Here's what Active Rock radio is saying about fmqb's BuzzBands compilation CDs...

"BuzzBands is a successful promotional tool that pays for itself. It's something that will stay in winners' hands and CD players for a long time. It drove a lot of traffic into our client's retail outlets, which is what clients want to see in this day and age. Our client was very happy." — Curtiss Johnson, Station Manager/Program Director, KRXQ/Sacramento

"Our hugest success all spring. Our audience is clamoring for BuzzBands CDs. We've given about 85% of them away on-air and the rest at appearances. And the beautiful part is we got a client to pay for the whole shooting match. They're ecstatic because we're promoting it even more than we promised because the audience is so into it. I can't wait to put the second volume together." — Gregg Steele, Director of Programming & Operations, WZTA/Miami

B U Z Z B A N D S V O L U M E 1

"We are distributing KISS BuzzBands CDs exclusively through our Prize Pig Patrol vehicle. We give 25 BuzzBands CDs a day to people with KISS stickers on their vehicles or people who will let KISS put a sticker on their vehicle. Those 25 CDs are gone in a matter of about two minutes. The stops are at designated locations that are pre-promoted on the air. Think about where you put your merchandising dollars. If people don't care about the item, what's the point of spending the cash to put something in their hands that they're gonna throw away? By issuing a collectors item like this, tied to the product, you've made a lasting impression. I bought a few less koozies and invested in a new item that people would see their friends with, and go 'I've got to get one of those.' Plus it positions the radio station." — Kevin Vargas, Program Director, KISS/San Antonio

"We give BuzzBands CDs away at remotes and station events and on-air. People are so excited about it, they love them! They dig having all of our music on one CD." — Heidi Fenstermaker, Promotions Coordinator, WBYR/Ft. Wayne

"With a purchase of a bike you get a free BuzzBands CD. We're also giving them away at station concerts." — Jon Erdhal, Director Of Operations, WGIR/Manchester

"Throughout the summer, we're giving BuzzBands CDs away at station promotions and events. We did a BuzzBands CD Weekend, giving them away on-air all weekend long. Phones were hot. We also gave away BuzzBands CDs at a station-sponsored brewery bash, where 1000 people showed up for a three-hour remote for the participating client. We gave away more at sales-driven events. Reaction has been very positive." — Louis Garcia, Sales Associate, WXTB/Tampa

"We distribute the CDs at our Friday afternoon club appearances. We go to a bar every Friday for an after-work party and use the CDs as part of our prize giveaways. I love the BuzzBands concept and the packaging." — Tim Sheridan, Program Director, KIBZ/Lincoln

"It's amazing how well they're doing. As soon as we mention the BuzzBands CD on-air, the phones light up, hoping that we're giving them away, even when we're only teasing it. Listeners love the fact that you can't buy them anywhere, they love the feeling that they're the only ones that can have it." — Mike Karolyi, Music Director, WCCC/Hartford

"We've sold about 200 BuzzBands CDs for charity, so far, which is great. I love the artwork. They go over really well at remotes where we give them away." — Robin Lee, Program Director WZZO/Allentown

"We use fmqb's BuzzBands CDs as general handouts at the immense amount of station appearances we do. We have three different field teams that are out daily at everything from store grand openings to major concerts. They get free music, a free CD! They like the music and you can't go wrong." — Ron Valeri, Assistant Program Director/Marketing Director, WAAF/Boston

PREMIER PICKS

THE RED TELEPHONE "PIRANHA," WARNER BROS.

You might think that this Boston four-some took their name from the red phone located at 1600 Pennsylvania Avenue in Washington, D.C., and that would be a good guess. But the truth is, singer Matt Hutton says the name was inspired by the '60s cult hero Arthur Lee and his group Love, who claimed he treated every song like it would be the last thing he ever said. "Piranha" is a power Pop song in the fine tradition of R.E.M., Sonic Youth, The Replacements, Husker Du and the Pixies, all "gods" to Hutton growing up. Rock Radio is already biting as WLZR, KAZR, WXRC, WJJO, KQWB, WHMH, KRAD, WFRD, and WTOS have stepped out first.

VARIOUS ARTISTS FOR THE MASSES, A&M

You might think that a tribute to one of Modern Rock's most influential bands would be lacking in the Rock category. Well, you'd be wrong. Depeche Mode have been cranking out albums for the last fifteen years, and their brand of dark, sequencer-driven pop has influenced scores of musicians. Their intriguing melodies and universal lyrics have transcended genre, as shown by the sixteen tracks that comprise *For The Masses*. As far as Rock is concerned, radio should start with Failure's excellent take on "Enjoy The Silence." Also of note is Rammstein's version of "Stripped" (their first track recorded in English), Dishwalla's surprisingly heavy rendition of "Policy Of Truth," and Deftones' "To Have And To Hold." Modern

will go for The Smashing Pumpkins' "Never Let Me Down Again" cover and The Cure's take on "World In My Eyes."

THE KNACK "AMBITION," RHINO

Though the "Next Beatles" tag was a bit inaccurate, The Knack's place in the grand scheme of all things Power-Pop and Alternative cannot be overlooked. Heck, even Kurt Cobain cited them as an influence. Back with their first new album in seven years, and with drummer extraordinaire Terry Bozzio (Missing Persons) in tow, it's time to get The Knack again with their new album, *Zoom*, and the first single, "Ambition." Fusing the fired-up testosterone of "My Sharona" with a mature lyrical sensibility and jangle, "Ambition," is anything but novelty, and proves the band are just as vital as ever.

DEPTH TRAX

EVERCLEAR, "FATHER OF MINE," CAPITOL

It's time for the third offering from Everclear's *So Much For The Afterglow* release. On the heels of "I Will Buy You A New Life" and "Everything To Everyone" comes "Father Of Mine." Just a few weeks past Father's Day, we now have a song about the dad who left. "My daddy gave me a name and then he walked away," Art Alexakis laments. Upbeat, catchy lyrically intriguing...everything we have come to expect from Everclear. Early action on KUFO, WWDC, KBBZ, WFRD and WTKX.

TOOL, "EULOGY," VOLCANO

If you're an Active Rock station, chances are that Tool is one of your most requested artists. We'd also bet that you've still got "Sober," "Stinkfist," "Eulogy" or "Forty Six and Two" in recurrent. Well, now that the band's on this Summer's *Ozzfest* tour and a headlining tour immediately following, it's time to make some space for "Eulogy." Taken from the *Aenima* album.

LENNY KRAVITZ, "FLY AWAY," VIRGIN

Expanding his cume to 46 (KBPI, WXTB, KILO, WQXA, WEBN, KTXQ), thanks to new adds at WKQQ, KDKB, KDEZ, WPXC, WRUF, WTOS, and WXRC, Lenny also surges 64-59* Hot Trax. PPW increases were led by KTUX (+18), WMMR (+16), KEYJ (+12), and KATS (+10). Phones ring at KRQC.

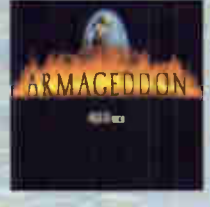

THE TRAGICALLY HIP, "POETS," SIRE

The best kept secret from The Great White North have a new album coming out in the States soon, and have already assembled quite an impressive early support column. The Tragically Hip's "Poets" has found instant spins at WMMS, WPYX, WCMF, WAQX, WDHA, WIOT, WRAT, WXRC, KLPX, WKLQ, WROQ, WIZN, and KLBK.

JOURNEY, "REMEMBER ME," SONY MUSIC SOUNDTRAX/CRG

Reincarnated and revamped, Journey's contribution to the *Armageddon* soundtrack has put seven more (WLWQ, WTBK, KXGE, KKEZ, WAFX, KBUS) in the support column and "Remember Me" now rotates on 25 *fmqbers*. WNCD added +15 spins, followed by WABX with +12, and WHMH with +10 spins. WKLT reports Top 5 phones.

The Tracking Report is weekly national call-out research of 45 Active, Alternative, and Mainstream Rock Radio currents. Titles tested are compiled from submitted client playlists. Results in The Tracking Report are based on interviews conducted with over 400 rock radio listeners across the United States in rated markets. The research is conducted using random digit dialing and music is tested via "song hook" methodology. Respondents must be Active, Alternative, or Mainstream Rock Radio listeners between the ages of 18 and 44. Cluster Groups are determined using music montages to isolate each listener's music preference type. **Grade:** An index based upon combined MRI, Burn and Unfamiliar Scores. **Music Response Index (MRI):** Appeal of each song within the indicated sample group on a 0 to 110 scale. **Burn:** Percent of the indicated sample that claims to be "tired of the song." **Unfamiliarity:** Percent of the indicated sample reporting "don't know it." PolyGram Speculation Begins

"Key Execs" Share \$40 Million To Stay

Now that **Doug Morris** has officially been tapped to head the combined Universal/PolyGram Music Group once the deal closes, speculation has already begun about what he will do with the world's largest music company. Sources told the *New York Post* (6/26) that Morris will likely merge PolyGram's eleven labels and Universal's eight into six larger labels, possibly creating East and West coast operations. Furthermore, Universal's international operations will merge into PolyGram's with one distribution and one publishing arm as opposed to two separate ones.

The *Post* went on to speculate that some of the names being mentioned to join Morris are Elektra Chairman **Sylvia Rhone**, Lava/Atlantic head **Jason Flom** and Interscope chief **Jimmy Iovine**. Labels that could be folded include PolyGram's Def Jam Records and its

Larsen Appointed Chairman/CEO, Universal Music Group

Jorgen Larsen

The official announcement came down this week: **Jorgen Larsen** has been appointed Chairman/CEO, Universal Music Group International. The appointment becomes effective after Seagram-owned Universal Studios closes its \$10.4 billion purchase of PolyGram. In his new position, Larsen will be responsible for overseeing and guiding the combined Universal and PolyGram international record operations.

"I am extremely pleased to name Jorgen Larsen as head of our combined international operations," Universal Music Group Chairman/CEO **Doug Morris** stated. "As head of Universal Music Group's international operations, Jorgen has spearheaded one of the most aggressive and successful worldwide expansion programs in the history of the music business. He has had a long and unparalleled career, continually proving himself to be a rare executive with a talent for balancing business acumen with a creative vision. Jorgen is vital to our continued growth and I am excited that he will be part of our new team, which will lead the world's largest music company when Universal and PolyGram are combined."

"This is a special moment in the history of the music industry and I welcome the opportunity to play my part in shaping the future of the world's largest record company," Larsen added. "By merging the cultures of two successful companies, we will establish a uniquely creative environment for artists and executives alike. I look forward to working with Doug and his

A Cable TV Show For Mancow

Not only is **Mancow Muller** switching stations in Chicago in a deal reportedly worth up to \$3 million a year, radio's 31-year-old *enfant terrible* is also getting his own daily one-hour cable TV show. Mancow is the first personality to sign with a new cable channel that will telecast video versions of radio shows. RadioTV Network (RTV) is basically applying the **Howard Stern E!** concept to Mancow and other "established, nationally profiled" radio shows, creating a 24-hour video channel of edited radio programs. Projected launch date: November 1.

RTV is also negotiating with *The Bob & Tom Show* and "other likely suspects" in Los Angeles, Dallas and a couple of major east coast markets, to fill its schedule with one-hour TV versions of approximately eight radio shows. Plans also involve rolling out regional programs, such as WRRK-AM's **Jim Quinn** on WNPA-TV (UPN 19) in Pittsburgh.

RTV's co-founders come from the video world: **Tom Coleman** ran Atlantic Entertainment from '74 to '88, before joining Independent Telemedia Group. **Larry Rogow** is president of Venture Technologies Group, which operates TV stations, cable systems and Internet companies. **Pollack Media Group** President **Jeff Pollack** is also involved, primarily in the talent acquisition area.

Using small robotic cameras installed in the studio, RTV personnel will direct and edit Mancow's show locally before forwarding it to RTV's Los Angeles studios for formatting, commercial insertion, and satellite and Web uplink. That means viewers can see an edited video version of *Mancow's Morning Madhouse* usually within 48 hours of its original radio broadcast. In addition to cable, RTV will also be available on DBS and the World Wide Web.

Q-101 GM Responds To Reports Of Mancow Advertiser Erosion

After reading "Behind The Biggest Morning Show Shake-Up Of The Year" (*fmqb* June 26) and "Managing Mancow And Other High Profile Personalities" (*fmqb* June 19), WKQX (Q-101) VP/GM Chuck Hillier e-mailed the following reaction:

"The Mike Fowler statement ('We arrived at this decision due to eroding advertiser support') was particularly interesting given Fowler's comments in your publication dated June 19, three days earlier: 'Complaints from clients and listeners have slowed down due to the maturity of the show'. Wow... Must of been a tough three days for that kind of turnaround."

WRCX VP/GM Mike Fowler responds: "I stand by my statements. [Client and listener complaints] did slow down, but the fact remains that 65 of the Top 100 local advertisers will not buy the Mancow show, and a similar percentage of national advertisers will not support the show. That was a factor in my decision. Advertiser support has eroded during the past two years of Mancow's contract, but over the past couple of months, [that erosion] stayed status quo at around 65% of the Top 100."

from an Alaskan vacation and began feeding new shows to affiliate stations from Q-101. But his hometown audience has been left in the dark by a four-week blackout, mandated by Mancow's exit agreement with 'RCX owner Chancellor. Q-101 plans to begin airing the show on July 27. That gives 'RCX a one month leg-up on introducing its new morning show, *The Bob & Tom Show*, which began June 29.

One *Morning Madhouse* cast member isn't crossing the street with Cow, however. **Freak** will remain at 'RCX, says Station Manager/PD **Dave Richards**, where he'll continue to host the station's daily *Rock Report* and weekly *Radio Anarchy* programs, contribute concert and sports reports, and serve as sidekick to midday personality **Jo Robinson** and PM driver **Eddie Webb**.

At presstime, neither Mancow nor newswoman **Irma Blanco** had signed contracts with Q-101, but VP/GM **Chuck Hillier** told *fmqb* he expects to ink agreements with the pair shortly. Hillier says he has cut deals with sidekicks **Turd**, **Angie The Phone Girl**, and **DJ Luv Cheez**.

Prior to joining in March of 1998, Oshin was the VP/GM of KBIG in Los Angeles. Mays joined Entercom in 1991 and served as the Program Director for KMTT during its launch as an Adult Alternative station that year. In August 1996, she added the role of Station Manager to her duties. Clark Ryan joined Entercom in November 1996 from San Diego's KGB, assuming the role of Program Director for KISW. In April 1997, Ryan also added the role of Station Manager to his duties. Prior to joining in July 1998, Dick Carlson was the Director of Sales for Jacor's Denver AM cluster.

top executive **Russell Simmons**, Universal's Geffen and DreamWorks labels, although **David Geffen's** association with Seagram Chairman **Edgar Bronfman, Jr.** could save those labels. Island Records may be folded into another label, and Universal's GRP label may be folded into PolyGram's Classics and Jazz label. Mercury Records President **Danny Goldberg** is not expected to be a part of Morris' inner circle, even though they were once close at Warner Bros.

Meanwhile, *Variety* (6/26) reported that PolyGram will distribute \$40 million to "key employees" to entice them to stay on with the company for at least one year after Seagram takes over. This is part of the definitive agreement for the buyout that was recently filed with federal regulators. The maximum an employee can receive is \$500,000 or a year's salary, whichever is less. Each eligible employee will receive half when the sale closes and the rest a year after the closing.

Larsen joined the Universal Music Group in 1993 as President of Universal Music International. During his tenure Universal evolved from four international companies to a total of 31 companies, covering 95% of the world music market, and doubling Universal's international sales in three years. Larsen joined Universal from DSB Schallplatten Berlin (the previously state-owned East German record company), where he served as Managing Partner since 1991. THAT FITS

THE NEW 'NEW Opie & Anthony made their official debut on WNEW-FM/New York Thursday (6/25), one day after the Spring ratings period ended. The hometown boys are now covering 3 P.M.-7 P.M. on the Heritage Rocker. The new 'NEW lineup shapes up like this: Dave Herman, with Marty Martinez and Karen Stewart, remain in the 6 A.M.-10 A.M. time-slot; Scott Muni now covers 10 A.M.-12 P.M.; Carol Miller slides into the 12 P.M.-3 P.M. shift. WLIR/Long Island morning man Joe Taggart will cover 7 P.M.-10 P.M. and Lisa Garvey will handle 10 P.M.- 1 A.M. These moves displace longtime WNEW vets Dennis Elsas and Pete Fornatale who, along with Pat. St.John, "may still do some work at the station," OM Garry Wall told the *New York Daily News*.

STERN'S MAGIC FART The self-proclaimed King of all Media is making an appearance on Magic Johnson's *The Magic Hour* late night TV program. Howard Stern has openly criticized the TV show since its debut a few short weeks ago. On Monday (6/29), Stern agreed with *Magic Hour* producer Todd Yasui to visit the show with his band The

Losers who will perform a fart-enhanced version of "Wipe Out." Stern, along with Jackie The Jokeman Martling, Fred Norris, Scott The Engineer, Robin Quivers, Chris Crap and other assorted fart-on-command cronies jetted out to L.A. after Thursday (7/2) morning's show. "Howard Stern has talked about me every day since we premiered in June," said Magic. "As a guest, Howard is unpredictable which makes for great television.." In other Stern related news, Stern affiliate KKND/New Orleans, received a \$6,000 Notice Of Apparent Liability in regard to material aired during Stern broadcasts on February 7, February 14 and April 25, 1997.

LOSER WINS STRIPPER AT WMFS' "MATING GAME": Sure, everyone's giving away tickets to see Page/Plant, but WMFS/Memphis came up with a different twist when the tour came to town. As you can see, the station registered listeners to not only win a seat on the 'MFS party bus and tickets to the show, but a date with Rachel, the gorgeous lady pictured above. For a week, all listeners had to do to qualify to win a chance was spot Rachel (pictured above with former afternoon jock Paul Marshall) on major intersections around town. Each day, the station qualified the first ten listeners that called in for a chance to win the date. However, when the winner was chosen, he asked for Rachel to give up her seat so his wife could go! However, his wife didn't want to go and the winner (loser?) wound up having to sit next to Rachel anyway...

RUDE, LEWD AND NUDE: WZZO/Allentown's Blake Dannen knows how to capitalize on a holiday, that's for sure. May 4th was national Naked Day (why aren't we informed of these things?!), so the night jock decided to frolic naked with listeners during his shift. Unfortunately, he was held down by the man, who wouldn't let naked women in the studio with him. The quick-thinking Dannen decided to do his entire show naked and have listeners call-in and get naked with him. We've never been happier to see proper logo placement in our lives.

TWISTER TEARS THE TOP OFF

KKDM Des Moines, Iowa Modern Rocker KKDM had the misfortune of being in the path of a tornado last Monday (6/29) afternoon. There were three people in the building at the time, but, fortunately, no one was hurt when the twister ripped the roof off of the building. The damage didn't end there, as rain followed the tornado and flooded the roofless KKDM studios, damaging most of the station's offices and equipment. KKDM was without electricity or phone lines until Tuesday afternoon. The station was operational as of press time (7/2), but were operating under limited conditions from a sound system set up at the transmitter site and were limited to running music tapes, with personalities still not able to broadcast on the air. A small production facility has been built in the undamaged part of the building that houses KKDM and they were back doing voice work on Wednesday. Any aid or assistance for KKDM is welcome. The station can be contacted at (515) 262-0000.

MTV AND CBS TEAM UP MTV has made its first steps into partnering with radio groups for marketing opportunities. The music channel has teamed with CBS stations

WXRK/New York, KROQ/Los Angeles, WXRT/Chicago, WKRK/ Detroit, WHFS/Baltimore, Washington, D.C., and WBCN/Boston for a summer music promotion. Each week, MTV and the stations will present a promotion that features bands being played on both MTV and the individual stations. "We are pleased about this promotion with CBS Radio, because it is our first marketing deal with a radio station group," Lisa Braun, Vice President, MTV promotion relayed to *fmqb*. "This partnership gives us the opportunity to work with great radio stations to offer trips to see top artists that are a big part of our channel this summer." "We're very excited about this relationship with MTV and we are looking forward to expanding our marketing partnership in the near future," Oedipus, VP/Programming at WBCN commented. Winners will receive a concert package that includes two tickets to a show, airline tickets, and accommodations. Trips scheduled include Beastie Boys in Portland, Dave Matthews Band in Miami, Matchbox 20 in Los Angeles, Smashing Pumpkins in Chicago, Semisonic in Denver, and The Verve in Seattle.

CBS SELLS WESTINGHOUSE CBS Corp. last week (6/26) announced the sale of their Westinghouse Electric Co. to Boise-based Morrison Knudsen Corp. and the U.K.'s British Nuclear Fuels Ltd. for \$1.2 billion. "With this transaction," CBS CEO Michael H.

Jordan told *Variety* (6/28), "the transformation of the former Westinghouse into the CBS Corp. — a pure-play media company with high free cash flow growth — is complete." As part of its re-invention program, CBS has sold \$5.7 billion in assets of the former Westinghouse since August 1997.

POLYGRAM FILM PRICE

REDUCED *Bloomberg News* reported (6/29) that Seagram CEO Edgar Bronfman, Jr. was now willing to accept \$750 million for PolyGram NV's PolyGram Filmed Entertainment, below the \$1 billion price tag he was originally considering. *Bloomberg* also noted that many bankers believe that \$750 million is still too high, but the lower price improves Bronfman's chance of selling the film company. *Variety* reported on July 1 that Lakeshore Entertainment is considering a run at PolyGram's film division. Lakeshore currently has a production deal with Paramount Pictures.

CHANCELLOR CREATES VALUE-

ADDED POSITION To grow the top line at its five FM cluster in New York, the company is adding a VP/Director of Sales & Marketing position. D. Scott Karnedy, who helped double Knight Quality's national and regional sales billings during a decade-long tenure there, is charged with developing value-added sales and marketing programs across Chancellor's WLTW, WKTU, WHTZ, WAXQ and WBIX. "Going forward, our goal is to move beyond packaged air-time and cluster selling to offer clients unique-to-New York promotions and customer-focused events that draw on our stations' collective strengths and resources," said Sr. VP of Regional Operations John Madison.

BONGARTEN PRESIDENT

EMMIS INTERNATIONAL Randy Bongarten, Emmis International's Vice Chairman of Sláger Rádió, a national radio network in Hungary, has been appointed President of the company. Emmis Communications Chairman/COO, Jeffrey Smulyan, has articulated the company's plans to expand into new radio markets and other media outside the U.S.

WATERS EXITS WMFS After spending only one month at the station, Charlie Waters has left the PD post at WMFS/Memphis. Operations Coordinator Mark Healy is overseeing programming and music duties until a replacement is found.

A WORD FROM YDB

Former DC101 VP of Programming Dave Brown is looking for his next 23-year gig. Young Dave Brown says his almost quarter century at the station was "a great dance. I worked with a lot of great talent who made my job much easier, from [former DC101 local morning man] Howard Stern to [current APD] Buddy Rizer and everybody in between." *The Washington Post* called YDB "the dean of Washington deejays." "There's not a lot of sense of tradition left in radio," says Brown, who exited last week, shortly after new owners Chancellor Media took over the former mom & pop shop. "It was a great locally owned company, and I'm proud to leave with DC101 on top of the DC Rock ratings." Reach Dave at (301) 570-1022.

LOWRY MAYS NABS AWARD

The National Association of Broadcasters has selected Clear Channel Chairman/CEO **Lowry Mays** to receive the 1998 NAB National Radio Award. The award presentation will take place during the Radio Luncheon on Friday, October 16, at The NAB Radio Show. Mays, a former NAB Radio Board and NAB Joint Board Chairman, graduated from Harvard Business School and spent ten years as an investment banker before getting into broadcasting, purely by chance, when a friend defaulted on a loan for a radio station that Mays had guaranteed. In 1974

he quit banking to devote his time to running fledgling media properties. Clear Channel Communications Inc. now owns and or programs 219 radio stations and 18 television stations in 48 markets in the country, and also owns 29% of Heftel Broadcasting Corporation. In additional NAB news, **William L. McElveen**, President/GM of WTCB/WOMG/WISM-AM/Columbia, S.C., has been elected chairman of the Radio Board, and **J. ON THE AIR

KXFX GETS A LEG UP: Instead of a request for a song, KXFX/Santa Rosa wakeup host **Matthew In the Morning** got an unusual listener call... for an artificial leg! During **Matthew Arnett's** "Do Me A Favor Friday" segment, a listener called that wanted a prosthetic leg for his friend, **Todd Thompson**. Todd had lost his leg in May during a motocross accident. Listeners responded, donating more than \$3,000 worth of stuff that Arnett could auction off to raise money. Finally, an owner of a prosthetics company who had heard about Thompson's predicament through a relative, donated a \$15,000 prosthetic leg. Arnett invited Thompson on last Tuesday (30) to present him with the leg. This just goes to show that in KXFX's position, a little legwork can pay off! (Editor's Note: That last line sucked!)

WFBQ PROVIDES FIREWORKS SOUNDTRACK, SHATTERS BLOOD DRIVE RECORD: This Fourth of July, if you're in the Indianapolis area, you'll want to tune into WFBQ. They'll be providing the

soundtrack to the NBD fireworks with patriotic and symphonic music when the fireworks start around 9pm. On a completely unrelated note, the station just wrapped up their annual blood drive, blowing away all previous records. In less than one day, 2,313 blood donations were made to Central Indiana blood centers. The previous record was 1,400 donations, and the event was so popular that hundreds had to be turned away.

KTYD GETS PATRIOTIC FOR THE FOURTH: WFBQ isn't the only station providing the soundtrack to your fourth. In Santa Barbara, KTYD, K-LITE and KIST will be providing a special simulcast choreographed to the fireworks. In addition to being heard on the radios of beachgoers, the simulcast will also be broadcast from KTYD's concert stage at West Beach during the display. Earlier in the day, KTYD will present a special free concert at West Beach featuring the Scott Thomas Band, Chris Stills and local bands Electric Blue and Cool Water Canyon.

QUESTION OF THE WEEK

What's your favorite positioning statement of all time?

**DON JANTZEN,
KILO/COLORADO SPRINGS:**

The one I liked best was, "XXXX and XXXX the stations that suck, and we just suck less."

**DONNA RODGER,
WRCN/LONG ISLAND:**

Back when WLIR was in their early Modern Rock days they used "LIR, Dare To Be Different."

**DWIGHT ARNOLD,
KCXX/SAN BERNARDINO:**

"Less music by dead guys."

**ROB HECKMAN,
WIYY/BALTIMORE:**

"98 Rock Clearwater/ Tampa/St. Petersburg's Kick-Ass Rock & Roll", from the original 98Rock in Tampa circa '79-'80. It sounded so cool at the time. I think it was a Neil Mirsky spot, which is why I liked it so much.

**ROBIN LEE,
WZZO/ALLENTOWN:**

I've written and stolen hundreds of them, and can you believe it, I can't think of one.

**RAY BAUER,
WSUE/SAULT STE. MARIE:**

"We have a transmitter and you don't."

**SAGE BARRETT,
KZGL, FLAGSTAFF:**

"KZGL... Everyone sucks but us."

**MATT TALLUTO,
WBYP/FT. WAYNE:**

"If it rocks it's on the RIFF!!!!!"

**TOM O.,
WTOS/AUGUSTA:**

There's something very basic about "We Rock - They Suck" that works.

**STEVEN STRICK,
WBCN/BOSTON:**

"The Rock without the static."

**JAVE PATTERSON,
KFMW/WATERLOO:**

Our own, "Killer Classics And The Best New Rock."

**CHILI WALKER,
WWBN/FLINT:**

"Bite me, baby!" Works well with a banana.

**JEFF SAUNDERS,
WXNR/GREENVILLE:**

"Ellen Degeneres didn't listen to 99X, Boy George didn't listen to 99X, k.d. lang didn't lis-

ten to 99X — now they're all gay. Draw your own conclusions."

**AL JONES,
KLAQ, EL PASO:**

"Bend over I think I love you." Oh, wrong position.

**JOHN ALLEN,
WZBH/OCEAN CITY:**

Probably just "The Rock Station," because it's simple and it says so much.

**CHRIS WHITE,
KMBY/MONTEREY-SALINAS:**

"We Suck Less!"

**KNEALE MANN,
CFNY/TORONTO:**

"Everything else is history," - we still use it.

**JEFF JAGGER,
WEGW/WHEELING:**

"Is that a Walkman in your pocket or are you just happy to hear us."

**VINCE RICHARDS,
KORC/KANSAS CITY:**

"If you don't listen to us, then f**k you." That's my favorite, but I've never had a chance to use it.

**KEVIN SMITH,
KDOT/RENO:**

"Pure Rock, KNAC."

**ROB WILLIAMS,
KDOT/RENO:**

"KOME, Cum In Your ear."

**SHANE COX,
WNFZ/KNOXVILLE:**

"Of all the stations in Knoxville, we're one of them."

**GREG STEVENS,
KEGL/DALLAS:**

"The only station that doesn't suck," which we used at KIOZ around 1990.

**JACK LAWSON,
WKQZ/SAGINAW:**

Most of the great positioning statements were great because of the time that they were used. We're still searching for the defining '90s positioning statement. The first consultant that comes up with it will become rich.

**PAT LYNCH,
WJRR/ORLANDO:**

The one WXTB/Tampa ran a while back that said "Arbitron Rated Number (whatever low-rated number it was)...F**K Arbitron!"

**DAVE SPARKS,
KNOP/MODESTO:**

Years ago, there a Penzoil commercial with the outcue, "Ever since America learned to drive", and Steve Masters and Big Rick Stewart put together kind of a joke positioner as a take-off of the commercial, "Live 105, ever since America learned to drive." It was kind of an inside joke amongst the staff, but still my favorite of all-time.

**STEPHEN BOTTOMLEY,
WEQX/MANCHESTER:**

"Hot 97 - Where Hip-Hop Lives."

**CHRIS AMMEL,
WIOB/ANN ARBOR:**

"We're wider."

**ROBYN LANE,
WRAT/POINT PLEASANT:**

It was used by KOME/San Jose: "The cum spot on the dial."

**CHRIS RIPLEY,
KXTE/LAS VEGAS:**

"Flip over." No, actually it was "97.5 KPOI The Rock You Live On."

**TIM PARKER,
WNOR/NORFOLK:**

"We may suck, but (insert competitors call letters here) swallows."

**MARK FEURIE,
WKLQ/GRAND RAPIDS:**

"Shut Up And Rock!"

**DAVE NUMME,
KUFO/PORTLAND:**

"A better mix of great varieties from the '60s, '70s, '80s, '90s, and today."

**BOB WALTON,
WRDX/WILMINGTON:**

"On a scale of 1 to 10, a radio station for people who can't count."

**BRIAN ILLES,
WRXL/RICHMOND:**

"XL is the size... 102 is the frequency... 'nuff said!" Obviously, Mirsky can't use this one!

**JOHN ROZZ,
WRXK/FT. MYERS:**

"This is where (city name) Rocks!"

**MIKE RAPPAPORT,
WKLC/CHARLESTON:**

I heard about one that 98 Rock in Tampa (WXTB) used to use, it was "Rockin' down the

QUESTION OF THE WEEK *continued...*

highway like a big dog in heat", or something like that! That's what sticks in my head at the moment.

**PAUL KELLY,
WEZX/SCRANTON-WILKES BARRE:**

"Working hard to protect your sister's reputation."

**SCOTT HAMILTON,
WFXM/MONTGOMERY:**

"The best Rock being made, the best Rock ever made."

**RECKLESS ERIC,
WKZQ/MYRTLE BEACH:**

"We rock, you suck."

**GUY DARK,
KQWB/FARGO:**

"The World Famous K-Rock."

**STEVE RAYMOND,
WZXL/ATLANTIC CITY:**

"If they're on heroin they're on 100.7 WZXL."

**JASON JUSTICE,
KNRX/KANSAS CITY:**

My least favorite was when I worked in Des Moines: "The Superstars of '70s '80s '90s and today, it's Des Moines own, Star 102.5." We had to say it every time we cracked open the mic and closed it.

**JIM FREE,
WKGB/BINGHAMTON:**

"We give Rose Kennedy a reason to live... WBCN." I guess they don't run that one anymore.

**RADIOBOY,
WKQQ/LEXINGTON:**

From my college radio days, "Because you know what sucks"... The other was "Hang on, it gets worse!"

**DORSIE FYFFE,
WOXY/OXFORD:**

"F**k off", how's that?

**KATHY CORO,
WZXL/ATLANTIC CITY:**

My favorite is from WSOU, "The Hardest Rock", because it really conveyed an attitude.

**PAUL OSLUND,
KAZR/DES MOINES:**

"If It Rocks, It's Pure Rock."

**JON BISHOP,
WVRK/COLUMBUS:**

"Rock 103, one bad MF... make that 'FM!'"

**NIKKI BASQUE,
KPOI, HONOLULU:**

"97.5 KPOI, The Rock You Live On."

**BRYAN SHAW,
WROV/ROANOKE:**

As long as it's not the "Home of Rock and Roll," I don't care.

**RICH ROBINSON,
WHTG/ASBURY PARK:**

"They suck - we don't." My second favorite is "Where the listeners come first, roll over and go to sleep."

**HELEN POWERS,
KBER/SALT LAKE CITY:**

"Don't Touch That Dial, There's Cum On It... KOME."

**FRANK LARIO,
WDOX/ATLANTIC CITY:**

"D.O.X... Hello low IQers!"

**TODD THOMAS,
WXVO/KNOXVILLE:**

"We realize our competition has been around for 20 years, and we have only one thing to say...that sure is a long time to SUCK!"

**LYNN BARSTOW,
KMYZ/TULSA:**

"KLOL, Houston's Rock & Roll Fajita."

**BUDDY RIZER,
DC101/WASHINGTON:**

"DC101: A Chancellor Media station."

**TERRIE CARR,
WDHA/NORTH JERSEY:**

"WDHA Rock... Solid Rock" - something KISS' Paul Stanley did for us a while back that we run on cart from time to time.

**DAVE CLAPPER,
WKLT/TRVERSE CITY:**

"If it's too loud, you're too old."

**MARTY BENDER,
WFBQ/INDIANAPOLIS:**

"You'll laugh so hard you'll cough up blood."

**SAMMY STONE,
WRKT/ERIE:**

I'm gonna have to go with "The Rock of Erie, Rocket 101!"

**ZACK TYLER,
WTPT/GREENSVILLE-SPARTANBURG:**

"We blow out your speakers, and they just blow."

**TIM SHERIDAN,
KIBZ/LINCOLN:**

"We try harder to suck less... whoever he is."

**JOE BEVILACQUA,
WHJY/PROVIDENCE:**

"Classic Rock That Really Rocks."

**DEBBIE WYLDE,
WAMX/HUNTINGTON:**

"24 hours in a day, 24 cans in a case. Coincidence? I think not."

ROCK REPORT

Confirming months of speculation, word out of London is that former Beatle **George Harrison** is winning his battle against throat cancer. "I'm not going to die on you folks just yet," Harrison, 54, told the British tabloid *News Of The World*. "I am very lucky." Harrison told the tabloid that he first noticed a lump on his neck last July while gardening at his 200-room mansion in suburban London, where he lives with wife, Olivia, and son, Dhani. Harrison underwent surgery to remove the lump last August, followed by two rounds of radiation therapy at the Royal Marsden Hospital, England's leading cancer treatment center. "I got it purely from smoking," Harrison went on to tell *News Of The World*. "I gave up cigarettes many years ago but had started again for a while and then stopped in 1997. Luckily for me they found that this nodule was more of a warning than anything else. There are many different types of cancerous cells, and this was a very basic type." Harrison was told that the cancer had not returned during a trip to Minnesota's Mayo Clinic in January.

Warner Bros. Records has set a November 3 release date for **Alanis Morissette's** as-yet-untitled sopho-

more effort. Morissette is currently recording the album in L.A. with her producer/collaborator, **Glenn Ballard**, who worked on *Jagged Little Pill*. Morissette has also just completed filming her part in director Kevin Smith's upcoming comedy, *Dogma*.

Sheryl Crow's third album, *Riverwide*, will be hitting stores on September 15, with the first single, "My Favorite Mistake," set to hit radio on August 5. Crow penned *Riverwide's* 11 tracks over the course of the past year, and tracked the record at New York City's Globe studios over the past three months. The self-produced album features guest appearances from **Wilco's Jay Bennett** on "Resuscitation," **Wendy Melvoin (Wendy & Lisa)** on "My Favorite Mistake," and **Rolling Stones** saxman **Bobby Keys** on "There Goes The Neighborhood." The Stones entire touring horn section also guests on the album. *Riverwide* also features Crow's first recorded stab at harmonica playing on the track "It Don't Hurt."

Joan Osborne rounds out the triumvirate of female artists readying new albums, though her next effort (which she is currently working on with **Cracker's David Lowery** for a fall release), doesn't have a release date yet. The album is reportedly 90 percent done, with some 30 wide-ranging tracks already committed to tape. She plans on hitting the road in support of the album in 1999. In other Osborne news, she is also in

the midst of starting her own quarterly magazine, *Womanly Hips*, named after her label. The magazine, which will probably be launched with the release of her new album, will deal with topics and issues rather than music and fashion. Among the contributors is **Blues Traveler** frontman **John Popper**, who has already written a humorous commentary about the *Lilith Fair* dubbed, *If Anything I'm About To Say Offends You, Then You're Really Stupid*. Actors **Harvey Keitel** and **Janeane Garofolo**, and **Michael Stipe** have also been contacted about submitting material to *Womanly Hips*.

As **R.E.M.** wrap up sessions for their forthcoming album (their first sans drummer **Bill Berry**), word is circulating that the first single could appear as early as September, with the album to follow in October. A U.S. tour is possible for 1999, as is a promotional tour of Europe later this year, which could include a couple of TV appearances. It is still uncertain who will be in the drum seat when the band hit the road. **Beck** drummer **Joey Waronker** joined the band for their *Tibetan Freedom Concert* set last month, while **Barrett Martin** (who lent percussion and guitar at the TFC), is playing drums and percussion on the album.

With their new album, *Hello Nasty* set to land in stores July 14, the **Beastie Boys** have announced summer tour plans, beginning July 31 in Seattle. Opening will be former Beasties DJ **Money Mark**, and fellow New York rappers **A Tribe Called Quest**. AND THEN THERE WERE TWO...

It's been quite a few years since we heard from Swindon, England Alt-Pop sensations **XTC**. In the midst of band turmoil (long-time guitarist **Dave Gregory** has exited the group) the band has finished up not one but two new studio efforts tentatively titled *History Of the Middle Ages, Volume 1 & 2*. The band plans to issue the first *Volume* in early 1999, followed by the second installment five or six months later. While band leader and visionary **Andy Partridge** has reportedly gotten over his legendary stage fright — so severe that he's been unable to perform live for over 15 years — there's no word on whether the duo **Partridge** and **Colin Moulding** will finally hit the boards. Meanwhile, in other related news, **Primus** has covered the band's "Scissorman" for an EP slated for release later this year.

Dubbed *A Day In The Garden*, a massive two-day outdoor bill comprising a star-studded list of musical acts will be held at the site of the legendary Woodstock festival in Bethel, New York on August 14-15. **Pete Townshend**, **Don Henley**, **Joni Mitchell**, **Lou Reed**, **Stevie Nicks**, **Ziggy Marley** and **The Melody Makers**, and **Richie Havens** are among the acts slated to appear. You may recall Townshend with **The Who** and Havens were performers at the original Woodstock event. According to the show's organizers, this will be a much different and saner affair than the original Woodstock which was an infamous chaos of disorganization. Attendees will be limited to 30,000 per day. In addition to all the great music, there will be other exciting events planned to run con-

BETTER LATE THAN NEVER: With their latest Atlantic effort, *No Substance*, new to the stores and the airwaves, Punk icons Bad Religion finally received their first-ever gold album, for '94s *Stranger Than Fiction*. As the band gear up to headline the Vans *Warped Tour* (kicking-off June 30), they stopped by Atlantic's New York headquarters to pose with their shiny gold album awards. currently including a memorabilia exhibit, seminars of the '60s, vendors hawking sundry wares and much more. Tickets are \$70 a pop per day.

The Why Store has reluctantly pulled-out of the opening slot on the **Ziggy Marley & The Melody Makers** tour, citing flagrant breaches of an agreed-upon contract. After the first few dates of the tour (which kicked off on June 25 in Cincinnati) the band were growing unhappy by little or no soundcheck time, abbreviated sets (some as short as ten minutes long), and an intolerable level of disorganization on the part of the headliners. The band, who are touring in support of their just-released *Two Beasts* album, are presently setting up alternate tour plans.

Dates for **Cheap Trick's** much-anticipated multi-album performances have been announced. The band will perform their first three albums - *Cheap Trick*, *In Color* and *Heaven Tonight* - in succession, over a three night stand in the following cities: 9/15-17, Boulder; 10/1-3, Los Angeles; 10/8-10, Seattle; 10/22-24, Philadelphia; 10/29-31, New York. Five additional cities are expected to be announced shortly. The jaunt coincides with the re-release of the three albums through Legacy/Epic this Fall, with previously unreleased material and outtakes included on each disc. The band are also performing *Live At Budokan* in its entirety, in conjunction with VH1, on the following dates: 7/4, Cincinnati; 7/5, St. Paul; 7/14, London; 8/1, San Jose; 8/5, Clarkston; 8/15, Omaha; 8/16, Portland; 9/12, San Diego.

Rod Stewart hits the road in support of his *When We Were The New Boys* set, beginning July 15 in Hartford. The show is all Rod - no opening act and no intermissions - and will feature songs from throughout his storied career. Catch Rod in the following cities: 7/15, Hartford; 7/17/18, Holmdel; 7/20, S. Hampton; 7/21, Philadelphia; 7/22, Boston; 7/24, Toronto; 7/25, Montreal; 7/28, Moline; 7/29, Cincinnati; 7/30, Indianapolis; 8/1, Detroit; 8/2, Buffalo; 8/4, Scranton; 8/5, Cleveland; 8/7, Pittsburgh; 8/8, Columbus; 8/9, Grand Rapids; 8/12, Milwaukee; 8/14, Kansas City; 8/15, St. Louis; 8/16, Chicago; 8/21, Virginia Beach; 8/22, Raleigh; 8/23, Atlanta; 8/25, Charlotte; 8/26, Washington, D.C.; 8/29, W. Palm Beach; 8/30, Tampa; 9/1, Biloxi; 9/2,

Houston; 9/3, Dallas; 9/5, Las Vegas; 9/6, Phoenix; 9/11, Vancouver; 9/12, Seattle; 9/13, Portland; 9/15, Concord; 9/18, Mountain View.

The first date of this summer's *H.O.R.D.E. Tour* (7/9 in Somerset, WI) has been canceled due to poor ticket sales. A *H.O.R.D.E.* spokesperson attributed the lack of ticket sales as an economic side-effect from a tornado that struck Minnesota in June. Ticket sales in other markets are reportedly strong.

Best known for their power guitar hit "Don't Ever Wanna Lose Ya," **New England** was one of those bands that should have achieved massive commercial success but didn't. Managed by **Bill Aucoin**, **KISS's** then manager, the group's debut self-titled LP was co-produced by **KISS Paul Stanley**. He liked the band so much that they opened dates on the group's 1979 *Dynasty* jaunt. GB Music has finally made available on CD the group's last two albums — *Explorer Suite* and *Walking Wild*, plus *1978*, a CD comprising demos and promising unreleased material — so you too can investigate the aural legacy of these shoulda-been superstars. Think the **Beatles** meet **ELO** with a dash of **Queen** and the pomposity of early **Yes** and you've come close to the New England sound. Oceans of **ELO**-sounding harmonies, inventive and searing guitar work, virtuoso keyboard stylings, and powerful drumming all topped off by an accessible melodic flair typify the band's sound. *Explorer Suite* is a concept album of sorts, merging the semi Rock-operatic dazzle of the title track with the brilliant Pop sheen of "Searchin'." The **Todd Rundgren**-produced "Walking Wild" is also excellent with the infectious charmer "DDT," the dreamy and atmospheric "Get It Up" and "L-5," co-penned by Rundgren, among the standouts. Meanwhile, *1978* offers a bounty of embarrassing riches of embryonic tracks that later appeared on the band's first album including "Don't Ever Wanna Lose Ya," "Hello Hello Hello," and "Alone Tonight," plus three impressive unissued cuts: "Even When I'm Away," the pure-Pop crunch of "Candy," and "I Will Be There." For more info, check out the band's Web site: www.newenglandrocks.com.

Proving that they're not just a home for established Rock acts, CMC International has inked U.S. Soccer's most recognizable face, **Alexi Lalas** to a multi-album pact.

The annual musical mudbath that is the *Glastonbury Festival* took place last weekend with the requisite bad weather resulting in considerable traffic chaos, especially as the weekend ended. The number of arrests rose to 169 this year, including 77 for drug-related offences, and an investigation is being conducted into the death of a man whose body was not discovered until Monday afternoon when organisers were clearing up the site.

The U.K. premiere of *Velvet Goldmine*, the film about the Glam Rock era of the '70s starring Ewan McGregor, will take place at the Edinburgh Festival on August 16. Directed by Todd Haynes, it also stars comedian Eddie Izzard, Toni Collette and Christian Bale, with a cameo appearance by Shaun Ryder of Black Grape. The film, first seen at the Cannes Film Festival in May, is due for U.S. release in September.

Julian Cope's guide to Ancient Britain, which he has been working on for eight years, is published on October 19 by Thorsons, a division of Harper Collins. *The Modern Antiquarian, A Pre-Millennium Odyssey Through Megalithic Britain* follows Cope's previous books for his Head

Heritage imprint, 1994's autobiographical *Head* and *Krautrocksampler* the following year. The new work contains maps, photographs, directions and academic references as well as field-notes and poems written on site, and is housed in a high-gloss, wipe-clean slip case.

"Three Lions '98" is still #1 with "Vindaloo" at #2 as the World Cup singles continue to dominate the U.K. charts (in a sales period that predated England's noble exit from the tournament on Tuesday evening, 6/30). The Beastie Boys scored their first British Top 10 single for 11 years, and their highest-charting single ever, with "Intergalactic" at five, and newcomer Eagle-Eye Cherry entered at six with his European hit "Save

Tonight." The teen-oriented acts were out in force with 911's "How Do You Want Me To Love You" arriving at 10, Ultra's "Say It Once" at 16 and Aaron Carter's "Surfin' U.S.A." cover at 18, while on the album chart, Five's self-titled debut set debuted at the top, with almost 30,000 copies sold. Maxwell's *Embrya* was the next new entry at 11, with *Life Won't Wait* by Rancid at 32 and the Genesis boxed set, *Archive 1967-75*, appearing at 35.

Terry Marshall's DAILY INSIDER

PROBLEMS FOR PUMPKINS: Smashing Pumpkins appear to be encountering some resistance from fans. Not only is *Adore's* Top 10 status threatened by the Dave Matthews Band and the *Bulworth* soundtrack close behind it, their hometown concert next week has been scaled down. The promoter said last week that the July 7 show is being moved from the 50,000 capacity Soldier's Field to the 28,000 capacity New World Music Theater in the distant Chicago suburb of Tinley Park because only 20,000 tickets had been sold.

B-52'S: The B-52's companion video to *Time Capsule: Songs For A Future Generation* will be out July 21. The hour-long \$19.95 tape includes a live performance video of "Cosmic Thing" and their latest one, "Debbie," along with their other hits.

TOMMY SHAW: In addition to releasing a new solo album, *7 Deadly Zens*, on CMC International, Tommy Shaw also has plans to make a new studio album with Styx later this year. Their double live album, *Return To Paradise*, became the label's first gold record. Shaw wrote one of the songs on *7 Deadly Zens* with his Damn Yankees partner Jack Blades. Damn Yankees are planning to make their third album next year.

COWBOY MOUTH: Cowboy Mouth, who will be on the *H.O.R.D.E. Tour* later this summer, have finished their second album, *Mercyland*, with producer Michael Barbiero. Barbiero also works with Blues Traveler. They recorded in Cowboy Mouth's home state of Louisiana. Cowboy Mouth's debut album, *Are You With Me*, released in the fall of 1996, has sold 200,000 copies to date.

DEL AMITRI ADDS TWO NEW SONGS TO HITS PACKAGE: Del Amitri have recorded two new songs for a greatest hits album, *Singles 8998*, which they'll release on September 29. "Cry To Be Found" and "Don't Come Home Too Soon" will be added to the hits "Roll To Me," "Always The Last To Know," and 12 more songs from the four albums they've recorded. A 17th track, "Spit In The Rain," is previously unreleased in the U.S.

BAEZ IN S.F. LILITH FAIR APPEARANCE: The surprises have already started on the Lilith Fair tour. Critics claimed the Indigo Girls stole the show at the first San Francisco concert, then Joan Baez made an unannounced appearance. In what Amy Ray described as a "Hootenanny," Me'Shell Ndegeocello played bass on one song, Natalie Merchant danced around the stage, and K's Choice and Tara MacLean made

appearances. Then Baez came out to sing her hit, "Diamonds And Rust," closing it with the lines: "If you're offering me diamonds and rust, well I'll take the diamonds." At the end of the Indigo Girls' set, all the guests returned and were joined by Sarah McLachlan to sing Neil Young's "Rockin' In The Free World" and "Closer To Fine," with shared lead vocals.

THE QUARRYMEN: According to the concert trade paper *Pollstar*, The Quarrymen, John Lennon's pre-Beatles band, have reunited and are playing nine shows in New York and Chicago in July and August.

AGENTS OF GOOD ROOTS: Agents Of Good Roots are on the bill with Blues Traveler on the July 4 weekend at Red Rocks Amphitheater in Denver. They'll join the Dave Matthews Band for 12 shows beginning July 22 in Virginia Beach, Virginia before finishing up their summer tour on the *H.O.R.D.E. Tour*.

EX-EAGLE WORKING WITH EX-SUBDUDES: Former Eagle Bernie Leadon is working with a new band comprised of two members of the Subdudes, a former associate of John Hiatt's and a top singer/songwriter. Leadon signed the band called Tiny Town to Pioneer Music Group, where he is Vice President A&R, and he is co-

producing their debut album. Members of Tiny Town are former Subdudes Tommy Malone and Johnny Ray Allen, Kenneth Blevins, best known for his work with John Hiatt, and Pat McLaughlin, who has released five solo albums and written songs for John Prine and Delbert McClinton among others. Tiny Town's debut album will be out August 18.

ROCKER SAYS L.A. HOOTENANNY NOW A LABEL, TOUR: X, the Reverend Horton Heat, Royal Crown Revue, Southern Culture On The Skids, Social Distortion, Supersuckers, Robert Gordon, The Paladins, The Blasters and former Stray Cat Lee Rocker are among the artists playing the Fourth Annual Hootenanny July 4 and 5 outside Los Angeles. The event has grown so popular, at the festival Rocker expects to announce details of a 10-city Hootenanny tour in September. Rocker has also formed Hootenanny Recordings with the concert's promoter Bill Hardie. Their first release, *Hootenanny Compilation*, will be sold at the festival and hit stores July 7 through the Alternative Distribution Alliance, ADA.

THE INSIDE TRACK

WZTA (Zeta)/Miami has announced the final lineup for *ZetaFest '98* to be held Sunday (7/5) at Markham Park. Zeta adds **Brother Cane** to the lineup in place of **Candlebox**, due to the fact that Candlebox

lead singer **Kevin Martin** has damaged vocal cords, and doctors have ordered him not to perform at this time. No need to worry, **Candlebox** should be back in the Fall for *Zeta's 4th Annual Halloweenie Roast*. The rest of the lineup for *ZetaFest '98* on two main stages includes **The Black Crowes**, **Stabbing Westward**, **Seven Mary Three**, **Semisonic**, **Black Lab**, **Addict**, **Feeder** and **God Lives Underwater**. A third, all-Florida locals stage, will feature bands played on Zeta's Sunday night local music program, *Zeta Goes Local*. In addition to the live bands, there will be an area known as the "Sideshow" which will be home to live tattooing, body art, jewelry, and novelty items. There will also be a cigar bar, an in-line skating exhibition, a VW Beetle race, a mist tent, a wide assortment of vendors with food and drink and much more. Wave that flag, wave it wide and high... Eleven days, twelve stages, over 1000 performers. That's Milwaukee's *Summerfest*, America's biggest music festival, ripping up cheese country at this very second. **WLZR's Marilyn Mee** offers this on-the-scene report from the Lazer Stage: "**Brother Cane** keeps its spot as the nicest band in the universe. **Candlebox** drew the biggest crowd so far, 9000 people. We broadcast them live. **Jimmies Chicken Shack** are tight, funny and entertaining.

Monster Magnet set a guitar on stage."... We're an American band. Actually, we're *twenty* American bands, we're coming into midtown, to help Washingtonians party it down, at **DC101's Freedom Fest** before the fireworks on the Fourth. Listeners have a chance at winning either a 1998 Camaro Z-28 SS or a 1969 Shelby GT 350 (the best of the old, the best of the new). 'HJY is giving away a total of 94 keys at station events and appearances. Keyholders will gather together in August to see if they have the winning key. The winner gets their choice of rods. Kick Ass!... **Flight 16** has been delayed. A new single, "If All the World Hated Me" will be landing on Aug 4. Call your 550 Music carrier for flight updates... Cleveland' first ever *Pregnant Bikini Contest* drew 50 skimpy suit-wearin' future mamas, along with camera crews from three TV stations. The **Jacor** benchmark promotion was staged by **WMMS**, slated to join the **Jacor** fold next month. \$1000 in prize money, baby furniture, toys, a stroller, diaper service and other rugrat stuf was on the line. None of the contestants went into labor at the event, though one of the women delivered just two days after strutting her stuff on the runway.

PROGRESSIVE PRO-FORMERS

Brian Setzer Orchestra "Jump Jive An' Wail" (Interscope)

For the second week in-a-row, the Brian Setzer Orchestra claims **Pro-Former Of The Week!** Four new adds (KBCO, KGSR, KPFT, and WNCW) build the overall count to 34, while mega rotations effortlessly place him at #1 **Most Increased** (+176)! And while those stats are impressive, the big story here is Setzer's predictably huge debut on our Top 50 chart at 24•, with 384 spins! From the forthcoming album *The Dirty Boogie*, count on "Jump Jive An' Wail" to continue dominating airplay.

Lucinda Williams "Right In Time" (Mercury)

Lucinda Williams' "Right In Time," from her amazingly deep album, *Car Wheels On A Gravel Road*, develops for yet another week at Progressive Radio. Bolting from 25 to 15•, with 487 spins, Williams picks up 5 new adds (KCRW, WXLE, CIDR, KBXR, and Broadcast Programming). In addition, she's also our #4 **Most Increased** (+106), and continues to remain firmly in the 1• position on the *Public Breakout* chart with 187 spins.

Cowboy Junkies "Miles From Our Home" (Geffen)

While the full-length Cowboy Junkies' album, *Miles From Our Home*, showed up in our mailbag this week (see *Progressive Picks* for the full run-down), the title track continues to perform exceptionally well with Adult audiences. Cracking into the Top 10 at 8•, the Junkies are currently boasting 724 spins (+112 - #3 **Most Increased**) and are this week's #6 **Most Increased** (5 new adds, including WDET, KRCL, and KMMS). In addition, they debut on the *Public Breakout* chart at 13•, with 107 spins.

Neil Finn "Sinner" (WORK)

#3 **Most Added** and #8 **Most Increased** (+79), Neil Finn acquires twelve new adds this week (including KBCO, KMTT, KXL, WMMM, WRNR, and KPFT). The lead track ("Sinner") from his latest solo effort *Try Whistling This*, has hoisted Finn from 38 to 28•, 372 spins on the Top 50, and from 22 to 18• on the *Public Breakout* chart. Also spinning the track are WBOS, WXRV, KINK, KGSR, CIDR, and WXPN, among others. Digging into the full-length is KBZD, who spun "Loose Tongue" 10 times this week.

PROGRESSIVE ADULT RADIO PICKS

ON THE RIGHT TRACK?

RIC CLAPTON "PILGRIM," DUCK/REPRISE

The title track from Clapton's latest album already has fans with these Progressive reporters: WBOS, WXPB, KTAO, Music Choice, and WTTS. This track should be a no-brainer for Adult Rock programmers. Our listeners would agree that Clapton's importance as an artist is very nearly unparalleled. So, what are you waiting for? Add it already!

LENNY KRAVITZ "FLY AWAY," VIRGIN

"Fly Away," the next track from Lenny Kravitz's fifth outing (appropriately titled 5), is yet another gem in his musical repertoire. Like his previous radio hits, "Are You Gonna Go My Way," "Always On The Run," or "It Ain't Over 'Til It's Over," this track is classic Kravitz: big chorus, memorable guitars and multiple tracks of hum-in-your-head harmonies. Get on this one right away!

A.J. CROCE "LOVER'S SERENADE," RUF

It's no secret that we're big fans of *Fit To Serve*, the latest full-length album from A.J. Croce. His heavy-handed piano stylings and gravel-throated voice are winning him many fans in the Adult Radio world, and we anticipate the latest single, "Lover's Serenade," to continue the upward trend. For info, get a hold of Bob Laul at: (212) 580-3314.

CHERRY POPPIN' DADDIES "BROWN DERBY JUMP," MOJO/UNIVERSAL/UMG

If you told us a year ago that Swing was going to have a huge Pop resurgence in '98, we would have asked you the name of the institution you escaped from. Proving that fun music is timeless, the Cherry Poppin' Daddies (fathers of the hit "Zoot Suit Riot") unveil their next single, titled "Brown Derby Jump." It's equally as lively as the first, so don't miss out! The CD-Pro also includes a Spanish version of "Zoot Suit Riot."

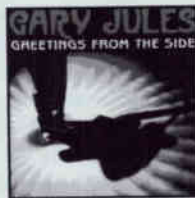

SINGLES/EPS

SHAWN COLVIN "WHEN THE RAINBOW COMES," SONY MUSIC SOUNDTRAX/CRG

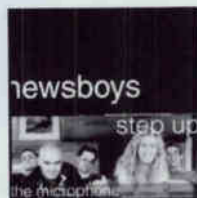

Now that the summer blockbuster-to-be *Armageddon* is in theaters (it opened 7/1), you should have received the newest radio cut from the soundtrack, Shawn Colvin's "When The Rainbow Comes." 1998 has been an exceptional year for Colvin ("Sunny Came Home" was Record and Song Of The Year, and *A Few Small Repairs* is knocking on Platinum's door!), and Progressive Radio should have no problem finding a spot for this track in their playlists.

GARY JULES "GREETINGS FROM THE SIDE," A&M

Gary Jules' debut album, *Greetings From The Side* (street date 8/4), was produced in the basement of Michael Andrews' San Diego home and mingles melodic Folk with elements of Blues, Country and Rock. Hailing from Los Angeles, Jules' exhibits quite a forte for visual lyrics, and his abilities as a singer-songwriter are bound to impress anyone who lends an ear to his startling debut. "Greetings From The Side" is the title and lead track from the album.

NEWSBOYS "WOOHOO," STAR SONG/VIRGIN

"WooHoo," the debut single from the Newsboys' current Virgin Records release, *Step Up To The Microphone*, is without question one of the most infectious Pop/Rock tunes we've heard in quite a while. In short, if your station has had success with Collective Soul or Third Eye Blind, then you'll want to spend some time with this track right away. For comprehensive, up-to-date info, check out the band's Website at <<http://www.newsboys.com>>.

THE SURFERS SONG FROM THE PIPE SAMPLER, EPIC

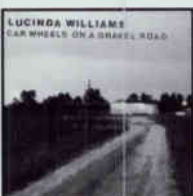

Produced by T-Bone Burnett, The Surfers forthcoming debut, *Songs From The Pipe*, is a musical collaboration between three professional surfboarders. Our thought? If you're going to make an album influenced by black sand beaches and waves that'll make the Big Kahuna sweat, than why not let real, world-class boarders/musicians create it? Ultimately, it has more in common with Chris Isaak than Dick Dale, and we think it's a sure winner for Progressive Radio! Check out the first three tracks.

THE KNACK "AMBITION," RHINO

One listen to "Ambition," the first single from The Knack's new album, *ZOOM*, will quickly remind your listeners of a time when Rock and Roll was about having a hell of a lot of fun. Textbook hooks and recognizably Knack guitars dominate throughout "Ambition," a grand slam of a song that delivers everything you'd want from a summertime Rock tune. Look for the band to tour this summer and fall with new drummer Terry Bozzio (Jeff Beck, Frank Zappa).

ALBUMS

LUCINDA WILLIAMS, *CAR WHEELS ON A GRAVEL ROAD*, MERCURY

Produced by Steve Earle and Ray Kennedy, Lucinda Williams' Mercury Records debut, titled *Car Wheels On A Gravel Road*, is an even blend of brilliant songwriting, intelligent lyrics and some of the finest vocals she has ever laid on tape. Some will state that six years of legal headaches gave Williams plenty of time to fine-tune her craft, but we assure you that ticks on the clock alone won't allow artists to create an album like *Car Wheels On A Gravel Road*. Quite simply, this is the kind of recording songwriters long to make. "Right..." the title track, "2 Kool...", "Drunken...", "Can't...", "Still...", "Metal...", and "I Lost..."

ALBUMS

COWBOY JUNKIES
MILES FROM OUR HOME, GEFEN

The Cowboy Junkies' latest full-length, *Miles From Our Home*, is the pinnacle of their eleven years recording together. Produced by John Leckie, the album (their seventh) offers ten tracks that run the gamut from quiet and introspective to upbeat, potential radio favorites. The result is sure to pay off hugely for the band; their ability to write with their audience in mind and expand their musical horizons is sure to attract new and old fans by the truckload. By now, most of the panel has discovered the title track. For depth, check out "New Dawn Coming," "Good Friday," "Hollow As A Bone," "Those Final...," "Darkling..." and "Someone..."

BARENAKED LADIES
STUNT, REPRISE

If the Barenaked Ladies were once considered an "acquired taste," then the public and radio programmers have gladly acquired a taste for this quirky, north-of-the-border quintet. Since the 1992 release of the band's debut, *Gordon*, the band has been on a creative and commercial learning curve that threatens to outpace their Pop contemporaries. The lead track from *Stunt*, "One Week," features a Hip-Hop, freestyling, stream-of-consciousness lyric wedded to Rock hooks that calls to mind the Ladies stage show. More: "It's All...", "Light Up...", "Leave," "Alcohol," "In The Car," "Never...", "Told...", and "Some..."

JEFFREY GAINES
GALORE, RYKODISC

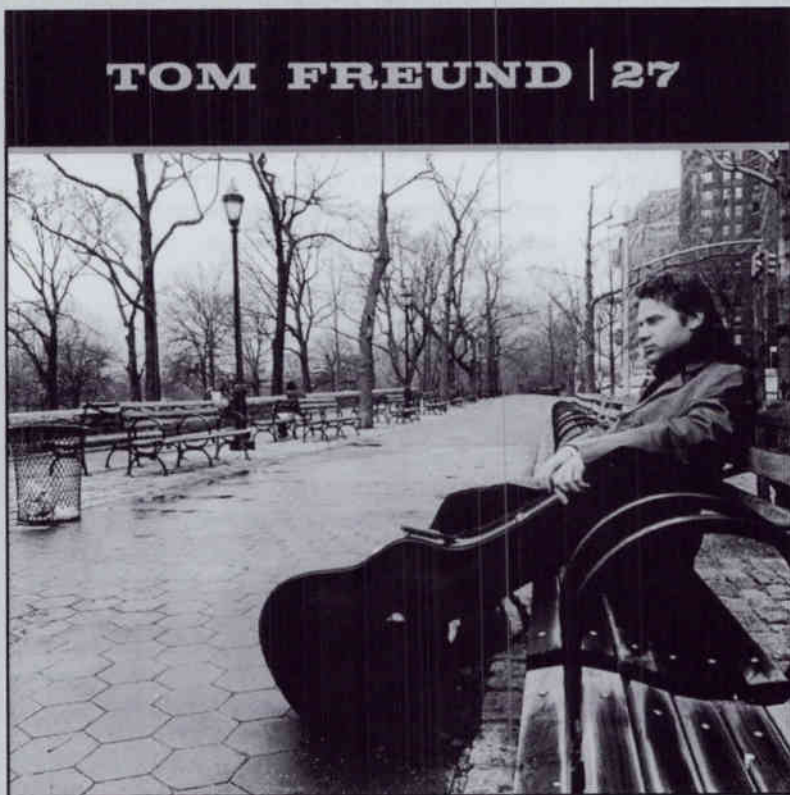

Jeffrey Gaines' third album, *Galore*, is an expressive collection that we feel ranks as his best to date. Joined on the album by an impressive list of players, including Reeves Gabrels, Gail Ann Dorset, and E-Street Band alumni David Sancious, Gaines has crafted his latest portfolio of songs into solid radio gems. It's easy to play "pin-the-tail-on-the-single" with *Galore* (and it's accompanying 5-track bonus CD), and programmers are likely to have a difficult time choosing where to begin for depth. Start with "Right My Wrongs." Dig deep with "First Chapter's...", "Step By Step," "Belle De Jour," "Everything," and "Goodbye."

DAG
APARTMENT #635, COLUMBIA/CRG

1998 is going to be a good year for Dag. Their second effort for Columbia Records, entitled *Apartment #635*, is a ten-track collection of tunes saturated with a heavy dose of Funk, kinda like Jamiroquai. Produced by John Custer (who also worked with the band on their debut, *Righteous*), the album and first single, "Our Love Would Be Much Better (If I Gave A Damn About You)," has great potential to cross between Progressive, Modern Rock and Top 40. Other tracks we recommend are "You Made Me Feel," "Girl Had It Good," "Ruin You," and the title track.

PROGRESSIVE SOLUTIONS

A Problem Solving Forum for Progressive Programmers

The New Diarykeepers

by Dennis Constantine

A lot of the talk around radio station water coolers this past week has been about Arbitron's surprise announcement that they are changing the company that provides them with names and phone numbers for diary place-

ment. You might remember the brouhaha that arose in Los Angeles with the release of the Spring '97 book when hundreds of diaries had to be deleted from the survey database. MetroMail did not keep lists current when the new Los Angeles area code went into effect in the Long Beach area.

Goodbye Metromail; Hello SSI

Here's a recap of the events that have just taken place. On Wednesday, June 17, Arbitron issued the following statement:

"Effective with the Summer '98 survey, Arbitron will use Survey Sampling Inc. (SSI) as its supplier for the random digit telephone samples used in its rating surveys." Arbitron chose SSI for its "accuracy and timeliness of area code updates, ability to match addresses to unlisted numbers, availability of samples for split counties, and high-density ethnic areas," and its track record of quality and accuracy of its sample frames.

"This Will Change Everything!!"

Researcher **Jhan Hiber**, who got his start at Arbitron close to 30 years ago, was heard uttering these words. He says that this is the first time Arbitron has made a change of their list provider in 25 years. Hiber predicts that starting this summer, unlisted phone numbers could play a greater

part of the Arbitron sample. Supposedly, SSI will provide Arbitron with a better supply of unlisted numbers.

Until now, Arbitron has been making random calls to get unlisted phone numbers. They call it "expanded sample frame." Arbitron's computer changes one digit of listed numbers in their database. To date, this has been Arbitron's only way to reach newly installed home phones as well as unlisted numbers.

Arbitron's Response

Country radio consultant **Jaye Albright** asked Arbitron Vice-President of Research, **Bob Patchen**, what effect the change in the address list provider will mean to radio. His response:

"One of the reasons that we made the switch to Survey Sampling (SSI) is that we have more confidence in SSI's long term capability to stay on top of important Telco and other changes (area codes, etc.) because sampling is their core business, whereas it is more of a sideline for MetroMail."

"What might be confusing to some is that, with the switch to SSI, we are also going to implement a new procedure to match more unlisted telephone homes to a mailable address. This will mean that we can send preplacement postcards to a large percentage (about 60%) of the unlisted sample we call, and we expect this to improve consent rates for this sample. But, that is a change in survey treatments designed to improve response rates, not a change in the sample."

Increased Unlisted Response Rates

It's hard to predict how a different source for the Arbitron database will effect future Arbitron ratings. There's

speculation that an increase in response rate from unlisted and non-listed phones will probably help two kinds of radio stations: those that have transient listeners who move around a lot, and stations that appeal to affluent adult listeners who have chosen not to list their phone numbers.

What will it mean for Progressive Radio? If your station has been targeting affluent white-collar adult listeners who have above-average income, this could mean that Arbitron will find more of your listeners in their sample. Also, stations that appeal to transient younger listeners (Rock, Alternative, and CHR stations) will benefit from the new diary placement. The stations that are doing things right — playing the perfect music mix, market presence, clever imaging — will be the ones that benefit from better Arbitron unlisted response rates.

Arbitron = Success

In a world where radio stations are graded on their success manipulating the almighty Arbitron ratings, a change in how Arbitron measures radio listening can be a scary proposition. Remember that we're talking about Arbitron here. There's never been a magic formula that works every time to get better Arbitron ratings. A better response rate from unlisted phone numbers is a step in the right direction. May the Arbitron gods shine on you!

**MICHAEL HILL'S BLUES MOB
NEW YORK STATE OF BLUES, ALLIGATOR**

South Bronx, New York native Michael Hill merges a solid mix of traditional Blues with Rock, Reggae and R&B on his third Alligator Records release, *New York State Of Blues*. Like numerous others, Hill was inspired by Jimi Hendrix to pick up a six-string, and along with his band Blues Mob, he generates some of the toughest, street-ready Blues this side of the Windy City. "Long Hot Night" is the first single from this scorching collection. From there, check out "Young Folks' Blues," "New York State Of Blues," "This Is My Job," and "Up And Down The Stairs."

**LARRY McCRAY
BORN TO PLAY THE BLUES, HOUSE OF BLUES**

For more than a decade, Larry McCray worked on the line at the Michigan General Motors Plant and played music on the side. His commitment to hard work, singing and muscular guitar playing molded him into an accomplished Blues artist. *Born To Play The Blues*, McCray's latest full-length release on the House Of Blues label, is a well rounded collection of originals and covers that should not be overlooked, especially if your station has a Blues specialty show. Be sure to have a listen to "I Feel so Damn Good..." "Sunny Monday," "Smooth Sailing," "I'm A Lover Not A Fighter," the title track, and "Worried Down With The Blues."

TRANSMISSIONS

Our apologies to Liz Janik, last week's contributing author of *Progressive Solutions*, for running a picture of Pollack Media's Pat Welsh with the article, instead of hers. If our new printer had to do this to anyone, we're glad it was someone that's so understanding. While Pat is a lovely person, he looks nothing like Liz.

CBS' WXRT/Chicago, KROQ/Los Angeles, WXRK/New York, WKRK/Detroit, and WBCN/Boston are taking part in a cooperative concert call-in promotion with MTV. This is the first time the network has entered into a promotional partnership with a radio group.

Congratulations to KMTT/Seattle's Chris Mays. Mays has been granted VP stripes as well as the official nod as GM for the Progressive outlet.

WHPT/Tampa has a new on-air line-

up. Russ Albums is out and replaced in mornings by Cynthia Clark, Clark is replaced in middays by night jock Mark Stewart, and Gary Thomas joins the station for 7 p.m.-midnight from WARO/Ft. Meyers. Kurt remains on 3p.m.-7p.m. and Tim Harper on midnight-6 a.m.

KFXJ/Boise PD Kevin Welch has made a music calls change. Their call times remain the same: 9:30 a.m.-1 p.m. Mountain. The call day does change from Monday to Friday, effective immediately.

Check out these upcoming editions of the *Acoustic Cafe*: Week of 7/6: **Moxy Fruvous**; Week of 7/13: **Paul Kelly**; Week of 7/20: **Richard Thompson** (performing new songs); Week of 7/27: TBA.

Well, it's hard to call it a road trip, since included with the cars, buses

and taxis was a full complement of planes and ferries. One of us was lucky enough to head north to Boston and then to Martha's Vineyard for the very first *Nectarfest* last weekend (6/27-28). Musical acts included Ellis Paul, Entrain with Bo Diddley, Peter Mulvey, Maynard Silva, CPR, Arlo Guthrie, Patty Larkin, Jonatha Brooke, Bob Weir and Rob Wasserman, Bruce Cockburn, and Rickie Lee Jones. The artists played Nantucket one day, then switched islands and played the Vineyard the following day. Except for a brief downpour on Saturday (which made Saturday ticket-holders happy — they got free Sunday tickets!) the weather was beautiful. Kudos to Barbara Dacey on a job well done, and a very focused and incredibly listenable Progressive radio station! We'll feature pictures of the weekend in the upcoming issue of the *pro*qb* (8/21).

Don't miss *Progressions #37: New Music For Progressive Adult Radio*, included with next week's (7/10) issue of the magazine for all reporting stations. We're thrilled about the new music from Randall Bramblett, Sinéad Lohan, Train, The Verve, Keb' Mo', The Evinrudes, Kyle Davis, Nanci Griffith, Morley, Gary Jules, Michael Hill's Blues Mob, and Veda Hille. And, if that weren't enough, you'll be treated to airchecks from these fine (albeit different) Progressive reporters: WXLE/Albany, KBXR/Columbia, WKOC/Norfolk, and KFXJ/Boise. We have Interscope's James Evans to thank for the suggested airchecks. Are there stations that you're dying to hear? Call Sybil or Kevin at (609) 424-9114. *Progressions #38* is filling up fast! Call us very soon to book a track for the August 21 extravaganza.

PROGRESSIONS

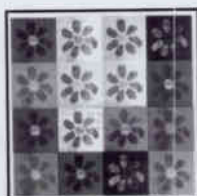

In Rhino news, the label's first releases under their multi-year pact with Discovery Communications Inc. are out. *Discovery Channel Presents Great Chefs Dinner Music*, a soft Jazz collection from Rhino's Atlantic Jazz Gallery and *Travel Channel Presents: Songs From Around The World*, a World Music collection inspired by Discovery's travel-related shows are in stores now. *Great Chefs* features Jazz classics to dine by from the likes

of John Coltrane, Freddie Hubbard and Eddie Harris, while *Around The World* features the world-sounds of King Sunny Ade, Johnny Clegg & Savuka and Bela Fleck among others.

While they may have been lost in the shuffle of the recent Brit-Pop explosion, James are one of the finer Pop exports to emerge from the U.K. in the last decade. The band's legacy is

celebrated on the new compilation, *James: The Best Of* (Fontana/Mercury). *The Best Of* features a bounty of gems from the band, including signature cuts like "Laid" and "Say Something," along with lesser-appreciated tracks like "She's A Star," "Runaground" and "Hymn From A Village."

On your desk now should be an advance from **Emmylou Harris'**

new outfit, **Spy-boy** (Eminent), which she's taking out on the Lilith Fair jaunt this summer. The lead track, the bittersweet tear-jerker "All My Tears," is going for adds on July 21 and is extremely worthy of your attention. Emmylou and company will also be doing some PBS specials in support of the album, which is in stores on August 11. For more info, call Jessie Scott at (615) 386-9444.

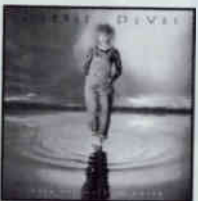

PROGRESSIONS

Anyone who's ever experienced NRBQ's live show can attest to the good-time grooves and vibes the band kick up live. Now you can enjoy them right in the comfort of your own home with their new live set, *You Gotta Be Loose* (Rounder). Recorded "live in the USA," the CD packs all the airtight, booty shakin' punch of the band's live show, without the smokey nightclub aftertaste. As comedian/actor Penn Jillette puts it so eloquently in the CD's liner notes: "If you don't like NRBQ, I don't want to be around you. If you don't like NRBQ, you just don't get it. If you don't like NRBQ, I feel sorry for you. But, most likely, if you don't like NRBQ, you haven't heard them." Highlights include, well, the whole damn thing, frankly!

Yes, we've had bad experiences with movie stars turned musicians (and we're not naming names). This time don't be afraid! None of the standard prejudices apply to **Mare Winningham**. She has a sweet voice that can achieve the emotional depth that many Folk/Rock singers lack. Winningham even describes herself as a "singer who acts." If your station is having success with Natalie Merchant, Winningham will be a great addition in your currents. Our favorite from *Lonesomers* (Razor & Tie) is the Stones classic "The Last Time" but you may also like the tracks she wrote: "Miles," "This Tower," and "Are You Smiling?" She's come a long way since *St. Elmo's Fire*, we assure you.

Powerful. That's the best way to describe **Jennie DeVoe's** vocal quality. While reminiscent of **Melissa Ethridge**, the emotional power in her voice is obvious by the second line of the first song on *Does She Walk On Water* (Rubin The Cat). She is nothing like most other female solo acts today. DeVoe's songs are about love and emotion, but come from a dis-

tinctly female point of view, one that describes the protagonist as a person who can be powerful and loving at the same time. Check out: "Red Hot Sun," "Naked People," "Barefoot to Babylon," and "No Friend."

This album is NOT for the timid. If you hopped on **Hamell on Trial** then you can probably handle **Chris Chandler's Convenience Store Troubadours** (Prime CD). Mama this boy is weird! You can't help smiling though his songs though, because they are so tinged with personality it's almost beyond description. Living in a van, writing songs and traveling extensively, provided Chandler with all the raw materials he needed to make an CD that is one of the most unique albums of the year. Would you expect anything less from a man described as **Pete Seeger meets Jello Biafra and Phil Ochs with a touch of Mojo Nixon**? Great tracks to spice up your sound include: "Blood to Wine," "Carnivals," "You're So Mundane," and "Last Thoughts on Elvis Presley."

HBO's of the opinion that **Bruce Springsteen's** *The Ghost Of Tom Joad* was such a visual piece that its songs will play well on the small screen. According to the *L.A. Times*, representatives from HBO's and Springsteen's camps have been discussing turning the 1995 album into a series of vignettes to air on the cable network. The deal is in the preliminary stages, with no timeline set for production, nor any mention of potential cast or crew.

Semisonic shoot the video for "Singing In My Sleep" in Los Angeles this week, with some assistance from their fans. The band asked fans via its e-mail list to help select songs for an "Ultimate Mix Tape," along an with accompanying decorated insert card, for use in the clip, as the song namechecks the homemade tapes often exchanged between couples and friends. Fans who send tapes will receive a personalized token of thanks from the band, while the winner will receive a copy of the video as well. The Minneapolis-based trio play *The Tonight Show* Monday, (7/6), and

kick off a U.S. tour in Myrtle Beach the following night. The rest of the dates are as follows: 7/8, Richmond; 7/9, New York; 7/10, Asbury Park; 7/11, Lancaster; 7/12, Woodstock; 7/15, Hampton Beach; 7/16, Burlington; 7/30,31, Pelham; 8/2, Atlanta; 8/5, Columbia; 8/7, Holmdel; 8/8, Wantaugh; 8/10, Mansfield; 8/14, Philadelphia; 8/15, Burgettstown; 8/18, Clarkston; 8/19, Noblesville; 8/21, Rosemont; 8/25, Morrison.

Warner Bros. Records has set a November 3 release date for **Alanis Morissette's** sophomore effort. Morissette is currently recording the album in L.A. with her producer/collaborator, **Glenn Ballard**, who worked on her *Jagged Little Pill* debut. Morissette also just completed filming her part in director Kevin Smith's upcoming comedy, *Dogma*.

Rhino and VH1 team up again for another dose of The Big '80s series, this time focusing on soundtrack hits of the Brat Pack era on *VH1: The Big '80s- The Big Movies*. '80s flicks like *The Breakfast Club*, *Ferris Bueller's Day Off* and *Less Than Zero* were just as popular because of young stars like **Molly Ringwald**, **Matthew Broderick** and **Andrew McCarthy** as they were for their memorable soundtracks. *The Big Movies* culls 16 Reagan-era gems, that were prom and roller-rink staples during the Just Say No decade. Look for *The Big*

Movies in stores August 4.

Rhino also tickles your taste buds with the 16-track *I Love Bar-B-Q* collection, which hits stores on August 18. The CD features a host of songs about the age old art of Bar-B-Q'ing, assembled by Rhino Creative Director and two time Grammy Winner, **Hugh Brown**. Among the red meat-induced gems included are **King Cole's** *Swingsters' "Riffin' At The Bar-B-Q,"* **The Dorsets' "Pork Chops,"** and **Brother Jack McDuff's "Hot Bar-B-Q."**

Bruce Hornsby releases his first album of new material in three years, the 20-track double-CD *Spirit Trail*, in mid-September. Produced by Hornsby, along with assistance on five tracks from **Mike Mangini (Digable Planets, Mary J. Blige)**, the album embraces Hornsby's Southern roots, bringing together the sounds of Folk, Gospel, Blues, and New Orleans Funk. *Spirit Trail* also displays Hornsby's new twist on piano playing, as he employs a two-handed piano technique he developed through a "recommitment" to studying the piano. Joining Hornsby on *Spirit Trail* is his core band of the last five years, along with guitarist **John Levanthal (Shawn Colvin)**, violinist **Ashley MacIssac**, and drummer **Matt Chamberlain (Tori Amos, Pearl Jam, Edie Brickell)**.

SING SO WELL

Elektra recording artist **Rebekah** visited WDET for some on air chat and a song or three and we have photographic proof. Pictured (L-R): Elektra's **John Lewis**, WDET's **Judy Adams** and **Rebekah**.

METAL MONSTERS

ANTHRAX VOLUME 8 - THE THREAT IS REAL, IGNITION

While ANTHRAX might not have been on the top of your mind for the last few years, they instantly returned there with the excellent sampler of tracks from their new album, *Volume 8 - The Threat is Real*. "Crush," "Piss N Vinegar" and "Killing Box" showed that the album's title was no idle threat and shot the sampler up to its current position of 4* on our PURE SPINS chart. It won't be going anywhere for a while, because this is the most alive Anthrax have sounded in years! It's hard to believe that drummer **Charlie Benante** writes most of the music, but he does a great job of writing the heavy, yet accessible, riffs that comprise this album. Without losing any of their Metal edge, the band have musically segued into the late '90s, sense of humor and attitude intact. The sampler was just the beginning - if you've ever been an Anthrax fan, this album is a gift from the gods, and even if you haven't been, you'll dig this record as well. Go for "Born Again Idiot," "Hog Tied," "Inside Out," "Catharsis" and "Stealing From a Thief." And from the *god, we wish S.O.D. would record another studio album dept.*, you can't go wrong with "Cupajoe!"

FEAR FACTORY "SHOCK," ROADRUNNER

As we approach the new millennium, no band has been able to bridge the gap between this century and the next than FEAR FACTORY. Meshing machine gun-precision riffs with futuristic keyboards and post-apocalyptic lyrics, the band has a completely original sound that nobody's been able to duplicate and wouldn't be able to even if they tried. That's obvious upon hearing "Shock," the first blast of their third album, *Obsolete*. Do yourself a favor, though - listen to this song with a stereo capable of handling the bass! The opening riff opens in a PANTERA-like volley of

riffing, leading up to an explosive 808 kick drum sample that kicks off the verse. By the time **Burton C. Bell** reaches the chorus, you'll most likely stop banging your head long enough to realize that this could be the song of the year.

SYSTEM OF A DOWN S/T, COLUMBIA/CRG

Living and dying by the swords that are their beliefs, SYSTEM OF A DOWN uses the vehicle of music to advance its causes, but don't worry, this definitely isn't RAGE AGAINST THE MACHINE, JR., and the music never gives itself away for the sake of the message. SOAD's politics are not kinder and gentler, just more subtle; it's the down low riffs that assault like a whack from a bamboo cane on your tender rump. Produced by **Rick Rubin** and mixed by **D. Sardy**, the schizophrenic, slow-fast duality and the circus-like quality of the busy sound begs the attention of all senses. Brimming with one word song titles and the word "fuck," *System Of A Down* is the sonic equivalent of watching a bloody war scene in a film: a magnetic pull that compels one to continue watching, a rabid fury, and a real sense of horror and hopelessness for humanity. SOAD addresses that "real world" everyone is always bitching about on "Suite-Pee," "War?," "Soil," "CUBert," and "Know." And don't worry, all ye people who don't like the be assaulted by bands with messages. If you so choose, ignore the lyrics and go buckwild to the bottom heavy groove and to **Serj Tankian's** vocal prowess.

FAR "THE SYSTEM," IMMORTAL/EPIC

Springing from the sensational sophomore record *Water & Solutions* is the single "The System," a highly emotional yet vigorously heavy ditty which should reignite interest in the album. The song has a sweeping quality to it, housed in **Jonah**

Matragna's pretty and versatile vocalizations and the choppy, machine-gunned guitar ending. FAR is one of those bands that defies categorization, because they are heavy enough to get beyond the strict Emo tag and they are able to transcend the Hardcore label with their melodies because they incorporate elements of both genres instead of stringently sticking to either. The result is an addictively groovy yet completely honest song. Honesty seems to be Far's forte, as this single also contains "The E-Bomb Snippets," where Matragna openly discusses the textures of the songs as well as events in his life that inspired his lyrical compositions. It's like he's sharing entries in his diary with us, while giving us pieces of the music. Audiences will get to know Far on many levels with this single.

MONSTER VOODOO MACHINE DIRECT REACTION NOW!, DR. DREAM

Canada's MONSTER VOODOO MACHINE stormed Metal radio a few years ago with their first full-length album, *Suffersystem*. After that album came out, the band went on tour, opening for the likes of **MARILYN MANSON**, **FEAR FACTORY** and **LIFE OF AGONY**. Their raw mix of Hardcore, Techno and Metal predated the current trend of mixing the styles. However, after the touring, vocalist **Adam Sewell** dissolved the band to work on a side project, **DEF CON SOUND SYSTEM**. After that project dissolved, he reformed Monster Voodoo Machine and began work on *Direct Reaction Now!*. The 1998 version of the band finds them without the electronic experimentation that marked their first record, with heavy, bruising riffs and sing-a-long tunes in place of keyboard loops and samples. Chances are, if you go to *Ozzfest* in the next month, you'll get a chance to see the band. If you don't get a chance, worry not, because they'll be back in the late summer and fall opening for **MOTORHEAD** and **SEPULTURA**. What tracks can you dig on to get yourself psyched? Try "Dragon Style," "Every Filthy Angel," and "I Have Seen The Rise."

STUFF YOU SHOULD KNOW...

* There have been a few new discs cross our desk in the last few weeks that were too cool to not write about. First off, Rhino Records has continued on with their popular *Heavy Metal Hits Of The '80s* and *Love Bites* series. Volume 4 of the *Heavy Metal Hits* will have you banging your head, adjusting your sawblade codpiece and squeezing into those spandex you had ten years ago to classics like **SLAUGHTER's** "Up All Night," **AUTOGRAPH's** "Turn Up The Radio," and **WARRANT's** "Down Boys." The sixteen-track collection also features forgotten and out-of-print tunes like **LEATHERWOLF's** "The Calling," **TORA TORA's** "Walkin' Shoes," and **PRETTY MAIDS' "Future World."** If you're looking to relive your romantic exploits from the '80s, or trying to seduce that girl you know that still hasn't given up on having **Sebastian Bach's** children, look no further than *Love Bites: More Romantic Power Ballads*. Chosen by the women of Rhino, this collection is a little on the softer side, boasting tracks from **FIREHOUSE** ("Love Of A Lifetime"), **CINDERELLA** ("Nobody's Fool"), **EUROPE** ("Carrie"), and even **KINGDOM COME** ("What Love Can Be"). Hell, we're swaying back and forth with our lighters clutched in our hands just thinking about it! Call Jim Neill at Rhino (310-441-6652). On the other side of things, but still Metal-related, we have *M&M's Metal Rules: A Tribute To Bad Hair Days*, out on Smart Recordings. Instead taking a trip back into time, this collection has Punk, Pop, and Ska bands taking on tunes like "We're Not Gonna Take It," "Photograph," "Round And Round" and "No One Like You." There's some pretty cool collaborations on here. **THE ATARIS'** version of **MÖTLEY CRÜE's** "On With The Show" features a guitar solo from **PRETTY BOY FLOYD's** Kristi Majors, **THE TORIES'** rendition of **RATT's** "Round And Round" features guest vocals from head Ratt Stephen Pearcy, **SWEET LIXX** features members of **LAGWAGON** and **THE POSIES**, and members of **BAD RELIGION** and **JUNKYARD** team up for a rendition of Cinderella's "Gypsy Road" on a hidden track. Even cooler is the hidden bonus rant after the hidden bonus track (think *Heavy Metal Parking Lot*)! Other songs we like are **HAIRSTORM 84's** version of "We're Not Gonna Take It," the aforementioned Ataris song, and Sweet Lixx's "No One Like You" cover. Call **Jonathan Obera** at Virus Music Promotions (818-761-7126) for your copy.

* **MINISTRY** fans will have to starve a little more before they feast. *Dark Side Of The Spoon* was supposed to hit the streets in October of this year, but it isn't finished. Only six songs are done, and the album has been pushed back and a January or February 1999 release date is anticipated.

* Flip Records has done it again. In addition to their joint ventures with Interscope Records and A&M Records, which have brought us **LIMP BIZKIT** and **COLD** respectively, the label also has a co-venture deal with Elektra Records. The priorities of this connection will be debut albums from **SX10**, featuring **Sen Dog** of **CYPRESS HILL**, **STAINED**, and **FINE**.

* What does the success of **Jerry Cantrell's** solo album mean to **ALICE IN CHAINS**? Apparently, quite a bit of waiting. When Cantrell appeared on syndicated radio show *Rockline*, AIC frontman **Layne Staley** phoned in, a call that was planned by Cantrell. When asked about what we could expect from him and AIC, he cryptically answered, "A bunch of stuff. Huge things. Yeah... Nothing right now. You'll hear about it real soon." Cantrell was a little clearer, mentioning the possibility of an AIC box set with some new songs. But these are plans for later, since Cantrell will continue touring for the rest of the year to support *Boggy Depot*.

* **TWO** and tours aren't meshing well. **Rob Halford's** new band has cut short their European tour, with cancellations of dates in England, Germany, France, and Spain. Sources say that less than optimal ticket sales are the root cause. The band also bowed out of the *Ozzfest*.

* Get ready, folks, there is a new carnival in town called **Kid Rock**. We couldn't miss this highly touted spectacle, and headed to the city that never sleeps for the sheer entertainment implicit in white boy Rap Rock. Kid Rock, who toured with urban

prophet **ICE CUBE** when he was just 16 years old, bombarded the stage in shiny Adidas sweatgear and cornrows in his hair and was met by a foul mouthed midget making his grand entrance on a pony. It was pure fun from Detroit, complete with a costume change! Although our sight was sometimes obscured by **Dave Ciancio** bobbing his head and rocking out in the front of the stage, **Kid Rock** proved to be a nice big piece of ear and eye candy and proved that you should believe the hype.

* A series of European music festivals will be without **MARILYN MANSON**, due to drummer **Ginger Fish** suffering through a bout with mononucleosis that requires rest and medical attention, especially since the band plans a world tour which will be preceded by a new album due in late August.

* **POISON's** **Bret Michaels** has a pretty full plate these days. Sheen/Michaels Entertainment, the company he shares with **Charlie Sheen**, has quite a few projects in the works. The unholy duo has a film called *No Code Of Conduct* featuring Sheen and father **Martin**, as well as *Free Money*, featuring Sheen, **Marlon Brando** and **Mira Sorvino**. *Letter To Death Row*, Michaels writing-directing-acting debut, has been pushed back to an October release date. How is this relevant to glam rockers in the world of radio? Well, the soundtrack is due out on August 25 on Poorboy, and guitarist **CC DeVille**, who left Poison in 1992 only to recently return, appears on a track called "Party Rock Band."

* Speaking of soundtracks, the soundtrack to the indie flick *Chicago Cab* will be released on Loosegroove Records, and will contain material from **FU MANCHU** and **HELMET's** **Page Hamilton**, along with a previously unreleased track from **PEARL JAM**.

* **LIQUID SUNDAY** is a new band that features former **RATT** member **Juan Croucier**.

* Wanna see *Ozzfest* but can't because the traveling Metal-fest isn't coming to your town? Well, look no further than your computer. On LiveConcerts.com, you can catch two live performances of the *Ozzfest 98*. Here's where to go: For the July 3, Holmdel, NJ show, go to <http://www.liveconcerts.com/events/980703ozzfest> and for the July 18, Sommerset WI show, go to <http://www.liveconcerts.com/events/980718ozzfest2>.

* **Andy O'Riley** is getting hitched! The **WKLQ/Grand Rapids Metal Director** will take a few weeks off, and his *Outta Control* show will resume on July 19.

* This week, Loud Radio and **WLFR** join our ever-growing list of reporters. Loud Radio is an Internet station originating from Phoenix. **G-Ster Giuliano** is the VP/Programming, and **Rancid Randy** (who you may remember from Z-Rock) serves as the Music Coordinator. Call him at (602) 530-8766 and check-out the site at <http://www.loudradio.com>. **Bill Grohs** is your contact at **WLFR**, which is Stockton State College's station. You can reach him at (609) 652-4780. Also, it seems like **WVCS/California (PA)** is back in effect. **Matt Dundee** is still at the helm, and you can give him a call at (724) 938-4330.

* **WRCX/Chicago** and **WSTB/Streeborsboro** have missed reporting for two weeks in-a-row, one more week and they're out. We've heard that even though **Mancow** has left **WRCX**, **Freak** will continue on, as well as his *Radio Anarchy* show. Hope we hear from him.

ARMAGEDDON IT: Yeah, it looks like **Ben Affleck**, **Bruce Willis** and **Steve Buscemi** in the commercials for *Armageddon*, but it's actually the above three - amazing what makeup can do. Actually, the movie was filmed on a soundstage near Hollywood's offices, and the above three took full advantage of a Kodak moment with a vehicle from the movie. (L-R): Hollywood Miami local **Jeff Marks**; *Suicidal Tendencies'* computer tech **Chris Putonen**; Hollywood's **Will Knapp**.

MD - MARIELLE SALAS:

Greetings from The Ultimate Buzz! Summer is really a great time. Not only do I get to experience the gossip scene that is an apartment complex pool, but the shows in the area are just amazing! So far I have seen the Page/Plant experience twice, and it just keeps getting better. Thanks and big kisses to Michael Stevens for the shows and the chance to meet Lilli Hayden, the Page/Plant opener. If you are going to any show this summer, make sure it's Page & Plant, and don't get there late because the opening act is incredible both as a person and a performer. Believe me, you have never seen anything like her. If only I could have met my idol with the golden tresses and completed my shrine-to-Zeppelin tattoo. I guess I'll just have to keep trying!... And then it was Sevendust and Drain S.T.H. the next night. Both bands are so amazing to watch and to hang with. Many thanks to Kevin Kay for the wonderful time we all had. I wish I were half as talented as any of the Drain members. They are the greatest female band I have ever seen, and as nice and cool as can be... Then, the next afternoon, I had the pleasure of going to my first drum solo contest. I've always had fun with drummers (don't ask) so I knew I would have a blast. There are a lot of talented drummers in Toledo, and I now have a morracca to add to my tambourine... I got to check out the pictures that our winners of the Megadeth concert in Sacramento took. I would personally like to thank the staff of KRXQ for being so awesome to our winners. It was such a great show for the station and they still took time to make sure our winners got to meet some of the bands. KRXQ, we hail you! You are a class act... Lastly, congrats to our Buzzband Showdown winners, Lollipop Lustkill! It was a phenomenal show-down, and we should have the CD out soon... Oh yeah, to my dear friend Mike Tomano, I hope all is well. Do me a favor and tape the cud-eaters' first show on Q101 for me. I'm sure it'll be golden. Anyway, I think the Question Of The Week should be: Who should 'RCX get for mornings? I vote for Lou Brutus (or Gary Poole!)...

Enjoy your life, and don't let others decide who you are. Remember, life is too short to ever be anything but happy! Peace, Love & All That Is Good.

WAMX, HUNTINGTON, WV

PD/MD - DEBBIE WYLDE:

HOWDY! Happy 4th of July weekend. Metallica, Days Of The New, and Jerry Cantrell will be rockin' the holiday in Columbus; life is good! We gave out tickets all week long (thanks, Geffen, for the tix). Metallica's "Fuel" holds on to the Screamer Of The Week title for three weeks now. Looks like the challenger this Friday will be Monster Magnet. Requests for "Space Lord" have really skyrocketed! (Plug for the holiday.) Looks like there will be a real battle this week... WE ROCK! Jimmie's Chicken Shack will rock Huntington on July 28. ROCK ON! September 26 is approaching and WAMX is starting to book bands for the 2nd Annual X-Fest. Last year, Jimmie's Chicken Shack, The Hazies, Days Of The New, Vibrolush, and more rocked the tri-state. Make sure your band is a part of this awesome Rock event!... Kicking ass on the phones: Metallica, Aerosmith, Goo Goo Dolls, Monster Magnet, and Rammstein. It's either love ballads or heavy death Rock for requests... ROCK ON!

APD/MD - LESTER ST. JAMES:

Random Lesterisms: First off (and thanks for all the calls about spins being down!). Yes we have done some weekend specials the past two weekends and most of the currents spins were down! But we're back to normal now, so next week we should be back up on current spins!... MAJOR IMPORTANCE! We have some great items for the Conclaves' Silent Auction, but we could use MORE! All donations are greatly appreciated! Call me or the Conclave to help out!... Someone cue up Buster Poindexter's "Hot Hot Hot." Six straight 100-degree days and 11 total in the month of June. The rink was cool last night and a great place to be. Especially since the Heat Index as 109 at nine o'clock last night!... MAJOR IMPORTANCE! Save \$\$\$, the cost of Conclave 23 will be up \$40 by the time you read this!... How 'bout those American soccer players! How many different directions can they point fin-

ger of blame?... Important Lester Ramblings: We're a couple weeks away from Conclave 23 (July 16-19) in downtown Minneapolis. So what are you and your label doing to get noticed? Only a few sponsorship opportunities are left. Need more info? Call Conclave headquarters: 612-927-4487. Also, do you work with any PDs who aren't going? The sessions are so timely that every PD should be in attendance. If you know someone who isn't planning on going, or just needs a Lester persuasion call or e-mail, e-mail me @ lester@southwind.net... Peace, love & have a safe and happy 4th of July."

APD/MD - PAUL ERICSON:

Wow! Yet another killer new week of music at Rock Radio. The new Kenny Wayne Shepherd track is a sure fire winner. Megadeth has always tracked well with our listening audience, and this new track is already getting phones. Other tracks working out of the box include Candlebox, Dave Matthews Band, Monster Magnet, Gravity Kills, and Gov't Mule... Last week I mentioned how great it was to find the unexpected in our masses of weekly music we receive, this week I'd like to mention the return of the '80s bands. Recently, I was lucky enough to have a phone interview with Cy Curnin of The Fixx as we spoke about their killer new CD on CMC International. Anyone who has not stopped and taken the time to LISTEN to this release is missing a real treat. Great hooks, powerful lyrics, and flowing melodies have resulted in one of the most complete records I have heard in a long time. So don't just blow off a group because it was an "80s Band," you might be missing some real tasty ear candy.

KTOZ, SPRINGFIELD, MO

PD - MELODY LEE:

Ahhh — Can you hear that? That's the sound of every programmer in this building UNCLINCHING and relaxing after an insane book. Wish us luck, as the AccuRatings will be in this week... We finished up the Spring Book by awarding a VERY lucky listener, Bart Heston, the grand (and only) prize in our Get A Life contest. Bart won \$50,000 worth of goodies, including a brand-new Jeep Wrangler, a pair of WaveRunners, and a custom

built Pentium computer. He was a great winner, and we're looking forward to him becoming part of the station as the winner of the single biggest contest ever pulled off in Springfield... We also survived FireFall this year, which was the first of such events that Z95.5 The Edge has been involved in. For those of you not in the know, FireFall is the big fireworks spectacular in Springfield. (For some reason, the fireworks go off the week before the 4th of July here in the Ozarks.) We, along with the other stations under the Sunburst Media umbrella, played host to the festivities, which some 60,000 people attended. We at the Edge set up a climbing wall, a bungee run, and a water balloon war to benefit Ozarks Greenways. It was a smashing success, and according to those in the know, the best FireFall ever... On-air this weekend, we gave away BlockBuster Packs, consisting of win-it-before-you-can-buy it CDs from Rancid and Flick, a pair of tickets to the Gravity Kills show, and a Super Assortment of fireworks from Blockbuster Fireworks. Big thanks to Epitaph's Christina and Kim, and also to Dave and Joe at Columbia for the product... RCA's Amy Kaplan and Interscope's Tom Martens decided to tag team us on Thursday for lunch, and VelVel's Laura Bender and Trauma's Todd ambushed us for dinner that very night. Thanks to all for the destruction wreaked on my diet. I leave for vacation in Austin on Thursday, which means I will not be taking music calls this week as I will be out of town for our music meeting on Monday morning. Please call my APD/MD Shelli Scott with any music chit-chat. I return on Monday, July 13. Have a fun and safe Fourth of July... Top 5 Phones this week: 1) Beastie Boys. 2) Urge. 3) Rage Against The Machine. 4) Barenaked Ladies. 5) Harvey Danger.

Put on your best red bra, navy blue panties, white stiletto heels, throw your hands up in the air,...blow that little kazooey thing and thank God for the freedom & independence to listen to any format of music we choose — it's a big deal!!! And the ability to print these trades to blow our own horns and tell each other what you should be checking out...By the time you read this, traffic will be sooooo bad I'll be stepping across cars (in the outfit previously described) yelling "turn up the Beastie Boys"...Keep crankin' Stabbing Westward and if you don't have a Kenny Wayne Shepherd CD

in your car you'll be arrested for being an idiot and not appreciating your right to great music. Spend your money wisely, buy CD's like KWS where every song rocks!!! Always catch the opening act and by the way listen to **Hard Drive w/Lou Brutus** this week — I'm on it! (Of course, it was recorded during my normal sleeping hours but I do remember saying something about **Brother Cane** and that our House Of Blues is truly the best one of them all (thanks Blues Brothers) for giving Myrtle Beach just one more thing to be proud of. Well, I

have a huge bag of fireworks to terrorize the city with this weekend (she said with a smile). See you in the castle said the "queen voice of the world". P.S. **Reckless Eric** is wearing his "star-spangled Speedo" (they are legal but shouldn't be). Help Help we have discovered the crack problem in America.

KTWS, BEND, OREGON

PD-RON ALVAREZ; MD-JEFF WILSON:

The TWINS morning team, **KC and Ron**, interviewed Green Bay field goal kicker **Ryan Longwell** Friday. Longwell is a Bend resident and, as

you can imagine, quite the local hero. After he left, KC and Ron were jolted by the realization that while they have toiled in radio (low wage) for years, this guy is maybe 24, played in the Superbowl, just signed a multi-year big buck contract, and he's a nice guy! Therapists are standing by.. Friday was also the **Tommy Shaw** win-it-b4-you-can-buy-it. **7 Deadly Zens** is a great CD! KC and Ron featured it during the morning show. Thanks to **Mark Roper** at CMC... **ROCK 98.3** The TWINS annual Old Fashioned Fourth of July party is set for beauti-

ful Drake Park in downtown Bend once again. Nothing like great BBQ, excellent local musicians, and the Des Chutes River against the back drop of Oregon's Cascade Range. No wonder this city has nearly doubled in size in the last ten years!... The TWINS Feed The Need campaign continues for flood victims in nearby Prineville... Next Friday we wrap up The TWINS Hot Lick Gibson giveaway. Someone is going home with a Gibson Blueshawk guitar... Here's hoping you get away for the 4th and forget everything but having a good time.

- Have a good day.

**SCOTT "LO/JACK" DOUGLAS
EPIC (212-833-5011):**

Here we go, another week of *Lo/Jack's* diatribe in the tips. It's all about the **Mayfield Four** and **Rage Against the Machine**. Mayfield Four shot right out-of-the-box onto 40 stations. Pow! And, it's quality alphabet soup: WLZR, KRXX, WRCX, WXTB, WYSP, WAAF, WNOR, WBZX, WAZU... just to throw out a few majors. This band has plenty of star power and if you haven't seen them yet, catch 'em out on tour now with **Fuel** and **Black Lab**. They've got the shit!... **Rage Against the Machine?** What can I say that I haven't already said? This band is part of the future of our format. Even when you don't, you have to admit that you don't get it. It's not your job (or mine) to personally pass judgment for the radio on records. It's not our jukebox. Rage will react, they sell tickets and they sell records. They may even defy call-out and auditorium testing. This is as real as it gets. Rage is happening! So, you can either play 'em now or have some other format come up and kick your ass within the next five years. Please don't let that happen. This format is alive again and Rage is one

of the reasons why... Fireworks should be legal everywhere... *Lo/Jacks* to: **Charlie Waters** (where are you??), **Neal Mirsky**, **Chris Lloyd & Claudine Delorenzo**, **Brian Illes**, and **Tim Dukes**.

**HILAIRE BROSIO
ELEKTRA (310-288-3842)**

The Fourth Of July always reminds me of one thing, the fine line between a revolutionary and a traitor is whether or not you win the war. Meanwhile, **Feeder** is winning some battles on the radio playing field as "High" goes 39*-34* on the Active Monitor. Major beef is already in and supporting the track with **WJRR**, **KDKB**, **WRIF**, **WEBN**, **WLZR**, **WXTB**, **KEGL** and **WMMS** on board. They'll be touring with **Candlbox** later this month so keep your eyes peeled (pleasant thought, eh?). "Touched" by **Vast** is really starting to generate a buzz with **WZTA**, **WRCX**, **KRAR** and **WJXQ** among the early supporters. **Filter's** "One", from the *X-Files* soundtrack, is pulling top phones at **KUPD** and **WTOS**. Be on the lookout for "One More Murder" from **Better Than Ezra**. The track is featured on the *X-Files* soundtrack just in case you can't wait for the single. Finally, the **Metallica** tour has launched! Be prepared because this will absolutely be one of the biggest rock events of the summer...to hell with simply winning the war when you can decimate the competition. 'Nuff said.

The next **Fastball** track is called "Fire Escape", it's track number 2 on the *All the Pain Money Can Buy* disc, and you will have an enhanced CD single on your desk by July 10 - going for adds July 20. Have a serious listen, especially if you missed "The Way" which is still climbing this week at Rock - 16* on the *R&R* Chart! "Fire Escape" will establish **Fastball** at Radio as a bonafide smash! **The Pistoleros** "The Hardest Part" continues to roll, among the new this week are: **KATT**, **KMOD**, **KZOZ**, **WRKT**, and **KXFX**. After 4 weeks we have 30 Rock stations spinning "The Hardest Part" and lining the band up for late summer/early

fall shows. Let me know if you are interested in satisfying that 25 - 44 year old listener with a solid, guitar-based, Rock song. Look for **Brian May's** "The Business" on your desk and in your player August 14 - going for adds August 24. This Rock legend has crafted a song which is perfect for Rock radio and he'll be performing at **WRCX's** Rockstock on September 12, would your listeners like to fly in?

HEADLINES (handcrafted in the Amish tradition): **Summerfest** is upon us once again here in Milwaukee with 600+ artists over an 11-day run starting with the **BoDeans** as headliners last Thursday. Wisconsin's favorite musical sons hadn't performed in months and decided to warm up with two surprise club dates in Madison. **WMMM** made one morning-drive announcement last Tuesday and the club turned away hundreds of people that night and Wednesday as the **BoDeans** brought it and then killed a sell-out crowd at **Summerfest**. Other remarkable performances have come from **Bonnie Raitt** and **Little Feat** last night and **Willy Porter** on Saturday with a nice intro by **David Dye** from the **World Cafe Back** here for several tapings... Records: **Suncatcher's** "Trouble" will take care of those of you needing a jangle fix. Brand-new band outta SoCal on **Restless**. **KBAC**, **KFXJ**, **WCLZ** and a half dozen others came on the first week. It's beautiful; listen! **Newsboys** new song, "WooHoo" gives you an enormo chorus hook reminding us that sometimes you gotta give it away to keep it. Going for adds today... Next week: The full line-up for the **PAR Panel** at the **Conclave** where we'll all see the **Pumpkins**, **Connells** and **Tina** and the **B-Sides**.

**JOEY SEVERANCE
METAL BLADE RECORDS
(401-831-2960):**

Ladies and Gentlemen — right now my # 1 priority is **Mercyful Fate**. I don't know what the problem is as I feel that this is the best record they have recorded for **Metal Blade**, and it is somehow being sadly overlooked. **King Diamond** has done radio interviews and **Mercyful Fate** will be starting their U.S. tour in July beginning with the headlining slot at this year's **Milwaukee Metalfest**. If the track you're playing right now isn't working, try the song called "Sucking Your Blood." I don't understand why **Mercyful Fate** is not even in the **Top 40** chart of one trade mag but is at #9 on their **Retail** chart. Point being, don't tell me that your listeners don't want to hear it, as I don't see most of the bands listed in your **Top 10** on this retail chart. **MERCYFUL FATE FOR TOP 5** ... everywhere! Whew!... Now with that out of the way, let me tell you about two new records that you should have in your hands that go for adds TODAY!! **Konkhra** "Weed Out The Weak" (which features **James Murphy** on guitar, and **Chris Kontos** (ex **Machine Head**) on drums), and **Warrior** "Ancient Future" (this record is going to shock you!!) Although the flyer that came with the CD says that for **Konkhra** the emphasis track is "Crown Of The Empire," it actually is track #7 called "Misery." Both records add on July 6 and 7... Thanks go out to all who did interviews with **Cannibal Corpse** last week. By now you should have all the tour dates. If you're not on the list, let me know... Also hitting the road is going to be **Six Feet Under**. If you wish to interview **Chris Barnes** before they head out, call me and we'll set something up... Coming to you next are two more members of the family called **In Ruins** and **Labyrinth**. Both records will go for adds on August 10... Also to let you know, **Lord Ahriman** and **Emporer Magus Caligula** from **Dark Funeral** will be joining me in the east coast office for radio interviews on July 30... Keep up the action on **Mercyful Fate** - **Cannibal Corpse** - **Dark Funeral** - **Konkhra** - **Warrior**... Thanks for your ears.

Modern picks

Everclear, "Father Of Mine," (Capitol)

So Much For The Afterglow looks to yield yet another smash hit single with this reflective track about a difficult and sadly enough, relatable subject, deadbeat dads. Its dead serious lyricism is offset with an incredible hook, deeply textured instrumentation, and what might be Art Alexakis' finest vocal performance. This track is fantastic, and should propel Everclear to even further heights of greatness. Already spinning at **KXTE, KNDD, Live 105, KNRK, WHFS, KWOD, KEDJ, KROQ, 91X, and Y107.**

Lenny Kravitz, "Fly Away," (Virgin)

On Lenny Kravitz's fifth album (appropriately titled 5), the retro-king has added modern wrinkles like samples and loops to his musical skin, without sacrificing any of his trademark Sly Stone-meets-Hendrix old school sensibility. "Fly Away" is a perfect example of this creative metamorphosis, complete with the hip-pocket grooves and shining hooks you've come to expect from Kravitz. Think "Always On The Run" meets "Is There Any Love In Your Heart" and you've got a pretty good idea of what "Fly Away" is all about. Off the ground at **KKND, KENZ, KXTE, KEDJ, WBCN, KNRX, 91X, WMRQ, and WHMP.**

Squirrel Nut Zippers, "Suits Are Picking Up The Bill," (Mammoth)

Perennial Favorites, the platinum-plus act's follow-up to *HOT*, was cited as one of the most highly anticipated albums of 1998 by *USA Today*. Their signature blend of '90s Punk with '20s/'30s Harlem "Hot Jazz" put the band smack in the middle of the mainstream musical consciousness. Now that Swing seems to be the new big thing, they should capitalize big time on a musical trend they helped initiate. This should be a no-brainer almost everywhere. Look for the Squirrel Nut Zippers to begin their U.S. tour in Los Angeles at the beginning of August.

Suncatcher, "Trouble," (Restless)

Wow. We don't expect this song to be anything other than a hit. Room cannot, and should not, be an issue when dealing with this track. Don't play the waiting game, don't get caught up in politics, just play this record. Shame on you if you don't take this opportunity to break what, potentially, could be one of the biggest debuts of the year. This song has everything: beautiful harmonies, mesmerizing harmonies, a gigantic hook, and slick, gorgeous instrumentation. Produced by genius frontman **Doug Hammond** and veteran knob-twister **Matt Wallace**. New at **WCDW, KACV, WHMP, and WHTG.**

Cherry Poppin' Daddies, "Brown Derby Jump," (Mojo/Universal/UMG)

"We're not a retro thing," says band founder and frontman, **Steve Perry**. "We could get involved in a nostalgic type of scene, but we don't want to do that. Swing has to be reinvented. Use the lyricism of the 1960's, use Punk Rock energy, use the stuff that can't be denied and create a new thing...I guess we're like Swing-Core or something." Eugene, Oregon's Cherry Poppin' Daddies have been unabashedly swingin' since

1989. Much like The Mighty Mighty Bosstones and Ska, CPD have been waiting for the rest of us to catch up. This follow-up to the smash, "Zoot Suit Riot," should land the band equal radio success. On at **KNRQ and KNRK.**

Love In Reverse, "Load Of Motivation," (Reprise)

This New Jersey-based outfit should finally splash down on the Modern airwaves in a big way. "Load Of Motivation" will surprise and excite you on the first listen. Many programmers that have gotten a sneak preview of this record were blown away by it. After hearing it for ourselves awhile back, we adamantly agree that this is a track worthy of some serious attention. Taken from their sophomore effort, *Words Become Worms*. Get ready to be motivated.

Newsboys, "WhooHoo," (Virgin)

Their newest release, *Step Up To The Microphone*, crackles with the energy of the Newsboys' renewed commitment to art and message. This first single is both spiritual and filled with undeniably rich grooves. The Newsboys, through Pop savvy songwriting and impressive record sales, are one of the very few bands in mainstream Rock or Pop to successfully bridge the gap between faith and Rock & Roll. After hearing this new track, you'll understand why. It's worthy of a serious look.

Plastico, "I Fade Away," (Glass Note/Epic)

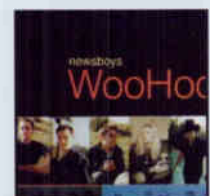

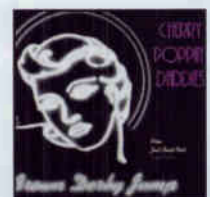

After conquering almost all four corners of the world with this song, Plastico makes their way stateside with this high-powered Techno/Pop/Rock/Industrial hybrid. We urge you to latch onto this track as soon as it crosses your desk. **Pete Guzz** and **Penny** front this Swedish import, and revel in elaborate production and fever-pitched rhythms. This haunting, thunderous Metal Disco number could very easily become an overnight sensation in America. From their new full-length release, *Boomerang!*

Spoon, "Car Radio," (Elektra/EEG)

Austin is home to about a jillion clubs, bars, bats, and struggling musicians. One of the most talked about and most diverse Austin bands is Spoon. After the release of a brilliant experimental Rock album, *Telephono*, and EP, *Soft Effects* (both on Matador), Spoon broadens their horizons with this Elektra debut, *A Series Of Sneaks*. "Car Radio" is a smart, tightly-wrapped Pop package, that still manages to be somewhat unconventionally appealing as well. Acquaint yourself with Spoon immediately, you'll be glad you did.

The Uninvited, "What God Said," (Atlantic/AG)

With tongue-in-cheek religious discourse, The Uninvited weave Punk/Ska rhythms together with frighteningly good Pop sensibilities. Don't worry, you won't get struck by lightning or have to go to confession if you play this track. If anything, you'll get an instant barrage of requests from your listeners wanting to hear that "God song." Curious? Pop this record in and find out for yourself. We guarantee it'll provoke a reaction.

X-Files... WHFS staffers were kept busy a couple week-ends ago (6.13 & 14) during the Tibetan Freedom

Kathryn Lauren of WHFS interviews Michael Stipe and Mike Mills of R.E.M. at the National Day of Action For Tibet Rally outside of the U.S. Capitol building in Washington, D.C.

Concert in Washington, D.C.. Not only did they set up for broadcast at RFK stadium during the two day show, but the coverage continued on the following Monday during the National Day of Action for Tibet Rally. Over the course of the weekend, Live's **Ed Kowalczyk**, R.E.M.'s **Mike Mills** and **Michael Stipe**, **Perry Farrell**, and Radiohead's **Thom Yorke** all stopped by the 'HFS broadcast booth at RFK Stadium for on-air interviews. Also, according to PD **Robert Benjamin**, WHFS "went into CNN mode" as the lightning strike that halted the first day's show hit right in front of the WHFS broadcast booth. On Monday, R.E.M. stopped by WHFS and performed "Losing My Religion" and "Fall On Me" live on the air. "It was truly an amazing weekend, both highs and lows," commented Benjamin...

This is not Shredd & Regan

This might bes not Shredd & Regan

WRZX/Indianapolis had another strong exhibition of their *X-Fest* muscle when this year's event sold-out in a little over twenty-four hours. That's over 22,000 Indianapolis-ites that will be showing up on August 15 at the Deer Creek Music Center to see Creed, Third Eye Blind, Marcy Playground, Our Lady Peace, Black Lab, Stabbing Westward, Limp Bizkit, Sprung Monkey, Eve 6, and Athenaeum. WRZX has held back tickets for various on-site give-aways with clients and a couple of *X-Fest Weekends* where listeners can win tickets and also will be registered to win \$100,000 from Coca-Cola. WRZX's *X-Fest* is in its fourth year and has consistently sold-out each year... A couple of our favorite morning slackers, **WEDG/Buffalo's Shredd & Regan**, have found a new way to terrorize motorists in the Queen City. The duo came up with a billboard campaign that spoofs a couple of Buffalo's finest lawyers that have no less than twenty billboards spread around western New York. To kick-off the campaign, Shredd & Regan placed the first mock board directly across the highway from one of the original billboards. The response was huge, gaining attention from *The Buffalo News*, the local NBC and ABC affiliates, and *Business First of Western New York*, a regional business trade magazine. "They were dying to be made fun of," Ragan relayed to *fmqb*. "I had the idea of a slam, management liked the idea, and the plan was set. Even the lawyers liked it after a few days of confusion." The question now is: When do the **Rich Wall** billboards get placed around Buffalo?... To celebrate the 4th of July, **WNFZ/Knoxville** will be sending some lucky listeners to the birthplace of the nation (and our beloved home), Philadelphia, to see not one, but two of the **Dave Matthews** sold-out performances... In one of the more ingenious promotion ideas in recent memory, **KPNT/St. Louis** began "yielding" free tickets to see Pearl Jam last week in a very mysterious way. Every hour, a clue was given as to the whereabouts of Pearl Jam tickets that were secretly placed behind yield signs (in hiding) all over the St. Louis metro area. It was a hugely successful forced-listening promotion that ran from June 22 to July 1, the day before the sold-out show at the Riverport Amphitheater...

MODERN DIRT

Mancow's crosstown Chicago move from WRCX to Q101 got more interesting last week. Check *Dirt Alert!* for details... **WXXM/Philadelphia MD** **Ali Castellini** has been selected to host a new series called *Today's Women*. Put together by United Stations Radio Network, the series is slated to have a summer run to coincide with *Lilith Fair*. *Today's Women* will feature interviews and music from women performers. Artists such as Sarah McLachlan, Natalie Imbruglia, Paula Cole, Alanis Morissette, Lisa Loeb, and more have already taped interviews for the show. Initially, *Today's Women* will target Modern AC outlets, but is expected to move beyond that base. The ten-week run of *Today's Women* begins July 4th weekend and, depending upon reaction, could evolve into a weekly show... **KKDM/Des Moines** is up and operational after having their studio hit by a tornado on the afternoon of Monday, June 29. There were three people in the building at the time, but, fortunately, no one was hurt when the twister ripped the roof off of the building that houses KKDM. Rain subsequently flooded the building and there was no electricity or phone lines until Tuesday afternoon. As of press time, KKDM was operating from a sound system set up at the transmitter site... **Tim Johnstone** has resigned from his PD role at **KQXR/Boise** as new owners, Journal Communications take over the station. Johnstone will now concentrate on his music store. No replacement has been named... Entercom has appointed **KBSG/Seattle-AM/FM VP/GM Steve Oshin** cluster manager. In his new role he will add the duties of overseeing **KNDD, KISW**, and the company's Entercom Marketing Results Group... **Kim White** takes over the National Radio Promotion slot at **Epitaph** as **Tami Shomoassey** exits... **Mike Chase** has departed **KNRK/Portland's** morning show. **Daria** and **Bill Prescott** will remain and anchor the show...

Programming to WIN

RADIO PRODUCER: ARTIST OR HACK?

By Dennis Daniel

"The need to make money discourages integrity in every field of work... in business, social services, art, etc. You can't make a quality product because if it costs too much, people won't buy it. A cheap imitation will out-sell the better original. Subtlety is pushed aside by flashiness. High ideals and the finest intentions are broded away and replaced by commercial expedients, pragmatism and the need to keep up the car payments." R. Crumb

I am at war with myself. Bombs are lobbing daily from the left side of my brain to the right and visa versa.

"I am an artist!"

"You are a hack!"

"Uh... no, I beg to differ. I am an artist who creates visual images through the use of sound."

"No... you are a vocal whore whose entire creative output is bought and paid for by schmucks who sell cars, insurance, pets, stereos... whatever!"

"My creativity creates images!"

"Your creativity sells shit."

"No! I entertain and enlighten people as to the whereabouts of certain items."

"You scream and yell about sales, savings, bargains and where to get laid!"

"DAMN YOU ALL TO HELL! I AM AN ARTIST!"

"HACK! HACK! HACK! HACKITY HACK HACK!"

What am I? I'm a 38-year-old man who has a wife and child to support. As much as I may like to think so, I do not control all aspects of my destiny. When I was a kid, I played with tape recorders, making funny noises and doing funny voices. I never outgrew it and it has served me well. It turned into a profession. It went from being just for me and my friends to hear into being "product." But, is it "art?" Do I have the right to be temperamental about it?

In order to survive, one much walk the fine line between being an artist and being a businessman. When people pay money for something in almost all cases, they want it their way! You are just the vassal by which to do their bidding. You are an "employee." Acting high and mighty, wounded or hurt because your "artistic integrity" has been compromised by some client is a lot of horse dung. It's just a commercial, right? It's just a way of selling something. And what about the public? Do they really judge these hacked out screaming retail ads, club spots and station promos and what not, filled with compromised worn out ideas? It's just noise. If they need a car, a club, a stereo, or want to know what station it is... they listen. If they don't, they tune out or switch stations. It has no meaning in their lives! Why should it bug you? If you don't cut the piece of crap, someone else will. Why shouldn't it be you? How often is the phrase, "My place was packed because of your amazing creative commercial" or "Our TSL went up dramatically this weekend because of your astounding ten-second station promo!" been uttered to you? Commercials and promos aren't supposed to work! If they did, the client wouldn't have anything to bitch about.

"Oh, we had a low turn-out. No one mentioned the spot. Radio doesn't work... etc... etc."

Just as R. Crumb points out, people don't want quality. Too expensive. Too risky. They don't want to entertain, they want to sell! This is why I charge my clients the same amount of money whether I'm creating a masterpiece or just shouting out sticker prices! A spot is a spot is a spot. You want creativity? God love you! I'd be happy to oblige.

You want screaming? No problem! You want a promo with just call letters and the same old bed... Ka-Bang!

So where does all the creative energy go? Thank God I have some clients that appreciate quality. Thank heavens I have some radio stations that actually want me to be a nut for them. True, they usually don't pay well, but what price my creative soul?

Besides, what production director has time to be creative these days? So much stuff has to be banged out, you're bound to compromise. I'm not saying creativity is impossible, it's just infrequent due to work load. Should you crucify yourself for this? Hell no!

The best kind of art isn't created out of a need for money. It's created when the work is pure, from the heart, and has no strings attached. You want to feel good and artsy? If you ever get the time, write a cool promo or comedy bit. Do it on anything you want! Not because you have to, but because you wanted to. Play it for your PD and say, "Here's a gift for the audience." Come up with a great spec idea for a post that's generic. Make up a client! Give it to your favorite salesperson and say, "Here, try to sell this idea. Just one

rule: It can't be compromised! They either buy it as it is, or I'll wait till someone does!" Sure, some copy will change, but not the concept! It still has to work on its own original merit.

You can be an artist and a capitalist at the same time. All it takes is an understanding that to live in this real world of inartistic scum you have to play their game and know it is a game. Don't let it get to you. Know who you are inside, use the artistic outlets you have available, and feed your family. There's no compromise or dishonor in that.

records to *everybody*. We figured at some point, somebody's going to listen and like it or want to do something with us. The harder we worked, the luckier we got.

What were you doing when Howard first called you?

I think I was jerkin' off... No, actually it was a Tuesday afternoon, and Nancy and I were in the process of moving, and she was at the new place. Backtracking a bit, when I was working in Washington in 1982, Howard had just been fired there and was going to WNBC in New York. This club owner said, "Hey, there's this madman going to 'NBC, and you'd probably really hit it off with the guy. You should send him your shit." So when I got home from D.C., I sent Howard a package with the three records and the three cassettes. A couple of months later, Nancy calls me up and says "That guy Howard Stern just called, and he wants you to be on his radio show today!" So I called him and he said that they've listened to my records, and dug my jokes and that I seemed like a lot of fun. He asked me to come in and help them judge a talent contest that they were holding over the phone, and I said "Sure." To this day I wonder, "What if no one had been there that Tuesday? Would he have kept calling me? Was it a whim, or did he chase me down?" Who knows? So, I jumped in the car and went to Rockefeller Plaza... it was pretty fuckin' exciting!

How did it go?

When I was there, Howard was saying, "Here's our new friend, Jackie Martling, and he's going to be at Governor's Comedy Shop. He runs the show there." At that point, Nancy and I were booking, producing, and running the shows at Governor's Comedy Shop in Long Island, so for him to be saying it on the WNBC airwaves was just fuckin' golden. He'd say, "Call (516)922-WINE, and you'll hear dirty jokes...and man, this guy's *funny*." At the end of the show he said, "Jesus, you're great! Why don't you come back next week?" So the next week I came back, and **Rip Taylor** was there. We broke balls and told jokes, and had a riot. I was so psyched. And then Howard said to come back again the next week. Then, in the middle of the week, he calls me and says, "Listen, man, I love you, and I want you to come back, but I can't promote that joke line number anymore because it's dirty and I've been getting complaints." But that didn't matter...I was already hooked. If you're working in fucking Levittown or Long Island, and all of a sudden you're driving to Rockefeller Plaza, riding up to the fourth floor, and you're passing celebrities along the way, it hits you: "Holy Christ, this is really show business..." I was there for free every week for about three years. Of course, I'd miss months at a time, because I was traveling. But I used to call in and it was great. And then it paid off: They went to mornings. He said, "Look, I want you to give us a price to be part of the morning team a couple of days a week." Within a couple of months it was five days a week.

How great is it now to have a job where you get to break balls all the time, laugh, and look at naked women?

I'm basically sitting in the back of a high school classroom passing notes. Except for the fact that we have to get up at 4:30 in the morning, it's the best job on the planet. It was a great job anyway, but now that it's paying great, and the whole world knows who we are, it's unbelievable! Pinch me on my cock.

Jackie Marlow and his alter-ego, Jackie Puppet.

Do you think that the radio industry has acknowledged what Howard and the rest of the show has accomplished over the years?

I'm not sure to what extent they've acknowledged Howard across-the-board publicly. I'm sure deep down they absolutely have to, but there are always left-handed compliments and crap like that, like "sure, he does well, but he breaks the rules." They seem to choke on the expression "cutting edge." It's funny...radio people will be such ball breakers, because they're so intimidated by Howard. Movie stars have no problem coming up and saying, "Man, we love you guys! You're the fuckin' best," but I'm sure Joe Schmedlak from WLOW in Lafayette, Louisiana will say, "Oh, that ain't so hot." I'm still so goddamn tickled to be asked for my autograph, or when people recognize me. It's cool.

What's the one thing that happens behind the scenes on the show that people would find most surprising?

When people come in and we go to commercial for the first time, or when the interview is over, what they're most surprised by— maybe not so much now— is how nice Howard is, and how nice we all are and what a nice experience it all is. People have such crazy anticipation, especially major stars. I think their publicists prepare them to be lined up by the wall and shot when they come in. Years ago, **Sam Kinison**, after the first break, said "What's the big deal here, man?! You're *charming!* You're *incredible!* People talk about you like you're Satan!" But now, after the movie, people realize Howard's a nice guy and that we're all doing a "show" here. The movie changed the perception. Some people are surprised when they see how much writing Fred and me are doing. Some people know already, some people could give a shit less. Everybody has a different impression of what's going on. But I think people see the love in the room. I certainly don't mean while we're on the air. They're amazed, especially new interns, when we go to a commercial and they hear, "Hey man, yeah, great show. Have a nice weekend. Say hello to your wife," or whatever. This, from the same guys who were just ready to cut each other's balls off.

Are you and Robin speaking again?

Yeah... She didn't like that I walked off the show. But I was just trying to get some more money, that's all. It was nothing personal. I wasn't trying to upset the apple cart. I was the bad son who ran away from home, and upset mommy and daddy. But I came back. Everything seems to be fine, knock on wood. Now watch, tomorrow she'll fuckin' shoot me, and then commit suicide like **Brynn Hartman**. You never know.

"I'm basically sitting in the back of a high school classroom passing notes."

“People have such crazy anticipation, especially major stars. Their publicists prepare them to be lined up by the wall and shot when they come in.”

Who are some of your all-time favorite guests on the show?

I love **James Taylor**. I was thrilled that **Mickey Mantle** came in. He was one of my childhood heroes. I loved when **Joe Walsh** used to come in, because he was always funny, crazy and such a great performer. Sam Kinison was just so unpredictable. I met Sam when he first came to New York. We had worked a dirtbomb gig together. When he came into the Stern show years later, and saw me, he said, [in his best Kinison voice], “What are *you* doin’ here, man!” I always had a real special bond with him. Christ, he was a great guest. I loved him. Of course, **Mark Harris** is just so over-the-top. **Richard Simmons** was great. There’s so many great guys...but I love ‘em all. I love when [Richard] **Belzer**’s on ‘cause he’s so funny. I love when **Richard Lewis**, **Gilbert Gottfried**, and **Pat Cooper** are on, too. They’re all so funny and so different. There’s a lot more flying when they’re on, which gives me a lot more fodder, a lot more things that I can write jokes about. Plus you know there’s another sharp mind in the room who’s going to hear what Howard says. There’s nothing like hearing Belzer laugh hard at something I write, because he’s a very hip guy. If I write a very funny line for Howard, and Belzer says, “I wish I said that!,” it’s nice reinforcement. Of course, there’s nothing like sitting there and watching **Governor Pataki** walk in, **Governor Whitman**, **Arnold Schwarzenegger**, or **Ivan Reitman**. We have all these major, major people coming through, and they know who we are. All of us. Fuckin’ **Albert Brooks** is my hero, and he walked in eight years ago and said, “Jackie, how are your toenails?” I was like, “Holy fuck..Albert Brooks knows that I got rotten toenails!” As silly as that sounds, it was a rush. But as much as I love Gov. Pataki on the show, I get just as big a kick when **Hank the Angry Dwarf** comes on. It’s a pretty good job. Not only are we seeing these fuckin’ famous and crazy people, our job is to make fun of them and break their balls. It just doesn’t get any better than that. But I’ve got to keep doin’ these joke albums, just in case the job falls apart. In 1986, people were already saying, “Yeah, it’s a great job, but how long can it last?” I’d say, “I don’t know, we’re just enjoying the ride.” And here it is 12 years later...

What can you tell us about the upcoming CBS television show, and your role in it?

There’s nothing to tell yet. I’m not holding it back from you, I’ve been told nothing, and I’m sure very few people know anything. As Howard said on the air, it’s basically going to be the most current stuff from the radio show, very much like the E! show with some surprises. I don’t know what it will be, but you have my personal guarantee it’ll be a pisser.

The Channel 9 show was another great thing to spawn from the radio show.

That was real, real hard. Monday we had a blank piece of paper and by Friday we needed a show. On Wednesday the guests cancel, when they found out what they were booked for. I don’t know if you’ve ever seen the movie *My Favorite Year*, but that’s what we were living. It was just as fucking wild, wooly and wonderful as anything could have been. It was like a war. In retrospect, they were great days, but we don’t need another war.

How was that whole experience of working on the movie?

I was only on the set for a couple of weeks, but it was like everything you ever dreamed of...They passed around shrimp... someone that looks like you sits in your place while they light the scene, huge sets, a million people...it was a dream. And then seeing yourself in a movie and seeing your name in the credits. I didn’t even have a major role, and I was fuckin’ thrilled. The premiere was other-worldly. I got to bring my wife, my sister, my buddy Burf, Carl from Oglio Records, and Rory Rosegarten, my manager. There was no way you could ever relate to anybody how incredible it was. For them to be there on the red carpet with me, it was just spectacular. And then you’re on HBO and all the news channels, and the whole world sees you. I don’t even think about it. Now that you’re asking me about it, it’s almost like I’m talking about somebody else, it was that good. I’ve been very lucky. I’ve been in a movie, wrote a joke book, which is my dream, and my new CD is finally done. Slowly but surely, all these great things have been happening. It’s just been staggering. It’s funny, way back when I met Howard, I had been working my balls off my whole life. I worked my ass off to be where I was, and I was nowhere. That’s one of life’s toughest lessons, that who you are and what you’re paid doesn’t necessarily reflect how long or how hard you’ve worked.

Any plans for a *Private Parts* sequel?

Howard keeps teasing that Ivan wants to do it. I’m hoping we do. I would imagine I would have a bigger role in the sequel.

Which competitors did you most enjoy burying?

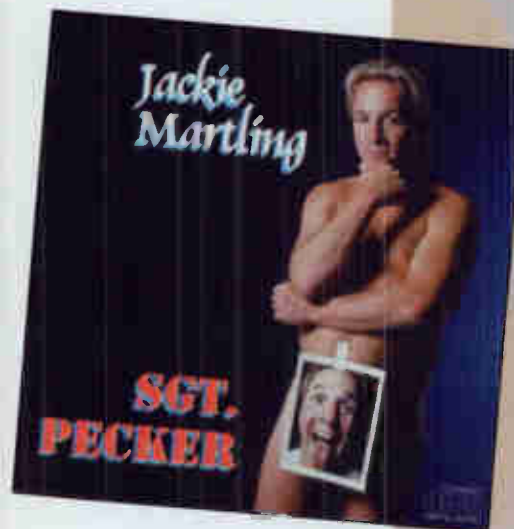

I knew **John DeBella** from back in the ‘LIR days when I was working at the recording studio and he worked at WLIR. He was a decent guy to me, but... I’m sure burying him was fun.

Things sure have changed since then.

Yeah, that always happens. Everyone reverses, everything switches around. I’ll tell you, it was great beating **Rick Dees**, too. Here’s a beauty: He is the guy who named me “Jackie The Joke Man.” Back in 1979, my joke line used to be reasonably clean. There was no such thing as cable TV or VCRs yet. The first day I set it up, I put on filthy jokes. The phone company called me and told me to clean it up, so I cleaned it up a little. Slowly but surely cable TV start-

ed coming along. So now, here you were, sitting in your living room with your mother, and all of a sudden there’s a pair of tits on the screen on HBO. The whole country started to loosen up. Things just got dirtier, censorship got more lax. While that was going on, I started sticking my foot in the water with 922-WINE. Eventually, it just got to the point where I’d put anything on there. Earlier on, Rick Dees had found out about my number, and had been calling, recording a few jokes, and putting them on his weekly Top 40 countdown. I was thrilled. After a couple of years, the jokes were so filthy, that Rick Dees called me and said, “Listen, Jackie, this is Rick Dees, the disc jockey from Los Angeles. For a few years, I’ve been calling 922-WINE and using the jokes on my Top 40 show and giving you credit. But now, every single joke is so filthy, I can’t use any of them. I need you to do some special ones for me.” So for two or three hundred bucks a month, I made him something like 20 spots, and he’d use them on his shows. He wanted to know what he should call me, and he said, “How ‘bout Jackie The Joke Man?” He originally wanted to make me a horny dentist from Encino. I had said that was bullshit, and that I’m comedian, make me *me*. So here I am, in 1983, working with Howard Stern and Rick Dees at the same time. People shit when they hear that Dees gave me the name, because he and Howard are so diametrically opposed to one another. Dees would always say, “What are you doing with *that* guy?!” Beating him felt pretty good...and it was fun because I had worked with him. It’s fun to beat everybody, because Howard’s the best and the show’s the best. We really do deserve to be number one.

Is it possible to describe Fred Norris in 25 words or less?

Fred is incredibly brilliant, incredibly knowledgeable, incredibly quick, incredibly funny, and a great friend. I don’t think I could say unpredictable, but he can be very puzzling. He’s so fast. You could be talking to him about something, and he’ll say something funny about your sentence before you finish your sentence, to the point where you wonder how the fuck he could have formulated something funny to say, and said it before he even knew what you were going to say. I’ve been dazzled by him since the beginning. When he passes me a note, very often I’m laughing as I put it down for Howard. Often he and I have the same thought and write the same exact note. We have a lot of fun when we’re writing songs or scripts together. We have frighteningly different senses of humor, but we both make each other laugh very hard. There’s a very heavy mutual respect as much as we tear out each others fuckin’ jugulars.

If you had to describe each person on the show in one word, what would they be?

Howard’s the captain, Robin’s a co-captain,...there’s just way too many sides to the prism that is all of these people to possibly describe them in one word. You can’t say

Howard is wacky, because that doesn’t describe him. You can’t say he’s brilliant, because that doesn’t describe how funny he is. If I had to use one word to describe each person on the show, it would be the same word...undescribable.

Who does the best Jackie imitation on the show?

No one. It’s like type-O blood, it’s too easy. It’s so funny because we did a Heineken spot this morning, and they replayed the spot in the nine o’clock hour. I went to take a leak, and as I was walking back down the hall, I heard the spot playing, and I go by the E! room and all seven of them are sitting in there going, “Yeaah *Heineken!* I’m gonna be *drinkin’* this weekend!!” I’m standing there going, “What the fuck is this?!” They weren’t doing it for me, they didn’t even know I was there. **Scott Einziger**, the executive producer, **Robin Radzinsky** the editor, **Gump** the technical guy, and **Scott DePace** the director...they’re all sitting there going, “Yeaah, *Yeaah!* A few beers! *Yeaahh!*” And they don’t even know they’re doing it. They’re all doing it as naturally as breathing. If you wanted to do Rodney Dangerfield, or Edward G. Robinson, you’d have to think about what you were going to say. You listen to Howard and Fred during the whole newscast, there sitting’ there just going, “Ahhaae!! Oh *oh!* Yeaahhh!!” It’s ridiculous, but they all do it, and I love it...because I love to do Robin’s voice, and who would dare tell me to shut up after what they do to me?

That’s one of the highlights of the newscast!

When I pick on her?

Without a doubt.

I’m glad you like that. It makes Howard laugh, too. He tries not to laugh, and that makes him laugh harder. And it always tickles Eric Norris.

Has property value dropped since Stuttering John moved into the neighborhood?

We’re trying not to let that get out. You know, sometimes he’s a little mixed up, or sometimes he doesn’t have it all together, and you do things to help him. The other day he’s telling someone, “Yeah, my n-n-n-next next door neighbor put together my b-b-b-barbecue and f-f-fixed my air conditioner, and I don’t even kn-know the fucking guy’s n-n-name.” And he’s laughing...and I’m thinking...here’s another schmuck that’s helping John, and John’s sitting there *goofing* on the guy! The guy’s helping him out, and he doesn’t even bother to learn the guy’s name. I’m wondering if he’s telling his neighbor, “Yeah, Jackie, that asshole, sometimes he d-d-drives me to work, that s-s-stu-stupid fuck.” Of course, I’m just kidding. He’s a pisser. We actually love having him, Suzanna, and his daughter down the street. My wife and I are with them all the time. They come down for dinner, or we go down there, or go out. They just came over and christened our new barbecue two nights ago. He’s literally six streets down the beach, and I wouldn’t have it any other way.

"Not only are we seeing these fuckin' famous and crazy people, our job is to make fun of them and break their balls. It just doesn't get any better."

Did you do it with the sex doll?

No. I'm the only one that didn't. They yelled at me for it. But, hey...if Howard told me to go into a room and jerk-off, I wouldn't do that, either. It's not in my job description.

How's did your Web site, <http://www.jokeland.com>, come about, and how is it progressing?

Our first Web page was branched off of another page, so the address was a mile long, but it got me hooked on the thing. Our friends, **Barry Jay** and **Lynn Harold**, **The Nerds**, started showing me how to update a Web site. I would look at a page, and then look at the "html" language for that page, and compare and ask questions. I have a good mind for that stuff. I have a mathematical and logical mind. In college, I used to do thermodynamics and mechanical engineering problems that lasted, like, 12 pages, and you had to come out with the answer of ".86." It was an exact science. I learned how to do the whole "html" thing and got hooked on it. I started putting jokes on there, and pictures...then I learned how to record sound files and load them on. I really got into it. I loved inter-linking all the different parts of the site. I almost had a book deal a couple of years ago, and I had about 100 pages written. I took those stories and put them on jokeland.com, as my first anecdotes, stories about the Channel 9 show, and the early days of my comedy hijinks, etc. My Web page has gotten deeper and deeper. We're about to move to comedynet.com. It's a new thing, and all of a sudden, our company is going to be making great money from the Web page.

How much traffic does the page get now?

Last month I had 7.7 million clicks. Not "hits," but a number of times you've actually clicked around on the site. One person could do 100 clicks in a visit, but 7.7 million clicks, that's a lot of fuckin' clicks. And all that traffic became very valuable. So now we're going to be moving, both jokeland.com, and spinningplates.com, Nancy's site, to a server with incredibly wide bandwidth, with Real Audio and Real Video. You'll be able to go on to my site within the next few months and see the *Stump The Joke Man* video, or you'll be able to hear a whole hunk of my new CD, or her new CD. It's going to be like our own TV station. We're real excited about it. I might even have my own show on the Web. All that work I did on the Web site for so long, who would have known that it would turn out to be anything but a billboard? It's really fun. I update my gigs and my jokes all the time. Have you seen the animated guy yet?

Yeah!! That's hysterical!

Is that a riot or what?! Howard never tells me he likes anything, and he told me he's in love with that little guy. He shows it to everybody. He says, "It's funnier than you! It's your stupid jokes, but he's funnier than you!" Everybody loves it. It's done by Atomic 3-D in Los Angeles.

Would you really swap wives with Howard?

Sure. I wouldn't be concerned that he'd do a better job with my wife and she wouldn't want to come home. He swears his wife wouldn't do it, but I've never seen him ask her. I'd do it just because it would be funny. Of course, I'm only saying it because I know he never would.

Have you seen his dog?

Hey...that's no way to talk about his wife. No, I haven't seen his dog yet.

Does Nancy give it up as much as she used to?

From what I've heard.

Other than the Web page move to www.comedynet.com, the paperback coming out in October, the CBS show, and the upcoming release of *Hot Dogs and Donuts*, what else do you have in the works?

A movie that Nancy and I both worked on is supposed to be finished by September. She plays a judge, and I play a low-life lawyer (not to be redundant). It's my first time back in court since I got thrown out for being a jerk. I don't like a ruling that she makes, I bitch, and she throws me out of the courtroom. I wrote my own part, and my job was to curse her while they dragged me out of the courtroom. I haven't seen the footage yet, but they said it's absolutely hysterical. To give you a little insight into it, with each take, I added another phrase. Before the last take I turned to the director and said, "Don't say 'cut' until you hear me say 'cunt'." My final line is, "Get cancer, you cunt."

Do you see yourself as a leading man in a movie someday?

I don't know, I'm 50 years old. But, hey, my mother tells me I'm getting better looking every day. I lost 20 pounds, I'm in good shape and looking pretty good. Maybe.

Do you like to work out?

Not really. To diet, I just cut down on my beer drinking. Now I only drink a few days a week. I swim a lot and ride my bike a lot, so I guess I've been taking better care of myself. My wife's in perfect shape, so I imagine it rubs off on me. She's so healthy that it's very hard for me to fuck myself up in good conscience. Being in the movies is great fun, so that's a great reason to be in decent shape. I'd love anything that came along. If anybody's reading this, and wants to make me a leading man, at least give me an audition. Remember...dying is easy...comedy, like my prick, is hard.

F-JACKIE!!

an Up Close interview with Jackie "The Joke Man" Martling

Jackie Martling has been places. As Howard Stern described him in the foreword to *Jackie's Disgustingly Dirty Joke Book*, "the man has lived." Graduating from Michigan State University with a degree in Mechanical Engineering, the road to Jackie Marlow's current position as Head Writer for radio's most popular, influential, publicized and hysterical morning show was certainly a long and winding one. A knack for humor is something that has always been part of his personality. "I guess I was always a ball breaker, and I always told jokes," Jackie offers. "I never, ever thought of it in terms of being a comedian."

Thinking it would be a good way to pick up girls, Martling took up guitar playing in the ninth grade, playing music and telling jokes in a variety of bands until the age of 31. Going at it alone, Jackie honed his craft on the stage: "I just figured I'd tell some jokes on stage 'til I could think of something better to do with my life," he recalls. "I never had to reassess. It just kept growing and growing, there was no kind of plan. I've kind of gone through my life like a pinball machine, bouncing from one thing to the next."

Don't let that fool you, though. The Joke Man went full-bore after his dream of being in the entertainment industry. Gaining some technical experience as manager of the Workshope Recording studios in Queens during the late '70s, Martling recorded every one of his comedy gigs from the onset. Only six months into his career in stand-up in 1979, he released his first home-grown LP, *What Did You Expect*, on Off Hour Rockers Records. That year also saw the creation of his wildly successful dirty joke line, "Use Your Finger," which plugged his many shows. By 1981, his small company consisted of him and his wife Nancy Sirianni (who incorporated Off Hour Rockers, Inc.), and was run out of his mother's attic. They produced a variety of items ranging from his first three comedy albums to Joke Man mugs, shirts, and video tapes.

The business really started growing like a weed when Martling began appearing on Howard Stern's WNBC/New York radio show in 1983. "I was on the Stern show and I was working for free plugs, and that was it." The radio exposure and association with Stern took Jackie's comedy career to a whole new level. "It's all been fuckin' hit and miss," he relates. "There's no plan, I didn't go to comedy college or anything. I'm not even a comedian. I'm a joke-teller."

Today, when Martling's not feeding funny lines to Howard to use on the air, or writing bits, songs, or scripts, he's hard at work on his growing comedy empire: JokeLand. The centerpiece of JokeLand is www.jokeland.com. The Web page has grown by leaps and bounds over the past few years, and has enough jokes, anecdotes, sounds, graphics and Joke Man merchandise to keep you locked into it for hours at a time.

fmqb caught up with the Joke Man (recently named to *Entertainment Weekly's* "It List" for trendsetting entertainers of 1998), after a long morning on the air. All the bases were covered, from his beginnings as a stand-up comic and rise to fame on the *Howard Stern Show*, to the upcoming release of his third CD, *Hot Dogs & Donuts*. So put your finger cots on, crack open a cold Heineken, and sit back and enjoy. Yeaaaahh!!!

by Mike Bacon

How has business been going lately?

Real good! Oglie Records just jumped on the new CD, they'll distribute it nationally, and now we're in 50 cities. With a record company handling this new CD, we're going to a big release party, lots of press and publicists, so we're really psyched for a huge success. When *Sgt. Pecker* came out in 1995, we had just got an 800 number, and we were hoping that it was going to take off. But then no one wanted to say "Sgt. Pecker," and that fucked us up. They're still bleeping "Pecker" on the E! Channel. I called the CD *Hot Dogs & Donuts*, because I figured that they won't have to bleep it. I didn't call it *Prick & Cunt*, I called it *Hot Dogs & Donuts*. That masked it sufficiently. Maybe people would understand the sexual reference without it twisting their ears off their heads!

You recently released a joke book.

I did a book for Simon & Schuster called *Jackie "The Joke Man" Martling's Disgustingly Dirty Joke Book*, and that sold something like 50,000 or 60,000 copies. They were thrilled. The paperback is coming out in October. We're going to do another one next year for Father's Day.

Is that something you've always wanted to do?

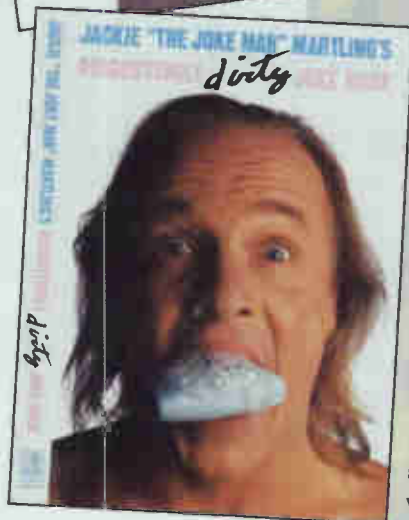

Oh, yeah... I had four paperbacks out in the early '80s, but even though they sold well, I hardly made any money. They were actually pretty funny, but I would put *this* joke book up against any joke book

that's come out. As a joke book, per se, it's just the best jokes that ever were. It's one classic filthy joke after another, all in the same place at the same time.

Who were some of your main comedic influences growing up?

I loved the Marx Brothers. I always loved Redd Foxx and his delivery; we used to steal jokes off his albums. When I was in high school, I used to sit and watch Red Skelton and watch him laugh at himself, having such a good time. I'm sure that was a major influence on me, not worrying about laughing and having a good time when I'm telling a joke. I also used to tell jokes to Jake, the Dutch pantry man, at Piping Rock Country Club when I was the head busboy. I would stand there and tell this guy joke after joke. He never, ever changed his fucking expression, so that made me laugh harder at myself. I've always been a loud laughter. If you're a joke teller, you love to laugh and love to make other people laugh. So you laugh to prime the pump. I don't think it's a conscious thing. I wasn't the guy that bought the Robert Klein albums and studied them. I never thought that you could choose to be a comedian. I thought it was something that God touched you with. I was just a joke teller. I realize I got very lucky, but I was ready when lady luck knocked. I worked very hard at my comedy and logging the jokes, remembering the jokes, telling the jokes, and recording the jokes. Now, all the work seems to have paid off. But it could just as easily not have. You could say crossing paths with Howard was luck, or it was fate. But man, I sent out so many of those fuckin' records.
