

SURE SHOTS

BOB DYLAN, "SILVIO", COLUMBIA His legendary status always commands immediate attention and given the format's current posture regarding classic artists, Dylan's timing couldn't be any better. And when the song's as powerful as "Silvio", expect a long shelf life. The Dylan/Dead chemistry that worked so fine on tour, obviously translates in the studio on this easy rolling, down-on-the-farm-spirit of a ditty. Vocally, Dylan recalls the "Desire" era, while the chug-a-lug rhythm section conjures up images of the Rolling Thunder revue. Kudos to Columbia on the special retrospective CD promo package.

THE ROSSINGTON BAND, "LOVE YOUR MAN", MCA There's lots to like about the new Lp: first rate material, Dale's whiskey pipes, Gary's diesel-powered guitar, and that trusty lead off track. "Welcome Me Home" gets a hero's homecoming, with 44 New, placing the 2 week tally at 110, as the track slams 40-33*. Now to Reactionland: <u>Dave Kane</u>, WCMF "Calls and research both look good"; <u>Carter Alan</u>, WBCN "Love The R. B. with one of rock's best belters-Dale Krantz--on the pipes" and <u>Pam Brooks</u>, WPDH "This will sizzle right through the summer." For better than the average bear back-ups, go directly to "Losin' Control", "Love Your Man" and "Holdin' My Own".

MICHAEL ANDERSON, "SOUND ALARM", A&M

MICHAEL ANDERSON, "SOUND ALARM", A&M Amid a sea of name brands, "Sound Alarm" reverberates to a 56 station #4 Most Added finish. Factor in the programmer positives and you've got one of the best received debuts this year. Lorraine Rapp, WAQX "Sounds like he has a career in front of him"; <u>Charlie Logan</u>, WYNF "A one-listen ditty--it's real"; <u>Sky Daniels</u>, KFOG "Very, very promising"; <u>Erin Riley</u>, WMMR "Strong vocals" and <u>Alan White</u>, KILO "Straight forward, no BS R&R". Although we hear hints of Keith Richards in the guitar and traces of Townshend in the vocals, the real deal is the consistency, depth and quality in this rock solid rookie release. Put away "Sound Alarm" then surrender to "I Know That You Can Stand", "Memphis Radio" and "Until You Loved Me".

JOHN CAFFERTY AND THE BEAVER BROWN BAND, "ROADHOUSE". SCOTTI BROS/EPIC Increased rotation at WPHD, WTPA, KMOD, WIZN, KWLN, WWWV and WSTZ tell us "Song And Dance" (now playing on 64, advancing 41-39* Trax) is getting the job done. But we'd be remiss if we didn't hip you to a couple of Lp stand outs from one of the masters of the east coast boardwalk sound. The sure fire winner is "Penetration"-Jersey Rock made to go; the uptempo, slightly ska sound of "Victory Dance" made it love at first listen and we're hearing about "Killing Time" from fans in the field.

CAMPER VAN BEETHOVEN, "EYE OF FATIMA PTS. 1&2", VIRGIN We'll give these campers about a New York minute to lock up the Adventure Club. Who's more hip? How can they miss with unit sales at the 50K mark? Name a band that's a bigger critics' darling. But they're not as weird as the name may suggest; and with other psychedelized outfits like The Church currently collecting rent on the charts, there just might be room for CVB too. With its cool phasing, killer bass, wild guitar-violin exchange and some seriously bent lyrics, "Fatima's" our cutting edge fave of the week. Recently sighted at WHCN, WHFS, 91X, KRZQ, WEQX and 10 more. Open your mind and listen. mind and listen.

PETER MURPHY, "ALL NIGHT LONG", BEGGARS BANQUET/RCA Now that "All Night Long" has scaled the Adventure Club charts, in every corner of the universe, this track stands primed and poised for mass consumption. At first listen, Peter Murphy's vocal delivery and style reflects a current day Bowie, but the more time spent with "All Night Long", reveals a unique artist in his own right. Give this dreamy and steamy regal rocker a few priority auditions and see if you don't walk away realizing the potential and programmability this track possesses for Album Radio. Already active on the Trax Chart, climbing 80-76*, paced by play at 30 tastemakers including KBCO, 91X, KMPC, WLAV, KZAM, WXXP, WFNX, KTCZ, WMAD and WIZN.

Depth Trax From Established Albums

THE SMITHEREENS, "HOUSE WE USED TO LIVE IN", ENIGMA/CAPITOL

They bulldozed an SRO crowd at The Roxy last weekend. Ask anyone who was there--club shows just don't get any hotter. And this, friends, was one of the showstoppers. Its energetic Beatles meet R.E.M. exuberance will cut through the airwaves like a knife, and <u>everyone</u> can relate to the lyrics. You broke 'em, now get in on the 2nd smash from "Green Thoughts" before the first is "Only A Memory". New on WCCC, WRDU, WBRU, WXXP and 4 others, now on WHCN, WRCN and WFNX.

CHEAP TRICK, "LET GO", EPIC

It's been at the top of our list since we first laid ears on it months ago. "If I Needed Someone" licks, the Glitter Rock horns...hey, it's their best blast of power rock since we learned to count. You took the ballad to #3 Trax, and set the table for CHR, so now blow this sucker out with the next big reaction track. Playing in power at KBPI, KATT, KTYD and KWHL, in medium at KTXQ, WKLS, WYNF, KUPD, WFYV, WQFM and KILO, with 22 adds to date. New this week at 86*.

NEIL YOUNG & THE BLUENOTES, "THIS NOTE'S FOR YOU" (EXTENDED LIVE VERSION), REPRISE

More than a few of you said you loved the hard hitting title track but were a little disappointed at how it fades at 2:04 just when The Bluenotes kick it into gear. Relax, babe. This version's for you. "This Note's" so perfect for these corporate sponsored times that we lead our latest Sampler with it, included in this issue for your advance consumption. Another prize from Neil's best album this decade, the one that's already produced the Top 5 "Ten Men Workin'". Hear it wail on 64 reporters, watch it worm 46-43* Hot Trax.

JONI MITCHELL, "MY SECRET PLACE", GEFFEN

Get into the vocal interplay between Joni and Peter Gabriel and you'll find one of the year's coolest combos for locking up those elusive thirtysomethings. How hip is Joni for the adult audience, you ask? Considering "Snakes And Ladders" not only saw Top 25 AOR action and garnered play on Classic Rock stations, the Lp also hit Top 5 paydirt this week at New Horizons, we'd answer with "too hip". WLAV's already gotten mileage plus out of "Place" and this week we registered medium or better spins on KBCO, CFNY, KTCZ, CHEZ, KZAM and WNCS.

HONEYMOON SUITE, "LOOKIN' OUT FOR NUMBER ONE", WARNER BROS.

You don't need a weatherman to tell which way this baby's blowing. As with the time-proven leadoff ("Love Changes Everything" which peaked at 10 Trax), we're talking your basic Ted Templeman-produced powerhitter, sporting the optimum balance of hooks, crunch and polish. Johnnie, Derry and the gang really delivered this time out and WDIZ, WQFM, KILO, WHJY, KKDJ, KOZZ, KRZQ, WDHA, WKLC, WEZX and 5 more followed suit with the only reasonable course of action. They added it.

DOUBLE SHOTS

Deserving Second Trax From Newer Acts

TREAT HER RIGHT, "I GOT A GUN", RCA

"I Think She Likes Me" had a lot going for it--a 3-month shelf life culminating at 14* Trax, relatively slow burn, legit audience validation and a blow-me-down live show. They back it up with a bottleneck blues number highlighted by drop dead lyrics and their signature back-to-the-bars arranging style. And the mouth harp work? You'd swear it was Magic Dick! Already in active duty at WCCC, WHTG and WFNX.

KINGS OF THE SUN, "BLACK LEATHER", RCA

The second entry in The Nipper's rootsrock double bill received an unqualified thumbs up from AOR. Virtually everyone was knocked out by "Serpentine" and its accompanying video, and backed up their instincts with Top 20 airplay. The Double Shot comes in the form of another high energy cooker. You'll like the fuzzed out lead work and solid song structure. New at WQFM and WEQX.

DIVINYLS, "HEY LITTLE BOY", CHRYSALIS

Alright, who did the original? Early to mid '60s, right? They had one hit and then faded directly into oblivion. Did someone say The Syndicate Of Sound? You bet. Think we'll ever run into them at a Holiday Inn in Muskegon? Some chestnuts are just ripe for the picking. Choosing the right cover song is a lot like picking the right wine--timing and vintage are everything. Anyway, ya gotta love Christina & company's rough n' rude rendition--the hiccup vocals and shoop shoops are a gas, the energy's just right, and the Divinyls take a classic and make it all theirs.

JENNY MORRIS, "YOU'RE GONNA GET HURT", ATLANTIC

It's obvious the format can't get enough of that INXS stuff-they may just be the most commercially hip band out there right now. And when you marry this rhythmic beat to fresh, energetic and uniquely soulful vocals of the Jenny Morris variety, in the context of a mega-hooker such as "You're Gonna Get Hurt", the decision becomes not when, but how fast. It's time to get behind the #1 female singer/songwriter from Down Under.

ROBERT TEPPER, "FIGHTING FOR YOU", SCOTTI BROS./EPIC

RT's first installment from "Modern Madness" kicked in rough and ready and became quite a performer at a significant number of reporters. For the Double Shot, Robert relies heavily on melodic song value and pop sensibilities, while not compromising the edge one iota with some searing axe-shun. Added this report at KLOS!

THE DEL-LORDS, "A LOVER'S PRAYER", ENIGMA

Here's a roomful of old time rock 'n roll that would do Dave Edmunds proud! It's hard not to smile when you're blastin' this '50s styled bopper, and when's the last time a slide guitar got under your skin like this one does? A helluva follow-up to one of our faves--"Judas Kiss".

REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

MOODY BLUES, "I KNOW YOU'RE OUT THERE SOMEWHERE", POLYDOR

(141 New/141 Cume)...It's like they never left! The Moody's slam home 141 first weekers including powers at WMMR, WNEW, WLUP, KSHE, KUPD, KILO, KFOG, WCMF, WZZO, WLVQ and eight others, launching the track to a Hot Traxmaker debut at 15*. There's nine (KTXQ, KTCZ, WPYX, WCMF, KFOG, KPOI), citing OTB Top 5 phones creating a #19 Most Requested appearance. <u>Chris James</u>, WTPA lauds "Easily the most consistent band over the last 20 years. They've managed again to produce an across-the-board smash!" While <u>Pam Brooks</u>, WPDH praises "I adore the new Moody Blues! Like an old friend you can't wait to hear from again, and are never let down by, they make radio magic!!"

VAN HALEN, "OU812", WARNER BROS.

WGTR's <u>The Colonel</u> salutes, "OU812', what a monster! Four cuts deep and going all the way!" And that appeared to be the gameplan for the format-at-large as VH placed four tracks on the Most Added column, while the Lp mightily debuts at 1*! The #2 Most Added "When It's Love" grabs 105 new (WMMR, WDVE, WQFM, KSHE, WEBN, KGB, KQRS), bowing 26*; the #3 Most Added "Feels So Good" flies on 68, debuting 42*; while "Finish What Ya Started" (42 New/D-58*) and "Mine All Mine" (41 New/D-63*) also garner significant activity. Meanwhile "Black And Blue" blasts 2-1* Trax, and imposingly holds on to #1 Most Requested with a massive 110 Top 5ers! KFOG's <u>Sky Daniels</u> hails, "Kings of the riffs!" and KZEW's <u>Jimmy Christopher</u> exclaims, "It rocks, it socks, it's clean, it's mean!!"

GUNS N' ROSES, "SWEET CHILD O' MINE", GEFFEN

(43 New/54 Cume)..."We started playing this Lp last October, and it's still getting Top 5 Phones! I don't mean to be offensive, but with the street buzz and retail action on this band, anyone who rocks and is not playing this is, well, stupid!", WYNF's <u>Charlie Logan</u> shoots straight. The Guns are still loaded! Bagging 43 newcomers (WQFM, KSJO, WLLZ, WKLS, WŁZR, KMPC, KRXQ), "Sweet Child" debuts at 60*, as the Lp re-emerges at 43* Album Action. There's 54 now spinning including 16 Top 5 phoners (WBAB, KILO, KLOL, WKLS, WIXV, KNAC), as the track bows at #10 Most Requested. KFMQ's <u>Joe Skare</u> closes, "If you're looking for more accessible Guns N' Roses, don't miss 'Sweet Child O' Mine'. It's just what the doctor ordered!"

ROD STEWART, "OUT OF ORDER", WARNER BROS.

WEGR's <u>Kelly Cruise</u> intros, "Boy do I love the new Rod Stewart Lp! 'Out Of Order'? On the contrary, he's right on target and it's dynamite!!" And "Dynamite" explodes on another 30 this report including KSHE, WLLZ, WBAB, KUPD, WKQQ, WONE, KEZO and WWWV, stretching the cume to a robust 70 (with Top 5 phones at KQRS and KQDS), as the track sprints 60-40*, our #2 Trax Gainer. "Lost In You", now on 164 (141 Power/Heavy), motors 7-3* Trax, 10-7 Most Requested, with the Lp holding firm at 4* Album Action.

INXS, "KICK", ATLANTIC

(28 New/32 Cume)...Depth, depth and more depth is par for the course for INXS as the latest emphasis cut looks to follow its predecessors right up the Trax Chart. Among the 28 newcomers are DC101, WHJY, KFOG, KZAP, WLVQ, KATT, WPLR, WDIZ and WAPL, as 32 currently rotate. The track rolls onto the Hot Trax 100 at 72*.

STEALIN HORSES, "TURNAROUND", ARISTA

(22 New/48 Cume)...What better way to follow up last report's OTB #1 Buzzband week? #1 Trax Gainer status in week two, that's how! "Turnaround" tears 86-65* Trax, fueled by KTXQ, WLLZ, WKDF, KLAQ, KUPD, KVRE, WHCN, KZEL, KQWB, KRZQ and 12 more new believers, expanding the now playing column to 48 (WNEW, KMOD, KISS, KAZY, KATT, KLBJ, WDHA, KZOQ). Top 5 phone power already the haps at WKQQ and WMAD.

RHYTHM CORPS, "COMMON GROUND", PASHA/EPIC

(22 New/22 Cume)...Watch this one explode in no time. First week action finds KMPC, WNEW, WDHA, WLŁZ, WRIF, KBCO, WTPA, KMOD, KLBJ, WRQK and a dozen more lending early air to the tasty "Common Ground". But the even bigger news are those waves of radio waves from the likes of <u>Sam</u> "Incredible record!" <u>Bellamy</u>, KMPC; <u>Don</u> "It's gonna go!" <u>Gilmore</u>, KLBJ; <u>Stephen</u> "Solid melody!" <u>Page</u>, KOME; <u>Dave</u> "A unique sound!" <u>Kane</u>, WCMF; <u>John</u> "This is a great song!" <u>Amberg</u>, WKRR and <u>Doug</u> "A bright future ahead!" <u>Clifton</u>, KBCO. <u>Chris James</u>, WTPA climaxes "Surprise of the week is Rhythm Corps! If you thought The Church performed well, wait'll you see what this one does after one spin!" Spin on!

BRUCE HORNSBY, "LOOK OUT ANY WINDOW", RCA

(19 New/115 Cume)...The Lp's still smokin' at 2* Album Action, and with "Valley Road" having already enjoyed a run at #1 Hot Trax, the full emphasis switches to the consensus depth destroyer, "Look Out Any Window." With new play at 19 (WFBQ, WGTR, KQRS, KGB, KUPD, KZEL, WDVE, WOUR) and increases at 13 more (KILO, WAQX, WHEB, WHTF, WIBA), it rolls 29-21* Trax. Now on 115, it's receiving Max/Heavy play at 53 as the Lp rests at #6 Most Requested.

GEORGE THOROGOOD, "TREAT HER RIGHT", EMI-MANHATTAN

(16 New/48 Cume)...The format's still treatin' Lonesome George right by providing fresh spins at 16 (KMPC, KGON, WBYR, KDKB, WLAV, WZZO, WAQX, WPHD) and bumped rotation at WPDH, KEZE, WTUE, WRUF and WMJY on "Treat Her Right." Factoring in Power/Heavy rotation at 14 of 48 currently playing and the track rolls 67-55* while the Lp bags #2 Gainer honors with a 50-44* move. Top 5 calls are being cited at WAAF and WMJY.

GRAHAM PARKER, "GET STARTED, START A FIRE", RCA

(14 New/105 Cume)...WKRR's John Amberg steps up, "Start A Fire' is a deceptively cool track. But underneath the smooth acoustic guitar and fluid rhythm drive, Graham's vocals seethe with the same intensity of his earlier works." Speaking of seething, Graham's statistical readout continues to bubble over as WQFM, KDKB, WPDH, KLPX, KMOD, KPEZ, KWIC and seven more add, 12 increase (WNOR, WKDF, KUPD, WWWV, WHFS), KOZZ, WFNX and WROV report Top 5 phones and the airplay charts show 35-30* Trax, 33-30* Album Action elevation.

KINGDOM COME, "WHAT LOVE CAN BE", POLYDOR

(13 New/63 Cume)..."What Love Can Be" posts our #5 Trax Gainer this report, upgrading 57-46* as CILQ, WHJY, KLOS, KSJO, WLAV, KATP, WEGR, KBAT, KRIX, WFRD, KZRR, WKLT and KZOQ add air and KEZO, KJKJ, KWHL, WHEB, WPXC and WTUE increase rotation. Of the 63 reporters now playing, 15 rotate in Heavy (KISS, KLOL, WAQX, WDVE, KILO, WHEB, KNCN) with Top 5 Requests at KISS, WDVE, KWHL, KQDS and KFMQ.

THE ALARM, "RESCUE ME", I.R.S.

(12 New/62 Cume)...Double-digit add activity continues to be the haps for The Alarm's "Rescue Me" with this report finding new believers at WHCN, CILQ, WTUE, WOUR, KZOQ, KFMG, KSQY, KQDS, WSTZ, WKLT, KJOT and KRNA, bumping the cume to 62. Of those currently spinning, WKLS, KFMF,

KGRG, KMJX, WIMZ, WMJY and WSUP provide play hikes while 15 more spin Max/Heavy to push the track 53-48* and the album 46-42*. KMPC is fielding Top 5 calls.

THE CHURCH, "REPTILE", ARISTA

After last week's Hot Trax debut, The Church put up more impressive stats on their new automatic track "Reptile," including our #5 Trax Gainer, 81-70* generated by new play at 11 (WDRE, WBRU, KTYD, WHMD, WIZN, WPXC, KVRE) and increases at WRCN and KFMH. Already providing Power/Heavy exposure are KLOL, KTCL, WOXY, WWWV, WXXP, KFMH, WFNX, WHFS, WHTG, WLAV, WRCN, WDRE and KTYD, as WFNX reports Top 5 calls.

MIDNIGHT OIL, "THE DEAD HEART", COLUMBIA

(10 New/58 Cume)...Their double shot shows all the signs of being another first-class reactor, what with the Top 5 calls already being cited by CHEZ, WDHA, WFNX and WRXK, not to mention the 58 presently playing including newcomers KBPI, KDKB, WBAB, KLBJ, WBLM, KPEZ, KFMF, WBYR, KGRG and WKLT. Toss in additional thrust from increases at KGB, CHEZ, KSQY and WZEW and Power/Heavy play at 22 and "The Dead Heart" cruises 50-45* Trax.

BOZ SCAGGS, "COOL RUNNING", COLUMBIA

"Cool Running" appears to be the track the format was waiting for to re-establish the Bozman's AOR presence, and in a scant two weeks, 25 of our reporters are already taking advantage. In addition to new believers KZEL, WDHA, WIMZ, WMFX, WMJY, KWHL, WXKE, WWWV, KFMZ and WLAV, Boz's new emphasis cut can also be heard on WNEW, KFOG, KOME, WLLZ, KFMH, WPLR, KGGO, WRKI, KMBY, WWTR, KQWB, KTCZ, WAOR and WMAD for a debut at 83* Trax.

FREHLEY'S COMET, "INSANE", MEGAFORCE/ATLANTIC

(9 New/10 Cume)...Ace's Comet gets off to a blazing start as "Insane" flies out-of-the-box on pace setter KJJO, as well as WHCN, KISS, WLZR, KNAC, KBAT, KNCN, KGRG, KWHL and WPDH. And there's nothing like a big early buzz to keep the fire burning. Among those ravin' are <u>Al</u> "Great nighttime rock!" <u>Scott</u>, KZEL; <u>Tim</u> "Should keep his fans happy" <u>Parker</u>, KNCN; <u>John</u> "Fine follow-up" <u>Lassman</u>, KQRS; <u>Pam</u> "Very accessible" <u>Brooks</u>, WPDH; <u>Kelli</u> "I'd like to see this take off!" <u>Cluque</u>, KCAL; and <u>John</u> "Excellent production and a great rocker!" <u>McGann</u>, KFMX. Listen up!

BALAAM & THE ANGEL, "I'LL SHOW YOU SOMETHING SPECIAL", VIRGIN

(6 New/13 Cume)...Following the tremendous success of "I Love The Things...", Balaam & The Angel has to be at the front of everyone's consideration pile at this point. And astute AORs will act, rather than react when it comes to delivering the deuce. "I'll Show You Something Special" can already be heard on KLAQ, KTXQ (Top 5 calls), WDHA, WRCN, WRQK, KRZQ and KNCN, as well as new believers KLOS, KILO, WKLS, KPOI, KLPX and WLŁZ. And watch it fly high in the coming weeks as at least 49 more are actively considering.

BUZZBANDS

The Most Talked About New/Developing Artists

HURRICANE, "I'M ON TO YOU", ENIGMA

The first few weeks in "I'm On To You's" development saw a strong early buzz and set the stages for this report's inevitable breakout as our #1 Buzzband. Hurricane garners that top honor on the basis of new commitments from WLLZ, KBPI, WFYV, WQMF, WEGR, WRXK, WHEB, KMOD, KWLN, KWHL, KWIC, WTCS, KFMH and KATP, expanding the cume to 42 and motivating our #5 Trax Gainer, 77-68*. Among those also rotating are WHJY, KUPD, WCCC, KGB, WCMF, KJJO, WDVE, KLOS, KOME, WHCN, WDHA and KTYD, which ups play this report. WCMF's <u>Dave Kane</u> endorses, "One of my favorite songs on the station right now is Hurricane's 'I'm On To You.' It sounds killer and no one forgets a hook with 'Na Nas.'"

MELISSA ETHERIDGE, "BRING ME SOME WATER", ISLAND

Here's one female rocker who promises not to get lost in the shuffle. In fact, Melissa's debut outing is getting so popular that Rock Radio has given priority attention to two tracks. KGON's <u>Inessa York</u> turns in her vote, "Do yourselves a big favor and cue up 'Bring Me Some Water'!" WBAB, WZEW, WRKI, KTCL and WHFS do just that this report as 15 are now playing this potent rocker including KUPD, KMPC, WDHA and KBCO where Top 5 phones are the haps and <u>Doug Clifton</u> admires, "Very passionate singer!" <u>Dave Powers</u>, WHTF relates "A female Bruce!"; <u>Mary London</u>, WRFX enthuses "Real powerful!" and <u>Pam Brooks</u>, WPDH closes "Steamy, gritty and great!"

LEGAL WEAPON, "HURT", MCA

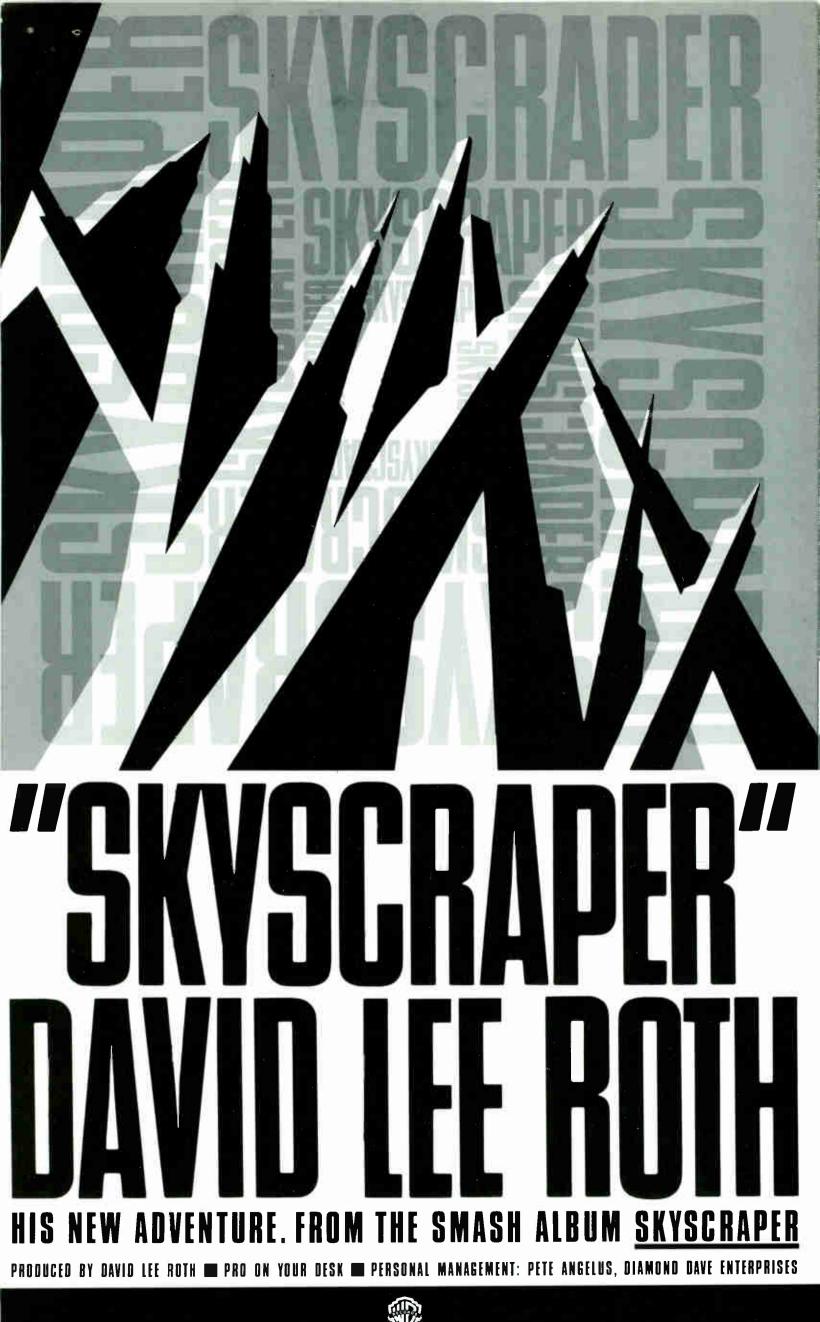

We checklisted the programmer buzz brigade this report and the response was a resounding "Hurt" so good. Among those high fivin' it are <u>Carter</u> "Ballsy vocals" <u>Alan</u>, WBCN; <u>John</u> "Great sound" <u>McGann</u>, KFMX; <u>Inessa</u> "Really gets under your skin" <u>York</u>, KGON; <u>Stephen</u> "Tasty" <u>Page</u>, KOME; <u>Chris</u> "Good straight ahead rock" <u>James</u>, WTPA and <u>Alan</u> "Must hear with the windows rolled down" <u>White</u>, KILO. Joining pacesetters KGRG, WIMZ and WYMG this report are new believers WCCC, WBYR, KATT, KWLN and WTPA. It packs a punch, it's passionate, and it can only "Hurt" you if you don't listen.

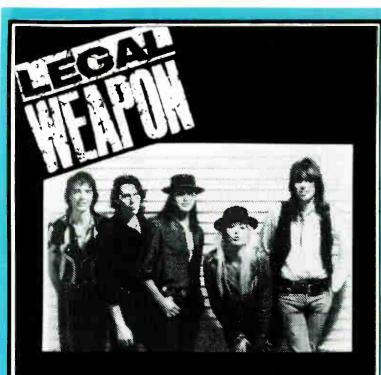

JOHN NORUM, "BACK ON THE STREETS", EPIC

Talk about your major early buzz, Europe's former axeman has turned the Rock Radio hook jury on it's collective ear over his first solo effort "Back On The Streets." Take it away <u>Tricia</u> "Great song" <u>Griffith</u>, KBER; <u>Phil</u> "Excellent guitarist" <u>Maicke</u>, KFMH; <u>John</u> "Great new rock and roll" <u>McGann</u>, KFMX; <u>Garrett</u> "Great track" <u>Hart</u>, WAPL; <u>Mike</u> "Has great potential" <u>Richter</u>, KFMZ; <u>Will</u> "It's a rock smash!" <u>Douglas</u>, WGLF; <u>Stephen</u> "Very Hot!!" <u>Page</u>, KOME; <u>Al</u> "Unexpected surprise" <u>Scott</u>, KZEL and <u>Mary</u> "Going to be a major multiformat hit!" <u>London</u>, WRFX. Getting things started is pioneer player KSQY as well as newcomers KJJO, WLZR, KFMH and KRQU.

THE MIGHTY LEMON DROPS, "FALL DOWN LIKE RAIN", REPRISE

So here's the score on the MLDs: "Inside Out" became an instant chart topper at the Adventure Club and garnered serious airplay activity from a host of mainstreamers. Given the fact the format's warmed up to artistic types like The Church and Midnight Oil, what better timing for these critic's darlings? And "Fall Down Like Rain" is the perfect vehicle. This track is downright competing. Early bird support finds WLAV, WWWV, KFMU, WHTG, WRCN, CFNY, WXXP, KACV, WFNX, WOXY and WFIT. You're next!

PARTHENON HUXLEY, "CHANCE TO BE LOVED", COLUMBIA

Chances are Parthenon will have more and more chances to be loved by rock radio listeners around the dial, what with more and more of our reporters indicating that he's already being loved by them. The latest to do just that are KBCO, WLVQ, WXKE and KKDJ, which join early supporters KFOG, WHCN, WLUP, WPXC, KWHL, KFMU, KVRE, KACV and KFMH, where increased air is the haps. And with comments like those of WEBN's <u>Michael Luczak</u>, who sez "I really love the Parthenon Huxley--hope to be playing it soon," you can bet that the cume on "Chance To Be Loved" will continue to grow.

RAYMOND MAY, "ROMANTIC GUY", PENTA/ELEKTRA

WEGR's <u>Kelly Cruise</u> sez, "Romantic Guy' sounds like Mick Jagger with T-Rex...it's wild and it works!!" and with that high praise, the buzz on Raymond May is off and running. But there's more. We also heard laudatory comments from the likes of <u>Patty Martin</u>, KSJO "Very strong!"; <u>Stephen Page</u>, KOME "Very cool!"; <u>John Lassman</u>, KQRS "Fine debut"; <u>Anthony Alfonsi</u>, WDVE "I like the T-Rex flavor"; <u>Pam Brooks</u>, WPDH "Very catchy hook"; <u>Dan Hansen</u>, WQFM "Intriguing track"; <u>"Catfish Phil"</u>, WHMD "Raunchy blues", and <u>Inessa York</u>, KGON "Interesting tune-good first listen!" Out-of-the-box and onto the airwaves at WBAB, WTPA, WTCS and KRZQ.

JOANNA DEAN, "KISS THIS", POLYDOR

It's really quite easy to pinpoint the major thrust of the huge buzz this track has created--just monitor the phone lines at KTXQ, WBYR, WDHA, WEGR, WIOT, KOZZ, WRDU, KEZE, WHMH and the 12 other stations citing Top 5 calls, or the request logs at the other 13 reporting Excellent/Good calls. Think about it, that's more than half the cume on "Kiss This," strong enough phone power to motivate 14-8 Most Requested Trax, 12-8 Most Requested Album advances. Now factor in new play at WCCC and WXLP, increases at KILO, KJKJ, KKDJ, KOZZ, KZRR, WHCN, WHJY, WIXV, WSTZ and WWZU and the result is 52-50* Trax elevation and a debut at 46* Album Action.

BAXTER ROBERTSON, "NO SIMPLE CURE", ATCO

"I can't get Baxter Robertson's 'No Simple Cure' out of my head. What a hook! I want to sing along with every note!," so says WEGR's <u>Kelly Cruise</u>, and when the format sinks its collective teeth into this one we think we'll see similar results. OTB are WDHA, KTCZ, WOXY, KFMH and WROV. This unique sounding track could be just what the radio doctor ordered to spice up the music mix. Sure it's quirky, but that's the very reason we feel "No Simple Cure" will be an instant grabber on the phones, especially those active 25 plusers. Try it on for size.

SHONA LAING, "SOVIET SNOW", TVT

We know that given the current wealth of female artists attempting to penetrate the airwaves, the format's gonna let a few slip through the crevices. But time-out for one moment. Singers and lyricists like Shona Laing don't come around all that often. Shona hasn't been critically acclaimed as a "female Gabriel" for nothing. There's something very special and appealing regarding this unique artist. "Soviet Snow" is the track that WDHA's <u>Mike Boyle</u> dubs "An easy one-listen tune that has a messagel" The message has already been received at 19 reporters including WFNX, KBCO, WROV, 91X, WHFS, WZEW, WRCN, WHMD, with Top 5 phones at KACV, WXXP and WHTG.

WAX TO WATCH!

THE RAVE-UPS, "THE BOOK OF YOUR REGRETS", EPIC

Here's a band that's been creeping up on us in the past few weeks. Yes they're L.A. rockers, but they could've come from the Heartland with their special, distinct brand of clean, energetic roots rock. "Sue And Sonny" is the initial standout track. It has a bit of a Dylan feel to it, exhibiting a contemporary edge merging with Folk overtones. "When The End Comes Before" is a moodier, more sobering cut, while also displaying the band's overall energy. The Rave-Ups are finding their way up the Adventure Club Chart advancing 31-25*, while also rotating at WBCN, WXRT and KBCO.

ZODIAC MINDWARP, "BACK SEAT EDUCATION", VERTIGO/POLYGRAM

We've loved the attitude, spirit and skill of this band when first introduced to these rockers via the potent "Prime Mover". And with "Back Seat Education" Zodiac Mindwarp flexes their power chord muscles once again. The result is a righteous rocker with a driving beat, a meaty hook and a whole lotta spunk. Give it a spin.

METAL MONSTERS

FLOTSAM AND JETSAM, "NO PLACE FOR DISGRACE", ELEKTRA

After weeks, make that months of anticipation and expectation, FLOTSAM AND JETSAM has arrived! You were teased with the lead cut on the METAL DETECTOR CD, and already it's causing a stir as it popped on the TUFF TRAX chart at 25*. So we, like you, sampled the album front to back and dug what we heard. We think you'll be instantly floored with their Elektra debut, and if you don't believe us just ask WPYX's Lisa Walker who thinks these guys are God Besides the co-penned Jason Newstead "No Place For Disgrace", "N.E. Terror" and "I Live You Die" these Arizona-living-cactus-growing-mirage-seeing dudes kick out the jams on the amazing cover of "Saturday Night's Alright", "Dreams Of Death" and "Hard On You". And besides, Schnapp is thanked on the album, so play it!!

IMPELLITTERI, "STAND IN LINE", RELATIVITY

It doesn't take a brain surgeon to figure out the strength behind playing "Since You Been Gone", since it's already familiar, and features Graham Bonnet but this IMPELLITTERI first full-length Lp has got a lot more to offer than that. Chris could be considered another in a long line of guitar heroes and he's backed by Chuck Wright on bass, former NUGE drummer Pat Torpey and keyboardsman Phil Wolfe. There's no filler here, just 100% prime cut. We like "Tonight I Fly", the instrumental "Somewhere Over The Rainbow" and the title cut. Way to go, Chris.

STONE, "GET STONED", "NO COMMANDS", MECHANIC

Steve Sinclair and Co. are rocking and rolling with their first release STONE! As is the case with the records above, STONE was also featured on the METAL DETECTOR CD and the buzz is just starting. These young Finnish lads have forged a fine first piece of molten metal that should grab immediate airplay and sales. Either side of the advance 12" does it for us, so whatta ya waiting for? It's etched in Stone!

SAXON, "DESTINY", ENIGMA

Ya gotta give 'em credit for sticking it out for more than a decade, first of all. And in those ten years they've seen more than their share of personal and label changes, but they're still rocking. On "Destiny", these workaholic Brits still deliver quality hard rock without sacrificing the melody. Lend an ear to "For Whom The Bell Tolls", "We Are Strong" and "Can't Wait Anymore" and see if you agree.

GANGREEN, "LIVING LOVING MAID", ROADRACER

Hey, everyone else has capitalized on the ZEPPELIN sound, so why not, instead of rip it off, cover it. And GANGREEN has done just that. You already know of their potential, with the "You Got It" Lp achieving success on the charts (peaked at 8* TUFF TRAX), so why not take advantage of this instantly familiar song, by one of the baddest, skateboarding bunch around. Your move.

CONCRETE FOUNDATIONS: The VAN HALEN record is going to be huge as it debuts at 24*, but most of the stores were just getting it in stock when we called. Watch for megajumps next week. The TESTAMENT record is blowing out with 75,000 in pre-orders and a move from 8-7*. JUDAS PRIEST are back stronger than ever with a debut at 4*! SMASHED GLADYS debut at 18*, and the soundtrack for "Decline Of Western Civilization, Part II" blows on at 19*. The movie is opening on the West Coast now and in July on the East coast, so look for it. Also hot new guitar man VINNIE MOORE has a new one and it debuts at 26*. Andy Ingkavet-Concrete Marketing

STUFF YOU SHOULD KNOW

*SLAYER's new Lp is titled "South Of Heaven", recorded at Hit City West Studios in West L.A. A worldwide release of Geffen/Def Jam is slated for June 27th. Song titles confirmed at this time include "South Of Heaven", "Silent Scream", "Live Undead", "Read Between The Lines" and "Ghost Of War". Believe it or not, "South Of Heaven" is said to have a slower, more melodic feel to it. Look for a U.S. tour in August, followed by European dates in September and October.

*METALLICA recently did two nights at the Troubador in Los Angeles under the guise of "Frayed Ends"!! According to The Sheik, who brought the band on stage, they fit 800 people into a 500 seat hall. As the Sheik states, "A lot of bands think they are contenders and pretenders, but METALLICA separated the men from the boys in about a minute." The set list you ask? "Creeping Death", "For Whom The Bell Tolls", "Sanitarium", "Fade To Black", "Battery", "Master Of Puppets" , "Last Caress", "Am I Evil", "Seek And Destroy", "Leppar Meshiah" and one new tune. (By the way, we hear that's basically the set they're going perform on MONSTERS). Seen at the show were members of SHOK PARIS, LEATHERWOLF, LIZZY BORDEN and the dudes from RIP Magazine. It was pandemonium!!

*To coincide with the release of their new live album, DEEP PURPLE will be having a press party on June 13th at Castle Frankenstein in Germany, just outside of Frankfurt. According to Don Bernstein, it'll be a costume party! with jousting, jokers and a whole cast of midevil characters. We can't wait to see pictures of Don in tights!!!

*One of the all time original glam bands, SWEET have reformed with two original members. They will enter the studio in June and issue the album later in the year on the newly formed Mechanic label.

*We told you last week that the new OZZY Lp will be called "Son Of A Nun". It is official that OZZY will now be using the original BLACK SABBATH bassist Geezer Butler in his new band. Butler will not be appearing on the new record but will be on the upcoming tour and is an official band member. OZZY has decided that he will warm up his new guitar player Zakk Wylde with some club dates before an arena tour.

*The METAL DETECTOR RUMOR MILL tells that CELTIC FROST has not broken up, however guitarist Ron Marks has split. His replacement is Oliver Amberg. They are now working on a new album with Tony Platt producing.....David Glen Isley has left GUIFFRIA......GUARDIAN, another Christian metal band has been signed to Enigma.....And wait 'til you hear the new CINDERELLA!!!!! (That's all we can say.)

If you see a camel with one hump, it means he ain't getting stroked enough, so let's inflate a few humps and stroke everyone who went to the Bowling Party including Danny "who da fuck stole Trudy" Buch, Marko "why da fuck is Buch accusing me" Babineau, Ross "Red serpent of buanga-Rums of Elvis" Goza, SKID ROW, Mikey "let's sit by the pool and listen to the fucking jackhammers" Boyle, special thanks to Barbara for getting us through the weekend, John "Nice sunglasses babe, can I get some and put 'em on the room too" Rega, Mike Faley, KKDJ's Jeff "It's Not Unusual" Reidel, Tom Jones, The Man Of LaMancha, Tower Records, Ant'ny, DOC MCGHEE, Ray Gmeiner, Marc "I swear my average is 200" Miller, JOANNA DEAN for kissing this, Ray Manzarek for bowling quietty, and all of the ROCK N' BOWL bims who were right up our alley....Who's better than us?

HOT WAX

ERASURE, "CHAINS OF LOVE", SIRE/REPRISE

To these ears, Erasure's new effort "Chains Of Love" is as close to a 3:36 hook as they come. Instantly familiar, yet distinctively unique, the band's migration from ultra disco to this more accessible, melodic and highly catchy sound is a welcome change of pace. Vince Clarke's rich, emotive delivery backed by Stephen Hague's (New Order, Pet Shop Boys) lavish production creates an Alternative/CHR crossover that can't miss.

DEVO, "DISCO DANCER", ENIGMA

Oh no ... it's Devo! Yes, the men in the white suits are back, but they've traded in their jumpsuits for your basic black. "Disco Dancer" will most definitely be a club tune but hang on...this isn't pop fluff. It's a hearty, rich tune. Mix master Ivan Ivan (Gene Loves Jezebel, Echo & The Bunnymen) instills a tight arrangement around a memorable and melodic base. The Lp "Total Devo" will be on your desk soon.

RANKING ROGER, "SO EXCITED", I.R.S.

Ranking Roger, the voice of The English Beat and General Public returns with a solo effort that combines the stylistic "So Excited" (co-written by Dave qualities of both bands. Wakeling) marries a ska beat with a funky dance flavor that should make it a perfect tune for Alternative AOR as well as a dance club favorite. With four versions of the song to choose from on the 12", your programming options are practically limitless.

THE WILD FLOWERS, "TAKE ME FOR A RIDE", SLASH

Right from the opening chords of "Take Me For A Ride", The Wild Flowers sweep you up into a raw driving ride through grit rock. Their sound hints of the L.A. club scene but these U.K. rockers have cut their teeth on the streets of Last year's "Dust" release on Wolverhampton, England. Bigtime Records introduced Adventure Clubbers to their high energy brand of Alternative rock and roll. The 12" also

ADVENTURE CLUB

contains "Broken Chains" a more moody effort but nonetheless memorable. See The Wild Flowers as they open for the Mighty Lemon Drops beginning June 18th.

THEY MIGHT BE GIANTS, "(SHE WAS A) HOTEL DETECTIVE", BAR NONE

They Might Be Giants enjoyed a successful run at college and commercial stations across the country. Then it happened...massive public response to the video on MTV pushed the tune back to heavy rotation on the music network and pushed the records out of the stores. This Brooklyn based duo haven't lost any of their wit or style as "Detective" is a cool and clever tune. Check out their Dial-A-Song! Call (718) 387-6962 and hear a TMBG tune along with prerecorded concert dates. Call Bar None (212) 995-0650 and get the record!

THE LOOTERS, "CROSS THE BORDER", ISLAND

This San Franciscan band will open your ears to Worldbeat music. Funky and soulful, The Looters combine African rhythms, salsa influences, a touch of reggae and a hefty backbone of rock and roll. No wonder this ethnic mix of musical styles is called <u>world</u> beat. "Cross The Border" is an upbeat memorable tune with an irrepressible groove.

STEEL PULSE, "REACHING OUT", MCA

With Summer almost upon us the timing couldn't be better for this seasonal pop standout. The overwhelming success of Ziggy Marley practically paves the way for this reggae staple and "Reaching Out"s memorable pop groove will undoubtedly focus much deserved attention on Steel Pulse.

SOCIAL DISTORTION, "PRISON BOUND", RESTLESS

This L.A. band was weaned on punk and has deftly weathered the changes in the musical climate since their early days. "Prison Bound" highlights their raw attack on blues based rock and roll. Buzzsaw guitars and an unbridled delivery complete the Social D. picture. Check out the captivating "Indulgence" and the rockin' title cut.

PETER HOPE/RICHARD H. KIRK, "HOODOO TALK", WAXTRAX

Hope and Kirk's brand of industrial rock churns and burns. "N.O" is gothic while "Cop Out" is a bit more street, containing staccato keyboards and rap influenced vocals. If you dig intense working music, Hope and Kirk offer some of the best.

BOWLING PARTY HIGHLIGHTS

Just seconds before this photo was taken these happy bowlers were seen hoppin' over the lanes to get to the bar. (L-R): A&Ms Karen Glauber (campers reunited), Arista's Michele (what, me bowl or fish?) Block, FMQBs Amy Grosser and the very Restless rep Sherri Trahan.

THE BOLLOCK BROTHERS, "MAGIC CARPET RIDE", BLUE TURTLE

Yes it's the infamous Bollock Brothers. Once claiming to be Johnny Lydon's brother, lead Bollock Jock McDonald gained quite a large amount of British noterity through his own hype. "Magic Carpet Ride" begins on a huge scale, almost like the theme from "Lawrence Of Arabia". When it kicks in, it'll knock you flat. A very innovative cover version. Check it out.

NAKED RAYGUN, "JETTISON", CAROLINE

This indie band is coming up strong. Having amassed a legion of fans in the Northeast, the word is spreading. Naked Raygun's brazen energy and vitality is stamped all over this new Lp. "Soldiers Requiem" highlights their passion for fast lane rock and roll. "Ghetto Mechanic" is a more easy going tune with a groovy Lou Reed feel.

Hugh Foley: What would you say is the difference between your solo album "It Seems" and your previous Lp "Commercial Suicide"?

Colin Newman: It's more rhythmic and a bit more pop.

Hugh: How long did it take to create from concept to finished album?

Colin: I started it about halfway through the making of "Commercial Suicide". During a big break in the making of "Commercial Suicide" I started working on new material. I wrote this new material over a period of a year. Toward the end of that year, we decided to make a new album and the group and myself sat around and went through the material.

Hugh: With everyone working on their own projects, you on your solo album, Graham Lewis working with He Said and Bruce Gilbert working with AC Marias, how do you find time for Wire?

Colin: We don't take holidays.

Hugh: Is Wire a side project that you work on when you don't have anything to do or is a full time thing?

Colin: It's fifty percent each. When we're together it's Wire, when we're not it's not Wire. It's hard because we live in different places. One rule we have is that everyone must continue their own work.

Hugh: Does everyone living in different places make it difficult?

Colin: For this album we rehearsed in London, recorded in Berlin and are touring everywhere. It's not too difficult, we keep in contact with each other.

Hugh: We're playing the single "Kidney Bingos". Does the full Lp sound a lot like that?

Colin: No, "Kidney Bingos" was an obvious single and that's why we did it. Hopefully the new album will surprise people. In my opinion this album is different and better than the last one. It's a bit more harmonically kosher. It's more musically coherent and has more direction.

Hugh: You put two live tracks on the B-side of the 12[°]. Many people shy away from releasing live material. People were talking about the ten-minute version of "Drill" you were doing at shows and all of a sudden it shows up on a record. Is that because of the response when you did the song live?

Colin: It was a good version and we recorded it live and we intend to keep on recording live. Live performances are unique events.

Hugh: You recently recorded a Peel session. How did it turn out?

Colin: I don't know much about it. I've got no idea how it will turn out. It was recorded not too long ago and the stuff that's on it is old material. We ended up practically doing a PiL session.

Hugh: What do you think of the bands who cover Wire's music these days, taking early Wire as their influence of musical progression?

Colin: We can hardly complain about it. Financially, it's very good. The songs are out there for grabs, and why not cover them if the artist has something to add to it.

Hugh: What inspires you these days?

Colin: We get nine television channels in Brussels from all over Europe in five or six different languages. You can buy different publications in any language. It's very international in terms of media. Personally, I like to be outside and I like music.

Hugh: When will your next tour of the U.S. take place?

Colin: Late June, early July.

NEWS YOU CAN USE

PATRICK O'HEARN'S third album for Private Music is on it's "Rivers Gonna Rise", due May 31st, is a way to you. collection of ten instrumentals in the electronic music idiom. One of the first things to hit you upon listening to this album is the hooks and melodies to be found. These pieces aren't synth drones or robotopop, they're songs without words, very easy to get into. Originally a bass player, O'Hearn cut his teeth playing with such jazz greats as JOE HENDERSON, DEXTER GORDON, JOE PASS, TONY WILLIAMS and CHICK COREA. From there it was on to work with FRANK ZAPPA, where he would hook up with TERRY and DALE BOZZIO and form MISSING PERSONS. O'Hearn's keyboard work for this album is met with performances from MARK ISHAM and TERRY BOZZIO, among others, on several cuts. The addition of live players adds more natural surroundings for the keyboard work to exist in instead of sequenced this-and-that taking the very life out of the music. "Homeward Bound" is the first single and serves as a good introduction to this collection of pop songs sans vocals. "Acadia" and "Portobello Locks" are also worthwhile. And it looks like a tour may be on its way.

LONGHOUSE'S EPONYMOUS DEBUT on Warner Brothers should be the very next thing you listen to. Led by LISA HERMAN (vocalist and writer), this New York based band presents ten original compositions featuring beautiful vocals and catchy tunes. The band has a core of 7 members including Herman who are joined by various other artists for different songs.

This effort was produced by ANTON FIER who also handles the drums on many of the tracks. Herman's voice is complemented by a group of backing singers she chose, describing them as the best in the business. The resulting music, with its rich harmonies, will grab you, from the opening cut "She Don't Want To Go Home Tonight" to "Don't Remember" and the a cappella "Heaven" which conveys almost a gospel feel to it.

IT LOOKS LIKE we may be hearing new music from DAVID SANBORN in the not too distant future. Sanborn was recently working on tracks for his next album in New York City. MARCUS MILLER is handling production along with RAY BARDINI.

AN INTERVIEW WITH INTIMA ARTIST SKIPPER WISE OF THE GROUP WINDOWS

Windows, one of Intima's jazz groups, recently released their third album "Mr. Bongo". This album presented the quartet in a variety of different jazz-based styles featuring mainly instrumentals, but also a few vocal tracks. Skipper Wise plays bass for the band, and produced and engineered this latest effort. He's also responsible for much of the writing. He recently spoke with us about his views of the group, producing and writing. He also filled us in on a rather unique project he's involved in with The Wave.

Tell me a bit about your musical background.

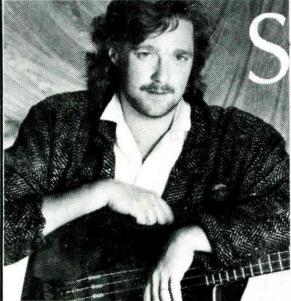

When I was a kid I grew up listening to the blues. A lot of the rock and roll stuff I listened to was real blues oriented. As the '70s came along I got very involved with melody. I studied music and listened to other artists and I got to the point where I felt that this is what I want to do. Ed Cohen (co-writer and keyboardist for the group) and I met and we started writing. The first thing we wanted to do was write. We just kept writing, We'd write every day. That was our big thing. And we went through all different types of bands and different types of styles of music. What we basically got good at was communicating with one another. And as we got older and our musical tastes changed, we studied arrangements, we got into jazz and we got into the sort of music that we're doing now, which took a long time for us to get efficient at. But what we were always able to do was write these songs. A lot of the times we couldn't even play what we wrote.

The album was very varied stylistically, was that a goal for you guys on this album?

Not really, we just had two years between "Is It Safe" and "Mr. Bongo". And Bongo originally started out as a concept. We were working with the Bongo idea and in fact there's a lot of stuff that we wrote that we didn't put on the record. We had cut the vocal stuff early on. They were cut as demos primarily, we weren't sure we were gonna actually use that material. As that stuff got finished up, we had plenty of time left over and Tim (Timmermans, percussion and writing) started coming in with some more ideas. "Miles To Go Before I Sleep" was a really exciting piece to us when we first heard it. As we put that on tape we got real excited and we started listening to other things that Tim had written. And it

wound up that we had two different styles here. We weren't sure if we should scrap the bongo stuff or what we should do. We really liked it musically. It's difficult to say should we make a record all consistent. If you're hearing these different things and you have these different influences, especially within the group, there's nothing wrong with it. We're all interpreting the music the way we hear it so we have a group sound.

Are you heavily into production work?

It's an area I seem to be going towards. I've done a lot of things for the Wave out here and all its affiliates. Right now, we're doing something that's very fascinating. The Wave has hired us to record 150 songs. It's just nuts. It's nothing to do with their station ID's or commercials, these are legitimate songs. They had to be a certain time so they could start fading at a certain time, but they had to be 150 concise songs to fit that type of format. And it's been a great exercise because Ed and I have been writing together for so long. We're doing this together. I'm using all of Windows on this except for Mike, who's been on the road. And there's a couple of other players. Ed and I are just writing--and writing in a style that we really like. It will probably help us by the time the next Windows album comes along. We have a lot of material to choose from what we've written now and we've had a lot of practice in that area.

So, what will the music be used for?

At the end of each half hour there's a 3:21 gap they have to fill and they have the choice of playing a custom Wave song.

Will there be an album of all this music?

Cypress/A&M have expressed interest in releasing this, as well as a couple of other labels we've spoken to. Because, one it's

automatically on the radio; and, as we are racing up the NAC charts right now, we are proving that we know how to write for this style. And out of 150 songs we'll definitely be able to come up with 30 that are just killer.

How does this music compare with the stuff Windows does?

Windows has a certain sound. This stuff would not fit the sound. Windows does not write for format, we write for Windows. This is written for a reason. In fact a lot of the stuff on the Windows album does not fit a lot of formats. But, we're not interested in that, we're interested in evolving as a group and getting into our own sound. We'll hopefully create a market by doing what we're doing.

Is there anyone that you'd really enjoy producing or working with on any level?

Jack Bruce. I very much like his solo albums in the earlier days. He did an album called "Harmony Row" which was a real big influence to me in modes. When he was with Ginger Baker in the Graham Bond Organization, they were very much into improvisation and feeling free. And as they improvised, they wrote. They would come up with licks or styles or directions and think, hey that's a great idea for a song. And they'd take those areas and write. In his solo records, I loved the moods and those styles he created and he hasn't done anything like that since. He's an amazing writer and an incredible singer in my opinion and I'd like to work with him.

Where would you like to see yourself in the next 5-10 years?

I'd like to see Windows really pick up different arrangements, different styles, different influences and start recording different sounds. I'd like to see them hone that style. We're doing that right now. I know that sometimes the songs will be a little different from each other, but that's okay, because we're really just trying to work within the group, we're not trying to sell out. I don't want to say, okay, we got to make hits here, we can't afford to create this sound. What we're doing is really working and fine-tuning what we like and what we feel as a group...The next record will be a lot different. We're already writing it. We're playing so much right now from doing all these songs for The Wave to playing live. I think the new album will be a lot looser. I think what we'll do is we've gotten to the point where we know where we want to go as musicians. I think what I want to do now is to get them doing it live. I think if things continue, we're going to record a lot of our shows live, in the next three months. I'm going to put it down on multi-track tape, and I think either on the CD or on the album you'll see some extra tracks of us playing live.

PEMBERTON WHEELS HIS WAY TO INDY AS WFBQ PD

WLLZ, Detroit Asst PD Jim Pemberton has returned to Indianapolis, capturing the PD title at Indy's #1 FM station, WFBQ. A former Q-95 Asst PD/afternooner ('81-'82), Pemberton has logged four years with WLLZ, during which time he's helped maneuver the station ahead of the Motor City's heritage rocker, WRIF. The Riff, recently acquired by 'FBQ owner Great American, is now programmed by Pemberton's predecessor at 'FBQ, <u>Marty Bender</u>, one of America's two funniest PDs.

'FBQ VP/GM <u>Chris Wheat</u> acknowledged that landing someone working for Great American's direct competitor in Detroit is "a bonus", but told FMQB that there were a number of more significant deciding factors. "We looked at the cream-of-thecrop PDs and selected Jim because he has major market experience, he's worked here in the city and knows a little bit about it. I'm convinced that Jim can maintain our good ratings position and improve on it, while providing the best entertainment in the Indianapolis market."

"It couldn't be a more ready-made opportunity for me," Pemberton told us. "Q-95's in a very good position and I don't anticipate any changes whatsoever. You don't come in and change a station that's got a 12.3. It was a very difficult decision for me to leave the camaraderie, the friendships, and the long term goals that (WLLZ PD) <u>Doug Podell</u> and I had put together, but I feit that the time was right for me to pursue programming my own station. And I'm joining a very good company. That, along with returning to a market that I was somewhat familiar with made the transition easier. I've got a good assistant here in <u>Jay Baker</u> who I worked with when I was here before"

Reflecting on WLLZ surpassing WRIF in the ratings, Pemberton said, "Doug and I worked really hard to do that. A lot of people thought there was no way we would do it but we did it as a team." Regarding differences in programming strategy between Wheels and Q-95--the former is a straight ahead

rocker, the latter is a tighter, more crossover conscious station, he commented, "It's a difference in markets. In Detroit you've got an AOR and a classic rock. In Indy it's a CHR and a classic rock. There's nothing wrong with ('FBQ's disposition toward waiting until a scng is released as a single). I don't necessarily operate that way but in some instances I do. I'm kinda in the middle on that one."

In addition to WLLZ, Pemberton spent six months as Asst PD/MD/Research Director at KESI, San Antonio and also programmed KBOS, Fresno.

on the mount. Hell, there wasn't even a session on AOR's role in breaking new music. Guess we'll get our share of that in New York this summer. Even though we had to endure one airline meal to get there and two to get back, The Bowling Party was a blast! Highlights included The Smithereens at the Roxy, Geffen's Jimmy Barnes bash at the Cat And Fiddle, FMQB's new line of industry wear, Logan's '58 Olds, full court shirts n' skins Nerfball in the Atlantic suite, Jeff Riedel lipsyncing "It's Not Unusual," Chrysalis' porno nuns from Hell, Danny's blow-up doll Trudy, Tommy DiDia, and a star-studded turnout at South Bay Bowl including Brian Setzer, Joanna Dean, Parthenon Huxley, Robert Tepper, Skid Row, Melissa Etheridge, Vince Neil, Pierce Turner, Ray Manzarek, Legal Weapon and others too humorous to mention.

On the softball field it was an action packed triple header. In a victory particularly relished by promo types, the record/radio industry team derailed KLSX. KNAC kicked KLOS (that's a first)! The Richard Marx Rollers fell prey to Vince Neil's Rockers in a 19-17 contest that went into extra innings.

Now onto the greens. Of course <u>Marko</u> was there ("I don't golf," he says, "I just get out on the tee and look good.") Capturing first place was Accelerated Chart Movement (captained by <u>Bob Ruttenberg</u>); 2nd place honors went to QMI's <u>Dick Williams</u>, with McGhee Entertainment and Avalon Attractions tying for 3rd. First place bowling honors went to the ZZ Top team, 2nd place to a former restaurant from New Jersey, and 3rd to McGhee Entertainment.

But the real deal was the money raised for The T.J. Martell Foundation. Although they were still counting at press time, this year's total had already surpassed last year's sum of \$200,000. A sincere congrats to <u>Jon Scott's Music Awareness</u> for a job well done.

Please, anything but that! Joan Jett mgr Kenny Laguna threatens to force a handcuffed Harvey Leeds to read Metal Detector's Strokes Section until the year 2000 if he doesn't get every AOR in America on Joan's new single.

KJQN INSTALLS FULL-TIME MODERN FORMAT

Due to the overwhelming audience response to its nighttime Alternative AOR programming, KJQN, Ogden, UT has put the format on full time, dropping its daytime CHR programming this past Tuesday. <u>Mike Summers</u>, the former MD of the market's last full-time Modern Music outlet, KCGL, and the man who was programming 'KJQ's nighttime alternative format has been named PD, replacing <u>Paul Wilson</u>, who exits. <u>Bruce</u> <u>Jones</u> is MD.

Summers, along with many of the former staff members of KCGL, in an effort to keep the Modern Music format on the air in some capacity, formed Modern Music Incorporated after the demise of KCGL in 1986. For the past year and a half, MMI has been buying time on area stations for their Alternative format, while searching for investors willing to put the format on full time. KJQN Owner/GM Tom Greenleigh expressed interest in the format and sold 'KJQ's 7p-2a slot to Summers and his people in March. A still-large audience without a full-time Modern music station in the market took to the nighttime programming instantly, thus prompting Greenleigh to invite Summers and his staff aboard to put the format on 24-hours-a-day. Ogden's highly competitive CHR presence was also a factor in the decision, Summers told us. As a result of the switch, much of the CHR staff has exited.

Among them are Laughs Per Hour, a new computer to computer network of shared morning show info, bits and skits; Buffington's "scientific process of (employee) recruitment* which uses *temperament evaluations and psychometrics"; Fly-In/Brain Exchanges -- one-day brainstorming sessions of PDs and GMs with shared values and formats; and a Media Marketing Center. The publication closes with these words from B/D & A prez Dwight Douglas, "As you can see B/D & A has become a better and clearly different firm from what we were. As the '80s come to an end, B/D & A looks forward. We have not changed one aspect of our team effort. We still play to win. Your ratings goals are our product. LINN MARTIN VP/PROGRAMMING BRIAN KRYSZ has transferred from WKLC, Charleston, WV to the company's new property, WCCG, Charleston, SC, where he'll program the currently dark 50,000 watter. 'KLC Asst PD <u>Duane Doherty</u> has been named Interim PD and is a shoe-in for the permanent job. Krysz will continue to program 'KLC's music. The new station will sign back on at the end of the Spring book with what Krysz calls "a revolutionary format" that he and <u>Dwight Douglas</u> have designed. "It's a logical format for this and any other market," adds Krysz. Charleston currently has three Urbans, two CHRs, two ACs, one BM, one Country, one AOR and one Classic Hits outlet. Anyone taking bets?

FROM THE DIRT CAPITALS OF THE WORLD

BOB MEYROWITZ, PRESIDENT OF DIR BROADCASTING has announced his intent to purchase DIR back from Lorimar Telepictures Corp., which has owned it since 1986. Terms of the agreement were unavailable. In related news, DIR Executive VP and co-founder <u>Peter Kauff</u> will end his fulltime commitment to the company to pursue other projects of interest. He will retain an interest in the company and continue to collaborate with Meyrowitz on DIR projects.

<u>CBS RECORDS OPERATIONS</u>, the domestic manufacturing arm of CBS Records, has just opened a compact disc manufacturing facility in Pitman, NJ, the cite of a former CBS record pressing plant. The plant is expected to crank out 30 million CDs per year when it reaches full operating capacity sometime late next year.

THE KURT HIRSCH ERA AT WBRU, PROVIDENCE will come to a close on June 1, when four-year station vet <u>Neil</u> <u>Bernstein</u> takes over the PD reins from Kurt, who exits to enroll in NYU's Law School in the fall. Neil has been jocking at the station throughout his tenure with 'BRU and had most recently served as program manager. He will come off the air as a result of his appointment, as MD <u>Ted McEnroe</u> moves up from evenings to fill his 9A-Noon airshift.

<u>KMPC-FM, LOS ANGELES HAS</u> launched a promotion around the Monsters Of Rock tour in which they are asking listeners to perform the most outrageous stunt imaginable for a chance to win a pair of front row center tickets to the show at LA Coliseum July 23. Among the entries received include eating snails and goldfish, wrestling a DJ in a vat of mayonnaise and adorning a car with spray-painted-on KMPC call letters. The stunts will be performed live in front of KMPC staff members and a panel of special guest judges in the station's lot on Saturday, May 28. Morning man <u>Guy Kemp</u> continues to log entries from call-ins during his show, and along with his morning team, will serve as chef for a free pancake breakfast preceding the event.

RECORD RE-ALIGNMENTS FROM HELL

We just love this part o' DIRT! This semi-regular feature, affectionately known as "Record Re-alignments From Hell," gives us an opportunity to have a few lighthearted, all-ingood-fun yucks at the expense of some poor, unsuspecting, upwardly mobile record dudes and dudettes, while also keeping you dirt-hungry tipsheet perusers informed. And away we go.

AND HOW 'BOUT NEW SIRE RECORDS LABEL MANAGER Bill O'Connell. Bill comes to Sire from TVT Records, where he worked briefly after relocating to the Big Apple from LA in 1987. Prior to that he was Talent Coordinator for the Cutting Edge, a new music video show produced by I.R.S. World Media. He began his entertainment career as a booking agent for a number of Los Angeles-based clubs. The press release said nothing about it, so we have no idea to whom he reports.

#1 in your hearts, the dynamic, yet pathetic FMQB Bowling Team. The combined efforts of this anemic squad barely broke double digits, but boy were we in rare form. For the record (L-R): Paul (BS is my life) Heine, Amy (Where're the Adventure Club Geeks?) Grosser, Mike (They made me pose with them) Boyle, Debby (I'll never have dinner with Harvey Leeds before the big game again) Appelbaum, Fred (We'll get 'em next year) Deane, Mark (I'm way too cool for this photo) DiDia and John (LA's my life) Rega.

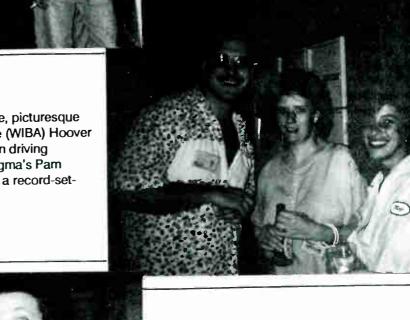

Here seen reminiscing about the serene, picturesque life in Monterey are KMBY alumni Steve (WIBA) Hoover and KSJO's Patty "at least I'm still within driving range" Martin. Along for the ride is Enigma's Pam (love that smile) Newman, who bowled a record-seting -53, but looked great doing it!

> And speaking of alumni reunions, Brockton State's "Alumnus Of The Year" (we're not kidding), Dave (WCMF) Kane is giving some good eye, as his protege and fellow ex-BSer Charlie (WYNF) Logan continues to deny any previous association with Brockton State. The BS Bowling Team was rounded out by FMQB's own Dr. Dirt, who is quoted as saying, "I'm proud to have survived the BS!"

The most amazing accomplishment at the Bowling Party were those Bowling White Lions. The Buchman did a great job training those tenacious rascals. Seen rooting the Atlantic Lions on are Captain Danny Buch, his partner in crime Dave "Flash" Fleischman, Jackie Tesman and Atco's Michael Prince. Up front: an unidentified bowling object.

<u>QUESTION OF THE WEEK</u>: Do you subscribe to the theory that as AOR audiences move into the 30 + range, their demand for current product decreases? If so, do we risk becoming an oldies format?

<u>MIKE BOYLE, WMGM</u>: Absolutely not. I believe that the 30+ group is just as interested in what's happening in music today as they were 10 years ago.

DAVE KANE, WCME: First of all, the term AOR no longer serves to describe what it is that we do. We are FM popular music stations. I don't think people will ever get tired of the oldies that made this format so popular in the first place. The frequency of play that they receive all depends on what you feel is right for your station and your market. Only the programmers in their individual markets will know what their audiences will bear.

JEFF RICCIO, WHJY: "You know, it may be heading that way. If you have an oldies show on any part of your weekend, take a look at it and the argument is over. I know we have.

MARK MILLER, WWCK: "Currently, the only thing I subscribe to are Rolling Stone and Penthouse. Therefore, I cannot in good conscience subscribe to this alleged theory.

KEN ANTHONY, KSJO: "It really depends on the person. There are some 30 year-olds who are more musically aware and they demand current product, and the rest probably listen to the radio like any age group does--basically as background entertainment.

TOM SHEPPKE, KISS: "It's like their thirst for knowledge, their hunger for food, new music will always be there. We've got a gal who's 60 years-old and she's into Iron Maiden.

<u>GREG GILLISPIE</u>, <u>WDVE</u>: "I think the correct new music will always work. I think if it's interesting and it fits in with their favorite oldies, then it will be acceptable.

RADIO ACTION:

WSKS, CINCINNATI, OH MD-MARTY BENDER: Here are some recent quotes from local, regional and national weasels: 1) "You added another Survivor cut? God, just what we needed." 2) "Marty, I got tears on my tracking sheet." 3) "You might be one of the last in the country, but you're the first in Cincinnati."

WDVE, PITTSBURGH, PA MD-GREG GILLISPIE: I was talking to some people the other day about how our form of radio will accept the new releases from Ratt, Twisted Sister and Motley Crue. I don't think many people would perceive these to be in the 25-34 year-old target demographic; and to tell you the truth, if any of these bands are to continue to be successful, it will be Ratt, because they were the ones that used the pop sensibilities with the full frontal assault. I think you'll find that this is the kind of record that we need right now to balance things out.

WYSP, PHILADELPHIA, PA MD-MARK DI DIA: Never a dull moment here in the land of cheesesteaks! If anyone needs an "I Survived 'Move' 85" T-shirt, send check or money order to Vito Di Dia Africa, here at the station. Concerning Bon Jovi: "In And Out Of Love" has got all the goods: phones, sales and hooks that kill. These guys are tomorrow's superstars, and what programmer wouldn't wanna be part of that????

WCMF, ROCHESTER, NY ASST PD/MD-DAVE KANE: The ongoing controversy of metal/hard rock on the radio takes a backseat to the new song from Ratt. "Lay It Down" is just what we're gonna do!

KMET, LOS ANGELES, CA MD-PAM EDWARDS: I can't express how ecstatic I am to be the new Music Director of the Might Met and how fantastic it is to work with George Harris. Although I've been part of the on-air staff at KMET for over a year, this new opportunity is an honor and a thrill. I've enjoyed meeting everyone so far and look forward to talking to those of you I haven't spoken to yet.

RECORD ACTION:

<u>MICHAEL PLEN, I.R.S.</u>: I'd like to state for the record that R.E.M.'s "Fables Of The Reconstruction" will be the album that saves album radio this year. And that R.E.M. <u>will be</u> the next band that album radio fully embraces as their own as well as being <u>band of the year</u>!

BOB CATANIA, ISLAND: Dissecting the format is currently all the rage in the music biz, but no matter how you slice it, one fact remains: Album radio is the format that breaks acts, not just songs. Of late, the most shining example of the format's ability has been the development of U2. Album radio, along with the colleges, has made U2 a platinum act without the benefit of the obligatory hit single. (Although I contend most of their album hits are hit singles, CHR radio just doesn't know it yet.) "Wide Awake In America" presents album radio with yet another opportunity to build on the format exclusivity of this most important band. This record is truly a thank you from the band to you and their legions of fans. Play it and play it heavy. I have the feeling the days of U2's format exclusive are nearing an end!

<u>UP CLOSE!</u>

UP CLOSE! WITH JOHN SCHOENBERGER WEST COAST PROMO & MARKETING DIR. RELATIVITY/IMPORTANT RECORDS

TELL USE ABOUT YOUR CAREER PATH.

I started in 1971 pulling records at Music Sales, a local distributor in Miami, FL. 1 became warehouse manager and then the local promo rep for Paramount Records. I then became the local for ABC rep Records in Miami as Paramount was bought out by ABC. From there

I was upped to Southeast regional for ABC based in Atlanta, and in 1975 was moved to L.A. to be National Album Promotion Director for ABC. After ABC folded, I joined Arista Records as West Coast Regional Album Promotion Director and was later upped to Co-National Director West Coast. In 1978 I returned to Miami for a few years to be VP Promotion for Radio Records. In 1981 I returned "home" to L.A. as an independent album promotion man, and in 1982 joined the new MCA Records, first as National Album Promotion Director and then later as VP. In 1987 I left MCA and formed an alternative marketing company which is where I finally got myself back in touch with the street! During this period I began to learn about the excitement that the independent arena had to offer; hence I have joined Relativity Records/Important Distributions as West Coast Promotion and Marketing. This past six months here have proven to be some of the most rewarding times in my career to date.

WHO WERE THE MOST INFLUENTIAL PEOPLE IN YOUR CAREER?

Fred Ruppert, Herb Gordon, Scott Jackson, Dennis Laventhal, Pat McCoy, Richard Palmese, Clive Davis, Steve Meyer, Matt Pollack, and Angie, my wife.

YOU'RE ON A NON-STOP TO LONDON TO SEE YOUR NEWEST BAND. WHAT MUSIC DO YOU TAKE ALONG FOR THE WALKMAN?

Free, Bob Marley, Black Uhuru, Sade, Joe Satriani, Andes Pan Flute music.

WHAT ARE YOUR FAVORITE LEISURE TIME ACTIVITIES?

Going to the mountains or the desert, bike riding, working in my yard, loving my wife and daughter.

WHAT WAS THE LAST BOOK YOU READ?

 $\underline{\text{Picadill}_{V} \text{ Perfume}}$ by Tom Robbins and $\underline{\text{Bluebeard}}$ by Kurt Vonnegaut.

WHAT'S HOT AND WHAT'S NOT?

<u>HOT</u>: The Discovery channel on Cable TV, Double Dare (This will be the biggest show in TV history), Sheila Dubin getting her gig at UNI, Joe Satriani, the street. <u>NOT</u>: War, close-mindedness, prejudice, ethnocentrism.

IF YOU WEREN'T IN THIS BUSINESS, WHAT DO YOU THINK YOU'D BE DOING?

A geologist or archeologist.

WHAT HAS BEEN YOUR MOST REWARDING PROMOTIONAL PROJECT OVER THE PAST TEN YEARS?

Joe Satriani...When it is for real it is for real and God bless radio for taking the chance on an instrumental artist! I hope the door stays open for Joe and for other artists who are exciting and different.

HOW ABOUT YOUR MOST FRUSTRATING, IN TERMS OF INDUSTRY REACTION?

I have two: First, <u>Stone Fury</u>. Remember the lead singer? He's in Kingdom Come now!! Second, <u>What Is This</u>...If you still have their Ep, it deserves a new listen! They were right on the target then and now.

WHAT ARE THE PROS AND CONS OF THE FORMAT TODAY?

The Album Radio format has a very unique position. It has more music exclusively tailored for it than any other format. I believe most programmers do not take full advantage of what is offered to them and that they could control the tastes and attitudes of their audience much more than they do today. Popular rock music reflects social trends (only clothing styles reflect it faster) very early and I feel that most programmers have forgotten how much power they have in shaping all of our futures. It was from a social consciousness that the music and the format came. This is the true strength that we must return to.

IF YOU COULD ASSEMBLE THE ULTIMATE SUPERGROUP, WHICH MUSICIANS WOULD YOU USE?

Paul Rogers, vocals...Stu Hamm, bass...Jonathan Mover, drums...Joe Satriani, guitar...Nicky Hopkins, keyboard.

WHAT ARE THE HOTTEST SOUNDING STATIONS YOU'VE HEARD IN THE PAST 12 MONTHS (ALL FORMATS) AND WHY?

The Quiet Storm format - KMPC (They are current!)...WBCN (Everything about the station has to do with the excitement of music!)

WHERE WOULD YOU LIKE TO SEE YOURSELF IN FIVE YEARS?

I believe there is a need at every record company for a product development director. 80% of a record's success is the set up before it ever is released. The imaging, the packaging and the presentation, everything. The process of doing this should be directed from department to department so the best possible awareness and co-ordination can be realized. It's all in the I.P.P. (Image, Package, Presentation).

PROMOTION FILE

KLOL AUCTIONS FOR CHARITY

KLOL, Houston held their Fifth Annual Rock-N-Roll Auction raising over \$40,000 to benefit the National Network of Runaway and

Youth services, a federally funded agency which assists the families of runaway youths. All attendance records were broken as more than 7,000 people came out to Houston's Summit Arena for the charity event.

Over 101 items of rock-n-roll memorabilia were auctioned off by celebrity auctioneers including Richard Marx, MTV's Kevin Seal, and Starship, the official "spokesband" for the Runaway Hotline. The event was open to the public at no cost and was covered by all major network affiliates and both local independent stations, as well as both Houston newspapers.

The KLOL airstaff started the Auction off with assistance from former Eagle guitarist Timothy B. Schmit, Jeff Watson and Brad Gillis of Night Ranger, Jon Butcher, Mauro Magellan and Rick Richards of Georgia Satellites, and Texas guitarist Rocky Hill. Highlights of the bidding included: Michael Jackson's stage costume from his Japan Tour (\$3,550); An autographed Phil Collins drumhead (\$1,000); Bruce Springsteen's "Born In The USA" platinum album (\$2,700), A Family Ties script, autographed by Michael J. Fox (\$750); Ian Anderson's autographed flute (\$1,200); an autographed toilet seat from the Power Station recording studio (\$550) and Neal Schon's guitar (\$2,300).

Following the formal auction, Danny Wilde did a brief concert set, then invited his fellow auctioneers on stage for an impromptu jam session which was carried live on KLOL. Also joining in the all-star jam were KLOL General Manager Patrick Fant and Music Director David Sadof on drums, and the infamous Harvey Kojan, ex-KLOL MD, on keyboards.

WBCN GETS READY TO RUMBLE

Rumbles have become a tradition at WBCN. Rock 'n Roll Rumbles that is. For the past ten years WBCN has spotlighted Boston's best local talent and given them a

chance to go for the big time. To be eligible for the Rumble, a group must have received airplay on WBCN, may not have been in any previous Rumbles, and may not have a pending or existing major national recording contract.

24 bands will be competing this year and have been chosen by PD Oedipus, MD Carter Alan, Local MD Albert O, Weekenders Steven Strick and Shred and Chris Peterick from the local music department. The competition will be a week-long event held at the Paradise Rock Club, and each evening the best of four groups will be chosen by a panel of judges including 'BCN personalities, record industry people and media representatives. The semi-finals and finals will be held at the Metro and a surprise national band to named at a later date will perform after the competition is over.

Each band will receive \$350 for its participation in the preliminaries. Semi-finalists will each receive \$750 with \$2,000 and \$3,000 being awarded to the 2nd and 1st place bands respectively. Additional prizes will be awarded to all of

the bands competing in the Rumble. In the past, those prizes have included a guest shot on MTV, a fully produced video, recording time in many of the areas best recording studios, lighting and sound equipment, gift certificates and airplay of the finals on WBCN.

Some of the finest music comes out of Boston and has had help getting national recognition through the Rock 'N Roll Rumble. Some past contestants have included Face To Face, til tuesday, Del Fuegos, Treat Her Right and Scruffy The Cat.

WWTR GETS PINK AT THE BEACH

Vince Edwards and Mike Filippelli, the same Ocean City, MD morning team that turned into a human chocolate sundae on a bet, is now gearing up for Memorial Day Weekend at the shore.

This weekend marks the beginning of a very busy beach season and WWTR is celebrating with a Pink Floyd Weekend. Vince and Mike, realizing how incredibly busy they're going to be for the rest of the season, decided to take one last opportunity to have breakfast in bed -- only this bed is in the middle of the bay! The bed will be like the one on the cover of Pink Floyd's "Momentary Lapse of Reason" album, to tie in with the Pink Floyd Weekend. After many consultations with the Coast Guard, they were finally able to coordinate with the tides to find just the right spot in the bay for the bed.

After the morning show, Vince and Mike will be pulling a double shift and broadcasting in the afternoon from a local retail outlet located at the entrance to Ocean City. 96 Rock will have an electronic sign welcoming people to town that will go on at the peak time when everyone will be arriving in Ocean City.

Monday morning continues the Pink Floyd Fest as the station will broadcast all day, seven stories up, on top of the Riptide Waterslide at the OC Pier. Joining them will be a 14 foot pink wind sock in the shape of a pig. The station will give away a customized pink van and, of course, 96 Rock will be giving away tickets for the upcoming Pink Floyd show at RFK Stadium.

WGIR: IN THE PINK

Speaking of Pink Floyd, WGIR in Manchester, New Hampshire is on a mission. When PD Jon Erdahl learned that Pink Floyd's "Dark Side Of The Moon" Lp had slipped off the Billboard charts after almost 14 years, he decided to start a campaign to bring

it back. Rock 101 is now running promos daily urging their listeners to replace their old worn out copy of the album with a new one saying, "your support will insure that the Pink Floyd album will continue to set new records in rock and roll history" and "if you don't you could be contributing towards keeping Tiffany on the charts for years to come". Rock 101 feels that if every listener digs deep enough into their pockets, Pink Floyd's album should rocket back into the chart and remain there forever. The station has also bought a bunch of albums and will be giving them away all month long as a tribute and to try to keep Pink Floyd alive forever!

GEFFEN presents MUSIC Detus

THE LONG AWAITED BOB DYLAN <u>LP</u> that we've been telling you about for what seems like ages, "DOWN IN THE GROOVE," will be released to coincide with his forthcoming tour. Just as Bob has recruited special guests for the road show he is about to embark on, he has done the same for the Lp. As most have heard, Dylan will be joined on the

road by guitarist G.E. SMITH and bassist (yes, bassist) MARSHALL CRENSHAW. Also appearing on the bill is THE ALARM. The album, on the other hand, boasts appearances by ERIC CLAPTON, RON WOOD, ex-CLASH bassist PAUL SIMONON and members of the GRATEFUL DEAD, like JERRY GARCIA, BRENT MYDLAND and BOB WEIR. We first reported on this album months ago when it was completed but it seems that Columbia decided to hold it until the summer tour began. Speaking of ex-Clash bassist Paul Simonon, he has lent his artistic talents to former bandmate, MICK JONES, and his band BIG AUDIO DYNAMITE, by designing the artwork that will grace their forthcoming album cover.

CAPITOL RECORDS WILL BE RELEASING A NEW JOHN LENNON COLLECTION in October, coinciding with the cinematic release of the film "IMAGINE." The double album, which is also titled "IMAGINE," will feature one unreleased song with the remainder being different versions of previously released tracks. YOKO ONO will, naturally, have a track or two included in the compilation. The companion book, (same title), will include never before seen photographs, drawings and writings. October 6 is the street date for this "official" biography.

HUEY LEWIS AND THE NEWS will see a new single released in June titled "PERFECT WORLD," not to be confused with "SMALL WORLD," which is the name of the album due a few

weeks later. Lewis once again recruited friend and pianist BRUCE HORNSBY to play on what will be the News' fifth Lp, which of course, follows "FORE!." Also appearing is jazz legend STAN GETZ and TOWER OF POWER. Lewis will begin his tour later in the summer so, if you're a fan, keep your ears open.

STEVE MILLER FOLLOWS UP "LIVING IN THE 20TH CENTURY" with a new record in September called "BORN TO BE BLUE." This Lp will be released by Capitol and, hopefully, will be followed by a tour. No word yet on that possibility.

"REG STRIKES BACK" IS COMING FROM ELTON JOHN shortly and will be preceded by the single "I DON'T WANT TO GO ON WITH YOU LIKE THAT." CHRIS THOMAS produced this studio Lp, Elton's follow up to his live album with the Melbourne Symphony Orchestra. As we told you, BERNIE TAUPIN has written the lyrics for the single.

PETE BARDENS IS COMING WITH A NEW RECORD IN AUGUST titled "SPEED OF LIGHT." This is Bardens' second album for Cinema Records, which is distributed by Capitol. Pete's first Lp for the label, "SEEN ONE EARTH," contained the progressive rock track, "IN DREAMS." This new record will feature the single, "WHISPER IN THE WIND," with MICK FLEETWOOD on drums. Bardens has plans to take to the road in support of this album later in the year.

JAMES TAYLOR WILL HAVE HIS FIRST CONCERT film released in the near future titled "JAMES TAYLOR LIVE IN CONCERT." Recorded at the Colonial Theater in Boston, the sound is currently being mixed by producer PETER ASHER at Blue Jay Studios. You may have seen this concert on your local PBS television outlet not too long ago." Taylor is currently out on the road in support of his latest release, "NEVER DIE YOUNG," on Columbia.

RANKING ROGER, ex of the English Beat and General Public has formed a band, also called Ranking Roger who have a single out on I.R.S. in June. In the meantime, they play London's Marquee Club this weekend and another gig next week at Hampton Court's most illustrious venue, the Jolly Boatman.

English soulsters <u>LOOSE ENDS</u>, whose last album did quite a bit better in the U.S. than the UK, return with a new single called "Mr. Bachelor" on Monday...<u>SADE's</u> "Paradise" 12-inch features a live version of "Keep Hanging On".

A taster from the forthcoming <u>JOY DIVISION</u> compilation is out next week..."Atmosphere" was originally available as a rare 7" single on a French label. The b-sides are live tracks from their album "Still". Like the recent <u>NEW ORDER</u> retrospective, this compilation from their predecessors will be called simply "Substance" and will be out in July.

The follow-up to the recent UK number one single "Theme From S-Express" by Mark Moore's group <u>S-EXPRESS</u> will be "Theme From Superfly Guy", due on Rhythm King Records on June 27. From the same label two weeks later comes the sequel to "Beat Dis" by <u>BOMB THE BASS</u>, also a major hit recently. It's a double-A side of "Megablast" and "Don't Make Me Wait".

Latest single from Gothic duo <u>THE SISTERS OF MERCY</u> is "Lucretia My Reflection" from their album "Floodland", the video is being filmed in India...<u>LOVE AND ROCKETS</u> release "Mirror People" in the UK this week, the 12" features a live version of the song recorded during their US tour late last year...<u>PEPSI AND SHIRLIE</u> have been remixed in New York by Jellybean, the result - "Hightime" - is out as a single next week.

<u>BLUE MERCEDES</u>' new release is "Love Is The Gun" from their forthcoming Lp "Rich And Famous"...talking to ROL at Montreux the other week, the band's David and Duncan protest that they are neither rich nor famous yet, but they're still hoping for that sponsorship deal with Germany's most famous motor manufacturer!

<u>DAVID KNOPFLER</u>, brother of Mark and ex of <u>DIRE STRAITS</u> has an album on the way titled "Lips Against The Steel"...the first release will be "To Feel That Way Again".

This summer, <u>BOB GELDOF</u> will become a film director - on a film for which he also co-wrote the screenplay, "Cowboys". It's said to be "tough drama" based on an incident from Geldof's youth in Dublin. Geldof co-wrote the screenplay with the novelist Philip Davidson and the late Peter Finegan, and the film will be produced by Palace Pictures. "Cowboys" will be filmed on location in Dublin in October and November, but there's no chance of Geldof actually appearing in the picture.

JETHRO TULL will follow their American tour dates in June with a big European tour climaxing at Wembley Arena on July 19. The five-album boxed set due soon to commemorate the band's 20th anniversary is now fixed as a 65-track collection.

<u>BILLY BRAGG</u> soared in our estimation last week when he appeared on "Top Of The Pops" - he's jointly at number one in Britain at the moment with <u>WET WET WET</u> on their double-A side charity single. Wet Wet Wet did their regular lip-synching on "With A Little Help From My Friends" but Bragg sang a live vocal on "She's Leaving Home". Not that he's a great singer or anything, but at least he was brave enough.

With the album "Out Of Order" now on release, <u>ROD STEWART</u> has just entered the Top 30 of the British singles chart with "Lost In You" - his first time there since "Every Beat Of My Heart" did the trick almost two years ago. But that's nothing compared to the chart comeback being enjoyed by soul singer <u>TEDDY PENDERGRASS</u>, who not content with logging his first ever chart album in Britain last week, has just entered the singles chart with "Joy", his first solo appearance there for nearly 10 years. "Only You/Close The Door" was his last showing toward the end of 1978.

A measure of <u>DEPECHE MODE's</u> fan following in Britain can be taken from the fact that they've entered the lower reaches of the chart here with an import-only single, "Little 15".

Even the might of <u>PRINCE</u> could only keep <u>FLEETWOOD MAC's</u> "Tango In the Night" at bay for one week - the veterans celebrated their British concert dates by returning to the number one position in the album chart this week. Highest new entry therein was by recent number one singles band

Consolation for CBS came in the form of their "Nite Flite" compilation, which soared from 19 to two. "More Dirty Dancing" was a climber as well, moving from seven to three. <u>JUDAS PRIEST's</u> "Ram It Down" entered at 24 and there was renewed action for <u>AZTEC</u> <u>CAMERA's</u> "Love" Lp, 38-27. K-Tel's collection <u>TSOP</u> "The Sound Of Philadelphia" entered at 39 and <u>VINNIE VINCENT</u> appeared at 51 with "All Systems Go". The only other entry on the 100 was by <u>TESTAMENT</u> at 81.

BRENDA RUSSELL: Brenda Russell is set to begin touring with Billy Ocean in mid-June. "Gravity" is being readied as her next single. The video has already been shot and features an appearance by Herb Alpert.

- THE SMITHEREENS: The Smithereens played a four night stand at the Roxy in Los Angeles, but it will be their last club appearance for a while. They're set to join The Squeeze tour starting in July.
- DAN REED NETWORK: Dan Reed is furning with the management of Los Angeles' Club Lingerie for turning away actress Isabella Rosellini at the door, after he had personally invited her to his show. The two had met earlier on the set of "The Late Show," but by the time Rossellini arrived at the club, fire marshalls said the room had reached capacity. Those who did get in included Tommy Lee and his wife Heather Locklear, Nikki Sixx, Robbie Nevil and Times Two.
- <u>RICHARD MARX</u>: The audience pulled Richard Marx from the stage during a performance at the Holiday Star Theater in Merilville, Indiana, outside his hometown of Chicago. While some fans held him down for three minutes before security could rescue him, others tore the clothes from his body. However, the tattered and scratched performer still managed to greet visitors backstage. "He really gives 110%," understated one observer.

<u>CHINA CRISIS</u>: China Crisis is working on a new album with Steely Dan's Walter Becker once again producing. They worked together when China Crisis recorded for Warner Brothers, before moving to A&M.

HEART REHEARSING EARLY MATERIAL FOR NEXT TOUR: Heart kicks off the final leg of their year-long "Bad Animals" tour on June 3rd in Southern California. Ann Wilson says they are planning to unearth some early nuggets from Heart's first albums. The tour concludes July 9th in Salt Lake City. Heart has been on a break since their tour of Japan, mixing vacation time with writing songs for the next album. Ann Wilson says they inadvertently raised some eyebrows with their shows in Japan. "Female fans began screaming and shouting," she explained, "and we were later told that's very uncharacteristic of them. We were glad to teach the ladies of the Orient some true rock and roll manners," Wilson added.

JETHRO TULL: Jethro Tull is celebrating its 20th anniversary this year with a five album set and a month-long U.S. tour. The album package will have two new songs and be in the stores in July. The tour kicks off June 1st outside San Francisco. One of the two new songs will be released to radio within the next two weeks.

ERIC CLAPTON: The newly divorced Eric Clapton is booking a tour of 15 North American cities for September.

LEWIS, NEWS GIVE "SMALL WORLD" AN INTERNATIONAL SOUND: Huey Lewis says his new album takes the News in an "international" direction. Although there is said to be just one straight ahead rock song, "Walking With The Kid," Lewis says: "It's still us, not jazz or anything. But it's more musical, more polyrhythmic, more internationally flavored, less all-American." In keeping with the international theme, the album is titled "Small World," and the first single will be "Perfect World." "Perfect World," a ska-based song, will be released next month, followed by the album in July. The song is the only one on the album written by someone outside the band. It was written by Alex Call, bandmate of Lewis' in an earlier band, Clover. Other musicians appearing on the album are Bruce Hornsby, Stan Getz, and The Tower Of Power horn section. Huey Lewis And The News will kick off a six week U.S. tour in August. That will be followed by a seven week tour of Europe. In addition to the "Small World" album, they've also been working with the Four Tops. The song they've recorded with them is called "Are You With Me," and will be on the Four Tops' next album.

POISON OFFERING BANNED ARTWORK TO FANS: Poison, one of three rock acts hit by the recent rash of album cover art banning, is offering fans a free poster of the original cover of "Open Up And Say Ahhh." Bret Michaels says they agreed to change the artwork after certain chains wouldn't carry it, because: "We put too much time and effort into this record for people not to be able to get it." For fans who can't get the cover with the woman in tiger make-up and a foot-long tongue, albums with the new cover will contain a coupon for them to send in for the free poster.

TOTO: Toto kicked off the U.S. leg of their tour on May 27th in Seattle. The first part of the tour will run through July 22nd in Minot, North Dakota. The band shot the video for their new single, "Straight To The Heart," in Los Angeles.

<u>PINK FLOYD SEE GRAPES OF WRATH PLAY</u>: Pink Floyd played Toronto's Maple Leaf Gardens for the fourth time in eight months, to yet another sell-out crowd. The night before the Friday the 13th show, the band members ventured out to that city's Diamond Club to catch Vancouver band The Grapes Of Wrath. For their encore, The Grapes Of Wrath saluted their guests with a rousing rendition of the Floyd's classic "See Emily Play," which was much appreciated by the boys from the superstar band. After the show, the bands met backstage for a 90 minute pow wow.

TOP ROCK GUITARISTS TO BE FEATURED ON NEW ALBUM: Some of the world's top rock guitarists are getting together to record an album. The 10-song instrumental Lp is being recorded for I.R.S. Records' No Speak label and will be titled simply "Guitar Speak." Already committed to the project are Joe Walsh and Rory Gallagher. It will also feature a duet by Steve Howe of Yes, with Billy Currie of Ultravox; and Steve Hunter, who has played with Lou Reed and Alice Cooper.

SUPERSTAR BANDS BEING FORMED FOR A MANDELA TRIBUTE: Curt Smith of Tears For Fears, Bryan Adams, and Fish, of Marillion, will all appear in a superstar jam session fronted by Paul Young at the Nelson Mandela Show at Wembley Stadium on June 11th. New additions to the line-up include Joe Cocker, Joan Armatrading and Al Green. Green will be appearing as a member of the Roberta Flack-Natalie Cole band, which will also feature Ashford and Simpson and Freddie Jackson.

TULL PLAYING IN THE PAST ON ANNIVERSARY TOUR: Jethro Tull arrived in California for more days of rehearsal for their 20th anniversary tour. "We're going back to try to find some of the old tunes we haven't played for 10 or 15 years and see if we can do them justice in 1988," says Ian Anderson. The two hour show will feature 14 songs they didn't play last fall when they toured America, mixed in with eight classics like "Too Old To Rock And Roll, Too Young To Die," and "Aqualung." Anderson says it's a hard thing to recapture the spirit with which some old songs were played originally. He explains, "If you try to resurrect something that you've done a long time ago, but you can't grasp the feeling that ought to go with the song, it's best just to forget it. The interesting thing is always to see whether the usual naive and youthful experience you recall comes back." One song that was successfully resurrected is "Nothing Is Easy," which Anderson doesn't remember playing in America since 1970. He said that one was pretty easy for them to remember, although others such as "Teacher", a song from 1970, posed problems because different versions were recorded.

JOE ELY: The National Association of Independent Record Distributors and Manufacturers named Joe Ely's Hightone Records' Lp "Lord Of The Highway," Best Rock Album of 1987 at their annual convention. Ely is aiready at work on his next album at his own studio in Austin, Texas.

LITA FORD: Lita Ford has received the first Gold album of her career for "Lita."

<u>TIMES TWO</u>: The remake of Simon And Garfunkel's "Cecilia" Times Two did with Club Nouveau will be released as the duo's follow-up to "Strange But True."

What types of research do you conduct on a regular basis at your radio station? How much of your station's research is done in-house and how much is sub-contracted out to a research company? What's the single most valuable piece of research that you use in programming your station?

SKY DANIELS, KFOG: "Our research includes auditorium testing and focus groups on a quarterly basis. We do call-out research for listening patterns as opposed to music testing, and I call record stores for retail patterns. Beyond that we are not overly reliant on research at this radio station. It's all done in-house with the exception of the auditorium setting and focus groups. I utilize the trades extensively. We aren't a real research-driven radio station. It basically comes down to Logan and what I provide him based on my instincts and info that I obtain from trades, labels, etc. This is pretty much the handiwork of one guy."

BOB BITTENS, WHCN: "While I recognize the importance of research in programming a radio station, I feel strongly that the industry is entirely too over researched and too dependent upon research based in faulty methodology. Any research that attempts to quantify human behavior by asking humans to describe their own behavior is inherently biased. For example, people do not listen to music on the telephone or in an auditorium environment the same way they listen to music on the radio. Also, when asked to describe their behavior patterns vis-a-vis radio, people will tell you what they believe they do, what they feel ideally they should do, or what they think you want to hear. Obviously, it would be an expensive and entirely unmanageable project to observe people listening to the radio in a controlled environment. But I believe a healthy skepticism based on these obvious flaws in research methodology would go a long way toward counteracting the boredom and the sameness that's so prevalent among radio stations, particularly AOR right now."

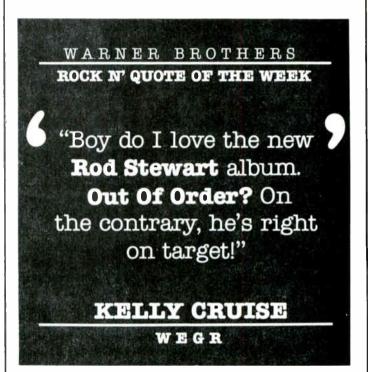

BILL PUGH, WKLS: "We use SRI Research. We also use Rick Phillips for music tests. We are consulted by BD&A. We look at store reports, requests and the trades. SRI handles our quantitative research and Rick Phillips handles our tests. One Piece does not dictate the whole picture. Ultimately it comes down to my gut feeling and what goes on over at Burkhart/Douglas."

MICHAEL LUCZAK, WEBN: "We do call-out on currents and catalog. Every six months we conduct an auditorium test of approximately 600 titles, along with personality recognition.

We sub-contract to Critical Mass Media, which started out as an in-house system and grew into its own company and now handles all outside research for Jacor and other clients. Our single most valuable research is the call-out on currents, because it allows us to determine when something is going to hurt us, so we can get off it. Call-out also lets us see how the other currents we're playing are progressing, and it lets us know that we don't have to fix what's not broken. <u>Tom</u> <u>Owens</u> and <u>Randy Michaels'</u> golf game is information that 'EBN couldn't function without."

STEPHEN PAGE, KOME: "The only research we conduct inhouse is just keeping in contact with the local record stores to see what's selling. All other research right now is handled by our consultancy. The single most valuable piece of research would have to be the combination of input from the consultants and the request lists that the jocks compile on a daily basis and talking to the record stores."

DAVE KANE, WCMF: "All of our research has, to this date, been in-house, although we are about to conduct our first auditorium music test. We have a paid staff that conducts daily music call-outs, as well as telemarketing research. The research that receives the heaviest emphasis is the music callouts."

ED LEVINE, WPYX: "Operators who are carrying a large debt service no longer have the luxury of giving a format the necessary time to grow. Therefore, we are seeing and will continue to see an unprecedented number of format changes. The urge to find a magic formula, i.e., The Wave, will continue to grow. The 'quick fix' is in! The pressure on PDs will intensify; if you are making a move of any consequence without a contract, you're crazy. Many operators are now shooting from a '6-9 month' mentality, which in most situations is absurd. The good news is that the dollars for

top program talent are there. You just have to know where to look."

GEORGE HARRIS, HARRIS COMMUNICATIONS: "It's definitely a solid investment. The biggest problem that I foresee with all the changes in ownership is that we have more and more players coming into the field that are non-operators. This is obviously good for us as consultants, but not necessarily healthy for the industry, nor for the people who work at the individual radio stations. Investors are favoring this medium in terms of an investment, and that's bringing people into the game that don't know anything about broadcasting and run

J. DAVID HOLMES, KUPD: "The only real research that we do is through the request lines and call-out retail. With three lines coming in to the studios and left open 24 hours a day, and a running tally of about 20 record stores, we find a combination of the two to be very resourceful. We don't have any contracted out research per se. Listening to our audience, going out and doing lifestyle promotion, showing up at the concerts and listening to what the street tells us is the most valuable research we can use."

CHRIS HERRMANN, WHJY: "The only research we perform inhouse is sales oriented. We poll 15 local stores to generate a weekly sales list. No music research is done in-house. We rely on the Pollack Media Group for their music research. The most valuable research data we receive concerns current music that has been on our playlist for eight plus weeks. We're very concerned with the burnout factor on heavily played songs and the research helps us to decide when a certain track is ready for a lighter rotation."

GREG MULL, WRXK: "We conduct call-out perceptual research and we also conduct auditorium testing on the library. At this point it's all contracted out, but as we get more sophisticated with our software programs in-house, we should be moving in that direction with our research. We presently conduct local retail research in-house. The auditorium test is most important, because it verifies that I'm playing the correct library material for this market."

<u>RICK STRAUSS, WZZO:</u> "Once in a while we'll do general phone surveys for basic attitudinal research. We do sales on a weekly basis and of course we tabulate requests. We're getting ready to do an auditorium test. Everything but the auditorium testing is done in house. I don't think there's any one piece of information that's more important than the other. It's a combination of all the data from all the different sources that makes it work."

<u>PATTY MARTIN, KSJO:</u> "We monitor requests closely and we do store reports. Both of these are done in-house, but we've also done studies of the market which have been contracted out."

INESSA YORK, KGON: "We do retail research and phone comments which we periodically break down into pretty detailed stat sheets. And obviously we pay real close attention to the streets, which is an on-going thing. At the moment we have nothing contracted out. Our own gut instinct is the most valuable programming tool for us. You've gotta have 'em."

NEXT WEEK'S QUESTION:

What's HOT and what's NOT?

WDVE, PITTSBURGH, PA ASST. M.D.-ANTHONY ALFONSI: "Van Halen's 'OU812' is another big time winner from those Southern California rockers. We'll be hearing this one all summer long and into the fall. We've added 'When It's Love' and 'Feels So Good'. I also like 'Mine All Mine' and 'Finish What Ya Started'. I'm looking forward to hearing the new stuff at the Monsters Of Rock...Moody Blues 'I Know You're Out There' is formula Moodies all the way."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "This week's records were added on name value only. <u>Rave-Ups</u>, <u>Rhythm</u> <u>Corps</u>, <u>Camper Van Beethoven</u>, <u>Parthenon Huxley</u>, <u>Tuck And</u> <u>Patti</u>, and <u>Siegel Schwall</u>...We've gone with 'Similar Features' as our second track from <u>Melissa Etheridge</u>. I anticipate using most of the album before the end of summer...<u>New Music</u> <u>Express</u>: An interview with <u>Mojo Nixon</u>, <u>So</u>, <u>Brian Setzer</u>, <u>Ranking Roger</u>, <u>Echo And The Bunnymen</u> and <u>Jane</u> <u>Wiedlin</u>...Top Phones: <u>Tracy Chapman</u>, <u>Melissa Etheridge</u>, <u>Bobby McFerrin</u>, <u>10,000 Maniacs</u> and <u>Big Pig</u>."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER: "It's birthday week at 'HCN, our 19th. We've got a week's worth of fun lined up, the highlight being a party and live broadcast with <u>NRBQ</u>. Thanks in advance to <u>Jack Rich</u> and the band for what's bound to be a wicked good time...Belated thanks (where was my head?) to <u>Karen Durkot</u> for the <u>Guns N' Roses</u> show at the Orpheum. The audience looked like extras from the Rocky Horror Picture Show -- not just a concert, but an event. Hint: Can I get one of those doormats, please?...<u>Van</u> <u>Halen's</u> 'Feels So Good' is all I need to hear on the radio this summer. 'Nuff said...Segue of the week: <u>Bobby McFerrin's</u> 'Sunshine Of Your Love' into <u>Cream's</u> original. The phones will ignite...Finally, <u>Christina</u>, thanks for the kind words. We <u>are</u> the Connecticut Mafia, aren't we?"

KFOG, SAN FRANCISCO, CA M.D.-SKY DANIELS: "Hail Keglers! Again, a superb effort by Jon Scott and company at the T.J. Martell gathering. Kudos to Atlantic's <u>Buch</u>, <u>Flash</u>, and <u>Dibble</u> for turning their domicile into the post-midnight rumpus room. Between the prom parties down the hall and the action in that room, I figure hotel security got time-anda-half...The <u>Smithereens</u> wowed the Roxy, cementing the momentum gathered with three top tracks in a row. A club band on the level of some guys from Detroit I know and love. Thanks to Capitol for some great rock...Thanks again to Chrysalis for a great time at the Forum. First a superdog, and then a slawdog at <u>Pinks</u>! <u>Redbeard</u> and I agree: 'That's promotion!'"

WBCN, BOSTON, MA M.D.-CARTER ALAN: "Oedipus wanted me to pass along his thanks to everyone who made his visit to L.A. for the T.J. Martell Bowling Party such a great time. As I understand it, 'the master golfer' managed to also smoke on the I.R.S. bowling team, and plans to pick up all his spares in the future!...Pat McLaughlin smoked us at the Paradise Theatre last week in a special 'BCN Dollar/Four concert. Thanks to Capitol Records for their broadcast as well. It was a rare opportunity to hear great blues guitar before McLaughlin goes on the road with <u>Hornsby</u>...The <u>Del-Lords</u> performed a special 'BCN Night for a completely sold-out and sweaty throng. 'Judas Kiss' is still working well for us at the ROCK, and we're also eyeing 'Cheyenne', the Del-Lords record...Also love

<u>The Rossington Band</u> effort with one of rock's best belters: <u>Dale Krantz</u> on the pipes...<u>Guns N' Roses</u> 'Sweet Child O' Mine' was an instant for 'BCN after the ground breaking of 'Welcome To The Jungle'...And the new <u>Georgia Satellites</u> is so automatic it got into the studio all by itself."

KJJO, MINNEAPOLIS, MN ASST. P.D./M.D.-MICHAEL CROSS: "I'm off to Alpine Valley for the world premiere weekend of the Monsters Of Rock tour. I'll hopefully survive to fill you in with the details next week."

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D.-CHARLIE LOGAN: "Van Halen 'Feels So Good': This might be the best song on the Lp. Strong melody and that trademark Van Halen groove makes it the perfect song to further the excitement surrounding their Monsters Of Rock show June 5th ... Guns N' Roses 'Sweet Child O' Mine: We started playing this Lp last October and it's still getting Top 5 phones. I don't mean to be offensive, but with the street buzz and retail action on this band, anyone who rocks and is not playing it is, well-stupid. This band is the Aerosmith for the present generation of kids...Def Leppard 'Pour Some Sugar On Me' goes back on the radio for basically the same reason as Guns N' Roses...The Moody Blues have a legitimate smash on their hands. We've always done well with them and we should do even better with this one...Michael Anderson: Okay, so the 'sound alarm' is a great little toy, but 'Sound Alarm' is a great song. A one-listen ditty. And don't you just love the way his voice cracks at the end. It's real, man, it's real!...Speaking of reality, a personal note to a friend, Bill McGathy. All of us at 'YNF extend our deepest sympathies. Such a great guy must have had a great dad ... P.S. to Marko, J.B., Buch, Flash and the Nasty Man: Thanks for the hospitality and the good time...To Lorraine Caruso: Come down to Florida. Believe me, Tampa's not what you think."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Do yourselves a big favor and take that <u>Melissa Etheridge</u> album and cue it up to 'Bring Me Some Water'. The other track that's being worked does her absolutely no justice except to display her voice...'OU812' is absolutely tearing up our phones and we think it's pretty okay too. Besides just being a superb rock record and covering all the rock bases, i.e., partying, girls and more partying, it sounds like the guys have achieved a certain kind of finesse as 'Finish What Ya Started' so wonderfully displays...We are ready for the Monsters Of Rock. <u>Plant</u> fever hit here last weekend when tickets went on sale. <u>Iris</u> and I are ready to have Robert in a room alone...Also thanks to <u>Lori</u> at A&M for the advance hit of the <u>Ig</u>. I like it, I like it!"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Of all the recent new releases, few have impressed me as much as Michael Anderson. It's easy to lump male singer/songwriters together into one group, but the 'Sound Alarm' has the goods that it takes to separate the hits from the misses...Another new one with the right stuff is 'Common Ground' from Rhythm Corps. A great song with a sound that will fit nicely on our station...With every passing day calls are getting better for John Kilzer...And The Rossington Band is establishing itself very strongly. Calls and research both look good with room to improve...One of my favorite songs on the station right now is Hurricane's 'I'm On To You'. It sounds killer and no one ever forgets a hook with 'na nas' ... Extra special thanks to Dr. Dirt for rescuing my Ray-Bans and giving me a new pair of pants. Thanks and nice-to-see-yas to one and all at the Bowling Party."

WCCC, HARTFORD, CT M.D.-JOE MARINO: "What a week! <u>Van Halen</u>, the <u>Moody Blues</u>, and with <u>Georgia Satellites</u> and <u>Steve Winwood</u> waiting in the wings, I still can find room for a great one-listen tune like <u>Michael Anderson's</u> 'Sound Alarm'. I sang this one all the way home and back to the station. Great tune!...<u>Ziggy Marley</u> goes to heavy this week. Okay, fish people, now I believe!"

KISS. SAN ANTONIO, TX M.D.-JOE ANTHONY: "Interesting records to listen to and examine: Vinnie Vincent. 'That Time Of Year', I believe is the hit track...Frehley's Comet 'Fallen Angel'...David Lee Roth 'Hina' could be a tremendous record if they would remix the intro...The Triffids 'Bury Me Deep In Love", refreshing as Tracy Chapman...If Joe Satriani knocked you out, try Stewart Hamm's solo album, the bass player for Joe Satriani. The track is 'Tears Are Flowing' featuring Joe Satriani on lead guitar (Stewart is a bass player) ... Prophet 'Tomorrow Never Comes': excellent ballad, melodic and smooth...House Of Freaks (don't let the name scare you), the track is 'Black Cat Boogie', very reminiscent of 'Red Blue Jeans' ... For those of you who don't mind throwing in something good, try Bruce Mitchell 'The Far Country' on Narada Records. Simply beautiful...Little off beat but could happen big -- my vote's for Camper Van Beethoven 'Eye Of Fatima'...<u>Cusco</u> 'Battle Of Flukes', Acoustic Alchemy 'Natural Elements', and probably one of those interesting female vocalists that's really getting good phones on our New Music Show is Toni Childs 'Stop Your Fussing'. This chick's got some pipes!...So if your format is boring, just listen up. There's a lot out there for the taking."

WBYR, BUFFALO, NY O.D.-JOHN PICCILO: "I want to thank Barbara Balchick from Reprise for a great, enjoyable evening last week, and I hope you were feeling better the next morning...<u>The Alarm's</u> 'Rescue Me' is sounding off big time on our phones...Can't wait for the new <u>Steve Winwood</u> and <u>Georgia Satellites</u> tunes...Thanks again <u>Jack</u> 'Up The Irons' <u>Snyder</u> for the complimentary metal."

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES: "Van Halen's 'OU812' is their most varied Lp. From rave-up rockers like 'Mine All Mine' and 'A.F.U.', to wonderful power ballads, to 'When It's Love', it's their most fun and cohesive record to date. My personal favorite on the album is 'Finish What Ya Started'. If '5150' left any questions as to whether <u>Sammy</u> fits in with the band, 'OU812' answers it with a loud and resounding yes!...! also think the <u>Moody Blues</u> have hit the bulls-eye with 'I Know You're Out There Somewhere'. Probably the most melodic song I've heard in years. If the rest of their new album is of this quality, they may well have their best album since their classic early '70s work."

WEBN, CINCINNATI, OH ASST. P.D.-MICHAEL LUCZAK: "The Bears broadcast live from Bogart's goes down Thursday, the 26th, live over WEBN, starting at 10PM. We are hopefully going to broadcast <u>Little Feat</u> live from Bogart's in late July, and are very interested in continuing a live broadcast series from Bogart's with other acts. If you want more info', call me...Something to think about: <u>Depeche Mode</u> and <u>OMD</u> opened the River Bend Concert Series Sunday, May 22, with close to 8,000 people in attendance, without major market airplay support in Cincinnati...I really love the <u>Parthenon Huxley</u> record. Hope to be playing it soon."

WHJY, PROVIDENCE, RI M.D.-CHRIS HERRMANN: "I've got a headache that has 'too many great records' written over it...Please listen to the <u>Rhythm Corps</u>. I know you'll like it...Over and out until I'm more coherent next week."

KSJO, SAN JOSE, CA M.D.-PATTY MARTIN: "Thanks to everyone for their contributions to my killer vacation. Jay Ziskrout for the Church show, dinner with the band and my first flying lesson; Bubba Osborne for the Universal tour; people too numerous to mention for various lunches and dinners; Enigma and Capitol for the incredible Smithereens show -- so good I'm going again this weekend; and Pam Newman and Debby Appelbaum for rounding out the happening, power hanging trio we make...In between, I also heard some great music. Got an advance cassette of the new Eddie And The Tide album. It's superb. 'Days Go By' has all the markings of a smash. Lots of other really strong songs too. We'll be on more cuts, as soon as the album's out ... Patti Smith! It's phenomenal! Heard four cuts, all are radio songs, but don't worry, she hasn't lost her way with lyrics ... Another one I can't wait for, one of my heroes, logy Pop. Heard two songs. It's back to raw power for the Ig. This stuff will sound great on the radio."

WNEW, NEW YORK, NY ASST. M.D.-LORRAINE CARUSO: "It was great being out in L.A. for the T.J. Martell Bowling Party. The <u>Smithereens</u> captivated the Sold Out Roxy. It was great to see how well they've gotten their act together. It was great to meet the people, whom you only know by a voice, over the phone. It was great to be in the sun. It was great to bowl. The Atlantic suite was especially great. It was great to hear <u>Tom Jones</u>' 'Greatest Hits' 50 times. Special thanks to <u>Flash</u>, Jackie and Danny 'The Man From La Mancha' <u>Buch</u> for taking extra good care of me. It was great!"

WBRU, PROVIDENCE, RI M.D.-TED McENROE: "It was a week of milestones in WBRU history this week. The <u>Kurt</u> <u>Hirsch</u> era comes to a close, as <u>Neil Bernstein</u> takes over as P.D., on June 1st. Neil has been on the airstaff for four years and I'm sure he'll do a great job, while Kurt moves on to (get this) law school...Our \$10,000 Scavenger Hunt came to a close with great fanfare as we broke a ten-way tie for first with some tough tie-breaking questions. Not only did the contest cause a huge buzz in Southern New England, we were also able to drive the price of Bob Uecker baseball cards up tenfold in the area...Musically, big things around these parts include <u>Ziggy Marley</u>, <u>Graham Parker</u>, <u>Tracy Chapman</u> and the <u>Smithereens</u>. I'll make bigger comments on those next week."

KDKB, PHOENIX, AZ M.D.-JERRY TRUJILLO: "If you're planning a trip to Phoenix, wait until October. It's getting too hot. However, to combat the heat we have the KDKB 93 Days Of Summer, in which we'll have all kinds of things for our listeners ranging from river float trips, to Monsters Of Rock trips to see the concert, to movie premieres, to weekend getaways, etc., etc. All kinds of good things."

WFBQ, INDIANAPOLIS, IN M.D.-JAY BAKER: "Bearman, late of WGTR, used to work here and I knew him well, but not intimately. Does that make me a scum-sucking degenerate by association? Please respond...By the way, rumors that <u>Siderman</u> has been named to the 'FBQ PD post are false. Phone calls to <u>Peter Parker's</u> office were left unanswered...<u>Record Community</u>: If you couldn't get a hold of us while we were out at the track -- sue usl...Personal to <u>Carl</u>: 'It's only a cold sore.'...<u>Russo</u>: You left your asbestos underwear here. Would it be okay if any of the Indy car drivers used them?"

WGTR, MIAMI, FL M.D.-THE COLONEL: "Just had a great weekend. Want to thank Dave Garbarino and Geffen Records for a terrific 3 show at City Limits in Ft. Lauderdale. It was their last night together, and my pleasure to host the show. God it was great!...Sunday was our first Louie Louie For Leukemia Parade in Ft. Lauderdale. For a first year, South Florida responded admirably. We asked our own Skip (Louie) Herman what was the highlight of the parade in his opinion. His response: 'Well, was it the thousands of dollars raised for the Leukemia Society? Or was it the northern exposure by one of the dancers from Solid Gold? Or maybe it was the southern exposure of my partner, Jim (McLouie) McBean?' No arrests were made ... The Hornsby continues to win over the audience. It was easy adding the second track. Sounds terrific...And the hardest part about the new Van Halen album is selecting which cuts to go on next. What a monster!"

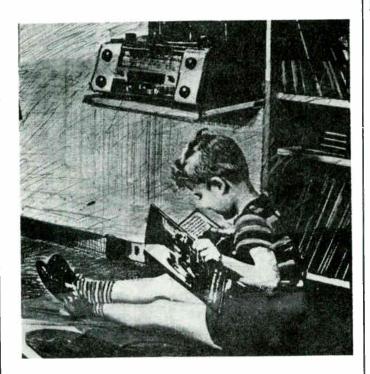

WLVQ, COLUMBUS, OH M.D.-WENDY STEELE: "Mv condolences to my buddy Joe McGathy on the passing of his father...On a lighter note, we added Tracy Chapman this week. I look forward to getting the same huge phones on 'Fast Car' as other stations have experienced ... Also to light, the 'unique sound' of Parthenon Huxley and Velvet Elvis. I've seen Velvet Elvis perform twice now. They have a 'raw and fresh R.E.M. sound', very appealing. I hope and look for them to go far ... The Moodies go to heavy, with 'Kick' by INXS to medium, and I spent the weekend with the new Van Halen release. My favorites are 'When It's Love', 'Finish What Ya Started', 'Feels So Good' and 'Mine All Mine'. Van Halen is the #1 request this week followed by Pink Floyd, who will play in Ohio Stadium this weekend (the first concert ever held in this stadium). Should be wild!*

WBAB, LONG ISLAND, NY P.D.-JEFF LEVINE: "We love the <u>Melissa Etheridge</u>, but we think 'Bring Me Some Water' is the better track...The <u>Van Halen</u> and the <u>Rod</u> albums both sound great and they should add diversity to the station throughout the summer...<u>Dancing Hoods</u>, our Long Island band, who seem to be happening nationally, are doing great for us...Right now

we're working on a promotion with <u>Henry Lee Summer</u>. That album continues to do great...We're continuing our search to find some hot acts for our summer beach parties in the Hamptons. Please call me about that if you have some suggestions."

CFNY, TORONTO, CN ASST. M.D.-IVAR HAMILTON: 'Hats off to Lin Brehmer at WXRT, and the comments dated May 13th. He's right regarding stations taking chances and being taken for granted. It's really quite discouraging to watch the stations who are the groundbreakers, when it comes to new artists being given the second division treatment when a band begins to break. We are fortunate that the situation is not as bad in Canada, but we also get the hype. Damn it, we don't care if a record is #2 or #200 on any chart or if it's pulling Top Five phones in Anyplace, USA. If it's good, it will get played at CFNY and I'll be the first to admit it (if I was wrong on something). What I don't need to hear is 'We're going for #1 this week, can you put our record into heavy? Or something I never heard of before, 'low-heavy huh?' That doesn't cut it here. Also, we play a lot of independent acts that haven't lost that cutting edge before that commercial release comes. In many cases a producer becomes involved with a new band and ends up making them sound like everybody else, and what we end up with is a load of mediocre albums...To Peter Vitols, formerly of Duke St. Records, we'll miss you. You're a good man and your input was always appreciated here. From Don Berns, Kneale Mann and the rest of our staff, we wish you all good things in your career future."

KCAL, RIVERSIDE/SAN BERNADINO, CA ASST. P.D.-KELLI <u>CLUQUE</u>: "Yes, 1812--and I loved it! I'm all fired up over the second <u>Sammy/Van Halen</u> effort. The song 'Finish What Ya Started' is the track that made the first impact. It's pure pop from a monster band which is a wonderful contradiction! This album will be on the airwaves forever and a day."

WAQX, SYRACUSE, NY P.D.-LORRAINE RAPP: "Congratulations to Ed Levine and his wife, Pam, on the birth of their daughter, Lauren Jennifer May, from all your friends at 95X. If your time spent sleeping decreases, don't panicit's normal!...95X just completed Syracuse's first Scavenger Hunt. It was a lot of fun on the air, and for the grand prize winner who picked up \$5,000 in cash...Going with Ziggy Marley this week, although I admit to being a bit skeptical...The new <u>Rossington</u> is HOT and we really like the <u>Moody Blues</u> latest effort...Thank you, A&M, for the <u>Michael Anderson</u>. Sounds like he has a career in front of him...'Feels So Good' and 'When It's Love', two obvious first picks from the new <u>Van Halen</u>."

WIOT, TOLEDO, OH M.D.-JIM STEEL: "Eddie rules!!!!!"

KZLR, LITTLE ROCK, AR V.P./O.M.-DAVID GARIANO: "Personal to our friends at Tragic 105: Congratulations on finally getting a real radio station facility in Little Rock. It's just too bad you can't do anything about your suck-ass signal! Also, can't wait to see the picture of your winner in your car contest in FMQB. When exactly does she graduate from high school? Thank you for the Birch update on Little Rock. Since those numbers you quoted were taken during the period of transition from my predecessor to myself, do you suppose that's why they hired me? ... KZ95 is pumped up about our new custom van 'Black Thunder'. We're proud to sponsor this year's annual Riverfest Fireworks for over 200,000 Arkansans. Our current contest has already blown out over \$30,000 in cash and prizes, with a \$10,000 ski-boat on the line this Thursday. Our morning show, The Big Breakfast, with Bob and Jeff, have literally ignited Little Rock morning radio! Our new on-air lineup is now firmly in place and KZ95 is poised for ultimate destruction. The lineup consists of Bob and Jeff in the morning; Billy St. James in middays; afternoons and production is Steve Hodges; our lady nighttime rocker, Sherry Brooks, and overnights Lee Benson.*

WDHA, DOVER, NJ O.M.-MIKE BOYLE: "The Bowling Party was a blast and quite a success as well! Congratulations to Jon Scott and crew for all their efforts. This year's 'stroke' list is pretty long: Paul Yeskel, Freddie, Dirt & Company, J.B., the Capitol crew, Ritch & Ray; those Smithereens were HOTI; Michael & Eric from Atco, John Brodey & Mia from Polygram, Kevin Sutter from Chrysalis and his 'nun-bims'; Henry Lee Summer, Richard Marx, Robert Tepper, The Skid Row Guys, Joanna Dean, Baxter Robertson, Sean, Ross from KNAC, (your friend makes great drinks!), Jack & Sue, Al, Tommy Nast, Beth. That was a 'wild restaurant'l; Dave from Rhino, Graham from Frontier, those one-of-a-kind Atlantic Boys, Danny & Dave, (the best suites in the business!), all the California girls-and anybody else I forgot. It was lots of fun!...While in L.A., I got to meet the guys from Rhythm Corps. These guys will be coming to your town soon. They want to tear it up! They've got the goods with 'Common Ground'. Play a smash songl...Also, had a chance to meet Baxter Robertson. I've been a fan of his for a long time. Make the room on your playlist for 'No Simple Cure'. You'll be glad you did!"

"The WKFM, FULTON/SYRACUSE, NY P.D.-BRIAN ILLES: lines are clearly drawn between whose making the better albums since Dave and Eddie split. All the touring that Van Halen did with Sammy Hagar on vocals, after the release of '5150' has paid off. 'OU812' contains everything that Van Halen fans and radio programmers alike could ask for. For Van Halen fans and radio programmers alike, there's a scorching heavy metal guitar that the black T-shirted Van Halen fans have worshipped for years, and there's also the surprisingly melodic pop songs that nobody thought Sammy Hagar would ever be a part of. This could be Van Halen's best album ever. It's gonna be a Van Halen summer!...Please note that, due to major station promotions which will place a great demand on my time, music calls will be taken only on Thursdays from 11:00AM-1:00PM, from now until July 1st. 1 will not be available on Fridays, whatsoever. I apologize for any inconvenience this may cause any of you."

KLPX, TUCSON, AZ M.D.-JACK GREEN: "Add mine to the list of raves on the new Van Halen Lp. They really sound like a cohesive unit this time. We went ahead and put 'When It's Love' in and expect this album to do even better than '5150'...Another natural for us is the new Moody Bues 'I Know You're Out There Somewhere'. It fits right in with everything we're doing...It was great to see and meet so many people at the Bowling Party this past weekend. Hope to be able to do it again next year. Special thanks to Steve Brack. I actually finished that beer!"

WMJY, LONG BRANCH, NJ M.D.-WILLOBEE: "Just a BIG thank you to <u>Steve Klein</u> of Atlantic for the Atlantic Party at the Garden, <u>Robert Plant</u> and <u>AC/DC</u>. My ears will never be the same again...I think 'Cool Runnin' is the record to bring <u>Boz Scaggs</u> back. I'm glad to have him back."

WIXV, SAVANNAH, GA M.D.-RICHARD SMITH: "It is rare that any band puts out a release in which every song appeals to me. Usually, about half the songs are good and the others are 'fill' tunes. An exception to this is the new <u>Van Halen</u> CD. I put it on and every song on it knocked me out. The band sounds more congealed and precise than I have ever heard and <u>Sammy's</u> vocals are right on the money. We added four tracks from 'OU812' so I guess you could say that we are 'AFU' about it!"

WGIR-FM, MANCHESTER, NH P.D.-JON ERDAHL: "I have to rave, rant and pant about this new Rhythm Corps record. This is a phenomenal record. I predict that this band and this album are going to be on turntables until I meet my maker at the pearly gates...The new Van Halen goes beyond anything the band has ever done. Eddie, Sammy, Alex and Michael are in full form throughout the entire album. Every track is a Godzilla...The Guns N' Roses makes me flip. This band is going to take over the Stones throne, but I refuse to let my daughter date Slash -- ever!...(MDs note: His daughter is three months old.)...Good luck to Carter and Oedipus and the WBCN crew with this year's rumble."...FROM M.D.-KAREN ANDERSEN SMALL: "I guess this week I'll add my two cents to the hundreds of raves the Van Halen album will receive. This release is solid through and through. There's not a throwaway cut on 'OU812'. These Monsters Of Rock are really flexing their muscles...Also in the rock 'n roll muscle department, Guns N' Roses. 'Sweet Child O' Mine' sounds like a smash to me. This song will appeal to all segments of the Album Radio audience, not just the metal fans...Michael Anderson's song has the goods to put it right on the air. A tip of the hat to A&M for the sound alarms they mailed out in conjunction with the Michael Anderson record. What a great way to vent one's anger while driving in New England, although I could use a real grenade launcher in my Toyota.*

WFRD, HANOVER, NH M.D.-JOHN AGUILAR: "The Cross is excellent. I know it's not the right type of song for every station, but its heavy urban beat is so blatantly vile that it makes me crack up. It's a change in style that should really send your listeners to the nearest cement block to bang their heads for a while...<u>Talking Heads</u> 'Blind' is finally added, as is <u>Kingdom Come's</u> new one and the <u>Moody Blues</u>...We've got the guitar laden 'OU812' for our Vital Viny! this week."

KFMX, LUBBOCK, TX M.D.-JON MC GANN: "We were on Guns N' Roses 'Jungle' and put it in recurrent when everyone else was putting it on a first play in light. It's been a top phoner for months, so we expect nothing but the same for 'Sweet Child'...Rod Stewart's new Lp continues to perform well for us, and some very big names on the playlist this week: Van Halen, Aerosmith and Hornsby. It's nice to see such a great base at the core of our station...The Moody Blues' new track, we feel, will just melt our upper demos!"

WPYX, ALBANY, NY ASST. P.D.-JOHN COOPER: "Wow! What a great injection of rock 'n roll this week. Steve Winwood's 'Roll With It' is an absolute stone cold smash hit. This one song combines all Steve's musical styles, from the early R&B days of <u>Spencer Davis</u> to 'Back In The High Life Again'...Van <u>Halen's</u> 'OU812' is this week's Most Requested album and with good reason. It's got depth, it's got amazing guitar work and it will be around for a while. We are four cuts deep...What's it been? More than 20 years? And the <u>Moody Blues</u> are still cookin'. In fact, 'I Know You're Out There Somewhere' puts some of their previous work to shame. Good going guys, we look forward to the tour!...Our Dash For Cash winner grabbed \$19,621 in 60-seconds inside a bank vault that contained \$106,000. All the local TV crews and press were on hand for the action."

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: Once again, Jon Scott pulled off a fun-filled T. J. Martell Bowl-arama in L.A. Many thanks to my compadre, Hugh Surratt of RCA, for the royal treatment gotchamighty. To my golf mentor, <u>Ray Gmeiner</u> of Elektra, thanks for the lesson, dude. Thanks to <u>Fred Deane</u> for the <u>FMQB</u> cherry red sweats. As always, it's good to put faces with the voices on the phones...Congrats to KILO news hound, <u>Gary Street</u>, for taking top honors in five of six categories in the 1988 Colorado Springs Press Association Awards.

WTUE, DAYTON, OH M.D.-JOHN BEAULIEU: "Our theme this year is the Home Of The Rock 'N Roll World Tour-we're rockin' people around the world. Stops four and five have sent people to New York for the Atlantic Records' bash and on to London for the upcoming Prince's Trust Concert, and stop #6 sends two lucky listeners to the Indy 500 this weekend as part of our Top 500 weekend countdown...Our first annual Louie Louie parade yesterday (May 22nd) was an outstanding success, what with thousands of dollars raised for Leukemia, and perfect weather to party in afterwards. It was also the debut of the WTUE giant boombox on the streets of Dayton...We've also been involved with the John Lennon Hollywood Walk Of Fame star and will be sending a couple thousand letters to Hollywood this week ... And we've also been working to help restore the Vietnam Veteran's Memorial in Washington, DC by selling WTUE key chains, and giving people a chance to register for Pink Floyd front row seats this weekend in Columbus. Now, if we could just find time for music...All in all, we continue to cover all the bases as Dayton's true rock 'n roll station."

WWCT, PEORIA, IL M.D.-PAUL NELSON: "Tracy Chapman is quite a talent. The easy thing to do with new artists is to compare them with someone else, and the <u>Suzanne Veqa</u> and <u>Joan Armatrading</u> comparisons are a good starting point. When the album 'Tracy Chapman' is no longer current, probably about a couple of million units from now, other artists will be compared to her...We also said if <u>Lee Arnold</u> would sacrifice a classic pre-60 automobile on the highway in California, we'd add it. Thanks, Lee, the weenies and marshmallows are in the mail...Congrats to everyone who could bowl a score as high as their blood alcohol content...Watch out Wisconsin, <u>Roger Lifeset</u> may be hustling near you soon."

WIPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES: "I'm back after a week off. I only wish I could have come up with a better reason than a honeymoon to get away. One week and we're still together, though. We spent the time on Cape Cod and took advantage of some great radio. I'll have to say, hats off to WHJY in Providence. You guys sounded great...The <u>Cafferty</u> Day was killer. It's ironic that we just booked him for a big Street Fair here in two weeks. 'Song And Dance' has exploded and people are now phoning, wanting to know when the Lp goes on sale...The <u>Poison</u> Lp continues to fly out of the stores. The guys have it together and really put out a quality record. Watch for the 'Thorn' track to be the hit of the Summer!...Van Hagar does it again. Another

four star Lp. Put <u>Sammy</u> and <u>Eddie</u> together and you'll get instant chemistry for hits...The other top gun of the week, the <u>Moody Blues</u>, once again, don't disappoint. Easily the most consistent band over the last 20 plus years. They've managed again to produce an across-the-board smash...Surprise of the week is the <u>Rhythm Corps</u>. If you thought the <u>Church</u> performed well, wait'll you see what this one does after one spin...Gotta go, wifee's calling!"

KMJX, LITTLE ROCK, AR M.D.-DAVID ALLEN ROSS: "The Magic 105 Scavenger Hunt was a tremendous success. The grand prize was a four wheel drive Suzuki Samurai, \$2,000 worth of stereo gadgets, and a mobile phone...The morning team here at 105 is making waves. We got local TV and newspaper press on a joke, when the outlaw Tommy Smith and his sidekick, Michael P., went on air saying that they had to replay the last five minutes of the Atlanta Hawks/Boston Celtics game, due to a mistake by a referee! Needless to say, phones have been ringing off-the-walls...Also, on page 79 of the current isue of Sports Illustrated, in an article entitled 'The Valley Boys', there is a picture of a bar in Ohio and as plain as the nose on my face, there's a Magic 105 bumper sticker plastered on the wall...As far as music goes, Van Halen is a monster. Tracks we really like are 'Mine All Mine', 'When It's Love' and 'Sucker In A Three Piece'...And a final reminder: I will be printing our new mailing address."

KEZE, SPOKANE, WA ASST. P.D./M.D.-CURT CARTIER: "From the hugest songs of their career file (major market): <u>Van Halen</u> 'When It's Love'; <u>George Thorogood</u> 'Treat Her Right'...From the hugest songs of their career file (medium market): <u>Lita Ford</u> 'Close My Eyes Forever'; <u>Rossington Band</u> 'Welcome Me Home'...From the hugest songs of their career file (small market): <u>Guns N' Roses</u> 'Sweet Child O' Mine'; <u>Pat</u> <u>McLaughlin</u> 'No Problem'...Lots of career making rock 'n roll out right now...<u>Henry Lee Summer</u> would hate my dad. He wears nothing but 'Wing Tipped Shoes'...And, <u>thanks</u> to Polygram for the pound of blow that came with the 'Rooty Toot Toot' add. Just kidding!"

WRCN, LONG ISLAND, NY P.D.-TOM CALDERONE: "Congratulations to <u>Adam Langley</u>, the new General Manager of WBNY. As former Program Director of the alternative outlet, I'm happy to see that the direction of the radio station will continue."

WRQK, CANTON, OH M.D.-GREG MORRISON: "WRQK welcomes the addition of <u>Mike Michelli</u> to mornings...We're getting cauliflower ears from answering the phones for <u>Van</u> <u>Halen</u>...The new <u>Moody Blues</u> is getting strong daytime phones as well."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE: "My personal favorite on the new Van Halen album is 'Mine All Mine', but we went four tracks deep, including 'It's Only Love', 'AFU' and 'Cabo Wabo'. The Monster Of Rock Tour hits Memphis, July 8th...The Rossington Band is refreshing and a natural for any station who has eternal <u>Skynyrd</u> fans for listeners...Boy, do I love the new Rod Stewart album. Out of order? On the contrary, he's right on target and it's 'Dynamite'. Also check out 'Crazy About Her'...I can't get <u>Baxter Robertson's</u> 'No Simple Cure' out of my head. What a hook! I want to sing along with every note...And <u>Raymond May's</u> 'Romantic Guy' sounds like <u>Mick Jaggar</u> with <u>T. Rex</u>. It's wild and it works! I'd love to get these on soon...Great to see <u>Jim Sellers</u> in town. Welcome back to Elektra...And, congrats to <u>Chal Martina</u> for 'settling down'?"

WONE, AKRON, OH M.D.-J.D.: "Drivers, start your engines. This past weekend we sent a listener to the Indy 500, all expenses paid, as part of our Vacation A Day In May promotion. So far, we've given away over 50,000 dollars in prizes and the month isn't even over yet!...To round out the month, we will send a listener/correspondent to Detroit to see and report on the Monsters Of Rock, before it lands here June 22nd and 23rd at the Akron Rubber Bowl...And speaking of monsters (Van Halen), oh, you ate one too? Godzilla pales in their presence. This new Lp is a strong one with some real co-al tunes. This week, 'Mine All Mine' and 'When It's Love' make it to the air...How about those <u>Moody Blues</u>? Great stuff, great stuff! Can hardly wait till the album ships. 'I Know You're Out There Somewhere' is a strong, solid record. Looking forward to the tour, as well, which will stop in Akron August 12th...P.S.: <u>Carolyn Heldman</u>, call soon. The tests came back negative."

WKLC, CHARLESTON/HUNTINGTON, WV ASST. P.D.-DUANE DOHERTY: "All of us at WKLC would like to wish our somewhat beloved <u>P.D.-Bryan Krysz</u> the best of luck, as he leaves 'KLC to assume programming responsibilities at our sister station, WCCG, Charleston, SC. Bryan will still be overseeing WKLC's programming, as <u>Duane Doherty</u> takes over as Interim P.D."

WKRR, GREENSBORO, NC M.D.-JOHN AMBERG: "The new Van Halen album is unbelievable! This is the one I was waiting for! Everything that was intimated on '5150' comes through with a vengeance on 'OU812'. With all due respect to the Joe Satrianis of the world, Eddie is still the king. 'When It's Love' sounds like an obvious single. That song has a hook that won't quit...I've always been a fan of <u>Graham</u> <u>Parker</u>. There's even been rare occasions in my career when I've actually had the chance to add some of his records. Imagine that! 'Start A Fire' is a deceptively cool track, but underneath the smooth acoustic guitar and fluid rhythm drive, Graham's vocals seethe with the same intensity of his earlier works, like 'No Protection' and 'Mercury Poisoning'...The new <u>Moody Blues</u> sounds wonderful. Justin Heyward is the man with ageless vocal chords."

WHMH, ST. CLOUD, MN ASST. P.D./M.D.-RANDY KAYE: "Central Minnesota is rockin' with <u>Van Halen's</u> 'OU812'...So far, 1988 has packed a power punch with new albums from <u>Leatherwolf</u>, <u>The Scorpions</u>, <u>Queensryche</u>, <u>Judas Priest</u> and <u>Joan Jett</u>. Also, great response to <u>Dirty Looks</u>, <u>King's X</u>, <u>Hurricane</u>, <u>Robin Trower</u> and <u>Killer Dwarfs</u>. The loyal listeners keep on jammin'...Congrats to 92 KQRS. Twenty years young!"

WIZN, BURLINGTON, VT M.D.-TOM VAN SANT: "Tracy Chapman's 'Fast Car' has rocketed to our #1 Requested song. The phone response came immediately after we added her, so we knew something was up. Tracy just hit the chord with our listeners. We're now also playing 'Talkin' 'Bout A Revolution'...If you've forgotten about Camper Van Beethoven's 'Eye Of Fatima', it's worth another listen. Just a good time tune with shades of any and every '60s grunge band you can think of. If Steve Cormier can hear this record on the first listen, why can't you?...I feel fortunate to work at a station that can add the Church's 'Reptile' and Peter Murphy's 'All Night Long' in the same week. Each song has great textures and atmosphere with both adult and hip appeal. The right combination for WIZN ... I was apprehensive about Michael Anderson's 'Sound Alarm', but it gets better with every listen. Sounds like Gordon Lightfoot meets Bruce Springsteen ... LET'S CRUISE!"

KFMQ, LINCOLN, NE M.D.-JOE SKARE: "Always first with the new rock 'n roll, KFMQ delivered again with the Win It Before You Can Buy It <u>Van Halen</u> promotion this past weekend. Listeners had a chance to cop Van Halen's 'OU812' with a simple phone call to our studio line. <u>Biq thanks</u> to Warner Brothers' <u>Al Carolonza</u> for all his help on the project. And, speaking of VH, what more can you say that hasn't been

said already? The boys know how to rock 'n roll. 'OU812' is loaded with depth. For now, we're going with 'Mine All Mine' and 'When It's Love' ... The Moody Blues are back with another fine effort. 'I Know You're Out There Somewhere' has been generating phone response since the first play, and it goes into heavy rotation...And, ain't it great to hear Rod Stewart rockin' it up a bit again? He seems to have been revitalized by the presence of Andy Taylor. 'Lost In You' has been in power for a couple of weeks with good results and we're adding depth with 'Dynamite'...The Rossington Band scores big with 'Welcome Me Home'. A terrific track with that great southern rock feel, and Dale Krantz has never sounded so-o good...And if you've been looking for that more accessible Guns N' Roses track, don't miss 'Sweet Child O' Mine'. It's just what the doctor ordered. With eight weeks plus at #1 phones for 'Welcome To The Jungle', how can we go wrong with this one?"

KSQY, RAPID CITY, SD ASST. P.D./M.D.-JEFF MICHAELS: "Jack Daniels, Program Director of KSQY, Rapid City, will marry on August 3rd in Maui, Hawaii. He invites record reps from across America to the reception at the Saloon #10 in Deadwood, South Dakota, on August 20th. RSVP at 605-578-3533."

KNCN, CORPUS CHRISTI, TX P.D./M.D.-TIM PARKER: "Special thanks this week to everyone who made my first Rock 'n Bowl and first visit to Los Angeles a memorable one. Thanks to J. B. Brenner of A&M, Marko Babineau of Geffen and Ronnie Raphael of SWAN for making things happen. To Danny Buch and David Fleischman of Atlantic: Thanks for staying open all night. Most of all, thanks to Michael Hughes of WRDU for the great tour. I'm ready to move!"

<u>VU, MORGANTOWN, WV M.D.-PAT FERRISE</u>: "The <u>uqarcubes</u> have an amazing guitar sound. I really enjoy 'Birthday' a lot. It's got an ambience and spooky sound that's intriguing...If you're not familiar with <u>Philip Glass</u>, you should be. His new album 'Powaqqatsi' is very innovative and bound to influence many musicians...It's nice to see <u>Ranking Roger</u> doing something again. 'So Excited' is a very exciting track. I especially like the percussion on the tune...The new <u>Pixies</u> album is great. 'Bone Machine' and 'Where Is My Mind' are excellent tracks. This album is a must for your record collection and for on-air play at all alternative stations."

WHMD, HAMMOND/BATON ROUGE, LA M.D.-*CATFISH* PHIL: "Van Halen has beaten me 'Black And Blue'. With #1 requests, two <u>Rockline</u> appearances and a scorchin' hot new album, it's no wonder <u>Valerie Bertinelli</u> bought new shoes and socks for her guitar pickin' hubby!...Hats off to TV Tunes for landing on our shores New Zealander, <u>Shona Laing</u>. Check out 'Soviet Snow' from her Lp 'South'."

KFMU, STEAMBOAT/VAIL, CO M.D.-DAVE ROSS "The Mighty Lemon Drops do it again! I'm very convinced that this band has staying power. 'Fall Down' has what it takes to get played here. The cool vocals and great chorus put this song in a class by itself. Highly recommended...An album that needs much more attention is the latest effort from Jimmy Cliff. Reggae plays an important role here and Jimmy comes through again with uptempo. Great sounding stuff. Check out 'Reggae Down Babylon' on the 'Hanging Fire' Lp...Now, don't start pushing mucho metal on me, but Guns N' Roses goes in here. I know, what a shocker! I listen to music on a per song basis, and I feel the all daypart remix of 'Sweet Child O' Mine' will sound great at night (get the message?). No, we don't play Metallica, Iron Maiden or Motley Crue. We didn't even play 'Welcome To The Jungle', but this is a groovy tune and all I have to say is that you don't have to play hard edged metal to play Guns N' Roses...That's it for now from the world's only wind powered radio station."

WOXY, OXFORD/CINCINNATI, OH P.D.-JETSON: "This past Sunday, WOXY welcomed Depeche Mode to Cincinnati to a crowd of over 7,000! We are the only Cincinnati area station that plays Depeche Mode. I think this says something about the strength of this band and the strength of WOXY in Cincinnati. It's sad to see other radio stations not realize the popularity of bands like this that sell records and concert tickets like crazy. Programmers are so worried about playing music that is safe, sometimes they just miss out completely. I think it's time for radio to move forward instead of trying to live in the past and play mostly music from the past. This is a scary trend. To think that when we look back on the music of the '80s, we're going to remember Jimi Hendrix, The Beatles and Led Zeppelin...AORs seem to be looking for the next Led Zeppelin soundalike, but what about a band that I believe is an evolution of the Led Zeppelin sound, the Mission U.K.? Their song 'Tower Of Strength' should be a major AOR hit. It was produced by John Paul Jones and they are opening for Robert Plant on his current tour. This should tell you something...I would like to thank Craig Diable of Warner Bros. for the great Depeche Mode concert promotion. We really appreciate it...And thanks to Doug Burton of Polygram for the great time at the Reds game!"

WEQX, MANCHESTER, VT/ALBANY, NY P.D.-ANDI TURCO: "I just wanted to take the opportunity to say a few special thank yous this week: Especially to JB, <u>AI Cafaro</u>, and <u>Sue</u> <u>DeBenedette</u> of A&M for all their help and hospitality during my last invasion of California. JB, I promise next year I'll bowl better, or else we'll add all your records for a year!...It was great to see everyone again, including all of you at <u>FMQB</u>, and <u>Freddie</u>, THANKS for the sweatpants...One final statement: Play <u>Michael Anderson</u>. It's <u>great</u>!"

KFMZ, COLUMBIA, MO M.D.-MIKE RICHTER: "First things first! A special thanks to <u>Norrin Cohen</u> of MCA for the birthday surprise. I'm still spittin' watermelon seeds...And, for the preview of the new <u>Little River Band</u> single, 'Love Is A Bridge': <u>Glenn Shorrock</u> is back on vocals and never sounded better. It's back to what made them a hit in the first place: Earthy lyrics, flawless musical arrangement and those unmistakable LRB harmonies. Listen to this when it crosses your desk...<u>Henry Lee Summer</u> cracks the Top 5 this week...<u>Michael Bolton</u> and <u>Jimmy Barnes</u> are building nicely. Let's face it, 'Too Much Ain't Enough'!"

KJKJ, GRAND FORKS, ND M.D.-JANE O'BRIEN: "Our listeners find the new <u>Jimmy Barnes</u> Lp to be very palatable indeed. Phones have been great...They're screamin' for more from the <u>Van Halen</u> Lp, too...Also, we're going to be starting a new Metal Show on Saturday night, so metal service should be excellent. Thanks!"

KTYD, SANTA BARBARA, CA M.D.-JIM ST. JOHN: "Has anybody spent any time with the <u>Underworld</u> album? Please don't feel obligated to reply. Just listen to me for a moment: This album has something for just about everyone on it. 'Glory Glory' and 'Underneath The Radar' are both hip rockers and 'Show Me Some Emotion' is a #1 crossover. These fellows have a bunch of talent and should be getting a lot more attention than they are. This album is one of the few that I listen to every day. It's too cool to ignore!...By the way, the Bowling Party was fun, 'oh, excuse me there's someone I want to say "hi" to, I'll hook up with you later'!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Hell, it's my birthday week and still you want me to be coherent enough to listen to and add music? The party of the year starts today and continues through Memorial Day, with exciting events planned each day to entertain and entice moi! However, I did lend my ears to some happening new vinyl:

Van Halen is killer. We love 'Feels So Good', 'Finish What Ya Started' and 'When It's Love'. No question, the ticket and Lp of the Summer. Thanks, guys...I adore the new moody Moody Blues. Like an old friend you can't wait to hear from again, and are never let down by, they make radio magic. Looking forward to the rest of the newest addition to the saga...Whoa, is Dale Krantz sounding awesome?. Make room now for the Rossington Band because 'Welcome Me Home' proves they are back with a vengeance. Powered by her strong vocals, plus a great song, the phones should be HOT and I expect this will sizzle right through the Summer ... Soul Asylum's 'Sometime To Return' is refreshing, raw new music at its best. They've worked out a lot of the kinks that seem so prevalent in so many groups ready to break out of that college radio mode. What remains is an Lp on the cutting edge, that we're happy to give a shot...Jimmy Barnes has got it covered. Not only is 'Freight Train' a nonstop musical romp, but 'Too Much Ain't Enough Love' is a bluesy, aggressive rocker, packed with wonderful lyrics. One of my current faves that I just can't get out of my car's cassette deck. We're cruisin'!"

JEFF "ALLEY CAT" COOK, ELEKTRA (212-484-7955): "Greetings radio rockers. I've just returned from L.A. and Jon Scott's bowling extravaganza, where the hip and elite meet to humiliate themselves in front of all their peers. I must admit, I did. I bowled like a girl on ludes ... Enough of that, let's talk about some great records. TRACY CHAPMAN's 'Fast Car' is purring nicely up the charts and sales have exploded (we're now over 300,000 in five weeks). All you have to do is look at the power and heavy rotations at radio and you'll have to agree we've got a very successful record here...GEORGIA SATELLITES' 'Open All Night'. By this time these cats should be all over your radio station with the great follow-up to their number one platinum selling debut album. Nobody rocks you like the Satellites and this record is gonna scratch its way right up the charts...10,000 MANIACS 'Like The Weather'. Some stations have now been playing this record for 15 weeks. On the other hand, some are just adding it. The album has now sold over 400,000 copies and is selling at a fever pitch. If you are considering it, I say pounce on it!...RAYMOND MAY 'Romantic Guy' is looking like it's going to rock its way right onto the radio. This tomcat can do it ... SMASHED GLADYS 'Lick It Into Shape'. What does Z-ROCK know that you don't? They know that Smashed Gladys works! They are five cuts deep and 'Lick It Into Shape' is one of the best tonguein-cheek tracks out there. Sally is one hot kitten, so don't delay, shove it in!...The SUGARCUBES 'Birthday'--watch out for this band. It will be selling in your market before you know it. The buzz on this band is huge, and those who are on top of it know this record will be flying out of the stores... FLOTSAM AND JETSAM. Can you say monster? Can you say mega? Can you say Flotsam And Jetsam? You will. This music will stand your whiskers on end."

SEAN COAKLEY, ARISTA (212-830-2178): "Once again, a big thank you to <u>Jon Scott</u> for bringing so many of us together for such a noble cause. The softball was killer. <u>Oedipus</u> could start at second for the Red Sox. And nothing could give us more pleasure than annihilating a classic rock station, 17-6. Live in the past and come in second. Anyway, Jon, you're a saint.*

JOHN SCHOENBERGER, RELATIVITY (213-212-0974): "My warmest congratulations to <u>Sheila Dubin</u> on her recent promotion to Uni Records. Sheila, if anyone has paid her dues and learned to go with the flow, it is you. I know that this is the beginning of you finally reaching all the dreams in your life. I say this with love and respect...P.S. To <u>Bill</u>: Good choice!!"

KENNY PUVOGEL, WARNER BROS. (818-953-3723): "VAN HALEN's 'OU812'!!! What a fantastic week at rock radio! We will have a fantastic week at retail also. Get ready, MONSTERS OF ROCK starts May 27th, and the tour is on its way to your city or near your city soon! If anybody from CHR Radio is reading, please take note that the requests for 'Black And Blue' are out of control! Last week, the national promotional staff had the privilege to see Van Halen's last rehearsal before the Monsters Of Rock tour kick off. All I can say is, get ready for one hell of a show. The new material from 'OU812' sounds phenomenal. A big, big thank you to Ed Leffler ... ROD STEWART's 'Lost In You' and 'Dynamite' both had phenomenal weeks at Rock Radio. Rod is back and he's rockin, and I know everyone of you agree that he made a great album!...Records that need your tender loving care and ears this week are as follows: 'Lookin' Out For Number 1' from HONEYMOON SUITE (CD pro is now on your desk); 'Blind' from the TALKING HEADS (sales are over 750,000); 'Skyscraper' from DAVID LEE ROTH (still on tour and knocking 'em dead); 'Glory, Glory'! from UNDERWORLD (tour starts this week); CHIEFS OF RELIEF 'Freedom To Rock' (check out the video, thank you KROQ); and a new record we shipped this week from LONGHOUSE, 'She Don't Wanna Go Home Tonight'. We will be shipping to you next week, 'I Want To Go To The Moon' from JOHN ILLSLEY, (bassist from DIRE STRAITS...Thanks to all of you for another great week at rock radio!"

PEGGY DONNELLY, ATLANTIC (212-484-6000): "I spent a few days in Dallas, Texas this week, visiting the coolest station in the world. Thanks Z-ROCK, for the red carpet (or cahpet as I say) treatment. DIRTY LOOKS spent three hours on the air with Boobie Bondage -- a treat for any red-blooded rocker! (By the way, Boobie, the guys send their love and, to Wild Bill Scott and Mad Maxx Hammer, their undying gratitude for being on it from the start with 'In Your Face'. The Z-Rockers have incredible style. Love those SODOM T-shirt guys. Dirty Looks played to a hot Dallas crowd--two encores, thank you! These guys are going to be soooo big! How big? Check it out for yourselves and play this record. Play 'Oh Ruby'! Play 'Cool From The Wire'! Also, check out the video this week on Headbanger's Ball! Dirty Looks are getting serious play on KNAC, KJJO, KSRS, KISS, WLLZ, KOZZ, WTPA, WEZX, KRZQ, WFYV, and this is just the start. TESTAMENT is obviously getting incredible response from Metal Radio. The band starts their U.S. tour in July and are really, really into doing some interviews. Right now, I'm on my way to the FREHLEY'S COMET party, which is followed by live performances by KING'S X and ZNOWHITE. Am I going to have the best night or what?...Closing note: Wild Bill for president!*

JEFFREY NAUMANN, VIRGIN (213-278-1181): "Music doesn't get much better than <u>STEVE WINWOOD'S</u> 'Roll With It'. (God, I'm sounding like a beer commercial). The full album comes in three weeks and every track is worthy of lots of airplay. So fasten your seatbelt and get ready for a long run with Mr. Winwood's ultimate veritable suckaahh of his career. The tour starts July 7th and runs through the middle of September...OK now folks, <u>BALAAM</u> is officially ready for your add, since you all now have the new 12" <u>'I'll Show You</u> <u>Something Special'</u>. show. I'll bet your phone lines explode. Early masters of the airwaves on Balaam include: WKLS, KTXQ, KLOS (and they didn't play the first one), WLLZ and KLAQ. This one's gonna be big...Now for something completely hip. It's CAMPER VAN BEETHOVEN's special edit 12" of 'Eye Of Fatima'. But don't stop there. Check out these cuts from the Lp. The instrumental 'Waka' (could this be the next Frankenstein), 'Life Is Grand', 'One Of These Days' and 'Turquoise Jewelry'. Hell, the whole Lp is killer. This one you'll even take home, you'll like it so much. Give Camper a shot. Some of your listeners are already familiar with these guys. If you're into music, I guarantee you'll be into Camper Van Beethoven. If you're not into music, I guess it's wait for the numbers game, like usual...Question Of The Week: Do you think people not playing ZIGGY MARLEY are smart?...To Jon Scott: Thanks for another great Enigma party."

LIZ BROOKS, RELATIVITY (718-740-5700): "Flow My Tears' by STUART HAMM! The CD single edit is on your desk now. More than JOE SATRIANI's bass player if you've caught Stu baby doing his stuff, you know that this is a talent not to be overlooked. If you lean to a fusion format, 'adult' AOR or even a 'Wave'-ster, I hope you are already on the 'Radio Free Albemuth' Lp. And if you haven't seen the edit yet, well, you can call...With the DANCING HOODS making a killing at the top of the alternative scene, it is time for you to give another listen to 'Rockets' and 'Torn Away'. This is a quality album of straight-up fresh rock: something everyone, their sister, and their programming philosophy can relate to...According to my Swatch, it's also almost time for Biff Bang Pow!"

PAMELA NEWMAN, ENIGMA (213-640-6869): "Karen Andersen called it 'the hook that will shake you senseless.' Dave Kane called it 'the hook that won't quit.' And unless your name is Rip Van Winkle, you probably know what they're talking about. HURRICANE's 'I'm On To You' hooks in another 17 stations this week as dayparts open up for those already on. New this week, singing 'Na na na Na na na' are KBPI, WEGR, WLLZ, WRXK, WHEB, KWHL, WMOD, KWLN, KWIC, WFYV, KATP and WQMF! Sales will be pushing 100,000 by the time you light your Memorial Day BBQ charcoall...By now you've heard it on the 6:00PM and the 11:00PM news. Rumors are flying commotion throughout the country--stories of tape recordings and legal documents. They're saying that ELVIS IS ALIVE !!! Could it be? Why, yes-it's VELVET ELVIS, of course! Winning the heart and airplay of WLVQ this week, 'Over And Out' is on WXRT, WKQQ, WLAV, WZEW, WLLZ, KTYD, WWWV and WHFS. Don't just touch it, play it!...There is no band making music today that deserves to be played on ROCK RADIO more than the DEL-LORDS, 'A Lover's Prayer', from the album, 'Based On A True Story'. This is the perfect summertime song if ever there was one. Mark the date--May 24, 1988 down in your calender--it was the night MELISSA ETHERIDGE stormed the Roxy-it will be a date you'll probably be needing to remember."

PENNY BARNES, RHINO/RAMPAGE (213-453-5529): "Once again, welcome to the wild and wacky world of Rhino Records. On this trip, we'll be exploring the new and exciting realms of commercial rock radio. Creative programming--what a concept. Exciting morning shows. Oh yes!!! And you too can discover exactly what it takes to become a promotional madman like our own <u>Dave Darus</u>. So grab grandma and the kiddies and hop aboard. Here we goooooooooo!!!!!!...When it comes to newly innovative and progressive music, we here at Rhino feel that we've had ears for years. Who else would be responsible for releasing artists like the <u>INTERNATIONAL</u> SUBMARINE BAND and <u>SAM SHAM AND THE PHARAOHS</u>??? Keeping in this tradition, we gladly introduce you to GOLDEN THROATS and ATTACK OF THE KILLER BIMBOS. Both Lps will equally challenge (or ruin) the ear, and stimulate the Great stuff to update and freshen your morning mind. approach...Additionally--in your hands this week, we have reserviced Rock Radio with ONLY CHILD's '1 Believe In You' on CD!!! Yeh!! This band is growing bigger and stronger each week, and we really must say a big thanks to those of you who have been willing to show some vision early on. For those of you who haven't yet heard, then you are missing a song that really, really will perform if given a chance. These guys are good! Shall I try great even??? Go back for that second listen. It is currently working at great stations like WYNF, WBAB, WLLZ, KDKB, etc. Call the neighbors, cuz this is one child that won't be only or lonely for very long. Please call me if you don't have any of the aforementioned, and I will get them right out to you...As for learning how to be like Dave Darus. Well, I guess that's going to have to wait until next week when I have more room. But, here's a tip: Always, always, stand on your desk when announcing an add (it's much more effective) and ring that bell, baby!!!...Have a great week!!!!!!

MATT POLLACK, RELATIVITY (718-740-5700): "I'm not real hip on cliches, humorous limericks or clever anecdotes, but I've got to share this analogy with people who've followed or supported the SATRIANI project. Ya know the story of the little choo choo train? Yeah, I know you know where this is heading, but damn if it doesn't apply. Six months ago, Joe Satriani was no less talented than he is today, just far less recognized. In that time, this format has embraced an artist and style that has filled a void left vacant since the likes of BECK and PAGE. The proof is in the pudding, the format works. It does break artists and certainly sells records. Over 400,000 in this case. Unfortunately, we are constantly inundated with a barrage of the hottest, new and upcoming. We've got a couple, we'd love to see them happen, but it's not always going to amount to that. Not everything has a platinum soul and will tear down a stadium filled with rampid and sweaty teens; otherwise, my job would be nebulous or I'd own the Bermuda Islands. Truth of the matter is I'm the first to scream, but I can speak for everyone when I say this is the only format I'd consider dying for. Enough of that. Joe Satriani's latest is an upper-demo pleaser. It's as moody as it is melodic and can cross the morning drive barrier. 'Always' will be on your desk shortly. He's on the road, due Southwest. Ya wanna do a phoner, ya wanna do a giveaway, ya wanna see my ugly mug, buzz me for the details and how to do so by avoiding the later option ... Finally, I'd like to take this opportunity on welcoming Mark Dyba aboard as our new Midwest regional promotions guy. I snatched Mark up from radio, down in Shreveport, LA (KTAL), alias Brian Miller. Mark's personal demeanor and savvy are a welcome delight and a fine example of the expanding strength of this label. Mark's voice will be easily distinguishable around MD watering holes, inasmuch as it is approximately 20 octaves lower than pubescent cries of the average promotion person."

CHERYL "JIM MORRISON IS ALIVE AND LIVING IN GLEN COVE, NY-I SAW HIM THERE" VALENTINE, METAL BLADE "Guess what? Us Metal Blade dudes are (212-645-6208): going to be keeping you all very busy over the summer. June highlights include an Ep from BANSHEE (an MO band that should become extremely huge--pay special attention to the tracks 'I Believe' and 'The Stranger' which are mega-metal ballads), a TARAMIS Lp (an Australian band who cite one of their influences as FATES WARNING), and, of course, the brand spankin' new DIRTY ROTTEN IMBECILES Lp, '4 Of A Kind'...If that's not enough to keep you busy, in July we are releasing a CANDLEMASS 12" (including a couple of 'Epicus' songs by MESSIAH), the new HERETIC Lp, the new HELSTAR Lp, the soundtrack to 'BLACK ROSES' (with Alex Masi and Co.), an ARMORED SAINT live Ep, and LEIGE LORD's first single off of their upcoming Lp, 'Master Control'. mind that all dates are tentative...Fates Warning and HALLOWS EVE continue their rampage on the metal echelons of the U.S. of A. Look for Fates and Hallows (separately) to hit Arizona and California in the first week of June and then some. Be sure to catch these shows so that you can rub it in to your friends that you saw this colossal event!! They indescribably rule!...You do realize that Fates are currently in the Top 3 of all the metal charts with da big wigs, don't ya? There's one simple reason for this. They're a majorly jammin' band with an intrinsically satisfying classic to their name and it's called 'No Exit'. I could just cry over how amazing Fates are...Those beer guzzlin' Georgia boys, HALLOWS EVE, are an experience and a half. If you pass on the chance to see them live and talk to them, then you are passing on an incomparably great time. They're a trip!...Anyhow, particular slaggings go out to Monte who keeps sending me smutty (and rather explicit) Faxs. Honestly, I never knew ya had it in ya, Monte...Special thanks go out to Chris and Jeff for not printing Caesar's dialogue last week. You spared us all an intolerable amount of agony...By the way, Steve and I are enjoying our recent bond. We like to stare bug-eyed (like Malcolm McDowell!! in 'A Clockwork Orange') at a TV screen with Morton Downey, Jr. on. The feeling of your eyes being pried apart is a vital part of married existence...Until next week, don't let your skirt blow up if you have blue undies on, and be on the lookout for me and Jessica Harley terrorizing the town and posing as the Dynamic Duo. My cape awaits."

DEBORAH KLINGER, APACHE (213-466-9958): "Apache staff overcome by toxic fumes!! Complete details on your phone lines'...What a week and a haif! Those of you fortunate enough to have your regional reps screaming into your ears 'Can you hear me?! Our roof is being fixed and we can't hear a thing and all this dirt and glass keeps falling on our desksl' have an inkling of current life at Apache. Then Monday AM, 40 gallons of ammonia leaked into our air, and the rest is history. C'est la vie! Of course, between roofing hell and toxic leaks, the Rock 'N' Bowl served as a great sanity saver! I had fun, even though I've been walking lopsided for the past 3 days-bowling shoulder. Great finally meeting Nat Lamp, trying to be witty for Charlie Logan, and tracking down Tim Parker's red snakeskin boots! I, too, would kill for Marko's GUNS N' ROSES jacket (see comments by Steph and Jen)...Many thanks to KLOS and WSHE for going PRIMITIVE this week! YEAH !! You can be a SAVAGE, too! Do that primitive thang!"

DONNA GEISINGER, PASSPORT (818-500-7677): "I think I can safely say that a good time was had by all at the Rock 'N' Bowl this Saturday, and of course, it was for a great cause!! Thanks to Patty Martin for taking time out from her vacation to have lunch with me. I've eaten enough sushi for a month!! Amy was out and about with that 'official photographer' look to her and Mr. DiDia was ever present, as always, when the rockers come out at night!! It was great to meet everyone, including <u>Slats--WHTQ</u>, Jeff Reidel--KKDJ, Charlie Logan--WYNF, Tim Parker--KNCN, and more. And to see all my old friends as well. I can't wait for next year!!...Thanks also to John Schoenberger at Relativity for lunch two weeks ago. It was delicious!!...Don't forget <u>LESLIE WEST</u>, out on tour 1st week of July, and the <u>WILD SEEDS</u> start the western leg June 5th in Amarillo...See ya."

MONTE CONNER, ROADRACER (212-219-0077): "Check your mailboxes for <u>GANG GREEN'S</u> god-like version of the previously uncovered (I think) <u>LED ZEP</u> classic, <u>'Living Loving Maid'</u>. Trust me dudes, and assorted nonentities (Megadon, I just ragged on you), it rips!!!! More record company hype? Hey, the proof's in your grubby mitts. 'Living Loving Maid' a la Gang Green. Play it to death or I'll mail a photo of

<u>Chervl Valentine</u>. Yuckl It's your choice: Gang Green or regurgitation."

COLEEN BAXTER, SST (213-835-8977): "DAS DAMEN: #17, Rockpool--#24, CMJ--#45, Gavin...'On the first day, God said, 'Let there be light.' And on the second, God said, 'Let there be water.' And on the third, He said, 'Let there be rock.' So He invented big amps, big drums and big hair.'--Lyle Hysen, drummer, Das Damen. 'Hey, we all like Alan Alda. We're rock and roll Alan Aldas.'--Alex Totino, guitar, Das Damen. 'We used to be a skiffle band.'--Ph. Amadeus Totenhosen, bass, Das Damen. 'We come up with ideas for TV shows all the time. Like our own <u>MONKEES</u> or something. We're talking about doing an Ep with half music, half comedy.'--Jim Walters, guitar, Das Damen...The band: Das Damen. The album: '<u>Triskaidekaphobe</u>'. The hit singles: '<u>Reverse Into Tomorrow'</u> and '<u>Spider Birds'</u>."

STEPHANIE AND JENNIFER, APACHE (213-466-9958): "Yes, we attended the T.J. Martell Rock 'N' Bowl Saturday evening, and it was great! Well, what we can remember of it--just kidding. It was fun seeing all of our favorite industry friends! Sam Calle, we love you! Andy, too. Marko and Christina (Geffen) were wearing the COOLEST GUNS N' ROSES jackets! Any extras? Missed Kid Leo. Couldn't find Kelly Cluque (KCAL), or Sue Frey (WAOR). Where were you? Found Jim St. John (Bobo the Magic Clown) KTYD. After the Rock 'N' Bowl, we proceeded to crash Atlantic's exciting party at the Sheraton Universal, where we had fun hanging out with Sky Daniels (KFOG--interesting man), Patty Martin (KSJO), Paul Yeskel, Ronnie Raphael, and everyone's favorite nasty guy, Tommy Nast. He looks so cute without the beard! We met Robert Tepper (charming), and someone has an interesting fascination with blowup dolls! You know who you are! Thanks for the great time, Mr. Bush!...But back to the phones! JOHN BRANNEN is gaining momentum! Thanks to all our supporters. Till next party--see yal*

VICTOR S. LENTINI, PASSPORT (201-753-6100): "Hey, we're still here, so just relax. Those nutty WILD SEEDS take to the road again! 'Mud, Lies And Shame' lands in Santa Fe, Phoenix, San Diego, Santa Barbara, Eugene, Seattle, Vancouver BC, and many more to follow. If you have a jazz show and you're not playing the <u>RIPPINGTONS</u>, you're crazy. #1 R&R, #8 FMQB, #3 Billboard, I mean c'mon...If you play 'Tangerine Dream', you certainly can play this excellent CD from EXCHANGE, (a personal fave) two stylin' gents from the great white north who know how to soothe the mood...I had a great time at the Rock 'N' Bowl. It's the first time I'd seen Sky Daniels since his Chicago days. Sky, what's the deal, are you still growing?...Passport is here to stay. Keep in mind these names in the future: NRG, THE BONGOS and PERFECT STRANGERS...Until next time, keep tippin' your garbage collector."

MICHAEL J. SCHNAPP, S.P.V. (516-783-3040): "BOLLOCKS! Yeah, I said BOLLOCKS! (not Jim J. Bullock) THE BOLLOCK BROTHERS. The Bollock Brothers bought you the song 'Horror Movies'. Now it's an entire Lp, their first domestic release. Jock (Jimmy Lydon) McDonald's British strangeness is a refreshing jolt (not cola). The album is getting good initial response and I'm happy! Check out the 12" of 'God Created Woman' (Berlin's 'Sex', (a mutation of) and, of course, the ever memorable 'Harley David' (Son of a Bitch). Also in our hands with the BOLLOCKS, are THE RAYMEN. A CRAMPSlike band from Germany rippin through 17 songs including a cover of the song IGGY did-'Real Wild Child'. Also check out 'Powder & Lipstick', (POISON did, HAI). Speaking of Metal, those metal thrashing Germans, SODOM, will be headbanging in the U.S. real soon. Starting June 16, Sodomania will shake up the following areas: Rochester, Long Island and Brooklyn, New York--Essex, MD--Roanoke, VA--FL--Tacoma, WA--River Grove, IL--Detroit--Tampa. Cincinnati-Toronto and more. Let's do some cool promo Also, remember the rest of the around the tour, OK!

<u>STEAMHAMMER</u> metal, <u>DESTRUCTION</u> and <u>SATAN</u> (Dumb name, Cool band). Keep 'em going...P.S. Saw <u>AC/DC</u> and <u>L.A.</u> <u>GUNS</u> last week (again), this time in the fine company of Profile's <u>Chris LaSalle</u>, Polygram's <u>Tim</u> (I don't look like <u>STING</u>) <u>Hyde</u> and Atlantic's <u>Bruce Reiner</u>. Highlights were Sting uh, ah, Tim trying (unsuccessfully) to bum a beer off of some wasted dudes in the parking lot, and the Bud bottle fight (Nicel). Low point, being harassed by Jersey City cop/stormtrooper, for buyin' Dunkin Donuts! Remember, 'Get your friends, Get in your car, and GET OUT OF HERE!' Nice."

"This MICHAEL LINEHAN, REPRISE (818-953-3750): Thursday, June 2nd, you will be receiving the new CD pro of 'This Note's For You' from NEIL YOUNG. It's a full-length version taken from his April 13th show at the Palace in Los Angeles. This CD also contains a 3:15 edit as well as the Lp version. A third of album radio is already playing this track from the Lp and now that 'Ten Men' has peaked for most people, we are going after it as our emphasis track. Also on your desk now is the CD remix of 'Fall Down (Like The Rain)' from the MIGHTY LEMON DROPS which is a great rock and roll song. 'Inside Out' created a buzz on this band and established a mainstream base, in addition to being a Top 5 alternative cut. I know there are a lot of releases lately, but don't overlook this track. To those of you who have been listening to this cut recently, and you know who you are, how about giving these guys a shot? We need to break this act since it's apparent we can't fall back on a career in professional bowling."

"With so PHILLIP HARDY, MEGAFORCE (201-254-6533): many wanna-be-rockers out there now dog-fighting for a slot on the album rockers of America, where is one to turn for the guaranteed correct maneuver? You turn to the proven, the chosen, the elite. I'm not talkin' the U.S. Marines here, baby, we're talkin' 'bout ACE FREHLEY. The impact this individual has made on the rock world in the past 15 years has been tremendous. His future legacy will span decades; case and proof in point: Behold the tremendous style similarities in the new POISON and old KISS. The artificial reproductions abound, but there is only one original, and you can't fool the kids. The new Frehley's Comet is an automatic in this world of retreads. If a doubt remains, give it a test, let your audience voice an opinion. The single: 'Insane', the album 'Second Sighting', the band: Ace Frehley's Comet...Also, a word for the faithful: KING'S X were brilliant Sunday in their first arena performance as special guests of ROBERT PLANT. This band WILL be huge."

COMBAT (718-740-5700): "The buzz on MEGADON, IMPELLITTERI is immense and if all goes well, I should be mailing the Lp out around the time you read this. <u>'Since</u> You've Been Gone' is the obvious choice, and it's much more raging than the original. Don't stop there, though. Lend an ear to 'Tonight I Fly'. This song returns me to the days of my youth (and death metal had not yet been invented)-brilliant chorus, it sends shivers up my spine, and Graham Bonnet's never sounded better...Dust off that VIRUS album and give it another shot-seems there's a U.S. tour in the works. Pay special attention to the title track and 'No Return'. For a special shot of joy, check out the 'hidden' bonus track at the end of Side Two. You'll die when you figure out what it isl...In case anyone's interested, the 'Three Stooges In A Hyundai Amusement Park Wooden Roller Coaster Weekend Tour 1988' began last weekend at Rye Playland and Coney Island Future stops this summer include: Astroland. Great Adventure, Kennywood Park (with the #2 rated coaster in the world), Kings Dominion (see you June 10th weekend, Dewey), Le Rone (Montreal--it's got the scariest looking wooden job I've ever seen anywhere), and hopefully Disney World. Hope to join a lot of you people when I'm in the area. Later.*

CONCRETE MARKETING (212-645-1360): DEREK SIMON, JUDAS PRIEST is burning up the airwaves and the phones at hard rock radio with their thirteenth offering, the mighty 'Ram It Down'. The title track will work for all you thrash mavens while the rest of the album is packed with solid radio tracks for those of you with a tamer approach. 'Love Zone' and 'Come And Get It' seem to be early favorites. Fill me in on what's working for you ... FIFTH ANGEL are still shaking the airwaves a solid ten weeks after they first came your way. If you're lacking a CD, just give me a buzz. The band is available for IDs and phone interviews, so let me know if you need. Look for 'The Fallout Tour '88' coming your way soon...And at long last, look for the first CD single from the debut album by BRITNY FQX to be on your desks Friday. 'Long Way To Love' is going to set your phones on fire. You'll be impressed by these guys. Britny Fox has got the poise, the looks and the tunes to make them the hard rock success story of 1988. Come on along for the ride. Bye."
