P.D. Notebook

(By Eric Norberg, KEX-Portland)

How does Christmas music fit into a modern popular music radio station? A good deal of Christmas music is pretty anachronistic, and some stations choose not to play any of it rather than to be inconsistent in their music approach. The stations that do play Christmas music usually seem to restrict it to only two or three weeks before Christmas nowadays, which has put the damper on record companies releasing Christmas singles. That, in turn, has put the stations preferring to concentrate on the "Christmas hits" in the position of playing an ever-older body of music each year.

I asked several Program Directors for their thoughts on this subject...but some of them, after agreeing, are still thinking! The more one thinks about it, the more obvious it becomes that there are no easy answers.

All agreed, however, that the greatest value in playing Christmas music is in identifying with the season, and demonstrating responsiveness to the feeling of this time of the year. In other words, doing something was more important than what was done. (Nobody will ever be completely satisfied with what you do anyway; you will always get calls from those who feel you aren't doing enough, and calls from those who don't like what you did.)

Most PD's I spoke with continue to rely on the Christmas hits, but some have been augmenting these with their own "hits" - by picking recent music that fits the feeling of the holiday and playing that too, whether it was ever a hit or not. Such "hits by designation" include "The Christmas" by Donny Hathaway, and Quincy Jones' theme from the movie "Bob and Carol and Ted and Alice" (which they retitled "Hallelujah"), which is nothing more than a straight, short performance of the Hallelujah chorus from Handel's "Messiah" with a contemporary (tasteful) rock beat. One station played an excerpt from an old Jack Benny show of Jack and Fred Allen doing a duet on "Jingle Bells" as a Christmas "record", and another had included a version of "One Tin Soldier" in its Christmas library. Most stations began playing Christmas music only within the last three weeks before Christmas.

For those stations who feel response to the season is important, but don't want to play "Rockin' Around The Christmas Tree" on high rotation for a couple of weeks every year, there are some interesting options. One station devotes a staffmember fulltime for a month following an appointment schedule, recording the choir of every grade school, high school, and college in the area doing one Christmas song of its own choice, playing them back like records on the air as Christmas approaches. Another records school choirs doing a ten or fifteen minute concert, and then plays all of them back continuously on Christmas eve and Christmas day. One rock station promoted heavily, airplay of Handel's "Messiah" Christmas eve and Christmas day, building produced promos around the unusual story of how Handel composed it, and had the bonus of being able to sell the presentation to a sponsor. And more than one station features old time radio Christmas comedy and drama shows.

The rule of thumb, as I said, seems to be: Respond to the holiday, but do so in a manner that is responsive to the emotion your audience has for it, and is consistent with your own programming philosophy. And don't be afraid to be creative! An unusual approach to Christmas programming may make your station seem to be more into Christmas than the others, even if you are actually doing much less on the air.

Album Radio Programming

(Associate Editor, Kent Zimmerman)

Poweralbum: SHAKEDOWN STREET-Grateful Dead (Arista)

Receiving the hot rotation treatment. It should outlive their previous effort as far as 'burn out' is concerned.

Hot Trax: "LEGEND"-Poco (ABC)

The band's longevity is amazing.

"ROADHOUSE BLUES"-Jim Morrison (Elektra)

Live Doors cut can be lifted from this newly released poetic production.

Prominent Adds: BRIEFCASE FULL OF BLUES-Blues Brothers (Atlantic)

Serious, humorous, or blasphemous? What would Little Walter and Howlin' Wolf have said?

BLONDES HAVE MORE FUN-Rod Stewart (Warner Bros.)

A little crooning, a lot of rocking, and a lot of adds.

BACK TO EARTH-Cat Stevens (A&M)

Still vital, original, and very programmable.

MINUTE BY MINUTE-Doobie Brothers (Warner Bros.)

More mellow meanderings.

Note From Bill

Last Saturday night in the Grand Ballroom of San Francisco's Fairmont Hotel some six hundred of my friends, all dressed in their formal finest, gathered for a testimonial dinner in my honor. Also present were my two sisters, three daughters, my son and my two granddaughters.

Joe Smith was at his wittiest and caustic best in insulting the people on the dais - accolades were offered by Pat O'Day, George Wilson, Paul Drew, John Rook, Mrs. Jo Walker, Earl McDaniel, Ron Alexenburg, Lucky Cordell, Dean Tyler, George Burns and Bob Sherwood. Telegrams and messages poured in from all over the country.

Dr. Helen Wolfe presented me with a plaque in appreciation for selecting the Fellowship Fund of the American Association of University Women as the recipient of the net proceeds. Mary Millar, president of the A.A.U.W.'s Southern Marin Branch, presented an engraved bowl, and remarked that this was a lot more effective way of raising funds "than a cake sale."

Mel Albert had collected a bunch of old pictures from various members of my family, as well as some of my comments and reminiscences, and had them printed in a colorful booklet as souvenirs of the occasion. I was presented with a beautifully framed enlargement of the cover drawing of Janet and myself. Neil McIntyre, recalling the recent confusion of captions beneath my picture and that of Ted Nugent, had a composite drawing made showing Nugent and his guitar but with my head. (Long live rock and roll!) Joe Smith presented me with - not a gold record - but a mounted photo disc of me. Rick Swig took care of the menu and all the other logistics of getting the right people to the right places at the right time.

The committee that brought the whole affair about included Augie Blume, Harold Childs, Stan Monteiro and Bud O'Shea, with plenty of help from Gary Taylor, Ron Fell & Betty Hollars. It is impossible to describe my great pleasure and deep satisfaction in being so highly honored by all those people, many of whom I had watched grow and advance in their various careers. For me, for my family, and - I hope - for others, it was an unforgettable evening.

Albums of the Week

Reviewed by Ron Fell

"Blondes Have More Fun"-Rod Stewart (Warner Bros.) Even though two cuts, if played on the radio, might cause a little grief (DIRTY WEEKEND and IS THAT ALL THE THANKS I GET) there's still plenty to play with. Rod and producer Tom Dowd continue to make classic music. BLONDES (HAVE MORE FUN), STANDIN' IN THE SHADOWS OF LOVE, DO YA THINK I'M SEXY, THE BEST DAYS OF MY LIFE, LAST SUMMER.

"Back to Earth"-Cat Stevens (A&M) We are all getting older when you realize "Matthew and Son" was released almost twelve years ago. The Cat is still around, making pleasant music and while his album is titled "Back to Earth", his fans would say he never left. BAD BREAKS, JUST ANOTHER NIGHT, NASCIMENTO, LAST LOVE SONG, RANDY.

Recommended from the following LP's:

"Minute By Minute"-The Doobie Brothers (W.B.) HERE TO LOVE YOU/MINUTE BY MINUTE / WHAT A FOOL BELIEVES

"Mind Magic"-David Oliver (Mercury) I WANNA WRITE YOU A LOVE SONG/HOUSEWIVES ARE PEOPLE TOO/WHEN THE THRILL COMES

"Truth N' Time"-Al Green (Hi) BLOW ME DOWN/WAIT HERE/TO SIR WITH LOVE

"Briefcase Full of Blues"-Blues Brothers (Atlantic) HEY BARTENDER/RUBBER BISCUIT / SOUL MAN

Gary Taylor's Personal Pick

DO YA THING I'M SEXY?-Rod Stewart (Warner Bros.) The track opens with power generated by a Bill Wyman style bass line (sounding just like MISS YOU) and slides into a lyric that lacks subtlety. There was a time when that lyric would have posed a problem but perhaps not in today's society.
