Country Club, cont'd. from p. 6

While we're in Texas, the state now has its very own music magazine, called (what else?) Texas Music. Thanks to Chuck Dunaway KAFM-Dallas for a copy of Volume 1, Issue 1.

KERE-Denver raised \$6000 on the Ride-Along for the March of Dimes 3/27. Station preceded the event with a teaser contest. Winners in that became eligible for a C.B. drawing at the Ride-Along. A pledge of \$40 to the March of Dimes was required for entry in the Ride itself. Station is currently involved in a Mr. Donut Derby - grand prize a Yamaha cycle.

KWMT-Ft. Dodge is running a C.B. "handle" contest. Listeners submit handles for the DJ's. Card is read hourly, listener has 3 minutes to call and verify. Card then goes into the hopper for a weekly drawing for a C.B. radio.

Bob Fuller, WSLR-Akron and his listeners up to here in the pet rock craze. Seems Bob's pet rock, first named "Fonzy Fuller", rechristened Fonzetta", had babies. Listeners submit cards as to why they would like to have one of the babies (smaller rocks with eyes painted on them). Everyone is having a lot of harmless fun and the rocklets are getting good homes.

Scott Free, FM drive at WIRK/FM-W. Palm Beach did manage the entire 20 miles in last week's Walkathon for the March of Dimes but finished up burned to a crisp in the Florida sun.

KGAY-Salem says requests for new material have quadrupled since they halved their playlist. Apparently the increased frequency of exposure helps listeners to identify songs faster.

The April 8th edition of Folling Stone carries an article on page 26, entitled Panic In Payola Park, written by Dave Marsh. He points out that "The Newark grand jury has had the books of nearly every record company for more than one year without returning a single additional indictment (beyond the original 19). In effect, what the prosecutor has done is vindicate the music business: given similar scrutiny, it's unlikely that any other \$2 billion industry in America would have come away so clean". Mr. Marsh refers to prosecutor Goldstein's statement to the effect that the Brunswick convictions expressed a "public outcry" (against payola), but so far such an outcry "remains unheard by anyone except Jonathan Goldstein and his minions". I hope that everyone interested in a fair appraisal of the payola situation will read this article. (Wish I had written it.)

WIP-Philadelphia observed April Fool's Day by turning the station over to the listeners for the day. Names were drawn at random from letters that had been addressed to the various air personalities. Each person drawn is assigned to the mike duty for one hour, with the regular airman standing (sitting) by to help if needed, and PD Dean Tyler quietly biting his nails in the wings. Also taking part as guest air talent will be Glen Campbell, 5th Dimension (all five), Mike Douglas, and two columnists from the Daily News, Larry Fields and Jim O'Brien. Surprise guest was slated to be a local "double talk" expert - no report at press time as to his impact.

On another April 1st surprise, Russ Spooner, morning man at WAIR-Winston-Salem, originated his show on a station where he was formerly employed, WMAK-Nashville. Show was piped by direct wire to WAIR where it was also broadcast live. Joining WMAK for a reunion were former staffers Scott Shannon, Coyote McCloud, Joe Sullivan and others.

Ben Hill, PD of WCKS, Cocoa Beach, tells us that his 100kw FM signal covers half the state. They chart 40 singles and have Mike Joseph as a consultant. Air lineup: Jim Sumpter, music (WMYR), Ben Hill, PD (WRKT), Jim Pierce (WRKT), Michael Stone (WRKT), Spanky McCoy (U100), Tom Love (WRKT). Address: P.O. Box 520-Zip 32931. Phone: 305-783-9257.

More than 15,000 persons walked, ran and skateboarded a twenty mile March of Dimes Walkathon March 27 in Anaheim, sponsored by KEZY.

At WNCI-Columbus, music director Andy Williams can take record promo calls Wed. thru Fri. only. Todd Wallace, of Radio Index in Phoenix, tells us that his client list has now grown to the point where he has had to declare a "moratorium" - can't accept any new clients until after the April-May rating sweep. Todd deserves bouquets for his consistently accurate audience measurements, as reported to us by several of his stations.

WKEE-Huntington requests that record promo calls to the station be made only before 2PM, EST. In answer to questions: Yes, I'd be willing to sponsor other regional radio meetings if sufficient interest were shown by our correspondents in any particular area, e.g., Pacific Northwest, New England, mid-Atlantic. One of the objectives of such meetings, of course, is to make possible the participation of many who would not find it possible to attend large, national gatherings. Any who might wish to bring such a regional radio meeting to their area should check with a couple of other neighborhood stations to sample their feelings on the subject. While I'd be willing to back up such a project, it would require local co-operation to make it work. Let me know your wishes.

Charlie Dumas, music director of KIXS-Killeen, Texas, can now accept record promo calls between noon and 4PM, Monday through Friday. Station lineup: J.J. McClain, Charlie Dumas, Bill Hilton, Mike McDonsals, Jim Prewitt and Mike Edwards.

Lineup at WQOK-Greenville, S.C.: Lee Nolan (WFBC), Lee Alexander, Gary Jackson, music, Jim Wilson, "K.C.", and Jay Richards. Weekends it's Jay Michaels and PD Steve Chris.

Dave Dworkin moves out from WLXX-Green Bay to program a chain of discos in that area for R.A.H. Enterprises. He has several full-time and part-time job openings for disco jocks. Phone: 414-731-4291.

Retrospect

.....from our old files.....

April 15, 1966

John Abnor, manager of the 5 Americans, has filed a half million dollar suit against KLIF-Dallas, we are told, alleging that the station injured the group's professional career by removing the record EVOL NOT LOVE from its playlist. Music director Jimmy Rabbit states that the record's poor sales in the Dallas area offered ample justification for dropping it from further airplay. The case is scheduled for a court hearing in about two weeks.

Johnny Dark returns to WCAO-Baltimore, replacing Kirby Scott, who joins Milt Grant in a TV venture. Steve Wade is now in charge of the music at WEAM-Washington.

In a tape prepared by Robert McGrae of Liverpool, England, for KXOA-Sacramento, leading British record stars were quoted on their opinions of the record: BALLAD OF THE GREEN BERETS. Following are some of the quotes:

Paul McCartney: "It's a terrible record".....Mick Jagger: "It sold over 2 million records in America, which shows what a warmongering race they are".....Charles Chandler (Animals): "They're getting so nationalistic minded, and everybody's behind their red blooded boys fighting in Viet Nam.".....Paul Jones (Manfred Mann): "It shows people prefer heroes pacifists".....Ringo Starr: "I don't care what happens to it".....In the listener calls to KXOA after the tape was played, 70% agreed with the British sentiments, and almost all concurred that it was a bad record. Only two callers were indignant, charging that the quoted statements were unpatriotic.

Peter Tripp takes over the 6 to 10AM show on WOHO-Toledo, effective April 25.

Jerry Kaye, former PD at WOHO joins the airmen of WING-Dayton: Ken Warren, Mark Scott, Dave Parks, Jim Quinn, Rick Alan and John Alexander.

DJ lineup at WIL-St. Louis: Dino Day 6 to 9AM, Dick Clayton to noon, Bob Osborne to 3, Thom Lewis (of KMOX-TV) to 6, Bill Adams 7 to 9PM, Chuck Boyles with "Controversy" (telephone interviews) to midnight, Ron Lipe (from WEW) to 6AM.

ALBUM PAGE

Albums of the Week: "Happy In Hollywood"-David Batteau (A&M) (reviewed by Ron Fell) After overcoming the urge to compare some cuts with early Nilsson material I'm impressed with the poetic style in the Batteau's lyrics and the complementary arrangements. A refreshing FESTIVAL OF FOOLS and a straight forward WALK IN LOVE, highlight the album.

"Presence"-Led Zeppelin (Swan Song) (reviewed by Bill Gavin) While we don't consider ourselves qualified to discern the more subtle musical values of this album, its overall impact is inescapable. The group's instrumental virtuosity is strongly felt, while the vocals are more of an emotional outcry than a traditional lyric and melody line. The many intensity high spots of the music are at contrast with occasional lapses into wandering mediocrity.

Also recommended from the following albums:

"Roger Whittaker"-Roger Whittaker (RCA) PRETTY BIRD/SO LONG

"Home Is Where The Heart Is"-David Cassidy (RCA) TAKE THIS HEART/JANUARY

"Shandi Sinnamon"-Shandi Sinnamon (Asylum) YOU TURN ME AROUND/I'D RATHER BE DANCING/
NEVER KNEW HOW MUCH I LOVED YOU

"Amigos"-Santana (Columbia) EUROPA

"This Is It"-Melba Moore (Buddah) THIS IS IT/FREE

Bill Gavin's Personal Picks

- - - I especially like:

- ONE PIECE AT A TIME-Johnny Cash (Columbia) I had intended last week to make this my number one pick, but overlooked it. It sounds like the Johnny Cash of A ROY NAMED SUE, and the lyric narrative should appeal to a wide cross section of listeners.
- A FIFTH OF BEETHOVEN-Walter Murphy & Big Apple Band (Private Stock) I thought when I first heard it that probably I'd be the only one who liked it. But now I learn that it's a top request item at KEX and pulling heavy phones on KMPC. Seems a natural for A-C play, and has possibilities for a crossover in the top 40 and disco areas.
- YES, I'M READY-Tom Sullivan (ABC) The memory of his superb rendition of The Star Spangled Banner at the 1976 Superbowl won't help to sell this record, nor will the fact that this vastly talented and handsome young man is also blind bring him a hit. What counts is that on this record his lyric voice soars around the melody in a unique styling that offers strong possibilities for both programming and sales.
- AMERICA THE BEAUTIFUL-Ray Charles (Cross Over) Classic rendition of the song was used by ABC TV in its Olympic Games telecasts as well as in a TV special from the Grand Canyon. It's now stirring request action at WIP and a few other A-C's. Finest bicentennial song yet. (Unfortunately, our pressings are off center - hope yours are okay.)
- SILLY LOVE SONGS-Wings (Capitol) Lyrics may be silly and childish in spots but the contrapuntal touches in the arrangement contribute a special sparkle to a production that really doesn't require the McCartney charisma to motivate heavy airplay.
- THINK I FEEL A HITCHHIKE COMING ON-Larry Jon Wilson (Monument) Creates an unmistakable impression of being on the road. His songs always seem to have something special to say.

Gary Taylor's Personal Picks

- LOOKIN' OUT FOR #1-Bachman-Turner Overdrive (Mercury) Initial album play on this cut has been impressive. Needless to say, it's a complete departure from the groups usual fare. A-C stations will find this a very tasty offering.
- SWANS AGAINST THE SUN-Michael Murphey (Epic) There is a softness to his music that paints a picture as few others can.

Also Possible

- GOOD TIME STATION-Heaven's Radio (U.A.)
- ON A SATURDAY NITE-Journey (Columbia)
- SAVE YOUR KISSES FOR ME-Brotherhood of Man (Pye)
- SWEET DREAMS-Troy Seals (Columbia)
- APACHE WOMAN-Bill Wyman (Rolling Stones)
- SHE ALWAYS DID IT SO WELL-Rosewood Trio (D.C.M.)
- WONDERFUL WORLD-Johnny Nash (Epic)
- BETTER DAYS-Melissa Manchester (Arista)
- ANGELA-Jose Feliciano (Private Stock)
- IT ISN'T ROCK & ROLL-Pretty Things (Swan Song)
- OUTSIDE HELP-Johnny Rivers (Epic)

Notes on the Texas Regional Radio Meeting

It is important that everybody who plans to attend notify this office in advance. While there is no registration fee, it is necessary that everyone register. I'll shortly be mailing acknowledgements to all who have registered so far. Included in the mailings will be lunch tickets and show tickets for the radio group and show tickets only for the non-radio group. The show tickets also include the social hour that precedes the show on Saturday night.

Local record people are invited to the Saturday evening occasion, but it will be necessary to register in advance so that we may mail your tickets. We're putting it on a ticket basis in order to eliminate the possibility of gate crashers. Since it's a public club, there'll likely be local people who'll want to get in. The club won't open to the general public that evening until 10 o'clock.

To emphasize again: The discussion sessions and the Saturday lunch are for radio people only. We'll welcome local record people for the Saturday evening social hour and show, which has been arranged by Bill Mayne and the folks at KNOW. The same ground rules apply for this regional meeting as for all our previous Radio Program Conferences: no hospitality suites, no organized promotional entertainments. We look forward to neighborly shop talk among regional radio broadcasters, free from promotional presence or pressure.

Here's the schedule for those who missed it:

Sheraton Crest Hotel, Austin.

Saturday

- 9AM to noon - Session 1 - Bill Young, Moderator

On the Record

Ron Mitchell, president of Canada's Moffat Communications, used a memorable phrase in his Toronto speech for RPM's "C-13" radio and records meeting. He said, "You've got to do well before you can do good". Using this as his text, he explained radio's primary requirement of maintaining a satisfactory profit structure before programmers could give attention to the welfare of the music business.

This fact of business life generally prevails in both Canadian and U.S. radio. It was emphasized by Mr. Mitchell as a means of rationalizing to the record industry the prevailing practice of tight playlists with a minimum of new adds. The music business thrives on the exposure and development of new talent. It is hampered by the existing difficulties in obtaining airplay for new releases, especially those by unknown performers.

For almost twenty years radio did both well (for itself) and good (for the music business). Intensifying competition, plus proliferation of FM signals, gradually gave listeners more and improved listening alternatives, which forced pop radio to concentrate increasingly on programming little or nothing but proven hits. Those interested in new releases and a greater musical variety could go elsewhere. And they did. They went to a dozen or a score of other stations, each one featuring its own special appeal to a particular demographic fragment. But the central core of pop hit devotees has remained - predominantly those under 25, but also not so few in the 25-34 range. Essentially, the tight list has been widely successful in holding on to a substantial audience share, particularly in major market.

Mr. Mitchell's quote, apt as it sounds, fails to apply to many stations, already doing very well, who are not about to modify successful music formats in order to "do good" for the music business. The inexorable corporate demand for more and ever more profits bars any gestures of altruism. In corporate ethics, doing good for others is acceptable only insofar as it does good for the corporation.

The departure from conventional programming now being undertaken by KFRC/FM (K106) will be followed with much interest by many broadcasters and music people. In any single span of 2½ hours spent listening to that FM stereo operation, one can hear the twenty top selling singles in the area plus six new singles (five new plus the previous day's winner). In the same span the following day there will be the same 20 hits, but five different new singles. The constant reminders to listeners to vote "yes" or "no" on each new release should stimulate some little audience interest in what's new - maybe even a lot of interest.

It has often seemed to me that major top 40 stations go to unnecessary extremes in their policy of "nothing new" - particularly during rating season. Overemphasis on familiar records runs the danger on an increased percentage of "burn out", especially among those who listen oftenest and longest to the radio. Perhaps the future promises growing opportunities for newer product. In Los Angeles, KHJ's addition of the Richard Cocciante LP cut, minus any previous confirmation of listener acceptance, provided something of a sensation. And yet, over the past several months, several of the RKO stations occasionally abandoned their traditional "wait and see" policy and added a new record "out of the box". Not often, certainly, but it's something of a breakthrough.

So what? So this. Major market top 40's don't hold the key to exposing new talent and new releases. For every big market station with a rigidly limited list there are scores of smaller stations willing and happy to play the new product. The response from each of their audiences soon becomes a matter of public record. It is this constant sampling of audiences in cities like Columbus, Augusta, Cocoa Beach, Rumford (Me.), Bismarck, Davenport, Hattiesburg (Miss.), Houma (La.), McAllen (Tx.), Pueblo, Stockton, Eugene, Salem, Spokane, Lewiston, Missoula, and a hundred others that explore the potential of records that would otherwise lie unplayed in a dusty corner of a major station record library. I'm convinced that small market radio, along with aggressive programming on adult and country stations have been the salvation of the music business during the past several years.

With that in mind, it is hard to understand how any station, however small, wanting to play new releases and break hits, could be deprived of that opportunity by record companies with their own kind of tight lists - mailing lists, that is. It shouldn't matter whether or not they are reporters to this or any other publication. If they uncover a new hit possibility, we'll hear about it. And if it is confirmed in another small market or two, you can bet that those big stations will know about it, too. I'm not unaware of the economics involved in providing unlimited quantities of promotion samples to our vast radio empire - particularly to the growing number of stations requesting LP's - but it seems to me that other economies are more appropriate and more practical than minimizing opportunities for any segment of the public - however small - to hear and evaluate new product.

Small market radio reports have been the life blood of The Gavin Report since its inception. We've had to put new reporter applications (top 40 and A-C formats) on a waiting list because of the present work load on our research people, but we evaluate all stations reports equally in our top 40 and A-C research, regardless of market size.

I appreciate the consideration of all the record labels who make it a point to service all our correspondents. I hope that in the future other small stations may be permitted to "share the wealth" - the wealth of great music that keeps coming our way.

Service: Don Tiegiser, WNAT-Natchez thanks MGM for service - still needs UA.
WYTL-Oshkosh needs sgls and LP's from UA and Playboy.
KZEE-Weatherford, needs Charlie Ross and Bobby Bare sgls and service from UA.
KWYZ-Everett still needs LP and sgls service from RCA and Capitol and LP's from the Columbia labels.

Dates for the benefit shows for the late Tom McCall's family are now set for May 4 and 5 at the Akron Civic Theater. Bob Fuller-WSLR, tells us that artists Narvel Felts, Ray Griff, Margo Smith, Bobby Borchers, Dorsey Burnette and George Kent are already confirmed with more to be added. The artists are donating their services to this worthy cause. One top artist, unable to clear his schedule for either of these dates, has already made a substantial financial contribution in lieu of an appearance. We have some mighty fine people in country.

The Minneapolis Meeting

About 150 radio and record people gathered at the Radisson Inn Plymouth in Minneapolis on April 1 & 2 and talked about their work and their problems. The meeting was organized primarily for the benefit of smaller market stations. I heard many warm comments of appreciation from the "secondaries" and know that they benefitted greatly in gaining both information and motivation. Smaller market radio people work in isolated pockets, with minimal contact with their colleagues elsewhere. Meeting and visiting with "the other guys" provides a lift that nothing else can.

Moderators for the various sessions were Ed Wodka, Manager of KIOA-Des Moines, Ira Heilicher of Heilicher Bros., George Roberts, P.D. of WAXX-Chippewa Falls, Wis., Billy Cole, WHO-Des Moines and Bob Wilson, publisher of R&R. In addition to those mentioned above, the advisory panel included Steve Anthony, WNAX-Yankton, Tom Barsanti, WOW-Omaha, Dan Brannan, KFYZ-Bismarck, Steve Dickoff, WEAQ-Eau Claire, Tom Kay, WJON-St. Cloud, Peter McLane, KIOA-Des Moines, Skip Nelson, KWMT-Ft. Dodge and Mark Renier, KKXL-Grand Forks. Co-ordinator of on-the-spot details was independent promotion man Doug Lee, whose "Big Holer" publication is required reading in his 5 state area. He was nobly assisted by his super-secretary, 19 year old Gail Matthius.

It was a pleasure to meet for the first time many of the correspondents whom I had previously known only on the phone. I was especially happy that one of the finest and busiest men in the record business, Amos Heilicher, took time to drop in at our cocktail party for a short visit.

They're already talking about a 1977 meeting, and I hope to be there.

Sometime in the first quarter hour of each shift there's a one-minute vignette of some event of the last 50 years, ending with "and the year was ____". Listeners born in that year, on proof of date, become eligible for prizes, some quite sizeable. Station is also running a battle of the Country Giants, starting Fri. night 4/9 and ending Sun. night 4/11. Seven phones will be manned round the clock during the periods. Last year a similar weekend pulled 55,000 votes.

In Denver, R.T. Simpson (KERE) is acting as auctioneer at the annual fund raising auction for Ch. 6 (PBS).

Charlie Russell, KHEY-El Paso, tells us that the new Marty Robbins single is getting the same response from his listeners as the original EL PASO.

For April Fools Day, KGRI-Henderson, switched formats with its FM. KGRI played rock/soul and the FM-er went country. "Many interesting reactions" says Ben Noe.

KIKK-Houston running a "KIKK Pickin Time". Once an hour jock says "Hi I'm ____ on KIKK AM or FM". (They are simulcast days). Caller must respond "I pick AM 65 or I pick FM 96". If his guess is correct he wins an AM/FM radio and his name goes into a drawing for an all expense 5-day trip to Acapulco for two. Drawing will be held May 16.

KFOX-Long Beach doing a "two for one" weekend in anticipation of the new \$2 bill distribution. Listeners give one vote of confidence to the station "why I like" sort of thing, gets a chance to hear himself on the air and wins a crisp new \$2 bill.

Dave West, 7-midnight at WMC Memphis, is sponsoring an open golf tournament May 8 for the benefit of the Heart Fund. He has already secured a number of prizes and the affair is shaping up nicely.

Buddy Ray, midnight-6AM at WWVA acted as co-chairman for the Easter Seal Drive. WWVA raised the most pledges of any Wheeling media.

Mac Curtis returns to radio weekends at KFOX-Long Beach.

KEEN-San Jose very pleased with the TV commercial cut for them by Johnny Cash during his recent appearance in that city.

In Waterloo, Chuck Anderson, KXEL music director, MC'd a Sonny James and Tom T. Hall show 4/2. Spotlight artist for Country K Weekend at WIRK/FM-W. Palm Beach is Tom T. Hall this weekend.

Station thanks Epic in Miami for help with a recent giveaway.

ALBUM PAGE

Albums of the Week: (reviewed by Ron Fell) "Steppin' Out"-Neil Sedaka (Rocket) Probably the best total album (music, lyrics, production and future hits) to reach this office this year. The Sedaka-Phil Cody compositions will not only provide two or three more hit singles for Sedaka but grist for the music mills of other artists. The challenge others will face will be to produce versions of comparable quality. Top cuts include SING ME, HERE WE ARE FALLING IN LOVE AGAIN, I LET YOU WALK AWAY, GOOD TIMES..., PERFECT STRANGERS, BAD AND BEAUTIFUL, and an obvious candidate for the country charts #1 WITH A HEARTACHE.

"Wilderness"-C.W. McCall (Polydor) Proving he is much more than a T.V. Commercial Hero and a Citizen Bandido, C.W. offers some lyrics as refreshing as all outdoors. The album contains its CB/Trucking tunes his many fans would expect, but supprises include WILDERNESS, AURORA BOREALIS and JACKSON HOLE.

"Gerard"-Gerard (Caribou) Distinguishing characteristics include classic brass arrangements with strong vocal treatments. Top programming should include HELLO OPERATOR, and GOOD YANKEE BOY. Rockers should include SILVER STRINGS for consideration.

Also recommended from the following albums:

"American Pastime"-Three Dog Night (ABC) BILLY THE KID/EASY EVIL/EVERYBODY IS A MASTERPIECE
"If You Want Me"-Carolyn Franklin (RCA) DEAD MAN/YOU ARE BEAUTIFUL/IF YOU WANT ME

Bill Gavin's Personal Picks

I especially like:

- I'D HAVE TO BE CRAZY-Willie Nelson (Columbia) This classic performance of a slow, bluesy ballad places the record above and beyond any one radio format. It's just great people music.
- THE MORE I SEE YOU-Peter Allen (A&M) What a pleasure, not only to understand all the words but to hear them sung with intelligent awareness. The trumpet solo by Herb Alpert adds a special sparkle.
- LONELY TEARDROPS-Narvel Felts (Dot) This country artist started out as a rock & roll singer, and this record shows that he still remembers how. The old Jackie Wilson hit gets such a convincing treatment here that it fully qualifies for both top 40 and A-C play.
- AMERICA THE BEAUTIFUL-Charlie Rich (Epic) He paints a melting pot picture with a spoken introduction and then launches into a soaring interpretation of the song that many feel should be our national anthem. Charlie's vocal acrobatics on the final note sound too contrived, but the total effect of the recording is one of inspiration.
- YES, YES, YES-Bill Cosby (Capitol) It's a switch on the super-sweet pillow talk plot as Cosby queries his wife about the \$35 missing from his pocket, the bashed up car and finally that man "hiding in the closet wearing my pajamas".

Gary Taylor's Personal Picks

- THEME FROM "ONE FLEW OVER THE CUCKOO'S NEST"-Jack Nitzsche Orch. (Fantasy) Some may contend this is a difficult record to program - perhaps so. However, after seeing so many queuing for tickets to the Oscar (5) winning movie, one must be aware that this is certainly familiar music to the masses.
- FOOL TO CRY-The Rolling Stones (Atlantic) A super group release just in time for the ARB. It has that same feel as ANGIE with a few new hooks added for good measure.
- IT SHOULD HAVE BEEN ME-Yvonne Fair (Motown) This was a hit for Gladys Knight and the Pips (1968) ...and it cooks!

Also Possible

- TAKE THE MONEY AND RUN-Steve Miller (Capitol) GOODNIGHT MY LOVE-Christopher Paul & Shawn
- DAYDREAMER-Gino Cunico (Arista) SAIL AWAY-Nilsson (RCA) (Scepter)

Gavin's Gab

Gary Stevens, G.M. of KDWB-St.Paul/Mpls., offers the following information in answer to Rob Sherwood's letter printed here previously: "The application for KDWB's purchase of WYOO-FM was filed with the FCC at 3:00PM, March 30, 1976. The Commission advises the normal processing time on such a filing is 90 days". In the meantime, Rob Sherwood assures us, his station will continue its full schedule of promotions, public service and regular programming.

Craig Cole, music director of WSJM-St.Joseph, Mich., comments on a recent letter from Tom Mann, KPUG/KERI-Bellingham, with reference to programming against major market signals feeding into his area: "I see that he's doing what many small market stations have turned to...Since the first of the year we've been reviewing an album a night. The response at first was slow, but now we're getting so many calls asking what the feature album is (going to be that night) that it's getting hard to handle. Seems there are a lot of people interested in album product and (want to hear) what the LP sounds like before they go out and spend their money".

The WSAM April Fool's Day created quite a stir in Saginaw. During the previous week they ran spots saying: "WSAM becomes a thing of the past sometime soon". Listeners phoned the station pleading that it shouldn't change format. Then on April 1st WSAM became a thing of the past by using old jingles, old jock names and all old hits. "Again, incredible response", they report.

WGLF-Tallahassee, Fla., announces a new telephone number for promo calls: 904-224-1283. Between 1 and 3PM, E.S.T., please.

At KBZY-Salem, Ore., the new staff lineup is "Ace" Martin, Wes Ryan (PD), Eric Chase, "Rich Brother" Randy, "Citizen" Bill and Coyote MacLeod.

Wedding bells April 1st for Pam Soulsby and Dave Jarrott. Dave is PD of KNOW-Austin.

KCBQ-San Diego has distributed an "American Revolution Bicentennial" questionnaire and is referring to it on the radio as "our ARB contest". The San Diego Broadcasters Association (other than KCBQ) advises us that they have protested this promotion as "designed to influence the current Arbitron sweep", addressing their complaint to "all advertising agencies" and formally to the FTC.

In San Francisco, KYA's participation in the Easter Seals Telethon netted \$2,000, plus a \$1,000 matchup from one public spirited citizen. KYA's "Great Golden Giveaway", part of the station's 50th anniversary celebration, presented a prize of a round trip for two to South America to Ms. Eleanor Gordon, who turned the prize over to her parents.

KJR morning man Charlie Brown unofficially "opened" Seattle's new domed stadium by broadcasting his show from the fifty yard line of this 65,000 seat facility. Charlie's guest list included Seattle Mayor Wes Uhlman and station co-owner Les Smith, who is also one of the owners of Seattle's new American League franchise.

KFXD sponsored Boise's 1976 March of Dimes Walkathon March 27th, drawing over 4,200 walkers and raising over \$100,000 in pledges, making it one of the biggest per capita walkathons in the US.

In St.Louis KSLQ has a 7 foot tall "Q-Beaver" attending local functions and handing out "Position Q" bumper stickers.

On The Record

Paul Drew believes that 1976 is the year of the new recording artist. To justify his opinion, he points to the considerable number of comparative newcomers appearing in our list of the top 20 hits. He confirmed my observation (in last week's column) that during the past few months most of the RKO stations had taken the initiative in exposing a new record or a new artist, without waiting to let other stations test it first.

As Paul sees it, the radio audience is becoming impatient with the same old stars recording the same old sounds in the same old way. While listener loyalties to established favorites are still strong, there seems to be growing interest in the newcomers. Paul urges all his RKO-Radio program directors to give serious consideration to the newer crop of performers, and, if one of their efforts sounds right for the station, don't wait. Play it. If it doesn't go, take it off. Even though it was a "stiff" the public was given the opportunity to decide whether or not to buy it or to request it.

Opening up the playlist to an unproven song or artist gives the new music a special urgency in the eyes of the air staff. Someone at the station - maybe the whole staff - has probably said: "This sounds like a winner - let's take a chance". This sort of a challenge brings back some of the excitement about the music that used to be an integral part of top 40 radio but has become lost along the way in the sterile environment of "wait-and-see". It's an excitement that can't help being reflected in the air work of the staff - an added dimension in their communication with listeners, implying the thought: "We picked out this record because we thought you'd like it."

Unfortunately, many - if not most - top 40 jocks have been so format restricted in what they could say on the radio that they've mostly failed to develop the knack of selling their music. There are many ways of conveying enjoyment of music besides leaning on tired adjectives like "great", "heavy", "super" and so on. I have a feeling, too, that not by any means all the comment about a record should be limited to following its play. There are many times when the mention of the performer's name before the record adds the pleasure of anticipation to the listener's enjoyment.

The early days of top 40 radio were filled with excitement and discovery. Rock and roll, that new musical form, emerged as the exclusive property of American youth, and soon became a world wide youth symbol. Adults generally regarded this new kind of music with emotions ranging from mild disapproval to downright horror. Parents heard in it an insidious influence that could somehow corrupt or alienate their children. That rock & roll was highly controversial only added to its charm.

While it is unlikely that the old excitement and controversy about "contemporary" music will return, it appears that today there is a new kind of interest and involvement in what's happening musically. Not to be discounted are the uncounted thousands of young people who, over the past ten or fifteen years, have acquired musical instruments and have participated in groups of varying degrees of competence. Even the most rudimentary involvement in music making is bound to sharpen and refine anyone's discrimination in evaluating new music. Judging from the improving quality of the music now gaining widest acceptance, our music-oriented public is responding favorably to a new wave of creativity and talent in the music field. I believe that in the months and years to come radio listeners will respond more favorably to stations that afford them a wider opportunity to hear and judge a reasonable sampling of "the greatest of the latest" - as we used to say. Familiar sounds will probably always hold top priority, but the demand for exposure of new sounds must be recognized as a growing factor among many of today's radio listeners.

The Battle of San Diego

In a further development in the San Diego broadcasters' controversy over KCBQ American Revolutionary Bicentennial promotion, Mr. Steve Jacobs, manager of KEZL, told me Wednesday (14) that his station is withdrawing its membership in the San Diego Broadcasters Association. This action is being taken to protest a letter sent by the Association to the Federal Trade Commission, on a letterhead that carried the call letters of KEZL. Mr. Jacobs also informed me that his sales manager, Larry Shushan, was resigning as president of the San Diego Broadcasters Association for the same reasons. Mr. Jacobs stated that it is contrary to his policy, and that of his company, to interfere with any other radio station in the conduct of its business.

A call to Mr. Jim Price, manager of KGB and treasurer of the S.D.B.A., obtained the information that a meeting of the Association was called for the evening of Monday April 5 to discuss what action, if any, might be taken in response to the KCBQ promotion. The meeting was held in the conference room of KOGO, and Mr. Price recalls that stations represented at that meeting, in addition to KOGO, were KFMB, KSON, KYXY, KEZL, KPRI and KGB. As president, Larry Shushan appointed a committee, consisting of Dan McKinnon (KSON), Jim Price (KGB) and himself to meet with an attorney to determine what steps might properly be taken. The committee met with the attorney the following day (4/6) and he was asked to draft a formal letter. They were to meet the following day to approve the draft, a meeting from which Mr. Shushan was absent. Apparently the letter in question (to the FTC) was approved at that time by Mr. Price and Mr. McKinnon and was duly mailed.

According to KCBQ PD Gerry Peterson, the people at his station consider that the letters (to the FTC and various ad agencies) were not properly authorized by the SDBA, and represented actions of individuals rather than by the Association. KCBQ officials are considering the possibility of retaliation through legal channels. Gerry also said that before undertaking the promotion the station checked it out with Bill McClenahan of Arbitron, who told them that he could see nothing objectionable about it.

The copy of the letter that came to this office was in the form of a memo, addressed to "All Advertising Agencies" from "San Diego Broadcasters Association (other than KCBQ)." We have not seen a copy of the letter addressed to the FTC.

Albums of the Week: (reviewed by Ron Fell) "Wedding Album"-Leon & Mary Russell (Paradise/WB)
This album brings together an accomplished gospel rocker in Mary (McCreary) and a super writer in Leon Russell. Effective use of a synthesizer adds depth and a richness not generally associated with past Russell material. Right off the top RAINBOW IN YOUR EYES puts a smile on your face and snap in your suspenders. Other cuts of merit include LIKE A DREAM COME TRUE, YOU ARE ON MY MIND and LAVENDER BLUE.

"Rebel"-John Miles (London) Hard to believe this is his first album. Vocal delivery is clear and bold. Orchestral arrangements by Andrew Powell are as sensitive as the Miles/Bob Marshall lyrics are emotive. His current single, MUSIC (at 5:48), his last, HIGHFLY, and WHEN YOU LOSE SOMEONE SO YOUNG should be enough to "sell" the album to contemporary programmers.

Also recommended from the following albums:

"Original Soundtrack-Taxi Driver" (Arista) MAIN THEME (w/Tom Scott)/DAYS DO NOT END

Bill Gavin's Personal Picks

- - - I especially like:

- SHOP AROUND-Captain & Tennille (A&M) Capt. Dragon demonstrates unlimited creative imagination in his manipulation of pace and harmonic progressions. Toni Tennille obviously has fun singing this old Smokey Robinson song, and the total production has a joyful impact that should guarantee it top rotation on every station's playlist within the next couple of weeks.
- STILL CRAZY AFTER ALL THESE YEARS-Paul Simon (Columbia) Title song from the current album is shooting for an unprecedented hit #4 from one album.. Mr. Simon's talents as a performer-composer-producer are being richly rewarded.
- MAKING OUR DREAMS COME TRUE-Cyndi Grecco (Private Stock) Television themes are big these days in the pop music field, and this one should rank right up there with the other musical excerpts from the video world.
- I'LL BE GOOD TO YOU-The Brothers Johnson (A&M) Airplay from the album has brought spectacular phone response in a few spots. The Quincy Jones production adds dynamite to the duo's performance.
- NO CHARGE-J.J. Barrie (Buddah) Lacks some of the authentic quality of the Melba Montgomery version, but still packs a powerful impact. Single is a smash in Britain, according to Paul Robinson, who phoned us from London.
- NEVER GONNA FALL IN LOVE AGAIN-Eric Carmen (Arista) Paul Simon will have to move over just a little bit to make room for this talented singer-composer.
- SAD EYES-Maria Muldaur (Warner Bros.) We used to call this 12/8 tempo "the old soft shoe" back in the halcyon days of vaudeville. It still provides a cheerful foundation for the singer's unique song styling. (Her name is variously pronounced on the radio; is it "Mul-dair", "Mul-dour" or what?)

Gary Taylor's Personal Pick

MUSIC-John Miles (London) A great deal of talent is on display in this release. A few appropriate edits to achieve a reasonable programming length would be helpful however. All in all it's obvious that music is indeed his "first love".

Also Possible

- AIN'T NOBODY BUT ME-Supertramp (A&M)
- NEVER BEEN A MAN-Ian Lloyd (Polydor)
- LET IT SHINE-Al Green (Hi)
- BREAKIN' DOWN AGAIN-David Cassidy (RCA)
- BAD SEED-Kim Carnes (A&M)

Gavin's Gab

WIBG-Philadelphia is not switching to an A-C format. Station will continue to rock, will still carry sports, will shoot for the 18-34 audience.

KELP-El Paso - its studios - has a new mailing address: P.O. Box 12920, El Paso, Texas 79912.

WFBC-Greenville, S.C., had "fantastic" response to an old promotion - giving away a record every time it was played - had co-operation of the Record Bar store. Service: WFBC needs record service from U.A., Captiol, MGM, Mercury.(Pop-rock)

Lineup at KEYS-Corpus Christi: Eric Chase, Rob Tucker (from TV). Ron Wood (music), J.J.Stone (PD), Rusty Garrett. Weekends: Mike Prater, Johnny Salinas.

In Wichita, KLEO's presentation of the Doobie Bros. concert (a sell out - 11,000) was broadcast over the station live last Friday (9th). First time the Doobies have ever performed over AM radio.

Tom Mann, KPUG-Bellingham, says that rather than doing a featured album every night, they're incorporating one album cut per hour in their regular daytime rotation, 2 per hour.7 to midnight and 3 per hour to 6AM. To test station's demographics they presented a 1950's sock hop - over 500 people came - average age 30+ - they did the limbo, stroll, twist. Great fun.

In Cocoa Beach, Fla., CK-101 gave away "any available album in the world". Listeners named it and they could have it. Station scorned the freebie album route - went out and bought the albums at a local store. Most called for album was "Endless Summer" by the Beach Boys. Most requested artist - Elton John.

KINT-El Paso now doing its music on Tuesdays (instead of Wednesdays). J.J.Mitchell can take record promo calls on Thursdays on 915-779-6454.

WCIS-Pascagoula, Miss., switches format and call letters April 19. The country station becomes WKKY and will present a pop rock format that will include album programming. PD Nick Bazoo (from WTLX-New Orleans) desperately needs LP and singles service, especially from A&M.

Kris Hamilton, KACI-The Dalles, Oregon, is now available for record promo calls Mon.-Fri., 10AM to 2PM PST. Kris comes to The Dalles from KORD-Tri-Cities. He's PD, MD, air talent.

American Air Chexx Magazine, headquartered in Bath, Maine, offers an air check service covering twenty-five U.S. markets over a one year period. Recommended for all broadcasters who want to keep in touch with what the other guys are doing.

In Topeka, KEWI's Easter Egg Hunt will be for six plastic eggs, each one containing a gift certificate worth \$240. The KEWI basketball team, incidentally has played thirty-one games for charity this season - raised over \$6,000.

Ken Rice can take record promo calls at KAOK-Lake Charles, La. only between 10AM and 1PM CST. PD Bill Conway can't take calls while he's on the air from 2 to 5:30PM. Staff includes Ken Rice, Charlie Brown (WKI9), Conway, Terry Broussard, "Dave The Mouse". John Deaux (pronounced "Doe"). Frank Scott leaves KTLK-Denver to become manager of WRC-Washington. New G.M. at KTLK is Ray Mineo, formerly sales manager.

The KSLQ Beaver in St. Louis now has a challenger. He's the "Mellow Beaver" from K108 (KXOA/FM)-Sacramento. "Mellow" is only 6'7" but he has been prowling among local events for over a year - ready to head for St. Louis and go one-on-one with "that Beaver-Come-Lately" at KSLQ.

Gavin's Gab (continued from pg. 14...)

WORC-Worcester was instrumental in bringing about the arrest of two persons, charged with 5 counts of murder and 2 counts of arson. The charge arose out of an arson-caused fire on April 2, in which five people lost their lives. WORC announcements of a reward for "information leading to..." etc. produced a tip which was followed up by police and which subsequently led to the questioning and arrest of two suspects.

New PD at Z96-Grand Rapids is Skip Essex, formerly asst. PD at WGRD (AM) for four years. Z96 music is handled by Lee DeYoung. Others on the air staff are Dave Kent, Rick Donahue, Wayne Thomas and Bill Gamble, with Rick Beckett and Alan Todd weekends.

Promo calls to Ken Knight at WROA-Gulfport should be made after 2PM. Call: 601-832-5111.

From time to time we hear rumbles of discontent among the small army of radio job seekers who send out their tapes and resumes as requested and then wait in vain for an acknowledgement or a reply. While this is not the standard practice among PD's, most of whom are considerate of the job applicants, there's still no excuse for these occasional examples of callous indifference.

Todd T. Taylor will soon be leaving radio (WHBC-Canton, Ohio) to accept a position as Ohio State Director of The United Companies. He'll continue to act as program consultant to the radio station during an interim period.

Steve McNalley brings "McNalley's Alley" from KWJJ-Portland to KRDR-Gresham, 7 to midnight. Doug Anthony joins WUBE-Cincinnati from WKRC-Cincinnati as news director.

Jim Christoferson reports a highly successful promo at KFOX-Long Beach, built around the theme "Your Country". Listeners phoned votes for favorite country artist over a two weeks span. Tabulated list of results was offered to listeners as a special souvenir survey, complete with jock pix. Following up, there will be 25 super album prize packages consisting of one each of the top 40 artists, to be available during April. Top artist, Merle Haggard, will be awarded a special plaque in Bakersfield later this month.

Headliners at the WIRE-Indianapolis sponsored "Midwest CB Jamboree" Sunday, April 25, slated to be Dave Dudley and Cledus Maggard. WIRE'S Ken Spech and Gary Havens will also take part in the affair, featuring "the largest display of citizen's band radio equipment and related products ever assembled under one roof" - said roof being that of the Cattle Barn at the Indiana State Fairgrounds.

Women listeners to WVMJ-Biloxi chose as the "sexiest male country singer" Johnny Rodriguez. Runner up was Billy "Crash" Craddock.

Flash! Larry James, WBT-Charlotte, started playing Red Skelton's Pledge of Allegiance from a few years back. Strong favorable phones - maybe an appropriate time for a re-release?

KERE-Denver ties in its "Discover A New Country In The Rockies" promo with RCA's "Discover Country" campaign. Winner gets week's use of a 22 foot motor home. Drawing on May 10.

KHEY's give-away of an "April Pool" in El Paso last week tripled a pool dealer's business. Dealer wants to repeat next year.

Don Kennedy was elected president of the Mid-Oregon Ad Club - first such honor for anyone on the program side. (He's with KEED-Eugene.)

Al Kostors, KOTY-Kennewick, Wn., invites on-the-air phone calls from country artists. Call 509-586-4165.

KLAC-Los Angeles giving away every record played this weekend.

We note with sadness the death in Kansas City last week of Ted Cramer's mother.

Cledus Maggard guest starred for WBAM's 11th Annual Easter Egg Hunt in Montgomery. Diane Brennan West says "he certainly helped in making our Hunt a success".

The Wombly Country Music Festival, recently concluded in London, chose as best international country vocalists Marty Robbins and Dolly Parton.

Ed Salamon reports that J.J.Ramey, hired originally for music research, is now on the air weekends - could be the first black country jock in a major market.

KNEW-Oakland giving away Fan Fair trips as prizes.

New lineup at KYKR-Pt. Arthur includes Dick Davis (from KHOG-Fayetteville, Ark.) J. Love, B. Evans, Bob Shannon.

Valerie Holt, writing from the hospital in Redmond, Ore., announces the birth of her daughter, Kelly Marie, "a little 9-pound cutie" - announcement was written on her regular KPRB correspondents' report. Congrats & thanks!

Claude Akins, of TV's "Movin' On" was a special guest on Ben Peyton's show last Friday (16th) on KAYO-Seattle.

Eric Stephens, WIMD-Washington, D.C., tells us that his progressive country format is pulling 18-24 demographics - not typical of conventional country.

WIRK/FM-West Palm Beach will present Moe Bandy's first Southern Florida concert on May 12.

Album Page

Album of the Week: (reviewed by Ron Fell) "Get Closer"-Seals & Crofts (Warner Bros.) The duo's track record for clear vocals with rich harmonies remains intact with this eight cut offering. Their current single GET CLOSER (with Carolyn Willis) gives us a new dimension in their music, but most cuts like BABY BLUE and GOOD OLD BUDDIES are in the more traditional Seals & Crofts' style. Mandolin freaks should enjoy the rather jazzy PASSING THING.

Also recommended from the following albums:

Bill Gavin's Personal Picks

- - - I especially like:

BUTTERFLY FOR BUCKY-Bobby Goldsboro (U.A.) Lyric has a powerful emotional impact. We don't believe much in miracles these days, but when one happens - in a song - it renews some of our tired old faith.

I WOULD LIKE TO DANCE-Janis Ian (Columbia) Well - finally! Top song in the album emerges as a single, following an abortive attempt with less worthy material. What the composer-singer has to offer in this selection should find ready acceptance with listeners and singles buyers, as it has to discriminating programmers from the LP.

MIDNIGHT LOVE AFFAIR-Tony Orlando & Dawn (Elektra) Pleasant song, professionally arranged and produced, should find friends at many radio stations.

Gary Taylor's Personal Picks

LET IT SHINE-Santana (Columbia) That driving bass line sets in motion a strong rock record to usher in the return of Santana.

LADY OF THE LAKE-Starcastle (Epic) Vocally and instrumentally reminiscent of the group "Yes" with the same tight, clean and clear harmonies. Good record.

LOVE SONG-Elton John (MCA) From the soon to be released "Here and There" album. Originally it was on the Tumbleweed Connection LP. Lesley Duncan was the vocal accompanist at that time also. She recorded this song as a single as did Olivia Newton-John and now Elton.

(Note: see the "Gab" below for more information.)

Also Possible

CRAZY-Casino (State)

WHY CAN'T YOU BE MINE-S.S. Fools (Columbia)

PICKIN' UP THE PIECES-Lisa Hartman (Kirshner)

OH MAMA-C.M. Lord (Capitol)

YOU'VE GOT ME TO HOLD ON TO-Dave Loggins (Epic)

HIGH OUT OF TIME-Carole King (Ode)

EVERYTHING THAT 'CHA DO (WILL COME BACK TO YOU)-
Wet Willie (Capricorn)

WINNING-Russ Ballard (Epic)

Gavin's Gab

Hats off to KSAN-San Francisco for its 24 hour, commercial free special broadcast (4/10 at 10PM) on the subject of world hunger. Listeners were urged to call in to find out how they could help and results were described as "fantastic". Station logged over 500 phone calls plus over 100 cards and letters. There's obviously much grass roots concern - as there should be over world wide food shortages, hunger and starvation. KSAN will follow up the special feature with a once a week half hour series on the same subject, Monday night at 9:30, starting next month.

MCA records, in a helpful gesture to radio during a rating period, is making available, for airplay only, a 45RPM excerpt from a forthcoming Elton John album, titled "Love Song". There is no commitment that this will or will not be the next single.

Those correspondents who send us their written reports via special delivery should be advised that the postal service has increased this charge to 80¢ from the previous 60¢. We will absorb the increase until our next billing period for all subscribers who are now receiving The Gavin Report via special delivery. After June 1 the increase will be added to your quarterly statement.

Correction: A mechanical error in last week's top 40 research resulted in our listing of five records' chart positions for KHJ when they should have shown for KILT. We regret the error.

Dave Sholin, PD of K106 (KFRC/FM)-San Francisco has been stricken with an attack of gall stones and is presently in Presbyterian Hospital here, Room #538, phone 563-4321.

KEX-Portland veteran newsman George McGowan, ill since the first of the year, died of cancer Thursday (22) at the age of 60. He had been with the station since 1951. Among many historic events that George covered was the opening of massive Grand Coolee Dam, where he shared announcer duties with the late Chet Huntley.

At KNOW-Austin, the winner of the Annual Mystery Bunny Contest identified the "Mystery Voice" as that of Neil Sedaka and received a 6 foot tall stuffed rabbit and 200 Bicentennial dollars.

At WRKT-Cocoa Beach last week, they broadcast the 12th Annual Easter East Coast Surfing Festival from Canaveral Pier.

At WNCI-Columbus they presented a "Music Marathon Weekend" - no commercials, no news, nothing but music for 48 hours. "Count the records" contest paid \$1,000 to the guess nearest the actual number of records played during that period. (My guess: 960.)

Bill Early, PD of WMEL-Melbourne, Fla., says that the record promo people in his area are just great. He names Jimmy & Martha Davenport, Dan Conder, Curtis Jones and Bob Alou - all from Atlanta - and Eddie Lambert, Tom Moore, Bob Perry, Tom Scro, Ken Van Durand, Wayne Leskr, John Shonberge and "many more". From what Bill tells us there's some very exciting radio going on among the 14 signals in Brevard County (Cocoa Beach - Titusville, Melbourne).

Rod Tanner, lately of KRLY-Houston, says that now he's an executive he can use his real name - which is Tom Meade. He's manager of KOUL, a 100kw FM'er in Corpus Christi, running a progressive country format since March 27. Operations manager at the station is Albert Cox.

At WVOV-Huntsville, Ala., the new lineup presents production director Doug Shane (from KIRL-St. Louis), music director John Wise, promotion & PR director Robert John, and PD Chris Tyler, from the old Stew Robb staff.

Gavin's Gab

On Thursday evening May 20 and all day the following Friday, I'll be in Eau Claire, Wisconsin, attending the 50th anniversary reunion of my college graduating class. On Saturday (22nd) I'm hosting a luncheon meeting for any Wisconsin broadcasters who would like to join me. We're getting together at 10AM at the Holiday Inn at 1202 W. Clairemont Ave. Steve Dickoff (WEAQ), and George Roberts (WAXX) will be there, as will Jonathan Little (WISM-Madison) and Jim Schuh (WSPT-Stevens Point). It will be just an informal meeting for radio people only, which will carry on after lunch up to 5 or 6PM. Judging from our experience in Minneapolis and Austin, small, regional radio meetings of this kind provide an atmosphere that encourages a high level of spontaneous participation and exchange of ideas. Of course, broadcasters from other nearby states are welcome too, but the recent Minneapolis meeting pretty well covered the area west of the Mississippi and St. Croix Rivers. It's important that all who plan to attend let me know as soon as possible, so we can make necessary preparations for the luncheon.

KFRC-San Francisco ran a "Casino Weekend", in which listeners "laid it on the line" - up to \$10,000 on their favorite old hit. Winner was BEN by Michael Jackson and the next four in line were all Elton John songs. C.W. McCall's CONVOY wound up in tenth place - not bad for a truck.

Three consecutive Elvis Presley concerts in Atlanta were sellouts, motivating WFOM-Marietta to run a "Grab the Kings Collection" with prizes for closest guesses as to how many Elvis records were played.

KXLY-Spokane set up five terrariums side by side, each with a transistor inside tuned to 5 different stations. Turned out that the KXLY plants thrived better than the others. Phase 2 tied in with Ortho fertilizer, bringing the "wrong format" plants back up to full health. 3rd and final phase will find morning man Joe Lyons giving away one terrarium per day - with radio included - for the week. Heavy volume of mail on the promo attests the value of a long running promotion.

WFTL-Ft. Lauderdale, recognizing the large percentage of area residents who came from the areas, has been featuring entire talk shows from stations in Chicago (WIND), Boston (WBZ), Pittsburgh (KDKA), Detroit (WJR) etc. Listener response "has been overwhelming". Stations with talk shows are invited to submit them for broadcast in their entirety.

Gary Drake, PM drive man at WIFE-Indianapolis did an "air strip" for the March of Dimes, charging \$50 for each apparel item that he took off. In less than three hours he was down to his shorts and had raised \$507.54. Then the police arrested him for "public decency". (A spoof, of course)

In Pueblo, April 1 & 2, sister stations KCSJ (AM) and KDJQ (FM) teamed up for a continuous 36 hour "Talk-A-Thon" to raise money for the Cancer Society. After 37 hours and 15 minutes they had raised \$13,600, almost tripling the "take" for the campaign of last year.

WBOW-Terra Haute gave away \$250 worth of watches in connection with the change to daylight time last Sunday. Station lineup: Jim McKnight (PD), Jay Lacey (From KYJC), Barry Kent (asst. PD), Craig Riley and Larry Joseph (music). Weekenders are Bryan Thomas, Wayne Hartmann & Nate Roberts. Staff lineup at WRKT-Cocoa Beach: Jack Gregory (WQAM), Mike Lowe (CK101), J.W.Walker (KEYN-Wichita), Tom Steele (WIRK-W.Palm Beach), Chris Jackson (WGVL-Gainesville).

Texas Radio

On April 22 & 23, 110 radio broadcasters got together in Austin to talk about their mutual interests. There were no speeches, no panels, no agenda. Discussions were entirely spontaneous. I've asked for comment from some who were there. This from Charlie Van Dyke, formerly at KLIF-Dallas and now PD of KHJ-Los Angeles:

"I made my own list of prominent broadcasters who were either born in Texas or spent considerable time in Texas radio and found it to be a most impressive list of people. It seems to me that in about five years the list will be considerably lengthened and names added of people currently in the Texas radio family.

"I have never seen such total participation in a series of meetings. The honest questioning, the eagerness, openness, and desire for excellence exhibited by those broadcasters present was very exciting to me."

Here's a report from Lee Randall and John Wagner of KTSA-San Antonio:

"The surprise guest, Charlie Van Dyke of KHJ, was the highlight of the conference. Charlie is a shining example of broadcasters who have gone to the top who have their roots in Texas Radio. We think we can speak for the group in thanking him for taking interest in our seminar. We all learned much from him.

"Bill Young of KILT moderated the morning session which started off with the present state of radio. Thoughts expressed were that radio is very fragmented with a "mass appeal" station sharing audience with everyone, even country stations. A Top 40 used to compete against another station doing about the same thing. Now we compete against everyone. It is necessary to do your thing better than all the other people do their thing. Bill Young commented that there are 10 stations in Houston playing about the same hits. It is the other songs which make the difference along with entertaining jocks.

"Much discussion was given to the disappearance of the "personality jock". Young jocks are so format bound that they can't be a personality even if given the opportunity. It was said that you don't have to do jokes to be a personality. Local topicality is a good tool for personality expression on the air.

"We hit on the thought that perhaps the reason there aren't many young guys banging on our doors as before is the lack of disc jockey "star types" for the young guys to emulate.

"There was a spirited discussion of programming - sales department relations. Many there felt that sales ripped off programming in various ways. Constructive suggestions were given on ways to improve the program department's deal. Good managers are needed to keep the two departments working as a team.

"An interesting session followed on the importance of a good rapport with the chief engineer. All agreed that we can derive much benefit from taking a genuine interest in the chief engineer's problems and working with him, asking his advice rather than going in and saying that we need a particular piece of equipment.

"Our host, Bill Gavin, presented a special award of excellence to Texas broadcasters which was accepted by Wendell Mayes, president of our host station, KNOW. In his presentation, Mr. Gavin said that more top radio men come out of Texas than any other state in the nation. Speaking for all in attendance, we were touched and highly honored by this award.

"Ken Dowe of KTSA/KTFM moderated the afternoon session with Charlie Van Dyke, contributing a great deal on mechanics of $\frac{1}{2}$ hour maintenance. He introduced a new concept to winning the ARB by "cume recycling". This is the concept which Jack McCoy of KCBQ is marketing and involves moving a listener from a day-part he normally listens to a day-part he doesn't normally listen by special promotion.

"Dickie Rosenfeld, General Manager of KILT gave a scathing criticism of the ARB, attacking methodology and errors. He gave a strong endorsement of Todd Wallace's Radio Index, which utilizes a listener's preference for stations. Charlie Van Dyke gave the opinion that "good ratings radio can be good radio". We program to the ARB of necessity but that doesn't mean we are making bad radio in so doing.

"The Austin Meet recaptured the spirit of Chuck Dunaway's Galveston Meet in 1975 with a consensus that it was very worthwhile. We agreed that radio sessions are more productive if limited to radio people only with separate sessions later to include record people. Evening entertainment arranged by KNOW featured Jay Boy Adams and Rusty Weir."

Since Lee had to return to San Antonio Saturday night, he was unable to include a report on the Sunday session. This was moderated by Chuck Dunaway, PD of KFM-Dallas. Texas record people were invited to attend the portion of the meeting devoted to progressive country radio, a format used by KFM and by KOKE/FM in Austin. Chuck reported consistent audience growth in the 18-34 age bracket since KFM installed the format. He calls it a "formatted free form" system. There are four "must play" records per hour, rotated every $7\frac{1}{2}$ hours. Each hour also requires a minimum of 2 LP cuts. While the concept of "progressive country" varies from one station to another, all versions find that an extensive oldies library is essential. Although there is necessarily some overlapping in the music played by both progressive and traditional country stations, it does not appear that they are competing for the same audience.

Joe London, from WIBR-Baton Rouge reports that he taped all the sessions and is willing to make dubs available on request. He writes: "Please send a stamped, self-addressed envelope and the tape also".

In addition to Baton Rouge, out of state registrations came from Shreveport and Norman, Oklahoma. It was an exciting, stimulating experience and set a high standard for our other regional meetings which will follow.

Job opening: WIRK/FM-W. Palm Beach needs personality air talent. Tapes and resumes to Billy Stewart, Box 3828 W. Palm Beach, Fla. 33402.

Service: KXEL-Waterloo needs product from RCA and Caitol.

Dugg Collins, KDJW-Amarillo, reports that the Bob Wills celebration drew a big crowd again this year. Unfortunately, "Sleepy" Johnson, piano player for Wills years ago, who worked the afternoon outdoor concert with his old friends, died on stage of a heart attack at the end of the concert. Mr. Johnson was 67.

The "Pair in the Air" for WUBE-Cincinnati came down from their nest Sun. 4/25 after finishing the required 28 days. Johnny Bridges says media coverage was excellent and, best of all, after nearly a month of listening only to country music they liked it and WUBE was a "good friendly station".

WRK-Cleveland holding a John Denver weekend with LP giveaways. Denver does 2 shows 5/11 at the Coliseum - both sold out in advance.

KHEY-El Paso giving away Elvis tickets during housewife time. His June show is already almost a sellout.

Bob Young, WMC-Memphis tells us that his afternoon man, Phil Conner, got a call for help Sat. 4/24 from a couple who wanted to get married and couldn't find a preacher. Phil located one and the couple tied the knot Sat. night.

This year the Memphis song writing seminar sponsored by WMC will be replaced by a live show from the studio with guest writer/artist Tom T. Hall on hand as a visiting expert. Date is May 4.

Don Williams made an official member of the Opry 4/23.

WKCQ-Saginaw giving away a brand new 1976 camper. Listeners are given daily clues to guess the final destination of the "Q Camper", somewhere in Michigan. "Follow the Q Route".

Steve Snell now doing regular air shift at KEEN-San Jose under the name of Steve Scott. Cottonseed Clark has moved to Sat. AM where he does a nostalgia feature.

Billy Stewart, WIRK/FM -W. Palm Beach, thanks Glen Campbell for phone interview on the Country K Sunday night artist's spotlight feature.

KNGS-Hanford revamping its library. Needs oldies - catalogue replacement plus more recent gold.

Bill Robinson, WIRE-Indianapolis, expresses concern about record length. With the economy so much improved many stations are again happily sold out, or close to it, which creates a problem in programming records of the length of Bobby Bare's or Jimmy Dean's. He says he's aware that the consumer is getting a bargain but it's very hard to play the longies in drive time.

WQQT-Savannah placed numbers for prizes inside plastic eggs for Easter weekend, hid the eggs and gave out clues to the listeners. Stu Wright says he gave a clue at 1 AM Sat. and a half hour later got a call from a property owner wanting to know what all those people were doing at his pond at that time of day! Promotion went over even better than expected.

WWOK/WIGL-Miami will present a "Country Cruise" on the tss Mardi Gras, Sept. 5. Ports of call are scheduled to be Nassau, San Juan and St. Thomas. Artists Hank Williams, Jr., Billie Jo Spears, Karen Wheeler, David Rogers and Nat Stuckey are to be aboard as entertainment.

Dates for Fan Fair this year are June 9-13. Registrations are already near the 10,000 mark.

With the signing of HB 1230, Colorado becomes the 42nd. state with an anti-piracy law. Is yours one of them?

ALBUMS

Album of the Week: (reviewed by Ron Fell) "Here and There"-Elton John (MCA) Any new Elton John album is an important event. Side one, recorded at London's Royal Festival Hall in the presence of Princess Margaret is politely received by the few thousand in the audience. HONKY CAT and LOVE SONG distinguish the side. The other side (in more ways than one) recorded before 20,000 Madison Square Garden "fans", gives us the usually dynamic E.J. at his best. ROCKET MAN, BENNIE AND THE JETS and TAKE ME TO THE PILOT give "Capt.Fantastic" another successful album. Although this offering will satisfy a demand for an Elton John album we look forward to new material in the future.

KSTT-Davenport sponsored a Cerebral Palsy Walkathon (4/24), which found 2000 people walking in the rain and which raised over \$30,000.

KHOW-Denver gave away 200 tickets to the recent Elvis Presley concert - ran Wink Martindale's "Elvis Presley Story".

WIFI-Philadelphia asked listeners to phone in and see how many LP's they could name - title and artist - in 10 seconds. Some winners hit an incredible 14! Phones were hot all weekend, reports T.J. Lambert.

Lineup at KGIL-Los Angeles (San Fernando): Dennis Regan, P.D. Rick Scarry, Billy Moore, Tom Brown, Jerry Butler, Chuck Cecil, with Johnnie Darin weekends.

WDBQ-Dubuque ran an April Fool switch on the "We play favorites" game: the jocks played their own favorites - everything from Tuxedo Junction to the Sound of Music to the Eagles. Excellent response showed listeners enjoyed the change from the standard diet of current and old hits. Bill Gavin's Personal Picks

- - - I especially like:

I.O.U.-Jimmy Dean (Casino) Too sentimental? Too long? Fast "burnout" from repeat airplay? Yes, but radio listeners and record buyers don't care about things like that. Right now, this record is causing more excitement on the phones and in the stores than anything that has come along since C.W. McCall's CONVOY.

TODAY'S THE DAY-America (WB) The group's vocal harmonies are a joy, and the arrangement makes effective use of their skills. Material is above average, also.

DON'T THROW IT ALL AWAY-Gary Benson (Private Stock) Newcomer provides pleasant listening in a well produced side. He could emerge as an important new talent discovery.

Gary Taylor will not be making any picks this week.

Also Possible

ELEANOR RIGBY-Wing & A Prayer (Wing & A Prayer)	RAIN, OH RAIN-Fool's Gold (Morning Sky)
FANTASY-Cilla Black (Private Stock)	LIPSTICK-Michel Polnareff (Atlantic)
YANKEE DOODLE DANDY-Paul Jabara (A&M)	I ALWAYS SEEM TO WIND UP LOVING YOU-Madeline
IF YOU THINK YOU KNOW HOW TO LOVE ME-Allan Clarke (Asylum)	Bell (Pye)

Inside Progressive Radio

by George Meier, Editor of "Walrus"

Emphasis airplay in progressive radio is dwelling on several expected artists, including Wings, The Doobies, Led Zeppelin, and Santana. The Outlaws are doing well too, but they don't seem to be gathering the same level of enthusiasm gotten with their first album. Both Les Dudek and The Pousette-Dart Band have introduced themselves well, getting solid initial radio support. Some negative feedback from the concert trail is an unhappy sign for Les Dudek.

The real radio story is the surging acceptance of Nils Lofgren, the rebounding strength of Boz Scaggs and the advancing movement of both Genesis and Thin Lizzy. Kingfish shows a strong power base in the West.

New releases getting immediate response predictably are The Stones, Leon & Mary Russell, America, and Seals and Crofts. In addition to which Rock Roberts' new group, Firefall, shows immediate strength filling in a smooth country rock gap. J.D. Souther's new solo effort is getting good general play too. Of regional interest is response in the South to Michael Pinder's album; he is a member of the Moody Blues who solos for the first time. Both Steve Goodman and Wailers jump off well in the Northeast. Finally, the Don Harrison Band, on the strength of "Sixteen Tons" could do well.

On the retail side, the story remains the emergence of Peter Frampton and the resilience of Fleetwood Mac. Explosive response to the new Marvin Gaye, the radio-stimulated growth of Nils Lofgren and the excitement behind a group out of nowhere called Heart is food for the near future.

Opinion:

Currently the overriding reality with which progressive radio must deal is the massive output of albums. Well over 300 LPs, having some relevance to the format, have been issued in the past eight weeks. Though it causes problems, one of the benefits of this expanding mass is that it contains some sumptuous musical choices.

Leading the way is the Rolling Stones LP, which busts at its seams with great music. Breaking all rules of artistic unity they touch down at several black music ports. Disco, jazz, straight R&B and flat out Rolling Stones all combine to distinguish the Bad Boys again.

The titillating news, with implications for the future, is carried by Bob Marley and the Wailers. The record points to the inevitability of the building reggae music influence. This spreading reggae essence is further evidenced by its presence in new albums by Joe Cocker, Herbie Mann, Taj Mahal, The Stones, and Martha Velez, the latter being produced by the leader himself Bob Marley.

Finally, we cannot let the new America album go without comment. It is slick and progressional but not in a league with the masterful Hearts LP. Another George Martin production.

(Editor's note: Comments by George Meier will be a weekly feature in The Gavin Report. His information is based on regular reports from over 200 progressive radio stations and retail stores.)
