

THE GAVIN REPORT #1197
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: IMAGINARY LOVER-Atlanta Rhythm Section (Polydor) This has blossomed just in time for the spring Arbitron.

Sleeper of the Week: LOVE IS LIKE OXYGEN-Sweet (Capitol) An additional two weeks of research is needed to verify the records "hit" potential, but at this stage of development it looks positive (see page 7).

Hot: WITH A LITTLE LUCK-Wings (Capitol) The structural simplicity of McCartney's music is the foundation of his creative genius.

Top Tip: WEREWOLVES OF LONDON-Warren Zevon (Asylum) Apparently it pays to be different, at least for this novel release which jumps 41 to 29 in chart averages.

Record to Watch: FLASHLIGHT-Parliament (Casablanca) Strongest rankings come from: WHYY (1), WSGA (1), WBBQ (1), WHBQ (2), 96X (6), Y100 (8), WMET (9), and WQXI (11). Several correspondents report #1 requests (mostly teens); however, many are waiting for further signs of mass acceptance.

*Top New Add: SHADOW DANCING-Andy Gibb (RSO) The Gibb pattern is familiar - 75 adds in 3 days.

Adult Contemporary Programming
(Associate Editor, Ron Fell)

Most Active: WITH A LITTLE LUCK-Wings (Capitol) No great surprise to anyone, except that it has reached high rotation status at KHOW, WTMJ, KSFO, KNX/FM & WOMC so soon.

Worth Watching: GOD KNOWS-Debby Boone (Warner Bros.) Eighty percent of the stations playing the new single are playing BABY I'M YOURS but some calculated hunch play by KHOW, WFYR, KEX, and a few others may lead to alot of flip side play.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay

(In Order)

- Jefferson Starship
- Warren Zevon
- Little Feat
- Jackson Browne
- Atlanta Rhythm Section
- Journey
- Eric Clapton
- Robert Palmer
- Billy Joel
- Sea Level
- Bob Weir

Notes: Starship zooms to the top, lead by gigantic numbers in the South. Ironically, they are weakest - though still strong - in the West, their home base. Other regional notes of interest show Zevon's strength in the Northeast, and Jackson Browne, with a relatively old LP, hangs on because of the slow-to-change South and Midwest. Atlanta Rhythm Section and Sea Level maintain their southern base.

New Progressive Airplay

(In Order)

- Jimmy Buffett
- Renaissance
- Charlie
- Jerry Garcia
- Patti Smith Group
- Robert Gordon

Notes: Of the new albums, Jimmy Buffett starts strongest. This is a good sign for him, yet not necessarily a bad sign for the others. Initial response to albums is often colored by the time an LP is received vs. the time reports to trades are made and by uneven distribution caused by everything from the U.S. Mail to plain inefficiency.

Singles: Top singles are by Wings and the Patti Smith Group. They are followed by Bonnie Tyler, War and the Tom Robinson Band.

Imports: The hottest import record has already been released domestically. Elvis Costello is comin' on. He is followed by Brian Eno, Nick Lowe (both released here now) and Bill Bruford.

The following new tracks are capturing the air:

- | | |
|---|---|
| Atlanta Rhythm Section-IMAGINARY LOVER/
CHAMPAGNE JAM/NOT GONNA LET IT BOTHER ME | Jimmy Buffett-MANANA/CHEESEBURGER IN PARADISE/
SON OF A SON OF A SAILOR/LIVINGSTON SATURDAY NITE |
| Ian Dury-SEX & DRUGS & ROCK 'N' ROLL/WAKE UP
& MAKE LOVE TO ME | Renaissance-NORTHERN LIGHTS |
| Michael Franks-WHEN THE COOKIE JAR IS EMPTY/
WRESTLE A LIVE NUDE GIRL | Charlie-SHE LOVES TO BE IN LOVE/L.A. DREAMER/
LIFE'S SO CRUEL |
| Maria Muldaur-I CAN'T SAY NO/CAJUN MOON | Outlaws-GREEN GRASS/HIGH TIDES/HURRY SUNDOWN |

Gavin's Gab

The Last Big Draw

WLLL-Lynchburg's remote for the Cancer Society on April 1st featured an oversized ashtray manufactured especially for the occasion by the Lynchburg Foundry. On "Kick the Habit Day," listeners were asked to bring their supply of unsmoked cigarettes to Pittman Plaza and discard them in the ashtray. Four feet deep and ten feet wide, the receptacle was made of aluminum and filled with an ignited bed of charcoal. The cauldron torched a lot of tobacco that day, Tony Love said.

WSPT-Stevens Point, Wis., sponsored a remote for Cancer Education that also encouraged community members to quit smoking. The local Cancer Society supplied literature and an informative film, while doctors on hand offered instructions and advice and ex-cancer patients talked about their experiences with cancer. People were asked to help friends stop smoking and \$500 was given to the person who brought in the largest supply of cigarettes taken from someone they had persuaded to quit. The fourth annual event emphasized education and no donations were solicited.

Mountains of Cash and Prizes

Y100-Miami is offering \$75,000 in cash and prizes throughout April in their "Stick-It" contest. Listeners spotted with the Y100 stick-it on their car can win the grand prize of a 1959 white Silver Cloud rolls, dubbed "rock 'n' rolls," or other prizes like a 30-foot boat, vacations in the British Honduras, the Bahamas and New York. Air talent, Jo Weitz, known as the "Y-onic" woman, drives around Miami in the station van wearing a costume of tights, cape and boots, spotting listeners with Y100 stick-its on their cars.

KRZI-Waco, half-way into the 1978 edition of their "Money Button" contest, has already used well over the total number of buttons given away last year. In the town of 110,000, 60,000 buttons have been distributed at sponsor locations. Since the station calls its jocks the Banana Bunch, one being Captain Banana, the buttons read "\$1580 KRZI button--I've gone bananas." The button spotter drives around and presents \$25-100 to people wearing buttons. Also, when button bonus records are played, callers can win \$50. The promotion will climax with a \$1580 giveaway at the end of April.

Don Benson at 94Q-Atlanta reports that after only two days, the station received 1000 entries for their "Stereo-a-day Giveaway." Callers who respond when their names are called can win a component stereo system with a total of 20 systems being awarded during the next three weeks.

KZUE-Oklahoma City just completed its "\$10,000 Winning Combination" contest in which one couple won a list of prizes that included a two bedroom apartment rent-free for a year plus a waterbed and a video recorder. Out of 25 given combinations, contestants had to choose the correct series of numbers to win.

Country Club

KFAT-Gilroy is paying the public to listen? The "big bucks" giveaways and contests run during Arbitron surveys are excessive and overdone, according to up-front KFAT. To make up for it, the station is sending 25¢ checks to anyone who mails in a self-addressed envelope. (Actually, if the cost of stamps is considered, participants will lose by a penny.)

A group of 500 sports fans at a recent Indiana Pacers game stood up at half-time and became a country kazoo band under the direction of WFMS-Indianapolis. This unusually large and talented band of listeners accompanied local recording artist Tommy Wills.

WHOO-Orlando created a "World Series of Country" promotion when Larry Gatlin, Crystal Gayle, Tom Bresh, Eddie Rabbitt and Jerry Reed appeared at Disney World on April 1st. Listeners picked an artist, predicted a play such as "single," "double" or "homerun" and then went to bat. If the station's simulated game play matched their pick, the player won a book of tickets good for admission and rides at Disney World.

Pledging for the annual CFGM-Toronto Variety Club Bike-athon is well underway. Listeners sponsor their favorite announcer in a 32 kilometer race on ten speed bikes. Proceeds go toward the Club's work with crippled children. A drawing after the race determines the winner of a trip to Nashville with their favorite CFGM personality.

Nashville residents will find their dollars have doubled in value at WKDA's "Fifty Percent Off Fair" this month. In the Municipal Auditorium, the station has arranged for sponsors and local merchants to offer their merchandise at half-price, for one full day. While helping boost consumer confidence, WKDA jocks will give away belt buckles and T-shirts.

An over-abundance of water in Harlan, Ky., allowed WFSR to hold a carwash for the local Volunteers for Flood Control. The jocks washed 70 cars from 10 AM to 4 PM and raised \$300 for the organization.

WYTL-Oshkosh has just started their second annual "Sign Contest" that requires listeners to make signs that include the station's call letters and frequency. Participants generally post the signs on their houses or in windows but one was spotted attached to a horse! Creators of the best signs win such prizes as a vacation in Las Vegas, a color TV and a ten speed bike.

KATR-Eugene is treating its listeners to classic episodes of "Gunsmoke" and "The Lone Ranger" at 6:30 PM, Monday through Thursday.

Pat O'Neill, M.D. at KKEE-Rochester, sent an interesting comment about the apparent controversy surrounding the programming of two versions of LAY DOWN SALLY. His thoughts:

"Everytime I turn around I notice a little controversy on the record LAY DOWN SALLY. Country stations claim Sovine's is "Solid Country" and refuse to play Clapton's version because of his name, or there is disagreement between G.M.'s and P.D.'s as to what version they should be playing.

"I think they are both good records, and good for our country station. If the country audience prefers Clapton's over Sovine's, who am I to argue? THEY decide what we play! The country audience has shown acceptance of crossover records, obviously, and has remained loyal to the country artists who have crossed over; Dolly, Kenny, etc.

"I don't buy that the listener is too easily confused by two different versions of a song on the same station. Consequently, KKEE is playing BOTH versions of LAY DOWN SALLY.

"I would guess the same will happen with the release of Dolly Parton's TWO DOORS DOWN, with arguments on if it's country enough, or if country stations should stick with her current country release. Again, I think she's got a good pop record AND a good country record out now, and I see no reason why KKEE shouldn't program both! We are!"

We'd welcome other comments from our readers on this subject.

Albums of the Week
(reviewed by Ron Fell)

"Bare"-Bobby Bare (Columbia) One of the most lyrically potent country albums in recent memory. Cuts like BIG DUPREE and GREASY GRIT GRAVY offer side-splitting laughs while TOO MANY NIGHTS ALONE and FEBRUARY SNOW are about as pensive and melancholy as Bobby has ever done. All the afore mentioned songs came from the pen of the incomparable Shel Silverstein and if you add cuts like THE GAMBLER and FINGER ON THE BUTTON and get Waylon and Willie and Chet Atkins to join the sessions you've frosted one hell of a cake.

"So Full of Love"-O'Jays (Philadelphia International) All of the elements are here. Three of the finest singers in the business, a posse of excellent producers and arrangers: Gamble & Huff, Thom Bell, Jack Faith to name a few, and a batch of just right songs. BRANDY, STROKETY STOKE, USE TA BE MY GIRL, SING MY HEART OUT and THIS TIME BABY are "superfine".

Gary Taylor's Personal Picks

SHADOW DANCING-Andy Gibb (RSO) It is doubtful that any one family has ever dominated music to this extent. In fact, if it continues we may be moved to establish a new headline: Gibb of the Week.

SO HARD LIVING WITHOUT YOU-Airwaves (A&M) Ron Fell heard the first 15 seconds and said "hit". Being more conservative, I waited until they started singing. The thought and planning behind the overall effect is apparent from the beginning; however the proof remains with radio and its listeners.

Seattle Meeting

The response to the Seattle regional meeting, one of our largest ever, was exceptional, and it all began when Bill Moyes talked about research. He described how a professional research organization could conduct its research either by telephone or by in-home interviews. Careful study and experience among trained research specialists have developed techniques and refinements of questioning that could not be duplicated by untrained broadcasters. The questions reveal listener attitudes and preferences that can guide the station in overcoming its programming weaknesses. The professional researcher must be scrupulously accurate and must throw out any interviews or questionnaires which appear distorted or unreliable. Stations can conduct their own call out music research, but it is chiefly valuable for its ability to detect burn outs, he said. Number one tuneout factor on rock radio is a burned out record.

We got into automation. Someone raised the possibility that if radio follows its current direction, in a few years it would be automated and run by computers. This provoked an animated discussion. The consensus that emerged was that technology can never completely replace the human element in radio.

There was considerable discussion of the changes in adult oriented radio. Many of these stations duplicate a large number of the records on the rock lists. It was pointed out that with the rock music getting softer and A-C's moving in the rock direction there was a big gap between the A-C's and the beautiful music formats, a gap that once was filled by artists like Andy Williams, Perry Como, and Ray Conniff.

Mike Davis, PD of KYTE-Portland brought along an entire computer system - the kind with the "floppy" memory discs. He reassured those who were apprehensive or reluctant about computers that they are in reality quite simple to program and to operate, as well as tremendously time saving. He surprised most of us when he revealed how comparatively inexpensive computers are these days. He'd welcome queries from radio stations on this subject. Contact him at KYTE.

Program directors exchanged ideas about what they look for when hiring a new air person. They agreed that it was better to listen to an unproduced air check than to a studio tape. Several said that they were interested in more than just air talent; they wanted to know the applicant as a whole person.

The Sunday session with record people introduced the question of editing singles. It was asked whether or not, when a station alters the content of a single, the record company objects, and if the listeners who buy the single complain because it's different from what they hear on the radio. The radio contingent reported, "No complaints". A record man said that the producer, the artist and the manager might object, but nobody in the record company would mind.

For an evaluation of the Seattle meeting, we quote from a letter from Gregg Hersholt, news director of KJRB-Spokane. He writes:

"It was fantastic. I continually come back from these gatherings wondering how you people keep coming up with better ideas each time...but you do. The discussions were fresh and valuable, even for a news director.

You guys are doing our industry one helluva service by organizing these regionals. Many times the "rest of us" who are not PD's miss out on national conventions, but the Gavin regionals pick up that slack. I again feel that renewed enthusiasm for this business. Thanks again."

Gregg's comments reflect the general response of those who attended. The enthusiasm with which our guests described their reaction to the meeting would be hard to exaggerate. "Sensational" - "Super" - "An inspiration" - "Can't wait to get back to my station" - "Proud to be with so many dedicated people" - and so on. The spontaneity and vigor with which people participated in the discussions set a new high for meetings of this kind. Their enthusiasm should provide an added incentive to those in the St. Louis area who can come in to our meeting there May 6 & 7 at the Marriott Hotel. We urge all who plan to attend to pre-register early. It's only four weeks away and we need attendance information so that we can place our food and beverage orders. Registration fees: Radio - \$30, pre-registered; \$35 at the gate. Record people \$25 for cocktails and the Sunday session.

Reminder: Registrations for our Monterey meeting May 13-14 have been coming in very heavily. There's only a limited number of rooms now remaining in our reserved block, so all who plan to attend should pre-register without delay.

Gavin's Gab (cont'd. from pg. 11)

KFRC-San Francisco's Walkathon for the March of Dimes saw 18,000 walkers trekking 20-mile routes at nine different locations throughout the Bay Area. With Andy Gibb as the celebrity walker, \$667,000 was raised for the charity. The increase of \$122,000 over last year's total made this year's the most successful yet.

KLCO-Wichita's eighth annual "Walk for Mankind" raised a projected goal of \$250,000 in pledges for Project Concern, a worldwide health service. Ten thousand people participated.

Publisher's Memo: Due to space limitations, our concluding article on the mechanics of The Gavin Report must be postponed until next week's issue.

Top Tip: TOO MUCH, TOO LITTLE, TOO LATE-Johnny Mathis & Deniece Williams (Columbia) The third male-female act to rate a headline, and destined to be as big as those listed above.

Record to Watch: IT'S A HEARTACHE-Bonnie Tyler (RCA) Statistically: 108 reports, 60 chart numbers and 24 new adds (call letters are shown on page 8).

Sleeper of the Week: DEACON BLUES-Steely Dan (ABC) Just starting, but starting at some significant stations: KJR (23), KVOX (24), 99X (28), WQNZ (28), KCBQ (29), WRKO (29), WIRK (30), WRFC (30) and WZZP (30). Evidently the record's length is not a deterrent.

Top New Adds: TAKE A CHANCE ON ME-Abba (Atlantic) YOU BELONG TO ME-Carly Simon (Elektra)

(Associate Editor, Ron Fell)

Most Active: YOU'RE THE ONE...-John Travolta & Olivia Newton-John (RSO) The song is moving nicely and may well peak before the release of the film.

Worth Watching: BLUER THAN BLUE-Michael Johnson (EMI-America) An impressive start for this former member of the Back Porch Majority and the Chad Mitchell Trio who had two albums (on Atlantic) back in the first half of this decade. KRMG, KEX, WBEN, KMOX among the key adds this week.

A Playlist Grows In Houston

In these tight playlist days, it's still news when a major station expands its list of singles and album cuts. Clay Gish, PD of KRBE-Houston, advises us that he has enlarged his playlist to 40 singles and 5 album cuts. That this was done in the middle of this important rating period may seem doubly remarkable, but, Clay says, "If you know what you're doing it doesn't matter when you do it."

Inside Progressive Radio
(by George Meier, Editor of Walrus)

For us progressives, the most exciting moments in recent weeks have been provided by several new wave artists. The fresh breeze they blow through stale rock and roll air is exhilarating.

Elvis Costello's new LP is even better than his first. It is filled with super songs as it restates the basic rock and roll premise. His producer and the man pushing many of the artistic buttons in this music is Nick Lowe, who has his own new LP. It's title, Pure Pop For Now People implies his sly wit. His music follows suit.

Also from the street school of rock music is the latest issuance of the Patti Smith Group. This avant poetess has combined with Bruce Springsteen to write what may be the song of the year called "BEFORE THE NIGHT". Don't miss it.

Disappointing is the Wings album. Unfortunately, everything they do is compared to Band On The Run. This LP is nice enough, but it has none of the dynamic tension generated by its predecessor.

Several points of note include Loudon Wainwright's new album in which he updates his sound by hardening the accompaniment. John Hall is notable because he steps into the solo spotlight - having left Orleans - with a few smashing songs. Also, for mediaphiles especially, the subtle insanity spun by Proctor & Bergman in their comedy is memorable.

Finally, on the pop R&B side, a new group called 7th Wonder sparks the memory with a gregarious, up-beat, post-Motown collection of fine songs. Look for them.

Gavin's Gab

Flip in Fargo

KQWB-Fargo went 24-hours April 14th and with 5000 directional watts at night, the Midwest Radio station expects to cover much of the Northwest, West and Rocky Mountain states. Governor Arthur Link and Congressman Mark Andrews of Idaho taped tributes which ran the first 24-hours, along with other celebrity greetings, cash and album giveaways. The new lineup includes six new additions, four of whom are from rival KVOX. Dan Collins, from WAXC-Rochester, 6-9 AM, John Messenger from KVOX, 9-12 PM, Rick Morgan, ex-KVOX, 12-3 PM, Bob Denver, P.D., 3-6 PM, B.J. Daniels from KKOA-Minot, 6-10 PM, Dr. John Winston, 10 - 2 AM, Peggy Mason, ex-KVOX, 2-6 AM and Shaun Mitchell, weekends, also from KVOX. The news director is Mark Swartzell from KFYZ-Bismarck. Midwest Radio also owns Q98/FM-Moorhead and WEBC-Duluth.

Concern-Muscular Dystrophy-Easter Seals

Jocks at many stations have outdanced, outwalked and out-talked themselves in the wave of benefits for various charities over the past few weeks. WCIR-Beckley, W.Va., raised \$21,000 for Muscular Dystrophy with a 24-hour dance marathon April 7-8. Dwayne Bonds said they established a record for the largest amount raised in their three-state district. KENO-Las Vegas raised \$16,000 for Easter Seals with a dance-athon at the Aladdin Hotel April 1-2. WYIG-Jackson's "Walk for Mankind" raised \$90,000 for Project Concern; almost 4000 walkers participated in the 30 kilometer walk. KEWI-Topeka put together a "Unathon" for Easter Seals which combined into one event, a 24 hour dance-athon, a Chili Cook-off, a Tall Tale Telling contest and a parade. KAKE-Wichita sponsored the "World's Largest Garage Sale" the last weekend in April, inviting 50 non-profit organizations to set up booths in the local 4-H building.

During the Easter Seals Telethon in Cincinnati, WKRC Music Director Vance Dillard spent 27 hours in a mini-house, suspended 100 feet in the air by a crane. A local realtor sponsored the event, pledging to sell one home for every hour Vance stayed in the air. His meals were donated by area restaurants and were sent up by rope pulley and, of course, he broadcast reports and a Sunday morning show from the hut. It rocked with fifteen to thirty mile-per-hour winds much of the time he was in it however, and during a rain and lightning storm, Dillard's dorm had to be brought down. The realtor sold 46 homes and donated to Easter Seals, \$100 for each one sold. An on-the-air auction of the cottage brought in an additional \$500.

Orangutans on the Road

WJDX-Jackson has followed up its phenomenally successful "Zoo Day" on April 1st with its equally entertaining "Mystery Bank Caper." Listeners guess the identities of certain depositors of the American Bank in Clinton, over a ten day period this month. The depositors are well-known people in the area, and clues are released regularly by the station. The person who guesses the list of names in order wins three minutes in the Bank's vault to carry out up to \$5000, with a guaranteed \$2500 going in. Tom Daniels adds the proceeds from WJDX Zoo Day more than allowed the station to buy two orangutans instead of one for the Jackson City Zoo. The couple is enroute from a South American jungle.

...And the Promotions just keep on comin'...

"George Harrison didn't succeed in uniting the Beatles for Greenpeace but KASH-Eugene did," says Bill Dudley. The excitement generated by a widely-publicized, false report that the Beatles would get together for a Los Angeles concert, was captured in Eugene all last week. The station played two Beatles hits every hour and gave away anthologies. Participants donated \$2 each to Greenpeace.

Clay Gish at KRBE-Houston reports the station is only four weeks into its "Say It and Win" contest and has already received 10-15,000 entries for the over \$100,000 in cash and prizes.

KEYS-Corpus Christi is making a big hit among high school students with its "KEYS Cash Box" promotion, running throughout April. Every afternoon after classes, the treasure box is taken to a school where students select and try keys that may open it. The winning key-holder receives the treasure--albums, cash and other prizes. The drive for wider contact with students of the city is proving very successful.

Another promising promotion for teens comes from WPRO/FM-Providence. Junior high and high school students have been asked to vote for their favorite principal, with unlimited votes per person allowed. The winner of the "Principal of the Year Election" will vacation in Los Angeles and San Francisco for a week while the winner's school will get a dance concert by Tavares in mid-May. Do the losers have to go to the dance?

Country Club

We're looking forward to seeing many of our country correspondents in St. Louis May 6 & 7 for our regional conference at the Marriott. As other country stations have discovered in past Gavin Regionals, these meetings cover many vital areas of radio that transcend all formats. Ratings, news, promotion, interdepartmental relationships, engineering, the FCC and many other non-music ideas are discussed at every Regional. For full information see page 14, or give us a call. Meet us in St. Louis.

Loretta Lynn, Conway Twitty and Jane Olivor will entertain more than 1000 guests when Joan Mondale, wife of the Vice-President, receives the Recording Industry Association of America's Tenth Annual Cultural Award at a dinner April 18 in the International Ballroom of the Washington Hilton Hotel. Mrs. Mondale will be honored for her support of the arts and her encouragement of new performing and graphic artists. Members of the Administration, the Senate, the House of Representatives, and the heads of Federal agencies are expected to attend.

WJJK-Eau Claire, on the air since January with a modern country format, is wrapped up in its Country Wagon promotion. In addition to cash giveaways in excess of \$1400 so far, the contest will climax with a drawing for an all-expense paid trip for two to Nashville. In other activities, the station recently sponsored a fund-raising dance with the Indianhead Country Citizens Band Radio Club to send four Eau Claire youths to Camp Waubeek, a rehabilitation center for the handicapped in Wisconsin Dells.

In anticipation of National Secretary Week, WIRE-Indianapolis let loose its "Magnificent Music Machine" loaded with 1000 roses April 12. The flowers were given away in one day to deserving ladies at a shopping center remote. One secretary of the day will be chosen over the next two weeks and in a final drawing, open to everyone, one secretary will win a trip for two to Puerto Rico.

KRAM-Las Vegas organized a cow chip throwing contest between its jocks and a group of stewardesses on April 15, during Henderson, Nevada's, Industrial Days. Henderson, the industrial complex of Las Vegas, holds a carnival every year but this is the first time two such distinguished teams will lock horns at the event.

The Austin Symphony Orchestra Society has prevailed upon country superstars to support the Symphony! Willie Nelson accomodated by performing at the "Waterloo Music Festival" April 8-9.

WBT-Charlotte's Concert in the Park broke all previous attendance records when 10,000 people gathered at Carowinds Park to see Waylon Jennings perform.

To prove that KCKN-Kansas City is fun to live with, a couple has taken up residence in KCKN's motor home and listeners must guess how long they'll stay in order to win the \$18,000 home. The vehicle is parked above a billboard, 35 feet off the ground and will remain there for at least four, but not more than six weeks.

A local luxury car dealer just contributed a 1978 model to WJVA-South Bend's "Great American Music Game" (3/31) as grand prize, Tom Sidwell reports.

Publisher's Memo

In previous issues we presented a summary of our procedures in compiling information from our Rock, A-C, and Black Radio correspondents. What follows covers the Country section of The Gavin Report.

In 1960 we added a country music section to The Gavin Report. Thanks to friends like Steve Sholes, Chris Lane, Don Rhea, and a few others, we were able to print a few regional high-lights. Later on, as our coverage grew, we could compile a representative chart. Our family of country radio correspondents has now grown to well over 100, and each week we research a minimum of 150 titles. In country research the various reports are weighted according to market importance and depth of local research. Just below our Top 30 chart, the records listed in the left hand column are actually next in line in point count, although some of them may never qualify for a number. The right hand column lists those records that have started getting positive regional reports of sales or requests. Under "Airplay", a minimum of 10 reports is required for a listing, with the number of the current week's mentions in parentheses after each artist's name. It should be emphasized that, because of deadline restrictions, not all of the reports listed in the "Roundup" section have been used in that week's research tabulations. These "extras" are then placed with the following week's reports. News about promotions, jobs, service needs, etc. is carried in the "Country Club" section, usually printed on page 12. Country album cuts are listed in the Album Section on page 13, reflecting the top consensus of correspondent's reports. Most heavily played cuts are underlined. Associate editor for country music is Elma Greer, formerly music director and assistant PD at KSFO-San Francisco.

Albums of the Week
(reviewed by Ron Fell)

- "Shine On"-Climax Blues Band (Sire) The band that wrote "Couldn't Get It Right", finally did. They, like Fleetwood Mac, bear little music resemblance to their early blues band sound and like Mac, the Climax Blues Band can become a greater "mass attraction" just rolling with the flow created here. MAKIN' LOVE, MISTRESS MOONSHINE, and CHAMPAGNE ROCK & ROLL are mainstream, WATCHA FEEL fills the funk quota and TEARDROPS is good blues/rocker.
- "The Last Waltz"-The Band (Warner Bros.) A celebration. A last supper. The Band hosted and toasted a cadre of friends worthy of another Woodstock and recorded the evening on film and record. This concert was billed as the final live performance of the Robertson-Danko-Hudson-Helm-Manuel Quintet and comes off, on this three records set, as one of the finest superstar jam sets yet. Though a fair share of the time consumed here is spent with cameos and short solos from the assembled guests of the rock world, there is plenty of The Band in their normal configuration.
- "Boys In The Trees"-Carly Simon (Elektra) One listen to a Carly Simon album is never enough. The first, casual listen can be the most difficult, Simon is a singer-songwriter who usually puts her emphasis on lyric and uses melody as decoration. (So often, in the contemporary music spectrum, lyric is no more than coincidental to the melody.) There is nothing shallow or stagnant about YOU BELONG TO ME, BACK DOWN TO EARTH, DEVOTED TO YOU, TRANQUILLO or YOU'RE THE ONE. Thank you Carly.

Also recommended from the following LP's:

 "Roger Voudouris"-Roger Voudouris (W.B.) FRIENDS FOREVER/DON'T TURN MY MUSIC DOWN/WILL I EVER...
 "Stanky Brown"-Stanky Brown (Sire) AROUND TOWN/CHANCE ON LOVE/BACK IN YOUR ARMS AGAIN

Gary Taylor's Personal Picks

I WILL BE THERE (PAT'S SONG)-Cowboy (Capricorn) Songs of this type defy format definition. The mood is similar to Michael Murphy's WILDFIRE while the approach and presentation feel like a Paul Simon effort. The comparisons are compliments to a relatively unknown act which displays a parallel level of class and quality.

YOU BELONG TO ME-Carly Simon (Elektra) The artistic cover deserves an award and so does Arif Mardin. Carly Simon deserves the accolades the industry has given her because once again she has given us great music.

Also Possible

LONG NIGHTS-Crack The Sky (Lifesong)	YOU KNOW YOU WANNA BE LOVED-Keith Barrow (Columbia)
YOU GOT IT-Diana Ross (Motown)	YOU KEEP ME DANCING-Samantha Sang (Private Stock)
CRYING IN MY SLEEP-Art Garfunkel (Columbia)	MY GUY-Dara Sedaka (RSO)
CARA MIA-The Raes (A&M)	TUMBLING DICE-Linda Ronstadt (Asylum)
I WANT TO LIVE-John Denver (RCA)	HAPPY BEAT-Mandrill (Arista)
NIGHT PEOPLE-Allen Toussaint (Warner Bros.)

Edited Singles

What happens when a record company edits an LP cut and releases the shorter version as a single for airplay only, with the original album version going into the stores as the single? The station plays the edit, the listener buys the long version and blames the station for a rip-off. If the edited version is released for sale and the station plays the full album cut, the buyer thinks he has been cheated and blames both the station and the record company. Conversely, the album buyer may feel deceived.

Dave Bishop, PD of WCOL-Columbus, offers a practical solution. Whenever a record producer offers a single that has been shortened from the LP cut, the single should have the long version on one side and the short version on the other. In stereo, both sides. Then it would be up to the radio station which version to play. The two sides could be day parted. Neither the listeners or the record buyers would be offended.

Dave goes on to state:

"This should solve the edited singles crises, and I hope this system can be adopted soon. It's a simple system and it should keep everyone happy, especially Music Directors who are tired of having to guess which version to play."

Publisher's Memo- Albums (cont'd. from pg. 12)

Album programming is approached in two different directions. Ron Fell auditions all album product and reviews those that he considers worthy of airplay. He also lists consensus LP cuts recommended by our correspondents in the four major music formats. George Meier, editor of "Walrus", and formerly music director of WIBG-Philadelphia, keeps us current with his observations about progressive radio, as derived from his hundreds of weekly reports from progressive radio stations, record retailers and concert promoters.

It has been our standing practice over the years to audition all the singles & LP's we receive and to list the ones we like best. Managing editor Gary Taylor reviews as his "Personal Picks" those records that he considers most worthy, and he lists as "Also Possible" those that stand next in line for his approval. Ron Fell reviews his "Albums of the Week" and recommends cuts from other LP's that sound good to him. Elma Greer auditions all country singles and lists those that sound best to her. Any subsequent mentions of these singles or albums reflects reports by our correspondents.

The Gavin Report is printed by a photoplate process by Murney-Codding Co. of San Francisco, from master pages typed in our office. Mailings are delivered on Thursday by the printer directly to the Rincon Annex Post Office and turned over to a supervisor, who is personally responsible for their prompt sorting.

In the preceding, we've summarized the mechanics of our publication. Behind these procedures is a staff of eight dedicated people, each of whom is proud to be a vital contributor to the continuing growth of The Gavin Report.

THE GAVIN REPORT #1199
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: WITH A LITTLE LUCK-Wings (Capitol) To be this successful for more than a decade isn't luck, it's talent.

Hot: SHADOW DANCING-Andy Gibb (RSO) Evidently the name Gibb is becoming a synonym for hit.

Top Tip: BABY HOLD ON-Eddie Money (Columbia) These are some of the building blocks for further growth: 94Q (3), Z93 (7), WZOO (8), WNOE (9), WAKY (12), WSAI (13), WNCI (13), KFRC (13), KYA (14), WZZD (15), KRTH (16), WZUU (16), 13Q (16), WDRQ (17), etc.

Record to Watch: THIS TIME I'M IN IT FOR LOVE-Player (RSO) Slow to start but now gaining momentum with 69 chart numbers out of 92 reports.

Sleeper of the Week: TWO OUT OF THREE AIN'T BAD-Meatloaf (Epic) Several correspondents report good requests (18-24 M/F and 25-34 F) which leads us to believe this is more than a local Cleveland hit.

Adult Contemporary Programming
(Associate Editor, Ron Fell)

Most Active: IT'S A HEARTACHE-Bonnie Tyler (RCA) This record was a big European hit and based on its growth here in the U.S. with both A/C & rock radio, similar success can be predicted.

Worth Watching: EVERY KINDA PEOPLE-Robert Palmer (Island) Originally released from the album to pick up rock airplay, A/C's appear to be just as enthusiastic about it. Already charted at WSM, WLAV & WMAZ and others.

Gavin's Gab

"Around the World in (Less Than) 80 Days"

David Niven he's not, but Bob Laurence will help KLEO-Wichita with their newly acquired \$10,000 hot air balloon. Balloons are popular in Wichita; there's a club for balloon-owners and every year at the "Spring River Festival," a flotilla of 50 to 75 is seen criss-crossing the city's skies. Races, including "Hare & Hounds," are staged, using balloons. As a tie-in, listeners are attempting to name KLEO's balloon, and at the Festival May 5-7, the winner will christen it and pocket a U.S. Savings Bond.

Bob, soon to be one of KLEO's official Balloon Operators with FAA license in hand, says the success of a balloon's flight hinges on weather conditions. If the wind is strong, the balloon can move at very fast speeds, making landing very tricky. The hot air fire in the center of the basket makes a roaring sound while in flight, but no wind sounds are heard. Except for the fire, a trip by balloon sounds unusually "still."

It could be "Around Wichita in Three Days;" then again, it could be "Vertigo," or "High Anxiety" or "30-Seconds Over Wichita."

San Jose Sounds

Making inroads through San Jose radio is 10,000 watt KXRK with its unusual Adult Contemporary/News Block format, on the air since December. M.D. Bill Stone moved in just before Christmas, updated the playlist and modified the approach to a more mellow, relaxed sound. Mixed with personality news talk shows in morning and afternoon drives, sports talk from 7-8 and from 10:30 PM, all night syndication with the Larry King Show, the station moved from .6 in the October/November book to 3.3 in the January/February one. Got something there?

A Day in the Life Of...

Like program directors everywhere right now, Bill Mayne at KNOW-Austin is living from weekend to harried weekend and asking "what, more?" Every Saturday and Sunday since March 11th, KNOW has played basketball, volleyball and backgammon at local high schools as part of its 56th anniversary celebration. The Backgammon Tournament at Waterloo Park raised \$100,000 for the Austin Symphony with help from Willie Nelson, who performed twice. The station's 50th annual Kite Flying Contest took place March 19th for a crowd of 7000. The actual birthday celebration happened March 24-26 with ex-KNOW jocks and artist greetings, a party in Zilker Park with free food, games, balloons and cold, muggy weather. April 1st, the KNOW jocks walked the 20 kilometers for the March of Dimes, raising \$30,000. In between the birthday and the Walkathon, Bill was handling a new cart machine conversion, and huffing and puffing for the March of Dimes. His wife was moving their household belongings from an apartment to their brand new four bedroom house. The new dishwasher blew up and flooded later that night, and the refrigerator, of course, was the wrong color. Other than that there isn't much going on in the life of this P.D.

The Owner's "On the Air"

Denny Bixler, co-owner of WVAM-Altoona, Pa., hosts a fairly spectacular talk show from 12-1 and 5-6 weekdays. After four terms in the Pennsylvania legislature and a losing bid for U.S. Congress, Denny returned to radio in 1974. He has since traveled with President Carter on his seven-nation tour last fall, the Panama Canal trip and the South American-African trips in March, as part of the press corps. Two weeks after Anwar Sadat visited Jerusalem last December, Denny and his wife flew to Israel where he filed reports with the station. Two years ago, his house was placed under heavy police-security after he reached Sandra Goode by phone and taped her threats to kill a number of top American businessmen. (Goode was Squeaky Frome's roommate in the Spring of 1976 when Frome attempted to shoot then-President Gerald Ford.) Denny's interview helped indict Goode, who was subsequently sent to prison for 15 years. Obviously the man is an extraordinary owner.

"Play Ball!"

Another encounter with the White House will happen April 22nd when the WDFW-Marion "Bodywatchin' Softball Superstars" open their 1978 season against the White House team led by Hamilton Jordan and Jody Powell. The event came about when the station invited Mrs. Lillian Carter to throw the first ball of the season in Marion last year. The White House responded by challenging the WDFW team to a game the following season. "But Ohio's a Republican state!" M.D. Jim Roberts exclaimed, recovering happily from the shock. While WDFW is hustling on the bases, look for Jordan and Powell--hustling votes for their boss.

Country Club

President Jimmy Carter called country music "an important part of me" and said it was a "treasure" at a reception in the East Room honoring several hundred members of the C.M.A. April 17th. Conway Twitty, Loretta Lynn and Tom T. Hall performed for the black-tie affair.

WKDA-Nashville held a Spring Showcase at the "Possum Holler" April 11th. Although the event was not promoted as a benefit, Charlie Rich, Narvel Felts, Melba Montgomery, John Wesley Ryles, Don King and Tommy Jennings performed, helping the station raise \$3000 for the widow of ex-WKDA air talent, Bob Lockwood, who died of cancer.

The winner of a complete Elvis Presley catalog at WCOS/FM-Columbia must turn in a list of the Elvis album titles given out on the air. One woman, missing a few titles on her list, used her C.B. for four hours, trying to find out the answers.

Ten thousand people showed up for Roy Clark and Tammy Wynette's show in Kemper Arena April 12th, when WDAF-Kansas City sponsored a benefit for the Baker University Scholarship Fund. The station broadcast the concert and Ted Cramer emcee'd. Roy received an honorary degree from the school, which has an enrollment of 3000 students and is located in Baldwin.

Rex Allen Jr. did the 10-3 air shift with his brother, Mark Allen, air talent at KIKX-Tucson, April 19th. Rex was in town for two days during the Pima County Fair, running from April 14 through 23rd. Stella Parton and Tom Bresh also performed at the Fair.

With over \$10,500 at stake, WBRG-Lynchburg, Va., listeners are trying to match the serial numbers of one dollar bills against those called out on the air in the "Great Money Match."

KEED-Eugene is giving away T-shirts that display the faces of Trailblazer team members, during the on-going play-offs.

Winners of the WYTH-Oshkosh, Wis., CRY CRY DARLING weekend contest received the Con Hunley single, an onion and an "Oshkosh B'Gosh" Bandana.

In a benefit for Muscular Dystrophy, WKCO-Saginaw, Mich., will present Charlie Rich and Eddie Rabbitt in concert on April 28th.

KJJJ-Phoenix has Waylon Jennings, Sammi Smith, Jesse Colter, Bobby Borchers, Johnny Rodriguez and lot's of local talent confirmed for performance dates at the "Big Country Music Festival" April 29-30. The event will raise funds for the Apache and San Carlos Indian Scholarship Fund.

KMO-Tacoma anticipates a huge crowd for opening day of baseball in Tacoma April 23. The station bought the ball park for the day and is letting listeners in free. Opening day last year set an all-time attendance record for baseball in Tacoma.

Album of the Week
(reviewed by Ron Fell)

"Takin' It Easy"-Seals & Crofts (Warner Bros.) When they are good they are very good and there is more good here than on most of their earlier albums. TAKIN' IT EASY sets an unusually hot pace for these two, usually acoustic, musketeers and the rhythm tracks on BREAKING IN A BRAND NEW LOVE and NOBODY GETS OVER LOVIN' YOU add substance to their bright and tight vocals. The quick acceptance of YOU'RE THE LOVE by many A-C programmers and the natural beauty of ONE MORE TIME and SUNRISE contribute further to an attractive package.

Also recommended from the following LP's:

- "Stardust"-Willie Nelson (Columbia) GEORGIA ON MY MIND/BLUE SKIES/SEPTEMBER SONG/ON THE SUNNY SIDE OF THE STREET/MOONLIGHT IN VERMONT

 "Midnight Believer"-B.B. King (ABC) WHEN IT ALL COMES DOWN/MIDNIGHT BELIEVER/I JUST CAN'T LEAVE YOUR LOVE ALONE/HOLD ON
 "U.K."-U.K. (Polydor) PRESTO VIVACE AND REPRISE/ALASKA
 "Bad Boy"-Ringo Starr (Portrait) LIPSTICK TRACES (ON A CIGARETTE)/HEART ON MY SLEEVE/MONKEY SEE-MONKEY DO
 "Just Fly"-Pure Prairie League (RCA) PLACE IN THE MIDDLE/LOVE IS FALLING/WORKING IN THE COAL MINE/MY YOUNG GIRL

Special Note: We encourage all our reporting stations to report each week the important album cuts they are playing. However, please do not list cuts being played off albums which are available as singles. While some stations still use the term LP cuts to mean limited play cuts, for purposes of our research on page 13, we will only research non-singles.

Gary Taylor's Personal Picks

KNOCK ON WOOD-Mealine (Midsong) That unique Melanie voice is one of the "keys" to this 12 year old Eddie Floyd hit. A well penned arrangement with the right amount of Memphis feel allows producer/spouse Peter Schekeryk to surround her to the point where she even does a little scat technique at the end. Her best effort yet.

DARLIN'-Paul Davis (Bang) It is interesting to note that with this re-make he will no longer be called the industries' "best kept secret". Secondly, the male-female duo, which is in vogue, appears here with the introduction of Susan Collins. It's a nice combination.

I WAS ONLY JOKING-Rod Stewart (Warner Bros.) His appeal seems to be at its strongest when he does a ballad which allows that highly familiar sound to really stand out.

Also Possible

MY ANGEL BABY-Tony Beau (RCA)	THE WANDERER-Leif Garrett (Atlantic)
PHILADELPHIA KID-Ted Bird (Big Tree)	PARADISE-Bette Midler (Atlantic)
MIDNIGHT LIGHT-LeBlanc & Carr (Big Tree)	STAY AWHILE-Continental Miniatures (London)
THE GREATEST LOVE-Aaron Neville (Palm Tree)	HANGING ON A STAR-Lane Caudell (MCA)
SEA CRUISE-Robert Gordon (Private Stock)	LIPSTICK TRACES (ON A CIGARETTE)-Ringo Starr (Portrait)

Regional Meetings

Where? St. Louis - Mariott Hotel. When? Saturday & Sunday, May 6 & 7.

Registration: Radio - \$30 pre-registered; \$35 at the gate.

Records - \$25 - covers cocktail reception and Sunday session.

Monterey - May 13 & 14. Guests: Bill Graham & Michael Spears. Moderator: Mark Driscoll, KNDE, and Les Garland, KFRC, Mardi Nehrbass, Big Tree.

Columbus - June 3 & 4. Guest: Kent Burkhart. Moderators: Dave Bishop, WCOL, & Bob Goode, WROK.

Houston - June 24 & 25. Guest: Jack McCoy. Moderators: Bill Young, KILT, Clay Gish, KRBE, and Rish Wood, KINT.

Atlanta - July 8 & 9. Guests: Bill Engle, Bill Lowery. Moderators: Don Benson, 94Q, and Jim Davenport.

Those planning to attend our gatherings are urged not to wait too long in getting us their registrations for the upcoming meetings. The hotels can't hold our block of rooms up to the dates we convene; they have to release the rooms at least a week before our meeting. Also, we need a "head count" for our guaranteed luncheon attendance.

Those who register at the door should do so early. Registration desk will open at 8:30. It should be understood that our regional meetings are not devoted to individual formats. Our discussions concern themselves with the basics of radio.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay:
(In Order)

Jefferson Starship
Atlanta Rhythm Section
Warren Zevon
 Genesis
Little Feat
 Jimmy Buffett
 Robert Palmer
Jackson Browne
Eric Clapton
 Charlie
 Journey
 Nick Lowe
 Patti Smith Group
 Garland Jeffreys

Notes: Lots of plateaus separate bunches of albums in current airplay. Starship and Atlanta Rhythm Section dominate, yet even with their universal strength, A.R.S.'s southern power stands out. Jimmy Buffett also gets drawn up the list by his southern connection. Following a different pattern we find the intense, complex rock of Genesis faring best in the N.E. & M.W. The first significant erosion of airplay occurs for Jackson Browne in this survey period while the bottom part of the list is the most interesting. The revitalized Journey shows nice response and the street rockers start to show up in force. Nick and Patti and Garland are part of the new music excitement. Charlie is in there stokin', too.

New Progressive Airplay:
(In Order)

Wings
Elvis Costello
 Jethro Tull
 R.E.O. Speedwagon
Heart/MAGAZINE
 Bob Marley
 38 Special
 N.R.B.Q.
 Auger/Tippetts

Notes: As expected, Wings has gotten strong initial response. It will be interesting to watch how airplay proceeds for what is felt by some to be a soft album. Will it fade quickly or not? Elvis Costello's new LP has gotten good response across the regional board which implies that he is conquering the East Coast/West Coast ghetto-ization of his first LP. Of the others, only the Marley album is noteworthy for its mediocre start. This may mean that both reggae and Marley have faded as possibilities.

Singles: Elton and Bonnie Tyler dominate the singles scene.

Imports: Most of the hot imports have just been released domestically. Lead by Elvis Costello's new album, the import list includes Bill Bruford, Rocky Horror Picture Show, Brian Eno, and Nick Lowe. Only the Bruford isn't out here.

The following new tracks are getting airplay position:

Patti Smith Group-BECAUSE THE NIGHT	Nick Lowe-AND SO IT GOES/SOUNDS OF BREAKING
Elvis Costello-RADIO RADIO/PUMP IT UP/THIS	GLASS/ROLLERS SHOW
YEAR'S GIRL/NO ACTION/THE BEAT	Wings-WITH A LITTLE LUCK
Genesis-FOLLOW YOU FOLLOW ME	R.E.O. Speedwagon-ROLL WITH THE CHANGES
Jerry Garcia-RUBIN AND CHERISE/RHAPSODY IN	Loudon Wainwright III-FINAL EXAM
RED/CATS UNDER THE STARS	Garland Jeffreys-SHE DIDN'T LIE/REELIN'
Stanley Clarke-ROCK 'N' ROLL JELLY	Sutherland Bros.-ICE IN THE FIRE

THE GAVIN REPORT #1200
WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: FEELS SO GOOD-Chuck Mangione (A&M) Our "Sleeper" of February 17 has turned into the biggest instrumental since Meco's STAR WARS, and without benefit of a movie. Jazz buffs, take heart. Maybe this marks a new direction for popular music.

Hot: IT'S A HEARTACHE-Bonnie Tyler (RCA) The statistical evidence is impressive: ninth in airplay research with 164 reports, of which 138 are chart numbers. Its greatest strength is in Atlanta, Casper, Duluth, Houston, Portland and Waterloo.

Top Tip: ON BROADWAY-George Benson (Warner Brothers) Though several programmers appear reluctant to air this release, our information indicates mass acceptance.

Record to Watch: BLUER THAN BLUE-Michael Johnson (EMI) The growth trend is substantiated by a spot check of station activity: KVOX (21), WFOM (22), KRTH (24), KNDE (24), KIOA (26), KELP (27), WGUY (28), KLIF (30), KAKC (30), WZYQ (30), etc.

Sleeper of the Week: BECAUSE THE NIGHT-Patti Smith Group (Arista) Some correspondents report large jumps: KSLY (17 from 22), KYLT (19 from 25), KFRC (20 from 27), WGLF (20 from 26), WIGY (20 from 26), KJOY (20 from 30), and WTIC (21 from 26).

Top New Add: I WAS ONLY JOKING-Rod Stewart (Warner Brothers) Added 2 to 1 over its nearest competitor.

Format Shifts & Fine-Tuning

XEROK-El Paso has changed formats from rock to beautiful music and the entire staff is out. The following people are available: Air Talent, Keith Morgan (915-581-7271); Research Director/Air Talent Stan Main (915-545-4512); Air Talent/Music Director, Chris Michaels (915-584-4603); Air Talent/Program Director, Bob Payton, ex-WZZP, (915-581-7271); Air Talent/Production Director Kirk Russell, ex-WZZP, (915-598-6768); and AM Drive Team, Guy Phillips and Mike Wall (915-591-9790).

WGLF-Tallahassee, known as GULF-104, has been shifting its "strict Top 40" format to "Album Top 40" over the past two months, according to M.D. Robin Sterns. "These days an FM doesn't have to sound like an AM." P.D. Casey McCarthy and Robin have slowly dropped the teen-oriented music increasing the gold and old LP cuts. They now play more current LP cuts than current singles and report good response.

Joe London at WIBR-Baton Rouge tells us the station was heard by a listener in Invercargill, New Zealand. WIBR had a power increase to 5000 watts officially approved two weeks ago. Joe said the New Zealander sent a letter detailing the WIBR newscast, weather report and contest--"Watts Up?"--that he caught via his lengthy antenna.

Tom Harris at WDUN/WWID-FM-Gainesville, Ga., tells us both stations are completely live and separate now. They had been automated and simulcast at night. Tom is now program director of WWID, known as WIDE-107, while George Van Voorhis will program WDUN. Both stations have contemporary music formats with the AM leaning toward A/C.

Northwest Conference Call

An idea from Richard Harker at KBDF-Eugene:

"KBDF would like to set up a network of Northwest secondaries who would exchange weekly information about music through the use of a conference call. While many of us exchange playlists, we could, through the use of a conference call, learn much more about how a record is doing in a market. The expense of the call would be rotated among the participants. Should the idea prove feasible it would be a simple matter to expand the pooling of resources into more exotic areas of music research. We would begin this in May as soon as the lineup of stations is settled." Interested stations can contact Richard at 503-345-4304. Note: The project gains validity in that this would be radio sponsored, not subject to outside influence.

Two for the Price of One

Pat Martin programs two stations, Rock WSPT (AM) and Country WXYQ (FM) in Stevens Point, Wis., using a well-planned regimen that assigns a specific goal to each day of the week. He emphasizes delegating a lot of authority but says, "The key is in the organization."

Monday is WSPT's Music Day, Tuesday is WXYQ's. That means research, playlist, trades and so on, are taken care of for both stations on separate days. Wednesday and Thursday are "Critique Days" when the jocks have an hour of Pat's time to review their airwork, make suggestions and discuss problems, individually. Friday is General Business Day, when unfinished business, promotion work and so on, are wrapped up.

Pat says he takes a lot of notes. "Each morning, things that must be accomplished by the end of each business day are written down and carried out." He says he also takes a micro cassette on trips and dictates his thoughts and ideas while traveling.

"Staff input is crucial." Regular staff meetings "allow open and frank discussion of the future and direction of the station."

He also recommends hiring part-timers. "You can never have too many...they can develop into excellent fulltimers."

Pat says, "Hire only motivated people who are willing to work hard. They must have a specific goal of their own in mind."

Castles, Calves and King Tut

President of Texas Coast Broadcasters, David H. Morris, thought up an idea for a remote unit that turned into a \$50,000 14' x 8' "Castle" on wheels for KAYC-Beaumont. The unit is a miniature replica of a medieval castle, with brick veneer and turrets. Carrying its own power plant, the castle sports an electric sign that flashes messages around the top. Inside, there's a chess set, plush carpets, equipment of course, and "one of the most comfortable chairs" Paul King has ever sat in, he says. David Morris, who owns KNUZ-Houston also, provided that station with a "Country Cabin" remote unit some time ago. Paul says, now that these priorities are out of the way, maybe they can jump to #341 on the list--raises.

Darrell Ward, Paul Ross and Rick Abraham, personalities at KCRS-Midland, Tx., took part in a "Calf Dressing" contest at the American Junior Rodeo Association's Rodeo on April 21st. They had to catch the calf, dress it in pants and shirt, then drag it to a designated point. "You haven't lived 'til you've wallowed around in the mud with a calf," Paul said. "My mama told me I should have been a plumber and sometimes..."

The King Tut Exhibit, making its way slowly around the country, will never make it to Boise, so KFXD is offering its listeners an all-expense paid trip for two to Seattle where the tour will arrive July 15th. Over the intro on any gold record, the sound of a tomb opening is heard, cueing listeners to call in the correct artist and title for a place in the drawing. No matter what the answer, they win a copy of Steve Martin's new single, KING TUT.

Ordinarily we leave the reporting of non-radio news to other publications who specialize in covering the music business. We make an exception here to note that Larry Baunach, an old friend and winner of one of our first regional promotion awards, has been appointed vice-president of special projects for the Jim Halsey Company. Larry will move from Nashville to Los Angeles, where he'll be general manager of the production and consultant operation, will act as liaison between Halsey managed artists and their record companies, and will work with John Randolph (formerly of WAKY-Louisville) in acquiring a group of radio stations for the company.

Lee Wade at KQWZ-Everett sent an excellent response to Pat O'Neill of KKEE-Rochester's comments on the programming of LAY DOWN SALLY (C.C. 4/7):

"I think it is terribly confusing to play two versions--we are playing Clapton only, not because Red Sovine's is of any lesser quality but because by playing Clapton, any stray non-country listener will hear a familiar song and may stay to listen to more country (therefore, it became important to us what song was played immediately after LAY DOWN SALLY.) Clapton's version has more mass appeal due to its heavy airplay on other stations...why not capitalize on that?"

Reactions are welcome. Disagreements?

A crowd of 2000 showed up at a Kansas City department store to see Mel Tillis present a customized jeep with \$6100 in the glove compartment to the first winner in WDAF's \$25,000 cash and jeep giveaway. Mel drew the winner's name on the air the day before. The station plans to give away another loaded jeep in the near future.

The April 21st Merle Haggard and Marty Robbins concert in Des Moines was cancelled, but clever KSO had time to recreate the concert for disappointed fans.

Sammi Smith, not KJJJ-Phoenix, organized the "Big Country Festival" to raise money for the Indian Scholarship Fund. Sorry, we thought it was a station promotion. (C.C. 4/21)

The "Kayson Win-It-Wagon" is back on the streets of San Diego, spotting KSON window stickers, pulling drivers over and awarding prizes on the air with two-way radio. Rod Hunter reports tremendous reaction to such daily prizes as micro-wave ovens, ten-speed bicycles, cash and watches.

The first annual KHEY-El Paso picnic drew 15,000 people. Jacky Ward performed. The station had 6000 hotdogs on hand but they soon ran out.

KGRZ-Missoula co-sponsored a Jimmy Buffett concert April 11th with the University of Montana for over 5000 people.

Willie Nelson's birthday was April 20 and WIRK/FM in West Palm Beach is celebrating it by giving away tickets to the "Willie Nelson & Friends" concert at the West Palm Beach Auditorium on May 4th. Billy Jo Shaver and Emmylou Harris will appear in concert with Willie.

Album of the Week
(reviewed by Ron Fell)

"Grease"-John Travolta, Olivia Newton-John, Sha-Na-Na & Various Other Artists (RSO) Because it's on RSO and from a major movie starring John Travolta, this soundtrack will inevitably be compared to the Saturday Night Fever soundtrack. The most obvious similarity is that the predictable singles are all on the first side. The differences here are that John Travolta sings and the Bee Gees don't. John and Olivia couple up on the hit single YOU'RE THE ONE THAT I WANT and join the cast for two more. Other hot tracks include a solo by Olivia, HOPELESSLY DEVOTED TO YOU, a solo by Travolta, SANDY, a forthcoming single by Frankie Valli, GREASE, and a couple of sleepers by Cindy Bullens, IT'S RAINING ON PROM NIGHT and FREDDY MY LOVE.

Also recommended from the following LP's:

- "Band Together"-Rare Earth (Prodigal) WARM RIDE/LOVE DO ME RIGHT/LOVE MUSIC

- "Baltimore"-Nina Simone (CTI) BALTIMORE/EVERYTHING MUST CHANGE

Gary Taylor's Personal Picks

WONDERFUL TONIGHT-Eric Clapton (RSO) In spite of the simple storybook lyric, the artist's vocal sincerity makes this more than an ordinary ballad. Missing is that famous guitar, which plays a lesser part than usual.

ROLL WITH THE CHANGES-REO Speedwagon (Epic) Night time radio will be more dynamic with high voltage rock music like this.

Also Possible

IT'S LATE-Queen (Elektra)	EVEN NOW-Barry Manilow (Arista)
ONLY WHEN I'M LONELY-Jigsaw (20th)	FROM NOW ON-Bobby Arvon (First Artists)

LAST DANCE-Donna Summer (Casablanca)	SHOW ME A REASON-The Tubes (A&M)
IT'S THE SAME OLD SONG-K.C. & Sunshine Band	JUST ONE MINUTE MORE-Mike Finnigan (Columbia)
(T.K.)	TAKE ME BACK TO CHICAGO-Chicago (Columbia)

Publisher's Comment

A number of our correspondents have expressed interest in the title cut from the soundtrack of the movie "FM". It develops that there is a questionable phrase in the lyrics. The second time the phrase is used, it is quite clearly "fucked up music", which is probably what was intended the first time. Unfortunately it comes out clearly sounding like "fucked up music". We make this comment so that programmers whose listeners are apt to be offended by the word may make their judgements accordingly. B.G.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

In a fairly light release period there is not too much on the progressive side to talk about. The only really advanced record is by Brian Eno. An extraordinary electronician, Eno decries skill in a musician, claiming that inspiration should come from one's musical instincts. Needless to say, his album is inventive, interesting, musical and even a bit skillful.

On the more pop side things are jumpin'. Ringo's recording is great fun. His producer, Vinnie Poncia, has done a marvelous job of using Ringo's limitations to the fullest in a release which seems to encase the star in songs and arrangements especially suited to his personality. Also notable is the new Carly Simon entry. On the whole, she has more good songs to offer than in many of her other records. Arif Mardin's tastiness caresses the lady.

An unfortunate case of overproduction corrupts an otherwise good project by Richie Furay. This country rocker leads with round songs, a dynamite guitar and his singular voice only to wash the power out with big orchestrations.

From England an old standard and a new amalgam shine through. Jethro Tull has regained the resilience that made them a progressive centerpiece. Meanwhile, a new group which joins members of several noted bands release a strong first album under the name U.K. They play a brand of orchestral rock which isn't as important as it once was, but which they give a proper stroke.

The Southern connection delivers two albums. One by Dickey Betts is O.K., though not up to his last one. It is Les Dudek who puts together a super singing voice and a power guitar with a few top drawer songs. This one feels good.

Bill Goes Back To College

It was my privilege last week to speak to two college audiences, one at San Francisco State University and the other at Belmont College in Nashville. The event in San Francisco was the 28th Annual Broadcast Industry Conference, a week long affair covering a wide ranging field of discussions relating to both radio and television. The entire week of discussions was videotaped.

The group at Belmont College came from the School of Business, and included all those enrolled in studies relating to the music business. My assignment was to cover radio's relationship to the record business, publishing, licensing and so on.

In both cases I was impressed with the many intelligent questions and comments from the students. It was encouraging to note their serious, professional approach to their chosen fields. The future of radio and the music business appears to be in good hands.
