INSIDE TOP 40 WITH DAVE SHOLIN

Seven records in Chartbound is fitting for the last issue of the year and, as is normally the case the Top 40 will look significantly different when we return in January. Expect good growth on **JOURNEY** which debuts Top 30 for Michael Adams WGGZ/FM and Randy Rice WFMF Baton Rouge, Gary Burton WATT Cadillac, Jonathan Walker KZZK Tri-Cities, Jim Gillie KRQ Tucson, Peter Knight WVBR Ithaca etc.

Strong gains for **GEORGIA SATELLITES** in their home state at Z-93 Atlanta 20-11 and 10-9 crosstown at 94Q, plus moves at B94 25-20, Q99 27-21, WBLU 17-13, WDEK 13-8, KKYK 14-10, KSER 24-12, KHWK 22-16, KZFN 28-21, KWES 26-17, etc. Last time around it took awhile before programmers believed **BON JOVI** was for real but not this time. Nearly 200 stations have already come to the party and it'll be a lot more over the next two weeks...New on Z94, WBEN, WXXQ, KKLS, Y106, 95INZ, Q105, KATD, KWSS, KWOD, KZZP, LG73, KHIT etc.

Surge of new airplay on **LUTHER VANDROSS** vaults him onto the Top 40.

After a long fight, this one is already Top Ten for Steve Kingston and Amy Kronthal at B104 Baltimore and Reggie Blackwell WROQ Charlotte...added at WANS, KZZP, KNEN, WBIZ, WQLK, WLGA, KIMN, KIQY, Y108, KEYP, WHYT, WNCI, etc.

A crossover pick on November 14th, **READY FOR THE WORLD** skips over Chartbound, riding high with a 20% hit factor. Jumps all the way from 27-16 at WTIC/FM, 31-23 WKQB, 16-10 KHYT, 20-11 KS103, 20-16 KBEQ, 21-11 WCIL, 17-12 Y106 etc. Nice pickup in airplay for **PETER GABRIEL** who, besides debuting in a number of markets, gets added at WZOK, WKAU, WJXQ, WPFM, KKBG, KEWB, FM104, KIXS, KZMC, KLYV, WQUT, etc.

Some of those to keep close track of over the Holiday break are **CINDERELLA**, moving 12-9 at WZON Bangor, 22-18 100KHI Ocean City, 10-6 KOZE Lewiston, 29-22 KDVV Topeka, 28-22 WNKS Columbus etc...and a hit factor of 17%. Former Record To Watch **DEAD OR ALIVE** is now number one for Bernie Harnett WKNE/FM, and number four at KFMV

Provo/Salt Lake City and KATD Los Gatos/San Jose.

In tracking other recent Record To Watch entrants in past weeks, **JEFF LORBER** is Top 20 at KSND, KMEL, KOZE, KWXX, KRRG, KRQK, and adds at KZZU, KWOD, WPST, PRO/FM, KC101, G105, KLYK, Q96 etc. What a week for **BEASTIE BOYS**, who go from 18 to 59 reports...new on Z100 New York, Z93 Atlanta, Y100 Miami, WDBR Springfield, WHYT Detroit, etc.

Could be the movie "American Tail" but in any case **RONSTADT & INGRAM** secure adds at KBIU, B106, WTIC, KDON, KROY, KGOT KMGX, KS103, Z104, KRQ, KCPX, WBBQ, moving to #2 at WEBE and 25-20 at K104.

ONE LAST NOTICE..NEW TOP 40 REPORT DEADLINE..5 PM TUESDAYS PACIFIC TIME.

Have a safe holiday and a healthy, happy and prosperous 1987.

ATTENTION!

Reminder to Top 40 reporters: Starting with the January 5, 1987, issue, the deadline for station reports will be 5 PM on TUESDAY night. We will not be able to accept any more reports on Wednesday.

The big news this week comes from **Capitol Industries-EMI**, where **Joe Smith** will take over as vice-chairman and chief executive February 1st. Smith, the new president of **NARAS** and former chief exec of **Warner Brothers and Elektra Records**, will report directly to **EMI Music Worldwide** chairman **Bhaskar Menon**. Also joining the **Capitol** executive suite is Warner Brothers VP **David Berman**, whose new title is President of Capitol Industries-EMI. He'll report to Smith, as will **Capitol/EMI/Manhattan/Angel** execs **Bruce Lundvall**, **Jim Mazza**, **Brown Meggs**, **Don Zimmerman** and **Hal Posner**. EMI head Menon says he's "overjoyed to welcome Joe and David to the Capitol-EMI family. They are both outstanding executives with outstanding ability, experience and stature in the music industry. Their leadership will bring enormous dynamism to Capitol EMI's North American and worldwide interests." Smith, for his part, says he's sorry to leave **NARAS** after only a few months, "But the opportunity was just too much for an old warhorse like me. It's a company with great assets, and we can energize it. With the talent base they have, we won't be content to inch ahead!" EMI has also announced that **Thorn EMI** will take over management of Capitol's retail accounts on April 1.

In other Capitol news, **Don Grierson** is leaving his post as head of **A&R**. He says he will announce his new plans after the first of the year. **Steve Bonilla**, Capitol and Manhattan's chief of Alternative Marketing, is departing to pursue a career as independent artist development and promotion consultant in Sacramento. "I'm not leaving the music industry," he says, "but now I'm in the part I want to be."

Also reported to be moving up, but not out, is **Columbia Records** Northern California promo rep **Burt Baumgartner**, heading to New York to augment their national album promotion department. Burt couldn't give the official "challenge and opportunity" quote until the announcement is made officially.

On the radio side, **Malrite Communications** and **Scott Shannon** are the current grist for the rumor mill. Malrite, which has just acquired **Cox's WTRK-Philadelphia**, is a morning-line favorite to pick up another station in the BosWash corridor within a few

weeks, although the exact location is still a mystery. "Somewhere along the Amtrak line," is what Chinwag's sources say. Shannon, meanwhile, has been variously reported to be (a) leaving his PD/morning post at New York's **Z-100** (b) moving to LA to take **KZLA Top 40** and (c) moving to Philadelphia to program **WTRK**. At press time the answer was "none of the above." His Malrite contract doesn't expire until late next year, though.

Chinwag congrats to **A&M Records'** local rep **David Fitch** for putting together Atlanta's "**Sixth Annual Music Industry Holiday Extravaganza**." The Dec. 17th bash at the **Club Rio** was open to all record and radio people in the greater Atlanta area. The \$15 admission fee got you free drinks and hors d'oeuvres. Sounds like an idea worth trying out elsewhere!

Kudos also to Gavin Album/Alternative programmer **John Edwards** of **KRQU-Laramie, WY**, winner of **RCA Records'** "**Mark Germino One-Week Vacation for Two in London**" contest. By guessing, ahem, knowing the correct answer to two questions about the content of Germino's song, "Political," Edwards won the Grand Prize and is now practicing looking the wrong way when crossing the street.

Rhino Records has come up with a new concept: the 78 rpm disc. "**Jukebox Classics**" is a 25-record boxed set with fifty hits from the fifties, including **Jerry Lee Lewis'** "Whole Lotta Shakin'" and the **Chordettes'** "Mr. Sandman." The set is aimed at owners of old-style jukeboxes that only play 78s. The last 78 records were issued in 1959, but Rhino says their demise was premature, and that a well-pressed 78 sounds much better than most 45s.

A couple reminders: We won't be taking any reports until Monday, Jan. 5th, but don't forget the deadline for ultra-low room rates at the **Westin St. Francis**, host hotel of our upcoming **Gavin Seminar for Media Professionals** is just a week away. You MUST mail the hotel card included with the registration packet you received a month ago to the St. Francis by Dec. 31st to get those super rates.

Speaking of the Seminar, **Cutting Edge** host **Howie Klein** is spending Christmas once again behind the mike at **KUSF-San Francisco**, presenting the Seventh Annual **Howie Klaus**. For 13 hours, he'll be presenting the best music of '86 and giving away 13 hourly Grand Prizes, including a trip to Baja California, a CD player with 50 CDs, every Warner Brothers release in 1987, a year's supply of pizza (not delivered all at once), free studio time and the services of a producer to record a record, a date with four different club DJs plus rare and unreleased **Springsteen** and **Dylan** collectibles.

Radi-O-Rama: **Brenda Kay** has been promoted from MD to PD at **KNIN-Wichita Falls, TX**, taking the place of **Chuck Beck**, now at **Y95-Dallas**. **Mike DeVine** is the new MD at **WKTY-La Crosse, WI**, following the departure of **Jim Crowley** to a TV weather guy spot at local **WKBI**. C'wag Congrats to **Mark Close**, upped from PD to OM at progressive **WMRY-St. Louis**. **Ted Habeck** moves from MD to PD, while **Kim Pool** slides across town from **KWK** to handle music duties. Close and Habeck will keep their a.m. and p.m. air shifts...Afternoon driver **Therese Quinn** earns MD stripes at **KKLV-Anchorage**. PD **Greg Wilkinson** says, "She's been my musical right arm. It's about time she got the title and recognition." Quinn will be taking music calls 12-2 Alaska time, Wds.-Fri... Waking up **Q107-Washington, DC**, are **J.J. McKay** and **Christian Paul**...**Neil Barry** is the new Promotion Director at **WNEW/FM-New York**...**WFNX-Boston** welcomes local college radio alums **Shred** and **Bowser** to its air staff...**Lisa Securo** is the new MD at **WUNH-Durham, NH**, taking over for the graduating **Todd Bisson**. Now that he's a free agent, look for him to surface at a record label in the near future.

Department of Corrections: Due to a wayward line that migrated from another item, Chinwag gave the mistaken impression that **Jim Knutson** had lost his job at **KELA-Centralia, WA**. Not true, and our apologies. Likewise to **KVCK-Wolf Point, MT**, PD **Cheri Fritz**, whose name we hope we got right this time.

Altar egos: Chinwag chucks some rice in the direction of **KLAQ-El Paso, TX**, overnighter **Courtney Nelson**, who's marrying **Belinda Simmons** of **KEZE-Spokane, WA**, and looking forward to lower phone bills. On Dec. 27th, **Rob Poulin** of **WWHB-Hampton Bays, NY**, is marrying **Karin Bloom**. Congrats all around.

A/C ANALYSIS

Billy Joel nudges **Miami Sound Machine** for the top of the A/C Christmas tree. He did it on an edge in HIT FACTOR and total reports.

The Ronstadt/Ingram and the **Ben Orr** records are ever closer in points and profiles (see HIT FACTOR below.)

Chicago displays spectacular momentum in rotation improvement. A 41 station increase in HEAVY rotations makes them a likely number one in early January.

Lionel's Ballerina Girl won't need to stand on her toes to get attention. In four weeks the record has 180 A/C's and two-thirds of that statistical universe are already HIT FACTORED.

Billy & The Beaters became a full-fledged A/C record this week with 30 adds and a 62% HIT FACTOR.

The **Jeffrey Osborne** is now HIT FACTORED at 66% of its players. And young **El DeBarge** has an equally impressive HIT FACTOR and sure plays well on the air.

Aretha Franklin's Jimmy Lee is clearly this week's highest chart debut as the rotations

improve a lot more than its new airplay. A HIT FACTOR of 62% in five weeks should tell us that it's doing well where given a chance.

Crowded House fulfilled its CHARTBOUND promise from last week. Sixty-five of its ninety-three reporters have it in meaningful rotations and HEAVY rotation reports for the holidays are already in for: WDND, KQIP, KDLK, KNUZ, KVMY, KJEZ, WLIP, KLOV, KNOX, KVSF and, as they say, many more.

Last week's RECORD TO WATCH, **The Jets' You Got It All** not only got 30 adds this week, but debuts on the A/C chart at #28.

This week's RECORD TO WATCH, **Shelter by Lone Justice** shows 24 station's including: KRIB, WCHV, WALG, WSKY, KALE, KYJC and KLYQ/FM.

Another potential RECORD TO WATCH next year will be the new **Luther Vandross, Stop To Love**, which was picked by Diane in my absence on October 31st. Quality A/C rotations "already" from WALG, WKXE, KDES, KLCY and KOST.

Happy Holidays (Gavin)

We wish all A/C radio and record personnel a safe and Merry Christmas. We also want all of you to have a healthy and prosperous 1987. Of course we're hoping to be seeing you in February for the 2nd annual **Gavin Seminar For Media Professionals**. If you haven't taken advantage of the low rates at the Westin St. Francis, now is the time to do so. The deadline for the lowest rates is December 31st, so don't delay making your reservations. Your nominations for the Gavin Awards are being tabulated now and will be announced in the first issue in January.

HIT FACTOR

Hit Factor is a percentage of stations which have it in Heavy or Medium rotation. ie: 100 stations playing the record - 60 stations have it in Heavy or Medium rotation - Hit Factor = 60%

WEDDINGS

Our wedding bells will be ringing on December 28th for **ROB HARDY**, Program Director of WNOV-Milwaukee, WI and **OLLIE SMITH**.

CONGRATULATIONS!

A CHRISTMAS WISH LIST

For this last issue of The Gavin Report before Christmas, I thought I would list a few items of equipment for PDs to include on their "wish lists" for the new year.

Although in last week's column I pointed out some of the problems with playing CDs on the air, more and more stations are equipping themselves to do so, and for those stations without CD-playing equipment, probably at least one CD player should be on the list. These units cost between \$200 and \$600, depending on bells and whistles, and their performance is strikingly similar from brand to brand and price range to price range. The best way to pick one probably is to listen and operate a wide variety, and choose the one that most impresses you for ease of use in a broadcast context. The first "for-broadcast" CD machines are starting to become available, and, while they cost more, they usually have the most broadcast-oriented controls, the most rugged design and the most standardized parts-and-repair procedure. Unless you are planning regular, frequent use of CDs on the air, a cheap consumer model might do for now.

AM PDs should also have AM stereo on their lists. The C-Quam system is the de facto standard, the receivers are out there now and there is no AM format that will not benefit by being able to light up the stereo light on those receivers. Plus, music really sounds better in AM stereo! The PD's should also write down their desire for the equalization device I mentioned last week, which will give AM stations the NAB's recently-adopted high-frequency emphasis and rolloff curve.

If you have a new transmitter on your wish list, make sure it's as solid-state as possible. Not only are such transmitters more reliable, with higher fidelity and lower distortion, but they are cheaper to operate (particularly for AM, where higher modulation means higher electric power bills). With more powerful tube transmitters, the cost of tubes can be

enormous; solid-state transmitters have no such costs. The world leader in solid-state AM transmitters is Canada's Nautel Company, which now markets even a 50-kw no-tube transmitter. Many other manufacturers also make use of solid-state technology in transmitters nowadays.

And how about personal equipment? Whether it's office gear or a home audio/visual system, right now is the time to get what you need. If it's work-related, but you pay for it, through Dec. 31, it's tax-deductible for those who itemize (and most radio people should). That includes not only home audio equipment, such as turntables, tone arms, styluses, cassette machines, tuners and speakers, but also such ancillary equipment as TVs and VCRs. (Some DJs have successfully deducted VCRs on the grounds that they need to tape TV shows that are on the air when they are, or when their job hours force them to sleep, so they can comment on the air about current TV fare. But if you try that, you'd better make a practice of talking about current TV on the air!) If you haven't gotten your CD player yet for home or office use, buy one now and write it off. The same advice applies to trade publications such as The Gavin Report. If you pay for your own subscription, renew now for as long as you can, even if your current subscription hasn't expired.

And if you have a cassette machine or VCR that you're claiming as a business expense, don't overlook the tape you'll need to use with it. If you use the machine in business, the necessary tape is deductible, too.

We could put more on the list, but that's probably enough for now. Merry Christmas and Happy New Year! I'll see you in these pages in the first issue of January, and, I hope, in person at the second annual Gavin Seminar for Media Professionals in San Francisco Feb. 20-21. (If you're going to pay the registration, hotel and/or transportation yourself--pay before Dec. 31 and deduct it all!) ●

"Whether it's office gear or a home audio/visual system, right now is the time to get what you need."

PROMOTIONS

by LISA SMITH and BETTY HOLLARS

That's the "Mayflower" that had Thanksgiving dinner for 24 winners in the 99KG-Salina, Kansas promotion. P.D. Steve Wall is in the doorway wearing sunglasses and the Senator is the one near him wearing the tie and apron.

Pictured in front of the Montana home are (l-r): Jennifer Montana, KFOG morning show producer Trish Robbins, Joe Montana, KFOG Sports Director Kevin "The Rat", and the youngest Montana, Alexandra, front and center.

THANKSGIVING DINNER ON ◀ THE MAYFLOWER

In case they missed the first Thanksgiving on the Mayflower, 99KG-Salina wanted to make sure its listeners didn't miss the boat this past one. Listeners were encouraged to write in, saying why they deserved dinner "on the Mayflower." According to P.D. Steve Wall: "They were all great entries but we could only seat 24 people on the Mayflower, so we narrowed it to five families! One winner "Moved To Salina" on the "Mayflower" (the truck) recently so they were actual Pilgrims!" They served turkey and dressing, "real" potatoes, corn on the cob, green beans, fruit salad, rolls, cranberry sauce and even pumpkin pie! What makes theirs different was that Kansas State Senator Ben Vidricksen was invited to carve the turkey and serve the meal...fulfilling his promise to "serve" the voters.

FOOD FOR FAMILIES

WAOV in Vincennes, Indiana is holding a food drive for the Salvation Army. Barrels were put in all the major grocery stores in the city with the call letters featured in a prominent position. On the air staff promotes which store the food for family barrels could be found and asks listeners to make donations. Only two weeks into the drive, WAOV and the S.A. have already provided food baskets to over one hundred needy families in the area for Thanksgiving. The drive will continue through Christmas.

JOE & JENNIFER IN A FOG ◀

KFOG-San Francisco has pulled off a great one, providing its listeners with the "Ultimate Armchair Quarterback Show" during the rest of the 1986 football season. Forty-Niner Football star Joe Montana is being joined by his wife for special live and recorded reports. The shows are every Friday before games, as well as a follow-up show after each game, originating from the Montana's home. They will focus on the 49'ers and life in and out of pro football.

DOING THE PARTY RIGHT

Break out the mistletoe and eggnog! Yes, it's that time of the year again. A time to really do some serious partying. Perhaps your office or station is going to have a Christmas bash.

I seriously doubt that I could tell you anything new on how to have maximum fun at a Christmas party. One thing that has impressed me about the radio and record industry is that the people who work in it are pros when it comes to parties. I suspect that Christmas is no exception.

But maybe there are a couple of comments I could throw your way to make your Christmas party productive as well as fun.

1. Is there any way to tie into the party some significant positive events during the past year? Perhaps your office landed a big contract in February, or March and April were record-breaking months for revenues. Maybe you paid off a major debt, or got some new office space, or achieved a major increase in ratings. Why not announce these events *with great fanfare* during your party?

2. Is there any way to tie into the party some significant acts of "heroism" that occurred during the past year? Maybe Joe won an industry award in June, or Sue put together a terrific promotion that was picked up by the local press in October. Perhaps Phil won a major contract in March, or Debbie put together a super deal with a group of vendors over the summer. Why not announce these acts of heroism *with great fanfare* during your party? Cite as many people as possible for heroism, assuming they deserve your accolades of course. Consider giving awards like trophies, plaques, buttons and so on. In fact, why not get T-Shirt or baseball caps with company logos for everyone and

make a big presentation during the party?

3. Is there any way to tie into the party some gung-ho type of goals and aspirations for next year? Perhaps you are going to shoot for a 10% increase in market share. Perhaps your group plans to diversify your product or service offering. Perhaps you're going to create some new task force for some exciting projects. Why not announce these plans for next year *with great fanfare* during your party?

The point of all these suggestions is to have a great time during the Christmas party, and simultaneously to remind people in a fun and gentle way that there is a business underneath the partying, and the success of the business depends on their efforts. But don't be grim and "businesslike." Make the announcements and awards sincere and hilarious! Make the Christmas party a "review/preview"; that is, a review of the great stuff that happened this year and a preview of the even greater stuff that's going to happen next year.

Anyway, I wish all of you happy holidays. Be careful on the road and have a great time. And now if you'll excuse me, I've got some Christmas parties to get ready for. ●

"During the Christmas party, remind people in a fun and gentle way that there is a business underneath the partying, and the success of the business depends on their efforts."

R XMAS RAP

It's definitely Xmas-time. Little hints are finally sinking in. Lots of you have something called "The Christmas Spirit." The Christmas Spirit means you're broke, have no time to shop, wouldn't have time to shop even if you DID have time to shop because you're broke, and all you're going to get for Christmas is a ham from the company, which you can't eat because you're an Orthodox Jew. If you're a PD, the GM is demanding a significant Arbitrend jump or you'll be listed in "Available" and "Pros on the Loose" by Jan. 5th. If you're a promo guy, national-style, your president demands a bit more activity than last month, when your entire promotion report consisted of the sentence, "Brian Lee at WSKY is bringing it into the meeting he has with himself."

This correspondent's company has a huge holiday bash every year...and right after the bash comes the party. They've really given me thought to this year's affair, having hired the Lime Spiders and back-up group Jazz Butcher to do live versions of "Feliz Navidad" and "Jingle Bell Rock." Danny Davis and Bruce Bird are all set to go into their annual Dueling Santas routine, and Joel Newman, Lu Fields, Don Anti and Mike Atkinson have their Disco Elves act down pat.

We plan to snuggle in on Xmas Eve with our wife and a rented "Under the Cherry Moon" tape. We might note that the tape we're renting is the only one ever manufactured. When we're through with our viewing, it's being turned over to the Smithsonian for display in The Oddball Room, along with three gold records received by a P.D. in Yankton and a William F. Buckley column titled, "Translations of Ron Fell LP Reviews into Semi-English."

Now to the Fruitcake Department: We have already received The Fruitcake. It arrived from our Aunt Sophie last week. We say The Fruitcake because, as many of you know, there's only one. It gets passed from person to person, but no one eats it because no one (other than Keith Abrams of WHTX) has steel teeth. We usually use it as a

doorstop for a few days before mailing it on to the next victim. This year, we'll torture Gene Knight of B-100. Watch for the UPS truck, Gene.

The National Enquirer, as we've noted before, is our favorite newspaper. Most of us take it with a grain of salt...or a grain of something else. That's MOST of us. MCA's Billy Brill thinks it's a cut above the New York Times. Around this time of the year, our favorite newspaper is full of self-help articles about fighting the Xmas blahs and coping with pre- and post-Holiday depression. Billy delights in these articles and sorely wants to fight HIS pre- and post-Holiday depression...and we can understand why. We've heard his product. I mean, who wouldn't be depressed when Steve Meyer tells them to go for the chart with SHADDUPYA FACE II. We don't think the wimpy Enquirer suggestions are too hot. They recommend warm baths, warm milk and sessions with the Bible. WE suggest that you combat holiday downers with fifths...make that liters...of Cutty Sark, order your secretary not to put through calls from Harvey Mednick, and carefully avoid in-flight viewings of "Ferris Bueller's Day Off." (It's been the movie on the last 27 flights we've been on, and we personally witnessed 184 passengers on a Baltimore-to-Oxnard flight paying three dollars each to the flight attendants for seats facing the rear of the plane.

In order to publicize The Gavin Report, we and our wife Rosemary will be visiting a number of our favorite cities during the holiday season. We expect to be wine and dined at each of these venues. So if you're in Swan Quarter, NC, Williamson, WV, Valley Head, AL, or Odessa, TX, be on the lookout. We're expecting the royal treatment at your best French restaurants. It's just another p.r. service from your full-service trade, The Gavin Report.

NOTE: We've almost made it through another year. Here in LA, it's been rough. The temperature dropped to a bone-chilling 78 this week, reminding us of the perils of the season.

But there have been some good points: A bunch of you have called and/or written during '86 with comments about the stuff we print, and we want to wish you a happy, healthy, successful, fruitful, prosperous and high-Arbitroned 1987. Can you believe THAT? 1987! So to Dee-Ann Metzger. John Roberts, Tony Smith, Elma Greer, Brian Lee, Gene Knight, Greg Wilkinson, Fred Miller, Wendy Silvershein, Keith Abrams. Ken Medek, Norm Osborne, Pat Martine, Joel Porter, Sandy Walker, Ron Fell, Diane Rufer, Mike Diem, Charlie Rivers, Steve Dallas, Kerry Jackson, Walt Pinto, Pat McCoy, Harvey Mednick, Danny Davis, Joe Dolce, Lu Fields, Rosemary, Mary-Lou Felipa, and Softie Richland, Annie Richland, Gary Owens, Dennis Green, Yankton, Jack Michaels, Al Axelson, Liz Kiley, Jhani Kaye, Bob Hamilton, Bill Pearson, Drew Harold, John Hey, Bill Templeton, Jackie Bodner, the Zimmermans, the Gallianis, Carey, Karen Fields-Hutton, Kenny Benson, Steve Resnick, Mary Resnick, Shawn Brogan, Linda (Dragon Lady) McCoy, Al Tavera, Dayna Monroe, Janie Baker, Michael Reading, Dan Armstrong, Chris Crist, Philip Rauls, Jack Raymond, Charlie Minor, Dick Williams. Howard Rosen, Lynda Tice, Freddie Brock, Michael Johnson, the Lime Spiders, Shelly Green, Rusty Garner, Carter B., Col. North. Jack Kulp, The Late Tom Jodka, Jack Satter, Rich Tamburro, Lisa Kozak, Ron the Guard, Don Anti. Jim O'Neal, Bonnie Knox and to just about...I say ABOUT...all the rest of you, if you've read this far, the Gavin Hollywood Division wishes you a helluva holiday, good health and, believe it or not, warmest wishes for a mendacious '87.

And to dear friend of Rosemary and Tony Richland, Chuck Meyer: Wherever the hell you are, Love and Peace.

And to Ron Fell, for keeping his dignity in the face of big odds, Love and Peace.

And to Rosemary: Love and Thanks and Love. ...and to all, a good night. ●

SALES SKILLS by GARY DONOHUE CRMC

THE SEASON OF GREAT EXPECTATIONS

As you read this, it's wrap-up time...literally. However, most of us in radio sales don't know what we put in the pretty package. The seasonal gift we all place under the tree for top management is a mystery, even to the gift-givers. I refer, of course, to the sales budgets for 1987, signed exuberantly, "Your sales team." It's one of the annual high-stakes games played often by folks who hold the license to your radio station. I call it "M-H-S"--the "Monte Hall Syndrome."

If, as you read this, you suddenly realize you had no input whatsoever in establishing the 1987 sales budgets, don't panic. Here's some food for thought: On Friday, Dec., 12, the "Wall Street Journal" quoted one source as saying, "If it weren't for the chances of substantial improvement in the trade balance, you'd be looking at a recession next year." And, "The Reagan Administration is forecasting a 3.2 percent growth next year, while most private forecasts fall in between the administration's optimistic and the manufacturers' pessimistic projections." (The latter are very pessimistic.) Hopefully, your leaders who inked your budgets at more than a 3.2 percent increase aren't running for office and also may have read the same article.

Take note: Most radio broadcasters will be wrong again about budget forecasting in 1987. Case in point is the increase in retail in November '86 versus November '85...only 5.9 percent. And December is virtually flat or down. Yet I know of no third quarter '86 budgets that increased less than 10 percent over last year. So, if you had no input in the budget process, who could fault you if the station successively misses every budget in the first and second quarters of '87? When the budget axe swings in next year's third quarter, you can plead a case of M-H-S. Someone else chose the wrong door--why should you be gonged? In other words, do your homework, get your act together and when management presents you with your 1987 budgets, don't go into cardiac arrest and call the EMS squad. Just reach for your own version of emergency care, your (E)lectronic (M)edia (S)urvey.

The EMS is what you conduct when things are wickedly slow. Make sure you speak to every single person who advertised with you this year, no matter how big or small, and ask these simple questions:

- 1) Have you (or your client) set advertising budgets for 1987 at this point?
- 2) If so, have you budgeted increased expenditures in electronic media?
 - 2a) If not, what is your timetable for setting the new budgets?
 - 3) If you have budgeted increased expenditures in electronic media, how much of an increase? Less than five percent? Greater than five percent?

4) If you've budgeted increased expenditures in electronic media, will radio increase or decrease?

5) If you've budgeted increased expenditures in electronic media, have you budgeted increased cost efficiencies? Will you pay a higher Cost Per Point or CPM?

And now for the most painful question of all:

6) If you have set your budgets for 1987, have you made final recommendations to the client (in the agency case) of what they should buy in radio? Did it include us? If so, to what degree?

Obviously, questions three through six should be delivered in reverse if you find the client has budgeted decreased expenditures.

Once you have this source information on every person who bought time from you in 1986, you will begin to know where you stand as far as achieving your own personal goals in '87. The next logical step is to set up a major accounting spreadsheet to forecast the timing of expenditures, and thus your anticipated monthly revenue peaks and valleys. Immediately sketch a one-page TARGET ACCOUNT PLAN OUTLINE for everyone on the list who spends at least one percent of your total billing. Your goal should be 100 percent renewals, even though you can expect 25 to 45 percent attrition, depending on the maturity of your list. 1987 will be your most challenging year ever.

I subscribe to the "preferred supplier" theory of marketing, and find that forecasting based on a simple survey--our EMS--relieves the tremendous pressure caused by MHS, and allows me to work a TARGET ACCOUNT PLAN effectively.

I also set a personal goal of selling my *unfair* share of spots per month. If the station has six thousand avails and ten sources of sales revenue (national rep is one), then I want to sell at least 601 spots each month, more than the ten percent my seat on the team represents. Inventory volume computes to activity, and no one with any sales management conscience will let an active producer slip away.

If you fall into this category, the worst you can expect is retraining to meet current management philosophy and policy--i.e., paperwork. In my case, it was often lectures on how to handle the support staff more delicately. Unfortunately, sometimes programming doesn't exhibit the same vigor we do when it comes to getting the spots on the air. I must add that this is sometimes justifiable. While it is sales' job to get spots on the air, it is the support staffers who get the job done properly. Without concern for quality control, your product would sound like trash, resulting in the demise of your source of revenue. So don't be guilty of biting the hand that feeds you. Jim Seemiler, the newly appointed VP/GM of

"Do your homework, get your act together and when management presents you with your 1987 budgets, don't go into cardiac arrest."

KOOL-Phoenix, always used to say, "Eighty percent of your selling begins when you get back to the station with the order."

If you are placing your unfair share of spots on the air, you may have run into problems with paperwork or internal management. Work with these situations and learn how to improve your ability to cope. But never lose sight of your responsibility: to get spots on the air so you can go out and GET THE MONEY.

Be advised, MURPHY WILL STRIKE AGAIN. When you least expect it, your entire station will be hit with a very demoralizing case of MHS. If you've prepared your EMS, you will not fall prey to the cursed malady, but rise to the occasion as a company leader with an UNFAIR SHARE OF SPOTS to back you up, based on an effective TARGET ACCOUNT PLAN. See you in '87. ●

MY 2 CENTS

As we wind down to our final issue, it's time to reflect. My! It's been a great year for us and we thank all of you, our readers, for your inspiration and support. Without you, we would be nowhere at all. We have a few rare surprises coming up in the way of Gavin Interviews. More on that in the new year. We at **The Gavin Report** feel pretty good about all the improvements we've made on the magazine, but forsooth, there are many more embellishments planned for the future. Four-color covers, more color on the inside, better paper stock, better printing techniques (thanks Lithocraft!), more new features and new columnists, new typesetting and stat camera equipment have really only scratched the surface for us. Along with next year's **music/programming seminar**, we'll have even more surprises up our collective sleeves. Stay tuned.

Indeed, while our offices are closed for the final two weeks of 1986, workers will be rolling cable for a new phone system, and we will be expanding our current office space to include another set of offices down the hall.

As predicted, this week's chart was very slow. Most reporters were playing catch-up with their adds, and the moves reflect that. The top five titles remained the same, all still very much active with little sign of wavering.

With this being our last issue, I hope you enjoy our **All-Star** lineup, located inside the New Release box on the previous page. We've decided to go against the football grain and salute OUR favorite sport, basketball. Plus now is a good time to let you know which 1986 releases were my favorites. Ready? Here goes:

Important Note! Oops! An obvious omission from our Album Top 100 Chart was **The Top Gun Soundtrack Album** on Columbia. By neglecting to add up its sum parts (Loggins, Berlin, Cheap Trick, Loverboy, etc.), it was unwittingly omitted. It should have appeared at #63. We regret the error. Again, have a safe and wonderful holiday. We promise we will work hard in 1987 to keep the music exciting. Robyn Hitchcock closes out the final three weeks of 1986 at #1 with **Shriekback** breathing down his neck. The momentum of **The Mighty Lemon Drops**, **Golden Palominos** and **Beastie Boys** should carry beyond the holiday break. **Julian Cope** is on a roll with just a four-song EP. Wait until the full album is released! **XTC** is our MOST ADDED album and turns in a CERTIFIED debut at #20. **Andy Partridge** and company will make a serious pitch for number one and it could come as early as our first week in January. Not only will sugar plums be dancing in my head over the holidays, but I'll be thinking about the upcoming albums I've heard by **The The**, **The Mission UK**, **The Stranglers** and **The Psychedelic Furs**. Wow! We have some outstanding new music to look forward to in January. Gavin Seminar Update: The deadline for the ridiculously low room-rates at our host hotel- **The Westin St. Francis** - is only about one week away. The hotel registration card to the St. Francis must be mailed to them by **December 31st**. The deadline for the lower Seminar registration rates is **January 31st**. albeit forcefully applied. The band knows when to tame the blazing temper of their guitars just shy of self-indulgence. Their chemistry hits a peak on "No Man's Land," with "Carry On" running a close second. "Crashing Down," "Close To The Stars" and "Freaks" are also worthy tracks.

Santa Claus Boogie-CHARLES BROWN (Upside) & We Wish You A Merry Christmas-HUSKER DU (SST)

The variety of Christmas music available is bewildering, from **Nat King Cole** standards to Alternative versions like **Chris Stamey** (reviewed on this page last week.) With every musical style and format at the saturation point, the inevitable reaction to most new Christmas releases is, "On no, not another one." These are two exceptions with little in common except that they are both unavailable on conventional vinyl. **Charles Brown's** "Santa Claus Boogie" is a jazz/blues boogie-woogie song. Charles' sweet voice sings in near-duet with the saxophone on this vintage piece. **Upside Records** mailed this red flexi-disc with their holiday greetings cards, so inspect that envelope carefully. **Husker Du** has presented us with a traditional and jolly remake of "We Wish You A Merry Christmas." They've substituted their raging high-speed guitar chords for charming jingle bells. This is only available on cassette.

SPOTLIGHT LP

While You Were Out-SOUL ASYLUM (Twin/Tone)

Soul Asylum are the current torch bearers for the music that's lighting up the Twin Cities. Bands like the **Replacements** and **Husker Du** have been the darlings of Alternative radio in recent times and Soul Asylum is on deck. Like Husker Du, they might come across as abrasive to the casual listener, but beyond their fiery persona are harmonies and melodies,

STATION I.D.

COUNTRY MUSIC'S NO GAMBLE IN RENO

KOLO

I Love My
Country
920 AM

Reno is known for its slot machines and flashy nightclub floor shows. But Nevada's "Biggest Little City" is also home to a pair of thriving AM Country stations. Three years after switching from A/C, KOLO is the market leader, with an 8.5 share 12+. Rival KROW, with its 50,000-watt signal,

KOLO/Reno P.D./Morning Man Tony Thomas

goes after the long-haul trucker audience with its all-night "I-80 Country Club."

Though a relative newcomer to the format, KOLO's calls have been familiar in the Washoe Basin for 40 years. Co-owned (by Donrey Media) KOLO-TV helps to reinforce the station's high-profile image. Fittingly, KOLO has positioned itself as Reno's "information station," boasting the market's largest news department. ND Rebecca Blessing and staffers Linda Balk and J.R. Wagner provide five-minute local newscasts twice each hour in morning and afternoon drive, as well as round-the-clock net reports from NBC. KOLO maintains its image with listeners

through an active role in community affairs. "We're their friends," states Program Director/Music Director Tony Thomas, "and through outside functions we can make our listeners feel truly appreciated." This past year, KOLO was actively involved in the Reno Rodeo, which has the second largest purse on the bronco-busting circuit. The station staffs a booth at the Nevada State Fair, giving listeners the opportunity to meet and see dj's.

But Thomas says the most crucial element in KOLO's success may be its air personalities. "Not only is our staff experienced, but most have been PDs or covered morning drive at other leading stations in the market."

Thomas kicks off the day in morning drive. Deb Spring covers middays, followed by Jimmy Dale from 2-7 p.m. Taking over the microphone from 7 to midnight is former KROI PD Jim McClain., followed by Henry J. on overnights. Weekend hosts include Mark Carey, Stu Buchanan, Bob Mundy and the newlywed team of Johnny Plummer and Elaine Williams, formerly of KWNZ mornings.

So where do you go from the top? "There are constant refinements," Thomas says. "Since we are full-service, we do have on-the-air structure. However, I realize nothing is perfect. Too many stations have become 'over-scienced.' We just try to use common sense and 'become the listener.' We definitely must be doing something right!" ●

KROW

780 AM 50,000 WATTS

Besides its big signal, KROW boasts a "modern Country" playlist and a generous promotional budget from Salt Lake City-based Price Broadcasting. In this election year, the station's slogan was "Vote for the KROW." The station was also heavily involved in the Third Annual International Country-Western Dance Festival, which attracted 5000 participants. More recently, the KROW Mayflower Promo saw dozens of Thanksgiving food baskets distributed from a Mayflower truck at local shopping centers. KROW staff members remain busy with Christmas tree giveaways. (Last year, late-night listeners

qualified to win one of two truck tool chests.)

KROW also emphasizes high-cume sporting events like 49er football, Sacramento Kings basketball and University of Nevada-Reno sports play-by-play.

KROW Music/Promotions Director Joel Muller

"There's something for everyone at KROW," says PD/Operations Manager Gary DeMaroney, who came aboard in October of 1984. Shortly thereafter, he was joined by Music Director Joel Muller, who, at age 19, is also a full-time University of Nevada business student as well as being an officer in his fraternity.

The KROW DJ line-up signs on as follows: Dick and Gary from 6-10 a.m.; Will Coonan covers middays, followed by Bart Walsh from 3-8. Dan Erickson handles 8-midnight, while Kristan Sousz hosts the overnight "I-80 Country Club," a truckers' favorite. Also featured are local news clips, UPI National News, sports, stock reports, and Caltrans road updates throughout the day.

KROW P.D. Gary Demaroney

"We're a best bet," DeMaroney concludes. "Our format, variety and personalities have become a vital part in the lives of many, many family-oriented, active adults over many, many miles." ●

S.O.S FOR SINGERS

Forty years ago, **Ella Mae Morse** sang her way to the top of the record charts with hits like "Cow Cow Boogie." Today her music is still selling through TV mail order offers. But instead of counting her royalties, Ella Mae has been working at Sears to pay the rent. In her day, big-band singers were considered "employees," with no remuneration other than a few bucks in "session money."
 "A whole generation of singers has been tossed aside," says **Ginny Mancini**, wife of composer **Henry Mancini** and founder of the **Society of Singers**, a nonprofit group dedicated to aiding down-on-their-luck former vocal stars like Ella Mae.
 "When **Ray Eberle's** hospital insurance ran out, he was put out to die--and did," Mancini says. "His brother **Bob** lay in a public ward in New York City until an old friend who'd had better luck put him in a private room to die in comparative comfort and peace. How much money did the voices of these two gifted brothers make for the record companies? Ah, but the hits on which they sang were made by the bands they worked for, and they received no royalties, ever. Bob was paid 35 dollars for records that are still selling."

S.O.S. was formed last year to provide counseling and financial aid to present and former singers. Its fundraising efforts are just getting off the ground, but eventually the group hopes to set up a trust fund, a home for retired vocalists, and possibly issue record albums for the benefit of needy singers. The group has already helped Ella Mae Morse quit her Sears job and head out to tour Australia, singing a happier tune. There are a lot more Ella Maes out there, and **S.O.S** is appealing for support from radio folks who are part of the huge industry that the big bands helped to create. And please let your listeners know about this good cause. It's the time of year for giving, and one worthy destination for your tax-deductible dollars is the **Society of Singers, 13722 Foothill Blvd., Sylmar, CA 91342**. PROMOTIONS

by LISA SMITH and BETTY HOLLARS

TOUCH ALABAMA WHEN ► YOU'RE DANCING

Alabama was the featured group at the video party held in Los Angeles at KZLA/KLAC to culminate their promotion that was built around the RCA recording group. KZLA listeners called in to win T-shirts and a complete Alabama album library. The station says it received great response from their listeners, who are keeping country "alive and kickin'" in Los Angeles.

DIVE FOR THE BIG ONE

There's more than one way to carve a pumpkin, as **B-100-San Diego** listeners proved once again in the Fourth Annual Underwater and On Land Pumpkin Carving Contest. Along with B100 personalities, the public was invited to donate \$10 to enter their carved pumpkins or (if scuba certified) to carve their pumpkins underwater for prizes. All proceeds from the benefit went to the **Child Abuse Prevention Foundation**. A live broadcast was held with The Rich Brothers underwater!

Tim Storey, mid-day air talent at KZLA in Los Angeles, with the grand prize winner of the Alabama promotion.

Specially designed underwater equipment was donated by Dean , Erwin Research for the event, and underwater television crews and photographers were present to provide footage.

THE WORLD'S CHEAPEST ◀ RADIO CONTEST

Research indicates that the single most attractive prize in any promotion is cash. With that in mind, CFOX -Vancouver launched a cash giveaway on the morning show of Bob & Jeff with a lot of fanfare and hoopla, opening up their phones lines to give each 40th caller \$15 cash. The first morning they were able to get 7 callers and in a matter of 5 short days the 40th caller walked away with all the cash! "I was against the contest all along...I felt it as a cheap and tawdry method to buy listeners," said Bob. Jeff, on the other hand was somewhat more excited than Bob when he commented: "I had a tingle up my spine just knowing that kind of cash was floating around the city." (The intrepid freelance photographer of this photo had a good chuckle observing that his fee would be far greater than the cash prize given away. The station had the last laugh, though, when they stiffed him on the bill.)

Smiling in spite of their cheapness are (l-r) CFOX's Bob Saye, Mr. A. Fox (station mascot), Mike Hamalainen (winner) and Jeff Rechner, the other half of the morning team.

URBAN CONTEMPORARY SUMMARY

It's been a hot week for an end-of-the-year chart, with many artists taking big jumps, i.e.: LIONEL RICHIE 37-13, ROBBIE NEVIL 24-11, MELBA MOORE 29-12, SHIRLEY MURDOCK 28-16, and FREDDIE JACKSON 40-20. Among those mentioned, SHIRLEY MURDOCK is still far and away the Most Requested single at most stations. DONNA ALLEN has had two great weeks in a row, debuting last week at #34 and gaining this week to #28 with a 69% Hit Factor, and requests reported by Danny Harris, KDKO-Denver, from "all ages and genders." Rick Stevens, WCKX-Columbus, reports calls from all ages for the same tune. TEMPTATIONS' new single is gaining and debuts at #38 on our chart, with reports of phone response from Don "Early" Allen, WOWI-Norfolk. It already has a Hit Factor of 48% after only four weeks being around...to be continued. RAY, GOODMAN & BROWN has reports of calls from Jay Riley, WNOO-Chattanooga, from the 18+ phoners. Chartbound item, LOOSE ENDS, is getting

requests from 18-34, reports L.D. McCollum, XHRM-San Diego, but the big request item is for BEASTIE BOYS, which he says is getting requests from "everyone...3 months and up in demos. He's reporting the Paul Revere side, and Melvin Jones, KRNB-Memphis reports the calls for BEASTIE BOYS, both sides, are "Un-Real." Then, when we heard from Dave Dickinson, WNHC-New Haven, he reported that "The BEASTIE BOYS LP is getting major requests for ALL CUTS!" Any cut they play gets requested. "Brass Monkey" is a popular cut from the LP getting requests and the Top 40/Pop cut "Party" that is a single that went from 18 reports last week to 59 reports with 40 adds in one week! Not a group to be overlooked. Speaking of LP cuts, CLUB NOUVEAU has a great version of "Lean On Me" on the LP that is getting phenomenal phone calls where played: Melvin Jones, KRNB-Memphis and Mickey Arnold, WRDW-Augusta reported requests on it last week from all demos, and this week Duff Lindsey,

HOT105-Miami called in with "monster requests for the cut all four days it's been on the air." Duff also reports #1 requests for the 4th week for C-BANK - it's hot in Miami! Gary Weiler, WBLZ-Cincinnati called in yelling about the J.BLACKFOOT "It's Hot!" He also is pleased with the response to the surprise new single from JESSE JOHNSON "She." With the product release winding down for the holidays, the debuts in Up & Coming are slim, but look for a resurgence of tons of them in January...speaking of which, that's when we'll speak next, the week of January 5th. Have a Happy Christmas and a Merry New Year, but have a safe New Year's Eve! You've all been "swell" during '86 and I'm looking for an even better '87! Speaking of a better '87, when looking back at the last issue of 1985, we tabulated 7 reporters for that issue. The final issue of this year, 1986, we grow to 102 total reporters...that's about a 33% increase in information, calls and input/output from the computer. Thanks to ALL of you who make us what we are each week! Bless you a !!! Betty

THE VELVET GHETTO

SALES THROUGH THE AIR WITH THE GREATEST OF EASE

For a lot of us, the ultimate radio dream is owning a facility instead of working for one. The problem is that decent FM properties now cost a fortune. So a kind of “velvet ghetto” of potential radio entrepreneurs may have to wait a bit longer while America’s “buzz fuzz”—the FCC—does some re-thinking.

But there might be a few folks who are able to put together a group of players with enough financing to haul in a few frequencies. As you may know, the FCC recently approved sales of 166 radio and TV stations, just in time for sellers to qualify for favorable year-end tax treatment of their profits—the largest number of transfers ever approved on any one day. Naturally, the FCC was flooded with applications as the deadline neared, and staff worked overtime to get the paperwork in order. And, although they really had little time, a number of the buyers were minorities already in ownership positions. Success is often a function of timing, and for radio owners, the time to move is when there’s something to move on, even if you’re not really ready.

Although the cost of buying and operating a radio station has risen dramatically in the last few years, radio is making huge profits in markets when the numbers are there. With the new black and urban radio stations scoring so well, they are finally getting a chance to tap into the big agency dollars. The whole attitude of the agencies is beginning to change. They know, for example, that our audience is extremely brand-conscious and buys some products and services disproportionately higher than their percentage of population. Items like movies, records, toothpaste and certain brands and types of cars are among the leading products consumed in high numbers by our audience.

The urban format, even in winning situations, varies dramatically from one city to another. Urban radio in New York is far different than urban radio in Miami. But today’s urban radio is slicker and more mass appeal...designed to attract a new type of music lover—who may live or would like to think that they live in a kind of “velvet ghetto.” They may not choose to live in the suburbs, or they may not choose to try to afford it, but they think a lot differently than those whom they replace. And what kind of radio station do they like? What kind of music and artists get them off?

NEW ACTS, NEW ATTITUDES

The kind of music that gets these new listeners off are hits, and the radio station that makes their spirits soar plays the hits, more of them, and if some fun deejays are making the presentation, so much the better. But the hits are changing. Patti LaBelle is not the only one with a “new attitude.” There is a new drift in the product delivered by today’s performers to their labels. The trend is to self-production. Many acts in this bag use the services of a single member of the team, like Larry Blackmon of Cameo, whose “Word Up” is typical of the urban smash that starts black and then crosses over. Solo acts, too, are doing their own thing with record production.

Over the past few years, our record industry has seen a process of A&R evolution from the recording of acts mainly by in-house producers, to the use of indie producers who delivered the finished goods to the labels, and presently to total creative control by the artists of their recordings. Interestingly, this situation completes the creative package offered by today’s acts. Many, of course, write and perform their own material, and the fact that many now produce their own efforts reflects their ultimate desire to be fully responsible for their sounds. Also, it perhaps should be noted that many acts enjoy associations with producers who once were artists themselves, like Nile Rodgers and Narada Michael Walden.

“The Velvet Ghetto”? It’s real and it exists on both side of our industry. Air is still free, but it costs more and more to breathe it or fill it with music. ●

“Success is often a function of timing, and for radio owners, the time to move is when there's something to move on, even if you're not really ready.”

After a sold-out show in Rochester, NY, 104 WCKX afternoon personality Renie Hale ran into MCA Records' "shock rocker," Alice

DAVE SHOLIN'S Personal Picks — SINGLES

TOTO - Without Your Love (Columbia) David Paich draws images of love lost thru a series of subtle and not so subtle hooks. Once again the rejuvenated Toto sounds stronger than ever.

BRUCE WILLIS - Respect Yourself (Motown) Though it's been exactly 15 years since the Staple Singers owned the charts with this tune, the lyric has retained its hipness. Bruce's "moonlighting" in the studio is sure to gain him respect as a singer and put him in head to head competition with fellow TV rocker Don Johnson.

RON FELL'S Personal Picks — ALBUMS

MY MAGNIFICENT SEVEN

Whether you're ready or not, here is my list of personal favorite LP's for 1986. These are all LP's I still can't get enough of. All of the LP's below are what albums are supposed to be--absorbing, at times provoking. They establish an attitude and an ambience.

1. **BRUCE SPRINGSTEEN and the E STREET BAND - Live 1975/1985 (Columbia)** One of the most "important" albums in the history of recorded music.

2. **PAUL SIMON - Graceland (Warner Bros.)** The most misunderstood album of the year. Radio hasn't given the public enough credit for taste. The public has nevertheless purchased the LP.

3. **JENNIFER WARNES - Famous Blue Raincoat (Cypress)** A string of pearls from the pen of Leonard Cohen sung with cultured clarity by one of pop music's most underrated voices.

4. **DAVID+DAVID - Boomtown (A&M)** As I said on July 18... "Two white guys named David live it and see it from the inside out. Home is a former Boomtown, since blighted by do-good deed dreamers, pill-powered punks, deskbound schemers, downtown missionaries, hellraising well-diggers, video parlor paramours and capricious carpetbaggers. The glamourless, soft white underbelly of urban emotional and moral decay is written with jaded pen."

5. **DOUBLE - Blue (A&M)** Rarely do jazz-tinted pop projects prove popular to both jazz and pop listeners, but Double captured the collective imagination of both. And the LP's rich texture and easy vocals made this an extremely pleasant LP for me.

6. **DWIGHT YOAKAM - Guitars, Cadillacs, Etc. (Warner Bros.)** He can be as big as he wants to be in this business. His fondness for the traditional arrangement of country music, coupled with contemporary recording technique, make for the best of both worlds. I have been trying to buy the CD of this for months now, but my Tower store is always sold out.

7. **JACKSON BROWNE - Lives In The Balance (Asylum)** With Gippergate the hot news this month I can't help but think JB was once again ahead of his time. I'm also sorry radio didn't "hear" the single In The Shape Of A Heart. It ranks as my favorite Jackson Browne song of all time.

1. Betty Hollars 2. Natalie Cusenza 3. Lisa Smith 4. Frank Bodeck 5. Kent Zimmerman 6. Cyndi Hoelzle 7. Oren Harari 8. Keith Zimmerman 9. Dodie Shoemaker 10. Ron Fell 11. Beth Hartley 12.
