sellout world tours....and September 11th, lookout South Florida, because the Pope is going to BLOW YOU AWAY!"

That's how the masterminds at WGTR, Miami begin their latest mock promo of the Pope's visit to the area. It's done in typical concert spot style with loud rock and roll and that Joe Kelly delivery, and in the background you can hear a male vocalist singing Latin. The spot continues with: "John Paul, live in concert....one show only......this is why they call him the Pontiff.....get your advance tickets now from all Diocese outlets and get ready for a show that only the man upstairs could produce.....John Paul can kick Mass like no one else in the world.....advance tickets are going fast for a show that will drop you to your knees....John Paul, live! A Father, Son and Holy Ghost production."

Stay tuned next week when WGTR presents Pope Soap On a Rope.

QUESTION of the WEEK

How successful do you predict atmospheric/hip AC/eclectic formats like WBMW, KKSF, WNUA and The Wave will be in their 25-49 audience targets? And how will the proliferation of these stations affect AOR's success with those demos?

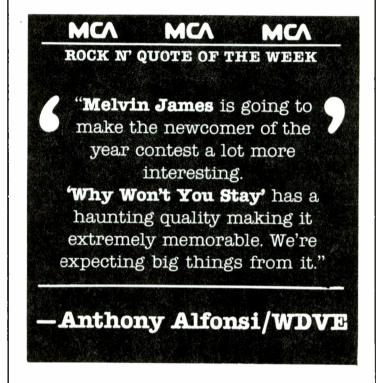

CHUCK Ducoty, Wiyy: "It's a little too early to tell, although the preliminary indications from some markets look pretty good. I do think it's going to be a large market format...I don't see it as being a medium and small market format. And to what extent are they going to hurt AOR's growth in the upper end demos? I really couldn't say. I'd like to see some sharing patterns on those stations. Since we don't have one in our marketplace, it's tough for me to tell whether they're mood relief for AC listeners or AOR listeners. I think, like any other format, some people will be better executioners than others. Some will do real well with it and others will not."

DAVE LOGAN, KFOG: "Let's see now...Not too long ago, everyone was worried about how Classic Rock was going to kill AOR. Then Top 40 was going to do it to us...again. Now we're threatened by the menace of passive background boutique formats. What's next...punk polka? Seriously, I expect these stations (all four of them nationwide) to have moderate success with 25-49's but not at the expense of AOR shares. These stations steal from from 'Quiet Storm' stations and other standard AC, female dominant stations. formats are the ones who should perceive a threat...not AOR's. We may lose some of our female shares but not much. Certainly these stations pose little threat to male listenership...These stations get their audience passive/background listeners who like to leave the station on and forget about it. This audience has much more in common with Beautiful Music listenership habits than with AOR characteristics....And the real answer is determined by the market's competitive climate. How many AORs are there? How many AC's? How many Lite Rock's? Anyhow, last time I checked, Pink Floyd still sold out concerts faster than Andres Vollenweider."

TED UTZ, WMMR: "New Age Radio will be moderately successful. It's a passive format, a background format and one which will be used as an alternative to what we now know of as beautiful music. However, its effect on Album Radio could be somewhat significant in the next ten to fifteen years as this format could become more prominent in the workplace, which is now a major source of AOR time spent listening."

STEVE FEINSTEIN, KKSF: "Conservatively, in major markets they'll be at least in the Top 5 for 25 to 44 year old adults. Optimistically, if they also offer other elements beyond the

right music-such as personality, news and information, community involvement-they could be the 25 to 44 year old leader, just as the granddaddy of them all KINK, Portland, has been for years. What's more important than simply their ratings success is how much money they'll make. These stations are designed to be sold both in terms of quantity (ratings) and quality (an upscale audience that's particularly attractive to advertisers)...I don't think they are going to do serious damage to AOR stations because they share so little music. They're actually not designed to do damage to any existing format, but rather to serve an audience that, in large part, has been disinfranchised and hasn't been particularly loyal to any format, if it's been listening to radio at all. The worst these stations could be to AOR would be to hurt their 25 to 34 cell a bit. However even those 25 to 34's will still continue to sample AOR when the mood to rock strikes them, as it does even a 'recently-turned' wimp like me."

DWIGHT DOUGLAS, B/A/D/E: "Radio is fragmenting, and with that the shares are fragmenting in many markets. Case in point: In Miami a 2.7 is the #1 AOR station, and a 3.9 or a 4.5 in Top 40 is a major achievement in itself. Once that occurs, which is what happened in television with cable TV, unusual and specific formats can do well. My prediction for success is that it will do very wall with 25-49 and 25-54. I think it will be a very profitable format, especially when the American radio and advertising community starts to understand qualitative data, cluster plus and buying specific audiences, the way clients have bought magazine advertising over the years. I think 'psychographics' is going to become a very heavily used word in analyzing what's happening with all these different formats. The psychographic for this kind of station is people who are looking for something that the radio doesn't have to offer. That's the one common thread that runs through their mentality and when they describe this new sound, they keep describing it as 'it's not like radio, it's totally different'. That's because we've homogenized their mind on a concept of what radio is and this format is so

QUESTION OF THE WEEK

Continued From Previous Page

different. The initial excitement really comes from the fact that it's so different from 'regular radio'. There is no evidence so far that this format draws any audience specifically from one format. This format does very well with males and females, but you cannot specifically trace it back to hurting one kind of radio station. It obviously hasn't affected the AORs in L.A. and San Jose. What it has done is create a new audience of people who may not be using radio right now and a new audience from people who may be using one specific station as their favorite station, but when they're in the mood to do it, they put it on. For example, there are a lot of 25-49s that don't listen to the radio at night because the radio doesn't have anything to offer them, so they spend their time with television. Now, we're seeing some of those people turning off the TV and putting on the radio, so this is a very, very exciting time for radio."

ALAN LAWSON, KTCZ: "I think there's a good amount of adults who are so hungry for refreshing radio that the many different slants of these adult formats will work and that the success depends upon the tailoring of the sound to the hole in the market. Atmospheric stations, eclectic stations, stations that use a lot of New Age can be very successful. I don't think it's a flash in the pan type thing, it can be long term success. I think it does have to be the right market, it has to have the right population regarding income levels and education levels and they have to have a good amount of 'upscale' listeners, but I think eclectic stations will do really well and will do especially well in their target 25-49. I also believe that a well programmed mainstream AOR can certainly co-exist in a market. A well-programmed eclectic station can steal a bit from a mainstream AOR in 25-49, but I think there's room in a lot of markets for a healthy mainsteam AOR and a healthy alternative. I think, quite frankly, the audience needs a bit of both."

IRIS HARRISON, KGON: "In Portland, KINK has been a major station for years, remaining focused on a hip AC type format and their numbers have been very consistent. However, they're running into competition on the same level at this point. Certainly sharing is done within the demographics that are desired by this type of station and an AOR station and each serves the listeners well. I think if you remain true to the type of format and sound that you are trying to achieve, there's room for both in any market."

ROBERT HALL, SATELLITE MUSIC NETWORK: "I think it will be a major influence. I think you will find just as strong numbers with this format as you will with ACs in the major markets, but the added edge is the fact that this is a much higher quality audience. I think you're going to see the beginning of sales based on qualitative numbers with this format. And it's a tremendous format that you can take to agencies. In fact, if you walk into any agency in L.A., chances are you'll hear The Wave on at most of the secretaries' desks. So that ought to tell you something...I'm not sure there's going to be a lot of audience crossing from AOR to this format. It's hard to say. I certainly don't see that pattern in Los Angeles. I don't think they're going to decimate AOR by any means. A good portion of this audience is just fed up with radio and doesn't listen. And the rest of them are coming equally from a number of different formats. I think the two will live very nice coincidental lives."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER: great night last Thursday was. Glen Burtnick gave a concert on a boat in New York. We had a nice view of the Statue of Liberty and plenty of great rock and roll too. Whatever was lost in sound quality was made up for in sheer enthusiasm and plenty of good songs. When Glen plays on land near you, you must go. And seeing as Glen's so handsome, he attracted just about every female in the northeast. It was girls together outrageously night with Jill, Christina, Erin and Wendy 'the distance award' Steele. It was great to finally meet...In a week full of action-packed releases, I'm on a crusade for the dB's. Please, please, please listen to 'I Lie' more than once. The first time won't do it for you and it's a wonderful song. Let's not overlook it...Now, onto the main attractions: Ever since the release of the Roger Waters solo album, I've been known to wake up in the night in a cold sweat screaming 'Gilmour'. Now 'Learning To Fly' is here. It's gorgeous, it's spicy, it's Gilmour's guitar. I'm counting the seconds till the album's released...The John Cougar Mellencamp record is pure class. We especially like 'Down And Out' and 'The Real Life'...This is also the week for more Cars, more Whitesnake, and more Hooters...Finally, thanks to Lisa and Steve for bringing Vince Neil by. Vince was real regular and doesn't chew tin foil for breakfast after all. The show was phenomenal."

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "#1 requests from R.E.M. indicate that the Athens contingent are ready to take their position in the rock and roll hierarchy. On 'The One I Love', check out Stipe's voice, it cements the ballad lyrics with raw guitar licks...I'm sure eyebrows will raise as Aerosmith goes on 'BRU, but how can you deny this song, it's so contagious? I can't stand how much I love it. 'Dude' will own the airwaves...'Hourglass' from Squeeze scoots right along with a bob-and-weave melody that sounds big, bright and upbeat...Thanks to Tony Chalmers from Capitol for taking such good care of us at the Tina Turner concert. Thanks to Joe Glass at A&M for bringing John Hiatt by the station. If you can get him on the air, he's an absolute natural."

WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI: "What a week for records!!! I already knew the Mellencamp record was great and, based on last week's comments, 'Cherry Bomb' is an obvious add with 'Hard Times For An Honest Man' right behind it. We know there will be more to come, so stay tuned...'Force Ten' from Rush is another record we've been expecting and obviously their fans were too 'cause it's already #1 phones. I think this record has an older Rush feel to it...Just when you thought that was all that was coming, 'Learning To Fly' by Pink Floyd landed smoothly in our CD player. It's the Floyd sound I've always known and loved. Getting Bob Ezrin to help produce is a feather in Floyd's cap...Billy Idol's live version of 'Mony Mony' gives the song a fresh feel to it and Steve Stevens' guitar work is exceptional as always...Roger Waters 'Sunset Strip' has more of a feel to it than 'Radio Waves'... Melvin James 'Why Won't You Stay' is an interesting song. It catches your ear and should work well in the mix of music...The Cutting Crew's 'I've Been In Love Before' is the same way and has some Fleetwood Mac 'Sentimental Lady' sounds to it...I'd like to thank Doug Hamman of CBS for his help with Kenny Loggins; Mark

Continued From Previous Page

Wallace of Warner Bros. for his help with Los Lobos; Jerry Hall of Virgin for introducing me to the Cutting Crew; Ted Mussaro of RCA for getting things taken care of at the Starship show; Dave Bouchard of Epic for the Fabulous Thunderbirds show; and a double thanks to Mark Fritzges of Atlantic for his help at the Julian Cope show and his exceptional help with the Crosby, Stills & Nash show. Our contest winner was beside himself after meeting all three members of CSN."

kGON, PORTLAND, OR M.D.-INESSA YORK: "Sloppy, messy and totally Aerosmith. We love it!...Cars' 'Door To Door' is sensational. In fact, the advance track seems the wimpiest. And the title track sounds as adventurous as anything out of the underground. I love the grittier, rockier sound...We feel really good about Mellencamp's album as well. The flavoring of all those instruments is wonderful...Also wanted to mention a couple of bands we'd love to make room for in the near future like Melvin James and Glen Burtnick. The Brandos hopefully aren't far behind...Had a little sneak preview of the new Paul Carrack and Icehouse—bone chillin' and thrillin'...Pink Floyd is our #1 phone requests, and personally it sounds more like Pink Floyd than Roger Waters and it will be an interesting neck-and-neck thing here."

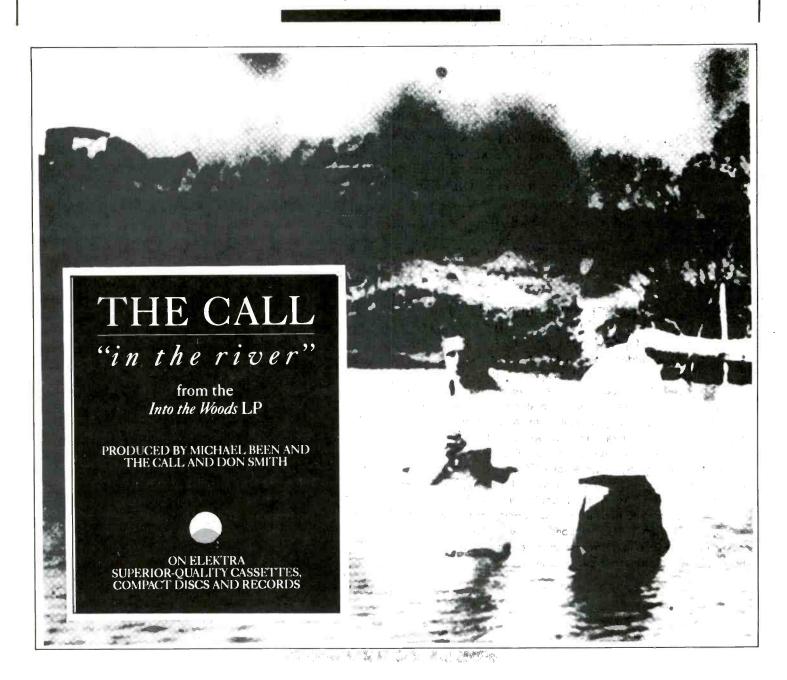

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES: "Remember 1981 when John Cougar released the album 'Nothing Matters And What If It Did'? Almost everyone was calling him a cheap imitation of Springsteen and he had earned the nickname 'Little Bastard', so when I interviewed him after

that album's release. I was prepared for a tough time. But what I found was a fun-loving guy, serious about establishing his own nitch and losing the Springsteen tag. Six-years later the comparisons vanish as John Cougar Mellencamp proves he's the real deal. With the 'Lonesome Jubilee', he proves 'Scarecrow' was no fluke and that he is one of America's best and most respected songwriters. ... The entire side one could. pull five hit singles and probably will. For now we'll jump on 'Check It Out's and 'The Real Life's...Pink Floyd is a band whose music is so well-produced with a thousand little nuances that I rarely find myself getting into it the first time through. After a dozen listens I not only hear it, but I love it! The production team of <u>David Gilmour</u> and <u>Bob Ezrin</u> pull out all the Floydian tricks: Our listeners don't seem to mind the absence of Roger Waters because it still sounds like Floyd. You can hang a McDonald's sign on this one reading '8 Million Sold'...Instant #1 phones for the new Rush."

WBCN, BOSTON, MA M.D.-CARTER ALAN: "Congrats to those boys in Los Lobos for their chart topping single. It seems too incredible to believe, after several years of playing the Los Lobos albums and seeing only limited response around the country. Another great rock and roll band has made good—the wolf has survived...Other great American rock and roll that is doing well at WBCN includes the Charlie Daniels rocker 'Bogged Down'; Omar & The Howlers singing their own revival; and Mason Ruffner who burns up Boston tomorrow night in concert...Meanwhile, it's a tough time for new artists as the expressway gets more crowded with superstar product, but we're doing the best we can."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "There are so many new records out this week, my head is spinning along with my turntable. Both Pink Floyd and Rush generated instant requests...The Cougar album puts me right back on the farm. That fiddle is hot. My favorite song is 'Hotdogs And Hamburgers', maybe because it's so close to lunchtime...You'll be relieved to know that I escaped the $\underline{\text{Echo \& The Bunnymen}}$ show with all my limbs intact. They weren't a violent crowd, just a little enthusiastic. At the very start of their set, 200 very excited fans jumped over the barriers into the orchestra pit and began to jump up and down to the rhythm of the song. A few notes into the song, the plywood floor of the pit gave way and all those crazy dancers went eight-feet under the floor. I turned and raced out of the pit just in the nick of time. After awhile, the show resumed and the band was great-worth risking my life for. They played a nice selection of songs from their ten-year history...Last year Glen Burtnick played his opening show in New York City. It was on a New Orleans-type riverboat around the Statue of Liberty. The band was smokin'. 'Follow You' got everyone so excited we nearly sunk the boat. I don't get so crazed about an artist unless I really believe they've got it all going for them. Glen sings, plays and writes great. I know he's headed for big things. Soon the name Burtnick will be on the tip of everyone's tongue. You know, when I first heard it I said, 'Now there's a household name,' it has a sort of unforgettable quality about it. Thanks to ESP, A&M, Wendy Steele, Christina and Kim Alexander for making it a real party...Of course you know I'm in my glory with the release of a new R.E.M. album. 'The One I Love' is going to bring R.E.M. the national recognition they so deserve. Next month they're playing at the Spectrum. It's great to see a band that you've loved for so long come into the limelight."

KQRS, MINNEAPOLIS, MN M.D. JOHN LASSMAN: "Thanks to George Thorogood And The Delaware Destroyers for two and one half hours of interviews, phone calls and live guitar on KQ last Wednesday night...Also, thanks to Minnesota's own Brian McDonald Group for the free concert at KQ's End Of The Summer Beach Bash...Pink Floyd is unstoppable."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: Mellencamp tops music news again this week. He certainly has come of age as a singer and songwriter. 'Lonesome Jubilee' is everything we anticipated and more. When the record arrived we put the entire album in for airplay. Now that we've spent some time with the album, we narrowed down the lead tracks to 'Check It Out', 'The Real Life' and 'Cherry Bomb'. This record has a great future on our playlist, and it's definitely John Mellencamp's best work...The new Pink Floyd is very typical Pink Floyd. Obviously this record will have much more of a David Gilmour-sound to it, and I think that's great. Pink Floyd will do just fine without Roger Waters, as will Roger without Pink Floyd... The Cars have delivered the record that I'm finding a bit hard to get into upon first listen. Maybe it will grow on me. For starters we'll try 'Strap Me In' and 'Coming Up You'...I've heard a lot about the new R.E.M. release throughout the summer. Now that it's here, I'm not disappointed at all. This could be the breakthrough record that R.E.M. has been looking for...We're back on the \underline{X} project as we add 'See How We Are' to the playlist...Other new tracks include: Los Lobos 'Come On Let's Go'; Louden Wainwright 'Hard Day On The Planet' Warren Zevon 'Boom Boom Mancini'; John Hiatt 'Have A Little Faith'; Silencers 'I Ought To Know'; Echo & The Bunnymen 'Lips Like Sugar'; the Gadd Gang 'Way Back Home'; and last, but certainly not least, my favorite new artist this week, Northern Pikes 'Things I Do For Money'...Top phones: Jon Butcher jumps to #1; the Silencers move up to #2; R.E.M. debuts at #3; Jon Astley slips to #4; and The Call comes in at #5...Top retail: 'La Bamba', Grateful Dead, Suzanne Vega, U2 and Pat Metheny are the big adult sellers...Thanks to Louden

<u>Waitwright III</u> for stopping by and saying hello; <u>Roger Lifeset</u> for the breakfast visit (next time bring an umbrella); and <u>Sharon White</u> for her visit."

WLIR, LONG ISLAND, NY ASST.P.D./M.D.-LARRY "THE DUCK"

DUNN: "Remember the fun you felt when you first heard 'Argy Bargy'. The fun is back with Squeeze. We love 'Hourglass'...One of our best adds this month is the new R.E.M. single. These guys must have a hook file. This song definitely has a great hook; in fact, wait till you hear 'It's The End Of The World As We Know It'. It will bring your phones down...I thought it was pretty smart of Chrysalis to release 'Mony Mony' as a new single. It's a classic for sure. If you've been in a club, you'll know what I mean...Screamer Of The Week: U2 (import) 'The Sweetest Thing'."

CFNY, TORONTO, CN ASST.M.D.-IVAR HAMILTON: "Sö last week I shot off my mouth about Gene Loves Jezebel's single 'Suspicion'. So this week their other single 'Motion Of Love' crossed my desk. I'm just as excited about this one as I was about 'Suspicion' and CFNY has a double shot of Gene Loves Jezebel...Meanwhile, Pink Floyd are rehearsing in an aircraft hangar in Toronto for the upcoming tour. If the 'Learning To Fly' single is any indication of what's to come, the forthcoming album shouldn't have any problem competing with this fall's massive new release schedule. Rumor has it the live show will be Floyd's most spectacular to date...Special thanks to Paul Orekcan of I.R.S. Records Canada for the \$10 I won off of him in a bet over first airplay in the market on R.E.M.'s single. I'm sure he feels it's worth it though as it's burning up the airwaves. We can't wait for the album...Music department's Pick Of The Week is the new Squeeze single 'Hourglass'. This reaffirms Difford and Tilbrook as one of the top pop songwriting teams today, and 'Hourglass' is probably their best single in years...CFNY has been playing the Northern Pikes since they were a small indie band out of Saskatoon. Now that their album is available throughout North America, here are some prime cuts that we have had success with: 'The Things I Do For Money', 'Teenland', and 'Dancing In A Dance Club' have all maintained power rotation for over eight weeks. Don't overlook the Northern Pikes, they're very much a first-class band."

KSJO, SAN JOSE, CA INTERIM M.D.-PATTY MARTIN: "With the mountain of great new releases it's hard to pick a favorite, but I've definitely got one: R.E.M. A superb song, knock-out hook, captivating melodies, and the clincher--an R.E.M. tune that doesn't need subtitles. I'm infected with this song. It gets better with every listen...The Cars Lp is hot. It's hard to pick the tunes from it, but so far I like 'Go Away', 'Leave Or Stay' and 'Everything You Say'...The Mellencamp album is wonderful. Quite a leap into different territories. I've never even heard of some of the instruments that the band uses on this record. I like 'Hard Times', 'The Real Life', 'Cherry Bomb' and 'Rooty Toot Toot'--the whole thing...'Force Ten' from Rush immediately took over the #1 phone slot...And I'm real interested to hear the rest of the Pink Floyd album."

KOME, SAN JOSE, CA M.D.-STEPHEN PAGE: "You can tell summer's over by the rash of new releases. The long-awaited Rush single was an instant phone smash...And the long-awaited Pink Floyd is also up there in our Top 5 phones...Nice to see Paul Kelly & The Messengers doing so well. Looking forward to seeing them in person at our rock and roll Expo the last weekend of August...The music never stops and neither do we. Back again next week."

WFBQ, INDIANAPOLIS, IN P.D.-MARTY BENDER: "In response to last week's question, my ultimate on-air lineup would be: 6-10A, Paul Heine and Fred Deane; 10A-2P, Steve Smith; 2-6P, Steve Feinstein; 6-10P, Bill Hard; 10P-2A, Bill Gavin; 2-6A, Bobby Poe. Weekends: Tommy Nast and Lenny Beer. Why would that be such a great airstaff??? Because they work cheap."

WGTR, MIAMI, FL M.D.-THE BEARMAN: "Do yourself a favor. If you haven't had a chance to read the lyrics to John Mellencamp's new album 'The Lonesome Jubilee', sit down and read 'em. Our generation couldn't have said it better ourselves! He's become our spokesman. No one is able to communicate our situation, feelings, etc. better than John...Oh, by the way, the new Def Leppard; Cars; Loverboy; Pink Floyd; Rush--They're all pretty good, too!"

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-CHARLIE LOGAN: "I'm sitting here listening to the new Mellencamp Lp and simply put, I am floored! This is an American musical masterpiece! The depth, the intelligence, the insight! Mr. Mellencamp has touched upon the full range of emotions. My words can't accurately describe my feelings or do justice to the music or the writer. Very seldom does an album come out that steals my heart and soul. This is one of them. An album that reinforces my personal reasons for being involved in music. Thanks, John, I needed that. Out of respect, no radio programmer or personality should ever use the name Cougar again: Mr. Mellencamp it is. We could drop the needle anywhere but we'll start with 'The Real Life'. Thanks to Bruce Moser for his help in making Mr. Mellencamp's album complete--could be the best...Rush and R.E.M. are both pleasant additions to the 'YNF playlist. Both will work well for us. R.E.M. is noticeably mainstream with brighter production and cleaner vocals. Maybe this is the one to bring the band acceptance on a mass appeal level...The other band I have to talk about is a Tampa Bay band on Atlantic called Savatage. Granted, their heaviness restricts them to only true rockers, but if you 'rock' be aware that this album rips. These boys are the next big metal act. Sterling production combined with blistering guitar licks, Savatage has what it takes. With a little tour support and airplay, this band is poised to explode. Give your night audience a treat and grant them entrance into the 'hall of the mountain king'."

MOlly! The Cruzados were in town and they took no prisoners. KXRX presented the Cruzados in concert this past Friday at Seattle's Moore Theatre, and it went perfectly. These guys are true work horses. What they say on the cover about the band playing like their lives 'depended on it' is not hype. They had the crowd whipped into a frenzy and frankly I was a bit worried that we'd have a riot on our hands, although it would have been quite a pleasant riot. Look for video footage from this concert on the next Cruzados video. Maintain or strengthen your airplay, fasten your seatbelts and wait for the Cruzados to hit your town in concert to seal the deal. These guys can't miss."

wkls, ATLANTA, GA M.D.-BETH KEPPLE: "Anyone bitching about the lack of any good new music is tone deaf, brain dead, or stuck in a stupid time warp! Rush; Pink Floyd; R.E.M.; John Couqar Mellencamp and The Cars all in one week?! It's audio overload and my ears are in ecstasy. I don't wanna hear anyone say that they're automatic adds because of their 'super star' status. Bullshit! They're all great fkn records and worthy of airplay on that fact alone."

KLOL, HOUSTON, TX HARVEY "DR. K" KOJAN: " 'To Live And Die In L.A.'.....Anybody know where I can buy a bullet proof vest?"

KFOG, SAN FRANCISCO, CA M.D.-SKY DANIELS: "Work it out! The Cruzados did just that during our live broadcast from The Stone this week. Thanks to Arista, Side One, and the band for one HOT show. Their Spanish version of 'Secret Agent Man' is destined to be a classic...Classic status will no doubt one day be provided Pink Floyd's 'Learning To Fly'...Rush continues to widen its progressive perspective with 'Force Ten'. A long way from 'Working Man', eh?...We've been on Marc Jordan's 'This Independence' for four weeks now, and I can assure you it will sound great transmitted over your frequency!...KFOG is giving away the Seeburg Selectomatic 100 Jukebox from the cover of 'The Lonesome Jubilee'! John Cougar Mellencamp himself is picking the 45s for it, thanks to Polygram and Champion management. Now, John, let's see how you do playing Programmer. Whip some Woody Guthrie on me!"

WCLZ, PORTLAND, ME M.D.-ALAN ARMITAGE: "Hi, we're back! A thousand 'thanks' to Roger Lifeset for the tix and backstage passes to the Pat Metheny group on Boston common. Our four winners were excited about seeing the show from the front, but when I took them backstage to meet Pat and the guys well, words can't describe it...We're co-sponsoring the first show in the Yellowjackets/Larry Carlton world tour, September 9th in Portland. I'll be interviewing Larry and the Yellowjackets later this week, then I'm off on vacation for a week. Back Labor Day. Have a good holiday and enjoy Summer while it's still here. Fall is just around the corner and then it's time to trade in the golf clubs for skiis!"

WAQX, SYRACUSE, NY ASST. P.D.-LORRAINE RAPP: "It's the busiest time of the year for 95X as we get ready to broadcast live everyday from the New York State Fair. This is a great time to meet and greet the listeners who have supported us over the years. Our birthday concert this year is with Crosby, Stills & Nash and the Fabulous Thunderbirds at the State Fair Grandstand and we expect no less than 10,000 people to help celebrate our 9th year of rockin' Syracuse. Along with concert packs, including free tickets to the show and albums from both bands, a lucky grand prize winner will have their after show meeting with CSN video taped and then will get to keep the tape and the brand new Sony Camcorder. More on this next week...Tonight we are very excited to be broadcasting our 95X concert event with Jon Butcher live. I'm very glad that all involved gave the go-ahead for what promises to be an exceptionally exciting night of radio. Thanks to Jon Butcher and his band; Bruce Amdur; Jack Snyder of Capitol; Gerard Fisher of Live Productions and Bear at USA Sams...So, the heavyweights have all come out with premier product the same week! John Cougar Mellencamp has just released the best album of his career; Aerosmith is out to do some serious damage; Pink Floyd is sounding real good so far, but the band that has broken the phones this week is Rush with 'Force Ten' coming in as the #1 requested."

wkfm, fulton/syracuse, ny p.D.-brian illes: "I could sit here and rave about the new John Mellencamp album. I could rave about what a songwriting genius he's become. I could rave about how no other rock 'n roller in the late 1980s could get away with this much banjo, dobro and fiddle playing. I could rave about how nobody expected a better album than 'Scarecrow', but the new one is. Or I could rave about this live Billy Idol album. Or I could rave about how Rush has continued their progression from a male teen band to a mass appeal upper demo band. I could rave about all of this all afternoon long and waste poor Debby's time. But, what I really want to know is how anybody could mention Paul Molitor in the same breath with Ty Cobb or Joe DiMaggio?...Hey, Simon, nice 'exclusive' on the Mellencamp. Too bad the audience knew better."

WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "The calls started days before its release, and haven't stopped since, for Rush's 'Force Ten'. I have to personally thank the guys who were in control of my high school's senior room stereo, and my younger brother for turning me on to these dynamite musicians. A truly great AOR band...Another terrific cut to play is Whitesnake's 'Is This Love'. A great live act, too. I can't wait to see them when they get to use a full stage...The greatness continues with Squeeze's 'Hourglass'; Pink Floyd's 'Learning To Fly'; and the entire John Cougar Mellencamp album...Our second track pick this week is 'Down And Out In Paradise'...And, while people are getting excited for the Lynyrd Skynyrd Reunion Tour, I'm cheering for Dokken/Aerosmith; Tesla/Def Leppard!...Keep your eyes peeled for Michael Bolton's new album 'The Hunger'. It will knock you out!...And if you get a record from the Connecticut band, Miracle Legion, called 'Surprise, Surprise, Surprise' go immediately to side two for 'Country Boy' and 'Wonderment'."

wwct, PEORIA, IL M.D.-PAUL NELSON: "John Mellencamp is a prime example of a superstar who is not content with playing it safe, yet delivers accessible music. Other acts could take a page out of his book by concentrating on writing good music, rather than trying to write hit songs. Mellencamp has accomplished both with 'Lonesome Jubilee', and that's the way it should be...Thanks to Mike Scheid for the Bowie show in Chicago. For those who have never seen Bowie in concert, it's highly recommended. For those who are planning to see him on this tour, the dancer in black is a man. We don't want anyone to be embarrassed."

KDJK, OAKDALE, CA M.D.-BEAVER BROWN: "What a vacation and what a concert binge! Don't miss the Hooters when they come to your town. It's a very moving experience...Have to thank Ace Frehley and band for doing the in-store in Modesto on August 20th. Over 700 fans got autographs and more. Mucho gracious...David Lynn Jones is one of this week's adds. Are you puzzled? Don't be, we tested this song. Phones were immediate and favorable, and mostly female. David Lynn Jones 'Bonnie Jean'. Take it out and listen to it and you'll love it as much as I do!...Hey, Rita, I lost your number. How about returning some of my calls?"

wxrc, Charlotte, NC M.D.-Justin Phelps: "This has been one of those weeks where the playlist writes itself. Of all the new product we've added, the most phones have been over Pink Floyd and Rush. Callers seemed amazed that Floyd sounds like Floyd without Roger Waters...Rolling Stone needs to rework their Top 100 All Time List to make room for Mellencamp's new one. I didn't know what to add. They are all wondermus!"

WLNZ, LANSING, MI P.D./M.D.-RICK VAN GIL: "Nothing like a release week with the likes of Pink Floyd; Rush; John Mellencamp; R.E.M. and The Cars to make one feel like a lonely amoeba adrift on this big blue marble that we call 'earth'. I must have been standing in line for Cleveland Indians World Series tickets when the big cosmic composer upstairs handed out musical talent, because I didn't get any. In fact, I bet John Mellencamp got two servings. 'The Lonesome Jubilee' is a harvest of hits that makes me want to move to see more Indiana, just to walk the same dusty streets as a musical genius...The Pink Floyd with the signature guitar work of David Gilmour opens jaws in awe...The R.E.M. is four-star music for the ears."

whto, orlando, FL M.D.-SLATS: "With all the staple AOR acts that broke up and then woke up one morning in 1987 and got the urge to fire it up again, the Pink Floyd single is more than deserving of the title comeback...John Cougar Mellencamp has given us some more of that fine, born in the midwest material...After monitering crowd control from a basement at Graceland, Howie Castle donned his ears and recited his battle cheer to all of our approval thus becoming the new P.D. here at Q96...With all mortars in place now, I can get some new balls drilled and start bowling season."

WRFX, CHARLOTTE, NC M.D.-MARY LONDON: "Had a chance to listen to John Mellencamp's new album? I must admit musically, it's great; lyrically, it's incredible. This one goes to the heights of genius and captures the depth of emotion. A literal masterpiece. Thank you, John...l don't like to bitch but problems are arising again. Everyone please check your mailing address for the station. You should have: 915 East Fourth Street, Charlotte, NC 28084. Fed X packages are not being received. Unfortunately, we have another radio station here in town that I believe our things are being taken to. If I call because I've not received anything, I would appreciate your checking addresses and checking with your carriers. That way you can get the money back if they haven't delivered it to me and hopefully I can get what I need from you. I've notified them but the problem has arisen again. The station our music is going to is most likely an easy station in town. I'm getting their records here but I send them back there. They get the better end of the deal and that's probably why they're not forwarding them back to me!"

wwrx, providence, RI M.D.-Rona Richman: "There's a new song by the Northern Pikes that will hopefully make it on to everybody's playlist real soon. I listened to it once, and I'm hooked. GET IT! Check it out. It's called 'Things I Do For Money'...Getting calls for Pete Bardens. (People think it's Floyd). Large 'thanks' to Doug Erikson from Fire Town, for the phone call and the great show in Providence...Special thanks to Sal Ingeme from CBS for the great service on Pink Floyd."

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Here we go again! Two major Mo-Fos in one week. Will it ever stop, and who will replace our melted phones? Rush zoomed to #1 phones with only a few days of airplay. 'Force Ten', with its jackrabbit bass line and trademark guitar runs has fueled their enthusiasm for Canada's premier power trio!...As for Pink Floyd, who could ask for a better one/two punch than first Roger Waters and now Floyd? Gilmour and company put down the spacey groove of the year. Great guitar pyrotechnics and synth textures make it an immediate winner...Thanks to Messrs. Gmeiner, Cavanah, Brannenn, Ryback and Margolis for the good time at the Y&T/Ace Frehley/Faster Pussycat show here in the Springs."

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON: "Damn, what a week! All we need now is a new Led Zeppelin! Of the week's big releases, Rush has been getting the most response. Sure, the kids like Rush, but there are many people in their mid to upper twenties who also love the band. I know, I grew up with many of them. 'Force Ten' is the best from Rush since 'Moving Pictures' and is also a top request item, blowing away The Dead, Def Leppard, and Whitesnake-and all in less than a week! To hell with crossovers, it starts in heavy...Mellencamp lives up to all the hype. I just hope he doesn't get over-exposed like Springsteen. We start 'Cherry Bomb' and 'Hard Times For An Honest Man'. (The video for 'Hard Times' was filmed here in Savanna)...Many thanks to those MCA dudes Randy Hock and Michael Steele for their hospitality in Memphis at the Jimmy Davis show. Look for the release in September...Nice to meet the folks from WEGR in Memphis and the people from Quantum Records; however, it's still a tragedy that I went to Memphis and didn't see Graceland!"

WIOT, TOLEDO, OH M.D.-JIM STEEL: "Random thoughts: 'The Lonesome Jubilee' from John Cougar Mellencamp will be remembered as one of the most important pieces of work in the 1980s. It may or may not be big at the sales counter, but you can bet it will be one of the most influential records for upcoming groups for the next 5/7 years or longer...Roger Waters may be remembered as the voice of Floyd, but it's Gilmour's guitar and layered production that has always been

the essence of <u>Pink Floyd...Melvin James</u> could very well be the next household name from the MCA roster. If you like 'Why Won't You Stay', check out 'We Can Hear The Thunder' on the Lp. It's far and away the best track!"

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES: "Big question of the week is: Does the Pink Floyd album title reflect Roqer Water's thinking? Maybe Rog can open up their show! The Floyd sounds like they haven't skipped a beat. 'Learning To Fly' without Waters shouldn't be a problem. The new track is very reminiscent of old Floyd and already pulling Top 10 phones...Surprise phone record of the week is the new Rush. Central PA has always been a Rush mainstay, but one week on and it's already our #1 phoner...Polygram is on a roll as Def Leppard 'Animal' pulls our #2 Top phones and the album zooms to #1 in sales...The Mellencamp is fabulous as expected. 'Paper In Fire' still leads the way with 'Cherry Bomb' becoming a top phone record already. My favorite track is 'Hotdogs And Hamburgers'. Maybe Mr. Recordhead will send us all our own McDonalds franchise as a promotion!"

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE: "Jimmy Davis" 'Kick The Wall' is a grabber. You should kick yourself if you don't add it. Jimmy's premier album party was a smash...Great to see MCA's Randy Hoch and Scott Porter; QMI's Dick Williams, Bob Pittman and Les Garland. Also: Michael Steel, Greg Stevens; WKLS's Bill Pugh and WRXK's Greg Mull...Congratulations to Howie Castle for landing in Orlandol...Memphis is a Rush town and when we put the new record on the air, the phones went wild and haven't stopped. 'Force Ten' is #1 already...The Pink Floyd is a killer, too. (The title's 'Learning To Fly' from 'Momentary Lapse Of Reality' makes a sick humoured but timely dedication to Northwest Airlines.) R.E.M. went in right away, as well as another track from John Cougar Mellencamp...We finally added the Brandos. For the South, Brandos is a sure fire monster record, reminiscent of early Outlaws and Molly Hatchet. I'm going to love watching it soar...Take the time to decode the back masking on the Beat Farmers 'Dark Light'. Our listeners

WRUF, GAINESVILLE, FL M.D.-JASON TYLER: "Long live AOR! This week's music will keep that statement alive. I want to thank John Mellencamp for putting out a great, gutsy, bare bones rock 'n roll album. This guy has proven himself again musically, and especially lyrically...Let's talk instant adds like Rush; R.E.M.; Pink Floyd and The Cars...And how about talking great new albums like Loverboy, and especially Aerosmith 'Permanent Vacation'? It's their best since 'Rock'...Go gators!"

WHMD, HAMMOND/BATON ROUGE, LA M.D.-"CATFISH" PHIL COLWART: "We still haven't heard from Polygram. Do they read? How's the new Rush?...The new Mellencamp and Cars Lp are loaded with hits...Also Mojo deserves a shot on your station...How about the 'Lost Boys' soundtrack retail?...Automatics: Pink Floyd; R.E.M. and Aerosmith...Thanks to Scott Borchetta of MTM Records for Hege V 'House Of Tears'."

KGRG, AUBURN, WA O.M.-AARON VAUGHN: "This week KGRG's Hip Track (that track played every 2 hours between 6:00AM and 6:00PM) is 'Talking With The Heart' from a new artist from Warner Bros. Records called Vienna. This is cool stuff, very haunting and hard to describe. Phones have responded after just one day...Not a hell of a lot going on around here. If you're bored, give me a call at 206-833-5004."

WRQK, CANTON, OH RICK ELLIOTT: "Aerosmith is back in the saddle again tearing it up, praise be to God...Getting phenomenal phone response to Aerosmith; Rush and Pink Floyd...I saw Great White a week ago in Cleveland and it's a show that must not be missed. Thanks to Jack Snyder of Capitol Records for the tickets."

wncs, Montpelier, VT M.D.-Jody Petersen: "After a fair amount of encouragement/pressure, we added Pete Bardens 'In Dreams'. The first week out has convinced us that this record was indeed made for radio...We're having a lot of fun with the odd combination of Annette Funicello and Fishbone from the 'Back To The Beach' soundtrack, and the new Mojo Nixon...Wendy And Lisa have emerged as stars on their own right, though years of cultivation with Prince sure hasn't hurt...In the 'never say die' category: John Farnham, Jon Astley and Fire Town."

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU: "Automatics this week include Pink Floyd; Rush; R.E.M.; Billy Idol; Whitesnake and John Mellencamp cuts. Mellencamp has reached a new high on 'Lonesome Jubilee'. It's hard to top 'Scarecrow' but I believe he's done it. This album will establish John Mellencamp as America's songwriter. The Rush is already drawing incredible phones. I expect it to overtake Aerosmith as #1 this week...The Brandos is the best Indie release to AOR since the Smithereens and 'Gettysburg' tested 80% positive on the phones. ADD IT!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "We've scarcely had time to kick the doors and slam the tires on the '88 model from the Cars, but one listen tells us this baby is loaded. When the single hits the red line, ram the Lp into overdrive with 'Go Away' or 'Strap Me In'...R.E.M.'s new one represents a quantum leap. It's their first easy add into heavy here...A nifty remake of 'Money' on the flip of the Waters' single is predictably generating big phones and worth a short term add...Anxious to hear the Hooters treatment of the Beatles on the flip of 'Johnny B.'...Since every rotation category is bursting at the seams, seems like a good time to put the music on ice for a week and go on vacation. No adds or changes this week, but any questions, threats or pleads will be fielded by my assistant, Kevin Kasky during regular music hours."

WJXQ, JACKSON/LANSING, MI P.D.-BILL WEBSTER: "I like the Aerosmith. I found myself jumping around the studio when I was prepared to dislike it...Obviously a great Mellencamp album. You could be Mellencamp rock radio as a format...Strong Genesis track 'Anything She Does'. (I thought it should have been an emphasis track earlier on)...The Bon Jovi 'Edge Of A Broken Heart', which appeared to be a throw-away, is generating some remarkable response."

WZYC, COASTAL, NC M.D.-ROBYN MUTCHER: "'The One I Love' has knocked my socks off! It's the best thing R.E.M. has ever done. It's not too often that all the jocks at the station try to cheat to play the same record every shift, but that's the case with R.E.M. ...Also hot: Mellencamp and Bowie and we're anxiously waiting for the Bowie concert at Dean Smith Center in Chapel Hill."

KFMQ, LINCOLN, NE M.D.-JOE SKARE: "A momentary lapse of reason? Well, maybe, but when it comes to great rock 'n roll there's never been a lapse from Pink Floyd. 'Learning To Fly' sounds great and is going to generate instant reaction...It's great to see that the feuding between Roger Waters and Pink Floyd (oh, can I use that name here?) hasn't affected either party at least on vinyl...John Couqar Mellencamp's progression from rebellious rock 'n roller to musical maturity is more evident on 'Lonesome Jubilee'. This guy is really in touch with the world around us. While 'Paper In Fire' continues to be hotter than a witche's tit in August, my favorite tune is 'Check It Out'...And oh, by the way, thanks for the visit to Mary Pripody and especially Bob Clarke for the tour of Japan and lessons on gutting tuna...And how 'bout those Indians?"

KQWB, FARGO, ND M.D.-TY BANKS: "We didn't get the Pink Floyd in time to add it this week but we look forward to going with it next week. David Gilmour had more to do with Pink Floyd than a lot of folks figured...Fall is approaching too fast! This Saturday is our last Beach Party/Wet T-shirt contest. We'll try to send photos."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "I feel like I'm living a Crazy Eddie commercial. Is it Christmas in August, or what?...Immediates on: Pink Floyd; amazing phones already. John Cougar Mellencamp; all brilliant material. The Cars; a much more enjoyable Lp than I expected. Rush; the trio proves that fame can live beyond power chords...R.E.M. has captured my fancy and ranks at the top of Pam's Picks for faves of the month. 'The One I Love' pulls at my heartstrings and pounds into my brain. Bottom line here: A great song that will grab your listeners' attention so you don't want to pass on it. Give it a spin and you'll be hooked too...Since we've had nothing but great response to any Fabulous Thunderbirds stuff we've ever aired, I'm glad we finally had the room to do more than just 'Spell Love'...'Hot Number' adds up to some very tasty material that gives flavor and flair to the airwaves and that's music to our ears. Drive down the boulevard and hear this stuff crankin' from a passerby's window. Hot fun in the Summertime that'll take us right into the Fall...Thanks to Cledra White from Virgin for the great road trip...Also to Steve Martin and the Cutting Crew for a top notch time and super music. This girl felt like she died and went to heaven and I could have been happy to do so in any number of arms! I'm off to see if Carnival really is the fun ship. We're going to cruise the Caribbean for seven days with some WPDH winners. See you later,

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "Due to personal reasons, I'm seeking a new opportunity. Though I have specific considerations, one of which is my wife's pursuit of a college, I'm open to all offers. My qualifications are: solid, polished, personable air work, strong multi-track production, a proven background in promotions, public relations and being one very competent music director. Just ask Carter B. If you're interested in adding me as a new team member, let's talk. Call 907-522-1906...In the meantime, I'm still the KWHL M.D. and open for the regular abuse inflicted by the record industry."

KFMU, STEAMBOAT/VAIL CO M.D.-DAVE ROSS: "I've grown up the past couple of years listening to R.E.M. and they've grown up too. 'The One I Love' has everything going for it--I'm definitely sold on this one..The Cruzados continue their success here at KFMU. We're more than pleased to give 'Small Town Love' a shot. These guys have what it takes to keep our audience tuned in...Straight ahead, no-frills rock and roll is what Billy Idol is pumping out. 'Mony Mony' will not only bring in new listeners but also the ones that remember the original...And one final thing—we're going to play Mojo Nixon before Dr. Demento gets his hands on it...That's it for now from the world's only wind powered radio station."

WIZN, BURLINGTON, VT P.D./M.D.-STEVE CORMIER: "I am happy to announce that Tom Van Sant is WIZN's new Music Director. Tom has been a member of our airstaff for two and a half years holding down the 6-10pm airshift. During the past year, he has been the Asst. Music Director and basically my right hand man. He has been a tremendous help to me. His well-rounded musical knowledge will be a great benefit to WIZN. Both Tom and I will have music hours: Tom's hours are Friday from 1:00pm to 4:00pm and mine will be Monday 10:30am-12:30pm. Adds and rotations after 11:00 on Tuesday...Many thanks to Don Masters of Polygram for a great afternoon of golf. It was also a pleasure meeting Chris Garrett of WHEB and Rodney. By the way, what's the record for breaking electric golf carts during a round of golf? I think we own it, nd we did it in only fifteen holes. Also thanks to Charles Laquidara, Mishigaas and the best at what

he does, <u>Mark Parenteau</u>, for great radio on my vacation. Thank God for 'BCN."

WEQX, MANCHESTER, VT/ALBANY, NY M.D.-HOWARD GLASSMAN: "Before the hammer comes down this weekend, let me say, 'Yo, Matt! Sorry for the slanderous comment. When the Brandos come to town, I'll have a cold beer with your name on it waiting'...Linda, Linda, Linda thanks for clearing up the muddy waters. Hey, Amy, thanks for the 101ers. We'll have to slam sometime...Oh, as for what I like this week: R-o-I-a-i-d-s...Ellen McKinnon would like to thank the fab and dear Cledra White for the dinner and Cutting Crew show. She also wants to say a big ya-hoo and hooray for Dave Alvin, The Razorbacks and the Dukes Of Stratosphear...Finally, you get to read Ellen's comments again next week as Howard and the new queen beast go on their honeymoon. A how how how!"

get much more red, white and blue than John Cougar Mellencamp. The 'Jubilee' album reaffirms John's midwestern roots and influence. Take it from me, the guy's got this part of the country pegged...Pink Floyd has me sitting on the edge of my seat, right down to the back-up singers. The band has another classic...Wowl An R.E.M. record you can sing with. Looks like these guys could end up on the pop charts next to U2...I always look forward to a new Rush project and 'Force Ten' is no disappointment. Good to hear more guitar on this one...Whitesnake's gonna burn up the phones again with 'Is This Love'...Aerosmith goes right to Top 5 phones. Even the gals in the steno pool call me at 10am for 'Dude'...If you're not playing Pete Bardens, you're missing something special. Phones and sales are through the roof."

PAUL BROWN, VIRGIN (212-463-0980): "And speaking of three-pronged monsters, CUTTING CREW's 'Been In Love Before' is the track that's going to take the 'Broadcast' Lp well over a million units. With three formats pounding the track, this thing should go through the roof. It's a song that'll be with us well into the fall. Like a camp counselor once told me, never turn your back on a big one. Hey, hey, look at these fish jump...A real solid first week out for Canada's favorite sons, those NORTHERN PIKES, especially in light of what a fun week it was out there. I don't think there's anything out there at present that sounds anything like 'Things I Do For Money'. Kinda haunting, hey? And there's no truth to the rumour that it was written about Oliver North. The Lp 'Big Blue Sky' arrives this week...Also listen to LOLITA POP. This band has got both brains and balls and consequently, they write real catchy songs with an edge to them. 'Bang Your Head' has got a very, very sneaky hook. Give it a couple of spins and call me in the morning...These three records are currently wildly careening towards you. A GARY MOORE 12" of 'Friday On My Mind' (Yup, the Easy Beats classic); a 12" from the OTHER ONES entitled 'Holiday' and an Lp from the RAILWAY CHILDREN entitled 'Reunion Wilderness'. This is another distinct, gorgeous Lp with a multitude of tracks (no pun intended) to choose from. For the record, (also no pun intended) our focus is brighter...Finally, are Tom Evans and I the only people who find it morbidly amusing that Reagan has the same problem with his nose and his colon?"

ED TRUNK, MEGAFORCE (201-254-6533): "ACE FREHLEY's COMET continues to soar! I've just heard an excellent remix of the next single from this Lp, 'Calling To You'. The track was remixed last week by Andy Johns (CINDERELLA) and has hit written all over it. ACE was also a guest on Rockline this past week and will be making an appearance on Late Night With David Letterman in the next few weeks. The FREHLEY's COMET tour continues to do sell-out business everywhere. The current leg of the tour wraps up at the Beacon Theater in N.Y. on September 12. After that, look for some very big announcements on FREHLEY's COMET as the tour continues!...ANTHRAX devistated 90,000 people in England this past week at the Castle Donnington Festival. We won't say ANTHRAX was great, we'll let the press speak for itself. The last ANTHRAX album, 'Spreading The Disease', has just been released on CD, as well as the new OVERKILL album 'Taking Over'. That CD is due out September 15.

OVERKILL is now touring America with TESTAMENT supporting. Thanks again to Z-ROCK for hosting interviews with both OVERKILL and TESTAMENT ... 'U.S.A. FOR M.O.D.' by M.O.D. is out this week. This album will knock your socks off. Please note that due to the offensive nature of this album, it will not be going through our usual Atlantic The album will be released distribution. MEGAFORCE/Caroline records. Please contact either office if you have difficulty getting a copy...In the meantime, brace yourself for MAJOR FREHLEY's COMET news in the coming weeks!!!"

RICHARD PACHTER, PROMOTION IN MOTION (305-482-6629):
"I was a big fan of DON DIXON's 'Praying Mantis' song, but the rest of that Lp was little more than odds and sods. I'm happy to report that his forthcoming album 'Romeo At Juliard' is a complete and extremely satisfying work. 'Your Sister Told Me' will be the first track released and it will be an instant smash that you'll sing along with after one listen. 'Heart In A Box', previewed on Enigma's New Music Seminar CD, is another terrific track. DIXON really shows off his state of the art production expertise on this one. The album will be out next month, so make room."

SCOTT BORCHETTA, MTM (615-242-1931): "When you can find people in this business who can cut through the bullshit and truly deliver and truly be excited about a new 'unknown' project, it is quite a find. My hat is off this week to Sam Calle, Paul Yeskel and Charlie Logan for all of the above and also to WNGZ, KVEZ, KJET and WTCS. HEGE V has five new adds this week. It may not look like much compared to some of the big releases of the week, but when you look behind the scene to see what some of the other unknown releases collected in the way of adds, it truly kicks ass. 'House Of Tears' has a total of twenty stations after just two weeks. Everybody knows how tough those two weeks have been, so enough on that. These are the tour dates for <u>HEGE V</u> this week: 8/31 - Lexington, KY; 9/1 - Indianapolis, IN; 9/3-Cleveland, OH; 9/4 - Pittsburgh, PA; 9/5 - Boston, MA; 9/7-Albany, NY...That's it, talk to you this week."

BARRY LYONS, I.R.S. (818-777-4730): "The verdict is in, and the one to play is clearly 'The One I Love'. This is the hit that will take R.E.M. platinum plus and it's only the first taste from 'Document', an album that you will still have in rotation come April...Look for the Lp and CD to arrive this week. As gratifying as it was to see the overwhelming reaction to this song, I would like to point out that it wasn't so long ago that the majority of stations out there considered this band to be 'too weird' or 'too different' or 'too whatever'. If any any applause is due here, it's due the people who stuck with and fought for this band - Michael Plen, Mark Cope, Barbara Bolan, Keith Altomare, Kevin Sutter and some people I'm probably missing at I.R.S., MCA and A&M; and also some dedicated believers in radio whom I won't name only for fear of leaving somebody out. You know who

you are. The point I want to make is that there are other R.E.M's out there right now, with names like THE CURE, REPLACEMENTS, dB's, THE CALL, THE BRANDOS--if we only have the ears to hear them. Remember, an open mind is a wonderful thing. As for the idiot who heard 'The One I Love' and decided R.E.M. is 'just a college band': we know who you are, and we know where your car is parked...In other news, the dB's album is building a solid base at Album Radio. 1 Lie' is a perfect upper demo song, as stations like WIOQ, KBAT, WXRT and WZEW are discovering. Look for the dB's on tour beginning September...I.R.S's first metal project 'SHOK PARIS' is finally being unleashed this week. 'Go Down Fighting' is guaranteed to burn up the phone lines. With the help of the Sheik Ayatollah, who is now lending his services exclusively to I.R.S., this sucker is gonna fly!...The rock doctor's current couch potato faves include AEROSMITH, DAVID LYNN JONES, THE CALL, WHITESNAKE and the awesome new Ep from METALLICA."

VICTOR LENTINI, PASSPORT/P.A.R.A.S. GROUP (818-500-7677): "MOOD SIX continues to pick up steam with new adds on WHFS, KJET, KTTZ, WKXE and increased action with KSPN, KSNO, KBSU, KUCI, WUOG. Oooohh boy! Here they come...A sea of record releases from just about every label. So let me point out the important ones... ANGRY SAMOANS are 'Inside My Brain' and will be in yours also, as PVC spits out another classic with 5 unreleased tracks...Hey, like wow, blow my mind! The DROOGS, release Lp number 3, 'Kingdom Day'. This long awaited master piece is produced by Earl Mankey and is guaranteed to burn up the airwaves...Alien Sex Fiend, Alien Sex Fiend, Alien Sex Fiend. Awesome, gritty, danceable, but keep out of the reach of children. Bobby Sutliff is it!...This original windreaker collaborates with Mitch Easter, Tim Lee and Howard Wuelfing. 'Only Ghosts Remain' will be in your personal heavy rotation...It's hot, it's new, it's Beatrice, or at least food for thought."

We also have a previously unreleased track from U2 - 'Silver & Gold' and also some 'Music For The Masses' from DEPECHE MODE - 'Never Let Me Down Again'. INTERVIEWS

HUEY LEWIS: I'd been on the road for 6 or 7 months and anytime you play the same show for a while there's a tendency to become complacent a little bit, you know. Man, you gotta remind yourself that there's 100,000 guys out there who will change jobs with you in a second and there's one guy out there who may be the first—you may have played that town 12 times—but there's one guy out there who's never seen you play before and you gotta play that show for him.

VIDEO NEWS

STING'S new album will be called "Nothing Like The Sun" and it'll be out October 13th. It's a double album, and Sting says the title comes from Shakespeare - specifically, Sonnet 130. He also says the album's theme is, quote, "Women as real people, not as fantasies". The first single will probably be a song called "We'll Be Together". Other titles include "Sister Moon", "Straight To My Heart", "They Dance Alone", and "Secret Marriage". Nearly 100 U.S. radio stations still refuse to play GEORGE MICHAEL'S "I Want Your Sex" because of its controversial lyrics. But across the Atlantic in Belgium, things are different. Over there, "I Want Your Sex" is helping little kids learn how to speak French. The Belgium music video show "Rock Box" airs an afternoon show for grade schoolers, where hit videos are subtitled in French. "I Want Your Sex" is one of them. Through the years RON WOOD has been a guitarist for the ROLLING STONES, THE SMALL FACES and THE JEFF BECK GROUP. By the end of the year though, Wood will be a published author. The new Ron Wood autobiography, "The Works", includes Ron Wood's thoughts on and drawings of all THE STONES, JEFF BECK, ROD STEWART, JOHN LENNON, and even BOY GEORGE. Wood also writes about the time BOB DYLAN stole the blankets off Wood's bed and about being locked up by IKE TURNER. "The Works" will be out in December. ELTON JOHN starts recording his next album in October. He'll also begin writing the theme song for SYLVESTER STALLONE'S movie "Rambo 3", which is about to start shooting in Isreal. And, Elton plans to produce an album for his old pal, RINGO STARR. The Ringo album will be his first since "Stop And Smell The Roses" in 1981.
