Inside Progressive Radio

(by George Meier, Editor of Walrus)

ESTABLISHED PROGRESSIVE AIRPLAY:

(In Order)

The Who

Boston

Rolling Stones

Fogelberg/Weisberg

Hall & Oates

Foreigner

The Cars

Kenny Loggins

Bob Seger

Bruce Springsteen

Lynyrd Skynyrd

NOTES: The Who remain solidly entrenched in the first airplay position while noticable movement flows through the rest of the list. Fogelberg/Weisberg and Hall & Oates slide into the positions which have been vacated by Bob Seger and Bruce Springsteen. But the story in the list is the persistence of The Cars, who continue to do best in the NE and West, the two regions which tend to pick up new things first.

NEW PROGRESSIVE AIRPLAY:

(In Order)

Al Stewart

Heart

Styx

Linda Ronstadt

NOTES: The fall is here and the strength with which these four artists have entered radio indicates that people are back from the summer slow down. Each one of these new entries has the potential to climb directly into a top 10 airplay slot. Look for displacements up there next time.

Adult Contemporary Programming

P.D. Notebook

(by Eric Norberg, KEX-Portland)

As a program director, you are responsible for what goes on the air. However, in actual practice, usually routine day to day decisions about ad copy and its acceptability are made by other people on the staff. If the station gets an FCC fine for an error made in one of these decisions, guess who is likely to be fired for it! So it is definitely in your own best interest to understand pertinent FCC rules and make sure your staff does too. It seems largely a matter of chance whether or not the FCC picks up a violation on your air (or a matter of a vindictive competitor turning you in anonymously - the FCC will act on those too), so perhaps you feel the odds favor your not getting caught; but a command of these rules will also underline for the general manager that you are conscientious and responsible - someone to be relied upon!

This is the political season; a good place to start is with the rules governing political advertising. These rules are often confusing and frequently change; a copy of the NAB "Political Broadcast Catechism" should be in your file (and you should have read it thoroughly). For specific questions better check with your legal counsel; but there are a few points you'll find useful that we should cover here.

You no doubt are aware that the federal election law requires that the station's "lowest unit rate" be offered for political spots, but were you aware that this only applies to candidates, not things like ballot measures and other issues? And only to spots for candidates where their voice appears on the spot. In other words, a professionally prepared commercial for a candidate which does not include the candidate's voice does not qualify.

Because of this requirement, it has become a widespread practice for the candidate to be used in a spot as the "disclaimer announcer" - making the "paid for by" announcement. This way the candidate does not have to appear before the voters (which is the purpose of this rule), yet still rips off the station for the lowest

P.D. Notebook(continued)

unit rate.

However it is compatible with the words and intent of the rule to require that the candidate be identified. You may adopt the attitude that you cannot be sure that that voice really is that of the candidate unless he is specifically identified as such in the spot. You may legally require that spots lacking this identification (someone introducing the voice of the candidate, or the candidate introducing himself or herself) be charged at the station's normal spot rate (and subject to the station's usual placement and preemption standards) - or require that the spot be redone containing this identification before the lowest unit rate is charged.

You may also be aware that the federal election law prohibits censorship of political commercials or programs; they cannot be rejected or edited, even if racial epithets and obscenity are included, on account of content. But there are two other points to be aware of that can help in solving such problems. First, this rule applies only in cases when a so-called "use" is present. A "use" is when the candidate's voice appears, and the candidate is identified; all other spots are not shielded by this provision of the federal law. And second, such a spot may be rejected if it fails to meet technical standards set by the FCC: If it doesn't contain proper sponsor identification, if it is the wrong length for the time purchased, if the technical quality is honestly adjudged insufficient for broadcast purposes. Obviously you cannot reject a spot on these grounds capriciously; the candidate will almost certainly complain to the FCC and you will have to prove your contention. However the FCC will be inclined to support you if it appears you have adequate grounds for your decision. (By the way, even if you don't maintain a "master file" of all recorded spots, it's a very good idea to maintain a permanent file of all political spots run, for your own protection if questions subsequently arise. Sometimes political organizations demand their spots back after a schedule; you are not obliged to comply unless this was prearranged.)

These political broadcasting rules, resulting from the federal election law, should not be confused with the "Fairness Doctrine", the much-quoted "Section 315" of the FCC rules. The essence of the Fairness Doctrine is that "when a licensee permits his facilities to be used to air a controversial issue of public importance, he must afford reasonable opportunity for the presentation of contrasting points of view." That's a quote from the NAB "Political Broadcast Catechism", to which I refer you for an in-depth discussion of this confusing and very ambiguous rule. Suffice it here to note that this rule does not just relate to political candidates and issues, and running spots expressing an organization's point of view on a controversial issue may open the way for the requirement that you notify parties on the other sides of the issue of the broadcasts...and in some circumstances oblige you to run free "counter-spots". Study this part of the "Catechism" carefully, and have the station's lawyer's phone number handy when specific cases arise!

Even more than political matters, the general manager may reasonably expect the program director to be the watchdog in observing compliance with the FCC "sponsor identification" and "lottery" rules. You may think you've got them down, but judging from what I hear on the radio, you probably don't! "Sponsor identification" next week.

WDEC VS. BILLY CARTER

The jocks at WDEC-Americus whipped Billy Carter's team 10-5 in Plains last weekend. (Gab, 9/15). Steve Stansell, recently promoted to M.D./P.D., said Billy was a good ballplayer, and "sure hated to lose." The game raised \$400 for the Mental Health Association.

Albums of the Week Reviewed by Ron Fell

- "Nicolette"-Nicolette Larson (Warner Bros.) She will stand up well to comparisons with Karla Bonoff and Valerie Carter, thanks to producer Ted Templeman who saw to it plenty of Little Feat and Doobies were sitting in. The complete pop spectrum from Album Radio Programming thru Rock and A/C to Country is covered. LOTTA LOVE, CAN'T GET AWAY FROM YOU, BABY DON'T YOU DO IT, GIVE A LITTLE, LAST IN LOVE.
- "Stage"-David Bowie (RCA) The Andy Warhol of Rock gives us a peek at his live side with this collection of recent "live" performances in Europe or maybe here in the U.S.A. (hard to tell with only sparse liner notes available). We know who and what, but we don't know when, where or why. SOUL LOVE, STATION TO STATION, FAME, "HEROES", BLACKOUT.
- "Change of Heart"-Eric Carmen (Arista) Another self-produced album with almost exactly the same support personnel as on "Boats Against The Current" released last summer. Maybe it's the mix or the structure of the songs but the music comes across as less elaborate. Maybe this is the change of direction he needs. HAVEN'T WE COME A LONG WAY, HEAVEN CAN WAIT, CHANGE OF HEART, HEY DEANIE.
- "Jethro Tull Live Bursting (or Busting) Out-Jethro Tull (Crysalis) Even to those who've never seen the band before, it is becoming apparent that Ian Anderson is Jethro Tull is Ian Anderson. This live double set just closes the case. Anderson is the dominant figure of this eccentric, very stylized rock/jazz ensemble and leads his flock of fellow musicians thru a live reprise of most of their memorable music.

Recommended from the following LP's:

- "Rock & Roll Machine-Triumph (RCA) TAKES TIME/ROCKY MOUNTAIN WAY/24 HOURS A DAY
 "Pages"-Pages (Epic) IF I SAW YOU AGAIN/IT'S ALRIGHT/I GET IT FROM YOU
 "Sun City"-Nova (Arista) MORNING FLIGHT/LIGHT WERE MY YEARS/SAILORS/LEAN ON ME
 "Somebody Else's Dream"-Jerry-Kelly (Epic) CHANGES/ YOU CAN BE/RUNAWAY
 "The Bride Stripped Bare"-Bryan Ferry (Atlantic) SIGN...TIMES/WHAT GOES ON/TAKE ME...RIVER
 "Boys Will Be Boys"-Hero (20th) ONE MORE TIME/I HEARD YOU IN THE ALLEY/BOYS WILL BE BOYS
 "Never Say Die!"-Black Sabbath (W.B.) JUNIOR'S EYES/OVER TO YOU
 "Ancient Medicine"-Baby Grand (Arista) ALL NIGHT LONG/WALK AWAY RENEE/RIGHT HERE, RIGHT NOW
 "Bring On The Night"-Racing Cars (Chrysalis) TRAVELING MOOD/WAITING FOR SOMEONE/SECOND BEST
 "Mr. Gone"-Weather Report (Columbia) RIVER PEOPLE/MR. GONE/PURSUIT..WOMAN...FEATHERED HAT

Publisher's Memo

As our readers may have noted, we have broken another twenty year old precedent by carrying a picture on our front cover. This is not only because our new printing process now makes photo reproduction possible, but also because the lady in the picture is greatly loved by all who know her.

Last Thursday night (28th) close to 200 record and radio people gathered in San Francisco's Old Waldorf to honor LaVerne Drake. Gerry Hoff, Chuck Thagard, Bud O'Shea, Harold Childs, Bert Keane, Ron Fell, Michael Rowley, Del Costello, Jeff Trager and Dan Holiday each paid tribute to her kindness, her awareness of musical values, and her willingness to help struggling young record promoters get started in the right direction. Mickey Newbury graciously contributed his talents to entertain. Gary Taylor was M.C. I had the privilege of presenting her with a Distinguished Service Award.

The planning committee decided that, rather than buy her a diamond wrist watch or some other expensive gift, they would give her the money instead. As reported previously, she has been compelled to retire for health reasons. She has resigned her music director position at KIOI, and will soon move to Coeur d'Alene, Idaho. The money will help give her a new start in her new home. Thanks to the generosity of many companies and individuals, LaVerne will receive a check for just over \$5,000. She has asked us to convey her sincere gratitude for the thoughtful expression of affection from her friends.
