Conference News & Notes

Time and place: November 20, 21, 22, Century Plaza Hotel, Los Angeles.

The Conference Advisory Committee announces that the featured speaker at the opening session on Friday forenoon will be Federal Communications Commissioner Nicholas Johnson. Moderating the discussion period following the Commissioner's address will be Kenneth Palmer, General Manager of KIMN-Denver.

Other Conference sessions will be open discussion groups, each with a moderator, but with no prepared speeches.

Conference registration materials will be mailed to our subscribers during the week of September 28. Registration fee will be \$100 per person - \$50 for those from non-commercial radio or colleges. The fee covers a breakfast, two luncheons, The Awards Banquet and a cocktail reception.

The Awards Banquet will be held on Friday evening, November 20th. Extra banquet tickets - at \$20.00 each - will be available only to those who have already registered for the Conference.

Registration at the hotel begins at noon on Thursday, November 19. Hotel rooms at the Century Plaza will be reserved only for those whose Conference registration has been confirmed.

Nominating ballots for the Men-of-the-Year Awards have been mailed. Ballots returned after October 5 cannot be counted. Please return your ballots promptly.

Attention progressive programmers: The Special Projects Division of A&M Records is releasing an album - "Bootleg Album" - of single tracks by present or former A&M artists, most of which are no longer available in any form. It includes songs by Joe Cocker, Leon Russell, Procol Harum, Lee Michaels, The Move and others. The album is being offered as a radio programming service - especially for FM stations. It will not be available commercially for sale in stores, and so becomes sort of a collector's item for broadcasters.

Bill Gavin's Personal Picks

- - - I especially like:

- I BELIEVE IN MUSIC-Mac Davis(Columbia) Delightful cingalong with strong enough human appeal to bridge the generation gap.
- AFTER MIDNIGHT-Eric Clapton(Atco) Talented performer comes on strong with this fine piece of material.
- JERUSALEM-Herb Alpert & Tijuana Brass(A&M) Potent instrumental with well integrated choral backing. Welcome back, Herb, we've missed you!
- I'M NOT MY BROTHER'S KEEPER-Flaming Ember (Hot Wax) Should be a pop contender.
- CAROLINA IN MY MIND-Crystal Mansion(Colossus) A well-produced version of the James Taylor song. Has a hit flavor.
- POQUITO SOUL- One G Plus Three(Gordo) That's "one Gringo plus three Chicanos". Well contrived instrumental with R&B plus pop potential. Bought by Paramount.
- HOME LOVIN' MAN-Andy Williams(Columbia) "Home is the sailor, home from the sea, and the hunter home from the hill". This beautiful song about a returning wanderer might almost be a parable about today's runaway youths who find that home is the best place after all.

On its way: A new Guess Who album - "Share The Land". You should have it very soon. To my ears, it contains some of their most creative work and places them among the top groups recording today. I especially like BUS DRIVER and SHARE THE LAND. COMIN' DOWN OFF THE MONEY BAG starts with a delightful country flavor, progresses through a funky guitar interlude to a grass-roots blues called SONG OF THE DOG, and winds up with a re-statement of the original theme. Album should rack up heavy sales and provide at least one hit single.
