AND THE

## "SOMETHING TO LIVE FOR"

"Something To Live For' from Barney Bentall was the surprise of 1988 in Canada. Look out, this guy will be a legend!" - Andy Frost/Q107

"Barney Bentall is a striking new artist with a sound somewhere between the Young Rumblers and the E. Street Band!" - Tim Jeffreys/KSJO

"Barney's hot! This is an instant add! Undeniably hooky rock and roll, down to earth with a touch of social relevance. 'Something To Live For' is definitely something to listen to!"

- Mark Vaughn & Steve Funk/KOZZ

"It's a real positive song that's starting to come through for us. If Springsteen, Mellencamp and Bryan Adams somehow have a mutual distant relative, he is Barney Bentall!" - John Hager/WGR

"Barney Bentall and the Legendary Hearts could definitely pin down Rookie Of The Year honors here in the U.S.A. This band may become legendary over a period of time and with a fine, strong effort such as this, success doesn't seem too far behind for this young Canadian band!"

- J.D./WONE

"Add another hot, new exciting Canadian rocker to the music scene. <u>Add</u> of course being the operative word. Barney Bentall conjures up vocal images of Springsteen and Mellencamp but packs it with a powerful punch of his own!" - Pam Brooks/WPDH

"Barney Bentall grabbed my attention on the first listen. He's got a good new sound that's very distinctive!" • Mike Stewart/WIMZ

## SURE SHOTS

#### BLUE MURDER, "VALLEY OF THE KINGS", GEFFEN

As bandleader John Sykes put it, "I'd have to have been unconscious to go through what I have and not learned from it." Sooo, what's John been through? Oh, just 3 years apiece with Thin Lizzy and Whitesnake, including the latter's multi-platinum 1987 album. And when Sykes teams up with bassist extraordinaire Tony Franklin (Jimmy Page, The Firm, David Gilmour, Kate Bush), and influential drummer Carmine Appice (Vanilla Fudge, Rod, Jimi, Beck), you get a hard rock supergroup for the '90s. Wall-of-Marshalls, bodacious set of "na-na's" and a "Still Of The Night"-like instrumental break are all cemented together by Captain Crunch Bob Rock's magnificent production. A Pure Rock epic, or as KZLR's <u>Malcolm Ryker</u> pegs it "another Geffen master blaster".

#### KINGDOM COME, "DO YOU LIKE IT", POLYDOR

They may have taken the grand prize in last year's Son Of Zep sweepstakes with their platinum plus debut, but with this record it's clear they've come into a kingdom of their own. Eight months on the road (with a cumulative audience of 1.5 million) has accelerated the growth process for these guys. Their songwriting is solid and assured, the production (thanks to Keith Olsen) is clean and almost live, and the all important chorus is your basic Benz. There's no way any living, breathing rocker won't succumb to this track's double hook, wiry riffs, and anxious rhythms. Will they like it? Shit yeah!

# Pabulous Inumerbirds

#### FABULOUS THUNDERBIRDS, "ROCK THIS PLACE", CBS ASSOC.

America's house band serves up another powerful cocktail, Chuck Berry-style. Produced by Terry Manning, The Fab T's get the joint jumpin' with a relentless backbeat cloaked in fuzztone and played with the loose, feelgood charm that has become their hallmark. There's always room for potent roots-rock played by pros, and we'll bet this one gets 'em shakin' n' shimmyin' in the office, in the car, at home ... around the clock. The Bird is the word. Jumpin' on early are KUPD, KILO, KWIC, WGIR, WGR, WXLP and 3 more.

#### JOE JACKSON, "NINETEEN FOREVER", A&M

Look sharp, friends, it's the record you've been waiting for him to make, a song that shows off Joe the eclectic artist, Joe the uncompromising musician and yet it's as commercial as anything he's done. Three years in the making, this adult-oriented, Motown-flavored monster has the credibility, texture and hip factor to make it his biggest since "Steppin' Out". <u>Russ Mottla</u>, WIYY declares "Joe's back with a song that won't disappoint the old fans and is sure to break in a whole bunch of new ones." And The Jumpin' One feels it's "probably my best yet -- and I hope radio likes it, because I don't think I'll get any closer to what they want". More than close, this one's on the mark with 39 adds and a 57\* Hot Trax debut <u>before</u> its official release.

#### JOE SATRIANI, "ONE BIG RUSH" ("SAY ANYTHING" OST), WTG

Outside of a few notable exceptions, the door has remained firmly shut at AOR to instrumental rock. Until Satriani. And while much has been said about his precision playing, space-shuttle speed and distinctive technique, it's been the hook-crazy <u>songs</u> he's crafted that have earned Joe his airplay berth. Those are the active ingredients here, songmanship and 6 string sizzle. As <u>Tim Jeffreys</u>, KSJO told us "The title sez it all. Immediate phone response as this soundtrack smoker keeps the Satriani legend alive". Ditto from <u>Tom Scheppke</u>, KISS "The new Satch is another screamer". On KGON, KAZY, KILO, KFMG, KZEW and WGIR.

#### THE CURE, "FASCINATION STREET" (EDIT), ELEKTRA

Don't under-estimate their expanding base (their last album, a double pocket \$13.98 list, went Gold and the one before that moved 1.8 million, while the last Cure tour soldout 18,000 - 20,000 seat venues in nearly every major city in America). And don't think they're not "right" for AOR. KTXQ, KLOL, KBPI, KBCO, KOME, KRXQ, WLAV, WBRU, WCCC, WPLR and KFOG are just a few of the majors who had success with The Cure in the past. This bewitching, progressive standout from the "Lost Angels" soundtrack soaks up 18 early adds (KBCO, 91X, WDRE, WWTR, WBRU, KRZQ, WHFS, WFNX), and 7 instant Top 5 phone locales. KBCO's <u>Doug Clifton</u> states, "Fascination Street' has been getting immediate response with a sound that harkens back to the older days of The Cure." Their spot in the majors is just a shot away.

#### THE CULT, "SONIC TEMPLE", SIRE/REPRISE

The flame-throwing leadoff is burning up every stat in the book. Following last week's #1 Most Added hurrah, "Fire Woman" reaps 37 more (that's 170 adds total), pulls in the week's most play hikes (27), ignites Top 5 Requests at 42 reporters (for a scalding Most Requested debut at #2), and rips 23-12\* Trax. The radio rap is equally hot: <u>Anthony Alfonsi</u>, WDVE "What everybody had hoped for and more"; <u>Tom Scheppke</u>, KISS "Already the most requested new song after only one week" and <u>Dayna Steele</u>, KLOL "Stays Top 5 phones out of the box". Exploring every hook and cranny, The Cult have created a multi-layered melodic tour de force that just happens to be in the hard rock genre. We strongly recommend immediate back-up play on "American Horse", "Sun King" or "New York City". Then be ready to roll future crossovers "Sweet Soul Sister" and "Edie" when the time is right. Beyond expectations.

#### STRAY CATS, "BLAST OFF", EMI

While "Bring It Back Again" enjoys success at 31\* Trax, any Top Cat will tell you the real deal on this reunion disc is one delirious ditty called "Gene And Eddie". As the title implies, it's a tribute to Rockabilly architects Gene Vincent and Eddie Cochrane. "Be Bop A Lula", "Summertime Blues", "Race With The Devil", "20 Flight Rock", "Blue Jean Bop", they're all woven together the way only the Cats can. Rockabilly on 45 it ain't. FMQB also recommends "Rockin' All Over The Place", "Everybody Needs Rock N' Roll" and "Gina". Brian, Slim Jim and Lee rock it up and do what they do best, with dexterous studio guidance from Dave Edmunds.

## HOTTEST NEW TRAX

#### CONCRETE BLONDE, "GOD IS A BULLET", I.R.S.

Wondering whatever happened to the El Lay trio that gave us "True" in early '88? Wonder no more, they're back and rockin' with this bad ass burger. Johnette Napolitano sneers and pants the words and by the instrumental break, the band sinks into a wonderful groove and some twisted guitar. Now rockin' on KUPD, KROQ and KEDG.

#### DR. JOHN, "MAKIN' WHOOPEE", WARNER BROS.

Get your brushes and brass out, baby, becuz 2 great singers, Dr. John and Rickie Lee Jones, are perched at the piano bar for a Big Band rendition of this slinky standard. Hey, we don't expect Z-Rock OTB, but the Doc's in the right place for eclectic stations and specialty shows. Too cool for school!

#### <u>PETER CASE, "PUT DOWN THE GUN", GEFFEN</u>

The ex-Plimsouler is on the Case once again. Peter's inaugural solo effort won him scores of fans in critics' circles, and his relentless touring solidified his cult status. The poignant "Put Down Your Gun" merges folk-rock sensibilities with an eighties urgency, and the result is as stimulating as it is refreshing. Early bird starts at KBCO, KBLE, WHFS, KTCL, WHFS, KFMU and 4 more.

## DEPTH TRAX

#### LOU REED, "BUSLOAD OF FAITH", SIRE/WARNER BROS.

Lou's high profile these days, thanks to the critically acclaimed "New York" album and "Dirty Boulevard", his most radioactive track in years. The similarly styled follow-up exhibits some nifty "Sweet Jane" licks and Lou's hard hitting observations on life in the ugly city. And doesn't the band cook up a bitchin' rock 'n roll stew? WNEW, KILO, KZAP, WLAV, WDHA, KRXQ, WBRU, WHFS, WRCN, 91X, KEDG, WDRE and 8 others are already on the "Bus", bowing 90\* Trax.

#### VIXEN, "LOVE MADE ME", EMI

One of the bigger rookie success stories of last year continues to dress to impress in '89. The album's over 650,000 units and still very active, and the outstanding feature of this debut disc is the qualitative depth. Another blue chip rocker, "Love Made Me", pops on KJOT and KRZQ.

#### THE THIEVES, "BLACK LIPSTICK", BUG/CAPITOL

The Thieves crank out another premium rocker with the title track follow-up to "Everything But My Heart". The band leaves the edge on once again, but spices up the tempo and pacing with some hot bluesy guit licks. Don't let this one get lost in the glut, it's a contendah!

#### IN TUA NUA, "SEVEN INTO THE SEA", VIRGIN

This emphasis track from "The Long Acre" album has a progressive posture along with an Edge-in-each-speaker guitar assault. They're one of those rare bands that can incorporate a violin into a rock song and make it work. An interesting and exciting track that's both energetic and atmospheric.

#### METAL MONSTERS

#### BLUE MURDER, "VALLEY OF THE KINGS", GEFFEN

To say that we've been anxious to hear this is the understatement of the year! Boy, it certainly was worth the wait. As you know, John Sykes was a big part of the musical genius heard on the last WHITESNAKE album, now he teams up with veteran drummer of many wars, Carmine Appice and ex-FIRM bassist, Tony Franklin. "Valley Of The Kings" is loaded with booming production, red hot riffing and those subtle nuances that Mr. Sykes has become famous for. It's no surprise that John's vocals are top notch, nor will it be a surprise when this record is hangin' on our walls in platinum form. Awesome!

#### BLACK SABBATH, "HEADLESS CROSS", I.R.S.

They're back and stronger than ever! BLACK SABBATH, the perenial fore fathers of heavy metal are ready to reclaim their throne. Tony lommi joins forces with drummer extrodinare, Cozy Powell and Tony Martin, the hottest new vocalist in metal today. Sporting a sound that mixes "Heaven & Hell" with their last effort, "Eternal Idol", "Headless Cross" is a journey into the heavyness that is **BLACK SABBATH.** Time to re-crown the kings!

#### KINGDOM COME, "DO YOU LIKE IT", POLYDOR

After last year's overwhelming success, the Monsters Of Rock tour and subsequent media exposure, KINGDOM COME is out to prove that it was no fluke. "Do You Like It", the lead track from their sophomore release "In Your Face" is much more rockin' with no comparisons necessary. Lenny's vocals are right on the money and with that ready for the road rhythm, how can it miss? The answer is yes, we like it...alot!

#### THE CULT, "SONIC TEMPLE", SIRE/REPRISE

If there was ever a band ready to fall into the bigtime, THE CULT is it. From the opening riffs of "Sun King", you can just feel what a treat you're in for. "Sonic Temple" is noholds barred, forget the fluff, straight ahead, balls out rock n' roll. Producer Bob Rock once again has taken a great band to the next level. Cuts we like include "Edie (Ciao Baby)", "Sweet Soul Sister", "Sun King" and "Soul Asylum". Hey, Linehan, since we're talkin' leather jackets, he's a 44 regular and I'm a 46 regular. Thank you!

#### CHASTAIN, "WITHIN THE HEAT", DAVID Τ. RC/ROADRACER

If you play as much air guitar as we do, you've probably tried to cop the licks of one David T. Chastain. As a soloist, Dave can pick it with the best of them. We couldn't agree more. The tracks we're jammin' to are "Excursions Into Reality", "Dangerzone F107", "Within The Heat" and "ZFUNKNC".

## MENTORS, "SEX, DRUGS AND ROCK & ROLL", MEDUSA/EVER RAT

Let's see, ya' got Sickie, El and Zippy. Not exactly "My Three Sons" or the Brady boys, but hey, it's the 90's and it's rock & roll. After listening to the lyrics, we've come to the conclusion that these boys may be sicker than us. This record's about as raw as a vulture's dinner, but we like it anyway and it's currently background music for many of our home videos. Songs we be sayin', "Oh, my god" to are "Macho Package", "Every Human's Gotta Have Sex", "Woman From Sodom", "Police Hotel", "Going Through Your Purse", "Golden Shower" and "Can't Get It Up". Hell, play them all! Kudos for the happenin' cover art, too!

CONCRETE FOUNDATIONS: Surprise, surprise! The METALLICA boys have made a return placement to the #1 position from last week's #4. Check out the new CACOPHONY on Shrapnel records, talk about splash!! Debuts at 20 on the Top 30, #4 on the Top 5 independent, and it makes this week's Blockbuster of the Week, too! DORO's new piece, "Force Majeure" also makes a first appearance on the Top 30 along with W.A.S.P.'s "Headless Children". Both new projects should do real well judging from the buzz preceding both releases. DOGS D'AMOUR, KIX and TNT all make returns to this week's chart at 30, 28 and 23 as you can well enough see. Shaker of the Week goes to the one, the only, THE CULT!! Their new release, "Sonic Temple" should be hitting the streets sometime during the rainy month, so stay tuned! Ciao, Babes & Boys! - LISA PROSPER - CONCRETE MANAGEMENT.

#### DOWN AND DIRTY ...

This week we are honored to get Down & Dirty with the original "Masters Of Reality", BLACK SABBATH! Joining us this week are two of metals biggest legends...Tony lommi and Cozy Powell. The Sabs are born again with a new Lp on I.R.S. called "Headless Cross". So tell us auvs...

MD: How did you strike up your relationship with I.R.S.?

Tony: Our manager felt that Miles Copeland felt the same way as we did about the music and doing a Black Sabbath album as opposed to doing 3 singles like the other record companies do.

## METAL DETECTOR

Continued From Previous Page

**Cozy:** I think Sabbath needed a change of labels. The last album was put out and forgotten about which is a real shame. Tony and everyone thought it was time to make a break. We're moving to a company that really believes in the band. We just wanted to get on with it and make a proper Black Sabbath album, which is what we've done. I.R.S. let us make the album our way. There was no interference. It's very unusual, but I think it's a great attitude.

## MD: Since this is the first time you've worked together, can you explain the song writing process?

**Tony:** How it started was Cozy had the drum riffs and we got together at my house and we worked on it and it all came together.

**Cozy:** The basic thing was when Tony and I got together was that we start totally from scratch. Tony probably has about 200 riffs on various bits of tape. What I did was wade through all the tapes and picked out the gems. I had some ideas of my own and we just got together and made sure they'd work. Most of the tracks on the album came from that start. Then Tony Martin came in and wrote the lyrics. It was a collective effort.

#### MD: Is Tony Martin responsible for all the lyrics?

**Tony:** Yeah I think he was. We sort of chimed in with a few little suggestions here and there.

**Cozy:** Tony actually wrote some stories. He just didn't come up with the old cliche devil stuff. If you listen to the lyrics on each track there's a story. Some have to do with ancient rituals and magical conotations. Other things are about Headless Cross which is an actual place. It's an old place in Birmingham. There's a lot of folklore surronding this place. Cemetaries and graveyards and all that. He's gotta be the best young, new singer I've heard in rock in the last 10 years.

### MD: This album seems to capture an older Sabbath feel. Was this intentional?

Tony: We think it's a step further. "Heaven And Hell" was the classic for us for a long time and we feel this is the next one. It's almost an extension of "Eternal Idol".

**Cozy:** I think the "Eternal Idol" thing was again a problem. There were personnel changes and three different producers and although it was a very fine album, there wasn't a very cohesive unit there. This time we have that. Tony and I were going to do this a long time ago. I'm very delighted to be in this band. We feel we now have the lineup to Sabbath back at the top again.

### MD: It's hard to believe that you've been friends for so long and not worked together.

Tony: Well I've been trying to get Cozy for years but different contractual things kinda stood in the way.

**Cozy:** I was in a warm-up band years ago called Bedlam that supported Black Sabbath in '73. It's only because of the problems of the past. Either I was in another band or Tony was happy with his drummer at the time.

#### MD: How about touring plans?

Tony: The plan was to get the record completely finished and happy with it. Now we'll start rehearsals.

**Cozy:** I'm not sure when the first date will be, but we will be touring the States sometime in the next three months. When we know the dates will ring you up.

#### MD: Will there be a video?

Tony: When we get back to England we'll be looking over some story boards.

**Cozy:** We also want to make a video that's different. There seems to be a lot of posing going on. We want a video with a story. Nothing corny, just a good Black Sabbath video.

#### MD: What's been your wildest backstage moments?

Tony: I remember one with Ozzy. We checked into a hotel and Ozzy wasn't feeling well so he went to his room to lay down. The maid was in there, so he went into another room and of course he didn't tell anyone. It came time for the show that night, and we couldn't find Ozzy. We had the police looking, it was all over the radio and TV. Still no Ozzy. Finally we had to cancel the show because we couldn't find him. The next day he woke and said "What's happening, what's happening."

**Cozy:** Most of mine revolve around Richie Blackmore. I did a show with Rainbow and he decided to play with his back to the audience. I asked him about that and we had to be pulled apart by the road crew. That was great. There's so many jokes and things.

MD: In your opinion, who is the Anti-christ?

Tony: I don't know. I guess Ozzy's right up there.

Cozy: With Richie Blackmore a close second.

MD: What's the best line you've ever used on a stewardess?

**Tony:** Do you want to go to the show? I don't know. That's Cozy's thing.

**Cozy:** I tell ya what, I wouldn't tell you what it is 'cause it's so good everybody would be using it. I'll tell you this, it hasn't failed me yet. Got out of that, didn't I.

## MD: What frontiers are left for BLACK SABBATH to conquer.

**Tony:** Everything's all new. New company, new management and a new band. We're ready to get back out there and play. We've got a great combination of experience and with Tony Martin being such a great singer, it's just a fantastic band. I think the kids will be very pleasantly surprised. There's nothing more dangerous than an experienced underdog.

**Cozy:** For me, getting in the band was something I've been looking forward to for a long time. I think a lot of people may have written Sabbath off because the line-up has been so unstable in the last couple of years. Tony and I have both been to the top and we want to start again and make it big, like Sabbath was in the '70's, I think that will be enough reward. It's a brand new band and if we can put Sabbath back on the map, that'll give us more satisfaction than money. Well, almost.

Thanks to Tony & Cozy for spillin' the dirt on what we can expect from BLACK SABBATH. Also, thanks to Dr. Barry Lyons from I.R.S. for hooking us up. Next week's victim is still up in the air, so we guess you'll just have to hold your breath, just like us.

### STUFF YOU SHOULD KNOW ...

\* Congrats to new WHITESNAKE guitarist Steve Vai and his wife Pia on the birth of their new baby boy.

\* Like we told you last week, a new Lp is due soon from a new anti-drug organization called the "Make A Difference Foundation". The foundation was founded by rock manager Doc McGhee, and will include contributions from his roster

of artists. Set to appear on the record will be tracks from BON JOVI, MOTLEY CRUE, SKID ROW and possibly the SCORPIONS. OZZY OSBOURNE has also been confirmed to contribute to the album. The record will consist entirely of cover versions of songs by artists who died from drug and alcohol addiction. BON JOVI will donate a version of the THIN LIZZY classic "The Boys Are Back In Town", OZZY will do "Purple Haze" and CINDERELLA (who will also appear) are doing a JANIS JOPLIN cover. All together 12 tracks will most likely appear, with all proceeds going to the anti-drug foundation. There is also talk of a possible live show featuring some of the artists included on the record. The record is due out this Summer. More details soon.

\* OZZY OSBOURNE will begin a second leg of his "No Rest For The Wicked" tour in June. The tour will be concentrated mostly on the East Coast and will feature WHITE LION and VIXEN as opening acts. The new WHITE LION Lp, "Big Game" will be out in early June. The band was recently nominated In five different categories in this year's New York Music Awards.

\* The first ever MTV Headbangers Ball tour kicked off last weekend in Seattle. The tour headliners, ANTHRAX have just shot a new video for the track "Who Cares Wins" from "State Of Euphoria". The video, like the song, will touch on the problems regarding homeless people. All the final footage has been filmed in New York City. EXODUS and HELLOWEEN are joining ANTHRAX on the tour. EXODUS also has a new video for "The Toxic Waltz" from their new album "Fabulous Disaster", while HELLOWEEN will release a new live Ep to coincide with the tour.

\* ALICE COOPER has taken time out from recording his new Lp to sing some vocals on the forthcoming ICON Lp. The ICON album will be titled "Right Between The Eyes", and is due out in June.

**"STRANGER THAN** 

to a funky Art Of Noise. Check out "Einstein", "But Whitey" and "Dream World".

#### BOXCAR, "FREEMASON", NETTWERK

## NEWS YOU CAN USE

HORIZONS

A VERY ENJOYABLE EVENING OF MUSIC is currently winding its way across the country these days. The bill features LEO KOTTKE and LYLE LOVETT singing, talking and being just wonderfully entertaining. The tour is intended to support new releases from both artists; but until now, only Lovett's has been available. April 18th is the long-awaited arrival date of Leo's third Private music album, "My Father's Face." Some of the tunes have been featured in the latest live shows and it's a real treat to have cuts like "Jack Gets Up" in your very own home to be listened to again and again. Produced by T-BONE BURNETT, Leo's accomplished solo guitar style gets subtle accompaniment from timpani, xylophone and accordion here and there. The album offers a roughly equal mix of instrumentals and, for the first time in quite a while, vocal tracks. The most enjoyable of the former are the jazzy "My Aunt Francis", or the more trademark sounds of "Times Twelve" and "William Powell." Of the vocal tracks, the aforementioned "Jack Gets Up" finds a plodding guitar line evoking images of someone trying to wake up as Leo accomplishes lyrically in the song, what he does so well on stage between songs: using the very texture of words, with phrases that repeat and turn in on themselves. He is not only a great guitarist but a great wordsmith. "Back In Buffalo", another fine vocal track, features a soft military snare motif and one of the wildest guitar solos on "Doorbell" and "Why Can't You Fix My Car" help to tape. round out an exquisite album, possibly his best in recent vears.

THE CHICK COREA ELEKTRIC BAND is giving GRP more spin-off projects than Norman Lear's sitcoms gave 70s television. Aside from Chick's subset AKOUSTIC BAND, and solo work from JOHN PATITUCCI and DAVE WECKL, we have the music of ERIC MARIENTHAL whose second solo work, "Round Trip", is just being released. The reedman has already proved his abilities under Chick's wings and so, on this new project he lets loose a little more than he would with the Elektric Band. In fact, this could even be seen as an Elektric band reunion with Patitucci manning the boards and bass, while Weckl trades off with JOHN ROBINSON behind the drums. Elektric guitarist FRANK GAMBALE contributes a composition; and leader, Corea, adds his touch to "It's Better Than Nothing." Other notable players include MITCHEL FORMAN and ALEX ACUNA. To maintain the "up" feeling and driving R&B feel much of the album has, many of the tracks were laid down live in the studio as a whole band. While the bulk of the album was composed on the road by Patitucci, with occasional help from Eric, DON GRUSIN contributes the polyrhythmic lines and catchy melody of "Afrique", and singer LOU PARDINI wrote his own vocal vehicle "I'm Gonna Wait On Your Love", with its strong crossover potential. Also notable is "Reunion", which borrows from the critically acclaimed "Le Mystere Des Voix Bulgares, Volume II.

AMONG THE VARIOUS FACETS WINDHAM HILL projects in its image is the cross-pollination of artists. The musicians release solo projects, produce other artists' albums or collaborate on other artists' projects forming groups that co-exist with solo careers. All manner of creative juxtaposition occurs at the label. And MICHAEL MANRING has been a central figure in much of that, working with founder WILLIAM ACKERMAN, DAROL ANGER, MIKE MARSHALL, MICHAEL HEDGES and as a member of MONTREUX. On "Toward The Center Of The Night", the bassist goes it alone, composing, producing;

and proving his writing talents to equal the facility with which he can make his bass sing. Lines weave in and out on his solo work "Geometry", while unbelievable bass runs push through parts of "Renegade Intellectuals." Manring points out that no guitar graces the album, leaving you to further admire the range his bass encompasses on the tracks. And a wide range of feeling is also conveyed as each track moves in different directions from solo to ensemble (featuring PAUL McCANDLESS), from the subdued introspection of "Far", to the pulsing movement of "Magnets." Aside from the above tracks, "The Precise Moment Of Dusk" is a real fine, though eery tune while "Funk & Disorderly" is a percussive solo bass number Manring recorded directly to two tracks, with no overdubs. It too, helps to define the breadth of styles this guy can handle.

ON THE TAIL OF THE NEW "Journey Home" release from Global Pacific artists GEORGIA KELLY and DUSAN BOGDANOVIC, here's what else to look forward to in the coming months from that company. The aforementioned pair of acoustic instrumentalists will be playing in Santa Monica, California on April 24th, and it's hopeful that fullblown tour plans will be made. But Bogdanovic's "day-job" as professor of music at USC may prove to be a tough obstacle to surmount. DO'AH are finishing up some live dates this week on the West Coast, one of which includes STEVEN KINDLER. Violinist Kindler is back from his European tour as a member of Kitaro's band, where he got rave reviews. He is joined on stage by harpist CARLOS REYES on the ninth. Reyes also appears on Kindler's new album "Mystic Fire", said to feature Kindler playing solo and with a backing band on these cuts. Former Kindler collaborator, TEJA BELL, is also releasing new material. The album will be called "Snow Leopard" and it will be out soon. Guitarist JOAQUIN LIEVANO will also be releasing new material, entitled "Za Zen." Finally, bassist DAVID FRIESEN is working on "Other Times, Other Places" with percussionist AIRTO MOREIERA and vocalist FLORA PURIM. All titles should be released by June.

DR. JOHN MAY HAVE ONCE SUNG about being in the right place, at the wrong time, but his choice of covering classic vocal tunes on his latest solo outing shows he's found the right place at the right time. Add to this the vocal work of **RICKIE LEE JONES** with whom Dr. John shares a duet on his first single, "Makin' Whoopee", and it looks like Dr. John may have another hit single on his hands. Killer horns back these two singers as they give this witty ditty a sexy, sultry and enjoyable reading worthy of immediate attention. Nothing beats Jones' voice and she gives a sterling performance to this session. The whole album consists of Dr. John covering old standards, such as the above "Makin' Whoopee" (the only cut with a vocalist other than Dr. John), "Love For Sale" and the title cut "In A Sentimental Mood." Warner Brothers promises that the single should be at radio by the tenth of April, while we'll have to wait nearly two more weeks for the whole album. Meanwhile, let Rickie and the Dr. run down the troubles of a young couple in "Makin' Whoopee" as we wait for his treatment of more tried and true classic songs.

DAVID BENOIT "SAILS THROUGH THE CITY" in a rocking DON GRUSIN instrumental to kick off his new GRP release "Urban Daydreams". This track sets the tone as Benoit makes a conscious attempt to move away from the style of playing that characterized his most recent successful releases. With the talented backing of Grusin, ERIC MARIENTHAL and others, the keyboardist/composer demonstrates that he can indeed conquer other styles. The title track opens with a synth fanfare which gives way to a well-orchestrated number serving as a showcase for Benoit's chops on the piano, and featuring a Copland-esque string theme. While VINCE GUARALDI'S Peanuts theme is a well-known classic, Benoit and Grusin got the chance to score one of the recent Peanuts specials and "Wild Kids" is one of the The CD features an extra track, a solo piano results. number "As If I Could Reach The Rainbow." The album also reflects a trend seen in several modern jazz albums lately, the appearance of a single vocal track amongst an overall instrumental project. The ballad "When The Winter's Gone (Song For A Stranger)" fills the bill in this instance with vocals by co-composer JENNIFER WARNES. Still ahead for Benoit is a tour and an acoustic jazz session to be released late in the year.

WINDHAM HILL'S JAZZ IMPRINT has a new Latin-tinged offering in the way of RAY OBIEDO'S "Perfect Crime." Ray's talents fall on both guitar and keyboards; and he is an accomplished composer as well, penning all 8 tunes on the release. He hails from the Bay Area where he leads two different ensembles; the pop/rock RHYTHMUS 21 and jazz/fusion KICK. And while, in the past, his compositions have been recorded by the likes of PETE ESCOVEDO, CURTIS OLHMSON and ANDY NARELL, Obiedo himself has been featured, playing with such talents as GEORGE DUKE, HERBIE HANCOCK and SHEILA E. For this album, he steps away from his groups and takes the helm in front of a bevy of studio talents including MARC RUSSO and WILLIAM KENNEDY, and shares production credits with Narell. Although Obiedo's talents permeate his Windham Hill debut, he prefers having wind instruments such as flute or sax tackle the melodic content relegating his own playing supporting roles. Tracks such as "Short Stories" and, especially, "Sienna" are fine examples of this man's ability as player and author.

LAST SEEN AS A MEMBER of the latest Amnesty International tour, Virgin artist YOUSSOU N'DOUR will be playing live in the states again in early May, as he takes the stage at the New Orleans Jazz & Heritage Festival, May 4th. Meanwhile, his talented vocalist is working with one of his most notable fans and supporters, PETER GABRIEL. After appearing on Gabriel's <u>So</u>, the British solo artist has returned the favor working with N'Dour on a track called "Women's Day - Shaking The Tree." The two are working in Europe on what will be Youssou's Virgin debut, tentatively titled "The Lion."

#### **IENNER CAPTAINS COLUMBIA**

has been named President of Columbia Records, charged with supervising the day-to-day operation of the industry's largest label. At 36, lenner becomes the youngest exec ever to head Big Red. He reports directly to C B S R e c or d s President <u>Tommy</u> <u>Mottola</u>.

Arista Executive

VP/GM Don lenner

DON IENNER

"Columbia is the 'crown jewel' of the

record industry," lenner told FMQB, "and the opportunity to help steer its course with <u>Walter</u> and Tommy, into the next decade, is one that I face with a tremendous sense of anticipation. In my career, I have been privileged to come under the professional tutelage of two of the most brilliant, innovative men ever to work in this business, and to a large measure the experience I've gained and the lessons I've learned from <u>Clive Davis</u> and <u>Jimmy lenner</u> have prepared me to take on this new and significant position. I leave Arista with no small amount of pride and sadness, and enter Columbia with the promise of great days ahead."

lenner began his corporate climb in '69, working in the Capitol Records mailroom while still in high school. Three years later he was in partnership with his brother Jimmy in C.A.M. U.S.A, a publishing/management/production company, until co-founding Millennium Records in '77. He later served as Exec VP at Millennium, leaving in '83 to join Arista as VP of Promotion.

Mottola commented, "There is no one in this business more capable of energizing and leading Columbia Records, in both creative and administrative capacities,

than Don. I have every confidence that in accepting this position and challenge, he will bring to Columbia the same qualities of determination, motivation and imagination that have marked his previous triumphs in the music business. We are delighted that he has decided to join us."

#### GORMAN TO CHRYSALIS AS VP PROMO

Eight year Capitol promotion pillar <u>Tom Gorman</u> has joined Chrysalis Records as VP of Promotion, replacing SBK-bound <u>Daniel Glass</u>. Now VP of Pop Promotion for Capitol, G-Man begins his Chrysalis assignment April 12th. The move reunites him with Chrysalis President <u>Mike</u> <u>Bone</u>, who he worked with at Arista in the early 80's.

"I'm thrilled at the opportunity to be part of the cutting edge tradition that is Chrysalis Records, especially since Capitol and Chrysalis are new corporate partners," Gorman told **Dirt Alert!** "Getting together with <u>Mike Bone</u> again will be a joy. He's extremely creative and I'll learn a lot from him. I'm looking forward to carrying on great relationships with everyone under the Thorn EMI umbrella. The influx of money at Chrysalis and the new distribution system are going to give us the tools to really operate. On a professional as well as personal level, I'll miss everyone at Capitol. They are truly a wonderful family who have nurtured my growth in countless ways. (President) <u>David Berman</u> and (VP of Promotion) <u>John Fagot</u> are the best and they are about to become a red hot label."

Topping Gorman's agenda at Chrysalis are two key promotion openings. "I've got an opening in Boston and one for a National AOR Director," he told us. "I'm talking to people now to find the best man for the job who can join our team."

#### KAISER SENIOR VP PROMO FOR ENIGMA

As predicted in last week's **Dirt!**, <u>Sam Kaiser</u> has become Enigmatic. Kaiser, veteran of record promotion, radio, MTV, films, American Bandstand, Broadway, Vaudeville, Tin Pan Alley, and Barnum and Bailey, has joined Enigma Records as Senior VP of Promotion. Based in L.A., Kaiser will supervise and direct all aspects of Enigma's promotion department.

Enigma Entertainment Corporation President <u>Wesley Hein</u> remarked, "When you want the best, you hire the best. In our opinion Kaiser is the best. He immediately makes us a contender. Starting tomorrow, this business will be seeing a very aggressive Enigma."

Most recently Senior VP of Promotion for Uni Records, Kaiser's multi-faceted career includes stints as VP of Programming at MTV and VP of Promotion for Atlantic, during a 10 year stay with the label. He's also an ex-jock for KSHE and KADI, St Louis.

WONDER YEARS X 2: KLOS, Los Angeles recently embarked on a busboard campaign, "Rockin' You For 20 Years," featuring morning men Mark & Brian.

#### A&M'S DOUBLE: CAFARO VP/GM, GOLD VP MARKETING

As reported here last week, A&M Records has called on 12-year label vet <u>AI Cafaro</u> to replace <u>Bob Reitman</u> as VP/GM, and has promoted VP of Creative Services <u>Jeff</u> <u>Gold</u> to VP of Marketing and Creative Services.

Most recently VP of Promotion, Cafaro will now act as communicator and chief coordinator between A&M's Sales, Promotion and Marketing areas. He will also head the New Music Marketing and Artists Development departments. Gold continues to helm the label's Creative Services department, adding additional responsibilities of directing the Product Management, Advertising and Merchandising staffs.

A&M President <u>Gil Friesen</u> told FMQB, "Jeff and Al both bring a great personal love of music and a creative approach to problem-solving to their positions. Their knowledge of where music has been and where it's headed provide exactly the kind of leadership A&M needs as we look forward to the coming months of breaking new and developing artists."

Cafaro began with A&M in '77 as a Local Promotion Rep in the Carolinas, making promotional pit stops in Philly and New York before progressing to National Album Promo Director. He was awarded VP stripes in '87. Gold entered the biz via Rhino Records, before joining A&M as Asst To The President in '81. Since then he's held positions as Natl Director of Special Projects, Executive Director, VP of Creative Services and has worked in Development at A&M Films.

JIMMY, CASEY & KILZER: KMJX, Little Rock recently sponsored a concert featuring local faves Jimmy Davis & Junction and John Kilzer. Magic 105's Casey Jones gladly smiled for the camera with Davis (left) and Kilzer.

#### KNAC NAMES DAVIS MD

KNAC, Long Beach has drafted WZEW, Mobile afternoon driver <u>Michael Davis</u> as MD, replacing the newly Def <u>Ross Goza</u>. Davis logged 5 years with KFMG, Albuquerque as MD/7p-midnight, including 3 under then PD <u>Tom Marshall</u>, who now programs KNAC.

"Michael is one of the most knowledgeable people around for the kind of music that KNAC programs," declared Marshall. "Couple that with his previous experience working with me in Albuquerque and I know I've chosen a winner who will carry on the fine tradition KNAC has carved out as the premiere Hard Rock/Heavy Metal station."

Davis told <u>Dr. Dirt</u> that "rockin' as hard as possible" while doing nights at KFMG and hosting the station's Metal Shop had prepared him well for KNAC. But what really sealed the deal, he said, was when Marshall was able to verify that he had bought Black Sabbath's new album "Masters Of Reality" on his 9th birthday. "That clinched it for me. KNAC is the most famous Rock station in the country. Turn on MTV and, whether its the Bon Jovi video or Spring Break, you're going to see someone wearing a KNAC T-shirt. I'm excited as all hell to be here." Davis begins April 10.

#### CFNY SELECTS KINGSBURY AS PD

Four year CITI-FM, Winnipeg PD <u>Danny Kingsbury</u> has crossed Canada to CFNY, Toronto as PD. He replaces <u>Don Berns</u> who exited earlier this year.

CFNY Director of Operations <u>Jim Fonger</u> told FMQB, "Danny brings the organizational skills that are necessary to mold the great creative talent already here at the station. This move will allow everyone the time to concentrate in their own areas of expertise so that CFNY can realize its true potential."

"It's a great station and a great challenge," Kingsbury gleamed. "I'm going to sit and listen for a few weeks, learn as much as I can and then try to steer the ship through the next few years." Will the 10-year Modern Rock outlet continue to move more into the mainstream? "There are relatively few licenses in Toronto and the market is considered to be under-serviced by radio," sez Kingsbury. "That allows us room to become more mainstream and be successful at it without taking anyone's bread off their table. We've got a great signal and there's no other radio station in Toronto doing what we're doing." CFNY's chief competitors are, according to Kingsbury, AM Top 40 CFTR and AC CHUM-FM. Government regulations prohibit a pure Top 40 format on FM in Canada.

Ironically, Kingsbury now works across the street from <u>Andy Frost</u>, his former MD at CITI. Frost now programs CILQ (Q-107).

#### GORDON GUIDES KDHT ON AOR/AC COURSE

As reported in **Dirt!** a few weeks ago, KBCO, Denver 10p-2a personality and market vet <u>Ira Gordon</u> has signed up as PD of Denver's newest AOR, KDHT, slated to hit the airwaves on June 1. The station dumped its Satellite Music Network Breeze format on March 31 and went dark. A signal upgrade and transmitter relocation are in the works. KDHT will debut an AOR/AC hybrid format with core artists like Little Feat, Joni Mitchell, Jackson Browne and Jimmy Buffett. "It will lean soft with lots of currents," Gordon told FMQB. "We will not be oldies oriented. The market has KAZY and KBPI leaning hard right now and KBCO is the most mass appeal at this point. If we're going to create a niche for ourselves, this is the way to go. There's only one other soft station in the market, and they're basic AC. We've got owners behind us that are willing to support us."

KDHT is looking for talent in all dayparts. See "Dirty Work" for more info. Gordon has also programmed KZRR, Albuquerque. His Denver experience includes KFML and KAZY.

EMI CONFAB: EMI recently held its 1st Annual convention in New York. National Director of AOR Promotion Norm Osborne (right) happily presented Regional Promo Mgr George Silva with the label's "AOR Promotion Person Of The Year" award.

#### **BROOKS TO WBOS?**

WBOS has been collecting rent at the top of the rumor mill ever since Ackerly Communications announced plans to buy the Boston Country FM. The station sent new and unmistakable signals that it's about to embark on a different course when Ackerly dismissed the entire full and part time air staff on April 3. Meanwhile <u>Bob Brooks</u>'

resignation as Production Director at WJFK, Washington has sparked speculation that he's headed for WBOS as PD. Brooks, you'll recall, programmed 'JFK during it's New Age WBMW incarnation and previously worked with Ackerly Group Director of Programming <u>Rick Scott</u> in Portland.

Dirt Alert! reached Brooks at WBOS. "I'm just here visiting, at the moment," he told us. "I have a friend who works up here and I came up to see him for a while and that's all there is to it at the moment." Scott added, "I can't comment on anything to do with the Program Director at this point. We aren't announcing anything at this time. We talked to a number of people and we won't make an announcement for a couple of weeks on that position. There are a lot of different rumors coming from a lot of different sources. I can't confirm anything at this point in time."

But market insiders say bet on Brooks as PD and on WBOS targeting adults. Urban AC, Adult AC, Adult AOR and New Age/Jazz are considered the leading formatic options. Stay tuned....

#### ZEPPELIN SIGHTINGS REPORTED IN MIAMI, AUSTIN AND BUFFALO

WGTR, Miami billed it as "The Greatest Concert That Never Was", adding "it's sold out, you can't go, you're screwed." KLBJ, Austin announced the show, being held in "April Fools Park", would close with The Beatles reunion. And WGR-FM, Buffalo said their stadium festival was put together to help benefit morning man <u>Snorton Norton's</u> mayoral bid.

All 3 stations held fictitious April Fools day festivals, and each, miraculously featured Led Zeppelin on the same day. Gawd, those guys get around. Despite many blatant hints that it was all just tomfoolery, each station had inquiring listeners jamming request lines and police department switchboards and, in some cases, trying to go to the concert.

Production departments were working overtime. "Live" cutaways, interviews and music from the "event" were assembled in advance and dropped in a few times an hour on April 1. WGTR's lineup included PInk Floyd, The Stones, The Who, Rush, The Beatles, and of course, Led Zeppelin. KLBJ presented Springsteen, Supertramp, The

Stones, The Doors (with Jim Morrison), The Beatles, U2, Floyd, Fleetwood Mac, and of course, Led Zeppelin. WGR hosted Talas (only In Buffalo), Gregg Allman, Guns N' Roses, Pink Floyd, Bruce, and of course, Led Zeppelin.

The WGTR dream festival took place on Hillsboro Boulevard "just east of the beach." Tickets, available through all "Large Mouth Bass Outlets", were sold out before they went on sale. WGR held its concert at the no longer used, slightly abused War Memorial Stadium, a venue so charming it makes Philly's JFK Stadium look like The Astrodome. KLBJ may have come up with the most unique concert closer, when former Faces guitarist Ronnie Lane, an Austin native, wrapped up the event by singing "April Fool", the song he wrote about his April Fools' Day birthday.

#### THE FOX PROMOTES LAROSE & WHITE

CFOX, Vancouver has upped evening personality <u>Robin</u> <u>Larose</u> to APD and morning show member <u>Brenda White</u> to MD, following APD/MD <u>Ross Winters</u> exit a few weeks ago.

"Robin and Brenda are perfect choices for the positions," PD <u>Jim Johnston</u> told FMQB. "Robin is a vet in the business. Having been in the business for 13 years, he's got a very strong background. Brenda has very good ears. She's very smart and works hard. They're both valuable additions to The Fox Rocks programming team."

Larose commented on his new challenge: "I've been wanting to program again for the past 5 years. Over the years, I've done everything from overnights to programming and everything in between. I've also worked from one end of Canada to the other. It's great to be doing what I want to do, and we're going full steam ahead." White, a former CITI, Winnipeg MD, told us, "It's great to back into the music again. I'm looking forward to working closer with Jim and Robin. We're going to do our best to keep The Fox rockin'."

Larose has relinquished his airshift, and weekender <u>Stevie</u> <u>Ray Dunbar</u> has been upped to evenings.

brings to her new position considerable expertise in the field of CHR radio. I am delighted to acknowledge her past accomplishments with this promotion and look forward to her playing a key role for the new Atco."

Seltzer joined Atco in '85.

As part of an ongoing restructuring at Atco, East Coast Regional Promo Director Barbara Seltzer has been elevated to Director of National Singles Promotion, based in New York.

"In her four years with the label, Barbara has become a most valuable member of our team," commented VP of National Promo <u>Craig Lambert</u>. "Appreciated by all in the business, she

#### **ALAN PILOTS WKLH**

WIBA, Madison PD <u>Bob Alan</u> (<u>Bellini</u>) has been named PD of Classic Rock WKLH, Milwaukee filling shoes worn by <u>Steve Brill</u> who exited for WZZU, Raleigh as Station Mgr. He begins his new venture on April 24.

Saga Exec VP <u>Steve Goldstein</u> commented, "Bob brings management and organizational skills to WKLH and Saga Communications. I am very pleased to have located someone of his caliber." GM <u>Tom Joerres</u> added, "I'm very happy to have Bob on our staff. He brings experience and stability, as well as a commitment to excellence. He's got talent that blends in with the current WKLH chemistry. He's a perfect match."

Alan, a former KFMQ, Lincoln PD, told the **D.A.'s** office, "It's a thrill to be associated with Saga Communications and the tremendous staff at WKLH."

<u>I DO THE LOU</u>: Wrestler Captain Lou Albano took time out from promoting his new book, <u>Body Smasher</u>, to stop by WHEB, Portsmouth and hang out with Chris Garrett (left), Lori D. and Scott Luadani.

#### ALL THE DIRT THAT FITS

KEMP CAPTAINS KCNA: Former KMPC, Los Angeles morning maniac Guy Kemp has been named PD/morning man of new Medford, Oregon AOR, KCNA (Kick N A), slated to hit the air in early May. Chuck Knerr is Owner/GM, while Kemp has an equity interest in the station. The 100,000 watter is currently AC KBGG. Sez Kemp, "We'll be good old-fashioned rock 'n roll with lots of personality. We're not going to be Classic, and the music will be at least a 50/50 split. Since we're going for the older demos - not the headbangers - it's back to the basics. I think the listeners are ready for good rock 'n roll with fresh young personality. It's a good mix. I've learned from great people like Sam Bellamy and Bill Thorman, and I'll use what I've learned to make this work. I'll be bringing L.A. to Oregon." The station is not yet staffed. See "Dirty Work" for details. Kemp has also worked for KNAC, Long Beach; KRBE, Houston; KLPX, Tucson; and WEGR, Memphis.

WGTR NAMES STANSELL INTERIM MD: WGTR 7pmidnighter <u>Steve Stansell</u> has been named Interim MD, and has relocated (temporarily) to 10a-3p, while <u>Judie T</u> takes on (temporarily) afternoon drive. That Top 10, PM Drive position at Miami's leading AOR remains open.

**PORTLAND PIRATES:** KGON, Portland was recently served a Cease & Desist order from Westwood One for using the phrase "Pirate Radio." OM <u>Jon Robbins</u> offered this explanation: "We're only using the phrase at night. Since we have a Rock 40 station in town, we didn't want them to start pounding a phrase that would make them a little more hip, so we jumped on it. It's an image war. We plan to continue to use the phrase. Our lawyers are talking to their lawyers."

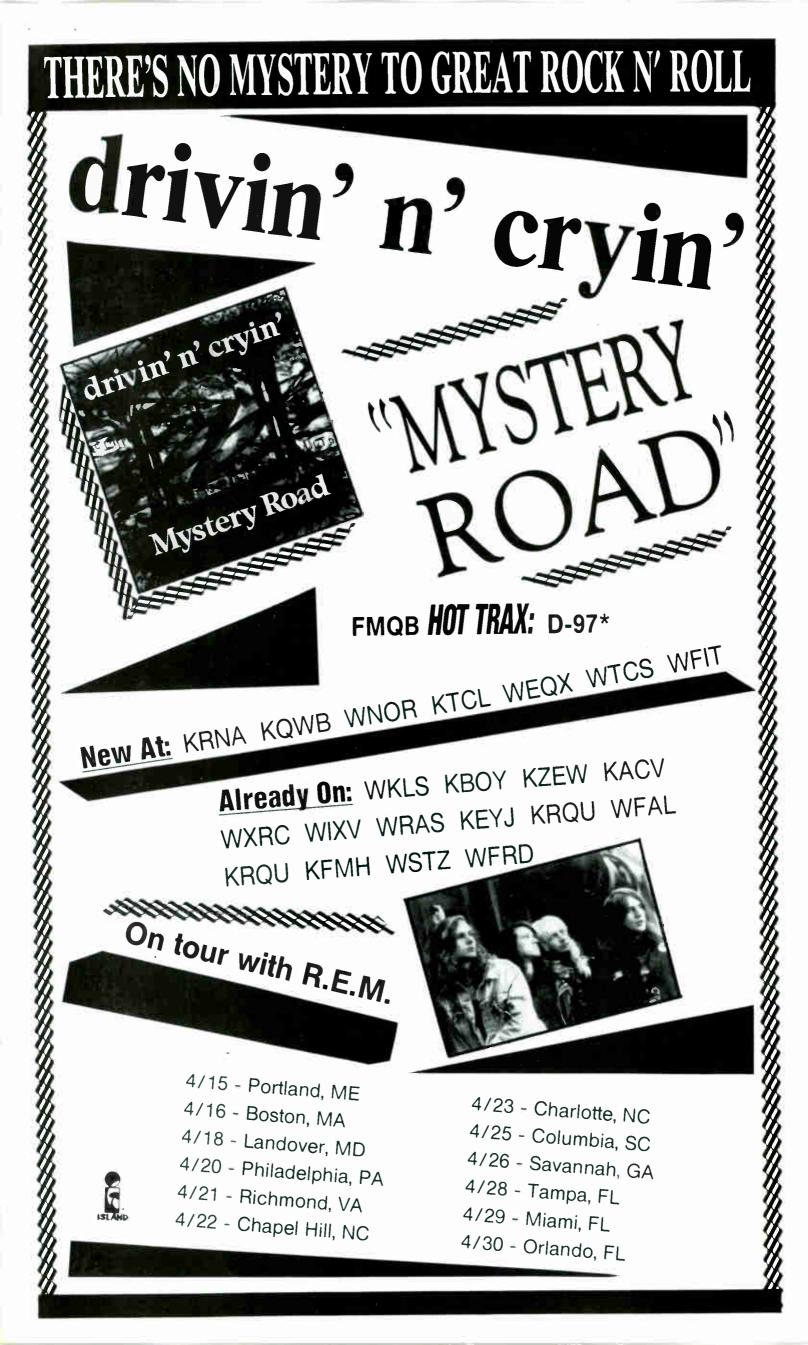

**BOMB SCARE AT WHTG**: Several bomb threats forced WHTG, Asbury Park off the air on April 5. The station received harassing phone calls on its request lines and business lines for about 30 hours, threatening letters, and then a package with a picture of a mushroom cloud with the phrase, "get it." The building was evacuated, including the on-air jock who put on a Peter Gabriel live CD, and the bomb squad was called in. 'HTG suffered only 20 minutes of dead air and no one was hurt. Fortunately, there was no bomb in the box. It turned out to be a cassette player, a pepper mill and a bottle of water. After the ordeal, police manned the request lines and arrested the offender. The post office was then able to intercept other packages en route to the station, which turned up a book on Krishna and thirteen .33 caliber bullets.

FARBER TO WAVA: As our "Grapevine" buds told you exclusively last week, Matt's the guy for Emmis in Washington. "It's just the greatest opportunity. With the city, the company, the station, and the people, it was all right!" Matt concludes a year of briefcase-in-hand-consultancy with Burkhart/Douglas & Associates: "Working the past year with PDs was like a global education, and I'm really grateful to Dwight Douglas, Kent Burkhart, and (Power 99 GM) Bill Phippen. I really owe them a lot." Matt begins, as we told you, April 24 and sez, "We're set up to win!"

JACOB'S LADDER: Yeah, what about all those rumors of Fred Jacobs here, Fred Jacobs there, Fred Jacobs everywhere? Dirt Alert! spoke with the first half of The Smith Brothers for the inside skinny. KFOG: "No decision has been made. We've spoken to each other, but I think (GM) Tony (Salvadore)'s talking to many people. My hat is in the ring and if I am involved with a station it doesn't always mean it's going to be Classic Rock." WGRX: "No, I won't be working with them. My client in Washington (WCXR) feels there is a geographic conflict and I've decided to honor the long relationship I've had with them." JACOBS' EDGE FORMAT VS L.A.'S KEDG: "We did what we said we were going to do and lawyers are in the process of talking to lawyers. I can't say anything." DALLAS: "We've spoken with them. (Z-Rock affiliate WZRK) It would be a cool opportunity to be in Dallas and do The Edge with those guys, but I don't know what they're going to decide. They have a lot of options, from staying Z-Rock to going oldies themselves."

<u>SEA BASS MEETS BONJ</u>: WRXK, Ft. Myers' Tom Sebastian (right) was obviously caught by surprise when someone snapped this pic with Jon Bon Jovi after a show in Miami. Tom, where's your dentures?

CLASS A'S GET POWER BOOST OK: On March 30, the FCC voted unanimously to allow qualified Class A's, now limited to 3kw, to move up to a new "C3" class, which will have a maximum power level of 25kw. Class A's that take the option will increase their coverage areas from 15-24 miles. In terms of power and coverage areas, Class C3's will be midway between the small Class A's and Class C2's. In order to make the jump, the Class A's must be in the FCC's Zone II, which covers most of the U.S. with the exception densely-populated areas such as the Northeast, some Eastern states, Puerto Rico and much of California. According to FCC Mass Media Bureau Chief <u>Alex Felker</u>, this option has made an additional 100-200 FM allotments available.

#### UP CLOSE! WITH JEFF CARROL PD KLBJ/AUSTIN, TEXAS

How did you get into radio and trace your career path.

My first job in radio was at KCOU, Columbia. It is a studentowned, free form run station and was a blast to work for. We had only ten watts of power, but we gave the commercial stations a good run for their l was money. attending UMC for a degree in Broadcast

Journalism. I worked at a local TV station as a news photographer, too, but after arriving on the accident scenes before the EMS arrived, I learned that radio was much more fun and much more positive. I went full time at KFMZ. After a couple of other little stations I moved to Oklahoma City and worked at KATT. This was a great learning time for me as I held just about every position, including Production Director, Promotion Director, Music Director, Acting Chief Engineer, Program Director, morning drive and afternoon drive DJ slots. The place had a revolving door so I got to move up the company ladder pretty quick. Close to seven years ago I got an offer to move to Austin and work at KLBJ. I thought I was getting the old hype job about how neat this city was, but after a few months here I found out it is all true. I love this place.

#### Who were the most influential people in your career?

Influential people in my career include <u>Mark Shevitz</u>. He was my first mentor in the business and really encouraged me to take this business seriously. <u>Clark Ryan</u> and I have worked together for over ten years and I think working for someone like him is about the best influence anyone could ask for. We have been through a lot together and we have learned from each other. Other influences include <u>Donna Rusk</u>, a high school teacher, who would buy for the school any equipment I wanted to play around with, and former KSHE personality <u>Mark Klose</u>. He gave a talk at my school and encouraged me to give radio a shot.

#### What are your top bands of all time?

My favorite bands of all time are probably most people's favorites: Pink Floyd, The Rolling Stones, Yes, Supertramp, Led Zeppelin and AC/DC.

#### How do you relax when you're not at the office?

I relax by getting outdoors. I love to fly hot-air balloons. You can get a great sense of freedom while in the air and you have to concentrate on what is going on. There is not much time to think about other problems. I have given flight instruction to Joe Walsh and David Gilmore among others. I also enjoy water sports including sailing, skiing, jet ski riding and scuba diving. However the easiest way for me to relax is to listen to the other station in my market. They can really put you to sleep quick.

#### What's your ultimate rock and roll fantasy?

One of my ultimate rock and roll fantasies (one that can be printed) is to have all of my favorite bands play at my house for a small party.

### If you weren't in this business what do you think you'd be doing?

I would be either in the advertising field or shooting films. I have always enjoyed making short flicks and coming up with creative ways to sell things.

#### If you could assemble the ultimate staff (with no limits on salary and availability) what would your line-up be and why?

Of course I think I have one of the best staffs in the world already, but if these guys and gals ever leave I would assemble a staff like this: Mornings: <u>David Letterman</u> everybody knows this guy and I find him to be occasionally funny; News: <u>Ronald Reagan</u> - well...; Middays: <u>Paul McCartney</u> - a very knowledgeable guy who could also entertain us with some great stories and a guy the office gals would love; Nights: <u>Tom Cruise</u> he's got a great street level attitude and boy, guys and gals can relate to him. He could probably set me up with some hot dates, too; Overnight: <u>Hugh Hefner</u> - when you think over overnights, who else could you think of; Traffic Reports: <u>Chuck Yeagar</u> - what a pro; Promotion Director -Balloonist, Motocyclist, billionaire <u>Malcolm Forbes</u> - this guy knows how to attract attention and have fun doing it! Station Mascot: <u>Shamu</u> - what visibility! Owner/Station Manager: <u>Donald Trump</u> - he always seems to win.

### What's the hottest promotion you've done in the last six months?

We just had a promotion that turned out to be hot. It was April Fools so we put together a fake outdoor concert that lasted ten hours. All of the station personnel prepared the show by making bogus reports like fake traffic reports that never said what highway, but just to get off after the cloverleaf. We took some old interviews and customized them for the show. We had backstage reports with celebrities and interviews with concert goers. It got so many of our listeners excited about coming out to the show that the phones lit up for three days. The police department got tons of calls, as did the other stations in the market. Everybody was talking about what KLBJ-FM was doing. The next day's paper featured the concert on the front page. It was great.

## How do you react to competition in your market in terms of the promotions they do? Is it important to "out-do" the competition on major events?

KLBJ-FM has been a market leader in Austin for 15 years. There have been numerous stations trying to out-do us, but we never react to them. We just keep doing what we have always done. We make our events happen, we lead the way and let the other stations follow It has kept us the leader.

What's the most creative thing a record person has done to try to get you to add a record?

One offered to buy me lunch.

#### What's the real poop on Ladybird?

Ladybird and LBJ used to listen to the AM side of our station when they were first courting. She has always been emotionally attached to it and believes in making the station the best it can be. If you haven't heard or seen the new facility, you need to visit. It is truly incredible. Mrs. Johnson remains one of the nicest, sweetest persons I have ever met. You get a very warm feeling from her friendliness. She is very genuine and conveys that same great feeling you might get from your favorite grandmother. She is very dedicated to preserving the natural beauty of Texas. FMQB **HOT TRAX:** D-57\* Album Network Powercuts: D-55\*

#### LOYAL LISTENERS SHOW OFF FOR BIG BUCKS

What better way to get visibility for your station than to have someone else do it for you. That's what WBCN, Boston; KFOG, San Francisco; and KROQ, Los Angeles did. All 3 stations ran "Show Off Your..." promotions asking listeners to display their call letters and frequency in the most outrageous and creative way possible. Entries had to be documented on video tape or by submitting a picture of the event.

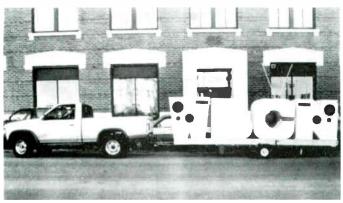

WBCN awarded one listener \$25,000 for transforming his Volkswagen bug into an enormous WBCN rock! The entire exterior of the car was covered with hand-

molded concrete. The artist described it as, "Legal rock designed to roll." Huge 'BCN call letters were on both sides and the car had a genuine Massachusetts license plate reading, "104 FM." Runners-up received \$1004 for

THE TRAVELING 'BCN BUG

their efforts. One cabinet maker created a 25-foot 'BCN boom box complete with a sound system that he pulled around Boston on a flat-bed trailer. Another used a real police car and patrolled the area as the WBCN police, pulling over people for not listening to WBCN in their cars. Each "offender" received a WBCN t-shirt and bumpersticker. The final runner-up created a 20,000 pound ice sculpture of the station logo. The station received more than 200 entries ranging from an M.I.T. student's petri dish with trillions of bacteria forming the station logo to skydivers spelling WBCN.

THE BLASTING 'BCN BOOM BOX

KFOG received its share of the unusual too. The grand prize of \$10,000 went to a neon sculpture artist

who made a 5-foot high computerized flashing neon sign reading "KFOG 104.5" which he hauled around in a flatbed track for one month. He documented his route with maps The second place winner was the and a video tape. "Human K-Man." Mr. K. dressed up like a "K" and went out walking with a fog machine all over San Fran. Third place was taken by a fleet of sailboats who sailed under the Golden Gate Bridge. Each boat had one letter of the slogan on its sail. To honor the 300 plus entries, KFOG held a K-FOG-hat appreciation night at Boz Scaggs' new club, Slims. They showed a video tape of the top 50 finalists, and extensively honored the top 5. Other interesting entries included hang gliders and parachute free-fall jumpers holding a KFOG banner.

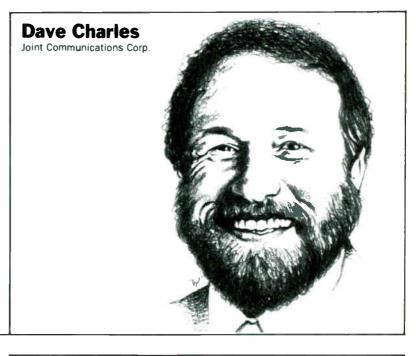

KROQ kicked off its promotion by broadcasting live, January 25-27, from a car dealership rooftop on the

Ventura Freeway in North Hollywood. A 35-foot high hot air balloon and a 50-foot fluorescent banner were also erected. The grand prize was a 6-city world concert tour for 2 to London, Paris, New York, Tokyo, Sydney and Honolulu, plus \$1,067 cash for each trip. The entire package was valued at over \$25,000. The world travelers turned out to be a neon artist duo who mounted a 19-foot by 96-foot neon sign on top of the car dealership where the promotion had started. Using over 750 feet of tubing, it lit up both the East and Westbound traffic on the freeway. Two runners-up won \$1,067 each. One loyal listener won for "Shleprock," a fluorescent and artfully painted topless VW with a 4-foot by 8-foot KROQ billboard mounted on top. The other runner-up erected a sign on the highest hill in Orange County in the style of the legendary Hollywood sign. The entry used 220 pounds of paper and was equal in size to a football field. The entries were judged by the 'ROQ joqs and guest judges including <u>Johnny Vatos</u> of Oingo Boingo and <u>Michael Score</u> of A Flock Of Seagulls.

Have you just completed a one-of-a-kind promotion that you just have to tell the entire planet about? Let us know and we'll print it in the Promotion File. We'd love your pix too. DOOBIE BROTHERS fans will be able to "Listen To The Music" once again when "Cycles," the group's reunion Lp hits record stores, via Capitol, on May 17th. Produced by Rodney Mills (38 SPECIAL), the group features original members Tom Johnston, Patrick Simmons, Tiran Porter, Hartman, John and Michael Hossack, and is said to herald a return to the hard rock sound of

their early Lps. The full track listing is as follows: "The Doctor" (the first single), "One Chain Don't Make No Prison," "Take Me To The Highway," "South Of The Border," Here And Gone," "Need A Little Taste Of Love," "I Can Read Your Mind," "Tonight I'm Coming Through (The Border)," "Wrong Number" and "Too High A Price." The record also features noted <u>LITTLE FEAT</u> keyboardist Billy Payne (a veteran of Doobies sessions) and <u>THE MEMPHIS HORNS</u>. Look for the Doobies to kick off their 65-date North American tour on June 9th in Denver.

- <u>The Rock Report</u> has learned that <u>RONNIE SPECTOR</u> is currently collaborating with writer Vince Waldron on her autobiography. Spector, the legendary voice of such <u>RONETTES</u> hits as "Be My Baby," "Walking In The Rain," and "Baby I Love You," will chronicle her life as a member of that famous girl group, her recollections of tours with <u>THE BEATLES</u> and <u>THE ROLLING STONES</u>, and the nightmare of her marriage to producer Phil Spector. Published by Harmony, the book is scheduled for release in October 1990.
- "Golden Wire" is the title of former <u>POLICE</u> guitarist <u>ANDY</u> <u>SUMMERS</u> latest solo offering. Produced by Andy along with David Hentschel (<u>GENESIS</u>), the Lp -- which is primarily an instrumental work -- showcases Summers unique guitar style in a wide variety of musical settings -from jazz to blues to Indian. Working alongside Summers was Hentschel on keyboards; Jimmy Haslip (<u>YELLOWJACKETS</u>) on bass; drummer Kurt Wortman and Paul McCandles (<u>OREGON</u>) on oboe and soprano sax. In addition to this solo work, Andy has just finished scoring a new Andrew McCarthy film, "Hot And Cold," due in theaters this summer.
- "Gabba Gabba Hey Hey!" <u>RAMONES</u> lovers will be pleased to hear that the boys from Queens have recorded the title track for the forthcoming Stephen King film "Pet Semetary." King, an avid fan of hard rock, specifically requested the services of the band. In other Ramones news, the group is currently recording a new album with producer Bill Laswell (<u>IGGY POP/PIL</u>) for a late summer/fall release with an extensive tour to follow.

Sixties star <u>MITCH RYDER</u> has begun preliminary work on his new album -- his first since 1983's "Never Kick A Sleeping Dog." Signed to <u>EMI-EUROPE</u>, Ryder has secured the services of <u>DAVE EDMUNDS</u> as producer and hopes to have the record out by the end of the year. Ryder continues to keep himself busy with his explosive live shows and his own radio show in Detroit on WCSX-FM. Just when you thought it was safe to listen to music again comes the release of "<u>MORTON DOWNEY, JR.</u> Sings." Released appropriately on April Fool's Day by Compose Records, the Lp features songs written for the controversial television host by sidekick David Lloyd about topics Downey feels strongly about. Some of the gems included are "Hey Mr. Dealer" (Drug Dealers), "Lady Of The Night" (Prostitution), "Solution To Pollution" and our personal favorite "Senator Paperman" (Corrupt Politicians). To support the album, Downey is booked solid on weekends throughout 1989 for concert appearances.

MIDGE URE, leader of ULTRAVOX and co-writer of BAND AID'S "Do They Know It's Christmas," is currently bringing his inimitable brand of atmospheric pop to clubs nationwide. FINE YOUNG CANNIBALS' lead singer, Roland Gift, was this week the first victim of a new Channel 4 TV show called "Star Test", in which celebrities are interviewed by a specially-designed computer.

THE WEDDING PRESENT, the indie stars who are currently making their first major-label record for RCA, look favourites to support

**<u>R.E.M.</u>** when they play Birmingham and London in May. **<u>THE BLUE AEROPLANES</u>** have already been approached by R.E.M. to play the other support slots on the tour.

Everybody's favourite song title of the moment is now on a UKrelease album. <u>MOJO NIXON AND SKID ROPER</u>'s "Root Hog Or Die" album includes "Debbie Gibson is Pregnant With My Two-Headed Love Child".

THE PRETENDERS' contribution to the soundtrack of "1969" gets a very belated UK release on Monday--their cover of Dionne Warwick's song from that year, "Windows Of The World".

BRYAN FERRY sings Jim Reeves on Monday with the release of Bry's "He'll Have To Go" as a single. Although the song has been available in the US, it has never surfaced on vinyl here in the UK.

Elvis Costello, Robert Cray, Womack And Womack, Hothouse Flowers, All About Eve, The Wonder Stuff, Fairground Attraction, The Proclaimers, Martin Stephenson And The Daintees and Lyle Lovett And His Large Band have now joined Suzanne Vega as confirmed names at the <u>CAMBRIDGE FOLK FESTIVAL</u> in June.

FAT BOY Mark Moralis has a throat infection, which has led to the cancellation of the Large Ones' British tour dates. Young One RIK MAYALL is currently on his first stand-up comedy tour of Britain for four years. The STRAY CATS are to return to London in June after the success of their recent shows. BONNIE RAITT's in town April 12 for a oneoff show at the Town & Country Club as her "Nick Of Time" album gets a UK release, and also to tie in with a new Lp ("Something Real"), PHOEBE SNOW has announced a single date at London's Shaw Theatre on April 19, the first time News From London can remember her playing in the capital since 1979--at the same venue on April 20 and 21, MELANIE returns to London for more live appearances, celebrating with a "Special '89 Version" of "Ruby Tuesday' on Food For Thought Records. A band who won't be coming, though, are THE BANGLES, who've postponed their forthcoming British dates because they want to extend their US tour. They're now looking at late '89 and early '90 dates in the UK.

Also looking ahead, <u>ERASURE</u> are the first UK band to announce pre-Christmas dates. They'll spend December promoting the fourth album and instead of Wembley, have included the new London Docklands Arena on their itinerary.

There's talk of a live extravaganza by <u>STOCK AITKEN</u> <u>WATERMAN</u> in the summer. They're planning a package featuring some of the stars who've helped them almost take over the charts in the last few months, with Jason Donovan headlining and the possibility of some appearances by Kylie Minogue. More on this to come. DAVID CROSBY is releasing a second single from his "Oh Yes I Can" album--"Drive My Car" is succeeded by "Lady Of The Harbor". Soul II Soul, currently high in the charts with "Keep On Movin", are remixing another song from their brand new album, "Club Classics Vol I", for release as a single on May 15. The title is "Back To Life". <u>MADONNA</u>'s "Like A Prayer" is Britain's fastest-selling single since Band Aid's "Do They Know It's Christmas".

**CLIFF RICHARD** adopted an unusual method of choosing his next and 100th single this week. He invited members of his fan club to join him at the London Palladium, where he played them roughs of six new tracks and asked them to vote for their favourite. However, three songs tied in first place, so there is still no final decision. Cliff is currently working on other new material for his next Lp, due in the autumn.

On May 2, there'll be a comeback single by <u>THE</u> <u>UNTOUCHABLES</u>, who had a Top 30 hit in Britain in 1985 with "Free Yourself". This time, they're covering "Agent Double O Soul". On the same day, <u>GARY MOORE</u>'s "Led Clones", the heavy metal spoof featuring a guest appearance by Ozzy Osbourne, becomes Gazza's new American single.

**PAULA ABDUL** isn't following "Straight Up" with "Forever Your Girl" as she is in America. The British sequel is a rerelease of her previous 45, "Knocked Out", due May 8.

MADONNA's "Like A Prayer" single and album remain Britain's best-selling records. The only significant new entry to the artist album chart this week was the <u>LLOYD</u> <u>COLE AND THE COMMOTIONS</u> collection, "1984-1989", which debuted at #15. The <u>STRAY CATS</u> made a more modest reappearance at #58 with "Blast Off", their first album chart showing in Britain since "Rant N' Rave With The Stray Cats" in the late summer of 1983.

The video release of the <u>JOHN LENNON</u> film, "Imagine", in Britain on April 28, is being backed with a major TV ad campaign that Warner Home Video claim will reach at least 21 million people at least twice.

In an effort to inspire the nation into healthy habits, the presenters at Radio 2, the BBC's national easy listening station, are going on a two-week fitness drive. Dieting, whole foods and exercise are being personally tried and tested while certain D.J.s are focusing on the problems of alcohol, smoking and stress. If they can do it, surely anyone can!

The Queen won't have to queue to see one of the first performances of Andrew Lloyd Webber's new musical, "Aspects Of Love", at the Prince Of Wales Theatre. She has been advised not to sit in the Royal Box, as there's a better view from the front circle. It often helps to have a son in the business.

TOTO: Bobby Kimball, who sang lead on all of Toto's hits through "Africa," has moved back to Los Angeles after living in Germany for a while, and sings with <u>RICHARD</u> <u>MARX</u> on his new album.

<u>WAS (NOT WAS)</u>: "Anything Can Happen" is out April 10th as the next single from the Was (Not Was) album. The song is also used in the new <u>RICHARD PRYOR</u>, <u>GENE</u> <u>WILDER</u> movie, "Here No Evil, See No Evil," and the two stars will appear in a video with Was (Not Was).

**Continued From Previous Page** 

- <u>MIDGE URE</u>: Midge Ure kicked off a month-long North American tour -- his longest to date as a solo artist -- in Canada. The tour wraps at the Wiltern Theater in Los Angeles at the end of April.
- <u>SWING OUT SISTER</u>: Corrine Drewery and Andy Connell, who are working as a duo now in Swing Out Sister following the departure of percussionist Martin Jackson, will be putting together a 15 piece band for their American summer tour. The first release from the new Swing Out Sister album will be "The Waiting Game." The album is titled "Kaleidoscope World."
- <u>THE CURE</u>: The Cure has picked "Disintegration" as the title of their new album, which is due out in May. "Fascination Street" will be the first single.
- MOLLY HATCHET: Molly Hatchet will be back with a new album in May on Capitol Records called "Lightning Strikes Twice." Some tracks: "Hide Your Heart," 'Take Miss Lucy Home," and "I Can't Be Watchin'," made it on to the airwaves before the band even had a record deal. Stations in Atlanta and Dayton reportedly received hundreds of calls of protest after Capitol insisted they stop playing the songs.
- COLLECTION FROM PINK FLOYD MEMBER RELEASED: Pink Floyd may want to check out "Opel," a brand new compilation album from one-time Pink Floyd member and rock legend <u>SYD BARRETT</u>. The collection contains outtakes and previously unreleased material from sessions for Barrett's two solo releases, "The Madcap Laughs" and "Barrett." Some of the tracks include "Clowns And Jugglers (Octopus)" and "Golden Hair" (vocal version). Barrett recorded the albums after he left the group in 1968. Legend has it he left because of an excess of LSD experimentation. "The Rolling Stone Encyclopedia of Rock and Roll" describes Barrett's music as "odd, eerie ravings on guitar with back-up added afterward by Floyd members."

<u>**RINGO, GEORGE HARRISON REUNITE FOR TOM**</u> <u>**PETTY'S NEW VIDEO**</u>: Look for George Harrison and Ringo Starr in the video Tom Petty has done for his new single, "I Won't Back Down." Petty shot the clip in England. Harrison, <u>JEFF LYNNE</u> and Heartbreaker <u>MIKE</u> <u>**CAMPBELL**</u> all play on the song and are in the clip, but they needed a drummer, so Ringo was recruited. David Leland, the award-winning British director of the film "Wish You Were Here," starring Emily Lloyd, directed the clip.

BOWIE REISSUES WILL HAVE ADDITIONAL MATERIAL: A product manager at Rykodisc is going through DAVID BOWIE'S archives looking for material to add to the label's re-release of his 18-album RCA catalogue on compact disc, cassette and audiophile Lp. The additional material will include alternative versions of songs, 'B' sides, unreleased tracks and possibly some live recordings. The company says the material will be added "where appropriate." Rykodisc and Bowie expect to complete their research sometime this summer. The first release is due out in the fall.

With the second quarter officially underway, what are some of your release highlights for this period?

#### **RANDY HOCK, MCA**

"We're not just excited about our second quarter releases at MCA -- we're over the moon! So - Dwight Douglas is concerned about the lack of superstar product to date this year? Tom Petty should pull him away from the computer and take his mind off call-out research forever. We have launched the new album 'Full Moon

Fever' with the first of many Top 5 songs - 'I Won't Back Down'. John and I both feel confident that once you have had a chance to live with Tom's first solo project you'll agree it ranks with his best work ever...Steve Earle's success at rock radio continues with the release of 'You Belong To Me'. We have sold over 350,000 records to date and our intention is to 'cherry pick' this album throughout 1989...Charlie Sexton is out proving himself as one of the best new guitar players around. We are committed to breaking 'Blowing Up Detroit' on radio while Charlie dazzles 'em' live...We have a major story developing with Big Bam Boo. Shooting From The Heart' has only been out three weeks and check out these call letters: WBCN, KSHE, DC101, WIYY, WMMR, WNEW, WDVE, WYNF, KZEW, KISW, KGB, KQRS, KLOL, KOME, KISS, KRXQ -- 90 stations in all and we're just getting warmed up!...Remember the roots of rock and roll?? They're BLACK. If Chuck Berry, Little Richard or Keith Richards were programming your station, 'Good Thing' by the Fine Young Cannibals would be in a HEAVY rotation. Don't let any other format steal your thunder...Lyle Lovett's <u>'Here I Am'</u> is giving this artist access to mainstream AOR and why not?! One listen to this white rap song with a blues/swing chorus and you gotta love it!...We are very optimistic about the debut of a new group, **Peregrins**, produced by studio wiz **David** Kershenbaum. This project should garner a broad base of acceptance from college and alternative radio as we make our mark in the mainstream of AOR. Ditto for Swans and The Call - two very different albums from groups who continue to define the 'cutting edge' in commercial endeavors. We are very proud to have these two groups as part of the MCA family of artists...The Tragically Hip release should come as no surprise to any of you who have sampled the advance cassette that we have provided (along with videos and press clippings) over the last month. These young and eager aces from Canada have a raw and bodacious sound that will demand airplay. Dream Theater features some of the best musicianship currently on vinyl and we whole heartedly encourage you to consider 'Status Seeker' for full time airplay (the song is already heading for the Top 10 on <u>all</u> the Metal charts). And perhaps, the best of the bunch -- Bang Tango -- Bang Tango! So, from the bulldogs of rock & roll -- Hey and Hock -- a promise for the second quarter: music with a difference."

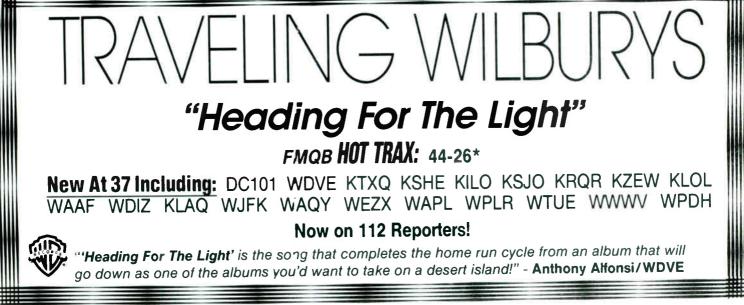

#### WYNN JACKSON/POLYDOR

To begin the second quarter, the Polydor staff will be 'IN YOUR FACE' with the followup to last year's monster breakout band. Out this week is the first cut from the new Kingdom Come Lp. The song is aptly titled 'Do You Like It?'. No hype, just put it on, turn it up and your phones will do the rest...In May, the **Ivan Neville** 

cut radio has been asking for, '<u>Primitive Man</u>', is the follow-up to the Top 5 track '<u>Not Just Another Girl</u>'...Also by popular demand, '<u>Ghost On The Radio</u>' from **Dugan McNeill** will be the song to put this midwestern rocker on the map...Southern Blues Rock lives in the form of the **Delta Rebels**. Their debut album is due in June and it smokes!...Also watch out in June for the four CD set (55 songs) on the **Allman Brothers** retrospective -- a combination of all the **Brothers** classic tracks and onefull-hour of additional unreleased music. A six-song sampler will be out in advance of the album...**Saraya** rules!"

QUESTION OF THE WEEK

Continued From Previous Page

#### JEFF NAUMANN, VIRGIN

"First off, in the second quarter we'll be working additional tracks from Gary Moore, Sam Phillips, Roxx Gang and Roy New Orbison. releases in the quarter second include, this week, a killer remix by Paul Fox of In Tua Nua's Seven Into The Sea." This should prove to all that In Tua Nua is a rock band...Brand

new releases coming next week, may be the hottest band on Virgin yet, King Swamp mixed by Bob Clearmountain. If you haven't listened to the advance cassette of King Swamp, don't wait any longer. They are the ultimate veritable suckaahh! Honest...In a couple of weeks comes Bob Mould's first solo album. Bob Mould, of course, was a member of Husker Du. Some people in the biz that have heard Bob's advance cassette have told me this is the best album ever made. I don't know about the best, but he sure has recorded a great album...Coming in May it's the long awaited Cutting Crew. Also in May, my good friend John Lydon and P.i.L.'s release, '9'. Look for an extensive US P.i.L. tour with New Order and The Sugarcubes...In June comes Syd (she's a girl) Straw's first solo album. Syd was the star attraction with the Golden Palominos. You'll hear an eclectic mix of country, rock and pop. The album also features the voice of Michael Stype...Finally in June, the follow-up from Danny Wilson. It's just great music. That's it for me. I'm Jeff Naumann with Virgin second quarter releases."

#### J.B. BRENNER, A&M

"Look out for some great new music coming to you from A&M Records in the С omin months...Australia's Paul Kelly & The Messengers. This is their third release on A&M, and the first record to be recorded in the United States. The album is currently being produced by Scott Litt, who is also responsible for R.E.M.

and the Indigo Girls...Straight from Nashville comes Jason & The Scorchers with their A&M debut. The album was produced by Barry Beckett (Stones, Dire Straits and Etta James)...Gregg Alexander, a new artist to A&M comes to us from Detroit. The album 'Save Me From Myself' was produced by Rick Nowell (Stevie Nicks, Tina Turner and Belinda Carlisle). 'Lost Angels' soundtrack, scheduled for a mid-April release includes new songs from Soundgarden, The Royal Court Of China, Soul Asylum and the new long awaited tune from The Cure...'Street Fighting Years' is the new album from Simple Minds. It was produced by Trevor Horn and Stephen Lipson...Joe Jackson's new album, set for an April release, is called 'Blaze Of Glory.' It was produced by the man himself. 'Nineteen Forever' is the first track."

#### DAVID FLEISCHMAN, ATLANTIC

"Let's start by saying that we will continue to be working current albums as additional tracks are released. Skid Row (now Gold and racing toward Platinum) will be a current project for quite awhile...Julian Lennon is just getting started and, if initial response is indicative of things to come will be then we working this record

for a long time too ... We're coming with a new track from Bad Company, and almost surely, a fourth track from Mike + The Mechanics. Three new projects will continue to be 'second quarter specials.' These are: Fire Town -(just landed the opening slot for David Crosby), Bernie Shanahan, Alannah Myles - Lp was just released...New releases for the second quarter include: Canada's Blue Rodeo, who just won a Juno and a band that's already got a buzz going. The incredible guitarist, Adrian Belew will have his first Atlantic release. A British band called Big Big Sun is coming, and will you be surprised. The one, the only, the original -- Stevie Nicks -- is scheduled and the early word is, that it's gonna be a big, big record! Former Ozzy guitarist Jake E. Lee and vocalist Ray Gillan have formed a band called Badlands. Look for the Lp in May. We will have a new Alphaville Lp...Our friends at Mega Force are seriously pumped about a new band of theirs called Hotel Hunger. Look for a new album by Fiona. And we've signed a great new Australian band called '1927'. Pete Townshend, Canadian superstar Kim Mitchell, a great new band called Mr. Big, and the next White Lion Lp round out the second quarter releases...As with all record companies, these records are 'tentatively' scheduled. Hope they all make it!...P.S. Maybe a surprise!!"

#### **MICHAEL LINEHAN, REPRISE**

"Our second quarter is already off to a big start with The Cult's <u>Fire Woman</u> rocketing up the track charts and debuting at #2 Most Requested after one week! The cassettes/CD/Lp are on the street this week and the anticipation at retail is huge...In mid-April we will ship the Replacements' 'Back To Back', the follow-

up to the #1 track '<u>I'll Be You</u>'. The first cut proved that this band's time has come, and '<u>Back To Back</u>' is already on the air in Seattle, Dallas, Boston, Reno and several other markets...In May, we will be releasing **F. Machine**, produced by **Mike Clink** of **Guns N' Roses** fame, a very unique hard rock record from **Faith No More** (Slash/Reprise), as well as a new Australian band called **Big Storm** (Sire/Reprise)...In June, look for a great new **Chris Isaak** release. Also coming in early June is the debut track from **The Bodeans'** third album on Slash/Reprise. We just got the advances of this project this week and it is exceptional. **Kenny Aronoff** from **Mellencamp's** band played drums on this record, and they have really captured the energy that this band projects on stage...This year has gotten off to a terrific start with the success of the **Replacements** and the consistent growth of the **Tanita Tikaram** track, and we look forward to an even better second quarter and year."

KLOL, HOUSTON, TX ASST. P.D./M.D.-DAYNA

STEELE: "Melissa Etheridge continues to shine here in Houston as we go on yet another track from her incredible debut Lp, and the same goes for the Traveling Wilburys. Between the Wilbury Family, Roy Orbison and Tom Petty, these guys could create their own radio format!...The Cult stays Top 5 phones out-of-the-box. Give thanks to the 'Sonic Temple'...House Of Lords' 'Love Don't Lie' is a hit and I'll go on the record with that one...And the Oscar for Best China goes to Polydor's Patti Martin."

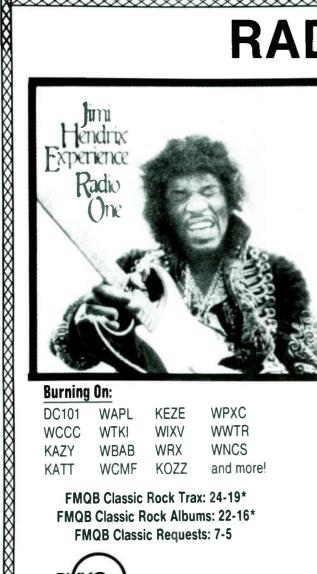

Z-ROCK, DALLAS, TX O.M.-TRACY BARNES: "Well, we made it to the top of the mountain and survived! Talkin' about the Jay Freedman Mercury Break-A-Leg P.D. Ski Bash in Angel Fire, N.M. Thanks to Jay dude and also to Dale at the 'ZEW, Chris from Waco, Gary from El Paso, and Frank 'we be jammin' too, and I love Priest' Jaxson from KZZR. Rock 'n roll! Some ultra-cool music happenin' on the 'Z', of course, Metallica returns for another week at #1 with hot rockers and Z-Rock premier bands, Warrant (great live!), Skid Row, W.A.S.P., Gary Moore, Exodus and Metal Church holding the Top Ten...Recent live broadcasts to blow your speakers, (holy cone excursion, Batman!) The Pandoras, Meliah Rage/Metal Church, Bulletboys/Winger smokin' live and coast to coast. Thanks to all the dudes and dudettes for makin' it happen. Speaking of, if ya don't have Warrant in the rotation, the time is NOW. We're three tracks deep, with a fourth on the way. We've been into these dudes for seven months, and besides the obvious talent, the live show is fan-blankingtastic. See them now so in two years you can brag about when ya saw 'em in a club...U.F.O. 'Nuff said .... well, almost anyway. These are one of vour AOR CORE/HERITAGE BANDS. An ad would help for all those years of making your station a rocker. Ya owe 'em, and the song is really, really good ... Take a chance and try the new SABBATH. It smokes! Should be an almost instant ad. Keep 'em ROXX' in ... There's no easy way out! C-Ya!"

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE: 'Saw two great shows this past weekend:

Hothouse Flowers played a small club and showed that they really rock a lot more live than on the record. Many thanks to Polydor's Geina lorillo for a swell night...David Crosby also performed this weekend for a small but enthusiastic (and over 30) crowd. His new stuff was great and updated versions of older CSN&Y classics were simply It's a 'must see' show if it comes to your stellar! town...Hey! We like Winger and Winger likes us. So, after the success of his two previous tunes, it's no problem to go for the hat trick. We're going with 'Hangin' On'...The Tom Petty is superb. His style is unmistakable as is the quality of his recordings .... Great White's 'Once Bitten ..' is my absolute favorite song on the radio these days. Now, get outta here you knuckleheads!

#### WBCN, BOSTON, MA M.D.-CARTER ALAN:

"I've been loving that new Tom Tom Club album we just got! **Oedipus** has already <u>claimed it</u> for his 'Nocturnal Emissions' program. Side 2 ends with a trio of heavy hitters: 'Little Eva'. Being a guitar driven rocker, that's my fave on the Lp. Can you believe a Talking Heads reunion on the old Velvet Underground classic, 'Femme Fatale'? If that's not enough, Lou Reed is on it, too! Finally, the Bob Dylan cover that closes the side is a superb choice. I'm looking forward to the Tom Tom Club's visit in May...Michelle Shocked did two shows at the Berkelee Performance Center last week and 'BCN was fortunate enough to broadcast the first one. Her live candor and wit in the lyrics, as well as her between song raps, made the broadcast an exciting new look at this insightful artist. Thank you to Mercury for making it possible...This week we're featuring exciting live broadcasts from Hothouse Flowers, Jeff Healey and Jon Butcher...There are so-o many bands on tour I'm calling this 'Bloody April'.

#### KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"A couple of big work projects finally made the cut this week: Big Bam Boo and Jeff Healey's 'Angel Eyes' have been under consideration for quite awhile. It'll be good to hear them on the air!...The new Cure single 'Fascination Street' has been getting immediate response. This song harkens back to the older days of the Cure...Two KBCO favorites also making the grade this week are Tom Tom Club and Peter Case. 'Put Down The Gun' takes a few listens but it will grow on you...A couple of big names get delivered as Tom Petty and Joe Jackson are both automatic for us...That Jeff Lynne influence from the Traveling Wilburys is back again on Tom's first solo release. We're very anxious to hear the rest of the Joe Jackson Lp. If it lives up to expectations, it'll be one of our biggest Summer releases!...On April 1st we gave an encore presentation of our award winning <u>'Intervention Day</u> 2027' broadcast from two years ago. Once again, listener response was incredible and so was the media coverage...Ten O'clock News: U2 ('God Pt. II' re-mix), Mojo Nixon, Swimming Pool Q's, Erasure, Guadalcanal Diary, Fairport Convention, Tom Tom Club, Sara McLachlan, Larry Carlton, The Sundays."

WBRU, PROVIDENCE, RI M.D.-KARYN BRYANT: "Hi there rock 'n rollers! I'm the new MD here at 'BRU, and for the first time in my life, I'm not sure what to say! I've just returned from a lovely vacation in San Francisco, and am more than psyched to get to work. If you need to get in touch with me or just feel like saying 'hello', I'm usually available Monday, Wednesday after 3PM and Tuesday, Thursday after 12PM. I'm quite a talker, so be prepared!...On the music front, Joe Jackson just made my day. This guy is amazing...I'm also happy to hear new stuff from The Cure. Springtime is such a great time for tours, don't you think?...Until next week, take it easy and I hope to hear from each and everyone of you!"

#### WPLR, NEW HAVEN, CT M.D.-TOM BASS:

"I want to thank **Terry Coen** at Epic for bringing **The Radiators** by WPLR yesterday. It turned out to be one of the most <u>fun interviews</u> ever on the airwaves, and last night's show at Toad's Place was one in a class by itself. Great songs, great musicians, and great guys--what more could you ask for?...Lyle Lovett's <u>'Here I Am'</u> is a HIT out of the Morning show. We took a chance with it and those telephone lines tell me we made the right move. Try it out! Lyle won't miss in Morning Drive...Saraya has a <u>smash</u> on their hands on their first try. This band is going to be around for awhile...The House Of Lords new one, <u>'Love Don't Lie'</u> is a ballad that should work well for any station that's already dealt with this band. If you haven't, it's a great introduction track. I'm looking forward to a big week...A couple of trips to the City coming up: The Thieves, Jeff Healey and The Radiators on Thursday, Hothouse Flowers on Friday. Plus, in the next two weeks we've got two of the biggest local hits of the year coming into New Haven: **Tanita Tikaram** and **Masters Of Reality**. No, they're not on the same bill. Both of these acts deserve careful consideration."

#### WMAD, MADISON, WI P.D./M.D.-PAUL

MARSZALEK: "Maybe it's just the warmer weather giving way to Spring fever, but something has caused Guadalcanal Diary's <u>'Always Saturday'</u> to explode on the phones...Lyle Lovett remains HOT and the new Neville Bros. album is starting to rouse some interest...Thanks to Billy Cox at Polydor for bringing Hothouse Flowers by and thanks to the band for playing live on the air...And now for a Madison dining tip: Don't order the Chicken Kiev unless you want to drop 7 pounds and feel miserable for about 2 weeks. Trust me."

#### WKLS, ATLANTA, GA M.D.-BETH KEPPLE:

"It's been a long time since I heard something I liked so much I cranked the volume to the max, and consequently had an irate co-worker slam the studio door shut so their ears would be protected! The Cult made me do it! 'Fire Woman' belongs in the 'what a rock 'n roll song should sound like' category and I'm afraid studio doors are gonna be slamming for a while 'cause I can't hear it enuf!...Getting some initial positive phones on Tanita Tikaram. Try it, you'll like it! Don't be scared off by bad test results. Give her a shot and let the silent majority decide...On the louder female vocal side of things, Sandi Saraya not only has a helluva throat, she's a lovely, lively dinner companion who made me promise to stay up and play with her and the band when they come back to play Atlanta...Don't know if I'll ever be ready for that, but I am ready for the return of Bonnie Raitt in June and it is so-o fucking good to finally hear and see this super-talented woman getting the airplay and recognition she deserves. Way, way overdue...And, while I'm into the female gender here, the countdown to ecstasy is on--a live broadcast tonight with Melissa Etheridge. I hit Nirvana when I saw her live in September with perhaps 100 other people in the audience. Tonight, same venue, but it's been Sold-Out for weeks. She should awon that Grammy ... And what a peach jam in the Omni this past weekend. Two Sold-Out shows with R.E.M. and opening acts, the Indigo Girls and 'drivin' n' cryin'. Several people had the balls to ask if we would be playing both of the above, if they weren't from Atlanta? Fuck yes! Listen to them and you'll know why. It's quality music (just check any of the critics' comments in any music mag on either band) that deserves to be played and the fact that they call Atlanta 'home' is a happy coincidence that makes us proud...P.S.: Tom Petty just gets better with age."

MINNEAPOLIS, MN M.D.-JANE KTCZ. FREDERICKSEN: "Apologies to anyone who's tried to reach me this past week. Things have been a little crazy since our music computer blew up! Isn't technology fun?...Warmest thanks to all the folks at Warner Brothers for their help in arranging a superb interview with Billy Payne and Fred Tackett of Little Feat. These two delightful gentlemen seemed as relaxed and entertaining in their visit as they were on stage before a packed, Featfrenzied Cities' 97 crowd. Here's a group that's been everywhere--done everything--with roots in the past and eyes toward the future--and they probably have more fun now than they ever did. Don't miss their show if they come to your town, and Ivan Neville is an added treat. Long live the Feat and 'Let It Roll' for years to come! It's been a great couple of weeks for shows and interviews...Thanks also to Jeff Healey, Melissa Etheridge and Margo Timmins (from the Cowboy Junkies) for their recent visits...Musically this week, some good solid material from Tom Petty, Carole King (with some help from Eric Clapton) and Joe Jackson...Looking forward to new John Mellencamp, Doobie Brothers, Jackson Browne, reunited Yes and 10,000 Maniacs (go for double platinum!)...Spring has sprung, even here in the far northern reaches of Minne-snow-ta. Welcome the Boys of Summer and Frankie, please don't go!"

KISW-FM, SEATTLE, WA M.D.-MIKE JONES: Although Sky is permanently banned from Tom Petty's home (something about throwing up all over a lawn jockey), he's not banned from jamming to the head Heartbreakers' records...In Seattle, Final Four Fever is about to be replaced with 'Full Moon Fever'. It's a thrill to put the new Joe Jackson on the radio, although I must admit the 'he's back' ad campaign has my brow quizzically furrowed (where did he go?)...Also new this week are gems mined from the depths of stand-out albums by The Replacements, Guadalcanal Diary and the Northwest's own Queensryche (excitement generated by the 'Eves Of A Stranger' video cannot be denied)...In concert news, those who arrived fashionably late to the Crowded House show missed the New Zealanders backing Roger McGuinn on a medley of Byrds' classics. As an augmented trio, Crowded House was augmented trio, outstanding...Commanding the phones: The Cult, second only to Lita Ford and Ozzy ... And from the 'just wondering' file: A couple of radio stations in Seattle are running TV adds that slam specific artists. Among them: Ratt, Poison, Ozzy and Michael Jackson. Do such tactics bother you?"

WBAB, LONG ISLAND, NY M.D.-RALPH <u>TORTORA:</u> "The latest new artist to make me stand up and take notice is Alannah Myles. The driving fun of INXS meets the vocal power of James Brown, with a bow on it. This lady is a killer. Play it or die, dogs!"

WKGR, WEST PALM BEACH, FL M.D.-DENNY JAMES/ASST. P.D.-MICHAEL LEE: "Aloha from South Florida's #1 rock 'n roll choice--98.7 K-ROCK'. Michael Lee here with career advice...Sick of radio? Want to see exciting, polar points of interest? Wanted: Unskilled, unexperienced laborers to pilot supertankers. Apply at EXXON!...Idea for song parody: Every rose has a bad day at the track!...Like to stroke Rich Tordanico of Columbia for the 11th hour help on the Eddie Money roadshow I'll be doing this Saturday. Your appro and our door is always open...Music Director **Denny James** had some tough CDecisions this week. **Saraya** instantly brings flashbacks of Darcy from the Headpins. Should get her out of the Stone Pony circuit and into the mainstream. Great production award to Jeff Glixman...Also, Cruel Story Of Youth has that subliminal something that sticks to you like South Florida humidity... I used to get an eerie feeling when I heard Julian Lennon because it reminded me so much of poppa, but now through the miracle of puberty he has carved a niche of his own...Finally, Bonnie Raitt has done justice to John Hiatt's 'Thing Called Love'. Should get married. Just change a couple of letters and the checks are ready for the joint account...Life through Wayfarers is rosy indeed...Have a week...And keep K-rocking!

WTPA-FM, HARRISBURG, PA ASST. P.D.-CHRIS JAMES: "I'll start off raving about a record that we haven't even added yet, but we will next week...If there is an ultimate Spring record, the new one from Alannah Myles is it! Mark my words, by the end of May this will be Top 10, if not #1 ... Following close behind will be the new Kingdom Come. No one can say this is a Led This is just good rock 'n roll!...The Zep rip-off. Easterhouse continues to suprise and perform. Another week of Top 5 phones and great sales. We knew this one was good, we just weren't expecting this good...Just one week on and The Cult is #2 phones. Can you say genuine hit record? Put these guys in the same league as Def Leppard and Bon Jovi...Another surprise is the Crack The Sky. We got good response to the lead-off track, but the title track is blowing the audience away. We actually get calls from people who think Floyd has something new out. This one is that good...Glad to see Warner Brothers finally release the best one from 'Let It Roll'...Business as usual is the Little Feat track on the new album...Finally, our hometown sensations, Hybrid Ice just played to over 1,000 people this past weekend. The album continues to be Top 10 sales at a few record stores, yet still they have no label. With some of the shit that passes through here every week, I see no reason why any A&R guy wouldn't at least come and see what the big hoopla is down here. The band is playing in Harrisburg again Tuesday night, April 11th, at the Metron. I'll even pay your way if I have to. At least <u>come</u> see the band!"

WEZX, SCRANTON, PA M.D.-JACK MEYERS: "Everyone at ROCK107 would like to commend Keith Masters and his WAQY Morning Show 'Rodeo & O'Brien' for having the originality and good taste to use our Morning Show (Daniels & Webster) bits on their show. Keith was obviously impressed when he visited Scranton in January. Hmmm. Better check my wallet. P.S.: D & W anxiously await their royalty checks."

WDVE, PITTSBURGH, PA ASST. M.D.-ANTHONY "Tom Petty's 'I Won't Back Down' is a ALFONSI: perfect blend of the Wilburys meets the Heartbreakers! We've been waiting for this record since January and it's well worth the wait. 'Heading For The Light' by Tom and his Wilbury friends is the song that completes the homerun cycle from an album that will go down as one of the albums you'd want to take on a desert island...The Cult's Fire Woman' is what everybody had hoped for and more. Who'd ever have thought there would be a heavy metal duet? Well, Lita and Ozzy are a perfect match. 'Close My Eves Forever' is going to be a smash!...Cinderella's Coming Home' is another great song from a great album. It'll get everyone fired up for Cinderella's May 13th show in Pittsburgh...Thanks to Mark Fritzges of Atlantic for his help with Ratt and Kix and thanks to that Ratt, Robin Crosby, and the members of Kix for coming by 'DVE...Thanks to Jeff Healey for stopping by and visiting Hersch...I forgot to thank Lita Ford for coming by the other week! Much appreciated."

WLVQ, COLUMBUS, OH M.D.-WENDY STEELE: Columbus loves Melissa! She played to a Sold-Out crowd of 1,250 here in Columbus two weeks ago and we did a live broadcast. Equipment problems at one point prompted her to do 'Mercedes Benz'. It was cool. I was singing along loudly. Everyone involved with the show went beyond the 'call of duty', especially Mark Fritzges and Rick Sudakoff of Atlantic, and Dave Darus of Island. It was good to see their smiling faces. And Rick, thanks for all of the Atlantic 40th pins...Lou Reed filmed his new video, 'Busload Of Faith' here last week. He put on a great show. Backstage, he remembered our winner whom we sent to New York to see him, and he made her feel very special--that's neat. Thanks to Richard Gitlin, Larry Bole and Dale Connone of Warner Bros. for their help...Looking forward to seeing Randy Newman, The Toll (again), Edie Brickell and Living Colour who did a great job on Saturday Night Live...In the 'Stirs My Emotions' category, lt's 'Angel Eyes' by Jeff Healey is my current pick. especially a good midday record. He put on an awesome show last week in town ... 'Led Clones' by Gary Moore is getting huge phones. Check it out!"

KISS, SAN ANTONIO, TX ASST. P.D./M.D.-TOM <u>SCHEPPKE:</u> "In the weeks to come, we'll be asking you to call 512-340-2355 for our weekly adds, plus you'll be able to leave us a message, too...Great new Cult tune. <u>'Fire Woman'</u> is already the Most Requested new song after only one week. I love it!...The new Petty is 2:56 of pure pleasure. Definitely a Wilburys' influence...Can't wait to add new Fabulous Thunderbirds' <u>Rock This Place'</u>. It could be their biggest yet!...The new Satriani <u>'One Big</u> <u>Rush'</u> is another screamer...I'm going to be on vacation from April 10th through the 14th, so I'll see you in a week. Don't forget that add number: 512-340-2355."

WKLC, CHARLESTON/HUNTINGTON, WV M.D.-JOHN RIGGS: "Congrats to 'KLC/Charleston Afternoon Drive-man, Mark 'Savage' Bianchi and wife Deb for successfully adding to their litter a beautiful daughter they like to call Lydia Diane, on the 2nd day of March...And, to everyone concerned with my

**Pixies/Jane's Addiction** payola scandal last ish, look up the word 'sarcasm' in your Webster's. Look at our list this week! Six new adds and not one cool promo item...See ya next time, kiddies. This monkey has gone to heaven!"

#### WMFX, COLUMBIA, SC ASST. P.D./M.D.-MIKE <u>WILLIS:</u> "Swimming Pool Q's--we've known for a long time these guys could <u>really rock</u>. They have what it takes. Check it out!"

WRCN, LONG ISLAND, NY M.D.-JOHN LOSCALZO: "The Godfathers! The Godfathers! The Godfathers 'She Gives Me Love'. I smell monster. I've already listened to it 958 times. Yeah, nine hundred fiftyeight! Uh oh! Hey! Wait a second, I think I could win an Oscar for this...My Mom would be happy. I'm getting into two nice girls. Hey, clean up that mind of yours. It's a record on Rough Trade...Listen to the Dickies 'Dummy Up'. If their version of 'Eep Op Ork' from the Jetsons blew your skirt up, then wear clean underwear when listening to this gem...Is it just me or did The Replacements seem sober for the first forty-five minutes of their gig at the Beacon Friday (3/31)? What's goin' on here?...Effective immediately, we will only accept music calls during the following times: Thursday and Friday 10 AM - 1 PM. We are taking this measure to more efficently serve the music industry. Adds will still be available Tuesdays at 2 PM. Thanks in advance for your cooperation."

#### WIOT, TOLEDO, OH M.D.-JIM STEEL:

"She came, she saw, she kicked ass: She stole Toledo's heart and Toledo, I believe, stole part of her heart as well. Melissa Etheridge proved to a Sold-Out crowd and listeners tuned in for the live broadcast that she is a force to be reckoned with. If you are enjoying any success with her music, don't pass up on the chance to do a live broadcast. It will become the talk of the town. The day after the show, I swear the first 30 calls were from folks that enjoyed the broadcast show and opportunity to see her in Toledo. I could babble on and on (I already have with Andy, Joy and Beth), so instead I'll just pass along our most sincere thanks to Andy, Yuli, Dave (the world's tightest band), and of course, Melissa. By the way, if you have her coming to town, try to get to the soundcheck. She does a spine-tingling version of the Stones' <u>'You Can't</u> Always Get..'...On to other things: I'm a big Petty fan but is anyone, other than myself, tired of **Jeff Lynne's** production? If I hear another song with that damn 'bounce' production, I'm gonna be sick...Oh ya, I cancelled my subscription to the WWF Magazine...The Macho Man still rules!"

KDJK, OAKDALE, CA M.D.-RANDY MARANZ: "Jeff Healey has made IT! The last two tracks have done very well at rock radio and with the new movie '<u>Cross</u> <u>Roads</u>' due out in a month or so, '<u>Angel Eyes</u>' should be a definite on your playlist. I feel the women will love this record (can you tell that I like Jeff Healey)?...Tom Petty comes out with a bang. Don't back down from this track. '<u>I Won't Back Down'</u> is getting great response...In the realm of cover tunes (I know what you're thinking) but Blackie Lawless and W.A.S.P. have come out with a real catchy cover of The Who's '<u>The Real Me</u>'. We put it on the air in the mornings, believe it or not, and asked our listeners who the hell this was--and of course they knew. Check it out. See what your audience thinks about it...Don't let the CHRs beat you to this one: Eddie Money's 'Let Me In'. Eddie's doing well...A couple of tracks we're looking at quite strong and a couple of faves at our station: Living Colour 'Open Letter (To A Landlord)' or 'Which Way To America'. If you saw these guys on Saturday Night Live (April 1), they smoked. Vernon is too hot!...At this point, I'm suffering from brain fade (know the feeling?). That's it, that's all!"

KMJX, LITTLE ROCK, AR M.D.-DAVID ALLEN <u>ROSS:</u> "In the new Birch Quarterly we did <u>fabulous</u>! 12+ in the marketplace. We are third behind Country and Urban. Men 18-34 we're #1 and men 25-54 we're #2 behind Country...Tonight a show we have all been looking forward to: Little Feat and Ivan Neville, and as kind of a kick we've arranged for Little Feat's Fred Tackett (who is from Little Rock) to receive the key to the City from the Mayor...Musically, my new favorite song is Living Colour's 'Open Letter (To A Landlord)'!"

#### KEZE-FM, SPOKANE, WA ASST. P.D./M.D.-

**CURT CARTIER:** "I've heard Living Colour's 'Open Letter' at least 25 times each spin. Still registers 8.5 on the goosebump scale...If you don't think **Petty's** record is a bona fide smash, then I'm here to tell you 'gullible' isn't in the latest edition of Webster's Dictionary...(Don't be a buffoon and say, 'Really'!)...Listener response helps heavy pumps for **Great White** and **Siren**, **Saraya's** probably next...We've got such huge phones for a couple 'B' sides, why not add them...One of our weekenders had the foresight to hear **Guns N' Roses** on an Ep only, and snatch it...'<u>Shadow Of Your Love'</u> goes in as does the amazing '<u>Rock Of Ages (Live)'</u> from **Def**. Hell, what a bar band!...If the music never works out, **Big Bam Boo** would make a primo tag team wrestling handle!"

#### WONE, AKRON, OH M.D.-J.D.:

"The much anticipated R.E.M. tour rolls Into town this week and for the past month we've asked listeners to help pitch in and keep our environment clean by collecting aluminum cans. We had a Recycling Center in the area help out by being the collection point for all the cans. The top 10 listeners who collected the most cans won front row seats to the April 6th show, plus GREEN platinum albums. Each person who brought in aluminum cans was given a special receipt to verify their donation and to enter them into the contest. As of April 4th, a combined total of close to 1,100 Ibs. had been collected...Also, this week we get prepared for ace axeman, Jon Butcher, who'll be in town at the Akron Agora for a special WONE Night Out...As far as new material, be on the lookout for another up and coming star, who could definitely pin down Rookie Of The Year honors here in the U.S.A. Barney Bentall And The Legendary Hearts. Their imported CD just arrived and it sounds fabulous. It's a very refreshing and tasty album with a great melodic flavor to it. 'Something To Live For' is the lead and emphasis track which sets the stage for a full 50 minutes of pure, solid music enjoyment. Barney Bentall And The Legendary Hearts could definitely be an artist who may become a legend over a period of time and with a fine, strong effort such as this, success doesn't seem too far behind for this young Canadian band...Also, kudos to **Tom Petty** for a simply awesome record! This sucker's a killer!'

KZLR, LITTLE ROCK, AR M.D.-MALCOLM "By the time you read this, KZ95 will have RYKER: exploded into a massive free concert at the University Of Arkansas at Little Rock, not to mention the first outdoor concert held there since 1975. Headlining is Mr. Hot and Nasty himself, Jim Dandy and Black Oak Arkansas. I can't believe it took 14 years for Arkansas to get free outdoor concerts back at the ULAR. Well, then again, I can believe it!...KZ95 was the official radio station for the M.S. Ugly Bartender Contest. Last year total money raised was \$2,200. This year, with KZ95, we pulled in a whopping <u>\$18,300</u> big bills...Musicwise, when I heard <u>'The Real Me'</u> from W.A.S.P., I couldn't believe it. The song is redone so well that I don't think it will piss off any of my upper demo Who-lovers. And, it will, in fact, turn on my teens who will dig it because we are rocking W.A.S.P. Could this be the remake track of the year for 1989?...Out-of-the-box on the new Blue Murder. I couldn't pass up on this lineup. Talk about a bunch of veterans: Carmen Appice, John Sykes, and Tony Franklin. Geffen's got another master blaster right here.'

WAQX, SYRACUSE, NY M.D.-MEG STEVENS: "The new Tom Petty is lighting the phone lines. People can't get enough!...We're also getting good reaction to Cinderella's <u>'Coming Home'</u>. This tune will come home for Mercury...It's been a busy week in Syracuse. Thanks to Mercury's Eric Hodge for breakfast at his favorite

**Continued From Previous Page** 

place...Also, thanks to Polydor's **Joe Riccitelli** for coming in for the **Hothouse Flowers'** show. This was the best show I've seen this year...One more thanks to **Ann Donahue** of Warner Bros. for helping with the **Tanita Tikaram** interview. It's rare to find someone so young with so much talent and poise."

VGIR, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "Tom Petty's 'I Won't Back WGIR, Down' gets back to the free wheeling style and sound of some of his earlier work. This is solid Petty through and through...'<u>Cult Of Personality</u>' worked so well, and keeps on working. The band sizzles with an intensity and sound all their own. 'Open Letter (To A Landlord)' is just the right track to keep Living Colour's audience growing...The Fabulous Thunderbirds know how to make good time rock and roll and 'Let's Rock This Place' has a loose bar band feel that can't help but make you feel good!...What else can I say about Joe Satriani except, I love him! 'One Big Push' is in!...Yesterday was the official start of Spring with baseball's opening day and the ROCK101 Breakfast Club was eager to be in on the festivities. Buck and Roxanne couldn't get into Fenway Park so they went to Manchester's Gill Stadium. Well, they couldn't exactly get into Gill Stadium either so they set up the van on the sidewalk, in the rain. It was the thought that counted. Many thanks to Columbia's Jerry 'I Got Up At Six This Morning' Blair for helping with the Breakfast Club Gill Stadium remote broadcast by providing us with special edition Outfield/ROCK101 commemorative T-shirts. Jerry was here bright and early on Monday morning with the goods...ROCK101's Gretchen Von Kruschka and Dave Anthony were out Saturday judging a Best High School Band competition at Salem High School. They saw thirteen high school rock and roll bands and, who knows, they might've seen a future heavy hitter for the ROCK101 playlist."

#### WIZN, BURLINGTON, VT M.D.-TOM VAN

**SANT:** "Many people have been hearing **Steve** and me complaining about the lack of 'meat' and the plethora of 'potatoes' in the music arena of late. Well, things have changed. **Joe Jackson** is back with a vengeance. '<u>Nineteen Forever</u>' could be a smash! And there's plenty of great material to back it up. Thanks to **Chuck** at A&M (!) for the advance cassette...And with **Tom Petty, Treat Her Right**, and some very promising new acts on the scene, the table is set for a great Spring! P.S.: **Tanita Tikaram** is burning up at retail. She's Top 15 already from our airplay alone. Incredible."

#### WZBH, OCEAN CITY, MD M.D.-JENI GIPE:

"The new Joe Jackson and Tom Petty are OTB adds right into heavy this week. I'm happy to say we finally have room this week for The Connells' 'Something To Say.' This song is so catchy! I know the phones will be ringing for The Connells...What? You're not playing 'From The Greenhouse'?! C'mon, this will be an AOR staple in a few years. O-R-I-O-L-E-S!!"

STEAMBOAT/VAIL, ASST. CO KFMU, P.D./M.D.-PAUL CAVANAGH: "Gusty winds and hot phones make the news at KFMU. Gusty winds due to the response to our annual Passport To Paradise promotion. This last week we gave away a trip to New Orleans to the Jazz/Blues Festival (kudos this week to RCA-Zak, Mercury-James, Chrysalis-Genia, Reprise-Nancy, Geffen-Bob, Island-Andy and Dave...About the adds: Tom Petty and Joe Jackson in one week! The shape of the summer ahead. How about Barney 'From The Great White North' Bentall? Thanks to Joe for the advance preview CD. Each track has a different style that is reminiscent of different American artists, yet refreshingly My favorite is 'Black Clouds.'...'Always Canadian. <u>Saturday</u>' keeps creeping up the charts here at KFMU. **Guadalcanal Diary's** latest '<u>Flip Flop</u>' is the album from this Athens, GA foursome that should be on everyone's playlist!...Bonnie Raitt and The Outfield continue to light 'em up while Sam Phillips is really gaining phone attention from the 28+ males...The 'Snowball' is San Jose: Thick deep (I hear) on Monday. Maybe the ski will sprout from China Bowl in summer. Keep smiling PC."

#### WWTR, OCEAN CITY, MD P.D.-SKIP ISLEY:

"Attention all company heads: Is there any chance we can get the **Mellencamp, Stones, McCartney, Doobies** and **Jackson Browne** before the Spring Book is over?"

#### WFAL, BOWLING GREEN, OH M.D.-DAN

**FORTHOFER:** "Baseball's underway...The Tribe won their first game and Seton Hall lost...Now I'm in heaven...If you see the latest CD from **Strangeways** pass by your desk, don't overlook it. Track 3 'Love Lies Dying' is a killer...We were on **drivin**' n' cryin' last year and we're now all over '<u>Honeysuckle Blue</u>'. Great sound!...If you get a chance to see **Melissa Etheridge** in concert, don't miss it. I saw her last week in Toledo and I still have goosebumps."

#### KFMX, LUBBOCK, TX M.D.-JEFF IVAN:

"Easiest add of the week goes to Tom Petty. '<u>I Won't</u> <u>Back Down'</u> is a great tune and the way The Wilburys have taken off, you just know this is going to be a winner. And it's under three minutes...**Marchello** is a band that everybody should be looking at. Gene is such a hot kid and the phones will really start to buzz when '<u>First Love</u>' hits the air this week...If you're looking for a second track for whatever reason, might I suggest the title track. It's got this killer hook and one of the best, if not the best solos, I've heard this year...Thanks to Epic for giving us the live Living Colour especially The Clash remake. Too cool!"

WCVM, MIDDLEBURY, VT M.D.-JOHN FREDERICKSON: "Interesting to see Crack The Sky's John Polumbo now has two songs on our playlist: his own performance of 'From The Greenhouse' plus the latest from Charlie Sexton 'Blowing Up Detroit.' Great new music from The Cult. 'Fire Woman' really burns as does the latest from Leatherwolf. I still believe 'The Calling' was the best hardcore cut from 1987. Nice to talk with Geoff Gayer from the band from London where they're in the midst of a European tour. By the way, thanks to Capitol Records for solving at least part of my service problems."

#### KACV, AMARILLO, TX P.D.-JAMEY KARR:

"Congratulations to KACV alum, **Ginger Mackenzie**. Radio cannot have too many red-headed program directors. **Ginger** has worked long and hard for this and we're all very proud of her. I do not, however, want to program against her. Lots of luck, Red."

#### WFRD, HANOVER, NH P.D.-MARK WACHEN: This week we culminated our Spring Survival '89 promotion with our grand finale: Mud Bowl I, a ten team mud football tournament which we held at a local ski resort. Forget mud wrestling, for real down and dirty excitement you should have seen these 11-member teams trying to complete passes and run sweeps in up to 24 inches of mud! We also constructed a 99 foot mud slide which 5 of our listeners won the chance to ride decked out in full camouflage. At the bottom of the slide, in a virtual mud swimming pool, each of them chose one of five keys, and attempted to start an all-terrain mini Jeep which was parked at the other end of the mud bowl. The mini Jeep was given to the person who had the key that started the vehicle. The four others won compact disc players. All in all, it was quite an event...As for music, I'm really excited about Drivin' N' Cryin's new album, 'Mystery Road'. If you skipped over this band's exceptional debut album last year, don't make the same mistake twice! This band's sound has a touch of Led Zeppelin, a spattering of R.E.M., a little of a lot of others, and yet it still comes out sounding fresh and original. Play it, say it, weight it, pray

to it. Do whatever you want, but just get it on the air already!...I'm happy to announce that **Eric Wellman** will now be our sole Music Director. He will take music calls on Monday and Tuesday afternoons at 603-646-3313."

#### WVBR, ITHACA, NY M.D.-DOMINICK MILONE:

"What a week for concerts. The Hothouse Flowers were in Syracuse with a show which was amazing. Watch these guys. Thanks to Joe Riccitelli for the great time with a great band. Ithaca was the place to be...The Fixx were In town. Thanks to Tom Holser and the band and David Ross from RCA for a rocking night...'Love Has Taken Its Toll' from Saraya is the song to watch this week. It's going to be big...P.S. Meg Stevens from WAQX: How many donuts does it take to answer the phone?"... FROM ASST. M.D.-TODD MC CARTHY: "David Cosby is back. We caught his show in Rochester and he rocked the house. Thanks to John McHugh from A&M for the concert of a lifetime. Don't miss this show!"

#### WEQX, MANCHESTER, VT M.D.-ERNIE JAMES:

"Well, mud season is in full bloom here in Vermont. It's a good time to stay inside and listen to the radio. And boy is it worth listening to! We just moved Julian Lennon and The Outfield into heavy rotation. Adds this week include The Cult (yeah!), Joe Jackson and Crack The Sky. Tom Petty went straight from the box into the Top 5 requests for the week. This one's gonna be big! Fine Young Cannibals and Tanita Tikaram once again lead the pack of phone action and sales in this area...ATTENTION RECORD PEOPLE!! We could always use service in the areas of reggae and blues material for our specialty programming, and we certainly wouldn't turn down artist IDs."

#### WRXK, FT. MYERS, FL M.D.-D DAY:

Special thanks this week to Julie Levine of Elektra and Dave Garbarino from Geffen for being our guests to see and hear False Alarm. It doesn't take a fiber optics wizard to notice the serious queries flying fast and furious from major labels, several with initials, some with aquatic references, some named for individuals. This band's repertoire is ready made for rock radio. And, as unusual as that seems, it still comes as no surprise when you realize those fancy fingerings, incredible intonations and rip-edge leads come from Alan James, guitarist and music director for Roy Orbison from 1968-1983. Add to that a vocalist loaded with style and the right looks in one, Darren Rogers. His natural range moves with ease from sultry to supercharged -- from powerhouse to pretty. Bruce Sunneborn's songwriting is sensible, memorable, infectious and moving. These guys will be invited right out of their seaside Naples homes faster than you can say geriatricarteriosclosalliverspotednortheasternattitudgrump yfart."

WKQQ, LEXINGTON, KY ASST. P.D./M.D.-STACY YELTON: "Do I dare be negative regarding any Tom Petty project? Well, if I'm going to be honest, I guess so. Tom, love you babe, but dump Jeff Lynne and go find your Heartbreakers."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Everything's okay in my universe. No matter how nutso things can be, a Joe Jackson song always puts some perk in my step. 'Nineteen Forever' has me bounding 5 feet off the ground. Thank you, Joe for

continuing the Jackson tradition ... Saraya is blowing out the phones and proving she can rock with the best of them. No poser band here. Just no holds barred excellence and we segued them into medium this week...Another hot, hot, hot band fronted by a scorching female is Concrete Blond. A big fave for me since the first release when they rocked the house at The Chance a few years back. I knew then their climb would continue. Thank to the early listen. My ears are into 'Roses Grow' and 'Scene Of A Perfect Crime'...Much thank to John McHugh, A&M, and especially David Crosby for a wonderful night of new songs, special memories, a great interview and seminar. David's vocal strength is incredible, strong as ever and the Hudson Valley loved every moment. Thanx also to Bob Divney, Reprise and The Replacements for a super promotion where one of WPHD's listeners replaced me on stage the night of the show to do announcements. Tons of fun and we got the extra special treat of Treat Her Right. Super stuff, real exciting follow-up to their debut and as always we're looking for room."

WZXL, ATLANTIC CITY, NJ P.D.-STEVE MCNEE: "Here is something that should make the record companies smile. All light and medium rotation songs are now being back announced right after they play on WZXL...Congratulations to AI Cafaro to GM at A&M."

#### NORM OSBORNE, EMI (212-605-8600):

"Queensryche blows in with another great week with 10 adds, among them: KUPD, KISW and KOME. The airplay is building and you need to give this one a chance. This is a track for all AOR stations to look at now. Test this record and you'll see results fast. This band is selling records fast. Don't ignore something that is as active as this one...Lions & Ghosts have put together a track, Arson In Toyland', that should have you on your feet. This song is not receiving the attention it deserves. They just completed the video and it's hot! They're doing a West Coast promo tour and will be available, with others soon to follow. Give this a try, now ... Vixen is out this week with the track 'Love Made Me'. Sales are at 600,000 -- the tour continues and will be out until the end of August...Glamour Camp, with Christopher Otcasek, is still knocking 'em over with adds at WFBQ, KFMX, and KZRR. Last week, Chris and I, along with Mike Stone, our Chicago rep, and Lee Arnold had the pleasure of meeting Dave Benson of WLUP and Norm Winer and Lin Brehmer of WXRT. Thanks to Michael Hughes for your warm hospitality and putting Chris on-the-air...I'll see you in two weeks -- it's off to Atlanta, Dallas, Chicago, Buffalo, Philly, LA and San Francisco next week.

#### KEVIN SUTTER, RCA (212-930-4105):

"Here only a week and I already feel the RCA energy. Our first week out with the new **Treat Her Right** track and we produced well over 30 adds. Capitalizing on all the band's fans from their debut album, we have now set the stage for an even more successful follow-up. <u>'Picture Of The Future'</u> Is off and running and yeah, man, you're all in it...**Lita Ford** is starring at Platinum as we speak. <u>'Close</u> <u>Your Eyes'</u> Is everywhere -- AOR, CHR, MTV. Hey, if it worked for you the first time, think how powerful it will be

now. Between familiarity and visibility, Lita is on her way back to the top of the charts...The Fixx are touring now and our second track 'Precious Stone' is picking up right where 'Driven Out' left off. The song comes off great live and many people compare it to the more successful songs of the past with all its hypnotic hooks. RCA is committed to break all previous records with this band...House Of Lords has a great call-out record on their hands with <u>'Love Don't Lie'</u>. Top 5 at both WQFM and WLZR and Top 10 at WCMF -- and after just two weeks, into heavy at WIMZ. I think you might find what KLOL, KISS, Q107 and many others have found, this song works and the public lets you know how right away...The Sidewinders are a band that should be seen live, so call your local reps and get out there and see 'em. Then you'll understand why we're all over you for airplay...And speaking of 'live', make sure you catch the Graham Parker/Pierce Turner tour when it rolls through town...Prepare yourself for the next Cowboy Junkies track 'Misguided Angel'. If you missed them on Saturday Night Live, you can catch them on Johnny Carson, May 4th...In closing, I want you to write down the date April 24th for adds on the new #1 song from Love And Rockets, 'So Alive'...Thanks to the RCA field staff for making me feel so welcome so fast."

WYNN JACKSON, POLYDOR (818-955-5260):

"If there is anyone who hasn't received their official Polydor Music Desk Pad and Calendar, please call me before we run out...A little over a year ago, we witnessed a monstrous break-out with a song called 'Get It On'. The song was a slow-burning, long-standing #1 request item. A reaction record that really stirred up the monkeys. Over a million people bought the debut Lp by Kingdom Come and more than twice that amount witnessed their kick-ass live show. It's that loyal following that is so anxious to hear their next effort. The album, 'In Your Face' will be IN YOUR FACE this week and cuts like 'Do You Like It', 'Who Do You Love' and 'Overrated' will bury all backlash smalltalk and put Kingdom Come in the Rock N' Roll ranks, up high where they deserve to be. Turn it up!!...And now, it's history in the making -- it's Saraya!!! -- and the greatest news of all for radio is that the demos are averaging around 22 to 24 year-olds. THIS IS THE BREAKOUT GROUP OF 1989!!!

KENNY PUVOGEL, WARNER BROS. (818-953-3723): "Congrats this week goes to Danny, Flash and the Atlantic crew for taking the Julian Lennon record to #1. This album is full of goodies and continues in heavy airplay at home!...This week, we shipped the followup Lou Reed track from his 'New York' album, titled 'Busload Of Faith'. We are already on over 20 stations with this track, with new believers this week, including WDRE, WHFS, KFMH, KRXQ, KRZQ, KZAP and WNEW! Please be sure to give this CD pro a listen. The edit sounds great! When I was in NY I had the opportunity to catch the opening show of Lou Reed on Broadway. This song 'Busload Of Faith' really generates some crowd excitement! If Lou passes through your market, make sure you see the show. It's rock & roll history! The album is at 360,000 and continues to be one of the best sellers at WB week after week. With the airplay we will get on 'Busload', we have no doubt that we will be at a Gold record very, very soon!"

#### SEAN COAKLEY, ARISTA (212-283-2256): "Please make note: This Wednesday, April 12, a press

"Please make note: This Wednesday, April 12, a press conference will occur in London with **Jon Anderson**, **Bill Bruford**, **Rick Wakeman** and **Steve Howe**, at which time they will announce the release dates of their new album as well as world-wide tour dates. A montage of music will be played as well. Westwood One is offering this event to all their affiliate stations (as well as Source stations.) If you are interested, please contact **Steve Jenkins** 213-204-5000 or your <u>Westwood One/Source</u> representative. Jump on it!"

#### PAUL BROWN, VIRGIN (212-463-9248):

Cabbages and kings. Hail, hail cabbages and kings. In keeping with my new 'kinder and gentler' approach, I promise to be much more agreeable. I promise not to tell you that you're missing a hit record in 'Holding On To The Earth' from Sam Phillips. I furthermore promise not to rant about Roy Orbison's <u>She's A Mystery To Me</u>. Or to rave about its exquisite beauty. Or to question a lot of Rock stations' refusal to react to very, very strong sales virtually everywhere. Or to question out loud why too many stations ignore, in general, an active form of research like sales information. Or why Rock stations claim to be targeted 25-44, yet try to sluff off artists such as Roy Orbison. Like I said, I'm not going to do any of the above. Or bug you to play Steve Winwood's 'Hearts On Fire' when there are almost no superstar acts out What I will do is this. You all now have my there. permission and that of Jeffrey Naumann to characterize me as an individually wrapped stick of low-salt, low cholesterol Polly-O mozzarella cheese should you not be completely jazzed by the upcoming King Swamp and **Bob Mould** projects...And get ready for the new **P.i.L.** album, entitled <u>'9'</u>. It ships 5/2...That is all."

#### JACKIE TESMAN, ATLANTIC (212-484-6002): "KEDG and MTV add 'The Good Life' by Fire Town this week. David Crosby adds Fire Town to his tour. Heavy airplay and sales coming strong from Boston, Chicago, Long Island, Asbury Park...For all those early believers in 'The Good Life', the next track is 'Miles Away', which is already receiving airplay at WXRT and WDST...Edelweiss is a band whose origin lies deep in Austria and climbs all the way up to the Swiss Alps, where edelweiss grows rampant. It is also a newly released 12" that combines boobs, beer, yodeling and rapping into a humorous situation. Watch the video and understand -- WDRE and KITS have already had a great deal of success with this song...After only one week of airplay, KJQN in Salt Lake City reports #1(!) phones on 'Romeos' the new Alphaville release. The domestic copy should be on your desk and ready to add on April 17th...Moev continues to sell strong Minneapolis, Phoenix, Los Angeles, San in Francisco...Julian Lennon <u>'Now You're In Heaven</u>' is now receiving heavy airplay at: WDRE, WXRT, KBCO, KEDG, WBCN, WDET, WFNX, WBRU, CFNY, WHTG, WMDK, WDST, WRCN and KTAO...Coming soon: Adrian Belew--'<u>Mr. Music Head'</u>. For all those people who have already heard this incredible piece of vinyl and are in total agreement with us -- thank you and make sure everyone else knows what an incredible piece of vinyl it is. The track 'Oh Daddy' features his 11-year-old daughter, Audie. It will be on your desk and ready to add on April 24th...Canada's Blue Rodeo, recipient of three Juno Awards, will come forth with their next stellar release 'Diamond Mine'.

#### JEFF NAUMANN, VIRGIN RECORDS (213-278-

<u>1181):</u> "You should all have the hot, hot Paul Fox remix of 'Seven Into The Sea' from In Tua Nua. If you think In Tua Nua is just a pop band, one listen to 'Seven Into The Sea' and you'll hear the rock side of this great band. 'Seven Into The Sea' is a Cookaahh!...The buzz is growing by the minute on King Swamp. You should all have advance cassettes by now. Listen and you'll be blown away. 'Is This Love' ships to radio this week. King Swamp will be huge...There isn't a song out there which evokes more emotion from your audience than Roy Orbison's 'She's A Mystery To Me.' Don't be afraid of this song because of its slow start. Stations like KUPD, KLOS, KZAP, KRXQ, KGB, KOME, KSJO, KISW, WLUP, WEBN, DC101, WBCN and too many more to mention don't have a problem with it. 'She's A Mystery To Me' works just fine...Finally, the night listeners love Roxx Gang. Tests are positive everywhere. Don't judge music you really don't know. Let's face it, we're not as young as we used to be. Let the teens be the judge. Test Roxx Gang."

CHARITY KURZ, MECHANIC (212-226-7272): "Dream Theater will be available on Thursday, April 13th, for telephone interviews and station IDs. Any interested radio stations should contact me at 212-226-7272 to sort out a time."

#### GRAHAM HATCH, ATLANTIC (212-484-8680):

"What is Edelweiss? It's beer, it's bosoms, it's midgets, it's the Alps, it's yodeling -- It's a HIT! Out this week, if you're not playing it by the end of the day, I suggest taking the next opening at The Weather Channel...Also out this week is the first glint into the exciting new multi-media Alphaville project. The track 'Romeos' will be on your desk in 12" form, but be aware that the CD will follow shortly, along with some surprises that we will discuss Romeos' is already the #1 Most Requested song later. at KJQN!...The best little band from Madison, otherwise known as Fire Town, got a couple of major adds this week -- namely MTV and the David Crosby tour... Advance advice: be on the lookout for the best ever record from Adrian Belew, the long awaited sophomore effort from Canada's Blue Rodeo and Moev live in June.

#### JOHN SCHOENBERGER, RELATIVITY (213-

212-6562): "Thanks to all of you for your good wishes as I take over the helm of promotion at Relativity/Combat/In-Effect Records. I wish Matco all the best at Atco. Our current staff includes David Counter in Dallas, Mark Dyba in Chicago, Megadon as our National Metal Promotion dude, Lora Porter as our Metal Rep in LA and, of course, Jetson. He is now our Associate National Director, based in New York. He will still continue to oversee the Alternative department, as well as represent promotion in the home office. We will shortly be hiring another alternative promotion rep in New York, as well as a promotion manager in Atlanta...Check out the last minute rush release of the 3" CD single by Orkestra, recently mailed to you via R&R. The track is called <u>'Some</u> Kind Of Magic'. The key members of the band are Kelly Groucutt and Mik Kaminski from ELO. It is from the 'Summer Job' soundtrack, our first release through a new deal we have set up with Sony Video Software...We will be servicing the Thelonious Monster CD to you shortly. It is happening on the alternative slde and it is time for you 'mainstream' guys to listen. Zero in on 'So What If I Did', 'Sammy Hagar' and Tracy Chapman's 'For My Lover'. This band is going to happen big time!... Exodus is on the MTV/Headbangers' Ball tour...Dark Angel and Death are on the Ultimate Revenge II tour...Next up is the premier release from our new label called In-Effect. The band is called 24-7 Spyz. They rock with the tune 'Jungle Boogie'. We also have Prong and Agnostic Front out on this new hardcore label...All-in-all, things are happening at Relativity...P.S.: Joe has a new song out through WTG, called 'One Big Rush'.'

#### ANDI TURCO, MUSIC AWARENESS (818-883-

7625): "Full moon fever casts the first shadows on over 150 AOR stations. What a wonderful reception from all of you! Needless to say, Tom Petty's 'Won't Back Down' was the Most Added record this week. We all thank you!...Another smoker is this new track from Joe Satriani called <u>'One Big Rush'</u>. Keep an eye out for it on the <u>'Say</u> <u>Anything'</u> soundtrack, add it and <u>watch</u> the phones light up...One record you should not miss is the Sandmen. 'House In The Country' sounds great on the air, and the entire album is wonderful. Mixture of styles and melodies that really shows off the band's talents...Midge Ure's 'Answers' is the perfect follow-up track after 'Dear God's' success. KEDG has been playing it for a while and it really stands out...Finally, **The Choirboys** <u>(Run To</u> <u>Paradise</u>) gains more new believers with WYBR, WWTR, KCAL and others this week...In other news, we had another one of our conference calls last week. Joining us, and sharing their radio and musical philosophies were some of the finest women in rock radio. Thanks to Pam Edwards of KGB-FM, Wendy Steele at WLVQ, WAQX's Meg Stevens, Kim Alexander from WHCN, KPEZ's Elise Vander Borght and Stephanie Mondello of KLOS. Also joining in was A&M's J. B. Brenner, who shared some wonderful insight on the forthcoming Joe Jackson album. We all had fun! Thanks again, and we'll have to do it again soon!...Just when you thought it was safe to turn on your radio, I 'return' to the airwaves. I am now the newest member of the airstaff at KTYD in Santa Barbara (God's country). I will be moonlighting during the weekends and I'm <u>thrilled</u> to be working at such a <u>great</u> radio station. Thanks to **Roger Mayer** and the rest of the staff for this opportunity."

#### JETSON, RELATIVITY (718-740-5700):

"Let me tell ya 'bout My Bloody Valentine! This record is taking off on the East Coast. It's getting great response on WDRE and has been nominated for shriek of the week. The song <u>'Soft As Snow (But Warm Inside)</u>' is getting requests. Give this record another listen. I think your audience deserves a chance to hear it...**Thelonious Monster** is taking off on the West Coast with sales and radio. Now, let's bring these records to the rest of the country. These are two records that shouldn't be overlooked...If you ever wondered what it would sound like if Kool & The Gang met Van Halen in the South Bronx -- you'll soon find out with 24-7 Spyz <u>'Jungle Boogie'</u> on your desk in two weeks...Well, I gotta go now and call the Cory Feldman hot line."

#### JILL COHN, MEDUSA (213-390-9969 X124):

"Hello everyone, sorry you've all had to hear me whine about the hot weather this week, but it really is a drag to wake up and have your car over-heat on the way to work. Anyway, for all of you still experiencing winter, the new Mentors Lp (Sex, Drugs, & Rock 'n' Roll' should get you all very hot. Please dedicate the soon-to-be-released 'Oblivion Train' to me, when you play it, and please don't ask my why, OK?? (Brad, from WESN, said he thought that the Mentors wrote eloquent lyrics, so I thought I should get the dedication!)...It's very cool you're all supporting Sacrilege BC, 'Too Cool To Pray', and the new Tank as well. Mike (WIDR) said he is the LONGEST Tank fan around. Whatever this means, make sure you've listened to 'It Fell From The Sky' ... Well, that's about all, but be sure to keep your eyes peeled for the Pandoras on tour now, and Wasted Youth to tour in the near future...Lastly, I just gotta say 'Hi' to all the commercial DJs out there who l've just gotten to know, and who are supporting **Wasted Youth**. Glad you're all on the waves...Talk to you soon."

MEGAFORCE HARLEY, JESSICA WORLDWIDE (201-254-6533): "M.O.D. are gearing up to assault the nation in support of their latest work 'Gross Misconduct'. Catch 'em live in a city near you. If you'd like to do an interview or perhaps you need some tickets, just give me a call and I'll take care of you...I'd also like to thank all the stations that have been so supportive of M.O.D. and <u>'Gross Misconduct'</u>. Because of you, M.O.D. has broken into the Top 10 and are on their way into the Top 5. Your continued support is greatly appreciated ... For those of you who watched MTV Headbangers' Ball last week, you may have been able to catch the latest video from M.O.D. 'Vents'. It's only 17-seconds long, so if you went to get a beer or switched the channel, you probably missed it. So, next week you better record it to insure viewing...Watch for 'True Colors' to invade Headbangers' Ball next week and, also, look for the boys to host the Ball in the very near future...France's Metal legend Trust will be making their US debut on Megaforce Records May 22. If the name sounds familiar, well, it's because of that very catchy cover 'Anti-Social', which Anthrax does on 'State Of Euphoria.' Just happens to be a Trust original. They are the biggest metal band in France and sell close to a million albums. Pretty intense, huh? Look for Trust to hit your desks middle of May ... The King is coming and Gretchen goes to Nebraska on June 27."

MICHAEL J. SCHNAPP, EPIC (212-975-5987): "SPRING AHEAD. I'm back -- man, I was in Texas last week and I'm rocked...Meliah Rage did a live broadcast on Z-Rock. Thanks to Z-Rock's Tracy, Pat, Steve, Mike, Michelle, Mr. Maxx, Rockin' Bob River, Wally Abramson, Dickey's Bar-B-Q, Tiny Tim's groupies for a wild day in Dallas. <u>'Bates Motel'</u> by Meliah Rage is getting great response from the live crowds...Next, it was

#### ALLIGATOR KERRY PEACE/DEREK AULT.

(312-973-7736): "Been spinning too much of that musical fast-food lately? Let your listeners sink their chops into some 'Chicken, Gravy And Biscuits', courtesy Lil' Ed And The Blues Imperials. Rockin' Blues, Bluesy Rock -- whatever you want to call it, it's sure to please those jaded ears hungry for some good, greasy slideboogie magic. You have the CD by now, what're you waitin' for?...Coming soon from Alligator: <u>'Live From</u> Austin' by Delbert McClinton. <u>'Standing On Shaky</u> Ground' is our starting track and if you like Delbert, you'll love this release, the first to capture him in his natural (read: live) honky-tonkin' element. If you're unfamiliar with Delbert, prepare to be won over by a set of the most soulful pipes in music and a band honed razor-sharp by literally thousands of live dates. Look for the full CD in a couple of weeks...Thanks for readin'.

JOHN HAMMOND. RYKODISC (508-744-7678): "The Jimi Hendrix 'Radio One' album checks in with 13 more adds this week, including WCMF, KATT, WWRX, WIXV, KEZE and WWTR, meanwhile, still generating sales and phones at DC101, WBAB, KOZZ, WCCC, KAZY, WAPL, WTUE, WZXL and more. Response is hot and heavy to both 'Hound Dog' and 'Day Tripper' -- both killer cover versions that'll make your listeners stand up and take notice!...We've wrapped up the Sony/Hendrix co-promotion schedule and we'll be able to draw the names of the CD player winners as soon as I can find an intern who can enter the names in our database...With sales already past 270,000 and burning hard, this Hendrix is clearly something your audience is responding to -- now see how it does as a current!"

JERRY RUBINO, BAR/NONE (201-795-3809): "These dates just in for Glass Eye: 4/19 Dallas, 4/21 Manhattan, KN and 4/22 Oklahoma City. You can expect some new songs to be included in their set, some of which will appear on their next album due for Fall release...They Might Be Giants just arrived back from their European tour to start their much anticipated vacation. All the shows went fine, and One Little Indian is set to release 'Ana Ng' as the next single in the UK. The current US single 'They'll Need A Crane' was the UK's first release...Yo La Tengo's Lp on Coyote finally shows the band at their full potential. Do yourself a favor and give it a listen...Sure, all of New Jersey hated me for it, but I stayed with my original choice of Michigan winning the NCAA Tournament despite playing the pride of South Orange, NJ, the Seton Hall Pirates...Don't forget to call me for your free They Might Be Giants promotional items. Details appeared in last week's issue...This week's Super Seque: 'Fire & Brimstone' by The Nomads (Import 12"), 'Stupid Questions' by New Model Army and 'They'll Need A Crane' by TMBG...Later."

#### RUSSELL GERROIR,

CONCRETE MARKETING (212-645-1360): "First, thanks for making Metal Church #1! Make sure you check them out live when they come through your town with Meliah Rage opening. I now have dates through May 14...Currently, Gary Moore is a Top 25 AOR record in FMQB. The two tracks meeting with the most success are <u>'Ready For Love'</u> and <u>'Led Clones'</u>...Warrant's still hangin' in the Top 15 nicely. These guys are a great live band, so if you get the chance to see them, do it...Extreme and Leatherwolf are both coming out of the blocks quickly, just check out 'Kid Ego' (now in Medium rotation on MTV) and 'Hideaway' respectively, which are already creating quite a stir at radio...Craaft on RCA and Shout on Frontline are two more records with tons of potential. The video for Craaft's 'Jane' is in Breakout rotation on MTV. And Shout has already received support from KNAC, KOZZ and 97 UNDERGROUND...Dream Theater, whose record sounds like nothing else you're currently playing, and will work for your audience. Required listening includes 'Status Seeker', 'A Fortune In Lies' and 'Ytse Jam' ... On your desk now, new music from Black Sabbath and Doro Pesch...Had a great time in Boston drinking with Bill Fischer (Kellie, with an 'l') and I'll be the one to let the cat out of the bag and wish Sister Clarrisa a happy day and warm and sunny weather."

#### MEGADON, COMBAT (718-740-5700):

"I feel like hell. Six Dark Angel and Death shows in a week. I've got at least three more to do (possibly more). Don't get me wrong, I'm having the time of my life on the road with these guys, but the weather has finally taken its toll on me. I've had to wake bands in the morning, work stage security, break up fights, get into fights, get bands to do interviews, throw sluts (and I mean S-L-U-T-S) off the bus and from hotel rooms. It definitely ain't boring. I'd like to thank the following people for everything they've done so far on this tour: Michelle Wetmore, Michele Alberico, Steve Pankowicz, Bill Fischer, Bob Lang, Mike Gitter (for the schism), Charlie Fierstein (for letting me crash), Val Allgrove, Prime Evil, Mark Abramson, Kathy Reed-Barr, Cheryl Valentine, Danny (Obese Navajo) Williams, Alexandra Koudelis and JJ, Lora Porter (welcome aboard), Pam, Mark Abramson, Caesar and Russ (wait'll Mark LaSpina sees the pictures), the bands who had the balls to open for these maniacs (Phlegm, Psycho, Solitude, Hari Kari, Metalstorm, and INC), the various babes I met, and of course, Gene, Eric, Ron, Gonz, Rick, Evil Chuck, Terry, and Bill ('fat, miserable old bastard') and their crews for being God to us. (I've always wanted to do an extensive thank you list). Call me for more highlights such as the Bridget Roy schism, me wandering cluelessly through Providence, kids in Philly breaking down the doors of the Empire (probably in an attempt to lynch Caesar), and, of course, tragic tales of rampant sex with wanton women...Talk to ya later."

#### J. CARLISIMO, MEGAFORCE (201-254-6533): "I was asked to write Phil's comments this week due to the poor state of his emotional health after last week's Seton Hall defeat. He thinks he feels bad. What about me? I coach this team to the top and have it slip away in defeat after years of work. And Phil feels bad-just because he's a recent graduate of Seton Hall University and also a season ticket holder. He'll get over it, I tell him. It was just the NCAA Championship. But anyway, they wanted me to tell you to be on the lookout for a package in the near future containing, among other things, an advance tape from their new band, Hotel Hunger. Personally, I must tell you, I am very impressed by this young band. They've got the moves, the ability, the attitude, and all the ingredients to be a major contender this year. Excellent recruitment on the part of Megaforce Records, not at all what you'd expect from a division team like this - truly unique. Look for this group of young men to lead the label into a new division; the Big East division, which of course includes EMI, Arista, etc. A big step, watch Megaforce to make their move just as we did this year at Seton Hall. Oh, and if you talk to Phil, console him a bit."

\*BEHIND THE SCENES: THE MAKING OF RATTLE & HUM\*: This program highlights the great moments from the film directed by Phil Joanou entitled "U2 Rattle And Hum". Narrated by Robbie Robertson, "THE MAKING OF RATTLE & HUM takes a behind-the-scenes look with special interview footage with the band and much more. Selections: "I Still Haven't Found (What I'm Looking For)", "Angel Of Harlem", "Desire", and "When Love Comes To Town" ... "BON JOVI SUNDAY": All day Sunday, MTV talks with BON JOVI, with stories, anecdotes, and fun from their year together. At 8:30P, join grand prize winners Judy and Jack Frappier from Levittown, PA as they meet JON BON JOVI at his boyhood home in Sayreville, NJ and get a full tour of the house, \$10,000 cash, and a new motorcycle... BON JOVI'S NOTES FROM NEW JERSEY A personal retrospective view on the life and career of BON JOVI, as only told by JON. JON takes MTV around New Jersey, including new interviews with the band, and exclusive new footage from their European tour and recent Russian visit ... \*BRYAN ADAMS LIVE IN BELGIUM\*: Filmed live amidst a raindrenched crowd of over 50,000, "BRYAN ADAMS LIVE IN BELGIUM" is the first full length concert film produced on BRYAN ADAMS. BRYAN's performance evokes the raw images of Woodstock and features hits "Cuts Like A Knife", "Heaven", "Heat Of The Night", "I Fought The Law", "Summer Of '69", and more.
