

THE GAVIN REPORT #1167
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: STAR WARS/CANTINA BAND-Meco (Millennium) Seldom does a record make such impressive jumps. Our research shows an increase of 13 to 5 in chart averages with 71 top 10 listings.

Sleeper of the Week: THE KING IS GONE-Ronnie McDowell (Scorpio/GRT) As a rule, a release this new does not warrant a headline. However, the immediate phone response in Nashville (WMAK, WLAC), Stockton (KJOY #3 req.), and Los Angeles (KFI #1 req.) is noteworthy.

Hot: SIGNED, SEALED, DELIVERED-Peter Frampton (A&M) Listener acceptance was firmly established through heavy airplay from the album.

Top Tip: DAYTIME FRIENDS-Kenny Rogers (United Artists) The August 5th "Top Prospect" continues to climb at a consistent pace.

Record to Watch: DON'T IT MAKE MY BROWN EYES BLUE-Crystal Gayle (U.A.) A #1 Country Hit. Top 15 on the A-C page and heavy Top 40 airplay. Granted, most of the chart numbers are in the Texas area, but it is definitely spreading.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Album Views

Carlos Santana elevated guitar melodies to the spiritual while Jimi Hendrix liberated his axe. The discovery this week is the playing of Eddie "Smeero" Hazel. A nominal member of the Parliament-Funkadelic looney bin, his first solo album soars and sings combining the contributions of his formers into a new and exciting configuration. He is at least a ghee whiz! on a scale from okay to incredible.

Several albums bunch together as a group in which each album contains an impressive element or two.

Charles Mingus, like the Grateful Dead, rises from the sixties with a very contemporary effort featuring guitarists Larry Coryell and Phillip Catherine. Mingus' melodies capture the ear. Another turnabout is accomplished by Crawler. After the untimely death of Paul Kossoff and a change of name from Back Street Crawler, they manage to generate a fresh and super rhythm feel a la Little Feat. With the vocals of Terry Wilson Slesser and a few delicious melodies they have become very attractive.

On the more eccentric side, the crazed visions of Hirth Martinez and the ethnic festival given us by Ry Cooder are notable. Neither album is destined for gigantic commercial success but both do a mighty job of entertaining charmingly.

Finally, an import of distinction requires a mention here. As if Woody Allen had suddenly gone macho, Elvis Costello stands astride his Lp cover ready to take us all on. He does. You've got to love this Elvis-bespectacled rock 'n' roll audacity.

Albums of the Week
(reviewed by Ron Fell)

"At the End of a Perfect Day"-Chris De Burgh (A & M) An Englishman who's disdained the pomp and percussion often associated with his contemporaries, De Burgh has come up with a real musical masterpiece. Produced by Paul Samwell-Smith, "At the End of a Perfect Day" is a romantic set of eleven delicately arranged serenades. Our troubador is particularly engaging on cuts such as: BROKEN WINGS, ROUND AND ROUND, I WILL, IN A COUNTRY CHURCHYARD, A RAINY NIGHT IN PARIS and PERFECT DAY. A "must listen" album.

"Dance Band On the Titanic"-Harry Chapin (Elektra) One of the few successful artists in this decade who commands primary attention to his lyric rather than his melody line. The Chapin magic combines a great knack for storytelling with a keen sense of melody. The nearly seventy minutes of music on this two record set ranges from the silly to the serious, with a noticeable emphasis on the latter. Like an iceberg, the majority of that which is Chapin lies below the melodic surface. Cuts such as: DANCE BAND ON THE TITANIC, MY OLD LADY, WE GREW UP A LITTLE BIT, I DO IT FOR YOU JANE, I WONDER WHAT HAPPENED, PAINT A PICTURE OF YOURSELF, MISMATCH and ONE LIGHT IN A DARK VALLEY (written by Harry's Grandfather) make for a successful musical cruise.

Also recommended from the following LP's:

 "Sneakin' Suspicion"-Dr. Feelgood (Columbia) SNEAKIN' SUSPICION/TIME AND THE DEVIL/YOU'LL BE MINE/MAMA KEEP YOUR BIG MOUTH SHUT
 "Toulouse"-Toulouse (Image) IF YOU EVER NEED SOMEONE/APB/TONIGHT I FEEL LIKE DANCIN'/WHAT WOULD MY MAMA SAY

Gary Taylor's Personal Picks

STARTED OUT DANCING, ENDED UP MAKING LOVE-Alan O'Day (Pacific) His successes as a writer are many. Perhaps that is the reason he can offer such a good commercial piece of music. HEARTBREAKER-Strawbs (Oyster) It comes as no surprise that the group has been together for a decade, when you consider the highly professional caliber of this rock release. Musically and rhythmically reminiscent of other earlier British groups.

Gavin's Gab

Bill Ford, formerly P.D. of KUGN in Eugene, Oregon, has been named Operations Director of WCAR in Detroit. Golden West Broadcasters recently acquired WCAR. Bill will take over on September 12.

Tony Booth, who used to be P.D. at KBBC-FM in Phoenix, is now Group P.D. for the Gilcom Group, with stations in Pennsylvania and West Virginia and headquarters in Altoona, Pa.

Don Durden moves from sales to general manager at KWIC in Beaumont, replacing Terrell Metheny. Ron Rogers and Buddy Van Arsdale, P.D. and M.D. respectively at KZYM in Cape Girardeau, will take the same positions at WAKC in Normal/Bloomington, Illinois. WAKC recently switched its format from country to Top 40 and requests record service.

At KEX Portland, Promotion Director Dave Ashton leaves to join TM Productions in Dallas. His replacement at KEX is Pam Roberts. Also, newsman Ty Flint leaves KEX for the news department at KVI Seattle. Ty's replacement is Arnie Mason.

Vicki Tietz, Music Director of WOKY, Milwaukee, will be married September 10 to Lou Roberts of WCAO, Baltimore. The couple will make their home in Baltimore.

Dave Darin of KCRA, Sacramento tells us that Continental Broadcasting Co., owners of WGN in Chicago, has, pending FCC approval, bought KCRA and KCTC/FM, also in Sacramento.

The folks at KFXD in Boise proudly point to their Arbitron numbers which show the station with #1 cumes, total persons and teens, as well as #1 average 1/4 hours in the 18-34 and 18-49 groups.

In Waco, KRZI's Captain Banana (P.D. Mike Lucas) will raise money for the muscular dystrophy fund by selling 1,580 bananas at \$1 apiece. Captain Banana will of course, be attired as a banana. Crazy! (which, of course, fits the call letters.)

KWSL sponsored a back-to-school music festival in downtown Sioux City last week, featuring a day long "Battle of the Bands." First prize was \$500 worth of sound equipment.

A Call Letter Change-- WOWL in Muscle Shoals becomes WBCF.

Music Calls to: Tom Hutchinson, WJBQ in Baton Rouge, Mon.-Fri., 9 AM to 1 PM.
Mark Thomas, WBRG in Lynchburg (804-845-5916), Mon.-Fri., 2 to 4 PM.
Mike McDonald, KIXS in Killeen, Tx. Mon. and Wed., 3 to 5 PM.

Effective September 1, Gary Taylor has taken over as Managing Editor of THE GAVIN REPORT. He will be responsible for editorial content and office management. I will continue on as publisher and will attend our two remaining regional conferences in Portland and Louisville, as well as any that may be planned for 1978.

We're happy to announce that our new country music editor will be Elma Greer, formerly assistant P.D. and M.D. at KSFO. Even though Elma never worked directly in country radio, she always managed to include the best of the country records on the KSFO playlist. She'll be making a trip next week to visit country stations in Los Angeles, San Bernardino, Houston, Dallas and St. Louis. Elma's assistant in our office will be Lisa Smith, who--appropriately enough--was born in Nashville.

Our own Betty Hollars has presented husband Rod with a brand new daughter, Deidre Janet Hollars, born Sunday, August 28 at 4:09 PM. Deidre weighed in at 7 lbs., 3-1/2 ozs. She joins sister Kiersten, who will be two on November 22.

Substituting for Betty as Black Radio Editor will be Robyn Bebbington, who comes to us from KRE AM/FM in Berkeley. Robyn is an honors graduate of the University of California Journalism Dept.

Nobody should get the idea that I'm retiring, at least not for quite a while yet. Once free from editorial deadlines I'll be able to travel more, visiting radio friends around the country. But I'll still be in close touch with Gary and our office staff.

Stay Well

THE GAVIN REPORT #1168
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: KEEP IT COMIN' LOVE-K.C. & Band (TK) Very possibly a number one record.

Sleeper of the Week: SEND IN THE CLOWNS-Judy Collins (Elektra) Originally a Broadway show tune. It's on an older album entitled "Judith" and has been recorded by many artists. This version started in Denver (#10 at 96KX). There's a positive response in Topeka (KEWI), Lubbock (KSEL), and Augusta (WBBQ). Beautiful song.

Hot: YOU LIGHT UP MY LIFE-Debby Boone (Warner Bros.) Moving up rapidly. Most active respondents initially are upper demo females, and it spreads from there. Looks good.

Top Tip: SHE DID IT-Eric Carmen (Arista) Programmer confidence in the record is reflected by a marked increase in airplay this past week (see page 8).

Record to Watch: JUST REMEMBER I LOVE YOU-Firefall (Atlantic) On: WAKY, WIFE, WNDE, WRKO, 130 and many others. Chart numbers for the most part are in the 20's. Good jumps in St. Cloud, Topeka, Duluth and Albany, Ga.

Gavin's Gab

At KYJC, Medford, P.D./Morning Man Jerry Allen started out to do a hundred hour one-man marathon to raise money for the muscular dystrophy fund. He started out Tuesday morning (23rd), broadcasting from a local shoe store. At 4:30 Saturday morning he was hospitalized with lung congestion and exhaustion resulting from eighty-two hours at the mike. But twelve hours later he was back on the air to finish out his assignment. Total pledges at midnight came to \$14,811, \$5,000 of which had come in during the final five hours. Congratulations to the folks of the Rogue River Valley and to Jerry Allen for his gutsy performance. (KYJC, incidentally, ranks #1 in adults in the spring Arbitron, both metro and total areas.)

Ken Dowe announces that the new program director for KTSA, San Antonio will be Scott Christenson, who comes from WEAQ, Eau Claire, where he was Program Director and Music Director. Ken also tells us that Trigger Black, his FM P.D. is leaving to take over the P.D. job at WAKY, Louisville.

Claude Hall sends along a copy of his book, "This Business of Radio Programming." It's fascinating reading for any radio buff, and packed with information for the student. Claude has drawn richly from his many years as radio editor of Billboard and from the many personal contacts that he has established. The book should be on every radio station bookshelf, alongside Roget's "Thesaurus" and SRDS.

J. Robert Wood, P.D. of CHUM, Toronto, writes that another of his jocks is being assigned to a programming position at another station in the company's chain. Every P.D. in the group has been promoted from within the organization. So now CHUM is looking for a young, natural sounding jock of major market calibre. Bob tells us that the starting salary is higher than that paid by most U.S. top 40 stations.

Ron Eric Taylor reports from KOFM, Oklahoma City that his station went commercial free for 26-hours last Sunday (4th), providing time for a dance marathon at a local shopping center, benefit for the muscular dystrophy fund. Music provided by the KOFM Mobile Music Machine.

Our old friend Dave McCormick surfaces this week from CFMI, New Westminster, B.C., after a prolonged absence, to tell us about his hour long "Discumentaries." These are music theme shows, covering the period from 1955 to the present. His station has been running three of these shows per day, with notable audience acceptance. They're now in a position to syndicate the series for the U.S. and Canada. Write Dave for a sample at 815 McBride Plaza, New Westminster, B.C., V3L ZC1.

Record folks please note the mailing address for FM/KVI. It's 400 N.E. 45th, Seattle, Wash. 98105. Frank Colbourn is P.D.

Music Calls: to Mike Edwards, WISE-Asheville, Tuesday or Thursday 3 to 5 PM
Michael O'Malley, WONS-Tallahassee, Wednesday 11 to 1, Thurs. & Fri., 1 to 2
Frank Colbourn, FM/KVI-Seattle, Monday 9AM to 1PM, & 3 to 6 PM.
Randy Reeves, WAGQ-Athens, Ga., Mon.-Fri., 10 to 2 PM, (404) 546-7350

Regional Meetings

Where? Louisville

When: October 1 & 2

Hotel: Galt House

Registration: \$25.00 each. Three or more from one station - \$20.00.

Includes lunch on Saturday and cocktails Saturday evening. Only radio people may register for the three discussion sessions (Saturday forenoon and afternoon and Sunday forenoon).

No registration forms to fill out. Make out your checks to The Gavin Report and mail them to this office, giving us your name and station. Be sure to give us all the names of those being registered, if more than one from any station (In other words, don't just write: "myself and three others"). We need to make out badges in advance.

We've just received word that Jack McCoy will be with us as our guest, ready to tell you what you've always wanted to know about Arbitron, but were afraid to ask.

As we go to press we're looking forward to our Portland meeting (Sept. 10 & 11), where a record 121 advance registrations have been made. All four Golden West stations are sending representatives, and there'll be three from KFRC-San Francisco. Welcome, all!

Country Club (cont'd. from page 6)

Dave Jacobs proudly reports from WWNS-Asheville that his station's Arbitron share of audience hit 41.4% in this nine station market. He claims that's the biggest share shown by any country station in the U.S.

From KGEM-Boise, Paul Rider reports that Mel Tillis played to 22,000 people at the Western Idaho State Fair September 1. KGEM sponsored a fifteen minute corn eating contest at the fair. Speaking of Mel Tillis, he and his Statesiders will do an 8PM show October 5 at the Jamestown, (N.D.) Civic Center, presented by KSJB.

New Music Director at KHEY-El Paso is Ray Potter, formerly with XEROK, and prior to that with KFJZ-Ft. Worth.

Dick Davis has been promoted to P.D. at KYKR-Pt. Arthur, replacing Bob Shannon.

Larry La Buz comes to Spokane from Oklahoma to join the staff of KXXR.

Rick Luquette breathes a sigh of relief as hurricane Anita by-passed KTIB-Thibodaux, La., where the staff was working 18 hours a day to meet the threatened emergency. Rick notes that the next big blow now building up in the Gulf will be known officially as "Babe," which is also Rick's pet name for his wife! (Update: "Babe"--the storm--proved mild.)

A unique prize offered to some lucky listeners by CFGM-Toronto will be an extra day off from work.

Jeff Green replaces John Kukla as P.D. at WOCK-Warner Robins. (Jeff, please use the new, longer Action Report form.)

In Eugene, Oregon, KEED auctioned four T-shirts on the air, raised \$61 for the muscular dystrophy fund.

At WINN-Louisville, the Ronnie McDowell single debuts at #1! First time a #1 debut in the station's history, comments Bucks Braun.

Randy Lee, KPOB-Pueblo, thanks all those who provided posters and other goodies for giveaways during the Colorado State Fair. "A huge success," he says.

New lineup at KUEN-Wenatchee: Rex Cory, Randy Wells, Tim Scott.

Music calls to Larry James, WBT-Charlotte, Tuesdays, 3 to 6 PM.

Note from Bill: During this week Elma Greer has visited KLAC-Los Angeles, KCKC-San Bernardino, KENR & KIKK-Houston, KBOX-Dallas and KVOO-Tulsa. That's a crash course in country radio. So that's why I surfaced again as substitute editor of this section. Elma will return to the office Monday (12th) to resume her regular position as Associate Editor.

Inside Progressive Radio
 (by George Meier, Editor of Walrus)

Established Progressive Airplay
 (In Order)

- Crosby, Stills & Nash
-
- Yes
- Grateful Dead
-
- Steve Winwood
- James Taylor
- Alan Parsons
- Firefall
-
- Heart
- Steve Miller Band

Notes: Fleetwood Mac dropped out last time and Frampton's airplay dipped here. Both continue to have retail life and now that the preferred track on Frampton's album is out as a single, anything is possible. Everything in this list with the exception of The Grateful Dead seems to have settled at its peaks. Radio's response to The Dead reflects the revitalized artistic direction contained in their new Lp. Only the midwest is cool to their Lp. Andy Pratt is notably stronger in the northeast than anyplace else. While Ted Nugent is conspicuously stronger in the midwest than he is anywhere else.

New Progressive Airplay
 (In Order)

- Animals
- Crawler
-
- Eric Carmen
- Commander Cody
- City Boy
- Elvin Bishop
- Ry Cooder

Notes: The intensity of airplay on even the top Lp in this list is not that overwhelming. Radio's judgement, as indicated by the dividing line, seems to respond accurately to the better music. Not shown here is the Stillwater Lp which leads the south in new album airplay.

Singles & Imports

Singles: Top singles by the Doobie Brothers and Thin Lizzy lead a short list which includes Carly Simon, Ram Jam, Sparks and Kate Taylor.

Imports: Genesis' EP and Sex Pistols' single are now rivaled by a new and promising artist named Elvis Costello. Elvis C's career may be held up because of the death of his namesake. The Vibrators, one of the better punk bands, also do well.

The following in preference order, are new tracks which are finding their way to air:

- | | |
|-------------------------------|---|
| Elvin Bishop-TRAVELIN'S SHOES | Ry Cooder-SCHOOL IS OUT |
| Commander Cody-7/11 | Ry Cooder-SMACK DAB IN THE MIDDLE |
| Animals-JUST A LITTLE BIT | Stillwater-MINDBENDER |
| Elvin Bishop-FOOLED AROUND | Commander Cody-DON'T SAY NOTHIN' |
| Commander Cody-MIDNITE MAN | Ry Cooder-ALIMONY |
| Animals-BROTHER BILL | Crawler-STONE COLD SOBER |
| Animals-...BABY BLUE | Mylon LeFevre-GOODBYE MISS SADNESS |
| Elvin Bishop-SURE FEELS GOOD | Charles Mingus-THREE OR FOUR SHADES OF BLUE |

Gary Taylor's Personal Picks

WE'RE ALL ALONE-Rita Coolidge (A&M) This is a tasteful rendition of the Boz Scaggs song. Perhaps it will repeat the success of her HIGHER & HIGHER.

FROM HERE TO ENTERNITY-Giorgio (Casablanca) Very similar to the current Donna Summer release (he produced both), so much so that it could spark the same reaction.

Also Possible

BABY COME BACK-Player (RSO)
LOVE IS ON THE AIR-Larry Henley (Epic)
I'VE NEVER BEEN TO ME-Charlene (Prodigal)

SWEET WINE OF LOVE-Robin Trower (Chrysalis)
I'VE BEEN SPUN-City Boy (Mercury)
GIVE ME SOME TIME-Bo Donaldson & The Heywoods/
(Playboy)

On the Record

In this week's "Hall Radio Report," Doug Hall reports a discussion that took place at a Northeast Regional Radio meeting, held recently in Providence. He noted that several speakers (not Radio People) urged the radio programmers to "help the record companies" if they hoped to obtain record service, free albums for prizes and commercial spot schedules. In his closing paragraph, "Signing Off," Mr. Hall wrote: "Whether it is legitimate or not we strongly question the wisdom of playing records to win record companies' favor in providing service, money for promotions, or ad schedules. As we see it, the only reason any station should ever play any record is because the P.D. believes it will help the station build and hold an audience."

Amen to that! Since its earliest days, this publication has urged programmers to remain strictly independent of record company favors. We have always opposed such obligation builders as free albums for giveaways, the handing-out of gold records, tying airplay to a spot schedule, or all expense junkets to places like Hollywood and Las Vegas. Today's conflict of interest in radio does not involve payment for the airplay of any one record. Today's conflicts of interest are subtly concealed in an excess of favor giving, with the object of promoting, not a particular record, but the promotion person himself. The line between what is legitimate and what is excessive is dimly drawn and variously interpreted by different individuals. Today's major market programmers are mainly too professional to be influenced in their music selections by feelings of obligation to promotion people or their companies. They can accept--and some few may actually expect--special entertainment and services without becoming biased in any particular direction.

Small market programmers have different problems. Their number one need from the record people is adequate record service. Record people are increasingly telling these small stations that they will receive free promotion records only if they report to one of the trade publications. Since the smaller markets generally offer the best testing ground for new product, there is growing promotion pressure on smaller station programmers. From time to time we hear of an overly aggressive promotion man becoming actually abusive and threatening in his phone calls to certain small station programmers. On the other hand, some programmers go overboard in their demands from record companies--free albums, free concert tickets, artist appearances, and so on.

Fortunately, radio in general is operated by professionals. These are people who take pride in their jobs and work whole heartedly for the success of their stations. They can be polite and good friends with record people without risking a subdivision of their loyalties. Conversely, we note a constantly rising level of professionalism among record people. Naturally they want to be liked, to build genuine friendships with radio people, to be happily accepted and welcomed at the radio station. But they don't try to buy such acceptance with material gifts or fawning attentions.

On both sides of the radio record fence there's a strong sense of professional pride and self-respect. Neither side has any innate obligation to the other. Each side has its own unique objectives and sometimes these may be in conflict. When this occurs, there shouldn't be attempts to influence with either coercion or special favors. The record business doesn't need "help" that badly.

WCAR-Detroit, recently acquired by Golden West Broadcasters, will switch to a personality radio format in about three weeks. The station's music library was practically destroyed by a flood, and there is urgent need for currents and gold, LP's and singles, all sources.

Mailings to Operations Manager Bill Ford, 18900 James Couzens, Detroit, Michigan 48235.

Welcome to Kara McCoy, first child born to Cindi and Mark McCoy, September 9. Mark is with KYSN-Colorado Springs--or will be as soon as he comes down from the clouds.

In Columbus, that body you saw suspended by the heels 100 feet in the air belonged to Tyler, the 7 to midnight jock at WNCI--a topsy turvy way to raise money (\$2-3,000) for the United Way.

In Miami, 96X threw a free concert at the Virginia Key Beach Labor Day Weekend. Acts included Stephen Bishop and George McCrae; drew a crowd of between 35,000 and 50,000.

In Terra Haute, WBOW presented a 16 hour dance marathon. Fifty couples entered, eight finished, no breaks or time outs. Raised \$2,000 for Muscular Dystrophy fund. Station worked with WTWO-TV to raise an additional \$102,000.

In San Francisco, KSFO P.D. Vic Ives is looking for a "Creative Communicator". Tapes and resumes to Vic at 950 California Street, San Francisco 94108.

Carolyn Metheny, Promotion Director for KAAV-Little Rock, specializes in "Clue" contests, as well as other creative contests and promotions. She could take on a few free lance assignments for stations in non-competitive locations. Phone: 501-661-1090.

In Miami, over the Labor Day Weekend, Y100 held a Stadium Dance. Over 7,000 fans danced to the music on the Y100 sound system. The station held a Van contest, giving away the old van--the \$20,000 "Y Roller" to the person submitting the winning name for the van. K.C. and Leif Garrett presented the van to the person who submitted the name, "Hot Y'er."

Tim Daniels has left KJAS-Jackson, Mo. to purchase the Kendall-Lee Recording Studio in Cape Girardeau, which he has renamed The Lemon Puppy Sound Studios.

In Santa Barbara, KSEE (KC148) celebrated a 16th birthday September 1 with a sweet sixteen birthday party. They featured golden oldies from the 1960's. Overwhelming audience response on the phone and in the flowers and messages. Some enterprising youngsters put together a "blue ribbon" out of paper and Scotch tape.

Inside Progressive Radio

(by George Meier, Editor of Walrus)

As the summer slump comes to an end we have a number of albums which engender mild feelings, positively and/or negatively. Nothing to get sweaty about.

On the mildly overcast side are several albums, by names big enough to instill high expectations. To old hippies, Donovan was a magic man; many of them would like him to find the handle again.

This album continues the search.

Tanya Tucker's new album shifts gears. She had been moving toward a pleasing country rock formula. Now she has taken an MOR side road.

Much touted Eric Carmen takes himself too seriously and Dennis Wilson seems to have hidden in a cocoon of overproduction on his first solo album. Todd Rundgren's Utopia has syphoned off its specialness in a recording that lacks discipline.

On the bright side there are some new names. Classy Chris de Burgh writes eloquently and is recorded that way. Patrick Moraz combined the power of Yes, a band he used to play in, and strong melodies, to gain favor.

The single "Black Betty" by Ram Jam has excited interest in this dynamic rock band. Their potency jumps off the record. Also City Boy and Iggy Pop with David Bowie's inspiration and talent, score nicely with solid material as their base.

The jazz scene gives us another tasty album from the prolific Keith Jarrett. Playing with his regular touring band forces him to musically edit himself; a good thing.

Finally, a powerful performance by country-rocker David Allan Coe puts the rhinestones where they belong.

Albums of the Week
(reviewed by Ron Fell)

This week saw an unusually large number of great albums making their way to our office. To choose among the eight listed below would be a disservice to the artists who have provided really exceptional material for consideration.

Dwight Twilley's "Twilley Don't Mind" (Arista) should make up for the unconscionable lack of airplay received on his last LP. Twilley is a journeyman rocker who has paid his dues and should reap a healthy share of airplay with this one. Bob Welch, one of the many alumni of Fleetwood Mac, whether consciously or subconsciously, has found a sound reminiscent of Steve Miller. Welch's "French Kiss" (Capitol/EMI) is a solid, richly arranged "commercial" album. Charlie Rich once again teams with producer Billy Sherrill, and the net result is one of Rich's finest albums. The first side of "Rollin' With the Flow" (Epic) is a masterful collection of moody songs, skillfully arranged to tap Charlie's unique singing style. The mysterious Klaatu returns with more Beatle-ripoff material, but no one has done it better since our lovable Liverpoolians broke up. "Hope" (Capitol) continues in the cosmic vein of the last album with lyric which is bound to cause many of us to scratch our collective heads Stan Laurel-style. The real surprises in this gathering of great albums comes from the Muscle Shoals Horns' "Doin' It to the Bone" (Ariola) and Dr. Hook's "Makin' Love and Music" (Capitol). The MSH offer a sound really not based on horns but on some rather funky vocals and rhythm tracks. The good Doctor will catch many programmers off guard with a set of flat-out rock and roll, but the change in direction was just what the Doctor ordered. A lot of pre-release hype preceded the Babys' "Broken Heart" (Chrysalis) and the Peter Townshend/Ronnie Lane "Rough Mix" (MCA) LPs. In both cases the enthusiasm and expectation generated was not misguided. The Babys have made significant improvement on this, their second album. "Broken Heart" should set aside a prejudice associated with their first album that they might be superficial "glamor rockers". This is meaty, resonant rock throughout. The Townshend/Lane duo creates a set of eleven songs far removed from their Who/Small Faces roots. Basic music (over easy), programmable lengths (medium rare), make for a well done album.

Gary Taylor's Personal Picks

- CALLING OCCUPANTS OF INTERPLANETARY CRAFT-Carpenters (A&M) Many stations aired the original so the tune should be familiar. The arrangement however, is totally different, imaginative, and acceptable for various formats.
- HOW DEEP IS YOUR LOVE-Bee Gees (RSO) A song of such quality will probably be recorded by many artists in the years ahead...and that is the finest of compliments to the writers.
- ISN'T IT TIME-The Babys (Chrysalis) I like this. The overall concept of the producer is in total balance with the artist and the lyric. The flow from gentle to energetic is a work of art in itself.
- SHE'S NOT THERE-Santana (Columbia) Carlos and Company provide us with a palatable update of the great Zombies tune with just enough of that famous guitar work to satisfy the Santana buffs and the hard core rock fans.
- STONE COLD SOBER-Crawler (Epic) The most commercial release we received this week.
- YOU SAY YOU LOVE ME-David & Gail (GRT) This left-field choice suffers from a dated arrangement and yet provides enough entertainment that it could attract airplay.

Also Possible

- GONE TOO FAR-England Dan & J.F. Coley (Big Tree)

Help!

He has served four years of a ten year sentence in Georgia State Prison. He's eligible for parole, but it depends on his having a job to go to when he gets out. To work in some other state, that state's authorities must accept his parole. North Carolina has already done so. But the job, which was offered last March, was later filled by somebody else when red tape held up his parole papers.

We're talking about Steve Hunter. Bachelor's degree in special education. Master's Degree in Mass Media Communications. Last job was morning jock on WGOW-Chattanooga. Reference there is Rome Benedict, 615-756-6141. A member of Mensa. Past President of prison chapter of Jaycees, rated the #1 chapter in the whole state. Convicted and sent up for a careless and impulsive sex indiscretion. No previous police record. Model of good conduct in custody. Any station hiring Steve could be sure of a loyal and dedicated employee. Bona fide job offers should be addressed to : State Board of Pardons & Paroles (copy to:) Steve Hunter
Ref. Steve Hunter, D-16203 Georgia State Prison
800 Peachtree, N.E. Box 71048 M3
Atlanta, Georgia Reidsville, Ga. 30453

Offers from a North Carolina station, where Steve has already been accepted for parole, could be processed for his release within three weeks. Offers from other states would take longer for the authorities to accept his parole. Inquiries directly to Steve should be mailed to him at the address above.

THE GAVIN REPORT #1170
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: YOU LIGHT UP MY LIFE-Debby Boone (Warner Bros.) Our August 19 "Sleeper" is unquestionably the fastest moving record of the year!

Sleeper of the Week: None. All the movers seem wide-awake this week.

Hot: THE KING IS GONE-Ronnie McDowell (Scorpio/GRT) Rapidly moving up many charts, yet it apparently will be short-term with rock stations.

Top Tip: JUST REMEMBER I LOVE YOU-Firefall (Atlantic) Correspondents report positive call-out response (18-35 Male and Female). Looks good, looks consistent.

Record to Watch: WE JUST DISAGREE-Dave Mason (Columbia) This Bill Gavin "pick" has survived a long and careful watch--fourteen weeks on our Page One.

Sunday, October 2nd

- 10:00 AM Third Session.
Moderator--Jerry Melloy (WHAS-Louisville).
- 1:00 PM Adjourn.

We urge all P.D.'s to persuade their managers to attend. In each instance where the managers have joined us we have received enthusiastic reports of new understandings and smoother interdepartmental relations. Such has also been the case where sales or engineering or news have become involved. While the focus of our meetings is radio programming, we relate to all phases of radio broadcasting.

One of the most critical areas in radio today concerns the many new experiments in music research that are now being tried as substitutes for the old style weekly surveys of singles sales, which are steadily decreasing.

We'll have with us Jack McCoy, the creator of "The Last Contest" and one of the nation's leading authorities on Arbitron and how to cope with it.

We're hoping to welcome broadcasters from the Carolinas, Georgia, Alabama and Tennessee, as well as from Illinois, Indiana and Ohio. The only complaint we've ever had about our regional radio meetings, was that they didn't last long enough. These face-to-face, unstructured sessions have generated exchanges of information and ideas that are unprecedented in our experience. All formats have shared in the discussions. We'll welcome country, adult, progressive and black radio, as well as Top 40. Be there if you can. You'll be glad you did.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

- Grateful Dead
- Crosby, Stills & Nash
- Yes
- Firefall
-
- Alan Parsons
-
- Steve Winwood
- James Taylor
- Styx
-
- Steve Miller
- Be Bop Deluxe

Notes: Among the leaders in this batch of records are Crosby, Stills & Nash, Yes and Steve Miller, who are in a slow fade. It seems that they have peaked. On the other hand, The Dead, Firefall, and Be Bop Deluxe are climbing at a steady, gradual pace. Regionally, Geils gains its strength from the north east, Neil Young from the south and Supertramp from the midwest; The Animals are getting strongest radio support in the west. But they are noticeably weak in the midwest.

New Progressive Airplay
(In Order)

- Doobie Bros.
-
- Hall & Oates
-
- Utopia
- Linda Ronstadt
-
- Foghat
- Chris Hillman
- Heart-MAGAZINE

Notes: Hall & Oates start off significantly stronger in the north east, reflecting their homebase. Linda Ronstadt's showing is significant for the future because the LP was released when this information was being gathered. Doing as well as she did, indicates massive initial response. Heart's Little Queen is showing slippage just as the Magazine LP is being released. That battle will be a journalist's delight and a participant's nightmare.

Singles & Imports

Singles: Carly Simon's new single leads the way, followed by Thin Lizzy and Ringo Starr. Other significant singles include those by Kate Taylor, Art Garfunkel and Ram Jam.

Imports: The two dynamic imports are both new wave (punk) artists--Elvis Costello's LP and the Sex Pistols' single lead the way.

The following new tracks are penetrating progressive air in this order:

- | | |
|--|---|
| Ram Jam-BLACK BETTY | Utopia-LOVE IS THE ANSWER/ABANDON CITY |
| Eric Carmen-SHE DID IT | Donovan-LOCAL BOY CHOPS WOOD |
| Foghat-I JUST WANNA MAKE LOVE TO YOU/
FOOL FOR THE CITY | City Boy-RUNAROUND |
| Eric Carmen-MARATHON MAN | Cheap Trick-DOWNED/I WANT YOU TO WANT ME/
SO GOOD TO SEE YOU |
| Foghat-SLOW RIDE | Utopia-WINDOWS |
| Pure Prairie League-AMIE | Dennis Wilson-PACIFIC OCEAN BLUES/RIVER SONG |
| Rhead Bros.-WOMAN OF SOUL | City Boy-YOUNG MEN GONE WEST |

Albums of the Week
(reviewed by Ron Fell)

What we have here are three very prominent acts and two from the sleeper category, all of whom have found that special level of excellence which distinguishes them from the rest of this week's releases. Randy Newman's "Little Criminals" (Warner Bros.) continues in the same vein as "Good Old Boys", meaning a dose of Joplinsque ragtime blues and a few sarcastic and sagacious commentaries all wrapped-up as the title may imply in 12 short, peculiarly arresting cuts. The Rolling Stones' "Love You Live" (Rolling Stones Records) recorded in Paris and Toronto, captures, in full stride, the rock world's foremost band. The album will provide an important perspective on the evolution of live entertainment paralleling Sinatra, Presley and the Beatles. Steely Dan's "Aja" (ABC) represents a significant milestone in the fusion of rock and jazz. Complete with CTI-style packaging and Phase Four liner notes, the Becker/Fagen Steelys maintain their singular vocal technique while integrating instrumental charts worthy of the finest jazzmen.

From the less notorious category come Network's LP (EPIC) and Larry Jon Wilson's "Loose Change" (Monument). Network is a new rock group with roots in the old Barnaby Bye group. While they borrow the Hall & Oates style to some degree, they accomplish a more "pop" sound with richer harmonies in their vocal tracks. Larry Jon isn't exactly a rookie in the recording game but much of his previous airplay was limited to country stations. "Loose Change" is certainly more accessible to A/C stations and his fluid baritone voice will give your whoofers plenty of exercise.

Cuts recommended from the above Albums of the Week:

Randy Newman-SHORT PEOPLE/CAN'T FOOL A FAT MAN/JOLLY COPPERS/I'LL BE HOME/RIDER IN THE RAIN

Gary Taylor's Personal Picks

GONE TOO FAR-England Dan & John Ford Coley (Big Tree) Initial airplay verifies programmers' confidence in the artists' mass appeal.
 YOUR SMILING FACE-James Taylor (Columbia) One of the many outstanding cuts from an exceptional album. The advance play may preclude a "pick", but its quality deserves a mention here.
 FAIR GAME-Crosby, Stills & Nash (Atlantic) The rhythmic intro implies that something special is about to happen--and it does. Nothing complex or overly involved, just music at its best.

Gavin's Gab

Eric Norberg, P.D. of KEX-Portland, tells us that Golden West Broadcasters are initiating steps to purchase KQFM-Portland. They hope to complete the acquisition by year's end. So they're interested in receiving applications from contemporary personalities for consideration when the transfer of ownership has been approved. They'll also need a "program administrator," who will report to Eric. "Wide open to people with talent and intelligence."

Jim Keating, G.M. of WCAU/FM-Philadelphia reports his pleasure at his station's #1 ranking in the 18-34 bracket, AQH-Metro. Their morning drive slot is occupied by a young lady, Anita, who also holds the #1 rating in the 18-34 bracket at that time. (And Anita only entered broadcasting last year.) Interesting to note that of the four top-ranked stations in the 18-44 bracket, three are FM'ers-WYSP, WMGK and WCAU/FM.

Scott Walker, Chris O'Neil and Reggie Blackwell are grateful to the many jocks "from coast to coast" who contributed their phone calls to help make the Guest DJ Weekend such a big success at WLOF-Orlando. They were especially delighted with the number of major market jocks who called.

The largest crowd ever to line the banks of the Brazos River in Waco watched 132 rafts compete in KRZI's "Great Raft Race." A local Parks & Recreation official estimated the crowd at more than 30,000. Station later auctioned bananas at \$1 apiece, and Captain Banana appeared on local TV to present over \$1,950 to the Muscular Dystrophy fund committee.

At WBTR-Carrollton, morning man Bill West presents his "Armenian Drop 40," asking listeners to vote on the records they don't want to hear. Bill imitates Casey Kasem (American Top 40), calling himself Casey Cash-ew. Biggest winner (loser) last week was the Floaters single.

For sale: A mobile broadcast trailer--air conditioned, carpeted, P.A. and electrical system, Gates board and turntables. Call Ed Seeger at KRIG-Odessa 915-332-6871.

In Lafayette, Indiana, on August 29, WAZY/FM upped its power to 50 kw. They simulcast their AM's Top 40 programming 6 AM to 6 PM, then go with an album rock format. P.D. Pat Leaby cooked up a contest to promote the FM, offering as first prize a \$1,200 stereo system.

KSJO-San Jose announces a new weekly series of live broadcasts from various clubs and halls around the San Francisco Bay Area.

Roger Carpenter, P.D. of WHSB-Alpena, Michigan, tells us that his station needs better record service. Record mailings should be addressed to him at 121 Water Street (Zip 49707.)

Michael Purcell, new sales manager at KEYE-Fresno, was hired away from WNBC/TV-New York.

Previously he had been with WNBC Radio and with WCBS-FM. He says he's glad to be back home in California.

Larry and Shawn Ahrens (he's morning man at KBCD-Roswell) sent out cards announcing "two new releases"--Ryan Wilson (7 lbs., 12 oz.) and a twin sister, Whitney Dru (6 lbs., 10 oz.).

Congrats!

Correction: Kurt Hansen, of WAVZ-New Haven, tells us that Michael St. John moved from WSAR-Fall River to WHCN-Hartford, and not to WAVZ, as we had erroneously stated.

Change of Call Letters: KSAQ-San Antonio is now KZZY. Address--GPMS Tower, Plaza Level, San Antonio, Texas 78216. Phone (new number) 512-349-3275. Record companies and distribs please note.

Bob Goode has moved from WSAI-Cincinnati where he had been music director, to take over the P.D. job at WROK (AM) and WZOK (FM), Rockford. He replaces Dave Hamilton who has moved to KAAV/KEZQ-Little Rock.

Gavin's Gab

From the KHOW publication in Denver we learn that the morning team of Charley and Marti are really on the move. They originated four shows from the Kaanapali Beach Hotel on Maui, along with afternoon personality, Hal Moore. On October 2nd both Charley and Marti race each other around the world, each one traveling in opposite directions. It's also a scavenger hunt, and at each of their stops they phone the station to learn just what item they're supposed to bring with them from that spot. Listeners send in post cards with guesses as to what day and time each one will return. Winning entry receives a trip for two to anywhere in the world.

On Monday night, December 6, 1976, the Oakland Raiders defeated the Cincinnati Bengals 35 to 20. As a result, the Pittsburgh Steelers made the playoffs. There had been some speculation in Pittsburgh that the Raiders, who already had their division locked up, might prefer losing to the Bengals so that they wouldn't have to take on the Steelers in the playoffs. Matter of fact, Myron Cope, sports director of WTAE, declared publicly that if the Raiders won over the Bengals, he'd swim the Monongahela River. So, last Thursday he did just that. (Good man! I can't even pronounce it.)

Jefferson Stone, production director of WIRK-West Palm Beach, has put together a 40 minute "spooky tape", to be used in the "Haunted House Campaign" for the March of Dimes. Any station that wants a copy can have a dub for free, providing that they send along the necessary blank tape or cassette. Write P.O. Box 3828, West Palm Beach, Florida, 33402.

San Francisco Bay Area residents annually contribute items for public TV station KQED to auction as a principal means of raising operating revenue. Last June, the Ming Quong Children's Center of Los Gatos was high bidder--\$8,100--for a 40 minute movie, produced by KNBR and starring air personalities, Frank Dill, Mike Cleary and Carter B. Smith, along with 200 listeners who had been selected from the "KNBR Might Make You a Star" contest. The movie, titled "The Day of the Tuffett" (or, "The Curds and Whey We Were") will premiere Tuesday, November 29 at San Francisco's War Memorial Opera House. KNBR has given the movie a "G" rating for "Gross." It's being shown to raise money for the Children's Center, with the house scaled from \$5 to \$35.

Carol Singer has resigned her music director position at WRKO-Boston. She tells us that she leaves with the highest regard and respect for WRKO. She plans to remain in some branch of the music business and will let us know when she decides.

Rosie Guevera has resigned as music director of KHJ-Los Angeles. She plans a brief vacation and will announce her plans for the future when they develop.

The resignation of Rosie and Carol Singer in the same week was coincidental.

At the Oklahoma State Fair, Oklahoma City, KOFM gave away numerous items, including tags for small children, which read, "If I'm lost, please take me to the KOFM Broadcast Booth so my mom and dad can find me." Attendance at this year's fair was estimated at 1-1/2 million.

In Lewiston, Idaho, a jock from KRPL will engage a jock from KRPL-Moscow in a marathon contest to see which one can remain on the air--awake--the longer. Started at 10 AM, Thursday September 29. They hope to break all existing endurance records (or fall asleep trying.)

WHUT-Anderson had a "Star Wars Weekend," giving away posters, T-shirts, walkie-talkies and whatnot. The folks at KEYN/FM-Wichita tell us that their sister station, KBUL, will change format from country to rock.

There's an excellent job opportunity for the right man at WSIX-Nashville. P.D. Don Sullivan is looking for a young, mature, intelligent air personality. Tapes and resumes to him at 441 Mufesboro Road, Nashville, Tennessee 37210.

An item in one of the national trades was a bit premature in announcing that I had observed my 70th birthday with friends in New York. Truth is I'm going to--October 6th. Following our Louisville meeting I'll spend a couple of days in northern New Hampshire (North Conway to Intervale) looking for autumn leaves. Down to New York on Thursday and then on to Nashville for the big country music festival the following week. Then I'll pack up all my dirty laundry and fly up to Minnesota (Brainerd and Cross Lake) to visit my in-laws, Beth & Orval Nelson. Back in the office, October 20th.

Johnny Cash will host the Annual CMA Awards Show at Opryland, 8 PM, Monday, October 10th. As previously, this television special will be sponsored by Kraft. The show presents the winners of Entertainer of the Year, best single, album, song, male vocalist, female vocalist, duo, group, instrumentalist and so on. The ever-growing public affection for country music is demonstrated by the yearly increases in audience shares for this TV feature, which last year out-rated all competing programs in its time slot. The program, previously one hour in length, will be lengthened this year to ninety minutes.

The Monday night telecast from the beautiful Opryland Auditorium, kicks off a week long series of special meetings, awards banquets, receptions and stage shows, all honoring the brightest achievements--and achievers--in the past year's country music. The CMA will hold its quarterly board meeting and will present its annual all star show and banquet Friday night, October 14th, at Nashville's Municipal Auditorium.

It was my great privilege to attend the first CMA banquet and show eighteen years ago as the guest of the legendary Steve Sholes. Memorable highlights of that show were the performances by Homer & Jethro, Chet Atkins and Grandpa Jones. I also recall with special pleasure that the following evening Steve took me backstage at the Grand Ole Opry and introduced me to some of the top country stars awaiting their turns on stage for this famous WSM broadcast. I'll never forget the scores of "little old ladies" (and younger ones as well) coming down the aisles to the edge of the stage just to snap flash camera shots of their favorite stars. I'll be there again this year, along with our country music editor, Elma Greer. I look forward to visiting many good friends and to hearing some of the very best in country music, live and in person.

Albums of the Week
(reviewed by Ron Fell)

- "The Stranger"-Billy Joel (Columbia) Another in a long line of inspiring albums from "Piano Man". While he has developed a strong following among reviewers and his cult-following has grown steadily as a result of his constant touring, his airplay has lagged disproportionately behind. There's a real treasure of past Joel material sitting somewhere collecting dust. "The Stranger" is an excellent example of the kind of music he has been putting out. It's new music, cut in styles derived mainly from these earlier albums. JUST THE WAY YOU ARE is probably the one exception and probably the album's high point. Other successful cuts include MOVIN' OUT (the new single), SCENES FROM AN ITALIAN RESTAURANT, SHE'S ALWAYS A WOMAN and THE STRANGER.
- "Baby It's Me"-Diana Ross (Motown) An elegant album. Foresaking the strobe flash and the kleig lights long enough to make an album, the multi-talented Ms. Ross has teamed with producer Richard Perry to make an album of a quality uncommon to both. ALL NIGHT LOVER and GETTIN' READY FOR LOVE have an updated Supremes sound and her versions of Bill Withers' THE SAME LOVE THAT MADE ME LAUGH and Stevie Wonder's TOO SHY TO SAY compare favorably to the originals. Tough to single out just a few cuts from an album with no bad ones.
- "Eddie Money" (Columbia) The energizing and ebullient Mr. Money makes a smashing debut with this album. The San Francisco Rock Scene has been quiet lately, with the exception of Pablo Cruise, but a recent immigrant from the east coast, Eddie Money, might just turn things around. BABY HOLD ON is, without a doubt, the strongest album cut on any of the sixty or so albums listened to this week, and with supporting cuts like TWO TICKETS TO PARADISE, WANNA BE A ROCK AND ROLL STAR, SO GOOD TO BE IN LOVE AGAIN and GOT TO GET ANOTHER GIRL, Eddie's gonna be in the money.
- "Point of No Return"-Kansas (Kirshner) Side one is a bold and staccato musical assault with gymnastic rhythm and keyboard arrangements which cast our midwestern heroes as musicians who must possess classical as well as mathematical backgrounds. If R2D2 were to go to a disco he'd surely request cuts like PARADOX and THE SPIDER. Side two rocks in more terrestrial style, as represented in LIGHTNING HAND and SPARKS OF THE TEMPEST. The sleeper cut, DUST IN THE WIND, is unusually simple yet attractive.
- "Passages"-Carpenters (A&M) Their success has come from a teen and plus 25 demographic base, and while "Passages" will do little to attract that middle ground, this is none the less their finest in quite a while. Imaginative production, a careful selection of songs and just a splash of humor give it the winning edge. ALL YOU GET FROM A LOVE SONG, SWEET SWEET SMILE, TWO SIDES and Klaatu's CALLING OCCUPANTS should pull the lion's share of airplay.

Also recommended from the following LP's:

Gary Taylor's Personal Picks

HARD TIMES-Boz Scaggs (Columbia) The artist's wide acceptance is well demonstrated by an album that sold six million copies.

SLIP SLIDIN' AWAY-Paul Simon (Columbia) He has a musical insight that few possess, masterfully shown, simply and subtly in four minutes and 43 seconds.

ALL I WANT IS YOU-Andy Pratt (Nemperor) In a week of exceptional new releases (there are 19 listed on this page) this one must be acknowledged for its unique and original musical ideas.

SERPENTINE FIRE-Earth, Wind & Fire (Columbia) Writers and reviewers often reach for superlatives to describe what is exciting to them, but no reaching is necessary to state that this record is outstanding.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Overview

We all appreciate a really insightful radio programming mind when we run across it. Likewise, in the programming of an artist's career, true insight is something to be admired. The brand new Linda Ronstadt album is notable because of the great tactical wisdom which guides it. While the musical beauty of Simple Dreams is almost a foregone conclusion, it is the delicate midcourse correction in the LP's sound which one marvels at. Her past four or five albums have all been glossy productions, on the folk-MOR side. Most decision-makers would not tamper with a successful formula. But, it was time for a shift. This LP drops the orchestrations in favor of an open, spacious back-up for the ballads. Linda's pretty voice cuts the air with sometimes a simple piano or guitar accompaniment. To cap it, three out-and-out rock and roll songs, reminiscent of her Stone Poney origins, finish-off and punch-up the recording. Just the right thing, at just the right time, these masterful maneuverings are bound to keep Ms. Ronstadt a hot artist.

Further, the nice surprises ledger includes the reformation of Small Faces. Leader Steve Marriott and band have developed a natural, blues-related sound and have married that with a few exceptional melodies.

Some more well-turned-out efforts include Harry Chapin's two-record set, Hall & Oates' best-produced album and Heart's best all around effort, Magazine.

Both Gentle Giant and Rush make significant adjustments in their approaches. Giant has become more accessible and less intellectual, while Rush has cleaned up their slushy rock to become a respectable power band.

Finally, the Doobie Bros. deliver a shallow album for a giant band. A few fine songs aren't enough. While Klaatu takes itself so seriously that you might think that someone had compared them to the Beatles.
