SURE SHOTS

JOAN JETT, "DIRTY DEEDS", BLACKHEART/CBS ASSOC.

Joan uncorked a convincing comeback record last time out and you'd hate yourself if you missed out on chapter two. Her Heavy Metal meets Tommy James & The Shondells treatment of "Dirty Deeds" is big fun with a bigger beat. In a half-frozen add week, 34 FMQBers got their hands dirty, giving Joan a #1 Most Added showing and the week's <u>Traxmaker</u> debut at 69*. Here's a modal era classic revamped and ready to react. The only thing missing is the growl at the end, but your jocks will take care of that. Among the new are WMMR, WNEW, WLLZ, WRIF, WBAB, WHTQ, WSHE, KBER, KSJO and WLVQ

JON ANDERSON, "FAR FAR CRY" ("REQUIEM FOR THE AMERICAS"), ENIGMA

That voice. It's one of the most recognizable set of chops on the radio. And when it's married to one of Jon's most mainstream solo trax, who'd want to say anything other than yes? This is the first emphasis track from "Requiem For The Americas", Jonathan Elias' tribute to native American culture. Written by Elias and Anderson, "Far Far Cry" sounds both modern and tribal. The record's richly textured with pounding tom toms, Warren Cuccarullo's careening guitar, a big church organ, synths, rhythm machine and, of course, that voice. Early play on KTCZ, WZEW, KZYR, WCIZ and WFRD.

EDIE BRICKELL & NEW BOHEMIANS, "A HARD RAIN'S A GONNA FALL" ("BORN ON THE FOURTH OF JULY" OST), MCA

In case you just crawled out of a cave, Oliver Stone has directed a second Vietnam flick, starring Tom Cruise as Ron Kovic, the highest profile anti-war vet of that era. Unlike its predecessor, this soundtrack Lp sports new material and Edie's contribution is air worthy for several reasons. She and the New Bohemians are unique, tasty and Platinum. Like WBCN's <u>Carter Alan</u> told us a while back, "Edie's the cornerstone of the tie dye rock scene and the sky's the limit with this band." Her cover of Dylan's narrative Sixties epic not only complements the film's subject matter but presents a smart angle for tieing in with what looks like one of the year's biggest movies. Their fans will like the way The New Bo's adapt "Hard Rain" to their distinctive style and Classic-fed listeners should groove out too.

COMPANY OF WOLVES, "CALL OF THE WILD", MERCURY

The Holiday Freeze is over and your station's slightly impoverished playlist could use a major primp job. So what's a programmer to do? You could let this pack of hungry wolves take a bite out of your list. They're lean, tough and melodic, with a hint of the shit kickin' country-influenced sound that made Steve Earle's "Copperhead Road" such a standout. Their debut track is radio-ready without sounding contrived or calculated. And don't most labels typically put their best baby bands forward in the first quarter? Hey, the Mercury machine's already locked up 15 adds including KISS, WLZR, KRXQ, WTPA, and KRZQ before the obligatory blitz.

HAVANA BLACK, "LONE WOLF", CAPITOL

We're still trying to figure out if Havana Black is another bar band from Redondo Beach or a root that stimulates nirvanic hallucinations when dried and smoked by Skava Navajos. One thing we are certain of is they've crafted a bee-yoo-tee-full leadoff in the tradition of classic British Rock like Bad Company and Cream. Lead singer J.T. Guts is a vocal dead ringer for Paul Rogers, and the band cooks hotter than the proverbial poodle in a microwave. After staging a slow-building intro, Havana Black lets it rip with a smoldering smoker remixed by Alan (Guns N' Roses) Niven. You won't be alone on "Lone Wolf".

PETER MURPHY, "CUTS YOU UP", BEGGARS BANQUET/RCA

First, a little background: Peter Murphy fronted Bauhaus, forging a look and a sound which came to be called Goth-rock, one of the most influential of the post-punk musical movements. The breakup of Bauhaus spawned Love And Rockets and Murphy's solo career, which has met with considerable success on the Adventure Club circuit. Here's an extremely tuneful track from his third solo album. It's superbly crafted, gets under your skin in just a couple of listens, and sports a gently weeping fiddle line that you'll remember for some time. The arrangement builds in intensity, climaxing with a nifty modern wall-of-sound. Already #1 Most Added at Alternative and beckoning for the Big Cross.

SHAKING FAMILY, "TIC TOC", ELEKTRA

By now, we've all learned that a left field name on Elektra doesn't always mean left field music. In the case of Shaking Family, the music's an original hybrid of acoustic and electric styles, with a very mainstream approach. "Tic Toc" goes pop with vocalist/guitarist Barbara Carter, who's voice smacks of Melissa meets Tina. She's energetic and soulful and the rest of this Louisville-based band lays down a cool, accessible sound that's bound to dupe anyone trying to pigeonhole them. Refreshing.

STEVIE SALAS COLORCODE, "THE HARDER THEY COME", ISLAND

Stevie's not just another flashy guitar slinger from Southern California with a smoking Strat and a bad attitude. He's also an expressive singer and a songwriter/producer with loads of potential. He and his aptly titled band, Colorcode, turn out a burning, churning hunk of brash funk rock in the tradition of "Walk This Way" and Living Colour. There's plenty of volcanic guitar. But you're also treated to a good measure of musical invention steeped in soul, hard rock, funk and blues from a 25-year-old who's played with Rod Stewart, George Clinton, Bootsy Collins, David Kershenbaum, Was (Not Was), Warrant and The Tubes. Listen loud.

DEPTH TRAX

TOM PETTY, "FACE IN THE CROWD", MCA

Face it, 1989 was Petty's year. Copping top honors in all major categories, TP was, and is, the king of Automatics. The airplay reach of "Full Moon Fever" was unparalleled in '89, and the per track performance elevated the format's confidence to the nth degree. The dreamy "Face In The Crowd" is vintage Jeff Lynne production, as TP croons out another winner.

BILLY JOEL, "I GO TO EXTREMES", COLUMBIA

Expect Billy's roll of instantaneous depth to continue to consume the playlists of Album Radio throughout 1990. Mick's edge, coupled with BJ's exceptional songwriting and intensity of performance, equals longevity. Extremely interested in Joel's latest greatest are 16 newcomers (WMMR, KSHE, KTXQ, WDIZ, WSHE, WZZO, KZEL), with 24 currently on. The track bows 74*, as the Lp motors 21-16*, aided by those 108 ongoing spins on "That's Not Her Style" (lunging 24-19* Trax).

WHITESNAKE, "THE DEEPER THE LOVE", GEFFEN

This cut's been aching to assume the primary player role. WPYX's <u>Joe Moss</u> calls it "A great power ballad!", we call it the second coming of "Is This Love". Soaring 87-67*, our #2 Trax Gainer has already penetrated 29 reporters including WEBN, WLZR, WLLZ, DC101, WRIF, KUPD, WHCN, WSHE and KATT. One of the easier calls of the week.

THE CULT, "SWEET SOUL SISTER", SIRE/REPRISE

Here's one hard rockin' quartet that's confidently made it to the big leagues. "Sonic Temple" was touted as a career maker for The Cult, and given the enormous results of each track, the band's lived up to the advance billing. "Sweet Soul Sister" is another quality rocker, maintaining that delicate balance of intensity and accessibility. Hear it first on KGB, KISS, KNAC, KILO, 91X, KJOT, KEZE and 4 more.

RICHARD MARX, "TOO LATE TO SAY GOODBYE", EMI

Richard's been parking 'em over the fence left and right with the current album, on a multitude of formats. And the Marx factor on MTV is always A ok. AOR's biggest success has come with Richard's rockers and "Too Late To Say Goodbye" is a premium candidate for huge results. Besides, "Repeat Offender" is triple platinum and Marx marches into to just about every arena stateside commencing 1/24. Acting fast are KLOS, KSHE, WQMF, KGGO, WONE, WPDH, KATT, WRKI and 5 more.

HOOTERS, "BROTHER DON'T YOU WALK AWAY", COLUMBIA

Go ahead, call us homers for loving everything the Hooters do. But isn't there something ultra endearing about this band's style and persona? They dared you with "500 Miles", you accepted and it worked to the tune of a Top 15 track. KGB's **Pam Edwards** labels step two, "Signature Hooters sound with their usual great attention to lyrics!" This is the money-in-the-bank track for Rock Radio.

TORA TORA, "PHANTOM RIDER", A&M

It didn't take long to discover that Tora Tora would indeed find a permanent place on Rock Radio. Van Halen and Aerosmith references aside, these Memphis music makers rock on their own terms. Displaying ample versatility on their first two trax, TT tackles a beautifully balanced blues rocker in "Phantom Rocker", and the genuine depth of this rookie band really shines through. There's Gold on the horizon.

"Our favorite! Signature Hooters sound with their usual great attention to lyrics!"

- Pam Edwards/KGB

Britny fox

"Dream On"

"Britny Fox is a band I helped develop, with great results, on their debut album when I was at WEZX. Now comes 'Boys In Heat', guaranteed to make 1990 a great year for Britny Fox. We started

with 'Long Way From Home' pulling instant phones. And the power ballad 'Dream On' is destined to be a top 5 track!" - Dave London/WQFM

"From the very first listen to this great CD for 1990, we here at the station knew that 'Dream On' was the big one!" - Greg Ausham/WLZR

HOTTEST NEW TRAX

THE SILENCERS, "RAZOR BLADES OF LOVE", RCA

They were one of the top Buzzbands of '87, thanks to their Top 20 AOR track "Painted Moon". A more full-bodied sound is evident here and Jimmie O'Neill makes his guitar resonate recalling The Edge. If you're looking for a success story, consider this: six dates into their French tour with Simple Minds, The Silencers were pulled off as an opening act because they were getting 25 minute standing ovations after their set. They quickly began headlining their own tour in France, where the "A Blues For Buddha" album is Gold and headed for Platinum.

MICHELLE SHOCKED, "ON THE GREENER SIDE", MERCURY

Michelle and Mercury broke a few rules last year and came up winners with "If Love Was A Train". This year, Swing's the thing with a hint of Rockabilly. Veteran producer Pete Anderson has honed a classy contemporary style, and hasn't Michelle improved on what was already a damn good vocal delivery. Listen up, gang.

JOHN WESLEY HARDING, "THE DEVIL IN ME", SIRE/REPRISE

We strongly recommend you check this one out, pronto. It's a bright, brass-reinforced romp that will quickly put your appendages in motion. Pub Rock meets <u>early</u> Huey Lewis. With the coolest lyrics of the first quarter. That's Elvis Costello's Attractions playing the part of back-up band and Andy Paley (Brian Wilson, Paley Brothers) in the producer's chair.

THEY MIGHT BE GIANTS, "BIRDHOUSE IN YOUR SOUL", ELEKTRA

The Giants have thrown out their novelty approach on this, their major label debut. Picture The Byrds jamming with XTC on a quirky harpsichord. "Birdhouse" is instantly hummable with vocals that are so nasal and flat that they're downright lovable. From their new Lp "Flood", produced by Clive Langer and Alan Winstanley.

METAL MONSTERS

BANG TANGO, "BREAKING UP A HEART OF STONE", MECHANIC/MCA

One of '89s brightest new stars kicks off the new year in fine form. "Breaking Up A Heart Of Stone" has the perfect mix of crunch and punch, melodic guitar, and gut-wrenching vocals. "Psycho Cafe" is over 250,000 and this track should take it to gold status. TANGO everyone!

SAVATAGE, "OF RAGE AND WAR", ATLANTIC

It's hard to believe that it's been two years since their last album! We can honestly say that the layoff has done them worlds of good. As long time fans we're quite partial to the new sound, and if this is any indication as to what we can expect from the new Lp, look out! Jon Oliva weaved nicely throughout this hard driving rocker. The one they've needed!

LAW AND ORDER, "YOUR SISTER DOES", MCA

Another band that ended '89 red-hot was LAW AND ORDER. The first track, "We Don't See God", hit the Top 10 and we feel real strong about this follow-up. Metal Radio has certainly taken these guys under its collective wing, and their brand of rock and roll will surely spark any playlist. By the way, if your sister does, chances are we've already had her.

HERICANE ALICE, "WILD YOUNG AND CRAZY", **ATLANTIC**

Hailing from Boyle's second home, Minnesota, comes HERICANE ALICE. Without a doubt, we know this will be right up there at the end of year when the "Rookie Of The Year" award comes out. This youth-oriented anthem could take off like "Youth Gone Wild". So, brace So, yourself....there's a HERICANE a comin'!

PARADOX, "HERESY", ROADRACER

This German quintet are ready to break down their own walls as they get set to assault American Metal Radio. These boys have it all; speed, hooks, melody, and a cool album cover that's very reminiscent of our mascot. Hats off to PARADOX who've really done their homework and brought forth songs about a much forgotten topic, Catharism. Songs we sing after church include "700 Years On", "Killtime", "Crusader's Revenge", "Heresy" and "The Burning".

CONCRETE FOUNDATIONS: Happy New Year babes and boys! With the new decade, MOTLEY CRUE have decided to reclaim their #1 position and take AEROSMITH a little bit higher too. This moves WHITESNAKE a little lower, but they still have little to worry about. They are currently holding the Most In Store Play award among our faithful retailers. Not trailing far behind for In Store noise are the AEROSMITH boys and JOE "Satch" SATRIANI. THE ANGELS debut at #27 with their latest from Chrysalis. Block Buster goes to BABYLON A.D., who return to the Top 30 at #20 from a previous, yet brief oblivion. Also returning to the Top 30 are BAD BRAINS, MSG, and SUICIDAL TENDENCIES. Will somebody please release something that will change the Top 5 from its current dormant state? Keep an eye out for METALLICA, BRITNY FOX, and the "SHOCKER" soundtrack. All three are moving happily up the chart. Ciao! LISA PROSPER - CONCRETE MANAGEMENT.

STUFF YOU SHOULD KNOW ...

- * So, who's replacing Ian Gillan in DEEP PURPLE you ask? How 'bout JOE LYNN TURNER! JOE rejoins his old RAINBOW mates Ritchie Blackmore and Roger Glover, and we can't wait to hear what this is gonna sound like. We hear the band is in Vermont working on the Lp with Roger Glover producing. The Lp is tentatively set for a June release.
- * Former OZZY OSBOURNE bassist, Phil Soussan has a new band called BEGGARS AND THIEVES. Look for their Atlantic debut soon.
- * Remember KING KOBRA? Well, vocalist Mark Free has joined SIGNAL. EMI will be releasing their debut next week.

- * Former FASTWAY vocalist Dave King has formed a new band called KATMANDU. The Irish-born singer is now based in L.A. and hopes to introduce his new group in 1990 with ex-KROKUS guitarist Mandy Meyer.
- * Former KISS guitarist VINNIE VINCENT has resurfaced after a long break. VINNIE, who lost his band and record deal early last year, has now been signed to a new label. He is presently assembling a new band before entering the studio this year. One thing he won't be looking for, however, is a lead singer. VINNIE has decided to handle that, as well as lead guitar himself. Two members of VINNIE's old band (THE VINNIE VINCENT INVASION), Mark Slaughter and Dana Strum, are about to launch their new group called SLAUGHTER.
- * Here's a partial list of artists and bands scheduled to release albums in 1990: POISON, VAN HALEN, GUNS N' ROSES, SKID ROW, AC/DC, JUDAS PRIEST, ANTHRAX, METALLICA, WHITE LION, BULLETBOYS, STRYPER, LIVING COLOUR, EUROPE, DEF LEPPARD, LITA FORD, and BON JOVI (live).

- * On a sad note, we bid farewell to one of our favorite cheezes, Lisa Paulon. Lisa leaves Caroline Records to be Assistant Label Manager/Sales Director for Wax Trax Records in Chicago. However, she has put her stripping career on hold.

HOTTEST NEW TRAXS

PETER MURPHY, "CUTS YOU UP", BEGGARS BANQUET/RCA

Listen to what you missed if you were away for the holidays! "Cuts You Up" is the next tempting morsel from Murphy's forthcoming album "Deep". "Cuts You Up" is a gem highlighting Murphy's provocative vocals and the song's addictive arrangement. An enchanting "Dream Academy-like" melody adds a

touch of spice to this exciting new tune. Dig in!

THE JESUS & MARY CHAIN, "HEAD ON", WB

The Reid brothers take a dip into the past and have influenced their next single with snatches of rockabilly and memories of New Order. "Head On" comes at ya via their current album "Automatic". The bunny folks are poised to take it to AOR. Jump on it again and give it another spin!

THE SILENCERS, "RAZOR BLADES OF LOVE", RCA

The Silencers are hitting 1990 with a bang! Their new effort is a smooth and memorable one with an addictive melody. They captured your attention with 1987's "Painted Moon". Now let them captivate you again. This tune comes from their forthcoming album "A Blues For Buddha".

THEY MIGHT BE GIANTS, "BIRDHOUSE IN YOUR SOUL", ELEKTRA

John Linnell and John Flansburgh are the duo that comprise TMBG. For several years they've spread their wacky brand of witty novelty pop amongst the college public. This new major label deal will spread the word. This new effort pushes aside their "novelty only" image and highlights a slightly

psychedelic tune immersed in an addictive melody. Produced by Clive Langer and Alan Winstanley, the effort comes from their forthcoming album "Flood".

THE BLUE NILE, "THE DOWNTOWN LIGHTS", A&M

This new track comes from this Glascow based trio's second album. Steve Lillywhite proclaimed their first effort as "the best debut album of the last five years". Although it's been five years between the two releases, time has worked its magic for the band. This tender tune is expressed with a clarity of

production and an honest and passionate delivery.

LENE LOVICH, "MARCH", PATHFINDER

To the uninitiated Lene Lovich was a one hit wonder with "New Toy" back in 1982. Well, the news is that she's been releasing albums and been involved in environmental causes throughout the '80s. This new effort is a shining one. "March" contains the previously released 12" "Wonderland". Check out

album cuts "Life", "Natural Beauty" and "Hold On To

No Stone unturned! While THE STONE ROSES turned down an offer this year to open for The Rolling Stones they recently had some bad news when appearing recently on British television. Their performance on the BBC's "The Late Show" was interrupted when the power failed.

In the 'ridculous' department: MORRISSEY has been critisised by the group Christian Repsonse To The Occult for his tune "Ouija Board Ouija Board". REVIEWS YOU CAN USE

ROB MOUNSEY & FLYING MONKEY ORCHESTRA, "DIG", NARADA/SONA GAIA

Flying Monkeys indeed! If the title offered no clue, then the instant the first track, "3 Moons", kicks in, you'll know you're in for something very different. Starting with some type of synth and vocal wail of a chant, a percussive rank of synths take over with a compelling and driving rhythm. Mounsey's electronic music is dynamic

and attention-grabbing. Sort of world music meets synthpop. These are all instrumentals here, and his sense of tonal color is exquisite. The other worldly voices that first greet the listener are joined by a veritable choir of like vocal cameos throughout the CD. Between the vocal touches, the finely crafted sounds and inspiring rhythms, Mounsey's work is something else -- dig?

DAVID CULLEN, "BLUE COUNTERPOINT", TALL TREE

Guitarist Cullen, prior to this release, enjoyed a productive association with Windham Hill, appéaring on their guitar sampler and opening for acts such as Will Ackerman, Tuck & Patti and lan Matthews. Like Windham Hill staple Michael Hedges, Cullen's primarily acoustic instrumental solo ventures benefit from not only his

crystalline technique (though not as pyrotechnic as Hedges), but wonderful composition skills. This release features a re-recording of Cullen's Windham Hill contribution "On The Way", so if you missed it last time, you'll have no excuse this time out. And it's only one of 11 pieces. Aside from the electric romp, "Split Decision" that might prove too rough-edged for some, this album has nothing but great music that cries for airplay. His is a talent to be reckoned with, and this will hopefully be only the first of many recordings to remind us of this throughout the nineties.

MAURA O'CONNELL, "HELPLESS HEART", WARNER BROS.

O'Connell seems to fit right in with Nanci Griffith, a female singer of Irish heritage singing country music. But while Griffith's "Storms" seemed to be more pop music tinged with country, O'Connell is more country or i ented with pop accessibility. While Russ Barenberg, Mark O'Connor, Jerry Douglas and producer

Bela Fleck maintain the country focus, O'Connell brings with her the music of her home, Ireland. The similarities are brought home on "Trouble In The Fields" which Griffith co-wrote with Rick West, and "Western Highway" where O'Connell's more full and mature voice is beautifully off-set by the youthful sound of Griffith's backing vocals. Check out "You'll Never Know", "Can't Stop The Girl", "Summerfly" or the aforementioned Griffith tune.

DIRT ALERT!

DIRTMAKER: BONE TO ISLAND AS PRESIDENT

MIKE BONE

Former Chrysalis President Mike Bone has passed on an offer to join Disney's new Hollywood Records in favor of taking over the presidency at Island Records. He replaces Lou Maglia, who suddenly exited, destination unknown, late last month.

Island Chairman and founder <u>Chris</u> Blackwell commented, "The

selection of Mike Bone was a joint decision made by me and (PolyGram Records CEO/PolyGram International Exec VP) Alain Levy. Mike has the strength to continue all the success we've achieved, and take Island into a new era of its history."

Explaining his abrupt change in plans, Bone told FMQB, "I had gone to California to put in an offer on a house on the 12th of December, and the next morning I got a call from Blackwell. Had I not gotten the call, I would be at Disney now. Chris is one of the major attractions for me coming here. He's one of the creative geniuses of the record industry, one of the guys that's always going to come up with hits. There's a lot of stuff happening here, and not just AOR. There's also a lot of Pop, Reggae and Black music. It's a full service label."

Bone began in the record business doing promotion for GRC Records in the mid-'70s. Before joining Chrysalis as President in '87, he had held positions as Mercury National Album Promotion Director, Arista VP Album Promotion, and Elektra Senior VP Promotion & Marketing. He said his agenda for the first half of the Year includes:

switching from Atlantic/WEA distribution to PolyGram as PolyGram takes over the label; increasing the size of Island's promotion staff in the areas of Pop, AOR and Black music; and providing more guidance and structure to the label's overall operation.

EDWARDS INHERITS KNAC PD THRONE

PAM EDWARDS

Hard Rockin' KNAC, Long Beach has drafted KGB, San Diego APD/MD/air personality Pam Edwards as PD, replacing Tom Marshall who joined WYNF, Tampa last month as PD.

"Pam's experience both at KGB and at KMET has made her very tuned in to the Southern California radio market," VP/GM Gary Price told

FMQB. "She knows L.A. real well, and that's important to us. Pam has a very strong feel for what we're doing, and she's coming out of a very successful operation in San Diego. We're very anxious to have her aboard."

Edwards joined KGB in June of '86 as MD/air personality, following 3 years at KMET, Los Angeles in the same capacity. She was part of the Mighty Met during its "K-Metal" phase. "I've been in Southern California radio for 6 years, and I really believe there is a certain mentality here that other people coming in sometimes don't get a grip on," Edwards added. "Nothing's broken at the radio station, but KNAC is a great concept that has never fully reached its potential. It's very successful with Metal, but

that doesn't preclude doing good radio. The music's their strength, but the formatics, execution and positioning could use a little work. (KGB PD) <u>Ted (Edwards)</u> has been the best teacher and he really gave me a lot of rope. Coming out of KGB with that kind of experience will help me a great deal at KNAC."

Pam started in radio with 4 years at WPGU, Champaign including a stint as PD. She starts at KNAC in mid-January.

WHEELS FOR MEALS: Peter Frampton (right) joined WLLZ, Detroit afternoon driver Bob Bauer for an on-air interview to help promote the first official week of WLLZ's 5th Annual "Wheels For Meals Food Drive". He also performed an acoustic set. In exchange for a case of non-perishable food, donators received an autographed copy of Frampton's latest album.

KRYSZ REPLACES GROSSMAN AS WSHE PD

BRIAN KRYSZ RETURNS TO THE DENTIST'S CHAIR

Four months after enlisting with WFYV, Jacksonville as PD, Brian Krysz has rejoined TK Communications as WSHE, Miami PD. He replaces David Grossman, who exited on January 3 due to "philosophical differences regarding the future execution of the format," according to VP/GM Gary Lewis.

Commenting on his year-and-a-half at WSHE, Grossman told FMQB, "When I came to the market, 'SHE was third in a 3 way AOR battle. Since then we've gone from worst to first among the AORs, and from the mid-1s to a 2.9 12+ in the Summer Arbitron. In the Fall Birch and the last two Arbitrends, WSHE has beat WGTR 12+. We're also rated #1 in non-ethnic Men 18-34 and Adults 18-34 according to the last couple of Arbitrends. We've taken the most current intensive AOR approach in the country. The station's in the best shape it's been in since WGTR signed on." Grossman can be reached at (305) 964-2303.

Regarding Krysz's return to TK, Lewis stated, "Brian did a great job for us in Orlando, and it's going to be good to have him back. He's worked quite well with our consultant <u>Dwight Douglas</u> and TK President <u>Bob Reich</u>. Brian coming back will be like old home week. It's like reuniting a murderers' row!"

"There are very few markets where there are as many" quality, Contemporary radio stations as you have in-Miami," Krysz added. "Musically, WSHE sounds pretty good. We're going to spruce it up a bit in the other areas. The station is in a good position right now, but we have certain goals we want to achieve and the goals are not where we are right now. The best way to build a radio station is from the ground up and that usually means teens first and 18-24s next. We want to become dominant in our target demographics which are 12-24 and 18-34. We feel there's a lot of room to grow."

WSHE joins a lengthy list of call letters on Krysz's resume. He has programmed WHTQ, Orlando; WYBB, Charleston, SC; WKLC, Charleston, SC; WYFE, Rockford; WGRQ, Buffalo; and WWTR, Ocean City and served as Group PD for Linn Martin Broadcasting.

DEL FUEGOS STOP FOR A COFFEE BREAK: The Del Fuegos hosted WMMS, Cleveland's "Coffee Break" concert on December 4. Takin' a break backstage were (Standing L-R): DF's Joe Donnelly; WMMS' Danielle Pauer; DF's Adam Ross; and WMMS' Wendy Steele, Pam Kalis, Craig Kilpatrick & Vicky Sue Winston. (Kneeling L-R): DF's Dan Zanes & Tom Lloyd.

JANG PROGRAMS KSJO; HARLOW EXITS

Four months after rejoining KSJO, San Jose in an MD/9anoon capacity, <u>Dana Jang</u> has found himself in the station's PD chair...for the third time. He replaces <u>Bob</u> <u>Harlow</u>, who exited due to budget cuts which also resulted in the exit of Promotion Director <u>Kathy Goodin</u>.

"Dana never turned in his key to the PD office when he left in '86," GM <u>David Baronfeld</u> joshed. "Nargansett has onair PDs in all of its markets. We had some leeway last year and Bob made the most sense since his skills were in programming and not on the air. But, with everyone's concerns about the economy in 1990, we were looking to consolidate positions, and one of those was the off air PD job. Dana's a great programmer who I worked with at KOME in the mid '80s. I feel very optimistic about him coming back and leading the staff into the new decade."

Jang added, "This is one of the most competitive situations in the country. We plan to stay on the foundation that <u>Bob Harlow</u> left, which is a very familiar sounding upper demo AOR, while moving upward with an improved air sound. There's room for a lot of growth here at KSJO."

Before returning to KSJO late last year, Jang was OM at KCAL, San Bernardino. He served as OM for KSJO/KHTT in the mid '80s, and held morning drive and Interim PD positions during his first run with the station in the early '70s. He also accrued 11 years at crosstown KOME as PD, MD and air personality.

ALL THE DIRT THAT FITS

MESSICK OUT AT WDIZ: After 7 years as PD at WDIZ, Orlando Rad Messick has parted company with Shamrock Communications. MD Lee Randall is handling programming on an interim basis. "We felt like it was time for a change," said GM Tom Owens, but Messick was a little more specific: "We had a down year in a couple of the books last year and we didn't turn things around fast enough. As a result, I'm the fall guy and that's part of the position of PD. I've had 7 of the best years of my life here. WDIZ is a great radio station, and I know it's going to go a long way in the future. I have nothing but the best wishes for these people." Messick is looking for future endeavors in both records and radio, while continuing to do TV production from his home studio at (407) 327-4534. Prior to 'DIZ, he programmed 98 Rock, Tampa; WFYV, Jacksonville; and WWWV, Charlottesville, VA.

LED 98: Just how long will WKRL, Tampa continue its whole lotta Led Zeppelin format? Could a new identity as WZEP or Led 98 be next? Great American took over the station on December 31, and entered the '90s with 24 hours of "Stairway To Heaven", followed by non-stop Zep. Great American has retained GM Daniel DiLoreto and he's not about to reveal what's next for 98 Rock: "The sation's going to evolve as we start to get a feel for which way to go. We may open the phones and ask people what they'd like us to add. We're playing this thing as we go along. We're going to do the all Led Zeppelin and then start talking to listeners as they call in and get a feel for where to take it from here."

<u>LENNY THERE</u>: The heaviest AOR indie, <u>Heavy Lenny</u>, will take a hiatus from his independent promotion business to join Virgin's fledgling new label, Charisma Records, in an executive promotion position to be announced.

BERGER & PRESCOTT TO 91X: Mike Berger and Jeff Prescott - two thirds of KGB-FM, San Diego's morning team - have defected to 91X, San Diego for what's being called a "substantial offer". KGB will keep Cookie Chainsaw Randolph in mornings and add other partners to the show.

He then joined them backstage for a photo with (L to R): Richard Marx, Aerosmith's Joe Perry and Steve Tyler, Coverdale and Aerosmith's Brad Whitford.

REPORT

After rampant speculation, The Rock Report has learned that former RAINBOW member Joe Lynn Turner is now the new lead vocalist in DEEP PURPLE, replacing lan Gillan. Turner, a recent member of YNGWIE MALMSTEEN'S RISING FORCE, rejoins old Rainbow colleagues Ritchie Blackmore and Roger Glover, in effect making the band more of a Rainbow reunion than Deep Purple. Nonetheless, the band is currently working in Vermont on a new Lp, set to be produced by Roger

be produced by Roger Glover, with a tentative release in June 1990.

Former <u>CARS</u> frontman Ric Ocasek revs it up again for a new solo Lp, scheduled for release in the spring of 1990. Described by insiders as blending the pop sound of the Cars with the avant garde, the Lp is being co-produced by Ocasek along with Rick Nowels (<u>STEVIE NICKS</u>). Meanwhile, Ocasek is quick to state that he's been anything but idle these last two years. "I've built a recording studio in my house, I've been writing songs, working on my photography and a book of poetry." And finally, what about all those rumors of a Cars reunion? "There are a lot of people in the business who have tried to push me into making another Cars record, but they're not going to get that from me. There is no more Cars."

DAVID BOWIE fans rejoice as the first three "Thin White Duke" CDs -- "Space Oddity," "The Man Who Sold The World," and "Hunky Dory" -- are set to hit stores on January 23rd through Rykodisc. Like the impressive "Sound & Vision" compilation, each CD has been digitally remastered and features four bonus cuts. The extra tracks include: "(Hunky Dory) Bombers," a demo of "Quicksand," a rare alternate version of "Superman," and an alternate mix of "Beulay Brothers"//("The Man Who Sold The World"), "Lightning Frightening," "Holy Holy," a different version of "Moonage Daydream," and an acoustic rendition of "Hang On To Yourself//("Space Oddity"), "Don't Sit Down," "Conversation Piece," and "Memory Of A Free Festival (Parts 1 & 2)."

THE PRETENDERS WITH HYNDESIGHT is the name of a new book just released by Omnibus Press on this classic band. Written by British rock journalist Mike Wrenn, the tome candidly documents the group's rise during the last gasp of the U.K. punk

movement, to their present position as one of the 80's landmark outfits. Containing an abundance of rare photos, a comprehensive discography, along with insightful commentary from CHRISSIE HYNDE, The Pretenders With Hyndesight is a must read.

Nyuk, nyuk, a wise guy, eh?...THREE STOOGES followers start salivating as RCA/Columbia Pictures Home Video releases six never before seen video volumes on January 31st. The titles - all uncut, uncensored and hilarious -- will feature for the first time notorious prankster Shemp Howard, along with Larry and Moe. With a running time of approximately 55 minutes, each video will retail for \$14.95.

Critically acclaimed pop group <u>THE SNEECHES</u> have just released a 3-track Ep, "Please Don't Break My Heart," through Alias Records, guaranteed to keep you smiling in the dead of winter. Formed in San Francisco in 1985, the group -- Mike Levy, Matt Carges, Daniel Swan, and Alec Palao -- have created a tougher and more mature sound for their new Ep, while retaining their exquisite melodic sensibilities. Included on the Ep are two new tracks, "Love Comes My Way" and the title cut, along with their brilliant cover of <u>THE MONOCHROME SET</u>'s "He's Frank (Slight Return)." Currently ensconced in the studio, The Sneeches are working on a new Lp, due in the spring.

NICK LOWE releases his first album of the '90s on February 12 with the title "Party Of Produced One". Ingtime pal <u>DAVE</u>
<u>EDMUNDS</u>, it's Nick's first album of all-new material since "The Rose Of England" in September 1985. Speaking of Dave, his own forthcoming LP "Closer To The Flame" is a joy to hear, with plenty of good solid rockers and one absolutely delightful ballad to listen out for called "Never Take The Place*. Watch for Dave to tour the States somewhere around spring

with Dion, Kim Wilson of the Fabulous Thunderbirds and Bruce Springsteen's La Bamba horns.

ADAM ANT's return to the record shops happens on February 5 when MCA releases his new single "Room At The Top". It's from an album called "Manners And Physique", due in April, which will include a songwriting collaboration between Adam and Kevin Rowland, the former Dexy's Midnight Runners leader.

<u>DEPECHE MODE</u> will also have a new single out next month. It's "Enjoy The Silence", scheduled for the first half of February. It'll be on their next studio album, the title of which is now confirmed as "Violator". The album is out in late March.

THE CHRISTIANS' new album, to be called "Colours", is out on January 15--although one of our contacts at Island told us this week that the band are keeping it pretty close to their chest and the most of the record company have only heard it once at a playback! The LP's first single "Words" made a healthy climb into the Top 20 in the week before Christmas but suffered a surprising setback this week.

BAND AID II is still keeping a firm hold of Britain's number one, there's already news on the first two charity records of the '90s. Soul II Soul's Jazzie B is the biggest name on the remake of "Now That We've Found Love", originally intended for release last month but just emerging now as a single in aid of the Marchioness Riverboat Disaster Fund. Among the other stars involved are Curiosity Killed The Cat's singer Ben Volpeliere-Pierrot, Ruby Turner and the Wee Papa Girl Rappers.

Meanwhile, ex-Genesis and GTR guitarist <u>STEVE HACKETT</u> has been telling us about his Rock Against Repatriation recording of "Sailing", written and recorded first by the Sutherland Brothers and made famous by Rod Stewart. Hackett is campaigning on behalf of the Vietnamese boat people in Hong Kong and hopes to "influence events" with the all-star single which features Mike Rutherford, Paul Carrack, Curt Smith, Jack Bruce, Kevin Godley, Phil Manzanera, Justin Hayward, Howard Jones, Simon Phillips, Pino Palladino, Mark King of Level 42, Bonnie Tyler, Judie Tzuke, Queen's Brian May, Adam Woods of The Fixx, Marillion and their old frontman Fish, the London Chamber Orchestra, a choir of Vietnamese children and Ian Sutherland, who donated the track

for the cause. Speaking to us from Surrey Sound studios where the final recording sessions are taking place this week, Hackett said: "On one level it's a protest record, on another level it's a charity record. We're hoping for a humanitarian solution to the problem." Hackett hopes the stars' commitment to the project will alert the UK, Europe and America to the plight of the 40,000 boat people who are classed as economic migrants. "These people are living in concentration camp conditions and they deserve to have refugee status," points out Steve, who was originally going to write something especially for the project but decided "the issue didn't make a very good song. We needed something to conjure up the right atmosphere and I felt everything the song 'Sailing' was about was optimistic and about reunion." He hopes to have the final mix completed by the end of the week while the release deal is still being finalized.

Hackett also revealed that he's been working on some new material with the artist he calls "the guitarists' guitarist" BRIAN MAY and CHRIS THOMPSON, with all three of them sharing the vocals. He hopes the "contractual difficulties" which have so far prevented them from releasing the songs will soon be resolved.

ROD STEWART'S American success with the Tom Waits song "Downtown Train"--being touted by his record company as his fastest-selling record ever in the US--will come as something of an annoyance to EVERYTHING BUT THE GIRL, who have their version of the tune included on the 12-inch and CD editions of their new single "Driving", released this week. The A-side comes from their fifth LP "The Language Of Life", due in February. EBTG begin a British tour on March 4.

A supposed "secret" gig by <u>TERENCE TRENT D'ARBY</u> at London's Marquee Club on Monday (January 8) is announced in this week's <u>New Musical Express</u>. Tickets will cost an extravagant 7.00 pounds and will be available only on the day. In March he begins a tour of America, where his new single "To Know Someone Deeply Is To Know Someone Soft'y" is already off to a good start on the Black singles chart, entering this week at number 60.

<u>DURAN</u>, whose megamix single "Burning The Ground" is in chart decline here after peaking at 31, are already well advanced with their new album, expected in the spring. They're working on it with producer Chris Kimsey.

The rock 'n' rolling marriage of <u>BILL</u> and <u>MANDY WYMAN</u> came under the tabloids' microscope once again this week as both <u>The Sun</u> and the <u>Daily Mirror</u> printed photos on Tuesday of <u>Bill</u> leaving London's Tramp nightclub the previous morning having spent his New Year's Eve without Mandy. "He emerged at 5AM looking just as unhappy as when he went in," said <u>The Sun</u> with a picture of a glum <u>Bill</u> arriving at the club. The <u>Mirror</u> meanwhile captioned their more cheerful photo "Bill leaves Tramp after his knees-up." They told a different story: "He arrived with three pals at 11:45PM and didn't leave until nearly 5AM yesterday...with a smile on his face."

ERASURE's next single, the follow-up to their current Top 20 success "You Surround Me", will be a newly remixed version of the "Wild!" album track "Blue Savannah Song", coming in late February, when they'll begin their first American tour.

Speaking of charts, BAND AID II remain at the top of the list this week as we said, with the next challenge likely to come from NEW KIDS ON THE BLOCK, whose "Hangin' Tough" has now joined "You Got It" in the Top 10. EMI had a healthy week, with THE QUIREBOYS, FISH and MANTRONIX all debuting in the Top 40, but it was bad news for ROCK AID ARMENIA's "Smoke On The Water", which fell from the 40 after peaking at 39 last week.

Meanwhile, in the album chart, PHIL COLLINS racked up week number six at the top with "...But Seriously", JIVE BUNNY remaining at two and KYLIE and JASON gaining three places each at three and four. MADONNA's re-promoted "Like A Prayer" jumped 26-10 and the highest new entry was DIONNE WARWICK's "Love Songs" at 46, which very surprisingly outsold "Pump Up The Jam" by TECHNOTRONIC, the only other new arrival at 55.

ZIGGY MARLEY: Ziggy Marley spent the holidays resting at home in Jamaica after touring North America and Europe in support of his album, "One Bright Day." Marley and THE MELODY MAKERS plan to tour the States again in the new year.

<u>MIKE + THE MECHANICS</u>: Mike + The Mechanics will have a 43-minute video out in February, containing all of their clips, plus some candid conversations with the band.

SQUEEZE: Keyboard player JOOLS HOLLAND is leaving Squeeze.

<u>COWBOY JUNKIES</u>: The new one from Cowboy Junkies, due in stores March 13th, is in the last stages of production. Peter Moore, who produced their first Gold record, "Trinity Session," produced again.

MIDNIGHT OIL: Midnight Oil's seventh album is expected out in Australia next month. It was produced by Warne Livensey who did their two million-selling "Diesel And Duct" Lp. The new album still hasn't been titled.

STEVIE NICKS: Stevie Nicks joined one of her favorite new groups, VENICE, onstage at The Whiskey in L.A. She did FLEETWOOD MAC's "Landslide" with them. Venice's debut album, produced by Danny Kortchmar, who also did IVAN NEVILLE, will be out on Modern/Atlantic Records on February 12th. Venice opened two shows on Nicks' tour last fall.

<u>DAVID BOWIE</u>: David Bowie's first American #1 record, "Fame" from 1975, is being remixed by Arthur Baker for the soundtrack of a new movie EMI is releasing next year.

MC CARTNEY TOPS GEORGE MICHAEL, BON JOVI WITH TOUR TRINKETS: PAUL MC CARTNEY fans are spending an average of \$9.25 on his tour trinkets when they attend his concerts. That's a new record for indoor venues, according to his merchandiser. The previous record was \$8.50 per fan at George Michael and Bon Jovi concerts. THE ROLLING STONES still hold the record for merchandising grosses, but one reason is because they're playing 50 to 60,000 seaters. McCartney won't do that until January 13-17 at London's Wembley. Paul's take still isn't too shabby, though. Assuming he gets about 30 percent of the merchandising take, for the 37 shows he's done, he's netted about \$2 million.

J.J. CALE RELEASING FIRST ALBUM IN SIX YEARS: J.J. Cale is releasing his first album in six years on January 30th and planning a tour to begin in February. Cale says the album, "Travel Log," chronicles some of the various towns and adventures he's been through, but it isn't a thematic work. He says, "I don't sit down and think about writing a real strong album. I work on the groove of a song." Cale's past grooves, of course, include ERIC CLAPTON's hits "Cocaine" and "After Midnight" and LYNYRD SKYNYRD's "Call Me The Breeze."

OCASEK RETURNING TO STUDIO TO RECORD THIRD ALBUM: RIC OCASEK completed a book of poetry and photographs before returning to the studio to work on his third album with producer Rick Nowels. "I've taken pictures ever since I was 14," says Ocasek. "I love to visually create things. I like to see bright, expressive colors on photos because the effects are so immediate. It's sort of like a pop format." When he hasn't been writing or taking pictures over the past two years, Ocasek built a recording studio in his house, produced an album for SUICIDE, and got married. When he finishes his album, he plans to tour. "I want to tour with this album," the former CARS leader says. "Maybe I'll turn it into a performance art tour. Perhaps I'll take Suicide with me and do the tour with a sense of theater." Ocasek says a lot of people in the music business are trying to push him into doing another album with the Cars. "But they're not going to get that from me," he insists. "There is no more Cars." Ocasek expects to have his new album ready for release in the spring.

GOOD SAMARITANS INTERRUPT ANNIVERSARY DINNER TO AID FLESH FOR LULU: Some Good Samaritans -- a couple celebrating their 13th wedding anniversary -- got Flesh For Lulu to one of the last gigs on their North American tour in Providence, Rhode Island. When the steering went out on their bus, they were left stranded in a snowstorm at a steak house in New Haven, Connecticut. While they were wondering how they were going to make the show, which was due to begin in an hour, the couple interrupted their anniversary dinner and offered to drive them, even though they had no idea who the band was. "They called their babysitter and told her they'd be a few hours

late," says Nick Marsh, "then all eight of us piled into their minivan. It was really touching that people would do something like that," he added, admitting, "I certainly wouldn't take a bunch of unshaven, sweaty, smelly, scuzzy rock and rollers in my car."

PERSONAL PITCH FROM MC CARTNEY GOT LESTER TO DO CONCERT FILM: The producer of PAUL MC CARTNEY's concert film says it was difficult to convince "Hard Days's Night" and "H.E.L.P." director Richard Lester to do the film because concert films haven't been doing well at the box office. But a three-page memo and a pitch from McCartney himself closed the deal. Lester has already filmed concerts in Rotterdam, Toronto and Montreal, and will shoot other shows at Wembley, and in Liverpool and Brazil next spring. About half of the 100 to 105 minute film will be concert footage. The rest will be footage of THE BEATLES and McCartney solo in concert and news clips of the 60's. It will also include part of the film Lester made to open concerts on Paul's current tour. No North American distributor has been announced for the six million dollar production. But Jake Eberts, whose company, Allied Filmmakers, is backing the movie, isn't worried. "The movie is a great trip down Nostalgia Lane," he said, "and it will be wall-to-wall music." He added, "There will be no interviews with Paul." A fall 1990 theatrical release is planned with a video following.

PRESLEY, BERRY, CHARLES RECORDS NOMINATED FOR GRAMMY HALL OF FAME: ELVIS PRESLEY's "Heartbreak Hotel," CHUCK BERRY's "Roll Over Beethoven," and "I've Got A Woman" by RAY CHARLES, are among the 37 records nominated for the Grammy Hall of Fame this year. Five winners will be chosen by the National Academy of Recording Arts and Sciences Elections Committee, and announced at a press conference along with this year's Grammy nominees on January 11th. The awards are given annually to records made before the Grammy Awards began back in 1958. In addition to Presley, Berry and Charles, familiar titles nominated include: "As Time Goes By," "La Vie En Rose," "Mack The Knife," "Misty," "Mona Lisa" and "Stardust."

ROD STEWART RECALLS FIRST SOLO RECORDING CONTRACT

PAID \$1600: Rod Stewart says he was originally against the idea of releasing a 25 year career retrospective because — like any musician — he'd rather be concentrating on his new music. But it has given him a great excuse to tell some funny old stories. He recalls joining THE FACES at the same time he got an offer to do his first solo album: "I was offered "1600 to sign a contract with Mercury to make a solo album," Stewart says. "I thought it was a fortune. And in those days, I had enough ideas for six albums." Stewart went on to say that one reason \$1600 sounded like a fortune was because he'd been earning 35 pounds a week playing harmonica in a jazz and blues band.

WITNESS FINGERS BON JOVI MANAGER AT DRUG TRIAL: Bon Jovi's manager Doc McGhee has been identified as a link between a major U.S. drug smuggling operation and a Colombian marijuana supplier by a star witness for the government at a drug trial in Louisiana. McGhee is among 100 defendants accused of importing hundreds of thousands of pounds of pot into the state in 1983. But he won't actually go on trial until January or February. The one time head of a gigantic drug trafficking organization testified that he paid McGhee \$95 a pound for marijuana he'd gotten from a Colombian supplier. The witness also testified that McGhee put up \$100,000 to retrieve a boat belonging to his Colombian connection after it had been seized by the Colombian navy.

BEATLES ALBUMS, VIDEOS, DOCUMENTARY EXPECTED SOON: The release of a live Beatles album next spring is expected to be the first product of a two year campaign that may include a feature film, as well as more records and videos. The album, "Beatles At The Beeb," consists of early live performances they did at the BBC and contains LENNON and MC CARTNEY songs, as well as cover versions. At least one more "Beeb" live album is expected to follow. The videos "Beatles Live In Japan," "Live At Shea Stadium," and "Live In Washington" may also be released. Until a recent court order halted their production, they'd been available from a small distributor in New Jersey. The Beatles' own documentary, "The Long And Winding Road," may also be in the flood of product coming out following the settlement of all their old lawsuits.

<u>DOOBIE BROTHERS</u>: The Doobie Brothers made it 14 Christmases in a row for the kids in Stanford University's Children's Hospital when they played there on December 18th. They also brought something nice for the hospital's stocking: a check for \$87,000, which they raised at a Bay Area concert in October.

RICHARD MARX: Richard Marx, a nominee for favorite male vocalist in the American Music Awards, will perform "Right Here Waiting" at the ceremony. He'll dedicate it to the Americans still being held hostage in Beirut.

THE THE: The tour The The had to reschedule after the sudden death of Matt Johnson's brother, will resume on January 23rd in Houston. They'll play 22 cities, ending in L.A. on March 7th.

OZZY OSBOURNE: Ozzy Osbourne's former bassist, Phil Soussan, has formed a new band called BEGGARS AND THIEVES. They have signed with Atlantic Records.

FLEETWOOD MAC: In addition to releasing a new album with Fleetwood Mac early this year, Mick Fleetwood is planning to open his own club in L.A.

ROLLING STONES SET NEW STANDARD FOR PAY-PER-VIEW CONCERTS: The Rolling Stones' pay-per-view concert did about one-tenth as well as boxing or wrestling, but it was still the most successful PPV rock concert to date. Early figures indicate that the Stones' show on the 19th not only had the largest universe, but the highest percentage of buyers as well. The estimated gross of the Stones' concert is seven million dollars, compared with about \$70 million for the recent Sugar Ray Leonard - Roberto Duran fight. But it's well ahead of the \$5.35 million gross from last summer's "Moscow Music Peace Festival," previously the most successful PPV telecast. The Stones also attracted 2.2 percent of possible viewers, compared with less than two percent for the Moscow concert and a dismal 1.2 percent buy rate for THE WHO's "Tommy."

RIAA SAYS GOLD, MULTI-PLATINUM AWARDS COULD HIT NEW

HIGH IN '89: 1989 could set a new record for Gold and multi-Platinum album certifications, according to the Recording Industry Association of America -- if sales remained strong the last 10 days of December. So far this year, 190 albums have gone Gold, approaching the all-time high of 193 set in 1978; 100 albums have gone multi-Platinum this year. The record is 108 set in 1986. Platinum albums were also up this year: the total of 127 showed a gain of 43% over 1988. The RIAA says part of the increase is due to a bumper crop of catalog certifications, but that certifications for recent releases soared as well.

FAN STABS BILLY IDOL: Billy Idol is recovering after being stabbed in the leg by a fan in London. The fan has apparently been bothering Idol for the past year, and approached him asking for an autograph. He then produced a knife and chased Idol and a friend through London's Soho district. He eventually caught up with Idol, injuring him.

EUROPEANS SPEND MORE FOR RECORDS THAN U.S. FOR THE FIRST TIME: For the first time, sales of prerecorded music in Europe have topped the United States. According to figures released by the International Federation of Phonogram and Videogram Producers, the value of retail sales in Europe in 1988 was \$6.28 billion, compared to \$6.25 billion in America. Discs cost more in the 12 European countries, though, because their money only bought 549 million units to the U.S.' 672 million unit sales. Overall, the federation says record sales totaled \$20.3 billion in '88, an increase of 19.4% over 1987. Japan was the second biggest single market for recorded music after America, with the U.K., West Germany and France in third, fourth and fifth

position, all with sales over one billion dollars.

AEROSMITH GOES UP ON THE ROOF FOR "PUMP" TOUR: Aerosmith kicked off the North American leg of their year-long-plus tour in Charleston, West Virginia. The band took a snowstorm the night of the show as a good omen. Eight semis will be hauling their set from town to town throughout 1990. When it's assembled, the cityscape consisting of rooftops made of wood and steel spans the entire stage. The show includes "Dream On," "Love In An Elevator," "Sweet Emotion," "Walk This Way," "Monkey On My Back," and of course, "Janie's Got A Gun." Steven Tyler and Tom Hamilton, who co-wrote that song, are pleased it's helping to bring the topic of child abuse out in the open. But Hamilton says they had to take extra precautions with the video. "The song does not advocate murder as the solution to the problem," Hamilton said. "And we were really serious about making sure the video didn't express that. At the end, Janie is not skipping down the street saying, 'Oh God, I got rid of the bastard, now I'm okay.' She's really devastated, and rid of the bastard, now I'm okay.' She's really devastated and about to go to jail." Aerosmith organized a food drive for their hometown shows. Fans bringing in the same number of cans as the number of their favorite radio station get backstage passes.

ROBERT CRAY: Robert Cray has settled in the Bay Area, buying a home in the expensive San Francisco suburb of Kentfield.

JOE SATRIANI: After winding up a vacation in Asia, Joe Satriani will begin rehearsals this month for a tour of Australia in February.

FIONA; Fiona has put together a four piece band which includes KIP WINGER's younger brother Nate, on drums. They're beginning a club tour in Santa Barbara while the song "Here It Comes Again" is released as her new single.

What are your New Year's Resolutions personally, and what do you think the New Year's Resolutions should be for the AOR format?

PATTY MARTIN, KLOL:

"Personally, I don't make New Year's Resolutions any more. A year is too long a period of time for me to fathom! I prefer to take things a day at a time! As far as AOR goes, I'd like to see us as a whole be more willing to take chances, not be so 'safe', get behind some good new bands and stay there. Basically, get some ATTITUDE back into the format. I mean, I throw away stale bread, ya know...

MARY FRANCE, WIYY:

"To slow down. My attitude has always been that it's got to be done and it's got to be done now. Whether the pressure to move and act fast comes from within or from other people, very few things in life are worth the frustration of not meeting a deadline. I'd like to try and apply this to everything from driving to adding new records. resolutions for AOR stations? I think we all need to spend more time listening to the song and not make our decisions based on the artist. We need to remember that even the best-known artist, one with a history of creating great music, may not always release a record that is worthy of playing in any kind of regular rotation. should we play a mediocre song by a classic rock artist and depend on the name to make it a hit. With certain AOR limitations taken into consideration, a song that is good is a good song to add, no matter who the artist is. And, research shows us that many times our listeners don't really know who performs what song. They like the song because of the lyrics or the melody. 'I give it a 90 for the beat'. Recently while watching Billy Joel do 'We Didn't Start The Fire' on Saturday Night Live, a friend said, 'Who's that? I thought Elton John did that song'. The point is, he liked the 'song'. Of course, everyone has a favorite artist, and there are some that we consider our core artists. This we can't ignore. But in the '90s, I think we should concentrate on each song for what it is and play the best possible music that's available to us.

RANDY HOCK, MCA:
"My personal resolution is to break Steve Earle bigtime!...For AOR, just because the music you played in the '80s was tried, tested and true and worked for you doesn't mean that's the way you should go in the '90s. audience is changing -- change with them!"

JOHN AMBERG, WKRR:

'My New Year's resolution is to get back into physical condition. For the AOR format -- return phone calls, maintain working relationships with the labels without undermining the integrity and overall goals of your station."

ANDY DEAN, WDHA:

"My personal resolution is to keep off the 40 pounds I lost in November and December. For our format, we need to be more experimental, less reliant on the past for present success, but at the same time delivering to the audience what they want to hear."

DREW MURRAY, MERCURY:

"Personally, I want to take the Metal Detectors to a strip bar that counts. AOR's resolution should be to wake up! Boring doesn't always win!"

ERIC SCOTT, WXRC:

"Personally, to stop smoking and to lose some weight. For AOR now, since a lot of stations are deciding to either go Classic Rock or to go AOR, I think this should open new doors for new artists more so than in the past. AOR should get back to what it means. Kids are growing up now and want to hear more new music, and the older people are getting tired of hearing the old stuff and want to hear new music.

<u>JOHN LASSMAN, KQRS:</u>

Personally -- dominance without submission. AOR format -- same as above."

<u>AL NASSAR, WCKW:</u>

'I usually don't make them. They're too darn hard to keep. I guess talk less and listen more. For AOR -- less hype. Let's get on with the rock-n-roll."

CINDY SCULL, KATT:

"My personal resolution that all single women in the '90s can relate to is no more bimbo men! I'm not going to be anyone's mother anymore! For the AOR format I think that AOR really needs to recognize new music. I'm sick of AOR taking a back seat to CHR and Rock 40. Get off the pot and start playing this music. Today's Rock is tomorrow's Classic Rock!"

QUESTION OF THE WEEK

Continued From Previous Page

CHRIS JAMES, WTPA:

My New Year's Resolution is to help make us #1 12+ in Harrisburg. To actually save money this year. My AOR Format Resolution is to stop worrying so much about the other guys (Classic Rock, CHR, Rock 40), do AOR the right way and be a winner. Pay attention to the new bands!!!"

WXRT, CHICAGO MD-LIN BREHMER:

"Peter Murphy's 'Cuts You Up' is a stone cold smash. Don't be surprised when it duplicates the success of Love And Rockets' 'So Alive'...Our 1989 'XRT Listener Poll attracted over 3000 entries. Here's the Top 10: Rolling Stones, Tom Petty, The Cure, Elvis Costello, Melissa Etheridge, XTC, Fine Young Cannibals, B-52's, BoDeans, The Replacements. Sonie other interesting poll placers: Bob Mould at #12, Neville Brothers at #13 and The Pixies at #17...Thanks to Jay Hart for his help with our New Year's Eve Webb Wilder live broadcast. Wear glasses if you need 'em...Did anyone notice Eleventh Dream Day's 'Beet' was selected by Jon Pareles in the New York Times as one of the Ten Best Albums of 1989? You should refresh yourself for the new decade with the exhilaration of 'Baqdad's Last Ride' from that album."

KISW, SEATTLE MD-MIKE JONES:

"I'm still lost in a holidaze! Hope you got everything you wanted!"

WPYX, ALBANY MD-JOE MOSS:

"Happy New Year! It's great to be back and it looks like there's a lot of great new rock 'n roll to start the year with. This week we're adding Michael Penn's 'No Myth', which I've loved since I first heard it...I also like the new Jon Anderson, Richard Marx and Salty Dog tracks...Alannah Myles is indeed taking off, pulling in Top 5 phones and we give it a heavy push this week...Whitesnake's 'The Deeper The Love' is a great ballad, and with the band coming to town next month, we vault it into heavy this week, too...Wishing you a peaceful and rockin' '90...Later!"

WPLR, NEW HAVEN MD-TOM BASS:

"So, I'm done for 1989. Thanks to everybody on the other side of the radio/records fence for putting up with my hysteria and disorganization over the last two months. When we meet again in 1990, I will finally have my office in order, and I'll be able to actually find the CDs that you send me! That should be a plus, huh?...I'm happy to see Animal Logic claim a spot in WPLR's Top 5 phones this week. Stewart Copeland and Stanley Clarke may be the best rhythm section since Jack Bruce and Ginger Baker...Michael Penn's 'No Myth' remains a record that you should deal with. Great lyrics, nice sound, very accessible, and to the best of my knowledge, Michael's making it just too easy to get to that Yo-Ho-Yo Party up in Boston. Thanks to all the record folks who put that bash together. Kim Alexander and Bob Bittens at 'HCN, as always, it was a pleasure to see you guys again. Michael Williams, see ya on the Pacific before the Spring Book starts, just as long as you have a guest room...Happy New Year everybody!"

WFRD, HANOVER PD-ERIC WELLMAN:

"Hi folks-Welcome back! I was really tempted to re-add <u>Tequila Sunrise</u> on January 1. Anyone else with me?...I'm still recovering from my 99 hour Marathon Broadcast that I did from Christmas Eve to Thursday the 28th, and then I get wrecked on New Year's Eve. What an idiot!...Anyway, yet another track from Aerosmith goes in and this one has 'what it takes' to make it. Obvious comparison to the mega-hit <u>'Angel'</u> makes this one a winner. Clapton has another one, too, with <u>'No Alibis'</u>...We went

with a little harder track from the **Georgia Satellites**. <u>'I Dunno'</u> is a hard rockin' tune that should do great in this area and yours, too...We also went with the new track from that guy with the distinctive voice, **Jon Anderson**. <u>'Far, Far, Cry'</u> had that great sound that made me want to get it on the air, no matter what. Anyway, that'll do it...May your medicine cabinets be stocked full with Alka-Seltzer and Bufferin. Here's to a new decade!"

KDJK, MODESTO/STOCKTON STEVE RAMIREZ:

"Happy New Year! In 1990, KDJKs Sunday Jazz will be using artist IDs. They can be sent in on reel or cassette. Please make sure to mention call letters, frequency, and the show's name: 'Sunday Jazz'...Thanks to everyone who helped make 1989 a successful year."

WONE, AKRON MD-J.D.:

"Happy New Year and welcome back! At the moment, we're all trying to get back into the swing of things...This week the new track from Phil Collins makes it to the air. 'I Wish It Would Rain Down' is absolutely fantastic!...Another record which follows in its footsteps, and one which finally grabs a slot is the awesome sounding record from Michael Penn, 'No Myth'. Here's a killer!...And speaking of killers and one which is bound to send you to do 10 to 20 years, is the new track from Alice Cooper, 'House Of Fire', a sure track for the hit list. This one smokes!"

KMJX, LITTLE ROCK MD-DAVID ALLEN ROSS:

"Happy New Year! Thank God it's over and we can get back to work! The Birch Quarterly is here and we did fantastic: 12+ We're third in the market and in men 18-34 we pulled down a 28.3 share...Concert-wise, our first 'shoe' of 1990 is **Jimmy Buffett** on January 21st."

WIOT, TOLEDO MD-MICHAEL YOUNG:

"Hello, Hello! Hope everyone had a great holiday or days, as the case may be. Thanks to Dale Connone of Warner Brothers, Kim Langbecker of Atlantic, and Mark Diller of Enigma, for stopping by and visiting our fair city...Great to see 1990 getting started with a bang! Bonham's 'Guilty' tops the list of things I didn't get 'till after Christmas. It came in exchange for a Teenage Mutant Ninja Turtle. Great trade if I do say so myself...Watch for more big things to come from Jason & Co. in the '90s...Another big tune this week was L.A. Guns 'Never Enough'. This one could very easily come out of nowhere, and do some head turnin'. The Guns are finding their niche and 'Never Enough' is the first big step to bringing them into their own. It's gonna be a big nighttimer!"

WKQQ, LEXINGTON AMD-TONY TILFORD:

"I'll be taking Music Calls Wednesdays and Thursdays from 10:30AM until 1:00PM."

KFMU, STEAMBOAT/VAIL APD/MD-PAUL

CAVANAGH: "We head into the '90s with a good new release by **Peter Murphy**. The song is so-o perfect for the KFMU audience--Something to relax to after a hard day of play in the 'Champagne Powder'. Happy Holidays to you all...Great to see **Nancy Levin** from Reprise back in the Boat for a visit. Also some friends from KBCO...Media Cup on 2/10/90...Till then, take care."

WHMH, ST. CLOUD PD-J. J. JEFFRIES:

"Michael Cross has left and I will be handling all music calls Mondays and Tuesdays 10AM-2PM. Music Director will be named next week."

WDRE, LONG ISLAND MC-MALIBU SUE/ROB

GREENBAUM: "WDRE ended 1989 with two free concerts. The first show featured Flesh For Lulu and the second show was with The Primitives. Thanks to everyone at Capitol, RCA, Record World, Square Circle, Flesh For Lulu and The Primitives, for making these events happen...Thanks to Johnny Marr for taking the time to visit the station. Thanks to Justine from Second Vision and Jack from Epic for making that visit happen!...Other events that took place were a trip giveaway to see U2 in Dublin on New Year's Eve...The WDRE Radio Concert Series continues with Flesh For Lulu, The Primitives and APB...Records doing well on the air include the Jesus And Mary Chain, Electronic, Snake Corp, Dramarama, Lightning Seeds and the B-52's...Thanks to Joni at Chameleon for the road trip to see Dramarama...We hope everyone had a great holiday and New Year...Oops, thanks to Sherri at Restless Records for the Buzzcocks Box Set, 1990."

WRFX, CHARLOTTE MD-D DAY:

"Happy New Year one and all! The new decade is off and running and I, for one, won't miss those yuppie scum a bit...Our playlist remained open through most of the holidays, so it may be catch up time for some of those people keeping track of such things...Alannah Myles continues to be our Top phone track. Too early for research, however...Lenny Kravitz also generates upper demo curiosity calls...Neil Young is strong and the Alarm's 'Devolution Workin' Man Blues' just keeps sounding better...Our PD search is still underway. Seasoned veterans only. See ya next week!"

PAUL RAPPAPORT, COLUMBIA (212-445-

"Wow, 1990! Hope everybody had a great one. Anyway, it's a good time to reflect and figure that, for all the bullshit, we are all pretty lucky to be in this business, radio or records. I ride the train in every day and I see so many people who look just bored of just getting along and I'm sittin' with my Walkman checking out the future of rock n' roll!...It will be a big January for Columbia records this year. We've just released Billy Joel's next smash 'I Go To Extremes' from the 'Storm Front' album now on its way to three million! A lot of Album Rock stations opted to play 'That's Not Her Style' in the interim and the track has done quite well...Also, Warrant's 'Sometimes She Cries' is off to a running start. We had about thirty-five people hit it the last week before reports ended! 'Dirty Rotten Filthy Stinking Rich' has turned into a prophecy as the Lp crossed the two million mark at Christmas...The new Hooter's single is Brother Don't You Walk Away'. Yeah, I know, that's the one everybody wants, so let's go!. The Hooters are on tour and if you haven't seen them for awhile you will be quickly reminded of how amazing they are. They did a show recently in New York at the new Pier, set a crowd record and really blew some minds...Next up is 'Dream On' from Britny Fox. You should have a triple play tape on your desk as you read this. Check it out, it's a <u>one listen stone smash</u>. It will do for **Britny** what 'Heaven' did for Warrant...The new Stones single will be 'Almost Hear You Sigh', out in about three weeks. (That album won't stop!)...By popular demand 'Sportin' A Woody' is the new single from Dangerous Toys! Everytime it gets played the phones go off the hook. The CD will feature a version with some of the off the hook. The CD will feature a version with some of the more provocative lyrics reversed for those of you who are concerned (but after 'Big Ten Inch', 'Mista Bone', 'Starfucker' and even 'My Dingaling', who gives a shit!!)...And finally, the piece-de-resistance -- THE FRONT. There's a lot of talk on this one already and MTV has had 'Fire' in active rotation for two weeks -- they couldn't wait! Pop this video in as soon as you can and you'll see the real deal -- these guys are hot. Scott Jamison has talked them into personally painting his pride and joy -- silver Mercedes Benz (more on that story later)...And around the corner? Midnight Oil."

WYNN JACKSON, BILLY COX, POLYDOR

(818-955-5200): "Well, here we go! 1990 -- the year that will squelch all rumors! Judging by quantities only, this should be the biggest year ever for our industry. I just hope the quality proves strong enough to carry the quantity of new 'baby' labels. Success for any is success for all! -- if we only had a crystal ball. For Polydor, the stage is set to capitalize on our early successes in '89 -- to make this (our second year) one to remember! Although I will continue to grace these pages periodically, my new partner in crime -- 'The Hit Man' from Chicago -- Billy Cox will be here every week and he will be in touch; as we have had the receiver surgically implanted in his left ear as a signing bonus. After we slam-dunk the LA. Guns, be on the lookout for Little Angels and Dirty White Boy. And now, hot off the bus from Chi-town -- Billy Cox."..."What a strange trip it's been -- I spent the holidays making the big move from Chi-town to L.A. -- leaving in 20 degrees from the perma frost of the midwest to three days later sitting in Griffith Park in my sandals listening to

a group of conga players having a rave-up. I'll miss Michael Jordan, but Los Angeles, I Love Ya!...Welcome to the '90s -- the smog is clearing in my crystal ball and I see LA. Guns, Little Angels and Dirty White Boy all in your playlist's future. Keep your dials tuned to Polydor this decade!"

PAUL BROWN, VIRGIN (212-463-0980):

"Did you happen to catch Lenny Kravitz on the MTV New Year's Eve bash? I know that I did. Or on David Letterman? Did you know that Lenny Kravitz is about to open a whole slew of Tom Petty dates? The exposure that this young man has recently received and is about to receive is huge. At retail, the Lp, 'Let Love Rule' is flyin'. At radio, the song, 'Let Love Rule' is still muscling its way through ridiculously turgid charts. At a certain point, you guys who've been waiting for this to disintegrate have simply got to give in regardless of your personal feelings about Lenny Kravitz and 'Let Love Rule'. WAKE UP!...And new, new, new for you, you, you are 'I Took A Little' from Balaam & The Angel and '(I Was Born In A) Laundromat' from our very own beloved revolutionary sweethearts, Camper Van Beethoven. Wow, what a decade and what fun we're gonna have in the '90s. I'm puffed and I'm pumped. You should be, too."

CHUCK BLIZIOTIS, A&M (212-826-0477):

"Giant is getting so big, it's going to blow up into a massive hit. Everything from MTV to Rock 40 -- with even hints of a tour are in place to make this happen...Tora Tora 'Phantom Rider' will be on your dish this week. This is instant phones--one test is all you need...What do Denver, Boston, Washington, D.C., Houston and San Francisco all have in common? Massive sales and requests for David Wilcox 'Eye Of The Hurricane'. This just might be the perfect mid-day record!...Coming very soon -- Gun. Yeah!!"

CHRIS BACA, EMI (213-960-4600):

"To kick off the '90s, we've got a new rockin' Richard Marx track, 'Too Late To Say Goodbye'. The triple Platinum success of Richard, his MTV exposure, and a solid melodic rock song should rocket Richard to the top of Rock Radio again. Look for an arena tour starting this month...Look for your Tim Karr, 'Rubbin' Me The Right Way' massager in the mail. Tim is a guaranteed, certified smash -- a one-listen record! Everybody we've previewed it for raves about 'Rubbin'. Tim Karr fills the niche for a bluesy, straight-ahead mainstream rocker. Ask your EMI regional rep to show you the uncensored version of the video. It will Rub you the right way!! Adds are January 15 and 16...The '90s promise to strengthen Album Radio as the musical trend to rock continues. The resurgence of social consciousness and folk music are also tailor-made for Album Radio and the baby boomers demo bulge. Rock Radio is going to win in the '90s!"

GRAHAM HATCH, ATLANTIC (212-484-8680):

"Even Ernest Hemmingway could not start his first comments of the new decade without wishing everyone a Happy New Year. So, with that -- HAPPY NEW YEAR! And thanks to everyone for making 1989 a tremendous year for this burgeoning Atlantic Alternative Department. Back before us record moguls flew the coup for sunny Key West and before radio froze their playlists we introduced two new releases: Eleventh Dream Day's 'Beet' and Map Of The World's 'An Inch Equals A Thousand Miles'. I'll have you know that Eleventh Dream Day has slipped into the CMJ Top 10 and Map Of The World is sailing up the R&R New Rock chart. Continuing on this quality momentum, you won't be hearing about anything else but EDD and MOTW in the dawn of this New Year! Good News: Eleventh Dream Day will be touring with The Meat Puppets starting this month! And, yes, it's true: The Lemonheads are now on Atlantic! Anyone got any champagne? Expect their Atlantic debut sometime this Fall."

ALAN OREMAN, COLUMBIA (213-556-4990):

"Hope everyone is recharged and used to writing 90. There are a few things that I need to let you know about. First off, we are going for adds immediately on 'Brother Don't You Walk Away' from the Hooters. This is the first track on the CD, so it shouldn't be too hard to find and it's definitely their signature sound with a very strong message...We are also going for adds on Billy Joel 'I Go To Extremes'. Where 'Style' has peaked - 'Extremes' is the next single...Please treat Warrant's 'Sometimes She Cries' as a brand new track. It's already on over 30 stations and it's definitely going to be as strong or stronger than 'Heaven'...Bob Dylan, 'Political World', has been in hot rotation on MTV and VH-1 for the past month or so. So, please refamiliarize yourself with this song...Some things you will be receiving in the mail, so please be watching out for them. One is the new Britny Fox triple play of 'Dream On'. Plaase listen, because it sounds like a smash and something I think you'll want

to play...Also coming is a triple play cassette and video of The Front. This band is the goods! We are committed to breaking them and would appreciate your listening to 'Fire', so you can understand our excitement. The video is in hot rotation on MTV -- if you haven't seen it yet, check it out. That's enough for now. Talk to you later."

JEFF NAUMANN, VIRGIN (213-278-1181):

"Happy New Year, you jileooos. Lenny Kravitz's 'Let Love Rule' came thru the holidays with flying colors. So, we're picking up where we left off with this proven smash. I think it's time for you not playing Lenny Kravitz yet to give this most promising new artist a shot. It works everywhere...Brand new from Virgin this week comes the long-awaited Balaam & The Angel. The feedback from the advance cassettes and CDs has been wicked good. 'I Took A Little' is the cut. It has one of those 'you can sing it in the shower' hooks. Superb production, scorching guitars, matured songwriting and megahooks fill Balaam's new Lp. Put veritable suckaah on this one. Talk to you soon."

JACKIE TESMAN, ATLANTIC (212-484-6002):

"The big question in 1990: Why are some of you so afraid of guitars? The best way to begin a new year is to rid yourselves of bad habits. Don't proceed with caution and explore new possibilities. So with that, I seriously suggest that all of you skeptics go back and re-listen to 'Testify' by Eleventh Dream Day. No, this is not a fly-by-night band, here today and gone tomorrow. No, we will not forget to remind you about what a mistake you are making by not programming them. It might be a long haul but in the end you will thank us for it. This is 1990, isn't it? Open your minds just a tad. Instead of needle-dropping procedures, start practicing listening procedures. These guys are receiving more critical acclaim, that some of it has to rub off on your thinking. 'Nuff said, except that their tour with The Meat Puppets kicks off in Minneapolis on January 22nd...'The Wall Of Least Resistance' by Map Of The World still continues their request quest at KDGE...Next up: One of the best bands of the previous decade is now on the verge of breaking in the new decade. Everything But The Girl -- who are for tastemakers only -- will expose their latest project to the masses on January 26th, when their first single 'Driving' ships to radio...The Beloved will also make their way onto the airwaves when 'Hello' ships on February 2nd...For all of you Gavin convention goers, save a date to come and see Psychefunkapus in San Francisco in February, more to follow -- Happy 1990!!"

DEREK AULT, ALLIGATOR (312-973-7736):

"At The Point in Atlanta, they rang in the New Year with fire alarms. Blazing through such crowd-pleasers as 'Pawnbroker' and 'Leavin' Here', (from the recent Alligator release 'Fanning The Flame') was none other than Tinsley Ellis. For two lucky WKLS listeners, the evening was extra special. Not only did they get to watch Tinsley burn up the stage with his guitar pyrotechnics, they also shared a limo ride and dinner with him and won a Fender Strat. Many thanks to Clark Music, Tower Records and everyone at WKLS, including: Bill Pugh, Beth Kepple, Mark Cooper, Debra Garner and Alan Ayo. Nationally, the story continues on Tinsley with support from over 40 commercial AORs. Why not start a new decade off with a new artist and blast that playlist with some lethal guitar! For consideration: 'Leavin' Here'. For re-servicing, call 312-973-7736 and ask for Doctor D."

CLARISSA GARCIA, DEF AMERICAN (213-

278-6699): "A new club called Psycho Bitches opened up in Hollywood just before Christmas. In its flier, a psycho bitch is defined as 'a woman driven to and beyond the brink of schizomania due to the extra-curricular 'activities' of her longhaired, unemployed, up-and-coming rock star boyfriend.' I thought people in the industry might be able to relate to that. So, how were your holidays? I, myself, was driven beyond the brink of schizomania due to the holiday season. I'm glad we can finally move on the new year and new decade...A huge, but modest 'why, thank you' to the Metal Detector for listing me under Best Career Move this past year. Also, in the year-end Metal Detector: If Mark and Mike could play Santa Claus, they'd like to give me more sex stories. Next week, I'll share a sexrelated birthday card with you which I received a couple of weeks ago...A few days before Christmas, Shotgun Messiah headlined at the Roxy in Hollywood. Before their set ended, they introduced Pretty Boy Floyd -- the band they've been touring with. I, of course, was excited because a friend of mine just joined PBF as second guitarist and I hadn't seen him since CMJ's Metal Marathon. One at a time, the members of PBF were brought on-stage without their make-up. I thought, 'this is great -- maybe I'll actually be one of the first to see Russ without his lipstick and blush!' But then, after four boys came out, both

bands performed 'Rock 'n' Roll All Night', but there was no sign of Russ. Does anyone know what happened? Was there a schism in the band? Maybe he's still in PBF but didn't want to be seen without his make-up? Let me know if you've heard anything. 'Til then, welcome to 1990 and TROUBLE is on its way."

JILL "JUST TRY TO GET AHOLD O'ME"

COHN, MEDUSA (213-390-9969 X124): "So my ears are still ringing from the Cult on New Year's Eve (and my lips are still chapped from all those post eighties kisses!!) oops! -- back to the music, OK??...Up first we've got Coven out on the East Coast showing how to thrash Seattle style!! Call me for info!...Jailhouse is out here, so call me for their West Coast dates...I Love You will be announcing tour dates soon, so I'll keep you all posted on that as well. I really just wanted to write a dialogue this week to thank everyone for all the great Christmas cards I got, they really meant a lot to me. Cameron, I think you really should go into the greeting card business! I also wanted to tell you all that you can now reach me on FRIDAYS in the office. I hope that it will make it easier for you to hook up with me. More next week."

RUSSELL GERROIR, CONCRETE

everyone enjoyed their holidays, and that back-to-the-grind hasn't been too much of a grind. One sure way to avoid the grind is to try something new like Babylon A.D. with their new emphasis track 'Bang Go The Bells'...A few other solid rockers include Britny Fox's 'Standing In The Shadows', Keel's 'Evil Wicked Mean & Nasty', Heist's title track 'High Heel Heaven', MSG's 'Save Yourself', Law And Order's new emphasis track 'Your Sister Does', The Front's debut track 'Fire' and The Angels (Formerly Angel City) with their latest 'Dogs Are Talking'...Just to make sure that you are out-of-the-grind, I've also got a couple of records that really rock, starting with Onslaught's new emphasis track 'Shellshock' from their new Ep, and also Mortal Sin with their latest 'I Am Immortal'...Lastly, belated Happy Birthday best wishes to our reigning H.I.G. Jim Cardillo (Jim, we sent you shirts with collars and pants with suspenders -- you're on your own for the silk ties."

KATHIE REED BARR, ROADRACER/RC

(212-219-0077): "1990!! WOW!!! Finally the '80s have ended and now we are all free to have fun and prosper!!! I rang in the '90s with none other than Mr. Monte C. -- we headed towards WISCONSIN of all places -- Milwaukee to see Realm (whose new Lp 'Suiciety' will be raging in July!!) then over to Madison to see Last Crack play on New Year's, what a riot!! Monte and I actually got to partake of beverages at the famous Black Bear Lounge — well known from the 'Blood Brothers...' tune!!! We joined the 'sacred clan of long hair' — well, at least I did!! (Sorry, Monte!!) How did the weekend turn out over all? Just ask Russ and Jeff at Concrete, they have the exclusive!! (Dare I say the 1990 round of dialogue wars may begin again!!) To ring in the new decade, I'll be starting you off with a 12" from Toxik -- 'There Stood The Fence' b/w 'Out On The Tiles'. Crank this baby up!! 'Think This' should be getting a new listen for the '90s and keep an eye out in the NY area for Toxik to be doing a few warm-up dates in preparation for their European tour. (Zone DK on 1/11)...New stuff on the way to you and you'll love it. Paradox 'Heresy' -- you remember them, well, they are back and these German speed demons are going to part your hair down the middle with this one. Pestilence 'Consuming Impulse' -- Ants are cool, right?? If you like doom, you're going to love this one!!...R.D.P. -- 'Brasil' -- if you hang out with Sepultura and you have a punk/core background and you live in Brazil, you will crank. Check it out!!! Welcome to the future -- we're place. the world finally caught up!!!...New stuff in the 1990's: Atrophy 'Violent By Nature', Defiance 'Void Terra Firma', Artillery 'By Inheritance', Sepultura 'Beneath The Remains' (Re-mastered on CD!!!) Roadracer/RC ON TOP OF THE UNDERGROUND!!!!!"

TOM MICUCCI, IN-EFFECT (718-740-5700):

"As I awaken on January 2, I hear a local morning DJ explain that 1990 is not the beginning of a new decade, but the ending of an old one. Since there was no year 0, the first year was 1. That means that the 10th year, or last year of the first decade was the year 10, so the new decade began on year 11. This all means that the year 1990 is the last year of the decade, and the new decade begins next year, 1991. But, who cares...Anyway, the new year has begun and In-Effect is on the move. That old Combat band, Ludichrist has reformed on In-Effect and is now called Scatterbrain. Since the band made this up themselves, they will put all the people that submitted names into a hat, and a winner will be chosen at random for the guitar. We will keep you informed...Sick Of It All will be the opening band on the D.R.I. tour. They join on January 19 in Tulsa, OK and will continue for about 40 dates. Don't miss this one, it's gonna be

big...24-7 Spyz are <u>still</u> doing shows! They will be playing the Ritz on January 17, opening for George Clinton & The P-Funk All Stars. Well, Thaaaaat's All Folks.*

MICHAEL J. SCHNAPP, EPIC (212-445-5987):

"January, 1990. Gee, I don't feel different. I was thinking (uh, oh) not to expect sudden changes. Remember the '60s into the '70s and the '70s into the '80s. Bands that were huge continued success into the next decade. New bands that were developing continued to develop into the decade's biggest stars. Here's to our favorite bands for keeping us smiling and happy all thru the '90s. Ozzy Osbourne, Alice Cooper, Joan Jett, Killer Dwarfs, Shark Island, Suicidal Tendencies, Prong, Danger Danger, Fifth Angel, Sanctuary, Beau Nasty, Gothic Slam, Meliah Rage, Kreator, Johnny Crash, Riot, Bonham, Donnie Miller, Marchello. All our bands say thanks for all the help and fun. I say, yo!, dudes!, thanks for making my first year at a major label a really major year. Yo, thanks, dudes!"

STEWART MORALES, TORRID (914-664-

3885): "Gothic Slam! The boys are slamming the MTV Headbangers' Ball with their video for 'Who Died And Made You God'. Why? 'Who Died' is the track that all listeners can identify with. The tune captures the universal, timeless frustration with others that we all have to cope with. 'Who Died' dedications are on the rise to teachers, parents, bosses, authority figures and disc jockeys at Metal Radio. Feel it, stand up and play it! You'll feel better afterwards...On a personal note, I must admit I'm quite disappointed with the lack of creativity in the selection of band names recently. Nondescript initials seem to be the new safe trend. DAD, EZO, ABC, MOD, XYZ, PIL, AOD, YLD, COC, INC, DBC, TNT, DRI, SOD, MSG, UDO, KAT, UFO, BAD, REM, XTC, DOC and KIX. Do you know what the letters mean?"

MISSI CALLAZZO, MEGAFORCE (212-254-

6533): "Finally, 1990! 'The Years Of Decay' have arrived!! I promise Overkill will rule!! The guys are going back on the road in support of 'The Years Of Decay', and if you are lucky enough to live on the East Coast you will be able to see them on this string of dates. But, if not, you will have to wait until after they return from their European tour. Of if you just can't wait, move to New York City and come here to see them. Play '! Hate' on the radio. It is kind of like the airable version of 'Fuck You'...Testament still are raging! Check out 'Time Is Coming'. This, by the way, is my ultimate favorite track off one of the most amazing records of all time, 'Practice What You Preach'...Ace Frehley will be going on the road in early February. Check out the next emphasis track, 'Trouble Walkin''... Ace has out-done himself this time and is headed for the top with 'Trouble Walkin''...Icon will be releasing 'Forever Young' as the next single off 'Right Between The Eyes'...On MTV, check out Overkill 'Elimination', Testament 'The Ballad', Icon 'Taking My Breath Away', Ace Frehley 'Do Ya', and King's X 'Summerland'. Report Overkill, Testament, Ace Frehley and Icon #1!!"

BRIDGET ROY/JIM PITULSKI, COLUMBIA

<u>(212-445-4289/49)</u>: "As the official new year babies of the metal world, we're up and wobbling off to a pretty good start. It looks like it's going to be an incredible year, but before we go into that, we'd like to mention a few of the '89 year-end events that made an impression on us. Warrant with Motley Crue at the Meadowlands - 20,000 people singing along with every word of 'Heaven' is enough to send chills up your spine. Hey, even we turned our lighters up to high for that one. The preview of new material was great, 'Uncle Tom's Cabin' is the heaviest tune Warrant has written to date. Motley and Tommy Lee's nifty drum solo wasn't too bad either. Plus, we got to hang out with Ace Frehley, Sebastian Bach and Meatloaf after the show!...Four stars go out to Concrete Marketing for their very kickin' Christmas bash. Bob Chippardi was looking very suave bolla in his tux as he boogied the night away...Columbia's own Love Hate had a recent show at the Roxy in NY with all the VIP types in attendance to witness an incredible performance. Singer Jizzy has an amazing set of pipes. Sufficeth to say the band won over everyone. They also received an extra special show of support from the one and only Rob Halford of Judas Priest, who stopped by during a brief layover in NY to see one of his favorite new bands. As Rob said, 'They're amazing!' Love Hate will be releasing their debut, 'Blackout In A Red Room' in early March. There has been a slight delay because the band has gone back into the studio to re-record the song 'Angel', which was previously released on the soundtrack to 'A Nightmare On Elm Street Part III'...Those 'Boys In Heat', Britny Fox, slayed more

countries than the black plague while in Europe with Alice Cooper. Thanks from all of us to all of you (yech!) for your strong support of 'Standing In The Shadows'. Keep your ears open for the upcoming dream-team tracks, super power ballad, 'Dream On' (look for accompanying video) and the next rocker, 'Living On A Dream'. We should have U.S. tour dates to announce next week...We in New York may be blessed with Times Square for New Year's Eve, but the West Coast ran a pretty close second this year with the kick-off date of the Dangerous Toys, Bonham and Cult tour in Long Beach. We heard it was great! Don't worry, all of you will get to experience it—the tour is very extensive. Plus, we'll be running National metal radio and retail contests in support of the tour and Dangerous Toys' 'Queen Of The Nile' track. Call us for details on the winning trip to Mexico and Miami!...McGhee entertainment's budding band The Front will be touring with Enuff Z'Nuff in January and February. This band is also racking up a pile of impressive reviews! If you're looking for something different with a heavy meets psychedelic feel, then check this one out. Tunes like 'Pain' are the heaviest, but we like 'Violent World' a lot too!...FUTURE NEWS: New signings Heavens Edge are still in Kajem-Victory studios with Neil Kernon (of Queensryche, Britny Fox fame) recording their self-titled debut...Judas Priest are writing material that they tell us is 'very heavy, very angry and reminiscent of earlier tunes like 'Exciter''...Out of the hot bed of music that is Seattle (and my home town -B.) comes new Columbia rockers Alice In Chains...Good luck in the new year to everyone, including Ben Liemer, Steve Martin (writer extrordinaire) at Relativity, Bill Levin of Karma Records (thanks), Debbie Abono (get well soon...), and everyone else. Please keep in touch and we hope to hear from you soon regarding our upcoming contests, releases, etc...Goodbye to '89. Take another Alka Seltzer and KEEP SMILIN'!

'Dear FMQB subscribers: David Della Rossa 'Nothin' But Trouble'!!! You know, you'll probably think I'm crazy, but, nevertheless, I've gotta say it: Even tho' I deeply, deeply, appreciate my Tom Petty style American heritage, I must admit that the boyz who put together the worldz greatest, without a shadow of a doubt, Rock n' Roll band, (Jimmy Page, Robert Plant, John Bonham, John Paul Jones, Led Zeppelin), will never be surpassed in their excellence and achievements, as well as their commitment to the same, longstandingly documented in the hearts and mindz of -- the world -- of Rock n' Roll, from cassette, to Lp, to CD, to IRA, etc. -- I just had ta say that -- David Dalla Rossa 'Nothin' But Trouble', along with ONLY ONE, of whom we speak very appropriately delicately of (I'm sorry if you disagree) Jimi Hendrix, of course, iz (are) their ONLY peer(s)!!!
